WATER SUPPLY—Source, wells in center of city; system, pumping to reservoir; reservoir cap 250,000 gals; pumping engines, dy cap 70,000 gals per hour; 16 hydrants; pipe, 12 to 2 in; service pipe cast iron and gas pipe; pressure 22 pounds; works owned by company. Supt, L. C. Williams.

Mendocino, Mendocino Co., population 806; fire area 1 sq mile; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; 800 ft good rubber hose; value of fire department equipment \$1,400; membership 60, all volunteers; bell alarm; 1 fire company. Chief engineer, H. McKenzie.

WATER SUPPLY—Source, tanks and cisterns; system, pumping to reservoirs; cap from 3,000 to 35,000 gals; quality of water good; cost to construct \$100 for cistern. Supt, J. C. Ford.*

Menlo Park, San Mateo Co., population 300; buildings, wood, 1 and 2 stories; no organized fire department.*

WATER SUPPLY—Source, surface water; system, gravity; cap of reservoir 125,000,000 gals; pipe 11 miles; 48 meters; pressure, domestic 40, fire 60 pounds; cost to construct \$250,000. Supt, D. J. Willis.*

Merced, Merced Co., population 2,000; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton 500 ft, rubber good 500 ft; value of fire department equipment \$10,000; value of buildings occupied \$1,500; total ann expenses of department \$300; total membership 30, volunteers; bell alarm. Chief engineer, Geo. Conway.*

WATER SUPPLY—Source, Merced river; system, gravity; 45 hydrants, Ludlow; pipe 6 miles, 6 to 16 in dia; pressure 36 pounds; works owned by company; original cost to construct \$300,000. Supt, Chas. D. Martin.

Mission San Jose, Alameda Co., population 500; fire area 10 acres; mercantile buildings, wood, 2 stories; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 100 ft, cotton good 300 ft; value of fire department equipment \$500; value of buildings occupied \$100; total ann expenses of department \$75; total membership 20, all volunteers; bell alarm; 1 hook and ladder company. Foreman, James Stanley.

WATER SUPPLY—Source, mountain springs; reservoir cap 100,000 gals; one-half mile, 3½ in street mains; 12 hydrants; cost about \$4,000. Supt, J. Galleges.*

Modesto, Stanislaus Co., population 3,240; fire area 5 blocks; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 250 ft, inferior 250 ft, cotton good 1,500; 1 electric fire alarm box. Foreman, Geo. F. Young.

WATER SUPPLY—Source, 3 wells, 198 ft deep; system, pumping into mains surplus to 4 tanks; cap 40,000 gals each; cap of 2 pumps 1,008,000 each per 24 hours; hydrants 30; pipe 8 miles, 12 to 2 in dia; 8 gates; 198 taps; works owned by city; cost to construct \$60,000. Water commissioner, F. H. Zander.

Monrovia, Los Angeles Co., population 1,500; fire area 6 blocks; mercantile buildings, stone, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hose cart; 500 ft cotton hose. Chief engineer, C. E. Slosson.

WATER SUPPLY—Source, Sierra Nevada mountains; system, gravity; reservoir cap 4,000,000 gals; 200 hydrants; pipe iron and cement, dia 20 to 24 in cement, 1 to 6 in iron; pressure, domestic 50, fire 150 pounds; works owned by city; expenses of construction to date \$30,000. Supt, Joe Combs.*

Monterey, Monterey Co., population 2,000; fire area 500 acres; mercantile buildings, wood, brick and stone, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,100 ft; value of fire department equipment \$2,700; total no. of fire companies 2, 1 hook and ladder, 1 hose; 40 volunteers. Chief engineer, W. E. Parker.

WATER SUPPLY—Source, Carmel river; 2 reservoirs, total cap 150,000,000 gals; 30 hydrants; pipe 30 miles, 3 to 18 in dia; pressure, domestic 90, fire 120 pounds; waterworks owned by Pacific Improvement Co; cost to construct \$2,000,000. Supt, I. A. Skinner.

Mott, Siskiyou Co., population 600; mercantile buildings, wood and brick, 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; causes of fire investigated. Fire department—2 chemical extinguishers; hose, rubber good 500 ft; value of fire department equipment \$400; value of buildings occupied \$500; bell alarm. Chairman of fire com, I. O. Welsh.*

WATER SUPPLY—Source, creek conveyed to reservoir in a ditch; reservoir cap 2,000,000 gals; 25 hydrants, Gregory; pipe 3 miles, 8 to 16 in dia; 25 valves; pressure 30 pounds; waterworks owned

by company; original cost to construct \$16,000. Supt. J. O. Welsh.*

Napa City, Napa Co., population 4,500; fire area 1,500 acres; mercantile buildings, brick, 2 stories; private, wood, outside of fire limits, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 2,000 ft., inferior 3,000 ft., rubber inferior 500 ft.; value of fire department equipment \$4,000; value of buildings occupied \$6,000; total ann expenses of department \$1,800; total membership 132, all volunteers; electric fire alarm; 38 street boxes; 1 engine company, 1 hook and ladder company, 4 hose companies, Chief engineer, S. M. Chapman; chairman of fire and water com. C. Derby.

WATER SUPPLY—Source, in dry season, river; in wet season supply is pumped from well; system, pumping to reservoir; reservoir cap 1,500,000 gals; pumping engines, dry cap 300,000 gals; 53 hydrants; pipe 6 miles, 4 to 12 in dia; pressure, domestic about 40 pounds, fire same; cost to construct about \$163,000. Supt. T. R. Parker.

National City, San Diego Co., population 1,000; fire area 2 miles; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton rubber lined good 2,000 ft.; value of fire department equipment \$5,000; value of buildings occupied \$1,000; total membership 80, all volunteers; bell alarm; 2 hose companies, 1 H. and L. company, Chief engineer, Otto R. Freitag.

WATER SUPPLY—Source, Sweetwater storage reservoir; system, gravity; reservoir cap 6,000,000 gals; 38 hydrants; pipe 70 miles, 38 to 3 in dia; pressure, domestic 60, fire same; waterworks owned by company; cost to construct \$1,000,000. Supt. H. N. Savage.

Nevada City, Nevada Co., population 3,500; fire area 640 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, wood, 1 and 1½ stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—3 chemical extinguishers, 7 hose carriages; hose, rubber good 1,000 ft., inferior 400 ft., cotton good 1,000 ft.; value of fire department equipment \$3,000; value of buildings occupied \$3,000; total ann expenses of department \$1,200; total membership 70, volunteers; bell alarm; total no of fire companies 2, no of engine companies 1, hose companies 1. Chief engineer, J. F. Hook.*

WATER SUPPLY—Source, river; system, gravity; 3 reservoirs, cap 1,000,000 gals; 41 hydrants; pipe 4½ miles, 4 to 10 in dia. Supt. J. E. Brown.*

Nipomo, San Luis Obispo Co., population 215; buildings, wood, 1 and 2 stories. Fire department—bucket and hose; bell alarm. Chief engineer, H. E. Ketchum.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 232,500 gals; 135 hydrants; pipe 7 miles, 6 in dia; pressure 100, fire 195 pounds; works owned by company; original cost to construct \$19,000; ann expenses \$200. Supt. Geo. R. Stone.

North San Juan, Nevada Co., population 303; mercantile buildings, wood and brick, 1 and 2 stories. Fire department—2 hose carriages; hose, cotton good 1,200 ft.; total membership 42, all volunteers. Chief, A. N. Crane.

WATER SUPPLY—Source, mining ditch and reservoir; system, gravity; pump to mains, reservoir cap unlimited; 10 hydrants; pipe 2,000 ft., size 9 in dia; quality of water good; pressure for fire purposes 180 ft. Supt. S. N. Crane.

Oakdale, Stanislaus Co., population 1,012; fire area 125 acres; mercantile buildings, brick principally, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted, but tin used; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; rubber buckets, Hays hose clamp, etc; hose, cotton good 250 ft., rubber good 400 ft.; value of fire department equipment \$1,700; value of buildings occupied \$500; total ann expenses of department \$175; total membership 18, all volunteers; bell alarm, with watchman in attendance. Chief engineer, M. A. Lewis.

WATER SUPPLY—Source, artesian well, direct into mains; cap of tank 80,000; cap per day 15,000

gals; 40 hydrants; pipe 6 to 3 in dia, 2½ miles; pressure for domestic purposes 20 to 80, for fire 80 pounds; cost to construct \$20,000. Supt. A. Rand.*

Oakland, Alameda Co., population 48,982; fire area 120 acres; mercantile buildings, brick and stone, 2 to 4 stories; private, wood, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—4 steam fire engines, 3 chemical engines, 12 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 7 hose carts; hose, cotton good 8,300 ft.; 24 horses, value \$4,800; value of fire department equipment \$46,000; value of buildings occupied \$44,000; total ann expenses of department \$71,983.83; total membership 74, paid full time 29, paid part time 45; Gamewell alarm; street boxes 62. Chief engineer, Jas. F. Kennedy.*

WATER SUPPLY—Source, Lake Chabob; system, gravity & pumping to reservoir; 2 reservoirs cap 10,000,000 gals; pumping engines, dry cap 3,000,000 gals; 300 hydrants; pipe 25 miles, 15 to 4 in dia; pressure 60, fire 90 pounds; waterworks owned by company; cost to construct \$6,000,000. Supt. Fred Prindle.

Oceanside, San Diego Co., population 625; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 300 ft., linen good 300 ft.; value of fire department equipment \$450; value of buildings occupied \$100; total membership 16, volunteers; bell alarm; total no of fire companies 1. Chief engineer, W. H. Fultz.

WATER SUPPLY—Source, river; system, pumping to reservoir and direct; 2 reservoirs, total cap 275,000 gals; pumping engines, dry cap 100,000 gals; 9 hydrants; pipe 8 miles, 2 to 6 in dia; pressure, domestic 42, fire 42 pounds; waterworks owned by city; cost to construct \$12,500; ann expenses \$3,200. Supt. J. L. Clewett.

Ontario, San Bernardino Co., population 1,000; fire area 100 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—one combination hook, ladder and hose truck; value equipment \$850, buildings \$75; 23 volunteers; bell alarm. Foreman, W. A. Young.

WATER SUPPLY—Source, San Antonio Canon; system, gravity; 6 hydrants; pipe 100 miles, 2 to 30 in dia; pressure 85 pounds; original cost to construct \$350,000; ann expenses \$8,000. Supt. F. E. Trask.

Oroville, Butte Co., population 1,787; fire area 500 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories. Fire department—8 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,500 ft., inferior 500 ft.; value of fire department equipment \$3,000; value of buildings occupied \$3,000; total membership 70, all volunteers; bell alarm; 2 hook and ladder companies, 2 hose companies. Chief engineer, E. W. Fogg.*

WATER SUPPLY—Source, west branch of Feather river; system, gravity; reservoir cap 2,000,000 gals; 42 hydrants; pipe 9 miles, 15 to 4 in dia; 40 valves; pressure, domestic 70, fire 70 pounds; waterworks owned by company; cost to construct \$5,000; ann expenses \$3,000. Supt. D. N. Friesleben.*

Pacific Grove, Monterey Co., population 1,500; mercantile buildings, wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber good 250 ft., inferior 300 ft., cotton good 650 ft.; value of fire department equipment \$1,500; value of buildings occupied \$300; total membership 20, volunteer. Foreman, C. Johnson.*

WATER SUPPLY—Furnished by Pacific Improvement Co. See Monterey. City clerk, B. A. Eardley.*

Pasadena, Los Angeles Co., population 10,500; fire area 600 acres; mercantile buildings, brick and wood, 1 to 5 stories; private, wood, 1 to 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,000 ft., rubber good 600 ft.; 6 horses, value \$1,500; value of fire department equipment \$3,500; value of buildings occupied

\$9,000; total ann expenses of department \$5,000; total membership 18, paid full time 4, paid part time 13; Gamewell alarm; no of street boxes 19. Chief engineer, A. S. Turbett.

WATER SUPPLY—Source, springs; system, gravity and pumping to reservoirs; reservoirs cap 5,500,000 gals; Worthington pumping engines, dy cap 2,250,000 gals; 20 hydrants; pipe 10 miles, 13 to 4 in dia; pressure 10 to 75 pounds; works owned by company; cost to construct to date \$150,000; ann expenses \$10,000. City engineer, S. W. Sedwick. Pasadena Land and Water Co. supplies one-third of city and nearly all of South Pasadena; the Pasadena (lake Vineyard) Land and water Co. supplies about two-thirds of the city, and the North Pasadena Land and Water Co. supplies a tract north of the city and a small part of the city proper.

Paso Robles, San Luis Obispo Co., population 2,000; fire area 12 sq blocks; mercantile buildings, brick and wood, 1 to 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total ann expenses of department \$300; total membership 22, volunteers; bell alarm. Chief engineer, R. W. Gano.

WATER SUPPLY—Source, river and springs; system, pumping to reservoir; cap 150,000 gals, dy cap 600,000 gals; Dow pumping engines; pipe 6½ miles, 2 to 8 in dia; hydrants 11; meters 18; pressure, domestic 100, fire 128 pounds; cost to construct \$20,000; works owned by company; cost to date \$30,000; ann expenses \$1,500. Supt, J. W. Garren.*

Petaluma, Sonoma Co., population 4,200; fire area 12 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 6 hose carriages, all kinds; hose, cotton good 2,500 ft, rubber inferior 400 ft; value of fire department equipment \$7,000; value of buildings occupied \$5,000; total ann expenses of department \$600; fire bell alarm. Chief engineer, Wm. F. Farrell.

WATER SUPPLY—Source, mountain streams; system, gravity; reservoir cap 2,500,000 gals; storage reservoir cap 40,000,000 gals; 42 hydrants, Savage & Sons; pipe 17 miles, 4 to 8 in dia; 30 valves, Chapman and Eddy; 4 meters, Worthington and Crown; quality of water good; pressure 80 to 65 pounds; waterworks owned by company; cost to construct to date \$160,000; ann expenses \$5,000. Supt, Chas. H. Egan.

Placerville, Eldorado Co., population 1,690; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories. Fire department—2 hand engines, 2 chemical extinguishers, 2 hose carriages; hose, cotton good 500 ft, 700 ft poor; value of fire department equipment \$5,000; value of buildings occupied \$3,500; total membership 80, all volunteers; bell alarm. Chief engineer, J. J. Wonderly.*

WATER SUPPLY—Source, springs and cisterns; system, gravity; 2 reservoirs, cap 500,000 gals; 18 hydrants; (number to be increased during summer) pipe 3½ miles, 7 in dia; pressure 47 to 150 pounds. G. W. Barlow.*

Pleasanton, Alameda Co., population 1,000; fire area 180 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1½ stories; shingle roofs used; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck; value of fire department equipment \$250; value of buildings occupied \$300; total membership 20, volunteers; bell alarm; 1 fire company. Chief, W. H. Martin.

WATER SUPPLY—Source, wells and cisterns.*

Pomona, Los Angeles Co., population about 5,000; fire area 1,000 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 1½ stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft; 2 horses, value \$400; value of fire department equipment \$3,000; value of buildings occupied \$1,500; total membership 75, all volunteers; gen. alarm bell; 1 hook and ladder company, 2 hose companies. Chief engineer, E. M. Keller.

WATER SUPPLY—Source, artesian wells; system, gravity; 39 hydrants; pipe 33 miles, 8½ in dia and

under; pressure, domestic 50, fire same pounds; waterworks owned by company. Supt, H. J. Nichols.

Porterville, Tulare Co., population 1,200; fire area 640 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; causes of fire investigated. Fire department—1 chemical engine on wheels, 2 hose carriages, 3 ladders, 1 extension on wheels; hose, rubber good 200 ft, cotton good 900 ft, inferior 150 ft; value of fire department equipment \$2,500; value of buildings occupied \$3,000; total ann expenses of department \$1,000; total membership 36, volunteers; electric bell alarm; total no of fire companies 3, no of engine companies 1, 1 patrol company, 1 hose company. Chief engineer, F. N. Jersey.

WATER SUPPLY—Source, Tule river; system, pumping direct; reservoir cap 60,000 gals; J. B. Jardin pumping engines, dy cap 500,000 gals; hydrants 7; pipe 2½-4 miles, 6 in dia; pressure, domestic 40, fire 70 pounds; works owned by company; cost to construct \$11,500; cost to date \$18,800; ann expenses \$950. Supt, E. Newman.

Red Bluff, Tehama Co., population 3,000; fire area 150 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 450 ft, inferior 250 ft, cotton good 1,100 ft, inferior 350 ft; 2 horses, value \$400; value of fire department equipment \$9,400; value of buildings occupied \$18,000; total ann expenses of department \$1,600; total membership 84, paid full time 2, paid part time 1; volunteer members 81; electric alarm; 4 boxes; total no of fire companies 3, 1 hook and ladder company, 2 hose companies. Chief engineer, Paul Stoll; chairman of fire and water com, Rolla Fuller.

WATER SUPPLY—Source, Antelope creek 8 miles east of city; system, gravity and pumping to tanks; tanks cap 140,000 gals; cap of pumps 12 hrs 250,000 gals; hydrants 50; pipe 17 miles; pressure, fire and domestic 60 pounds; works owned by company; cost to construct \$150,000; ann expenses \$4,000. Supt, Chas. Cadwalader.

Redding, Shasta Co., population 1,821; fire area 28 acres; mercantile buildings, brick, 1 and 2 stories; private, wood; wooden roofs are not permitted in fire limits. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, 1,000 ft cotton good, 200 ft poor; value of fire department equipment \$2,000; value of buildings occupied \$250; total expenses of department \$1,000; total membership 60, volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, A. S. Castle.*

WATER SUPPLY—Source, Sacramento river, located in city; system, pumping direct; reservoir cap 350,000 gals; pumping engines, dy cap 1,600,000 gals; hydrants 22, Garratt; pipe 8½ miles, 12 to 2 in dia; pressure, domestic 40, fire 40 pounds; waterworks owned by company; cost to date \$32,000; ann expenses \$4,500. Supt, S. P. Fillman.

Redlands, San Bernardino Co., population 2,000; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; 900 ft good cotton hose; value of equipment \$2,420; ann expenses \$114; membership 30, volunteers; alarm 3 pistolshots. Chief, Jack Levy.

WATER SUPPLY—Source, Bear valley reservoir, Santa Anna river and mill creek; system, gravity; reservoir cap 8,000,000 gals; hydrants 12; pipe 39 miles, 13 to 2 in dia; 75 valves; pressure, domestic 55, fire 85 pounds; waterworks owned by company; original cost to construct \$200,000; ann expenses \$8,000. Supt, H. W. Allen.

Redondo Beach, Los Angeles Co., population about 600; fire area 3 blocks; mercantile buildings, wood and brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—hose, cotton good 400 ft. City marshal, Geo. Fayer; \$5,000 bonds voted for, apparatus, chemical engine proposed.

WATER SUPPLY—Source, 40 driven wells; system, pumping to reservoir; cap 3,000,000 gals; dy cap 1,500,000 gals; pumping engines; pipe 12 miles, 8

to 2 in dia; 123 valves; cost to construct \$55,000. Supt, H.H.Venable.*

Redwood City, San Mateo Co., population 2,000; fire area 600 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,400 ft, inferior 300 ft; value of fire department equipment \$4,000; value of buildings occupied \$7,500; total ann expenses of department \$500; total membership 95, volunteers; bell alarm; total no of fire companies 4, 1 hook and ladder, 3 hose companies. Chief engineer, John W. Glennan.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir, cap 5,000,000 gals; pumping engines, daily dy cap 150,000 gals; 60 hydrants; 8 miles of pipe, 8 to 4 in dia; pressure, fire purposes 50 pounds; waterworks owned by city; cost to construct \$25,000; ann expenses \$2,500. Supt, J. Stalter.

Riverside, Riverside Co., population 6,000; fire area 1 sq mile; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 2,000 ft; value of fire department equipment \$5,000; total ann expenses of department \$900; total membership 25, paid part time 25; Gamewell electric alarm; street boxes 3; total no of fire companies 2, 1 hook and ladder company, 1 hose company. Chief engineer, Geo. T. Ward.

WATER SUPPLY—Source, artesian wells, 8 miles N. E. of city; system, gravity; reservoir 30 ft dia; 45 hydrants; pipe 22 1-2 miles, 4 to 17 in dia; service pipe iron 1 and 3-4 in; pressure, domestic 70, fire 70 pounds; waterworks owned by Riverside Water Co.; original cost to construct \$142,266; expenses of construction to date \$11,448; ann expenses \$4,116. Supt, Francis Cuttle.

Sacramento, Sacramento Co., population 30,000; fire area 640 acres; mercantile buildings, brick, stone and wood, 1 to 4 stories; private, brick and wood, 1 to 4 stories; wooden roofs not permitted in fire limits; no fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines and 1 reserve, 7 chemical extinguishers, 1 hook and ladder truck and 1 in reserve, 1 aerial truck, 3 hose carts in service and 3 in reserve; hose, cotton good 5,000 ft, rubber inferior 1,400; 12 horses, value \$1,500; value of fire department equipment \$30,000; value of buildings occupied \$28,000; total ann expenses of department \$32,500; total membership 48, paid full time 14, paid part time 34; electric alarm; street boxes 31. Chief engineer, H. A. Guthrie.

WATER SUPPLY—Source, Sacramento river; system, pumping to tank and direct; reservoir cap 3,000,000 gals; pumping engines, dy cap 7,000,000 gals; 385 hydrants, various; pipe 40 miles, 4 to 20 in dia, various; quality of water good; pressure, domestic 40, fire 80 pounds; works owned by city; cost to construct \$350,000; ann expenses \$40,000. Supt, Alonzo Conklin.*

Saint Helena, Napa Co., population 1,705; fire area 12 acres; mercantile buildings, wood, stone and brick, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, 2 chemical extinguishers; hose, cotton good 1,000 ft, rubber good 700 ft; value of fire department equipment \$1,500; value of buildings occupied \$2,300; expenses \$400; total membership 60, all volunteers; bell alarm. Chief engineer, H. B. Bell.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 35,000,000 gals; 26 hydrants; pipe 5 miles, 12 to 2 in dia; pressure 65 pounds; waterworks owned by company; cost to construct \$50,000; ann expenses \$1,500. Pres and supt, Seneca Ewer.

Salinas, Monterey Co., population about 2,700; fire area 2,500 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 story; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, leather, inferior 500 ft; cotton good 1,000 ft, poor 200 ft; value of fire department equipment \$3,000; value of buildings occupied

\$2,000; total membership 95, all volunteers; 1 hook and ladder company and 2 hose companies; bell alarm. Chief engineer, W. T. Duncan.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; reservoir cap 150,000 gals; dy cap 360,000 gals; pumping engines; 26 hydrants; pipe iron 7 1-2 miles, 3 to 6 in dia; pressure, domestic 24, fire 36 pounds; waterworks owned by company. Supt, Frank B. Day.*

San Andreas, Calaveras Co., population 500; fire area 20 acres; mercantile buildings, 2 stories; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose cart, 10 chemical extinguishers; hose, cotton good 500 ft, leather good 300 ft, poor 200 ft; 2 wheel trucks, 3 ladders, 2 fire axes and buckets; value of equipment \$3,000; value of buildings occupied \$500; total ann expenses of department \$150; total membership 45, all volunteers; bell alarm. Chief engineer, A. L. Wyllie.

WATER SUPPLY—Water pumped to tanks by driven windmill; 3 cement cisterns of 12,000 gals; cap; each situated in different parts of town. Town clerk, A. L. Wyllie.

San Bernardino, San Bernardino Co., population about 7,000; fire area 50 acres; mercantile buildings, brick, 1 to 4 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, rubber inferior 500 ft, cotton good 2,500 ft; 3 horses, value \$750; value of fire department equipment \$8,000; value of buildings occupied \$1,500; total ann expenses of department, \$3000; total membership 34, paid full time 1, paid part 33; bell alarm; street boxes 11; total no of fire companies 4; hook and ladder company, 2 hose companies. Chief engineer, D. H. Wixom.

WATER SUPPLY—Source, 11 artesian wells, 4 miles N. W. of city; gravity; reservoir cap 1,125,000 gals; 76 hydrants; pipe 24 miles, 12 to 4 in dia; 82 valves; pressure 60 to 90 pounds; waterworks owned by city; cost to construct 13,000. Supt, C. G. Patton.

San Buena Ventura, Ventura Co., population 2,700; fire area 4 blocks; mercantile buildings, mostly brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,300 ft, inferior 400 ft; value of fire department equipment \$3,000; value of buildings occupied \$500; total ann expenses of department \$650; total membership 18, all volunteers; bell alarm; 3 hose companies. Chief engineer, Ed. M. Herschfelder.

WATER SUPPLY—Source, Ventura river; system, gravity and pumping to reservoir; Worthington duplex pumping engines; cap of reservoirs 4 of 1,000,000 gals each, dy cap 360,000 gals; 19 hydrants; pipe 15 miles, 2 to 25 in dia; 26 valves; pressure, domestic 90 pounds, fire same; waterworks owned by company; cost to construct \$163,504; ann expenses \$12,291. Supt, E. P. Foster.

San Diego, San Diego Co., population 16,500; fire area 1,920 acres; mercantile buildings, brick and wood, 1 to 5 stories; private, wood, 1 to 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 steam fire engines, 6 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages, 1 supply wagon; hose, cotton good 4,000 ft, inferior 500 ft, rubber good 300 ft; 11 horses, value \$2,200; value of fire department equipment \$25,000; value of buildings occupied \$2,500; total ann expenses of department \$15,520; total membership 41, paid full time 9, paid part time 32; Gamewell alarm; 24 street boxes; 2 engine companies, 3 hose companies, 2 hook and ladder companies. Chief engineer, A. B. Cairnes.

WATER SUPPLY—Source, wells 50 miles N E of city; system, gravity, pumping direct or to stand-pipe; reservoir cap 4,800,000 gals; standpipe cap 30 in dia, 130 ft high; pumping engines, dy cap 6,350,000 gals; 189 hydrants; pipe 75 miles, 1 to 20 in dia, cast riveted and kalamain; 375 valves; pressure, domestic 60 to 80, fire 100 to 150 pounds; waterworks owned by company, but leased to city; expenses of construction to date \$2,000,000; int cn bonds \$50,000. Supt, E. W. Elliot.*

San Francisco, San Francisco Co., population 298,997; fire area 25,000 acres; mercantile

buildings, stone, 2 to 9 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—25 steam fire engines, 7 chemical engines on wheels, 23 chemical extinguishers, 5 hook and ladder trucks, all aerial, 22 hose carriages, 7 hose wagons, 1 Hale water tower, siamese coupling; hose, cotton good 20,000 ft, rubber good 27,000 ft; 140 horses; value of fire department equipment \$150,000; value of buildings occupied \$350,000; total ann expenses of department \$418,000; total membership 465, paid full time 131, paid part time 344; Gamewell alarm; no of street boxes 188; fire patrol supported by insurance companies. Chief engineer, Dennis T. Sullivan.

WATER SUPPLY—Source, mountain streams and lake; system, gravity and pumping to reservoir; cap 29,000,000,000 gals; pumping engines, dy cap 20,000,000 gals; hydrants 2,200; pipe 284 miles, 3 to 44 in dia; pressure, domestic 40 to 200, fire 40 to 100 pounds; waterworks owned by company; ann expenses \$391,800. Supt, H. Schussler; are putting in additional reservoir; total cap, of reservoirs will be 72,000,000,000 when completed.

San Gabriel, Los Angeles Co., population 737; mercantile buildings, wood, 1 and 2 stories; wooden roofs permitted; no organized fire department.

WATER SUPPLY—Source, wells; system, gravity to and from reservoir; cap of reservoir 1,000,000 gals; hydrants 50; pipe 6 miles; average pressure 150 pounds; cost to construct \$20,000; works owned by company. Owner, E. K. Alexander.

San Jacinto, San Diego Co., population 1,200; fire area 6 blocks; mercantile buildings, brick and wood, 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hose carriage; hose, good rubber 300 ft; value of fire department equipment \$300; total membership 25, volunteers; bell alarm. Chief, E. B. Knapp.

WATER SUPPLY—Source, artesian wells; system, pumping to tank; tank cap 10,000 gals; pumping engines, dy cap 10,000 gals, per hr, Daniel best gasoline engine; hydrants 50; pipe iron 1 mile, 3-4 to 7 in dia; pressure, domestic 35, fire 35 pounds; waterworks owned by company; original cost to construct \$7,000; annual expenses \$350. Supt, J. G. Heinhart.

San Jose, Santa Clara Co., population 18,060; fire area 3,520 acres; mercantile buildings, brick and stone, 2 to 4 stories; private, wood; wooden roofs permitted; fireworks ordinance. Fire department—4 steam fire engines, 8 chemical engines on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 5 hose carriages, 1 hose wagon; hose, cotton good 3,200 ft, inferior 1,000 ft, rubber good 750 ft, inferior 1,700 ft; 16 horses; value of fire department equipment \$4,100; value of buildings occupied \$27,000; total ann expenses of department \$39,653; total membership 53, paid full time 17, paid part time 36; Gamewell electric fire alarm system; street boxes 50. Chief engineer, J. F. Dwyer.

WATER SUPPLY—Source, springs; system, gravity and 6 reservoirs; reservoir cap 4,000,000 gals; pipe 65 miles, 18 to 4 in dia. Supt, W. J. Wilcox.*

San Luis Obispo, San Luis Obispo Co., population 2,995; fire area 100 acres; mercantile buildings, brick and wood, 1 to 3 stories; wooden buildings prohibited in business portion; private, wood, 1 to 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,500 ft, rubber inferior 600 ft, 2 horses, value \$300; value of fire department equipment \$8,000; value of buildings occupied \$3,000; total ann expenses of department \$1,080; total membership 57, paid part time 3, remainder volunteers; bell alarm; 3 fire companies. Chief engineer, A. Hanson.

WATER SUPPLY—Source, San Luis Obispo creek and Andrews canyon; system, gravity to reservoirs; large reservoir 5,000,000 gals, small cap 600,000 gals; hydrants 24; pipe 11 miles, 8 to 2 in dia; pressure 60 to 80 pounds; works owned by company; cost to construct to date \$105,000; ann expenses \$2,500. Supt, John A. Nook.

San Mateo, San Mateo Co., population 2,500; area 2 square miles; buildings, brick and wood, 1 story; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 600 ft, 600 ft good cotton hose;

value of fire department equipment \$4,000; total membership 68, all volunteers; bell alarm; 1 hook and ladder company and 2 hose companies. Chief, W. F. Herbst.

WATER SUPPLY—Source, not stated; system, gravity; 28 hydrants. A. Hayward, G. A. Bartlett.*

San Pedro, Los Angeles Co., population 1,240; area of town 100 acres; mercantile buildings, wood, 1 story; private, wood, 1 story; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 800 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,600; total membership 50, all volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, D. R. Clay.

WATER SUPPLY—Source, spring and wells; system, pumping to reservoir, cap 214,000 gals; pumping engines, dy cap 120,000 gals; hydrants 3, Crain Co.; pipe 6 miles, 1-2 to 4 in dia; valves 75, Craine; 75 meters; pressure 40 pounds; works owned privately; cost to construct \$25,000; ann expenses \$450. Proprietor, R. D. Sepulveda.*

San Rafael, Maria Co., population 3,000; fire area 920 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hook and ladder trucks, 4 hose carriages, all kinds; hose, cotton good 2,800 ft; 1 horse, value \$150; value of fire department equipment \$6,000; value of buildings occupied \$2,000, total ann expenses of department \$1,100; total membership 53, volunteer; whistle alarm. Chief engineer, T. B. Almy; chairman of fire and water com, S. P. Moorhead.

WATER SUPPLY—Source, springs; system, gravity; cap of reservoir 140,000,000; 53 hydrants, Vulcan Iron Works; pipe 40 miles, 2 to 12 in dia; pressure, domestic 80, fire 120 pounds; works owned by company; cost to construct \$450,000; ann expenses about \$20,000. Supt, Robert Walker.

Santa Anita, Los Angeles Co., population not stated; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 story; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. No fire department.*

WATER SUPPLY—Source, artesian wells; system, gravity; reservoir cap 50,000,000 gals; pipe 75 miles, 2 to 24 in dia; quality of water soft; pressure 100 pounds; works owned by E. J. Baldwin; cost to construct \$75,000. (10 additional reservoirs of 4,000,000 gals will be built.)*

Santa Anna, Orange Co., population 3,628; fire limit 20 acres; mercantile buildings, stone, brick, iron and wood, 1 to 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 chemical hand engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carts; hose, cotton good 1,000 ft, rubber good 100 ft (600 ft more will be purchased); value of fire department equipment \$5,000; value of buildings occupied \$4,000; total ann expenses of department \$800; total membership 46; bell alarm; 4 fire companies, 1 chemical engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, James F. Brown.

WATER SUPPLY—Source, artesian wells; system, pumping direct; reservoir cap 350,000 gals; 2 pumping engines, dy cap 2,250,000 gals each; hydrants 65; pipe 11 miles, 3 to 12 in dia; 30 valves; pressure, domestic 50, fire 100 to 120 pounds; works owned by city; cost to construct \$58,000; ann expenses \$3,500. Pres, C. C. Edinger; supt, S. H. Finley.

Santa Barbara, Santa Barbara Co., population 5,864; fire area 30 acres; mercantile buildings, brick, 1 to 3 stories; private, wood, 1 and 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 Babcock extinguishers, 1 hook and ladder truck, 180-foot extension ladder; 1 horse hose wagon & swinging harness, 3 hose carriages, 3 pomper outfits, siamese couplings, 1 jumping net; hose, cotton good 2,000 ft, inferior 800 ft; value of fire department equipment \$8,500; total ann expenses of department \$3,000; telephone, fire alarm system connected with engine house, alarm gongs; total membership 60, all volunteers; bell alarm. Chief engineer, A. Ott.

WATER SUPPLY—Source mountain streams and

wells; system, gravity and pumping direct; reservoir cap 758,000 gals; pumping engine, dy cap 1,000,000 gals; hydrants 53; pipe iron 15 miles, 2 to 12 in dia; pressure, domestic 60 to 90, fire 100 to 150 pounds; waterworks owned by company. Supt, H. C. Thompson.*

Santa Cruz, Santa Cruz Co., population 6,401; fire area 1,000 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hook and ladder truck, 5 hose carriages; hose, cotton good 2,000 ft, rubber good 4,000 ft; value of fire department equipment \$5,000; value of buildings occupied \$10,000; total ann expenses of department \$1,670; total membership 230, volunteers; electric alarm; number of street boxes 12. Chief engineer, E. Alzina.*

WATER SUPPLY—Source, Laguna creek; system, gravity; reservoir cap 80,000,000 gals; hydrants 109; pipe 39 miles, 2 to 16 in dia; pressure 100 pounds; works owned by city; cost to construct \$304,284.94; cost to date \$380,795; ann expenses \$3,080. Supt. O. J. Lincoln.

Santa Monica, Los Angeles Co., population 1,580; fire area 20 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 1 1/2 stories; wooden roofs are permitted; fireworks ordinance; cause of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,800 ft; value of fire department equipment \$2,500; value of buildings occupied \$900; total membership 30, volunteers; bell alarm. Foreman, G. B. Dexter; chairman of fire and water com, E. J. Vawters.

WATER SUPPLY—Source, springs 2 1/2 miles N. E. of town; system, gravity; reservoir cap 1,000,000 gals; pipe 12 miles, 2 to 16 in dia; pressure 70 pounds; waterworks owned by company; original cost to construct \$50,000; ann expenses \$8,000. Supt, Robt. F. Jones.

Santa Paula, Ventura Co., population 2,000; fire area 800 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 300 ft, inferior 100 ft; bell alarm; membership 50, volunteers. Chief, H. H. Younkers.

WATER SUPPLY—Source, Santa Paula creek; system, gravity; 2 reservoirs, cap 3,000,000 gals; hydrants 5; pipe 2 to 16 in dia; quality of water good; pressure 40 to 100 pounds; works owned by company; cost to construct \$70,000. Supt, D. G. Galley.

Santa Rosa, Sonoma Co., population 6,000; fire area 1,280 acres; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, all kinds, 1 hose wagon; hose, cotton good 4,000 ft, leather 600 ft; 3 horses, value \$800; value of fire department equipment \$6,700; value of buildings occupied \$8,000; total ann expenses of department \$2,900; total membership 70, paid full time 3, paid part time 1, remainder volunteers; will change to paid department; 3 alarm bells. Chief engineer, Frank Muther.

WATER SUPPLY—Source, Santa Rosa creek and reservoir 4 miles east of city; system, gravity; reservoir cap 250,000,000 gals; standpipe 2 to 12 in each; hydrants 42; pipe iron 20 miles, 2 to 20 in dia; pressure, domestic 45, fire 45 pounds; waterworks owned by company; original cost to construct \$108,000; expenses of construction to date \$165,000; ann expenses \$7,000. Supt, A. J. McPike.

Selma, Fresno Co., population 1,150; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$3,500; value of buildings occupied \$500; total ann expenses of department \$2,500; total membership 38, all volunteers; alarm; 1 hook and ladder company, 1 hose company. Chief engineer, H. P. Gay.*

WATER SUPPLY—Source, well; system, pumping to tank; reservoir cap 55,000 gals; pumping engines, dy cap 800,000 gals; hydrants 12; pipe 11 miles, 2 1/2 to 6 in dia; 14 valves; pressure, do-

mestic 32, fire 75 to 110 pounds; waterworks owned by company; original cost to construct \$40,000; ann expenses \$3,500. Supt, A. E. Sake.*

Sonoma, Sonoma Co., population 757; fire area 100 acres; mercantile buildings, wood and stone, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, linen good 800 ft; value of fire department equipment \$2,000; buildings owned by city; total membership 40, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, Chas. Engellert.*

WATER SUPPLY—Source, springs; system, pumping direct; reservoir cap 1,300,000 gals; hydrants 19; pipe 2 miles, 4 in dia; waterworks owned by private parties; original cost to construct \$7,000; expenses of construction to date \$17,300; ann expenses \$500. Supt, Eug. Robin.

Sonoma, Tuolumne Co., population 1,500; fire area 1 sq mile; mercantile buildings, stone and brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 650 ft, inferior 150 ft, cotton good 400 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,000; total membership 78, volunteer; 1 hook and ladder company, 2 hose companies. Chief engineer, P. P. Hunter.*

WATER SUPPLY—Source, springs 2 miles north of town; system, pump to reservoir; cap 149,000 gals, dy cap 300,000 gals. Paterson & Romans pumping engines; 35 hydrants; pipe 5 1/4 miles, 3 to 11 in dia; quality of water fine; fire pressure 50 to 150 pounds; waterworks owned by J. Ferguson; cost to construct \$40,000; ann expenses \$2,351. Supt, John Ferguson; mayor, Chas. Burden; town clerk, H. C. Burden.

Stockton, San Joaquin Co., population 18,000; fire area 2,580 acres; mercantile buildings, brick, stone and iron, 3 stories; private, wood, 2 stories; wooden roofs not permitted; no fireworks ordinance. Fire department—4 steam fire engines, 1 chemical engine on wheels, 2 aerial trucks, 3 hose carts, 1 hand hose reel; hose, rubber good 2,000 ft, inferior 250 ft, cotton good 4,000 ft, inferior 250 ft; 10 horses, value \$2,500; value of fire department equipment \$45,500; value of buildings occupied \$35,000; total ann expenses of department \$22,000; total membership 30, paid full time 7, paid part time 23; Gamewell electric alarm; street boxes 11 and 55 telephone boxes. Chief engineer, Israel Rolf.

WATER SUPPLY—Source, wells; system, pumping to 2 tanks and direct; pumping engine, dy cap 8,000,000 gals; hydrants 78; pipe 25 miles, 3 to 20 in dia; 3-4 in service pipe; waterworks owned by company. Supt, M. S. Thusher.

Suisun City, Solano Co., population 400; fire area 9 acres; mercantile buildings, brick and iron, 1 and 2 stories; dwellings, 1 and 2 stories. Fire department—1 hand engine, 1 hose carriage, 1 chemical engine, 8 chemical extinguishers; hose, cotton good 400 ft; value of fire department equipment \$2,000; value of buildings occupied \$800; bell fire alarm; total membership 28, all volunteers. Chief engineer, D. C. McDonald.*

WATER SUPPLY—Source, wells; system, pumping into elevated tank, cap 25,000 gals, cap per day 50,000 gals; pipe 2 1/2 miles, 3 in dia; quality of water good; owned by company; cost to construct \$10,751; ann expenses \$25,000. Supt, John Hucksin.*

Sutter Creek, Amador Co., population 1,351; fire area 20 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 1/2 stories. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 600 ft, inferior 200 ft; membership 40, volunteers; bell and whistle alarm. Chief engineer, H. Y. Murray.*

WATER SUPPLY—Source, Blue lake and north fork Mokelumne river; system, gravity; hydrants 39, Garden; pipe sheet iron 3 miles, 6 to 2 in dia; 12 valves; pressure, domestic 130, fire 210 pounds; waterworks owned by company. Supt, C. R. Downs.*

Templeton, San Luis Obispo Co., population 400; fire area 130 acres; mercantile buildings, wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 2 hose wagons; hose, rub-

ber good 800 ft. inferior 200 ft. cotton good 500 ft. linen good 330 ft.; 4 horses, value \$300; value of fire department equipment \$1,400; value of buildings occupied \$230; total ann. expenses of department \$300; total membership 17, paid full time 3, paid part time 14, volunteer members 7; bell alarm; total no. of fire companies 2. Chief engineer, Ira E. Donelson.*

WATER SUPPLY—Source, river; system, pumping to reservoir; reservoir cap 45,000 gals; pumping engines, dy cap 96,000 gals; hydrants 14; pipe 2 miles, 4 and 5 in dia; 23 valves; pressure, domestic 21, fire 48 pounds; waterworks owned by company; original cost to construct \$7,000; expenses of construction to date \$9,000; ann. expenses \$800. Supt. Ira E. Donelson.*

Tulare, Tulare Co., population 4,000; fire area 1,200 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 4,000 ft. inferior 300 ft. cotton good 3,000 ft.; value of fire department equipment \$6,000; value of buildings occupied \$3,000; total ann. expenses of department \$1,000; total membership 32, volunteer; bell, electric alarm; street boxes 2. Chief engineer, James Vandever. (Aerial truck and chemical engine proposed.)

WATER SUPPLY—Source, artesian well; system, pumping to tanks; standpipe cap 80,000 gals; dy cap 1,440,000 gals; 24 hydrants; pipe 10½ miles, 2 to 10 in dia; 40 valves; pressure, domestic 25, fire 60 pounds; waterworks owned by company; cost to construct \$90,000. Pres. and supt. D.W. Madden.*

Ukiah, Mendocino Co., population 2,000; fire area 1 sq. mile; mercantile buildings, brick, tin roof, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 100 ft. cotton good 800 ft.; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total ann. expenses of department \$500; total membership 40, volunteers; bell and whistle alarm. Chief engineer, W. H. Chessall.

WATER SUPPLY—Source, well; system, pumping to reservoir and direct; reservoir cap 1,000,000 gals; pumping engines, dy cap 500,000 gals; 44 hydrants; pipe 8 miles, 2 to 10 in dia; waterworks owned by company; original cost to construct \$40,000. Supt. Wm. Elliott.*

Vacaville, Solano Co., population 725; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no firework ordinance. Fire department—1 hose carriage; hose, cotton good 800 ft.; value of fire department equipment \$700; value of buildings occupied \$100; total ann. expenses of department \$800; total membership 18, volunteer; bell alarm; 1 hose company. Chief engineer, Nathan Holt.

WATER SUPPLY—Source, 2 wells; system, pumping to reservoir; reservoir cap 110,000 gals; pumping engines, dy cap 200,000 gals; 20 hydrants; pipe 1 5-8 miles, 8 to 4 in dia; pressure, domestic 60, fire 60 pounds; waterworks owned by company; original cost to construct \$10,000; ann. expenses \$1,500. Supt. F.H. Buck.

Vallejo, Solano Co., population 6,343; fire area 5 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; no firework ordinance. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 7 hose carriages; hose, cotton good 1,650 ft. rubber good 3,000 ft. inferior 2,000 ft.; value of fire department equipment \$10,000; total ann. expenses of department \$5,000; total membership 124, paid full time 7, paid part time 4, volunteer members 113. Chief engineer, John Reddan.*

WATER SUPPLY—Source, lake 3 1-2 miles from city; system, gravity and pumping to reservoir; reservoir cap 350,000 gals; pumping engines, dy cap 1,440,000 gals; 84 hydrants; pipe 35 miles, 1-2 to 16 in dia; pressure, domestic 100, fire 200 pounds; waterworks owned by city; original cost to construct \$250,000; expenses of construction to date \$310,000; ann. expenses \$4,000. Secy and mgr. R. S. Knight.

Valley Springs, Calaveras Co., population not given; no fire department.*

WATER SUPPLY—Source, river; system, gravity; pumping to reservoir, cap 100,000 gals; 1 1/2 mile of 4 in pipe; pressure 50 ft.; cost to construct \$5,000; expenses to date \$5,000; ann. expenses \$500. Supt. H. A. Mensinger.

Ventura, Ventura Co., population 3,000; mercantile buildings, brick, wood and stone, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; no firework ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages and 1 old cart; hose, rubber good 1,400 ft. inferior 200 ft.; value of fire department equipment \$3,000; value of buildings occupied \$600; total ann. expenses of department \$700; total membership 18, all volunteers; bell alarm. Chief engineer, Ed. M. Herschfelder.

WATER SUPPLY—Source, Ventura river located N. of town; system, pumping to reservoir; 2 reservoirs cap 100,000 gals each; pumping engines, dy cap 100,000 gals; 30 hydrants; pipe 20 miles, 25 to 3 in dia; pressure, domestic 80, fire 90 pounds; waterworks owned by company; cost to construct \$133,000; ann. expenses \$5,000. Supt. E. P. Foster.

Visalia, Tulare Co., population 3,000; fire area 1 1/2 miles sq; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; firework ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 supply wagon; hose, cotton 1,400 ft. rubber good 500 ft. inferior 300 ft.; 4 horses, value \$800; value of fire department equipment \$12,000; value of buildings occupied \$7,000; expenses of department for past year \$2,000; total membership 50, paid full time 3, paid part time 1, remainder volunteers; electric gong alarm; 5 street boxes, 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, H. Levinson.

WATER SUPPLY—Source, 5 wells 90 feet deep; system, pumping to 3 tanks; tanks cap 75,000 gals; pumping engines, dy cap 500,000 gals; 19 hydrants; pipe 7 miles, 3 to 8 in dia; pressure, fire 25 pounds; waterworks owned by company; original cost to construct \$50,000. Supt. and secy, A. Crowley.

Watsonville, Santa Cruz Co., population 3,000; fire area 1 mile sq; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; firework ordinance. Fire department—1 steamer, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,000 ft. rubber 500 ft. poor; value of fire department equipment \$2,000, exclusive of hose; value of buildings occupied \$8,000; total ann. expenses of department about \$300; total membership 48, chief paid, rest volunteers; 1 hook and ladder company, 2 hose companies. Chief engineer, H. F. Peckham.

WATER SUPPLY—Source, creek 7 miles distant; system, gravity; gravity to reservoirs, cap 2,600,000 gals; 40 hydrants; pipe 14 miles, 4 to 15 in dia; pressure 35 pounds; cost to construct \$150,000. Supt. A. White.

Wheatland, Yuba Co., population 800; fire area 80 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; metallic roofs used; firework ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 500 ft. 200 ft. cotton; value of fire department equipment \$1,000; value of buildings occupied \$1,500; ann. expenses \$175; total membership 30, all volunteers; bell alarm. Marshal, Wm. Amick.

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; 2 reservoirs cap 60,000 gals; pumping engines, dy cap 280,000 gals; hydrants 23; pipe 2 miles, 2 to 6 in dia; 2 valves; pressure, domestic 40 ft. fire 100 pounds; waterworks owned by company; expenses of construction to date \$2,000; ann. expenses \$1,000. Supt. H. C. Niemeyer.

Willows, Colusa Co., population 1,176. Fire department—2 hose carts; hose, cotton good 900 ft.; total membership 25, all volunteers. Chief engineer, H. Bielar.*

WATER SUPPLY—Source, artesian well; system, pumping to tank; reservoir cap 100,000 gals; pumping engines, dy cap 25,000 gals; 27 hydrants; pipe 2 miles, 8 in dia; 12 valves; 2 meters; pressure, 35 pounds; waterworks owned by company; orig-

inal cost to construct \$50,000; expenses \$400 per month. Supt, L. Locher.*

Wilminston, Los Angeles Co., population 2,360; wooden roofs permitted.

WATER SUPPLY—Source, wells; system, pumping to tank and direct; reservoir cap 150,000 gals; pumping engines, dy cap, 1,000,000 gals; 22 hydrants; pipe 12 miles, 1 1/2 to 5 in dia; quality of water good; pressure, domestic 30, fire 120 pounds; waterworks owned by company. Supt, A. Young.*

Woodland, Yolo Co., population 3,039; mercantile buildings, brick and stone, 1 and 2 stories; private, wood, 1 story; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,600 ft, rubber good 500 ft; 4 horses, value \$500; value of fire department equipment \$8,000; total ann expenses of department \$1,000; value of building occupied \$30,000; total membership 80, paid full time 2, remainder volunteers; bell alarm; 1 engine and hose company, 1 hook and ladder company. Chief engineer, H. L. Prindle.*

WATER SUPPLY—Source, 3 artesian wells; system, pumping to tanks and direct; tank cap 210,000 gals; pumping engines, dy cap, 2,500,000 gals; 41 fire hydrants; pipe 12 miles, 2 to 12 in dia; pressure, domestic 25 pounds, fire 90 pounds; cost to city \$80,000; ann expenses \$6,500. Supt, W. N. Masters.

COLORADO.

Akron, Washington Co., population 900; fire area 160 acres; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 1 story; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 600 ft; value of fire department equipment \$1,000; value of buildings occupied \$200; total ann expenses of department \$300; total membership 12, volunteer. Chief engineer, Geo. M. Ball.*

WATER SUPPLY—Source, well; system, pumping to standpipe; reservoir cap 86,500 gals; standpipe cap 86,500 gals; pumping engines, dy cap 22,000 gals; hydrants 12; pipe 3 miles, 4 to 8 in dia; pressure, domestic 35, fire 100 to 140 pounds; waterworks owned by city; original cost to construct \$25,000. Chairman of com, T. F. Stokes.*

Alamosa, Conejos Co., population 973; fire area 30 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 800 ft, inferior 300 ft; total membership 60, volunteers. Chief engineer, C. L. Miller.

WATER SUPPLY—Source, artesian wells 850 ft; dy cap 1,000,000 gals; quality of water soft; pressure, domestic 200, fire 300 pounds; waterworks owned by city; cost to construct \$2,000. Village clerk, G. A. Willis.

Alma, Park Co., population 367; fire area 250 acres; mercantile buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 400 ft, rubber good 500 ft; value of fire department equipment \$6,500; value of buildings occupied \$1,000; total membership 50, paid part time 1, volunteer members 49; bell alarm.

WATER SUPPLY—Source, streams in town; Silsby Fire Engine Co., hydrants 4; pipe 1,000 ft, 2 1/2 in dia; cost to construct \$5,000; ann expenses \$200; works owned by city. Civil engineer, Willis Dearing.

Aspen, Pitkin Co., population 10,500; fire area 400 acres; mercantile buildings, fire limits brick and stone, 3 stories; private, wood, 2 stories; wooden roofs not permitted inside fire limits; fireworks ordinance. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 1 combination hose wagon and 2 horses; hose, linen good 3,500 ft, inferior 500 ft; value of fire department equipment \$10,500; value of buildings occupied \$13,000; total ann expenses of department \$11,000; total membership 87, paid full time 8, paid part time 5, balance volunteer; Gamewell alarm; 10 street boxes; 1 hook and ladder company, 3 hose companies. Chief engineer, Frank E. Croman.

WATER SUPPLY—Source, creeks; system, gravity;

Yreka, Siskiyou Co., population 1,500; fire area 240 acres; mercantile buildings, brick, 1 story; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton 1,200 ft; value of fire department equipment \$8,000; value of buildings occupied \$3,000; total ann expenses of department \$150; total membership 119, volunteer; bell alarm; total no. of fire companies 3, 2 engine companies, 1 hook and ladder company. Chief engineer, U. F. Brown.

WATER SUPPLY—Source, springs and wells; system, gravity, pumping to reservoir; cap 60,000 gals; Heald & Co. pumping engines, dy cap 100,000 gals; pipe 2 1-2 miles, 3-4 to 5 in dia; works owned by Henry Scheld; cost to construct \$20,000; ann expenses \$600.

Yuba City, Sutter Co., population 562; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 1/2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 250 ft, cotton good 250 ft; value of equipment \$1,000.*

WATER SUPPLY—Source, bored wells; system, pump to reservoir; cap 60,000 gals; pumping engines, dy cap 100,000 gals; pipe 3 miles, 6 to 3 in dia; quality of water soft; pressure 24 pounds; waterworks owned by company; cost to construct \$25,000; ann expenses \$12. Supt, J. E. Orr.*

reservoir cap 121,700 gals; 58 hydrants, Ludlow; pipe 9 miles, 16 to 4 in dia. National Tube Works Co.; 50 valves, Ludlow; quality of water good; pressure, domestic 95 to 100 pounds, fire same; works owned by company; cost to construct \$200,000. Supt, H. G. Koch.

Berthoud, Larimer Co., population 500; fire area 15 acres; mercantile buildings, brick, 1 and 2 stories; private, wood and brick, 1 and 2 stories; no fireworks ordinance; wooden roofs not permitted. Fire department—1 hose carriage; 900 ft good cotton hose; 1 ladder; value of equipment \$1,000; value of buildings occupied \$600; expenses for past year \$300; total membership 18, volunteers; bell and whistle alarm. Chief engineer, F. I. Davis; chairman of fire and water com, W. D. Schuyler.

WATER SUPPLY—Source, surface water gathers in reservoir by gravity; pipe 3 miles; 5 hydrants; cost to construct \$12,000; ann expenses \$200. Supt, C. R. Blackwell.*

Black Hawk, Gilpin Co., population 1,067; fire area 300 acres; mercantile buildings, brick and stone, 1 1/2 stories; wooden roofs permitted. Fire department—3 hose carts, 2 steam pumps, 1,000 gals per minute; hose, cotton good 1,350 ft; value of fire department equipment \$5,000; value of buildings occupied \$1,500; membership 25, all volunteers; steam whistle alarm. Chief engineer, Nels Kellerup.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 936,000 gals; 12 hydrants; 6 miles pipe, 2 to 4 in dia; pressure 120; works owned by city; cost to construct \$20,000; ann expenses \$1,000. Supt, Wm. R. Backus.

Boulder, Boulder Co., population 4,330; fire area 36 acres; mercantile buildings, brick and stone, 2 stories; private, brick and stone, 1 1/2 to 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 4,500 ft, 50 ft poor; value of fire department equipment \$5,000; value of buildings occupied \$10,000; total expenses for past year \$138; total membership 150, volunteers; bell and whistle alarm. Chief engineer, H. May.

WATER SUPPLY—Source, Boulder creek; system, gravity; cap of reservoir 6,000,000 gals; 87 hydrants; pipe 15 miles, 20 to 4 in dia; 65 valves; pressure 112 pounds; waterworks owned by city; cost to construct \$147,000. Supt, J. S. Mulford.*

Breckenridge, Summit Co., population 1,600; fire area 75 acres; mercantile buildings, iron and wood, 2 stories; private, wood, 1 story; wooden roofs used; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total ann expenses of department \$200; to-

tal membership 93, volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief, J. B. Dewers.

WATER SUPPLY—Source, stream; system, gravity; reservoir cap 5,000 gals; 40 hydrants; pipe 2½ miles, 2½ to 6 in dia; pressure 100 pounds; cost to date \$15,000; ann expenses \$2,000; cost to construct \$10,000. Water engineer, H. F. King.

Brighton, Arapahoe Co., population 400; fire area 200 acres; mercantile buildings, brick, 30 ft; private, wood, 1½ stories; wooden roofs permitted; fire works ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; electric alarm; value of fire department equipment \$1,300; total membership 50, volunteers; whistle alarm; 2 fire companies, 1 hook and ladder company, 1 hose company. Chief engineer, Geo. Lytle.

WATER SUPPLY—Source, wells; system, pumping to tank; tank cap 60,000 gals; dy cap of pumps 500,000 gals; hydrants 20; pipe 1 mile, 6 in dia; valves 40; service pipe lead; pressure, domestic 20, fire 125 pounds; waterworks owned by company. Pres, D. F. Carmichael.

Buena Vista, Chaffee Co., population 1,500; fire area 50 acres; mercantile buildings, brick, 1 story; private, brick. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,700 ft; value of fire department equipment \$3,000; value of buildings occupied \$5,000; total ann expenses of department \$150; total membership 25, volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, Anthony Habig.

WATER SUPPLY—Source, creek; system, gravity; cap of reservoir 8,000 gals; 16 hydrants; pipe 2½ miles, 10 to 2 in dia; pressure domestic 67½ pounds; cost to construct \$35,000; cost to date \$45,000; works owned by city; ann expenses \$1,500. Supt, E. M. Kemble.

Canon City, Fremont Co., population 2,825; fire area 80 acres; mercantile buildings, brick, 1 and 2 stories. Fire department—2 Babcock chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 400 ft, inferior 300 ft, linen good 1,700 ft; value of fire department equipment \$3,500; value of buildings occupied \$2,000; total membership 34, volunteer members; bell alarm. Chief engineer, John F. Hood.*

WATER SUPPLY—Source, Arkansas river; system, pumping to reservoir; reservoir cap 75,000 gals; pumping engines, dy cap 2,000,000 gals; hydrants 34; pipe 5 miles, 4 to 8 in dia; pressure, domestic 40, fire 80 pounds; waterworks owned by city; original cost to construct \$60,000; ann expenses \$3,500. Supt, Geo. T. Conway.

Cardiff, Garfield Co., population 522. Fire department not reported.

WATER SUPPLY—Source, Roaring Fork river; system, pumping to reservoir; reservoir cap 30,000 gals; pumping engines, dy cap 50,000 gals, Dean; hydrants 16; pipe, iron; 28 valves; pressure 70 pounds; waterworks owned by company.

Caribou, Boulder Co., population 500; fire area 40 acres; mercantile buildings, wood, 1½ stories; private, wood, 1½ stories; wooden roofs are permitted; fire works ordinance; causes of fire investigated. Fire department—hose, rubber good 600 ft; value of buildings occupied \$300; total ann expenses of department \$100; total membership 10, volunteer. Chief engineer, H. Minckler.*

WATER SUPPLY—Source, springs; system, gravity; hydrants 1; pipe 2 miles, 3 to 9 in dia; taps 10; pressure 300 ft; ann expenses \$100. Supt, H. Minckler.*

Cascade, El Paso Co., population 600; buildings, wood, 1 and 2 stories; no fire department.*

WATER SUPPLY—Source, reservoir located on Cascade creek; system, gravity; pipe 3 miles; hydrants 7; quality of water good; cost to construct \$10,000. Pres, D. N. Herzer; supt, E. E. Doane.*

Central City, Gilpin Co., population 2,500; fire area 1,000 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fire works ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 2,500 ft, inferior 1,500 ft; value of fire department equipment \$3,000; total membership 90; bell alarm; 1 hook and ladder company, 2

hose companies. Chief engineer, William J. Lamont.*

WATER SUPPLY—Source, springs 4½ miles from city; system, gravity; reservoir cap 602,000 gals; hydrants 8; pipe 2 to 3 in dia; pressure 103 pounds; waterworks owned by city; original cost to construct \$90,000; int on bonds 8 per cent. Supt, Jas. Rule.*

Colorado City, El Paso Co., population 3,000; fire area 240 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, pine wood, 1 and 2 stories; wooden roofs permitted; fire works ordinance. Fire department—1 hose carriage, 1 hose, ladder and supply wagon; hose, cotton good 1,300 ft; value of fire department equipment \$1200; value of buildings occupied \$8,000; total membership 40, volunteer members; bell alarm. Chairman of fire com, Jas. Brophy.

WATER SUPPLY—Source, Sutherland creek, 2 miles distant; system, gravity; reservoir cap 5,000, 000 gals; hydrants 30; pipe 30 miles, 3 to 10 in dia; 10 valves; pressure, domestic 80, fire 80 to 120 pounds; waterworks owned by Colorado City Water Co.; original cost to construct \$20,000; expenses of construction to date \$40,000; ann expenses \$200. Pres and supt, Anthony Bott.*

Colorado Springs, El Paso Co., population 14,000; fire area 4 sq miles; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2½ stories; wooden roofs not permitted in fire limits; fire works ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 8 hose carriages, all kinds; hose, cotton good 10,000 ft, inferior 2,000 ft; value of fire department equipment, with buildings occupied \$10,000; total ann expenses of department \$8,000; total membership 298, paid part time 1, paid full time 1, volunteer members 378; Ganewell alarm; 28 street boxes; total no. fire companies 9, 1 hook and ladder company, 8 hose companies. Chief engineer, Nels Johnson.

WATER SUPPLY—Source, streams; system, gravity; 3 reservoirs cap 133,250,000 gals; hydrants 126; pipe 65 miles, 3 to 20 in dia; service pipe lead and iron; pressure 85 pounds; waterworks owned by city; expenses of construction to date \$500,000; ann expenses \$3,000. Supt, Edw. W. Frost.

Crested Butte, Gunnison Co., population 1,500; fire area 10 acres; mercantile buildings, wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fire works ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, 1,000 ft good rubber hose; value of fire department equipment \$2,000; value of buildings occupied \$2,500; total ann expenses of department \$50; total membership 34, volunteers; triangle fire alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, Frank E. Songer.

WATER SUPPLY—Source, mountain stream; system, gravity; reservoir cap 20,000,000 gals; hydrants 12; pipe 5 miles, 3 to 12 in dia; 8 valves; pressure 300 ft; waterworks owned by company; original cost to construct \$35,000; expenses of construction to date \$35,000; ann expenses \$2,000. Supt, H. C. Wright.

Cripple Creek, El Paso Co.

WATER SUPPLY—Source, Beaver creek; system, gravity to reservoir; reservoir cap 1,500,000 gals; hydrants 40; pipe 12 miles, 4 to 8 in dia; pressure 20 to 110 pounds; waterworks owned by company; cost to construct \$100,000. Supt, E. H. Smith.

Del Norte, Rio Grande Co., population 1,200; fire area 25 acres; mercantile buildings, brick iron and stone, 2 stories; private, wood and brick, 1½ and 2 stories; wooden roofs not permitted; fire works ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,800 ft; rubber wood 200 ft, poor 100 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total ann expenses of department \$500; total membership 90, volunteers; bell alarm; total no. of fire companies 4, no. of engine companies 1, 1 hook and ladder company, 2 hose companies. Chief engineer, John Clegborn.

WATER SUPPLY—Source, Rio Grande river; system, pumping to reservoir and direct; reservoir cap 290,000 gals; pumping engines, dy cap 605,000 gals; hydrants 19; pipe 1,900 ft, 3 to 10 in dia; service pipe 3-4 in galv iron; pressure, domestic 100 fire 150 pounds; waterworks owned by town of Del Norte; original cost to construct \$25,000; ex.

penes of construction to date \$25,000; ann expenses, \$1,100. City civil engineer, Geo. D. Nick-el.

Delta, Delta Co., population 1,100; mercantile buildings, brick, 1 and 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; 400 ft good cotton hose; total membership 35, volunteers; bell alarm; 1 hose company. Chief engineer, I. M. McMurray.

WATER SUPPLY—Source, Gunnison river; system, pump to tank; cap of tank 65,000 gals; pumping engines, dy cap 32,000 gals; 17 hydrants; pipe 3 miles, 5 to 3 in dia; 5 valves; pressure, domestic 65 pounds, fire 65; works owned by city; cost to construct \$15,000; ann expenses \$600. Supt, Geo. W. Smith.

Denver, Arapahoe Co., population 160,000; fire area 16,800 acres; mercantile buildings, stone and brick, 1 to 10 stories; private, stone and brick, 1 to 5 stories; wooden roofs not permitted; fireworks ordinance; cause of fire investigated. Fire department—7 steam fire engines, 2 chemical engines on wheels, 21 chemical extinguishers, 3 hook and ladder trucks, 2 aerial trucks, 13 hose wagons, 1 water tower; hose, cotton good 6,800 ft, inferior 1,000 ft, rubber good 3,500 ft, inferior 500 ft, linen good 350 ft; 74 horses, value \$18,200; value of fire department equipment \$184,920; value of buildings occupied \$198,000; total ann expenses of department \$160,000; total membership 116, paid full time; Gamewell alarm; street boxes 130. Chief engineer, Julius Pearse.

WATER SUPPLY—Source, Platte river and Cherry creek, 10 miles east of city; system, gravity and pumping direct; cap 20,000,000 gals; Holly pumping engines, dy cap 28,000,000 gals; hydrants 1,575, Holly; pipe 300 miles, 6 to 36 in dia, various; 1,800 valves, various; 108 meters, various; quality of water good; pressure, domestic 115, fire 100 pounds; Bristol pressure recording gauge; works owned by company. Receiver, Dennis Sullivan; supt, David G. Thomas.

Durango, La Plata Co., population 6,500; fire area about 300 acres; mercantile buildings, brick, 2, 3 and 4 stories; private, brick and wood, 1 and 2 stories; wooden roofs are permitted except in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 chemical engines on wheels, 1 hook and ladder truck, 4 hose carriages, all kinds, 1 hose wagon; hose, cotton good 4,000 ft; 2 horses, value \$350; value of fire department equipment \$6,500; value of buildings occupied \$8,000; paid full time 4, paid part time 5; volunteer members 115; electric fire alarm; 8 street boxes. Chief engineer, Geo. Goodman.

WATER SUPPLY—Source, Amonas river; system, pumping to reservoir; reservoir cap 2,500,000 gals; standpipe cap 400,000 gals; pumping engines, dy cap 1,300,000 gals; hydrants 55; pipe 12 miles, 4 to 10 in dia; 40 valves; pressure 165 pounds; waterworks owned by city. Supt, W. S. Dar-row.

Empire, Clear Creek Co., population 134; mercantile buildings, wood, 1 and 2 stories. Fire department—1 hook and ladder truck; value of fire department equipment \$600; total membership 25. Chief engineer, Wm. Moore.*

WATER SUPPLY—Source, wells.*

Evans, Weld Co., population 350; fire area 160 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 1½ stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of equipment \$475; value of building occupied \$200; bell alarm; all volunteers. Chief engineer, Geo. H. Young.

WATER SUPPLY—Source, artesian well 1,200 ft deep, flowing and pumping by wind mill; reservoir cap 700 to 800 gals; ann expenses \$800; cost to construct \$2,500. Supt, Geo. Delbert.

Fairplay, Park Co., population 301; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories. Fire department—1 hose carriage and several ladders; hose, cotton good 1,200 ft, rubber 500 ft; membership 25, volunteers; bell alarm. Chief engineer, J. C. Cohen.

WATER SUPPLY—Source, spring one mile from reservoir; system, gravity; reservoir cap 500,000 gals; hydrants 13; 60 taps; pipe 2½ miles, 6 to 3 in dia; 9 valves; quality of water good; pressure, domestic 80, fire same; waterworks owned by city;

cost to construct \$10,000; ann expenses \$1,000; int on bonds \$280. Supt, W. G. Smith.*

Fort Collins, Larimer Co., population 3,000; fire area 1 by 1 1-4 miles; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and stone, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages (2 at col-lege); hose, cotton good 2,500 ft, inferior 500 ft; value of fire department equipment \$2,000; value of buildings occupied \$8,000; total ann expenses of department \$500; total membership 50, volunteer members; bell alarm; 1 hook and ladder company, 4 hose companies. Chairman of fire and water com., L. Giddings; chief, Herman H. Schroder.

WATER SUPPLY—Source, river; system, pumping direct; pumping engines, dy cap 3,000,000 gals; hydrants 50; pipe 13 miles, 3 to 10 in dia; 29 valves; service pipe, galv iron; pressure, domestic 60, fire 150 pounds; waterworks owned by city; original cost to construct \$105,000; ann expenses \$1,800; int on bonds 7 and 8 per cent. Supt, C. B. Ros-now.*

Georgetown, Clear Creek Co., population 2,800; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and lad-der truck, 4 hose carriages; hose, cotton good 1,100 ft, rubber good 2,800 ft; value of fire department equipment \$4,200; value of buildings occupied \$10,000; total ann expenses of department \$1,150; total membership 160; bell alarm; 1 hook and lad-der company, 3 hose companies. Chief engineer, James U. Harris.

WATER SUPPLY—Source, creek; system, gravity; 25 hydrants, Ludlow Beaumont; pipe 4 miles, 3 to 12 in dia; pressure, domestic 45 to 80, fire 120 to 180 pounds; waterworks owned by city; original cost to construct \$27,000; expenses of construction to date \$33,170; ann expenses \$1,000. Supt, Thos. B. Campbell.

Glenwood Springs, Garfield Co., population 920; fire area 4 blocks; mercantile buildings, brick, principally 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, linen good 2,000 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,000; total membership 75, volunteers; bell alarm. Chief engineer, W. H. Spear.

WATER SUPPLY—Creek, 3 miles from town; sys-tem, gravity; 25 hydrants; pipe 11 miles, 24 to 4 in dia; pressure, domestic 40 to 90, fire 80 pounds; works owned by company; cost to construct \$85,000; expenses to date \$165,000. Mangr, M. W. Mather.

Golden, Jefferson Co., population 3,500; fire area 320 acres; mercantile buildings, brick, 3 stories; private, brick, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and lad-der truck, 2 hose carriages; other appara 1,100 ft, tua, 2 Babcock extinguishers; hose, rubber good cotton good 700 ft; value of fire department equip-ment \$3,000; value of buildings occupied \$3,000; total ann expenses of department \$125; total mem-bership 102; paid full time 2, volunteer members 100. Chief engineer, T. B. Tubbs.

WATER SUPPLY—Source, Clear creek; system, pump direct into mains; pumping engines, dy cap 1,500,000 gals; 31 hydrants; pipe 6 miles, 2 to 8 in dia; 18 valves; pressure, domestic 70, fire 125 pounds; works owned by city; cost to construct \$50,000; ann expenses \$4,000. Supt, J. H. Titus.

Grand Junction, Mesa Co., population 3,000; fire area 98 acres; mercantile buildings, brick and wood, 2 stories; private, brick, 1 story; wooden roofs permitted; fireworks ordinance. Fire de-partment—1 hook and ladder truck, 2 hose car-riages, 1 hose wagon, 2 Holloway extinguishers; hose, rubber good 1,300 ft, inferior 100 ft; value of fire department equipment \$2,500; value of buildings occupied \$5,000; total ann expenses of department \$1,000; total membership 60, volun-teers; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, I. N. Bunting.

WATER SUPPLY—Source, well; system, pump di-rect; stan-pipe cap 60,000 gals; pumping engines, dy cap 1,500,000; 55 hydrants; pipe 6 miles, 4 to 10 in dia; 16 valves; pressure, domestic 60, fire 80 to

100 pounds; works owned by company; cost to construct \$80,000. Supt. N. J. Krusen.

Greeley, Weld Co., population 3,000; fire area 48 acres; mercantile buildings, stone, brick and wood, 1, 2 and 3 stories; private, brick and wood, 1 and 2 stories; roofs, shingles and tin; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,000 ft, inferior 500 ft; 2 horses, value \$400; value of fire department equipment \$8,000; value of building occupied \$3,500; total ann expenses of department \$1,000; total membership 35, volunteers; hand bell alarm. Chief engineer, D. F. Camp.

WATER SUPPLY—Source, well; system, gravity; pumping to standpipe and direct, cap 158,000 gals; Holly pumping engines, dy cap 1,000,000 gals; 46 hydrants; pipe 11 1-4 miles, 4, 6, 8, 10 and 12 in dia, serv pipe lead; pressure, domestic 70, fire 100 pounds; works owned by city; cost to construct \$57,000; ann expenses \$3,000. Supt. M. F. Henderson.

Gunnison, Gunnison Co., population 1,105; mercantile buildings, stone and frame, 1, 2 and 3 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,800 ft; value of fire department equipment \$8,000; total membership 55, all volunteers; 3 hose companies. Chief engineer, Frank E. Dean.*

WATER SUPPLY—Source, Gunnison river; system, pumping to tank; reservoir cap 60,000 gals; standpipe cap 60,000 gals; pumping engines, dy cap 1,500,000 gals; 52 hydrants; pipe 3 1-2 miles, 6 to 12 in dia; pipe lead and galv iron; pressure, domestic 85, fire 125 pounds; waterworks owned by company; original cost to construct \$45,000; ann expenses \$3,500. Supt. D. J. McCann.

Highlands, Arapahoe Co., population 7,861; fire area 2 sq miles; mercantile buildings, brick and stone, 2 stories; private, brick and stone, 20 ft; wooden roofs are permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 2 hose carriages, all kinds, other apparatus 1 combination, hose, ladder and chemical wagon; hose, cotton good 1,450 ft, rubber A 1,900 ft; 2 horses, value \$500; value of fire department equipment \$6,000; value of buildings occupied \$8,000; total ann expenses of department \$5,800; total membership 45, paid full time 5, volunteer members 40; Gamewell alarm; no. of street boxes 14. Chief engineer, Daniel J. Sadlier. Steamer and hook and ladder to be added.

WATER SUPPLY—Source, Cherry creek and Platte river; system, pumping direct and to reservoir; reservoir cap 2,000,000 gals; standpipe cap 90,000 gals; pumping engines, dy cap 20,000,000 gals; 226 hydrants; pipe 37 miles, 14 to 4 in dia; 220 valves; pressure 60 pounds; Edison pressure recording gauge; works owned by company; cost to construct \$400,000; ann expenses \$12,000; Int on bonds \$5,300. Supt. Robert H. Porter.*

Holyoke, Phillips Co., population 649; mercantile buildings, wood, 1 and 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hose carriages, 3 100-ft ladders; hose, cotton good 1,500 ft; value of fire department equipment \$1,200; value of building occupied \$250; total membership 20, volunteers; bell alarm; 1 street box; 2 hose companies. Chief engineer, G. W. Garland.*

WATER SUPPLY—Source, well 1 mile from city; tank cap 52,000 gals; standpipe cap 65,000 gals; 16 hydrants; 20 valves; pressure, domestic 40, fire 175 pounds; waterworks owned by company. Supt. W. C. Powers.*

Idaho Springs, Clear Creek Co., population 1,800; mercantile buildings, brick, 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,500 ft, cotton good 200 ft; value of fire department equipment \$3,500; value of buildings occupied \$2,000; total ann expenses of department \$500; total membership 75, paid part time, volunteer; bell, whistle and electric alarm; street boxes 6; total no fire companies 3, 1 hook and ladder company, 2 hose companies. Chief engineer, W. L. Bush.

WATER SUPPLY—Source, mountain creeks; system, gravity; 2 reservoirs, cap 1,500,000 gals; 24

hydrants; pipe 3 miles, 4 to 10 in dia; 12 Eddy gates; quality of water pure; pressure 80 to 120 pounds; cost to construct \$25,000; ann expenses \$1,500. Supt. H. O. Walker.

Juliesburg, Sedgwick Co., population 700; fire area 20 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck; hose, rubber good 200 ft, inferior 100 ft; value of fire department equipment \$300; value of buildings occupied \$200; total membership 20, volunteer. Chief engineer, E. H. Steavens.

WATER SUPPLY—Source, wells, 16 to 30 ft deep.

LaJunta, Otero Co., population 5,000; fire area 640 acres; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—12 chemical extinguishers, 4 hose carriages, 1 hose wagon, 1 hook and ladder truck; hose, cotton good 1,700 ft, rubber good 500 ft, inferior 50 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,500; total membership 25, 1 paid full time, 24 paid part time; bell alarm. Chief engineer, C. W. Wonderly.

WATER SUPPLY—Source, wells; system, pump to reservoir tank, cap 50,000 gals; pumping engines, dy cap 1,000,000 gals; 15 hydrants; pipe 3 3-4 miles, 3, 4, 6 and 8 in dia; 12 valves, Ludlow; quality of water good; pressure, domestic 40, fire 100 pounds; works owned by the LaJunta Water Co.; cost to construct \$35,000; ann expenses \$3,000. Supt. W. A. Drake, of Pueblo, Col.*

Lake City, Hinsdale Co., population 607; fire area 4 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—15 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft, inferior 100 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; membership 80, volunteers; bell alarm. Chief engineer, J. W. Edgerton.*

WATER SUPPLY—Source, Gunnison river, 1 mile distant; system, gravity; 17 hydrants; pipe 1 mile, 10 to 4 in dia; 11 valves; pressure, domestic 42, fire 48 pounds; service pipe 3-4 in galv iron; works owned by city; cost to construct \$19,500; ann expenses \$400. Supt. F. H. Thompson.

Lamar, Bent Co., population 569; mercantile buildings, brick and wood, 1 and 2 stories. Fire department—1 hook and ladder truck, 1 hose carriage; alarm couplings used; hose, rubber good 600 ft; value of fire department equipment \$2,000; total membership 35; bell alarm. Chief engineer, Fred Schmidt.*

WATER SUPPLY—Source, wells; system, pumping to tank and direct; cap 75,000 gals, Knowles; 64 hydrants; pipe 4 miles, 4 in dia; pressure 60 pounds; worked owned by city; cost to construct \$28,000; ann expenses \$700. Supt. Frank J. Holmes.

Las Animas, Bent Co., population 1,000; fire area 4 miles; mercantile buildings, brick and wood, 18 to 30 ft; private, wood, 12 to 20 ft; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 600 ft, 100 ft poor; total membership 35, volunteers; 2 fire companies, 1 hook and ladder company, 1 hose company; bell alarm. Chief, Tom Marshall.*

WATER SUPPLY—Source, well; system, pumping to tank and direct; standpipe cap 92,000 gals; pumping engines, dy cap 1,500,000 gals; 32 hydrants; pipe 3 miles, 4 to 8 in dia; 38 valves; pressure, domestic 18, fire 160 pounds; waterworks owned by city; original cost to construct \$30,000; expenses of construction to date \$40,000; ann expenses \$2,000. Supt. Tom Harvey.

Leadville, Lake Co., population 12,000; fire area 1 1-2 sq miles; mercantile buildings, brick and wood, 1 to 4 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck 3 hose carriages, all kinds; other apparatus, 1 hand hose cart; hose, cotton good 5,000 ft; 5 horses, value \$1,550; value of fire department equipment \$24,000; value of buildings occupied \$10,000; total ann expenses of department \$15,000; total mem-

bership 11, paid full time; Gamewell alarm; street boxes 14; 1 hook and ladder company, 3 hose companies. Chief engineer, Chas. E. Goodfriend.

WATER SUPPLY—Source, mountain streams; system, gravity and pump to reservoir: cap 10,000,000 gals; pumping engines, dy cap, 1,000,000 gals; 135 hydrants; pipe 15 miles, 4 to 20 in dia; pressure, domestic 80, fire 150 pounds; cost to construct \$300,000; int on bonds 8 per cent. Supt, C. N. Priddy.*

Littleton, Arapahoe Co., population 1,000; fire area 500 acres; mercantile buildings, brick, 1 story; private, wood, 1 story; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$800; value of buildings occupied \$1,000; total ann expenses of department \$350; total membership 30, volunteers; electric bell alarm; 3 street boxes; 1 hose company. Chief engineer, R. W. Candler.

WATER SUPPLY—Source, artesian wells; system, pumping direct to main; reservoir cap 95,000 gals; pumping engines, dy cap 300 gals per min; 22 hydrants, Holly; pipe 8,000 ft, 8 to 5 in dia; service pipe iron and lead; pressure, domestic 60, fire 200 pounds; waterworks owned by company; original cost to construct \$12,000; expenses of construction to date \$15,000; ann expenses \$1,200. Supt, E. L. Chatfield.

Longmont, Boulder Co., population 1,543; fire area 20 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,500 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,800; total ann expenses of department \$60; total membership 60, all volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, W. H. A. Tiffany.*

WATER SUPPLY—Source, St. Vrain river; system, gravity; reservoir cap 500,000 gals; 38 hydrants; pipe 23 miles, 3 to 8 in dia; service pipe wrought iron; pressure, domestic 54, fire 54 to 125 pounds; waterworks owned by city; original cost to construct \$70,000; expenses of construction to date \$83,000; ann expenses \$1,000. Supt, Geo. W. Brown.

Loveland, Larimer Co., population 1,200; fire area 200 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, brick and wood, 1 story; fireworks ordinance. Fire department—1 hose carriage, 1 supply wagon; hose, rubber good 2,000 ft; value of fire department equipment \$1,000; value of buildings \$800; ann expenses \$300; total membership 35, all volunteers; bell alarm. Chief engineer, H. G. Shallenberger.

WATER SUPPLY—Source, Big Thompson river; system, gravity; 13 hydrants; pipe 13 miles, 2 to 6 in dia; 18 valves; quality of water good; pressure, domestic 80, fire 110 pounds; waterworks owned by city; cost to construct \$41,000; ann expenses \$300. Supt, R. L. Beeson.

Manitou Springs, El Paso Co., population 1,439; fire area 2 by 1-2 miles; mercantile buildings, stone and brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft, 100 ft poor; value of fire department equipment \$2,500; value of buildings occupied \$5,000; total expenses of department \$400; total membership 45, volunteers; bell alarm; 4 street boxes, Loomis. Fire marshal, E. P. Creighton.

WATER SUPPLY—Source, French creek; system, gravity; reservoir cap 1,500,000 gals; 33 hydrants, pipe 12 miles, 3 to 10 in dia; 50 valves; pressure 35 pounds; waterworks owned by the city; cost to construct \$70,000; ann expenses \$4,500; int on bonds 6 per cent. Supt, C. M. Elerick.

Monte Vista, Rio Grande Co., population 1,500; mercantile buildings, wood and stone, 1 and 2 stories; private, wood and stone, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance in limits; causes of fire investigated. Fire department—20 chemical extinguishers, 1 hook and ladder truck; other apparatus, buckets and ladders.*

WATER SUPPLY—Source, wells and tank. Mayor, W. J. Clark.*

Montrose, Montrose Co., population 2,000; fire area 65 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, linen good 1,000 ft; value of fire department equipment \$2,500; value of buildings occupied \$500; total ann expenses of department \$250; total membership 25, paid part time, 2 volunteer members 23; telephone and bell alarm; total no of fire companies 1. Chief engineer, A. F. Reeves.*

WATER SUPPLY—Source, river; system, pumping direct; pumping engines, 15 hydrants; pipe 3 miles, 4 to 8 in dia; service pipe, black iron; pressure 100 to 110 pounds; waterworks owned by city; original cost to construct \$22,000; expenses of construction to date \$26,000; ann expenses \$3,000. Supt, H. E. Mathews.

Morrison, Jefferson Co., population 254; mercantile buildings, wood and stone, 1 story; wooden roofs permitted.*

WATER SUPPLY—Source, Beer creek; system, gravity; reservoir 20 ft sq 9 ft deep; 5 hydrants; pipe 1 mile, 3 to 7 in dia; 5 valves; pressure 85 ft gravity; waterworks owned by company; original cost to construct \$3,500; expenses of construction to date \$4,000; ann expenses \$150. Supt, James Abbo.

Newcastle, Garfield Co., population 1,000; fire area 120 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hose carriages; hose, cotton good 400 ft, inferior 500 ft; value of fire department equipment \$1,000; value of buildings occupied \$1,000; total membership 35, volunteers; bell alarm. Chief engineer, B. A. Mitchell.

WATER SUPPLY—Source, East Fork of Elk creek; system, gravity; pipe 4 miles; 12 hydrants; pressure, domestic 60, fire 110 pounds; cost to construct \$10,500; cost to date about \$20,000; ann expenses \$500. Supt, Peter Schmiders.

Ouray, Ouray Co., population 2,600; fire area 6 blocks; mercantile buildings, brick, wood, stone, and iron, 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,000 ft, inferior 1,200 ft, rubber good 500 ft; value of fire department equipment \$3,500; total ann expenses of department \$600; total membership 65, volunteers; bell alarm; 2 engine companies, 1 hook and ladder company, 1 hose company. Chief engineer, C. W. Haskins.

WATER SUPPLY—Source, spring 4 miles from town; system, gravity; reservoir cap 1,000,000 gals; 23 hydrants; pipe 7½ miles, 3 to 12 in dia; 28 valves; pressure, domestic 70, fire 120 pounds; waterworks owned by city; original cost to construct \$33,000; expenses of construction to date \$35,000; ann expenses \$2,000. Supt, W. D. Mowser.

Palmer Lake, El Paso Co., population 306; fire area 6 acres; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; bucket brigade.*

WATER SUPPLY—Source, Monument creek; system, gravity; 6 hydrants; pipe 3 miles, 3 and 4 in dia. Wreckoff; cost to construct \$7,000; ann expenses \$60. Supt, W. Hughes.*

Pueblo, Pueblo Co., population, 35,000; fire area 94 sq miles; mercantile buildings, stone and brick, 3 to 6 stories; private, brick, stone and wood, 2 stories; wooden roofs are not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 7 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 3 hose carriages, all kinds, 1 supply wagon, other apparatus, 4 hose reels outside district; hose, cotton good 5,850 ft, rubber good 2,150 ft; 15 horses, value \$4,000; value of fire department equipment \$30,000; value of buildings occupied \$40,000; total ann expenses of department \$30,000; total membership 23, paid full time; Gamewell alarm; no of boxes 41, city 5 private. Chief engineer, Geo. W. Hook.

WATER SUPPLY—Source, Arkansas river, 4 miles west of city; system, gravity; reservoir cap 2,621,100 gals; pumping engine, dy cap 11,000,000 gals; 304 hydrants; pipe 42 miles, 4 to 24 in dia; 210 valves; pressure, domestic 90, fire 120 pounds; waterworks owned by taxpayers north of Arkan-

sas river, controlled by 8 aldermen as trustees; original cost to construct \$496,324; ann. expenses \$30,000. Supt. James E. Douglas.

Rico, DeClore Co., population 1,134; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance.*

WATER SUPPLY—Source, Silver creek; system, gravity; reservoir cap 30,000 gals; 8 hydrants; Galvin; pipe 1 mile, 4 in dia, Colorado Iron Works; 8 valves; pressure 65 pounds; waterworks owned by city; original cost to construct \$5,000; ann. expenses \$1,000; int paid on bonds \$400 annually. Supt. T. J. Lewis.

Rocky Ford, Otero Co., population 800; fire fire area 200 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted, but tin mostly used; fireworks ordinance. Fire department—1 hose carriage; hose, rubber good 50 ft, cotton good 300 ft; value of fire department equipment \$700; value of buildings occupied \$100; total ann. expenses of department \$125; total membership 16, volunteers Chief engineer, Chas. Staples.

WATER SUPPLY—Source, Arkansas river; system, gravity, with reservoir; cap of reservoirs 5,150,000 gals; 7 hydrants; L. M. Rumsey & Co.; pipe 1 mile, 6 to 4 in dia; 2 valves, Ludlow; 48 taps; 1 to 2 in galv iron service pipes, filtered through brick; pressure for fire purposes 80 pounds; works owned by city; cost to construct \$7,000; expenses to date \$9,500; ann. expenses \$100; int paid on bonds \$480. Supt. Dan Scott.

Salida, Chaffee Co., population 2,586; mercantile buildings, brick, 1 and 2 stories; private, same. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 5,390 ft, inferior 1,000 ft; value of fire department equipment \$1,300; total ann. expenses of department \$1,000; total membership 70, volunteers; bell alarm. Chief, Frank Churchill.

WATER SUPPLY—Source, springs 2½ miles from town; system, gravity; reservoir cap 75 ft, 200 ft by 8 ft deep; 34 hydrants; pipe 8½ miles, 4 to 12 in dia; 28 valves; service pipe galv iron and lead 3-4 in dia; pressure, fire 80 to 100 pounds; waterworks owned by city; original cost to construct \$71,000; expenses of construction to date \$1,000; ann. expenses \$800. Supt. H. W. Hauser.

Silver Cliff, Custer Co., population 546; fire area 80 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 story. Fire department—5 chemical extinguishers, 1 chemical engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,500 ft; value of buildings occupied \$1,000; membership 43, volunteers; bell alarm. Chief engineer, Jno. A. Feist.

WATER SUPPLY—Source, springs; system, pump to reservoir and direct pumping engines, dy cap 1,000,000 gals; 27 hydrants; pipe 8 miles, 8 to 12 in dia; pressure 90 pounds; waterworks owned by company; cost to construct \$75,000; ann. expenses \$600. Supt. H. W. Foss.

Silverton, San Juan Co., population 1,154; mercantile buildings, brick, stone and wood, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,800 ft, inferior 200 ft; value of fire department equipment \$3,000; value of buildings occupied \$3,200; total ann. expenses of department \$250; total membership 60, volunteers; bell and electric alarm connected with steam whistle; 1 box. Chief engineer, Joseph Bordeleau.

WATER SUPPLY—Source, Boulder creek; system, gravity; reservoir cap 3,000,000 gals; 15 hydrants; pipe 6 miles; 30 valves; pressure, domestic 80, fire

85 pounds; waterworks owned by company; cost to construct \$40,000; cost to date 48,000; ann. expenses \$2,800. Supt. W. W. Reese.

Sterling, Logan Co., population 540; mercantile buildings, wood, 1 story; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck.*

WATER SUPPLY—Source, private wells and cisterns.*

Telluride, San Miguel Co., population about 2,000; fire area 200 acres; mercantile buildings, wood, brick and stone, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, 500 ft poor; value of fire department equipment \$2,500; value of building occupied \$3,500; expenses for past year \$150; total membership 32, volunteers; bell alarm. Foreman, W. A. Taylor.

WATER SUPPLY—Source, creek; system, gravity; reservoir cap 140,000 gals; 8 hydrants; pipe 3,000 ft; pressure 160 pounds; cost to construct \$20,000; int paid on bonds 8 per cent. Town clerk, C. S. Watson.

Trinidad, Las Animas Co., population 7,500; fire area 1,000 acres; mercantile buildings, brick and stone, 2 to 5 stories; private, brick and wood, 1 to 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 1,000 ft, rubber good 1,500 ft, inferior 150 ft; 2 hors s, value \$200; value of fire department equipment \$4,350; value of buildings occupied \$6,000; total ann. expenses of department \$5,000; total membership 10, paid full time 5 paid part time 5; telephone and box alarm; 18 street boxes. Chief engineer, L. H. Roberts.

WATER SUPPLY—Source, mountain streams, 12 miles above city; system, gravity, pumping to reservoir; reservoirs cap 36,000,000 gals; pumping engines, dy cap 2,000,000 gals; 132 hydrants; pipe 20 miles, 1 to 16 in dia; 32 valves; pressure 90 to 140 pounds; works owned by company; cost to Jan. 1, 1892, \$274,571.54; int on bonds 6 per cent. Supt. W. B. Cunningham.

Walsenburg, Huerfano Co., population 1,283; fire area 100 acres; mercantile buildings, brick, stone and wood, 1 and 2 stories; private, wood, 1 story. Fire department—1 hose carriage; hose, cotton good 500 ft, inferior 50 ft; 130 ft extension ladders; value of buildings occupied \$100; total membership 34, volunteers; bell alarm; 1 hose company. Chief engineer, W. D. Matthews.

WATER SUPPLY—Source, Lake Mead, 3 miles west; system, gravity; 14 hydrants, Ludlow; pipe 6 miles; pressure 80 pounds; waterworks owned by company; original cost to construct \$50,000. Owner, W. N. Cole, Jr. of N. Y.

Yuma, Yuma Co., population 851; mercantile buildings, brick and wood, 1 and 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs are permitted; fireworks or finance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 aerial truck, 1 hose carriage; hose, linen good 800 ft; value of fire department equipment \$500; value of buildings occupied \$80; total ann. expenses of department \$50; total membership 50, paid part time 10, volunteer members 40; bell alarm. Foreman, P. H. Shea.

WATER SUPPLY—Source, well 200 ft deep; system, pumping to reservoir; reservoir cap 120,000 gals; standpipe cap 10,000 gals; pipe 4,000 ft, 6 in dia; 10 hydrants; quality of water good; pressure, domestic 70, fire 150 pounds; works owned by city; cost to construct \$10,000; ann. expenses \$1,500. Town clerk, L. B. Masser.

CONNECTICUT.

Ansonia, New Haven Co., population 11,000. Fire department—1 hook and ladder truck, 7 hose carriages; hose, cotton good 5,000 ft, linen good 500 ft, leather good 500 ft; 100 volunteer members; Game well alarm. Chief engineer, W. O. Wallace.

WATER SUPPLY—Fountain Water Co. source, springs; system, gravity; reservoir cap 3,000,000 gals; hydrants 37; pipe 15 miles, 4 to 8 in dia; 40 valves; pressure 95 to 55 pounds; waterworks owned by company. Supt. I. A. Fisk.

Avon, Hartford Co., population 1,200; mer

cantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fire works ordinance; cause of fire investigated. No fire department.

WATER SUPPLY—Source, wells.

Baltic, New London Co., population 3,300; mercantile buildings, wood, 1 to 3 stories. Fire department—1 steam fire engine, 1 hose carriage; hose, rubber good 2,800 ft; value of fire department equipment \$4,200; total ann. expenses of department \$450; total membership 50, all volun-

teers; bell alarm. Chief engineer, Wm. D. Nolan. *
WATER SUPPLY—Source, reservoir 100x300 and 10 ft deep; 1-2 mile from village; system, gravity; hydrants 3; pipe 1 mile, 8 in dia; 4 valves; quality of water good; cost to construct \$1,500; ann expenses \$25; works owned by company. Pres and supt, Nathan R. Gardner; selectman, Thomas H. Allen.

Barkhamsted, Litchfield Co., population 1,100; mercantile buildings, 1½ and 2 stories; private, wood; wooden roofs are permitted; no fireworks ordinance. No fire department.

WATER SUPPLY—Source, wells and springs.

Bethel, Fairfield Co., population 3,401; fire area 5 miles; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 7 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 steam engine; hose, cotton good 400 ft, rubber good 400 ft; value of fire department equipment \$11,000; value of buildings occupied \$3,900; total ann expenses of department \$300; total membership 120, all volunteers. Chief engineer, Chas. H. Hart. *

WATER SUPPLY—Source, springs and surface water; system, gravity; hydrants 6; pipe 11.1-2 miles, 12 in dia; service pipe 1½ in dia; pressure 70 pounds; waterworks owned by Borough; original cost to construct \$25,000; expenses of construction to date \$38,000. Secty, A. W. Twiss.

Branford, New Haven Co., population 4,460; mercantile buildings, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—2 chemical engines on wheels; whistle and bell alarm. Town clerk, Walter Foote.

WATER SUPPLY—Wells and cisterns. Water Co. formed, may commence this year.

Bridgeport, Fairfield Co., population 48,866; fire area 10 acres; mercantile buildings, brick; stone and iron, 4 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—5 steam fire engines, 9 chemical extinguishers, 2 hook and ladder trucks, 8 hose carriages; new steamer and hook and ladder truck have been ordered; hose, cotton good 14,000 ft; 20 horses; value of fire department equipment \$162,500; value of buildings occupied \$75,100; total ann expenses of department \$60,000; total membership 79, paid full time 17, paid part time 62; Gamewell fire alarm; street boxes 93. Chief engineer, F. P. Beardslee.

WATER SUPPLY—Source, Oxand Island brook, Pequonnock and Mill river; system, gravity, pump to reservoir; cap 2,200,000 gals; pumping engines; dy cap. 14,000,000 gals; hydrants 250; pipe 75 miles, 4 to 30 in dia; pressure, domestic 25 to 50 pounds; works owned by company. Pres, Chas. Sherwood; supt, Geo. Richardson.

Bristol, Hartford Co., population 7,540; fire area 3,840 acres; mercantile buildings, brick and wood, 3 and 4 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 4,750 ft, inferior 200 ft, 5,300 ft not described; 2 horses; value of fire department equipment \$97,500; value of buildings occupied \$8,000; total ann expenses of department \$2,000; total membership 131, paid part time 3; whistles and bells alarm; 2 engine companies, 1 hook and ladder company, 2 hose companies. Chief engineer, Howard Arms.

WATER SUPPLY—Source, Green Meadow brook, and Pollard river; system, gravity; 2 reservoirs, one of 55,000,000 gals, and another 98,000,000 gals; hydrants 62; pipe 18 miles, 12 to 1 in dia; 16 meters; pressure 60 to 130 pounds; cost to construct \$135,000. Supt, T. H. Kelms. *

Canaan, Litchfield Co., population 1,600; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hose carriage; hose, cotton good 500 ft; value of buildings occupied \$300; bell alarm.

WATER SUPPLY—Source, springs; system, gravity; 1 reservoir; pipe 5 miles, 6 to 1 in dia; hydrants 8; valves 6; quality of water pure; pressure, fire 95 pounds; works owned by company; cost to construct \$5,000; cost to date \$10,000. Supt, B. A. Bennett.

Chatham, Middlesex Co., population 1,967; mercantile buildings, wood, 2 stories; private

wood, 2 stories; wooden roofs are permitted. No fire department.

WATER SUPPLY—Source, wells and ponds.

Chester, Middlesex Co., population 1,300; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—Bucket brigade.

WATER SUPPLY—No waterworks.

Clinton, Middlesex Co., population 1,400; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—buckets and ladders.

WATER SUPPLY—Source, wells, cisterns and river.

Colchester Borough, New London Co., population 2,874; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage. Chief Geo. B. Avery

WATER SUPPLY—Source, 6 cisterns.

Collinsville, Hartford Co., population 2,376; fire area 2 square miles; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; no fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 4 hose carriages, 6 large rotary force pumps, 1 ladder truck, 4 ladders, 150 ft extension ladder; hose, rubber good 2,000 ft, cotton 400 ft; value of fire department \$3,000; value of buildings occupied \$500; total membership 26; bell alarm. Chief, Wm. Hill.

WATER SUPPLY—Source, springs, river, 2 cisterns; system, gravity; cisterns cap 6,000 gals each; 6 rotary force pumps, cap 300 gals each per min; hydrants 4, Chapman; waterworks owned by company. City civil engineer, Wm. Hill.

Danbury, Fairfield Co., population 20,000; fire area 10,000 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs not permitted inside fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages, all kinds, 2 hose wagons, 2 jumpers; hose, cotton good 7,000 ft, inferior 1,300 ft; 7 horses, value \$2,200; value of fire department equipment \$157,500; value of buildings occupied \$28,000; total ann expenses of department \$24,000; total membership 215, paid full time 6, paid part time 34, volunteer members 175; Gamewell alarm; street boxes 29. Chief engineer, F. A. Lounsbury.

WATER SUPPLY—Source, surface water; system, gravity; 4 reservoirs, cap 800,000,000 gals; hydrants 339; pipe 60 miles, 8 to 16 in dia; 332 valves; pressure 70 to 80 pounds; works owned by city; cost to construct \$200,000; ann expenses \$25,000. Supt, Chas. B. Mason.

Danversville, Windham Co., population not given; fire area 800 acres; mercantile buildings, wood and brick, 2 and 2½ stories; private, 1½ to 2½ stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose, rubber lined, cotton good 2,300 ft; value of fire department equipment \$6,000; value of buildings occupied \$3,000; total ann expenses of department \$500; total membership 60, paid by year; whistle alarm; 4 fire companies, 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, Chas. N. Capron.

WATER SUPPLY—Source, springs; system, gravity; 31 hydrants; pipe 11 miles, 12 to 4 in dia; 3 meters; pressure, domestic 57, fire 76 pounds. Pres of com, T. E. Hopkins; supt, Geo. C. Keach. *

Derby, New Haven Co., population 7,500; fire area 1,000 acres; mercantile buildings, wood and brick, 3 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—20 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 2,500 ft, inferior 800 ft, rubber inferior 250 ft; value of fire department equipment \$7,000; value of buildings occupied \$6,000; total annual expenses of department \$1,000; total membership 160, volunteers. Chief engineer, Bernard J. Mo-Manus.

WATER SUPPLY—Source, spring and surface water; system, gravity; hydrants 62; pipe 8 miles, 12 to 4; pressure 60 to 112 pounds; works owned by company; int. on bonds 5 per cent. Supt, and agt, Chas. H. Nettleton.

East Hartford, Hartford Co., population 5,500; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—3 hose carriages, all kinds; total no of fire companies 3. Chairman of fire and water com. E. O. Goodwin.*

WATER SUPPLY—Source, brook; system, gravity; reservoir cap 5,000,000 gals; hydrants 45; pipe 17 miles, 4 to 16 in dia; valves: pressure 80 pounds; waterworks owned by East Hartford Water Co.; original cost to construct \$150,000. Supt, A. P. Moore.*

East Haven, New Haven Co., population 1,100; mercantile buildings, wood, 2½ stories; private, wood, 2½ stories; wooden roofs are permitted. Fire department—1 hose carriage; hose, cotton good 750 ft. Chief engineer, Isaac Haggaman.

WATER SUPPLY—Source, Saltonstall lake; system, pump direct and to reservoir, cap 7,000,000 gals; pumping engines, dy cap 6,000,000 gals; quality of water good; pressure 30 to 35 lbs; waterworks owned by company. Supt, B. G. Nickerson.

Ellington, Tolland Co., population 1,539. Fire department not reported.

WATER SUPPLY—Source, spring; system, gravity; pipe iron and lead 1½ miles, 2 to 12 in dia. Tucker; taps 30; pressure 60 to 75 pounds; waterworks owned by F.M. Charter.

Essex, Middlesex Co., population 2,100; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 500 ft, inferior 100 ft; value of fire department equipment \$1,500; value of buildings occupied \$500; total membership 50, volunteer; church bell alarm. Foreman, A. S. Comstock.

WATER SUPPLY—Source, wells, cisterns, ponds and Connecticut river.

Fair Haven, New Haven Co., population 2,000; fire area 1,500 acres; mercantile buildings, wood, 2 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, Baker fair 500 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,500; total membership 65, all volunteer; bell alarm. Chief engineer, D. B. Connell.

WATER SUPPLY—Source, from New Haven Water Co.; hydrants 15.

Farmington, Hartford Co., population 3,275; fire area 75 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 850 ft; value of fire department equipment \$950; value of buildings occupied \$2,000; total annual expenses of department \$400; total membership 48, volunteers. Chief engineer, Wm. H. Brownson.

WATER SUPPLY—Source, springs and watershed; system, gravity; reservoir cap 38,000,000 gals; hydrants 5; pipe 36 miles; pressure, domestic 58, fire 58 pounds; waterworks owned by individual; cost to construct \$11,300. Prop and supt, A. R. Wadsworth.

Forestville, Hartford Co., population 1,500; mercantile buildings, wood, 2 stories; private, wood, 2½ stories; wooden roofs not permitted. Fire department—1 steam fire engine, 20 chemical extinguishers, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$5,000; ann expenses \$1,000; total membership 52, all volunteers; bell and whistle alarm. Chief, I. N. Beach.

WATER SUPPLY—Waterworks, private property, decline to report. A. Taplin, owner.

Glastonbury, Hartford Co., population 3,457; fire department not reported.

WATER SUPPLY—Source, Lilly pond; system, gravity; pipe 14 miles, 6 to 14 in dia; pressure, fire 100 pounds; waterworks owned by company, Supt, A. P. Moore.*

Granby, Hartford Co., population 1,200; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fire-

works ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Source, Blissell brook; system, pumping to tank; reservoir cap 80 bbls; pumping engines, cap 80 gals per min; pipe 1½ miles laid, 3 in dia; waterworks owned by company; cost to construct \$4,000; annual expenses \$100. Supt, D. P. Cooley.

Greenwich, Fairfield Co., population 10,131; mercantile buildings, brick and wood, 2 to 4 stories; private, wood, 2 and 3 stories. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 force pump on truck; 2 horses; value of buildings occupied \$7,000; hose, rubber new 1,500, cotton fair 650 ft; total membership 87, all volunteers; bell alarm. Chief engineer, A. M. Gale.

WATER SUPPLY—Source, Putnam lake; system, gravity; tank cap 1,250,000 gals, dy cap 1,300,000 gals; hydrants 40; pipe 26 miles; 6 meters; pressure 50 pounds. Supt, John Dayton.*

Guilford, New Haven Co., population 2,780; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted. Fire department—2 hand engines, 1 hook and ladder truck; hose, cotton good 200 ft, linen good 50 ft, inferior 50 ft, leather 100; volunteer members 73. Chief engineer, Geo. B. Norron.

WATER SUPPLY—Source, private wells and cisterns.*

Hartford, Hartford Co., population 58,000; fire area 11,520 acres; mercantile buildings, brick, 3 to 6 stories; private, brick, 3 and 4 stories; wooden roofs are permitted; fireworks ordinance. Fire department—8 steam fire engines, 13 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 8 hose carriages, all kinds, 4 supply wagons; hose, rubber good 400 ft, cotton good 13,000 ft, fair 7,000 ft; 27 horses; value of fire department equipment \$67,000; value of buildings occupied \$111,500; total ann expenses of department \$65,000; total membership 115, paid full time 31, paid part time 84; Gamewell alarm; street boxes 70. Chief engineer, Henry J. Eaton.

WATER SUPPLY—Source, rain and mountain springs; system, gravity; reservoir cap 1,300,000,000 gals; hydrants 58; pipe 80 miles, 4 to 20 in dia; valves 872; pressure 60 pounds; waterworks owned by city; expenses of construction to date \$2,282,873; ann expenses \$21,970. Supt, Ezra Clarke.

Hebron, Tolland Co., population 1,039; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; cause of fire investigated. No fire department.

WATER SUPPLY—No waterworks.

Huntington, Fairfield Co., population 3,000; mercantile buildings, brick and wood, 3 and 4 stories; private, wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,350 ft; Gamewell telegraph alarm; street boxes 4; total no of fire companies 1, 1 hook and ladder company. Chief engineer, Wm. Mahnea.*

WATER SUPPLY—No waterworks, except at Sheldon which is in the town.

Kent, Litchfield Co., population 300; fire area ¼ M wide x ¼ M long; mercantile buildings, wood, 3 stories; private, wood, 1½ and 2 stories; wooden roofs are permitted; no fireworks ordinance. No fire department; hose, cotton good 500 ft.

WATER SUPPLY—Source, springs and brook; system, gravity; reservoir cap 4,000,000 gals; hydrants 10; pipe 2½ miles, 6 to 12 in dia; pressure, domestic 65, fire 65 pounds; waterworks owned by company; original cost to construct \$15,000; ann expenses \$30. Supt, C. A. Eaton.

Litchfield, Litchfield Co., population 3,400; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs are not permitted; no fireworks ordinance; causes of fire investigated. Fire department—250 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds, 2 hose wagons; hose, rubber good 1,500 ft, inferior 1,500 ft; value of fire department equipment \$2,000; value of buildings occupied \$72,000; total ann expenses of department \$1,400; total membership 69, volunteers; bell alarm. Chief engineer, E. L. Phelps.

WATER SUPPLY—Source, springs, 5 miles north;

system, gravity; reservoir cap 25,000,000 gals; standpipe 30x35 ft; 40 hydrants; pipe 8½ miles, 4 to 8 in dia; pressure, fire 88 pounds; waterworks owned by company; original cost to construct \$65,000; ann expenses \$400. Supt. E. B. Allen.

Manchester, Hartford Co., population 4,000; fire area 1 mile square; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 hose carriages; 800 ft linen hose; value of equipments \$500; volunteers; 8 alarm boxes.

WATER SUPPLY—Source, stream and springs; system, gravity; 3 reservoirs; 48 hydrants, Ludlow Valve Co.; pipe 7½ miles, 12 to 4 in dia, Conn. Pipe Mfg. Co.; 4 meters, National quality of water good; pressure 70 pounds; works owned by private company; cost to construct \$45,000. Supt. Wm. H. Childs.

Meriden, New Haven Co., population 25,000; fire area 112 acres; mercantile buildings, brick, 4 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 6 chemical extinguishers, 1 hook and ladder truck, and 1 in reserve, 2 hose carriages, other apparatus, 1 bumper, and 1 in reserve; hose, cotton good 4,700 ft, inferior 750 ft; 7 horses, value \$2,100; value of fire department equipment \$27,575; value of buildings occupied \$38,500; total ann expenses of department \$24,679.68; total membership 99, paid full time 5, paid part time 74; volunteer members 20; Gamewell electric alarm; street boxes 30; total no. of fire companies 6, no. of engine companies 1, 1 hook and ladder company, 4 hose companies. Chief engineer John Tracy.*

WATER SUPPLY—Source, surface water and springs; system, gravity and pumping to reservoir; 2 reservoirs, cap 550,000,000 gals; pumping engines, 4½ cap 5,300,000 gals; 265 hydrants; pipe 40 miles, 4 to 20 in dia; 20 valves; pressure, domestic 15 to 115, fire 115 pounds; waterworks owned by city; original cost to construct \$388,000; expenses of construction to date \$400,000; ann expenses \$10,000; int paid on bonds \$10,000. Supt. Geo. H. Mider.*

Middletown, Middlesex Co., population 9,013. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 5,000 ft, 3½ in poor, linen poor 200 ft; total membership 125, all volunteers; Gamewell telegraph alarm; 16 street boxes. Chief engineer, F. W. Wiley.*

WATER SUPPLY—Source, surface water, 3 miles S. W. from city; system, gravity; reservoir cap 222,000,000 gals; 130 hydrants; pipe cement and iron 1½ miles, 3 to 12 in dia; 26 valves; pressure 10 to 80 pounds; waterworks owned by city; original cost to construct \$177,000; expenses of construction to date \$29,636; ann expenses \$5,917. Supt. and secy, John C. Brounch.

Milford, New Haven Co., population 3,811; fire area 2 acres; mercantile buildings, 2 stories; private, wood, 2 stories. Fire department—1 hand engine, 3 hose carriages; hose, cotton good 800 ft, 200 ft poor; value of fire department equipment \$3,000; value of buildings occupied \$2,200; total ann expenses of department \$257; total membership 72, volunteers; bell alarm. Chief, Frank L. Burns.

WATER SUPPLY—Source, wells.*

Montville, New London Co., population 2,344; no fire department; buckets and hand fire extinguishers; hose, cotton good 800 ft, rubber good 150 ft; steam whistle and bell alarm.*

WATER SUPPLY—Source, wells and private cisterns. Town clerk, Carl Mathewson.*

Myrtle Fire District, New London Co., population 4,000; fire area 1 square mile; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,700 ft, inferior 300 ft, cotton good 300 ft, inferior 200 ft; value of fire department equipment \$6,500; total ann expenses of department \$2,350; total membership 80, volunteers; bell alarm; total no. of fire companies 2, no. of engine companies 1, 1 hook and ladder company. Chief engineer, John H. Hoxie; chairman of fire and water com, Allen Avery.

WATER SUPPLY—Source, brook at Stonington;

system, pumping to reservoir, cap 2,100,000 gals; 2 steam pumps, 4½ cap 2,000,000 gals; 116 hydrants; pipe 14 miles, 4 to 12 in dia; 141 gates; pressure 75 pounds; int on bonds 5 per cent; works owned by company, cost to construct \$240,000; cost to Jan. 1, 1894 \$23,083; ann expenses \$7,883. Supt. A. G. Watrous.*

Naugatuck, New Haven Co., population 7,000; fire area 1,000 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 4 hose carriages, 2 chemical extinguishers; hose, cotton good 1,500 ft, rubber good 500 ft; value of fire department equipment \$3,000; value of buildings occupied \$6,000, ann expenses for past year \$500; total membership 100, volunteers; whistle alarm. Chief engineer, J. B. Fuller.

WATER SUPPLY—Source, Stratfield brook; system, gravity; reservoir cap 35,000,000 gals; 71 hydrants; pipe 14 miles, 4 to 10 in dia; 1 service pipe, iron; pressure, domestic 110 pounds; waterworks owned by company; original cost to construct \$80,000; expenses of construction to date \$10,000; ann expenses \$1,500. Supt. E. C. Barnum.

New Britain, Hartford Co., population 20,000; mercantile buildings, brick and wood, 1 to 6 stories; private, wood, 1 to 6 stories; wooden roofs not permitted in fire limits; no fireworks ordinance. Fire department—3 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; 7,500 ft good cotton hose; 8 horses, owned by city, hire 7, value \$2,400; total ann expenses of department \$20,000; total membership 75, paid full time 3, Gamewell alarm, 33 street boxes. Chief engineer, John W. Carleton.

WATER SUPPLY—Source, Shuttle Meadow lake, 2 miles west of city; system, gravity; reservoir cap 1,300,000,000 gals; 251 hydrants; pipe 48 miles, 4 to 24 in dia; valves, domestic 60, fire 85 pounds; waterworks owned by city; original cost to construct \$500,000; ann expenses \$18,000. Supt. D. A. Harris.

New Canaan, Fairfield Co., population 3,000; fire area 150 acres; mercantile buildings, wood and brick, 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 900 ft; value of fire department equipment \$2,000; value of buildings occupied \$3,800; total ann expenses of department \$250; total membership 56, all volunteers. Chief engineer, Geo. E. Seelye, Jr.

WATER SUPPLY—Source, wells and cisterns, Five Mile river; system, gravity.

New Haven, New Haven Co., population 90,000; fire area 7,950 acres; mercantile buildings, brick, 4 stories; private, wood, 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—7 steam fire engines, and one in reserve, 20 chemical extinguishers, 3 hook and ladder trucks, and 1 in reserve, 1 aerial truck, 1 hose carriage, 8 hose wagons; other apparatus, 3 supply wagons; hose, cotton good 29,700 ft, inferior 1,500 ft; 40 horses, value \$12,000; value of fire department equipment \$319,600, including buildings; total ann expenses of department \$122,326; total membership 93, paid full time 22 substitutes; Gamewell alarm; street boxes 126; total no. of fire companies 11, no. of engine companies 7, 3 hook and ladder companies, 1 hose company. Chief engineer, Andrew J. Kennedy. (Will add steamer & chemical this year)

WATER SUPPLY—Source, Lake Whitney, Lake Saltonstall, Lake Dawson, Lake Wintergreen and Malloy Lake; system, gravity; pumping to reservoirs, cap 10,000,000 and 7,000,000 gals each; 4½ cap 15,000,000, gravity 13,000,000 gals. Worthington, Farrell and Yale Iron Works; 798 hydrants; pipe 14½ miles, 4 to 27 in dia; pressure 25 to 80 pounds; works owned by company. Supt. R. N. Nickerson.

Newington, Hartford Co., population 1,000; buildings wood and brick, 1 and 2 stories; fire works ordinance; wooden roofs permitted.

WATER SUPPLY—Source, Cedar mountain; system, gravity; standpipe cap 8,000 gals; pipe 3 miles, 3 in dia. Pittsburg; taps 100; service pipe galv iron; filtration, mountain gravel; waterworks owned by company; expenses of construction to date \$5,000; ann expenses \$100. City civil engineer, C. D. Day.

New London, New London Co., population

15,000; fire area 2,000 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 2,500 ft. inferior 2,000 ft; value of fire department equipment \$18,000; value of buildings occupied \$25,000; total ann expenses of department \$5,950; total membership 275, paid part time 8, volunteer members 267; Gamewell alarm; 20 street boxes. Chief engineer, Chas. L. Ockford.

WATER SUPPLY—Source, Lake Konomoc, 6 miles from city; system, gravity and pumping to stand-pipe; reservoir cap 600,000,000 gals; standpipe cap 90,000 gals; 176 hydrants; pipe 40-2-10 miles, 4 to 20 in dia; service pipe lead; pressure 45 to 65 pounds; waterworks owned by city; original cost to construct \$250,000; expenses of construction to date: \$530,134; ann expenses \$30,085.40. Supt, L. E. Daboll.

New Milford, Litchfield Co., population 4,000; fire area 320 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 300 ft, cotton good 1,050 ft. linen good 750 ft; value of fire department equipment \$7,740; value of buildings occupied \$7,500; total ann expenses of department \$200; total membership 59, volunteers; 1 fire company, 1 engine company. Chief engineer, D. E. Soule.

WATER SUPPLY—Source, mountain stream, one fourth mile from town; system, gravity; 2 reservoirs, cap 13,000,000; 36 hydrants; pipe 6 miles, 6 to 1 in dia; service pipe galv iron; pressure 130 pounds; waterworks owned by company; original cost to construct \$27,451.03; expenses of construction to date \$49,000; ann expenses \$1,250. Supt, H. O. Warner.

Newton, Fairfield Co., population 3,539; fire area 3 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck; total membership 38, volunteers; bell alarm. Foreman, J. H. Blackmer.

WATER SUPPLY—Source wells and springs. #

Norwalk, Fairfield Co., population 8,900; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 1 hose wagon; hose, rubber good 2,000 ft, inferior 500 ft, cotton good 400 ft; total ann expenses of department \$2,000; value of fire department equipment \$9,000; total membership 100, paid part time 2, volunteers 98; Gamewell alarm; 15 street boxes, 1 engine company, hook and ladder company, 1 hose company. Chief engineer, J. T. Provitt.

WATER SUPPLY—Source, Silver Mine stream; system, gravity; pump to reservoir, cap 150,000,000 gals; 110 hydrants, R. D. Wood & Co.; pipe 25 miles, 4 to 12 in dia, various 60 valves, Ludlow; quality of water good; pressure, domestic 75; cost to construct \$230,000; ann expenses \$2,500. Supt, James A. Roach.

Norwich, New London Co., population 24,000; fire area 6 1/2 miles; mercantile buildings, brick and stone, 3 to 5 stories; private, wood and brick, 2 to 2 1/2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—3 steam fire engines, 4 hand chemical engines, 4 chemical extinguishers, 2 hook and ladder trucks, 7 hose carriages, all kinds, 1 hose wagon, other apparatus, 4 jumpers, nozzles and holders; hose, rubber good 100 ft, cotton good 7,000 ft; 11 horses, value \$2,000; value of fire department equipment \$7,000; value of buildings occupied \$40,000; total ann expenses of department \$10,250; total membership 320, paid full time 1, paid part time 320; Gamewell electric alarm; street boxes 31. Chief engineer, L. W. Greenburg.

WATER SUPPLY—Source, brooks, springs and rainfall pond; system, gravity; reservoir cap 333,500,000 gals; 239 hydrants; pipe 39 miles, 1 1/4 to 24 in dia, service pipe lead and iron; pressure 10 to 100 pounds; works owned by city; cost to

construct \$267,000; cost to date \$530,127; ann expenses \$20,000; int on bonds \$16,500. Supt, R. S. Bartlett.

Paganoek, Hartford Co., population not given; buildings, principally wood, 1 and 2 stories; no fireworks ordinance; wooden roofs are permitted. Fire department—1 hand engine; have an organized fire company. The mills being well equipped are able to protect the buildings surrounding them to the distance of 300 to 400 feet. #

WATER SUPPLY—Wells, spring and pond. Town clerk, Isaac W. Halkes. #

Plainville, Hartford Co., population 1,993; mercantile buildings, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—2 chemical extinguishers, 2 hose carriages; hose, rubber good 1,000 ft, linen good 1,000 ft; value of fire department equipment \$2,000; total membership 30, paid part time 1, remainder volunteers; bell alarm. J. H. Edmund.

WATER SUPPLY—Source, spring; system, gravity; reservoir cap 165,000,000 gals; hydrants 28; pipe 8 miles, 4 to 8 in dia; pressure 105 pounds; waterworks owned by company; original cost to construct \$30,000; expenses of construction to date \$32,000; ann expenses \$350. Supt, H. W. Higgins.

Portland, Middlesex Co., population 4,687; mercantile buildings, wood and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine not in use, waterworks pressure being sufficient; 4 hose carriages; hose, cotton good 2,250 ft, poor 500 ft, value \$1,250; value of fire department equipment \$4,000; value of buildings occupied \$2,500; ann expenses about \$400; total membership 90, all volunteers; bell alarm; 2 fire companies. Chief engineer, R. H. Pascall.

WATER SUPPLY—Source, stream, spring foot of Mesawmesic mountain; system, gravity; reservoir cap 6,000,000 gals; 75 hydrants; pipe 16 miles, 4 to 10 in dia; pressure, domestic 90, fire 100 pounds; waterworks owned by company. Supt, J. Allen Butler.

Putnam, Windham Co., population 6,512; fire area 3,500 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories. Fire department—1 chemical extinguisher, 1 hook and ladder truck, 1 Bangor extension ladder, 3 hose carriages; hose, rubber good 300 ft, inferior 200 ft, cotton good 2,700 ft, inferior 500 ft; value of fire department equipment \$1,000; value of buildings occupied \$6,000; total ann expenses of department \$2,500; total membership 79, paid full time 1; bell alarm. Chief engineer, H. L. Burr.

WATER SUPPLY—Source, Little river; system, pumping to standpipe, cap 237,000 gals; Worthington pumping engines, 4; cap 7,800,000 gals; 67 hydrants; pipe 16 miles, 4 to 10 in dia; pressure 75 pounds; cost to construct \$100,000; cost to date \$165,000. Supt, C. D. Sharpe.

Ridgefield, Fairfield Co.

WATER SUPPLY—Charter has been secured for waterworks.

Rockville, Tolland Co., population 9,000; fire area 10,700 acres; mercantile buildings, brick and wood, 2 to 5 stories; private, wood, 1 1/4 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 32,035 ft; value of fire department equipment \$16,000; value of buildings \$2,600; total ann expenses of department \$1,603; total membership 43, paid part time: new Gaynor alarm; 15 street boxes, 2 private. Chief, John Wagner.

WATER SUPPLY—Source, Snibish lake; system, gravity and high service pumping; about 150 hydrants; pipe 9 miles, 6 to 20 in dia; expenses of construction to date \$165,000. Supt, Chas. W. Wood. The entire system is being re-established.

Salisbury, Litchfield Co., population 3,470; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—No waterworks.

Seymour, New Haven Co., population 3,300; mercantile buildings, wood, brick and stone; private, wood. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carts; hose, cotton good 1,800 ft; value of fire department

equipment \$10,000; value of buildings occupied \$15,000; total membership 80, volunteers. Chief engineer, James Swan.

WATER SUPPLY—Source, rivers and reservoirs; fire engine draws water from river.

Sharon, Litchfield Co., population 3,000; mercantile buildings, wood, 1 to 3 stories; private, wood, brick and stone, 1 to 3 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 hose carriage, 1 hose wagon; hose, linen good 600 ft; value of fire department equipment \$400; total membership 30, volunteers; bell alarm. Chief engineer, Willard Baker.

WATER SUPPLY—Source, brook 1 mile from village; system, gravity; reservoir cap 300,000 gals; 14 hydrants; pipe 2 miles, 4 to 6 in dia; 7 valves, 1 galv iron; pressure, domestic 6 to 11½, fire 90 pounds; waterworks owned by Sharon Water Co.; original cost to construct \$15,000; expenses of construction to date \$16,000; ann expenses \$150; int on bonds 6 per cent. Supt, I. N. Bartram.*

Shelton, Fairfield Co., population 2,500; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; value of buildings occupied \$9,000; value of fire department equipment \$2,000; total membership 60, all volunteers; Gamewell alarm. Chief engineer, Horace Wheeler.*

WATER SUPPLY—Source, brook and springs; system, gravity; 40 hydrants; pipe 5 miles, 12 to 4 in dia; works owned by company; cost to construct \$45,000. Supt, D. S. Brismade.

Simsbury, Hartford Co., population 1,874; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; no fireworks ordinance.*

WATER SUPPLY—Source, streams; system, gravity from reservoir; pipe 2 miles; 10 hydrants; cost to construct \$30,000. W. H. Whitehead.*

Southington, Hartford Co., population 5,501; fire area 11,000 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—5 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages, all kinds; other apparatus, 2 hose sleighs for winter use; hose, cotton good 2,500 ft; value of fire department equipment \$4,625; value of buildings occupied \$5,800; total ann expenses of department \$2,121; total membership 103, paid part time 6, volunteers 97; bells and whistles fire alarm; 2 hook and ladder companies, 2 hose companies. Chief engineer, James H. Osborne.

WATER SUPPLY—Source, Homiston brook; system, gravity from impounding and distributing reservoirs; storage reservoir cap 60,000,000 gals; distributing reservoir cap 3,000,000 gals; 75 hydrants; pipe 14 miles, 10 to 4 in dia; pressure 95 pounds; waterworks owned by company; cost to construct \$94,431.55. Supt, T. H. McKenzie.

South Manchester, Hartford Co., population 5,000; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 hose carriages, all kinds; 2,000 ft cotton hose good; hose owned by private company.*

WATER SUPPLY—Source, brooks; system, gravity; reservoir cap 11,000,000 gals; 200 hydrants, Ludlow; pipe, Warren Foundry Co and McNeill Pipe Co; 150 valves, Ludlow; 400 taps; service pipe tin lined lead; pressure, domestic 60 to 100, fire 90 to 100 pounds; waterworks owned by company. Town clerk, Daniel Wadsworth.*

South Norwalk, Fairfield Co., population 6,000; fire area 2 sq miles; mercantile buildings, brick, 3 and 4 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 2 hose wagons; hose, cotton good 3,000 ft; value of fire department equipment \$7,000; total ann expenses of department \$2,188.71; total membership 150, all volunteers; Gamewell electric alarm; 14 street boxes. Chief, Edward V. Baker.

WATER SUPPLY—Source, lakes and springs; system, gravity; reservoir cap 700,000,000 gals; 100 hydrants; pipe 18 miles, 4 to 12 in dia; pressure 95 pounds, Edison pressure recording gauge; cost to construct to date \$280,000; ann expenses \$2,000. Supt, J. M. Layton.

Southport, Fairfield Co. See Fairfield.

Stafford Springs, Toland Co., population

2,353; fire area 4 miles; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 1-2 stories; wooden roofs not permitted within fire limit. Fire department—1 steam fire engine, 2 hose carriages; hose, cotton good 1,900 ft, 600 ft poor; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total ann expenses of department \$400; total membership 20; bell alarm. Chief engineer, Anthony Adams.

WATER SUPPLY—Source, Roaring brook; system, gravity; cap of reservoir 35,000,000 gals, 30 hydrants, Holyoke; pipe 10 miles, 10 to 4 in dia, R. D. Wood & Co.; quality of water good; pressure, domestic 120 pounds, fire same; works owned by company; ann expenses \$500; int paid on bonds \$1,750. Pres, Alfred N. Birnie; supt, Anthony Adams; mayor, Amos Nichols; city clerk, J. H. Reed.

Stamford, Fairfield Co., population 9,000; fire area 18,000 acres; mercantile buildings, brick, 3 and 4 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted in certain parts of town; fireworks ordinance; fires investigated. Fire department—2 steam fire engines, 1 aerial truck, 2 chemical extinguishers, 1 hose carriage, 1 hand jumper; hose, cotton good 3,000 ft, rubber good 100 ft; 5 horses, value \$1,500; value of fire department equipment \$40,000; total membership 43, paid full time 3, paid part time 40; 1 hook and ladder company, 2 engine and hose companies; Gamewell alarm. Chief engineer, Geo. Bowman.

WATER SUPPLY—Source, river and Trinity lake; system, gravity; Trinity lake cap 300,000,000 gals; Cox's pond cap 20,000,000 gals; Simsbury reservoir 6,000,000 gals; Knowles pumping engines; 93 hydrants, Matthews; pipe 44 miles, 4 to 16 in dia, R. D. Wood & Co; Ludlow valves; 20 meters, Thompson, Worthington, Union and National; pressure 55 to 60 pounds; works owned by company; cost to construct \$370,000; ann expenses \$12,000; int on bonds \$3,500 per annum. Supt, Geo. E. Whitney.*

Stonington, New London Co., population 7,184; fire area 300 acres; mercantile buildings, stone, brick and wood, 2 and 3 stories; private, wood, 2 stories; tin, slate and shingle roofs principally; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,800 ft, inferior 200 ft, leather good 300 ft; value of fire department equipment \$10,000; value of buildings occupied \$3,000; total ann expenses \$330; total membership 115, all volunteers; church bell alarm. Chief engineer, E. S. Chesebro.*

WATER SUPPLY—Source, Mistuxet brook; system, pumping to reservoir; steam pumping engines, dy cap 2,000,000 gals; 102 hydrants; pipe 10 in dia; pressure 70 pounds. Supt, A. G. Watrous.

Strafford, Fairfield Co., population 2,008; mercantile buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—2 hook and ladder trucks, Babcock extinguishers and 300 ft hose on truck; total membership 50, volunteers; bell alarm. Chief, David L. Rhoades.

WATER SUPPLY—Source, wells. Town clerk, H. R. Stagg.*

Terryville, Litchfield Co., population not given; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated; no organized fire department; hose 300 ft.

WATER SUPPLY—Source, springs and watershed; system, gravity; reservoir cap 900,000 gals; 7 hydrants, Ludlow; pipe 3 1-2 miles, 4 in dia, Phipps; 16 valves, Ludlow; 3 meters, Hersey; 1-2 in iron service pipe; 25 taps; quality of water good; pressure 80 pounds; works owned by company; cost to construct \$14,000. Supt, W. P. Swett.*

Thomaston, Litchfield Co., population 3,278, fire area 640 acres; mercantile buildings, brick and wood, 4 stories; private, wood, 2 1-2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 4 hose carriages (2 private); hose, cotton good 1,900 ft, inferior 100 ft, private good 3,000; value of fire department equipment \$3,500; value of buildings occupied \$13,000; total ann expenses of department \$500; total membership 100, volunteers; whistle alarm; 1 hook and ladder company, 1 hose company. Chief engineer, Thomas D. Bradstreet.

WATER SUPPLY—Source, reservoir located in Plymouth; system, gravity; reservoir cap 65,000,000 gals; 40 hydrants; pipe 10 miles, 4 to 12 in dia

pressure, fire 125 pounds; waterworks owned by company; original cost to construct \$42,000; expenses of construction to date \$45,000; ann expenses \$900. Supt, James, W. White.

Thompsonville, Hartford Co., population 4500. Fire department—1 steam fire engine, 1 hand engine, 8 hose carriages; hose, linen and leather good 1500 ft; total membership 100, all volunteers. James Morrison.

WATER SUPPLY—Source, springs; system, pumping to standpipe; standpipe cap 370,000 gals; pumping engines, dy cap 1,000,000 gals; Deane; 55 hydrants; pipe 20 miles, 2 to 12 in dia; service pipe galv iron; pressure 60 pounds; waterworks owned by company; original cost to construct \$92,000. Supt, H. R. Coopes.

Torrington, Litchfield Co., population 7500; mercantile buildings, brick and wood, 1 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose, cotton good, rubber lined, 3500 ft; value of fire department equipment \$10,000; total ann expenses of department \$1,250; Gamewell alarm; 19 boxes; total membership 57, volunteers; bell and whistle alarm. Chief engineer, Wm. H. Dayton.

WATER SUPPLY—Source, surface water; system gravity; 3 reservoirs, cap 200,000,000 gals; 43 hydrants, pipe 16 miles, 4 to 10 in dia; pressure 60 pounds; waterworks owned by company; original cost to construct \$30,000; cost to date \$100,000. Supt, O. R. Tyler.

Wallington, New Haven Co., population 6500; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, 2500 ft good cotton, rubber lined; value of fire department equipment \$7500; total membership 80, all volunteers; bell and whistle fire alarm system. Chief engineer, Geo. A. Smith.*

WATER SUPPLY—Source, Lake Pistapague and Meadow river; system, gravity and pumping to main; reservoir cap 300,000,000 gals; pumping engines, dy cap 1,500,000 gals; 78 hydrants; pipe 4 miles, 12 and 8 in dia; service pipe, galv iron; pressure 100 to 150 pounds; waterworks owned by city; original cost to construct \$170,000, expenses of construction to date \$180,000; ann expenses \$3,625. Supt, Henry L. Hall.

Waterbury, New Haven Co., population 35,000; fire area 80 acres; mercantile buildings, brick, 3 to 7 stories; private, wood, 2 to 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 6 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 4 hose carriages, all kinds, 2 hook wagons; hose, cotton good 9000 ft, inferior 500 ft, rubber poor 500 ft; 10 horses, value \$275; value of fire department equipment \$38,091; value of buildings occupied \$80,744; expense for past year \$15,955; total membership 271, paid full time 8, part time 7, volunteer members or call men, 255; Gamewell electric alarm; street boxes 46; 7 fire companies, 2 engines companies, 1 hook and ladder company, 4 hose companies. Chief engineer, Samuel C. Snags.

WATER SUPPLY—Source, springs and brook; system, gravity and pumping direct; reservoir cap 185,000,000 gals; pumping engines, dy cap 2,000,000 gals; 264 hydrants; pipe 45 miles, 4 to 18 in dia; 366 valves, pressure, 110 pounds; waterworks owned by city; original cost to construct \$190,000; expenses of construction to date \$553,000; ann expenses \$12,000. Supt, N. J. Welton.

Waterford, New London Co., fire department not reported.

WATER SUPPLY—Source, wells.

West Hartford, Hartford Co., population 1,930. Fire department—1 hose carriage; hose, leather good 400 ft. Chief engineer, W. S. Palmer.

WATER SUPPLY—Source, elevated tanks; system, gravity; 3 hydrants; pipe 24 in dia. Town clerk, L. Buckland.

West Haven, New Haven Co., population 3,200; mercantile buildings, wood and brick, 2½ stories; private, wood, 2½ stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 2 hook and ladder

trucks, 2 hose carriages, all kinds; hose, cotton good 1,000 ft; 2 horses, value \$500; value of fire department equipment \$2,580; value of buildings occupied \$2,500; total ann expenses of department \$2,000; total membership 120, volunteer; electric alarm; street boxes 7; 4 fire companies, 1 engine company, 2 hook and ladder companies, 1 hose company. Chief engineer, Wm. V. Wilson.*

WATER SUPPLY—Source, Coveriver, in town or Orange; system, gravity and pumping to reservoir; reservoir cap 750,000 gals; pumping engines, dy cap 500,000 gals; 30 hydrants; pipe 16 miles, 4 to 12 in dia, Conn Pipe Co; 120 valves; pressure 40 pounds; waterworks owned by company; original cost to construct \$90,000. Supt, Chas. A. Thompson.

Westport, Fairfield Co., population 4,500; fire area 1½ miles square; mercantile buildings wood, 3 stories; wooden roofs permitted. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 3,000 ft; value of equipment \$4,000; value of buildings occupied \$1,300; ann expenses of department \$800; total membership 130, all volunteers. Chief engineer, John S. Jones.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; standpipe cap 269,800 gals; pumping engines, dy cap 1,050,000 gals, Blake; 50 hydrants, Holyoke; pipe 9½ miles, 4 to 10 in dia, R. D. Wood & Co; 30 valves, Ludlow; 15 meters; Nast and National; pressure 75 pounds; waterworks owned by company; original cost to construct \$100,000; ann expenses \$2,500; int paid on bonds \$3,000.

West Stratford, Fairfield Co., buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck; value of fire department equipment \$1,000; total ann expenses of department \$150; total membership 35, all volunteers; bell alarm.*

WATER SUPPLY—Source, wells, cisterns and river.*

Westville, New Haven Co., population 1,900; fire area 3 sq miles; mercantile buildings, wood, 2 stories; private, wood, 3 stories; no fireworks ordinance. Fire department—1 hose carriage, 1 hook and ladder truck, 2 chemical extinguishers; hose, cotton good 1,100 ft, linen good 100 ft; value of fire department equipment \$1,500; value of buildings occupied \$500; total ann expenses of department \$200; total membership 30, all volunteers; bell alarm. Chief engineer, Murdock Dingwall.

WATER SUPPLY—Source, wells and cisterns.

Wethersfield, Hartford Co., population 2,271; buildings, wood and brick, 2½ stories; no fireworks ordinance; shingle roofs principally. Fire department—1 hook and ladder truck; value of fire department equipment \$600; value of buildings occupied \$250; total membership 35, all volunteers; bell alarm. Captain, Robert L. Fulton.*

WATER SUPPLY—Source, wells and cisterns; town of Hartford extend pipe line to center of town. Town clerk, Albert Galpin.*

Willimantic, Windham Co., population 9,000; fire area 300 acres; buildings, brick and wood, 2, 3 and 4 stories; fireworks ordinance; wooden roofs not permitted in fire limits; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton, rubber lined, good 3,200 ft; value of fire department equipment \$4,000; ann expenses \$3,200; total membership 110, all volunteers; Gamewell alarm; street boxes 16. Chief engineer, Chas. E. Leonard.*

WATER SUPPLY—Source, Natchaug river; system, pumping to reservoir; pumping engines, dy cap 3,000,000 gals; 172 hydrants; pipe 17 miles, 6 to 14 in dia; pressure 70 to 130 pounds; cost to construct \$200,000; cost to date \$355,484; ann expenses \$2,300; int on bonds \$8,000. Supt, H. S. Moulton.

Windser, Hartford Co., population 2,954; mercantile buildings, brick and wood, 2 and 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 4 chemical extinguishers, 2 hose carriages, all kinds; hose, rubber good 5,000 ft, cotton good 1,300 ft, inferior 500 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; volunteer members 72; whistle alarm. Chief engineer, J. E. Higginbotham.*

WATER SUPPLY—Source, springs; system, gravity; storage wells, cap 25,000 gals; hydrants 10; pipe 2 1/2 miles, 4 to 8 in dia; pressure, domestic 60, fire 40 pounds; works owned by company; cost to construct \$10,000; cost to date \$25,000. Supt. N. W. Haydan.

Windsor Locks, Hartford Co., population 2,758; fire area 1 1/2 by 1 sq mile; mercantile buildings, brick and wood, 1 to 5 stories; private, brick and wood, 1 to 4 stories; wooden roofs permitted. Fire department—1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$500; total membership 33, volunteer. Chief engineer, John L. Egan.

WATER SUPPLY—Source, English brook, 2 miles distant; system, pump to standpipe; cap 235,000 gals. Worthington pumping engines; pipe 7 miles 4 to 10 in dia; 38 hydrants; cost to construct \$50,000. Supt. J. E. Egan.

Winstead, Litchfield Co., population 6,189; fire area 1,200 acres; mercantile buildings, 3 stories; private, wood, 3 stories; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, all kinds; other apparatus, 3 jumpers; hose, interior rubber 100 ft, cotton inferior 800 ft, linen good

3,600 poor 200 ft; value of fire department equipment \$12,000; value of buildings occupied \$4,500; total annual expenses of department \$1,925; total membership 185, paid full time 1, volunteer members 164; electric alarm; 5 fire companies, 1 hook and ladder company, 4 hose companies. Chief engineer, Thos. F. Burns.

WATER SUPPLY—Source, lake; system, gravity; 110 hydrants; pipe 11 miles, 4 to 12 in dia; pressure domestic 50 pounds, fire same; waterworks owned by city; cost to construct \$120,000; ann expenses \$2,000. Water commissioner, T. C. Richards.

Places having a population of 1,000 or more that have no fire protection: Avon, Hartford Co., population 1,200; Barkhamsted, Litchfield Co., population 1,130; Brooklyn, Windham Co., population 2,628; Colebrook, Litchfield Co., population 1,698; Cromwell, Litchfield Co., population 1,283; Cromwell, Middlesex Co., population 1,800; Deep River, Middlesex Co., population not given; Lebanon, New London Co., population 1670; Mansfield, Tolland Co., population 2,000; Plainfield, Windham Co., population 4,552; Plymouth, Litchfield Co., population 1,600; Salisbury, Litchfield Co., population 3,420; Watford, New London Co., population 2,661; Watertown, Litchfield Co., population 2,323.

DELAWARE.

Camden, Kent Co., population 553; fire area 500 acres; buildings, brick and wood, 2 and 3 stories; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$750; value of buildings occupied \$200; total membership 32, volunteers. Chief engineer, Wm. Ellison.

WATER SUPPLY—Source, wells. Town clerk, W. B. Nock.

Delaware City, New Castle Co., population 1,100; fire area 30 to 40 acres; mercantile buildings, brick, stone and wood, 2 and 3 stories; private, brick, stone and wood, 2 and 3 stories; wooden roofs are permitted; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,500 ft; value of fire department equipment \$2,500; value of buildings occupied \$800; total ann expenses of department \$200; total membership 65, volunteers; 1 fire company. Chief engineer, Geo. N. Bright.

WATER SUPPLY—Source, canal; quality of water good.

Dover, Kent Co., population 3,061; fire area 1 square mile; mercantile buildings, brick, 3 stories; private, wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, rubber good 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$3,300; total ann expenses of department \$350; total membership 49, volunteers; Gamewell alarm; street boxes 1. Chief engineer, James B. Bice.

WATER SUPPLY—Source, 2 surface and 2 artesian wells, St. Johns river; system, pumping direct; pumping engines, dy cap 1,000,000 gals; 32 hydrants; pipe 5 miles, 2 to 12 in dia; 19 valves; pressure, domestic 45, fire 75 pounds; waterworks owned by city; original cost to construct \$20,000; expenses of construction to date \$29,000; ann expenses \$2,800; int on bonds 4 per cent. Engineer, T. F. Cook.

Frederica, Kent Co., population 621; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, other apparatus, 3 hand extinguishers; hose, rubber good 100 ft. A. W. Carrow.

WATER SUPPLY—Source, wells and cisterns.

Georgetown, Sussex Co., population 1,200; buildings, wood, 2 stories; fireworks ordinance. Fire department—1 hand engine; hose, rubber good 2,000 ft. Chief engineer, D. C. R. Layton; chairman of fire and water com. W. F. Tunnell.

WATER SUPPLY—Source, driven wells; system, pumping to mains. Town clerk, C. L. Moore.

Laurel, Sussex Co., population 2,388; mercantile; buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department owned by manufacturers—2 hand engines; hose, leather good 200 ft.

WATER SUPPLY—Source, wells and creek. Town clerk, I. J. Wooten.

Leipsic, Kent Co., population 355; fire area 2 1/2 acres; mercantile buildings, wood, 2 and 3 stories. Fire department—buckets and ladders.

No Water Supply.

Middletown, New Castle Co., population 1,553; fire area 320 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 1/2 and 3 stories; wooden roofs are permitted; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total ann expenses of department \$500; total membership 30, volunteers; whistle and bell alarm; fire companies 1. Chief engineer, J. A. Suydam.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe, cap 37,000 gals; Worthington pumping engines, cy cap 500,000 gals every 24 hours; 21 hydrants; pipe 3 miles; pressure, domestic 45, fire 75 pounds; works owned by city.

Milford, Kent Co., population 3,500; fire area 18 1/2 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,500; total membership 45, volunteers; whistle, bell and electric alarm. Chief engineer, S. N. Gray.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe and direct; standpipe cap 38,000 gals; pumping engines, dy cap 750,000 gals; 52 hydrants; pipe 4 1/2 miles, 4 to 10 in dia; pressure, domestic 47, fire 80 to 120 pounds; waterworks owned by city; original cost to construct \$43,000. Supt. W. T. Banning.

Newark, New Castle Co., population 1,200; mercantile buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage, 2 hose tenders; hose, cotton good 750 ft, rubber good 400 ft; value of fire department equipment \$1,800; value of buildings occupied \$2,300; total membership 90, volunteers 50; bell and whistle alarm. Chief engineer, Peter A. Riley.

WATER SUPPLY—Source, one surface well 35x20; system, pumping to reservoir, cap 188,000 gals; Holly pumping engines, dy cap 1,000,000 gals; 38 hydrants; pipe 2 1/2 miles, 6 to 10 in dia; pressure, domestic 60, fire 125 pounds; quality of water good; cost to construct \$35,000; cost to date \$37,500. Supt. A. Homewood.

New Castle, New Castle Co., population 5,980; fire area 2,110 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick, 2 and 3 stories; no fireworks ordinance; wooden roofs permitted. Fire department—2 steam fire engines, 35 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,500 ft, rubber inferior 500 ft; value of fire department

equipment \$6,500; value of buildings occupied \$8,000; total ann expenses of department \$1,000; total membership 13, paid full time 2, remainder volunteers. Chief engineer, Richard J. Conway. #

WATER SUPPLY—Source, creek and springs; system, pumping to reservoir; reservoir cap 1,250,000 gals; pumping engines, dy cap 432,107 gals; 40 hydrants; pipe 9 miles, 4 to 12 in dia; quality of water good; pressure, 25 to 30 pounds; works owned by company; cost to construct \$110,000; ann expenses \$4,000; int on bonds 5 per cent. Supt, Isaac C. Slaw. #

Searford, Sussex Co., population 2,000; fire area 200 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; shingle roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, value \$350.

WATER SUPPLY—Source, private wells.

Smyrna, Kent Co., population 2,455; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hose carriages; 1,500 ft good rubber hose. Chief engineer, H. S. Anthony. #

WATER SUPPLY—Source, well 20 ft dia, 18 1-2 ft deep; system, pump direct to standpipe; standpipe cap 37,500 gals; pumping engines, dy cap 500,000 gals; 35 hydrants; pipe 4 miles 4, 6 to 8 in dia; 20

valves; pressure, domestic 45, fire 57 to 100 pounds; cost to construct \$24,000; ann expense, \$1,000 int on bonds 4 per cent. Supt, A. Taylor. #

Wilmington, New Castle Co., population 65,000; fire area 10 square miles; mercantile buildings, brick and stone, 2 to 7 stories; private, brick and stone, 2 to 4 stories; wooden roofs are permitted, mostly tin and slate; fireworks ordinance. Fire department—8 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 5 hose carriages, all kinds, 3 hose wagons; hose, cotton good 10,000 ft, inferior 2,000 ft, rubber good 500 ft, inferior 1,000 ft, 28 horses, value \$1,000; value of fire department equipment \$60,000; value of buildings occupied \$100,000; total ann expenses of department \$28,000; total membership about 1,000, paid full time 9, no. of volunteer members 1,000, Gamewell alarm; 43 street boxes; 8 engine companies, 1 hook and ladder company. Chief engineer, Dennis S. Shields.

WATER SUPPLY—Source, Brandywine creek; system, pumping to reservoir; reservoir cap 40,000,000 gals; pumping engines, dy cap 20,000,000 gals; 603 hydrants; pipe 835 miles, 3 to 30 in dia; pressure, domestic 20, fire 60 pounds; waterworks owned by city; original cost to construct \$750,000; expenses of construction to date \$1,500,000; ann expenses \$50,000. Supt, Jos. A. Bond.

DISTRICT OF COLUMBIA.

Washington, (includes Georgetown) population 279,200; buildings, brick, stone and wood, 1 to 9 stories; fireworks ordinance; causes of fire investigated. Fire department—11 steam fire engine, 30 chemical extinguishers, 4 hook and ladder trucks, 11 hose carriages, 2 fuel carts, 1 double tank 85 gals each, chemical engine, siamese couplings; hose, cotton good 18,000 ft, inferior 2,070 ft; total value of 60 horses, fire department equipment and 11 buildings occupied \$150,000; total ann expenses of department, 1801, \$159,064; total membership 130, full paid; telegraph alarm; 160

street boxes. Chief engineer, Joseph Parris.

WATER SUPPLY—Source, Great Falls of the Potomac; system, low service gravity, high service pumping into reservoir; 1,500,000 gals; high service; reservoir cap 170,000,000 gals; gravity service; pumping engines, dy cap 5,000,000 gals; 1,387 hydrants; pipe 266 miles, 3 to 70 in dia; pressure varies from 10 to 90 pounds according to elevation; waterworks owned part by city part U. S. cost to construct \$5,500,000; ann expenses \$138,304. Supt, H. F. Hayden.

FLORIDA.

Apalachicola, Franklin Co., population 2,727. Fire department—1 hand engine and 500 ft of good hose.

WATER SUPPLY—From river, wells and cisterns. Town Clerk, G. W. Hinsey.

Bartow, Polk Co., population 1,386; buildings, wood and brick, 2 stories; wooden roofs permitted. Fire department—2 chemical engines on wheels, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 200 ft; value of fire department equipment \$1,500; value of buildings occupied \$600; total membership 30, volunteers; bell alarm. Chief Engineer, C. E. Reed.

WATER SUPPLY—From tank, cap 3,000 gals, supplied from stream. System contemplated.

Brookville, Hernando Co., population 800; buildings, frame, 1 and 2 stories. Fire department—2 chemical engines; hose, rubber good 300 ft, inferior 150 ft; value of fire department equipment \$1,500; total membership 30, volunteers; bell alarm. Chief engineer, W. D. Cobb.

WATER SUPPLY—Source, wells.

Daytona, Volusia Co., population 1,200; fire area 1½ by ½ mile; buildings, frame, 2 stories. Fire department—2 chemical engines, 2 hose carriages; hose, rubber good 180 ft; value of fire department equipment \$3,000.

WATER SUPPLY—Source, river and artesian wells; pipe 11-4 miles, 4 in.

DeLand, Volusia Co., population 2,500; fire area 20 acres; mercantile buildings, brick and wood, 2 and 4 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; 1,000 ft cotton hose; value of fire department equipment \$2,150; value of buildings occupied \$500; total membership 30, volunteers; bell alarm. Chief, Silas B. Wright.

WATER SUPPLY—Source, artesian well 400 ft deep, located in city; system, pumping to standpipe and direct; standpipe cap 50,000 gals; pumping engines, dy cap 250,000 gals; 5 hydrants; pipe ½ mile, 10 in dia; pressure, domestic 48, fire 150 pounds; waterworks owned by city; cost to con-

struct \$30,000; ann expenses \$500. Supt, C. L. Willatowski.

Eustis, Lake Co., population 2,000; fire area 7 1-2 acres; buildings, brick, wood and iron, 2 and 3 stories; wooden roofs permitted. Fire department—2 chemical engines on wheels, 3 chemical hand extinguishers, 1 hook and ladder truck, buckets; hose, cotton good 300 ft, rubber good 300 ft; value of fire department equipment \$1,200; total ann expenses of department \$125; total membership 18; bell alarm. Chief engineer, W. D. Kimball.

WATER SUPPLY—Source, lake. Works contemplated.

Fernandina, Nassau Co., population 3,200; fire area 20 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, all kinds, 2 hose wagons; hose, cotton good 2,000 ft, inferior 1,850 ft; value of fire department equipment \$5,000; value of buildings occupied \$2,500; total ann expenses of department \$1,000; total membership 77, paid full time 2, volunteers 75; whistle and telephone alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, J. Fred Lohman.

WATER SUPPLY—Source, artesian well; system, pumping to standpipe and direct; reservoir cap 150,000 gals; standpipe cap 110,000 gals; dy cap 1,250,000 gals; 53 hydrants; pipe 4 1-2 miles, 4, 6 and 10 in dia; pressure, domestic 50, fire 150 pounds; works owned by city; cost to construct \$40,000; ann expenses \$2,200. Supt, Chas. Williams. Will add new duplex compound pump, dy cap 1,500,000 gals.

Gainesville, Alachua Co., population 2,790; fire area 100 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hoses, value \$300; value of fire department equipment \$700; value of buildings occupied \$700; total membership 31, volunteers; court house bell alarm. Chief engineer,

James A. Morris; chairman of fire and water com. **H. H. McCreary**.

WATER SUPPLY—Source, wells. Waterworks in course of construction.

Jacksonville, Duval Co., population 20,000 fire area 1,200 acres; mercantile buildings, brick and wood, 2 to 6 stories; private, wood, 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam engine, 1 hand engine, 7 chemical extinguishers, 1 aerial truck, 2 hook and ladder trucks, 2 hose carriages, 2 hose wagons; hose, cotton good 5,700 ft, inferior 2,300 ft; 10 horses, value \$1,700; value of fire department equipment \$18,000; value of buildings occupied \$7,000; total ann expenses of department \$22,352.72; total membership 27, paid full time 26; Gamewell alarm; 20 street boxes. Chief engineer, **Thos. W. Haney**; chairman of fire and water com., **J. C. L'Engle**.

WATER SUPPLY—Source, 3 artesian wells; system, pumping direct; reservoir cap 450,000 gals; pumping engines, dy cap 3,500,000 gals; 73 double and 57 single hydrants; pipe 11 miles, 2 to 14 in dia; pressure, domestic 45, fire 60 pounds; waterworks owned by city; original cost to construct \$120,000; ann expenses \$11,500. Inspector, **E. M. Kean**.

Key West, Monroe Co., population 18,000; fire area 700 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—4 engines, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 2,250 ft, inferior 1,700 ft; 12 horses, value \$3,000; value of fire department equipment \$15,000; value of buildings occupied \$3,000; total ann expenses of department \$10,000; total membership 150, paid full time 13; 10 fire companies, 4 engine companies, 1 hook and ladder company, 4 hose companies. Chief engineer, **B. F. H. Bowers**.

WATER SUPPLY—Source, ocean for fire purposes and artesian wells for domestic; 70 hydrants; each dwelling has a cistern, cap 10,000 gals. Arrangements for putting in complete system are being made.

Missimmee City, Osceola Co., population 1,086; fire area 1-2 by 1-4 mile; buildings, brick and wood, 1 and 2 stories; fireworks ordinance; wooden roofs are permitted. Fire department—2 chemical engines, 1 hook and ladder truck.

WATER SUPPLY—Source, private wells and cisterns. **J. R. Gilbert**, city clerk.

Lake City, Columbia Co., population 2,000; fire area 1 sq mile; mercantile buildings, brick in fire limits, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 1,300 ft inferior 300 ft; value of fire department equipment \$2,000; volunteer members 50; electric alarm; 1 hose company. Chief, **J. Potadamer**.

WATER SUPPLY—Source, Lake Isabella; system, direct pumping; 2 pumping engines; 30 hydrants; pipe 3 miles, 1-2 to 6 in dia; pressure, domestic 40 to 60, fire 100 pounds; cost to construct \$10,000. Pres., **A. B. Hart**.

Lakeland, Polk Co., population 900; buildings, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department consists of ladders, axes and bucket brigade. Mayor, **H. J. Drane**.

WATER SUPPLY—Source, wells.

Leesburg, Lake Co., population 1,500; fire area 30 acres; mercantile buildings, brick in fire limits, 1 and 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hose reels; hose, rubber lined 1,000 ft; value of fire department equipment \$5,500; value of buildings occupied \$500; expenses of department \$350; membership 20, volunteer, paid part time 1; bell alarm. Chief, **Adam Noble**.

WATER SUPPLY—Source, 2 cisterns, cap 6,000 gals, filled by underground pipe from ice factory. Are building 20,000 gal tank on 80 ft tower and 5 fire hydrants.

Madison, Madison Co., population 781; buildings, brick and wood. No organized fire department; a manufacturing company have a trained force of men always on duty in case of fire, with hose, buckets and ladders.

WATER SUPPLY—Source, tanks, pumps and 5 hydrants.

Milton, Santa Rosa Co., population 2,000; fire area 2 acres; buildings, wood and brick. Fire department—1 hand engine.

WATER SUPPLY—Source, river. Have been talking about putting in works.

Ocala, Marion Co., population 4200; fire area 5250 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; cause of fire investigated. Fire department—1 hook and ladder truck, 5 hose carriages, 1 hose wagon, 4 hose reels; hose, rubber good 250 ft, 2750 ft good cotton; 2 horses value \$850; value of fire department equipment \$8000; value of buildings occupied \$1000; total ann expenses of department \$400; total membership 75, volunteers; bell fire alarm. Chief, **C. A. Campbell**.

WATER SUPPLY—Source, artesian wells; system, pump to standpipe and to reservoir; cap reservoir 75,000 gals; standpipe cap, 1,100,000 gals; pumping engine, dy cap 1,000,000 gals; 89 double hydrants; pipe 8½ miles, 6 to 10 in dia; pressure, domestic 50 pounds, fire 100; cost to construct \$75,599. Supt., **C. H. Campbell**.

Orange City, Volusia Co., population 900; fire area 350 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—ladders and pails; will purchase hose, etc.

WATER SUPPLY—Source, artesian well; system, pumping to standpipe and direct; standpipe cap 100,000 gals; pumping engines dy cap 1,500,000 gals; hydrants 15; pipe 9 miles, 10 to 4 in dia; pressure, domestic 50 to 60, fire 100 pounds; waterworks owned by company; cost to construct \$50,000. Supt., **T. C. Rowell**.

Orlando, Orange Co., population 4000; mercantile buildings, brick and wood, 2 and 3 stories; wooden roofs not permitted. Fire department—1 steam fire engine, 3 chemical engines, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 3000 ft; value of fire department equipment \$4000; total membership 60; volunteers; bell alarm. Chief, **John W. Gettier**.

WATER SUPPLY—Source, lake; system, direct and pumping to standpipe and direct; 2 Knowles pumping engines, dy cap 2,000,000 gals; cap standpipe 110,000 gals; 55 hydrants; pipe 14 miles, 4 to 12 in dia; pressure, domestic 50, fire 80 pounds; cost to construct \$150,000; ann expenses \$4509. Local manager, **H. W. Greetham**.

Palatka, Putnam Co., population 4000; fire area 800 acres; mercantile buildings, wood and brick 3 stories; private, wood, 1 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; cause of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 5 hose carriages, all kinds; 1 hose wagon; other apparatus, 2 small hose reels; hose, rubber good 900 ft, cotton good 1,200 ft, inferior 100 ft; value of fire department equipment \$5,000; value of buildings occupied \$1,000; total ann expenses of department \$300; total membership 85; bell alarm. Chief engineer, **Geo. E. Gay**.

WATER SUPPLY—Source, White Water springs; system, pumping to standpipe; standpipe cap 250,000 gals; pumping engines, dy cap 371,000,000 gals; 80 hydrants; pipe 8 miles, 12 to 4 to dia; pressure, domestic 65, fire 65 pounds; works owned by company; cost to construct \$140,000. Supt., **L. Hendrickson**.

Pensacola, Escambia Co., population 17,000; fire area 80 A; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hook and ladder trucks, 3 hose carriages; hose, rubber good 1800 ft; inferior 500 ft, cotton 250 ft; 8 horses, value \$9050; value of fire department equipment \$13,250; total ann expenses of department \$6000; total membership 250, paid full time 5; volunteers 245; Gamewell alarm; 27 street boxes; 1 hook and ladder company, 3 hose companies. Chief engineer, **J. Baker**.

WATER SUPPLY—Source, wells; system, gravity; pumping to standpipe; cap 335,000 gals; pumping engines, dy cap 4,000,000 gals; 122 hydrants; pipe 14 miles, 6 to 14 in dia; pressure 60 to 80 pounds; waterworks owned by company; original cost to construct \$180,000; expenses of construction to

date \$192,000; ann expenses, \$8,600. Supt, B. R. Pitt.

St. Augustine, St. John's Co., population 4742; fire area $1\frac{1}{2} \times 3$ miles sq; mercantile buildings, brick and concrete, 2 stories; private, wood, 2 stories; wooden roofs not permitted inside of fire limits; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 4 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages; hose, cotton good 4,000 ft, rubber good 500 ft; value of fire department equipment \$15,000; value of buildings occupied \$1,000; total ann expenses of department \$4,000; total membership 110, paid full time 3, volunteers 110; bell alarm; 5 fire companies, 3 engine companies, 2 hook and ladder companies. Chief engineer, W. Milford Ingraham.

WATER SUPPLY—Source, artesian wells; 41 hydrants, Ludlow; pipe $4\frac{1}{2}$ miles, 4 to 6 in dia; service pipe galv iron; pressure, domestic, 15 pounds; waterworks owned by company; original cost to construct \$35,000. Supt, E. F. Joyce.

Sanford, Orange Co., population 3,000; fire area 10 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages, all kinds; 1 hose wagon, other apparatus; 1 hose reel; hose, linen good 1500 ft; inferior 500 ft; value of fire department equipment \$4,000; value of buildings occupied \$2,000; total ann expenses of department \$700; total membership 40, 1 paid part time; volunteer members 39; electric bell alarm; 6 street boxes; 4 fire companies. Chief engineer, H. M. Papworth.

WATER SUPPLY—Source, spring water lake; system, gravity and pumping direct; reservoir cap 250,000 gals; pumping engines, dy cap 1,750,000 gals; 62 hydrants; pipe 10 miles, 3 to 12 in dia; service pipe galv iron; pressure, domestic 35 to 45, fire 100 pounds waterworks owned by Sanford Water & Works Co.; original cost to construct \$62,000 Pres and supt, F. H. Rand.

Seville, Volusia Co., population estimated 500; mercantile buildings, wood, 2 stories; wooden roofs permitted.

WATER SUPPLY—Source, Lake Louise, pumping to tanks; cap 53,000 gals; dy cap 200,000 gals; pipe 2 miles, 4 to 10 in dia; 8 hydrants; pressure 22 to 30 pounds; cost to construct \$10,000. R. H. Mason.

Tallahassee, Leon Co., population 3,500; fire area 20 acres; mercantile buildings, brick, stone and iron, 2 stories; private, brick, 2 stories; wooden roofs not permitted; fireworks ordinance.

Albany, Dougherty Co., population 4,008; mercantile buildings, brick and wood, 2 stories; private, outside fire limits, 1 and 2 stories. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 2,300 ft; value of equipment \$15,000; value of buildings occupied \$10,000; total membership 100, volunteers. Chief engineer, F. G. Edwards; asst chief, M. D. Gortatowsky.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe and direct; reservoir cap 350,000 gals; standpipe cap 185,000 gals; pumping engines, dy cap 2,000,000 gals; 105 hydrants; pipe 12 miles, 4 to 12 in dia; pressure, domestic 45 to 60, fire 100 pounds; waterworks owned by city; original cost to construct \$73,500; cost to date \$74,000; ann expenses \$4,000. Supt, Wm. Lockett.

Americus, Sumter Co., population 10,000; fire area 103 acres; mercantile buildings, brick, 1 to 5 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 4 chemical extinguishers, 2 hose wagons; hose, cotton good 2,800 ft, inferior 100 ft; 3 horses, value \$700; value of fire department equipment \$10,000; value of buildings occupied \$35,000; total ann expenses of department \$2,100; total membership 14, paid full time 7, paid part time 7; bell alarm. Chief engineer, E. L. Stanfield; chairman of fire and water com, Dr. G. T. Miller.

WATER SUPPLY—Source, spring and wells, 1 mile north of city; system, pumping to standpipe and direct; standpipe cap 135,000 gals; pumping engines, dy cap 2,000,000 gals; 72 hydrants; pipe 11 miles, 4, 6, 8 to 10 in dia; pressure, domestic 40 to

80, fire 60 to 100 pounds; waterworks owned by city; original cost to construct \$35,000; ann expenses \$5,000. Supt, G. M. Eldridge.

Athens, Clark Co., population 10,000; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds, 1 hose wagon; hose, rubber good 1,500 ft, cotton good 1,000 ft; 6 horses, value \$1,200; value of fire department equipment \$9,000; value of buildings occupied \$11,000; total ann expenses of department \$6,000; total membership 35, paid full time 15, call men 20; Gamewell electric alarm; street boxes 11; total no. of fire companies 2. Chief engineer, Geo. McDorman; chairman of fire and water com, W. D. O'Farrell.

WATER SUPPLY—Source, springs, creeks; system, pumping to standpipe; reservoir cap 22,000,000 gals; standpipe cap 250,000 gals; pumping engines, dy cap 1,750,000 gals; hydrants 73; pipe 9 miles, 4 to 12 in dia; 25 valves; pressure, domestic 65, fire 78 pounds; cost to construct \$128,000; ann expenses \$3,500; int on bonds \$6,000. Supt, W. L. Wood.

Atlanta, Fulton Co., population about 100,000; fire area 1,495 acres; mercantile buildings, brick, 3 to 8 stories; private, wood and brick, 1 to 3 stories; tin or gravel roof; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 two-horse chemical engine, Champion, 16 chemical hand extinguishers, 2 hook and ladder trucks, 8 hose wagons, all kinds, other ap-

Tampa, Hillsborough Co., population 12,000; fire area 2 1-2 sq miles; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted except in fire limits; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 8 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 9 hose carriages, all kinds, 4 hose wagons; hose, cotton good 4,200 ft, rubber good 1,700 ft, inferior 2,000 ft; 4 horses, value \$800; value of fire department equipment \$23,000; value of buildings occupied \$25,000; total ann expenses of department \$8,230; total membership 211, paid full time 4, volunteers 207; Gamewell alarm; 21 street boxes. Chief engineer, A. J. Harris.

WARRINGTON, Escambia Co., population 1,150; fire area 455 acres; mercantile buildings, wood and brick, 1 to 3 stories; private, wood, 1 to 2 stories; wooden roofs are permitted; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 20 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 2 hose wagons; hose, inferior 1,000 ft, cotton good 1,500 ft; 4 horses, value \$850; value of fire department equipment \$4,500; value of buildings occupied \$2,000; total membership 110, volunteers 40; bell alarm; total no. of fire companies 1, 1 hook and ladder company. Chief engineer, A. V. Reed.

WATER SUPPLY—Source, bay, wells and cisterna.

GEORGIA.

paratus, siemens couplings; hose, cotton good 19,500 ft; 25 horses; value of fire department equipment \$60,000; value of 6 buildings owned \$160,000; total ann expenses of department \$81,900; total membership 90, all full paid; electric alarm; 75 street boxes. Chief engineer, W. R. Joyner.

WATER SUPPLY—Source, Chattahoochee river, located six miles from city; system, pumping direct into mains; reservoir cap 170,000,000 gals; pumping engines, dy cap 20,000,000 gals; 681 hydrants; pipe 56 miles, 40 to 30 in dia; pressure, domestic 50, fire 80 pounds; waterworks owned by city; cost to construct \$800,000; ann expenses \$54,000. Supt, Wm. G. Richards.

Augusta, Richmond Co., population 45,000; fire area 5 by 3½ miles; mercantile buildings, brick, 3 and 4 stories; private, wood and brick, 1 to 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—5 steam fire engines, 3 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 5 hose carriages, all kinds, 1 supply wagon, 1 coal cart; hose, rubber good 5,500 ft, inferior 1,500 ft; 23 horses, value \$4,500; value of fire department equipment \$25,000; value of buildings occupied \$75,000; total ann expenses of department \$49,775.88; total membership 53, paid full time 53; Gamewell electric alarm; 55 street boxes. Chief engineer, F. J. Roulett. Proposed purchase chemical engine.

WATER SUPPLY—Source, Savannah river, 7 miles west of city; system, pumping direct; reservoir cap 100,000,000 gals; pumping engines, dy cap 10,000,000 gals; 400 hydrants; pipe 46 miles, 30 to 4 in dia; pressure, domestic 45, fire 60 pounds; works owned by city; cost to construct \$320,000; ann expenses \$4,500. Supt, Wm. Bennett.

Bainbridge, DeKalb Co., population 1,668; fire area 25 acres; mercantile buildings, brick, 2 stories; private dwellings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 700 ft; value of fire department equipment \$4,000; value of buildings occupied \$1,000; ann expenses \$1,000; total membership 125, volunteers; 3 fire companies, 2 hose companies, 1 hook and ladder company; bell alarm. Chief, T. B. Gremmer.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; pumping engines, dy cap 80,000 gals; 100 hydrants; pipe 8 miles, 3 to 6 in dia; pressure 50 pounds; cost to construct \$20,000. Supt, Thomas Land.

Barnesville, Pike Co., population 3,000; fire area 1 sq mile; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; tin and iron roofs; fireworks ordinance; wooden roofs not permitted. Fire department—1 hook and ladder truck, 2 hose carriages, siemens couplings, 2 reel hose, hose, rubber good 1,500 ft; value of fire department equipment \$4,000; value of 1 owned building \$1,500; total ann expenses of department \$300; total membership 70, paid full time 1. Chief, G. L. Summers.

WATER SUPPLY—Source, bluff spring; system, gravity, pump to reservoir at top of mountain; reservoir cap 450,000 gals; pumping engines, cap 500,000 gals, in ten hrs; 32 hydrants; pipe 6 miles, 8, 6, and 4 in dia; pressure 80 to 85 pounds; waterworks owned by city; cost to construct \$20,000; cost to date \$20,000; ann expenses \$1,500. Supt, E. H. Bloodworth.

Boston, Thomas Co., population 646; fire area 200 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 400 ft, inferior 100 ft; value of fire department equipment \$1,000; value of buildings occupied \$3,000; bell alarm. Chief engineer, A. B. Cone.

WATER SUPPLY—Source, 3 cisterns; system, pumping into water main; reservoir cap 8,500 gals; cost to construct \$7,500. Mayor, A. B. Cone.

Brunswick, Glynn Co., population 10,000; fire area 2,000 acres; mercantile buildings, brick, concrete, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs are not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 single, 1 double hose wagon; hose, rubber good 2,500 ft; 6 horses, value \$1,000; value of fire department equipment \$12,000; value of buildings occupied \$4,000; total ann ex-

penses of department \$65,000; total membership 8, paid full time; Gamewell electric alarm; 22 street boxes. Chief engineer, John C. Green.

WATER SUPPLY—Source, artesian wells; system, pump to tank; cap of reservoir 150,000 gals; cap of standpipe 100,000 gals, dy cap 3,500,000 gals; 91 hydrants; pipe 15½ miles, 12, 6, 4 in dia; pressure, domestic 40, fire 80 pounds; works owned by company; cost to construct \$118,000; int on bonds \$12,000. Supt, W. E. Sutton.

Carrollton, Carroll Co., population 2,000; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, other apparatus, 24 rubber buckets; value of truck \$300.

WATER SUPPLY—No waterworks.

Cartersville, Bartow Co., population 3,171; fire area 100 acres; mercantile buildings, brick, 1 story; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, 1 hose wagon, 1,500 ft good cotton hose; value of department equipment \$3,000; total ann expenses of department \$50; total membership 65, all volunteers; bell alarm. Chief engineer, J. W. Alley.

WATER SUPPLY—Source, spring, 2 miles distant; system, pump to reservoir, cap 112,000 gals; pumping engines, dy cap 2,500,000 gals; hydrants 50; pipe 3 miles, 10 to 4 in dia; pressure 75 pounds; works owned by city; cost to construct \$88,000. Chairman of board, J. W. Alley.

Cedartown, Polk Co., population 3,500; fire area 3-4 sq mile; mercantile buildings, brick, 1 and 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds, 2 hose wagons; hose, cotton good 1,500 ft, inferior 300 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total membership 48, volunteers; bell alarm; total no of fire companies 3, 1 hook and ladder company, 2 hose companies. Chief engineer, J. A. Liddell.

WATER SUPPLY—Source, spring; system, standpipe; standpipe cap 227,000 gals; pumping engines, dy cap 2,000,000 gals; 50 hydrants; pipe 3½ miles, 4 to 12 in dia; pressure, fire 74 pounds; works owned by city; original cost to construct \$33,000; int on bonds 6 percent. Supt, O. W. Hallett.

Cochran, Pulaski Co., population 1,500; mercantile buildings, brick and frame, 1 and 2 stories. Fire department—1 steam fire engine, 1 hose carriage; hose, rubber good 800 ft; 1 building used. Chief, W. B. Watts.

WATER SUPPLY—Source, 3 large wells; system, pumping to cistern; cap of cistern 20,000 gals. Town clerk, R. L. Stokes.

Columbus, Muscogee Co., population 19,000; fire area 425 acres; mercantile buildings, brick, 1 to 4 stories; private, wood, 1 and 2 stories; wooden buildings not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 1 in reserve, 3 hose carriages, 1 hose wagon; hose, cotton good 6,000 ft; 15 horses, value \$2,800; value of fire department equipment \$29,000; value of buildings occupied \$25,000; total ann expenses of department \$16,700; volunteer members 125, paid full time 17; Gamewell alarm; 22 street boxes; 5 fire companies, 2 engine companies, 1 hook and ladder company, 2 hose companies. Chief engineer, Geo. J. Burrus; chairman of fire com, H. W. Bussey.

WATER SUPPLY—Source, creek 3 miles from city; system, gravity; cap of reservoirs 145,000,000 gals; standpipe cap 281,866 gals; 102 hydrants; pipe 20 miles, 6 to 12 in dia; service pipe 3-4 in galv iron; pressure 40 pounds; waterworks owned by company; cost to construct \$500,000; ann expenses \$6,000. Supt, M. H. Tuggle.

Conyers, Rockdale Co., population 1,500; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories. Fire department—1 hand engine, 1 hose carriage. Marshal, M. H. Austin.

WATER SUPPLY—Source, wells and tank; cap of tank 15,000 gals. (Works contemplated.)

Cordelle, Dooley Co., population 2,000; mercantile buildings, brick and wood, 2 stories; private,

wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 3,000 ft; total membership 21, volunteers; bell alarm. Chief engineer, W. N. Ray.

WATER SUPPLY—Source, Mineral springs, $\frac{1}{2}$ mile from town; system, pumping direct; pumping engines, dy cap 300,000 gals; 15 hydrants; pipe 5 miles, 4 to 8 in dia; pressure, domestic 80, fire 125 pounds; waterworks owned by city; original cost to construct \$14,000; expenses of construction to date \$16,000. Supt, F. M. Floyd.

Cuthbert, Randolph Co., population 3,000; use of firecrackers and fireworks prohibited; buildings, brick and stone, 1 to 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 chemical engines, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,500 ft, inferior 1,600 ft; value of fire department equipment \$12,000; total ann expenses of department \$3,000; total membership 150, volunteers; bell alarm. Chief engineer, Chas. Taunton.

WATER SUPPLY—Source, creek and 5 cisterns, cap cisterns 77,000 gals dy.

Dahlonega, Lumpkin Co.

WATER SUPPLY—Source, wells, springs and canal; hand fire pumps.

Dalton, Whitfield Co., population 3,046; mercantile buildings, brick and frame, 1 to 3 stories. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, cotton inferior 1,300 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,350; total ann expenses of department \$150; total membership 48, volunteers; bell alarm; total no of fire companies 3. Chief engineer, Frank Maul.

WATER SUPPLY—Source, ground springs; system, pumping to standpipe; reservoir cap 116,800 gals; standpipe cap 188,000 gals; pumping engines, dy cap 1,000,000 gals; 45 hydrants; pipe 6 miles, 4 to 10 in dia; pressure 62 $\frac{1}{2}$ pounds; waterworks owned by city; original cost to construct \$35,000; expenses of construction to date \$37,600; ann expenses \$1,500; int paid on bonds \$1,500. Supt, C. G. Spencer.

Darien, McIntosh Co., population 1,491; mercantile buildings, brick, 1 story; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,900 ft; value of fire department equipment \$4,500; total membership 15, paid full time 1, paid part time 14; bell alarm. Chief engineer, A. Bailey.

WATER SUPPLY—Source, river, artesian wells, 1 reservoir; reservoir cap 28,000 gals. Mayor, Jas. Walker.

Dawson, Terrell Co., population 3,000; fire area 1,440 sq ft; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 1 and 2 stories; fireworks ordinance; causes of fire investigated; wooden roofs not permitted. Fire department—1 steam fire engine, 1 chemical engine on wheels; 2 hose carriages; hose, rubber good 1,200 ft; value of fire department equipment \$6,000; 1 building owned, \$800; total membership 75, volunteers; bell alarm. Chief, A. J. Baldwin.

WATER SUPPLY—Source, springs and streams; system, pumping to standpipe; standpipe cap 75,000 gals; pumping engines, dy cap 1,000,000 gals; 50 hydrants; pipe 5 3-4 miles, 4 to 8 in dia; pressure 55 pounds; works owned by company; cost to construct \$35,000. Supt, J. A. Harsley.

Elberton, Elbert Co., population 2,250; fire area 1 sq mile; buildings, stone and brick, 2 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck; value of fire department equipment \$500; value of buildings occupied \$1,200; ann expenses \$150; total membership 40; bell alarm. Chief, R. J. Spaun.

WATER SUPPLY—Source, wells and springs.

Forsyth, Monroe Co., population 920; mercantile buildings, brick and wood, 1 story; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Source, wells and springs. Mayor, W. E. Sanders.

Fort Gaines, Clay Co., population 1,600; fire

area 15 acres; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$15,000; total membership 50, volunteer; bell alarm; fire companies 2. Chief engineer, J. E. Peterson.

WATER SUPPLY—Source, artesian wells; system, pump to tank, cap 22,000 gals; pumping engines, dy cap 220,000 gals; 9 hydrants; pipe 2 miles, 6 in dia; pressure 70 pounds; cost to construct \$7,500; ann expenses \$300. Supt, P. B. Williams.

Fort Valley, Houston Co., population 1,752; mercantile buildings, brick, 1 and 2 stories; wooden roofs not permitted in fire limits. No fire department.

WATER SUPPLY—Source, springs, 3 miles east of city; system, direct to mains, surplus to tank; cap tank 50,000 gals; dy cap of pump 400,000 gals; 18 hydrants; mains 10 miles, 4 to 10 in dia; pressure 60 to 75 pounds; works owned by city; cost to construct \$25,000. Supt, F. O. Miller.

Gainesville, Hall Co., population 3,202; fire area 10 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,200 ft, inferior 500 ft, leather good 500 ft; value of fire department equipment \$8,000; total ann expenses of department \$800; total membership 95, all volunteers; bell alarm; 3 fire companies. D. J. Evans.

WATER SUPPLY—Source, spring 2 1-2 miles north; system, pumping to standpipe; standpipe cap 120,000 gals; pumping engines, dy cap 700,000 gals, Deane; 30 hydrants, Ludlow; pipe 6 miles, 4 to 10 in dia; pressure, domestic 65, fire 150 pounds; waterworks owned by city; original cost to construct \$32,000; expenses of construction to date \$35,000.

Greensboro, Green Co., population 1,313; mercantile buildings, brick, 2 stories; private, wood, 2 stories; roofs principally metallic; fireworks ordinance. Fire department—1 hook and ladder truck; 22 volunteer members; 1 hook and ladder company. Chief engineer, Ben Brown.

WATER SUPPLY—Source, wells.

Grimm, Spaulding Co., population 6,000; fire area 100 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 1 aerial truck, 6 hose carriages, all kinds; hose, rubber good 1,800 ft, inferior 200 ft; value of fire department equipment \$16,000; value of buildings occupied \$2,000; total membership 150, paid full time 3; an alarm to be put in at once. Chief engineer, M. F. Morris.

WATER SUPPLY—Source, spring located 1 mile from city; system, use pump from reservoir; reservoir cap 250,000 gals; pumping engines, dy cap 1,000,000 gals each; 44 hydrants; pipe 6 miles, 4, 6 & 8 in dia; pressure, domestic 40 to 50, fire 70 to 80 pounds; waterworks owned by company; cost to construct about \$30,000; ann expenses \$2,000. Supt, Henry C. Burr.

Hawkinsville, Pulaski Co., population 2,500; fire area 250 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 1,500 ft, inferior 500 ft; value of fire department equipment \$5,000; value of buildings occupied \$2,000; total ann expenses of department \$300; total membership 60, volunteers; bell alarm; 2 fire companies, 1 engine company, 1 hook and ladder company. Chief engineer, E. J. Henry.

WATER SUPPLY—Source, artesian wells; cap of reservoir 90,000 gals; 25 hydrants; pipe 3-4 miles, 2-4 in dia; works owned by city; cost to construct \$6,000.

LaGrange, Troupe Co., population 4,000; fire area 700 acres; mercantile buildings, stone and brick, 1 to 3 stories; private, wood; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,500 ft; value of fire department equipment

\$2,000; value of buildings occupied \$3,500; total membership 31, volunteers; bell alarm. Chief engineer, R. J. Guinn; chairman of fire com, J. E. Toole.

WATER SUPPLY—Source, Blue Johns creek; system, pumping to standpipe; reservoir cap 150,000 gals; standpipe cap 123,710 gals; pumping engines, dy cap 1,000,000 gals; 79 hydrants, Ludlow; pipe 6½ miles, 4 to 8 in dia; pressure, domestic 65, fire 85 pounds; waterworks owned by American Pipe Mfg Co.; ann expenses \$1,500. Supt, D. M. Winerman.

Macon, Bibb Co., population 22,746; mercantile buildings, brick and stone, 2 to 5 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 chemical engine on wheels, 3 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 4 hose carriages; hose, rubber good 4,900 ft; 19 horses, value \$4,500; value of fire department equipment \$16,600; value of buildings occupied \$25,000; total ann expenses of department \$40,000; total membership 46, paid full time; Gamewell alarm; 39 street boxes. Chief engineer, L. M. Jones.

WATER SUPPLY—Source, springs and river; system, pumping to reservoir and standpipe; reservoir cap 2,500,000 gals; standpipe cap 72,000 gals; pumping engines, dy cap 5,000,000 gals, Worthington; 200 hydrants; pipe 35 miles, 4 to 20 in dia; service pipe galv iron; pressure 45 pounds; waterworks owned by company; expenses of construction to date \$476,679. Supt, W. A. Jeter.

Madison, Morgan Co., population 3,000; fire area 1,000 yards; mercantile buildings, brick, slate and tin roofs, 2 stories; private, frame, 2 stories; fireworks ordinance. Fire department—1 chemical engine on wheels, 2 chemical hand extinguishers, 1 hook and ladder truck, 38 rubber buckets; value of fire department equipment \$1,250; value of buildings occupied \$3,500; total membership 70; bell alarm. Chief, C. B. Markham.

WATER SUPPLY—Source, wells. Mayor, E. W. Butler.

Marietta, Cobb Co., population 3,384; buildings, brick, 1, 2 and 3 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 chemical hand extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,500 ft, inferior 200 ft; value of fire department equipment \$8,500; 1 building rented at \$200 per year; total ann expenses of department \$400; total membership 85, volunteers. Chief engineer, C. P. Stephens.

WATER SUPPLY—Source, 7 cisterns filled from buildings, pumps, cap of each 15,000 gals; also 1 of 40,000 gals and 2 of 30,000 gals.

Milledgeville, Baldwin Co., population about 4,000; fire area 25 acres; mercantile buildings, brick, metal roofs in fire district, 2 stories; private, frame, 2 and 3 stories; fireworks ordinance; wooden roofs not permitted. Fire department—1 hand engine, 1 hook and ladder truck with buckets, 4 hose carriages; hose, rubber good 950 ft, cotton good 150 ft; value of fire department equipment \$2,400; value of buildings occupied \$600; ann expenses \$4, \$1,150; 65 volunteer members; bell alarm. Chief Joseph Staley.

WATER SUPPLY—Source, Fishing creek 2 miles distance; system, pumping to standpipe; reservoir cap 150,000 gals; standpipe cap 150,000 gals; pumping engines, dy cap 1,500,000 gals; hydrants 70; pipe 7 miles, 4 to 10 in dia; pressure 65 pounds; waterworks owned by company; original cost to construct \$90,000; beside above works 5 cisterns in business part. Supt, J. F. Wilson.

Montezuma, Macon Co., population 708; fire area 1 mile; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages; hose, cotton good 600 ft, inferior 400 ft, rubber good 1,000 ft; value of fire department equipment \$5,000; value of buildings occupied \$500; total ann expenses of department \$224; total membership 40, volunteers, 2 paid; night watch alarm; 2 companies. Chief, R. O. Ingram. Hose reel has been ordered.

WATER SUPPLY—Source, 7 artesian wells and creek; cisterns, cap 100,000 gals; 3 fire plugs.

Norcross, Gwinnett Co., population 713; mercantile buildings, frame and brick. Fire department—1 hook and ladder truck.

WATER SUPPLY—Source, wells. Mayor, J. M. Holbrook.

Perry, Houston Co., population 1,500; fire area 700 to 800 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted, all new bids must be brick in business portion; fireworks ordinance. No fire department.

WATER SUPPLY—Source, wells and creek. Waterworks proposed.

Quitman, Brooks Co., population 3,000; fire area 10 acres; mercantile buildings, brick, iron and wood, 2 stories. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 350 ft, poor 250 ft, rubber good 400; 2 horses, value \$400; value of fire department equipment \$3,500; total ann expenses of department \$250; total membership 20, volunteers; 1 fire company. Chief engineer, S. A. Remington.

WATER SUPPLY—Source, 5 cisterns, pumping from wells to cistern. Have bonded town for works.

Rome, Floyd Co., population 8,000; fire area 150 acres; mercantile buildings, brick, 2, 3 and 4 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 5 chemical extinguishers, 1 aerial truck, 6 hose carriages, hand, 2 hose wagons; hose, cotton good 2,500 ft, rubber good 1,000 ft, inferior 400 ft; 6 horses, value \$1,500; value of fire department equipment \$10,000; value of buildings occupied \$10,000; total ann expenses of department \$7,500; total membership 200, paid full time 6, paid part time 3; volunteer members 191; Gaynor alarm; 22 street boxes. Chief engineer, J. D. Hanks.

WATER SUPPLY—Source, river; system, pumping to reservoir; reservoir cap 3,000,000 gals; 2 pumping engines, dy cap 5,000,000 gals; 107 hydrants; pipe 12 miles, 4 to 16 in dia; pressure 80 pounds; waterworks owned by city; original cost to construct \$100,000; expenses of construction to date \$200,000; ann expenses \$6,000. Supt, L. J. Wagner.

Roswell, Cobb Co., population 1,138; mercantile buildings, frame and brick; no fire department; water buckets and hand grenades.

WATER SUPPLY—Source, wells.

Savannah, Chatham Co., population 60,668; fire area 4,000 acres; mercantile buildings, brick and wood, 2 to 6 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—5 steam fire engines, 1 chemical engine, double tank, 10 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 8 hose carriages, all kinds, 4 hose wagons, 2 supply wagons, 2 coal carts; hose, rubber good 1,500 ft, cotton good 8,500 ft; 33 horses, value \$9,500; value of fire department equipment \$91,000; value of buildings occupied \$23,000; total ann expenses of department \$55,958; total membership 60, paid full time 60; Gamewell electric alarm; 67 street boxes; 9 fire companies, 6 engine companies, 2 hook and ladder companies, 1 hose company. Chief engineer, Wm. B. Puder.

WATER SUPPLY—Source, 12 artesian wells; system, pumping to standpipe; standpipe cap 188,000 gals; 2 pumping engines, dy cap 10,000,000 gals each, Holly; 429 hydrants; pipe 42 miles, 4 to 42 in dia; service pipe lead and iron; pressure 40 pounds; waterworks owned by city; original cost to construct \$450,000; ann expenses \$40,000. Supt, James Manning.

Tallapoosa, Haralson Co., population 2,000; mercantile buildings, wood, 3 stories; private, wood, 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 aerial trucks, 2 hose carriages, all kinds, 2 hose wagons; hose, cotton good 2,000 ft; value of fire department equipment \$2,500; value of buildings occupied \$500; total ann expenses of department \$500; total membership 60, paid full time 42, volunteer members or call men 14; bell alarm. Chief engineer, U. G. Brock.

WATER SUPPLY—Source, brook fed by springs; system, pumping to standpipe; standpipe cap 131,000 gals; Worthington pumping engines, dy cap, 2 pumps, 1,000,000 gals each; 46 hydrants, Ludlow; pipe 4½ miles, 12 to 4 in dia, Anniston; 28 valves, Ludlow; pressure 40 to 50 pounds; works owned

by company; cost to construct \$50,000; ann expenses \$5,000. Supt. M. A. Green.

Thomaston, Upson Co., population 1,500; mercantile buildings, brick, 1 story; private, wood, 2 stories; wooden roofs not permitted; no fireworks ordinance. No fire department—buckets.

WATER SUPPLY—Source, wells.

Thomasville, Thomas Co., population 5,514; fire area 20 acres; mercantile buildings, brick, 2 stories; private, frame, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 2,000 ft; value of fire department equipment \$8,500; value 2 buildings owned by department \$400; total ann expenses of department \$530; total membership 125, volunteers; bell alarm. Chief, C. P. Hansell.

WATER SUPPLY—Source, artesian wells; system, gravity and pumping to standpipe; standpipe cap 25x100 ft; pumping engines, dy cap 300,000 gals; 87 hydrants; pipe 4 miles, 4 to 8 in dia; pressure 42 pounds; cost to construct \$25,000; ann expenses \$6,000. Supt. E. O. Thompson.

Thomson, McDuffie Co., population 950; fire area 2,500 acres; mercantile buildings, brick and wood; private, 1 story; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine; 1 hook and ladder truck, 2 hose carriages, all kinds; hose, inferior 300 ft, cotton good 950 ft, inferior 500 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total ann expenses of department \$200; total membership 40, paid part time 1, volunteer members 39; bell alarm. 1 hook and ladder company. Chief engineer, W. R. Hadley.

WATER SUPPLY—Source, wells and 20 cisterns, cap 18,000 gals each. Mayor, J. L. Holzendorf.

Tybee, Chatham Co., population estimated at 500; buildings, wood, 1 and 2 stories; wooden roofs permitted. A summer resort. The town has a Babcock chemical extinguisher and hand grenades. Hotels and many of the cottages are provided with grenades, also 3-4 in rubber hose connected with faucets.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir, cap 12,000 gals; tank cap 25,000 gals; dy cap 60,000 gals; 60 hydrants; pipe about 3 miles, 1, 3 and 4 in dia, different kinds; works owned by company; cost to construct about \$8,000; ann expenses \$100. Supt. Jno. G. Butler.

Valdosta, Lowndes Co., population 4,000; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs are not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages, all kinds; hose, cotton good 1,500 ft, inferior 250 ft;

2 hoses, value \$350; value of fire department equipment \$5,000; value of buildings occupied \$1,000; total ann expenses of department \$500; total membership 65, volunteers. Chief engineer, A. F. Holt.

WATER SUPPLY—Source, artesian wells; system, direct into mains; pumping engines, dy cap 360,000 gals; 30 hydrants; pipe 7 miles, 8 to 4 in dia; waterworks owned by city; cost to construct \$35,000.

Washington, Wilkes Co., population 2,631; buildings, wood, 2 stories. Fire department—1 hook and ladder truck; membership 20, volunteers.

WATER SUPPLY—Source, spring.

Waycross, Ware Co., population 5,000; fire area 80 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 2 hose reels, hose, linen (rubber lined) 1,000 ft good; value of fire department equipment \$2,800; total membership 50, volunteers; bell alarm. Chairman of water com. H. W. Reed.

WATER SUPPLY—Source, artesian wells; system, gravity, pumping direct to standpipe; standpipe cap 280,000 gals; pumping engines, dy cap 180,000; 65 hydrants; pipe 8 3-4 miles, 12, 8 to 4 in dia; pressure 52 pounds; waterworks owned by city; cost to construct \$37,000; ann expenses \$1,000. Supt and engineer, H. W. Reed.

Waynesboro, Burke Co., population 2,200. No fire department; mercantile buildings, brick, 2 stories; private, pine wood, 2 stories; wooden roofs permitted; no fireworks ordinance.

WATER SUPPLY—Source, wells; system, pumping to standpipe; reservoir cap 15,000 gals; standpipe cap 1,000 gals; pumping engines, dy cap 40,000 gals; pipe 2 miles; pressure, domestic 14 pounds; waterworks owned by W. A. Wilkins; ann expenses \$1,000. Supt. K. A. Johnson.

West Point, Troupe Co., population 1,254; fire area 50 acres; mercantile buildings, brick, metal roofs, 1 and 2 stories; private, frame, 1 and 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose, rubber good 800 ft, inferior 300 ft; value of fire department equipment \$1,500; value of buildings owned \$500; total membership 25, volunteers, paid 3. Chief engineer, W. G. Shaefer.

WATER SUPPLY—Source, river, 2 cisterns, cap of cisterns 25,000 and 35,000.

Places having a population of 1,000 and upward that have no fire protection: Dahlonaga, Lumpkin Co., population 1,000; Eatonton, Putnam Co., population 2,000; Jackson, Butts Co., population 1,500; Jonesboro, Clayton Co., population 1,000; Waynesville, Burke Co., population 834.

IDAHO.

Albion, Cassia Co., population 545; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. No organized department—hose, rubber good 500 ft, poor 40 ft; bell alarm.

WATER SUPPLY—Source, wells and streams; pumps.

Bellevue, Logan Co., population 802; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hose carriage, ladders and hooks; hose, cotton good 100 ft, rubber good 600 ft; value of fire department equipment \$2,000; total ann expenses of department \$250; all volunteers; bell alarm. Chief engineer, F. J. McGuinness.

WATER SUPPLY—Source, mountain stream; system, gravity; reservoir cap 700 gals; hydrants 8; 7 1/2 miles, 2 1/2 to 12 in dia; pressure 60 pounds; works owned by company; original cost to construct \$16,000; expenses of construction to date \$17,600; ann expenses \$600. Supt. M. H. Williams.

Boise City, Ada Co., population 5,500; fire area 30 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 2 chemical extinguishers, 2 hook and ladder trucks, 4 hose carriages all kinds; hose, rubber good 2,000 ft, inferior 500 ft; value

of fire department equipment \$12,000; value of buildings occupied \$10,000; total ann expenses of department \$2,000; total membership 150, volunteers; Gamewell alarm; street boxes 10. Chief engineer, E. B. Tore.

WATER SUPPLY—Source, artesian wells; 2 hot wells and 6 cold wells; system, gravity; 3 reservoirs, cap of each 550,000, 100,000 and 10,000 gals; 55 hydrants; pipe 14 miles, 8 to 13 in dia; pressure 65 pounds; works owned by Artesian Hot and Cold Water Co; cost to construct \$157,000; cost to date \$225,000; ann expenses \$3,500. H. B. Eastman, mgr.

Coeur d' Alene, Kootenai Co., population 1,000; mercantile buildings, wood and brick, 1 story; private, wood, 1 story; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carts, 8 ladders, hooks, axes etc; hose, 500 ft rubber, 500 ft cotton good, 300 ft poor; value of equipment \$1,500; value of buildings occupied \$100; membership 20, volunteers. Chief, W. B. MacFarland.

WATER SUPPLY—Source, Lake Coeur d' Alene; system, pumping to reservoir and direct; reservoir cap 39,000 gals; pumping engines, dy cap 1,281,600 gals; 18 hydrants; pipe 2 1-4 miles, 3 to 6 in dia; pressure, domestic 35 to 40, fire 125 pounds; works owned by company; original cost to construct \$18,800; Supt. C. A. De Saussure. Co. will issue bonds at early date to improve works.

Eagle Rock, (See Idaho Falls).

Genesee, Latah Co., population 1,200; fire area 120 acres; mercantile buildings, brick and wood, 1½ and 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. No fire department. A good bucket brigade. W. J. Herman.

WATER SUPPLY—Source, wells. R. Pickering, village clerk.

Hailey, Alturo Co., population 1,073; fire area 100 acres; mercantile buildings, brick, 1 story; private, wood, 1 story; wooden roofs not permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage, 3 hooks, 5 ladders; hose, cotton good 1,000 ft, inferior 1,000 ft; value fire department equipment \$1,000; total membership 20, volunteers; bell alarm. Chief engineer, C. H. Harvey.*

WATER SUPPLY—Source, creek 2½ miles away; system, hydraulic; reservoir cap 250,000 gals; 7 hydrants; pipe 2½ miles, 7 in dia; 10 valves; service pipe 3-4 in iron; pressure, domestic 25, fire 45 pounds; works owned by company; original cost to construct \$15,000; expenses of construction to date \$35,000; ann expenses \$1,500. Supt, W. S. Riley.

Idaho Falls, Bingham Co., population 1,000; fire area 1 sq mile; mercantile buildings, brick, stone and wood, 1 to 3 stories; private, stone and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, rubber good 200 ft, cotton good 300 ft; value of fire department equipment \$300; value of buildings occupied \$200; total membership 18, volunteer; bell and whistle alarm. Chief engineer, W. W. Keefer.*

WATER SUPPLY—Source, river; system, pump to reservoir and direct into mains, caps 70,000 gals; Knowles pumping engines, dy cap 120,000 gals; 5 hydrants; pipe 2½ miles, 5 to 1½ in dia; 10 valves, Chapman; quality of water pure; pressure, domestic 10 to 20, fire 120 pounds; works owned by company; cost to construct \$10,000. Supt, W. H. B. Crown; mayor, S. F. Taylor; city clerk, Robt. R. Winn.*

Ketchum, Alturo Co., population 600; fire area 7 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, wood and brick, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, hose, rubber good 1,300 ft; value of fire department equipment \$3,000; total membership 23, volunteers; bell alarm. Chief engineer, William Greenhow.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 100,000 gals; 8 hydrants; pipe 3 miles, 4 to 8 in dia; works owned by Co., cost to construct \$12,000; ann expenses \$500; pressure 50 to 60 pounds. Supt, T. J. Lewis.

Lewiston, Nez Perce Co., population 1,500; mercantile buildings, brick, stone and wood, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carts, 1,000 ft of hose; value of fire department equipment \$3,000; total membership 100, all volunteers. Chief, C. F. Leland.

WATER SUPPLY—Source, Clearwater river; system, pump to reservoir and direct; 1,200,000 gals cap of reservoir; Knowles pumping engines, dy cap 1,500,000 gals; hydrants 17; pipe 7 miles, 4 to 12 in dia; pressure 97 pounds; works owned by company; cost to construct \$100,000. Supt, W. A. Smith.

Moscow, Latah Co., population 4,000; mercantile buildings, brick, stone and iron, 3 stories;

private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire pumps, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 2,500 ft; value of fire department equipment \$8,000; value of buildings occupied \$3,500; total ann expenses of department \$8,000; total membership 75, paid; bell and whistle alarm; total no of fire companies 3. Chief engineer, G. Weber.

WATER SUPPLY—Source, 5 wells; system, pumping to standpipe and direct; standpipe cap 92,800 gals; pumping engines, dy cap 1,152,000 gals; 42 hydrants; pipe 4 miles, 4, 6 and 8 in dia; pressure, domestic 70 to 80, fire 80 to 130 pounds; works owned by city; original cost to construct \$16,000, expenses of construction to date \$38,000; ann expenses \$5,000. Engineer, F. J. Lamb.

Mullan, Shoshone Co., population 818; buildings, brick and wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance.

WATER SUPPLY—Source, Milk creek; system, gravity; reservoir cap 24,000 gals; hydrants 7; pipe 8 and 5 in dia, 1½ miles; 14 valves; pressure 125 pounds; cost to construct \$13,000; ann expenses \$400. Supt, A. M. Strode.

Murray, Shoshone Co., population 450; fire area about 50 acres; mercantile buildings, wood, 2 stories; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,100 ft; value of fire department equipment \$2,100; value of buildings occupied \$150; total ann expenses of department \$50; total membership 30, all volunteers; bell alarm; 2 hose companies. Chief engineer, C. N. Ferguson.

WATER SUPPLY—Source, mountain stream; system, gravity; reservoir cap 68,000 gals; 4 hydrants; pipe 1,000 ft, 6 to 4 in dia; pressure, domestic 152 ft, fire 152 ft; works owned by company; original cost to construct \$8,000; ann expenses \$200. Pres and supt, Adam Aulbach.

Pocatello, Bingham Co., population 4,000; fire area ½ sq mile; mercantile buildings, wood, brick and stone, 1 to 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,000 ft, rubber good 700 ft; 2 horses value \$300; value of fire department equipment \$4,000; value of buildings occupied \$3,250; total ann expenses of department \$1,000, for past year; 2 paid part time; volunteer members 45; Union Pacific fire alarm; street boxes 12. Chief engineer, A. Miller.

WATER SUPPLY—Source, streams, 10 miles S. W. of city; system, gravity; 2 reservoirs, cap 3,300,000 gals; hydrants 32; pipe 6½ miles, 4, 6 and 10 in dia; pressure, domestic 117, fire 117 pounds; works owned by company; original cost to construct \$100,000; expenses of construction to date \$85,000; ann expenses \$2,500; works leased by Caldwell & Caldwell.

Wardner, Shoshone Co., population 1,500; fire area 5 blocks; buildings, wood, 1 story; wooden roofs are permitted; fireworks ordinance. Fire department—2 hand hose carts; hose, rubber good 1,500 ft, cotton inferior 800 ft; value of fire department equipment \$2,500; value of buildings occupied \$400; membership 20, volunteers; bell alarm. Chief, Adam Goettge.

WATER SUPPLY—Source, creek and springs; system, gravity; reservoir cap 75,000 gals; 6 hydrants; pipe 2 miles, 8 in and under dia; 23 valves; pressure 51 to 83 pounds, fire same; works owned by Alex. Monk; original cost to construct \$15,000; expenses of construction to date \$20,000; ann expenses \$1,200. Supt, Jno. Van Allen.

ILLINOIS.

Abingdon, Knox Co., population 1,321; fire area 160 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs are permitted, fireworks ordinance. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 550 ft; value of fire department equipment \$1,750; value of buildings occupied \$1,950; total membership 40, volunteers; bell alarm. Chief engineer, James Bellwood.*

WATER SUPPLY—Source, wells and large cisterns.

Aledo, Mercer Co., population 2,000; mercantile buildings, brick, 2 stories; private, dwellings wood, 1½ stories; roofs, iron and tin. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 2,000 ft; total membership 30, volunteers; bell alarm. Chief engineer, B. F. Barnes.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; cap 45,000 gals; pumping engines dy cap 35,000 gals; hydrants 38; pipe 3 miles, 6 to 4 in dia; valves 12; pressure; domestic 20, fire 40 pounds; works owned by city; original

cost to construct \$221,000; expenses of construction to date \$27,000. Supt. Rob't Candor.

Alexia, Warren Co., population 582; mercantile buildings, brick and wood, 2 stories; private, same; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, portable tank; hose, rubber good 150 ft; value of fire department equipment \$400; value of buildings occupied \$200; total ann expenses of department \$70; total membership 30, volunteers; bell alarm. Chief engineer, A. Weed.*

WATER SUPPLY—Source, wells. Mayor, W. H. Brown.*

Alton, Madison Co., population 14,000; fire area 2,800 acres; mercantile buildings, brick, 2 to 4 stories; private, brick and wood, 1 to 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, cotton good 2,000 ft, inferior 300 ft, rubber good 2,500 ft, inferior 150 ft; 6 horses, value \$1,300; value of fire department equipment \$13,000; value of buildings occupied \$10,000; total ann expenses of department \$8,500; total membership 220, paid full time 6, paid part time 6; Gamewell alarm; street boxes 10; 3 fire companies. Chief engineer, A. McDonald.

WATER SUPPLY—Source, Mississippi river; system, pumping to standpipe; standpipe cap 700,000 gals; pumping engines dia cap 2,500,000 gals; hydrants 125; pipe 24½ miles, 4 to 8 in dia; 65 valves; service pipe, lead; pressure, domestic 95, fire 95 to 125 pounds; works owned by company. Supt. F. A. Taylor.

Amboy, Lee Co., population 2,257; fire area 20 acres; mercantile buildings, brick and stone, 2 stories; private, wood. Fire department—1 steam fire engine, 20 chemical extinguishers, 2 hose carriages; hose, rubber good 600 ft, inferior 400 ft; value of fire department equipment \$7,000; value of building occupied \$4,000; total ann expenses of department \$1,000; total membership 22, paid part time, 21; bell alarm. Chief engineer, W. A. Gurn.

WATER SUPPLY—Source, wells and hydrants, supplied from tanks of railroad company; a complete system with standpipe is contemplated. City clerk, M. Monahan.

Arcola, Douglas Co., population 2,100; fire area 600 acres; mercantile buildings, brick, stone and wood, 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 12 chemical extinguishers, hooks, ladders and rubber buckets, 1 hose carriage; hose, cotton good 800 ft; value of fire department equipment \$1,000, value of buildings occupied \$1,800; total ann expenses of department \$50; total membership 30, volunteers. Chief engineer, M. T. Quirk.

WATER SUPPLY—Source, well; system, direct to mains back up to standpipe; standpipe cap 50,000 gals; 24 hydrants; pipe, 2½ miles, 6, 4, 4 in dia; pressure, domestic 45, fire 70 pounds; waterworks owned by city; cost to construct \$10,700; cost to date \$14,000; ann expenses \$500. Supt. W. Lough.

Atlanta, Logan Co., population 1,200; fire area 10 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted. No fire department.*

WATER SUPPLY—Source, well 17½ ft deep; standpipe cap 46,000 gals; pumping engines, dy cap 25,000 gals; 2 hydrants; pipe 1½ miles, 5 to 1 in dia; 6 valves; quality of water soft; pressure 15 pounds; cost to construct \$10,000. Mayor, S. Noider; town clerk, T. Laden.

Augusta, Hancock Co., population 1,500; mercantile buildings, brick, 1 to 3 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance; bucket brigade. Fire department—ladders and buckets. Fire warden, John Stormee.

WATER SUPPLY—Source, wells.

Aurora, Kane Co., population 25,000; fire area 2 miles; mercantile buildings, brick and stone, 3 to 5 stories; private, brick and wood, 2½ to 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 chemical engine on wheels, 4 chemical extinguishers, 1 aerial truck, 1 hook and ladder truck, 4 hose car-

riages; hose, cotton good 7,000 ft; 11 horses, value \$2,200; value fire department equipment \$15,350; value of buildings occupied \$25,000; total membership 34, paid full time 12, paid part time 22; electric alarm; 53 boxes. Chief engineer, A. Schoeberlain.

WATER SUPPLY—Source, artesian well; system, pumping to standpipe; standpipe cap 250,000 gals, pumping engines, dy cap 4,000,000 gals, Dean; 365 hydrants; pipe 37 miles, 4 to 16 in dia; lead service pipe; pressure, domestic 70, fire 110 pounds; works owned by city; original cost to construct \$167,000; expenses of construction to date \$280,000; ann expenses \$9,085.14. Supt. M. N. Corbett

Barry, Pike Co., population 2,000; fire area 180 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck 2 hose carriages; 2 chemical extinguishers; hose, cotton good 1,500 ft. Chief engineer, B. McConnell.

WATER SUPPLY—Source, artesian well; system, pumping to tank and direct; cap of tank 1,300 bbls, cap of pump per hour 500 bbls; pipe 1-2 mile, 8 to 4 in dia; cost to construct \$15,000; cost to date \$18,000; ann expenses \$500; 5 hydrants; pressure, domestic 25, fire 40 pounds; works owned by city. Supt. John Wassell.

Batavia, Kane Co., population 4,000; fire area 2,200 acres; mercantile buildings, wood and stone, 3 stories; private, same, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 20 chemical extinguishers, 1 hose carriage, siamese couplings; hose, rubber good 700 ft; whistle alarm.

WATER SUPPLY—Source, Fox river, wells and cisterns. Waterworks contemplated.

Beardstown, Cass Co., population 6,000; fire area 700 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds, 1 hose wagon; hose, rubber good 1,500 ft, cotton good 200 ft; value of fire department equipment \$3,500; value of buildings occupied \$1,000; total ann expenses of department \$500; total membership 40, volunteer; bell alarm. Chief engineer, M. J. Ratinau.

WATER SUPPLY—Source, wells; system, pumping to standpipe; reservoir cap 48,000 gals; standpipe cap 48,000 gals; dy cap 7,500,000 gals; pumping engines; 68 hydrants; pressure, domestic 65 pounds, fire 125 pounds; waterworks owned by city; original cost to construct \$38,000; expenses of construction to date \$2,000; ann expenses \$1,000; int on bonds \$1,000. Supt. F. W. Swerer. System is connected with C. B. & Q. R. R. water system which gives extra fire pressure.

Belleville, St. Clair Co., population 18,000; fire area 250 acres; mercantile buildings, brick and stone, 2 to 5 stories; private, brick, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages, all kinds; hose, rubber good 3,500 ft, rubber inferior 1,000 ft; 9 horses, value \$1,400; value of fire department equipment \$30,000; value of buildings occupied \$18,000; total ann expenses of department \$7,500; total membership 17, paid full time 3, paid part time 12; telephone alarm. Chief engineer, Wm. Nebgen.

WATER SUPPLY—Source, Richland creek; system, pumping to standpipe and direct; reservoir cap 250,000,000 gals; standpipe cap 180,000 gals; dy cap 2,500,000 gals; Worthington pumping engines; 112 hydrants; pipe 15½ miles, 4 to 14 in dia; pressure, domestic 40, fire 140 pounds; works owned by company; original cost to construct \$175,000; expenses of construction to date \$215,000. Supt. M. T. Stookey.

Belvidere, Boone Co., includes west Belvidere population 4,500; mercantile buildings, stone, brick and wood, 2 stories; private, wood, 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose, 1,200 ft cotton good, 600 rubber 17 volunteers. Chief engineer, F. H. Dixon.*

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe & direct; reservoir cap 72,000 gals; standpipe cap 42,000 gals; 2 pumping engines, dy cap 1,000,000 gals each, Deane; hydrants 77; pipe 8 miles, 4, 6, 8 and 10 in dia; service pipe galv iron; pressure, domestic 60 to 70, fire 120 pounds; works owned by city; original cost to con-

struct \$30,000; expenses of construction to date \$40,000; ann expenses \$2,100. Supt, E. E. Spooner.

Bement, Platt Co., population 1,400; fire area 20 acres; mercantile buildings, brick, 2 stories; private, wood, 1 1-2 to 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, hook and ladders and buckets; hose, rubber good 300 ft; value of fire department equipment \$800; value of buildings occupied \$500; volunteer dept. Chief engineer, Wilber Hammond.

WATER SUPPLY—Source, not reported.

Biandinsville, McDonough Co., population 1,693; fire area 200 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. No organized department—1 chemical engine; 60 ft good rubber hose.

WATER SUPPLY—Source, 6 wells.

Bloomington, McLean Co., population 20,048; fire area 125 acres; mercantile buildings, brick, 3 stories; private, wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance, causes of fire investigated. Fire department—2 steam fire engines, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 2,400 ft, rubber inferior 500 ft; 11 horses, value 2,200; value of fire department equipment \$35,000; value of buildings occupied \$40,000; total ann expenses of department \$23,887.13; total membership 21, paid full time 21; Gamewell alarm; street boxes 37; 4 fire companies, no of engine companies 1; 1 hook and ladder company, 2 hose companies. Chief engineer, James O'Neal.

WATER SUPPLY—Source, 17 wells, 2 miles from city; system, pumping to standpipe and direct standpipe cap 75,000 gals; pumping engines, dy cap 3,000,000 gals, hydrants 255, pipe, 22 miles, 4 to 10 in dia, 150 valves, service pipe lead; pressure, domestic 75, fire 125 pounds; works owned by city; original cost to construct \$100,000; expenses of construction to date \$230,000; ann expenses \$10,000. Supt, H. W. Schmitt.

Blue Island, Cook Co., population 6,000; mercantile buildings, wood, 2 stories; private, same; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hook and ladder trucks, 2 hose carriages; hose, rubber good 800 ft; value of fire department equipment \$2,500; value of buildings occupied \$10,000; total membership 44, volunteer; bell alarm. Marshall, William Schreiber.*

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; reservoir cap 48,000 gals; pumping engine, dy cap 1,350,000 gals; hydrants 100, pipe 9 miles, 10 and 6 in dia, 22 valves, pressure, domestic 25, fire 120 pounds; works owned by village; original cost to construct \$40,000; ann expenses \$6,000, including electric plant. Chairman of com, J. F. Rehm; supt, A. C. Boeber.*

Braceville, Grundy Co., population about 2,000; fire area 40 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 stationary direct pressure pumps, 1 chemical engine on wheels; 1 hook and ladder truck, 1 hose carriage; hose, rubber good 800 ft, cotton good 300 ft; value of buildings occupied \$1,500; total ann expenses of department \$800; total membership 36, paid full time 1, volunteer members 35; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Fire Marshall, Robt. Milnes.

WATER SUPPLY—Source, well, 27 ft, deep; artesian well and spring.

Bradford, Starke Co., population 700; fire area 140 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 1/2 and 2 stories; fireworks ordinance. Fire department—ladders and buckets and 24 chemical extinguishers.

WATER SUPPLY—Source, wells 67 feet deep; cap of tank 3,000 gals. Clerk, Jasper Riterman.

Braidwood, Will Co., population 4641; buildings wood and brick; fireworks ordinance; causes of fire investigated. Fire department—2 chemical engines on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carts; hose, rubber good 1,100 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000;

total membership 50, all volunteers; bell alarm. Chief engineer, D. B. Barr.

WATER SUPPLY—Source, cisterns; system, direct pumping.*

Buda, Bureau Co., population 1,000; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 1 1/2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck; hose, cotton good 200 ft; value of fire department equipment \$800; value of buildings occupied \$1,000; total membership 36, all volunteers. Foreman; Chas. Markee.

WATER SUPPLY—Source, spring; system, pumping to tank, cap 30,000 gals; hydrants 4. Holly; quality of water good; cost to construct \$2,009. Pres, T. J. Lockwood.*

Bashnell, McDonough Co., population 3,325; fire area 80 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted outside fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,200 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,200; ann expenses of department \$450; total membership 30, paid part time; bell alarm. Chief engineer, J. A. Carson.

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; reservoir cap 40,000 gals; standpipe cap 40,000 gals; pumping engines, dy cap 5,500,000 gals; hydrants 25; pipe 2 1-4 miles, 4 to 8 in dia; 15 valves; taps 60; 1-4 in service pipe; pressure, domestic 40, fire 150 pounds; works owned by city; original cost to construct \$21,000; expenses of construction to date \$25,000; ann expenses \$1,200. Pres, J. B. Spicer; supt, Geo. Conley.*

Byron, Ogle Co., population 1,000; fire area 6 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs are permitted. Fire department—1 hand engine, 1 hose carriage, ladders and hooks; hose, cotton good 200 ft, inferior 100 ft. Chief, Benj. Dougherty.

WATER SUPPLY—Source, cisterns.*

Cabery, Ford Co., population 500; fire area 9 blocks; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 850 ft, rubber inferior 100 ft; value of fire department equipment \$9000; total ann expenses of department \$200; total membership 18; bell alarm. Chief engineer, Jacob Spies.*

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 1100 bbls; pumping engines dy cap 600 bbls, hydrants 14, pipe 3500 ft, 6 to 4 in dia; pressure, fire 40 pounds; works owned by city; original cost to construct \$8000; ann expenses \$200. Chairman of com, P. Whalen.

Calro, Alexander Co., population 12,000; fire area 1800 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—7 hand engines, 5 chemical extinguishers, 7 hose carriages, 1 hook and ladder truck, 1 hose wagon; hose, rubber good 3000 ft, poor 1500 ft, cotton good 500 ft; 3 horses value 500; value of fire department equipment \$14,000; value of buildings occupied \$8,000; total ann expenses of department by city \$4000; total membership 250, paid full time 6, part time 10, volunteers 244; bell alarm. Fire department for harbor service—3 transfer steamers, with 600 ft of hose, 2 steam tugs, with 400 ft of hose, can be used for fire on river fronts. Chief engineer, Wm. Schuta.

WATER SUPPLY—Source, river; system, pumping to standpipe and direct; cap of standpipe 280,000 gals, Gordon; cap of pump per dy 4,000,000 gals; 189 hydrants, pipe 17 miles, 6 to 20 in dia; pressure 65 pounds; Edison pressure recording gauge; works owned by company; cost to construct \$150,000; cost to date, \$200,000; ann expenses \$12,000. Mgr, Thos. W. Cannon.

Cambridge, Henry Co., population 1600; fire area 640 acres; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 2 stories; wooden roofs permitted, fireworks ordinance. Fire department—2 hand engines, 1 chemical engine on

wheels, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 800 ft; value of fire department equipment \$3600; value of buildings occupied \$2000; total membership 50, volunteers; bell alarm, Chief engineer, E. A. Palmer.

WATER SUPPLY—Source, cisterns on each corner, capacity of each from 400 to 800 bbls, cost to construct \$5,000. Chairman of com. H. M. Weir.

Camp Point, Adams Co., population 1400; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 hand engines; hose, linen good 350 ft, inferior 50 ft.

WATER SUPPLY—Source, wells and cisterns.*

Canton, Fulton Co., population 8000; fire area 960 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 1 to 2 stories. Fire department—1 steam fire engine, 1 double tank chemical engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 2700 ft, 6 hoses; value \$1200; value of fire department equipment \$8,565; value of buildings occupied \$3500; total ann expenses of department \$2252; total membership 17, volunteer members 17; electric bell and telephone alarm; 1 engine company, 1 hook and ladder company, 2 hose companies. Marshal, W. H. Shaw.

WATER SUPPLY—Source, artesian and surface wells; system, pumping to standpipe and direct; standpipe cap 30,000 gals; Hooker and Worthington pumping engines, dy cap 1,000,000 gals; hydrants 70, pipe 29,988 ft, 8 to 1 in dia; pressure, domestic 30 to 35, fire 40 to 150 pounds; works owned by city; original cost to construct \$18,203. 14; expenses of construction to date \$47,000; ann expenses \$2,000. Supt, W. B. Cain.

Carlinville, Macoupin Co., population 3700; fire area 20 acres; mercantile buildings, brick, 1, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; 1 bucket wagon; hose, cotton good 400 ft, rubber inferior 400 ft; value of fire department equipment \$2000; value of buildings occupied \$500; total membership 30, volunteer members; bell alarm. Chief engineer, C. H. Burdort.

WATER SUPPLY—Source, creek, 1-4 mile from city; system, pumping to standpipe and direct; standpipe 120 ft by 10 ft; Deane pumping engines, dy cap 1,500,000 gals; hydrants 58, pipe 8 miles, 10 to 4 in dia; pressure, domestic 60, fire 100 to 120 pounds; works owned by company; original cost to construct \$50,000; ann expenses \$3000. Supt, Geo. Siegel.

Carlyle, Clinton Co., population 4,000; fire area 120 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 to 2 stories; no fireworks ordinance. Fire department—1 hand engine, 7 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 supply wagon; hose, cotton good 1,000 ft, rubber good 400 ft; value of buildings occupied \$5,000; total membership 60, paid full time 20, remainder volunteers; electric fire alarm; 3 fire companies. Chief, Henry Bender.

WATER SUPPLY—Source, Kaskaskia river; system, pumping to standpipe; standpipe cap 70,000 gals; dy cap 1,000,000 gals, Deane pumping engines; 43 hydrants, Ludlow; pipe 4 miles, 4, 6, 8, and 10 in dia, Shickel Harrison & Co; 20 valves, Ludlow; 2 meters; taps 75; service pipe galv iron; pressure, domestic 60, fire 150 to 200 pounds; works owned by company; original cost to construct \$30,000; expenses of construction to date \$35,000; ann expenses \$1,500. Pres, J. J. Randall.

Carroll, White Co., population 3000; fire area 700 acres; mercantile buildings, brick and wood, 2 stories; private, same. Fire department—2 hand engines, 1 hook and ladder truck, 1 hose carriage; hose, rubber 120 ft, cotton 1,450, value of fire department equipment \$1,600; value of buildings occupied \$600; total membership 70, volunteers; 1 night watchman paid by city; bell alarm. Chief engineer, John L. Griffin.

WATER SUPPLY—Source, wells and cisterns.

Carrollton, Green Co., population 2,300; fire area 240 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance, fires investigated. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good

800 ft, inferior rubber 200 ft; 2 horses; value of fire department equipment \$2,000; total ann expenses \$400; total membership 40, paid part time; whistle and bell alarm. Chief engineer, H. S. Moore.*

WATER SUPPLY—Source, artesian well; system, pump to reservoir, thence to tank; reservoir cap 58,000 gals; standpipe cap 28,000 gals; pumping engines; dy cap 1,144,000 gals; hydrants 46 pipe 4 miles, 6 and 8 in dia; 14 valves, pressure 60 pounds; works owned by city; cost to construct \$21,800; ann expenses \$1,200. Supt, Geo. W. Lipscomb.*

Carthage, Hancock Co., population 2,500; fire area 8 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 700 ft, cotton 800 ft; value of fire department equipment \$2,450; value of buildings occupied \$400; total ann expenses of department \$100; total membership 35, volunteers; bell alarm. Chief engineer, John Elder.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir and direct; reservoir cap 2,000 bbls; dy cap 300,000 gals; Knowles pump-1-1/2 engines; hydrants 24; pipe wood, 2 1-4 miles, 3 to 6 in dia; pressure, domestic 35, fire 35 to 160 pounds; works owned by city; original cost to construct \$16,000; expenses of construction to date \$21,000; ann expenses \$1,000. Supt, R. L. Casburn.

Centralia, Marion Co., population 4,763; fire area 60 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted. Fire department—1 chemical engine on wheels, 6 dozen chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton inferior 400 ft, rubber good 700 ft, linen good 700 ft; value of fire department equipment \$1,800; value of buildings occupied \$800; members 20, volunteers; bell and whistle alarm. Chief engineer, A. L. Reinhardt.*

WATER SUPPLY—System, direct pumping; hydrants 7; pipe 630 ft, 4 in dia; pressure 150 pounds. Supt, D. Oxley.*

Cerro Gordo, Platt Co., population 939; mercantile buildings, brick and wood, 1 and 2 stories; private same. Fire department—1 hand engine, 6 chemical extinguishers, 8 ladders; hose, rubber good 300 ft; value of fire department equipment \$800; total membership 40, volunteers. Chief engineer, J. M. Harlan.*

WATER SUPPLY—Source, 1 cistern, 3 wells.*

Champaign, Champaign Co., population 8,000; fire area 12 acres; mercantile buildings, brick, 2 stories; private, frame, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 1 hose carriage, 1 supply wagon; hose, cotton good 2,100 ft, poor 150 ft, rubber 200 ft; 2 horses, value \$400; value of fire department equipment \$5,000; value of buildings occupied \$12,000; total ann expenses of department \$2,000; total membership 23, paid fulltime 1, volunteer members 22; Gaynor electric alarm; 1 hook and ladder company, 1 hose company. Fire marshal, John Boyle.

WATER SUPPLY—Source, tubular wells; system, pump to reservoir and direct into mains; reservoir cap 250,000 gals; dy cap 2,775,000 gals, Gordon, Maxwell, Blake, Cook & Worthington; hydrants 112; pipe 15 1/2 miles, 4 to 10 in dia; pressure, domestic 45, fire 90 to 150 pounds; works owned by company; cost to construct \$135,000; cost to date \$150,000; ann expenses \$6,000. Supt, Clint C. Rush.

Chandlerville, Cass Co., population 1,000; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—ladders and buckets.*

WATER SUPPLY—Source, wells and cisterns.*

Charleston, Coles Co., population 7,000; fire area 960 acres; mercantile buildings, brick and stone, 2 to 3 stories; private, brick and wood; wooden roofs not permitted within one block of square; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,200 ft; value of fire department equipment \$4,000; value of buildings occupied \$3,000; total ann expenses of department \$600;

total membership 80; volunteers. Chief engineer and chairman, Wm. A. French.

WATER SUPPLY—Source, Embarras river, 3 miles distant; system, pumping direct; dy cap 2,500,000 gals, Deane pumping engines; hydrants 60; pipe 14 miles, 4 to 12 in dia; service pipe lead and galv iron; pressure, domestic 80, fire 30 pounds; works owned by city; original cost to construct \$40,000; ann expenses \$4,000. Supt, F. Frammell.

Chatsworth, Livingston Co., population 827; fire area 1440 acres; mercantile buildings, wood, 1 1-2 stories; private, wood, 1 1-2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; rubber good 800 ft; value of fire department equipment \$5,100; value of buildings occupied \$2,000; total ann expenses of department \$100; total membership 75, volunteers. Chief engineer, Henry H. Gams.

WATER SUPPLY—System, pumping to tank 106 ft high; hydrants 16; pipe, 10 blocks, 8 and 6 in dia; water works owned by city; cost to construct \$6,000.

Chenow, McLean Co., population 1,350; fire area 1 sq miles; mercantile buildings, brick, 2 and 2½ stories; private, wood, 1 and 2 stories; wooden roofs are not permitted, in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 400 ft; gong fire alarm.

WATER SUPPLY—Source, wells; system, pumped by windmill into tank; cap of tank 10,000 gals; quality of water soft; water works owned by city; cost to construct \$2500. Mayor, Warren M. Fales, Jr; town clerk, C. E. Travia.

Chester, Randolph Co., population 3,000; buildings, brick and wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; 3 doz. chemical extinguishers and buckets. T. Ragsdale.

WATER SUPPLY—Source, Kaskaskia river.

Chicago, Cook Co., population 1,600,000; fire area 186 14 sq miles; mercantile buildings, brick, iron and tile, 4 to 20 stories; private, brick, 2 and 4 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—80 steam fire engines, 2 hand engines, 23 chemical engines on wheels, 75 chemical extinguishers, 20 hook and ladder trucks, 9 aerial trucks, 100 hose carriages, all kinds; 1 water tower, 4 fire boats; hose, cotton good 108,000 ft, inferior 10,000 ft, rubber good 36,000 ft, inferior 9,000 ft; 408 horses, value \$70,000; value of fire department equipment \$1,378,000, including fire alarm \$557,000; value of buildings occupied \$1,034,375; total ann expenses of department \$1,542,878; total membership 1,087, paid full time; volunteer members 100; Gamewell alarm; 2,148 street boxes; 73 engine companies, 26 hook and ladder companies, 6 hose companies. Chief engineer, Denis J. Swenie.

WATER SUPPLY—Source, Lake Michigan; 4 tunnels 2 and 4 miles each; system, pumping to standpipes and direct; standpipes 5 by 150 and 6 to 160 ft; dy cap 241,000,000 gals; pumping engines, Gaskill, E. P. Ellis and Worthington; hydrants 14,815; pipe 1,466 miles, 4 to 48 in dia; pressure, domestic 25, fire 33 pounds; works owned by city; expenses of construction to date \$19,061,268; ann expenses \$2,118,700. Fire Patrol—7 Wagons, 6 stations, 1 double tank chemical, engine 982 covers, 21 horses, 52 men. Supt. E. T. Shepherd.

Chillicothe, Peoria Co., population 3,000; fire area 4 blocks; mercantile buildings, brick and iron, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical engines on wheels, 2 chemical extinguishers, 2 hook and ladder trucks; hose, rubber good 1,000 ft; value of fire department equipment \$3,500; value of buildings occupied \$4,000; total membership 26; bell alarm; 1 hose company. Chief engineer, P. S. Marten.*

WATER SUPPLY—Source, well; system, pumping direct; dy cap 100,000 gals; pumping engines; 40 hydrants; pipe 4 miles, 4, 6, 8 in dia; 8 valves; 105 taps; galv iron service pipe; pressure, domestic 65, fire 100 pounds; works owned by company; original cost to construct \$35,000; ann expenses \$3,000. Supt. E. R. Lucas.*

Clayton, Adams Co., population 1,200; fire area 1 sq mile; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden

roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 12 chemical extinguishers; hose, rubber good 300 ft; value of fire department equipment \$1,400; total ann expenses of department \$130; volunteer dept; bell alarm. Foreman, E. E. Smith.

WATER SUPPLY—Source, wells and cisterns.

Clinton, DeWitt Co., population 4,000; fire area 20 acres; mercantile buildings, brick, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 250 ft, rubber good 1,200 ft, linen good 300 ft; value of fire department equipment \$3,500; value of buildings occupied \$4,000; total ann expenses of department \$400; total membership 48, paid part time; bell alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, Joseph E. Moffett.

WATER SUPPLY—Source, wells; system, pumping direct; reservoir cap 800,000 gals; dy cap 750,000 gals, Deane pumping engines, 65 hydrants; pipe 7 1-4 miles, 4 to 10 in dia; galv iron service pipe; pressure, domestic 50, fire 110 pounds; works owned by city; original cost to construct \$37,000; expenses of construction to date \$42,000; ann expenses \$1,800. Supt, J. E. Moffett.

Coal City, Grundy Co., population 5,000; fire area 640 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft, cotton good 400 ft; value of fire department equipment \$1,800; value of buildings occupied \$2,000; total ann expenses of department \$550; total membership 46, volunteers; bell alarm. Chief engineer, Robt. Wharrie.

WATER SUPPLY—Source, 17 wells, 1 artesian well, throws 75 gals per minute. Will pipe town this summer. Supt, R. Wharrie.

Collinsville, Madison Co., population 5,000; fire area 700 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 hand engines, private chemical extinguishers in 5 stores, 2 hose carriages; hose, cotton good 1,000 ft, inferior 200 ft, rubber good 100 ft; value of fire department equipment \$4,000; value of buildings occupied \$600; total ann expenses of department \$650; total membership 50, volunteers; bell alarm. Chief engineer, Aug. Kuhlbeck. Gamewell alarm to be put in this year.

WATER SUPPLY—Source, artesian well 508 ft deep; system, pumping to standpipe, reservoir and direct; reservoir cap 225,000 gals; standpipe cap 70,000 gals; 2 pumping engines, dy cap 2,000,000 gals; 40 hydrants; pipe 3½ miles, 8 to 4 in dia; pressure, domestic 53, fire 80 pounds; water works owned by city; cost to construct \$22,000. Supt, J. L. R. Wadsworth, M. D.

Danville, Vermilion Co., population 15,000; fire area 60 acres; mercantile buildings, brick and iron; 2 to 4 stories; private, brick, 1 and 2 stories; wooden roofs are not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages, all kinds; 5 horses, value \$1,000; value of fire department equipment \$9,000; value of buildings occupied \$12,000; total ann expenses of department \$16,000; total membership 9; new Gaynor fire alarm; no of street boxes 21. Chief engineer, B. Buttingham.

Decatur, Macon Co., population 22,000; fire area 2,500 acres; mercantile buildings, stone and brick, 3 and 5 stories; private, brick and wood, 1 and 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical engines on wheels, 1 hook and ladder truck, 2 hose wagons; hose, cotton good 3,150 ft, cotton inferior 800 ft; 14 horses, value \$2,800; value of fire department equipment \$6,650; value of buildings occupied \$10,000; total ann expenses of department \$17,000; total membership 16, paid full time 15, paid part time 1; telephone alarm; total no of fire companies 5, no of engine companies 2, 1 hook and ladder company, 2 hose companies. Chief engineer, C. W. Devore; fire commissioners, W. B. Chambers and C. W. Devore.

WATER SUPPLY—Source, Sangamon river 1 mile

distant; system, pumping direct; pumping engines, dy cap 3,000,000 gals; 200 hydrants; pipe 26 miles, 4, 6, 8, 12, 16 in dia; 260 valves; service pipe galv iron; pressure, domestic 40, fire 90 pounds; works owned by city; expenses of construction to date \$200,000; ann expenses \$20,000. City civil engineer, S. Burgess.

DeKalb, DeKalb Co., population 2,579; mercantile buildings, brick and wood, 2 stories; private wood, 2 stories; wooden roofs not permitted; no wooden buildings within 50 acres area; fireworks ordinance; causes of fire investigated. Fire department—10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1600 ft, inferior 500 ft; value of fire department equipment \$1,500; value of buildings occupied \$1,200; total ann expenses of department \$1,500; total membership 40; paid part time; electric bell alarm; 9 street boxes. Fire marshal, D.D. Brown.*

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe and direct; standpipe cap 242,000 gals; dy cap 85,000 gals; pumping engines; hydrants 96; pipe 7½ miles, 6 to 4 in dia; taps 330; service pipe lead; pressure, domestic 45, fire 80 pounds; works owned by city; expenses of construction to date \$70,000; ann expenses \$2,813. Chairman of com, John H. Lewis.*

Delavan, Tazewell Co., population 1,176; mercantile buildings, brick and wood, 2 stories; private, same; metal roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck; value of fire department equipment \$2,000; value of buildings occupied \$400; membership 30, volunteers. Chief engineers, C. F. Few.*

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 1,000 bbl, dy cap 4,600 bbl; pumping engines; hydrants 25; pipe 24 miles, 4 to 8 in dia; 15 valves, taps 100; pressure, domestic 30 to 40, fire 30 to 40 pounds; works owned by city; original cost to construct \$7,000; expenses of construction to date \$11,000; ann expenses \$1,000. Supt, O. C. Hall.*

Des Plaines, Cook Co., population 2,500; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ to 2 stories; wooden roofs are permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, hose, rubber good 1,000 ft; 2 horses, value 300; value of fire department equipment \$1,000; value of buildings occupied \$10,000; total membership 35, volunteers. Chief, Robert Caine.

WATER SUPPLY—Wells and river; are boring an artesian well.

Dixon, Lee Co., population about 7,500; fire area 200 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—3 hook and ladder trucks, 4 hose carriages, all kinds; 2,300 ft, good rubber hose, 400 ft; value of fire department equipment \$8,000; value of buildings occupied \$2,000; total ann expenses of department \$400; total membership 80; electric alarm. Chief engineer, A. J. Graff.

WATER SUPPLY—Source 3 artesian wells; system, pump to standpipe and reservoir; reservoir cap 500,000; cap 270,000 gals; Gordon and Maxwell pumping engine, dy cap 1,500,000 gals; 96 hydrants; pipe 11 miles, 4 to 16 in dia; 27 valves; 5 Hersey meters; pressure, domestic 30 to 65 pounds, fire 60 to 200; works owned by company; cost to construct \$20,000; ann expenses \$4,000. Supt, J. Wasley.

Dundee, Kane Co., population 1,500; fire area 75 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck; hose, rubber good 500 ft, cotton good 500 ft; 2 horses, value \$3,000; value of fire department equipment \$1,000; value of buildings occupied \$400; total membership 18, paid full time 12, paid part time 6; bell alarm. Chief engineer, F. B. Hitchcock.*

WATER SUPPLY—Source, wells.*

Du Quoin, Perry Co., population 4,500; fire area 1,200 acres; mercantile buildings, brick, stone and wood, 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton 300 ft, inferior 150 ft; value of fire department equipment \$800; total ann expenses of department \$60; total membership 30, all volunteers; bell alarm; 1 engine com-

pany, 1 hook and ladder company, 1 hose company. Chief engineer, Frank Hall.

WATER SUPPLY—Source, wells. Civil engineer, W. S. Hawks.

Dwight, Livingston Co., population 2,000; fire area 5,000 acres; mercantile buildings, stone and brick in fire limits, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 650 ft, cotton poor 350 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total ann expenses of department \$500; total membership 30, volunteers; whistle alarm; total no of fire companies 2, 1 hook and ladder company, 1 hose company. Chief, V. S. Wright.

WATER SUPPLY—Source, tubular well 127 ft deep; system, pumping to reservoir near pump house; reservoir cap 64,627 gals; 12 hydrants, pipe 1 1-2 miles, 4, 6 and 8 in dia; pressure, domestic 40, fire 125 to 140 pounds; waterworks owned by city. Supt, Dwight P. Davis.

East Dubuque, Jo Daviess Co., population 1,069; fire area 200 acres; mercantile buildings, brick, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 300 ft, linen good 1,400 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,200; bell alarm; membership 32, volunteers. Foreman, John Kasa.

WATER SUPPLY—Source, artesian well; system, pump to reservoir and direct; pumping engines, dy cap 70,000 gals; 10 hydrants, Ludlow; pipe 1½ miles, 6 in dia; 7 gates; pressure 30 to 70 pounds; cost to construct \$9,000; ann expenses \$250. Mayor, M. P. Mutton; city clerk, Geo. Rowell.*

East St. Louis, St. Clair Co., population 25,000; fire area 3 sq miles; mercantile buildings, brick and wood, 1 and 2 stories; private, same; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—8 steam fire engines, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 2,800 ft; 7 horses, value \$1,250; value of fire department equipment \$10,000; value of buildings occupied \$25,000; total membership 10, paid full time 10; Gamewell alarm; 23 street boxes. Chief engineer, Mike Walsh.

WATER SUPPLY—Source, Mississippi river; system, pumping to standpipe and direct; reservoir cap 10,000,000 gals; pumping engines, dy cap 24,000,000 gals; 287 hydrants; pipe 41 miles, 30 to 4 in dia; 204 valves; pressure, domestic 60, fire 80 to 125 pounds; waterworks owned by city. Supt, F. M. Homer.

Edwardsville, Madison Co., population 4,800; fire area 9 miles sq; buildings, brick and wood, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; value of equipment \$3,000; value of buildings \$4,000; expenses \$200; total membership 70, volunteers. Chief engineer, D. Hents; chairman fire com, J. Dettarding.

WATER SUPPLY—Source, wells and cisterns; are expecting a proposition for franchise of Water Co.

Effingham, Effingham Co., population 4,000; fire area 400 acres; mercantile buildings, wood and brick, 1 to 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber inferior 400 ft, cotton good 600 ft; value of fire department equipment \$800; value of buildings occupied \$300; total ann expenses of department \$600; membership 80, volunteers; bell alarm; 1 engine company, 1 hook and ladder company. Chief engineer, H. H. Bergfeld.

WATER SUPPLY—Source, 13 cisterns.

Elgin, Kane Co., population 23,000; fire area 350 acres, mercantile buildings, brick and stone, 2 to 5 stories; private, brick and wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, 2 hand carts, with 750 ft of rubber hose; hose, rubber good 1,500 ft, inferior 1,600 ft; 9 horses, value \$1,000; value of fire department equipment \$10,000; value

of buildings occupied \$12,000; total ann expenses of department \$15,358; total membership 24, paid full time 15, paid part time 9; Gamewell alarm; 25 street boxes; 4 fire companies; 1 chemical engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, Theo. Schroeder.

WATER SUPPLY—Source, Fox river; system, pumping to standpipe, standpipe cap 510,000 gals; 2 pumping engines, dy cap 3,000,000 gals; 317 hydrants; pipe cast iron, 32 miles, 6 to 24 in dia; pressure 80 to 100, fire 100 to 130 pounds; works owned by city; original cost to construct \$173,000; expenses of construction to date \$240,000; ann expenses \$7,500. Supt. H. K. Parker.

Elmhurst, Du Page Co., population 1,500; fire area 1 sq mile; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 1,650 ft; 4 horses; value of fire department equipment \$2,298; value of buildings occupied \$2,298; total membership 22, volunteers; bell alarm. Marshall Overkamp.

WATER SUPPLY—Source, Mammoth spring 3 miles distant; system, pumping to standpipe; standpipe cap 50,000 gals; pumping engines, dy cap 500,000 gals; 22 hydrants; pipe 7 miles, 4 to 5 in dia; pressure, domestic 40 to 60, fire 100 pounds; works owned by company; cost to construct \$25,000; cost to date \$45,000; ann expenses \$3,000. Supt and secy, John T. Emery.

Elmwood, Peoria Co., population 1,548; fire area 600 acres; mercantile buildings, brick, 2 stories; private, wood. Fire department—2 hand engines, 2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$3,500; total membership 60, volunteers; bell alarm. Foreman, E. F. Douglas.*

WATER SUPPLY—Source, 10 cisterns.*

El Paso, Woodford Co., population 1,500; fire area 4 blocks; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, rubber good 800 ft, rubber inferior 200 ft, cotton good 500 ft; horses, value \$1,000; value of fire department equipment \$8,000; value of buildings occupied \$900; ann expenses of department \$180; membership 28, volunteers; bell alarm. Chief engineer, O. J. Leunon.

WATER SUPPLY—Source, wells; system, pump to standpipe and direct; cap 37,000 gals; pumping engines, dy cap 400,000 gals; 20 hydrants; pipe 2½ miles, 6 in dia; 4 gates; quality of water good; pressure 25 to 60 pounds; cost to construct \$12,000; ann expenses \$300. Supt, E. S. Paul.*

Eureka, Woodford Co., population 1,481; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; 25 volunteers; bell alarm. Chief engineer, F. M. Hoyt.

WATER SUPPLY—Source, wells; system, pump to tank and direct; cap 30,100 gals; Worthington pumping engines, dy cap 200,000 gals; 9 hydrants; pipe 4,500 ft, 4 in dia; quality of water good; pressure 40 pounds; cost to construct \$6,500; int on bonds 6 per cent. Supt, F. M. Hoyt.

Evanston, Cook Co., population 20,000; mercantile buildings, brick, 4 stories; private, wood, 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 2 fire patrol wagons; hose, cotton good 3,000 ft, rubber good 500 ft; 7 horses, value \$1,000; value of fire department equipment \$9,500; value of buildings occupied \$8,000; ann expenses of department \$6,000; total membership 7, paid full time; electric bell alarm. Chief engineer, Samuel Harrison.

WATER SUPPLY—Source, Lake Michigan; system, pumping direct; pumping engines, dy cap 7,000,000 gals; 240 hydrants; pipe 50 miles, 4 to 18 in dia; 110 valves; 3,000 taps; lead service pipe; pressure, domestic 40, fire 80 pounds; works owned by city; original cost to construct \$120,000; ann expenses \$6,400. Supt, S. B. Peeney.*

Fairbury, Livingston Co., population 3,100; fire area 160 acres; mercantile buildings, brick and oak, 2 and 3 stories; private, wood, 2 stories;

wooden roofs not permitted; fireworks ordinance. Fire department—several ladders, 2 hose carriages; hose, cotton good 1,300 ft, rubber poor 400 ft, inferior 500 ft; value of fire department equipment \$1,000; value of buildings occupied \$4,000; total ann expenses of department \$450; total membership 14, paid full time; bell alarm. Chief engineer, Fred. Baird.

WATER SUPPLY—Source not stated; system, pump to tank; cap of tank 60,000 gals; dy cap 57,000 gals; 12 fire plugs; pipe 1 mile, 8 in dia; pressure 75, pump gives 175 pounds. Supt, Amos Brown.*

Fairfield, Wayne Co., population 2,500; fire area 40 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ and 2 stories. Fire department—1 force pump, 1 hook and ladder truck, 100 buckets. Chief engineer, A. B. Rider.

WATER SUPPLY—Source, wells and cisterns. (Talk of voting on waterworks.)

Flannigan, Livingston Co., population 384; fire area 1 block; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 300 ft; value of fire department equipment \$250; value of buildings occupied \$325; bell alarm. Chairman of fire and water com, W. S. Shearer.*

WATER SUPPLY—Source, artesian well; system, pumping to standpipe; standpipe cap 32,000 gals, dy cap 100,000 gals, Fairbanks Morse Co. pumping engines; 10 hydrants; pipe ½ miles, 8 and 6 in dia; pressure, domestic 40, fire 45 pounds; works owned by city; original cost to construct \$3,500. Supt, J. Hearen.

Flora, Clay Co., population 1,695; fire area 160 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted. Fire department—1 hook and ladder truck, 40 buckets; value of fire department equipment \$150; total membership 20; bell alarm. Chief engineer, T. S. LeBers.*

WATER SUPPLY—Source, wells and cisterns.

Forrest, Livingston Co., population estimated 1,400; mercantile buildings, iron, brick and wood, 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage, hooks and poles; hose, cotton good 400 ft, inferior 100 ft, rubber good 200 ft, inferior 200 ft; value of fire department equipment \$600; value of buildings occupied \$100; total membership 48, volunteers; total ann expenses of department \$25. Chief engineer, J. S. Francis.

WATER SUPPLY—Source, wells; pumped by no. 5 Howe engine.

Freeburgh, St. Clair Co., population 1,100; fire area 60 acres; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 12 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, good 300 ft, poor 300 ft; value of fire department equipment \$900; value of buildings \$600; total membership 65, volunteers; bell alarm. Chief engineer, Phil. Ellinger.

WATER SUPPLY—Source, wells, cisterns and pond reservoir.

Freeport, Stevenson Co., population 10,189; fire area 3,200 acres; mercantile buildings, brick and stone, 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 800 ft, rubber good 2,800 ft, inferior 900 ft; 5 horses, value \$700; value of fire department equipment \$3,000; value of buildings occupied \$4,000; total ann expenses of department \$5,000; total membership 11, paid full time 11; Gamewell alarm; no. of street boxes 15. Chief engineer, John F. Rodemeyer.*

WATER SUPPLY—Source, 18 artesian wells; system, pumping to standpipe; standpipe cap 115,500 gals; dy cap 3,000,000 gals; pumping engines; 120 hydrants; pipe 17 8-10 miles, 4 to 6 in to 80 dia; service pipe galv iron and lead; pressure 60 pounds; works owned by company; original cost to construct \$210,000. Supt, Owen F. Smith.

Fulton, Whiteside Co., population 2,090; mercantile buildings, brick and wood 2 stories; private, same. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,200 ft;

value of fire department equipment \$1,800; total membership 55, volunteers. Chief engineer, L. B. Peters.*

WATER SUPPLY—Source, artesian wells; system pumping to reservoir; reservoir cap 118,000 gals; pumping engines, dy cap 432,000 gals; hydrants 23, Ludlow; pipe 2½ miles, 4 and 8 in dia; 7 valves; pressure, domestic 35, fire 160 pounds; works owned by city; original cost to construct \$15,000, ann expenses \$1,000; lot on bonds 5 per cent; Supt, James Pannell.

Galena, Jo Davies Co., population 7,000; mercantile buildings, brick and wood, 2 to 5 stories; private, brick and wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance; cause of fire investigated. Fire department—2 hand engines, 2 hook and ladder trucks, 5 hose carriages; hose, cotton good 700 ft, rubber good 2,500 ft; value of fire department equipment \$5,000; value of buildings occupied \$3,000; total ann expenses of department \$1,500; membership 150; volunteers; bell alarm; 1 street box. Chief engineer, Timothy Grady.

WATER SUPPLY—Source, artesian well 1,500 ft deep; system, pumping to standpipe; standpipe cap 125,000 gals; dy cap 2,500,000 gals, Smedley Mfg. Co.; 75 hydrants; pipe 6 miles, 10 to 4 in dia; pressure, domestic 95, fire 95 to 125 pounds; works owned by company; cost to construct \$88,000; cost to date \$75,000. Secy and mgr, Geo. R. Melsville.

Galesburg, Knox Co., population 20,000; fire area 1,020 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 2 hose carriages; hose, rubber good 2,050 ft, rubber inferior 450 ft; 5 hoses, value \$800; value of fire department equipment \$7,000; value of buildings occupied \$1,000; total ann expenses of department 700; total membership 10, paid full time 8, paid part time 2; telephone alarm; 1 engine company, 1 hose company. Chief engineer, A. D. Kearney.

WATER SUPPLY—Source, well; system, pumping direct; reservoir cap 4,000,000 gals; pumping engines, dy cap 3,000,000 gals, Holly; hydrants 250; pipe 28 miles, 4 to 18 in dia; pressure, domestic 70, fire 100 to 125 pounds; works owned by city; cost to construct \$153,000; ann expenses \$6,000. Supt, Jas. Dick.

Galva, Henry Co., population 3,050; fire area 1,280 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine on wheels, 1 tank to fill chemical engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hand engine; hose, rubber good 900 ft; value of fire department equipment \$3,275; value of buildings occupied \$3,500; total ann expenses of department \$800; total membership 30, volunteers; bell alarm. Chief engineer, J. P. Gibbs.

WATER SUPPLY—Source, wells and cistern. Mayor, E. W. Houghton; village clerk, H. D. Nott.

Geneseo, Henry Co., population 3,335; fire area 1,500 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft; value of fire department equipment \$2,000; value of buildings occupied \$4,000; total ann expenses of department \$600; membership 68, volunteer; 2 electric bell alarms; 1 hook and ladder company, 2 hose companies. Chief engineer, C. J. Limie.

WATER SUPPLY—Source, artesian wells; system, pumping direct; reservoir cap 50,000 gals; pumping engines, dy cap 380,000 gals; 55 hydrants; pressure, domestic 12, fire 100 pounds; cost to construct \$30,000; ann expenses \$1,900. Chairman of com, John Larson.*

Gibson City, Ford Co., population 1,803; fire area 400 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; no fireworks ordinance; cause of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 1 chemical extinguisher; 300 ft good cotton hose; value of fire department equipment \$700; value of buildings occupied \$1,200; total membership 20, volunteers. Chief engineer, E. H. Harry.

WATER SUPPLY—Source, wells, 35 ft; system, pumping direct into fire engine; 3 hydrants; quality of water good. (Waterworks contemplated).

Girard, Macoupin Co., population 1,524; mercantile buildings, brick, gravel and tin roofs, 2 stories; private, wood, 1 and 2 stories. Lewis O. Deek.

WATER SUPPLY—Source, wells. The city council is considering proposition to put in works; probability they will accept it.

Goleonda, Pope Co., population 1,200; mercantile buildings, brick and wood; private, same. Fire department—1 hook and ladder truck, buckets, 4 hooks, 8 ladders and 4 hand pumps; value of equipment \$100; volunteer members; bell alarm.

WATER SUPPLY—Private cisterns and Ohio river. Town clerk, C. E. Hughes.

Grayville, White Co., population 2,500; fire area 600 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; 500 ft poor rubber hose; 300 ft good cotton; value of fire department equipment \$1,000; value of buildings \$251; membership 24, paid part time 5. Chief, J. J. Catlett.

WATER SUPPLY—Source, wells.

Greenfield, Green Co., population 1,350; fire area 5 acres; mercantile buildings, brick and iron, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels; hose, rubber good 250 ft; total membership 20, volunteers. Chief, J. D. Shephard.*

WATER SUPPLY—Source, wells and cisterns.*

Greenview, Menard Co., population 1,100; fire area 200 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, rubber good 400 ft; total membership 14, volunteers; whistle fire alarm; 1 hose company. Chief engineer, John Famey.*

WATER SUPPLY—Source, wells; system, pumping to standpipe; reservoir cap 6,000 gals, dy cap 100,000 gals; pumping engines; hydrants 8; pipe 6 in dia; taps 18; pressure, domestic 40, fire 60 pounds; works owned by city; original cost to construct \$6,000. Chairman of com, A. J. Reed.*

Griggsville, Pike Co., population 1,400; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs are permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber inferior 50 ft, linen inferior 200 ft; membership 27, volunteer; bell alarm. Chief engineer, Guff Ehrkott.*

WATER SUPPLY—Source, cisterns.

Hanover, Jo Davies Co., population 1,100; fire area 25 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 7 extinguishers, 1 hose carriage; hose, cotton good 300 ft; value of fire department equipment \$1,000; expenses for past year \$150; total membership 28, paid part time 3, rest volunteers; bell alarm. Chief engineer, C. Fisher.

WATER SUPPLY—Rivers, wells and cisterns.

Harrisburg, Saline Co., population 2,500; fire area 200 acres; mercantile buildings, brick, metal roof, 2 stories; wooden roofs not permitted in fire limits; private dwellings, wood, 1 and 2 stories; fireworks ordinance; fire investigated. Fire department—ladders, hooks, etc.; no organized department.

WATER SUPPLY—Source, wells and cisterns.

Harvard, McHenry Co., population 2,500; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; cause of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; 1 hose and supply wagon; hose, rubber good 600 ft, cotton good 1,350 ft, leather 100 ft; value of fire department equipment \$4,000; value of buildings occupied \$5,000; total ann expenses of department \$100; total membership 100, volunteer; bell alarm. Chief engineer, H. H. Megran.

WATER SUPPLY—Source, artesian well; system, pumping to standpipe; reservoir cap 48,000 gals, standpipe cap 92,000 gals, dy cap 500,000 gals, Smith Valle & Co. pumping engines; hydrants 35;

pipe 3½ miles, 4, 6 and 8, in dia; service pipe lead and galv iron; works owned by city; original cost to construct \$20,000; expenses of construction to date \$21,000. Supt, P. E. Saunders.

Havana, Mason Co., population 3,000; fire area 8 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted in fire limits. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft, 100 ft poor; value of fire department equipment \$3,200; value of buildings occupied \$800; ann expenses \$800; total membership 80, 2 paid part time, remainder volunteers; bell alarm. Jas. McHose.*

WATER SUPPLY—Source, 6 wells; system, pump to standpipe; cap 50,000 gals; pumping engines, dy cap 2,500,000 gals; hydrants 22; pipe 3½ miles, 4, 6 and 8 in dia; 14 valves; pressure 55 to 60 pounds; works owned by city; cost to construct \$27,000; ann expenses 12,000. Supt, Frank Smith.*

Henry, Marshall Co., population 1,512. Fire department—1 hand engine, 1 hook and ladder truck, 1 chemical engine, 2 hose carriages; hose, rubber good 1,300 ft, inferior 350 ft; total membership 55, all volunteers. F. Krenz.

WATER SUPPLY—Source, artesian wells; system, direct. Supt, Frank Krenz.

Highland, Madison Co., population 1,857; fire area 80 acres; mercantile buildings, brick, 1 to 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted except in fire limits; causes of fire investigated. Fire department—2 hand engines, 2 hook and ladder trucks, 4 hose carriages, 1 private hose cart and 1,270 ft cotton hose; hose, cotton good 300 ft, rubber good 500 ft; value of fire department equipment \$2,500; value of buildings occupied \$3,000; total membership 75, all volunteers; bell alarm; 2 fire companies. Chief engineer, Maurice Maroot.

WATER SUPPLY—Source, 16 cisterns supplied from buildings, cap 116,000 gals.

Highland Park, Lake Co., population 3,000; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 hose carriages; hose, cotton good 1,300 ft, rubber good 200 ft. Chief Engineer, W. F. Edwards.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; reservoir cap 28,000 gals; 2 engines, dy cap 3,000,000 gals 35 hydrants, Mathews; pipe 8 miles, 6 and 4 in dia, Dennis Long & Co.; 35 valves, Eddy; pressure, domestic 20 pounds; works owned by city; cost to construct \$20,000; ann expenses \$1,000; int on bonds 5 per cent. Supt, Alexander Scott.

Hillsboro, Montgomery Co., population 2,000; fire area 25 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 500 ft; bell alarm. Chief engineer, A. Clotfeller.

WATER SUPPLY—Source, wells; system, pump to tank; cap 50,000 gals; dy cap 500,000 gals. Worthington pumping engines; pipe 4 miles, 4 to 8 in dia; 28 hydrants; pressure 60 to 140 pounds; cost to construct \$15,000; ann expenses \$600; works owned by city. Supt, Richard Rowe.

Hinckley, DeKalb Co., population 494; mercantile buildings, wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,400 ft; value of fire department equipment \$8,400; value of buildings occupied \$300; expenses \$1,000; total membership 48, all volunteers; bell alarm; 18 hydrants. Chief engineer, H. H. Hopkins.

WATER SUPPLY—Source, artesian well; system, gravity from standpipes; standpipe cap 3,300 bbls; pumping engines, dy cap 800 bbls; 17 hydrants; pipe 2 miles, 6 in dia; pressure 40 pounds; waterworks owned by city; cost to construct \$6,000; ann expenses \$40. Supt, John Mulroy.

Hoopston, Vermillion Co., population 1,911; fire area 16 acres; mercantile buildings, brick and wood, 2 stories. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$1,000; value of

buildings occupied \$400; volunteer department; bell alarm. Chief engineer, W. A. Brillart.*

WATER SUPPLY—Source, 2 wells; system, pumping to reservoir and standpipe; reservoir cap 30,000 gals; standpipe cap 30,000 gals, pumping engines, dy cap 650,000 gals; 25 hydrants; pipe 16 miles, 1 to 8 in dia; 18 valves; pressure, domestic 55, fire 125 pounds; works owned by city; original cost to construct \$16,700; expenses of construction to date \$45,000; ann expenses \$1,300. Supt John Ernest.

Jacksonville, Morgan Co., population 12,000; fire area 320 acres; mercantile buildings, brick and stone, 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,500 ft, rubber inferior 500 ft; 6 horses, value \$1,500; value of fire department equipment \$10,000; value of buildings occupied \$15,000; ann expenses of department \$5,500; total membership 21, paid full time 8, part time 13; telephone alarm. Chief engineer, Chas. A. Batty.

WATER SUPPLY—Source, surface water and artesian wells; system, pump into reservoir, cap 2,500,000 gals; pumping engines, dy cap 2,000,000; 132 hydrants; pipe 18½ miles, 10 to 2 in dia; 93 valves; pressure, domestic 45, fire 160 pounds; works owned by city; cost to construct \$200,000; ann expenses \$7,000. Supt, E. S. Greenleaf.

Jerseyville, Jersey Co., population 3,500; fire area 500 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1, 3 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 50 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hand Babcock hose wagon; hose, rubber good 600 ft, rubber inferior 400 ft; value of fire department equipment \$2,500; value of buildings occupied \$8,000; total membership 50, volunteers; whistle alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, J. S. Mallott.*

WATER SUPPLY—Source, artesian wells; system, gravity; reservoir cap 180,000 gals; standpipe cap 33,000 gals; 2 pumping engines, dy cap 690,000 gals; 31 hydrants; pipe 4 miles, 4, 6 and 8 in dia; pressure, domestic 50, fire 50 to 125 pounds; works owned by city; original cost to construct \$34,500; expenses of construction to date \$35,000; ann expenses \$2,300. Supt and engineer, William Pittman.

Joliet, Will Co., population 33,000; fire area 3,840 acres; mercantile buildings, brick, 2 to 4 stories; private, brick and wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam engines, 2 chemical engines on wheels, 5 chemical extinguishers, 1 aerial truck, 3 hose carriages, 2 hose wagons; hose, rubber good 1,500 ft; 13 horses, value \$1,500; value of fire department equipment \$15,000; value of buildings occupied \$16,000; total ann expenses of department \$25,000; total membership 23, paid full time 20, paid part time 3; Gamewell alarm; 80 street boxes. Marshal, John D. Paige.

WATER SUPPLY—Source, drive wells and artesian; system, pumping to standpipe and direct; dy cap 7,500,000 gals. Gaskill and Ellis; 118 hydrants; pipe 18 miles, 16 to 4 in dia; lead service pipe; pressure, domestic 60, fire 120 pounds; works owned by city; cost to construct \$300,000; ann expenses \$13,000. Supt, Frank Dewey.

Kankakee, Kankakee Co., population 9,025; Fire department not reported.

WATER SUPPLY—Source, river; system, pumping to standpipe; standpipe 20x140 ft; 2 pumping engines, dy cap 1,000,000 gals each; 117 hydrants; pipe 11 1-2 miles, 4 to 16 in dia; pressure 45 to 150 pounds; waterworks owned by company; cost to date \$250,000; ann expenses \$8,600. Supt, J. B. Read.

Kansas, Edgar Co., population 1,500; fire area 500 acres; mercantile buildings, brick, tin or iron roofs, 2 stories; private, wood, 1½ stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 12 chemical extinguishers, 1 hook and ladder truck, 1 hose wagon; hose, cotton good 50 ft, rubber good 450 ft; value of fire department equipment \$1,500; value of buildings occupied

\$2,000; total ann expenses of department \$200; total membership 20, volunteers; bell alarm. Chief engineer, J. M. Hough.

WATER SUPPLY—Source, wells and cisterns.*

Memney, Dewitt Co., population 497; fire area 2 1-2 blocks; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage, buckets and ladders; hose, rubber good 300 ft; value of fire department equipment \$500; value of buildings occupied \$500. Chief engineer, C. E. Howard.*

WATER SUPPLY—Source, wells.*

Mewanee, Henry Co., population 4,560; fire area 1 mile sq; mercantile buildings, brick, 2 stories; private, wood, 2 stories. Fire department—3 hand engines, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, cotton 1,000 ft, rubber good 1,900 ft; total membership 70, all volunteers. Chief engineer, E. E. Baker.*

WATER SUPPLY—Source, 3 artesian wells; system, pumping direct; reservoir cap 300,000 gals; dy cap 2,500,000 gals, Buffalo pumping engines; 40 hydrants, Ludlow; pipe 4 miles, 10 to 6 in dia, National Tube Works Co.; 11 valves, Ludlow; pressure, domestic 40, fire 100 pounds; works owned by city; original cost to construct \$50,000; expenses of construction to date \$60,000; ann expenses \$4,000. Chairman of com., A. W. Errett; chief engineer of waterworks, J. Kean.*

Mirkland, DeKalb Co., population 550; fire area 1-1/2 mile; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 38 chemical extinguishers, 1 hose carriage; hose, rubber good 800 ft; value of fire department equipment \$1,440; expenses \$200; total membership 40, all volunteers; bell alarm. Chief engineer, O. W. Kloe.

WATER SUPPLY—Source, 7 cisterns, cost \$340.

Mirkwood, Warren Co., population 949; mercantile buildings, brick and iron, 1 and 2 stories; dwellings, wood, 1 and 2 stories; wooden roofs not permitted. Fire department—1 chemical engine, 1 hook and ladder truck; hose, rubber good 100 ft, poor 100 ft; total membership 35, all volunteers. Chief engineer, R. L. Everett.

WATER SUPPLY—Source, 4 wells.

Knoxville, Knox Co., population 2,000; fire area 1 mile sq; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 12 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, buckets; hose, cotton good 400 ft; value of fire department equipment \$1,200; value of buildings occupied \$250; total ann expenses of department \$50. Chief engineer, Ed. Hammerstron.*

WATER SUPPLY—Source, wells and cisterns. Chairman water com, H. J. Charles.

Lacon, Marshall Co., population 1,649; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,000 ft, inferior 800 ft, cotton good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; expenses for past year \$1,800; total membership 30, portion paid full time; bell alarm. Chief engineer, R. M. Bone.*

WATER SUPPLY—Source, well; system, pumping to standpipe; standpipe cap 110,000 gals; pumping engines, dy cap 864,000 gals; hydrants 26; pipe 1 mile, 8 in dia; pressure, domestic 50, fire 50 to 150 pounds; works owned by city; original cost to construct \$15,000; expenses of construction to date \$15,000. Supt, J. B. Chapman.

LaGrange, Cook Co., population 4,000; fire area 400 acres; mercantile buildings, brick and wood, 1 to 2 stories; private, stone, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—4 hand engines, 4 hose carriages, all kinds; hose, cotton good 1,500 ft, inferior 100 ft; membership 45, volunteers; whistle alarm; 4 fire companies. Chief engineer, Geo. D. Unold.*

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; reservoir cap 180,000 gals; pumping engines, dy cap 3,000,000 gals, Worthington; hydrants 112; pipe 12 1-2 miles, 4

to 12 in dia; pressure, domestic 50, fire 120 pounds. Supt, J. M. Strasser.

Lake Forest, Lake Co., population 1,200; fire area 5 miles; mercantile buildings, brick and wood, 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, leather 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$1,200; membership 100, volunteers; telephone alarm. Chief engineer, Joe Ensign.*

WATER SUPPLY—Source, Lake Michigan; system, pumping to standpipe; standpipe cap 18 x 80 ft; pumping engines, dy cap 2,000,000 gals; hydrants 43; pipe 6 1-2 miles, 4 to 12 in dia; 14 valves; pressure, domestic 40 to 80, fire 80 pounds; works owned by Lake Forest Water Co; original cost to construct \$58,000; expenses of construction to date \$84,000; ann expenses \$3,000. Supt, H. Horton.

Lanark, Carroll Co., population 1,500; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 2,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total membership 35, volunteers; bell alarm; 1 hook and ladder company, 1 hose company. L. F. Bray, fire marshal.

WATER SUPPLY—Source, wells; system, gravity, pumping to standpipe; reservoir cap 50,000 gals; standpipe cap 50,000 gals, dy cap 1,000,000 gals; Smiley pumping engines; hydrants 18, Mathews; pipe 1-1/3 miles, 4, 6 and 8 in dia; 10 valves, 1 meter, Hersey; taps 25; iron service pipe; pressure domestic 45, fire 150 pounds; works owned by city; original cost to construct \$17,000; expenses of construction to date \$19,000; ann expenses \$550; put on bonds 6 per cent. Supt, Seth C. Wiley.*

La Salle, La Salle Co., population 11,000; fire area 22 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 1 1-2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 2 hose wagons; hose, rubber good 1,000 ft, cotton good 500 ft, cotton inferior 1,000 ft; 2 horses, value \$400; value of fire department equipment \$5,200; value of buildings occupied \$2,000; total ann expenses of department \$2,040; total membership 24, paid full time 3, paid part time 21; Ansonia electric alarm; street boxes 26; 2 fire companies. Chief engineer, Geo. A. Wilson.

WATER SUPPLY—Source, spring, 2 miles distant; system, pumping direct; pumping engines dy cap 2,700,000 gals; hydrants 90, Ludlow; pipe 18 miles, 4 to 12 in dia; pressure, domestic 80, fire 140 pounds; works owned by city; original cost to construct \$100,000; ann expenses \$3,500; put on bonds 6 per cent. Supt, Geo. A. Wilson.

Lemont, Cook Co., population estimated 5,000; mercantile buildings, wood. Fire department—1 hook and ladder truck, 2 hose carts; hose, good 1,000 ft. Chief engineer, Joseph Gehartz.*

WATER SUPPLY—Source, 2 artesian wells; system, pumping direct into mains; reservoir cap 175,000 gals; pumping engines, dy cap 15,000 gals; hydrants 75; pipe 8 1-2 miles, 6 and 3 in dia; pressure, domestic 75, fire 100 pounds; waterworks owned by city; cost to construct \$30,000; ann expenses \$4,500. Supt, J. J. Driscoll.

Lena, Stephenson Co., population 1,270; fire area 640 acres; mercantile buildings, brick, wood and stone, 2 and 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 3 hose carriages; flameless couplings used; hose, cotton good 500 ft, rubber good 1,550 ft, inferior 500 ft; value of fire department equipment \$8,000; total membership 38, paid full time 1; bell alarm. Chief engineer, Geo. W. Leibig.*

WATER SUPPLY—Source, 8 cisterns supplied from buildings, dy cap 1,400 gals. Town clerk, J. M. Sohermerhorn.*

Leroy, McLean Co., population 1,258; mercantile buildings, brick, iron and tin, 2 stories; pri-

vate, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 2 chemical extinguishers; hose, cotton good 200 ft, rubber good 400 ft; value of fire department equipment \$2,500; value of buildings occupied \$200; total ann expenses of department \$500; total membership 30, volunteers; bell alarm. Chief engineer, Chas. A. Schuler. *

WATER SUPPLY—Source, well; system, pumping to standpipe and direct; standpipe cap 74,000 gals; pumping engines, dy cap 150,000 gals, hydrants 5; pipe 1,300 ft, 4, 6 and 8 in dia; 6 valves; pressure, domestic 40 pounds, fire 45 to 70 pounds; works owned by city; cost to construct \$7,100. Supt, Win. Jones.

Lewistown, Fulton Co., population 2,600; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$1,400; value of buildings occupied \$1,000; 40 volunteer members; bell alarm. Chief engineer, J. F. Armdale.

WATER SUPPLY—Source, driven wells; system, pump to standpipe, cap 25,500 gals, Knowles pumping engines; pipe 5 miles, 4 to 8 in dia, Lake Shore Foundry; service pipe iron and lead; 32 hydrants; pressure, domestic 100, fire 150 pounds; cost of construction \$31,000; ann expenses \$12,000. Supt, M. P. Rice.

Lexington, McLean Co., population 1,187; no organized fire department; 1 hook and ladder truck, worthless.

WATER SUPPLY—Source, wells; force pumps and hose, worthless. Town clerk, A. B. Davidson.

Lincoln, Logan Co., population 10,000; fire area 75 acres; mercantile buildings, brick, stone and iron, 1 to 4 stories; private, wood and brick, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 1,500 ft; 2 hoses, value \$400; value of fire department equipment \$8,000; value of buildings occupied \$300; total ann expenses of department \$2,000; members paid full time 1, volunteers 23, whistle alarm; 2 fire companies, 1 hook and ladder company, 1 hose company. Chief engineer, A. F. Dougherty.

WATER SUPPLY—Source, wells; system, pump to standpipe, 100 ft high, cap 150,000 gals; 2 compound pumps, dy cap 2,000,000 gals; 100 hydrants, pipe 17 miles, 4 to 14 in dia; pressure, domestic 40 to 50 pounds, fire 90 and up; cost to construct \$75,000; cost to gate \$130,000; works owned by company. Supt, A. J. Aldrich.

Litchfield, Montgomery Co., population 7,840; fire area 640 acres; mercantile buildings, brick and galvanized iron, 2 and 3 stories; private, wood, 1 story; wooden roofs not permitted in fire district; fireworks ordinance; fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton 100 ft, rubber inferior 1,200 ft, good 750; value of fire department equipment \$3,000; value of buildings occupied \$6,000; total membership 75, all volunteers; 3 fire companies, 1 hook and ladder company, 2 hose companies; bell alarm. Chief engineer, A. Neuber.

WATER SUPPLY—Source, creek; system, gravity; direct pumping; pumping engines, dy cap 1,000,000 gals; 7 1-2 miles mains, 4 to 10 in dia; 62 hydrants; pressure 40 to 150 pounds; works owned by private company; cost to construct \$75,000; expenses to date \$95,000; ann expenses \$4,000. Supt Frank Holden. *

Lockport, Will Co., population 4,500; fire area 600 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs permitted except on main street; fireworks ordinance. Fire department—1 hose carriage, other apparatus 4 ladders, each 25 ft long; hose, linen good 850 ft; value of fire department equipment \$1,000; value of buildings occupied \$2,500; total ann expenses of department \$240; total membership 2, paid full time. Chief engineer, James A. Bern.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir; cap of reservoir 500,000 gals; waterpower pump dy cap 140,000 gals; 1 3-4 mile mains; 25 hydrants; works owned by company. Pres, J. L. Norton

Macomb, McDonough Co., population 5,000,

fire area 40 acres; mercantile buildings, brick, stone and metal, 1, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted except in fire limits; fireworks ordinance. Fire department—2,100 gal, chemical engines on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,000 ft, rubber good 300 ft; value of fire department equipment \$3,000; value of buildings occupied \$3,000; total ann expenses of department \$800; total membership 21, volunteers. Chief engineer, R. T. Quin.

WATER SUPPLY—Source, artesian well 1,350 ft deep; system, pumping to standpipe or direct; reservoir cap 90,000 gals; standpipe cap 65,000 gals; pumping engines, dy cap 60,000 gals; hydrants 32; pipe 3 miles; pressure, domestic 55 to 65, fire 125 to 140 pounds; waterworks owned by city. City clerk, W. H. Wilson.

Manhattan, Will Co., population 257; buildings, wood, 1 story; wooden roofs permitted. Fire department—ladders and buckets. *

WATER SUPPLY—Source and system not stated; 1 reservoir, cap 100 barrels; steam pump. Village clerk, H. E. Paul. *

Maroa, Macon Co., population 1,800; fire area 20 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 700 ft, inferior ft; value of fire department equipment \$1,000; value of buildings occupied \$1,500; total membership 35; bell alarm. Chief engineer, Jas. R. Morgan. *

WATER SUPPLY—Source, wells; system, pumping to tank; tank cap 1,800 bbls; reservoir cap 1200 bbls; 3 pumping engines; pipe 7,000 ft, 8 to 10 in dia; original cost to construct \$7,500. *

Marionville, La Salle Co., population 3,000; fire area 20 acres; mercantile buildings, brick, stone, wood and iron, 2 to 4 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire pump 5 hose carriages, 2 Gould rotary pumps, 1 hook and ladder truck; hose, rubber good 1,500 ft, cotton good 1,000 ft; value of fire department equipment \$6,000; value of buildings occupied \$250; membership 35, volunteers; bell and whistle alarm; 1 hose company. Chief engineer, G. W. Smith.

WATER SUPPLY—Source, Illinois river; system, pumping direct; hydrants 13; pipe 2525 ft, 7 in dia; works owned by city; cost to construct \$4500; expenses of construction to date \$5,000. Supt, L. Haynes.

Marshall, Clark Co., population 2,100; fire area 30 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hose carriage, 1 hook and ladder truck, 1 hose wagon; hose, cotton good 400 ft, rubber good 500 ft; value of fire department equipment \$4,000; value of buildings occupied \$2,500; total ann expenses of department \$600; total membership 25, volunteers; bell alarm. Chief engineer, J. L. Thompson.

WATER SUPPLY—Source, wells and cisterns.

Mascoutah, St. Clair Co., population 2,032; mercantile buildings, brick, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 800 ft, inferior 200 ft; ann expenses of department \$100; total membership 60; bell alarm. Chief elected by company, F. Graul.

WATER SUPPLY—Source, 7 cisterns.

Mattoon, Coles Co., population 9,000; fire area 12 blocks; mercantile buildings, brick, stone and iron, 2 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 2,500 ft, rubber inferior 1,500 ft; value of fire department equipment \$5,000; value of buildings occupied \$15,000; membership 16, volunteers; bell alarm. Chief, Peter Honn.

WATER SUPPLY—Source, wells; system, gravity and pumping to reservoir; reservoir cap 125,000 gals; standpipe cap 150,000 gals; dy cap 3,000,000 gals; pumping engines; hydrants 78; pipe 7 3-10 miles, 4 to 12 in dia; service pipe galv iron and lead; pressure, domestic 40, fire 80 to 200 pounds;

works owned by company. Supt. H. W. Clark.

McHenry, Mc Henry Co., population 2,000; fire area 1 x 2 miles; mercantile buildings, wood, brick and iron, 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical engines on wheels, 4 chemical extinguishers, pails and ladders; value of fire department equipment \$1,500; membership 30, volunteers. Chief engineer, Geo. W. Owen.

WATER SUPPLY—Source, lakes, river and wells. Mayor, G. W. Owens.

Memphis, La Salle Co., population 4,000; fire area 100 acres; mercantile buildings, brick and iron, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 250 ft, inferior 150, cotton good 1,300 ft, inferior 100 ft; value of fire department equipment \$4,500; value of buildings occupied \$2,000; total ann expenses of department \$500; membership 50, volunteers; 2 hose companies. Chief engineer, N. J. Kiegel.

WATER SUPPLY—Source, wells; system, pumping to reservoir and gravity; reservoir cap 150,000 gals; pumping engines, dy cap 110,000 gals; 75 bydrants; pipe 6 1-2 miles, 4 to 8 in dia; 13 valves; 23 meters; pressure, 150 to 160 pounds; waterworks owned by city; cost to construct \$40,000; int on bonds 6 per cent. Supt, J. L. Niesley.*

Metamora, Woodford Co., population 758; fire area 100 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 1-2 and 2 stories; wooden roofs not permitted in fire limits. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,400 ft; total membership 18, all volunteers; bell alarm. Chief engineer, Frank Glehl.

WATER SUPPLY—Source, wells; reservoir cap 1,600 barrels; dy cap 5,000 gals per hour; hydrants 8, Mathews; pipe 3-4 of a mile, 6 to 4 in dia; 2 valves; pressure 37 pounds; works owned by city; cost \$7,000. Pres. H. Jaquot.*

Metropolis City, Massac Co., population 5,373. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 force pump on wheels; hose, linen good 500 ft, inferior 550 ft; no of paid men 25. Chief engineer, John Bunchman.*

WATER SUPPLY—Source, Ohio river; system, pumping to standpipe; standpipe cap 25,000 gals; pumping engines, dy cap 1,440,000 gals, Deane; hydrants 62; pipe 6 miles, 4 to 10 in dia; service pipe galv iron; pressure, domestic 60; fire 70 pounds; works owned by city; original cost to construct \$51,000; ann expenses \$2,600. Supt. Thos. L. Davis.

Millstadt, St. Clair Co., population 1,186; fire area 640 acres; mercantile buildings, brick, 2 stories; private, brick, 1 1/2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose, cotton good 400 ft, rubber good 550 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total membership 42, all volunteers; bell alarm. Captain, Chas. Jacobus.

WATER SUPPLY—Source, wells and cisterns.

Mionok, Woodford Co., population 2,600; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 240 ft, cotton good 1,150 ft; value of fire department equipment \$4,000; value of buildings occupied \$3,000; total ann expenses of department \$1,000; total membership 25; bell alarm. Chief engineer, Jas. A. Pickard.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; standpipe cap 1,800 bbls; pumping engines, dy cap 500 bbls, Smith and Vail; hydrants 19; pipe 1 1/2 miles, 4, 6 and 8 in dia; pressure, domestic 40, fire 80 pounds; works owned by city; original cost to construct \$10,000. Eng. D. H. Davison.

Moline, Rock Island Co., population 14,000; fire area 6 miles; mercantile buildings, brick and stone, 2 to 6 stories; private, wood, 1 and 2 stories; wooden roofs, not permitted in fire limits; fireworks ordinance; causes of fire investigated.

Fire department—1 steam fire engine, 8 chemical extinguishers, 2 hook and ladder trucks, 8 hose carriages, 1 Bangor ladder; hose, rubber good 200 ft, rubber inferior 100 ft, cotton good 5,500, cotton inferior 300 ft, linen good 3,000 ft; value of fire department equipment \$10,000; value of buildings occupied \$6,800; total ann expenses of department \$3,580; total membership 140; Gamewell electric alarm; street boxes 29. Chief engineer, Jas. J. Trevon.

WATER SUPPLY—Source, Mississippi river; system, pumping direct; pumping engines, dy cap 2,500,000 gals; hydrants 194; pipe 12 1/2 miles, 4 to 20 in dia; pressure, domestic 60, fire 100 pounds; works owned by city; expenses of construction to date \$128,000; ann expenses \$6,188; int on bonds 5 per cent. Fred. Supt, Alsterlund.

Monmouth, Kankakee Co., population 2,100; mercantile buildings, stone and brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, 500 ft fabric treated; value of fire department equipment \$2,500; value of buildings occupied \$4,000; total membership 6, paid full time. Chief engineer, Fred V. Sweet.

WATER SUPPLY—Source, Kankakee river; system, pumping to tank and direct; tank cap 700 bbls; 6 hydrants; pressure, fire 200 pounds. Supt, F. Melby.

Monmouth, Warren Co., population 8,000; fire area 10 blocks; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 10 chemical extinguishers, 2 hose carriages; hose, cotton good 1,800 ft; 2 hoses, value \$500; value of fire department equipment \$9,500; value of buildings occupied \$15,000; total ann expenses of department \$2,460; total membership 100, paid full time 2, volunteers members 125; bell alarm. Chief engineer, O. D. Wilcox.

WATER SUPPLY—Source, well; system, pumping to reservoir and direct; reservoir cap 300,000 gals; pumping engines, dy cap 1,800,000 gals; 93 bydrants; pipe 12 miles, 4 to 10 in dia; pressure, domestic 60, fire 140 pounds; works owned by city; expenses of construction to date \$78,795; ann expenses \$3,800; int paid on bonds \$2,600. Supt, R. G. Young.

Monticello, Platt Co., population 2,200; fire area 17 blocks; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits. Fire department—1 hook and ladder truck; 700 ft cotton hose; value of fire department equipment \$400; value of buildings occupied \$200; membership 15, volunteers; electric alarm; 5 boxes. Chief engineer, Chas. P. Watts.

WATER SUPPLY—Source, well; system, pumping to reservoir; reservoir cap 56,000 gals, standpipe cap 36,000 gals; pumping engines, dy cap 500,000 gals; 45 hydrants; pipe 4 miles, 4 to 8 in dia; pressure, domestic 50, fire 150 pounds; works owned by city; original cost to construct \$28,000; ann expenses \$900. Supt, Jas. Wiley; mayor, John E. Andrew; city clerk, W. T. Smith; county clerk, A. L. Rogers.

Morgan Park, Cook Co., population 2,500; fire area 1 sq mile; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hose carriage; hose, cotton good 500 ft, rubber good 150 ft; 2 hoses, value \$400; value of fire department equipment \$2,500; value of buildings occupied \$200. Chief engineer, I. H. Ketchum.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; reservoir cap 100,000 gals; Deane pumping engines, dy cap 125,000 gals; 50 hydrants; pipe 20 miles, 6 and 8 in dia; pressure, domestic 30, fire 80 pounds; works owned by city; original cost to construct \$28,000; ann expenses \$4,000.

Morris, Grundy Co., population 4,000; mercantile buildings, brick and stone, 1 to 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 2,500 ft, cotton inferior 500 ft; 6 hoses; value of fire department equipment \$10,000; value of buildings

occupied \$5,000; total ann expenses of department \$2,500; total membership 25, paid full time 2, volunteer members 23; Gamewell electric alarm; 10 street boxes; 3 fire companies, 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, Henry Stocker.

WATER SUPPLY—Source, wells; system, pumping to reservoir; 811 hydrants; pipe 4 miles; quality of water good; cost to construct \$1,500; ann expenses \$900; works owned by city. Supt, H. Stocker.

Morrison, Whiteside Co., population 2,088. Fire department—3 hose carriages, all kinds hose, cotton good 1,000 ft, linen good 500 ft; total membership 18; telephone alarm; 6 street boxes. Chief engineer, W. Brewer.*

WATER SUPPLY—Source, spring, 1 mile distant; system, pumping to standpipe and direct; reservoir cap 216,000 gals; standpipe 35 x 30 ft, cap 216,000 gals; pumping engines, dy cap 1,500,000 gals; 34 hydrants; pipe 5½ miles, 4 to 8 in dia; 30 valves; 450 taps; service pipe wrought iron; pressure, domestic 33, fire 155 pounds; works owned by city; original cost to construct \$2,000; ann expenses \$2,000. Supt, H. G. Parrish

Mount City, Pulaaki Co., population 3,100; fire area 640 acres; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 500 ft, inferior 100 ft; value of buildings occupied \$1,500; total membership 60, volunteers; bell alarm. Chief engineer, Geo. Eichhorn.

WATER SUPPLY—Source, cisterns. Waterworks with 20 fire hydrants will be put in this year.

Mount Carroll, Carroll Co., population 1,896; fire area 280 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, 300 ft rubber, 200 ft poor, 1,500 ft good linen; value of fire department equipment \$3,650; value of buildings occupied \$3,000; total ann expenses of department \$800; total membership 50, volunteers. Chief engineer, Cal M. Feaser.

WATER SUPPLY—Source, wells; system, pumping direct and to reservoir; reservoir cap 1,965 bbls; pumping engines, dy cap 1,000,000 gals; hydrants 22; pipe 1 3-4 miles, 4 to 10 in dia; 10 valves; 100 service pipe galv iron; pressure, domestic 50, fire 160 pounds; works owned by city; cost to construct \$20,000; ann expenses \$700. Supt, John Warfield.*

Mount Olive, Macoupin Co., population 2,500; fire area 360 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 chemical engine on wheels, 2 hose carriages; hose, rubber inferior 500 ft, cotton good 1,100 ft; value of fire department equipment \$2,800; total membership 65, volunteers; bell alarm. Chief engineer, Chas. J. Kuecott.*

WATER SUPPLY—Source, wells.

Mt. Vernon, Jefferson Co., population 7,000; fire area 3-4 mile sq; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber good 1,000 ft; 1 horse, value 150; value of fire department equipment \$2,000; value of buildings occupied \$500; total ann expenses of department \$300; total membership 24, paid full time 1, volunteer members 28; electric alarm; street boxes 7; 1 fire company. Capt, A. C. Johnson.

WATER SUPPLY—Source, artificial lake; system, pumping direct; reservoir cap 53,000,000 gals; pumping engines, dy cap 1,000,000 gals. Deane; hydrants 41; pipe 6 3-4 miles, 4, 6, 8, 10 in dia; service pipe galv iron; pressure, domestic 60, fire 125 pounds; works owned by company; original cost to construct \$33,000; expenses of construction to date \$35,000; ann expenses \$2,500; int on bonds 6 per cent. Supt, A. C. Johnson.

Murphysboro, Jackson Co., population 4,500; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose, rubber good 300 ft, cotton good 600 ft, inferior 500 ft; total member-

ship 21, volunteers; value of equipment \$2,300. Foreman, W. H. Hull.

WATER SUPPLY—Source, pumping to standpipe 3-4 mile from city; Hughes pumping engines, dy cap 1,750,000 gals; 50 hydrants; pipe 4 miles, 10 to 4 in dia; pressure, fire purpose, 65 pounds; works owned by company. Pres, W. K. Murphy.

Naperville, Du Page Co., population 2,216 fire area 40 acres; mercantile buildings, brick, wood and stone, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted outside of fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 steam fire engine, 10 chemical extinguishers (private), 1 hook and ladder truck, 3 hose carriages; hose, rubber good 2,300 ft; value of fire department equipment \$5,000; value of buildings occupied 2,000; ann expenses of department \$500; total membership 80, all volunteers; bell alarm. Chief engineer, Joseph Koehly.

WATER SUPPLY—Source, wells, rivers, spring and brooks.

Nashville, Washington Co., population 3,000 fire area 3-4 mile sq; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted by special permit only; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 1 hose and supply wagon, hose, rubber good 600 ft, poor 400 ft, cotton good 500 ft; value of fire department equipment \$6,500; value of buildings occupied \$2,500; total ann expenses of department \$150; membership 15, paid full time; bell alarm; 1 fire company. Chief engineer, Chris. Leyles.

WATER SUPPLY—Source, wells, 3 ponds and 15 cisterns; cisterns pumping direct into mains; dy cap 350,000 gals; works owned by city. Supt, Philip Reither.*

New Athens, St. Clair Co., population 900; fire area 400 acres; mercantile buildings, brick, 2 stories; private, brick, 1 and 2 stories; wooden roofs permitted, tin chiefly used. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 250 ft, cotton good 400 ft; value of fire department equipment \$1,500; ann expenses of department \$100; membership 35. Capt, Wm. Hiller.

WATER SUPPLY—Source, river and wells; 20 cisterns supplied from roofs; cap of cisterns 8,000 to 12,000 gals.

Normal, McLean Co., population 4,000; fire area 4 sq miles; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 650 ft, cotton inferior 50 ft; value of fire department equipment \$1,000; value of buildings occupied \$100; total ann expenses of department \$400; membership 12, paid part time; 1 fire company. Chief engineer, Watson Stewart.

WATER SUPPLY—Source, 1 large public well, private wells and cisterns.

Oak Park, Cook Co., population 5,000; fire area 4 sq miles; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber poor 300 ft, cotton good 200 ft; value of fire department equipment \$1,200; value of buildings occupied \$1,000; total ann expenses of department \$500; total membership 25, paid part time; bell alarm. Chief engineer, Charles Wright.

WATER SUPPLY—Source, 7 artesian wells; system, pumping to standpipe; reservoir cap 3,000,000 gals; 2 standpipes, cap 100,000 gals; pumping engines, dy cap 2,500,000 gals; 398 hydrants; pipe 40 miles, 4 to 10 in dia; 90 valves; pressure, domestic 40, fire 100 pounds; works owned by company; original cost to construct \$200,000; expenses of construction to date \$300,000; ann expenses \$17,000. Supt, B. L. Dodge.

Odin, Marion Co., population 1,000; fire area 160 acres; buildings, wood, 2 stories; wooden roofs permitted. No organized fire department—1 chemical extinguisher, ladders and buckets.

WATER SUPPLY not reported.

O'Fallon, St. Clair Co., population 900; fire area 300 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 1½ stories; wooden roofs permitted; fireworks ordinance; causes of fire in-

vestigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft, cotton good 100 ft; value of fire department equipment \$1,000; value of buildings occupied \$4,185; total membership 27, volunteers; bell alarm. Chief engineer, John Housam.*

WATER SUPPLY—Source, wells.*

Okawville, Washington Co., population 1,000; fire area 1 mile sq; mercantile buildings, wood 1 and 2 stories; private, wood, 1 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage, ladders; hose, cotton good 500 ft, cotton inferior 150 ft; value of fire department equipment \$1,100; value of buildings occupied \$1,600; total ann expenses of department \$150; total membership 13, volunteers; bell alarm; 1 fire company. Chief engineer, John W. Schreiner. Can also use private equipment of Okawville Mineral Spring Co.

WATER SUPPLY—Source, wells and cisterns; Rumsey & Co. pumps; 5 fire plugs placed by Mineral Spgs Co.

Olney, Richland Co., population 4,000; fire area 2 miles sq; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 2 hose wagons; hose, rubber good 150 ft, cotton good 800 ft; value of fire department equipment \$3,500; value of buildings occupied \$2,000; total ann expenses of department \$500; total membership 80, volunteers; bell alarm. Chief engineer, W. A. Cope.

WATER SUPPLY—Source, Fox river; system, pumping to standpipe and direct; standpipe 124 by 11 ft; pumping engines, dy cap 2,000,000 gals; 40 hydrants; pipe 4½ miles, 4, 6, 8, 10 in dia; pressure, domestic 65, fire 125 pounds; works owned by city; cost to construct \$30,000; expenses of construction to date \$35,000; ann expenses \$2,000. Engineer, L. L. Lyons.

Omaha, Ironquois Co., population 1,380. Fire department—1 hook and ladder truck; hose, rubber good 100 ft, inferior 100 ft. Town clerk, A. M. Peck.*

WATER SUPPLY—Source, wells.

Oregon, Ogle Co., population 1,566; fire area 400 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—8 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 500 ft, rubber good 1,500 ft, inferior 500 ft, linen good 500 ft; value of fire department equipment \$3,500; value of buildings occupied \$3,000; total membership 30, paid part time; bell alarm; 4 fire companies. Chief engineer, L. V. Rumery.*

WATER SUPPLY—Source, well; system, pumping to reservoir; reservoir cap 1,000,000 gals; pumping engines, dy cap 100,000 gals; 20 hydrants; pipe 3 miles, 8, 6, 4 in dia; 6 valves; pressure 75 to 90 pounds; works owned by city; cost to construct \$13,000; ann expenses \$700. Supt, Thos. Jake-man.

Ottawa, LaSalle Co., population 12,000; fire area 60 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1, 2 and 3 stories; wooden roofs permitted except in fire area; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 heater; hose, rubber, good 1,300 ft, cotton good 2,900 ft; 4 horses; value \$800; value of fire department equipment \$15,000; value of buildings occupied \$6,000; total ann expenses of department \$6,000; total membership 27, volunteers, 4 paid; Gamewell system; 16 boxes and telephone; 1 fire company. Chief engineer, Henry Wolf.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 8,000 bbls; 6 cisterns; 5 hydrants; pipe ½ mile, 6 to 10 in dia; 4 miles of canal and feeder, which supplies water for fire purposes; city surrounded by rivers and canals; pressure 40 pounds; ann expenses \$200. Expect new system with 24 miles of pipe and 200 hydrants this year.

Palatine, Cook Co., population 1,037; buildings, frame, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 800 ft; value of fire department

equipment \$1,100; total membership 35, volunteers; bell alarm. R. M. Putnam.*

WATER SUPPLY—Source, wells; 11 tanks. Village clerk, C. H. Outting.*

Pana, Christian Co., population 5,077; fire area 700 acres; buildings, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fire works ordinance. Fire department—1 chemical engine on wheels, 500 hand grenades, ladders and hooks; hose, rubber inferior 150 ft; value of fire department equipment \$2,000; total ann expenses of department \$100; total membership 24, volunteers; bell alarm. Chief engineer, Frank Williams.*

WATER SUPPLY—Source, wells and cisterns. City clerk, A. B. McMillan.*

Paxton, Ford Co., population 2,187; fire area 13 acres; buildings, brick, 2 and 3 stories. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$2,175; expenses of past year \$275; total membership 15, volunteers. Chief, N. E. Crothers.

WATER SUPPLY—Source, wells; system, pumping to reservoir and standpipe; reservoir cap 2,000 bbls; standpipe 8 in by 80 ft; pumping engines, hydrants 18; pipe 1½ miles, 4 to 6 in dia; 5 valves; service pipe cast iron; pressure, fire 80 pounds; works owned by city; original cost to construct \$7,700; expenses of construction to date \$14,000; ann expenses \$1,500. Chairman of com, W. H. Hunter.*

Pecatonica, Winnebago Co., population 1,500; fire area 120 acres; mercantile buildings, stone, brick and wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 3 hose carriages, all kinds, ladders, picks, poles, hooks, etc.; hose, cotton good 100 ft, rubber good 400 ft, inferior 200 ft; value of fire department equipment \$5,000; value of buildings occupied \$3,000; total ann expenses of department \$500; total membership 18, volunteers, 1 paid; bell and telephone alarm. Chief engineer, Nate Coiby.

WATER SUPPLY—Source, wells; system, pump to standpipe; cap 25,000 gals; Deane pumping engines, dy cap 180,000 gals; 10 hydrants, Geo. C. Morgan; pipe 4,000 ft, 8 to 4 in dia, Addyston Pipe Co.; 5 Galvin valves; quality of water good; pressure 55 pounds; works owned by city; cost to construct \$3,614.25; ann expenses \$400. Mayor, C. E. Hallock.

Pekin, Tazewell Co., population 11,206; fire area 8 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hose carriage, 1 hose wagon; hose, cotton good 2,500 ft; 4 horses, value \$800; value of fire department equipment \$11,100; value of buildings occupied \$15,000; total ann expenses of department \$7,500; total membership 18, paid full time 1, paid part time 2, volunteer members 15; Gamewell electric alarm; street boxes 19. Chief engineer, Julius F. Jaackel.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe; cap of standpipe 127,000 gals; pumping engines, dy cap 3,000,000 gals; 130 hydrants; pipe 13 miles, 4 to 16 in dia; 60 valves; pressure, domestic 60, fire 120 pounds; cost to construct \$100,000; cost to date \$125,000. Supt, Henry Lauts.

Peoria, Peoria Co., population 48,000; fire area 350 acres; mercantile buildings, stone and brick, 3 to 9 stories; private, wood and brick, 1 to 4 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 hand engine, 2 chemical engines on wheels, 8 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 8 hose carriages, all kinds, 2 hose wagons; hose, rubber good 6,000 ft, rubber inferior 1,500 ft, cotton good 3,300 ft, poor 500 ft; 28 horses, value \$6,000; value of fire department equipment \$40,000; value of buildings occupied \$34,800; total ann expenses of department \$56,000; total membership 108, paid full time 43, volunteer members 65; Gamewell electric alarm; 115 boxes. Chief engineer, Carl Moeller.

WATER SUPPLY—Source, wells; system, pumping to reservoir, standpipe and direct; reservoir cap 19,000,000 gals; standpipes, cap of both, 1,000,-

000 gals; 3 pumping engines, dy cap 7,500,000 gals each; 1,033 hydrants; pipe 77 miles, 4 to 30 in dia; pressure 50 to 140 lbs; Edson pressure recording gauges; works owned by company; cost to construct \$1,750,000. Supt, D. H. Maury, Jr.

Peotome, Will Co., population 1,000; fire area 80 acres; mercantile buildings, frame and brick, 2 stories; private, frame 2 stories. Fire department—1 hand engine, 9 chemical extinguishers, 1 hose carriage; hose, rubber good 400 ft; value of buildings owned \$200. E. B. Cowing.

WATER SUPPLY—Source, wells.*

Perru, LaSalle Co., population 6,000; fire area 640 acres; mercantile buildings, wood and brick, 1 to 4 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose wagon, 1 hose carriage; hose, cotton good 1,500 ft, poor 500 ft; 2 horses, value \$500; value of fire department equipment \$6,000; value of buildings occupied \$4,000; total ann expenses of department \$1,800; total membership 40, paid full time 1, paid part time 1, volunteers members 38; electric fire alarm; 23 boxes, 1 fire company. Chief engineer, T. Mueller.

WATER SUPPLY—Source, artesian well; system, pumping to standpipe; reservoir cap 340,000 gals; standpipe cap 200,000 gals; pumping engines, dy cap 200,000 gals; 80 hydrants; pipe 10 miles, 4 to 12 in dia; pressure, domestic 45, fire 100 pounds; works owned by company; cost to construct \$76,500; cost to date \$80,000; ann expenses \$5,600. Supt, Theo. Wiberling.

Petersburgh, Menard Co., population 3,000; mercantile buildings, brick and stone, 2 stories; private, brick and stone, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. No fire department. Chairman of fire and water com, H. M. Levering.*

WATER SUPPLY—Source, wells; system, pump to standpipe, cap 200,000 gals; Worthington pumping engines, dy cap 1,500,000 gals; 25 hydrants; pipe 2½ miles, 10 to 4 in dia; pressure, domestic 60, fire 80 pounds; works owned by city; cost to construct \$20,000; ann expenses \$2,700. Supt, Jno. H. Seese.

Pickneyville, Perry Co., population 2,500; fire area 240 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs are permitted. Fire department—1 hook and ladder truck, 2 hose carriages; rubber hose good 1,200 ft; telephone alarm. Chief, Richard Sherman.

WATER SUPPLY—Source, lake; system, gravity and pumping direct; pumping engines, dy cap 2,000,000 gals; 200 hydrants, 75 fire plugs; pipe 4 miles, 6 in dia, 11 valves; pressure, domestic 80, fire 150 pounds; works owned by city; cost to construct, to date \$20,000. Supt, E. M. Norbury.

Plainfield, Will Co., population 1,000; fire area 5 acres; mercantile buildings, stone and brick, 1 and 2 stories; private, wood, 2 stories; wooden roofs not permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 20 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 water tank mounted; hose, cotton good 500 ft; value of fire department equipment \$1,200; value of buildings occupied \$75,000; total ann expenses of department \$25; total membership 23, volunteers; bell alarm; 1 fire company. Chief engineer, A. J. McCreery.*

WATER SUPPLY—Source, wells. Village clerk, Robt. Andrus.*

Plano, Kendall Co., population 2,500; fire area 320 acres; mercantile buildings, brick; 25 to 30 ft; private; wood, 14 ft; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,000; value of fire department equipment \$1,500; value of buildings occupied \$200; total membership 20, volunteers; bell alarm. Chief engineer, Wallace Paaker.

WATER SUPPLY—Source, well; reservoir cap 60,000 gals; pumping engines, dy cap 180,000 gals, Blake; 20 hydrants; pipe 2 1-4 miles, 4 to 6 in dia; pressure, domestic 35, fire 80 pounds; works owned by city; expenses of construction to date \$13,500; ann expenses \$700. Supt, F. S. Hadlock.

Polo, Ogle Co., population 1,828; fire area 850

acres; mercantile buildings, stone and brick, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,250 ft, cotton good 50 ft; value of fire department equipment \$4,000; value of buildings occupied \$2,000; total membership 30, volunteers; bell alarm. Chief engineer, G. B. Treat.

WATER SUPPLY—Source, artesian well, 2,100 ft deep; system, pumping to reservoir and standpipe and direct; reservoir cap 30,000 gals; standpipe cap 27,000 gals; pumping engines; 22 hydrants; pipe 2½ miles, 8, 6 and 4 in dia; pressure 60 to 72 pounds; works owned by city; cost to construct \$16,000 for works, \$5,000 for w. ll. Supt, Richard Cornelius.

Pontiac, Livingston Co., population 4,000; mercantile buildings, brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages; hose, rubber good 1,000 ft, rubber inferior 500 ft; 2 horses, value \$400; value of fire department equipment \$7,000; value of buildings occupied \$2,500; membership 20, paid full time 2, paid part time 18; bell alarm. Chief engineer, Jno. W. Hooker.

WATER SUPPLY—System, pumping to standpipe; 2 compound pumping engines; hydrants 60; pipe 6 miles.

Princeton, Bureau Co., population 4,500; fire area 40 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 chemical engines on wheels, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,500 ft, linen good 1,000 ft; value of fire department equipment \$5,000; value of buildings occupied \$3,000; total ann expenses of department \$200; total membership 70, all volunteers; bell alarm. Chief engineer, A. C. Best.

WATER SUPPLY—Source, well; system, pumping to reservoir and standpipe; reservoir cap 180,000 gals; standpipe cap 55,000 gals; pumping engines, dy cap 900,000 gals; hydrants 83; pipe 9 1-4 miles, 4, 6 and 8 in dia; 38 valves; taps 475; service pipe galv iron; pressure, domestic 35 to 45, fire 125 pounds; works owned by city; cost to construct \$30,000; expenses or construction to date \$53,000; ann expenses \$2,000. Supt, J. L. Huntington.*

Prophetstown, Whiteside Co., population 800; fire area no limit; buildings, wood, 1½ and 2 stories; fireworks ordinance. Fire department—2 chemical engines on wheels; hand grenades; hose, rubber good 200 ft; value of fire department equipment \$1,500; value of buildings occupied \$600; total membership 25, volunteers; bell alarm; 1 fire company. Chief engineer, Jno. B. Loomis.*

Pullman, Cook Co., (34th Ward of Chicago), population 12,614; fire area 700 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, 1 and 3 stories; wooden roofs not permitted; fireworks ordinance; fire investigated. Fire department—4 chemical extinguishers, owned by factories 38, all 13,000 ft of hose, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 12,000 ft, rubber good 200 ft, inferior 200 ft; 5 horses, value \$950; value of fire department equipment \$5,000; total expenses of department \$5,500; total membership 8; paid full time; 1 hook and ladder company, 1 hose company. Chief engineer, Joseph Vogt.

WATER SUPPLY—Source, Lake Michigan and Lake Calumet; located 6 miles N. E. from city; system, direct into mains; water bought by meter from Chicago; hydrants 125; pipe 15 miles, 15 to 4 in dia; pressure, domestic 25 to 40, fire 70 pounds; waterworks owned by city and by Pullman Co; cost to construct \$200,000. Supt, Duane Doty.

Quincy, Adams Co., population 31,494; fire area 5½ sq miles; mercantile buildings, brick and stone, 4 and 5 stories; private, stone and brick, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—5 steam fire engines, 1 chemical engine on wheels, 5 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 8 hose carriages, 1 hose wagon; hose, rubber good 4,000 ft, inferior 2,000 ft; 21 horses, value \$4,200; value of fire department equipment \$35,000; value of buildings occupied \$75,000; total ann expenses of department \$29,800; total membership 80, paid full time

22, paid part time 13, volunteers 45; telephone alarm. Chief engineer, Geo. Schlag.*

WATER SUPPLY—Source, Mississippi river; system, pumping to filter; gravity, pumping to reservoir; cap reservoir 2,000,000 gals; pumping engines, dy cap 17,000,000 gals; hydrants 192; pipe 29 miles, 2 to 20 in dia; 149 valves; pressure 30 to 90 pounds; works owned by L. & W. B. Bull. Supt. Dow R. Gwinn.

Rantoul, Champaign Co., population 1,250 fire area $\frac{1}{2}$ mile; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted, tin on business bldgs, fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 300 ft; value of fire department equipment \$1,000; value of buildings occupied \$3,000; total ann expenses of department \$100; total membership 10, volunteers; bell alarm. Chief engineer, O. P. Hyde.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 25,200 gals; pumping engines, dy cap 50,000 gals; 8 hydrants; pipe 24 miles, 3 in dia; works owned by city; cost to construct \$1,500; cost to date \$5,000; ann expenses \$1,000. Supt. O. T. Olson.

Elvinton, Sangamon Co., population 1,000; mercantile buildings, wood, 1 story; private, wood, 1 story; wooden roofs are permitted, causes of fire investigated. Fire department—bucket brigade.

WATER SUPPLY—Source, wells and river. Mayor, J. M. Knox.

Boonville, Woodford Co., population 950; mercantile buildings, wood and brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hose carriage; hose, rubber good 200 ft; value of fire department equipment \$250; value of buildings occupied \$50. Chief engineer, A. Rapp.*

WATER SUPPLY—Source, wells. Village clerk, E. M. Cox.*

Robinson, Crawford Co., population 2,500; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine and chemical combined, 1 hook and ladder truck, 1 hose carriage; hose, cotton new 500 ft; volunteers 25; value of equipment \$1,000; value of buildings occupied \$300. Chief engineer, W. C. Kessler.

WATER SUPPLY—Source, 2 public wells 1,000 bbls cap each, 3 public wells 40 bbls cap each and 30 private wells. (Works contemplated.)

Rockelle, Ogle Co., population 1,800; fire area 20 acres; mercantile buildings, brick, 1 and 2 stories, private, frame; wooden roofs permitted. Fire department—3 hose carriages; hose, rubber good 1,400 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total membership 30, volunteers; whistle alarm. Foreman, E. W. Unger.*

WATER SUPPLY—Source, springs; system, pumping to standpipe; standpipe cap 33,000 gals; pumping engines, dy cap 1,500,000 gals; 59 hydrants; pipe $\frac{1}{2}$ miles, 4 to 8 in dia; pressure, domestic 65, fire 100 pounds; works owned by city; cost to construct \$22,000; ann expenses \$2,500. Supt. S. H. Wolfe.

Rock Falls, Whiteside Co., population 2,400; buildings, wood and brick, 2 stories; wooden roofs permitted. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, hand grenades; hose, cotton good 500 ft, rubber good 600 ft, linen good 400 ft; value of fire department equipment \$3,000; value of bldgs \$2,500; ann expenses \$300; total membership 25, volunteers; whistle and bell alarm. Chief, A. C. Stanley.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; Worthington pumping engines, dy cap 4,000,000 gals; 13 hydrants; pipe 1 mile, 8 in dia; ann expenses about \$800. Supt. Judd Decker.

Rockford, Winnebago Co., population 25,000; fire area 400 acres; mercantile buildings, stone and brick, 2 to 6 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 7 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck,

2 hose carriages, 3 hose wagons; hose, rubber poor 1,000 ft, cotton good 3,650 ft, linen good 200 ft; 14 horses, value \$2,800; value of fire department equipment \$18,519.50; value of buildings occupied \$31,890; total ann expenses of department \$34,867; total membership 25, paid full time 25; Gamewell electric alarm; 37 street boxes. Chief engineer, Edward Heffran.

WATER SUPPLY—Source, artesian wells; system, pumping direct; reservoir cap 1,250,000 gals; pumping engines, dy cap 12,000,000 gals; 337 hydrants; pipe 50.87 miles, 4 to 20 in dia; 495 valves; pressure, domestic 45, fire 60 to 120 pounds; works owned by city; original cost to construct \$463,851; expenses of construction to date \$991,619; ann expenses \$15,961. Supt. Chas. W. Calkins.

Rock Island, Rock Island Co., population 20,000; fire area 20 miles; mercantile buildings, brick and stone, 2 to 5 stories; private, wood and brick, 2 stories; wooden roofs not permitted; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages, 1 hose wagon; hose, rubber good 1,000 ft, rubber inferior 1,500 ft, cotton good 4,500 ft; 4 horses, value \$650; value of fire department equipment \$10,000; total ann expenses of department \$5,500; total membership 10, paid full time; Gamewell electric alarm; 23 street boxes. Chief, Bernard Brahm.

WATER SUPPLY—Source, Mississippi river; system, pumping direct; Holly pumping engines, dy cap 8,000,000 gals; 165 hydrants; pipe 22 miles, 4 to 16 in dia; service pipe lead; pressure, domestic 60, fire 100 pounds; works owned by city; original cost to construct \$200,000; expenses of construction to date \$275,000; ann expenses \$11,000. Supt. John A. Murrin.

Rogers Park, Cook Co., population 1,708; fire area 600 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 550 ft; value of fire department equipment \$1,000; value of buildings occupied \$7,000; 12 volunteer members; bell alarm. Chief engineer, W. H. Marshall.*

WATER SUPPLY—Source, Lake Michigan; system, pumping to standpipe; standpipe cap 105,000 gals; Deane pumping engine, dy cap 2,500,000 gals; 160 hydrants; pipe 17 miles, 6 to 12 in dia; service pipe lead; pressure, domestic 50, fire 90 pounds; works owned by company. Supt. H. E. Keeler.

Roodhouse, Greene Co., population 3,000; fire area 6 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hose carriage; hose, cotton good 300 ft; value of fire department equipment \$750; value of buildings occupied \$3,000.*

WATER SUPPLY—Source, wells.*

St. Charles, Kane Co., population 2,500; fire area 800 acres; mercantile buildings, brick, 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 2 chemical extinguishers, 2 hose carriages, 2 Holly pumps; hose, rubber good 400 ft, cotton good 500 ft; value of building occupied \$1,200; total membership 20, volunteers; 1 fire company. Chief engineer, M. E. Sinton.*

WATER SUPPLY—Source, springs; system, pumping to standpipe; reservoir 90x18 ft. Works as above, were started, hard times stopped work, will resume as soon as new Co. is formed. Water for fire protection from wells and river.

Sandwich, DeKalb Co., population 2,980. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 2,000 ft; total membership 40, paid part time. Chief, Frank Mahan.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; cap of standpipe 90,000 gals; Worthington pumping engines, dy cap 1,000,000 gals; 36 hydrants; pipe $\frac{1}{2}$ miles, 4 to 8 in dia; pressure 50 to 120 pounds; cost to construct \$25,000; ann expenses \$1,400. Engineer, L. D. Smith.

Savanna, Carroll Co., population 4,500; fire area 10 blocks; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; metal roofs used; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder

truck, 4 hose carriages; hose, cotton good 1,900 ft., inferior 100 ft.; value of fire department equipment \$3,600; value of buildings occupied \$3,000; total membership 100, volunteer members; bell alarm. Fire chief, D. C. Smith.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir; reservoir cap 700,000 gals; pumping engines, dy cap 1,000,000 gals; 34 hydrants; pipe 4 1/2 miles, 4 to 10 in dia; 24 valves; 300 taps; service pipe galv iron; pressure 85 pounds; works owned by city; cost to construct \$40,000; ann expenses \$1,500. Supt, J. S. Hunt.

Seneca, LaSalle Co., population 1,000; fire area 80 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine, 1 hose carriage, hooks and ladders; hose, cotton 2,500 ft; value of fire department equipment \$3,000; value of buildings occupied \$4,500; total membership 25, volunteers, 2 paid part time; bell alarm; 1 fire company. Chief engineer, J. C. Laumly.

WATER SUPPLY—Source, 3 artesian wells; system, pumping to 3 cisterns; cap 1,000 barrels each; 9 valves; pressure 15 to 100 pounds. Canal runs through town. Village clerk, Thomas Murry.

Somonauk, De Kalb Co., population 1,200 mercantile buildings, brick and stone, 2 stories; private, wood, 1 story; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; membership 30, volunteers. Chief, H. F. Hess.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 2,000 bbls; dy cap 150 bbls; hydrants 35; pipe 4 miles, 6 and 4 in dia; pressure, domestic 35, fire 40 pounds; works owned by city; original cost to construct \$8,000; ann expenses \$100. Supt, C. C. Stevens.

South Evanston, Cook Co., (see Evanston).

Springfield, Sangamon Co., population 30,000; fire area 300 acres; mercantile buildings, brick, iron and stone, 3 and 7 stories; private, wood, 2 to 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 2 chemical engines on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds, 1 supply wagon; hose, rubber good 400 ft, cotton good 7,500 ft, linen good 500 ft; 21 horses; value \$3,500; value of fire department equipment \$24,000; value of buildings occupied \$40,000; total ann expenses of department \$30,000; total membership 50, paid full time 38, paid part time 12; Gamewell electric alarm; 72 street boxes; 5 fire companies, 4 engine companies, 1 hook and ladder company. Contemplated, steamer and 1 hook and ladder truck. Fire marshal, Thos. Fountain.

WATER SUPPLY—Source, well and galleries, 4 miles distant; system, pumping direct to reservoir; reservoir cap 4,000,000 gals; pumping engines, dy cap 5,000,000 gals; hydrants 183; pipe 33 miles, 4 to 24 in dia; pressure, domestic 30 to 40, fire 50 to 60 pounds; work owned by city; original cost to construct \$550,000; ann expenses \$19,000. Supt, Peter Berriman.

Spring Valley, Bureau Co., population 3,837; mercantile buildings, brick, 2 stories; private, wood, 1 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,280 ft; value of fire department equipment \$2,500; total membership 37; bell alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Fire marshal, E. G. Moore; chairman of fire water com, P. J. O'Brien.

WATER SUPPLY—Source, springs, 1/2 mile distant; system, pumping to standpipe; standpipe cap 129,822 gals; Knowles, pumping engines, dy cap 46,200 gals; hydrants 11; pipe 2 miles, 10 in dia; Philadelphia; 7 valves, Philadelphia; 1 meter; service pipe galv iron; pressure, domestic 60, fire 80 pounds; works owned by city; cost to construct \$40,000; ann expenses \$1,500. Supt, Geo. Maroo.

Stamton, Macoupin Co., population 2,550; mercantile buildings, brick and iron, 2 stories; private, frame, 1 story; wooden roofs not permitted in fire limits. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, buckets; hose, cotton good 300 ft, rubber good 200 ft, inferior 500 ft; value of fire department equip-

ment \$2,000; value of buildings occupied \$8,000; total ann expenses of department \$100; total membership 25, volunteers; bell alarm. Chief engineer, H. A. Fischer.

WATER SUPPLY—Source, well and cisterns.

Sterling, Whiteside Co., population about 6,000; mercantile buildings, brick, 3 and 4 stories; private, wood, 2 stories; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 aerial truck and 1 supply wagon, 5 hose carriages; hose, cotton good 600 ft, inferior 300 ft, rubber good 2,400 ft; 2 horses value \$310; value of fire department equipment \$6,000; total membership 30, paid full time 1, paid part time 29; bells and whistle alarm. Chief engineer, C. H. Ives.

WATER SUPPLY—Source, artesian wells 1,400 ft deep; system, pumping to standpipe and direct; cap reservoir 1,000,000 gals; cap standpipe 220,000 gals; pumping engines, dy cap 2,500,000 gals; 134 hydrants; pipe 14 miles, 16 to 4 in dia; taps 448; service pipe cast iron; quality of water good; pressure, domestic 50, fire 120 pounds; Edison pressure recording gauge. Supt, W. J. Watson.

Streator, LaSalle Co., population 16,000; fire area 4 sq miles; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 8 chemical hand extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 2,000 ft, inferior 400 ft; 4 horses, value \$700; value of fire department equipment \$7,000; value of buildings occupied \$15,000; total membership 15, paid full time 3, paid part time 12; electric alarm; 12 boxes. Chief engineer, Jas. McMahon.

WATER SUPPLY—Source, river; system, pumping to standpipe; reservoir cap 150,000,000 gals; standpipe cap 300,000 gals; pumping engines, dy cap 3,000,000 gals; 193 hydrants; pipe 23 1/2 miles, 4 to 16 in dia; pressure, domestic 45, fire 120 pounds; works owned by company; cost to construct \$337,000; ann expenses \$6,000. Supt, D. E. Huggans.

Sycamore, De Kalb Co., population 3,300; mercantile buildings, brick and stone, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire limits. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,500 ft, poor 250 ft; value of fire department equipment \$25,000; value of buildings occupied \$3,000; membership 55, paid part time; electric bell alarm; 8 street boxes. Chief engineer, E. K. Jones.

WATER SUPPLY—Source, wells; system, pumping to reservoir, standpipe and direct; reservoir cap 40,000 gals, standpipe cap 180,000 gals; pumping engines, dy cap 1,000,000 gals; 52 hydrants; pipe 5 1/4 miles, 4, 6, 8 and 10 in dia; 22 valves; taps 127; service pipe lead and steel; pressure, domestic 60, fire 120 pounds; works owned by city; cost to construct \$40,000; expenses of construction to date \$60,000; ann expenses \$1,500. Supt, S. O. Pike.

Tiskilwa, Bureau Co., population 1,000; fire area 300 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$800; value of buildings occupied \$700; total membership 35, volunteers; bell alarm; 1 fire company. Capt, L. O. May.

WATER SUPPLY—Source, 2 springs, 1 mile distant; system, gravity; hydrants 6; pipe 1 1/2 miles, 4 in dia; works owned by village; original cost to construct \$3,000; int on bonds 5 per cent. Chairman of com, J. J. Wilkins.

Tolono, Champaign Co., population 950; fire area 840 acres; mercantile buildings, wood, brick, iron and tin, 1 and 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 18 leather buckets; hose, rubber good 300 ft, cotton good 300 ft; value of fire department equipment \$825; value of buildings occupied \$300; total membership 23, volunteers; bell alarm. Chief engineer, R. Richmond.

WATER SUPPLY—Source, wells and cisterns.

Trenton, Clinton Co., population 1,600; fire area 640 acres; mercantile buildings, brick and wood, 1 to 4 stories; private, wood, 1 to 4 stories;

wooden roofs are permitted; fireworks ordinance. Fire department—1 hand engine, 12 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 750 ft, cotton inferior 250 ft; value fire department equipment 1,800; value of buildings occupied \$400; total ann expenses of department \$600; membership 50, paid full time; bell alarm; 3 fire companies, 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, L. M. Koentz.

WATER SUPPLY—Source, wells, cisterns and 5 ponds. Have voted to expend \$8,000 for water-works. City clerk, T. J. Kasper.

Tuscola, Douglas Co., population 2,500; fire area 30 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical engines on wheels; hose, rubber good 300 ft; value of fire department equipment \$3,000; value of buildings occupied \$3,000; total ann expenses of department \$75; total membership 18, paid part time; bell alarm. John Fairbairn.*

WATER SUPPLY—Source, wells.*

Urbana, Champion Co., population 4,500; fire area 4 acres; mercantile buildings, brick, 2 stories; wooden roofs not permitted in fire limits; private, wood, 2 stories. Fire department—1 hand engine, 2 hose carriages, 1 supply wagon; hose, rubber good 500 ft, cotton good 750 ft; 2 hoses, value \$300; value of equipment \$3,000; value of buildings occupied \$300; total expenses for past year \$2,920; total membership 8; electric alarm. Chief engineer, T. Koucher.

WATER SUPPLY—Source, surface water, 8 cisterns; system, direct and pumping to reservoir; cap of reservoir 250,000 gals; 40 hydrants; pressure 90 pounds.

Vandalia, Fayette Co., population 2,144; fire area 1,280 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 900 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,000; total membership 20, paid part time; bell alarm. Chief engineer, Chas. Washburn.

WATER SUPPLY—Source, cisterns, supplied from buildings. Works contemplated.

Venice, Madison Co., population 2,000; mercantile buildings, wood and brick, 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft, rubber inferior 800 ft; value of fire department equipment \$1,100; value of buildings occupied \$500; total membership 22, volunteer; electric alarm; 13 street boxes. Chief engineer, A. J. Miller.

WATER SUPPLY—Source, Mississippi river; system, pump to tank; cap 60,000 gals; Deane pumping engine, 400,000 gals; pipe 4 miles, 4 in dia; pressure, domestic 40 pounds, fire 125 pounds; works owned by city; 80 hydrants; cost to construct \$18,000; ann expenses \$1,000.

Warsaw, Hancock Co., population 3,500; fire area 640 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, rubber inferior 800 ft, cotton good 1,300 ft, leather 200 ft; value of fire department equipment \$3,000; value of buildings occupied \$3,000; total ann expenses of department \$150; total membership 90, volunteers; bell alarm; 2 fire companies, 1 engine company, 1 hook and ladder company. Chief engineer, John D. Hopkins.

WATER SUPPLY—Source, artesian well; system, direct pumping; Gray pumping engines; 7 hydrants; pipe 2-4 mile, 6 and 4 in dia; pressure 20 pounds; cost to construct \$5,000; ann expenses \$25. Supt. Frank Meyers.

Watseka, Iroquois Co., population est. 2,500; mercantile buildings, brick, 1 and 2 stories; private, wood, 2 stories; wooden roofs are not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 hook and ladder trucks, 1 not in repair, 2 hose carriages, all kinds, other apparatus, hooks

and ladders; hose, cotton good 1,000 ft; value of fire department equipment \$1,300; value of buildings occupied \$300; total ann expenses of department \$800; total membership 20, volunteers. Chief engineer, John Gibbons.

WATER SUPPLY—Source, artesian well; system, pumping to standpipe and direct; standpipe cap 3,000 bbls; pumping engine, cap 2,000 bbls, 10 hours; 12 hydrants; pipe 4,000 ft, 6 to 8 in dia; 7 valves; 10 taps; iron service pipe; pressure 47 pounds; works owned by city; original cost to construct \$9,000; ann expenses \$500. Supt. J. S. Darrough.*

Waukegon, Lake Co., population 8,000; fire area 4 sq miles; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber good 2,300 ft, inferior 50 ft; 2 hoses, value \$300; value of fire department equipment \$5,000; value of buildings occupied \$3,000; ann expenses of department \$1,000; membership 14, paid part time; bell alarm; 1 engine company, 1 hook and ladder company. Chief engineer, Geo. D. Hardie; chairman of fire and water com, Jno. B. Gavin.

WATER SUPPLY—Source, 3 artesian wells; system, gravity and pumping direct; pumping engines; 80 hydrants; pipe 20 miles, 4, 5, 6 and 8 in dia; 8 valves; quality of water good; pressure 15 to 25 pounds; ann expenses \$2,000.*

Waverly, Morgan Co., population 1,800; fire area 4 mile sq; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted except in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels; hose, cotton good 500 ft; value of fire department equipment \$850; value of buildings occupied \$50; total membership 18, volunteers; bell alarm; 1 fire company. Chief engineer, H. J. Rodgers.

WATER SUPPLY—Source, wells and cisterns.

Wenona, Marshall Co., population 1,053; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—4 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$700; total membership 25, volunteers; steam whistle and bell alarm. Chief engineer, H. L. Taylor.

WATER SUPPLY—Source, private wells and cisterns. (Have voted to put in complete water-works system.)

Wheaton, Du Page Co., population 1,622; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder; 28 volunteer members. Chief engineer, J. H. Ashley.*

WATER SUPPLY—Source, wells. (Waterworks will be built this year.)

Whitehall, Green Co., population 1,961; fire area 80 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire districts; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 100 ft, rubber good 300 ft; value of fire department equipment \$1,200; value of buildings occupied \$1,400; total membership 25, volunteers; bell alarm. Chief engineer, I. W. Decker.

WATER SUPPLY—Source, wells and cisterns and private reservoir of C. B. & Q. R. R.

Wilmington, Will Co., population 1,700; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted in business portion. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,100 ft, cotton good 500 ft; value of fire department equipment \$6,000; value of buildings occupied \$5,000; total ann expenses of department \$150; total membership 35, volunteers; electric alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Fire marshal, Felix Keesley.

WATER SUPPLY—Source, Kankakee river; system, pumping direct; Holly pumping engines; 27 hydrants. Holly; pipe 2 miles, 4 to 6 in dia; 2 valves; quality of water soft; pressure 80 pounds; ann expenses \$200. Chairman of com. and mayor, A. I. White.*

Woodstock, McHenry Co., population 1,683; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, siamese couplings; hose, rubber good 800 ft, cotton 500 ft; value of fire department equipment \$3,000; total ann expenses of department \$500; total membership 75, volunteers; bell alarm. Chief engineer, Wm. Wiley.*

WATER SUPPLY—Source, wells; system, pumping by windmill; 5 cisterns, cap 2,500 bbls. City clerk, C. A. Lemmers.*

Wyoming, Stark Co., population 1,116; fire

area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 2 hook and ladder trucks, 2 hose carriages; hose, rubber good 800 ft, cotton good 800 ft; value of fire department \$1,200; value of buildings occupied \$1,000; total ann expenses of department \$100; total membership 70, paid part time 4, volunteers 70; 5 alarm bells; 2 fire companies. Fire marshal, Geo. A. Proctor.

WATER SUPPLY—Source, wells and cisterns; quality of water hard. (The Holly system is contemplated.)

INDIANA.

Albion, Noble Co., population 1,400; fire area about 200 acres; buildings, brick and wood, 1 to 3 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft; value of fire department equipment \$1,600; total ann expenses of department \$500; total membership 32, paid part time 22, volunteers 10; bell alarm. Chief engineer, W. E. Worden.

WATER SUPPLY—Source, 5 cisterns.

Anderson, Madison Co., population 20,000; fire area 1-3/4 mile; mercantile buildings, stone and brick, 2 to 4 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, (not used) 2 hose wagons; hose, rubber good 2,000 ft, poor 500 ft; 6 horses; value \$1,400; value of fire department equipment \$8,000; value of buildings occupied \$8,500; total ann expenses of department \$8,000; total membership 13, paid full time; Gamewell alarm; 15 street boxes; 1 hook and ladder company, 2 hose companies. Chief engineer, S. A. Towell.

WATER SUPPLY—Source, White river; system, pumping direct; 4 pumping engines, dy cap 6,000, 000 gals; hydrants; pipe 16 miles, 6 to 20 in dia; 73 valves; service pipe galv iron; pressure, domestic 50, fire 80 to 90 pounds; waterworks owned by city; original cost to construct \$20,000; expenses of construction to date \$120,000; ann expenses \$3,000. Supt, S. A. Towell.

Angola, Steuben Co., population 2,000; fire area 800 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; metallic roofs. Fire department—1 chemical engine on wheels, 10 chemical extinguishers, 1 hook and ladder truck; hose, rubber good 250 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total ann expenses of department \$100; total membership 40, all volunteers; Van Duzen & Co's bell alarm. Chief engineer, Jesse H. Carpenter.

WATER SUPPLY—Source, wells and cisterns.

Argos, Marshall Co., population 1,200; mercantile buildings, brick, 2 stories; private, wood, 1/2 stories; wooden roofs permitted, tin chiefly used; fireworks ordinance. Fire department—1 hand engine and chemical engine combined, 1 hook and ladder truck; hose, rubber good 300 ft; value of fire department equipment \$800; value of buildings occupied \$400; total membership 25, volunteers; bell alarm. Chief engineer, M. L. Corey.

WATER SUPPLY—Source, wells and cisterns.*

Auburn, DeKalb Co., population 3,041; mercantile buildings, stone, brick and wood, 2 and 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 700, inferior 100 ft, cotton good 200 ft; 4 horses, value \$800; value of buildings occupied \$3,000; value of fire department equipment \$8,000; total membership 18, paid full time 3, paid part time 15; electric alarm; street boxes 7. Chief engineer, J. F. Aber.

WATER SUPPLY—Source, wells. Town clerk, W. S. Raut.

Aurora, Dearborn Co., population 4,500; mercantile buildings, brick, 2 stories; private, wood, 1/2 and 2 stories; wooden roofs permitted in certain parts of city; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 800 ft, inferior 200 ft, cotton good 800 ft; value of

fire department equipment \$15,000; value of buildings occupied \$10,000; total ann expenses of department \$300; total membership 36, paid part time 3; bell alarm. Chief engineer, John Ulrich.

WATER SUPPLY—Source, river and 15 cisterns. Subject of putting in waterworks being agitated.

Batesville, Ripley Co., population 1,169; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 1/2 stories; metal and slate roofs. Fire department—2 hand engines, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage, 3 steam pumps in factories for fire purposes only; hose, cotton good 100 ft, rubber good 1,800 ft; value of fire department equipment \$2,500; value of buildings occupied \$4,000 (town hall); total membership 60, all volunteers; bell and whistle alarm, Van Duzen & Titt. Chief engineer, W. M. Kruger.

WATER SUPPLY—Source, cisterns. Town clerk, Chas. Meyer.

Bedford, Lawrence Co., population 5,000; fire area 1-1/4 sq miles; mercantile buildings, stone and brick, 2 stories; private, wood, 1/2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 300 ft, linen good 1,650 ft; value of fire department equipment \$2,500; total ann expenses of department \$300; total membership 40, volunteers; bell alarm. Chief engineer, Peter Fillion.*

WATER SUPPLY—Source, white river; system, pumping to standpipe; standpipe cap 33,000 gals; 2 pumping engines, dy cap 750,000 gals each; hydrants 65; pipe 8 miles, 12, 10, 8, 6 and 4 in dia; pressure 50, fire 60 pounds; waterworks owned by city; original cost to construct \$65,000; cost to date \$67,000; ann expenses \$3,600. Supt, J. A. Richardson.

Bloomfield, Green Co., population 1,900; fire area 200 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted. Fire department—bucket brigade.*

WATER SUPPLY—Source, wells and cisterns. City civil engineer, F. M. Parker.

Bloomington, Monroe Co., population 6,500; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 40 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, rubber good 2,600 ft, cotton good 1,000 ft, leather good 280 ft; 2 horses, value \$325; value of fire department equipment \$7,500; value of buildings occupied \$3,000; total ann expenses of department \$1,200; total membership 28, paid full time 2, paid part time 26; bell alarm; total no of fire companies 1. Chief engineer, Samuel Gilmore.

WATER SUPPLY—Source, springs located 1-3/4 miles west of city; system, gravity and pumping; direct; reservoirs cap storage 200,000,000 gals, distributing 2,000,000 gals; pumping engines, dy cap 4,000,000 gals; 73 hydrants; pipe about 8 miles, 4 to 10 in dia; 19 valves; pressure, domestic 40, fire from 80 pounds up; waterworks owned by C. A. Erlund. Supt, Jean Adkins.

Blount, Wells Co., population 3,589; fire area 400 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 chemical engines, 1 hook and ladder truck, 2 hose carts, 1 hose wagon; hose, cotton good rubber lined 1,550 ft, inferior 50

ft; value of fire department equipment \$2,500; value of buildings occupied about \$4,000; total ann expenses \$350; total membership 42, all volunteers; bell alarm. Chief engineer, J. B. Plessinger.

WATER SUPPLY—Source, 5,200 ft wells; system, pumping direct; Holly pumping engines, dy cap 1,000,000 gals; hydrants 56; pipe 5 miles, 4 to 12 in dia; 25 valves; service pipe lead and black iron; pressure, domestic 45, fire 80 to 100 pounds; water-works owned by city; original cost to construct \$18,000; expenses of construction to date \$28,000; ann expenses \$1,700. Supt, W. B. DeHaven. (Will spend \$5,000 for new mains and 5 wells.)

Boonville, Warrick Co., population 2,500; fire area 150 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 story; wooden roofs not permitted in fire limits; fire-works ordinance. Fire department—2 hand engines (chemical and fire combined), 1 hook and ladder truck, 1 hose carriage, other apparatus; hose, rubber good 250 ft, inferior 60 ft, cotton good 700 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,500; volunteers. Chief engineer, Jacob Gardner.

WATER SUPPLY—Source, 4 cisterns, cap of each 400 bbls.

Boswell, Benton Co., population 1,000; fire area 80 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted, metal used. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 250 ft; value of fire department equipment \$500; value of building occupied \$100; total membership 16, all volunteers; bell alarm. Chief engineer, A. Laury.

WATER SUPPLY—Source, cisterns; original cost to construct \$900; expenses of construction to date \$1,000; ann expenses \$25. Supt, Abe Lowry.

Bourbon, Marshall Co., population 1,100; fire area 2 blocks; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 10 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages; hose, rubber good 600 ft, rubber 300 ft; value of fire department equipment \$2,000; value of buildings occupied \$400; total membership 80, all volunteers; bell alarm; 1 engine company, 3 hook and ladder companies. Chief engineer, J. B. Brillhart.

WATER SUPPLY—Source, 12 cisterns; cap of cisterns 24,000 gals.

Brazil, Clay Co., population 9,000; fire area 150 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted. Fire department—1 hook and ladder truck, 2 hose carriages, 2 hose wagons; hose, rubber good 2,000 ft, inferior 300 ft, cotton good 500 ft; 3 hoses, value \$400; value of fire department equipment \$5,300; value of buildings occupied \$5,000; total ann expenses of department \$4,000; total membership 18, paid full time 3, paid part time 18; Gamewell electric alarm; street boxes 18. Chief engineer, Chas. Jones.

WATER SUPPLY—Source, surface water; system, direct pumping; pumping engines, dy cap 1,500,000 gals; 55 hydrants; pipe 5 miles, 4 to 10 in dia; quality of water soft, no filtration; pressure 70 to 85 pounds; cost to construct \$50,000; ann expenses \$2,000. Supt, Thos. Henderson.*

Bremen, Marshall Co., population 1,300; fire area 108 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, hose, rubber 200 ft, cotton good 300 ft, leather 300 ft; value of fire department equipment \$12,000; value of buildings occupied \$500; total ann expenses of department \$600; total membership 75, all volunteers; bell alarm; 1 engine company, 2 hose companies, 1 hook and ladder truck. Chief engineer, H. H. Miller.

WATER SUPPLY—Source, 7 artesian wells; system, pumping to standpipe; standpipe cap 28,000 gals; pumping engines, dy cap 750,000 gals; hydrants 17; pipe 24 miles, 2 to 6 in dia; 6 valves; pressure, domestic 45, fire 150 pounds; works owned by city; original cost to construct \$9,000; expenses of construction to date \$10,500; ann expenses \$300. Supt, T. F. Knoblock.

Brookville, Franklin Co., population 1,028; fire area 400 acres; mercantile buildings, brick, 2

to 4 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 2 Babcock extinguishers; hose, rubber good 400 ft. Marshal, Adam Peter; wardens, John Burkhart, M. C. Armstrong.*

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; reservoir cap \$85,000 gals, pumping engines, dy cap 600,000 gals; hydrants 44; pipe 5 1-3 miles, 4 in dia; 28 valves; service pipe galv iron; pressure, domestic 63 and 81, fire 110 pounds; works owned by town; original cost to construct \$32,500; expenses of construction to date \$23,600; ann expenses \$1,135. Supt John Burkhart.

Brownstown, Jackson Co., population 2,000; fire area 40 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hose carriage; hose, cotton good 500 ft; 2 hoses, value \$200; value of buildings occupied \$500; ann expenses \$210; value of fire department equipment \$650; total membership 12, volunteers. Chief engineer, John F. Slotz.

WATER SUPPLY—Source, wells and cisterns.

Butler, DeKalb Co., population 2,000; fire area 350 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 750 ft, inferior 200 ft; value of buildings occupied \$4,000; total membership 23, volunteers. Chief engineer, C. B. Mason.

WATER SUPPLY—Source, wells; system, pumping direct; pumping engines, dy cap 1,500,000 gals; hydrants 43; pipe 3 1-3 miles—4, 6, 8 and 1 in dia; 21 valves; pressure, domestic 40, fire 100 pounds; works owned by city; original cost to construct \$22,000. Supt, Thos. Rudd.*

Cambridge City, Wayne Co., population 2,300; fire area 640 acres; mercantile buildings, brick, 3 stories; private, brick, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 50 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 600 ft, cotton good 1,200 ft; value of fire department equipment \$6,000; value of buildings occupied \$2,000; total membership 19, paid 1, rest volunteers; bell alarm. Chief engineer, W. A. Barefoot.

WATER SUPPLY—Source, wells, river and canal.

Cannelton, Perry Co., population 3,000; fire area 80 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted, tin used; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 800 ft, poor 400 ft; value of buildings occupied \$2,000; value of buildings \$900; total membership 32 to 40, volunteer; 4 fire companies; bell and whistle alarm. Chief engineer, William Heck.

WATER SUPPLY—Source, Ohio river; system, pumping to reservoir; cap 1,500,000 gals; pumping engines, dy cap 1,500,000 gals; hydrants 51; pipe 5 1-4 miles, 4 to 12 in dia; 31 valves; pressure, domestic 85, fire 95 pounds; works owned by company; ann expenses \$800. Supt, W. C. Henning.

Centerville, Wayne Co., population 947; fire area 840 acres; mercantile buildings, brick, 2 stories; private, brick, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 2,500 ft, cotton good 1,500 ft, linen good 1,000 ft; value of fire department equipment \$10,000; value of buildings occupied \$3,000; ann expenses of department \$320; total membership 25, paid full time 2, paid part time 23; bell alarm. Chief engineer, A. H. Jones.

WATER SUPPLY—Source, wells and 12 cisterns; cap of cisterns 168,000 gals.

Charlestown, Clark Co., population 1,000; fire area 100 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—bucket brigade, hooks and ladders.

WATER SUPPLY—Source, wells and cisterns. Town clerk, L. C. Morrison.

Churubusco, Whitley Co., population 1,200; fire area 8 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 700 ft; value of fire department equipment \$1,300; value of buildings occupied \$900; total ann expenses of department \$90; total membership 33, all volunteers; bell alarm; 1 engine company, 1 hose company. Chief engineer, F. P. Loudy.

WATER SUPPLY—Source, wells and 6 cisterns cap 250 bbls each. Town clerk, John Pressler.*

Columbia City, Whitley Co., population 3,500; fire area 1 mile sq; mercantile buildings, brick, stone and wood, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 450 ft, rubber good 2,900 ft; inferior 500 ft, 2 hoses, value \$450; value of fire department equipment \$12,500; value of buildings occupied \$5,000; total ann expenses of department \$1,200; total membership 58, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, Geo. Bechtoldt.

WATER SUPPLY—Source, river running through city; system, pumping to cisterns (11), dy cap 6,350 bbls. Town clerk, F. M. Douglass; city civil engineer, E. K. Strong. Have voted for waterworks; system will be pumping direct.

Columbus, Bartholomew Co., population 6,719; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton 100 ft, rubber good 4,000 ft, inferior 500 ft; total membership 25, all volunteers; Gamewell alarm. Chief engineer, A. B. Reeves.*

WATER SUPPLY—Source, White river; system, pumping direct; pumping engines, dy cap 3,000,000 gals, Gaskell; 92 hydrants, Holly; pipe 15 miles, 4 to 10 in dia; Dennis Long & Co; 6 meters, Crown and Herscy; filtration gravel; pressure, domestic 50, fire 100 pounds; works owned by city; original cost to construct \$90,000; expenses of construction to date \$90,000; ann expenses \$3,000; int on bonds 4 and 5 per cent. Supt, G. S. Sulz.

Connersville, Fayette Co., population about 6,500; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 1, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, rubber good 1,600 ft, cotton rubber lined 800 ft; 1 horse; value of fire department equipment \$3,500; value of buildings occupied \$2,000; total ann expenses of department \$2,500; 20 volunteer members, 4 paid full time; Gamewell alarm; 20 street boxes. Chief engineer, William Henry.

WATER SUPPLY—Source, river, 8 miles distant; system, pumping direct; pumping engines, dy cap 3,000,000 gals; 137 hydrants; pipe 18 miles, 4 to 18 in dia; 50 valves; pressure, domestic 45, fire 80 pounds; works owned by city; original cost to construct \$40,000; expenses of construction to date \$80,500; ann expenses \$225. Supt, E. Kuhn.

Convers, Miami Co., population 1,500; buildings, brick and wood, 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 400 ft; value of fire department equipment \$1,000; value of buildings occupied \$600; total membership 22, paid. Chief engineer, A. Michael.

WATER SUPPLY—Source, cisterns.

Covington, Fountain Co., population 3,000; fire area 4,000 acres; mercantile buildings, brick, tin and iron roofs, 2 and 3 stories; private, wood, 1 1/2 stories; wooden roofs not permitted in fire limits. Fire department—2 hose carriages; hose, cotton good 800 ft; value of fire department equipment \$1,000; expenses last year \$1,900; membership 40, volunteers; bell alarm. Chief, Peter Harman.

WATER SUPPLY—Source, well; system, pumping to standpipe and direct; standpipe cap 150,000 gals; Deane pumping engines, dy cap 1,600,000 gals; 40 hydrants; pipe 5 miles, 4, 6 and 8 in dia; 13 valves; service pipe galv iron; pressure, domestic 40, fire 100 to 150 pounds; works owned by

company; original cost to construct \$30,000; cost to date \$35,000; ann expenses \$2,500. Supt, W. H. Smith.

Crawfordsville, Montgomery Co., population 9,000; fire area 60 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber good 800 ft, rubber inferior 400 ft, cotton good 1,300 ft; 3 hoses, value \$350; value of fire department equipment \$9,000; value of buildings occupied \$7,000; total ann expenses of department \$3,400; total membership 12, paid full time 3, paid part time 9; Gamewell electric alarm; 15 street boxes. Chief engineer, O. C. Dorsey.

WATER SUPPLY—Source, Van Cleave and Whitlock springs; system, pumping to standpipe and direct; reservoir cap 573,500 gals; standpipe cap 941,275 gals; pumping engines, dy cap 2,500,000 gals; 140 hydrants; pipe 20 miles, 6 to 14 in dia; 40 valves; pressure, domestic 60, fire 80 to 100 pounds; works owned by company. Mgr, Edgar L. Street.

Crown Point, Lake Co., population 2,000; fire area 2 sq miles; mercantile buildings, wood and brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 450 ft, rubber inferior 200 ft; value of fire department equipment \$3,000; value of buildings occupied \$3,000; total membership 40, paid full time 1, volunteer members 39; bell alarm. Chief engineer, Frank J. Pinter.

WATER SUPPLY—Source, cisterns; cisterns cap 9,000 gals. Town clerk, B. C. Morton.

Decatur, Adams Co., population 3,142; mercantile buildings, brick and stone, 2 stories; private, wood, 1 1/2 and 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft, inferior 500 ft; value of fire department equipment \$1,500; value of buildings occupied \$2,000; total ann expenses of department \$100; total membership 60, all volunteers; 3 fire companies, 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, James Hurst.

WATER SUPPLY—Source, wells and cisterns. It is intended to construct a system this coming season.

Delphi, Carroll Co., population 1,923; fire area 500 acres; mercantile buildings, stone and brick, 2 and 3 stories; private, wood, 1 and 1 1/2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 11 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,000 ft, inferior 50 ft; value of fire department equipment \$2,500; value of buildings occupied \$2,000; total ann expenses of department \$500; membership 21, volunteers; bell alarm. Chief engineer, D. B. McAfee.

WATER SUPPLY—Source, springs; system, gravity and pumping direct; reservoir cap 7,000 gals; standpipe cap 27,000 gals; Deane pumping engines, dy cap 1,000,000 gals; 42 hydrants; pipe 4 1/2 miles, 4, 6 and 8 in dia; 10 valves; Crane; pressure, domestic 20, fire 55 to 100 pounds; works owned by city; original cost to construct \$36,000; ann expenses \$800. Supt, C. A. O'Brien.

Dublin, Wayne Co., population 850; area 400 acres; buildings, brick and wood, 1, 2 and 3 stories. Fire department—buckets and force pump.

WATER SUPPLY—Source, wells and cisterns. Town clerk, A. T. White.

Edinburgh, Johnson Co., population 2,031; area 1 mile; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1,000 ft cotton hose; membership 15. Chief, Jno. J. Roth.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe 13 ft 60 ft; dy cap 1,500,000 gals; 30 hydrants; pipe 3 miles, 4, 6 and 8 in dia; pressure, domestic 55, fire 100 to 150 pounds; waterworks owned by city; original cost to construct \$20,500. Supt, Frank Mayfield.

Elkhart, Elkhart Co., population 14,500; mercantile buildings, brick, 2 to 4 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand fire engine, 6 chemical extinguishers, 2 hook and

ladder trucks, 4 hose carriages, all kinds; hose, rubber good 2,000 ft., rubber inferior 1,600 ft.; 4 horses, value \$800; value of fire department equipment \$18,500; value of buildings occupied \$10,000; total ann. expenses of department \$8,000; total membership 36, call men, paid full time 3; Gamewell alarm; 19 street boxes. Chief engineer, Nathan F. Smith.

WATER SUPPLY—Source, wells; system, pumping to tank and direct, cap 100,000 gals; pumping engines, dy cap 8,000,000 gals; 151 hydrants; pipe 15 miles, 4 to 12 in dia; 50 valves; 1 meter; quality of water good; pressure, domestic 40, fire 80 to 120 pounds; cost to construct \$135,000; ann. expenses \$4,500; int on bonds \$8,000. Supt. C. H. Watson.*

Elwood, Madison Co., population 9,000; fire area 10 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 1½ stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage, ladders and chemical extinguishers; hose, cotton good 2,000 ft.; 3 horses, value \$450; value of fire department equipment \$2,000; expenses for past year \$2,200; total membership 11, paid full time 2; volunteer members 8; electric alarm; 18 street boxes. Chief engineer, John Garner. (Hook and ladder proposed.)

WATER SUPPLY—Source, wells; system, pumping direct; reservoir cap 500,000 gals; pumping engines, dy cap 1,000,000 gals; 108 hydrants; pipe 9 miles, 6 to 14 in dia; 24 valves; iron service pipe; pressure, domestic 50, fire 125 pounds; waterworks owned by company. Supt. W. G. Curtis.

Evansville, Vanderburgh Co., population 50,968; fire area 4,500 acres; mercantile buildings, brick and wood, 2 to 5 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 2 chemical engines on wheels, 12 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 9 hose carriages, all kinds, 1 hose wagon; hose, cotton good 10,000 ft., inferior 3,000 ft.; 45 horses, value \$9,200; total ann. expenses of department \$60,000; total membership 70, paid full time; Gamewell alarm; 58 street boxes. Chief engineer, Edward Grill.

WATER SUPPLY—Source, Ohio river; system, pumping direct into mains; pumping engines, dy cap 4,000,000 gals; 308 hydrants; pipe 58 miles, 20 to 4 in dia; 100 valves; pressure 40 to 100 pounds; works owned by city; cost to construct \$300,000; ann. expenses \$35,000; int on bonds \$25,000. Trustees, Michael Moran, Frederick Grote, Fred Baker.*

Fairmount, Grant Co., population 2,800; fire area 600 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 600 ft., inferior 150 ft., cotton good 600 ft.; value of fire department equipment \$2,500; value of buildings occupied \$600; total ann. expenses of department \$150; total membership 48, volunteers; whistle alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, E. E. Carpenter.

WATER SUPPLY—Source, wells in bottom of reservoir, cap 200 barrels; quality of water limestone. (Contemplating waterworks.)

Fort Wayne, Allen Co., population 35,393; mercantile buildings, brick, 3 to 5 stories; private, brick and wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 3 hose carriages; hose, cotton good 8,800 ft.; 18 horses; total ann. expenses of department \$25,000; total membership 38, paid full time 21, paid part time 17; Gamewell electric bell alarm; 47 street boxes. Chief engineer, Henry Hilbrecht.*

WATER SUPPLY—Source, wells; system, pumping direct into mains; cap of reservoir 3,000,000 gals; pumping engines, dy cap 9,000,000 gals; 420 hydrants; pipe 47 miles, 4 to 24 in dia; 300 valves; 320 meters; quality of water good; pressure, domestic 50, fire 100 pounds; Edison pressure recording gauge; cost to construct \$280,000; ann. expenses \$12,000. Pres. of com, Chas. McCulloch; clerk, P. J. McDonald.*

Fountain City, Wayne Co., population 800;

buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—ladders and buckets.

WATER SUPPLY—Wells and fountains. Town clerk, R. B. Huff.

Fowler, Benton Co., population 1,285; fire area 600 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft.; value of fire department equipment \$1,200; value of buildings occupied \$200; total membership 25, all volunteers; 1 hook and ladder company. Chief engineer, Frank Ader.

Francesville, Pulaski Co., population 500; buildings, wood, 1 story; wooden roofs permitted; fireworks ordinance; no fire department.

WATER SUPPLY—Wells. J. N. Hayworth, marshal.

Frankfort, Clinton Co., population 8,000; fire area 600 acres; mercantile buildings, brick, stone, wood and iron, 2 stories; private, wood and brick, 1½ and 2 stories; wooden roofs not permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose wagon; hose, rubber good 500 ft., rubber inferior 500 ft., cotton good 1,000 ft.; 8 horses, value \$400; value of fire department \$4,500; value of buildings occupied \$8,000; total ann. expenses of department \$2,100; total membership 6, paid full time 4, paid part time 2; telephone alarm. Chief engineer, Geo. W. Bird.

WATER SUPPLY—Source, artesian wells; reservoir and wells for storage; system, pumping direct into mains; pumping engines, dy cap 3,000,000 gals; 98 hydrants, Chapman, 78 valves; pressure, domestic 55, fire 65 to 100 pounds; cost to construct \$120,000; ann. expenses \$3,000. Supt. J. B. Marvin.

Franklin, Johnson Co., population 4,000; fire area 1,500 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft.; value of fire department equipment \$1,500; total membership 16, volunteers. Chief engineer, Jacob Hazelett.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; reservoir cap 200,000 gals; standpipe cap 180,000 gals; dy cap of standpipe 2,000,000; 62 hydrants; pipe 7 miles, 12 to 4 in dia; pressure, domestic 60 to 70, fire 125 pounds; work owned by company; cost to construct \$135,000; cost to date \$128,000. Manager, John J. Hainsworth.

Garrett, De Kalb Co., population 3,500; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 hose carriages; hose, cotton good 1,500 ft.; value of fire department equipment \$600; value of buildings occupied \$500; total membership 24, volunteers. Chief engineer, Chas. K. Lantz. B. & O. R. R. have a company to protect their property.

WATER SUPPLY—Source, B. & O. R. R. shops; system, pumping direct; 2 large tanks; pipe 1½ miles, 4 in dia. City clerk, W. J. Martin.

Goodland, Newton Co., population 889; mercantile buildings, brick and iron, 2 stories; private, wood, 1-2 stories. No fire department; force pumps; hose, 100 ft.*

WATER SUPPLY—Source, wells. Town clerk, John Carpenter.*

Goshen, Elkhart Co., population 6,033; fire area 26 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 2,000 ft., leather good 600 ft.; value of fire department equipment \$8,000; value of buildings occupied \$1,000, rent \$25 per annum; total ann. expenses of department \$1,508.43; total membership 48, paid part time; Gamewell electric alarm; 10 street boxes; 1 hook and ladder company, 3 hose companies. Chief engineer, John Snowbarger.*

WATER SUPPLY—Source, artesian wells; system, direct pumping; dy cap 3,000,000 gals; 113 hydrants; pipe 12½ miles, 6 to 16 in dia; pressure

40 to 100 pounds; ann expenses \$3,500; cost to construct \$80,000; works owned by city. Supt. L. Warner.

Greencastle, Putnam Co., population 7,000; fire area 5 sq miles; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber good 2,000 ft, cotton good 1,500 ft; 4 horses, value \$900; value of buildings occupied \$7,000; total membership 10, paid full time 3, paid part time 7; Gamewell electric alarm. Chief engineer, Geo. B. Cooper.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 400,000 gals; pumping engines, dy cap 3,000,000 gals; hydrants 88; pipe 9 miles, 4 to 12 in dia; 41 valves; service pipe galv iron; pressure 75 to 100 pounds; works owned by company; original cost to construct \$150,000; expenses of construction to date \$130,500; ann expenses \$3,500. Supt. Z. Potter.

Greenfield, Hancock Co., population 4,500; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted. Fire department—1 hook and ladder truck, 1 hose carriage; bell alarm. Mayor, A. J. Herron.

WATER SUPPLY—Source, wells. Waterworks will be built this year.

Greensburg, Decatur Co., population 3,596; fire area 400 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, stanness coupling used; hose, rubber good 1,200 ft, inferior 200 ft; 3 horses; value of fire department equipment \$10,000; value of buildings occupied \$4,000; total ann expenses of department \$2,000; total membership 30, all paid; bell alarm. Chief engineer, Ralph Buckley.*

WATER SUPPLY—Source, well; system, pumping direct; reservoir cap 200,000 gals; pumping engines, dy cap 3,300,000 gals; hydrants 101; pipe 7 1-2 miles, 4 to 12 in dia; 44 valves; service pipe galv iron; pressure, domestic 50, fire 100 pounds; works owned by company. Supt. Richard Thomson.

Hagerstown, Wayne Co., population 873; fire area 3-4 mile sq; mercantile buildings, brick and wood, 3 stories; private, wood, 1 1/2 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 300 ft, inferior 200 ft, rubber good 200 ft; value of fire department equipment \$1,000; value of buildings occupied \$200; total ann expenses of department \$150; total membership 25, all volunteers. Chief engineer, J. C. Davis.

WATER SUPPLY—Source, wells and 18 cisterns. J. M. Hartley, clerk.

Hammond, Lake Co., population 11,000; fire area 400 acres; mercantile buildings, wood and brick, 2 to 4 stories; private, wood and brick, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon, 1 supply wagon; hose, cotton good 2,500 ft, rubber good 500 ft, inferior 200 ft; 3 horses, value \$600; value of fire department equipment \$9,000; value of buildings occupied \$6,000; total ann expenses of department \$3,800; total membership 37, paid full time 5, paid part time 32; Gamewell alarm; 10 street boxes. Chief engineer, Nicholas Kaiser.

WATER SUPPLY—Source, Lake Michigan; system, pumping to standpipe; standpipe 10 x 110 ft; pumping engines, dy cap 4,500,000 gals; hydrants 125; pipe 30 miles, 4 to 18 in dia; valves 60; service pipe galv iron; pressure, domestic 45, fire 90 pounds; works owned by city; original cost to construct \$200,000; ann expenses \$4,500. Supt. E. E. Beck.

Hartford City, Blackford Co., population 5,250; fire area 20 acres; mercantile buildings, brick and stone, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,200 ft, rubber inferior 200 ft; 2 horses, value \$250; value of fire department

equipment \$4,500; value of buildings occupied \$300; total ann expenses of department \$250; total membership 27, paid full time 2, rest volunteers; bell alarm; 1 fire company. Chief engineer, A. J. Clark.

WATER SUPPLY—Source, cisterns.

Hazleton, Gibson Co., population 608. Fire department—1 hand engine worthless; 20 ft ladder; hose, inferior 150 ft.

WATER SUPPLY—Source, river.

Hobart, Lake Co., population 1,300; fire area 8 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 300 ft, rubber good 300 ft, inferior 50 ft; value of fire department equipment \$1,100; value of buildings occupied \$1,300; total membership 21, volunteers; 2 engine companies, 1 hose company. Chief engineer, J. H. Carpenter.

WATER SUPPLY—Source, wells and cisterns. Pres. C. O. Johnson.

Huntington, Huntington Co., population 7,328; fire area 40 acres; mercantile buildings, iron and brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; no fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,500 ft, inferior 500 ft; 4 horses, value \$1,000; value of fire department equipment \$10,000; value of buildings occupied \$11,000; total ann expenses of department \$2,100; total membership 96, paid full time 3, paid part time 4, volunteer members 89; bell fire alarm. Chief engineer, Samuel Buchanan.*

WATER SUPPLY—Source, 18 wells and Wabash river; system, pumping direct; pumping engines, dy cap 3,000,000 gals; hydrants 142; pipe 15 1/4 miles, 4 to 14 in dia; 93 valves; service pipe lead; pressure, domestic 80 to 70, fire 80 to 100 pounds; works owned by city; original cost to construct \$100,000; expenses of construction to date \$123,480; ann expenses \$4,000. Supt. Sam'l Buchanan.

Indianapolis, Marion Co., population 143,995; fire area 12,800 acres; special limit consists of a space 1 mile square, covering the business portion of the city; mercantile buildings, brick, 3 and 4 stories; private, brick and wood, 1 and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—7 steam fire engines, 3 chemical engines, 23 chemical extinguishers, 3 hook and ladder trucks, 1 aerial truck, 11 hose wagons; hose, cotton good 23,000 ft, inferior 3,000 ft; 88 horses; expenses \$78,955; total membership 121, paid full time; telegraph alarm; 158 street boxes. Chief appointed by board of public safety, J. H. Webster.

WATER SUPPLY—Source, gallery and artesian well; system, pumping direct; gallery cap 4,000,000 gals; pumping engines, dy cap 37,000,000 gals; hydrants 1,000; pipe 109 miles, 4 to 30 in dia; 600 valves; service pipe lead; pressure, domestic 65, fire 120 pounds; works owned by company; original cost to construct \$2,250,000. Supt. F. A. W. Davis.

Jasper, Dubois Co., population about 1,600; buildings, brick and wood, 1 and 2 stories; shingle roofs. Fire department—1 hand engine.

WATER SUPPLY—Source, wells and cisterns. Town clerk, R. B. Rattel.

Jeffersonville, Clark Co., population 11,586; fire area 338 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 story; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hose carriages, 1 hose wagon, 1 buggy for chief; hose, rubber good 1,500 ft, rubber inferior 200 ft; 3 horses, value \$350; value of fire department equipment \$8,400; value of buildings occupied \$500; total ann expenses of department \$2,136; total membership 7, paid full time 3, paid part time 4; bell and telephone alarm. Chief engineer, W. T. Patterson.

WATER SUPPLY—Source, Ohio river; system, pumping to standpipe; cap 199,000 gals; Holly Gaskill pumping engines, dy cap 3,000,000 gals; 115 hydrants; pipe 10 miles, 4 to 14 in dia; pressure 54 to 70 pounds. Supt. D. M. Allen.

Kendallville, Noble Co., population 3,300; fire area 10 acres; buildings, brick and wood, 1 to 3 stories; wooden roofs not permitted; no fireworks ordinance. Fire department—1 hook and

adder truck, 2 hose carts; 1,500 ft hose; value of equipment \$1,700; value of buildings occupied \$600; total membership 33, all volunteers. Chief engineer, F. W. Holzer.

WATER SUPPLY—Source, well and lake; system, pumping direct; well, 20 by 30 ft; pumping engine, dy cap 2,000,000 gals; hydrants 48; pipe 5½ miles, 4 to 12 in dia; 48 valves; service pipe galv iron; pressure, domestic 60, fire 90 to 130 pounds; works owned by city; original cost to construct \$18,000; expenses of construction to date \$300,000; ann expenses \$2,200. Supt, W. S. Osborne.

Kentland, Newton Co., population 918; mercantile buildings, brick and wood, 2 stories; private, wood, 3 stories; tin roofs. Fire department—1 hand engine, 1 hook and ladder truck, 1 chemical engine, 1 hose carriage; hose, cotton good 200 ft, rubber good 350 ft, inferior 150 ft; total membership 13; bell alarm. Chief engineer, T. H. Harnish.

WATER SUPPLY—The construction of water-works is in contemplation.

Knightstown, Henry Co., population 3,000; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck and bucket brigade. W. L. Foxworthy, chairman.

WATER SUPPLY—Source, wells; have decided to put in waterworks; will use standpipe. Water commissioner, A. B. Carroll.

Mekoma, Howard Co., population 10,000; fire area 1,600 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 1½-2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 2 chemical extinguishers, 2 hook and ladder trucks, 8 hose carriages, 1 hose wagon; hose, rubber good 1,000 ft, rubber inferior 3,000 ft, cotton good 2,500 ft; 4 horses, value \$800; value of fire department equipment \$25,000; total ann expenses of department \$3,500; total membership 5, paid full time; telephone alarm. Chief engineer, Ed. Shaugman.

WATER SUPPLY—Source, wells and creeks, 20 cisterns; total cap of cisterns 395,000 gals; system, direct pumping; 200 hydrants; 2 pumping engines, dy cap 5,000,000 gals; cost to construct \$102,000; int 5 per cent. C. H. Taylor, supt; works owned by company.*

Ladoga, Montgomery Co., population 1,200; fire area 320 acres, special limit of 3 squares; mercantile buildings, brick, stone and iron, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage, cart reel; hose, cotton good 300 ft; value of fire department equipment \$500; buildings rented; total ann expenses of department \$125; total membership 20, all volunteers; 1 fire company. Chief engineer, Sam'l Gill.

WATER SUPPLY—Source, wells and cisterns. J. T. Anderson, town clerk.

Lafayette, Tippecanoe Co., population 18,243. Fire department—1 steam fire engine, 1 chemical engine, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 1,200 ft, rubber good 4,000 ft, inferior 2,500 ft; 10 horses; total membership 13, paid full time 6, paid part time 7; telephone and telegraph alarm; 26 street boxes.*

WATER SUPPLY—Source, wells and Wabash river; system, pumping to reservoir, standpipe and direct; reservoir cap 4,300,000 gals; standpipe cap 1,800 gals; pumping engines, dy cap 5,000,000 gals; hydrants 234; pipe 28 miles, 4 to 16 in dia; 1,840 taps; service pipe lead; pressure 65 pounds; 168 valves; water works owned by city; original cost to construct \$300,000; cost to date \$418,787; ann expenses \$9,108. Supt, Edward Cunningham.

Lawrenceburgh, Dearborn Co., population 4,284; fire area 800 acres; buildings, wood and brick, 2 and 3 stories. Fire department—2 steam fire engines, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 2,000 ft, poor 1,300 ft; 3 horses, value \$600; value of fire department equipment \$12,000; value of buildings occupied \$5,000; ann expenses \$1,500; volunteer members 96, paid full time 1, part time 4; bell alarm. Chief elected by council, Peter Endreass.

WATER SUPPLY—Source, Ohio river; system, pumping to cisterns.

Lebanon, Boone Co., population 5,000; fire

area 1,500 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted except in business part of city; fireworks ordinance. Fire department—1 hand engine, 50 chemical extinguishers, 1 hook and ladder truck; hose, cotton good 500 ft; value of fire department equipment \$3,000; value of buildings occupied \$100; total ann expenses of department \$325; total membership 32, 32 paid part time; bell alarm. Chief engineer, R. B. Harrison.

WATER SUPPLY—Source, wells and cisterns. Contract for works given. J. W. Hill engineer, Glenn Building, Cincinnati, O.

Liberty, Union Co., population 1,314; fire area 604 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon, 1 chemical tank 300 gals; hose, cotton good 200 ft; 4 horses, value \$500; value of fire department equipment \$1,700; value of buildings occupied \$200; total membership 82, volunteers; whistle alarm; 1 fire company. Chief engineer, H. S. Kain.*

WATER SUPPLY—Source, river, wells and cisterns.*

Ligonier, Noble Co., population 2,200; fire area 480 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits, metal used; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, axes, ladders etc; hose, rubber good 500 ft, rubber inferior 1,000 ft; value of fire department equipment \$1,500; total ann expenses of department \$100; total membership 50, volunteers; bell and whistle alarm; 4 fire companies, 1 hook and ladder company, 3 hose companies. Chief engineer, B. W. Cowley.

WATER SUPPLY—Source, well and river; system pumping to standpipe and direct; cap of standpipe 55,000 gals; pumping engines, dy cap 1,500,000 gals; 26 hydrants; pipe 5½-2 miles, 4 to 8 in dia; 14 valves; pressure 40 to 150 pounds; works owned by city; cost to construct \$10,000; ann expenses \$1,200. Pres of com, Geo. Woodruff; supt, E. E. Reed.

Logansport, Cass Co., population 15,328; fire area 2,680 acres; mercantile buildings, brick and stone, 2 and 4 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 2 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages, 1 hose wagon; hose, rubber good 200 ft, cotton good 4,500 ft; 9 horses, value \$1,800; value of fire department equipment \$15,000; value of buildings occupied \$20,000; total ann expenses of department \$11,590; total membership 20, paid full time 10, paid part time 10; Gamewell alarm; 28 street boxes; 4 fire companies. Chief engineer, P. J. Farrell.

WATER SUPPLY—Source, wells and rivers; system, pumping direct; pumping engines, dy cap 3,000,000 gals; 128 hydrants; pipe 20 miles, 2 to 20 in dia; taps 1,304; lead service pipe; pressure, domestic 50, fire 120 pounds; works owned by city; original cost to construct \$175,000; expenses of construction to date \$92,000; ann expenses \$5,000. Supt, H. H. Montfort.*

Loogootee, Martin Co., population 988; mercantile buildings, brick and wood, 1 to 3 stories. No fire department.

WATER SUPPLY—Source, wells; system, pumping by windmill to steel tube; cap 15,750 gals; hydrants 13; pipe 1,500 ft; cost to date about \$2,000. J. N. Breen, mayor.

Madison, Jefferson Co., population 10,000; fire area 1,000 acres; mercantile buildings, brick, 3 stories; private, brick, 2 stories; wooden roofs permitted. Fire department—3 steam fire engines, 1 hook and ladder truck, 9 hose carriages; hose, cotton good 4,000 ft, rubber good 2,000 ft; 12 horses, value \$2,000; value of fire department equipment \$35,000; value of buildings occupied \$20,000; total ann expenses of department \$8,000; total membership 250, all volunteers; stokers, drivers, engineers paid; 4 fire companies; Gamewell alarm; 24 street boxes. Chairman of fire com, Charles Johnson.

WATER SUPPLY—Source, Ohio river; system pumping to reservoir; 3 reservoirs, cap 65,000 bbls.

pumping engines, dy cap 150,000 bbls; 114 hydrants; pipe 13 miles, 4 to 12 in dia; iron service pipe; pressure 68 pounds; works owned city; original cost to construct \$150,000; expenses of construction to date \$200,000; ann expenses \$9,000; int paid on bonds \$4,000. Supt, Chas. E. Goodman.

Marion, Grant Co., population 18,000; mercantile buildings, brick, stone and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages, 4 hose wagons; hose, rubber good 2,500 ft, inferior 1,000 ft; cotton good 2,500 ft; 6 horses, value \$1,000; value of fire department equipment \$8,000; value of buildings occupied \$7,000; total ann expenses of department \$8,470; total membership 41, paid full time 6, paid part time 5, volunteer members 30; Gamewell alarm; 23 street boxes. Chief engineer, John McDonnell.

WATER SUPPLY—Source, wells; system, pumping direct; reservoir cap 220,000 gals; pumping engines; dy cap 3,750,000 gals; 132 hydrants; pipe 15 miles, 4 to 12 in dia; 68 valves; service pipe lead; pressure, domestic 35, fire 70 to 100 pounds; works owned by city; original cost to construct \$45,000; expenses of construction to date \$80,000; ann expenses \$2,500. Supt, D. H. Sanders; B. F. Davis;

Martinsville, Morgan Co., population 3,700; fire area 1 sq from Public Square; mercantile buildings, brick, 1 to 3 stories; private, wood and brick, 1 and 2 stories high; wooden roofs are permitted except in fire limits; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck; hose, inferior 300 ft; value of fire department equipment \$1,000; total membership 20, volunteers. Chief engineer, L. B. Hatley.

WATER SUPPLY—Source, driven wells and cisterns; will put in works. Direct pressure.

Michigan City, LaPorte Co., population 10,776; fire area 1 block wide, 10 long; mercantile buildings, brick, 3 stories; private, wood, 1 and 1½ stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages, all kinds; hose, cotton good 1,000 ft; inferior 200 ft, rubber good 3,000 ft, inferior 2,000 ft; value of fire department equipment \$15,000; value of buildings occupied \$8,000; ann expenses \$1,100; 107 volunteer members; Gamewell alarm; 17 street boxes. Chief engineer, William Phillips; chairman of fire and water com, Judson Wheeler.

WATER SUPPLY—Source, driven wells; system, pumping to tank and direct; cap 107,000 gals; Worthington and Holly pumping engines, dy cap 3,500,000 gals; 118 hydrants; pipe 13 miles, 6 to 12 in dia; 3 meters; quality of water poor; pressure, domestic 30, fire 120 pounds; works owned by city; cost to construct \$100,000; ann expenses \$6,000. Pres and supt, William Phillips; mayor, Martin T. Krueger; city clerk, Wm. Omby.

Mishawaka, St. Joseph Co., population 4,700; fire area 640 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted in fire limits; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 3 hose carriages; hose, cotton good 1,000 ft; value of buildings occupied \$10,000; 80 volunteer members; whistle and bell alarm; 3 hose companies. Marshall, Chas. Ernest; #

WATER SUPPLY—Source, St. Joseph river; system, pumping direct; pumping engines, dy cap 3,000,000 gals; 50 hydrants, pipe 9 miles, 16 to 4 in dia; 50 valves, pressure, domestic 45, fire 100 pounds; works owned by city; cost to construct \$48,493; ann expenses \$2,000. Supt, F. A. Blesa.

Mount Vernon, Posey Co., population 6,000; fire area 600 acres; mercantile buildings, brick, 2 and 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 1,400 ft, inferior 100 ft; value of fire department equipment \$37,000; total ann expenses of department \$1,750; value of buildings occupied \$1,000; total membership 75, 60 volunteers; 15 paid full time; whistle and bell alarm. Chief engineer, Chas. G. Dietrich.

WATER SUPPLY—Source, Ohio river; system, pumping to standpipe; cap 190,000 gals; pumping

engines, dy cap 1,000,000 gals; 75 hydrants, Ludlow; 2 meters; 18 valves; pipe 8 miles; pressure 100 pounds; works owned by company. Pres, J. H. Purdy; supt, W. B. Dunbar.

Muncie, Delaware Co., population 21,165; fire area 50 acres; mercantile buildings, brick, stone and iron, 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon, 1 hand reel; hose, cotton good 1,400 ft, inferior 100 ft, rubber good 1,750 ft; 7 horses, value \$1,400; value of fire department equipment \$23,350; value of buildings occupied \$10,000; total ann expenses of department \$3,355.65; total membership 8, paid full time; Gamewell fire alarm; street boxes 32. Chief engineer, G. W. Shepp; sec'y, F. B. Buchanan.

WATER SUPPLY—Source, White river; system, direct pumping; pumping engines, dy cap 5,000,000 gals; hydrants 156; pipe, 16 1-3 miles to 16 in dia; 60 valves; pressure, domestic 50; fire 120 pounds; waterworks owned by company. Supt, Quince Walling.

Napames, Elkhart Co., population 1,495. Fire department not reported.

WATER SUPPLY—Source, well; system, pumping to reservoir; reservoir cap 2,000 bbls; Cook pumping engines, dy cap 4,000 bbls; hydrants 17; pipe 2 1-2 miles, 4 to 8 in dia; 4 valves; quality of water soft; pressure, domestic 42, fire 60 pounds; works owned by city; original cost to construct \$12,000; expenses of construction to date \$15,000; int paid on bonds \$900. Supt, Daniel Zork.

New Albany, Floyd Co., population, 30,000; fire area 6 sq miles; mercantile buildings, brick and stone, 1 to 5 stories; private, wood and brick, 1 to 3 stories; wooden roofs are permitted; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages, 1 hose wagon; hose, rubber good 2,000 ft, cotton good 2,000 ft, cotton inferior 500 ft; 13 horses, value \$2,160; value of fire department equipment \$10,500; value of buildings occupied \$16,000; total ann expenses of department \$30,000; total membership 20, paid full time; Gamewell alarm; 30 street boxes. Chief engineer, Wm. Merker.

WATER SUPPLY—Source, Ohio river; system, pumping to reservoir; reservoir cap 34,000,000 gals; pumping engines, dy cap 2,500,000 gals; hydrants 175; pipe 24 miles, 1 to 16 in dia; pressure 90 pounds; works owned by company. Supt, W. W. Brooks.

New Carlisle, St. Joseph Co., population 800; mercantile buildings, brick, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 300 ft, rubber good 200 ft, inferior 100 ft; value of fire department equipment \$1,000; value of buildings occupied \$2,000; total membership 21, volunteers; bell alarm. Chief engineer, J. Ackley.

WATER SUPPLY—Source, driven wells; system, pumping to reservoir; reservoir cap 1,044 bbls; pumping engines one 200 gals per min, other 450; hydrants 18, pipe 2 1-2 miles, 2, 4 and 6 in dia; pressure, domestic 35, fire 80 to 100 pounds; works owned by town; original cost to construct \$15,000; ann expenses \$800. Supt, Chas. Bullard.

New Castle, Henry Co., population 3,000; fire area 80 acres; mercantile buildings, brick, stone in fire limits, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 3 extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft, inferior 500 ft; value of equipment \$4,500; expenses for past year \$1,500; total membership 28, volunteers; 2 electric alarms; 31 street boxes. Chief, Ed. E. Scott.

WATER SUPPLY—Source, artesian well; system, pumping direct; reservoir cap 300,000 gals; pumping engines dy cap 1,500,000 gals; 48 hydrants, Holly; pipe 6 miles, 4 to 12 in dia; 16 valves; pressure, domestic 50, fire 80 to 100 pounds; works owned by city; original cost to construct \$30,000; expenses of construction to date \$30,000. Supt, H. L. Shopp.

New Harmony, Posey Co., population 1,500; fire area 185 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, wood and brick, 1

and 2 stories; wooden roofs are permitted; causes of fire investigated. Fire department—2 hand engines, 2 hook and ladder trucks, 2 hose carriages, all kinds, 1 hose wagon; hose, cotton good 350 ft, rubber good 300 ft, inferior 300 ft, leather good 100 ft; value of fire department equipment \$1,500; value of buildings occupied \$3,000; total ann. expenses of department \$165; total membership 26, volunteers. Chief engineer, W. O. Tretharwick.

WATER SUPPLY—Source, wells, river and cisterns; system, pumping to standpipe. (Works contemplated.)

Noblesville, Hamilton Co., population 4,000; fire area 3-4 x 1-2 miles; mercantile buildings, wood and brick, 2 and 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted, (metal used); fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 1,750 ft, cotton inferior 500 ft; value of fire department equipment \$2,000; value of buildings occupied \$800; total membership 31, paid part time; Gamewell and whistle alarm; 5 boxes. Chief engineer, J. G. Essington.

WATER SUPPLY—Source, wells; system, pumping direct; reservoir cap 50,000 gals; pumping engines, dy cap 3,000,000 gals; 77 hydrants; pipe 8 1-2 miles, 4 to 12 in dia; 64 valves; pressure, domestic 40, fire 80 to 100 pounds; works owned by company; cost to construct \$50,000; ann. expenses \$2,000. Advisory com, D. Craycroft, M. Aldred, H. M. Gilchrist.

North Manchester, Wabash Co., population 2,384; fire area 1 mile sq; mercantile buildings, brick, 2 stories; private, principally wood, 1 and 2 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 300 ft, inferior 150 ft, cotton good 300 ft; value of fire department equipment \$5,000; total membership 47, 2 paid full time. Chief engineer, W. E. Thomas.*

WATER SUPPLY—Source, driven wells and river; system, pumping to standpipe and direct; standpipe cap 165,440 gals; pumping engines, dy cap 1,500,000 gals; 64 hydrants; pipe 6 miles, 10 to 4 in dia; 19 valves; pressure, domestic 40, fire 75 pounds; waterworks owned by city; cost to construct \$32,000. Supt, A. E. Stewart.

North Vernon, Jennings Co., population 2,500; fire area 50 squares; buildings, brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hose carriages; hose, rubber good 1,000 ft, cotton good 400 ft; value of fire department equipment \$4,000; value of buildings occupied \$3,000; total ann. expenses of department \$200; total membership 47, paid part time 3; bell alarm. Chief, F. X. Galtwalter.

WATER SUPPLY—Source, Muscatatuck river; system, pumping to standpipe and direct; reservoir cap 13,000,000 gals; standpipe cap 84,000 gals; 14 hydrants; pipe 2 miles, 4, 8 and 10 in dia; 12 valves; pressure, domestic 48, fire 78 pounds; works owned by city; original cost to construct \$15,000. Supt, Howard Newby.

Notre Dame, St. Joseph Co., population 1,000; fire area 1,200 acres; mercantile buildings, brick, 3 to 5 stories; wooden roofs not permitted. Fire department—1 hose carriage, buckets and hand grenades.

Oakland City, Gibson Co., population 2,000; fire area 600 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 story; wooden roofs not permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine; hose, rubber good 300 ft; value of fire department equipment \$700; total ann. expenses of department \$50; bell alarm. Chief engineer, P. H. Lamb.

WATER SUPPLY—Source, wells and cisterna.

Oldenburgh, Franklin Co., population 690; fire area 160 acres; buildings, brick, 2 to 4 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck 1 hose carriage; hose, rubber good 600 ft, inferior 100 ft; value of fire department equipment \$1,600; value of buildings occupied \$3,000; total ann. expenses of department \$200; total membership 94, volunteers. J. B. Enneking.*

WATER SUPPLY—Source, stream; 7 cisterns. Town clerk, John E. Baumer.*

Osgood, Ripley Co., population 1,500; fire area

5 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 800 ft; value of equipment \$1,500; value of buildings occupied \$1,000; expenses for past year \$1,800; total membership 24, volunteers. Chief engineer, J. O. Row.

WATER SUPPLY—Source, wells.*

Peru, Miami Co., population 9,000; fire area 3 sq miles; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs not permitted. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds, 1 hose cart; hose, rubber good 1,500 ft, cotton good 800 ft; 2 horses, value \$450; value of fire department equipment \$3,000; value of buildings occupied \$3,000; total membership 15, paid full time 4, paid part time 3, volunteer members 8; Gamewell alarm; 12 street boxes. Chief engineer, Alexander Appel.

WATER SUPPLY—Source, Wabash river; system, pump to reservoir and direct; reservoir cap 1,500,000 gals; pumping engines, dy cap 2,500,000 gals; 118 hydrants; pipe 14 miles, 6 to 16 in dia; 98 valves; pressure 35 to 75 pounds; cost to construct \$110,000; cost to date \$190,000; ann. expenses about \$3,000. Supt, Jno. Stewart.

Petersburg, Pike Co., population 2,000; fire area 500 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories. Fire department—1 hand engine, 1 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 300 ft, cotton 100 ft; value of fire department equipment \$1,000; value of buildings occupied \$800; total membership 32; volunteers; bell alarm. Chief engineer, S. B. Smith.

WATER SUPPLY—Source, 2 cisterns of 300 bbls each cap.

Piercetown, Kosciusko Co., population 897; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 10 chemical extinguishers, 1 hose carriage; hose, rubber good 400 ft, inferior 400 ft; value of fire department equipment \$1,000; value of buildings occupied \$300; total membership 40, volunteers. Chief, F. H. Foster.

WATER SUPPLY—Source, 8 cisterns, cap 125,000 gals. F. H. Foster.

Plymouth, Marshall Co., population 3,500; fire area 100 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 hook and ladder trucks, 3 hose carriages; hose, cotton good 900 ft, inferior 300 ft, rubber good 200 ft, inferior 400 ft; value of fire department equipment \$3,500; total ann. expenses of department \$100; total membership 78, volunteers; bell and whistle alarm. Chief engineer, F. H. Kuhn.

WATER SUPPLY—Source, wells; system, pumping direct; reservoir cap 200,000 gals; pumping engines, dy cap 1,500,000 gals; 40 hydrants; pipe 6 miles, 4 to 10 in dia; galv iron service pipe; 12 valves; pressure, domestic 60, fire 80 to 150 pounds; works owned by city; original cost to construct \$80,000; expenses of construction to date \$93,000; ann. expenses \$2,000. Supt, A. R. Underwood.

Portland, Jay Co., population 4,000; fire area 500 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted, (tin and iron used); fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck; 2 horses, value \$500; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total ann. expenses of department \$1,300; total membership 30, paid full time 2, paid part time 28; whistle and bell alarm; 2 fire companies, 1 engine company, 1 hook and ladder company. Chief engineer, B. G. Arthur.*

WATER SUPPLY—Source, wells and cisterns; will build waterworks.

Princeton, Gibson Co., population 4,000; fire area 1,500 acres; mercantile buildings, brick, stone, iron and wood, 1 and 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs are permitted except in fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck; 3 hose carriages, all kinds; hose, cotton good 1,500 ft, inferior 300 ft; value of fire

department equipment \$3,000; value of buildings occupied \$5,000; total membership 19, volunteers; bell alarm. Chief engineer, W. A. Moesman.

WATER SUPPLY—Source, Patoka river; system, pumping to standpipe; standpipe cap 175,000 gals; pumping engines, dy cap 2,500,000 gals; 81 hydrants; pipe 9 miles, 12 to 4 in dia; pressure, domestic 75, fire 75 pounds; waterworks owned by company; cost to construct \$55,000. Supt. S. F. Ghmore.

Kemasaer, Jasper Co., population 1,455; fire area 320 acres; mercantile buildings, brick, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck; hose, rubber good 300 ft; value of buildings occupied \$2,000; total ann expenses of department \$1,300; total membership 30, paid part time; bell alarm; 1 fire company. Chief engineer, Ed. P. Honan.

WATER SUPPLY—Source, wells and cisterns. Town Clerk, Chas. G. Splitter.

Richmond, Wayne Co., population 16,608; fire area 2,500 acres; mercantile buildings, brick, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 4 chemical hand extinguishers, 1 hook and ladder truck, 5 hose carriages, 3 hose wagons; hose, cotton good 4,300 ft, inferior 200 ft, rubber good 400 ft; 10 horses, value \$2,000; value of fire department equipment \$30,000; value of buildings occupied \$15,000; total ann expenses of department \$10,043.81; total membership 21, paid full time 9, paid part time 12; Gamewell alarm; 45 street boxes; 5 fire companies. Chief engineer, Jas. Parsons.

WATER SUPPLY—Source, springs; system, pumping to reservoir and direct; cap of reservoir 11,000,000 gals; pumping engines, dy cap 4,000,000 gals; 232 hydrants; pipe 30 miles, 6 to 20 in dia; 126 valves, Ludlow; 70 meters; pressure 45 to 150 pounds; ann expenses \$10,000. Pres. D. K. Zeller; supt, F. M. Curtis.*

Rising Sun, Ohio Co., population 2,000 fire area 640 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—4 Hemington engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 800 ft, rubber good 1,600 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total ann expenses of department \$225; membership 30, volunteers; bell alarm; 1 fire company. Chief engineer, W. H. Whitlock.

WATER SUPPLY—Source, Ohio river; system, pumping to 8 cisterns; waterworks owned by city; original cost to construct \$4,000. Town clerk, A. B. Cooper.

Roann, Wabash Co., population 700; fire area 160 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 25 chemical extinguishers, 1 hook and ladder truck; hose, cotton good 300 ft; value of fire department equipment \$1,600; value of buildings occupied \$300; total membership 50; volunteers. Chief engineer, Zadoc Lavengood.

WATER SUPPLY—Source, well, pumping to standpipe, cap 16,960 gals; hydrants 3; works owned by city; cost to construct \$9,000. Pres. O. M. Oswald.

Rochester, Fulton Co., population 2,800; fire area 700 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 3 stories; wooden roofs not permitted; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 200 ft; value of fire department equipment \$1,200; value of buildings occupied \$1,500; total ann expenses of department \$200; total membership 65, volunteer; 3 fire companies, 1 engine company, 2 hose companies. Chief engineer, F. M. Reid.*

WATER SUPPLY—Source, wells. Town clerk, Joseph Ault. (Will put in system at once).*

Rockport, Spencer Co., population 2,314; fire area 700 acres; mercantile buildings, brick, 3 and 4 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted. Fire department—12 chemical hand extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good

500 ft; value of fire department equipment \$1,500; value of buildings occupied \$3,000; total membership 25, volunteers; bell alarm; 2 fire companies. Chief engineer, O. L. Nester.*

WATER SUPPLY—Source, Ohio river; system, gravity; pumping to standpipe and direct; standpipe cap 30,000 gals; 2 pumping engines, dy cap 1,750,000 gals; hydrants 19, pipe 2½ miles, 4 in and 8 in dia; 10 valves; service pipe galv iron; pressure, domestic 40, fire 40 to 700 pounds; works owned by company; original cost to construct \$25,000. Supt. A. H. Kennedy.

Rushville, Rush Co., population 4,800; fire area 1,500 acres; mercantile buildings, wood, stone, iron and brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, one new, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber inferior 900 ft, cotton good 1,000 ft, new 500 ft; 4 horses, value \$400; value of fire department equipment \$8,000; value of buildings occupied \$2,500; total ann expenses of department \$4,000; total membership 14, paid full time 3, paid part time 11; Gamewell alarm; street boxes 15. Chief engineer, James K. Mattook.

WATER SUPPLY—Source, wells and cisterns.

Salem, Washington Co., population 2,000; mercantile buildings, brick, and stone, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam engine, 1 chemical engine, 2 hose carriages; hose, rubber good 1,030 ft; poor 1400 ft; cotton good, 500 ft; value of equipment \$10,000; value of buildings \$4,000; total membership 40, all volunteers. Chief, M. K. Chapman.

WATER SUPPLY—Source, springs; system, gravity; pumping to reservoir and direct; reservoir cap 250,000 gals; pumping engines, dy cap 300,000 gals; hydrants 31; pipe 6 1-8 miles, 4 to 8 in dia; service pipe lead and wrought iron; pressure, domestic 20 to 70, fire 30 to 90 pounds; works owned by city; original cost to construct \$15,000; expenses of construction to date \$850; ann expenses \$975. Supt. E. Craycroft.

Scottsburg, Scott Co., population 618; buildings, frame. Fire department—buckets and ladders; steam whistle and bell alarm.

WATER SUPPLY—Source, wells.

Seymour, Jackson Co., population 5,337; fire area 220 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton inferior 400 ft, rubber good 1,400 ft; inferior 1,400 ft; value of fire department equipment \$3,500; value of buildings, 2 owned, \$3,000; total membership 25, paid part time. Chief, James Degolyer.*

WATER SUPPLY—Source, East branch White river; system, pumping to standpipe and direct; cap of standpipe 150,400 gals; pumping engines, dy cap 3,000,000 gals; 110 hydrants, pipe 11 miles, 4 to 12 in dia; 43 valves; pressure, domestic 55, fire 100 to 120 pounds. Supt. D. W. Johnson.

Shelbyville, Shelby Co., population 7,000; fire area 1,000 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all 1½ in dia; 2 hose wagons; hose, rubber good 2,200 ft; inferior 800 ft; value of fire department equipment \$6,000; value of buildings occupied \$4,000; total ann expenses of department \$600; total membership 20, paid full time; Gamewell alarm; street boxes 18; 1 fire company. Chief engineer, Geo. Deltzer.*

WATER SUPPLY—Source, well; system, gravity; standpipe cap 500,000 gals; Worthinton; pumping engines, dy cap 2,000,000 gals; hydrants 86, Mathews; pipe 9 miles, 4 to 12 in dia; 25 valves; 4 meters; taps 400; pressure, domestic 82, fire 130 pounds; works owned by company; original cost to construct \$125,000; ann expenses \$5,000. Supt. F. M. Nuckolls.*

South Bend, Saint Joseph Co., population 25,000; fire area 3,000 acres; mercantile buildings, brick, 2 to 4 stories; private, wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 combined apparatus with 40 gals tank 800 ft hose, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and

ladder truck, 3 hose carriages, all kinds, 1 hose wagon; hose, cotton good 6,800 ft; 14 horses, value \$150 each; value of fire department equipment \$35,500; value of buildings occupied \$14,100; total ann expenses of department \$17,000; total membership 38, paid full time 24, paid part time 11; Gamewell alarm; street boxes 48; private 10. Chief engineer, Isaac Hutchins.

WATER SUPPLY—Source, artesian well; system, pumping to standpipe; reservoir cap 3,000,000 gals; standpipe cap 20,000 gals; pumping engines, dy cap 12,000,000 gals; hydrants 200, pipe 33 miles, 4 to 20 in dia, 50 valves; pressure, domestic 75, fire 95 pounds; works owned by city; original cost to construct \$250,000; ann expenses \$12,000. Chairman of com, Chas. A. Buhmer; supt, Jno. A. Graham.

Spencer, Owen Co., population 1,888; fire area 640 acres; mercantile buildings, brick, stone and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 600 ft, rubber good 550 ft; value of fire department equipment \$1,000; value of building occupied \$300; total ann expenses of department \$200; total membership 40, volunteers; bell alarm. Chief engineer, J. T. Curtis.*

WATER SUPPLY—Source, river, creek and cisterns. Town clerk, J. A. Raper.*

Sullivan, Sullivan Co., population 2,290; fire area 400 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,300 ft, 700 ft cotton good; value of fire department equipment \$10,000; value of buildings occupied \$1,500; total membership 30, paid 25; bell alarm; 2 fire companies. Chief engineer, W. M. Wilson.

WATER SUPPLY—Source, wells and 5 cisterns. City civil engineer, E. S. Crowder.

Sunman, Ripley Co., population 878; fire area 25 acres; mercantile buildings, wood, 2 stories; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hose carriage, hooks and ladders; hose, rubber good 400 ft, inferior 200 ft; value of fire department equipment \$2,000; value of buildings occupied \$100; total ann expenses of department \$15; 50 volunteer members; bell alarm. Chief engineer, Fred Groekloose.

WATER SUPPLY—Source, cisterns.

Tell City, Perry Co., population 3,000; fire area 350 acres; buildings, brick and frame, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—4 hand engines, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,000 ft, 700 ft poor; value of fire department equipment \$1,500; value of buildings occupied \$500; total membership 83, volunteers; bell alarm. Chief engineer, Henry Bader.

WATER SUPPLY—Source, 19 cisterns, supplied by gutters and roof spouts; dy cap of cisterns 100,000 gals. City clerk, Chas. Ebersold.

Terre Haute, Vigo Co., population 35,000; fire area 60 blocks; mercantile buildings, brick and stone, 3 and 4 stories; private, wood and brick, 1 and 2 stories; wooden roofs are not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages, all kinds, 6 hose wagons; hose, cotton good 5,000 ft, inferior 300 ft, rubber good 1,800 ft; 27 horses, value \$4,500; value of fire department equipment \$41,000; value of buildings occupied \$82,000; total ann expenses of department \$42,000; total membership 50, paid full time; Gamewell alarm; 80 street boxes; 12 fire companies, 2 engine companies, 2 hook and ladder companies, 8 hose companies. Chief engineer, John Kennedy.

WATER SUPPLY—Source, Wabash river; system, pumping direct; reservoir cap 800,000 gals; pumping engines, dy cap 16,000,000 gals; 651 hydrants, pipe 43 miles, 4 to 24 in dia; 318 valves; pressure, domestic 60, fire 120 pounds; works owned by company; original cost to construct \$800,000; ann expenses \$21,000. Supt, L. L. Williamson.

Tipton, Tipton Co., population 3,500; fire area 700 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not

permitted; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck; hose, rubber good 200 ft; value of fire department equipment \$2,000; total membership 20, volunteers; bell alarm. Chief engineer, John Steiger.*

WATER SUPPLY—Source, wells. City clerk, J. E. Anderson.

Union City, Randolph Co., population 6,000; fire area 25 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs not permitted. Fire department—1 hook and ladder truck, 4 chemical extinguishers, 3 hose carriages, all kinds, 3 hose wagons; hose, rubber good 1,500 ft, inferior 150 ft, cotton good 400 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total membership 40, paid part time; electric bell and whistle alarm; 1 street box. Chief engineer, John Caron.

WATER SUPPLY—Source, wells; system, 42 feet under ground; pumping direct; pumping engines, dy cap 3,000,000 gals; 50 hydrants; pipe 6 miles, 4 to 14 in dia; pressure, domestic 40, fire 10 pounds; waterworks owned by city; ann expenses \$3,500. Supt, Geo. T. Day.

Valparaiso, Porter Co., population 5,000; fire area 500 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits. Fire department—2 hook and ladder trucks, 3 hose carriages; hose, cotton good 1,000 ft, rubber good 1,000 ft, inferior 2,000 ft; value of fire department equipment \$1,400; value of buildings occupied \$4,000; total membership 75; bell and telephone alarm; total no of fire companies 4. Chief engineer, L. T. White.*

WATER SUPPLY—Source, Flint lake, 2½ miles from city; system, direct; pumping engines, dy cap 1,500,000 gals; 80 hydrants; pipe 18 miles, 4, 6, 8, 10 and 12 in dia; 55 valves; pressure, domestic 30 to 35, fire 60 to 80 pounds; cost to construct \$100,000; expenses of construction to date \$150,000; ann expenses about \$5,000. Supt, Don A. Salver.

Vevay, Switzerland Co., population 1,800; mercantile buildings, brick and wood, 2 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical engines on wheels, 2 hook and ladder trucks, 2 hose carriages, all kinds; hose, rubber good 300 ft; value of fire department equipment \$1,800; value of buildings occupied \$500; total ann expenses of department \$800; total membership 30, volunteers; bell alarm. Chief engineer, O. S. Johnson.

WATER SUPPLY—Source, cisterns, river and wells. Mayor, D. G. Manning.

Vincennes, Knox Co., population 10,000; mercantile buildings, brick, 2 stories; wooden roofs permitted outside fire limits. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 2000 ft; 5 horses, value \$1000; value of fire department equipment \$6200; value of building occupied \$5000; total ann expenses of department \$4200; total membership 18, paid full time 5, paid part time 13; Gamewell alarm; no of street boxes 23; total no of fire companies 3. Chief engineer, Geo. Fendrick.

WATER SUPPLY—Source, Wabash River and 2 wells; system, pumping to standpipe and direct; standpipe cap 600,000 gals; 2 pumping engines, dy cap 4,000,000 gals, hydrants 153, pipe 18 miles, 6 to 18 in dia, 75 valves, service pipe galv iron; pressure, domestic 75, fire 150 pounds, works owned by company. Supt, L. J. Weisenberger.

Wabash, Wabash Co., population 7,000; fire area 400 acres; mercantile buildings, brick, stone and wood, 2 to 4 stories; roofs are tin, slate and shingle. Fire department—1 hand engine not used, 1 hook and ladder truck, 3 hose carriages, all kinds, 1 hose wagon; hose, cotton good 1,000 ft, rubber good 1,000 ft; 4 horses, value \$800, value of department equipment \$6,500; value of buildings occupied \$13,000; total ann expenses of department \$7,000; total membership 21, paid full time 120 volunteers; bell alarm; total no of fire companies 2. Chief engineer, Jno. Hepskind.

WATER SUPPLY—Source, flowing wells; system, pumping to standpipe; cap 380,000 gals; reservoir cap 1,750,000 gals; pumping engines, dy cap 3,000,000 gals; hydrants 143, Ludlow pipe 13 miles, 12 to 6 in dia; 66 valves; pressure 50 to 75 pounds; cost

to construct \$130,000; ann expenses \$3500. Supt, W. S. Stitt.

Warsaw, Kosciusko Co., population 4000; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 2,500 ft; value of fire department equipment \$4500; value of buildings occupied \$3,500; total membership 40, paid part time 8, volunteer members 40; 4 fire companies. Chief engineer, Wm. Conrad.

WATER SUPPLY—Source, artesian wells; system, pump to standpipe and direct; pumping engines, dy cap 1,000,000 gals; 59 hydrants, pipe 7 miles, 4 to 8 in dia, 28 valves; pressure, domestic 45, fire 80 pounds; cost to construct \$70,000; ann expenses \$5,000. Pres, B. May; supt, J. G. Sutton.*

Washington, Davies Co., population 8000; fire area 500 acres; mercantile buildings, brick, iron and stone, 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits. Fire department—1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber good 700 ft, rubber inferior 300 ft, cotton inferior 200 ft, linen good 700 ft; 2 hoses, value \$125; value of fire department equipment \$4,000; value of buildings occupied \$10,000; total ann expenses of department \$500; total membership 18; paid part time; bell alarm. Chief engineer, J. H. Orth.*

WATER SUPPLY—Source, river; system, pumping from river and cistern to standpipe; pumping engines, dy cap 1,500,000 gals; 124 hydrants; pipe 13 1/4 miles, 8 to 12 in dia; 57 gates; pressure 50 to 150 pounds, works owned by company, cost to date \$100,000; ann expenses \$1,200. Supt, B. R. McGowan.

INDIAN TERRITORY.

Fort Supply, Cherokee Co., population 400; fire area 40 acres; mercantile buildings, wood, 1 story; private, wood, 1 1/2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; 140 buckets; hose, cotton good 1000 ft; value of fire department equipment \$1,500; 1 hand ladder co., 2 hose co's. 1 bucket brigade, membership 200, bugle call alarm. Fire Marshal, Capt. Wm. Anman, 13th Inf.

WATER SUPPLY—Source, springs, system, gravity, pumping to reservoir and direct; reservoir cap 80,000 gals; pumping engines, dy cap 80,000 gals; hydrants 10, pipe 5 miles, 4 in dia; service pipe iron; waterworks owned by U. S. pressure 20 lbs domestic, 60 lbs fire, ann expenses \$2,700.

Lehigh, Choctaw Co., population about 5000; buildings, iron and wood, 1 story; wooden roofs permitted; no fireworks ordinance. Fire department—The mines are well equipped with steam pumps and hose; mostly all the stores are supplied with hand grenades.

WATER SUPPLY—Source, springs.

McAlester, Choctaw Co., population 500; fire

Waterloo, De Kalb Co., population 1,500; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck with buckets; 1 hose carriage; hose, rubber good 800 ft, 300 ft cotton; value of equipments \$1,000; value of buildings \$400 total membership 45, volunteers. Chief engineer, H. K. Tetr.

WATER SUPPLY—Source, 17 cisterns, total cap 30,000 gals.

Whiting, Lake Co., population 3,000; fire area 80 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—10 hook and ladder trucks, 17 hose carriages, all kinds; hose, cotton good 8,400 ft, 200 ft owned by volunteers; value of fire department equipment \$600; value of buildings occupied \$125; total ann expenses of department \$900; total membership 12, volunteers; apparatus, except 1 hose cart, owned by S. O. Co. Chief engineer, W. S. Rhesan.

WATER SUPPLY—Source of supply, Standard Oil Works, 3 pumping engines, pressure, fire 100 pounds.

Winamac, Pulaski Co., population 1,300; fire area 11 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—bucket brigade.*

WATER SUPPLY—Source, wells and cisterns. Town clerk, Mark Falvey, Jr.*

Zionsville, Boone Co., population 860; fire area 20 acres; buildings, brick, 1 and 2 stories. Fire department—1 hand engine, 1 hose carriage; hose, linen good 200 ft; value of fire department equipment \$200. Chief engineer, M. V. Raina.*

WATER SUPPLY—Source, well. Town clerk, C. R. Sullivan.*

area 1 sq mile; mercantile buildings, stone and wood, 2 to 4 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—several chemical extinguishers.

WATER SUPPLY—Source, springs.

Muskogee, Creek Nation, population 3000; fire area 1 sq mile; mercantile buildings, brick and wood 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber inferior 500 ft, cotton good 1000 ft; 1 hose, value \$75, value of fire department equipment \$2,700; value of buildings occupied \$300; bell alarm, expenses last year \$1,280, membership 18, paid full time 2, 16 volunteers, Chief W. A. Lubbea.

Okmulgee, Creek Co., population 500; fire area 1 mile sq; mercantile buildings, stone and wood, 1 and 2 stories private, wood, 1 story; wooden roofs permitted; no fireworks ordinance; no organized fire department.

WATER SUPPLY—Source, brooks.

IOWA.

Adel, Dallas Co., population 995; fire area 160 acres; mercantile buildings, brick, 1 to 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 1 hose cart; hose, rubber good 500 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,000; total ann expenses of department \$400; 60 members, paid part time, 20 volunteers; bell alarm. Chief engineer, S. L. Ward.*

WATER SUPPLY—Source, cisterns and 4 good wells. City clerk, M. S. Ish.

Albia, Monroe Co., population 3,400; fire area 2 miles; sq; mercantile buildings, brick, 2 and 3 stories; private, wood; wooden roofs are permitted; causes of fire investigated. Fire department—2 steam fire engines, 2 hand engines, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 1,500 ft, cotton inferior 500; value of fire department equipment \$10,000; value of buildings occupied \$8,000; total ann expenses of de-

partment \$150; total membership 27, volunteers; bell alarm. Chief engineer, W. E. Dougherty.

WATER SUPPLY—Source, 5, 1,200 bbls cisterns and wells.

Algona, Kossuth Co., population 2,068; buildings, wood and brick, 2 stories; fireworks ordinance. Fire department—5 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 3 force pumps; hose, rubber good 400 ft, cotton good 300 ft; value of fire department equipment \$2,500; total membership 25, all volunteers; bell and whistle alarm. Chief engineer, A. F. Dailey.

WATER SUPPLY—Source, wells in center of city; system, pumping to standpipe; standpipe cap 90,000 gals; pumping engines, dy cap 90,000 gals; 16 hydrants; pipe 2 1/4 miles, 8 and 4 in dia; 6 valves; service pipe, lead and wrought iron; pressure, domestic 30, fire 43 pounds; works owned by city; original cost to construct \$10,000; expenses of construction to date \$5,000; ann expenses \$1,000; int on bonds 5 per cent. Supt, A. F. Dailey.

Alta, Buena Vista Co., population 1,000; fire

area 320 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 300 ft, rubber good 300 ft, inferior 100 ft; value of buildings occupied \$800; total membership 34, all volunteers; bell alarm. Chief engineer, Patrick Morrissey.*

WATER SUPPLY—Source, cisterns, 600 gal cap.

Altoona, Polk Co., population 326; fire area 125 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. No fire department—1 chemical extinguisher, 1 hand hose cart, 2 long ladders; hose, rubber good 100 ft.

WATER SUPPLY—Source, wells.

Ames, Storey Co., population 2,489; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs are not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, 500 ft linen.

WATER SUPPLY—Source, deep wells; system, pumping to tank; tank cap 40,000 gals; 5 hydrants; pipe 1,200 ft, 8 in dia; pressure 45 pounds; works owned by city; (Mains by property owners); original cost to construct \$5,500. Mayor, P. Sheldon; city clerk, A. B. Maxwell.

Anamosa, Jones Co., population 2,078; fire area 200 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,400 ft; value of fire department equipment \$2,500; value of buildings occupied \$600; total ann expenses of department \$375; total membership 80, all volunteers; bell alarm. Chief engineer, W. A. Cunningham.*

WATER SUPPLY—Source, Wapsipawac river; system, pumping to reservoir; reservoir cap 80,000 gals; pumping engine, hour cap 1,800 gals; 10 hydrants; pipe 2½ miles, 6 to 4 in dia; 12 valves; service pipe galv iron; pressure, domestic 40, fire 100 pounds; works owned by company; original cost to construct \$13,000; expenses of construction to date \$24,000; ann expenses \$1,100. Supt, J. C. Griffith.

Atlantic, Cass Co., population 6,000; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds, 1 hose wagon; hose, cotton good 2,500 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,500; total ann expenses of department \$800; membership 80, volunteer; electric alarm; 4 street boxes; 1 hook and ladder company, 3 hose companies. Chief engineer, Frank Cain.*

WATER SUPPLY—Source, wells; system, pumping direct; pumping engine, dy cap 3,000,000 gals; 104 hydrants; pipe 9 miles, 4 to 16 in dia; 31 valves; pressure, domestic 80, fire 120 to 130 pounds; waterworks owned by company; cost to construct \$72,000; cost to date \$100,000; ann expenses \$8,000. Supt, A. M. Nipper.

Audubon, Audubon Co., population 2,000; fire area 100 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft, cotton inferior 300 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total membership 50, volunteers; bell alarm; 1 hook and ladder company, 3 hose companies. Chief engineer, E. J. Freeman.*

WATER SUPPLY—Source, wells and creek; system, gravity, pumping to reservoir; reservoir cap 100,000 gals; pumping engine, hour cap 30,000 gal; hydrants 13; pipe 2½ miles, 4 and 6 in dia; 3 valves; service pipe iron; pressure, domestic 70, fire 125 pounds; works owned by city; cost to construct \$12,000; ann expenses \$800. Chairman of com, Chas. VanGerder; supt, E. J. Freeman.*

Avesa, Pottawattamie Co., population 2,231; fire area about 160 acres; mercantile buildings, brick, 2 stories; private, wood (outside fire limits), 1 ½ and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 5 chemical extinguishers, 2 hose carriages; hose, cotton good 1,000 ft, 300 ft poor, rubber good 500 ft; value of fire department equip-

ment \$7,000; value of buildings occupied \$1,000; total ann expenses of department \$350; total membership 18, volunteers; bell alarm; 1 engine and hose company. Chief engineer, Ed. Blade.*

WATER SUPPLY—Source, wells; system, pumping to standpipe; cap 59,672 gals; pumping engine, dy cap 750,000 gals; hydrants 25; pipe 2 ¾ miles, 8, 6, 4 in dia; pressure 50 to 70 pounds; works owned by city; cost to construct \$14,500; ann expenses \$1,000. Supt, W. H. Schilling.

Bedford, Taylor Co., population 1,643; fire area 6 blocks; mercantile buildings, brick, 2 stories; private, wood, 1 ½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, hook and ladders on engine; hose, rubber good 60 ft, inferior 50 ft; 2 horses, value \$300; value of fire department equipment \$1,000; value of buildings occupied \$5,000; total membership 20, all volunteers; bell alarm. Chief engineer, J. B. Derriksan.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 3,000 gals; waterworks owned by city. City civil engineer W. T. Randolph.

Belle Plaine, Benton Co., population 3,300; fire area ½ x ¼ miles, mercantile buildings, brick, 1½ and 2 stories; private, wood 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine; 1 chemical extinguisher, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 800 ft, inferior 200 ft; 4 horses, value \$500; value of fire department equipment \$5,300; value of buildings occupied \$4,000; total ann expenses of department \$724; membership 65, paid part time 5, volunteer members 60; bell and whistle alarm; 2 engine companies, 1 hook and ladder company. Chief engineer, J. E. Ortscheid.*

WATER SUPPLY—Source, 6 artesian wells and cisterns.*

Bellevue, Jackson Co., population 1,450; fire area 3-4 mile; mercantile buildings, stone, brick and wood, 2 and 3 stories; private, wood, brick and stone; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft; value of fire department equipment \$1,200; value of buildings occupied \$800; total ann expenses of department \$250; membership 15, volunteers; bell alarm. Chief, August Maurer.

WATER SUPPLY—Source, river, wells and 2 public cisterns supplies from roofs, cap of cisterns 600 bbls dy; (city will put in waterworks this summer.)

Belmond, Wright Co., population 1,500; fire area 200 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted (principally metal in fire limits); fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 300 ft, rubber inferior 350 ft, cotton good 300 ft; value of fire department equipment \$1,000; value of buildings occupied \$250, total ann expenses of department \$100; total membership 28, volunteers; bell alarm. Chief engineer, D. E. Packard.

WATER SUPPLY—Source, well.

Blairtown, Benton Co., population 583; buildings, wood, 1½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine.*

WATER SUPPLY—Source, wells. Mayor, M. D. Barney; town clerk, P. H. Lynch.*

Bloomfield, Davis Co., population 2,232; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, combined with chemical, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 600 ft; value of fire department equipment \$800; value of buildings occupied \$350; total membership 35, volunteers; bell alarm. Chief engineer, A. J. Clark.

WATER SUPPLY—Source, deep well; system, pumping direct and to tank; reservoir 12 x 30 ft; standpipe cap 18 x 24 ft; hydrants 12; pipe 5,000 ft, 4 to 8 in dia; pressure, fire 250 pounds; waterworks owned by city; original cost to construct \$8,500. Chairman of com, J. R. Sheaffer.

Boone, Boone Co., population 3,000; fire area 3 acres; mercantile buildings, brick and stone, 2

and 3 stories; private, wood, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 2 hook and ladder trucks, 3 hose carriages; hose, cotton good 1,800 ft; value of fire department equipment \$2,000; value of buildings occupied \$3,000; total ann expenses of department \$250; total membership 72, paid part time 2, volunteer members 70; bell alarm; 6 fire companies, 1 engine company, 2 hook and ladder companies, 3 hose companies. Chief engineer, A. P. Fogg. *

WATER SUPPLY—Source, artesian wells; system, gravity and direct pumping; pumping engine, dy cap 50,000 gals; 21 hydrants; pipe 15 1/2 miles, 6 to 8 in dia; 5 valves; pressure 45 to 130 pounds; cost to construct \$21,000; ann expenses \$1,250. Supt, R. Sutton. *

Brighton, Washington Co., population 800; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—Ladders and buckets are used. Chief engineer, W. Andrews. *

WATER SUPPLY—Source, wells. Mayor, S. E. Woodford; village clerk, Jas. H. Auld. *

Brooklyn, Poweshiek Co., population 1,400; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hose carriage; hose, cotton good 500 ft, inferior 500 ft; value of fire department equipment \$3,500; value of buildings occupied \$3,000; membership 25, paid part time 2; bell and whistle alarm; 1 engine company, 1 hose company. Chief engineer, E. H. Skinner.

WATER SUPPLY—Source, private wells and public cisterns, cap 800 gals. Mayor, E. H. Skinner. *

Brush Creek, Fayette Co., population 593; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted but tin used mostly; no fireworks ordinance. No organized fire department; about 6 chemical extinguishers, hand grenades and ladders. City marshal, J. H. Rowell.

WATER SUPPLY—Source, wells. City clerk, H. S. Palmer.

Burlington, Des Moines Co., population 24,000; fire area 1,600 acres; mercantile buildings, brick, wood and stone, 1 to 6 stories; private, brick and wood, 1 to 3 stories; metal roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages, all kinds; hose, cotton good 11,400 ft, rubber good 700 ft; 19 horses; value of fire department equipment \$20,000; value of buildings occupied \$3,000; total ann expenses of department \$15,500; total membership 27, paid full time; Gamewell alarm; 20 street boxes. Chief engineer, Wm. Franklin. *

WATER SUPPLY—Source, Mississippi river; system, pumping direct; pumping engine, dy cap 12,500,000 gals; 218 hydrants; pipe 20 miles, 4 to 16 in dia; 150 valves; pressure, domestic 100, fire 120 to 160 pounds; works owned by company; cost to construct \$185,000. Supt, Chas. Hood. (Gravity filter plant with a cap of 8,500,000 gals and reservoir of 500,000 gals is being completed.)

Carroll, Carroll Co., population 3,500; fire area 80 blocks; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,600 ft, rubber poor 600 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total ann expenses of department \$350; total membership 75, all volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, R. E. Coburn.

WATER SUPPLY—Source, Coon river, located 7 miles N. W. of city; system, pumping to reservoir; reservoir cap 3,300 bbls; pumping engine, dy cap 10,000 bbls; hydrants 22; pipe 2 1/2-2 miles, 6 and 8 in dia; 7 valves; pressure, domestic 60, fire 75 pounds; waterworks owned by city; cost to construct \$20,000; ann expenses \$1,000. Supt, Chas. Hamilton.

Cedar Falls, Blackhawk Co., population 4,000; fire area 160 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance;

causes of fire investigated. Fire department—1 hook and ladder truck, 4 hose carriages; hose, rubber inferior 700 ft, cotton good 2,500 ft; value of fire department equipment \$5,000; value of buildings occupied \$1,000; total ann expenses of department \$1,500; membership 97, volunteers; bell and whistle alarm; 3 fire companies. Chief engineer, M. Hammond.

WATER SUPPLY—Source, springs; system, pumping to reservoir; reservoir cap 100,000 gals; pumping engine, dy cap 2,500,000 gals; hydrants 5; pipe 7 1/2 miles, 4, 6, 8, 10 in dia; 20 valves; tape 300; galv iron service pipe; pressure 85 pounds; works owned by city; original cost to construct \$20,000; expenses of construction to date \$40,000; ann expenses \$2,800. Chairman of com, Geo. S. Morrin; supt, C. M. Wyth. *

Cedar Rapids, Linn Co., population 25,000; mercantile buildings, principally brick; private, wood; wooden roofs permitted. Fire department—2 hook and ladder trucks, 11 hose carriages, all kinds, siamese couplings; hose, 7,000 ft good; total ann expenses of department \$5,500; total membership 300, paid full time 1; telegraph and telephone alarm; 28 street boxes; 50 fire police. Chief engineer, L. M. Ayers.

WATER SUPPLY—Source, Cedar river and wells; system, pumping direct; 2 pumping engine, dy cap 6,000,000 gals; hydrants 178; pipe 127 miles, 4 to 20 in dia; 400 valves; service pipe lead; pressure, domestic 60, fire 120 pounds; works owned by company; original cost to construct \$100,000; expenses of construction to date \$300,000. Supt, Chas. J. Fox.

Centre Point, Linn Co., population 732; fire area 1/2 mile square; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine, 1 hose carriage; hose, cotton good 400 ft, rubber good 400 ft; value of equipment \$1,200; value of buildings \$400; total membership 18, all volunteers. Chief engineer, F. E. Gitchell.

WATER SUPPLY—Source, cisterns and wells. Town Clerk, A. E. Dunbar.

Centerville, Appanoose Co., population 6,000; fire area 2 miles sq; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 12 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft, cotton inferior 300 ft; 3 horses, value \$300; value of fire department equipment \$10,000; value of buildings occupied \$5,000; total ann expenses of department \$1,000; total membership 50, paid full time 1, paid part time 49; bell alarm; 2 fire companies, 1 engine company, 1 hook and ladder company. Chief engineer, John Kearville, Jr.

WATER SUPPLY—Source, cisterns and 1 large well. (A regular system of waterworks will be built this year.) Mayor, M. Bivington.

Chariton, Lucas Co., population 4,000; fire area 329 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 1,000 ft, inferior 400 ft; 3 horses, value \$300; value of fire department equipment \$5,000; value of buildings occupied \$4,000; total membership 120, volunteers; bell alarm. Chief engineer, J. D. Beaman.

WATER SUPPLY—Source, 3 cisterns of 800 bbls each; 3 reservoirs. City clerk, Frank Granger.

Charles City, Floyd Co., population 2,802; mercantile buildings, wood and stone, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine, 1 hook and ladder truck, 2 hose carriages, 1,000 ft cotton hose; value of fire department equipment \$2,000; value of buildings occupied \$1,500; total ann expenses of department \$1,200; total membership 60, all volunteers; bell alarm. Chief, Geo. M. May. *

WATER SUPPLY—Source, river and springs; system, direct; pumping engine, dy cap 1,250,000 gals; 25 hydrants; pipe 2 1/2 miles, 4 to 10 in dia; 12 valves; pressure, domestic 65, fire 85 to 95 pounds; works owned by city; cost to construct \$20,000; ann expenses \$1,300. Supt, W. B. Sessler.

Cherokee, Cherokee Co., population 3,600; fire area 2 miles; buildings, brick and wood, 1 and 2

stories; fireworks ordinance. Fire department—1 horse power engine, 1 hook and ladder truck, 2 hose carriages; hoses, rubber good 300 ft. cotton good 1,000 ft.; value of fire department equipment \$3,000; bell alarm; 4 fire companies, 1 hook and ladder company, 3 hose companies. Chief engineer, A. M. Beymer.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; reservoir cap 80,000 gals; standpipe cap 1,500,000 gals; pumping engines, dy cap 1,000,000 gals; 18 hydrants; pipe 2½ miles, 6, 8 and 10 in dia; service pipe 1-4 in iron; pressure, domestic 80, fire 125 pounds; works owned by city; cost to construct \$26,000; ann expenses \$1,800. Supt. C. B. Holden.

Claremore, Claremore Co., population 650; fire area 25 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, rubber good 200 ft. cotton good 500 ft.; value of fire department equipment \$300; total ann expenses of department \$500; total membership 25, volunteers. Chief engineer, S. W. Spaulding.

WATER SUPPLY—Source, artesian well; system, pumping to standpipe and then to reservoir; reservoir cap 48,000 gals; standpipe 65 ft of 4 inch; pumping engines, dy cap 50,000 gals; 7 hydrants; pipe 1 mile, 2, 4 and 6 in dia; 2 valves; pressure 40 pounds; works owned by city; cost to construct \$7,000; ann expenses \$300. Supt. S. W. Spaulding.

Clarinda, Page Co., population 4,000; fire area 440 acres; mercantile buildings, brick, stone, iron and wood, 2 and 3 stories; private, same; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 2 hose carriages, 1 hose wagon, 1 new running cart; hose, rubber good 300 ft. cotton good 1,000 ft. in iron; 200 ft.; value of fire department equipment \$4,500; value of buildings occupied \$3,500; total membership 100, volunteers; electric bell alarm. Chief engineer, John D. Jones. (Expect to purchase H. & L. truck.)

WATER SUPPLY—Source, wells; system, pumping direct; pumping engines, dy cap 2,500,000 gals; 40 hydrants; pipe 5½ miles, 3 to 12 in dia; service pipe lead and galv iron; pressure, domestic 65, fire 120 pounds; works owned by city; original cost to construct \$42,000; expenses of construction to date \$48,000; ann expenses \$2,800. Supt. L. J. Bracken.

Clear Lake, Cerro Gordo Co., population 1140; buildings, brick and wood, 1 and 2 stories; fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, linen good 50 ft. rubber good 300 ft.; value of fire department equipment \$1,600; total ann expenses of department \$100; total membership 60, all volunteers; bell alarm. Chief engineer, John Clay.

WATER SUPPLY—Source, lake and 2 cisterns; cap of cisterns 300 gals each. (A standpipe system of works will be put in this year.)

Clinton, (includes Chaney) Clinton Co., population 18,000; fire area 3,000 acres; mercantile buildings, brick, stone and wood, 2 to 5 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine (not in use), 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages, all kinds, 1 hose wagon; hose, rubber good 2,000 ft. poor 1,000 ft. cotton good 3,000 ft. 4 hoses, value \$800; value of fire department equipment \$25,000; value of buildings occupied \$15,000; total ann expenses of department \$6,000; total membership 36, paid full time 6, volunteers 30; Game-well alarm; 42 street boxes; 4 fire companies. Chief engineer, Edmund Burke.

WATER SUPPLY—Source, artesian and Mississippi river; system, pumping to reservoir and direct; reservoir cap 1,000,000 gals; pumping engines, dy cap 13,000,000 gals; 375 hydrants; pipe 37 miles, 4 to 16 in dia; 150 valves; service pipe galv iron; pressure, domestic 80, fire 110 pounds; waterworks owned by company. Supt. S. M. Highlands.

Cornning, Adams Co., population 2,035; fire area 600 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, same; wooden roofs permitted; fireworks ordinance. Fire department—

—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 600 ft. cotton good 1,000 ft.; value of fire department equipment \$3,000; bell alarm; 4 fire companies, 1 hook and ladder company, 3 hose companies. Chief engineer, A. M. Beymer.

WATER SUPPLY—Source, well; system, pumping to tank; tank 57,800 gals; pumping engines, dy cap 70,000 bbls; 27 hydrants; pipe 5 miles, 2 to 8 in dia; 6 valves; 125 taps; service pipe 2-4 in iron; pressure 80 pounds; waterworks owned by city; original cost to construct \$30,000; int on bonds 6 per cent. Supt. John W. Birby. *

Corydon, Wayne Co., population 962; fire area 300 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 300 ft.; value of fire department equipment \$1,500; value of buildings occupied \$100; total ann expenses of department \$100; total membership 80, volunteers; bell alarm. *

WATER SUPPLY—Source, wells. Mayor, J. W. Freeland; town clerk, H. K. Evans; county clerk, F. M. Smith.

Council Bluffs, Pottawattamie Co., population 23,000; fire area 115 acres; mercantile buildings, brick, 3 to 7 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 4 hose carriages, all kinds; hose, rubber good 5,000 ft. rubber inferior 1,000 ft. cotton good 1,000 ft; 15 hoses, value \$2,800; value of fire department equipment \$30,000; value of buildings occupied \$30,000; total ann expenses of department \$16,000; total membership 19, paid full time; Richmond & Game-well alarm; 27 street boxes. Chief engineer, Chas. Nicholson. *

WATER SUPPLY—Source, Missouri river; system, gravity, pumping to reservoir and direct; reservoir cap 14,000,000 gals; pumping engines, dy cap 8,000,000 gals; 283 hydrants; pipe 39 miles, 4 to 30 in dia; 230 gates; pressure, 80 to 120 pounds; works owned by company; ann expenses \$18,000. Gen'l mgr and asst treas. E. W. Hart.

Cresco, Howard Co., population 3,000; fire area 300 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft.; value of fire department equipment \$2,000; value of buildings occupied \$1,000; 50 volunteer members; bell and whistle alarm; 3 fire companies, 1 hook and ladder company, 3 hose companies. Chief, G. E. Story.

WATER SUPPLY—Source, wells; system, pumping to standpipe; cap 100,000 gals; pumping engines, cap 40,000 gals per 10 hrs; 11 hydrants; pipe 2 miles, 6, 8 and 4 in dia; 6 valves; 104 taps; pressure, 40 to 200 pounds; works owned by city; cost to construct \$16,000; ann expenses \$500. Chief engineer, John Swenson.

Creston, Union Co., population 10,000; fire area 3,268 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 2,000 ft. rubber good 2,000 ft.; 4 hoses, value \$1,200; total membership 125, paid full time 3, volunteer members 123; whistle alarm and fire bell, 10 telephones, 6 electric fire gongs; 6 fire companies, 1 engine company, 1 hook and ladder company, 4 hose companies. Chief engineer, Ed. W. Graham.

WATER SUPPLY—Source, west fork of Platte river, 1-3 mile west of city; system, pumping direct and to standpipe; lake cap 383,000,000 gals; standpipe cap 130,000 gals; pumping engines, dy cap 3,500,000 gals; cap of clear water basin 500,000; 140 hydrants; pipe 13 miles, 4 to 12 in dia; 80 valves; quality of water good; pressure, domestic 45, fire 120 pounds; works owned by company; cost to construct \$200,000; ann expenses \$3,000. Supt. H. S. Clark.

Davenport, Scott Co., population 30,500; fire area 9 sq miles; mercantile buildings, brick and stone, 2 to 5 stories; private, brick and wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—

ment—1 steam fire engine in reserve, 3 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages, 3 hose wagons, 1 combination hose and chemical engine; hose, cotton good 9,500 ft; 16 horses, value \$2,450; value of fire department equipment \$45,700; value of buildings occupied \$24,000; total ann expenses of department \$24,500; total membership 27, paid full time; telegraph and telephone alarm; 43 street boxes. Chief engineer, P. M. Gilloley.

WATER SUPPLY—Source, Mississippi river; system, gravity and pumping direct; reservoir cap 5,000,000 gals; pumping engines, dy cap 18,500,000 gals; 402 hydrants; pipe 38 miles, 4 to 30 in dia; 550 valves; service pipe lead and iron; pressure, domestic 75, fire 125 pounds; works owned by company; original cost to construct \$750,000; expenses of construction to date 1,250,000. Supt, Thos. N. Hooper.

Dayton, Webster Co., population 1,000; fire area 6 blocks; mercantile buildings, brick, 1½ and 2 stories; private, wood, 1½ stories; wooden roofs not permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 600 ft; ann expenses of department \$100; membership 16; bell alarm. Marshal, J. W. Housken; chairman of fire and water com, S. Burquist.

WATER SUPPLY—Source, cisterns.

Decorah, Winneshiek Co., population 4,000; fire area 400 acres; mercantile buildings, brick, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 3,000 ft, cotton good 350 ft; value of fire department equipment \$3,500; value of buildings occupied \$5,000; total ann expenses of department \$3,000; total membership 80, volunteers; bell alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, Geo. Q. Gardner.

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; reservoir cap 500,000 gals; pumping engines, dy cap 200,000 gals; 18 hydrants; pipe 3 miles, 4 to 6 in dia; cost to construct \$30,000; int on bonds 6 per cent. Pres com, A. McKay; supt, O. Hoffas.*

Denison, Crawford Co., population 1,782; fire area 640 acres; mercantile buildings, wood, 1 and 2 stories; private, same. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose, linen good 100 ft, rubber good 300 ft, inferior 300 ft; value of fire department equipment \$2,500; value of buildings occupied \$500; total membership 45, volunteers; bell alarm. Chief engineer, R. Shaw.*

WATER SUPPLY—Source, 17 wells; system, pumping to standpipe; standpipe cap 78,000 gals; pumping engines, dy cap 500,000 gals; 24 hydrants; pipe 3 miles, 4 to 6 in dia; 11 valves; service pipe galv iron; pressure, domestic 20 to 45, fire 85 to 120 pounds; works owned by city; original cost to construct \$12,000; expenses of construction to date \$18,000; ann expenses \$1,300. Supt, N. J. Wheeler.

Des Moines, Polk Co., population 74,000; fire area 33,000 acres; mercantile buildings, stone and brick, 3 to 9 stories; private, wood, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine in reserve, 3 chemical engines on wheels, 6 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 2 hose carriages, all kinds, 3 hose wagons, 4 combination chemical and hose wagons; hose, rubber good 7,000 ft, rubber inferior 400 ft, cotton good 1,000 ft, cotton inferior 500 ft; 33 horses, value \$8,800; value of fire department equipment \$75,000; value of buildings occupied \$107,000; total ann expenses of department \$38,000; total membership 41, paid full time; Gamewell alarm; 37 street boxes; 10 fire companies, 2 engine companies, 3 hook and ladder companies, 5 hose companies. Chief engineer, Martin Melander. (Water tower and engine proposed.)

WATER SUPPLY—Source, ground water and Racoon river; system, pumping to standpipe and direct; standpipe cap 500,000 gals; pumping engines, dy cap 11,000,000 gals; 876 hydrants; pipe 77 miles, 6 to 24 in dia; valves, 2,500 meters; service pipe lead; pressure, domestic 100, fire 130 to 150 pounds; works owned by company; cost to construct \$1,-

275,000; ann expenses \$28,000. Manager, A. N. Denman.

De Witt, Clinton Co., population 1,400; fire area 480 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber good 700 ft, cotton good 700 ft; value of fire department equipment \$1,200; value of buildings occupied \$1,000; total membership 30, volunteers; bell alarm; 1 fire company. Chief engineer, Chas. A. Butterfield.

WATER SUPPLY—Source, well; system, pumping to standpipe and reservoir; reservoir cap 54,000 gals; standpipe cap 54,000 gals; pumping engines, dy cap 80,000 gals; 18 hydrants; pipe 13-4 miles, 4 to 8 in dia; 6 valves; 3-4 in service pipe; pressure, domestic 30 pounds, fire 40 pounds; waterworks owned by city; original cost to construct \$10,000; ann expenses \$400. Supt, D. Armstrong.

Dubuque, Dubuque Co., population 40,000; fire area 31-2 x 21-2 miles; mercantile buildings, brick, 4 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—4 steam fire engines, 1 chemical engine on wheels, 2 hook and ladder trucks, 1 aerial truck, 2 hose carriages, 1 hose wagon, 1 combination hose wagon; hose, rubber good 1,000 ft, inferior 1,000 ft, cotton good 1,500 ft; 15 horses, value \$3,000; value of fire department equipment \$17,150; value of buildings occupied \$57,184; ann expenses of department \$27,359; membership 28, paid full time; Gamewell alarm; street boxes 41; 4 fire companies, 3 engine companies, 1 hook and ladder company. Chief engineer, Jos. Reinfrid.

WATER SUPPLY—Source, level and artesian wells; system, gravity, pumping to reservoir, standpipe and direct; standpipe cap 75 x 30 ft; pumping engines, dy cap 500,000 gals; hydrants 250; pipe 30 miles, 4 to 16 in dia; 300 valves; taps 1,056; service pipe lead; pressure 40 to 50 pounds; waterworks owned by company. Supt, N. W. Kimball.*

Dunlap, Harrison Co., population 1,200; fire area 10 to 12 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, same. Fire department—1 chemical engine on wheels, 150 ft good rubber hose, also buckets; value of fire department equipment \$950; bell alarm. Chief engineer, Paul H. Dabelston.

WATER SUPPLY—Source, private wells and cisterns.

Dyersville, Dubuque Co., population 1,272; mercantile buildings, brick and wood; private, same. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose cart; 300 ft cotton hose, good, 200 ft good cotton; total membership 70, volunteers; bell alarm. Chief, James Armstrong.

WATER SUPPLY—Source, river and cisterns. (Some talk of putting in waterworks.)

Dysart, Tama Co., population 800; fire area 180 acres; mercantile buildings, wood and brick, 1 story; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 800 ft, cotton good 300 ft; value of fire department equipment \$2,000; value of buildings occupied \$400; total membership 40, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, M. H. Howard.

WATER SUPPLY—Source, cisterns.

Eagle Grove, Wright Co., population 2,800; fire area 640 acres; mercantile buildings, brick for past 2 years with tin roofs, 2 stories; private, wood, 1 story; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 1,000 ft; value of fire department equipment \$1,500; value of buildings occupied \$500; total membership 48, volunteers; whistle alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, C. H. Bauer.

WATER SUPPLY—Source, flowing wells (waterworks proposed). Mayor, F. W. Pillsbury.

Elders, Hardin Co., population 2,500; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire in-

vestigated. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 1,500 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total membership 32, volunteers; bell and whistle alarm; 2 fire companies. Chief engineer, E. E. Ellsworth.

WATER SUPPLY—Source, driven well; system, pump to tank; cap 100,000 gals; dy cap 50,000 gals; 5 hydrants; pipe $\frac{1}{2}$ mile; cost to construct \$8,000. Supt. H. E. Gardiner.*

Emmetsburg, Palo Alto Co., population 2,200; fire area 200 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 24 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,500 ft; value of fire department equipment \$2,500; total membership 58, volunteers; bell alarm; 2 hose companies, 1 chemical engine company, 1 hook and ladder company. Chief engineer, P. O. Resell.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 70,400 gals; pumping engines, dy cap 6,500 gals; hydrants 10; pipe $\frac{1}{2}$ miles, 6 in dia; 4 valves; taps 8; pressure, domestic 35, fire 100 pounds; works owned by city; original cost to construct \$9,000. Supt. Wm. Hefley.

Estherville, Emmett Co., population 2,250; fire area 40 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 300 ft, cotton good 250 ft; value of fire department equipment \$1,800; value of buildings occupied \$200; total membership 40, volunteers; bell alarm; 1 fire company. Chief engineer, John Dygert.

WATER SUPPLY—Wells and cisterns. Mayor, M. L. Archer; town clerk, N. B. Egbert. Works contemplated.*

Fairfield, Jefferson Co., population 3,391. Fire department—1 hook and ladder truck, 3 hose carriages; hose, 1,000 ft; total membership 21. Chief fire dept. H. W. Welkert.*

WATER SUPPLY—Source, pond; system, pumping to standpipe; reservoir cap 90,000,000 gals; standpipe cap 67,000 gals; 2 pumping engines, dy cap 2,500,000 gals; hydrants 38; pipe 6 miles, 4 to 14 in dia; 32 valves; service pipe iron and lead; pressure, fire 125 pounds; works owned by city; original cost to construct \$57,000; expenses of construction to date \$69,000; ann expenses \$2,500. Supt. T. V. Higley.

Fontanella, Adair Co., population 1,600; buildings, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—consist of 14 ladders and 100 buckets. Chief engineer, A. B. Scott.

WATER SUPPLY—Source, 5 wells and cisterns. Town clerk, W. R. Prewitt.

Forest City, Winnebago Co., population 1,400; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 500 ft; value of fire department equipment \$1,200; value of buildings occupied \$250; total membership 42, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chairman of fire and water com. J. W. Maboney.

WATER SUPPLY—Source, wells and cisterns.

Gladbrook, Tama Co., population 556; buildings, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department not reported.*

WATER SUPPLY—Source, artesian well; system, pumping to tank; tank cap 13,365 gals; pumping engine abt. 2,000 gals; hydrants 4; pipe 1-4 mile, 6 in dia; 1 valve; taps 15; wood service pipe; pressure, domestic 50, fire 75 pounds; works owned by city; original cost to construct \$3,500; ann expenses \$100. Supt. L. Wieland.

Glenwood, Mills Co., population about 3,000; mercantile buildings, wood and brick, 1 and 2 stories; private, same; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 800 ft, rubber good 150 ft, inferior 500 ft; value of fire

department equipment \$700; value of buildings occupied \$2,000; whistle alarm. Chief engineer, W. B. Houton.

WATER SUPPLY—Source, artesian well; system, pumping to standpipe and direct; standpipe cap 1,050 bbls; pumping engines, dy cap 800 bbls; hydrants 15; pipe 2 miles, 4, 6 and 8 in dia; pressure, domestic 60, fire 100 pounds; works owned by city; original cost to construct \$17,000; expenses of construction to date \$18,000; ann expenses \$1,800. Chairman of com. J. E. Wickham.

Greenfield, Adair Co., population 1,500; fire area 1 x $1\frac{1}{2}$ miles; mercantile buildings, wood, 2 stories; private, wood, $1\frac{1}{2}$ stories; wooden roofs permitted. Fire department—1 hook and ladder truck; hose, cotton 400 ft; value of fire department equipment \$400; value of buildings occupied \$600; total expenses of department for year \$1,000; total membership 25, volunteers. Chief engineer, J. D. Williams.

WATER SUPPLY—Source, 4 large wells, pumps.

Grimmell, Poweshiek Co., population 3,500; fire area 1,800 acres; mercantile buildings, brick, 2 stories; private, wood, $1\frac{1}{2}$ and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,300 ft, cotton inferior 500 ft; membership 50, volunteer. Chief engineer, F. L. Matteson.

WATER SUPPLY—Source, wells and cisterns. (1 well 200 ft deep put in by city, cap per day 200,000 gals; waterworks will be put in this year.) Supt. D. S. Morrison.

Griswold, Cass Co., population 1,200; fire area 160 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 450 ft; value of fire department equipment \$800; value of buildings occupied \$200; ann expenses \$25; total membership 30, volunteers; bell alarm. Chief engineer, Milo Cheney.

WATER SUPPLY—Source, 7 wells. (Town has voted to put in waterworks, will build immediately.) Town clerk, D. H. Scott.

Grundy Centre, Grundy Co., population 1,600; mercantile buildings, brick, 2 stories; private, wood, $1\frac{1}{2}$ stories; wooden roofs permitted. Fire department—2 chemical engines on wheels, 25 chemical extinguishers, 1 hose carriage, water tank wagon; hose, linen good 500 ft, poor 250 ft; value of fire department equipment \$3,000; total ann expenses of department \$100; total membership 28, volunteers; bell alarm. Chief engineer, H. L. Wegstine.

WATER SUPPLY—Source, wells and cisterns. (Will put in waterworks this summer.)

Guthrie Centre, Guthrie Co., population 1,037; mercantile buildings, brick, 2 stories; private, wood, $1\frac{1}{2}$ stories; wooden roofs not permitted. Fire department—2 chemical engines on wheels, 3 chemical extinguishers; hose, rubber good 300 ft; total membership 36, volunteers; bell alarm. Chief engineer, H. A. Swain.*

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 25,000 gals; pumping engines, dy cap 500,000 gals; hydrants 8; pipe 20,000 ft, 6 in dia; 8 valves; pressure 40 to 70 pounds; waterworks owned by city; original cost to construct \$10,000; cost to date \$14,000; ann expenses \$700. Supt. W. F. Brann.

Guttenburg, Clayton Co., population 1,160; fire area 440 acres; mercantile buildings, brick and stone, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft, rubber good 500 ft; value of fire department equipment \$2,450; value of 2 buildings occupied \$1,650; total membership 45, volunteers; bell alarm. Chief engineer, Wm. Nolte.*

WATER SUPPLY—Source, wells and R. R. tank.*

Hampton, Franklin Co., population 2,800; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 800 ft, cotton good 500 ft; bell alarm. Chief engineer, Frank Kratochvil.

WATER SUPPLY—Source, spring; system, pumping to standpipe; standpipe cap 50,000 gals; pump-

ing engine, dy cap 2,300 gals per minute; hydrants 16; pipe 1 1-2 miles, 8, 6 and 4 in dia; 8 valves; quality of water best; pressure, domestic 45, fire 125 pounds; works owned by city; cost to construct \$16,000; ann expenses \$1,840. Supt, Frank Kratochvil.

Kielstein, Ida Co., population 800; fire area 8 blocks; mercantile buildings, wood and brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, cotton inferior 500 ft; value of fire department equipment \$1,500; value of buildings occupied \$400; total membership 23, volunteers; bell alarm. Chief engineer, A. Wenta.*

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; reservoir cap 1,800 bbls; pumping engine; hydrants 5; pipe 2 1-2 miles, 4 to 6 in dia; works owned by city; original cost to construct \$3,600. Supt, J. Wenta.*

Humboldt, Humboldt Co., population 1,500; fire area 2 sections; mercantile buildings, stone and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose rubber good 200, rubber inferior 100, cotton good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total ann expenses of department \$500; total membership 18, paid part time; bell alarm. Chief engineer, John Sherrar.*

WATER SUPPLY—Source, spring and river; system, pumping to reservoir, cap 95,000 gals; pumping engine, dy cap 50,000 gals; hydrants 4; pipe 350 rods, 8 to 4 in dia; 4 valves, 20 taps; pressure, domestic 35, fire 80 to 100 pounds; works owned by city; cost to construct \$7,500. Supt, Jos. Sheldon.*

Ida Grove, Ida Co., population 2,000; fire area 90 acres; mercantile buildings, wood, 1 1-2 and 2 stories; private, wood, 1 and 2 stories. Fire department—2 hose carriages, 1 hook and ladder truck; hose, 1,400 ft good cotton, poor 300 ft; value of fire department equipment \$1,200; value of buildings occupied \$1,000; total membership 19, volunteers; bell and whistle alarm. Chief engineer, John Lamson.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 3,150 bbls; pumping engine, dy cap 8,000 bbls; hydrants 21; pipe 2 1-2 miles, 4 and 6 in dia; valves 16; pressure, domestic 45, fire 60 pounds; works owned by city; original cost to construct \$3,200; expenses of construction to date 4,000; ann expenses \$600. Supt, J. C. Higgins.

Independence, Buchanan Co., population 5,000; fire area 170 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1 1-2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 600 ft, rubber inferior 700 ft, cotton good 1,350 ft; value of fire department equipment \$10,000; value of buildings \$3,500; total ann expenses of department \$841; total membership 71, volunteer; whistle and telephone alarm; 4 fire companies, 1 hook and ladder company, 3 hose companies. Chief engineer, P. McCorstin.

WATER SUPPLY—Source, wells; system, pumping direct; pumping engine, dy cap 2,000,000 gals; hydrants 42; pipe 5 1-2 miles, 8, 6 and 10 in dia; 18 valves; 125 meters; taps 250; service pipe iron; pressure, domestic 63, fire 20 pounds; works owned by city; original cost to construct \$40,000. Supt, A. D. Guernsey.

Indianola, Warren Co., population 3,200; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$900; value of buildings occupied \$200; total ann expenses of department \$20; total membership 16, paid part time, 1 volunteer members 15; bell alarm. Chief engineer, M. R. Judkins; chairman of fire and water com, M. R. Judkins.

WATER SUPPLY—Source, public wells; works are contemplated. Town clerk, E. W. Hartman.

Iowa Falls, Hardin Co., population 1,796; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 horsepower engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$4,850; total ann expenses of department \$105; total membership 63, volunteers; bell alarm. Chief engineer, E. O. Soule.

WATER SUPPLY—Source, flowing wells; system, pumping to standpipe and direct; reservoir cap 150,000 gals; standpipe cap 90,000 gals; pumping engine, hour cap 36,000 gals; hydrants 15; pipe 1 1-2 miles, 8 in dia; 4 valves; taps 10; service pipe galv iron; pressure 60 pounds; works owned by city; original cost to construct \$16,000. Supt, W. H. Courtney.*

Jefferson, Greene Co., population 2,900; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 hook and ladder trucks, 2 hose carriages; hose, rubber good 1,800 ft, poor 200 ft, cotton good 600 ft; value of fire department equipment \$3,000; total membership 60, volunteers; 1 hose company, 1 engine, 1 hook and ladder company; bell alarm. Chief engineer, Zala A. Church.

WATER SUPPLY—Source, wells and cisterns; 8 tanks, cap 1,500 barrels. Will put in waterworks this year.

Keosauqua, Keokuk Co., population 800; fire area 185 acres; mercantile buildings, brick and wood, 1, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, hooks, ladders and buckets; hose, rubber inferior 100 ft; value of fire department equipment \$500; bell alarm. Town marshal, J. E. Haney.*

WATER SUPPLY—Source, town wells. Town clerk, J. E. Eaton.*

Keosauqua, Marion Co., population 3,900; fire area 12 blocks; mercantile buildings, brick, 2 stories; private, brick and wood, 1 1-2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 350 ft, inferior 150 ft, cotton good 1,000 ft; value of fire department equipment \$4,500; value of buildings occupied \$1,000; total ann expenses of department \$140; total membership 28, volunteers; bell alarm. Chief engineer, W. F. Wetherall.*

WATER SUPPLY—Source, river, 2 and 3-4 miles distant; system, pumping to reservoir and standpipe; reservoir cap 7,000,000 gals; standpipe cap 85,000 gals; 2 pumping engines, hour cap 36,000 gals; hydrants 32; pipe 6 1/2 miles, 4 to 8 in dia; 20 valves; taps 110; iron service pipe; pressure, domestic 50, fire 60 pounds; works owned by city; original cost to construct \$38,500; expenses of construction to date \$39,000; ann expenses \$1,000. Com, H. Cunningham.*

Lansing, Allamakee Co., population 1,700; mercantile buildings, brick and stone, 2 and 3 stories; private, stone and brick, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hand engines, 2 chemical engines on wheels, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,000 ft, cotton good 500 ft; value of fire department equipment \$5,500; value of buildings occupied \$8,000; total ann expenses of department \$250; total membership 60, volunteers. Chief engineer, A. J. Widmerer.

WATER SUPPLY—Source, artesian wells; system, gravity; hydrants 8; pipe 1 1/2 miles, 4 and 6 in dia; 5 valves; pressure 30 pounds; works owned by company; original cost to construct \$8,000; expenses of construction to date \$10,000; ann expenses \$150. Pres, M. Kerndt; supt, Edw. Boeckh.*

La Porte City, Black Hawk Co., population 1,200; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 1 1/2 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 50 ft, linen good 900 ft, linen inferior 100 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,200; total ann expenses of department \$150; total membership 25, volunteers; bell alarm. Chief engineer, Robt. McQuilkin.

WATER SUPPLY—Source, 4 cisterns, cap 8,000 gals each, and creek. Town clerk, F. W. Fisher.*

Lehigh, Webster Co., population 870; fire area 320 acres; mercantile buildings, wood and brick,

1 and 2 stories; private, wood, 1 1/2 and 2 stories; no fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hose carriage; hose, cotton good 400 ft; value of fire department equipment \$900; membership 35, volunteers. Chief, J. E. Chase.

WATER SUPPLY—Source, wells and Des Moines river.

Le Mars, Plymouth Co., population 5,000; fire area 400 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 3,300 ft; value of fire department equipment \$2,500; value of buildings occupied \$2,700; total ann expenses of department \$329; total membership 42, volunteers; telephone and steam whistle alarm. Chief engineer, T. Adamson.

WATER SUPPLY—Source, wells; system, pumping direct; reservoir cap 500,000 gals; pumping engines, 4 cap 2,000,000 gals; hydrants 81; pipe 18 miles, 4 to 14 in dia; 60 valves; pressure, domestic 60, fire 120 pounds; works owned by company; original cost to construct \$90,000; expenses of construction to date \$90,000; ann expenses \$4,000. Supt., J. K. Alline.

Lisbon, Linn Co., population 1,150; fire area 4 blocks; mercantile buildings, brick, stone and wood, 2 stories; wooden roofs not permitted in fire limits; dwellings, brick and lumber, 2 stories. Fire department—1 hand engine, 2 chemical extinguishers, 1 hose carriage, buckets, hooks and ladders; hose, rubber 200 ft; value of equipment \$200.

WATER SUPPLY—Source, wells and 3 large cisterns. Mayor, W. H. Runkle.

Lowden, Cedar Co., population 500; fire area 1-2 sq miles; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; value of fire department equipment \$700; value of buildings occupied \$100; total membership 14, volunteers; bell alarm. Chief engineer, Wm. Krenbring.

WATER SUPPLY—Source, wells. Mayor, G. F. Reinking.

Lucas, Lucas Co., population 600; fire area 300 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$1,000; value of buildings occupied \$900; total ann expenses of department \$10; total membership 25, volunteers; bell alarm. Chief engineer, M. E. Cook.

WATER SUPPLY—Source, wells.*

Lyons, Clinton Co., population 7,000; fire area 900 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 5 hose carriages, 1 hook and ladder truck; hose, cotton good 2,000 ft, rubber good 2,000 ft; value of fire department equipment \$3,500; value of buildings occupied \$5,000; total ann expenses of department \$500; total membership 125, volunteers; telephone alarm. Chief engineer, Tom T. Ashton.

WATER SUPPLY—Source, wells and Mississippi river; system, pumping to reservoir and direct; reservoir cap 800,000 gals; pumping engines, 4 cap 1,500,000 gals; hydrants 80; pipe 10 miles, 4 to 12 in dia; 60 valves; 3-4 in galv iron service pipe; pressure, domestic 45, fire 100 pounds; works owned by company. Supt, H. G. Smith.

Manchester, Delaware Co., population 2,500; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 10 chemical extinguishers; 2 hose carriages; hose, rubber good 1,500 ft; value of fire department equipment \$10,000; total membership 40, 40 paid part time, volunteers; members 20; bell alarm. Chief engineer, A. Thorpe.

WATER SUPPLY—Source, spring; system, pumping to standpipe, cap 115,000 gals; pumps, 4 cap 700,000 gals; hydrants 27; pipe 3 1/4 miles, 8 to 4 in dia; 19 valves; pressure, domestic 60, fire 80 to

120 pounds; works owned by city; cost to construct \$24,000. Supt, C. H. Davis.*

Mamming, Carroll Co., population 1,300; fire area 160 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 story; wooden roofs are permitted, except on 2 blocks; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, linen good 1,250 ft; value of fire department equipment \$380; value of buildings occupied \$150; total ann expenses of department \$53; total membership 27, volunteers; bell alarm; 1 fire company. Chief engineer, Fred Miller.*

Mapleton, Monona Co., population 1,200; fire area 160 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical and hand engine combined, 2 hose carriages, all kinds; hose, cotton good 1,200 ft; value of fire department equipment \$1,200; value of buildings occupied \$3,000; total membership 35, volunteers; bell and whistle alarm. Chief engineer, R. B. Harper.

WATER SUPPLY—Source, 12 driven wells; system, pumping to reservoir; reservoir cap 60,000 gals; pumping engines, 4 cap 720,000 gals; 9 hydrants; pipe 1 mile, 6 and 8 in dia; 10 taps; 4 valves; pressure, domestic 83, fire 175 pounds; waterworks owned by city; original cost to construct \$8,000; expenses of construction to date \$8,000. Supt, C. I. Whiting.

Maquoketa, Jackson Co., population 3,077. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; total membership 50; bell fire alarm system. Chief engineer, G. O. Morse.*

WATER SUPPLY—Source, well; system, pumping to standpipe; reservoir cap 100,000 gals; pumping engines, 4 cap 2,500,000 gals; 48 hydrants; pipe 5 1/2 miles, 4 to 10 in dia; 16 valves; service pipe galv iron; pressure, domestic 80, fire 160 pounds; works owned by city; original cost to construct \$28,000; expenses of construction to date \$42,000; ann expenses \$1,800. Supt, G. O. Morse.

Marshalltown, Marshall Co., population 8,914. Fire department—2 hook and ladder trucks, 4 hose carriages; hose, cotton inferior 250 ft, rubber good 2,300 ft, linen good 350 ft; total membership 100, volunteers; telegraph alarm; 11 street boxes. Chief engineer, J. H. Johnson.*

WATER SUPPLY—Source, river; system, pumping direct; pumping engines, 4 cap 1,500,000 gals; 139 hydrants; pipe 15 miles, 2 to 12 in dia; 90 valves; service pipe iron and lead; pressure, domestic 60, fire 90 to 120 pounds; works owned by city; original cost to construct \$47,000; expenses of construction to date \$175,000; ann expenses \$7,000. Supt, J. G. Trotter.

Mason City, Cerro Gordo Co., population 5,000; mercantile buildings, stone, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, linen good 1,500 ft; value of fire department equipment \$2,000; value of buildings occupied \$500; total ann expenses of department \$500; total membership 21, paid part time; bell alarm. Chief engineer, W. C. Clark.*

WATER SUPPLY—Source, 4 wells; system, pumping direct; reservoir cap 600,000 gals; 30 hydrants; pipe 4 1/2 miles, 10 to 8 in dia; 8 meters; quality of water good; pressure, domestic 60, fire 125 pounds; works owned by city; cost to construct \$45,000; ann expenses \$3,000; int on bonds \$1,500. Engineer, G. S. Thompson.

Missouri Valley, Harrison Co., population 4,000; fire area 16 sq miles; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 hose carriages; hose, rubber good 1,300 ft, rubber inferior 400 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total membership 40, volunteers; bell alarm. Chief engineer, Wm. Neund.*

WATER SUPPLY—Source, driven well; system, pumping to reservoir; cap 200,000 gals; pumping engines, 4 cap 750,000 gals; 28 hydrants; pipe 3 1/2 miles, 6 to 12 in dia; 20 valves; pressure, domestic 95, fire 150 to 175 pounds; waterworks owned by city; cost to construct \$16,000; ann expenses \$900. Supt, D. P. Baker.*

Montezuma, Poweshiek Co., population 1,300; fire area 20 acres; mercantile buildings, brick, 2 stories; private, wood; wooden roofs not permitted on business houses; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 6 chemical extinguishers, 1 hose carriage, other apparatus, hooks and ladders; hose, cotton good 450 ft; value of fire department equipment \$1,200; value of buildings occupied \$1,500; total ann expenses of department \$2,200; total membership 32, volunteers; bell alarm. Chief engineer, S. A. Hunter.

WATER SUPPLY—Source, wells. Mayor, J. W. Rodgers.

Montour, Tama Co., population 500; fire area 20 acres; mercantile buildings, stone, brick and wood, 1 and 2 stories; private, wood, 1½ stories. Fire department—3 chemical extinguishers, 1 hose carriage; hose, rubber good 150 ft, poor 300 ft.

WATER SUPPLY—Source, driven wells at corners of 2 principal streets with force pumps.

Mount Ayr, Ringgold Co., population 1,750; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine and chemical combined, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$2,800; total membership 30, paid part time; bell alarm. Chief engineer, H. L. Royce.

WATER SUPPLY—Source, wells and cisterns.

Mount Pleasant, Henry Co., population about 5,500; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted except on one block. Fire department—1 hook and ladder truck, 1 hose wagon; hose, rubber inferior 400 ft, cotton good 800 ft; value of fire department equipment \$1,400; value of buildings occupied \$3,000; ann expenses \$810; magnetic bell alarm, one at each fireman's residence, business and telephone office; total membership 11, paid part time. Chief engineer, C. A. Whitaker.

WATER SUPPLY—Source, Big creek; system, pumping to standpipe and direct; standpipe cap 50,000 gals; pumping engines, dy cap 1,000,000 gals; hydrants 50; pipe 7 miles, 4 to 10 in dia; 25 valves; gas iron service pipe, pressure, domestic 40, fire 100 pounds; works owned by city; original cost to construct \$60,000; expenses of construction to date \$100,000; ann expenses \$4,500. Supt, W. F. McClary.

Mount Vernon, Linn Co., population 1,500; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hose carriage; hose, linen good 150 ft; value of fire department equipment \$1,000; total membership 20, volunteers; bell alarm. Chief engineer, C. A. Smith.

WATER SUPPLY—Source, wells and cisterns.

Muscataine, Muscatine Co., population 11,454; fire area 120 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 2 hook and ladder trucks, 15 hose carriages, all kinds; hose, cotton good 4,200 ft, inferior 1,000 ft, rubber good 1,000 ft, inferior 1,000 ft; value of fire department equipment \$9,000; value of buildings occupied \$8,000; total ann expenses of department \$2,000; 250 volunteer members; bell alarm. Chief engineer, John Binbuff.

WATER SUPPLY—Source, Mississippi river; system, pumping to reservoir; reservoir cap 2,000,000 gals; pumping engines, dy cap 5,000,000 gals; hydrants 75; pipe 6½ miles, 6 to 16 in dia; 71 valves; pressure, domestic 75 to 90, fire 90 to 150 pounds; works owned by company; original cost to construct \$80,000; expenses of construction to date \$85,000; ann expenses \$8,000. Supt, Wm. Mollis.

Neola, Pottawattamie Co., population 1,200; mercantile buildings, wood and brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hose carriage; hose, rubber good 600 ft, rubber inferior 50 ft; value of fire department equipment \$1,200; value of buildings occupied \$250; total membership 18, volunteers; bell alarm. Chief engineer, Geo. H. Wheeler.*

WATER SUPPLY—Source, well; system, pump to

tank and direct; tank cap 60,000 gals; pumping engines, dy cap 450,000 gals; pipe 1 mile; 12 hydrants; 4 valves; pressure 75 to 150 pounds; works owned by city; cost to construct \$7,000. Supt, James Franklin.

Nevada, Story Co., population 2,023; fire area 40 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 300 ft, cotton good 900 ft; value of fire department equipment \$2,000; value of buildings occupied \$3,000; steam whistle alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, R. T. Alderman.*

WATER SUPPLY—Source, 2 large wells; system, pumping to reservoir; reservoir cap 120,000 gals; pumping engines, 10 hour cap 200,000 gals; hydrants 19; pipe 1½ miles, 4, 6 and 8 in dia; 8 valves; taps 60; service pipe 1 in and 3-4 in iron; pressure 43 pounds; works owned by city; original cost to construct \$12,080; expenses of construction to date \$18,000; ann expenses \$300. Chairman of com, W. S. Alderman.*

New Hampton, Chickasaw Co., population 1,800; fire area 12 blocks; mercantile buildings, wood, nearly 2 blocks brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines (1 not in use), 1 chemical engine on wheels, 25 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft, rubber good 600 ft; value of fire department equipment \$2,000; value of buildings occupied \$5,000; total ann expenses of department \$1,000; total membership 95, volunteers; 3 bells. Chief engineer, J. A. Johnston.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 63,000 gals; dy cap 500,000 gals; hydrants 13; pipe 4,000 ft, 4, 6 and 8 in dia; 2 valves; pressure, domestic 40, fire 80 pounds; works owned by city; original cost to construct \$7,000; expenses of construction to date \$10,000; ann expenses \$500. Supt, L. L. Briggs

and treas.

New Sharon, Mahaska Co., population 1,300; mercantile buildings, brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck; hose, cotton good 300 ft, rubber good 100 ft; value of fire department equipment \$600; value of buildings occupied \$150; total ann expenses of department \$25; 25 volunteer members; bell alarm. Chief, Chas. F. Griffey.

WATER SUPPLY—Source, wells.

Newton, Jasper Co., population 3,500; fire area 600 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted in business section. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft, rubber good 200 ft; value of fire department equipment \$6,000; value of buildings occupied \$3,600; total ann expenses of department \$125; total membership 60, volunteers; electric bell alarm; 1 hook and ladder company. Chief engineer, R. K. Lambert.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; reservoir cap 50,200 gals; pumping engines, dy cap 72,000 gals; 24 hydrants; pipe 6 and 8 in dia; pressure, domestic 20, fire 100 pounds; works owned by city; original cost to construct \$16,000. Supt, A. C. Gates.

Norway, Benton Co., population 401; mercantile buildings, wood, 2 stories. Fire department—buckets; hose, rubber good 200 ft.

WATER SUPPLY—Source, town well and large R. R. tank; capacity 1,600 barrels. Town clerk, B. M. McQuinn.

Odebolt, Sac Co., population 1,122; mercantile buildings, brick and wood, 2 stories. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,400 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total ann expenses of department \$120; total membership 48, volunteers; bell alarm; total no of fire companies 3. Chief engineer, W. J. Summerville.

WATER SUPPLY—Source, wells; system, pumping to reservoir; cap of reservoir 60,000 gals; Steam Pump Works; cap of pump per day 300,000 gals; 10 hydrants; pipe 1½ miles; 4 valves; works owned by company; pressure 50 to 60 pounds;

cost to construct \$7,500; ann expenses \$300. Supt, Jos. Mattes.

Onawa, Monona Co., population 1,600; mercantile buildings, brick, 1 and 2 stories; private, wood, 1½ and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—100 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, linen good 1,200 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,500; total membership 47, volunteers; bell alarm. Chief engineer, Fred L. Walker.

WATER SUPPLY—Source, wells.*

Osage, Mitchell Co., population 2,500; mercantile buildings, stone and brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted except in business part; fireworks ordinance. Fire department—1 steam fire engine, 15 private chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$5,000; value of buildings occupied \$2,000; total ann expenses of department \$500; total membership 40, volunteers; bell alarm; 1 hose company, 1 hook and ladder company. Chief engineer, H. Husselman.

WATER SUPPLY—Source, 6 cisterns, cap of each 300 barrels.

Oswego, Clark Co., population 2,800; fire area 1,000 acres; mercantile buildings, brick, iron and wood, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels and hand engine, 1 hook and ladder truck, 1 hose carriage; hose, linen good 450 ft, linen inferior 50 ft; value of fire department equipment \$1,200; value of buildings occupied \$500; total membership 25, volunteers. Chief engineer, R. W. Myer.

WATER SUPPLY—Source, wells and cisterns. Town clerk, F. M. Kye.

Oskaloosa, Mahaska Co., population 8,500; fire area 60 acres; mercantile buildings, brick, 2 and 3 stories; private, wood; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,000 ft, rubber inferior 300 ft, cotton good 1,000 ft; 1 horse, value \$175; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total ann expenses of department \$1,100; total membership 25, paid full time 1, paid part time 24; bell and whistle alarm. Chief engineer, B. T. Dutton.

WATER SUPPLY—Source, river; system, pump to standpipe, cap 280,000 gals; pumping engines, dy cap 4,000,000 gals; 61 hydrants; pipe 14 miles, 12 to 4 in dia; 23 valves; pressure, domestic 40, fire 95 pounds; cost to construct \$175,000. Supt, Chas. B. Craig.*

Ottumwa, Wapello Co., population 20,000; fire area 25 acres; mercantile buildings, brick, 3 to 5 stories; private, brick and wood, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 6 hose carriages, all kinds, 1 hose wagon; hose, cotton good 2,000 ft, inferior 1,500 ft, rubber good 1,000 ft; 3 horses, value \$450; value of fire department equipment \$7,750; value of buildings occupied \$5,500; total ann expenses of department \$5,000; total membership 8, paid full time 5, paid part time 3; Gamewell alarm; street boxes 18. Chief engineer, Alfred Webb. (Proposed, one chemical and ladders combined.)

WATER SUPPLY—Source, Des Moines river; system, pump to reservoir and direct; reservoir cap 3,000,000 gals; dy cap 4,000,000 gals; hydrants 146; pipe 26 miles, 4 to 24 in dia; quality of water good; pressure, domestic 80, fire 170 pounds; works owned by company. Supt and mgr, Wm. H. Sherwin.

Pella, Marion Co., population 3,200; fire area 1 mile square; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted inside fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 900 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total ann expenses of department \$500; total membership 100, volunteers; 3 fire companies; bell alarm. Chief engineer, Henry Held.

WATER SUPPLY—Source, 28 wells and 2 cisterns, cap of cisterns 1,000 bbls each.

Perry, Dallas Co., population 4,000; mercantile buildings, brick, inside fire limits, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose, cotton good 800 ft, cotton inferior 500 ft; value of fire department equipment \$4,000; value of buildings occupied \$1,000; total ann expenses of department \$30; total membership 30. Chief engineer, T. H. White.*

WATER SUPPLY—Source, artesian well; system, gravity, pumping to standpipe and direct; standpipe cap 60,000 gals; pumping engines, dy cap 750,000 gals; hydrants 33; pipe 3 miles, 4, 6 and 8 in dia; 11 valves; service pipe galv iron; pressure, domestic 100 lbs, fire 150 pounds; works owned by city; original cost to construct \$18,000; ann expenses \$1,600. Chairman of com, James Wimmer.

Red Oak, Montgomery Co., population 4,000; fire area 650 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,350 ft, inferior 150 ft; value of fire department equipment \$1,450; value of buildings occupied \$1,000; total ann expenses of department \$100; total membership 80, volunteers; Gamewell alarm; 3 street boxes; 1 hook and ladder company, 3 hose companies. Chief engineer, P. C. Shipley.*

WATER SUPPLY—Source, wells; system, pumping direct; 3 pumping engines, dy cap 1,200,000 gals; hydrants 47; pipe 7 miles, 4 to 10 in dia; valves; works owned by city; original cost to construct \$45,000; expenses of construction to date \$60,000; ann expenses \$4,000; int on bonds 5 per cent. Chairman of com, J. Sanborn; civil engineer, E. Clever.

Rockford, Floyd Co., population 2,500; mercantile buildings, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 hose carriages; hose, cotton good 1,000 ft, inferior 500 ft; value of fire department equipment \$9,000; value of buildings occupied \$500; total ann expenses of department \$1,200; total membership 16, volunteers; bell alarm. Chief engineer, A. D. Yorker.

WATER SUPPLY—Source, Shell Back river; system, pumping to tank; reservoir 16x12 ft; tank cap 52,000 gals; pumping engines, dy cap 500,000 gals; hydrants 10; pipe 1 mile, 4, 6 and 8 in dia; filtration through gravel; pressure, domestic 60, fire 150 pounds; works owned by city; original cost to construct \$7,500; ann expenses \$954; int on bonds 6 per cent. Chairman of com, L. Murrey; supt, Geo. Bennison.*

Rock Rapids, Lyon Co., population 1,800; fire area 200 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hose carriages; hose, cotton good 1,250 ft; value of fire department equipment \$1,000; value of buildings occupied \$2,000; total membership 33, volunteer; bell alarm. Chief engineer, W. G. Smith.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 37,800 gals; pumping engines, dy cap 1,250,000 gals; hydrants 25; pipe 3½ miles, 4 to 8 in dia; 14 valves; taps 160; service pipe galv iron; pressure 50 to 100 pounds; works owned by company; original cost to construct \$25,000; expenses of construction to date \$28,000; ann expenses \$1,600. Supt, H. B. Pierce.*

Sanborn, O'Brien Co., population 1,500; fire area 100 acres; mercantile buildings, brick and frame, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, stationary, 1 hand engine, 2 hose carriages; hose, rubber good 700 ft; value of fire department equipment \$30,000; value of buildings occupied \$2,000; total ann expenses of department \$700; total membership 11, paid full time; bell alarm. Chief engineer, Warren Walker.

WATER SUPPLY—Source, lake; system, direct and pumping to tank; pumping engines, dy cap 864,000 gals; 9 hydrants; pipe 1½ miles, 4 to 12 in dia; pressure 20 to 200 pounds; cost to construct \$30,000. Supt, W. Walker.

Serantom City, Greene Co., population 800; fire area 40 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hose carriage; hose cotton good 400 ft, cotton inferior 200 ft; value of fire department equipment \$1,000; value of buildings occupied \$300; total ann expenses of department \$75; total membership 38, volunteers; bell alarm; 2 fire companies. Chief engineer, B. F. Roberts.

WATER SUPPLY—Source, 3 large wells and R. R. tank.

Seymour, Wayne Co., population 1,700; fire area 15 blocks; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, linen good 300 ft; value of fire department equipment \$650; value of buildings \$100; bell alarm. Mayor, G. W. Herbert.

WATER SUPPLY—Source, wells and cisterns.

Shelby, Shelby Co., population 800; fire area 440 acres; mercantile buildings, wood, 1 story; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 chemical extinguishers; bucket brigade.

WATER SUPPLY—Source, wells. Mayor, H. L. Scofield.

Sheldon, O'Brien Co., population 2,400; fire area 40 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted except in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber good 300 ft, inferior 200 ft, cotton good 300 ft; value of fire department equipment \$2,000; value of buildings occupied \$300; total ann expenses of department \$300; total membership 28, volunteers; bell and steam whistle alarm. (Will probably put in electric.) Chief engineer, E. J. Crane.

WATER SUPPLY—Source, wells and cisterns. (In all probability city will put in waterworks this year.)

Shenandoah, Page Co., population 2,800; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 1 hook and ladder wagon; hose, rubber good 1,300 ft; value of fire department equipment \$1,000; value of buildings occupied \$4,000; total ann expenses of department \$150; total membership 16, volunteers; bell alarm. Chief engineer, G. F. Cottrill.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe; standpipe cap 140,000 gals; pumping engines, dy cap 1,000,000 gals; hydrants 25; pipe 3 miles, 10 to 4 in dia; taps 75; valves 6; pressure, domestic 40 to 80 pounds, fire same; waterworks owned by city; original cost to construct \$30,000. Supt, C. M. Conway.

Sigourney, Keokuk Co., population 2,000; fire area 500 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs not permitted. Fire department—1 hook and ladder truck, 4 chemical extinguishers; total membership 40, volunteers; bell and whistle alarm system. Chief engineer, Joe A. Oelmayor.

WATER SUPPLY—Source, well and cisterns. Mayor, C. Pinkerton.

Sioux City, Woodbury Co., population 48,000; fire area 34,000 acres; mercantile buildings, brick, stone, iron and wood, 2 to 7 stories; private, brick and wood, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine in reserve, 3 chemical engines on wheels, 4 chemical extinguishers, 1 hook and ladder truck, .75 ft aerial truck, 4 hose carriages, all kinds, 2 supply wagons, (1 hose wagon is a chemical combined); hose, rubber good 3,000 ft, rubber inferior 400 ft, cotton good 4,500 ft, cotton inferior 500 ft; 19 horses, value \$3,300; value of fire department equipment \$29,000; value of buildings occupied \$31,000; total ann expenses of department \$38,000; total membership 35, paid full time; Gamewell electric alarm; street boxes 30. Chief engineer, Geo. M. Kellogg.

WATER SUPPLY—Source, driven well; system, pumping to reservoir and direct; reservoir cap 1,500,000 gals; pumping engines dy cap 6,000,000 gals; hydrants 210; pipe 38 miles, 4 to 18 in dia;

315 valves; service pipe lead; pressure, domestic 110, fire 150 pounds; works owned by city; original cost to construct \$200,000; expenses of construction to date \$382,000; ann expenses \$25,000. Supt, Philip Carlin.

Sioux Rapids, Buena Vista Co., population about 1,000; fire area 20 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; 600 ft good cotton hose; value of fire department equipment \$500; total membership 13, volunteers. Chief and capt, F. A. Gabrielson.

WATER SUPPLY—Source, well, 400 ft from river; system, pump to reservoir, cap 50,000 gals; pumping engines, dy cap 250,000 gals; 11 hydrants; pipe 3 miles, 4 to 6 in dia; 3 valves; pressure 80 pounds; works owned by city; cost to construct \$10,000. Recorder, J. J. Jacobson.

Spencer, Clay Co., population 3,500; fire area $\frac{1}{2}$ sq mile; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 1,200 ft; value of fire department equipment \$1,800; total membership 33, volunteers; electric bell and whistle alarm; street boxes 2. Chief engineer, E. L. Koch.

WATER SUPPLY—Source, wells; system, pumping direct; pumping engines, dy cap 1,000,000 gals; hydrants 7; pipe $\frac{1}{2}$ mile, 10 to 6 in dia; taps 6; pressure, domestic 20, fire 75 to 150 pounds; waterworks owned by city; original cost to construct \$4,500; expenses of construction to date \$4,800; ann expenses \$360. Supt, Frank Kellogg.

State Centre, Marshall Co., population 1,000; fire area 300 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 hose carriages, 1 fire hook and 3 ladders; hose, rubber good 300 ft, cotton good 300 ft; value of fire department equipment \$1,200; value of buildings occupied \$150; total membership 35, volunteers; bell alarm. Chief engineer, G. I. Van Felt.

WATER SUPPLY—Source, wells; system, pumping to tank; reservoir cap 45,000 gals; pumping engines, dy cap 1,500 gals; 12 hydrants; pipe 1 mile, 6 in dia; 1 valve; quality of water hard; pressure 10 pounds; works owned by city; cost to construct \$10,000; ann expenses \$50. Supt, J. F. Cowan.

Storm Lake, Buena Vista Co., population 1,682; fire area 240 acres; mercantile buildings, stone and brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 900 ft; value of fire department equipment \$3,500; value of buildings occupied \$2,000; total ann expenses of department \$200; 42 volunteer members; bell alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, A. B. Biddle.

WATER SUPPLY—Source, Storm Lake; system, pumping to standpipe and direct; standpipe cap 55,000 gals; pumping engines, dy cap 500,000 gals; hydrants 28; pipe $\frac{3}{4}$ miles, 4, 6 and 8 in dia; 11 valves; service pipe galv iron; pressure, domestic 40, fire 120 pounds; works owned by city; original cost to construct \$18,000; ann expenses \$950; int on bonds 5 per cent. Supt, A. W. Jones.

Story City, Story Co., population 1,000; fire area 160 acres; buildings, brick and wood, 1 $\frac{1}{2}$ and 2 stories; wooden roofs permitted. Fire department—1 hand and chemical engine combined, 1 hose carriage; hose, rubber good 300 ft, cotton good 500 ft, poor 100 ft; value of equipment \$1,500; value of buildings occupied \$200; total ann expenses of department \$1,000; total membership 115, volunteers; bell alarm. Chief, W. A. Kelly.

WATER SUPPLY—Source, wells.

Stuart, Guthrie and Adair Cos., population 2,500; fire area 700 acres; mercantile buildings, wood, 2 stories; private, wood, 1 $\frac{1}{2}$ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hook and ladder trucks, 2 hose carriages; hose, rubber good 1,000 ft, rubber inferior 300 ft, cotton good 200 ft; value of fire department equipment \$7,000; value of buildings oc-

cupied \$3,200; total ann expenses of department \$900; total membership 45, paid part time 1, volunteer members 44; whistle alarm; 3 fire companies, 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, G. W. Hackborn.*

WATER SUPPLY—Source, 8 wells, cap 12,000 gals each. Town clerk, F. C. Fritz.*

Tama, Tama Co., population 2,500; mercantile buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine not in use, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 1,000 ft, poor 1,000 ft; value of fire department equipment \$1,500; value of buildings \$2,500; total membership 60, volunteers; bell alarm. Chief engineer, C. D. Williams.

WATER SUPPLY—Source, large well in south part of town; system, pumping direct; pumping engines, dy cap 100,000 gals; hydrants 32; pipe 3 miles, 8, 6 and 4 in dia; valves 5; pressure, domestic 60, fire 80 pounds; water works owned by city; original cost to construct \$16,000; ann expenses \$800. Supt, J. F. Ellsworth.

Templeton, Carroll Co., population 280; fire area 10 acres; mercantile buildings, wood, 1 and 2 stories; private dwellings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage, hooks and ladders; hose, linen good 300 ft, inferior 250 ft, rubber good 500 ft; value of fire department equipment \$800.*

WATER SUPPLY—Source, reservoir of 800 barrels cap.*

Tipton, Cedar Co., population 2,000; fire area 640 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, rubber good 900 ft, inferior 500 ft; value of fire department equipment \$3,500; value of buildings occupied \$3,500; total ann expenses of department \$1,800; total membership 37, 1 paid full time and 1 part time, remainder volunteers; bell and whistle alarm. Chief engineer, John F. Leefers.

WATER SUPPLY—Source, well; system, pumping to reservoir and standpipe and direct; reservoir cap 30,000 gals; standpipe cap 20,000 gals; pumping engines, dy cap 66,000 gals; 30 hydrants; pipe 2½ miles, 6 and 4 in dia; 1 meter; pressure, domestic 40, fire 90 pounds; works owned by city; cost to construct \$25,000; ann expenses \$1,000. Supt, W. N. Treishler; mayor, T. B. Hanley.

Teledo, Tama Co., population 2,100; buildings brick and wood, 2 stories. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages, 6 chemical extinguishers; hose, cotton good 1,200 ft, inferior 250 ft; total membership 65, volunteers; bell alarm. Chief engineer, A. G. Smith.

WATER SUPPLY—Source, well; system, pumping to standpipe; standpipe cap 27,000 gals; pumping engines, dy cap 500,000 gals; hydrants 24; pipe 2½ miles, 4, 6 and 8 in dia; 8 valves; service pipe galv iron; pressure, domestic 70, fire 70 to 150 pounds; works owned by city; original cost to construct \$17,000; expenses of construction to date \$17,500; ann expenses \$800. Supt, A. E. Bufkin.

Traer, Tama Co., population 1,400; mercantile buildings, wood and brick; fireworks ordinance. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose carriage; hose rubber good 400 ft, inferior 200 ft, 800 ft cotton good; value of fire department equipment \$4,000; value of buildings occupied \$1,000; total ann expenses of department about \$200; total membership 30, paid full time 3; bell alarm; volunteer fire patrol. Chief engineer, Fred. A. Wood.

WATER SUPPLY—Source, creek; 5 cisterns; cap of cisterns 2,500 barrels dy. (Water works will probably be built this year.) F. A. Wood, supt.

Villisca, Montgomery Co., population 2,500; fire area 700 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 1,500 ft, rubber inferior 300 ft; value of fire department equipment \$3,500; value of buildings occupied \$800; total ann expenses of department \$300; membership 45, volunteers; bell alarm; 1 hook and

ladder company, 3 hose companies. Chief engineer, L. J. Lynch.

WATER SUPPLY—Source, 3 wells; system, pumping to reservoir, cap 2,500 bbls; Knowies pumping engines, dy cap 3,500 bbls; 12 hydrants; pipe 1½ miles, 4 to 6 in dia; 5 valves; 2 meters; quality of water good; pressure, domestic 65, fire 150 pounds; works owned by city; cost to construct \$10,500; ann expenses \$900. Water com, Amos Anderson.

Vinton, Benton Co., population 2,865; mercantile buildings, brick and wood, 1 to 3 stories; private, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 2 hook and ladder trucks, 4 hose carriages, other apparatus, 1 hose carriage; hose, cotton good 1,200 ft, inferior 100 ft, rubber good 1,000 ft, inferior 100 ft; value of fire department equipment \$7,000; value of buildings occupied \$3,000; total membership 80, volunteers; bell alarm. Chief engineer, H. S. Snyder.*

WATER SUPPLY—Source, 8 artesian wells; system, pumping direct; reservoir cap 45,000 gals; pumping engines, dy cap 1,500,000 gals; hydrants 52; pipe 6 1-8 miles, 4 to 10 in dia; 44 valves; service pipe galv iron; pressure, domestic 40, fire 80 to 150 pounds; works owned by city; original cost to construct \$28,000; expenses of construction to date \$42,000, ann expenses \$1,907. Supt, Geo. B. Hays.

Wall Lake, Sac Co., population 439; mercantile buildings, brick and wood, 1½ and 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; bell alarm. Chief, Neil McFarlan.

WATER SUPPLY—Source, wells; system, gravity; reservoir cap 1,300 bbls; pumping engines, dy cap 2,500 bbls; hydrants 10; pipe 1½ miles, 6 and 4 in dia; 6 valves; pressure 45 pounds; works owned by city and company; cost to construct \$3,500; expenses of construction to date \$6,000. Supt, C. A. Johnston.

Wapelle, Louisa Co., population 1,100; fire area 1 mile; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand and chemical engine combined, 1 hose carriage and hook and ladder combined; hose, cotton good 500 ft; value of fire department equipment \$1,300; value of buildings occupied \$800; total ann expenses of department \$50; total membership 32, volunteers. Chief engineer, C. W. Warren.

WATER SUPPLY—Source, 5 drive pipes connected to hydrants; 5 hydrants; pipe 2 in; works owned by city; cost to construct \$50 a hydrant.

Washington, Washington Co., population 4,500; fire area 1,280 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted, except on two blocks; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,800 ft; value of fire department equipment \$7,000; value of buildings occupied \$3,000; ann expenses \$300; total membership 65, paid part time 1, volunteer members 64; alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies; electric bell alarm. Chief engineer, E. W. Hout.

WATER SUPPLY—Source, well; system, pumping to reservoir and standpipe; reservoir cap 30,000 gals; standpipe cap 130,000 gals; pumping engines, dy cap 1,397,000; hydrants 48; pipe 8 miles, 4 to 10 in dia; 32 valves; pressure, domestic 50, fire 80 to 100 pounds; works owned by city; original cost to construct \$40,000; ann expenses \$1,400. Supt, St. Clair Lewis.

Waterloo, Black Hawk Co., population 9,000; fire area 115 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 6 hose carriages, all kinds; hose, rubber inferior 300 ft, cotton good 3,800 ft; value of fire department equipment \$9,500; value of buildings occupied \$3,500; total ann expenses of department \$700; total membership 100, 3 paid part time, balance volunteers. Chief engineer, H. Rossignol.

WATER SUPPLY—Source, Cedar river; system,

pumping to standpipe, cap 112,000 gals; pumping engines, dy cap 3,000,000 gals; pipe 11 miles; 116 hydrants; 16 valves; pressure, domestic 50, fire 80 to 100 pounds; works owned by company; cost to construct \$85,000; cost to date \$93,000. Supt. J. T. Berry.

Waverly, Bremer Co., population 4,000; fire area 2 miles; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 500 ft, cotton good 1,000 ft; value of fire department equipment \$7,000; value of buildings occupied \$3,000; total ann expenses of department \$500; total membership 60, volunteers; bell alarm; 4 fire companies, 1 engine company, 1 hook and ladder company, 3 hose companies. Chief engineer, O. H. Barrows.

WATER SUPPLY—Source, river and well; system, pumping to reservoir, cap 3,000,000 gals; pumping engines, dy cap 1,500,000 gals; hydrants 40; pipe 4 miles, 4 to 8 in dia; service pipe cast iron; pressure, domestic 55, fire 110 pounds; works owned by city; original cost to construct \$18,000; expenses of construction to date \$21,000; ann expenses \$1,000. Supt. H. C. Risk.

Webster City, Hamilton Co., population 4,000; fire area 450 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 hook and ladder trucks, 3 hose carriages, hose, rubber good 400 ft, rubber inferior 100 ft, cotton good 1,000 ft; value of fire department equipment \$4,000; value of buildings occupied \$500; total membership 38, volunteers; bell alarm. Chief engineer, C. B. Stoddard.

WATER SUPPLY—Source, wells; system, pumping to reservoir, reservoir cap 105,000 gals; pumping engines, dy cap 78,800 gals; hydrants 26; pipe 5 miles, 4 and 8 in dia; 6 valves; service pipe ½ and 1 in galv iron; pressure, domestic 20, fire 120 pounds; works owned by city; original cost to construct \$10,000; expenses of construction to date \$17,000; ann expenses \$1,800. Chairman of com, Jno. Quackenbush; supt, F. A. Mullen.*

West Liberty, Muscatine Co., population 2,000; fire area 60 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 250 ft, inferior 200 ft, cotton good 900 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,250; ann expenses \$100; total membership 60, volunteers. Chief engineer, L. B. Pickering; chairman of fire and water com, A. W. Mead.

WATER SUPPLY—Source, well; system, pumping to reservoir and direct; reservoir cap 50,000 gals; pumping engines, dy cap 500,000 gals; hydrants 27; pipe 2 miles, 4 to 8 in dia; 5 valves; service pipe galv iron; pressure, domestic 35, fire 100 pounds; works owned by city; original cost to construct \$14,000; ann expenses \$650. Supt. C. E. Chesebrough.

West Union, Fayette Co., population 2,000;

fire area 330 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds, other apparatus; hose, cotton good 1,000 ft; value of fire department equipment \$3,500; value of buildings occupied \$500; total ann expenses of department \$150; total membership 60, volunteers; bell alarm. Chief engineer, G. D. Beaton.*

WATER SUPPLY—Source, 4 wells; system, pumping to standpipe; standpipe cap 100,000 gals; pumping engines, dy cap 750,000 gals; hydrants 18; pipe 3 miles, 4, 6, 8 in dia; 10 valves; tape 75; service pipe galv iron; pressure, domestic 40, fire 40 to 175 pounds; works owned by city; original cost to construct \$18,000; ann expenses \$500; int paid on bonds \$800. Supt. J. P. Parrott.*

What Cheer, Keokuk Co., population 3,246 fire area 800 acres; mercantile buildings, brick and frame, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages, 2 ladders; hose, cotton good 200 ft, inferior 700 ft, rubber good 300 ft; value of fire department equipment \$4,000; value of buildings occupied \$4,000; total membership 25, paid part time 1, volunteer members 25; bell alarm. Chief engineer, H. L. Campbell.

WATER SUPPLY—Source, creek, connection with R. R. tank; cap of standpipe 1,500 bbls; 1 hydrant; pipe 500 yds, size 4 in; 1 valve; pressure 15 pounds; owned by city; cost to construct \$25. Water com, E. C. Lambert.

Wilton Junction, Muscatine Co., population 1,350; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 600 ft; value of fire department equipment \$1,500; total ann expenses of department \$40; total membership 60, volunteers; whistle and bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer and chairman of fire and water com, Thos. Sherwood.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir; reservoir cap 37,000 gals; pumping engines, dy cap 18,000 gals per hour; hydrants 24; 30 blocks; pipe 3 in dia; valves 3; pressure, domestic 40, fire 200 pounds; works owned by city; cost to construct \$10,000. Supt. C. B. Strong.

Winterset, Madison Co., population 2,581; fire area 3 blocks square; mercantile buildings, brick and iron, 2 stories; private, brick, stone and wood, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,600 ft, inferior 100 ft; value of fire department equipment \$5,000; value of buildings occupied \$3,000; total membership 30, volunteers; steam whistle alarm. Chief engineer, John McAndrew.

WATER SUPPLY—Source, wells. (Some talk of waterworks.)

KANSAS.

Abilene, Dickinson Co., population 4,000; fire area 640 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—40 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 1,800 ft, rubber good 1,000 ft; value of fire department equipment \$4,000; value of buildings occupied \$17,000; total ann expenses of department \$450; total membership 32, volunteers; whistle and bell alarm; 4 fire companies. Chief engineer, G. D. Kieffer.

WATER SUPPLY—Source, springs; system, pumping direct; cap of standpipe 150,000 gals; pumping engines, dy cap 1,000,000 gals; 68 hydrants; 14 miles pipe; quality of water good; pressure, domestic 40, fire 90 pounds; works owned by company; cost to construct \$190,000. Pres and supt of com, J. E. Bonebrake.

Anthony, Harper Co., population 2,132; build-

ings, stone, brick and wood, 1 and 2 stories. Fire department—hose, rubber good 900 ft, cotton good 500 ft; value of apparatus, house and lot, \$3,000; total ann expenses of department \$300; 45 men, volunteers; bell alarm; 2 hose companies. Chief engineer, Thos. F. Fanning.

WATER SUPPLY—Source, Bluff creek and well; system, pumping to standpipe; standpipe cap 150,000 gals; pumping engines, dy cap 1,500,000 gals; 75 hydrants; pipe 9 miles, 6 to 10 dia; works owned by company. C. S. Poole, receiver.

Argentine, Wyandotte Co., population 6,000; fire area 2 miles; mercantile buildings, stone and wood, 2 and 3 stories; private, stone, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,500 ft; 2 hoses, value \$350; value of fire department equipment \$3,000; value of buildings occupied \$2,000; total ann expenses of department \$2,500; total membership 14,

paid full time 2, paid part time 2; Gamewell electric alarm. Chief engineer, F. E. Goodway.

WATER SUPPLY—Source, Kansas river and wells; system, pumping to standpipe; standpipe cap 500,000 gals; 2 pumping engines, dy cap 2,500, 000 gals; 48 hydrants; pipe 10 miles, 4 to 12 in dia; pressure 120 pounds; works owned by company; original cost to construct \$125,000; ann expenses \$5,500. Supt, F. Baker.

Arkansas City, Cowley Co., population 8,347; fire area 1,000 acres; mercantile buildings, stone and brick, 2 stories; private, stone, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,200 ft, inferior 500 ft; value of fire department equipment \$2,500; value of buildings occupied \$6,000; total ann expenses of department \$1,500; total membership 44, volunteers, paid full time 1; electric alarm; total no of fire companies 3. Chief engineer, A. Lowry.*

WATER SUPPLY—Source, springs; system, pumping to standpipe; pumping engine, dy cap 2,500,000 gals; 184 hydrants; pipe 18 miles, 4 to 10 in dia; 80 valves; 30 meters; pressure, domestic 50 to 75, fire 50 to 150 pounds; cost to construct \$150,000; int on bonds 8 per cent. Supt, M. C. Capple; receiver, Geo. H. Hopper.

Armouredale, Wyandotte Co. (See Kansas City.)

Armstrong, Wyandotte Co. (See Kansas City.)

Atchison, Atchison Co., population 13,933; fire area 140 acres; mercantile buildings, brick and stone, 2 to 5 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,500 ft, rubber good 1,500 ft, rubber poor 1,000 ft; 4 horses, value \$800; value of fire department equipment \$5,500; value of buildings occupied \$7,000; total ann expenses of department \$5,500; total membership 10, paid full time 7, paid part time 3; telephone alarm. Chief engineer, John Compton.

WATER SUPPLY—Source, Missouri river; system, gravity; 2 reservoirs, cap 5,000,000 gals; pumping engine, dy cap 2,000,000 gals; 103 hydrants; pipe 13 miles, 4 to 12 in dia; 112 valves; works owned by company; original cost to construct \$150,000. Supt, R. S. Wills.

Baxter Springs, Cherokee Co., population 1,248; fire area 24 blocks; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; no fire department. Chairman of fire and water com, G. G. Goetz.*

WATER SUPPLY—Source, springs, river.*

Beloit, Mitchell Co., population 2,455; fire area 40 acres; mercantile buildings, stone and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,250 ft, linen new 400 ft; value of fire department equipment \$2,500; total ann expenses of department \$240; total membership 45, all volunteers; bell alarm; 3 hose companies. Chief engineer, J. P. Cadden.

WATER SUPPLY—Source, well and river; system, pumping to reservoir, standpipe and direct; reservoir cap 100,000 gals; pumping engines, dy cap 1,750,000 gals; 70 hydrants; pipe 7 miles; pressure, domestic 60, fire 70 pounds; works owned by company; original cost to construct \$54,000. Supt, A. T. Rodgers.

Bird City, Cheyenne Co., population 250; no organized fire department.*

WATER SUPPLY—Source, 4 wells; system, pumping to reservoir; reservoir cap 35,000 gals; pumping engines, 10 hour cap 40,000 gals; 3 hydrants; pipe 1½ miles, 3 and 2 in dia; waterworks owned by city; original cost to construct \$5,000; expenses of construction to date \$6,000; ann expenses \$800; int paid on bonds \$350. City clerk, J. F. Van Doren.*

Nine Rapids, Marshall Co., population 1,114; fire area 800 acres; mercantile buildings, stone, brick and wood, 1½ and 2 stories; private, stone and wood, 1½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 500 ft; value of fire department equipment

\$600; value of buildings occupied \$300; total membership 25, volunteers; bell alarm. Chief engineer, C. A. Walkins.*

WATER SUPPLY—Source, river; system, pumping to reservoir, cap 200,000 gals; pumping engines, dy cap 250,000 gals; 16 hydrants; pipe 2½ miles, 1 to 6 in dia; pressure, domestic 110, fire 140 pounds; works owned by city; cost to construct \$28,000; ann expenses \$400. Supt, R. Sanborn.

Bunker Hill, Russell Co., population 250; fire area 40 acres; mercantile buildings, stone and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—hose, rubber good 250 ft.*

WATER SUPPLY—Source, Sandstone springs, located 2 3-4 miles south of city; system, pumping to reservoir; reservoir cap 60,000 gals; pumping engines, cap 45,000 gals in 10 hours; 9 hydrants; pipe 4 miles, 3 in dia; pressure, domestic 35, fire 50 pounds; waterworks owned by city; cost to construct \$3,500; ann expenses \$350. Supt, W. H. Biays.

Burlingame, Osage Co., population 1,472; fire area 230 acres; mercantile buildings, stone and wood, 2 stories; private, 1½ and 2 stories; wooden roofs not permitted in fire limits. Fire department—1 chemical engine, 6 chemical extinguishers, 1 hook and ladder truck; hose, rubber good 150 ft, inferior 50 ft; value of fire department equipment \$1,200; total ann expenses of department \$100; value of buildings occupied \$2,000; total membership 25, all volunteers. Chief appointed by mayor, W. T. Thomas.*

WATER SUPPLY—Source, wells.*

Burlington, Coffey Co., population 2,700; fire area 40 acres; mercantile buildings, stone and brick, 2 stories; private, wood; roofs tin and gravel; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages, 2 hose wagons; hose, cotton good 2,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total membership 30, volunteers; bell alarm. Chief engineer, Geo. G. Hall.

WATER SUPPLY—Source, Neosho river; system, pumping to standpipe; cap of reservoir 65,000 gals; standpipe cap 45,000 gals; pumping engines, dy cap 2,000,000 gals; 70 hydrants; pipe 5 miles, 4, 6, 8 and 10 in dia; 15 valves; pressure, domestic 60, fire 100 pounds; waterworks owned by company; cost to construct \$75,973; ann expenses \$2,000. Supt, R. C. Haddison.

Caldwell, Sumner Co., population 2,400; mercantile buildings, stone, brick and wood, 1, 2 and 3 stories; private, wood and brick, 1 story; wooden roofs not permitted in fire limit. Fire department—3 hose carts, hooks, ladders, axes, etc; hose, rubber good 1,300 ft, inferior 200 ft, linen good 300 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,500; total membership 36, all volunteers; bell alarm. Chief engineer, John W. Nyce.

WATER SUPPLY—Source, creek, 1 mile south of town; system, pumping to standpipe; standpipe cap 125,000 gals; pumping engines, dy cap 1,500,000 gals; 56 hydrants; pipe 6 3-4 miles, 4 to 10 in dia; 20 valves; pressure, domestic 70, fire 140 pounds; works owned by company; cost to construct \$85,000; ann expenses \$2,500. Supt and mayor, S. Harvey Homer.

Cawker City, Mitchell Co., population 1,000; fire area 10 acres; mercantile buildings, wood, stone and brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 700 ft; value of fire department equipment \$500; total membership 50, volunteers; bell alarm; 1 fire company. Chief engineer, J. W. McGhee.

WATER SUPPLY—Source, cistern, 300 bbls cap.

Cherokee, Crawford Co., population 1,500; mercantile buildings, wood and brick, 1 and 2 stories; private, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck and buckets, 1 chemical extinguisher; value of equipment \$500; value of buildings \$50; membership 30, volunteers; bell alarm. Chief engineer, Frank Price.

WATER SUPPLY—Source, wells and cisterns.

Cherryvale, Montgomery Co., population 2,400; buildings, brick and wood, 1 and 2 stories.

Fire department—2 hose carts; hose, rubber good 600 ft, cotton good 400 ft; total membership 23. Chief, J. S. Stewart.

WATER SUPPLY—Source, Lake Tanka; system, pumping to standpipe; standpipe cap 40,000 gals; pumping engines, dy cap 2,000,000 gals; 47 hydrants; pipe 6 miles, 4 to 10 in dia; 10 valves; service pipe iron; pressure, domestic 30, fire 70 pounds; works owned by company; original cost to construct \$100,000; ann expenses \$2,500. Receiver, J. M. Courtney; clerk, Geo. H. Evans, Jr.

Chetopa, Labette Co., population 2,700; fire area 5 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted. Fire department—Buckey brigade; total membership 20, volunteers; bell alarm.

WATER SUPPLY—Source, river and wells.

Clay Centre, Clay Co., population 3,000; fire area 120 acres; mercantile buildings, stone and brick, 3 and 4 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,000 ft, inferior 800 ft, cotton good 500 ft; value of fire department equipment \$3,500; value of buildings occupied \$4,000; total ann expenses of department \$700; total membership 48, volunteers 45; 4 fire companies. Chief engineer, R. W. Jones.

WATER SUPPLY—Source, river; system, pumping to reservoir; pumping engines, dy cap 2,000,000 gals; 41 hydrants; pipe 4 miles, 4 to 10 in dia; 24 valves; pressure, domestic 55, fire 80 pounds; waterworks owned by company; cost to construct \$80,000; ann expenses \$2,500. Supt, Jas. A. Hanna.*

Clyde, Cloud Co., population 1,137; mercantile buildings, brick and wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 400 ft, inferior 400 ft; total membership 15, all volunteers; gong alarm; 1 hose company. Chief engineer, Norman Gwyne.

WATER SUPPLY—Source, well 126 ft deep; system, pumping to standpipe; standpipe cap 102,800 gals; pumping engines, dy cap 850,000 gals; 38 hydrants; pipe 4 miles, 2 to 12 in dia; 14 valves; 165 taps; service pipe galv iron; pressure, domestic 50, fire 70 pounds; works owned by city; original cost to construct \$30,000; expenses of construction to date \$30,200; ann expenses \$850. Supt, F. G. Groff.

Columbus, Cherokee Co., population 2,160; mercantile buildings, stone and brick, 2 stories; private, wood, 1½ stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 hose carriages; hose, rubber good 800 ft, inferior 200 ft; value of value of fire department equipment \$1,800; value of buildings occupied \$300; total ann expenses of department \$100; total membership 19, paid part time. Chief engineer, John H. Hamilton.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir and standpipe; cap 125,000 gals; reservoir cap 300,000 gals; Buffalo and Blake pumping engines, dy cap Blake 400,000 gals, Buffalo 1,000,000 gals; 50 hydrants; pipe 4 3-4 miles, 4, 6 and 8 in dia; 8 valves; 3 meters; quality of water soft, pure; pressure, domestic 70, fire 250 pounds; works owned by company; ann expenses \$1,050; int on bonds 6 per cent. Pres of com, Robert A. Long.

Comcordia, Cloud Co., population 3,748; mercantile buildings, brick and stone, 1, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber inferior 950 ft, cotton good 1,000 ft; value of department equipment \$1,600; value of buildings occupied \$1,000; total ann expenses of department \$72; total membership 41, volunteers; bell alarm. Chief engineer, W. R. Hinkel.*

WATER SUPPLY—Source, wells; system, pumping to standpipe; cap 100,000 gals; pumping engines, dy cap 1,000,000 gals; 50 hydrants; pipe 6½ miles, 4, 6, 8 and 10 in dia; 32 valves; pressure, domestic 180 pounds; works owned by city; cost to construct \$45,000; ann expenses \$1,800; int on bonds \$2,250. Supt, J. H. Tyner.

Coolidge, Hamilton Co., population 472. Fire department—1 hose cart with 800 ft good hose.

WATER SUPPLY—Source, artesian wells; system, pumping from reservoir and direct to standpipe; reservoir cap 400,000 gals; standpipe cap 110,000 gals; pumping engines, dy cap 125,000 gals; 11 hydrants; pipe 2½ miles, 2 to 6 in dia; 12 valves; pressure, domestic 50, fire 120 pounds; works owned by company; original cost to construct \$38,500; expenses of construction to date \$39,000; ann expenses \$1,200. Owners, Santa Fe R. R. Co.

Connell Grove, Morris Co., population 2,211; fire area 700 acres; mercantile buildings, brick and stone, 2 stories; private, wood, and brick, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$1,500; total membership 31, all volunteers; whistle and bell alarm. Chief engineer, A. N. Pitsenberger.*

WATER SUPPLY—Source, well and river; system, gravity and pumping to standpipe, cap 180,000 gals; pumps, dy cap 2,000,000 gals; 48 hydrants; pipe 5 miles, 6 to 12 in dia; 36 valves; 90 taps; pressure, domestic 80, fire 180 pounds; cost to construct \$75,000; ann expenses \$4,000; int on bonds 6 per cent. Pres, Wm. Hunkle; manager, Preston Little.

Cullisom, Pratt Co., population 288; fire area 4 blocks; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hose carriage; hose, rubber good 600 ft; value of equipment \$800; total membership 18, volunteers. Capt, J. S. Bunsold.

WATER SUPPLY—Source, wells; system, pump to tank and direct; cap 54,000 gals; dy cap of pumps 144,000 gals; pipe 1½ miles; 8 hydrants; 4 valves; pressure, domestic 80, fire 125 pounds; cost to construct \$7,000; ann expenses \$400. Supt, J. Hansell.

Dodge City, Ford Co., population 1,763; fire area 3-4 miles sq; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 1,400 ft, inferior 200 ft; value of fire department equipment \$2,500; value of buildings occupied \$20,000; total ann expenses of department \$100; total membership 60, all volunteers; bell alarm; 3 fire companies. Chief engineer, R. H. Wright.*

WATER SUPPLY—Source, well; system, pumping to standpipe; standpipe cap 88,400 gals; pumping engines, dy cap 750,000 gals each; 55 hydrants, pipe 9 1-2 miles, 4, 6, 8, 10 and 12 in dia; 32 valves; pressure, domestic 80, fire 90 to 200 pounds; works owned by company; cost to construct \$75,000. Supt, G. G. Gilbert.*

Downs, Osborne Co., population 938; fire area 160 acres; mercantile buildings, wood, brick and stone, 2 stories; private, wood, 1 1-2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 800 ft, rubber good 800 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total ann expenses of department \$100; total membership 20, volunteers; bell alarm. Chief engineer, J. W. Keirns.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 100,000 gals; pumping engines, dy cap 200,000 gals; 24 hydrants; pipe 3 miles, 4 to 6 in dia; 7 valves; pressure, domestic 60, fire 70 pounds; waterworks owned by city; cost to construct \$30,700; ann expenses \$2,000. Supt, J. W. Keirns.

Eldorado, Butler Co., population 3,339; fire area 8 square miles; mercantile buildings, stone and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages; hose, cotton good 300 ft, rubber good 2,500 ft; total membership 80, all volunteers; bell alarm; 1 hook and ladder company, 4 hose companies. Chief engineer, A. Conley.*

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 120,000 gals; pumping engines, dy cap 1,000,000 gals; 67 hydrants; pipe 8 miles, 12 to 4 in dia; 29 valves; pressure, domestic 90, fire 110 pounds; waterworks owned by company; original cost to construct \$65,000; ann expenses \$2,900. Supt, Wm. H. Fountain.

Ellsworth, Ellsworth Co., population 2,000; fire area 820 acres; mercantile buildings, stone and brick, 2 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hose carriages, all kinds; hose, rubber good 1,200 ft; value of fire department equipment \$2,500; value of buildings occupied \$3,000; total ann expenses of department \$50; total membership 40, volunteers. Chief engineer, W. E. Sheriff.*

WATER SUPPLY—Source, driven wells; system, pumping to standpipe; standpipe cap 100,000 gals; pumping engines, dy cap 1,500,000 gals; hydrants 53; pipe 5 miles, 4 to 8 in; pressure, domestic 80, fire 100 pounds; waterworks owned by city; original cost to construct \$50,000; ann expenses \$1,800. Supt, C. F. Pohlman.

Emporia, Lyon Co., population 7,551; fire area 25 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,000 ft, inferior 1,200 ft, cotton good 1,500 ft; 4 horses, value \$900; value of fire department equipment \$5,000; value of buildings occupied \$2,000; total ann expenses of department \$2,050; total membership 13, paid full time 2, paid part time 11; telephone alarm; 1 fire company. Chief engineer, C. P. Thela.

WATER SUPPLY—Source, Neosho river; system, pumping to reservoir; reservoir cap 15,000,000 gals; pumping engines, dy cap 4,500,000 gals; hydrants 117; pipe 28 miles, 3 to 16 in dia, Shickel, Harrison & Howard; 200 valves; service pipe, galv iron; pressure, domestic 35, fire 100 to 120 pounds; works owned by city; expenses of construction to date \$278,000; ann expenses \$6,000; int paid on bonds \$12,350. City civil engineer, Robt. Strout.

Enterprise, Dickinson Co., population 1,200; fire area 200 acres; mercantile buildings, stone and brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 600 ft; value of fire department equipment \$600; value of buildings occupied \$200; total membership 20, volunteers; bell alarm. Chief engineer, H. H. Hassler.*

WATER SUPPLY—Source, well; system, direct pressure; pumping engines, dy cap 1,000,000 gals; hydrants 11; pipe 2½ miles, 8 to 3 in dia; pressure, domestic 60, fire 140 pounds; waterworks owned by city; original cost to construct \$11,000; expenses of construction to date \$15,000; ann expenses \$600. Supt, J. B. Ehrsam.

Erle, Neosho Co., population 1,176; fire area 1,000 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—Hooks and ladders, ropes, axes, buckets, etc; total membership 150, volunteers; bell alarm. Chief engineer, F. S. Harbough.*

WATER SUPPLY—Source, wells.*

Eureka, Greenwood Co., population 2,250; fire area 640 acres; mercantile buildings, stone and brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft, inferior 800 ft, linen good 100 ft; value of fire department equipment \$1,000; value of buildings occupied \$5,000; total ann expenses of department \$100; total membership 80; volunteer members 80; electric bell alarm. Chief engineer, E. S. Sellick.

WATER SUPPLY—Source, river; system, pumping to standpipe and direct into water mains; standpipe cap 250,000 gals; pumping engines, dy cap 550,000 gals; 36 hydrants; pipe 6 miles, 4, 6, 8, 10 and 12 in dia; 12 valves; pressure, domestic 80, fire 100 pounds; works owned by city; cost to construct \$50,000; ann expenses \$800; int on bonds \$2,600. Supt, Joel Stillwell.*

Fort Riley, Geary Co., population 1,000; buildings, stone, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,500 ft. This is a military post, and the entire garrison is a fire department when necessity demands.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 500,000 gals; pumping engines, dy cap 1,000,000 gals, Deane; y-

drants 34; pipe 5 miles, 4, 6 and 8 in dia; 21 valves; service pipe, galv iron; pressure, domestic 60 to 75, fire 100 pounds; works owned by United States Government; original cost to construct \$43,180. Supt, J. E. Wiest.

Fort Scott, Bourbon Co., population 11,946; fire area 320 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, rubber good 800 ft, rubber inferior 300 ft, cotton good 1,500 ft; 3 horses, value \$450; value of fire department equipment \$6,000; value of buildings occupied \$600; total ann expenses of department \$3,300; total membership 15, paid full time 5; Gamewell alarm; street boxes 14. Chief engineer, J. G. Ansman.

WATER SUPPLY—Source, Marmaton river; system, pumping to reservoirs; standpipe and direct; reservoir cap 25,000,000 gals; standpipe cap 180,000 gals; pumping engines, dy cap 3,000,000 gals; hydrants 87; pipe 33 miles, 4 to 16 in dia; 180 valves; pressure, domestic 35, fire 125 pounds; works owned by company. Supt, Richard S. Worthington.

Fredonia, Wilson Co., population 1,515; fire area 390 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage, hooks and ladders; hose, rubber good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,500; total ann expenses of department \$450; total membership 20, all volunteers; bell alarm. Chief engineer, Isaac Hudson.

WATER SUPPLY—Source, Fall river, 1½ miles distant; system, pumping to reservoir and direct; reservoir cap 2,600,000 gals; pumping engines, dy cap 1,500,000 gals; hydrants 52; pipe 7 miles, 4, 6, 8, 10 in dia; 20 valves; pressure 85 pounds; works owned by company; ann expenses \$6,000. Supt, Ben. S. Paulsen.

Garden City, Finney Co., population 1,490; fire area 200 acres; mercantile buildings, brick and stone, 1 to 5 stories; private, wood, 1 and 2 stories; wooden roofs are not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 800 ft, inferior 1,200 ft; value of fire department equipment \$4,000; value of buildings occupied \$200; total ann expenses of department \$600; total membership 31, volunteer members 31; bell alarm. Chief engineer, Sam Craig.

WATER SUPPLY—Source, well; system, pumping to standpipe; reservoir cap 50,000 gals; standpipe cap 90,000 gals; pumping engines, dy cap 1,000,000 gals; hydrants 42; pipe 4 miles, 4 to 12 in dia; valves 22; service pipe cast iron; pressure, domestic 50, fire 80 pounds; works owned by city; original cost to construct \$50,000; ann expenses \$1,500. Supt, W. E. Trull.

Garnet, Anderson Co., population 2,200; fire area 20 acres; mercantile buildings, stone and brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,200 ft; value of fire department equipment \$4,000; value of buildings occupied \$500; total membership 38, all volunteers; bell alarm; 3 hose companies 1 hook and ladder company. Chief engineer, A. E. Donthet.

WATER SUPPLY—Source, artificial lake; system, pumping to standpipe; standpipe cap 50,000 gals; pumping engines, dy cap 750,000 gals; hydrants 29; pipe 4 miles, 4, 6, 8, 10 in dia; 8 valves; pressure, domestic 60, fire 120 to 150 pounds; works owned by city; original cost to construct \$34,000. Supt, J. N. Jackson.

Girard, Crawford Co., population 3,000; fire area 80 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 200 ft, rubber inferior 400 ft; value of fire department equipment \$200; value of buildings occupied \$500; total ann expenses of department \$175; total membership 10, paid full time; bell alarm. Chief engineer, T. N. Lake.*

WATER SUPPLY—Source, wells; system, pumping to tank; cap of tank 60,000 gals; cap of pumps per day 180,000 gals; 2½ mile pipe, 4 to 8 in; hydrants 20; pressure, domestic 40 to 50 lbs, fire 50 to 60 lbs; works owned by city; cost to construct \$20,000; ann expenses \$600. Supt, Wm. Osborne.

Goodland, Sherman Co., population 1,600; fire area 160 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 800 ft; value of fire department equipment \$1,500; value of buildings occupied \$1,000; total membership 20, volunteers. Chief engineer, E. A. Woods.*

WATER SUPPLY—Source, 3 deep wells; system, pumping to reservoir; reservoir cap 16x20 ft, pumping engines 12 hr cap 100,000 gals; pipe 7 miles, 6 in dia; pressure, domestic 20, fire 80 pounds; waterworks owned by city; cost to construct \$7,000; ann expenses \$2,400. Chairman of com, J. Ayuora.

Great Bend, Barton Co., population 3,000; mercantile buildings, brick and stone, some iron, 1, 2 and 3 stories; private, wood; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 hose carriages; several Babcock extinguishers; hose, cotton good 1,200 ft; value of fire department equipment \$2,650; value of buildings occupied \$1,000; total ann expenses of department \$400; total membership 16, all volunteers; 1 hose company. Chief engineer, Will E. Stoke.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 127,000 gals; pumping engines, dy cap 2,000,000 gals; hydrants 51; pipe 4½ miles, 6 to 10 in dia; 25 valves; service pipe galv iron; pressure, domestic 35 to 65, fire 110 pounds; works owned by company; original cost to construct \$55,000; expenses of construction to date \$80,000; ann expenses \$2,200. Supt, J. A. Pritchard.

Greensburg, Kiowa Co., population 700; fire area 180 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hook and ladder trucks, 2 hose carriages; hose, cotton good 1,300 ft, inferior 100 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; membership 8, volunteers; bell alarm. Chief engineer, Unot Clapp.

WATER SUPPLY—Source, well, 110 feet deep by 30 in dia; system, pumping to reservoir and direct; hydrants 35; pipe 4 miles, 8 and 4 in dia; quality of water pure; works owned by city; cost to construct \$45,000; ann expenses \$700; int on bonds \$1,500. Mayor, T. E. Dempsey.

Halestead, Harvey Co., population 1,200; fire area 160 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, combined with chemical, 1 hook and ladder truck; hose, cotton good 530 ft; value of fire department equipment \$600; value of buildings occupied \$125; total ann expenses of department \$150; total membership 24, volunteers; bell alarm; 1 fire company. Chief engineer, G. A. Hoge.

WATER SUPPLY—Source, wells and river. Mayor, W. A. Barkemeyer.

Harper, Harper Co., population 1,579; fire area 6 blocks sq; mercantile buildings, brick and stone, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 450 ft, poor 150 ft, rubber good 500 ft; value of department equipment \$1,200; value of buildings \$200; total ann expenses of department \$433; membership 65, paid full time; bell alarm. Chief engineer, Will C. Shugart.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; standpipe cap 145,000 gals; pumping engines, dy cap 740,000 gals; hydrants 61; pipe 6 miles, 4 to 10 in dia; 15 valves; pressure, domestic 52, fire 150 pounds; works owned by company; original cost to construct \$90,000. Supt, W. J. Potter.

Haven, Reno Co., population 300; fire area 50 acres; mercantile buildings, brick and wood, 1, 1½ and 2 stories; private, wood, 1 story; tin and shin-

gle roofs. No organized fire department—200 buckets.

WATER SUPPLY—Source, well.

Herlington, Dickinson Co., population 1,353; mercantile buildings, brick, 1 and 2½ stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, cotton good 2,000 ft; value of equipment \$1,500; value of buildings \$200; 15 volunteer members; electric bell. Chief engineer, Wm. E. Smith.

WATER SUPPLY—Source, springs; system, pumping direct; pumping engines, dy cap 2,000,000 gals; hydrants 14; pipe 5 miles, 4, 6 and 8 in dia; pressure, domestic 50, fire 100 pounds; works owned by city; original cost to construct 29,000. Supt, J. M. Hawkins.

Hinawatha, Brown Co., population 2,485; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories. Fire department—1 chemical engine, 5 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; value of equipment \$2,500; value of buildings occupied \$3,000; expenses of department \$100; total membership 150, volunteers; bell alarm. Chief engineer, W. E. Hayner.*

WATER SUPPLY—Source, wells, 3 miles distant; system, pumping to standpipe; standpipe cap 135,000 gals; pumping engines, dy cap 250,000 gals; hydrants 46; pipe 6 miles, 4 to 10 in dia; 45 valves; galv iron service pipe; works owned by city; original cost to construct \$80,000; expenses of construction to date \$65,000; ann expenses \$2,500. Supt, J. K. Klinefelter.

Hilton, Jackson Co., population 3,000; fire area 12 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 Champion chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, other apparatus, 4 pumps on Public Sq; hose, rubber good 800 ft. Fire department not yet organized. Mayor, J. E. Gabel.

WATER SUPPLY—Source, 4 cisterns; cap of cisterns 600 bbls.

Hutchinson, Reno Co., population 8,682; fire area 2,500 acres; mercantile buildings, stone and brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 2,000 ft, rubber good 700 ft, inferior 400 ft; 2 horses; value \$400; value of fire department equipment \$4,000; value of buildings occupied \$3,000; total expenses of department last year \$3,800; total membership 35, paid full time 4, paid part time 8, volunteers 30; telephone alarm. Fire marshal, A. J. Stout.

WATER SUPPLY—Source, inexhaustible wells; system, direct; pumping engines, dy cap 3-4 million gals; 187 hydrants; pipe 16 miles, 4, 6, 8, 10 and 12 in dia; 48 valves; pressure, domestic 45, fire 100 to 150 pounds; works owned by company; int on bonds 6 per cent. Pres and supt, L. A. Beebe.

Independence, Montgomery Co., population 3,127; fire area 40 acres; mercantile buildings, stone and brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 600 ft, rubber good 1,600 ft; value of fire department equipment \$3,000; value of buildings occupied \$3,600; total ann expenses of department \$400; total membership 11, paid part time 11, 11 volunteer members; bell alarm. Chief engineer, P. A. Ray.

WATER SUPPLY—Source, Viridigis river; system, pumping to reservoir; reservoir cap 103,000 gals; pumping engines, dy cap 1,250,000 gals; hydrants 60; pipe 8 miles, 2 to 4 in dia; 29 valves; taps 350; service pipe galv iron; pressure, domestic 42, fire 42 to 150 pounds; works owned by company. Supt, A. G. Harper.

Junction City, Geary Co., population 5,000; fire area 1,200 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 300 ft, rubber good 1,500 ft, inferior 600 ft, leather

inferior 400 ft; value of fire department equipment \$2,500; value of buildings occupied \$35,000; total ann expenses of department \$300; total membership 45, all volunteers; 1 hook and ladder company, 3 hose companies. Chief engineer, A. L. Barnes.

WATER SUPPLY—Source, wells; system, pumping to reservoir, cap 500,000 gals; pumping engines, dy cap 2,000,000 gals; 65 hydrants; pipe 11 miles, 4, 6, 8, 10 and 12 in dia; 49 valves; 12 meters; quality of water good; pressure, domestic 80, fire 80 to 140 pounds; works owned by city; cost to construct \$50,000; ann expenses \$5,518. Supt, C. T. Wisler.

Kansas City, Wyandotte Co., population 40,000; fire area 12 sq miles; mercantile buildings, brick and stone, 3 to 6 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 8 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 4 hose carriages, all kinds, 2 hose wagons; hose, rubber good 4,000 ft, inferior 2,000 ft; 15 horses, value \$2,500; value of fire department equipment \$8,000; value of buildings occupied \$32,000; total ann expenses of department \$20,000; membership 89, paid full time; telephone and electric alarm. Chief, C. E. Staub. Insurance patrol of 8 men (will purchase chemical engines).

WATER SUPPLY—Source, Missouri river; system, pumping to standpipe and reservoir, cap 60,000,000 gals; standpipe cap 2,000,000 gals; pumping engines; hydrants 230; pipe 85 miles, 42 to 2 in dia; 136 valves; pressure, domestic 40 to 110, fire 120 pounds; works owned by company. Supt, B. F. Jones.*

Kingman, Kingman Co., population 2,390; fire area 20 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,500 ft, inferior 100 ft; value of fire department equipment \$3,000; value of buildings occupied \$10,000; total ann expenses of department \$500; total membership 35, all volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, J. A. Russell.*

WATER SUPPLY—Source, drive well points in river bed; system, pumping to standpipe; standpipe cap 70,500 gals; pumping engines, dy cap 1,000,000 gals; 58 hydrants; pipe 5 miles, 4, 6, and 8 in dia, 20 valves; pressure, domestic 60, fire 85 to 100 pounds; works owned by company; cost to construct \$40,000. Supt, C. H. Thomas.

Kingsley, Edwards Co., population 771; fire area 80 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 story; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 hose carriages; hose, rubber good 1,200 ft; value of fire department equipment \$1,500; value of buildings occupied \$600; total membership 25, all volunteers; bell alarm; 3 hose companies. Chief engineer, E. M. Boles.

WATER SUPPLY—Source, well; system, pump to standpipe; standpipe cap 180,000 gals; pumping engines, dy cap 1,000,000 gals; 25 hydrants; pipe 5 miles; quality of water good; pressure 65 pounds; works owned by company; cost to construct \$40,000. R. G. Stearns.*

Kirwin, Phillips Co., population 960; fire area 40 acres; mercantile buildings, wood, stone and brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance.

WATER SUPPLY—Source, wells, 32 to 38 ft deep. Town clerk, W. I. Wanda.

La Crosse, Rush Co., population 513; fire area 8 blocks; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels; hose, rubber good 300 ft; value of fire department equipment \$650. Chief engineer, J. W. Maxwell.

WATER SUPPLY—Source, 4 cisterns, 250 bbls caps.

Lansing, Leavenworth Co., population 1,800; fire area 50 acres; mercantile buildings, brick and wood, 1, 2 and 3 stories; private, wood, 1, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 3 hose carriages; hose,

cotton good 1,200 ft, rubber poor 150 ft; value of fire department equipment \$4,000; value of buildings occupied \$1,000; bell and steam whistle alarm; fire patrol. Chief engineer, Dan Storrs.

WATER SUPPLY—Source, Missouri river; system, pumping to reservoir; reservoir cap 2,000,000 gals; dy cap pumping engines 500,000; 10 hydrants; pipe 3 miles, 2, 4, 6 and 8 in dia; 20 valves; pressure, domestic 40 to 80 pounds, fire same; works owned by state; cost to construct \$75,000; ann expenses \$1,200. Supt, Dan Storrs.

Larned, Pawnee Co., population 1,961; fire area 240 acres; mercantile buildings, brick and stone, 3 stories; private, brick, stone and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,200 ft; value of fire department equipment \$2,500; value of buildings occupied \$3,500; total ann expenses of department \$200; total membership 50, all volunteers; bell alarm; 2 hose companies, 1 hook and ladder company. Chief engineer, H. M. Halloway.

WATER SUPPLY—Source, drive points in gravel bed of the Arkansas river; system, pumping to standpipe; standpipe cap 85,000 gals; pumping engines, dy cap 1,500,000 gals; 80 hydrants; pipe 8 miles, 4, 6, 8, 10 and 12 in dia; 40 valves; pressure, domestic 70, fire 100 pounds; works owned by company; cost to construct \$100,000; ann expenses \$3,250. Supt, J. J. Nesbit.

Lawrence, Douglas Co., population 9,997; fire area 1,500 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,000 ft, inferior 500 ft; 4 horses, value \$600; value of fire department equipment \$5,000; value of buildings occupied \$2,000; total ann expenses of department \$2,088; total membership 15, paid full time 2, paid part time 13; telephone and bell alarm. Chief engineer, B. J. Whitman.

WATER SUPPLY—Source, Kansas river; system, pumping to standpipe; cap of standpipe 240,000 gals; reservoir cap 4,000,000 gals; pumping engines, dy cap 2,500,000 gals; 144 hydrants; pipe 18 miles, 4 to 18 in dia; 30 valves; pressure, domestic 95, fire 170 pounds; works owned by company; cost to construct about \$100,000; ann expenses \$5,000. Manager, Geo. March.

Leavenworth, Leavenworth Co., population 22,000; fire area 42 acres; mercantile buildings, brick and iron, 2 to 5 stories; private, wood, 1 and 2 stories; wooden roofs are not permitted in fire limits; fireworks ordinance. Fire department—4 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages, all kinds, 1 hose wagon; hose, cotton good 3,200 ft, inferior 600 ft; 3 horses; value \$1,200; value of fire department equipment \$7,000; value of buildings occupied \$18,000; total ann expenses of department \$12,000; total membership 12, paid full time 12; telephone alarm. Chief engineer, P. Burns.

WATER SUPPLY—Source, Missouri river, system, gravity; reservoir cap 12,000,000 gals; pumping engines; 131 hydrants; pipe 23 miles, 4 to 18 in dia; service pipe lead, galv iron and iron; pressure 125 pounds; waterworks owned by company. Supt, S. Hastings.

Lindsborg, McPherson Co., population 968; fire area 8 acres; buildings, brick, stone and wood, 1 to 6 stories; wooden roofs permitted. No fire department—1 hook and ladder truck, 50 buckets. Marshal, A. Brant.*

WATER SUPPLY—Source, wells.*

Lyons, Rice Co., population 2,100; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 hose carriages; hose, rubber good 1,150 ft, inferior 400 ft; value of fire department equipment \$1,200; value of buildings occupied \$5,000; total ann expenses of department \$520; total membership 25, all volunteers; bell alarm; 1 fire company. Chief engineer, Robt. Dinsmore.*

WATER SUPPLY—Source, well; system, pumping to tank and direct; tank cap 2,000 bbls; pumping engines; 36 hydrants; pipe 5½ miles, 4 to 8 in dia; tape 250; service pipe galv iron; pressure 35 pounds; works owned by city; cost to construct

\$36,000; ann expenses \$1,000. City clerk, E. A. McGoffin.

McPherson, McPherson Co., population 3,340; fire area 1,400 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits. Fire department—1 hose carriage; hose, good rubber 600 ft, poor 300 ft; cotton good 700 ft, other apparatus, hooks and ladders, 4 portable hose reels; value of fire department equipment \$1,200; ann expenses \$300; total membership 16, paid part time. Chief engineer, Jas. B. Coe.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; standpipe cap 63,000 gals; pumping engines, dy cap 460,000 gals; 55 hydrants; pipe 8½ miles, 4 to 10 in dia; 35 valves; 4 meters; service pipe galv iron; pressure, domestic 35, fire 80 to 120 pounds; works owned by company; original cost to construct \$125,000 including light plant. Pres and supt, F. F. Wilcox.

Manhattan, Riley Co., population 3,004; fire area 640 acres; mercantile buildings, brick and stone, 2 stories; private, stone and wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, rubber good 1,300 ft; 2 sets ladders and hooks; value of fire department equipment \$2,000; value of buildings occupied \$600; bell alarm. Chief engineer, F. M. Emmons.

WATER SUPPLY—Source, driven Cook wells; system, gravity, pumping to reservoir; reservoir cap 750,000 gals; pumping engines, dy cap 750,000 gals each; 49 hydrants; pipe 8 miles, 2 to 10 in dia; 50 valves; service pipe galv iron; pressure 80 pounds; works owned by city; cost to construct \$68,000; expenses of construction to date \$70,000; ann expenses \$2,200. Supt, E. C. Pfuetze.

Marion, Marion Co., population 2,200; fire area 500 acres; buildings stone and wood, 2 stories; tin roofs. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; volunteer department, 25 members; bell alarm. Chief engineer, S. C. Freeland.

WATER SUPPLY—Source, wells and streams fed by springs four miles from town; system, pumping to standpipe and direct; standpipe cap 850,000 gals; pumping engines, dy cap 2,000,000 gals; 50 hydrants; pipe 5½ miles, 4, 6, 8, 10 and 12 in dia; 15 valves; pressure, domestic 45 to 50, fire 80 to 140 pounds; owned by company; cost to construct \$68,000; ann expenses \$2,000. Supt, Taylor Riddle.

Marysville, Marshall Co., population 3,000; fire area 40 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$200; total membership 40, all volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, Christ Moser.

WATER SUPPLY—Source, wells; system, pumping to standpipe, cap 57,570 gals; pumping engines, dy cap 250,000 gals; 55 hydrants; pipe 4½ miles, 4, 6, 8 and 10 in dia; 30 valves; works owned by company; cost to construct \$35,000; ann expenses \$720. Supt, E. L. Miller.

Medicine Lodge, Barber Co., population 1,089; fire area 200 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 1½ stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hose carriage, ladders and hooks; hose, cotton good 700 ft; membership 30, volunteers; bell and steam whistle alarm. Chief engineer, Ambrose Allen.

WATER SUPPLY—Source, Elm creek; system, pumping direct; pumping engines, dy cap 700,000 gals each; 21 hydrants; pipe 3 miles, 4, 6 and 8 in dia; 16 valves; 89 taps; quality of water soft and good; pressure 40 to 60, fire 100 pounds; works owned by city; cost to construct \$19,000. Supt, Waldron Chase.

Minneapolis, Ottawa Co., population 2,200; fire area 80 acres; mercantile buildings, stone, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,200 ft; value of fire department equipment \$2,500;

value of buildings occupied \$6,000; total ann expenses of department \$100; total membership 70, volunteers; electric alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, Willi M. Chapin.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 212,000 gals; pumping engines, dy cap 2,250,000 gals; 51 hydrants; pipe 5½ miles, 4, 6, 8 and 10 in dia; 16 valves; pressure, domestic 63, fire 100 to 120 pounds; works owned by company; cost to construct \$80,000; cost to date \$92,000; ann expenses \$4,500. Supt, Jas. Ketner.

Moline, Elk Co., population 800; fire area 6 blocks; buildings, stone and wood, 1 and 2 stories; fireworks ordinance. No fire department.

WATER SUPPLY—Source, wells; system, pumping to reservoir, cap 150 bbls; pumping engines, dy cap 500 bbls; 24 hydrants; pipe 1 mile, 2 in dia; quality of water hard; waterworks owned by city; cost to construct \$1,400; int on bonds 7 per cent. Mayor, W. H. Smithers; town clerk, Carl E. Goodwin.

Mound City, Linn Co., population 900; fire area 240 acres; buildings, brick and wood, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; 300 ft cotton hose; value of fire department equipment \$800; total membership 50, all volunteers; bell alarm. Chief engineer, Jno. L. Gove.

WATER SUPPLY—Source, 5 large public cisterns.

Neodesha, Wilson Co., population 1,800; mercantile buildings, wood, 1½ and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Source, wells. Mayor, J. W. Sutherland.

Ness City, Ness Co., population 500; fire area 1 mile; mercantile buildings, stone, 1 to 4 stories; private, wood, 1 and 2 stories; wooden roofs not permitted. Fire department—1 chemical engine; value of buildings occupied \$500; total membership 20, all volunteers; bell alarm. Chief engineer, P. E. Frayer.

WATER SUPPLY—Waterworks contemplated.

Newton, Harvey Co., population 6,000; fire area 320 acres; mercantile buildings, brick and stone, 30 ft high; private, wood, 50 ft high; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,000 ft, rubber inferior 1,400 ft; value of fire department equipment \$1,000; value of buildings occupied \$100; total ann expenses of department \$1,298; total membership 60, all volunteers; bell alarm. Chief engineer, W. F. Thompson. (The above department disbanded.)

WATER SUPPLY—Source, Cook wells; system, pumping to standpipe; standpipe cap 400,000 gals; pumping engines, dy cap 2,000,000 gals; 115 hydrants; pipe 16 miles, 12 to 4 in dia; 14 valves; pressure, domestic 40, fire 150 pounds; waterworks owned by company. Supt, C. M. Glover.

Norton, Norton Co., population 2,000; fire area 160 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$600; total ann expenses of department \$225; total membership 25, 1 paid part time, volunteer members 24; bell alarm. Chief engineer, H. T. Thompson.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; standpipe cap 80,000 gals; pumping engines, dy cap 1,000,000 gals; 24 hydrants; pipe 6½ miles; cost to construct \$30,000; ann expenses \$2,000. Water com, C. F. Shimeall.

Oberlin, Decatur Co., population 1,243; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance; 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,150 ft, inferior 50 ft; membership 28, volunteers; bell alarm. Chief, F. W. Casteline.

WATER SUPPLY—Source, wells; system, pump to standpipe and direct; cap of standpipe 80,000 gals; pumping engines, dy cap 1,000,000 gals; pipe 4 miles; 43 hydrants; pressure, domestic 72, fire 120

pounds; cost to construct \$30,000. Supt. H. D. Colvin.

Olathe, Johnson Co., population about 4,000; fire area 600 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 600 ft, cotton good 900 ft; 2 horses, value \$300; value of fire department equipment \$3,500; value of buildings occupied \$600; total ann expenses of department \$500; total membership 26, volunteers; bell alarm; 2 fire companies. Chief engineer, M. McCarthy.

WATER SUPPLY—Source, surface water and springs; system, pumping direct; reservoir cap 100,000,000 gals; pumping engines, dy cap 750,000 gals; 35 hydrants; pipe 3½ miles, 4 and 8 in dia; 16 valves; service pipe lead and iron; pressure, domestic 50, fire 80 pounds; works owned by city; original cost to construct \$37,000; ann expenses \$2,750. Supt. M. McCarthy.

Osage City, Osage Co., population 4,100; fire area 6 blocks; mercantile buildings, stone and brick, 1, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck. City marshal, Thos McMillin.

WATER SUPPLY—No works. City clerk, L. L. Bodelle.

Osborne, Osborne Co., population 1,500; fire area 35 acres; mercantile buildings, stone and brick, 2 stories; private, wood, 1 and 1½ stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—5 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$1,000; total ann expenses of department \$2,000; total membership 34, volunteer; bell alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, J. B. Hatfield.

WATER SUPPLY—Source, wells; system, pumping direct; tank cap 60,000 gals; pumping engines, dy cap 180,000 gals; hydrants 18; pipe 20,072 ft, 6 in dia; 12 valves; pressure 30 pounds; works owned by city; cost to construct \$18,000. Supt. A. A. Nolan.

Oswego, Labette Co., population 2,574; fire area 1,300 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine, 4 chemical extinguishers, 2 hose carriages, 2 hose couplings used; hose, good 150 ft, inferior 100 ft, rubber good 1,000 ft; value of fire department equipment \$7,000; value of buildings occupied \$2,000; total ann expenses of department \$8,000; total membership 30, all volunteers; bell alarm. Chief engineer, O. R. Sigumes. (Co. disbanded for the present.)

WATER SUPPLY—Source, Neosho river, 1-2 mile north of town; system, pumping to standpipe and direct; standpipe cap 85,000 gals; Duplex pumping engines, dy cap 2,000,000 gals; 51 hydrants; pipe 5 miles; 28 valves; pressure, domestic 80, fire 180 to 175 pounds; works owned by company; cost to construct \$55,000. Pres and supt, O. W. Ball.

Ottawa, Franklin Co., population 7,500; fire area 900 acres; mercantile buildings, stone and brick, 1, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon, 2 hose reels; hose, rubber good 2,500 ft, cotton inferior 900 ft; 3 horses, value \$500; value of fire department equipment \$10,000; value of buildings occupied \$3,500; total ann expenses of department \$2,500; total membership 36, paid full time, 1, paid part time 35; Interstate electric alarm; street boxes 14; 4 fire companies, 1 hook and ladder company, 3 hose companies. Chief engineer, A. P. Elder.

WATER SUPPLY—Source, well and river; system, pumping to standpipe; pumping engines, dy cap 1,500,000 gals; hydrants 82; pipe 10 miles, 4 to 10 in dia; 34 valves; 7 meters; pressure, domestic 50, fire 80 to 115 pounds; works owned by company;

original cost to construct \$80,000. Supt. J. W. Pollock.

Paola, Miami Co., population 3,000; fire area 30 acres; mercantile buildings, brick, 2 stories; private, wood, 1½-2; wooden roofs are not permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 800 ft, inferior 400 ft; value of fire department equipment \$2,000; value of buildings occupied \$500; total membership 14, all volunteers; bell alarm. Chief engineer, F. H. F. Gray.

WATER SUPPLY—Source, Bull creek; system, pumping to standpipe; reservoir cap 65,000,000 gals; standpipe cap 100,000 gals; pumping engines, dy cap 2,000,000 gals; hydrants 57; pipe 6 1-2 miles, 4 to 10 in dia; 18 valves; service pipe galv iron; pressure 65 pounds; works owned by company; original cost to construct \$35,000; expenses of construction to date \$78,000. Mgr. E. W. Robinson.

Parsons, Labette Co., population 8,000; fire area 50 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—20 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,800 ft, rubber, inferior 1,200 ft; value of fire department equipment \$4,000; value of buildings occupied \$1,000; total ann expenses of department \$450; total membership 50, paid part time; bell alarm. Chief engineer, H. E. Hall.

WATER SUPPLY—Source, big Labatte creek and Neosho river; system, pumping to standpipe and direct; standpipe cap 375,000; pumping engines, dy cap 8,500,000 gals; hydrants 97; pipe 30 miles, 4 to 16 in dia; 32 valves; 40 meters; service pipe, lead iron and galv iron; pressure, domestic 60, fire 120 pounds; works owned by company; original cost to construct \$250,000; ann expenses \$3,000. Supt. W. K. Hayes.

Peabody, Marion Co., population 2,000; mercantile buildings, stone, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hose carriage; hose, rubber good 1,000 ft; value of fire department equipment \$1,500; value of buildings occupied \$7,000; total membership 25, volunteers; bell alarm; 1 fire company. Chief engineer, T. A. Slaymaker.

WATER SUPPLY—Source, 5 wells; system, pumping to tank and direct; cap of tank 60,000; 25 hydrants; 2 1-2 miles iron mains. Supt. A. H. Smock.

Phillipsburgh, Phillips Co., population 1,190; fire area 10 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 1-2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 600 ft; value of fire department equipment \$500; value of buildings occupied \$100; total membership 30, volunteers; bell alarm; 1 fire company. Chief engineer, E. E. Brainerd.

WATER SUPPLY—Source, wells; system, pumping to tank; cap 1,800 bbls; pumping engines, dy cap 1,000,000 gals; 30 hydrants; pipe 4 1-3 miles, 2, 4 and 6 in dia; 10 valves; quality 1-2 water good; pressure, domestic 35, fire 85 to 100 pounds; works owned by city; cost to construct \$23,000; ann expenses \$1,000; int on bonds 6 per cent. Supt. E. E. Brainerd.

Pittsburg, Crawford Co., population about 8,000; fire area 1,280 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 2,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$4,000; total ann expenses of department \$1,000; total membership 84, volunteers; Gamewell electric alarm. Chief engineer, W. H. Holmes.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir and standpipe; reservoir cap 600,000 gals; standpipe cap 70,000 gals; pumping engines, dy cap 2,000,000 gals; 100 hydrants; pipe 13 miles, 4 to 12 in dia; 58 valves; service pipe, lead; pressure, domestic 45, fire 100 pounds; works owned by company; original cost to construct \$150,000; ann expenses \$4,000; int paid on bonds \$8,000. Supt. W. G. Seabury.

Pleasanton, Linn Co., population 1,150; fire area 40 acres; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, rubber good 750 ft, poor 50 ft; value of fire department equipment \$900; value of buildings occupied \$200; ann expenses \$25; 12 volunteer members; bell alarm. Chief engineer, J. A. Gentle.

WATER SUPPLY—Source, artificial lake; system, pumping to reservoir; reservoir cap 150,000 gals; pumping engines, dy cap 50,000 gals; 32 hydrants; pipe cast iron 3 miles, 4, 6 and 8 in dia; 10 valves; pressure 40 pounds; works owned by city; original cost to construct \$16,000; ann expenses \$300. Supt. A. W. Kent.

Mesodale, Wyandotte Co., population 2,200; fire area 320 acres; mercantile buildings, wood, 1, 1 1/2 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; total membership 25, volunteers. Chief engineer, L. O. Wilks.

WATER SUPPLY—Source, wells, cisterns and creek. Mayor, S. J. Jones.

Russell, Russell Co., population 961; fire area 6 1/2 blocks; mercantile buildings, iron, stone and wood, 1 and 2 stories; private, stone and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 chemical engines on wheels, 4 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$2,500; value of building occupied \$2,000; total membership 31, all volunteers; bell alarm. Chief engineer, J. L. Phinney. #

WATER SUPPLY—Source, wells and cisterns. #

Sabetha, Nemaha Co., population 1,700; fire area 12 acres; mercantile buildings, wood, brick and stone, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 20 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 300 ft; value of fire department equipment \$1,500; value of buildings occupied \$3,500; expense for last year \$900; total membership 25, paid part time; bell alarm. Chief engineer, H. E. Corwin.

WATER SUPPLY—Source, wells and cisterns.

St. Marys, Pottawatomie Co., population 1,500; fire area 180 acres; mercantile buildings, stone and brick, 3 stories; private, wood, 2 stories; wooden roofs not permitted in business section; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck.

WATER SUPPLY—Source, wells. Mayor, J. T. Buell.

Salina, Salina Co., population 6,649; fire area 600 acres; mercantile buildings, brick and stone, 2, 3 and 4 stories; private, wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,300 ft, inferior 800 ft; value of fire department equipment \$2,000; value of buildings occupied \$6,000; total ann expenses of department \$700; total membership 18, volunteers; Gamewell electric alarm; 16 street boxes; 1 hook and ladder company, 2 hose companies. Chief engineer, Geo. Kastner.

WATER SUPPLY—Source, Wagner steamed wells; system, pumping direct; pumping engines, dy cap 2,000,000 gals; 66 hydrants; pipe about 10 miles, 2 to 12 in dia; 43 valves; service pipe galv iron; pressure, domestic 41, fire 85 to 125 pounds; works owned by company; original cost to construct \$100,000; expenses of construction to date estimated \$138,000; ann expenses, maintenance, repair, taxes etc., estimated at \$6,000; hydrantal rental \$6,200. Supt, John L. Bishop.

Nemeca, Nemaha Co., population 2,032; fire area 29 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage, other apparatus; hose, rubber good 200 ft, inferior 150 ft; total membership 31, all volunteers; bell alarm. Chief engineer, J. A. Gilchrist.

WATER SUPPLY—Source, wells and cisterns.

Solomon City, Dickinson Co., population 1,000; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of

fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber and cotton good 1,400 ft, inferior 150 ft; value of fire department equipment \$5,000; total ann expenses of department \$400; total membership 28, volunteers, paid part time 1; bell alarm. Chief engineer, W. T. Shania.

WATER SUPPLY—Source, well; system, pumping to reservoir; reservoir cap 6,500 gals each; ann expenses \$300. Mayor, F. I. Carter.

Sterling, Rice Co., population 2,100; fire area 600 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in limits; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, inferior 200 ft, rubber inferior 400 ft; total membership 30, volunteers; electric alarm; total expenses of department for past year \$200. Chief engineer, Wm. C. McVay.

WATER SUPPLY—Source, 4 driven wells; system, pumping direct; pumping engines, dy cap 1,000,000 gals; 42 hydrants; pipe 7 1/2 miles, 2, 4, 6 and 8 in dia; 13 valves; 200 taps; service pipe galv iron; pressure, domestic 30, fire 75 pounds; works owned by city; original cost to construct \$42,000; expenses of construction to date \$46,000; ann expenses \$2,200; int paid on bonds \$2,400. Chairman of water com, T. H. Brown.

Topeka, Shawnee Co., population 42,000; fire area 6 sq miles; mercantile buildings, stone and brick, in fire limits, 2 to 5 stories; private, brick and wood, 1 to 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical engines on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 2 hose wagons; hose, rubber good 3,100 ft, cotton 2,000 ft; 17 horses, value \$3,200; value of fire department equipment \$26,711; value of buildings occupied \$30,600; value of ground \$27,850; total ann expenses of department \$26,500; total membership 29, paid full time; telegraph alarm; 44 street boxes; 7 fire companies. Chief engineer, Geo. O. Wilmarth.

WATER SUPPLY—Source, drive and open wells; system, direct pumping; pumping engines, dy cap 10,000,000 gals; 320 hydrants; pipe 42 miles, 4 to 20 in dia; 273 gates; 95 meters; pressure 80 to 140 pounds; waterworks owned by company; cost to construct \$1,000,000; ann expenses in 1890 \$20,000. Pres of com, Joab Mulvane; manager, Jesse Shaw. #

Valley Falls, Jefferson Co., population 1,300; fire area 80 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage, 1 hose wagon; hose, rubber good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$400; total membership 25, volunteers. Chief engineer, H. M. Dort. #

WATER SUPPLY—Source, well and river; system, pumping to tank; reservoir cap 250,000 gals; 11 hydrants; pipe 3 miles, 4 to 6 in dia; 12 valves; 37 taps; pressure, fire 40 to 60 pounds; works owned by city; original cost to construct \$15,300; ann expenses \$150. Chairman of com, H. M. Dort. #

Wallace, Wallace Co., population 210; buildings, wood, 1 and 2 stories; shingle roofs. Fire department—1 steam fire engine, 5 chemical extinguishers, 1 hose carriage; hose, rubber good 1,000 ft; value of fire department equipment \$1,000; bell and whistle alarm. Chief engineer, Frank Wiszgard. #

WATER SUPPLY—Source not stated; system, pumping to reservoir, 2 reservoirs. #

Weir, Cherokee Co., population 4,500; fire area 500 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, cotton good 1,500 ft; value of fire department equipment \$1,200; value of buildings occupied \$1,000; 36 volunteer members; bell alarm; 2 hose companies. Chief engineer, J. W. Kirk.

WATER SUPPLY—Source, 3 artesian wells; system, pumping to reservoir, standpipe or direct; reservoir cap 750,000 gals; standpipe cap 50,000 gals; pumping engines, dy cap 750,000 gals; hydrants 27; pipe 5 miles, 2 to 8 in dia; 30 valves; pressure, domestic 40, fire 100 to 150 pounds.

works owned by company; original cost to construct \$25,000; expenses of construction to date \$35,000; ann expenses \$2,000. Supt. A. B. Cock-
erill.

Wellington, Sumner Co., population 5,500; fire area 980 acres; mercantile buildings, stone and brick, 2 and 3 stories; private, wood and brick, 1, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hose carriages, all kinds; hose, rubber good 1,000 ft, cotton good 1,000 ft; value of fire department equipment \$3,000; total ann expenses of department \$1,200; total membership 43, paid part time 42, volunteer members 1; bell alarm. Chief engineer, B. A. Ellsworth; chairman of fire and water com, P. H. Cleveland.

WATER SUPPLY—Source, Slate creek; system, pumping to reservoir, to standpipe and direct; reservoir cap 2,000,000 gals; standpipe cap 24 x 105 ft; pumping engines, dy cap 1,250,000 gals; hydrant's 72; pipe 11 miles, 4 to 16 in dia, service pipe, iron and lead; pressure, domestic 45 to 50, fire 80 pounds; works owned by company; original cost to construct \$110,000. Supt, J. M. Thralls.

Wetmore, Nemaha Co., population 650; fire area 200 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck; hose, rubber good 200 ft; value of fire department equipment \$1,500; total ann expenses of department \$100; total membership 30, volunteer; bell alarm. Chief engineer, Wm. Colwell.

WATER SUPPLY—Source, wells and cisterns.

Wichita, Sedgwick Co., population 30,000; fire area 22,000 acres; mercantile buildings, stone, brick and wood, 1 to 5 stories; private, brick and

wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 4 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages, 2 hose wagons; hose, rubber good 4,000 ft, rubber inferior 1,000 ft, linen good 100 ft, linen inferior 100 ft; 16 horses, value \$4,000; value of fire department equipment \$30,000; value of buildings occupied \$35,000; total ann expenses of department \$20,000; total membership 25, paid full time; electric alarm; street boxes 24; 7 fire companies, 2 engine companies, 1 hook and ladder company, 4 hose companies. Chief engineer, A. G. Wolden.*

WATER SUPPLY—Source, drive wells; hydrants 217; pipe 304 miles; 33 meters; quality of water good; works owned by company. Supt, W. A. Bixby.*

Winfield, Cowley Co., population 7,500; fire area 20 acres; mercantile buildings, stone and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,300 ft, rubber good 200 ft, inferior 400 ft; value of fire department equipment \$1,800; value of buildings occupied \$8,000; total ann expenses of department \$800; total membership 45, all volunteer; bell alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, William A. Kuhns.*

WATER SUPPLY—Source, Walnut river; system, pumping to reservoir; cap 2,000,000 gals; pumping engines, dy cap 3,000,000 gals; 80 hydrants; pipe about 10 miles, 4 to 12 in dia; 33 valves; pressure, domestic 60, fire 80 pounds; quality of water good; works owned by company; cost to construct \$143,000. Supt, W. H. Cramer.

Wyandotte, Wyandotte Co. (See Kansas City.)

KENTUCKY.

Alexander, Campbell Co., population 2,828; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose reel; hose, rubber good 200 ft and several ladders; membership 12, volunteers; bell alarm. Town clerk, M. Schmidt.

WATER SUPPLY—Source, 4 large cisterns.

Ashland, Boyd Co., population 4,195; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; bell alarm.*

WATER SUPPLY—Source, Ohio river and 12 wells; system, pumping to reservoir; reservoir cap 1,308,000 gals; pumping engines, dy cap 1,500,000 gals; hydrants 88; pipe 9½ miles, 4 to 16 in dia; 400 taps; pressure 90 pounds; works owned by company original cost to construct \$185,000; ann expenses \$5,600. Pres and genl mgr, S. A. Forbes.

Augusta, Bracken Co., population 1,447; fire area 640 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 1 hose carriage; hose, 1,000 ft. Chief engineer, J. B. Wilson.*

WATER SUPPLY—Source, 20 cisterns with a cap of 150 barrels each. Town clerk, James A. Wallace.*

Bardstown, Nelson Co., population 2,415; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$5,000; value of buildings, 2 owned \$2,500; total ann expenses of department \$500; total membership 70, volunteers, paid 2; bell alarm. Chief engineer, Henry Wassell.*

WATER SUPPLY—Source, 17 cisterns. Town clerk, J. D. Wickliffe.

Belleuve, Campbell Co., population 3,163; fire area 2,000 acres; buildings, brick and wood, 2 and 3 stories; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hand pump; hose, cotton good 1,000 ft, rubber good 150 ft; value of fire depart-

ment equipment \$2,000; value of buildings occupied \$1,000; total ann expenses of department \$850; total membership 80, paid full time 2; bell alarm. Chief engineer, Henry F. Corleil.*

WATER SUPPLY—Source, river; system, gravity; 100 hydrants; pipe 25 miles, 4, 6, 8 and 10 in dia; 100 valves; pressure 80 pounds; cost to construct \$30,000; ann expenses \$4,000. Supt, G. R. Harma.*

Bowling Green, Warren Co., population 7,503; buildings, brick, 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 4 hose carriages; hose, rubber good 2,000 ft, inferior 1,000 ft; value of fire department equipment \$3,500; total ann expenses of department \$1,500; value of buildings, 1 owned \$2,000; total membership 31, paid part time; whistles and bell alarm. Chief, J. H. Wilkerson.*

WATER SUPPLY—Source, river; system, pumping to reservoir; reservoir cap 1,000,000 gals; pumping engines, dy cap 2,700,000 gals; 87 hydrants; pipe 18 miles, 16 to 4 in dia; 40 meters; pressure 70 to 80 pounds; cost to construct \$80,000; ann expenses \$400. Supt, Jas. H. Wilkerson.*

Campbellsville, Taylor Co., population 1,018; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance.*

WATER SUPPLY—Source, springs and wells.*

Carlisle, Nicholas Co., population 1,800; mercantile buildings, brick and wood, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; total membership 35, paid part time 6; bell alarm. Chief engineer, T. P. Trueman.

WATER SUPPLY—Source, 6 large cisterns and creek running through southwestern boundary of town. City clerk, I. W. Towling.*

Carrollton, Carroll Co., population 2,500; fire area 1 sq mile; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 chemical engines on wheels, 2 chemical extinguishers, 1 hook and ladder truck; hose, rubber good 500 ft; value of fire department equipment \$3,000; total ann expenses of department \$300; total membership 25, paid part time;

bell alarm. Chief engineer, Henry D. Eggert.
WATER SUPPLY—Source, river and private cisterns. Town clerk, R. J. Wilson.

Cattlettsburg, Boyd Co., population 3,042; fire area 1,200 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hose carriages, 1 hose wagon; hose, rubber good 1,000 ft, inferior 500 ft, cotton good 500 ft; 2 horses, value \$500; value of fire department equipment \$6,500; value of buildings occupied \$4,000; total ann expenses of department \$1,000; 10 members, paid part time; bell alarm. Chief engineer, Jas. A. Kilgus.

WATER SUPPLY—Source, Big Sandy river; system, pumping to reservoir, cap 1,000,000 gals; pumping engines, dy cap 1,800,000 gals; 70 hydrants; pipe 4 miles, 12 to 4 in dia; 21 valves; pressure 130 pounds; works owned by company; cost to construct \$55,000; ann expenses \$2,500. Pres. W. A. Patton.

Central City, Muhlenberg Co., population 1,144; fire area 20 acres; mercantile buildings, wood and brick, 2 stories; private, wood and brick, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, rubber good 600 ft; value of fire department equipment \$300; total membership 12, all volunteers; bell alarm. Chief engineer, R. P. Day.

WATER SUPPLY—Green river, located 3 miles from city; system, pumping to reservoir, cap 750,000 gals; pumping engines, dy cap 60,000 gals; 15 hydrants; pipe 8 miles, 8 and 2 in dia; 16 valves; pressure 60 pounds; works owned by company; cost to construct \$60,000; ann expenses \$2,000; int on bonds \$1,800. Supt. T. C. Dupont.

Clinton, Hickman Co., population 1,347; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs permitted.*

WATER SUPPLY—Source, cisterns and wells; waterworks agitated. Mayor, J. D. Taylor.*

Cloverport, Breckenridge Co., population about 2,000; mercantile buildings, wood and brick, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. No fire department.

WATER SUPPLY—No waterworks.

Columbus, Hickman Co., population 873; fire area 12 acres; mercantile buildings, brick and wood, 1 story; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance.

WATER SUPPLY—Source, river and cisterns.

Covington, Kenton Co., population 45,000; fire area 1,495 acres; mercantile buildings, brick, 3 and 4 stories; private, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 1 chemical engine on wheels, 4 chemical extinguishers, 1 aerial truck, 3 hose carriages, all kinds, 2 hose wagons; hose, cotton good 3,200 ft, rubber 1,000 ft; 14 horses; value of fire department equipment \$30,000; value of buildings occupied \$25,000; total ann expenses of department \$28,000; total membership 29, paid; Gamewell electric alarm; 52 street boxes; 5 fire companies. Chief engineer, Joseph Meyers.

WATER SUPPLY—Source, Ohio river, 8 miles above city; system, pumping to 3 reservoirs; reservoir cap 85,000,000 gals; pumping engines, dy cap 10,000,000 gals; 287 hydrants; pipe 42 miles, 4 to 30 in dia; 458 valves; service pipe lead; pressure 110 pounds; works owned by city; original cost to construct \$1,145,000; expenses of construction to date \$1,300,000; ann expenses \$24,000. Supt. W. H. Glora.

Cynthiana, Harrison Co., population 3,016; mercantile buildings, brick, 2 and 3 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,500 ft, inferior 500 ft; value of fire department equipment \$6,500; value of building occupied \$4,000; total membership 33, paid full time 2; bell alarm. Chief, C. F. Corrigan.

WATER SUPPLY—Source, Licking river and 15 cisterns; cap of cisterns 380 barrels dy. Mayor, F. S. Ashbrook. (Are building waterworks.)

Danville, Boyle Co., population 4,500; fire area 640 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, 2 stories; fireworks ordinance; wooden roofs not permitted. Fire depart-

ment—1 hand engine, 3 chemical engines, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 600 ft, poor 400 ft, linen good 250 ft; value of fire department equipment \$3,000; value of buildings occupied \$500; ann expenses \$250; total membership 75, volunteers; bell alarm. Chief engineer, G. W. Welsh.
WATER SUPPLY—Source, wells and cisterns. Town clerk, F. M. Lee. (Town will vote to put in waterworks.)

Dayton, Campbell Co., population 4,264; mercantile buildings, brick and wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber 800 ft; bell alarm.*

WATER SUPPLY—Source, river; system, pump to reservoir; pumping engines; 100 hydrants; 10 miles pipe, 4 to 10 in dia; 50 valves; pressure, domestic 85 to 100, fire 100 to 115 pounds. Supt. G. R. Harmer.

Elizabethtown, Hardin Co., population 2,500; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 300 ft; value of buildings occupied \$500; value of fire department equipment \$700; bell alarm. Chief, S. H. Bush.

WATER SUPPLY—Source, wells, cistern and creek. (Will put in waterworks this year.)

Elkton, Todd Co., population 1,500; fire area 5 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Mayor, B. T. Perkins, Jr.

WATER SUPPLY—Source, private wells, 1 public well, cisterns and Elk river. (Waterworks now under consideration.)

Falmouth, Pendleton Co., population 1,148; buildings, wood and brick, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 supply wagon; hose, cotton good 500 ft, inferior 100 ft; value of fire department equipment \$1,200; total membership 25, volunteers; bell alarm. Chief engineer, J. Woodhead.*

WATER SUPPLY—Source, rivers and 13 cisterns. Town clerk, W. B. Woodhead.*

Flemingsburg, Fleming Co., population 1,800; fire area 320 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 1½ and 2 stories; wooden roofs permitted in some sections; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 5 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, rubber good 1,000 ft, cotton good 800 ft, cotton inferior 50 ft, linen good 50 ft; value of fire department equipment \$4,000; value of buildings occupied \$1,000; total ann expenses of department \$500; total membership 100, volunteer; bell alarm. Chief engineer, William H. Harrison.

WATER SUPPLY—Source, cisterns, wells and creek.

Frankfort, Franklin Co., population 10,000; fire area 490 acres; mercantile buildings, brick, 2, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages; hose, good 1,700 ft, inferior 150 ft; 2 horses, value \$400; value of fire department equipment \$7,000; value of buildings occupied \$10,000; total ann expenses of department \$3,200; total membership 9, paid full time 4, paid part time 5; Gamewell electric alarm; 19 street boxes. Chief engineer, John D. Griffin.

WATER SUPPLY—Source, river; system, pumping to reservoir; reservoir cap 8,000,000 gals; pumping engines, dy cap 4,000,000 gals; 110 hydrants; pipe 12 miles, 6 to 14 in dia; 100 valves; pressure 130 pounds; works owned by company; cost to construct \$200,000; ann expenses \$4,500. Supt. J. D. Griffin.

Franklin, Simpson Co., population about 3,000; fire area 1 mile sq; buildings, wood and brick, 2 stories; wooden roofs not permitted in business part; no fireworks ordinance. Fire department—1 hook and ladder truck; value of fire department equipment \$500; bell alarm. Chief engineer, J. H. Adat.

WATER SUPPLY—Source, wells. (Will build works this year.)

Fulton, Fulton Co., population 2,500; fire area 100 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; metal roofs used; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hand engine, 3 hose carriages, all kinds; hose, rubber good 1,000 ft, cotton good 500 ft; total membership 27, volunteers. Chief engineer, W. F. Nolen.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 35,000 gals; pumping engines, dy cap 200,000 gals; hydrants 43; pipe 5 miles, 4 to 8 in dia; 11 valves; iron and lead service pipe; pressure, domestic 60, fire 84 to 150 pounds; works owned by city; original cost to construct \$22,638; ann expenses \$1,500; cost to date \$25,000. Supt, John McMahon.

Georgetown, Scott Co., population not stated; fire area 500 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages; hose, rubber good 1,200 ft; value of fire department equipment \$8,000; value of 1 building owned \$2,000; total ann expenses of department \$2,000; total membership 52, full paid 13, part paid; bell alarm.*

WATER SUPPLY—Source, Royal spring; system, pumping direct into mains; pumping engines, dy cap 2,000,000 gals; 60 hydrants; pipe 7 miles, 4 to 8 in dia; 24 valves; quality of water good; pressure, domestic 70, fire 120 pounds; works owned by company; cost to construct \$52,000; ann expenses \$3,600. Pres, H. P. Montgomery.

Glasgow, Baron Co., population 2,051. Fire department not reported.

WATER SUPPLY—Source, large springs; system, pumping to reservoir, cap 120,000 gals; pumping engines, dy cap 60,000 gals; hydrants 8; pipe 6½ miles, 4 in dia; 6 valves; pressure 40 pounds; works owned by company; cost to construct \$15,000; ann expenses \$975. Pres and supt, T. P. Dickinson.

Greenville, Muhlenberg Co., population 968; buildings, brick and wood, 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck.*

WATER SUPPLY—Source, wells.*

Harrodsburg, Mercer Co., population 3,800 fire area 900 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 1½ and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,100 ft; value of fire department equipment \$4,875; total ann expenses of department \$2,000; total membership 31, paid full time 1, balance volunteers; whistle and bell alarm; 4 fire companies, 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, Chas. E. Clark.

WATER SUPPLY—Source, Salt river; system, pumping to standpipe and direct; reservoir cap 400,000,000 gals; standpipe cap 288,000 gals; pumping engines, dy cap 2,400,000 gals; hydrants 82; pipe 7 miles, 4 to 10 in dia; 43 valves; taps 75; galv iron service pipe; pressure 75 pounds; works owned by company; original cost to construct \$75,000; ann expenses \$900. Supt, J. M. Roobe.

Hawesville, Hancock Co., population 1,200; buildings, brick and wood, 1 to 3 stories. Fire department—Buckets; bell alarm.

WATER SUPPLY—Source, wells, cisterns and river. Town clerk, James Wilson.

Henderson, Henderson Co., population 12,000; fire area 50 acres; mercantile buildings, brick, 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,200 ft, rubber inferior 500 ft, cotton good 1,200 ft; 3 hoses, value \$500; value of fire department equipment \$4,000; value of buildings occupied \$1,500; total membership 15, paid full time 1, paid part time 1, volunteer members 13; Gamewell alarm; street boxes 13. Chief engineer, Wm. Canning.*

WATER SUPPLY—Source, Ohio river; system, gravity, pumping to reservoir, standpipe and direct; reservoir cap 3,000,000 gals; standpipe cap 11,000 gals; pumping engines, dy cap 3,000,000 gals; hydrants 81; pipe 16 miles, 3 to 12 in dia; 96 valves; galv iron service pipe; pressure, domestic 40, fire 70 to 100 pounds; works owned by city;

original cost to construct \$125,000; ann expenses \$8,434. Supt, Jas. P. Wigal.

Hickman, Fulton Co., population 2,200; fire area 1 by 1.2 miles; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 4 hose carriages, all kinds; hose, cotton good 1,700 ft, inferior 50 ft; value of fire department equipment \$2,500; total membership 100, volunteers; steam whistle and bell alarm; 4 hose companies. Chief engineer, J. H. Miller.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 35,000 gals; pumping engines, dy cap 500,000 gals; hydrants 30; pipe, 5 miles, 4 to 8 in dia; valves 6; pressure, domestic 120, fire 120 pounds; waterworks owned by city; original cost to construct \$30,000; expenses of construction to date \$35,000; ann expenses \$3,000. Supt, E. E. Miller.

Hopkinsville, Christian Co., population 6,500; fire area 80 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 20 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 500 ft, cotton good 1,500 ft, inferior 400 ft; 3 hoses, value \$900; value of fire department equipment \$7,500; value of buildings occupied \$4,000; total ann expenses of department \$1,750; total membership 13, paid full time 1, paid part time 12; bell alarm. Chief engineer, Jno. A. Turryman.

WATER SUPPLY—Source, 2 public wells, 17 public cisterns; total cap of same 571,050 gals.

Lancaster, Garrard Co., population 2,000; fire area 250 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 600 ft, inferior 800 ft; value of fire department equipment \$2,500; value of buildings occupied \$3,500; total ann expenses of department \$200; total membership 50, volunteers; bell alarm. Chief engineer, Alex. Miller.

WATER SUPPLY—Source, wells and cisterns. Holly system of waterworks will be finished this year. Water com, J. C. Thompson.

Lawrenceburg, Anderson Co., population 1,500; fire area 4 miles sq; mercantile buildings; brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—buckets and ladders.

WATER SUPPLY—Source, cisterns and wells. Town clerk, Paul Montfort.

Lebanon, Marion Co., population 2,816; fire area 1.2 sq mile; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$2,500; value of buildings occupied \$3,000; total ann expenses of department \$250; total membership 8, paid part time; bell alarm. Chief engineer, Wm. Hogan.*

WATER SUPPLY—Source, river; system, pump to reservoir direct; reservoir cap 1,000,000 gals; Gordon pumping engines, dy cap 1,000,000 gals; 43 hydrants; pipe 10 miles, 4 to 12 in dia; 44 valves; quality of water soft; pressure 125 pounds; cost to construct \$80,000; ann expenses \$2,800. Supt, J. M. Rania.

Lexington, Fayette Co., population 30,000; fire area 4 sq miles; mercantile buildings, brick and wood, 3 to 5 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 2 hose wagons; hose, rubber good 750 ft, rubber inferior 800 ft, cotton good 1,450 ft; 5 hoses, value \$1,125; value of fire department equipment \$4,900; value of buildings occupied \$7,000; total ann expenses of department \$10,000; total membership 12, paid full time; Gaynor electric alarm; street boxes 47. Chief engineer, G. W. Muir.

WATER SUPPLY—Source, drainage area, 3 miles distant; system, pumping direct; reservoir cap 350,000,000 gals; pumping engines, dy cap 3,000,000 gals;

hydrants 258; pipe 18 miles, 4 to 16 in dia; 108 valves; lead service pipe; pressure, domestic 40, fire 120 pounds; works owned by company; original cost to construct \$250,000; ann expenses \$10,000; int paid on bonds \$15,980. Supt. S. A. Charles.

Louisa, Lawrence Co., population 1,000; fire area 10 acres; buildings, brick and wood, 2 stories. Fire department—1 hand engine; hose, rubber good 100 ft. Chief engineer, R. C. McClure.

WATER SUPPLY—Source, wells and cisterns.

Louisville, Jefferson Co., population 161,129; fire area 134 sq miles; mercantile buildings, iron, stone and brick, 3 to 8 stories; private, brick and wood, 1 to 3 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—14 steam fire engines, 10 chemical extinguishers, 5 hook and ladder trucks, 1 aerial truck, 14 hose carriages, all kinds; hose, cotton good 2,000 ft, inferior 500 ft, rubber good 21,600; 70 hoses, value \$14,000; value of fire department equipment \$175,000; value of buildings occupied \$260,000; total ann expenses of department \$249,980 total membership 144, paid full time; Gamewell alarm; 240 street boxes. Chief engineer, Edward Hughes.

WATER SUPPLY—Source, Ohio river; system, pump to reservoir, standpipe and direct; reservoir cap 1 of 100,000,000 gals, another of 10,000,000 gals; pumping engines, dy cap 15,000,000 gals; 148 hydrants; pipe 155 miles; 2,640 valves; 792 meters; 523 fire cisterns; pressure 50 pounds; works owned by company; cost to construct \$4,500,000; ann expenses \$35,300; int on bonds \$70,000. Supt, Chas. Hermans.

Ludlow, Kenton Co., population 2,469; buildings, brick and frame, 2 stories. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 400 ft, linen good 600 ft; value of fire department equipment \$2,000; total ann expenses of department about \$1,000; total membership 81, volunteer 1; telegraph and bell alarm; 18 street boxes. Chief engineer, C. M. Young.

WATER SUPPLY—Source, Ohio river, 12 miles distant; system, pumping to 3 reservoirs; reservoir cap 65,000,000 gals; pumping engines, dy cap 10,000,000 gals; hydrants 32; pipe 5 miles, 6 to 12 in dia; 105 valves; pressure, domestic 110, fire 110 pounds; works owned by city; original cost to construct \$25,000; expenses of construction to date \$25,000; ann expenses \$300. Supt. J. J. Weaver. (Water bought from Covington.)

Madisonville, Hopkins Co., population 3,012; fire area 4 miles sq; mercantile buildings, brick and metal, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hose carriage; hose, cotton good 500 ft, rubber good 100 ft, inferior 100 ft; 1 horse; value of fire department equipment \$600; total membership 20, paid full time 1, volunteer members or callmen 19; bell alarm. Chief engineer, R. L. Harned.

WATER SUPPLY—Source, spring, lake 1 mile from town; system, pumping to standpipe.

Mayfield, Graves Co., population 3,038; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted. Fire department—2 hose carriages; hose, cotton good 1,000 ft; total membership 20, volunteers; bell and whistle alarm. Chief engineer, John Stark.

WATER SUPPLY—Not reported.

Maysville, Mason Co., population 7,384; mercantile buildings, brick, 3 to 5 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hand engines, 2 hook and ladder trucks, 6 hose carriages; hose, rubber good 5,000 ft; value of fire department equipment \$7,500; value of buildings occupied \$35,000; total ann expenses of department \$1,500; total membership 160; bell alarm. Chief, I. M. Lane.

WATER SUPPLY—Source, Ohio river; system, pumping to reservoir; reservoir cap 3,000,000 gals; pumping engines, dy cap 4,500,000 gals; hydrants 80; pipe 13 miles, 3 to 16 in dia; 80 valves; lead service pipe; pressure 150 pounds; works owned by company. Supt, August Schaeffer.

Middlesboro, Bell Co., population 4,000; fire area 8 x 4 blocks; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden

roofs not permitted, fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,000 ft, cotton good 1,000 ft, cotton inferior 200 ft; 3 horses, value \$700; value of fire department equipment \$8,000; value of buildings occupied \$7,000; total ann expenses of department \$4,000; total membership 1, paid full time; whistle alarm. Chief engineer, C. K. Tallaferro.

WATER SUPPLY—Source, Little Yellow creek; system, pumping to standpipe; cap 1,178,000 gals; storage reservoir cap 188,000,000 gals; pumping engines, dy cap 3,000,000 gals; 35 hydrants; pipe 8½ miles, 24 to 4 in dia; pressure 110 pounds; works owned by company; cost of construction to date \$897,000. Supt. A. H. Martine.

Mt. Sterling, Montgomery Co., population 4,000; fire area 1,000 acres; mercantile buildings, stone and brick, 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 800 ft, inferior 400 ft, rubber good 1,400 ft; value of fire department equipment \$7,000; value of buildings occupied \$6,000; total ann expenses of department \$350; total membership 25, paid full time 1, paid part time 25; bell alarm. Chief engineer, J. S. Conroy; sec, Henry Watson.

WATER SUPPLY—Source, springs, well and creek, 4 cisterns owned by city, cost \$450 each. (Contracts given for waterworks.)

Murray, Calloway Co., population 518; fire area 80 acres; mercantile buildings, brick, 2 stories; private, wood, 1 1/2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine; bucket brigade; bell alarm. Marshal, W. T. Waller.

WATER SUPPLY—Source, wells and cisterns.

New Haven, Nelson Co., population 389; buildings, brick and wood, 1 and 2 stories; no fireworks ordinance; wooden roofs permitted. Fire department—1 hand engine, 2 chemical extinguishers, 1 hose cart and plenty of ladders; hose, 100 ft rubber good. Chief, John L. Jordin.

WATER SUPPLY—Source, 13 cisterns and 30 wells. Town clerk, Edwin C. Dawson.

Newport, Campbell Co., population 28,000; fire area 900 acres; mercantile buildings, brick and wood, 1 to 4 stories; private, wood and brick, 1 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriage, 3 hose wagon, 1 supply wagon; hose, cotton good 3,600 ft; 6 horses, value \$1,000; value of fire department equipment \$25,375; value of bldgs occupied \$18,000; total ann expenses of department \$10,000; members 10, paid full time: Gamewell alarm; 32 street boxes. Chief engineer, Jno. Waters; chairman of fire and water com, Jacob Smith.

WATER SUPPLY—Source, Ohio river; system, pumping to reservoir; reservoir cap 60,000,000 gals; pumping engines, dy cap 5,000,000 gals; hydrants 191; pipe 30 miles, 4 to 20 in dia; 800 valves; lead service pipe; pressure 70 to 95 pounds; works owned by city; original cost to construct \$755,000; ann expenses \$20,000. Supt, B. K. Morton.

Nicholasville, Jessamine Co., population 2,157; buildings, wood and brick, 1 to 3 stories. Fire department—6 chemical engines, 1 hook and ladder truck. Chief engineer, B. M. Anderson.

WATER SUPPLY—Source, Jessamine creek 2 1/4 miles distant; system, pumping to standpipe; reservoir cap 12,000,000 gals; standpipe cap 150,700 gals; pumping engines, dy cap 750,000 gals; hydrants 50; pipe 5 1/4 miles, 4 to 10 in dia; 3½ valves; 60 taps; service pipe, iron and lead; pressure 40 to 70 pounds; works owned by company; original cost to construct \$48,000; ann expenses \$1,400. Pres, Jno. A. Geary.

Owensboro, Daviess Co., population 12,000; fire area 1 and ¾ miles; mercantile buildings, brick, 1 to 5 stories; private, wood and brick, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 2,000, rubber inferior 500 ft; 9 horses, value \$1,800; value of fire department equipment

\$10,500; value of buildings occupied \$13,100; total ann expenses of department \$15,100; total membership 12, paid full time; Gaynor electric alarm; street boxes 16. Chief engineer, Geo. W. Gentry.

WATER SUPPLY—Source, Ohio river; system, pumping direct into mains; pumping engines, dy cap 5,000,000 gals; 140 hydrants; pipe 17 miles, 4 to 20 in dia; 115 valves; pressure, domestic 60, fire 80 to 150 pounds; works owned by company. Pres of com, Samuel A. Miller; supt, H. P. Martin.

Paducah, McCracken Co., population 20,000; fire area 2,360 acres; mercantile buildings, brick, iron and stone, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, linen good 200 ft, rubber good 1,000 ft, inferior 800 ft; 4 hoses, value \$600; value of fire department equipment \$20,000; value of buildings occupied \$7,000; total ann expenses of department \$5,000; total membership 10, paid full time 5, paid part time 5; Gamewell alarm; 23 street boxes. Chief engineer, J. J. Wood.

WATER SUPPLY—Source, Ohio river; system, pumping to standpipe or direct; standpipe cap 500,000 gals; pumping engines, dy cap 4,000,000 gals; hydrants 185; pipe 17 miles, 8 to 16 in dia; service pipe galv iron; pressure 40 to 75 pounds; works owned by company. Supt, Muscoe Burnett.

Paris, Bourbon Co., population 8,000; fire area 8 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, rubber good 1,450 ft, rubber inferior 350 ft; 2 hoses, value \$500; value of buildings occupied \$3,000; total ann expenses of department \$1,600; total membership 12, paid full time 2, paid part time 10; Gamewell alarm; street boxes 14. Chief engineer, F. Maun.

WATER SUPPLY—Source, Stoner creek; system, pumping to standpipe; standpipe cap 294,000 gals; pumping engines, dy cap 2,000,000 gals; hydrants 85; pipe 8 miles, 4 to 12 in dia; service pipe galv iron; pressure 60 pounds; works owned by company. Supt, E. L. King.

Pineville, Bell Co., population 1,200; mercantile buildings, stone, brick and wood, 2 stories; private, wood, 1 1/2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, rubber good 900 ft; value of fire department equipment \$50; 25 volunteer members; whistle alarm.

WATER SUPPLY—Source, mountain springs 8 1/2 miles distant; system, gravity and pumping in emergency; reservoir cap 280,000 gals; hydrants 13; pipe 6 miles, 4 to 8 in dia; 14 valves; lead and iron service pipe; pressure, domestic 80 to 100, fire 90 to 110 pounds; works owned by company; original cost to construct \$28,000; expenses of construction to date \$32,000. Pres, F. A. Hull of Danbury Conn; supt, Geo. L. Flower.

Pleasant Hill, Mercer Co., population 203; mercantile buildings, brick, stone and wood, 2 stories; private, same; shingle roofs used; no fireworks ordinance; no fire department.

WATER SUPPLY—Source, springs—4 mile distant; system, pumping to reservoir; reservoir cap 4,483 gals; pumping engines; hydrants 12; pipe 1 1/2 miles, 5, 8 and 3 in dia; 4 valves; original cost to construct \$1,000; ann expenses \$150. S. L. Bousseau.

Princeton, Caldwell Co., population 3,000; fire area 10 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance. No fire department.*

WATER SUPPLY—Source, springs, wells and cisterns. Chairman board of trustees, A. Wallace.*

Richmond, Madison Co., population 4,000 fire area 1-4 miles sq; mercantile buildings, brick 2 and 3 stories; private, brick and wood, 1 1/2 and 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,500 ft; 1 horse, value \$300; value of fire department equipment \$500; value of buildings occupied \$3,000; total ann expenses of department \$1,200; total membership 16, paid full time 1, paid part time 15; bell alarm. Chief engineer, Joe Mitchell.

WATER SUPPLY—Source, impounding reservoir fed by springs and creek; system, pumping to tower and direct; reservoir cap 70,000,000 gals; standpipe cap 136,000 gals; pumping engines, dy cap 3,000,000 gals; hydrants 71; pipe 115 miles, 4 to 12 in dia; 54 valves; service pipe galv iron; pressure, domestic 65, fire 75 to 100 pounds; works owned by company; original cost to construct \$123,084; cost of construction to date \$136,000; ann expenses \$3,097. C. S. Powell, secy.

Russellville, Logan Co., population 2,253; fire area 64 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft, inferior 900 ft; value of fire department equipment \$1,700; value of buildings occupied \$800; total membership 40, volunteers; bell alarm. Chief engineer, J. M. Dale.

WATER SUPPLY—Source, 2 cisterns and 3 wells. Mayor, B. B. Andrus. (Town hope to put in works this year.)

Shelbyville, Shelby Co., population 3,500; fire area 300 acres; mercantile buildings, brick and wood; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hose carriage, 1 hose wagon; 1,500 ft good rubber hose, 500 ft poor; value of fire department equipment \$3,000; value of buildings occupied \$1,800; total ann expenses of department \$1,500; total membership 16, paid full time; bell alarm. Chief engineer, J. W. Bodkin.

WATER SUPPLY—Source, cisterns supplied from creek; quality of water good. Town clerk, S. Reed.*

Somersett, Pulaski Co., population 2,623; fire area 300 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hose carriages, 1 hose wagon; hose, rubber good 1,050 ft, cotton good 50 ft; value of equipment \$1,600; membership 30, volunteers; bell alarm. Chief, L. D. S. Patton.*

WATER SUPPLY—Source, Pittman Creek, located 3 miles from town; system, pumping to reservoir, cap 1,000,000 gals; pumping engines, dy cap 650,000 gals; 55 hydrants; pipe 6 miles, 4, 6, 8 and 10 in dia; 85 valves; pressure 120 pounds; works owned by company; cost to construct \$60,000; ann expenses \$1,500; lat on bonds 6 per cent. Supt, W. C. Miles.*

Stanford, Lincoln Co., population 1,800; fire area 1 sq mile; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—12 chemical extinguishers, 2 hose carriages, all kinds; hose, cotton good 800 ft; value of fire department equipment \$1,000; value of buildings occupied \$450; total membership 37, volunteers; bell alarm. Chief engineer, Q. M. Bruce.

WATER SUPPLY—Source, gravel bed supply inexhaustible; system, direct pressure; pumping engines, dy cap 2,000,000 gals; 44 hydrants; pipe 4 miles, 8 to 4 in dia; 12 valves; pressure, domestic 60, fire 85 to 100 pounds; waterworks owned by company; original cost to construct \$38,000; ann expenses \$5,500. Supt, J. W. Hayden.

Versailles, Woodford Co., population not given; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 500 ft, rubber good 1,000 ft; value of fire department equipment \$6,000; value of buildings occupied \$1,500; total ann expenses of department \$2,500; total membership 25, paid full time 2, volunteers 23; bell alarm. Chief engineer, J. H. McKenzie.

WATER SUPPLY—Source, large spring; system, gravity; reservoir cap 2,000 bbls; pressure 100 to 175 pounds; works owned by city; original cost to construct \$2,500. Mayor, Jno. H. McKensia.

Williamstown, Grant Co., population 800; mercantile buildings, iron, brick and wood, 1, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 3 chemical extinguishers, 1 hose carriage; hose, cotton good 500 ft, rubber good 70 ft; value of equipment \$700; membership 30, volunteers; bell alarm. Captain, W. F. Strenker.

WATER SUPPLY—Source, wells.*

Winchester, Clark Co., population 4,519; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 3,000 ft, rubber good 1,000 ft; 1 horse, value \$250; value of fire department equipment \$9,000; value of buildings occupied \$4,500;

total ann expenses of department \$900; total membership 51, paid part time; Gaynor alarm; 4 street boxes. Chief engineer, W. A. Atterhall.

WATER SUPPLY—Source, creek and springs; system, pumping to standpipe; cap 275,000 gals; pumping engines, dy cap 1,000,000 gals; 72 hydrants; pipe 10 miles, 8 to 12 in dia; 37 valves; pressure 60 pounds; works owned by company. Supt, E. L. Kings.

LOUISIANA.

Alexandria, Rapides Parish, population about 5,000; fire area 600 acres; mercantile buildings, brick and wood, 2 stories; private, principally wood, usually 1 story; wooden roofs not permitted. Fire department—1 steam fire engine, 1 hand engine, 12 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1,000 ft rubber hose, 500 ft of cotton hose and 500 ft linen; value of fire department equipment \$8,000; ann expenses of equipment \$1,000; total membership 40, volunteers; bell alarm. Chief engineer, J. P. Turregame.

WATER SUPPLY—Source, artesian wells; pipe 7½ miles, 4 to 12 in dia. Supt, A. Sturea.

Algiers, Orleans Co., (4th District of New Orleans) population 10,000; fire area 5 by ½ miles; mercantile buildings, brick and wood, 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,500 ft cotton good 700 ft; 12 horses, value \$3,000; value of fire department equipment \$15,000; total ann expenses of department \$23,000; total membership 28, paid full time; Gamewell alarm; street boxes 13; 4 fire companies, 3 engine companies, 1 hook and ladder company. Chief engineer, Thomas O'Connor.

WATER SUPPLY—Source, rivers and wells.

Amite City, Tangipahoa Co., population 1,800; fire area 1 by 2 miles; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 400 ft, inferior 150 ft; value of fire department equipment \$1,500; value of buildings occupied \$1,550; total membership 50, volunteers; bell alarm. Foreman, F. H. Drake.

WATER SUPPLY—Source, 5 underground tanks of cap 3,000 gals each; cost to construct \$875.

Bastrop, Morehouse Parish, population 1,000. No organized fire department.

WATER SUPPLY—Source, wells and cisterns. Town clerk, Leon Sugar.

Baton Rouge, East Baton Rouge Parish, population 10,478. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 1 aerial truck, 6 hose carriages, 2 steam tugs with pumps; hose, rubber good 3,500 ft, inferior 1,000 ft; total membership 306, paid full time 6, volunteer members 300. Chief engineer, Andrew Jackson.

WATER SUPPLY—Source, well; system, pumping to reservoir, standpipe and direct; reservoir cap 350,000 gals, standpipe cap 182,000 gals; pumping engines, dy cap 3,000,000 gals; 96 hydrants; pipe 8½ miles, 4 to 12 in dia; 35 valves; service pipelaid and galv iron; pressure, domestic 45, fire 100 pounds; original cost to construct \$125,000; ann expenses \$4,000; int on bonds, 6 per cent. Supt, Jno. H. Wood.

Carrollton, Jefferson Co. (7th district of New Orleans) fire area 4½ q miles; mercantile buildings, wood, 2 stories; private, wood, 1 story. Fire department—2 steam fire engines, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 4,000 ft; 10 horses, value \$2,000; value of fire department equipment \$12,000; value of buildings occupied \$9,000; total ann expenses of department \$14,000; total membership 24, paid full time; Gamewell electric alarm; 11 street boxes; 4 fire companies. Assistant chief, A. Arbo. (See New Orleans.)

WATER SUPPLY—Source, wells.

Donaldsonville, Ascension Parish, population 4,000; buildings, wood and brick, 1 and 2

stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 chemical engines on wheels, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 2,300 ft, inferior 500 ft; value of fire department equipment \$10,500; value of buildings occupied \$8,000; total membership 150, volunteers. Chief engineer, D. Ohlmeier.

WATER SUPPLY—Source, river; system, pumping to standpipe; cap of standpipe 32,000 gals; pumping engines, dy cap 1,700,000 gals; 35 hydrants; pipe about 3 miles, 8 to 4 in dia; pressure, domestic 38, fire 77 pounds; work owned by city; cost to construct \$18,000; ann expenses \$1,020. Supt, D. Gentel.

Franklin, St. Mary Parish, population 2,127; mercantile buildings, brick and wood, 2 stories; private, same; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck; hose, cotton good 1,000 ft; value of fire department equipment \$7,000; value of 2 buildings occupied \$1,000; total membership 80, volunteers; bell alarm.

WATER SUPPLY—Source, bayou.

Gretz, Jefferson Parish, population 3,322; fire area 30 acres; buildings, wood, 1 story; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 4 portable extinguishers; hose, rubber good 1,500 ft; value of fire department equipment \$8,000; value of 3 buildings occupied \$6,000; total ann expenses of department \$1,000; total membership 80, volunteers; bell alarm.

WATER SUPPLY—Source, wells and pipe. Town clerk, J. C. Bauman.

Houma, Terrebonne Parish, population 2,000; fire area 1 mile; mercantile buildings, wood, 1 story; private, wood, 1 story; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, linen good 1,400 ft, inferior 400 ft; 2 horses; value of fire department equipment \$8,000; value of buildings occupied \$8,500; total membership 100, volunteers; bell alarm. Chief engineer, E. W. Condon.

WATER SUPPLY—Source, wells. Clerk, H. C. Sidney.

Jeanerette, Iberia Parish, population 2500; fire area 500 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1500 ft; value of fire department equipment \$7000; value of buildings occupied \$9000; total ann expenses of department \$100; total membership 60, volunteers; bell alarm. Chief engineer, F. Beaulieu.

WATER SUPPLY—Source, wells and Bayou Teche, system, pumping direct to power tank, cap 24,000 gals; hydrants 24; pipe 4 miles, 4 to 6 in dia; pressure, domestic 30 lbs, fire 180 lbs; works owned by city; cost to construct \$10,000. Supt, Frank Beaulieu.

Jefferson City, (5th district of New Orleans); fire area 2,880 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 3 chemical engines on wheels, 2 chemical extinguishers, hook and ladder truck, 2 hose carriages, 1 hose wagon, 1 chemical engine with 30-foot extension ladder; hose, rubber good 1,500 ft, inferior 300 ft, linen good 300 ft; 19 horses, value \$4,000; value of fire department equipment \$14,000; value of buildings occupied \$32,000; total ann expenses of department \$37,500; total membership 42, paid full time; Gamewell telegraph alarm; 30 street

boxes; 6 engine companies, 1 hook and ladder company. Chief engineer, Thomas O'Neill.

WATER SUPPLY—Source, wells and cisterns; system, gravity; 12 hydrants; pipe $\frac{1}{2}$ mile, 4 to 8 in dia.

Lake Charles, Calcasieu Parish, population 5000; fire area 2½ acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 6 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages, all kinds; hose, cotton good 500 ft; value of fire department equipment \$5000; value of buildings occupied \$5000; total membership 125, volunteer; bell alarm. Capt. W. A. Knapp.

WATER SUPPLY—Source, Calcasieu river; system, pumping to standpipe and direct; standpipe cap 175,000 gals; Smedley pumping engine, 4 cy cap 2,000,000 gals; hydrants 44, Ludlow; pipe 5 miles, 6x14 in dia, Howard Harrison; 15 valves, Ludlow; taps 32; galv iron service pipe; pressure, domestic 50, fire 50 to 200 pounds; works owned by company. Pres. J. A. Landier; supt. T. J. Bird.

Lake Providence, East Carroll Parish, population 800; fire area 300 ft sq; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 800 ft, inferior 300 ft; 2 horses, value \$250; value of fire department equipment \$4000; value of buildings occupied \$2500; total membership 30; volunteer members or call men 30; bell alarm; total no of fire companies 2. Chief engineer, N. Fousse; chairman of fire and water com, J. W. Pittman.

WATER SUPPLY—Source, wells.

Mansfield, De Soto Parish, population 908; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, buckets; membership 24, volunteers.

WATER SUPPLY—Source, wells; waterworks contemplated.

Minden, Webster Parish, population 1500; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted.

WATER SUPPLY—Source, wells. Town clerk, Walton Fort.

Monroe, Ouachita Parish, population 5000; fire area 1½ sq miles; mercantile buildings, brick, 1 story; private, wood, 1 story; wooden roofs permitted on residences; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 2 hose carriages; hose, rubber good 1000 ft; 2 horses, value \$300; value of fire department equipment \$6000; total membership 30, paid full time 20, paid part time 10; bell alarm. Chief engineer, A. Renaud.

WATER SUPPLY—Source, 12 cisterns; waterworks proposed. City clerk, M. L. Meredith.

Morgan City, St. Mary Parish, population 2,900; fire area 400 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 1½ stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 4 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$7,000; value of buildings occupied \$2,500; total membership 100, volunteers; bell alarm. Chief engineer, H. M. Maye.

WATER SUPPLY—Source, river, wells and cisterns. Town clerk, W. B. Gray.

Natchitoches, Natchitoches Parish, population 3,000; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 600 ft, rubber inferior 200 ft; value of fire department equipment \$11,000; value of buildings occupied \$3,000; total ann expenses of department \$150; total membership 120, volunteers; bell alarm. Chief engineer, J. H. Coagrove.

WATER SUPPLY—Source, cisterns and river. Mayor, R. S. Calves; town clerk, C. F. Greneaux.

New Iberia, Iberia Parish, population 6,000; fire area 11-2x1 1-4 miles; mercantile buildings, brick, 1 story; private, wood, 1 story; wooden roofs

not permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 2 hook and ladder trucks, 5 hose carriages, all kinds; hose, rubber good 500 ft, cotton good 2,500 ft; 2 horses, value \$500; value of fire department equipment \$8,500; value of buildings occupied \$2,500; total membership 160, volunteers. Chief engineer, E. A. Pharr.

WATER SUPPLY—Source, cisterns and bayou. Mayor, J. Kook; town clerk, L. B. Delahousey.

New Orleans, Orleans Co., population 242,039; fire area 245,000 acres; mercantile buildings, brick and wood, 3 to 8 stories; private, wood, 2 to 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—46 steam fire engines, 1 hand engine, 1 combination fire extinguisher and hose wagon, 9 chemical engines on wheels, 10 chemical extinguishers, 7 hook and ladder trucks, 1 aerial truck, 24 hose carriages, all kinds; hose, cotton good 2,000 ft, rubber good 24,500 ft, inferior 5,000 ft; 126 horses; value of fire department equipment \$230,000; value of buildings occupied \$225,000; total ann expenses of department \$247,000; total membership 250, paid full time; Gamewell alarm; street boxes 165. Chief engineer, Thomas O'Conner.

WATER SUPPLY—Source, Mississippi river; system, pumping to standpipe; reservoir cap 4,000,000 gals; standpipe cap 174½ ft; E. P. Allis pumping engines, 4 cy cap 45,000,000 gals; hydrants 1220, various; pipe 79 miles, 3 to 36 in dia; 583 valves; service pipe lead; pressure 60 to 70 pounds; works owned by company. Supt. L. H. Gardner.

Opelousas, St. Landry Co., population 1572. Fire department—1 steam engine, 1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, canvas good 500 ft, old 200 ft; steam couplings used; membership 100, volunteers; bell alarm.

WATER SUPPLY—Bayou. Town clerk, W. R. Cochran.

Plaquemine, Iberville Parish. Fire department—2 hand engines, 1 hook and ladder truck, 1 hose carriage, bucket company; hose, rubber good 200 ft; total membership 25, volunteers. Chief engineer, C. H. Dickinson.

WATER SUPPLY—Source, wells; system, pumping to elevated tank and direct; reservoir cap 25,000 gals; pumping engines, 4 cy cap 800,000 gals; 53 hydrants; pipe 51-4 miles, 6 to 2 in dia; pressure 30 to 160 pounds; works owned by company; cost to construct \$14,887.44; ann. expenses \$1,000. Supt. David Altimus.

St. Martinville, St. Martin Parish, population 1,814; fire area 300 acres; mercantile buildings, brick and wood, not over 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 Silsby steam fire engine, 2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,300 ft, leather inferior 150 ft, and quantity of cotton and rubber hose; value of fire department equipment \$8,000; value of buildings occupied \$400; total ann expenses of department \$500; total membership 100, volunteers; bell alarm; 3 fire companies, 1 hook and ladder company. Chief engineer, A. V. Fleming; chairman of fire and water com, A. V. Fleming.

WATER SUPPLY—Source, wells and Bayou Teche. Town clerk, Wm. B. Eastin.

Shreveport, Caddo Parish, population 11,979; mercantile buildings, brick and wood, 2, 3 and 4 stories; private, wood, 4 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engine, 3 hook and ladder trucks, 5 hose carriages, all kinds; hose, rubber good 1,500 ft, cotton good 800 ft; 6 mules, value \$1,200; value of fire department equipment \$35,000; value of buildings occupied \$10,000; total ann expenses of department \$10,000; total membership 20, paid full time 8, paid part time 12; Gamewell electric alarm, street boxes 20. Chief engineer, Thos. Breenahan.

WATER SUPPLY—Source, bayou; system, pumping to reservoir and standpipe; reservoir cap 2,500 gals; standpipe cap 250,000 gals; pumping engines, 4 cy cap 4,000,000 gals; hydrants 118, pipe 12 miles, 6 to 16 in dia, 40 valves, service pipe galv iron, pressure, domestic 50, fire 75 pounds; works owned by company, original cost to construct \$250,000. Pres. Peter Youre.

Thibodeaux, La Fourche Parish, population 2,078; fire area 1 sq mile; mercantile buildings,

brick, 3 and 4 stories; slate roofs; private, wood, 1½ stories. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 8 chemical extinguishers, 4 hose carriages; hose, good 1,000 ft; inferior 500 ft; value of fire department equipment \$8,000; value of buildings occupied \$10,000; total membership 225, volunteers; bell alarm. Chief engineer, I. M. Bourg.

WATER SUPPLY—Source, wells and bayou; Knowles pump. Town clerk, H. N. Conlon.

Washington, St. Landry Parish, population 1,064; fire area 78 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stor-

ries; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, linen good 100 ft; membership all volunteers; bell alarm.

WATER SUPPLY—Source, wells and cisterns. Town clerk, S. Derbes.

Places having a population of 1,000 and upward that have no fire protection: Homer City, Clairborne Parish, population 1,132; Jackson, East Feliciana Parish, population 1,276; Manderville, St. Tamary Parish, population 1,012; McDonoughville, Jefferson Parish, population 2,235; Pattersonville, St. Mary Parish, population 1,414.

MAINE.

Anson, Somerset Co., population 1,444; fire area 100 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 800 ft, inferior 200 ft; whistle alarm.

WATER SUPPLY—Source, shank factory located in center of village; system, pumping direct; pumping engines, dy cap 800 gals per minute; hydrants 5; pipe ¾ of a mile, 3 in dia; 6 valves; quality of water good; pressure, domestic 60, fire 100 pounds; works owned by village; cost to construct \$1,602. Supt. R. Fairbrother.

Auburn, Androscoggin Co., population 12,000; fire area 1,280 acres; mercantile buildings, brick and wood, 4 stories; private, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 6,000 ft; 9 horses, value \$2,000; value of fire department equipment \$8,000; value of buildings occupied \$12,000; total expenses of department for past year \$3,000; total membership 43, paid part time; telegraph alarm; 16 street boxes. Chief engineer, Lewis H. Haskell.

WATER SUPPLY—Source, Lake Auburn; system, pumping to reservoir and gravity; reservoir cap 650,000 gals; 2 pumping engines, dy cap 2,000,000 gals; 67 hydrants; pipe 25 miles, 2 to 12 in dia; taps 1,200; service pipe galv iron; pressure, domestic 55, fire 100 pounds; works owned by company; expenses of construction to date \$300,000; ann expenses \$7,000. Chairman of com. F. M. Jordan; supt, Michael Lawler.

Augusta, Kennebec Co., population 12,000; fire area 1,250 acres; mercantile buildings, brick and stone, 3 stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages, all kinds, 2 hose wagons; hose, cotton good 5,000 ft, cotton inferior 2,000 ft; 3 horses, value \$600; value of fire department equipment \$8,000; value of buildings occupied \$5,000; total ann expenses of department \$3,600; total membership 70, volunteers; Gamewell alarm; 18 street boxes. Chief engineer, C. W. Bicker.

WATER SUPPLY—Source, Kennebec river; system, pumping to reservoir, cap 6,000,000 gals; pumping engines, dy cap 5,000,000 gals; 104 hydrants; pipe 24 miles, 2 to 12 in dia; 142 valves; pressure, domestic 75 to 100, fire 100 to 125 pounds; waterworks owned by company. Supt. W. H. Williams.

Bangor, Penobscot Co., population 20,000; mercantile buildings, stone and brick, 3 to 5 stories; private, brick and wood, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 8 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages, all kinds, 3 hose wagons, 4 hose sleds; hose, cotton good 8,000 ft, cotton inferior 4,500 ft; 9 horses, value \$2,000; value of fire department equipment \$18,000; value of buildings occupied \$27,000; total ann expenses of department \$20,000; total membership 87, paid full time 4, paid part time 82, volunteer members 77; Gamewell alarm; street boxes 33. Chief engineer, A. H. Parker.

WATER SUPPLY—Source, Penobscot river; system, pumping direct; pumping engines, dy cap 8,000,000 gals; hydrants 82; pipe 40 miles, 4 to 20 in dia; 151 valves; service pipe galv iron; pressure, domestic 110, fire 120 pounds; works owned by city; original cost to construct \$500,000. Supt. M. A. Sinclair.

Bar Harbor, Hancock Co., population 2,700; buildings, brick and wood, 1 to 3 stories; wooden roofs permitted. No organized fire department.

WATER SUPPLY—Source, Eagle lake; system, gravity; lake 2 miles long, ¼ miles wide, intake pipe extends 200 ft into lake; pipe 10 miles; hydrants 30; pressure, domestic 60 lbs, fire 75 pounds, works owned by Co; cost to construct \$175,000; ann expenses \$4,000. Supt. Wm. Rogers.

Bath, Sagadahoc Co., population 8,723; fire area 3,200 acres; mercantile buildings, wood and brick, 3 to 5 stories; private, wood and brick, 2 and 3 stories; slate roofs; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 chemical engine, 1 hook and ladder truck, 1 in reserve, 3 hose carriages, 2 hose wagons; hose, cotton 6,000 ft; 5 horses; total membership 63, paid full time 2, part time 61; Gamewell alarm; 14 street boxes. Chief engineer, John R. Knowlton.

WATER SUPPLY—Source, Thompson's brook, located at Brunswick; system, pumping to standpipe; standpipe cap 550,000 gals; 2 pumps, dy cap 2,000,000 gals; hydrants 121; pipe 24 5-8 miles, 12 to 2 in dia; 43 valves; pressure, domestic 72 to 105 pounds, fire same; works owned by company; cost to construct \$275,000. Supt. A. S. Hall. (Extensive improvements to be made this year estimated cost \$185,000.)

Belfast, Waldo Co., population 5,294; fire area 320 acres; mercantile buildings, brick, 2 to 4 stories; private, wood, 1 and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 5 hose carriages; hose, rubber lined good 1,850 ft, cotton good 1,300 ft, rubber good 600 ft, leather good 500 ft; value of fire department equipment \$4,000; value of building occupied \$20,000; total ann expenses of department \$2,800; 40 members; bell and whistle alarm. Chief engineer, F. H. Welch.

WATER SUPPLY—Source, river, springs and water-shed; system, pumping to standpipe; cap of standpipe 200,000 gals; pumps, dy cap 2,000,000 gals; 53 hydrants; pipe 9 miles, 10 to 4 in dia; valves 85; pressure 80 to 100 pounds; quality of water good; works owned by private company; cost to construct \$100,000. Supt. D. M. Bird.

Bethel, Oxford Co., population 1,000; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical engines on wheels, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,600 ft; value of fire department equipment \$3,800; total membership 35, volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, G. E. Wiley.

WATER SUPPLY—Source, mountain stream, 4 miles distant; system, gravity; reservoir cap 100,000 gals; hydrants 25; pipe 8 miles, 8 and 6 in dia; 12 valves; pressure, domestic 80 to 120 pounds, fire 100 to 130 lbs; works owned by company; cost to construct \$42,000; ann expenses \$150. Supt. G. A. Hastings.

Bridgford, York Co., population 14,443; fire area 10 miles; mercantile buildings, brick, 5 stories; private, wood, 2 stories; shingle and slate roofs; no fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 3 hose carriages, 1 pump; hose, cotton good 6,000 ft; 4 horses, value \$1,600; value of fire department equipment \$11,500; value of buildings occupied \$5,000; total ann expenses of department \$7,500; total membership 44, paid full time 2, paid part time 43; Gamewell alarm; 20 street boxes; total no

of fire companies 3. Chief engineer, John Leonard.*

WATER SUPPLY—Source, Saco river; system, pumping to reservoir; reservoir cap 10,000,000 gals; pumping engines, dy cap 7,500,000 gals; hydrants 64; pipe 31 miles, 2 to 20 in dia; 293 valves; service pipe galv iron; pressure 25 to 85 pounds; works owned by company. Supt, James Burnie.

Beech Bay, Lincoln Co., population 1,718; fire area 20 acres; buildings, wood, 2 stories. Fire department—1 hand engine, 1 hose carriage, ladder; hose, cotton good 450 ft, rubber good 200 ft, inferior 200 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total membership 60; bell alarm. Chief engineer, A. H. Kenniston.*

WATER SUPPLY—Source, pond and springs; system, pumping to standpipe; cap of standpipe 250,000 gals; pumping engines, dy cap 1,000,000 gals; pipe 43 miles; hydrants; waterworks owned by company; cost to construct \$69,000. Supt, K. H. Richards.*

Bowdoinham, Sagadahoc Co., population 1,508. Fire department—1 hand engine, with a hand tub.

WATER SUPPLY—Source, wells, reservoirs. Town clerk, L. D. Small.

Brewer, Penobscot Co., population 4,193; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hook and ladder trucks, 5 hose carriages, all kinds; hose, cotton good 4,000 ft; value of fire department equipment \$8,000; value of buildings occupied \$3,500; total ann expenses of department \$2,000; total membership 65, volunteers; bell alarm; 4 fire companies, 2 hook and ladder companies, 4 hose companies. Chief engineer, C. A. Harlan.

WATER SUPPLY—Source, Penobscot river; system, pumping direct; pumping engines, dy cap 2,000,000 gals; 45 hydrants; pipe 14 miles, 2 to 12 in dia; 75 valves; service pipe galv iron; pressure, domestic 100, fire 135 pounds; works owned by company. Supt, H. T. Sparks.

Bridgton, Cumberland Co., population 1,600; fire area 500 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 1½ to 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 2,000 ft; value of fire department equipment \$5,000; value of buildings occupied \$700; total ann expenses of department \$660; total membership 53, paid part time 53; bell alarm. Chief engineer, S. M. Lord.

WATER SUPPLY—Source, creek, 6 reservoirs. Town clerk, D. M. Crockett.*

Brownville, Piscataquis Co., population 1,075; mercantile buildings, wood, 1½ and 2 stories; private, wood, 2 stories; wooden roofs permitted, slate chiefly used; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, leather good 350 ft; bell alarm.

WATER SUPPLY—Source, wells, cisterns and river.

Brunswick, Cumberland Co., population 6,012 fire area 1,280 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories. Fire department—2 hand engines, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon, 3 hose sleighs, 1 extension ladder, 1 hook and ladder sled; hose, cotton good 3,500 ft, inferior 500 ft, rubber inferior 150 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total membership 103, paid for actual service; bell alarm. Chief engineer, W. O. Peterson.

WATER SUPPLY—Source, springs; system, pumping to standpipe; impounding reservoir, cap 7,000,000 gals; standpipe cap 750,000 gals dy; 2 pumping engines, dy cap 1,500,000 gals; 70 hydrants; pipe 12 miles, 6 to 12 in dia; 152 valves; pressure 65 pounds; cost to construct \$100,000. Supt, A. S. Hall.

Bryants Pond, Oxford Co., population 325; buildings, brick and wood, 1 and 2½ stories; wooden roofs permitted. Fire department—1 hand engine, useless.

WATER SUPPLY—Source, wells and brooks. Town clerk, Alden Chase.

Bucksport, Hancock Co., population 3,000;

fire area 200 acres; mercantile buildings, wood, 1, 2, 3 and 4 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hand engines, 1 chemical extinguisher, 3 hose carriages, all kinds; hoses, rubber good 300 ft, cotton good 800 ft, leather good 400 ft; value of buildings occupied \$2,100; total ann expenses of department \$800; total membership 100, paid part time; steam whistle and bell alarm. Chief engineer, A. H. Genn.

WATER SUPPLY—Source, Silver lake; system, gravity; 10 hydrants; pipe 3½ miles, 2 to 10 in dia; 13 valves; service pipe galv iron; pressure 40 pounds; works owned by company; original cost to construct \$20,000; ann expenses \$300. Supt, E. L. Beagley.

Burton, York Co., population 250; fire area 12 acres; mercantile buildings, wood, 2 stories; private, wood, 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—bucket brigade.

WATER SUPPLY—Not reported.

Calais, Washington Co., population 7,290; fire area 300 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted, fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 8 hose carriages, all kinds, 2 hose reels; hose, rubber good 500 ft, rubber inferior 500 ft, cotton good 2,500 ft, cotton inferior 500 ft; 4 horses, value \$1,000; value of fire department equipment \$12,000; value of buildings occupied \$9,500; total ann expenses of department \$5,200; total membership 42, paid full time 2, paid part time 40; bell alarm. Chief engineer, W. E. McAllister.*

WATER SUPPLY—Source, St. Croix river; system, pumping to reservoir; reservoir cap 2,500,000 gals; pumping engines, dy cap 3,000,000 gals; hydrants 65; pipe 18 miles, 6 to 12 in dia; 60 valves; service pipe, galv iron; pressure 90 pounds; works owned by company. Supt, K. M. Stacy.

Camden, Knox Co., population 2,600; fire area 300 acres; mercantile buildings, brick, 3 and 4 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted in certain limits; fireworks ordinance. Fire department—1 new steam fire engine, 1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 2 Bangor extension ladders, 4 hose carriages, all kinds; hose rubber good 1,800 ft, cotton good 1,400 ft, leather good 400 ft; value of fire department equipment \$7,500; value of buildings occupied \$2,500; total ann expenses of department \$800; total membership 63, paid for actual service; steam gong alarm. Chief engineer Spencer Mero.

WATER SUPPLY—Source, Mirror Spring Lake, 5 miles distant; system, gravity; 42 hydrants; pipe 10 miles, 6 to 10 in dia, valves; quality of water good; pressure, domestic 100 pounds, fire same; works owned by company. Supt, J. W. Crocker.

Caribou, Aroostook Co., population 4,037; fire area 640 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 Remington hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, rubber good 300 ft; value of fire department equipment \$3,500; buildings occupied are rented by the town; total ann expenses of department \$2,300; total membership 28, all volunteers; bell and whistle alarm. Chief engineer, H. D. Collins.*

WATER SUPPLY—Source, Aroostook river, ½ mile from town; system, pumping to standpipe, cap 150,000 gals; pumping engines, dy cap 1,000,000 gals; 26 hydrants; pipe 4½ miles, 8 and 6 in dia; 22 valves; pressure, domestic 85, fire 150 pounds; works owned by company; cost to construct \$100,000, including dam; ann expenses \$6,500. Supt, A. B. Fisher.*

Carmel, Penobscot Co., population 1,066; buildings, wood, 1½ stories. Fire department—wooden buckets; bell alarm.

WATER SUPPLY—Source, wells. Town clerk, L. O. Whitten.

Cherryfield, Washington Co., population 1,787. Fire department—hooks and ladders, buckets, etc.; 1 force pump on wheels. Fire wardens, A. T. Allen, Jos. B. Sprowl, E. K. Wilson.

WATER SUPPLY—Source, river.

Clinton, Kennebec Co., population 1,518; mercantile buildings, wood, 1 1-2 and 2 stories; private, wood, 1 and 1 1-2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 200 ft; value of fire department equipment \$800; value of buildings occupied \$200; bell alarm.

WATER SUPPLY—Source, wells and cisterns. Selectman, M. Morrison.

Corinna, Penobscot Co., population 1,600; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—paila.

WATER SUPPLY—Source, wells.

Corinth, Penobscot Co., population 1,100; mercantile buildings, wood, 1 1-2 and 2 stories; private, same; wooden roofs are permitted; no fireworks ordinance. No fire department—apparatus, buckets.

WATER SUPPLY—Source, wells and cisterns.

Damariscotta, Lincoln Co., population 1,012; fire area 2 sq miles; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 2 hose carriages; hose, cotton good 2,000 ft; value of fire department equipment \$2,500; value of buildings occupied \$700; total ann expenses of department \$1,000; total membership 100, paid part time 30, remainder volunteers; bell alarm. Chief engineer, Norman C. Hall.

WATER SUPPLY—Source, river and wells; 1 cistern. Village clerk, George O. Keene.*

Deering, (includes Woodford's) Cumberland Co., population 3,358; fire area 5 sq miles; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 6 hose carriages, all kinds, 2 hose wagons; hose, rubber good 6,000, inferior 400 ft, linen inferior 400 ft; value of fire department equipment \$4,350; value of buildings occupied \$1,500; total membership 104, paid part time 98; bell alarm. Chief engineer, L. G. Eldridge.

WATER SUPPLY—Source, Lake Sebago, 16 miles from city; system, gravity; reservoirs cap 30,000,000 gals; 64 hydrants; pipe 19 miles, 12 in dia; 1,865 taps; pressure, domestic 65, fire 65 pounds; waterworks owned by company. Supt, Geo. F. Westcott.

Dexter, Penobscot Co., population 2,732; fire area 800 acres; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 2,400 ft, inferior 700 ft; value of fire department equipment \$4,800; value of buildings occupied \$2,200; total ann expenses of department \$887.50; membership 125, volunteers; bell alarm; 4 fire companies, 2 engine companies, 1 hook and ladder company, 1 hose company. Chief engineer, N. H. Fay.

WATER SUPPLY—Source, wells; reservoirs, force pumps; 4 in main runs through Main st; 4 hydrants connected with Rotary pump in mill; Dexter Mill Co. also has 4 in main supplied by 3 rotary pumps with hydrants.

Diamond Island, Cumberland Co., population 500; buildings, principally summer resorts and protected by the fire-boats from Portland; material, wood, 1 and 2 stories.*

WATER SUPPLY—Source, springs; system, pump to standpipe, cap 175,000 gals; pipe 4 miles; cost about \$10,000; on bonds 7 per cent. Pres, Franklin M. Lawrence.*

Dover, Piscataquis Co., population 1,942; mercantile buildings, wood, 2 stories; private, same; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 2 hose carriages, 2 hose reels; hose, cotton good 1,500 ft, inferior 300 ft; value of buildings occupied \$3,000; total ann expenses of department \$2,000; total membership 30; bell alarm. Chief engineer, J. A. Landers.

WATER SUPPLY—Source, Piscataquis river; system, pumping to reservoir; reservoir cap 1,000,000 gals; pumping engine, dy cap 1,000,000 gals; 31 hydrants; pipe 8 miles, 6, 8, 10 in dia; 18 valves; 300 taps; service pipe galv and wrought iron; pressure, domestic 70, fire 80 pounds; works owned by company; original cost to construct \$75,000;

ann expenses \$3,000. City clerk, C. W. Brown.*

East Livermore, Androscoggin Co., population 1,506; mercantile buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages, private fire pump and hose; hose, cotton good 750 ft, poor 300 ft, linen good 500 ft; value of equipment \$2,000; expenses for past year \$525; membership 25, volunteers; bell alarm. Chief engineer, C. E. Putnam.

WATER SUPPLY—Source, river, reservoirs, wells and springs.

Eastport, Washington Co., population 5,000; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 and 1 1/2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 8 hose carriages, all kinds; hose, rubber good 800 ft, inferior 400 ft, cotton new 1,000 ft, linen good 500 ft, inferior 300 ft; total membership 50; bell alarm (expect to put in electric alarm). Chief engineer, Thos. F. Mabee.

WATER SUPPLY—Source, waterworks; 60 hydrants; pressure 80 pounds.

Ellsworth, Hancock Co., population 5,000; fire area 1 mile sq; mercantile buildings, brick, stone and wood, 3 stories; private, wood, 1 1/2 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 5 hose carriages, all kinds; hose, rubber good 1,600 ft, leather good 2,100; value of fire department equipment \$6,500; value of buildings occupied \$3,000; total ann expenses of department \$2,500; total membership 94, paid full time 54, volunteer members 40; bell alarm; 4 fire companies. Chief engineer, William J. Logan.

WATER SUPPLY—Source, branch pond; system, pumping to standpipe; standpipe cap 300,000 gals; pumping engine, dy cap 1,200,000 gals; 55 hydrants; pipe 8 miles, 1 to 18 in dia; 110 valves; 350 taps; service pipe galv iron 1/2 to 2 in dia; pressure 115 pounds; works owned by company. Supt, L. H. Cushman.

Fairfield, Somerset Co., population 3,510; fire area 1,500 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 4 hose carriages, all kinds; hose, cotton good 4,200 ft, inferior 500 ft; value of fire department equipment \$7,500; value of buildings occupied \$2,500; total ann expenses of department \$1,800; total membership 30, all volunteers; bell alarm; 1 fire company. Chief engineer, W. H. Totman.

WATER SUPPLY—Source, Messalonaki river; system, pump to reservoir, cap 3,000,000 gals; pumping engine, dy cap 2,000,000 gals; 82 hydrants; 10 meters; pressure 86 pounds; works owned by company. Pres of com, Weston Lewis; supt, Jno. F. Nash. (See Waterville.)

Farmington, Franklin Co., population 3,000; fire area 200 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, 1 extension ladder, 1 hose sled, 1 supply wagon; hose, rubber good 2,000 ft, inferior 300 ft; value of buildings occupied \$2,000; value of equipment \$12,000; ann expenses \$500; total membership 20, volunteers; electric alarm; 6 street boxes. Chief engineer, Geo. McL. Pearson.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; standpipe cap 250,000 gals; 40 hydrants; pipe 4 miles, 4 to 10 in dia; works owned by company; original cost to construct \$31,000; ann expenses \$800. Supt, Levi G. Brown.

Fort Fairfield, Aroostook Co., population 3,526; fire area 1 street, about 1 mile; mercantile buildings, wood, 2 stories; private, wood, 1 1/2 and 2 stories; wooden roofs permitted; only State fireworks ordinance. Fire department—1 Remington horse-power engine, 3 hose carriages, all kinds; 8 hose pipes, 1 shut-off nozzle; hose, cotton rubber lined good 1,800 ft; value of buildings occupied \$400; total membership 30, volunteers; 3 church bell alarms. Chief engineer, S. E. Jewett.

WATER SUPPLY—Source, Grass brook; system, gravity; 19 hydrants; pipe 8 miles, 10 in dia; pressure 65 pounds. Supt, E. L. Noughton.

Foxcroft, Piscataquis Co., population 1,726; mercantile buildings, brick and wood, 1 to 4 sto-

ries; private, wood, 1 to 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 4 hose carriages; hose, linen good 1,000 ft; value of fire department equipment \$3,500; value of buildings occupied \$1,500; total ann-expenses of department \$1,500; total membership 30, volunteers; bell and whistle alarm; 2 hose companies. Chief engineer, J. Q. Landers; chairman of fire com, J. B. Pease.

WATER SUPPLY—Source, Piscataquis river; system, pumping to reservoir, cap 1,000,000 gals; pumping engines, dy cap \$50,000 gals; 30 hydrants; pipe 8 miles, 10, 8 and 2 in dia; 23 valves; pressure, domestic 30, fire 80 pounds; waterworks owned by company; cost to construct \$75,000; int on bonds 5 per cent. Supt, J. M. C. Crocker.

Freeport, Cumberland Co., population 2,800; fire area 200 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 2 hose carriages, 1 extension ladder, 1 fire hook and chain; hose, linen good 1,300 ft; value of fire department equipment \$800; total membership 35; bell alarm. Chief engineer, W. G. Merrill.

WATER SUPPLY—Source, brook led by springs; system, pumping to standpipe, cap 225,000 gals; pumping engines, dy cap 1,000,000 gals; 19 hydrants; pipe 4 miles, 10, 8 and 6 in dia; 12 valves; pressure, domestic 55 to 60, fire 60 pounds; works owned by company. Supt, H. D. Marr.

Fryeburg, Oxford Co., population 1,418; buildings, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft, linen good 800 ft; bell alarm. Chief engineer, A. R. Jenness.

WATER SUPPLY—Source, mountain stream; system, gravity; 1 reservoir, cap 2,000,000 gals; 19 hydrants; pipe 7 miles, 8 to 10 in dia; 10 gates, pressure 60 pounds; works owned by company; cost to construct \$20,000; ann expenses \$100. Supt, A. R. Jenness.

Gardiner, Kennebec Co., population 5,491; fire area 1,280 acres, mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 9 hose carriages, 1 hose wagon; hose, cotton good 6,500 ft; value of fire department equipment \$16,400; value of 6 buildings occupied \$4,000; total membership 97, paid full time; bell alarm; 5 fire companies. Chief engineer, C. M. Drake.

WATER SUPPLY—Source, Cobbossee Contee river; system, pumping to reservoir and direct; reservoir cap 2,000,000 gals; pumping engine, dy cap 1,500,000 gals; 75 hydrants; pipe 15 miles, 2 to 12 in dia; pressure, domestic 40 to 95 pounds; waterworks owned by company. Supt, Gustavus Moore.

Gorham, Cumberland Co., population 2,750; buildings, wood, 2 stories; no fireworks ordinance. Fire department—1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton rubber lined 500 ft, leather good 100 ft; value of fire department equipment \$1,000; bell and whistle alarm. Capt, C. N. Hayes.

WATER SUPPLY—Source, wells and cisterns. Town clerk, John C. Summerside.

Gouldsboro, Hancock Co., population 1,709; buildings, wood, 1 and 2 stories. Fire department—pails and buckets.

WATER SUPPLY—Source, wells. Town clerk, A. B. Kingsley.

Gray, Cumberland Co., population 1,517. Fire department—hooks and ladders.*

WATER SUPPLY—Source, aqueduct and wells. Town clerk, F. L. Clark.*

Hallowell, Kennebec Co., population 3,181; fire area 1 square mile; mercantile buildings brick and stone, 3 and 4 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 4 hose carriages; hose, linen good 2,800 ft; 2 hoses, value \$400; value of fire department equipment \$12,000; value of 3 buildings occupied \$4,000; total ann expenses of department \$2,500; total membership 67, paid full time 53, paid part time 14; bell alarm. Chief engineer, L. P. Henderson.

WATER SUPPLY—Source, springs; system, gravi-

ty; 3 reservoirs; 1 hydrant; pipe 4 miles, 1 to 4 in dia; 35 valves; quality of water best; pressure 30 to 100 pounds; works owned by company; cost to construct \$20,000. Supt, Orlando Currier.

Hampden, Penobscot Co., population 2,700; fire area 500 acres; mercantile buildings, wood, 2 stories; private, same; wooden roofs are permitted; no fireworks ordinance. Fire department—1 chemical engine on wheels; hose, rubber inferior 100 ft; value of fire department equipment \$100; value of buildings occupied \$100. Chief engineer, F. G. Rogers.

Harrison, Cumberland Co., population about 200; mercantile buildings, wood, 2 stories; private, same; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hand force pumps.

Hartland, Somerset Co., population 1,000; fire area 180 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 650 ft, cotton inferior 600 ft; value of fire department equipment \$1,800; value of buildings occupied \$400. Chief engineer, S. H. Wilkins.*

WATER SUPPLY—Source, river and cisterns; system, gravity; 7 hydrants. Town clerk, D. Thompson.

Houlton, Aroostook Co., population 4,300; fire area 1,000 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 chemical engine on wheels, 1 hook and ladder truck, 4 hose carriages, all kinds, 1 hose wagon; hose, rubber good 2,000 ft, cotton good 3,000 ft; value of fire department equipment \$8,000; value of buildings occupied \$4,000; total ann expenses of department \$4,500; total membership 40, paid full time; electric bell alarm; 1 street box. Chief engineer, S. C. Webber.

WATER SUPPLY—Source, springs; system, pumping to standpipe; standpipe cap 113,000 gals; 2 pumping engines, dy cap 1,000,000 gals; 42 hydrants; pipe 7 miles, 4 to 12 in dia; 61 valves; service pipe iron; pressure, domestic 50, fire 100 pounds; works owned by company; original cost to construct \$50,000. Supt, Walter Mansur.

Jay, Franklin Co., population 1,541; mercantile buildings, wood, 2 stories; private, same; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated.

WATER SUPPLY—Source, wells and rivers.

Jonesport, Washington Co., population 2,000; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs are permitted; no fireworks ordinance. No fire department.

WATER SUPPLY—No waterworks.

Kennebunk, York Co., population 3,500; mercantile buildings, wood, 2½ stories; private, wood, 2½ stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, linen good 2,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$3,000; total ann expenses of department \$700; total membership 75, paid part time; electric gong alarm; 9 street boxes; 2 fire companies. Chief engineer, Edward Parsons.

WATER SUPPLY—Source, river, brook; system, direct pumping; 3 pumping engines; 2 waterpower force pumps; 5 reservoirs cap 60 hds each; 10 hydrants; pipe 1½ miles, 6 and 8 in dia; waterworks built by town for fire protection only, cost \$4,000.

Kittery, York Co., population 2,864; mercantile buildings, wood, 2 stories; dwellings, wood, 1 and 2 stories; wooden roofs permitted. Fire department of Navy Yard which adjoins town—3 steam fire engines, 1 hook and ladder truck, 4 hose carriages, 1 supply wagon, 300 hand grenades; hose, cotton good 3,000 ft, inferior 1,000 ft; 4 hoses; whistle and bell alarm. Chief engineer, Nathan Macey.

WATER SUPPLY—Source, 5 reservoirs, cap 632,000 gals; a hydrant system supplied by 1,000,000 gal reservoir is being constructed. Town clerk, D. M. Shopleigh.*

Lewiston, Androscoggin Co., population 24,000; fire area 1,280 acres; mercantile buildings,

wood, 4 stories; private, wood, 2 1-2 to 4 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 chemical engine, 1 hook and ladder truck, 1 aerial truck, 5 hose carriages; hose, cotton good 12,800 ft, inferior 700 ft; 13 horses, value \$4,600; value fire department equipment \$70,300; value of 2 buildings occupied \$40,000; total ann expense of department \$18,000; total membership 72, paid full time 5, paid part 67; Gamewell alarm; 35 street boxes. Chief engineer, M. J. Moriarty.

WATER SUPPLY—Source, river; system, pumping to reservoir; cap 12,000 gals; pumping engines, dy cap 3,000,000 gals; 156 hydrants; pipe 28 1/2 miles, 4 to 24 in dia; 70 meters, 204 valves; pressure 40 to 110 pounds; cost of works to construct \$550,000; ann expenses \$7,500; int on bonds \$24,840. Supt, J. L. Kenney.*

Lincoln, Penobscot Co., population 1,756; fire area 400 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hose carriage; hose, rubber good 500 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total membership 60, all volunteers. Chief engineer, C. W. Porter.

WATER SUPPLY—Source, spring, 2 small reservoirs, cap 945 gals each, 1 hand tub and 1 hydrant. Town clerk, E. H. Pinkham.

Lisbon, Androscoggin Co., population 3,120; fire area 200 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 1 1/2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine; hose, cotton good 200 ft, linen good 400 ft; value of buildings occupied \$300; volunteer members 40; 1 fire company. Foreman, L. C. Robinson. Mill has 2,000 ft hose also 1 hand engine.

WATER SUPPLY—Mill in town have 2 rotary and 1 steam power pump.

Lisbon Falls, Androscoggin Co., population 3,120; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 1,000 ft, rubber good 400 ft; mill has 5 hydrants and 2 force pumps; value of fire department equipment \$2,500; total membership 70, volunteers. Chief, David Dearnley.

WATER SUPPLY—Source, river; 7 tanks, cap 8,000 gals each. (Waterworks system contemplated.)

Litchfield, Kennebec Co., population 1,200; fire area 8 sq miles; mercantile buildings, wood, 1 1/2 stories; private, wood, 12 ft; wooden roofs are permitted; no fireworks ordinance; apparatus pails.

Livermore Falls, Androscoggin Co., population 1,151; mercantile buildings, wood, 2 stories; private, wood, 1 1/2 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, general supply chemical extinguishers, 2 hose carriages; hooks and ladders; hose, cotton and linen good 1,000 ft, also pumps and 1,000 ft hose in miles can be used if necessary; value of fire department equipment \$5,000; value of buildings occupied \$1,500; total ann expenses of department \$250; total membership 20, paid part time; bells and whistles alarm; 1 engine company. Chief engineer, J. H. Soule.*

WATER SUPPLY—Source, river and wells; 3 reservoirs. Village clerk, C. H. Gibbs.*

Lubec, Washington Co., population 2,100; fire area 150 acres; mercantile buildings, wood, 1 1/2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 22 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 800 ft; value of fire department equipment \$700; value of buildings occupied \$250; total ann expenses of department \$500; total membership 170, volunteers; bell alarm; 2 fire companies. Chief engineer, F. W. Trecartin.

WATER SUPPLY—Source, springs, ocean and cisterns; 3 reservoirs with a total cap of 80,000 gals. Town clerk, John H. Trecartin.

Machias, Washington Co., population 2,035; fire area 600 acres; buildings, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 2 hose carriages; hose, rubber good 1,200 ft, inferior 500 ft; value

of fire department equipment \$5,000; bell and whistle alarm. Chief engineer, Samuel Leungelow.

WATER SUPPLY—Source, springs, brooks and rivers; 8 reservoirs. Town clerk, W. W. Bradbury.

Madison, Somerset Co., population 1,399; fire area 150 acres; mercantile buildings, wood and brick, 3 stories; private, wood, 1 1/2 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage, 1 extension ladder; hose, cotton good 1,200 ft; value of fire department equipment \$1,200; value of buildings occupied \$2,000; total ann expenses of department \$500; total membership 33, paid part time; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, H. L. Harris.

WATER SUPPLY—Source, Kennebec river; system, pumping to reservoir; reservoir cap 570,000 gals; pumping engines, dy cap 750,000 gals; 26 hydrants; pipe 3 miles, 6 to 10 in dia; 18 valves; pressure, domestic 60 to 75, fire 80 to 90 pounds; waterworks owned by company. Supt, W. L. Benuck.

Mechanic Falls, Androscoggin Co., population 2,000; mercantile buildings, wood, 2 stories; private, same; wooden roofs permitted; no fireworks ordinance. Fire department—2 chemical engines on wheels, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 800 ft; value of fire department equipment \$1,000; value of buildings occupied \$500; total ann expenses of department \$150; total membership 40, all volunteers; bell alarm; 2 fire companies, 1 hook and ladder company, 1 hose company. Chief engineer, Frank A. Merrill.

WATER SUPPLY—Source, river and wells; 3 hydrants; pipe 1,200 ft, 6 in dia. (Waterworks system contemplated.)

New Castle, Lincoln Co., population 1,392; fire area 300 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 2 hose carriages; hose, cotton good 1,200 ft, inferior 500 ft; value of fire department equipment \$1,600; value of buildings occupied \$600; total membership 45, paid part time 30, volunteer members 15; church bell alarm; 2 fire companies. Chief engineer, L. H. Siddinger.*

WATER SUPPLY—Source, river, wells and cisterns.

Newport, Penobscot Co., population 1,188; buildings, wood, 1 1/2 to 3 1/2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; 30 small hand pumps; hose, linen good 700 ft; value of fire department equipment \$1,450; total membership 47, volunteers; bell alarm. Chief engineer, J. T. Murch.

WATER SUPPLY—Source, river, well and cisterns. (Waterworks will probably be put in this year.)

Norway, Oxford Co., population 2,985; fire area 500 acres; mercantile buildings, wood and brick, 2 to 4 stories; private, 1 to 3 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 extension ladder, 3 hose carriages; hose, good 3,500 ft, inferior 500 ft; value of fire department equipment \$5,000; value of 4 buildings occupied \$1,000; total ann expenses of department \$2,000; total membership 78; bell alarm. Chief engineer, Wm. C. Cole.

WATER SUPPLY—Source, lake and river; system, gravity; cap of reservoir 500,000 gals; pumping engines, dy cap 1,000,000; 34 hydrants; pipe 7 miles, 10 to 4 in dia; pressure 80 to 100 pounds; works owned by company; cost to construct \$42,000; ann expenses \$1,200. Supt, W. W. Whitmarsh.

Oakland, Kennebec Co., population 2,500; mercantile buildings, wood, stone and brick, 3 stories; private, wood, 2 1/2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 3 chemical extinguishers, 3 hose carriages, all kinds; hose, cotton good 2,500 ft, inferior 500 ft; value of fire department equipment \$4,000; total ann expenses of department \$1,000; total membership 75, volunteers; 1 engine company. Chief engineer, C. W. Henry.

WATER SUPPLY—Source, river and streams;

system, pumping to 3 cisterns; pumping engines, dy cap 20,000 gals. Town clerk, H. C. Winslow.

Old Orchard, York Co., population 1,000; fire area 1,000 acres; mercantile buildings, wood, 1½ to 4 stories; private, wood, 1½ to 3 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hose carriage, 1 hose pump; hose, cotton good 2,500 ft, poor 500 ft, linen good 200 ft; 3 horses, value \$500; value of fire department equipment \$2,800; value of buildings occupied \$3,000; total ann expenses of department \$700; total membership 18, 2 paid part time, volunteer members 14; 4 electric gongs and steam whistle alarm. Chief engineer, Thos. B. Hough.

WATER SUPPLY—Source, springs; system, gravity and pumping direct; reservoir cap 400,000 gals; pumping engines, dy cap 1,500,000 gals; hydrants 25; pipe 7 miles, 4 to 10 in dia; 25 valves; 225 taps; service pipe galv iron; pressure, domestic 40, fire 150 pounds; works owned by company; original cost to construct \$84,000; expenses of construction to date \$91,000; ann expenses \$1,500. Supt, J. W. Duff.

Oldtown, Penobscot Co., population 6,000; mercantile buildings, wood and brick, 1½-2 and 3 stories; private, wood 2 stories, wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 3 chemical engines on wheels, 4 hose carriages, all kinds; hose, cotton good 4,000 ft, inferior 700 ft; value of fire department equipment \$8,580; value of buildings \$6,000; ann expense \$1,600; total membership 71, paid. Chief engineer, Geo. F. Lockwood.

WATER SUPPLY—Source, river; system, pump direct; pumping engines, dy cap 2,000,000 gals; 65 hydrants; pipe 14 miles, 2 to 12 in dia; 25 valves; pressure, domestic 100, fire 115 pounds; works owned by company; cost to construct \$100,000. Supt, H. T. Sparks.*

Orono, Penobscot Co., population 2,790; fire area 8,000 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hand engines, 1 hook and ladder truck, 4 hose carriages; hose, linen good 200 ft, rubber good 1,200 ft, leather good 1,500 ft; value of fire department equipment \$5,000; value of buildings occupied \$18,500; total ann expenses of department \$700; total membership 100, volunteers; bell alarm. Chief engineer, E. E. Ring.

WATER SUPPLY—Source, 2 rivers; 22 cisterns and springs, (private) run through 1 mile of 1 inch galvanized iron pipe. Town clerk, E. F. Atwell.

Oxford, Oxford Co., population 1,455; fire area 1 sq mile; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted, fireworks ordinance, causes of fire investigated. Fire department—1 steam fire engine (in factory), 1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 1,000 ft, linen good 500 ft; 8 horses, \$700 each; total membership 76, paid part time; bell alarm. Chief engineer, Harry Littlewood.*

WATER SUPPLY—Source, wells and cisterns.*

Paris, Oxford Co. (See South Paris.)

Pembroke, Washington Co., population 1,400; mercantile buildings, wood, 1½ stories; private, same; wooden roofs are permitted; no fire works ordinance.

WATER SUPPLY—Source, wells and river.

Penobscot, Hancock Co., population 1,325; buildings, wood, 1½ and 2 stories; wooden roofs are permitted; no fireworks ordinance. No fire department. No waterworks.

Phillips, Franklin Co., population 1,400; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 800 ft; value of fire department equipment \$1,500; value of buildings occupied \$1,000; bell alarm. Chief engineer, W. M. Dutton.

WATER SUPPLY—Source, wells, cisterns and river. Town clerk, B. T. Parker.

Pittsfield, Somerset Co., population 2,503; buildings, wood and brick, 1½-2 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,400 ft, leather inferior

300 ft; value of fire department equipment \$2,000; total ann expenses of department \$400; total membership 80, volunteers; bell and whistle alarm. Chief engineer, T. S. Dexter.*

WATER SUPPLY—Source, river and pond; system, direct; 9 tanks, cap of tanks 200 hogheads each; 15 hydrants; pipe 2,000 ft. Supt, Robt. Dobson; town clerk, O. B. Haskill.

Pittston, Kennebec Co. (See Randolph) population 1,281; buildings, wood, 1 and 2 stories. Fire department—1 hand engine.*

WATER SUPPLY—Source and system not stated; 2 reservoirs. Town clerk, S. S. Clark.*

Poland, Androscoggin Co., population 2,472; fire area 400 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—hose, rubber good 300 ft. Chief engineer, J. S. Briggs, Jr.

WATER SUPPLY—Source, springs and 3 wells.*

Portland, Cumberland Co., population 40,000; buildings, wood and brick; fireworks ordinance; causes of fire investigated. Fire department—7 steam fire engines, 1 hand engine, 1 chemical engine, 16 chemical extinguishers, 3 hook and ladder trucks, 1 aerial truck, 6 hose carriages, 10 hose wagons, 2 fire boats; hose, cotton good 20,000 ft, inferior 10,000 ft; 25 horses; value of fire department equipment \$100,000; 12 buildings occupied; total membership 141, paid full time 22, paid part time 120; Gamewell alarm; 130 boxes. Chief engineer, Richard H. Ball.

WATER SUPPLY—Source, Lake Sebago, 17 miles distant; gravity; 2 reservoirs, cap 30,000,000 gals; 335 hydrants, pipe 78 miles, 6 to 24 in dia; 640 valves; works owned by company; quality of water first-class; pressure 35 to 65 pounds. Supt, G. P. Wescott.

Presque Isle, Aroostook Co., population 3,046; fire area 200 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 2 supply wagons, force pump; hose, rubber good 1,000 ft, cotton good 300 ft; value of fire department equipment \$1,500; value of buildings occupied \$500; total ann expenses of department about \$800; total membership 20, paid; bell alarm. Chief engineer, Leon S. Howe.

WATER SUPPLY—Source, Kennedy brook; system, gravity and direct; reservoir cap 25,000,000 gals; pumping engines, dy cap 1,250,000 gals; 10 hydrants, pipe 2½ miles, 6 to 8 in dia, 8 valves; 100 taps; service pipe 3-4 in iron; pressure, domestic 40, fire 100 pounds; works owned by company; original cost to construct \$30,000; ann expenses \$300. Pres and supt, G. H. Freeman.

Randolph, Kennebec Co., population 3,000; fire area 1 mile; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 2,000 ft, linen good 500 ft, leather 500 ft; value of fire department equipment \$5,000; value of buildings occupied \$100; total ann expenses of department \$300; total membership 100, paid part time 15, volunteer members 85; bell alarm. Chief engineer, L. W. Hunt.*

WATER SUPPLY—Source, from Gardner waterworks on opposite side of river; system, pumping to reservoir, cap 2,000,000 gals; pumping engines, dy cap 1,500,000 gals; 10 hydrants, 2 miles of pipe; quality of water good; works owned by company. Supt, Gustavus Moore, of Gardiner.*

Raymond, Cumberland Co., population 927; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; no fire department; 3 chemical extinguishers and pails.

WATER SUPPLY—Source, wells. Chairman of selectmen, Warren S. Churchill.

Richmond, Sagadahoc Co., population 3,082; buildings, wood, 1, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,500 ft, rubber good 300 ft, linen good 800 ft; value of fire department equipment \$1,500; total ann expenses of department about \$1,200; total membership 35, volunteers; bell alarm. Chief engineer, J. Clark Flagg.

WATER SUPPLY—Source, Kennebec river; sys-

tem, pump to reservoir, cap 1,000,000 gals; pumping engine, dy cap 1,000,000 gals; 41 hydrants; pipe 6 1-2 to 12 in dia; pressure, domestic 50 to 75, fire 80 pounds; works owned by company. Supt, Jno. L. Pushard. *

Rockland, Knox Co., population 8,174; mercantile buildings, brick and wood, 1 to 3 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hook and ladder truck, 6 hose carriages, all kinds; hose, cotton good 1,000 ft; 5 horses, value \$1,600; total ann expenses of department \$4,000; total membership 95, volunteers; Gamewell alarm; 10 street boxes; 4 fire companies, 1 hook and ladder company, 3 hose companies. Chief engineer, A. H. Jones.

WATER SUPPLY—Source, Mirror Spring lake, 7 miles distant; system, gravity; reservoir cap 2,500,000 gals; 52 hydrants; pipe 54 miles, 2 to 12 in dia; quality of water good, pressure 95 pounds; works owned by company. Pres and supt, J. W. Crocker.

Sacarrappa (See Westbrook).

Saco, York Co., population 7,000; fire area 1 mile sq; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 6,800 ft, linen good 300 ft; 4 horses, value \$1,000; total membership 36, all volunteers; 2 fire companies. Chief engineer, J. H. Dennett.

WATER SUPPLY—Source, Saco river, 2 1-2 miles above city; system, pump to reservoir, cap 10,000,000 gals; pumping engine, dy cap 7,500,000 gals; 64 hydrants, pipe 30 miles, 2, 4, 6, 8, 12, 16 in dia; pressure, domestic 60 pounds, fire same; works owned by Company. Supt, Jos. Birnie.

Sanford, York Co., population 4,201. Fire department—1 steam fire engine, 2 hook and ladder trucks, 5 hose carriages, 1 hand tub, 5 pumps. E. M. Goodall.

WATER SUPPLY—Source, springs and artesian well; system, gravity and direct; 1 tank, cap of tank 52,000 gals; pumping engine, dy cap 300 gals per minute; 12 hydrants; 2 miles of pipe, 18 valves; pressure, domestic 15, fire 55 pounds; cost to construct \$10,000; ann expenses \$400. Supt, C. A. Bodwell. *

Seaboard, Waldo Co., population 1,693; fire area 1,280 acres; mercantile buildings, wood, 2 stories; private, wood 1-2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 700 ft, linen good 700 ft; value of fire department equipment \$1,000; value of buildings occupied \$1,000; total membership 63; bell alarm. Chief engineer, J. H. Sullivan.

WATER SUPPLY—Source, 6 cisterns; cap 115,580 gals daily. *

Skowhegan, Somerset Co., population 5,500; fire area 640 acres; mercantile buildings, iron, brick and wood, 2 to 4 stories; private, wood, 1 1-2 to 3 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 2 hose wagons, 1 supply wagon; hose, cotton good 3,800 ft, inferior 550 ft, leather poor 700 ft; 5 horses, value \$1,200; value of fire department equipment \$10,000; value of buildings occupied \$3,000; total ann expenses of department \$2,400; total membership 60, paid part time 1, volunteer members 49; bell and whistle alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, J. S. Nutting.

WATER SUPPLY—Source, brook; system, pumping to standpipe; standpipe cap 275,000; pumping engine, dy cap 2,000,000 gals; 79 hydrants; pipe 10 miles, 2 to 10 in dia, 68 valves; pressure 70 to 100 pounds; waterworks owned by company; cost to construct \$116,000; cost to date \$120,000; ann expenses \$1,400. Pres, Gen. R. B. Shepherd; supt, S. W. Gould.

South Berwick, York Co., population 3,434; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hand engines, 1 hook and ladder truck, 4 hose carriages, all kinds; owned by private company, 1 hose carriage and 500 ft, linen hose; hose, rubber good 200 ft, cotton good 500 ft, linen good 500 ft, leather good 1,400 ft; value of fire depart-

ment equipment \$1,500; value of buildings occupied \$1,800; total ann expenses of department \$750; total membership 150, paid full time; bell alarm. Chief engineer, A. Carpenter.

WATER SUPPLY—Source, wells; system, pumping to reservoir, reservoir cap 600,000 gals; pumping engine, cap per min 725 gals; hydrants 15; pipe 3 miles, 8 and 6 in dia; pressure, 62 to 123 pounds; waterworks owned by company. Supt, J. W. Burleigh.

South Paris, Oxford Co., population 1,500; fire area 500 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 1 1/2 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 7 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton 1,500 ft, poor 100 ft; value of fire department equipment \$2,800; value of buildings occupied \$1,200; total ann expenses of department \$1,000; total membership 45, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 3 hose companies. Chief engineer, A. C. Jones.

WATER SUPPLY—Source, lake; system, pumping to reservoir, cap 500,000 gals; pumping engine, dy cap 1,000,000 gals; 24 hydrants; pipe 3 miles, 8 to 4 in dia; 10 valves; quality of water good; pressure, domestic 70, fire 80 pounds; works owned by company; cost to construct \$21,000. Pres and supt of com, W. W. Whitcomb.

Springvale, York Co., population 1,700; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 chemical extinguishers, 1 hose carriage; hose rubber good 400 ft; bell alarm. Chief engineer, J. W. Yeaton. Other apparatus—1 tub, hooks, ladders and buckets. *

WATER SUPPLY—Source, springs; system pumping to reservoir; reservoir cap 61,000 gals; pumping engine, 100 gals per minute; 3 hydrants; pipe 3 1/2 miles, 3 to 6 in dia; 10 valves; pressure, domestic 45, fire 160 pounds; works owned by company; original cost to construct \$10,000. Pres, I. A. Butler, supt, F. A. Clark.

Stockton, Waldo Co., population 1,149; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, linen good 200 ft; value of fire department equipment \$250; total membership 29; bell alarm. Chief engineer, C. Fletcher. *

WATER SUPPLY—Source, wells and cisterns. *

Thomaston, Knox Co., population 3,000; mercantile buildings, wood and brick, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 6 hose carriages, all kinds, 1 hose wagon; hose, cotton good 3,850 ft, inferior 400 ft; total ann expenses of department \$600; total membership 100, volunteers; church bell alarm. Chief engineer, S. Andrews.

WATER SUPPLY—Source, Lake; system, gravity; 27 hydrants; pipe 12 miles, 10 in dia; pressure, domestic 50 to 60, fire 50 to 90 pounds; waterworks owned by company. Supt, J. Crocker.

Topham, Sagadahoc Co., population 1,394; buildings, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, linen good 1,000 ft, rubber good 500 ft; value of fire department equipment \$2,000; total ann expenses of department about 500; total membership 50, volunteers; whistle and bell alarm. Chief engineer, E. M. Brown.

WATER SUPPLY—Source, river; 5 reservoirs. Town clerk, T. W. Gireen.

Tremont, Hancock Co., population 2,096; mercantile buildings, wood, 2 stories; private, wood, 1 1/2 to 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—A company has been formed to supply town. Geo. R. Fuller, clerk.

Vassalboro, Kennebec Co., population 2,000; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—steam fire engine, 1 hand engine, 1 hose carriage. *

Vinal Haven, Knox Co., population 2,617; mercantile buildings, wood, 1½ to 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, extension ladder, 1 hose carriage; 1,500 ft good cotton hose; value of fire department equipment \$4,300; value of buildings occupied \$700; total ann expenses of department \$179.81; total membership 45, paid part time. Chief engineer, O. P. Lyons.

WATER SUPPLY—Source, wells and cisterns.

Waldoborough, Lincoln Co., population 3,505; fire area 1 mile square; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 hand engines, 2 hose carriages; hose, cotton good 1,000 ft, inferior 800 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,200; bell alarm. Chief engineer, J. P. Gidden.

WATER SUPPLY—Source, wells and cisterns. Town clerk, P. E. Storer.

Warren, Knox Co., population 3,000; fire area 1 sq mile; mercantile buildings, wood, 2½ stories; private, same; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage, hose 300 ft. Foreman, A. L. Beardman.

WATER SUPPLY—Source, Georges river, wells and cisterns.

Waterville, Kennebec Co., population 8,000; fire area 1,300 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 2 hose wagons; hose, cotton good 8,000 ft; 4 hoses, value \$800; value of fire department equipment \$15,000; value of buildings occupied \$10,000; total ann expenses of department \$8,000; total membership 76, paid full time 2, paid part time 74; Gamewell alarm; street boxes 13; 1 engine company, 1 hook and company, 4 hose companies. Chief engineer, W. F. Brown.

WATER SUPPLY—Source, Messalonskee river; system, pumping to reservoir, cap 3,000,000 gals; pumping engines, dy cap 2,000,000 gals; hydrants 84; pipe 14 miles, 4 to 14 in dia; 150 valves; pressure 85 to 115 pounds; owned by company. Supt, John F. Nash.

Westbrook, (includes Saccarappa and Cumberland), Cumberland Co., population 7,000; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages, 2 hose wagon; hose, cotton good 3,250 ft; 3 hoses; value of fire department equipment \$5,000; value of buildings occupied \$5,700; total ann expenses of department \$1,200; total membership 51, paid part time; bell and whistle alarm. Chief engineer, Chas. H. Leighton.

WATER SUPPLY—Source, supplied from Portland.*

West Waterville, Kennebec Co. (See Oakland.)

Wilton, Franklin Co., population 1,600; fire area 1.2 mile; mercantile buildings, wood, 1 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. No fire department.

WATER SUPPLY—Source, wells and cisterns. Village clerk, B. M. Small.

Winn, Penobscot Co., population 936; buildings, wood, 1 and 2 stories; wooden roofs per-

mitted. Fire department—1 chemical engine; value of fire department equipment \$400. Chief engineer, T. E. Joy.

WATER SUPPLY—Source, river

Winterport, Waldo Co., population 1,926; Fire department—1 chemical engine, hooks Town clerk, C. R. Hill.

WATER SUPPLY—Source, private wells and cisterns, brook and river. Town clerk, C. R. Hill.

Winthrop, Kennebec Co., population 2,111; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder company, 2 hose carriages; hose, cotton good 1,500 ft; total ann expenses of department about \$250; total membership 25, volunteers; bell alarm. Chief engineer, B. A. Wing.*

WATER SUPPLY—Source, not given; system, gravity and direct pumping; force pump in factory; 10 hydrants; cost to construct \$5,000. Town clerk, E. S. French.*

Wiscasset, Lincoln Co., population 1,733; fire area 40 acres; mercantile buildings, brick and wood, 1, 2 and 3 stories; private, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 2 hose carriages; hose, rubber good 200 ft; leather good 1,050; total ann expenses of department about \$300; total membership 100, paid part time; whistle and bell alarm. Fire warden, E. B. Neal.*

WATER SUPPLY—Source, river and wells.*

Woodford, Cumberland Co. (See city of Deer-ing.)

Yarmouth, Cumberland Co., population 2,098; fire area 4,000 acres; buildings, wood, 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; total membership 40. Chief engineer, Henry Leavitt.

WATER SUPPLY—Source, river and springs; system, gravity; pipe 1 mile, 3 in dia; 2 valves; 30 taps; service pipe 3-4 in galv iron; works owned by company; original cost to construct \$1,200; ann expenses \$25; int on bonds 6 per cent. Pres, L. E. Cook.

York Beach, York Co., population 3,000; buildings, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—12 chemical extinguishers, 1 hook and ladder truck, 4 dozen fire pails; value of equipment \$250; value of buildings occupied \$200; membership 35, volunteers; bell alarm. Foreman, F. E. Frisbee.

WATER SUPPLY—Source, artesian well; system, pumping to tanks; cap 42,000 gals; pumping engines, dy cap 192,000 gals; pipe 6 miles, 3 to 6 in dia; pressure 30 to 60 pounds; works owned by company; cost to construct \$30,000; ann expenses \$643. Supt, H. E. Evans. (Will extend mains and put in fire hydrants this year.)

Places having a population of 1,000 and upward reported as having no fire protection: Belgrade, Kennebec Co., population 1,090; Bristol, Lincoln Co., population 2,821; Brooklin, Hancock Co., population 1,046; Brookville, Hancock Co., population 1,310; Chelsea, Kennebec Co., population 2,356; Deer Isle, Hancock Co., population 3,422; Durham, Androscoggin Co., population 1,111; Franklin, Hancock Co., population 1,264; Harpwell, Cumberland Co., population 1,766; Harrington, Washington Co., population 1,150; Lebanon, York Co., 1,263; Parsonfield, York Co., population 1,398; Readfield, Kennebec Co., population 1,178; Standish, Cumberland Co., population 1,341; Turner, Androscoggin Co., 2,016; Van Buren, Arcootook Co., population 1,168; Warren, Knox Co., population 2,037; Waterboro, York Co., population 1,357; Windham, Cumberland Co., population 2,216.

MARYLAND.

Annapolis, Anne Arundel Co., population 7,604; buildings, brick and wood, 2 and 3 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, siamese couplings; hose, cotton good 1,300 ft, rubber good 600 ft; value of equipment \$3,985; value of buildings occupied \$600; expenses for past year \$750; total membership 100; bell alarm. Chief engineer, Julian Brewer. Apparatus and equipment of naval academy available in case of emergency.

WATER SUPPLY—Source, springs; system, pumping to reservoir; and direct; reservoir cap 10,000,000 gals; pumping engines, dy cap 800,000 gals; 45 hy-

drants; mains 4 to 8 in dia; 20 valves; pressure 10 to 30 pounds; waterworks owned by company; cost to construct \$61,450, to date \$90,000; ann expenses \$9,000. Pres of company, Jas. H. Brown.

Baltimore, Baltimore Co., population 434,439; fire area 33 sq miles; mercantile buildings, brick, iron and stone, 3 to 8 stories; private, brick and stone, 2 to 5 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—18 steam fire engines, 1 fire boat, 8 chemical engines on wheels, 34 chemical extinguishers, 9 hook and ladder trucks, 6 aerial

trucks, 5 hose carriages, 11 hose wagons, 1 supply wagon. (In reserve: 5 steam fire engines, 10 hose carriages, 1 aerial truck, 1 bank and 1 light truck, 1 chemical engine, 16 chemical extinguishers;) hose, rubber good 2,700 ft, inferior 2,550 ft, cotton good 34,400 ft, inferior 14,150 ft; 141 horses, value \$42,300; value of fire department equipment \$200,000; value of buildings occupied \$300,000; total ann expenses of department \$420,784; total membership 304, paid full time; Gamewell electric alarm; street boxes 348. Chief engineer, John J. Ledden. (Proposed: 1 Hayes truck, 6 hose wagons) Salvage Corps.—2 patrol wagons, 5 horses, 282 covers, 6 fire extinguishers, 16 men. Capt. J. C. McGregor.

WATER SUPPLY—Source, Jones' Falls and Gunpowder river; system, gravity and pumping to reservoir; reservoirs and lakes cap 2,315,000,000 gals; pumping engines, dy cap 21,000,000 gals; hydrants 1,474; pipe 2,528,609 ft, 1½ to 40 in; pressure 25 to 75 pounds; waterworks owned by city; original cost to construct \$12,000,000; ann expenses \$160,000. Supt, Wm. L. Kenly.

Bel Air, Harford Co., population about 2,000; fire area 400 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories. Fire department—2 hose carriages, 6 ladders, hooks and buckets; hose, cotton good 750 ft; value of fire department equipment \$700; value of buildings occupied \$200; total membership 50, volunteers; bell alarm. Chief, H. B. Bruns.

WATER SUPPLY—Source, springs, 3 miles distant; system, gravity; cap of reservoir 1,500,000 gals; 45 hydrants; pipe 6 miles, 8 to 4 in dia; valves 12; pressure 35 pounds; works owned by company; cost to construct \$40,000; cost to date \$42,257; ann expenses \$300. Supt, John S. Dallam.

Boonsboro, Caroline Co., population 800; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, other apparatus, 25 buckets; value of fire department equipment \$400; value of buildings occupied \$125; bell alarm.*

WATER SUPPLY—Source, wells and cisterns. (Works contemplated.)

Brunswick, Frederick Co., population not given; fire area 3 square miles; mercantile buildings, wood, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. No fire department.*

WATER SUPPLY—Source, wells and cisterns. City clerk, E. C. Shafer. (Works talked of.)*

Cambridge, Dorchester Co., population 4,192; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 supply wagon; hose, cotton good 2,500 ft, linen good 304 ft; value of fire department equipment \$10,000; value of buildings occupied \$2,500; total ann expenses of department \$300; membership 100, volunteers; bell alarm, McShane; 5 fire companies, 2 engine companies, 1 hook and ladder company, 2 hose companies. Chief engineer, W. J. Edger.

WATER SUPPLY—Source, artesian wells, 365 ft deep; system, pumping to standpipe and direct; standpipe cap 115,000 gals; pumping engines, dy cap 1,500,000 gals; hydrants 32; pipe 6 miles; taps 348; valves 49; pressure, domestic 40 to 50, fire 75 to 100 pounds; waterworks owned by company. Supt, G. Warren Mundy.

Catonville, Baltimore Co., population 2,115. No organized fire department—1 chemical engine; hose, rubber good 250 ft.*

WATER SUPPLY—Source, artesian wells and streams; system, pumping to 2 tanks; cap of tanks 585,000 gals; pumping engines, dy cap 500,000 gals; 6 miles mains; 8 meters; 160 taps; 10 fire plugs. Pres and sec, J. M. Cone.*

Centreville, Queen Anne Co., population 1,300; fire area 100 acres; mercantile buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage, 2 extension ladders, buckets and axes; hose, linen good 850 ft, inferior 100 ft; value of fire department equipment \$1,000; total membership 35, all volunteers; bell alarm. Chief engineer, F. Gemmill.

WATER SUPPLY—Source, stream; system, pump-

ing to standpipe, cap 87,500 gals; 40 hydrants; pipe 3 miles; cost to construct \$17,000. Supt, Horace Vasey.

Chestertown, Kent Co., population 3,000; fire area 250 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick, 2 and 3 stories; shingle and slate roofs; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, rubber good 1,000 ft, inferior 500 ft, leather good 300 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,200; total membership 40, volunteers; bell alarm. Chairman of fire com, C. F. Westcott.

WATER SUPPLY—Source, springs; system, pumping to reservoir; reservoir cap 1,000,000 gals; pumping engines, dy cap 240,000 gals; 50 hydrants; pipe 6 miles, 8, 4 and 3 in dia; 16 valves; 250 taps; pressure, domestic 25 to 30, fire 30 to 60 pounds; waterworks owned by company; original cost to construct \$25,000; ann expenses \$2,000. Chairman of com and mayor, C. T. Westcott.

Crisfield, Somerset Co., population 3,000; buildings, wood, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hose carriage, 2 hand ladders, stamess couplings used; hose, rubber good 800 ft, poor 400 ft; value of fire department equipment \$5,000; 2 horses, value \$250; value of buildings occupied \$750; ann expenses \$600; volunteers 15, 1 paid member; bell alarm; fire patrols supported by subscription and tax. Chief engineer, A. T. Somers.

WATER SUPPLY—Source, artesian wells, river; system, pumping to standpipe, cap 84,750 gals; dy cap 2,500,000; pipe 6 miles, 12 to 4 in dia. Pres and supt, John H. Buxtin.

Cumberland, Allegany Co., population 14,796; fire area 3,000 acres; mercantile buildings, brick and stone, 1 to 6 stories; private, brick, 1 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 3 hand engines, 1 chemical engine, 7 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, cotton good 2,000 ft, inferior 1,500 ft, rubber good 1,000 ft, poor 500 ft; 2 horses, value \$500; value of fire department equipment \$15,000; value of buildings occupied \$18,000; total ann expenses of department \$1,000; total membership 800, volunteers; bell and whistle alarm. Chief engineer, W. B. Clark.

WATER SUPPLY—Source, Potomac river; system, pumping direct into mains; pumping engines, dy cap 2,000,000 gals; hydrants 130; pipe 16 miles, 24 to 8 in; taps 2,200; valves 65; pressure, domestic 75 lbs, fire 90 to 120 pounds; waterworks owned by city; original cost to construct \$100,000; expenses of construction to date \$180,000 (estimated); ann expenses \$7,500. Supt, D. A. Wineon.

Easton, Talbot Co., population 2,600; fire area 3-4 mile sq; buildings, brick and wood, 2 and 3 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,650 ft, inferior 200 ft, leather good 500 ft, cotton good 300 ft; value of equipment \$8,500; value of buildings occupied \$3,000; total membership 40, all volunteers; bell alarm. Chief engineer, E. Roberts.*

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; 1 reservoir, cap 135,000 gals; standpipe 85,000 gals; pumping engines, dy cap 750,000 gals; 40 hydrants; pipe 6½ miles, 4 to 8 in dia; 50 valves; 275 taps; pressure, domestic 45, fire 150 pounds; works owned by company; cost to construct \$40,000; cost to date \$30,000; ann expenses \$1,500. Supt and sec, W. E. Shanahan.

Elkton, Cecil Co., population 2,800; fire area 500 acres; mercantile buildings, brick and wood, 2½ stories; private, brick and wood, 2½ stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$3,000; total membership 70, volunteers; bell alarm. Chief engineer, J. M. Tucker.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; reservoir cap 1,500,000 gals; pumping engines, dy cap 750,000 gals; hydrants 50; pipe 5 1-2 miles, 10 to 4 in dia; valves 10; pressure 75 pounds; waterworks owned by

company; original cost to construct \$35 to \$40,000. Supt. Walter Denny.

Killecott City, Howard Co., population 2,000; fire area 4 miles; mercantile buildings, stone and wood, 1 and 2 stories; dwellings, stone and wood, 1 and 2 stories. Fire department—2 (6 gal) chemical extinguishers, 1 hook and ladder truck, 60 rubber buckets; value of equipment \$500; value of buildings occupied \$500; membership 75, all volunteers; bell alarm; 1 fire company. Chief engineer, B. T. Scaggs.

WATER SUPPLY—Source, wells, springs and streams. Register, Jas. E. Vansant. (Will probably put in waterworks.)

Kennettburgh, Frederick Co., population 950. Fire department—1 hook and ladder truck, 2 hose carriages; hose, leather good 1,500 ft; total membership 50, volunteer. Chief engineer, G. T. Ryster.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 1,000,000 gals; hydrants 16; pipe 4 miles, 4, 6 and 8 in dia; 5 valves; pressure 125 pounds; works owned by company; cost to construct \$18,000; ann expenses \$400. Pres and supt of com, I. S. Arman.

Fort McHenry, Baltimore Co., population 250; mercantile buildings, brick and frame, 2 stories; private, wood, 2 stories; tin and slate roofs used; no fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages, all kinds, Babcock extinguishers; hose, linen good 1,000 ft; total membership 180; bugle alarm. Chief officer, Col. E. C. Bambridge.*

WATER SUPPLY—Source, see Baltimore.*

Frederick, Frederick Co., population 8,193. Fire department—3 steam fire engines, 4 chemical extinguishers, 2 hook and ladder trucks, 10 hose carriages; hose, rubber good 2,000 ft, leather good 500 ft; total membership 700, all volunteers.

WATER SUPPLY—Source, river and spring; system, gravity; reservoir cap 1,900,000 gals; 101 hydrants; 10 miles pipe, 4 to 10 in dia; 35 gates; 1 meter; pressure 15 to 25 pounds; cost to construct \$125,000; ann expenses \$1,700. Supt, F. F. Tyers.*

Frostburg, Allegany Co., population 5,000; fire area 5 miles; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 1 to 3 stories; tin and sheet-iron roofs; fireworks ordinance. Fire department—2 hook and ladder trucks, 2 hose carriages; hose, rubber good 1,000 ft, poor 500 ft; value of fire department equipment \$2,000; value of buildings occupied \$4,000; ann expenses \$380; total membership 70, volunteers; bell alarm. Chief engineer, Frank Spata.

WATER SUPPLY—Source, springs 1 1/2 miles distant; system, gravity; reservoir cap 4,650,000 gals; 38 hydrants; pipe 61-2 miles, 2 to 8 in dia; 28 valves; pressure 80 to 120 pounds; waterworks owned by city; cost to construct \$40,000; cost to date \$55,000; ann expenses \$1,300. Supt, Alfred Jaffries.

Govanstown, Baltimore Co., population 3,000; fire area 12 acres; buildings, private, brick and wood, 2, 3 and 4 stories; wooden roofs permitted. Fire department—1 chemical engine on wheels, 12 chemical extinguishers, 1 hook and ladder truck; hose, rubber good 500 ft; 2 hoses, value \$700; value of fire department equipment \$4,000; value of buildings occupied \$4,000; 10 companies; total ann expenses of department \$2,300; members paid full time 2, paid part time 2, volunteers 7; Gamewell alarm; 83 street boxes. Chief engineer, Geo. B. Tracy.*

WATER SUPPLY—(Works not reported.)

Hagerstown, Washington Co., population 12,500; fire area 2 miles by 2 miles; mercantile buildings, brick, 2 and 3 stories; private, brick, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 steam fire engines, 3 hand engines, 1 hook and ladder truck, 5 hose carriages; hose, cotton good 3,600 ft, fair 1,400 ft, leather good 1,000 ft; 5 hoses; value of equipment \$15,000; value of buildings occupied \$28,000; total ann expenses of department \$1,200; total membership 2,000, volunteers; bell alarm; 5 fire companies. Mayor, R. J. Hahn.

WATER SUPPLY—Source, springs and artesian well, located on Blue Ridge Mountains; system, gravity; reservoir cap 20,000,000 gals; dy cap 1,500,000 gals; pumping engines; 58 hydrants; pipe 23 miles, 4 to 12 in dia; 70 valves; pressure, domestic 80 to 100 pounds, fire same; works owned by company; cost to construct \$150,000; ann expenses

\$2,500; int on bonds 4 per cent. Supt and treas, C. F. Manning.

Havre de Grace, Hartford Co., population 3,344; mercantile buildings, wood and brick, 2 1/2 stories; private, wood, 2 1/2 stories; wooden roofs permitted. Fire department—2 hose carriages; hose, rubber good 2,500 ft; value of buildings occupied \$300; total ann expenses of department \$700. Chief engineer, B. T. Mitchell.

WATER SUPPLY—Source, Susquehanna river; system, pumping to reservoir; reservoir cap 4,000,000 gals; Davidson Steam Pump Co. pumping engines, dy cap 360,000 gals; pipe 5 miles; 5 meters; quality of water good; pressure, domestic 80 to 100, fire 130 pounds; waterworks owned by company; cost to construct \$20,000; int on bonds 6 per cent. Supt, J. W. Maalin.

Laurel, Prince George Co., population 1,984; buildings, wood, 1 and 2 stories; private, wood; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, buckets.*

WATER SUPPLY—Source, wells.*

Libertytown, Frederick Co., population about 600; fire area 75 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine; value of fire department equipment \$750; value of buildings occupied \$400; total membership 40, volunteers; 1 fire company. Sec. Edw. Devillias.

WATER SUPPLY—Source, wells and cisterns.

Lonaconing, Allegany Co., population 7,000; fire area 260 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 500 ft, linen good 800 ft; value of fire department equipment \$2,400, membership 40, volunteers. Chief engineer, Samuel Barber, Jr.

WATER SUPPLY—Source, creek and streams.

Mechanicstown, Frederick Co., population 1,200; fire area 8 miles; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 800 ft; value of fire department equipment \$1,250; value of buildings occupied \$4,500; total membership 50, volunteers; bell fire alarm. Foreman, Chas. E. Cassell.

WATER SUPPLY—Source, mountain stream; system, gravity; reservoir cap 100,000 gals; hydrants 18; pipe 3 miles, 6 in dia; pressure, domestic 80, fire 90 pounds; waterworks owned by company; cost to construct \$10,000; ann expenses \$100. Supt, S. M. Birely.

Northeast, Cecil Co., population 1,850; fire area 95 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—chemical extinguishers and buckets.

WATER SUPPLY—Source, wells.

Oakland, Garrett Co., population 1,200; fire area 75 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 8 chemical extinguishers, 1 hook and ladder truck; hose, linen good 150 ft; value of fire department equipment \$1,200; value of buildings occupied \$200. Chairman of fire and water com, W. Henebaught.

WATER SUPPLY—Source, wells, cisterns and river. (Works will be put in at an early date.) Mayor, A. G. Sturgis.

Pocomoke City, Worcester Co., population 2,000; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose, linen good 1,100 ft; value of fire department equipment \$3,000; value of buildings occupied \$700; expenses for past year \$500; total membership 25, all volunteers; whistle and bell alarm. Chief engineer, R. M. Stevenson.

WATER SUPPLY—Source, river and private wells.

Port Deposit, Cecil Co., population 1,808; mercantile buildings, granite, wood and brick, 3 stories; private, wood, 2 1/2 stories; fireworks ordi-

nanos. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages, 6 buckets; hose cotton good 1,700 ft. inferior 300 ft. rubber good 300 ft. inferior 200 ft; horses hired; total membership 60, 1 paid part time; bell and whistle alarm; 2 fire companies. Chief engineer, G. A. Hinwahter.

WATER SUPPLY—Source, river and springs. (Will put in regular system of works.)

Saint Michaels, Talbot Co., population 1,500; fire area 5 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, bucket brigade; hose, rubber good 100 ft. poor 75 ft. linen new 75 ft; value of fire department equipment \$500; value of buildings occupied \$300; total ann expenses of department \$100; total membership 25, volunteers; bell alarm. Chief engineer, S. F. Lewis.

WATER SUPPLY—Source, wells; 3 artesian wells. Town clerk, J. W. Dean.

Salisbury, Wicomico Co., population 2,905; mercantile buildings, wood and brick, 2 and 3 stories; private, wood and brick, 2, 2½ and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,500 ft. inferior 800 ft; 4 horses, value \$800; value of fire department equipment \$10,000; value of buildings occupied \$500; total ann expenses of department \$300; total membership 125, paid part time 2; bell alarm. Chief engineer, Fred A. Grier.

WATER SUPPLY—Source, river and artesian wells; system, pumping to standpipe and direct; cap of standpipe 86,500 gals; pumping engines, dy cap 875,000 gals; 22 hydrants; pipe 5½ miles, 2 to 8 in dia; 60 valves; pressure 45 to 135 pounds; cost to construct \$25,000; cost to date \$30,000. Supt, L. B. Bell.

Snow Hill, Worcester Co., population 1,600; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fire-

works ordinance. Fire department—bucket brigade; bell and whistle alarm.

WATER SUPPLY—Source, Pocomoke river and wells; (fire department was destroyed in fire last year; strong effort being made to put in waterworks and new equipment.)

Tewson, Baltimore Co., population 1,487; fire area 10 acres; mercantile buildings, brick, 2 stories; dwellings, wood, 1 story; no fireworks ordinance; wooden roofs not permitted. Fire department—ladders and buckets; bell alarm.*

WATER SUPPLY—Source, cisterns and wells.*

Union Bridge, Carroll Co., population 1,000; buildings, brick and wood, 3 and 2 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, 1,000 ft; total membership 37, volunteers; bell alarm. Chief engineer, Chas. T. Hiltabidle.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 425,000 gals; pumping engines, dy cap 250,000 gals; 18 hydrants; pipe 2½ miles, 4 to 8 in dia; 40 gates; pressure 40 to 100 pounds; waterworks owned by company; cost to construct \$17,500; ann expenses \$350. Supt, J. Hollenberger.

Westminster, Carroll Co., population 2,903; mercantile buildings, brick, 2 and 3 stories; private, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, rubber good 500 ft. leather 500 ft. cotton good 500 ft; value of fire department equipment \$2,500; value of buildings occupied \$3,000; total ann expenses of department \$150; total membership 50, volunteers. Chief engineer, F. K. Herr.

WATER SUPPLY—Source, springs, 1 mile south-east of city; system, pumping to reservoir and direct; reservoir cap 1,000,000 gals, 2 pumping engines, dy cap 500,000 gals each; 45 hydrants; pipe 51-8 miles, 2 to 8 in dia; pressure, domestic 55, fire 100 pounds; waterworks owned by company; cost to construct \$45,000; ann expenses \$2,000. Supt, W. W. Taylor.

MASSACHUSETTS.

Abington, Plymouth Co., population 4,800; mercantile buildings, wood, 3 and 4 stories; private, wood, 1½ and 2½ stories; wooden roofs permitted; State fireworks ordinance. Fire department—private chemical extinguishers, 2 hook and ladder trucks, 4 hose carriages; hose, cotton good 3,000 ft; 8 horses, hired; value of fire department equipment \$4,000; value of buildings occupied \$5,000; total ann expenses of department \$3,400; total membership 85; bell and whistle alarm; 2 hook and ladder companies, 2 hose companies. Chief engineer, A. H. Wright.

WATER SUPPLY—Source, Big Sandy Pond; system, pumping to standpipe; standpipe cap 307,000 gals; pumping engines, dy cap 3,000,000 gals; 142 hydrants; pipe 20 miles, 4 to 12 in dia; 85 valves; pressure 65 to 75 pounds; waterworks owned by town; cost to construct \$175,000. Supt, A. H. Wright.

Acton, Middlesex Co., (includes North, South, East and West Acton) population 2,000; mercantile buildings, wood, 2 stories; private, wood, 1-1-2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—3 hand engines, 4 hook and ladder trucks, hose carried on engine; pails and Johnson hand pumps; hose, cotton good 150 ft. rubber good 60 ft. linen good 550 ft; value of fire department equipment \$1,500; value of buildings occupied \$500; total membership 100, volunteers; church bell alarm. Chief engineer, L. V. Bowen.

WATER SUPPLY—Source, river.*

Adams, Berkshire Co., population 9,500; fire area 25 sq miles; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 6 hose carriages; hose, cotton good 2,400 ft. linen unlined good 500 ft; value of fire department equipment \$4,000; value of buildings occupied \$7,000; ann expenses \$800; total membership 45, volunteers; electric alarm; 18 street boxes. Chief engineer, Henry A. Jones.

WATER SUPPLY—Source, mountain streams; system, gravity; reservoir cap 16,000,000 gals; pump-

ing engines, dy cap 500 gals per minute; 180 hydrants; pipe 10 miles, 4 to 12 in dia; 50 valves; pressure 110 to 150 pounds; waterworks owned by fire district; cost to construct \$150,000; cost to date \$200,000. Pres. N. H. Birby; supt, C. A. Waters.

Agawam, Hampden Co., population 2,353; mercantile buildings, stone and wood, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. No organized fire department.

WATER SUPPLY—Source, springs; system, gravity; pipe 5 miles, 4 in dia; pressure 45 pounds. Pres and owner, Chas. L. Goodhue; town clerk, Judson W. Hastings.

Amesbury, Essex Co., population 10,000; fire area 1,500 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 5 chemical extinguishers, 1 hook and ladder truck, 4 hose wagons; hose, cotton good 6,000 ft; 10 horses, value \$2,000; value of fire department equipment \$8,000; value of buildings occupied \$7,000; expenses of department for past year \$4,000; total membership 79, paid part time; whistle and bell alarm. Chief engineer, W. J. Bishop; chairman, R. F. Briggs.

WATER SUPPLY—Source, springs and driven wells; system, pumping to reservoirs and direct; 1 reservoir, cap 2,000,000 and 1 of 300,000 gals; 2 pumping engines, dy cap 1,000,000 gals each and 1 of 500,000 gals; 125 hydrants; pipe 10 miles, 4 to 12 in dia; pressure, domestic 60, fire 100 pounds; waterworks owned by company; cost to construct to date \$130,000; Pres of com, Richard F. Briggs; treasurer, E. R. Sibley.

Amherst, Hampshire Co., population 4,600; fire area whole town; mercantile buildings, wood, stone and brick, 3 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 4 chemical extinguishers, 2 hose carriages, all kinds, 1 hose wagon; hose, cotton good 2,300 ft; value of fire department equipment \$2,300; value of buildings occupied

\$1,000; total ann expenses of department \$900; total membership 36, paid part time; bell alarm. Chief engineer, John Mullen.

WATER SUPPLY—Source, Amethyst Brook; system, gravity; reservoir cap 1,000,000 gals; 50 hydrants; pipe 15 miles, 2 to 12 in dia; pressure, domestic 100, fire 80 to 100 pounds; waterworks owned by company; cost to construct \$80,000. Supt, Wm. W. Hunt.

Andover, Essex Co., population 6,142. Fire department—2 steam fire engines, 1 hook and ladder truck, 1 hose wagon, 2 hose carriages; hose, cotton good 5,000 ft; 3 horses, value \$600; value of fire department equipment \$7,400; value of buildings occupied \$12,000; total expenses of department for past year \$2,500; total membership 40; 2 fire companies; electric alarm. Chief engineer, Lewis L. Hardy.

WATER SUPPLY—Source, Haggatts pond; system, pumping to reservoir, cap 1,250,000 gals; pumping engines, dy cap 1,500,000 gals; 178 hydrants; pipe 23½ miles, 4 to 14 in dia; 216 valves; 801 taps; pressure, domestic 75 pounds; fire direct pressure from pumps; waterworks owned by town; cost to construct \$160,000; cost to date \$182,000; ann expenses \$4,000. Supt, John E. Smith.

Arlington, Middlesex Co., population 8,000; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 5 chemical extinguishers, 1 hose wagon, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 3,800 ft; 4 horses, value \$1,000; value of fire department equipment \$8,000; value of buildings occupied \$25,000; total ann expenses of department \$4,500; total membership 53, paid full time 1, paid part time 52; Gamewell alarm; 28 street boxes. Chief engineer, Chas. Gott.

WATER SUPPLY—Source, surface water and springs; system, gravity; reservoir cap 70,000,000 gals; 124 hydrants; pipe 17 miles, 12 to 4 in dia; 101 valves; 895 taps; pressure 50 to 75 pounds; works owned by town; original cost to construct \$310,589; cost to date \$604,744; ann expenses \$9,000. Chairman, A. D. Horitt; supt, Thos. Roden.

Ashburnham, Worcester Co., population 2,074; buildings, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 3 hose carriages; hose, cotton good 2,000 ft, leather poor 500 ft; value of fire department equipment \$7,000; value of buildings occupied \$4,000; total ann expenses of department \$800; total membership 100, volunteers; bell alarm. Chief engineer, J. W. Bride.

WATER SUPPLY—Source, springs; system, gravity; impounding reservoir, cap 1,500,000 gals; 18 hydrants; pipe 3 miles, 10 to 6 in dia; valves 10; pressure, domestic 40, fire 70 pounds; water owned by company; cost to construct \$10,000; ann expenses \$60. Pres of com, I. W. Adams; supt, W. B. Whitney.

Ashby, Middlesex Co., population 825; buildings, wood, 2 stories. Fire department—1 chemical engine on wheels; value of fire department equipment \$1,100; total ann expenses of department \$25; total membership 30, volunteers; bell alarm. Chief engineer, Chas. O. Green.*

WATER SUPPLY—Source, wells. Town clerk, J. W. Sheldon.*

Ashland, Middlesex Co., population 2,532; fire area 7,672 acres; mercantile buildings, wood and brick, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck (extension), 2 hose carriages, 2 hose couplings used; hose, cotton good 3,000 ft; 4 horses, hired; value of fire department equipment \$7,700; value of buildings occupied \$2,000; total ann expenses of department \$900; total membership 40; bell alarm. Chief engineer, J. H. Bacon.

WATER SUPPLY—Source, river, brooks and ponds.

Attol, Worcester Co., population 6,319; fire area 2,000 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—3 steam fire engines, 1 hand engine (in reserve), 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, cotton good 6,500 ft, inferior 1,500 ft, rubber inferior 150 ft, leather inferior 350 ft; 4 horses, value

\$1,000; value of fire department equipment \$12,000; value of buildings occupied \$1,500; total ann expenses of department \$6,500; total membership 80, paid part time; bells and whistle alarm. Chief engineer, F. A. Hopkins. (Cost of new fire station \$15,000; will put in alarm system.)

WATER SUPPLY—Source, brooks and springs; system, gravity; 4 reservoirs, cap 80,000,000 gals; 60 hydrants; pipe 15 miles, 4 to 14 in dia; 30 meters; quality of water good; filter; pressure, domestic 50 to 140 pounds, fire same; works owned by company; cost to construct \$150,000; ann expenses \$2,500; int on bonds 4 per cent. Supt, Warren G. West.

Attleborough, Bristol Co., population 7,577; fire area 2,700 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 6 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages; Eastman Deluge set; hose, cotton good 3,000 ft, inferior 500 ft, leather inferior 500 ft; 4 horses, 2 hired; value of fire department equipment \$10,000; value of buildings occupied \$10,000; total ann expenses of department \$4,500; total membership 51, paid part time 39, volunteers 12; Gamewell alarm; 20 street boxes. Chief engineer, H. R. Packard.

WATER SUPPLY—Source, wells and river; system, pumping to standpipe and direct; standpipe cap 700,000 gals; pumping engines, dy cap 2,500,000 gals; 137 hydrants; pipe 23 miles, 4 to 16 in dia; 400 meters; quality of water clear; pressure, domestic 67 pounds, fire same; cost to construct \$170,909.82; ann expenses \$4,040. Supt, H. A. Borden.*

Avon, Norfolk Co., population 1,500; fire area 2 miles; mercantile buildings, wood, 2 and 3 stories; private, wood, 1½ to 2½ stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hose wagon and 1 reel; hose, cotton good 1,200 ft, inferior 200 ft; 2 horses, hired; value of fire department equipment \$4,500; value of buildings \$2,000; total ann expenses of department \$500; total membership 18; bell and whistle alarm. Chief engineer, William Geary.

WATER SUPPLY—Source, well fed by spring; system, pumping to standpipe; cap 212,670 gals; pumping engines, dy cap 1,000,000 gals; 49 hydrants; pipe 6 miles, 6, 8 to 10 in dia; 33 valves; 248 taps; pressure, domestic 66, fire 85 pounds; works owned by town; cost to construct \$52,000; ann expenses \$1,800. Supt, N. Tucker.

Ayer, Middlesex Co., population 2,300; fire area 7 sq miles; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton rubber lined good 1,700 ft; value of fire department equipment \$3,500; value of buildings occupied \$800; total ann expenses of department \$800; total membership 50, paid full time 40, paid part time 10; bell and whistle alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, Augustus Louger.

WATER SUPPLY—Source, collecting well; system, pumping to reservoir; cap 1,000,000 gals; pumping engines, dy cap 2,000,000 gals; 43 hydrants; pipe 5.35 miles, 1 to 14 in dia; 14 meters; pressure 65 pounds; waterworks owned by town; cost to construct \$63,000; int on bonds 4 per cent. Supt, H. W. Whitney.*

Baldwinsville (See Templeton).

Barre, Worcester Co., population 2,239; fire area 7 miles sq; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 1 chemical engine on wheels, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,500 ft, rubber good 465 ft; value of fire department equipment \$4,281.50; value of buildings occupied \$1,700; total expenses of department for past year \$881.68; total membership 22, paid part time, volunteers 52; bell alarm. Chief engineer, C. W. Fallansby.

WATER SUPPLY—Source, stream, large reservoirs.

Bedford, Middlesex Co., population 1,200; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose car-

riages; hose, linen good 550 ft, rubber 26 ft; value of fire department equipment \$2,200; value of buildings occupied \$900; total ann expenses of department \$450; total membership 80, paid full time; bell alarm. Chief engineer, Jas. H. Gillooly.

WATER SUPPLY—Source, 5 large cisterns, cap 15,000 gals each, and stream.

Belchertown, Hampshire Co., population 2,120; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$400; total membership 15, volunteers. Foreman, H. A. Hopkins.

WATER SUPPLY—Source, wells and springs. Town clerk, G. W. Longley. (A system of works is contemplated.)

Belmont, Middlesex Co., population 2,098; buildings, wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 1 chemical engine on wheels, 2 hose carts, 2 hose wagons, 2 pumps, hand grenades; hose, cotton good 3,600 ft, inferior 2,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$5,000; total ann expenses of department \$1,000; total membership 33, paid part time; Stevens electric alarm; 15 street boxes. Chief engineer, G. H. Prentiss.

WATER SUPPLY—Source, Watertown Water Supply Co., brooks; 101 hydrants; 10 1-10 miles of pipe, 2 to 12 in dia; 133 meters; cost to construct \$58,200. Supt, W. J. Underwood.

Beverly, Essex Co., population 13,000; fire area 8,000 acres; mercantile buildings, wood and brick, 2 to 5 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 8 chemical extinguishers, 2 hook and ladder trucks, 6 hose carriages, all kinds, 3 hose wagons; hose, rubber good 9,000 ft, inferior 1,200 ft; 7 horses, value \$2,100; value of fire department equipment \$23,000; value of buildings occupied \$40,000; total ann expenses of department \$12,000; total membership 160, paid full time 6, paid part time 154; Gamewell alarm; street boxes 30. Chief engineer, Levi K. Goodhue.

WATER SUPPLY—Source, Wenham Lake; system, pumping to reservoir and direct; reservoir cap 3,200,000 gals; pumping engines, dy cap 4,000, 000 gals; 230 hydrants; pipe 57 miles, 4 to 18 in dia; 350 valves; taps 2,600; pressure 75 pounds; waterworks owned by town; cost to construct \$900,000. Pres, Peter E. Clark; supt, Chas. Pickett.

Billerica, Middlesex Co., population 2,380 (includes North Billerica); fire area 17,000 acres; mercantile buildings, brick, 4 stories; private, wood, 2 and 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine, 12 chemical extinguishers, 2 hook and ladder trucks, 1 hose carriage, 1 hose wagon; hose, linen good 3,700 ft; auxiliary apparatus covering the village, 4 rotary force pumps, 350 ft linen and rubber lined hose, and 2 carriages and hose company; 10 men, connected with mills; value of fire department equipment \$7,000; value of buildings occupied \$7,000; total ann expenses of department \$7,500; total membership 80, paid part time. Chief engineer, Edward B. Haskell.

WATER SUPPLY—Source, river, wells and cisterns. Town clerk, Dudley Foster.

Blackinton, Berkshire Co., population 1,000; buildings, wood, 2 to 4 stories; wooden roofs permitted. Fire department—1 hose carriage, 500 hand grenades; hose, 500 ft cotton good, 500 ft of unlined linen good; value of fire department equipment \$1,000; automatic alarm. D. Eadie.

WATER SUPPLY—Source, brook and mountain springs; system, gravity and direct; reservoir cap 250,000 gals; 3 force pumps; 5 hydrants; pipe ½ mile, size ½ to 6 in dia; 3 valves; pressure, 141 pounds; cost to construct \$7,000; Blackinton Co., supt; 3 double hydrants supplied by N. Adams water main; pressure 135 lbs, also 2 rotary pumps connected with other hydrants.

Blackstone, Worcester Co., population 6,054; area 4,000 acres; buildings, brick and wood, 2 to 4 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 8 hose carriages, 1 hose wagon; hose, cotton good 1,700 ft, inferior 200 ft; 2 horses, value \$500; value of equipment \$4,000; total membership 21, paid full time; bell and whistle alarm. Chief engineer, John F. Campbell.

WATER SUPPLY—Source, wells and cisterns.

Town clerk, James H. Hefferman. (Waterworks system is contemplated; Co. has been formed.)

Bolton, Worcester Co., population 835; buildings, brick and wood, 1 1-2 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, buckets, ladders and force pumps; value of fire department equipment \$200; value of buildings occupied \$100; total membership 13, volunteers; bell alarm. Chief engineer, George L. Taylor.

WATER SUPPLY—Source, brooks and wells. Town clerk, A. S. Haynes.

Boston, Suffolk Co., population 478,000; fire area 22,923 acres; mercantile buildings, brick and stone, 5 to 13 stories; private, brick and wood, 3 to 8 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—43 steam fire engines, 8 spare, 10 chemical engines on wheels, 1 spare, 100 chemical extinguishers, 13 hook and ladder trucks, 3 spare, 4 aerial trucks, 46 hose carriages, all kinds, 11 spare, 35 supply wagons, 1 fire boat, 2 water towers, slamese couplings used; hose, cotton good 75,000 ft, rubber good 6,000 ft, chemical good 5,500 ft, suction hose, 1,000 ft, hand hose 3,000 ft; 223 horses; value of fire department equipment \$353,000; total ann expenses of department \$1,020,000; total membership 775, paid full time 629, paid part time 146; Gamewell alarm; street boxes 556. Chief engineer, Lewis P. Webber; fire com, Robt. G. Fitch, J. R. Murphy; G. H. Innis. Fire patrol incorporated and supported by Board of Underwriters at ann expense of \$34,000, 56 men.

WATER SUPPLY—Source, Sudbury river, lakes Cochituate and Mystic; system, gravity and pumping to reservoir, cap 700,000,000 gals; pumping engines, dy cap 27,000,000 gals; 6,316 hydrants; pipe 710 miles, 4 to 48 in dia; 7,380 valves; pressure 20 to 80 pounds; Edson pressure recording gauge; works owned by city; cost to construct \$23,354,469; ann expenses \$573,176 (13 mos); int on bonds \$802,905.32. Supts, D. Fitzgerald, W. J. Welch, E. S. Sullivan.

Bourne, Barnstable Co., population 1,442; fire area 24,000 acres; mercantile buildings, wood, brick and stone, 2 stories; private, wood, 1 to 2 stories; wooden roofs are permitted; no fireworks ordinance; no fire department.

WATER SUPPLY—No waterworks.

Bradford, Essex Co., population 3,720; fire area 6,534 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 2 hose wagons; hose, cotton good 1,100 ft, inferior 1,600 ft; 3 horses, value \$1,075; value of fire department equipment \$4,600; value of buildings occupied \$3,500; total ann expenses of department \$4,000; total membership 23, paid full time 1, paid part time 1; Gamewell alarm; 7 street boxes. Chief engineer, Frank S. Austin.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 1,000,000 gals; pumping engines, dy cap 1,000,000 gals; 62 hydrants; pipe 8½ miles, 4 to 12 in dia; 65 valves; pressure, domestic 85, fire 105 pounds; waterworks owned by company. Pres of com, C. L. Goodhue; supt, D. Gilderson.

Braintree, Norfolk Co., population 5,000; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 hook and ladder trucks, 4 hose carriages, all kinds, 1 hose wagon; hose, cotton good 4,000 ft, rubber good 500 ft, leather good 400 ft; value of fire department equipment \$4,500; value of buildings occupied \$5,000; total ann expenses of department \$2,100; total membership 78, paid full time; bell alarm. Chief engineer, F. O. Whitmarsh.

WATER SUPPLY—Source, Little Pond; system, pumping to standpipe; standpipe cap 525,000 gals; pumping engines, dy cap 1,250,000 gals average; 155 hydrants; pipe 24 miles, 4 to 12 in dia; 180 valves; 860 taps; pressure 65 to 110 pounds; waterworks owned by town; cost to construct \$160,000; to date \$237,000; int on bonds 4 per cent; ann expenses \$4,500. Pres of com, James T. Stevens; supt, Wm. R. Maybury.

Bridgewater, Plymouth Co., population 4,249; buildings, wood. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, good 2,500 ft; value of fire

department equipment \$9,000; value of buildings occupied \$1,500; electric bell alarm. Chief engineer, Darius C. Ford.

WATER SUPPLY—(including East Bridgewater) Source, 10 wells (2 driven); system, pumping to standpipe and direct; standpipe cap 278,000 gals; 2 pumping engines, dy cap 2,000,000 gals each; 70 hydrants, Ludlow; pipe 27 miles, 4 to 10 in dia; 50 valves; pressure, domestic 90, fire if necessary 250 pounds; 520 taps; waterworks owned by company; cost to construct \$150,000, to date \$175,000; ann expenses \$2,500; int on bonds 5 per cent. Pres of com, B. W. Harris; supt, G. M. Kelth.

Brimfield, Hampden Co., population 1,066; fire area about 2 acres; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—hook and extension ladder, 2 dozen pails; value of fire department equipment \$20.

WATER SUPPLY—Source, wells and private aqueducts. Town clerk, Geo. M. Hitchcock.

Brookton, Plymouth Co., population 32,000; fire area 14,000 acres; mercantile buildings, brick and wood, 4 and 5 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—4 steam fire engines, 1 hand engine, 3 chemical engines on wheels, 6 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 3 hose carriages, all kinds, 6 hose wagons; hose, cotton good 10,000 ft, poor 1,000 ft; 28 horses, value \$6,500; value of fire department equipment \$40,000; value of buildings occupied \$45,000; total ann expenses of department \$42,000; total membership 133, paid full time 28, paid part time 105; Gamewell alarm; 45 street boxes. Chief engineer, Harry L. Martin.

WATER SUPPLY—Source, Salisbury brook; system, pumping to standpipe; reservoir cap 330,000, 000 gals; standpipe cap 1,300,000 gals; pumping engines, dy cap 3,000,000 gals; 420 hydrants; pipe about 45 miles, 24 to 6 in dia; 376 valves; 3,500 taps; pressure 18 to 70 pounds; waterworks owned by city; original cost to construct \$582,000; cost to date \$612,000; ann expenses \$8,500. Chairman of com, E. H. Reynolds; supt, Horace Kugman.

Brookfield, Worcester Co., population 3,352; fire area 25 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 2 hose carriages; hose, cotton good 1,200 ft; total ann expenses of department \$1,500; value of buildings occupied \$1,500; value of fire department equipment \$1,000; total membership 77, volunteers; bell and whistle alarm; 2 fire companies. Chief engineer, Geo. N. Hill.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 3,000,000 gals; 32 hydrants; pipe 5 miles, 6 to 12 in dia; 6 gates; taps 80; pressure, domestic 70 pounds, fire 70 to 100 lbs; works owned by town; construction expenses to date \$35,000. Supt, C. L. Visard.

Brookline, Norfolk Co., population 12,103; fire area 4,000 acres; mercantile buildings, wood and brick, 3 stories; private, wood and stone, 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose wagons, 1 supply wagon, 2 hose reels, 1 combination hose wagon and chemical, 3 hose punge; hose, cotton good 7,800 ft, inferior 450 ft; 10 horses, value \$2,800; value of fire department equipment \$10,000; total ann expenses of department \$17,000; total membership 58, paid full time 11, paid part time 48, 2 call men; Gamewell alarm; 29 street boxes; 2 engine companies, 1 hook and ladder company, 3 hose companies. Chief engineer, Geo. H. Johnson.*

WATER SUPPLY—Source, filtering galleries and driven wells on bank of Charles river; system, direct pumping, surplus to reservoir; reservoir cap 6,051,000 gals; a new covered reservoir of 1,200,000 gals; standpipe cap 440,610 gals; 4 pumping engines, dy cap 8,500,000 gals; 330 hydrants; pipe 57 miles, 8 to 24 in dia; pressure 25 to 100 pounds; waterworks owned by town; cost to construct \$879,858.93; cost to Feb. 15th 1893 \$1,000,349; ann expenses \$16,000. Chairman of com, Wm. K. Melcher; supt, Fayette F. Forbes.

Buckland, Franklin Co. (see Shelburne Falls.)

Cambridge, Middlesex Co., population 80,000; fire area 4,315 acres; mercantile buildings, brick,

3 to 6 stories; private, wood, 2 to 4 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—8 steam fire engines and 1 reserve, 1 chemical engine on wheels, 17 chemical extinguishers, 2 hook and ladder trucks (1 reserve), 1 aerial truck, 10 hose carriages, 4 hose wagons, 5 supply wagons, 3 hose punge, 3 chiefs' wagons; hose, cotton good 11,750 ft, rubber good 500 ft; 28 horses, value \$5,600; value of fire department equipment \$62,724; value of buildings occupied \$150,000; total ann expenses of department \$61,827; total membership 107, paid full time 33, paid part time 74; Gamewell alarm; 89 street boxes, private 11. Chief engineer, Thomas J. Casey.

WATER SUPPLY—Source, Fresh Pond in Cambridge, and Stony brook in Weston; system, gravity from Stony brook to receiving basin, pumping to reservoir and standpipe; cap 5,000,000 gals; pumping engines, dy cap 23,000,000 gals; 804 hydrants; pipe 1204 miles, 2 to 38 in dia; 1,368 valves; 11,769 taps; galvanized wrought iron service pipe; pressure, domestic 30 to 50, fire same pounds; waterworks owned by city; cost of construction to Dec. 1st 1893, \$3,370,674.96. Pres of Board of waterworks, J. M. W. Hall; supt, Hiram Nevons. (A site has been procured for a large reservoir which will probably be constructed, capacity from 40,000,000 to 50,000,000 gallons.)

Campello, Plymouth Co. (see Brookton.)

Canton, Norfolk Co., population 4,600; fire area 1,200 acres; buildings, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 3 hose wagons; hose, cotton good 4,000 ft, inferior 250 ft; value of fire department equipment \$10,300; value of 3 buildings occupied \$11,000; total ann expenses of department \$2,600; total membership 70, volunteers; bell alarm; 4 fire companies. Chief engineer, F. P. Driscoll.

WATER SUPPLY—Source, well 40 ft in dia and 28 ft in depth; system, pumping to standpipe; cap of standpipe 468,000 gals; steam pumping engines, cap of pumps per day 2,000,000 gals; 140 hydrants; 74 valves; pipe 15 miles; pressure 45 to 98 pounds; waterworks owned by town; cost to construct \$32,000; ann expenses \$3,600; int on bonds 4 per cent. Supt, R. Bird.*

Chelmsford, Middlesex Co., population 2,700; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. No organized fire department; 1 hook and ladder truck, other apparatus, 1 force pump and buckets; hose, cotton good 200 ft. Fire Warden, F. E. Nason.

WATER SUPPLY—Source, from several mills; system, pumping direct; reservoir cap 30,000 gals; pumping engines, cap per minute 500 gals; 10 hydrants; pipe 3,000 ft, 4 to 6 in dia; 40 taps; pressure, domestic 30, fire 120 pounds; waterworks owned by city and companies jointly; cost of construction to date \$8,000.

Chelsea, Suffolk Co., population 29,000; fire area 1,400 acres; mercantile buildings, brick and stone, 4 and 5 stories; private, brick and wood, 3 to 5 stories; wooden roofs not permitted in business center; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 hand engine, 1 chemical engine on wheels, 5 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, all kinds, 4 supply wagons; hose, cotton good 8,300 ft, rubber good 600 ft; 14 horses, value \$4,200; value of fire department equipment \$55,000; value of buildings occupied \$74,250; total ann expenses of department \$31,280; total membership 78, paid full time 14, paid part time 64; Gamewell alarm; 37 street boxes. Chief engineer, Henry A. Spencer.

WATER SUPPLY—Source, Mystic lake; system, pumping to reservoir, cap 19,000,000 gals; pumping engines, dy cap 15,000,000 gals; 187 hydrants; pipe 33½ miles, 3 to 16 in dia; 342 valves; 5,496 taps; pressure, domestic 38, fire 98 pounds; works owned by city; cost to construct \$420,000; ann expenses \$22,000. Supt, C. Lomlard.

Cheshire, Berkshire Co., population 1,308; fire area 1 mile; mercantile buildings, wood, 2 stories; private, wood, 1½ and 2 stories. Fire department—500 ft hose.

WATER SUPPLY—Source, brooks; system, gravity; 1 reservoir; 17 hydrants; pipe 4 miles, 3 to 8:

in dia; 8 valves; pressure 125 to 150 pounds; waterworks owned by company; cost to construct \$17,000; ann expenses \$100. Supt. H. A. Northrop.

Chilcopee, Hampden Co., (includes Chilcopee Falls and Willimansett) population 14,050; fire area 3,800 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs are not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 6 chemical extinguishers, 2 hook and ladder trucks, 7 hose carriages, all kinds; hose, cotton good 2,000 ft, inferior 1,000 ft; 2 hired horses, value \$300; value of fire department equipment \$10,000; value of buildings occupied \$21,000; total ann expenses of department \$12,000; total membership 133, paid full time 10, paid part time 122; Gamewell alarm; 18 street boxes. Chief engineer, Thomas W. Blasdale.

WATER SUPPLY—Source, brooks and springs, located in Springfield and Chilcopee; system, two gravity, 1 pumping to standpipe; standpipe cap 1,066,346 gals; 2 pumping engines, dy cap 2,500,000 gals each; 116 hydrants; pipe 32 miles, 2 to 20 in dia; pressure, domestic 20 to 90, fire 33 to 90 pounds; waterworks owned by city; cost to construct \$313,023.52. Supt. Clarence A. Bullens.

Chilcopee Falls, Hampden Co. (See Chilcopee.)

Clinton, Worcester Co., population 11,000; fire area 6,500 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds, 1 hose wagon; hose, cotton good 9,000 ft; 4 horses, value \$1,000; value of fire department equipment \$6,000; value of buildings occupied \$8,000; total ann expenses of department \$7,000; total membership 74, paid full time 2, volunteer members 72; telegraph alarm; 17 street boxes. Chief engineer, H. H. Lowe.

WATER SUPPLY—Source, springs and streams; system, gravity; reservoirs cap 100,000,000 gals; 1 impounding, 2 storage and 1 distributing; dy cap 6,000,000 gals; 200 hydrants, 55 private; pipe 25 miles, 4 to 16 in dia; pressure, domestic 80, fire 100 pounds; waterworks owned by city; cost to construct \$275,000; ann expenses \$4,000; int on bonds 4 per cent. Supt. Thomas Burns.

Cochituate, Middlesex Co., population 2,000; mercantile buildings, wood, 2½ stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, leather good 500 ft; value of fire department equipment \$1,000; value of buildings occupied \$2,000; total ann expenses of department \$500; total membership 40, volunteers; Stevens alarm; 9 street boxes; 1 hook and ladder company, 1 hose company. Chief engineer, Ralph Kent.

WATER SUPPLY—Source, Snake brook; system, gravity and direct pumping for fire; impounding reservoir, cap 18,000,000 gals; Amoskeg rotary pump; 34 hydrants; pipe 6 miles, 4, 6, 8 and 10 in dia; 18 valves; pressure, domestic 32, fire 85 pounds; waterworks owned by town; cost to construct \$30,000; ann expenses \$1,800. Supt. Henry G. Dudley.

Cohasset, Norfolk Co., population 2,448; buildings, stone and wood, 2, 3 and 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage, 1 hose reel, 1 hose wagon; hose, cotton good 2,500 ft, rubber fair 500 ft; value of fire department equipment \$1,500; value of buildings occupied \$1,800; total ann expenses \$800; total membership 49, volunteers. Chief engineer, E. E. Wentworth.

WATER SUPPLY—Source, driven wells; system, pumping to reservoir; reservoir cap 1,500,000 gals; pumping engines, dy cap 750,000 gals; 40 hydrants; pipe 7 miles, 4 to 12 in dia; 50 valves; pressure 80 pounds; waterworks owned by company; cost to construct \$75,000; ann expenses \$2,300; int on bonds 4 per cent. Supt. D. N. Tower.

Coleman, Franklin Co., population 1,671; fire area 7 miles sq; mercantile buildings, brick and wood, 1½ and 2 stories; wooden roofs permitted.

WATER SUPPLY—Source, wells and springs.

Concord, Middlesex Co., population 4,427; fire area 15,253 acres; mercantile buildings, wood, 2 to 6 stories, shingle and slate; private, wood, 2 and 3

stories; wooden roofs permitted; causes of fire investigated. Fire department—2 hand engines, 2 hook and ladder trucks, 4 hose carriages, 1 hose wagon; hose, cotton rubber lined good 3,850 ft, linen poor 1,000 ft; horses hired; value of fire department equipment \$4,850; value of buildings occupied \$3,000; total ann expenses of department \$2,600; total membership 77, paid full time; bell alarm. Chief engineer, Frank W. Holden.

WATER SUPPLY—Source, Sandy Pond; system, gravity; reservoir cap 2,500,000 gals; 123 hydrants; pipe 35½ miles, 2 to 12 in dia; 111 valves; pressure 40 pounds; waterworks owned by town; cost to construct to date \$154,000; ann expenses \$1,000. Supt. John O. Haskell.

Conway, Franklin Co., population 1,451. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 400 ft, linen good 200 ft, leather good 200 ft, inferior 500 ft; total membership 30, all volunteers. Chief engineer, C. A. Smith.

WATER SUPPLY—Source, river.

Cottage City, Dukes Co., population 1,080; fire area 200 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical engines on wheels, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 3,000 ft, inferior 500 ft; total ann expenses of department \$3,080; total membership 71, paid full time 1, volunteer members 70; electric bell alarm; 8 street boxes; 5 fire companies, 2 engine companies, 1 hook and ladder company, 2 hose companies. Chief engineer, Walter S. Howland.

WATER SUPPLY—Source, springs; system, pumping to standpipe; cap 225,000 gals; pumping engines, dy cap 2,000,000 gals; 64 hydrants; pipe 14 miles, 4 to 12 in dia; 78 valves; quality of water good; pressure 65 to 70 pounds; works owned by company; cost to construct \$140,000. Supt. H. J. Green.

Dalton, Berkshire Co., population 3,250; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—7 hose carriage, all kinds; mills have hose companies with from 500 to 1,000 ft of hose each; whistle and bell alarm. Chief engineer, M. Glendon.

WATER SUPPLY—Source, spring; system, gravity; reservoir cap 4,500,000 gals; 73 hydrants; pipe 17 miles, 12, 10, 8, 4 in dia; 34 valves; quality of water A; pressure 140 to 150 pounds; works owned by town; cost to construct \$64,000; ann expenses \$600; int on bonds \$2,000. Supt. M. Glendon.

Danvers, Essex Co., population 8,000; fire area 22 miles; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds, 5 hose wagons; hose, cotton good 9,000 ft, rubber good 250 ft, inferior 250 ft, leather good 250 ft; value of fire department equipment \$8,500; value of buildings occupied \$8,500; total ann expenses of department \$5,059; total membership 87, volunteer members 87; bell and whistle alarm. Chief engineer, C. F. Aiken.

WATER SUPPLY—Source, Middleton pond; system, pumping to reservoir; reservoir cap 5,000,000 gals; pumping engines, dy cap 2,000,000 gals; 222 hydrants; pipe 41 miles, 4 to 14 in dia; 208 valves; pressure, domestic 80 pounds, fire same; waterworks owned by town; cost to construct about \$261,283.50, to date \$252,822; ann expenses \$7,564; water board chosen annually. H. Newhall, registrar.

Dedham, Norfolk Co., population 7,123; mercantile buildings, mostly frame, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 4 hand engines, 12 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages, all kinds, 1 hose wagon, 1 supply wagon, 12 steam couplings; hose, cotton rubber lined good 4,500 ft; rubber inferior 1,000 ft; value of fire department equipment about \$8,000; value of buildings occupied \$15,000; total ann expenses of department \$4,500; total membership 110, all volunteers; bell alarm. Chief engineer, William C. Williams.

WATER SUPPLY—Source, wells and cisterns; system, gravity and pumping to standpipe; 2

standpipes, cap 735,000 gals; pumping engines, dy cap 3,000,000 gals; 131 hydrants; pipe 25 miles, 4 to 10 in dia; 167 valves; 20 meters; pressure 40 to 60 pounds; Edson pressure recording gauge; waterworks owned by company; original cost to construct \$80,000; cost to date \$204,000. Supt, Geo. T. Staples.

Deerfield, Franklin Co., population 2,910; fire area 2 miles; mercantile buildings, wood, 2 1-2 stories; private, wood, 2 1-2 stories; wooden roofs are permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$200; value of buildings occupied \$400; total ann expenses of department \$175; total membership 20; bell alarm. Foreman, R. W. Childs.

WATER SUPPLY—Source, wells and springs.

Douglasse, Worcester Co., population 1,908; mercantile buildings, wood, 1 and 2 stories. Fire department—1 engine; volunteer company. Chief, A. F. Jones.*

WATER SUPPLY—Source, wells and cisterns.

Dracut, Middlesex Co., population 1,967; mercantile buildings, brick, stone and wood, 2 and 2 1-2 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 1,000 ft, leather inferior 400 ft, linen good 200 ft; value of fire department equipment \$3,000; value of buildings occupied \$500; total membership 30, volunteer members 20. Chief engineer, George W. Ducey.

WATER SUPPLY—Source, brooks and wells.

Dudley, Worcester Co., population 2,742. (See Webster.)

Duxbury, Plymouth Co., population 1,908; fire area 14,000 acres; buildings, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance; no organized fire department.

WATER SUPPLY—Source, wells and cisterns. Town clerk, Geo. H. Sterns.

East Bridgewater, Plymouth Co., population 2,911; buildings, wood, 1 1-2 and 2 stories; wooden roofs permitted. Fire department—2 hook and ladder trucks, 4 hand hose reels; hose, cotton good 2,500 ft; value of fire department equipment \$2,200; total membership 60, volunteers; bell alarm. Chief engineer, Minot S. Curtis.

WATER SUPPLY—See Bridgewater.

Easthampton, Hampshire Co., population 4,500; buildings, brick, 3 stories; tin roofs; private, wood, 2 stories. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,300 ft, inferior 250 ft; value of fire department equipment \$600; value of buildings occupied \$5,600; total ann expenses of department \$600; total membership 45, all volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, R. Thomas Sawyer.

WATER SUPPLY—Source, Parsons brook; system, direct pumping to reservoir; reservoir cap 1,000,000 gals; pumping engines, dy cap 500,000 gals; 60 hydrants; pipe 6 miles; pressure, domestic 75, fire 100 pounds; cost to construct \$40,000; ann expenses \$1,200. Pres, H. G. Knight; supt, G. L. Manchester.

Easton, Bristol Co., population 4,498; mercantile buildings, wood and stone, 2 stories; private, wood and stone, 2 stories; wooden roofs permitted. No organized fire department—1 hand engine, 10 or 15 chemical extinguishers, 2 hose carriages; hose, linen good 2,000 ft, rubber good 1,000 ft; bell alarm.

WATER SUPPLY—Source, wells; system, pumping to standpipe, cap 240,000 gals; pumping engines, dy cap 1,500,000 gals; 80 hydrants; pipe 7 miles, 10 to 4 in dia; 130 valves; 50 meters; pressure 60 to 90 pounds; cost to construct to date \$80,000. Pres, F. L. Ames.*

East Weymouth, Norfolk Co. (see Weymouth.)

Edgartown, Dukes Co., population 1,186; fire area 1 mile; mercantile buildings, brick and wood, 2 stories; private, wood, 1 story; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine, 1 hose carriage; hose, cotton good 500 ft, leather good 500 ft; value of fire department equipment \$1,000; value of buildings occupied \$1,500; volunteer members; bell alarm; 1

fire company. Chief engineer, Richard E. Norton.*

WATER SUPPLY—Source, bay, 3 wells of 50 barrels cap each. Town clerk, Thomas Mellin.

Enfield, Hampshire Co., population 932. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 250 ft.*

WATER SUPPLY—Source, springs. Town clerk, Charles Richards.*

Essex, Essex Co., population 1,712; fire area 7,841 acres; buildings, wood, 2 stories; shingle roofs. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; slamsse couplings used; hose, cotton good 1,100 ft; value of fire department equipment \$4,500; value of buildings occupied \$2,000; total ann expenses of department \$500; total membership 80, paid full time; bell alarm. Chief engineer, Luther E. Burnham.

WATER SUPPLY—Source, river and wells. Town clerk, N. Burnham.

Everett, Middlesex Co., population 17,000; fire area 2,300 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 3,200 ft; 5 horses, value \$1,200; value of fire department equipment \$16,000; value of buildings occupied \$12,000; total ann expenses of department \$6,500; total membership 28, paid full time 3, paid part time 23; electric fire alarm; street boxes 26. Chief engineer, Columbus Corey.

WATER SUPPLY—Source, Mystic department. Boston; standpipe cap 135,000 gals; pumping engines, dy cap 600,000 gals; hydrants 201; pipe 27 miles, 4 to 16 in dia; 381 valves; 2,970 taps; pressure 40 to 74 pounds; waterworks owned by city; ann expenses \$34,000. Supt, John Loring.

Fairhaven, Bristol Co., population 2,919; fire area 6,000 acres; mercantile buildings, wood, brick and stone, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,200 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total ann expenses of department \$750; total membership 27, all paid full time; bell alarm. Chief engineer, John W. L. Kempton.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe, cap 40,000 gals; 2 pumps, dy cap 3,000,000 gals; hydrants 86; pipe 14 miles, 6 to 12 in dia; taps 109; pressure, domestic 70 pounds; works owned by company. Pres, Jas. K. Nye.

Fall River, Bristol Co., population 90,000; fire area 30 sq miles; mercantile buildings, stone and brick, 3 and 4 stories; private, wood, 2 1/2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—5 steam fire engines, 14 chemical extinguishers, 2 hook and ladder trucks, 1 chemical engine, 2 aerial trucks, 3 hose carriages, 5 hose wagons; hose, cotton good 13,900 ft, inferior 4,700 ft; 37 horses, value \$7,400; value of fire department equipment \$57,500; value of buildings occupied \$210,000; total ann expenses of department \$80,000; membership 155, paid full time 44, paid part time 111; Gamewell alarm; street boxes 128, of which 58 are private. Chief engineer, W. C. Davol, Jr.

WATER SUPPLY—Source, Watuppa lake; system, pumping to tanks; and standpipe, cap 350,000 gals; tank cap 1,110,000 gals; pumping engines, dy cap 10,000,000 gals; hydrants 702; pipe 72 miles 6 to 24 in dia; 714 valves; pressure, domestic 25 to 129 pounds, fire same; Edson pressure recording gauge; works owned by city; cost to construct to date \$2,100,504.48; ann expenses \$44,798.43. Supt, Patrick Kieran. (Have ordered a Davidson 8,000,000 gals duplex pump will expend \$25,000 for extensions.)

Falmouth, Barnstable Co., population 2,567; fire area 2,300 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; no organized fire department.

WATER SUPPLY—Source, private wells and springs. Village clerk, Wm. H. Hewins.

Fitchburg, Worcester Co., population 28,000; fire area 650 acres; mercantile buildings, brick, 4

and 5 stories; private, wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 7 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds, in reserve, 3 hose wagons, 1 supply wagon, 1 combination hose and ladder wagon; hose, cotton good 7,000 ft, inferior 3,100 ft; 10 horses, value \$2,000; value of fire department equipment \$33,000; value of buildings occupied \$41,000; total ann expenses of department \$19,732; total membership 72, paid full time 5, paid part time 67; electric alarm; street boxes 48. Chief engineer, Geo. H. Kendall.

WATER SUPPLY—Source, Scott and Falulah brooks; system, gravity; cap of reservoirs 691,000,000 gals; hydrants 359; pipe 55.35 miles, 2 to 30 in dia; 403 valves; taps 3,571; pressure 80 to 155 pounds; works owned by city; original cost to construct \$400,000; to date \$225,000; ann expenses \$43,751. Pres, S. D. Shelden; supt, Thos. C. Lovell.

Florence, Hampshire Co., fire area 1½ miles square; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, rubber good 1,000 ft; value of fire department equipment \$6,000; value of buildings occupied \$4,500; total ann expenses of department \$8,598; total membership 24, paid by year; bell alarm; 1 engine company, 2 hose companies. Asst engineer, A. W. Shumway; W. A. Bailey, chief, Northampton.*

WATER SUPPLY—(see Northampton.)

Foxborough, Norfolk Co., population 2,933; mercantile buildings, wood, 1 to 4 or 5 stories; private, wood, 1 or 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 supply wagon; hose, rubber good 2,400 ft, inferior 300 ft, cotton good 2,400 ft, inferior 400 ft; value of fire department equipment \$10,000; value of buildings occupied \$2,500; total ann expenses of department \$1,000; total membership 27, paid part time; electric alarm; street boxes 23. Chief engineer, J. W. Hayes.*

WATER SUPPLY—Source, driven wells; system, pumping to standpipe, cap 282,000 gals; pumping engines, dy cap 750,000 gals; hydrants 74; pipe 8.90 miles, 12 to 6 in dia; valves 75; taps 307; cement lined pipe; pressure 60, fire 110 pounds; works owned by village; cost to construct \$75,000; ann expenses \$1,750. Pres, E. P. Carpenter; supt, F. E. Greene.

Framingham, Middlesex Co., population 9,500; buildings, brick and wood, 2 stories. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 1 hose carriage, 3 hose wagons; hose, cotton good 8,500 ft, inferior 1,000 ft; 15 horses; value of fire department equipment \$23,000; value of buildings occupied \$8,000; ann expenses \$7,200; total membership 120, 60 paid part time; Gamewell alarm; 28 street boxes; 5 fire companies. Chief engineer, W. C. Wright.

WATER SUPPLY—(see South Framingham) 85 fire hydrants. Supt, A. E. Martin.

Franklin, Norfolk Co., population 4,600; fire area 2,500 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,500 ft, poor 300 ft; value of fire department equipment \$7,000; value of buildings occupied \$2,000; total ann expenses of department \$2,400; total membership 116, paid part time; bell alarm; 2 engine companies, 1 hook and ladder company, 2 hose companies; electric whistle alarm. Chief engineer, Lawrence E. Morrissey.

WATER SUPPLY—Source, 2 wells; system, pumping to tank; cap of tank 750,000 gals; pumping engines, dy cap 2,000,000 gals; 76 hydrants; pipe 9½ miles, 4 to 13 in dia; pressure 36 to 100 pounds; waterworks owned by company; cost to construct \$130,000; cost to date \$158,000; ann expenses \$9,000. Pres of com, J. G. Ray; supt, Wm. E. Nason.

Freetown, Bristol Co., population 1,417; fire area 560 acres; buildings, wood, 2 stories; dwellings, wood, 2 stories; no fireworks ordinance. Fire department—1 hand engine, 1 hand chemical

engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 800 ft; value of fire department equipment \$1,100; value of buildings occupied \$5,000; total membership 30, volunteers; bell alarm. Chief engineer, R. H. Francis.*

WATER SUPPLY—Source, river and wells. Town clerk, P. A. Pierce.*

Gardner, Worcester Co., population 9,000; fire area 13,000 acres; mercantile buildings, wood, 2 to 4 stories; private, wood, 1½ to 3 stories; wooden roofs permitted. Fire department—2 hand engines, 2 hook and ladder trucks, 3 hose carriages, 1 hose wagon; hose, cotton good 7,000 ft, inferior 1,000 ft; value of fire department equipment \$8,500; value of buildings occupied \$18,000; total ann expenses of department \$6,050; total membership 87, volunteers; 2 hook and ladder companies, 4 hose companies; Gamewell alarm; 17 street boxes. The factories are equipped with hose and hose carts. Chief engineer, A. E. Walker.

WATER SUPPLY—Source, Crystal lake; system, pumping to reservoir and direct; reservoir cap 5,000,000 gals; 2 pumping engines, dy cap 4,000,000 gals; 85 hydrants; pipe 18 miles, 4 to 16 in dia; 64 valves; 930 taps; pressure 40 to 130 pounds; works owned by company. Supt, H. W. Conant.

Georgetown, Essex Co., population 2,200; buildings, brick and wood, 2½ stories; shingle and slate roofs; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 2,000 ft, rubber good 200 ft, inferior 200 ft; value of fire department equipment \$7,000; value of buildings occupied \$5,500; ann expenses of department \$1,000; total membership 125, volunteers. Chief engineer, T. F. Hill.

WATER SUPPLY—Source, 6 cisterns, 16 reservoirs, also 2 lakes of 200 acres each, and 10 streams. Town clerk, H. N. Harriman.

Gloucester, Essex Co., population 24,651; fire area 25 sq miles; mercantile buildings, brick, 3 stories; private, wood, 2½ and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—4 steam fire engines, 3 hand engines, 2 chemical engines on wheels, 5 chemical extinguishers, 3 hook and ladder trucks, 4 hose wagons, 2 supply wagons; hose, cotton good 8,000 ft, rubber good 2,000 ft, fair 4,000 ft, leather good 1,000 ft; 16 horses, value \$4,300; value of fire department equipment \$48,000; value of buildings occupied \$40,000; total ann expenses of department \$22,000; total membership 188, paid full time 9, call men 184; Gamewell alarm; 31 street boxes; 11 fire companies. Chief engineer, C. H. Merchant.

WATER SUPPLY—Source, Wallace's and Dyke's ponds; system, pump to reservoir 10,000,000 gals; pumping engines, dy cap 5,000,000 gals; 180 hydrants; pipe 35 miles; 40 meters; pressure 70 pounds; int on bonds 5 per cent. Supt, John W. Moran.

Grafton, Worcester Co., population 5,002; fire area 3,000 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hand engines, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,000 ft, linen good 300 ft, leather good 1,000 ft; value of fire department equipment \$6,000; value of 3 buildings occupied \$3,000; total ann expenses of department \$1,154; total membership 85, full paid; steam whistle alarm; 4 fire companies. Chief engineer, Alden M. Bigelow.

WATER SUPPLY—Source, springs; system, pumping to standpipe, cap 110,000 gals; pumping engines, dy cap 1,750,000 gals; 93 hydrants; pipe 10 miles, 4 to 10 in dia; 23 valves; pressure, domestic 75, fire 160 pounds; waterworks owned by company; cost to construct \$93,000; ann expenses \$2,500; int on bonds 5 per cent. Pres of com, C. W. McLellan; supt, Solon F. Smith.

Great Barrington, Berkshire Co., population 4,000; fire area 2 sq miles; buildings, brick and wood, 2 to 4 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, cotton good 3,000 ft, inferior 450 ft; value of fire department equipment \$9,000; value of buildings occupied \$3,000; expenses for past year \$500; total membership 33, paid part time 6, volunteers 27; bell alarm. Chief engineer, L. C. Raifstanger.

WATER SUPPLY—Source, mountain stream; system, gravity, pumping to reservoir; cap one of

1,500,000 and 1,000,000 gals; pumping engines, dy cap 550,000 gals; 41 hydrants; pipe 6 miles, 6 to 4 in dia; filtration; 350 taps; stone, gravel and charcoal; pressure 40 to 60 pounds; waterworks owned by city; cost to construct \$75,000. Chairman, P. A. Russell; town clerk, Chas. J. Burget.*

Greenfield, Franklin Co., population 6,027, local census 1893; fire area 1,600 acres; mercantile buildings, brick, 3 and 4 stories; private, wood, 2½ stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, jumping net; hose, cotton good 4,300 ft, leather inferior 800 ft; value of fire department equipment \$3,500; value of buildings occupied \$6,000; total ann expenses of department \$1,500; total membership 70, paid full time 5, paid part time 65; bell alarm and connection between engine house and steam gong; 1 hook and ladder company, 3 hose companies. Chief engineer, Chas. L. Smith.

WATER SUPPLY—Source, Glen brook; system, gravity; reservoir cap 17,892,000 gals; 94 hydrants; pipe about 31 miles, 1 to 14 in dia; 103 valves; works owned by fire district; pressure 100 pounds; ann expenses \$1,500; cost to date \$140,000. Chairman, Chas. J. Day; supt, James Porter.

Groton, Middlesex Co., population 2,080; buildings, private, wood, 2 stories; State fireworks ordinance. Fire department—4 hand engines, 1 chemical engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton rubber lined 500 ft good, leather good 300 ft, poor 200 ft, linen good 200 ft; value of fire department equipment \$2,200; value of buildings occupied \$2,000; total ann expenses of department \$750; total membership 90, paid part time 60; bell alarm; 2 engine companies, 1 hook and ladder company. Chief engineer, H. W. Whiting.

WATER SUPPLY—Source, 8 cisterns, cap 35,000 gals.

Groveland, Essex Co., population 2,191; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 15 chemical extinguishers, 2 hose carriages, jumping net, arrow gun, ladders and fire escapes; hose, cotton good 1,500 ft, linen 800 ft; value of fire department equipment \$5,000; value of buildings occupied \$4,000; total membership 48, paid part time; bell alarm. Chief engineer, John W. Libby.

WATER SUPPLY—Source, pond and creek; 1 reservoir at South Groveland, 20 hydrants; pipe 24 miles; 20 gates. Town clerk, J. B. Ladd.

Hamover, Plymouth Co., population 2,093; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. No organized fire department.

WATER SUPPLY—Source, well. Clerk, E. Waterman.

Hardwick, Worcester Co., population 2,922; mercantile buildings, wood, 2 stories; dwellings, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Chemical engine and hose owned by the factories. Chairman of selectmen, S. S. Dennis.

WATER SUPPLY—Source, private wells and cisterns.

Harvard, Worcester Co., population 1,095; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hook and ladder trucks and buckets.*

WATER SUPPLY—Source, wells and springs. Town clerk, A. Barnard.*

Hatfield, Hampshire Co., population 1,300; buildings, wood, 1 1/2 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 chemical engine on wheels. Chairman of selectmen, M. J. Ryan.

Haverhill, Essex Co., population 30,000; fire area 24 sq miles; mercantile buildings, brick and stone, 3 to 5 stories; private, wood, 2 and 3 stories; wooden roofs permitted. Fire department—4 steam fire engines, 2 hand engines, 2 chemical engines on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 3 hose carriages, 6 hose wagons, 3 hose sleighs, 1 combined chemical and protection wagon; hose, cotton good 10,500 ft, inferior 6,000 ft; 19 horses, value \$4,000; value

of fire department equipment \$12,500; value of 9 buildings occupied \$35,500; value of buildings occupied \$55,000; total ann expenses of department \$41,000; total membership 173, paid full time 16, paid part time 159; Gamewell alarm; 38 street boxes; 12 fire companies. Chief engineer, John B. Gordon.

WATER SUPPLY—Source, 4 ponds; system, gravity and pumping to standpipe, cap 770,000 gals; 2 pumping engines, dy cap 3,000,000 gals each; 199 hydrants; pipe 45.81 miles, 4 to 20 in dia; 375 valves; pressure 20 to 97 pounds; waterworks owned by city; cost to date \$228,809.30. Supt, Hy. W. Rogers.

Hingham, Plymouth Co., population 4,564; fire area 6 miles sq; buildings, 2½ stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hook and ladder truck, 4 hose carriages; hose, cotton 4,000 ft, rubber good 1,000 ft; value of fire department equipment \$5,000; value of 5 buildings occupied \$7,500; total ann expenses of department \$3,000; total membership 75, volunteers; Gamewell alarm; 10 street boxes. Chief engineer, Geo. Cushing.

WATER SUPPLY—Source, Accord and Felling Mill ponds; system, gravity and pumping to standpipe and direct; standpipe cap 395,000 gals; pumping engines, dy cap 1,000,000 gals; 498 hydrants; pipe 48 miles, 4 to 16 in dia; 193 valves; pressure 50 pounds; waterworks owned by company; cost to construct \$250,000; ann expenses \$5,000; int on bonds 6 per cent. Pres of com, E. L. Ripley; supt, Wm. H. Thomas.

Hinsdale, Berkshire Co., population 1,850; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 hose carriages, all kinds; hose, cotton good rubber lined 500 ft, lined good 300 ft; total membership 14, volunteers; 2 fire companies. Foremen, Peter Bartlett, John O'Leary.

WATER SUPPLY—Source, brook and springs; system, gravity; reservoir cap 36,000,000 gals; 43 hydrants; pipe 4 miles, 10 to 4 in dia; 25 valves; pressure 75 to 152 pounds; cost to construct \$30,000; ann expenses \$1,500; int on bonds 4 per cent.

Holbrook, Norfolk Co., population 2,346; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 2,400 ft, rubber good 800 ft; total ann expenses of department \$1,000; total membership 40; bell alarm. Chief engineer, E. E. White.

WATER SUPPLY—Source, natural pond; system, pumping to standpipe; standpipe cap 500,000 gals; pumping engines, dy cap 4,000,000 gals; 73 hydrants; pipe 10½ miles, 14 to 4 in dia; 61 valves; 370 taps; pressure, domestic 78, fire 78 pounds; waterworks owned by town; cost to construct \$100,000; ann expenses \$2,500. Supt, Frank G. Morse.

Holliston, Middlesex Co., population 3,200; mercantile buildings, brick and wood, 2 to 4 stories; private, wood, 2 stories. Fire department—2 steam fire engines, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 3,200 ft, inferior 1,400; value of fire department equipment \$9,000; value of buildings occupied \$4,000; total ann expenses of department \$2,800; total membership 56, paid part time; bell alarm. Chief engineer, John O'Brien.

WATER SUPPLY—Source, spring and wells; system, pump to standpipe, cap 318,000 gals; pumping engines, dy cap 1,000,000 gals; 44 hydrants; pipe 6 miles, 3 to 6 in dia; 80 valves; 100 taps; quality of water good; pressure 90 pounds; works owned by company. Supt, John D. Shippee.*

Holyoke, Hampden Co., population 41,000; fire area 19,200 acres; mercantile buildings, brick, stone and wood, 3 to 5 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—6 steam fire engines, 16 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 1 hose carriage, 7 hose wagons, other apparatus, 5 supply wagons; hose, cotton good 15,000 ft, inferior 1,000 ft; 26 horses, value \$6,000; value of fire department equipment \$75,000; value of buildings occupied \$115,000; total membership

192, paid full time 20, paid part time 172; Gamewell alarm; 77 street boxes. Chief engineer, John T. Lynch. (1 chemical engine and 3,000 ft of cotton hose is contemplated.)

WATER SUPPLY—Source, Wrights and Ashley's ponds; system, gravity; reservoirs cap. 1,300,000, 000 gals; 364 hydrants; pipe 54 miles, 4 to 20 in dia; 434 valves; taps 2,974; pressure 45 to 100 pounds; waterworks owned by city; original cost to construct \$250,000; expenses of construction to date \$681,217.55; int paid on bonds \$15,000. Chairman of com, M. P. Conway; supt, J. D. Hardy; registrar, J. C. Sullivan.

Hopkinton, Middlesex Co., population 4,000; buildings, wood, 1½ to 3 stories; wooden roofs permitted. Fire department—3 hand engines, 1 chemical extinguisher, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 5,200 ft, rubber 200 ft, leather good 700 ft; value of fire department equipment \$3,525; total ann expenses of department \$1,800; total membership 127; bell and whistle alarm. Chief engineer, R. L. Frail.

WATER SUPPLY—Source, 4 artesian wells; system, pumping to standpipe; cap 250,000 gals; pumping engines, dy cap 75,000 gals; 34 hydrants; pipe 4 miles; 12 meters; pressure 80 pounds; waterworks owned by town; cost to construct \$35,000; ann expenses \$2,400; int on bonds 4 per cent. Pres, Henry McFarland.*

Housatonic, Berkshire Co., population 1,200; mercantile buildings, wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 hose carriages; hose, cotton good 300 ft. Linen 100 ft; membership 45, volunteers. Chief engineer, F. W. Adams.

WATER SUPPLY—Source, Long Lake; system, gravity; reservoir 100 acres, 6 ft over intake; 16 hydrants; pipe 6½ miles, 8, 10, 12 and 14 in dia; 3 valves; pressure, domestic 40 to 60, fire 65 pounds; works owned by company; cost to construct \$63,000; ann expenses \$2,650. Pres, M. J. Drummond; supt, T. Z. Potter.

Hubbardston, Worcester Co., population 1,346; buildings, wood, 1 and 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 200 ft, rubber good 200 ft; value of fire department equipment \$500; value of 1 building occupied \$400; total ann expenses of department \$325; total membership 45, volunteers; bell and whistle alarm. Foreman, H. W. Howe.

WATER SUPPLY—Source, wells.

Hudson, Middlesex Co., population 4,677; mercantile buildings, wood and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 3 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton rubber lined good 3,500 ft, poor 500 ft; value of fire department equipment \$8,500; value of 3 buildings occupied \$8,500; total ann expenses of department \$8,668; total membership 72, paid; Stevens alarm system; 10 street boxes, also bell and whistle. Chief engineer, F. W. Trowbridge.

WATER SUPPLY—Source, Gates ponds; system, gravity; 117 hydrants; pipe 15½ miles, 4 to 18 in dia; 191 valves; pressure 25 to 55 pounds; waterworks owned by town; cost to construct to date \$108,681, total cost to date \$112,491; ann expenses \$500; int on bonds 4 per cent. Chairman of com, E. M. Stowe; supt, D. W. Stratton.

Hull, Plymouth Co., population 989; fire area 7 miles; buildings, wood, 2 stories; wooden roofs permitted; general fireworks ordinance. Fire department—4 hose carriages, all kinds, 8 ladders and hooks; hose, cotton good 2,600 ft, inferior 2,600 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,000; total ann expenses of department \$900; total membership 40; bell alarm; 3 fire companies. Chief engineer, Alonzo Mitchell.*

WATER SUPPLY—Hingham Water Co. (see Hingham); 45 hydrants; pipe 8 miles; pressure 65 pounds. Town clerk, James Jeffrey.*

Hyde Park, Norfolk Co., population 11,200; fire area 2,500 acres; mercantile buildings, wood, 2 stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage, 2 hose wagons; hose, cotton good 3,500 ft, poor 1,500 ft,

rubber good 300 ft; 9 horses hired; value of fire department equipment \$13,000; value of buildings occupied \$6,000; total ann expenses of department \$4,700; total membership 42, paid full time 1, paid part time 41, volunteers 7; Stevens alarm; 18 street boxes; 1 engine company, 1 hook and ladder company, 8 hose companies. Chief engineer, F. A. Sweet.

WATER SUPPLY—Source, driven wells, surface water; system, pumping to reservoir; reservoir cap 1,500,000 gals; pumping engines, dy cap 2,500, 000 gals; 105 hydrants; pipe 27,022 miles, 4 to 14 in dia; 100 meters; pressure 80 pounds; waterworks owned by company; cost to construct \$150,000. Pres of com, Robert Bleakie; supt, Albert S. Adams.

Ipswich, Essex Co., population 4,700; fire area 20,000 acres; mercantile buildings, wood, with slate roofs, 2 stories; private, wood, 2 stories. Fire department—3 hand engines, 1 reserve, 1 hook and ladder truck, 5 hose carriages; hose, cotton good 2,800 ft, leather good 500 ft; value of fire department equipment \$6,000; value of buildings occupied \$4,000; total ann expenses of department \$1,600; total membership 163; bell alarm; 3 engine companies, 1 hook and ladder company. Chief engineer, Nathaniel Archer.

WATER SUPPLY—Source, river, 5 reservoirs.

Kingston, Plymouth Co., population 1,650; fire area whole line of pipe; buildings, wood, 2 1-2 stories; wooden roofs permitted. Fire department—3 hose carriages; hose, cotton good 2,000 ft rubber good 200 ft; value of buildings occupied \$2,000; total membership 50, paid part time; bell alarm; 3 hose companies. Chief engineer, J. Delano, Jr.

WATER SUPPLY—Source, well; system, direct pumping, surplus to reservoir; reservoir cap 265, 000 gals; pump, dy cap 323,320 gals; 58 hydrants; pipe 9 miles; pressure, domestic 65, fire 90 pounds; waterworks owned by town; cost to construct \$40,000; ann expenses \$800; int on bonds 4 per cent. Supt, Green Evans.*

Lakeview (see Worcester).

Lancaster, Worcester Co., population 2,201; buildings, wood and brick, 1½ and 2 stories; wooden roofs permitted. Fire department—1 chemical engine on wheels, 8 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 3,500 ft; value of buildings occupied \$8,500; total ann expenses of department \$900; total membership 39, paid part time; 1 hook and ladder company, 3 hose companies, 1 chemical engine company. Chief engineer, Wm. A. Kilbourn.

WATER SUPPLY—Town supplied by Clinton waterworks; system, gravity; reservoir cap 60,000, 000 gals; 28 hydrants; pipe 8 miles; pressure 110 pounds; works owned by town; cost to construct \$40,000; int on bonds 5 per cent. Supt, J. F. Philbin.

Lanesborough, Berkshire Co., population 1,018; mercantile buildings, wood, 2 stories; shingle roofs are principally used; dwellings, wood, 1-1-2 and 2 stories; no fireworks ordinance. No organized fire department.

WATER SUPPLY—Source, springs. Town clerk, Frank Sturgis.

Lawrence, Essex Co., population 48,634; fire area 4,185 acres; mercantile buildings, brick, 3 and 4 stories; private, wood, 2 and 3 stories; slate and gravel roofs; fireworks ordinance; causes of fire investigated. Fire department—8 steam fire engines, 1 hand engine, 2 chemical engines on wheels, 3 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 4 hose carriages, 6 hose wagons, 4 pumps and 3 engineers wagons; hose cotton good 10,000 ft, inferior 4,000 ft, leather 200 ft; 22 horses, value \$4,900; value of fire department equipment \$48,000; value of buildings occupied \$58,000; total ann expenses of department \$85,140; total membership 98, paid full time 19, paid part time 79; Gamewell alarm; 72 street boxes. Chief engineer, Melvin Beal.

WATER SUPPLY—Source, Merrimac river; system, pumping to reservoir, cap 40,000,000 gals; pumping engines, dy cap 10,060,000 gals; 531 hydrants; pipe 63.68 miles, 6 to 30 in dia; valves 758; 5,128 taps; pressure 70 pounds; Edison pressure recording gauge; works owned by city; cost to construct \$1,300,000; cost to date \$2,123,906.87; ann expenses \$29,298.76. Supt, A. H. Salisbury.

Lee, Berkshire Co., population 3,765; fire area

6,000 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 steam fire engine, 2 hand engine, 1 hook and ladder truck, 5 hose carriages, siamese couplings used; hose, cotton good 200 ft, rubber good 1,800 ft, leather good 500 ft; value of fire department equipment \$6,000; value of buildings occupied \$2,000; total ann expenses of department \$800; total membership 150, all volunteers; bell alarm. Chief engineer, F. M. Pease.

WATER SUPPLY—Source, mountain stream; system, gravity; 2 reservoirs, cap 40,000,000 gals; 24 hydrants; pipe $\frac{3}{4}$ miles, 10 to 3 in dia; pressure, domestic 90, fire 80 pounds; cost to construct \$41,750; to date \$55,000; ann expenses \$1,300; int on bonds \$1,000. Pres and supt, J. C. Chaffee.

Leicester, Worcester Co., population 3,120; fire area 15,000 acres; buildings, private, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 2 chemical engines on wheels, 4 chemical extinguishers, 3 hose wagons, 1 hose reel, life-saving apparatus; hose, cotton good 3,600 ft; total membership 68, paid part time; bell, whistle and telephone alarm; 4 fire companies. Chief engineer, H. E. Sarrent.

WATER SUPPLY—Source, springs and wells; system, gravity to standpipe; cap of standpipe 200,000 gals; 27 hydrants; 56 valves; pressure 40 to 100 pounds; 7.3-4 miles of pipe, 13 to 4 in dia; 27 meters; 150 taps; cost to construct \$35,000; int on bonds 4 per cent. works owned by village; ann expenses \$300. Chairman of com and supt, H. O. Smith.

Lemox, Berkshire Co., population 2,889; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks, ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, linen good 800 ft, inferior 200 ft; value of fire department equipment \$400.

WATER SUPPLY—Source, springs; system, gravity and pump to reservoir; storage reservoir cap 12,000,000 gals; distributing cap 1,500,000 gals; pumping engines, dy cap 1,000,000 gals; 18 hydrants; pipe $1\frac{1}{2}$ miles, 10 to 2 in dia; 200 valves; 200 taps; pressure 70 pounds; waterworks owned by company; original cost to construct \$87,000; ann expenses \$2,000. Pres, Thomas Post; supt, Isaac J. Newton.

Leominster, Worcester Co., population 8,500; mercantile buildings, brick and wood, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 reservoir, 8 chemical extinguishers, 2 hook and ladder truck, 4 hose carriages, 1 combination wagon, 3 hose sleighs; hose, cotton good 5,000 ft, leather good 250 ft, good rubber 100 ft; value of fire department equipment \$11,350; value of buildings occupied \$50,000; total expenses for year of 1893, \$5,420; total membership 78, paid full time; 3 fire companies; Stevens alarm; 24 street boxes. Chief engineer, P. H. Killelea.

WATER SUPPLY—Source, Morse brook; system, gravity; 3 reservoirs, cap from 175,000,000 to 200,000,000 gals; 182 hydrants; pipe 29.1 miles, 2 to 12 in dia; 175 valves; pressure 80 pounds; waterworks owned by town; cost to construct \$160,000; cost to Feb. 1894, \$235,202.42; ann expenses about \$12,000. Supt, J. G. Tenney.

Lexington, Middlesex Co., population about 4,000; area 11,160 acres; buildings, wood, 2 and 3 stories; shingle roofs. Fire department—2 chemical engines, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 1,700 ft, poor 200 ft; value of fire department equipment \$3,000; value of 2 buildings occupied \$5,000; expenses of department for past year \$1,350; total membership 50; telephone alarm; 4 fire companies. Chief engineer, E. J. B. Nourse.

WATER SUPPLY—Source, wells; system, pumping to tank, cap \$2,000 gals; pumping engines, dy cap 600,000 gals; 50 hydrants; pipe $\frac{9}{8}$ miles, 4 to 8 in dia; 1 meter; pressure, domestic 60, fire 80 pounds; cost to construct \$100,000. Supt and treas, E. L. Wires.*

Lincoln, Middlesex Co., population 987; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted. Fire department—2 hose carriages, all kinds; hose, cotton good 1,500 ft; value of fire department equipment \$1,000; total membership 40, volunteers; 2 hose

companies, Captains, C. S. Wheeler and E. Miner. **WATER SUPPLY**—Source, Sandy pond; system, pumping to reservoir, capacity 1,300,000 gals; duplex pump, dy cap 100,000 gals; 15 hydrants; 12 valves; pipe 3 miles, 8 to 4 in dia; 55 taps; pressure 5 to 100 pounds; works owned by town; cost to construct \$35,000; ann expenses \$1,500. Supt, G. L. Chapin.

Littleton, Middlesex Co., population 1,025; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance.

WATER SUPPLY—Source, private wells; for domestic use only. Town clerk, Waldo E. Conant.

Lowell, Middlesex Co., population 80,000; fire area 125 acres; mercantile buildings, brick, stone and wood, 4 to 6 stories; private, wood, 1 to 5 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—8 steam fire engines, 2 chemical engines on wheels, 18 chemical extinguishers, 3 hook and ladder trucks, 1 aerial truck, 4 hose carriages, all kinds, 7 hose wagons, other apparatus, 7 supply wagons and water tower; hose, cotton good 22,000 ft; 60 horses, value \$12,000; value of fire department equipment \$180,000; value of buildings occupied \$258,000; total ann expenses of department \$141,818; total membership 175, paid full time 74, paid part time 101, substitute members 30; Gamewell alarm; 100 street boxes; 16 fire companies, 6 engine companies, 1 patrol company, 4 hook and ladder companies, 5 hose companies. Chief engineer, E. S. Hosmer.

WATER SUPPLY—Source, Merrimack river and driven wells; system, pump to 32,000,000 gal reservoir, high duty Worthington (10,000,000 gals), rebuilt Morris (high duty and 5,000,000 gals), (low duty Worthington 5,000,000 gals); 950 hydrants; pipe 100 miles, 4 to 30 in dia; 2,581 meters; pressure 60 pounds. Pres of waterboard, Miles F. Brennan; clerk, Charles L. Knapp; supt, Robert J. Thomas.

Ludlow, Hampden Co., population 1,839. Fire department not reported.

WATER SUPPLY—Town supplied by Springfield waterworks; 17 hydrants.

Lunenburg, Worcester Co., population 1,100; fire area about 17,000 acres; mercantile buildings, wood; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department consists of 2 Babcock chemical extinguishers.

WATER SUPPLY—Source, wells and cisterns. Chairman of selectmen, C. A. Goodrich; town clerk, Fernando Brooks.

Lynn, Essex Co., population 55,727; mercantile buildings, brick, 3 to 6 stories; private, wood, 2 to 4 stories; fireworks ordinance; causes of fire investigated. Fire department—7 steam fire engines, 4 chemical engines, 16 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 5 hose wagons, 4 hose reels with 1,000 ft of hose, attached to each; siamese couplings used; hose, cotton good 6,000 first quality, 14,000 ft good, poor 1,100 ft, 2,600 ft rubber hose for chemical engine, good; 37 horses; value of fire department equipment \$168,927.18; 7 buildings with land included; total ann expenses of department \$73,894.50; total membership 136, paid full time 34, paid part time 102; telegraph alarm; 86 street boxes. Chief elected by city council, Chas. H. Downing. (Proposed additions: 1 steamer, 2 chemical engines, 2,000 ft hose, 1 hook and ladder truck.)

WATER SUPPLY—Source, ponds and brooks; combined storage cap 1,100,000,000 gals; system, pumping to reservoir, reservoir cap 22,000,000 gals; pumping engines, dy cap 15,000,000 gals; 773 hydrants; pipe 120 miles; valves 914; 11,103 taps; pressure recording gauge; pressure 50 to 65 pounds; cost to construct \$2,098,350; ann expenses \$38,707. Supt, John C. Haskell.

Malden, Middlesex Co., population 30,000; fire area 2,000 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 to 3 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 2 chemical engines on wheels, 10 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages, all kinds, 3 hose wagons; hose, cotton good 8,000 ft, inferior 2,000 ft; 15 horses, value \$3,000; value of fire department equipment \$39,000; value of buildings occupied \$58,000; total ann expenses of department \$22,000;

total membership 53, paid full time 13, volunteer members 40; Gamewell alarm; no of street boxes 38, Chief engineer, Thomas Gowen.

WATER SUPPLY—Source, pond and driven wells; system, gravity and pumping from wells; standpipes cap 1,153,000 gals; pumping engines, dy cap 2,000,000 gals; hydrants 312; pipe 74 miles, 4 to 14 in dia; 936 valves; pressure, domestic, low service 56 to 60, high 90, fire 85 to 104 pounds; works owned by city; cost to construct to date \$845,398; ann expenses \$38,229.32. Supt, John N. Jordan.

Manchester, Essex Co., population 1,789; mercantile buildings, wood, 2½ stories; private, wood, 2½ stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine, 1 hook and ladder truck, 3 hose carriages; hose, linen good, 2,500 ft, leather good 400 ft, inferior 500 ft; value of fire department equipment \$10,500; total ann expenses of department \$1,220.75; total membership 58, all volunteers; 4 fire companies; bell alarm. Chief engineer, Chas. H. Stone.

WATER SUPPLY—Source, ground water; system, pump to standpipe, cap 518,000 gals; pumping engines, two pumps of 750,000 gals each; hydrants 120; pipe 14 miles, 12 to 6 in dia; 108 valves; 350 taps; pressure 75 pounds; works owned by town; original cost to construct \$125,000, to date \$153,000. Chairman, B. Knight; supt, F. M. Andrews.

Mansfield, Bristol Co., population 3,500; fire area 1,500 acres; mercantile buildings, wood, 3 stories; private, wood, 2½ stories; wooden roofs permitted. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 2 hose wagons; hose, cotton good 2,800 ft, inferior 500 ft; value of fire department equipment \$3,100; value of buildings occupied \$3,000; ann expenses \$1,400; total membership 41, paid part time; bell and tapper alarm; 12 street boxes. Chief engineer, A. W. Cobb.

WATER SUPPLY—Source, springs; system, pumping direct and to standpipe; duplex pumps, dy cap 600,000 gals; 52 hydrants; pipe 9 2-5 miles; 38 gates; 105 meters, various pressure 45 to 70 pounds; cost to construct \$77,000; ann expenses \$6,500; int on bonds \$3,000. Supt, A. B. Day.

Marblehead, Essex Co., population 8,202; mercantile buildings, brick and wood, 3 stories; private, wood, 2½ stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 steam fire engines, 2 hand engines, 7 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages, all kinds, 1 supply wagon; hose, cotton good 7,000 ft; 5 horses, value \$1,500; value of fire department equipment \$19,300; value of buildings occupied \$21,500; total ann expenses of department \$3,500; total membership 85, paid full time 4, paid part time 81, volunteers 80; Gamewell alarm; no of street boxes 24; 5 fire companies, 1 hook and ladder company, 5 hose companies. Chief engineer, Frank L. Wadden.*

WATER SUPPLY—Source, 2 collecting wells, 37 driven wells; system, pump to standpipe, cap 530,000 gals; pumping engines, dy cap 2,500,000 gals; hydrants 267; pipe 25½ miles, 14 to 6 in dia; 263 valves; pressure, domestic 65 to 75 pounds, fire same; works owned by city; cost to construct \$262,553.61; ann expenses \$3,500; int on bonds 4 per cent. Chairman, R. C. Bridge.

Marlborough, Middlesex Co., population 14,000; fire area 12,845 acres; mercantile buildings, wood, 3 stories; private, wood, 2 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hose and ladder truck, 1 reserve, 4 hose wagons, 1 reserve; hose, cotton good, 7,800 ft; 6 horses, value \$1,100; value of fire department equipment \$5,670; value of 5 buildings owned \$5,000; total ann expenses of department \$12,230; total membership 64, paid full time 5, volunteers 55; Gamewell alarm; 21 street boxes. Chief, John C. Rock.

WATER SUPPLY—Source, Lake Williams; system, pumping to reservoir and direct; reservoir cap 5,500,000 gals; pumping engines, dy cap 4,500,000 gals; 289 hydrants; pipe 32 miles, 4 to 16 in dia; 315 valves; 2,080 taps; pressure 17 to 130 pounds; cost to construct to date \$399,000; ann expenses \$6,000 Supt, Geo. A. Stacey.

Marshfield, Plymouth Co., population 1,713; mercantile buildings, wood, 1 story; dwellings, wood, 1 story; wooden roofs permitted; no fire-

works ordinance. No organized fire department.*

WATER SUPPLY—Source, wells and cisterna.*

Mattapan, Suffolk Co. (See Boston.)

WATER SUPPLY—(See Boston.)

Mattapoisett, Plymouth Co., population 1,148; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hand engines, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,100 ft; value of fire department equipment \$1,500; value of buildings occupied \$600; total ann expenses of department \$600; total membership 60; bell alarm; 1 fire company. Foreman, Addison Curtis.

WATER SUPPLY—Source, ocean, well, cisterna, springs and 4 reservoirs; supply unexhaustible.

Maynard, Middlesex Co., population 2,700; mercantile buildings, mills, brick, others wood, 2½ to 3 stories; private, wood, 2½ stories; wooden roofs permitted, fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,700 ft; value of fire department equipment \$2,000; value of buildings occupied \$3,500; total membership 40, volunteer members 40; 2 fire companies, 1 hook and ladder company, 1 hose company; Gamewell fire alarm. Chief engineer, David Henderson.

WATER SUPPLY—Source, White Pond; system, gravity, pumping to reservoir, cap 1,500,000 gals; pumping engines, dy cap 1,000,000 gals; hydrants 77; pipe 7 1-2 miles, 12 to 4 in dia; works owned by city; cost to construct \$110,000; ann expenses \$5,500; int on bonds 4 per cent; pressure 65 to 95 pounds. Supt, Thos. Naylor.

Medfield, Norfolk Co., population 1,600; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,300 ft; value of fire department equipment \$5,250; total ann expenses of department \$1,200; total membership 60, paid part time; bell and whistle alarm; 1 engine company, 1 hook and ladder company. Chief engineer, William F. Harding.

WATER SUPPLY—Source, spring; cap of standpipe 25,000 gals. Town clerk, Stillman J. Spear.

Medford, Middlesex Co., population 15,000; fire area 11,500 acres; mercantile buildings, brick and wood, 3 and 4 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 chemical engine, 6 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds, 3 supply wagons, 4 hose pungs; hose, cotton good 8,000 ft, inferior 500 ft; 11 horses, value \$3,300; value of fire department equipment \$25,000; value of buildings occupied \$20,000; total ann expenses of department \$14,000; total membership 49, paid full time 7, paid part time 42; Gamewell alarm; 28 street boxes. Chief engineer, Arthur C. Symmes.

WATER SUPPLY—Source, Spot Pond; system, gravity; 224 hydrants; pipe 41 miles, 2 to 12 in dia; 341 valves; 10 meters; pressure 55 pounds; cost to construct \$320,000; ann expenses \$4,000; int on bonds 6 per cent. Supt, R. M. Gow.*

Medway, Norfolk Co., population 2,985; buildings, wood, 2½ to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck; hose, linen good 2,500 ft; value of buildings occupied \$3,500; expenses for past year \$1,500; total membership 120, all volunteers. Chief engineer, M. F. Desmond.

WATER SUPPLY—Source, river, 7 cisterna. Town clerk, George E. Pond.

Melrose, Middlesex Co., population 10,000; fire area 2,700 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds, 1 hose wagon; hose, cotton good 4,600 ft, leather good 200 ft, 3 permanent and 4 call horses, value \$600; value of fire department equipment \$10,000; value of buildings occupied \$7,000; total ann expenses of department \$6,000; total membership 70, paid full time 2, paid part time 68, volunteer members 12; electric fire alarm; street

boxes 22. Chief engineer, A. Wilbur Lynde. WATER SUPPLY—Source, Spot Pond; system, pumping to reservoir, cap 1,500,000 gals; Blake pumping engines, dy cap 1,000,000 gals; hydrants 180; pipe 35 miles, 4 to 16 in dia; 250 valves; pressure 80 pounds; works owned by town; cost to construct to date \$306,551; ann expenses \$10,000. Pres, W. D. Flske; supt, James W. Riley.

Merrimack, Essex Co., population 2,700; fire area 800 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose cotton good 2,000 ft, inferior linen 500 ft, leather good 1,200 ft, inferior 400 ft; 5 horses, hired; value of fire department equipment \$9,000; value of buildings occupied \$3,000; expenses for 1893, \$2,050; total membership \$3, all volunteers; electric alarm; 11 street boxes; 4 fire companies. Chief engineer, Albert Parker.

WATER SUPPLY—Source, brook and Merrimack river, 1 reservoir. Town clerk, Bailey Sargent.

Methuen, Essex Co., population 5,000; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber lined good 3,000 ft, inferior 1,000 ft; 6 horses, value \$800; total ann expenses of department \$2,700; value of fire department equipment \$1,500; value of buildings occupied \$2,000; total membership 31, paid part time 3; Gamewell alarm; 24 street boxes. Chief engineer, Henry N. Hall.

WATER SUPPLY—Source, Lawrence waterworks; system, direct pumping; 3 pumps; 95 hydrants; 2 1/2 miles main; pressure 200 pounds; cost to construct \$8,000. Built for fire protection only. Clerk, D. W. Feirny.

Middleborough, Plymouth Co., population 6,065; fire area 3,500 acres; mercantile buildings, wood and brick, 2 to 4 stories; private, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine, 1 hook and ladder truck, 4 hose carriages, all kinds, 1 hose wagon; hose, cotton good 4,000 ft; value of fire department equipment \$7,000; value of buildings occupied \$7,500; total ann expenses of department \$3,000; total membership 112, paid part time; Gamewell alarm; 17 street boxes, 7 fire companies, 1 hook and ladder company, 5 hose companies. Chief engineer, Charles W. Kingman.

WATER SUPPLY—Source, Nemasket river and large well; system, pumping direct and to stand-pipe; stand-pipe cap 235,000 gals; 2 pumping engines, dy cap 884,000 gals each; 96 hydrants; pipe 12 7/8 miles, 4 to 12 in dia; 120 valves; 640 taps; pressure, domestic 40 to 70, fire 100 pounds if necessary; waterworks owned by fire district; cost to construct to Jan. 1894, \$97,087; ann expenses \$3,910. Supt, Joseph E. Beale.

Middleton, Essex Co., population 924; buildings, wood, 1 1/2 and 2 stories; wooden roofs permitted. Fire department—24 chemical extinguishers, 1 hose carriage, other apparatus, set of hooks and ladders; hose, rubber good 900 ft; value of fire department equipment \$1,200; value of buildings occupied \$75; total ann expenses of department \$36; total membership 12; whistle alarm. Chief engineer, B. T. McGlaulin.

WATER SUPPLY—Source, lake; town supplied from Dauvers waterworks; system, pumping to reservoir, cap 5,000,000 gals; 5 hydrants; pipe 2 miles, 1 1/2 in dia; pressure 80 pounds.

Milford, Worcester Co., population 10,982; fire area 12,160 acres; buildings, wood, brick and granite, 1 1/2 to 3 stories; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 2 jumpers, slamese couplings used; hose, cotton good 7,000 ft; 7 horses; value of fire department equipment \$37,000; value of buildings occupied \$8,000; total ann expenses of department \$11,000; total membership 84; Gamewell alarm; 18 street boxes. Chief engineer, J. H. Scott.

WATER SUPPLY—Source, well and Charles river; system, direct pumping; pumping engines, dy cap 4,500,000 gals; 103 hydrants; pipe 28 miles, 4 to 14 in dia; 125 gates; pressure 40 to 85 pounds; waterworks owned by private company; cost to con-

struct \$290,000; ann expenses \$3,200. Pres of com, C. W. Shippee; supt, Frank L. Northrop.*

Millbury, Worcester Co., population 4,800; buildings, wood and brick, 1 1/2 and 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 chemical engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 2,500 ft, poor 500 ft; value of fire department equipment \$10,000; value of buildings \$3,000; expenses in 1893, \$2,700; total membership 45, paid part time; electric fire alarm system. Chief engineer, N. H. Shears.

WATER SUPPLY—Source, wells; private reservoirs. Town have contracted for 60 fire hydrants from Water Co. Town clerk, Ira N. Goddard.

Millis, Norfolk Co., population 1,800; fire area 2 1/2 sq miles; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 8 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 700 ft, linen good 2,000 ft; 4 horses; value of fire department equipment \$4,750; value of buildings occupied \$2,000; total ann expenses of department \$500; total membership 40; whistle alarm. Chief engineer, Joseph S. Adams.

WATER SUPPLY—Source, wells and cisterns.

Millville, Worcester Co., population 1,800; buildings, brick and wood, 2 to 4 stories. Fire department—3 hose carriages; hose, cotton good 2,000 ft, linen good 2,000 ft; total membership 80, all volunteers; bell and steam whistle alarm. Chief engineer, W. J. Bower.

WATER SUPPLY—No report; rotary and steam pumps in factories. Town clerk, M. Carroll.

Milton, Norfolk Co., population 4,278; fire area 4,080 acres; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, all kinds; hose, cotton good 4,200 ft; 8 horses, value \$1,600; value of fire department equipment \$9,000; value of buildings occupied \$15,000; total ann expenses of department \$8,500; total membership 61, paid full time 6, volunteer members 55; Gamewell alarm; 29 street boxes; 6 fire companies. Chief engineer, Rufus L. Chapman.*

WATER SUPPLY—Source, Hyde Park Water Co; system, pump to stand-pipe; 155 hydrants; pipe 12 miles, 6 to 12 in dia; 100 valves; pressure 80 to 120 pounds; works owned by company; cost to construct \$150,000; int on bonds 5 per cent. Pres of com, E. P. Whitney; supt, Wm. F. Hill.

Monsen, Hampden Co., population 3,650; fire area whole town; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 chemical engines on wheels, 1 hook and ladder truck; hose, rubber good 200 ft; value of fire department equipment \$1,200; total ann expenses of department \$166; total membership 63, volunteers; bell and whistle alarm. Chief engineer, D. B. Needham.

WATER SUPPLY—Source, wells and rotary pumps in mills and factories. (Waterworks contemplated.)

Montague, Franklin Co., (includes Turners Falls and Millers Falls); population 6,296; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 1,400 ft, inferior 300 ft, rubber good 300 ft, inferior 200 ft; total ann expenses of department \$1,000; total membership 32, paid part time; bell alarm. Chief engineer, D. McCarthy.

WATER SUPPLY—Source, Lake Pleasant; system, pumping to reservoir; reservoir cap 1,270,000 gals; pumping engines, dy cap 1,800,000 gals; 58 hydrants; pipe 8 miles, 14 to 4 in dia; 63 valves; 365 taps; pressure, domestic 100, fire 100 pounds; waterworks owned by fire district; cost to construct \$100,211; cost to date \$108,920; ann expenses \$7,500. Supt, H. D. Bardwell.

Nantucket, Nantucket Co., population 3,300; fire area 640 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—5 hand en-

gines, 2 hook and ladder trucks, 3 hose carriages, 2 hose carts; hose, cotton good 3,875 ft, leather good 450 ft, linen good 400 ft; value of fire department equipment \$2,500; value of buildings occupied \$2,500; total ann expenses of department \$4,800; total membership 212, paid full time; telegraph alarm; fire patrol supported by town, 4 members. Chief engineer, B. B. Coffin.

WATER SUPPLY—Source, Wannaconnet pond, 2 miles west of town; system, pumping to tank and direct; reservoir cap 50,000 gals; pumping engines, dy cap 1,500,000 gals; 50 hydrants; pipe 8-36 miles, 8 to 4 in dia; 53 valves; pressure 30 to 37 pounds; waterworks owned by company; cost to construct \$60,000. Pres of com, R. Gardner Chase; supt, Wm. F. Codd.

Natick, Middlesex Co., population 9,118; mercantile buildings, brick and wood, 2½ and 3 stories; private, wood, 1½ and 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 4 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages, 3 hose wagons; hose, cotton good 8,000 ft, inferior 685 ft; 9 horses, value \$1,800; value of fire department equipment \$15,000; value of buildings occupied \$28,000; total ann expenses of department \$4,500; total membership 52, 3 paid full time, remainder part time; Gamewell alarm; 13 street boxes; 4 fire companies. Chief engineer, J. W. Morse.

WATER SUPPLY—Source, pond, located at Natick; system pumping to reservoir and direct; reservoir cap 4,000,000 gals; pumping engines, dy cap 1,500,000 gals; 161 hydrants; pipe 22 3-4 miles, 2 to 12 in dia; 202 valves; taps 1,486; pressure 60 to 80 pounds; waterworks owned by city; cost to construct to date \$259,243; ann expenses \$6,430. Supt, J. W. Morse.

Needham, Norfolk Co., population 3,800; fire area 7,000 acres; mercantile buildings, wood, 3 stories; private, wood, 2 1-2 stories; shingle roofs used. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose wagons; hose, cotton good 3,700 ft, inferior 300 ft; 8 call horses; value of equipment \$5,000; value of buildings occupied \$2,500; expenses in 1893, \$1,400; membership 36, volunteers; Gamewell alarm; 12 street boxes; 3 hose companies, 1 hook and ladder company. Chief engineer, John H. Whittemore.

WATER SUPPLY—Source, wells and cisterns; system, pump to standpipe; cap of standpipe 301,000 gals; pumping engines, dy cap 2 pumps of 750,000 gals each; 160 hydrants; pipe 20.85 miles, 12 to 4 in dia; 160 valves; taps 443; pressure 75 to 110 pounds; works owned by town; ann expenses \$7,600; cost to construct \$75,000, to date \$136,000. Supt, George A. Adams.

New Bedford, Bristol Co., population 55,000; fire area 1,920 acres; mercantile buildings, brick, 2½ stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—8 steam fire engines, 1 hand engine, 16 chemical extinguishers, 1 hook and ladder truck, 2 aerial trucks, 8 hose carriages, all kinds, 9 hose wagons; hose, cotton good 14,000 ft; 32 horses, value \$6,400; value of fire department equipment \$60,000; value of buildings occupied \$160,000; total ann expenses of department \$59,000; total membership 210, paid full time 30, paid part time 180; Gamewell alarm; 77 street boxes, private 18; 12 fire companies, 7 engine companies, 3 hook and ladder companies, 2 hose companies. Chief engineer, Frederick Macy.

WATER SUPPLY—Source, storing reservoir, Little Quittacus pond and Acushnet river; system, gravity, pump to reservoir and standpipe, standpipe cap 15,000,000 gals; cap of reservoirs 318,000,000 gals; 3 pumping engines, dy cap 15,000,000 gals; 585 hydrants; pipe 72½ miles, 4 to 30 in dia; 882 valves; pressure 4 to 65 pounds; Edison pressure recording gauge; works owned by city; cost to construct about \$800,000; cost to date \$1,590,122; ann expenses \$31,123. Supt, R. C. P. Coggeshall.

Newbury, Essex Co., population 1,427; buildings, wood, 2½ stories; wooden roofs permitted. Fire department, see Newburyport.

WATER SUPPLY—Source, wells, cisterns and rivers. (A main from Newburyport is laid through part of town.) Town clerk, J. C. Rolf.

Newburyport, Essex Co., population 15,000; mercantile buildings, brick and wood, 3 to 5 stories; dwellings, wood, 2½ and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire de-

partment—3 steam fire engines, 6 chemical extinguishers, 2 hook and ladder trucks, (1 in reserve) 2 hose carriages, 4 hose wagons, 1 supply wagon; hose, cotton good 8,000 ft, fair 3,000 ft; 9 horses, value \$2,700; value of fire department equipment \$11,000; value of buildings \$14,000; expenses of department \$11,174; total membership 87, paid part time; Gamewell alarm; 20 street boxes. Chief engineer, S. C. Reed.

WATER SUPPLY—Source, spring; system, pumping to standpipe; standpipe cap 375,000 gals; pumping engines, dy cap 4,000,000 gals; 175 hydrants; pipe 30 miles, 4 to 12 in dia; 2,160 taps; pressure, 58 pounds; works owned by company. Supt, John E. McCusper.

Newtown, Middlesex Co., population 28,000; fire area 11,000 acres; mercantile buildings, wood, 3 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 2 chemical engines, 1 hook and ladder truck, 1 aerial truck, 8 hose carriages, all kinds, 2 hose wagons; hose cotton good 8,000 ft, rubber good 2,500 ft; 23 horses, value \$5,250; value of fire department equipment \$63,000; value of buildings occupied \$125,000; total ann expenses of department \$39,000; total membership 58, paid full time 23, paid part time 65; Gamewell alarm; 105 street boxes. Chief engineer, Henry L. Bixby.

WATER SUPPLY—Source, Charles river, fed by intercept springs; system, pump to reservoir, cap 17,500,000 gals; pumping engines, dy cap 10,000,000 gals; 736 hydrants; pipe 110 miles, 4 to 20 in dia; 564 valves; pressure 10 to 115 pounds; works owned by city; cost to construct to Jan 1, 1894, \$1,743,000; ann expenses \$16,000. Pres of board, Wm. P. Ellison; supt, H. N. Hyde.

North Adams, Berkshire Co., population 18,300; fire area 6,500 acres; mercantile buildings, brick and wood, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 5 hose carriages, all kinds; hose, cotton good 3,900 ft, inferior 500 ft; value of fire department equipment \$4,600; value of buildings occupied \$24,000; total ann expenses of department \$4,000; total membership 49, paid part time; Gamewell alarm; 24 street boxes. Chief engineer, J. D. Brennan.

WATER SUPPLY—Source, springs and brooks; system, gravity; reservoir cap 3,000,000 gals; 180 hydrants; pipe 18 miles, 4 to 24 in dia; 3,000 taps; pressure 80 to 100 pounds; works owned by city; ann expenses \$22,000. Supt, W. F. Hodge.

Northampton, Hampshire Co., population 14,990; mercantile buildings, brick, stone and wood, 3 stories; private wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 2 hand engines, 1 chemical engine on wheels, 2 hook and ladder trucks, 6 hose carriages, all kinds, 2 hose wagons; hose, cotton good 7,000 ft, inferior 1,300 ft; 5 horses, value \$1,000; value of fire department equipment \$22,010.95; value of buildings occupied \$15,000; total ann expenses of department \$6,142; volunteer members 98; Gamewell alarm; 23 street boxes; 6 fire companies, 1 engine company, 1 hook and ladder company, 4 hose companies. Chief engineer, W. A. Bailey.

WATER SUPPLY—Source, mountain stream, 9 miles distant, system, gravity; reservoir cap 20,000,000 gals; 227 hydrants; pipe 45 1-3 miles, 3 to 24 in dia; 227 valves; pressure, domestic 30 to 90 pounds; works owned by city; cost to construct to date \$305,275; ann expenses \$2,500. Supt, Luther C. Wright.

North Andover, Essex Co., population 3,742; buildings, brick and wood, 2½ to 5 stories. Fire department—1 steam fire engine, 1 hand engine, 1 hose carriage, 1 hose wagon, 1 hose reel; hose, linen good 4,700 ft, rubber good 50 ft; 3 horses, value \$700; value of fire department equipment \$12,000; expenses \$3,500; total membership 64, paid full time 1; bell alarm. Chief engineer, Wm. A. Johnson.

WATER SUPPLY—Source, reservoirs; cap 10,000 gals; owned by town.*

North Attleborough, Bristol Co., population 6,727; fire area 2,100 acres; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 1 hose

wagon, 2 hose reels; siamese couplings used; hose, cotton good 3,600 ft, inferior 900 ft; 4 horses, hired; value of fire department equipment \$9,000; value of buildings occupied \$6,000; total ann. expenses of department \$8,500; total membership 48, paid part time; Gamewell alarm; 21 street boxes; swinging harness; 1 engine company, 1 hook and ladder company, Chief, Chas. W. H. Day.

WATER SUPPLY—Source, well 26 dia 30 deep; system, direct pumping; reservoir cap 585,000 gals; pumping engines, dy cap 1,000,000 gals; 118 hydrants; pipe 14 miles, 6 to 18 in dia; 318 meters; 615 taps; pressure 70 to 83 pounds; waterworks owned by Fire District No. 1; cost to construct \$110,000; ann. expenses \$9,379. Supt, W. P. Whittemore. #

Northborough, Worcester Co., population 1,953; mercantile buildings, brick and wood, 2 and 3 stories; wooden roofs are permitted; dwellings, wood, 2 and 2½ stories high; no fireworks ordinance. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft, fair 500 ft; value of fire department equipment \$3,350; value of buildings occupied \$2,000; expenses \$574; 1 hook and ladder company, 1 hose company, 1 engine company; total membership 27. Chief, Francis M. Harrington.

WATER SUPPLY—Source, Cold Harbor brook; system, gravity; reservoir cap 30,000,000 gals; 57 hydrants; pipe 10 miles; 49 valves; pressure 65 to 85 pounds; owned by town; cost to construct \$70,500; ann. expenses \$3,500. Supt, R. E. Yates.

Northbridge, Worcester Co., population 4,603; mercantile buildings, brick and stone, 3 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, all kinds; hose, linen good 12,000 ft; total ann. expenses of department \$1,000; total membership 53, paid full time; bell and electric alarm. Chief engineer, C. A. Taft.

WATER SUPPLY—Source, springs 1.4 mile from city; system, gravity; reservoir cap 390,000 gals; pumping engines; 50 hydrants; pipe 17 miles, 12 to 4 in dia; 35 valves; pressure, domestic 75, fire 100 pounds; works owned by company; ann. expenses \$1,000. Town clerk, J. J. Johnston.

North Brookfield, Worcester Co., population 3,900; fire area whole town; mercantile buildings, wood, 1½ to 3 stories; private, wood, 1½ to 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 chemical engine, 20 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 3,000 ft, poor 400 ft; value of fire department equipment \$7,500; value of buildings occupied \$3,000; total ann. expenses of department \$1,500; total membership 55, paid part time; steam whistle alarm; 4 fire companies, Chief engineer, A. C. Foster.

WATER SUPPLY—Source, springs; system, direct pumping; storage cap of reservoirs 400,000 gals; cap of reservoirs 3,500,000 gals; cap of pumps 40,000 gals per hour; 20 hydrants; 4½ mile of pipe, 12 to 18 in dia; pressure 85 to 95 pounds; works owned by town; cost to construct \$120,000. Supt, J. R. Southworth.

North Easton, Bristol Co., mercantile buildings, stone, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hand engine (useless), 1 hose carriage; hose, linen good 2,000 ft; bell alarm.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 240,000 gals; pumping engines, dy cap 1,500,000 gals; 75 hydrants; pipe 6 miles, 10 to 4 in dia; 125 valves; 62 meters; pressure 60 to 90 pounds; cost to construct \$80,000. Village clerk, D. F. Buckley. #

Northfield, Franklin Co., population 1,869; mercantile buildings, wood, 2 and 3 stories; private, wood, 1½ to 2½ stories; wooden roofs permitted; no fireworks ordinance. No fire department. #

WATER SUPPLY—Source, brooks; and aqueducts; system, gravity; pipe 8 miles, 2 in dia; quality of water pure. Town clerk, W. J. Wright.

Norwood, Norfolk Co., population 3,900; fire area 400 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 2½ stories; wooden roofs are permitted; fireworks ordinance. Fire depart-

ment—2 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds, 1 hose wagon; hose, cotton good 3,850 ft, inferior 600 ft; value of fire department equipment \$3,850; value of buildings occupied \$7,000; total ann. expenses of department \$1,400; total membership 40, paid part time; bell and whistle alarm. Chief engineer, J. E. Boyder.

WATER SUPPLY—Source, pond fed by springs; system, pumping to reservoir; reservoir cap 1,400,000 gals; pump, dy cap 1,000,000 gals; 110 hydrants; pipe 7 miles, 8½ valves; pressure 58 pounds; works owned by town; cost to construct \$110,000; cost to date \$135,000; ann. expenses \$2,500. Supt, Geo. A. P. Bucknam.

Orange, Franklin Co., population 4,568; fire area 1,000 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs are not permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 20 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, linen good 5,000 ft; value of fire department equipment \$12,000; value of buildings occupied \$1,500; total ann. expenses of department \$3,000; total membership 50, paid part time; Municipal fire alarm; street boxes 10. Chief engineer, C. A. Hinds. (Proposed 2 hose carts.)

WATER SUPPLY—Source, springs; system, pumping to reservoir and direct; reservoir cap 2,500,000 gals; pumping engines, cap per 10 hrs. 500,000 gals; hydrants 101; pipe 12 miles, 6 to 18 in dia; 48 valves; 184 taps; pressure, domestic 80 fire 100 pounds; waterworks owned by city; cost to construct \$140,000. Supt, Edwin W. Snow.

Orleans, Barnstable Co., population 1,219; fire area 5,500 acres; mercantile buildings, wood, 1 and 2 stories; dwellings, wood, 1 and 2½ stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 chemical and hand engine, combined, 1 hose carriage; hose, linen 700 ft, good; value of buildings \$200. Foreman, Geo. H. Flak.

WATER SUPPLY—Source, wells and small cisterns. Town clerk, David L. Young.

Oxford, Worcester Co., population 2,616; mercantile buildings, stone and brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 1 hose carriage, 1 hose wagon; hose, cotton good 1,400 ft, inferior 500 ft; value of fire department equipment \$6,000; value of buildings occupied \$1,800; total ann. expenses of department \$500; total membership 45, paid part time; bell alarm. Chief engineer, D. L. White.

WATER SUPPLY—Source, cisterns, wells and streams; total cap of cisterns 3,328 bbls

Palmer, Hampden Co., population 6,520; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton rubber lined good 2,050 ft; total membership 35; bell alarm. Chief engineer, W. H. Hitchcock.

WATER SUPPLY—Source, springs; system, gravity; 60 hydrants; pipe 8 miles, 4 to 12 in dia; 25 valves; meters 8; pressure 70 pounds; cost to construct \$45,000; ann. expenses \$1,200; int. on bond, 5 per cent. Free or chairman of com, C. L. Goodhue, Springfield; treasurer and supt, John H. Gamewell. #

Pembody, Essex Co., population 10,158; fire area 10,000 acres; buildings, wood, 2 stories; wooden roofs are permitted. Fire department—2 steam fire engines, 3 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 3 hose wagons, 1 supply wagon, 5 hose pumps; siamese couplings used; hose, cotton good 10,800 ft; 8 horses; value of fire department equipment \$23,000; 5 buildings occupied value \$43,700; total ann. expenses of department \$8,600; total membership 100, paid full time 5, paid part time 97; electric alarm; 28 street boxes; 2 whistle; 2 strikers. Chief appointed by engineers, S. S. Littlefield.

WATER SUPPLY—Source, spring and Brown's pond; system, gravity and pumping to standpipe, cap 500,000 gals; pump, dy cap 2,000,000 gals; 215 hydrants; pipe 30 1-5 miles, 1 to 16 in dia; pressure 75 pounds; expenses to date \$814,000; ann. expenses \$8,000; works owned by town. Supt, N. M. Quint; city clerk, Nathan H. Poor.

Pembroke, Plymouth Co., population 1,320; fire area 13,000 acres; mercantile buildings, wood, 1½ stories; private, wood, 1½ stories; wooden

roofs permitted; no fireworks ordinance. No organized fire department.

WATER SUPPLY—(See Abington.)

Pepperell, Middlesex Co., population 3,400; mercantile buildings, wood, 3 stories; private, wood, 1½ stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 4,700 ft. inferior 500 ft.; leather inferior 500 ft.; value of fire department equipment \$10,000; value of buildings occupied \$7,000; total ann expenses of department \$3,000; total membership 73, paid part time; telegraph alarm; street boxes 5. Chief engineer, Warren M. Blood.

WATER SUPPLY—Source, reservoirs and wells. (Talk of waterworks.)

Petersham, Worcester Co., population 1,050. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck; hose, good 300 ft. Chief engineer, J. F. Barner.

WATER SUPPLY—Source, wells. Town clerk, B. B. Cook.*

Pittsfield, Berkshire Co., population 17,881; fire area 640 acres; mercantile buildings, brick and wood, 3 to 7 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 2 hand engines, 6 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages; hose, cotton good 8,550 ft. inferior 1,500 ft.; value of fire department equipment \$30,000; value of buildings occupied \$10,000; total ann expenses of department \$9,041; total membership 174, paid part time 22; telegraph alarm; 33 street boxes. Chief elected by district, Geo. W. Branch.

WATER SUPPLY—Source, Ashley Lake, Hathaway and Sackett brook; system, gravity; 3 reservoirs, combined cap 500,000 gals; 140 hydrants; pipe 48 miles, 3 to 16 in dia.; 300 valves; 3,500 taps; pressure 55 pounds; works owned by city; cost to construct to date \$4,170,000; cost to construct \$35,000; ann expenses \$4,100. Supt, John M. Hatch.

Plainville, Norfolk Co., population included in Wrentham. Fire department—1 hand engine, 1 hose carriage; hose, leather good 300 ft; total membership 50, all volunteers.*

WATER SUPPLY—Source not given; system, gravity; 1 reservoir, cap 40,000 gals; Knowles pump; 5 hydrants. Owners, L. Bacon & Co.

Plymouth, Plymouth Co., population 7,500; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—3 steam fire engines, 1 hand engine, 2 chemical engines, 2 hook and ladder trucks, 7 hose carriages; hose, cotton rubber lined good 6,000 ft., rubber good 100 ft., 400 ft linen; 4 horses; total ann expenses of department \$5,000; total membership 155; electric alarm; 14 boxes. Chief engineer, H. P. Bailey.

WATER SUPPLY—Source, South pond; system, gravity and pumping to reservoir; reservoir cap low service 1,600,000 gals, high service 1,400,000 gals; pumping engines, dy cap 1,500,000 gals; 87 hydrants (15 private); pipe 33 miles, 20 to 2 in dia; 267 valves; pressure 50 to 100 pounds; waterworks owned by town; original cost to construct \$78,829.88; cost to Dec. 31, 1893, \$248,214; ann expenses \$6,127. Supt, R. W. Bagnell.

Provincetown, Barnstable Co., population 4,642; fire area 3,000 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, (5 hand engines, out of use) 1 chemical engine on wheels, 1 chemical extinguisher, 1 hook and ladder truck, 4 hose carriages, 3 in reserve, all kinds, 1 hose wagon; hose, cotton good 4,250 ft.; value of fire department equipment \$28,000; value of buildings occupied \$7,000; total ann expenses of department \$2,133; total membership 155; bell alarm. Chief engineer, J. D. Hilliard.

WATER SUPPLY—Source, tubular wells; system, pumping to standpipe; standpipe cap 460,000 gals; pumping engines, dy cap 1,000,000 gals; hydrants 83; pipe 1.3 miles, 12 to 4 in dia; 121 valves; 150 taps; pressure 50 to 75 pounds; waterworks owned by city; cost to construct \$70,000; ann expenses \$2,000; also 42 cisterns. Chairman, L. N. Palne.

Quincy, Norfolk Co., population 16,723; fire area 85 miles; mercantile buildings, wood and brick, 1½ to 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordi-

nance. Fire department—1 steam fire engine, 2 chemical engines on wheels, 5 chemical extinguishers, 1 hook and ladder truck, 3 hose wagons, other apparatus, 2 reels, 2 jumpers; hose, cotton good 8,000 ft. inferior 400 ft; 7 horses, value \$2,100; value of fire department equipment \$8,000; value of buildings occupied \$10,000, total ann expenses of department \$12,500; total membership 77, paid full time 6; Gamewell alarm; street boxes 30. Chief engineer, Walter H. Ripley.*

WATER SUPPLY—Source, reservoir on Town Brook in Braintree, cap 180,000,000 gals, and 2 wells; system, pump to standpipe; standpipe cap 423,000 gals; 3 pumping engines, dy cap 2,000,000 gals each; hydrants 186; pipe 44.84 miles, 4 to 20 in dia; 450 valves; taps 1,850; pressure 80 to 85 pounds; Edison pressure recording gauge; works owned by city; cost to date \$652,806; ann expenses \$11,371. Chairman, H. T. Whitman; supt, F. E. Hall.

Randolph, Norfolk Co., population 3,946; mercantile buildings, wood, 2 to 5 stories; dwellings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 chemical extinguisher, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 3,500 ft.; 6 horses; total membership 60, paid part time; 4 fire companies. Chief engineer, C. A. Wales.

WATER SUPPLY—Source, Great Pond; system, pumping to standpipe; 2 standpipes, cap 1,356,760 gals; Holly Blake pumping engines, dy cap Holly 2,500,000 gals; Blais 1,500,000 gals; 131 hydrants; pipe 20 miles, 4 to 14 in dia; 90 valves; pressure 73 to 87 pounds; waterworks owned by towns of Randolph and Holbrook; cost to construct \$110,000; ann expenses \$2,000; int on bonds 4 per cent. Water com, C. A. Wales.

Reading, Middlesex Co., population 4,088; fire area 5 sq miles; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 steam fire engine, 10 chemical extinguishers, 4 hose carriages, all kinds; hose, cotton good rubber lined 5,200 ft.; value of fire department equipment \$8,000; value of buildings occupied \$11,000; total ann expenses of department \$2,350; total membership 85; Stevens alarm; street boxes 15; 5 fire companies. Chief engineer, E. C. Nichols.

WATER SUPPLY—Source, wells and cisterns; system, pump to standpipe cap 529,800 gals; pumping engines, dy cap 1,200,000 gals; 103 hydrants; pipe 18 1-2 miles, 12 to 6 in dia; 190 valves; 601 taps; pressure 75 pounds; works owned by town; original cost to construct \$148,069; cost to date \$174,754; ann expenses \$4,000. Supt, Lewis M. Bancroft.

Revere, Suffolk Co., population 6,000; fire area 2,500 acres; buildings, private, wood, 2 1-2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 2 hose wagons; hose, cotton good 4,900 ft. inferior 100 ft; 5 horses, value \$1,000; value of fire department equipment \$10,850; value of buildings occupied \$6,750; total ann expenses of department \$12,500; expenses for past year \$16,500; total membership 83, paid full time 4, part time 59, rest volunteers; Stevens alarm; 23 street boxes; 1 hook and ladder company, 3 hose companies. Chief engineer, Frank H. Hussey.

WATER SUPPLY—Source, tubular well; system, pumping to reservoir and direct; reservoir cap 1,500,000 gals; pumping engines, dy cap 1,250,000 gals each; 79 hydrants; pipe 26 miles, 2 to 14 in dia; 114 valves; 1,189 taps; pressure 75 pounds; works owned by company; ann expenses \$5,000; int on bonds 5 per cent. Supt, Albert S. Burnham.*

Riverside, Franklin Co., population 1,400; buildings, brick and wood, 1 and 1-2 stories; wooden roofs permitted; no fireworks ordinance. No organized department.

WATER SUPPLY—Source, springs; system, gravity; pipe 1 mile, 8 in dia; waterworks owned by company. Supt, M. A. Ward.*

Rockland, Plymouth Co., population 6,021; fire area 6,440 acres; mercantile buildings, brick and wood, 2 1-2 stories; private, wood, 1-2 and 2-3 stories; wooden roofs not permitted in fire district; no fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon, 1 small hose reel; hose, cotton good 3,100 ft. rubber good 300 ft; 8 horses, hired; value of fire depart-

ment equipment \$6,500; value of buildings occupied \$4,500; total ann expenses of department \$2,962; total membership 62, paid part time; Gamewell alarm. Chief engineer, N. B. Foster.

WATER SUPPLY—Source, Big Sandy pond; system, pumping to standpipe, cap 367,163 gals; pumping engines, dy cap 2,000,000 gals; 119 hydrants; pipe 19 1-2 miles, 16 to 4 in dia; 88 valves; pressure 75 pounds; works owned by town; cost to construct \$130,000; ann expenses \$4,000; int on bonds 4 per cent. Supt, W. B. Groce.*

Rockport, Essex Co., population 4,087; fire area 4,250 acres; mercantile buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 hook and ladder truck, 1 hose carriage, 2 supply wagons; hose, cotton 3,500 ft; value of fire department equipment \$7,500; value of 4 buildings occupied \$4,000; total ann expenses of department \$2,100; total membership 55, paid full time; bell alarm. Chief engineer, John Parsons, Jr.

WATER SUPPLY—Source, river and 11 cisterns; cap of cisterns 20,000 gals. Town clerk, C. W. Pool. (Waterworks contemplated.)

Royalston, Worcester Co., population 1,020; buildings, wood. Fire department—1 hand engine, fire pump; hose, 1,000 ft.

WATER SUPPLY—Source, river. Town clerk, Geo. W. Blandin.

Salem, Essex Co., population 30,801; fire area 7 sq. miles; mercantile buildings, brick and wood, 2 1/2 to 4 stories; private, wood, 2 1/2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 1 hand engine, 8 pony chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 3 hose carriages, 5 hose wagons, 1 supply wagon; hose, good 17,500 ft; 21 horses, value \$5,000; value of fire department equipment \$33,420; value of buildings occupied \$33,000; total ann expenses of department \$27,500; total membership 104, paid full time 14, paid part time 90; Pearce & Jones fire alarm; street boxes 73; 7 fire companies, 3 engine companies, 1 hook and ladder company, 3 hose companies. Chief engineer, Wm. O. Arnold.

WATER SUPPLY—Source, Wenham lake; system, pump to reservoir and direct; reservoir cap 20,000,000 gals; pumping engines, dy cap 10,000,000 gals; hydrants 350, pipe 62 miles, 4 to 30 in dia; 642 valves; 5,963 taps; pressure 50 pounds; works owned by city; cost to construct \$630,586.66, to date \$1,739,688; ann expenses \$31,000. Supt, Henry A. Cook.

Salisbury, Essex Co., population 1,300; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—(see Amesbury).

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 15,000 gals; pipe 3 miles, 2 1/2 and 3 in dia; quality of water good; works owned by company.

Sandwich, Barnstable Co., population 1,819; mercantile buildings, wood, 1 and 1 1/2 stories; private, wood, 2 1/2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hand engine; bell alarm. Foreman, Geo. Wright.

WATER SUPPLY—Source, wells, supplied by springs. Town clerk, John A. Holway.

Saugus, Essex Co., population 4,200; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 3,800 ft; value of fire department equipment \$5,000; value of buildings occupied \$10,000; total ann expenses of department \$1,100; membership 73, all volunteers; 3 hose companies, Municipal fire alarm, 24 street boxes. Chief engineer, Chas. I. Hitching.

WATER SUPPLY—Source, supplied by Lynn Water Co.; system, pumping to reservoir; 124 hydrants, pipe 12 miles, 4 to 10 in dia. F. C. Shilver, water commissioner. (see Lynn.)

Saxtonville, Middlesex Co., population 1,500 fire area 11 acres; mercantile buildings, wood, 3 stories; private, wood, 2 and 2 1/2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hose carriage, 1 hose

wagon; hose, cotton good 800 ft; value of fire department equipment \$7,500; value of buildings occupied \$5,000; expenses of department \$4,500; total membership 17, paid volunteers; Gamewell and Stevens alarm; 4 street boxes; 1 engine company. Chief engineer, C. A. Hemingway.*

WATER SUPPLY—Source, river; system, direct; 1 pump; 4 hydrants; pipe 1 mile; pressure 80 pounds. Village clerk, F. E. Hemingway.

Sharon, Norfolk Co., population 1,634; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton rubber lined good 1,500 ft; 1 horse, hired; value of fire department equipment \$1,300; value of buildings occupied \$2,000; total ann expenses of department \$314.03; total membership 54, paid \$2 per year and 50 c. per hour for fires; bell alarm; 1 hook and ladder company, 3 hose companies. Chief engineer, Walter H. Delano.*

WATER SUPPLY—Source, spring; system, pumping to standpipe and direct, cap 188,000 gals; pumping engines, dy cap 750,000 gals; 28 hydrants, pipe 7 miles, 6 to 2 in dia; 48 valves; 186 taps; pressure 40 to 78 pounds; waterworks owned by company; cost to construct \$40,000. Supt, E. E. Farnham.

Shelfield, Berkshire Co., population 1,954; fire area 25 acres; mercantile buildings, wood, 2 and 2 1/2 stories; dwellings, wood, 2 stories. No organized fire department.

WATER SUPPLY—Source, wells and cisterns. Town clerk, H. Clark.

Shelburne Falls, Franklin Co., population 2,500; fire area 2 sq miles; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,000 ft, leather inferior 250 ft; total ann expenses of department \$1,000; total membership 61; bell alarm. Chief engineer, D. C. Bartlett.

WATER SUPPLY—Source, mountain springs; system, gravity; 75 taps; 8 fire plugs; pipe 2 1/2 miles, 2 in dia; pressure, domestic 90 ft, head waterworks owned by company; cost to construct \$5,000; ann expenses \$60. Supt, L. T. Covell.

Shirley, Middlesex Co., population 1,195; fire area 9,328 acres; mercantile buildings, wood and brick, 2 1/2 stories; private, wood, 2 1/2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels (private), 8 chemical extinguishers, hooks and ladders, 1 hose carriage; hose, cotton good 500 ft, rubber poor 100 ft, linen poor 100 ft; 2 horses hired; value of fire department equipment \$800; value of buildings occupied \$1,800; total ann expenses of department \$2,200; total membership 45, paid full time 40, paid part time 5, Chief engineer, Henry A. Sawtell.

WATER SUPPLY—Source, wells and river.

Shrewsbury, Worcester Co., population 1,449; buildings, wood. Fire department—1 hand engine, 2 chemical extinguishers, buckets.

WATER SUPPLY—Source, wells and cisterns. Town clerk, G. E. Stone.

Somerset, Bristol Co., population 3,000; buildings, wood, 2 1-2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, life saving apparatus; hose, cotton good 1,500 ft; value of equipment \$4,000; total ann expenses of department \$200; total membership 65. Chief engineer, H. M. Wilson.

WATER SUPPLY—Source, river. Town clerk, Elisha Slade.

Somerville, Middlesex Co., population 45,000; fire area 2,700 acres; mercantile buildings, brick, 3 to 9 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 chemical engine on wheels, 11 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, all kinds, 4 fuel wagons, 2 supply wagons, 1 spare truck and steamer; hose, cotton good 8,400 ft; 18 horses, value \$5,400; value of fire department equipment \$35,000; value of buildings occupied \$62,000; total ann expenses of department \$40,901; total membership 85, paid full time 14, paid part time 71; Gamewell alarm; 53 street

boxes; 2 engine companies, 1 hook and ladder company, 4 hose companies. Chief engineer, James P. Hopkins. Appropriation for 1894, \$43,000, also \$25,000 for a new central station; \$3,000 for a chemical engine, \$10,000 for new truck house, and \$5,000 new station in East Soumerville.

WATER SUPPLY—Source, Mystic Lake; system, pumping to reservoir and standpipe; reservoir cap 26,244,000 gals; standpipe cap 530,000 gals; pumping engines, dy cap 2,000,000 gals; 558 hydrants; pipe 68 miles, 30 to 4 in dia; 754 valves; taps 8,500; pressure, domestic 55 to 98, fire same pounds; waterworks owned by city and company; cost of construction to date \$907,594; ann expenses maintenance \$28,298; extensions \$35,700. Supt, Nathl. Dennett; city engineer, H. L. Eaton.

South Abington, Plymouth Co. (See Whitman.)

Southbridge, Worcester Co., population 8,000; mercantile buildings, brick, 3 stories; private, wood, 2-1-2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 8 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages, portable fire escape, siamese couplings, 2 trucks equipped; hose, cotton rubber lined good 800 ft, leather good 3,400 ft; 13 horses; value of fire department equipment \$10,000; value of 2 buildings occupied \$9,500; total ann expenses of department \$3,700; total membership 55, volunteers; electric and whistle alarm; two 12 in. gongs; 17 street boxes. Chief engineer, C. E. Wilson.

WATER SUPPLY—Source, springs; system, gravity; 3 tanks of 17,000,000 gals cap each; 44 hydrants; pipe about 8 miles, 16 to 4 in dia; 32 valves; pressure 50 to 100 pounds; waterworks owned by company. Supt and treas. A. B. Goodier.

South Framingham, Middlesex Co. Fire department—(see Framingham).

WATER SUPPLY—Source, Farm pond and Sudbury river; system, direct pumping; pumping engines, dy cap 3,000,000 gals; 89 hydrants; pipe 17 miles, 2 to 16 in dia; pressure, domestic 80, fire 80 to 120 pounds; Edson pressure recording gauge; waterworks owned by company. Supt, Alfred E. Martin.

South Hadley Falls, Hampshire Co., population 4,261; fire area 2,560 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine (not in use), 1 hook and ladder truck, 3 hose carriages; siamese couplings used; hose, cotton good 2,500, poor 500 ft; total ann expenses of department \$410; total membership 30, paid part time; bell alarm. Chief engineer, F. Crosby.

WATER SUPPLY—Source, Buttery brook and leaping will reservoirs; system, gravity; cap of Buttery brook reservoir 4,000,000 gals; leaping will 29,000,000 gals; 67 hydrants; pipe 16 miles, 4 to 12 in dia; 40 valves; 510 taps; pressure 25 to 70 pounds; waterworks owned by fire district, no 1; cost to construct \$100,000; ann expenses \$1,200. Supt, M. L. Barnes.

South Weymouth, Norfolk Co. (See Weymouth.)

Spencer, Worcester Co., population 8,747; mercantile buildings, wood, stories; no fireworks ordinance; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 4,000 ft, inferior 1,400 ft, rubber good 200 ft; 8 horses, hired; value of fire department equipment \$10,000; value of buildings occupied \$20,000; expenses in 1894, \$3,500; 80 volunteer members; whistle alarm. Chief engineer, J. Edward Hemenway. (Proposed additions: steam and alarm system.)

WATER SUPPLY—Source, Shaw's Pond, 3 cisterns, 10 tanks; cap of tanks 54,000 gals; system, gravity; 88 hydrants; pipe 13 miles, 2 to 14 in dia; gates; pressure 75 pounds; cost to construct \$240,079; ann expenses \$888; Supt, Dexter Bullard.*

Springfield, Hampden Co., population 50,000; fire area 1,920 acres; mercantile buildings, brick, 5 stories; fireworks ordinance; causes of fire investigated. Fire department—7 steam fire engines, and 1 at U. S. Armory; 20 chemical extinguishers, 1 babcock, 3 hook and ladder trucks, 1 aerial truck, 3 hose wagons, 2 hose carts, siamese couplings used; hose, cotton good 15,200 ft, cotton 1 in 1,000 ft, leather poor 1,000 ft; 32 horses, value

\$7,000; value of fire department equipment \$98,788; value of buildings occupied \$162,000; total ann expenses of department \$70,000; total membership 172, paid full time 32; telegraph alarm; 67 street boxes. Chief engineer, W. J. Littlefield.

WATER SUPPLY—Source, streams and springs; system, gravity; impounding reservoir, cap 2,300,000,000 gals; distributing reservoir, cap 100,000,000 gals; 661 hydrants; pipe 103 miles, 4 to 30 in dia; 1,208 valves; taps 7,000; pressure, domestic 30, fire 80 to 110 pounds; pressure recording gauge; works owned by city; cost to construct \$1,645,933.70; cost to date \$1,660,141; ann expenses \$159,088. Supt, J. C. Hancock.

Sterling, Worcester Co., population 1,244; buildings, wood, 1½ and 2 stories. Fire department—3 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton 1,000 ft, linen good 200 ft; value of fire department equipment \$2,500; value of buildings \$600; total ann expenses of department \$57; total membership 24, volunteers; bell alarm. Chief engineer, H. W. Burpee.

WATER SUPPLY—Source, wells, 2 reservoirs, cap 18,000 gals.

Stockbridge, Berkshire Co., population 2,200; fire area 6 sq miles; mercantile buildings, wood, 2 and 2½ stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, linen good 500 ft; value of fire department equipment \$200; value of buildings occupied \$500; bell alarm.*

WATER SUPPLY—Source, Lake Arerico; system, gravity; pumping engines, dy cap 1,400,000 gals; 40 hydrants; pipe 8½ miles, 6 to 10 in dia; quality of water fine; pressure, domestic 25 to 30 pounds; fire 85 to 100 pounds; waterworks owned by company. D. A. Kimball, manager.

Stoneham, Middlesex Co., population 6,155; buildings, brick and wood, 1 to 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, 2 hose wagons, 1 supply wagon; hose, cotton good 5,000 ft, inferior 2,000 ft; value of equipment \$13,200; value of buildings \$4,000; ann expenses \$4,200; total membership 65, paid part time; Gamewell alarm; 19 street boxes. Chief, Geo. E. Sturtevant.

WATER SUPPLY—Source, Wakefield Water Co. (see Wakefield); 2 cisterns, 19 tanks, 4 pumps; 62 hydrants; pipe about 25 miles, 12 to 4 in dia; 800 taps; pressure 85 pounds. Supt, R. J. Cladbourne; J. A. Jones, Supt, Stoneham.

Stoughton, Norfolk Co., population 4,832; mercantile buildings, wood, 2 stories; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose, cotton good 800 ft, leather good 510 ft; value of fire department equipment \$7,000; value of 3 buildings occupied \$2,000; total ann expenses of department \$2,100; total membership 55, paid full time; bell alarm.*

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 318,000 gals; pumping engines, dy cap 500,000 gals; 20 hydrants; pipe 6 miles, 8 to 10 in dia; 25 meters; pressure 65 pounds; waterworks owned by company; cost to construct \$50,000. Supt, Frank F. Phinney.*

Sturbridge, Worcester Co., population 2,074; mercantile buildings, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 chemical extinguishers; bell alarm.

WATER SUPPLY—Source, wells; system, gravity. Town clerk, A. B. Chamberlain.

Sunderland, Franklin Co., population 633; fire area 8,641 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—hand pumps, rubber hose, bell alarm.*

WATER SUPPLY—Source, spring, system, gravity; 1 well 4 ft in dia; pipe 3 miles, 1½ in dia; 4 valves; quality of water good, not filtered; pressure, domestic 80, fire same; works owned by company; cost to construct \$2,200; ann expenses \$20. Supt, N. Austin Smith.*

Sutton, Worcester Co., population 3,180; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 2 stories; no fireworks ordinance. No organized fire department.

WATER SUPPLY—Source, wells.

Swampscott, Essex Co., population 3,350; mercantile buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 5 hand hose carriages, 1 supply wagon, 1 hose wagon; hose, cotton good 6,000 ft; 5 horses, value \$1,500; ann expenses \$4,000; total membership 22, paid full time; telegraph alarm; 15 street boxes. Chief engineer, Geo. P. Cahoon.

WATER SUPPLY—Source, driven wells; system, pumping direct; cap of standpipe 351,000 gals; dy cap of pumps 1,250,000 gals; 114 hydrants; pipe 15 miles, 4 to 12 in dia; 80 valves; pressure 60 pounds; 900 taps; waterworks owned by company; cost to construct \$100,000; ann expenses \$3,000; Pres of com, Thos. Appleton; supt, Kendall Pollard.

Taunton, Bristol Co., population 27,000; fire area 26,600 acres; mercantile buildings, brick and wood, 2 to 4 stories; private, wood, 1½ and 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 chemical engine on wheels, 16 chemical extinguishers, 2 hook and ladder trucks, 8 hose carriages, all kinds, 4 hose wagons; hose, cotton good 12,900 ft, inferior 1,500 ft; 16 horses, value \$3,500; value of fire department equipment \$85,000; value of buildings occupied \$80,000; total ann expenses of department \$21,600; total membership 144, paid full time 16, paid part time 80, volunteer members 48; Gamewell alarm; 65 street boxes; 12 fire companies, 4 engine companies, 2 hook and ladder companies, 6 hose companies. Chief engineer, Abner Coleman. (Proposed addition: aerial truck.)

WATER SUPPLY—Source, ground water with Taunton river for emergency; system, pumping direct; reservoir cap 7,000,000 gals; pumping engines, dy cap 12,000,000 gals; 658 hydrants; pipe 69.04 miles, 4 to 30 in dia; 452 valves; 3,635 taps; pressure, domestic 55, fire 100 to 110 pounds; waterworks owned by city; original cost to construct \$253,933.17; expenses of construction to date \$661,946; ann expenses \$15,000. Supt, George F. Chase.

Templeton, Worcester Co., (includes Otter river, East Templeton, Baldwinville and Templeton Centre.) population 3,000; fire area 20,000 acres; mercantile buildings, wood and brick, 2 stories; private, wood and brick, 1½ and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 4 hand engines, 4 hose carriages, all kinds, 1 hose wagon; hose, cotton good 4,700 ft, rubber good 500 ft; leather good 250 ft, linen good 350 ft; value of fire department equipment \$6,800; value of buildings occupied \$3,000; total ann expenses of department \$3,000; total membership 200, volunteer members 200; steam whistle and bell alarm. Chief engineer, A. T. Harris.

WATER SUPPLY—Source, reservoirs supplied by springs, wells and river.

Tisbury, Middlesex Co., population 2,575. (See Vineyard Haven.)

Topfield, Essex Co., population 1,100; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck and a good supply of hooks, ladders, etc.; value of fire department equipment \$300; value of buildings occupied \$250; total ann expenses of department \$25; membership 5, volunteers; bell alarm. Fire warden, C. A. Kneeland.

WATER SUPPLY—Source, wells and cisterns. **Townsend, Middlesex Co.,** population 1,750; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose, cotton good 1,800 ft; total ann expenses of department \$400; total membership 70, volunteers; bell alarm. Chief engineer, A. D. Fessenden.

WATER SUPPLY—Source, wells, river and creek.

Turner's Falls, Franklin Co. (Included in Montague.)

Upton, Worcester Co., population 1,878; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton 500 ft, poor 200 ft, leather good 200 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total expenses

\$754; total membership 65, paid part time 65; bell alarm. Chief, Geo. E. Childs.

WATER SUPPLY—Source, 3 springs and 1 well; system, gravity; pipe 1 mile, 1 in dia; 40 valves; 18 taps; owned by the Upton Lead Aqueduct Co; ann expenses \$150. Supt, G. E. Southland.

Uxbridge, Worcester Co., population 3,408. Fire department—2 hand engines, 2 hose carriages; hose, linen good 800 ft, leather good 400 ft; total membership 10, paid part time.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 375,000 gals; 29 hydrants; pipe 3 miles, 6 and 4 in dia; 21 valves; 142 taps; pressure 62 pounds; waterworks owned by city; cost to construct \$27,500; cost to date \$28,000; ann expenses \$2,170. Supt, W. E. Rawson.

Vineyard Haven, Dukes Co., population 1,000; fire area 150 acres; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft; value of fire department equipment \$1,600; ann expenses \$160; total membership 52, volunteers; church bells alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, William Buckley.

WATER SUPPLY—Source, springs; system, pumping to standpipe, cap 117,000 gals; pumping engines, dy cap 2,000,000 gals; hydrants 15; pipe 5 miles, 14 to 4 in dia; 5 meters; 70 valves; 220 taps; pressure 40 to 70 pounds; works owned by company. Supt, A. F. Cummings.

Wakefield, Middlesex Co., population 7,000; area 4,000 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 3 chemical extinguishers, 2 hook and ladder trucks, 4 hose carriages, 1 hose wagon, 1 supply wagon; hose, cotton good 4,100 ft; value of equipment \$9,000; value of buildings occupied \$10,000; ann expenses \$3,500; membership 94, paid part time, and volunteers; independent company; bells, Stevens alarm; 14 street boxes. Chief engineer, Levi Falanders.

WATER SUPPLY—Source, Crystal lake; system, pumping to standpipe and direct; standpipe cap 565,000 gals; 2 pumping engines, dy cap 2,000,000 gals; 83 double hydrants, pressure 80 pounds; waterworks owned by company. Supt, G. W. Harrington.*

Wales, Hampden Co., population 700; buildings, wood, 3 and 4 stories; wooden roofs permitted. Fire department—2 hand engines, 5 chemical extinguishers, 2 hose carriages; hose, linen good 1,000 ft; value of fire department equipment \$1,000; total ann expenses of department \$300; total membership 30, paid full time; bell alarm. Chief engineer, E. A. Clark.*

WATER SUPPLY—Source, stream; system, gravity. Town clerk, A. H. Hubbard.*

Walpole, Norfolk Co., population 2,604; buildings, wood. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,600 ft; value of fire department equipment \$1,650; bell and whistle alarm. Chief engineer, F. E. Green.*

WATER SUPPLY—Source, streams and wells. Town clerk, Geo. P. Morey. (Works contemplated.)

Waltham, Middlesex Co., population 22,000; fire area 7,694 acres; mercantile buildings, brick and wood, 2 to 4 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 5 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 1 hose carriage, and 2 in reserve; 5 hose wagons; hose, cotton good 7,000 ft, inferior 800 ft; 15 horses, value \$3,500; value of fire department equipment \$45,000; value of buildings occupied \$63,000; total ann expenses of department \$19,294; total membership 82, paid full time 10, paid part time 72; Gamewell alarm; 47 street boxes. Chief engineer, Chas. H. Parks.

WATER SUPPLY—Source, ground water; system, pumping to reservoir and direct; reservoir cap 8,000,000 gals; pumping engines, dy cap 3,000,000 gals; 250 hydrants; pipe 48 miles, 4 to 24 in dia; 509 valves; taps 3,028; pressure, domestic 55 pounds, fire same; works owned by city; cost to construct to date \$519,000; ann expenses \$12,000. Supt, Geo. E. Winslow.

Ware, Hampshire Co., population 7,329; mercantile buildings, brick, 3 to 5 stories; private, wood, 1 1/2-2 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages, all kinds; hose, cotton good 3,600 ft, inferior 600 ft; 3 horses, hired; value of fire department equipment \$12,000; value of buildings occupied \$8,000; total ann expenses of department \$5,500; membership 120, volunteers; Gamewell alarm; 15 street boxes; 9 fire companies, 1 engine company, 1 hook and ladder company, 6 hose companies. Chief engineer, T. C. Gleason.

Water Supply—Source, collecting well; system, pumping to reservoir; reservoir cap 1,567,663 gals; pumping engines, dy cap 1,500,000 gals; 75 hydrants; pipe 9 miles, 4 to 12 in dia; 87 valves; pressure 35 to 100 pounds; works owned by town; cost to construct \$87,654; ann expenses \$5,300. Pres, John Kennedy; supt, Thomas C. Gleason.

Warren, Worcester Co., population 5,000; fire area 2 miles; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, not in use; 7 chemical extinguishers, 2 hook and ladder trucks, 4 hose carriages, siamese couplings used; hose, cotton good 3,000 ft, linen inferior 300 ft; value of fire department equipment \$2,000; value of buildings occupied \$4,000; total ann expenses of department \$1,700; total membership 92, paid; whistle and bell alarm. Chief engineer, B. F. Tourtellotte. (Contemplated: 2 hose wagons and electric alarm system.)

Water Supply—Source, ponds, river and brooks; system, direct pumping; 1 reservoir; 24 hydrants; pipe 4 to 6 in dia; pressure 100 pounds ann expenses \$1,600. Town clerk, C. B. Blair.

Watertown, Middlesex Co., population 8,000; fire area 2,051 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon, 1 supply wagon; hose, cotton good 3,000 ft; 6 horses, value \$1,800; value of fire department equipment \$8,000; value of buildings occupied \$120,000; total ann expenses of department \$6,500; membership 34, paid full time 4, paid part time 30, volunteer members 10; Gamewell alarm; 19 street boxes. Chief engineer, Henry Horne.

Water Supply—Source, wells; system, pumping to standpipe, cap 275,000 gals; pumping engines, dy cap 2,500,000 gals; 215 hydrants; pipe 27 1/2 miles, 14 to 6 in dia; 275 valves; 1,100 taps; quality of water good; pressure 90 to 75 pounds; works owned by company; cost to construct \$312,500; ann expenses \$15,500. Supt, John H. Perkins.

Waverley, Middlesex Co., population 800; fire area 500 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage, one hand hose reel; hose, linen good 2,000 ft; 1 horse, value \$700; membership 11, paid part time; Stevens alarm; 13 street boxes. Resident engineer, E. C. Benton.

Water Supply—Source, Watertown Water Co.; hydrants 15; pipe 4 miles, 4 to 8 in dia; pressure 40 to 80 pounds; works owned by town. G. C. Holt, chairman of water board.

Wayland, (Village of Cohasset) Middlesex Co., population 2,060; buildings, wood, 2 and 4 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton 1,000 ft, leather good 500 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,600; total ann expenses of department \$800; total membership 40, volunteers; Stevens alarm; 5 street boxes. Chief engineer, Ralph Bent.

Water Supply—Source, not stated; system, gravity and direct pumping; 83 hydrants; pipe 5 miles, 4 to 10 in dia; 12 gates; pressure 88 pounds; cost to construct \$28,000; ann expenses \$300. Supt, Henry G. Dudley.

Webster, Worcester Co., population 7,030; fire area 9,000 acres; mercantile buildings, wood and brick, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, all kinds, 1 hose wagon; hose, cotton

good 3,000 ft; value of fire department equipment \$6,500; value of buildings occupied \$15,000; total ann expenses of department \$2,500; total membership 64, paid part time; 1 engine company, 1 hook and ladder company, 2 hose companies; Municipal alarm; 15 street boxes. Chief engineer, L. E. Pattison.

Water Supply—Source, filter well near Lake Chaubunagungdmany; system, pumping to standpipe; standpipe cap 585,562 gals; pumping engines, dy cap 1,040,000 gals; hydrants 100; pipe 7 miles, 16 to 3 in dia; taps 400; pressure 60 to 100 pounds; waterworks owned by city; expenses of construction to date \$90,000. Chairman of water board, John Flint.

Wellesley, Norfolk Co., population 4,000; buildings, wood, 2 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 4 hose carriages; hose, cotton 1,000 ft, rubber good 2,300 ft, poor 300 ft, rubber good 700 ft; value of fire department equipment \$4,300; value of fire department buildings \$2,000; total ann expenses of department \$2,000; total membership 33; electric and whistle alarm; 11 boxes. Chief engineer, D. F. Warren. (Proposed equipment: 2 hose wagons, 1,000 ft cotton hose.)

Water Supply—Source, wells; system, pumping direct and to reservoir; reservoir cap 1,150,000 gals; pumping engines, dy cap 1,000,000 gals; 178 hydrants; pipe 24 miles; 157 valves; 611 taps; pressure 40 to 115 pounds; waterworks owned by town; cost to construct \$200,000, to date \$214,674; ann expenses \$3,500. Supt, W. H. Vaughn.

Wellfleet, Barnstable Co., population 1,291; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck.*

Water Supply—Private wells and cisterns.*

Wenham, Essex Co., population 896; buildings, wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage, hooks and ladders; hose, linen good 300 ft, rubber good 300 ft; value of fire department equipment \$800; total membership 40, paid; bell alarm. Chief engineer, Herbert W. Porter.

Water Supply—Source, wells, springs, cisterns and ponds. Town clerk, W. Pool.

Westborough, Worcester Co., population 5,195; fire area 12,137 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 3,700 ft; value of fire department equipment \$5,000; value of buildings occupied \$13,000; total ann expenses of department \$3,275; total membership 63; electric bell and whistle alarm. Chief engineer, H. L. Chase.

Water Supply—Source, Sandea pond; system, gravity; reservoir cap 120,000,000 gals; 61 hydrants; pipe 13 miles, 4 to 16 in dia; 87 valves; pressure 58 pounds; waterworks owned by town; cost to construct \$195,093, to date \$231,406; ann expenses \$1,449. Supt, J. B. Putnam.

West Boylston, Worcester Co., population 3,019; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted. Fire department—2 hand engines, 2 hook and ladder trucks.

Water Supply—Source, wells and cisterns. (Waterworks contemplated.)

West Brookfield, Worcester Co., population 1,600; fire area 700 acres; mercantile buildings, wood, 2 to 4 stories; private, wood, 2 stories; shingle and slate roofs; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 3 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 supply wagon; siamese couplings used; hose, cotton rubber lined 1,800 ft, linen 300 ft, leather 300 ft; value of fire department equipment \$6,500; value of buildings occupied \$1,000; total ann expenses of department \$400; total membership 40, volunteers; bell alarm. Chief engineer, Win. H. Allen, Jr.

Water Supply—Source, brook; system, gravity; reservoir cap 1,500,000 gals; 3 hydrants; pipe 2 miles; gates; pressure 20 pounds; waterworks owned by town; cost to construct \$2,500. Supt, John G. Shackley.*

Westfield, Hampden Co., population 10,000; fire area 3,000 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs

permitted. Fire department—1 steam fire engine not used, 2 chemical engines on wheels, 1 hook and ladder truck, 2 hose carriages, 2 hose wagons, siamese couplings used; 8 horses; value of department equipment \$10,000; value of department buildings \$3,000; total ann expenses of department \$6,000; total membership 63, paid; Gamewell alarm; 17 street boxes. Chief engineer, Geo. H. Byers.

WATER SUPPLY—Source, Moose Meadow; system, gravity; storage reservoir cap 184,000,000 gals; distributing reservoir cap 4,500 gals; 143 hydrants; pipe 27 miles, 4 to 14 in dia; valves; pressure 127 pounds; waterworks owned by town; cost to construct \$271,000; ann expenses \$2,500. Supt, C. H. Diels.*

Westford, Middlesex Co., population 2,250; mercantile buildings, wood, 2 stories; private, wood and brick, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—axes, ladders and small force pumps.

WATER SUPPLY—Source, wells. Town Clerk, G. J. Wright.

West Gardiner, Worcester Co. (See Gardiner.)

Westminster, Worcester Co., population 1,688; fire area 2,200 acres; buildings, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—3 hand engines, 3 hose carriages; hose, cotton good 1,000 ft, rubber good 200 ft; value of apparatus \$500; value of buildings occupied \$700; expenses for past year \$350; total membership 60, paid full time; bell and whistle alarm. Chief, D. C. Miles.

WATER SUPPLY—Source, 1 large cistern, cap 600 gals, also private wells.

West Newbury, Essex Co., population 1,796; buildings, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hose carriage; hand pumps; hose, cotton good 2,000 ft; value of fire department equipment \$7,000; total ann expenses of department \$350; total membership 18, volunteers; bell and whistle alarm. Chief engineer, Gilman W. Brown.

WATER SUPPLY—Source, river and wells; 4 reservoirs, cap 15,000 gals each.

Westport, Bristol Co., population 2,599; fire area 15 miles long by 4 miles wide; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; no fireworks ordinance; no organized fire department.

WATER SUPPLY—Source, wells; system, pumping to reservoir cap 1,500 gals; works owned by company, cost \$3,000. A. Manchester, supt.

West Springfield, Hampden Co., population about 5,800; fire area 1,100; buildings, brick and wood, 3 stories. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,150 ft; value of equipment \$3,200; value of buildings occupied \$2,500; total expenses \$1,000; total membership 47; bell alarm. Chief engineer, N. A. Tinkham.

WATER SUPPLY—Source, Darby brook; system, gravity; impounding reservoirs; 44 hydrants; 12 miles pipe; waterworks owned by town; pressure 35 pounds; cost to construct \$75,000. Supt, M. L. Tourtelotte.*

West Stockbridge, Berkshire Co., population 1,492; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; no fire department.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap, 12 to 15,000 gals; pipe 3 miles, 6, 4 and 3 in dia; 7 valves; 40 taps; pressure 175 to 200 pounds; works owned by company; cost to construct \$4,000; ann expenses \$80 to \$75. Supt, J. S. Moore.

Weymouth, Norfolk Co., (P. O. address Weymouth Center) population 12,000; fire area 9,000 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 1 chemical engine, 4 hook and ladder trucks, 4 hose carriages, 3 hose wagons; hose, cotton good 8,500 ft, rubber good 300 ft, inferior 300 ft; value of fire department equipment \$13,000; value of buildings occupied \$12,000; total ann expenses of department \$6,000; total membership 172, volunteers; Game-

well alarm; 22 street boxes. Chief engineer, F. D. Thayer.

WATER SUPPLY—Source, Weymouth Great pond; system, gravity and pumping to standpipe and direct; standpipe cap 703,880 gals; pumping engine, 4 hp cap 3,000,000 gals; 333 hydrants; pipe 50½ miles, 1 to 20 in dia; 407 valves; 4 meters; pressure, domestic 50 to 60, fire 70 to 100 pounds; waterworks owned by town; cost to construct \$400,000; ann expenses \$22,000. Chairman of com, A. J. Richards; supt, Geo. J. Ries.*

Whitinsville, Worcester Co., population 3,000; mercantile buildings, brick and wood, 2½ to 4 stories; private, wood, 1½ and 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 5 hose carriages, all kinds; hose, linen good 12,000 ft; value of fire department equipment \$3,000; total ann expenses of department \$1,000; total membership 63, paid full time; bell and electric alarm. Chief engineer, J. C. Taft.

WATER SUPPLY—Source, springs; system, gravity from reservoirs, cap 580,000 gals; pumping engines, 4 hp cap 43,000 gals; 50 hydrants; pipe 17 miles, 8 to 4 in dia; pressure 50 to 100 pounds. Free, C. W. Lasell.

Whitman, Plymouth Co., population 5,700; buildings, brick and wood, 1 to 4 stories. Fire department—1 hook and ladder truck, 4 hose carriages; hose, cotton good 5,100 ft; value of fire department equipment \$10,500; total ann expenses of department \$2,000; total membership 75, paid part time; bell and whistle alarm. Chief engineer, A. H. Peterson.

WATER SUPPLY—Source, well and pond; system, pumping to standpipe, cap 240,000 gals; pumping engines, 4 hp cap 2,250,000 gals; 108 hydrants; pipe 14 miles; 72 valves; 775 taps; pressure 65 pounds; waterworks owned by town; cost to construct to date \$112,000; ann expenses \$3,305. Supt, J. C. Gilbert.

Wilbraham, Hampden Co., population 700; buildings, brick and wood, 2 stories. Fire department—1 hook and ladder truck, value \$100; buildings \$50; total membership 25, volunteers; bell alarm. Chief engineer, C. G. Robbins.

WATER SUPPLY—Source, wells and springs.

Williamstown, Hampshire Co., population 2,057; fire area 1,000 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 2 hose carriages; hose, cotton 400 ft, rubber 200 ft, leather 100 ft; value of fire department equipment \$5,000; value of 2 buildings occupied \$2,000; membership 50, paid part time 50, volunteers 6; bell alarm. Chief engineer, A. Bailey.

WATER SUPPLY—Source, river and springs.

Williamstown, Berkshire Co., population 4,251; mercantile buildings, wood, stone and brick, 3 and 4 stories; private, wood, 3 stories; wooden roofs permitted; no fireworks ordinance. No fire department—Boston Finishing Co. have Co. with hose, College has hose.

WATER SUPPLY—Source, springs; system, gravity; 2 reservoirs; 20 hydrants; pipe 15 miles, 3, 6 and 8 in dia; waterworks owned by company; cost to construct \$75,000; ann expenses \$500. Supt, Chas. G. Sandford.

Winchendon, Worcester Co., population 4,500; mercantile buildings, wood and brick, 2 to 4 stories; private, wood, 1½ to 3 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hand engine, 3 hose carriages; siamese couplings used; hose, cotton good 3,500 ft, leather good 1,200 ft, 4 hoses; value of fire department equipment \$13,000; value of 2 buildings occupied \$5,000; total ann expenses of department \$2,000; total membership 98, paid part time; Stevens alarm; 13 street boxes. Chief engineer, E. M. Whitney.

WATER SUPPLY—Source, river, ponds and 10 cisterns. Waterworks projected. Town clerk, Geo. M. Whitney.

Winchester, Middlesex Co., population 5,000; fire area 9 sq miles; mercantile buildings, brick and wood, 3 and 4 stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine (not in service) 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds, 1 hose wagon; hose, cotton good 4,000 ft, inferior 2,500 ft; 6 hoses; expense for 1894, \$5,500; total membership 50, paid full time 3

paid part time 32; 27 street boxes. Chief engineer, Fred. M. Symmes.

WATER SUPPLY—Source, surface; system, gravity and pumping to high service reservoir; impounding reservoir, cap 260,000,000 gals; high service reservoir cap 100,000 gals; pumps cap 100,000 gals in 10 hours; 99 hydrants; pipe 26 miles, 2 to 12 in dia; 160 valves; 1,200 taps; pressure 45 pounds; waterworks owned by town; cost to construct \$165,000; ann expenses \$3,000. Supt. Wm. T. Dotten.

Winthrop, Suffolk Co., population 2,851; fire area 150 acres; buildings, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hook and ladder trucks, 2 hose carriages, 2 hose wagons, 1 net and chute; hose, cotton good 4,500 ft; value of fire department equipment \$7,033; value of buildings occupied \$3,500; total ann expenses of department \$205; total membership 51; Stevens alarm; 15 street boxes; 1 hook and ladder company, 8 hose companies. Chief engineer, E. B. Floyd.

WATER SUPPLY—Source, Reverse Water Co. (see Reverse); 60 hydrants; pipe 18 miles, 4 to 10 in dia; 105 valves; pressure 80 pounds; 927 taps. Supt. A. S. Burnham.

Woburn, Middlesex Co., population 15,300; fire area 7,885 acres; buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 10 chemical extinguishers, 7 hose wagons; hose, cotton 5,000 ft, inferior 2,750 ft; 12 horses, value \$2,600; value of fire department equipment \$32,000; value of 7 buildings occupied \$38,000; total ann expenses of department \$10,730; total membership 68, paid full time 4, paid part time 62; telegraph alarm; 35 street boxes. Chief engineer, A. A. Fenin.

WATER SUPPLY—Source, filter gallery near Horn pond; system, pumping to reservoir and direct; reservoir cap 8,000,000 gals; pumping engines, dy cap 4,000,000 gals; 311 hydrants; pipe 49 miles, 4 to 14 in dia; 266 valves; 38 meters; 2,369 taps; pressure 45 to 95 pounds; waterworks owned by city; cost to construct to date \$567,311.62; ann expenses \$1,033.61. Supt. P. C. Crilly. *

Worcester, Worcester Co., population 84,655;

fire area 36 sq miles; mercantile buildings, brick and stone, 4 to 7 stories; private, brick and wood, wooden roofs not permitted inside of fire limits; fireworks ordinance; causes of fire investigated. Fire department—5 steam fire engines, 1 reserve, 3 chemical engines on wheels, 19 chemical extinguishers, 1 hook and ladder truck, 2 aerial trucks, 15 hose carriages, all kinds, 1 supply wagon; hose, cotton good rubber lined and linen 25,350 ft; 38 horses, value \$9,600; value of fire department equipment \$109,000; value of buildings occupied \$277,113; total ann expenses of department \$123,994; total membership 170, paid full time 70, part time 100; Gamewell alarm; 133 street boxes; fire patrol 8 men 1 patrol wagon, 200 covers. Chief engineer, E. L. Vaughn.

WATER SUPPLY—Source, Holden and Leicester; system, gravity; reservoir cap 1,454,000,000 gals; 1,270 hydrants; pipe 134½ miles, 4 to 30 in dia; 1,423 valves; 1,075 taps; cement lined service pipe; pressure, domestic 40 to 70, fire 70 to 140 pounds; waterworks owned by city; cost to construct \$350,627.84; net cost to Nov. 30, 1893, \$2,640,301; ann expenses \$83,640. Supt. John G. Brady; water register, George E. Batheider.

Wrentham, Norfolk Co., population 2,566; fire area 12 miles; mercantile buildings, wood, 2 stories; dwellings, wood, 3 stories. Fire department—1 hand engine, force pump owned by factory; 1 hose company. Town clerk, D. T. Stone.

Yarmouth, Barnstable Co., population 1,760; fire area 10,000 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—3 hook and ladder trucks; value of fire department equipment \$900. *

WATER SUPPLY—Source, wells and cisterns.

Places having a population of 1,000 and upward that have no fire protection: Auburn, Worcester Co., population 1,532; Barnstable, Barnstable Co., population 4,023; Dartmouth, Bristol Co., population 3,122; Granville, Hampden Co., population 1,061; Seekonk, Bristol Co., population 1,310; Sherborn, Middlesex Co., population 1,381; Sudbury, Middlesex Co., population 1,197; Wareham, Plymouth Co., population 3,451.

MICHIGAN.

Adrian, Lenawee Co., population 8,736; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 6,000 ft, rubber inferior 1,000 ft, leather inferior 700 ft; 10 horses, value \$250; total membership 32, paid full time 6, paid part time 26; Gamewell alarm. Chief engineer, H. Bowen. *

WATER SUPPLY—Source, wells; system, pump to reservoir and direct; reservoir cap 3,500,000 gals; pumping engines, dy cap 4,000,000 gals; 135 hydrants; pipe 17½ miles, 6 to 18 in dia; valves 26 meters; quality of water good; pressure, domestic 40, fire 80 to 100 pounds; works owned by company; cost to construct \$350,000; and expenses \$7,800. Supt. Abram Wing.

Albion, Calhoun Co., population 5,175; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 3,000 ft, inferior 500 ft; 2 horses, value \$500; value of fire department equipment \$8,500; value of buildings occupied \$4,000; total ann expenses of department \$2,000; total membership 22, paid full time 2, volunteer members 20; bell and whistle alarm. Chief engineer, F. W. Peabody.

WATER SUPPLY—Source, drilled wells; system, pump to reservoir and standpipe, 138 ft high, 16 in dia; pumping engines, dy cap 200,000 gals; 89 hydrants; pipe 9½ miles, 12 to 4 in dia; 42 valves; pressure 78 pounds; works owned by city; cost to construct \$60,000. Supt. F. W. Peabody.

Allegan, Allegan Co., population 2,669; fire area 28 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 1½ stories; wooden roofs not permitted on new or repaired

buildings in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,400 ft, rubber good 1,200 ft, linen 250 ft; value of fire department equipment \$2,500; value of buildings occupied \$500; total ann expenses of department \$400; total membership 60, volunteers; bell alarm. Chief engineer, David Frank. *

WATER SUPPLY—Source, well; system, pumping direct; pumping engines, dy cap 1,125,000 gals; 54 hydrants; pipe 8½ miles, 8 to 4 in dia; 28 valves; 436 taps; pressure, domestic 35, fire 100 pounds; works owned by village; cost to construct \$30,000; ann expenses \$1,500. Supt. M. D. Dyer.

Alma, Gratiot Co., population 1,800; fire area 600 acres; mercantile buildings, brick, stone and wood, 1-1-2 stories; private, wood; wooden roofs permitted; no fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 500 ft, poor 500 ft, rubber good 500 ft; value of equipment \$5,000; value of buildings occupied \$2,000; ann expenses \$100; total membership 60, paid part time; bell and whistle alarm; 3 fire companies, 2 hose companies, 1 hook and ladder company. Chief, Chas. Flahbeck.

WATER SUPPLY—Source, Pine river; system, direct; pumps; 45 hydrants; pipe 5 miles; gates; pressure, domestic 30, fire 90 pounds; waterworks owned by village; cost to construct \$10,000; to date \$20,000; ann expenses \$1,300. Supt. M. Montigel.

Almont, Lapeer Co., population 882; fire area 640 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 300 ft, inferior 300 ft. Foreman, Chas. A. Fatin.

WATER SUPPLY—Source, well, creek and cisterns; system, pumping to tank; reservoir cap 1,000 bbls; hydrants 7; pipe 1-2 mile, 6 in dia;

waterworks owned by village; cost to construct \$2,900. Village clerk, A. H. Patterson.

Alpena, Alpena Co., population 9,970; buildings, wood and brick, 2 stories; shingle roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 4,000 ft, poor 1,000 ft; 6 horses, value \$1,000; value of equipment \$15,000; value of buildings occupied \$6,000; expenses of department \$5,000; total membership \$2, paid full time 3, paid part time 19; telegraph alarm; 25 street boxes. Chief engineer, William Sterling.

WATER SUPPLY—Source, Lake Huron; system, direct pumping; pumping engines, dy cap 3,000, 000 and 5,000,000 gals; also a set of Holly pumps run by turbine wheel for additional fire protection; 150 hydrants; pipe 25 miles, 4 to 16 in dia; pressure, domestic 30, fire 100 pounds; waterworks owned by company; cost to construct \$250,000; ann expenses \$7,000. Pres and supt, W. H. Johnson.*

Ann Arbor, Washtenaw Co., population 13,000; fire area 1,600 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose wagons; hose, cotton good 4,000 ft; 6 horses, \$800; value of fire department equipment \$7,000; value of buildings occupied \$18,000; total ann expenses of department \$6,140; total membership 13, paid full time 8, paid part time 5; bell and telephone alarm. Chief engineer, Fred Siple.

WATER SUPPLY—Source, springs and wells; system, pumping to reservoir; reservoir cap 2,200,000 gals; pumping engines, dy cap 2,200,000 gals; 137 hydrants; pipe 28 miles, 4 to 16 in dia; 98 valves; 30 meters; pressure 65 to 100 pounds; waterworks owned by company; cost to construct \$255,000; ann expenses \$5,500; int on bonds 6 per cent. Pres and supt, A. W. Hamilton.*

Au Sable, Iosco Co., population 4,328; buildings, wood, 2 stories; private, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carts; hose, cotton good 3,500 ft, linen 1,000 ft; value of apparatus \$3,125; value of buildings \$1,200; ann expenses \$341; total membership 27, paid part time; whistle and bell alarm. Chief engineer, James Quinn.

WATER SUPPLY—Source, AuSable river; system, direct pumping; pumping engines, dy cap 1,500,000 gals; 70 hydrants; pipe 5 miles, 4 to 12 in dia; pressure, domestic 50, fire 150 pounds; waterworks owned by town; cost to construct \$35,000; ann expenses \$1,800. Supt, J. S. Duncan.

Bangor, VanBuren Co., population 2,384; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose cart; total membership volunteers. Chief engineer, Fred E. Beers.

WATER SUPPLY—Source, 4 public cisterns, owned by city, cost \$2,500. Town clerk, A. B. Chase.

Battle Creek, Calhoun Co., population 18,000; fire area 3 miles; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 8 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 4,500 ft; 8 horses, value \$1,200; value of equipment \$12,000; value of buildings occupied \$12,000; ann expenses \$7,000; total membership 24, paid full time 6, paid part time 18; Gamewell alarm; 23 street boxes. Chief engineer, W. P. Weeks.

WATER SUPPLY—Source, Gogneau lake; system, pumping to standpipe; standpipe cap 143,000 gals; pumping engines, dy cap 4,000,000 gals; 216 hydrants; pipe 22 miles, 4 to 16 in dia; 189 valves; caps 1,313; pressure 65 to 85 pounds; works owned by city; cost to construct \$105,000, to Dec. 31, 1893, \$201,432; ann expenses \$7,218. Supt, W. W. Brinden.

Bay City, Bay Co., population 30,700; fire area 179 acres; mercantile buildings, brick and stone, 2 to 6 stories; private, wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 chemical engine on wheels, 4 chemi-

cal extinguishers, 1 hook and ladder truck, 1 aerial truck, 6 hose carriage, all kinds; hose, cotton good 3,000 ft, inferior 1,500 ft, rubber good 9,000 ft, inferior 2,000 ft; 19 horses, value \$6,375; value of fire department equipment \$37,000; value of buildings occupied \$44,600; total ann expenses of department \$26,395.59; total membership 51, paid full time 13, paid part time 38; Gamewell alarm; 67 street boxes. Chief engineer, Thomas K. Harding. (Will build a fire boat at cost of \$25,000.)

WATER SUPPLY—Source, Saginaw Bay; system, pumping direct; Holly pumping engine, dy cap 10,500,000 gals; 386 hydrants; pipe 43 miles, 3 to 20 in dia; 640 valves; 1,900 taps; pressure, domestic 40, fire 80 to 120 pounds; works owned by city; cost to construct to date \$552,000; ann expenses \$12,600. Supt, E. L. Dunbar.

Bellaire, Antrim Co., population 900; fire area 300 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, cotton good 500 ft; value of fire department equipment \$350; value of buildings occupied \$250; 24 volunteer members; bell alarm. Chief engineer, A. J. Clark.

WATER SUPPLY—Source, Cedar river; system, pumping to reservoir; reservoir cap 200,000 gals; pumping engines, dy cap 100,000 gals; 14 hydrants; pipe 5 miles, 6, 4 and 3 in dia; pressure 75 pounds; works owned by company; cost to construct \$6,000, to date \$15,000. Supt, Henry Richard.

Benton Harbor, Berrien Co., population 9,000; fire area 500 acres; mercantile buildings, brick, wood and stone, 3 stories; private, brick and wood, 1-2 to 4 stories; wooden roofs are permitted except in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 2 hose carriage, 1 hose wagon; hose, cotton good 2,000 ft, rubber good 1,000 ft, inferior 750 ft; 2 horses, value \$350; value of fire department equipment \$149,000; value of buildings occupied \$9,000; total ann expenses of department \$3,000; total membership 51, paid full time 2, paid part time 49; bell alarm. Chief engineer, J. A. Crawford. (Hook and ladder and fire alarm system contemplated.)

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 88,000 gals; pumping engines, dy cap 3,000,000 gals; hydrants 94; pipe 15 1-3 miles, 4 to 10 in dia; 31 valves; 500 taps; pressure, domestic 48, fire 60 to 125 pounds; waterworks owned by city; cost to construct \$98,000; cost to date \$100,000; ann expenses \$2,500. Supt, Geo. F. Rounds.

Bessemer, Gogebic Co., population 2,566; buildings, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; no organized department.*

WATER SUPPLY—Source, creek; system, pumping to standpipe, cap 132,536 gals; dy cap 2 pumps of 150,000 gals each; pipe 4 miles, 8 to 4 in dia; 83 hydrants; valves 25; pressure 80 to 100 pounds, fire 137 to 167 pounds; works owned by city; cost to construct \$50,000; ann expenses, \$3,000. Supt Geo. T. Williams.

Big Rapids, Mecosta Co., population 6,000; fire area 640 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; slammec couplings used; hose, cotton rubber lined good 3,800 ft; 2 horses, value \$400; value of fire department equipment \$8,000; value of buildings occupied \$2,500; ann expenses \$1,500; total membership 54, paid part time; Gamewell Alarm Co system; 28 street boxes. Chief engineer, E. W. Ford.

WATER SUPPLY—Source, driven wells; system, direct pumping; reservoir cap 30,000 gals; 2 pumping engines, dy cap 3,000,000 gals; 88 hydrants; pipe 13 miles, 4 to 16 in dia; pressure, domestic 50, fire 100 pounds; waterworks owned by town; cost to construct \$75,000; to date \$140,000; ann expenses \$2,500. Supt, E. W. Ford.

Birmingham, Oakland Co., population 1,000; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted except in fire limits; fireworks ordinance; causes of fire investigated. Fire depart-

ment—12 chemical extinguishers, 2 hose carriages, all kinds; hose, cotton good 600 ft; value of fire department equipment \$1,000; value of buildings occupied \$1,000; total membership volunteers; bell alarm; 1 street box. Chief engineer, Geo. E. Daines.

WATER SUPPLY—Source, flowing wells; system, pumping direct; reservoir cap 1,000 bbls; pumping engines, dy cap 1,500,000 gals; 42 hydrants; pipe 4 miles, 10 to 4 in dia; pressure, domestic 55, fire 90 pounds; works owned by village; cost to construct \$20,000; to date \$35,000; ann expenses \$1,300. Supt, Geo. E. Daines.

Blissfield, Lenawee Co., population 2,150; fire area 400 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 5 chemical extinguishers, 1 hose carriage; hose, rubber good 1,500 ft, inferior 200 ft, cotton 200 ft; value of fire department equipment \$2,500; value of buildings occupied \$3,000; total ann expenses of department \$225; total membership 23; bell alarm. Chief engineer, M. B. Daron.

WATER SUPPLY—Source, river, basin, 5 cisterns, dy cap of cisterns 125,000 gals; 1 hydrant.

Brighton, Livingston Co., population 1,676; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 900 ft; value of fire department equipment \$2,700; part of building occupied; total ann expenses of department \$30; total membership 27, volunteers; bell alarm. Chief engineer, John Becker.

WATER SUPPLY—Source, mill pond, creek; system, pumping to 14 cisterns, owned by village. Supt, J. Becker; town clerk, Chas. Bryant.

Buchanan, Berrien Co., population about 3,000; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 2,500 ft; value of fire department equipment \$5,000; total ann expenses of department \$500; total membership 45, paid full time; bell and whistle alarm. Chief engineer, Frank P. Barnes.

WATER SUPPLY—Source, 1 well 18 ft across 6-8 in driven wells; system, pumping direct into mains; pumping engines, dy cap 300,000 gals; 40 hydrants; pipe 5 miles, 10 to 4 in dia; 8 valves; 20 taps; pressure, domestic 60, fire 100 pounds; waterworks owned by city; cost to construct \$30,000; ann expenses \$1,080. Supt and water commissioner, J. L. Richards.

Cadillac, Wexford Co., population 5,500; fire area 3 3/4 miles square; buildings, brick and wood, 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,800 ft; value of department \$2,500; value of buildings occupied \$1,500; total ann expenses \$1,200; total membership 60, volunteers; Chas electric alarm; 9 street boxes, 2 hose companies, 1 hook and ladder company. Chief engineer, Henry W. Still.

WATER SUPPLY—Source, Clam lake; system, direct pumping; pumping engines, standpipe cap 190,000 gals; dy cap 3,000,000 gals; 59 hydrants; pipe 8 miles, 4 to 12 in dia; 50 valves; pressure, domestic 60, fire 100 to 150 pounds; waterworks owned by company; cost to construct \$75,000; ann expenses \$3,000. Supt, H. W. Green.

Calumet, Houghton Co., population 1,159; fire area 2,000 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—3 steam fire engines, 30 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages, all kinds; hose, cotton good 4,000 ft, rubber good 3,000 ft; value of fire department equipment \$65,000; whistle alarm. Chief engineer, John Duncan.

WATER SUPPLY—Source, river; system, pump to standpipe and direct; pumping engines, dy cap 2,000,000 gals; 30 hydrants; pipe 3 1/2 miles, 4 to 12 in dia; 2 meters; pressure 45 to 100 pounds; works owned by company. Supt, J. N. Wright.

Caro, Foscila Co., population 2,000; buildings, brick, 2 and 3 stories; wooden roofs not permitted,

Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, rubber good 1,000 ft, inferior 500 ft; value of fire department equipment \$2,500; value of buildings \$6,000; total ann expenses of department \$300; total membership 21, volunteers, paid part time; electric and bell alarm. Chief engineer, P. D. Eiddle.

WATER SUPPLY—Source, springs; system, pump to standpipe, cap 300,000 gals; cap of reservoir 225,000 gals; pumping engines, dy cap 1,000,000 gals; 30 hydrants; pipe 6 miles; 11 valves; pressure, domestic 60, fire 80 pounds; waterworks owned by company; cost to construct \$42,000; int on bonds 6 per cent. Supt and secy, C. O. Thomas.

Carrollton, Saginaw Co., population 1,000; fire area 1 sq mile; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, good 1,500 ft; value of fire department equipment \$5,000; value of buildings \$1,500; total ann expenses \$200; total membership 40, bell alarm. Chief engineer, Archibald H. Bierd.

WATER SUPPLY—Source, river, tanks.

Carson City, Montcalm Co., population 1,500; fire area 700 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; 1,500 ft cotton hose; value of equipment \$1,500; value of buildings occupied \$900; ann expenses \$600; total membership 25; bell alarm. Chief, B. C. Fasbender.

WATER SUPPLY—Source, Fish creek; system, pumping direct; reservoir cap 1,600 bbls; pumping engines, dy cap 192,000 gals; hydrants 12; pipe 1/2 mile; 3 valves; 20 taps; pressure, domestic 40; fire 100 pounds; waterworks owned by city; cost to construct \$11,000. Supt, F. H. Seymour.

Cassopolis, Cass Co., population 1,369; mercantile buildings, brick, 2 stories; private, wood and brick, 2 and 2 1/2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 800 ft; value of fire department equipment \$850; value of buildings occupied \$400; total membership 38, volunteer members 36; electric fire alarm; 6 street boxes. Chief engineer, Frank Feathers.

WATER SUPPLY—Source, lake; system, pumping direct; pumping engines, dy cap 750,000 gals; 37 hydrants; pipe 8 1/2 miles, 8, 6, 4 in dia; 15 valves; taps 92; galv iron and lead pipe; pressure, domestic 40, fire 80 pounds; waterworks owned by city; original cost to construct \$12,000; ann expenses \$1,500. Pres of com, James Patterson.

Cedar Springs, Kent Co., population 1,186; fire area 80 acres; buildings, wood and brick, 1 1/2 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 hose carriages; hose, linen fair 500 ft, 800 ft cotton good; value of buildings occupied \$1,800; total expenses last year \$1,160; membership 24, volunteer; whistle alarm. Chief engineer, E. A. Remer.

WATER SUPPLY—Source, creeks and wells; 5 reservoirs; 12 hydrants; 400 taps; pressure 40 pounds; works owned by city, cost \$7,000. Supt, H. B. Wager.

Central Mine, Keweenaw Co., population 1,000; buildings, wood, 1 1/2 and 2 stories; wooden roofs permitted. No fire department; hose 500 ft; total membership 40, volunteers; whistle alarm.

WATER SUPPLY—Source, creek; system, pumping to reservoir; pumping engines; 3 hydrants; pipe 800 ft; pressure 150 pounds; waterworks owned by company; cost to construct \$2,500. Mayor, Thos. Green.

Centreville, St Joseph Co., population 1,075; mercantile buildings, brick, 2 stories; dwellings, brick and wood, 2 stories. Fire department—1 chemical engine, 4 chemical extinguishers, 1 hook and ladder truck; hose, cotton good 100 ft; value of equipment \$1,500; value of buildings \$300; membership 30, volunteers; bell fire alarm. Chief engineer, Chas. Clowes.

WATER SUPPLY—Source, wells.

Charlevoix, Charlevoix Co., population 2,200; buildings, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; rubber hose 800 ft, cotton hose 1,200 ft; value of fire department equipment \$4,000; total ann expenses of depart-

ment \$400; total membership 30, paid 1; telephone alarm. Chief engineer, L. E. Smith.

WATER SUPPLY—Source, lake and wells; system, pumping direct; pumping engines, dy cap 750,000 gals; 83 hydrants; pipe 6 miles, 4 to 8 in dia; 25 valves; 150 taps; pressure 40 to 120 pounds; works owned by city; cost to construct \$30,000; ann expenses \$1,500. Supt, E. M. Guard.

Charlotte, Eaton Co., population 4,500; mercantile buildings, brick and galvanized iron, 2 stories; private, wood and brick, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 5 hose wagons; hose, cotton good 2,300 ft, inferior 200 ft; value of fire department equipment \$8,000; value of buildings occupied \$2,000; total ann expenses of department \$600; total membership 30, paid full time; bell and telephone alarm. Chief engineer, D. J. Donovan.*

WATER SUPPLY—Source, wells and cisterns; system, direct pumping; pumping engines, dy cap 3,000,000 gals; 75 hydrants; pipe 11 miles, 4 to 12 in dia; 125 valves; 500 taps; pressure, domestic 40, fire 80 pounds; waterworks owned by town; cost to construct \$45,000; ann expenses \$4,000. Pres of com, D. S. Tremaine; 1st engineer, W. W. Richardson.

Chase, Lake Co., population 388; buildings, wood, 1 and 2 stories; wooden roofs permitted. No organized fire department.*

WATER SUPPLY—Source, Pere Marquette river; system, pumping direct; Holly pumping engines; pipe 1 mile; 4 hydrants; pressure 40 to 80 pounds; cost to construct \$10,000. Pres, J. H. Kneville.

Cheboygan, Cheboygan Co., population 8,000; fire area 2,870 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden buildings not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 6 hose carriages, all kinds; hose, cotton good 2,800 ft, inferior 500 ft, rubber good 50 ft, linen good 1,200 ft; value of fire department equipment \$5,300; value of buildings occupied \$40,700; total ann expenses of department \$1,200; total membership 140, paid part time; whistle and bell alarm. Chief engineer, F. R. Ming.

WATER SUPPLY—Source, artesian wells; system, pumping direct; reservoirs, cap 75,000 gals; pumping engines, dy cap 2,000,000 gals; 44 hydrants; pipe 7 1-3 miles, 12 to 4 in dia; 300 taps; pressure, domestic 40, fire 90 pounds; works owned by city; cost to construct \$40,000, to date \$58,500; ann expenses \$3,000. Supt, Chas. Adams.

Chelsea, Washtenaw Co., population 1,600; mercantile buildings, brick, 2 stories; private, wood, 1-2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical engines on wheels, 1 hook and ladder truck; hose, rubber good 300 ft; value of apparatus \$3,000; value of buildings \$500; ann expenses \$200; membership 27, volunteers. Chief engineer, J. H. Palmer.

WATER SUPPLY—Source, springs and wells.

Chessaning, Saginaw Co., population 1,500; fire area 6 blocks; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; no fireworks ordinance; causes of fire not investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,500; bell alarm.*

WATER SUPPLY—Source, not reported.

Clare, Clare Co., population 1,800; fire area 200 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—3 hose carriages, all kinds; hose, rubber good 800 ft, inferior 200 ft, cotton good 1,200 ft; value of fire department equipment \$1,200; value of buildings occupied \$200; total ann expenses of department \$80; 22 volunteer members; whistle alarm. Chief engineer, C. H. Clark. (Hook and ladder truck proposed.)

WATER SUPPLY—Source, well and river; system, pumping direct; pumping engines, cap 4,000 gals per min; hydrants 20; pipe 4 miles, 4, 6 and 8 in; works owned by town; cost to construct \$10,000. Secy Water Board, A. J. Doherty.

Clinton, Lenawee Co., population 1,000; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 5 chemical extinguishers, 1 hook and ladder truck, other apparatus, 75 buckets. Chief engineer, L. K. Davis.

WATER SUPPLY—Source, cisterns and force pumps.*

Coldwater, Branch Co., population 6,000; fire area 40 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 2,000 ft, inferior 200 ft; 2 horses, value \$600; value of fire department equipment \$7,500; value of buildings occupied \$8,000; total membership 13, paid full time 2, not included in membership, paid part time 13; bell and whistle alarm. Chief engineer, William Portner.

WATER SUPPLY—Source, wells; system, pumping direct; pumping engines, dy cap 3,000,000 gals; 103 hydrants; pipe 14 miles, 16 to 4 in dia; 110 valves; 510 taps; pressure, domestic 60, fire 80 to 100 pounds; works owned by city; cost to construct \$70,000; cost to date \$75,000. Supt, L. A. Dillingham.

Constantine, St. Joseph Co., population 1,346; fire area 100 acres; mercantile buildings brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted. Fire department—9 chemical extinguishers, 2 hose carriages; hose, cotton good 600 ft, inferior 200 ft, rubber good 400 ft, inferior 400 ft; total value of equipment \$1,000; ann expenses of department \$300; total membership 20, volunteers; bell alarm; 1 hose company. Chief engineer, J. H. Barry.

WATER SUPPLY—Source, Fawn river; system, direct pumping; 47 hydrants; pipe 5½ miles, 4 to 10 in dia; 11 valves; 213 taps; pressure, domestic 25 to 30, fire 100 to 180 pounds; waterworks owned by city; cost to construct \$22,500; ann expenses \$200. Pres, John B. George; supt, E. G. Cutter.

Corunna, Shiawassee Co., population 1,382; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits. Fire department—1 steam fire engine, 8 hand engines, 8 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; 2 horses, value \$500; value of fire department equipment \$6,000; value of buildings occupied \$5,000; total ann expenses of department \$600; total membership 75, all volunteers. Chief, John F. McCurdy.

WATER SUPPLY—Source, river, wells and reservoirs. Mayor, J. B. F. Curtis.

Croswell, Sanilac Co., population 800; fire area 20 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose cart, hand grenades in most business places; hose, rubber good 500 ft; value of fire department equipment \$1,700; value of buildings occupied \$1,000; membership 35. Chief, C. H. Niggeman.

WATER SUPPLY—Source, Black river; system, pump to reservoir, cap 3,500 barrels; works owned by F. & P. M. R. Co. Supt, C. Goodwin.

Crystal Falls, Iron Co., population 3,000; fire area 1 mile; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carts; hose, rubber good 1,500 ft, cotton good 1,000 ft; value of fire department equipment \$5,000; value of buildings occupied \$3,500; total membership 21, volunteers; electric alarm; 1 hook and ladder company, 3 hose companies. Chief engineer, J. E. Bower.

WATER SUPPLY—Source, collecting reservoirs and stream; reservoir cap 1,000,000 gals; steam pumping engines, dy cap 875,000 gals; pipe 2 miles, 8, 6, 4 in dia; 20 hydrants; valves 6; pressure 100 to 120 pounds; cost to construct \$18,000; ann expenses \$2,500. Supt, J. E. Jackson.*

Decatur, Van Buren Co., population 1,500; fire area 10 acres; buildings, brick and stone; wooden roofs not permitted. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; total ann expenses of department \$10; 750 ft cotton hose; value of appa-

ratus \$2,000; value of buildings \$2,500; total membership 50, volunteers. Chief engineer, A. L. Maulton.

WATER SUPPLY—Source, 4 cisterns and elevated tank; system, pumping to tank, cap of tanks 800 bbls each; cap of tank 525 bbls; 1 hydrant; works owned by village; cost to construct \$2,000; ann expenses \$50.

Detroit, Wayne Co., population 250,000; fire area 19,000 acres; mercantile buildings, brick, 2 to 10 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—21 steam fire engines, 7 chemical engines on wheels, 62 chemical extinguishers, 12 hook and ladder trucks, 7 aerial trucks, 11 hose carriages, all kinds, 10 hose wagons, fire boat and water tower, 5 supply wagons; hose, cotton good 55,000 ft; 157 horses, value \$31,400; value of fire department equipment and buildings \$1,247,224; total ann expenses of department \$485,498; total membership 338, paid full time; Gamewell alarm; 337 street boxes. Chief engineer, James Battle.

WATER SUPPLY—Source, Detroit river; system, pumping direct; 8 pumping engines, dy cap 102,000,000 gals; hydrants 2,294; pipe 432 miles, 3 to 42 in dia; 4,374 valves; tape 48,657; pressure, domestic 13 to 80 pounds, fire same; waterworks owned by city; expenses of construction to date \$5,569,632; ann expenses \$97,247. Gen'l supt, L. N. Case.

Dowagiac, Cass Co., population 3,500; fire area 1½ miles sq; mercantile buildings, stone, brick and wood, 2 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 5 hose carriages, all kinds, 1 hose wagon; hose, rubber good 3,500 ft, inferior 400 ft, cotton good 3,000 ft; value of fire department equipment \$10,000; value of buildings occupied \$5,500; total ann expenses of department \$1,500; total membership 80, paid full time 3, paid part time 57; Bigelow and Jewell electric alarm; 12 street boxes. Chief engineer, E. Barlow Jewell.

WATER SUPPLY—Source, artesian wells; system, direct to mains; reservoir cap 85,000 gals; pumping engines, dy cap 1,000,000 gals; hydrants 74; pipe 10½ miles, 12 to 3 in dia; 112 valves; 442 taps; pressure, domestic 40 lbs, fire 90 lbs; waterworks owned by city; original cost to construct \$41,000; cost to date \$48,500; ann expenses \$3,800. Supt, E. Barlow Jewell.

Dundee, Monroe Co., population 1,300; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck; hose, rubber good 200 ft; 2 horses, value \$400; value of fire department equipment \$1,900; value of buildings occupied \$3,500; total membership 80, paid full time 2, volunteer members 28; bell fire alarm. Chief engineer, A. R. Wiggins.

WATER SUPPLY—Source, wells and hand pumps.

Eastlake, Manistee Co., population 2,000; fire area 40 acres; mercantile buildings, wood, 1½ stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—hand grenades, 1 hose carriage, 1 hose wagon; hose, cotton good 3,000 ft, inferior 500 ft, rubber good 500 ft; value of fire department equipment \$2,000; value of buildings occupied \$700; total membership 24; whistle and bell alarm. Chief engineer, R. F. Tuxworth.

WATER SUPPLY (Source not reported.)

East Saginaw (see Saginaw).

Eaton Rapids, Eaton Co., population 2,300; mercantile buildings, brick, 2 to 4 stories; private, wood and brick, 2 stories; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 chemical extinguishers, 2 hose carts; hose, cotton good 1,700 ft; value of fire department equipment \$8,000; value of buildings occupied \$3,000; total membership 40, paid part time, engineer paid full time; bell alarm. Chief engineer, W. F. Stirling.

WATER SUPPLY—Source, river, mill race; system, pumping to 2 cisterns; pumping engines, dy cap 60,000 gals. Town clerk, L. W. Toles.

Edmore, Montcalm Co., population 1,000; buildings, brick and wood, 2 stories; shingle roofs used; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$2,000; total ann expenses of department \$1,000; total membership 12, volunteers; watchman; bell alarm. Marshal, J. J. Eitelbus.

WATER SUPPLY—Source, drive wells; system, pump to reservoir and direct, cap 80,000 bbls; pumping engines, dy cap 500,000 gals; 9 hydrants; pipe ½ mile, 3 and 4 in dia; 4 valves; quality of water good; pressure, domestic 10, fire 140 pounds; waterworks owned by village; cost to construct \$9,000; ann expenses \$800. Supt, H. J. Aldrich.

Elk Rapids, Antrim Co., population 1,600; fire area 80 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hose carriages; hose, cotton good 1,300 ft, inferior 750 ft; value of fire department equipment \$1,500; value of buildings occupied \$400; 50 volunteer members; whistle alarm. Chief engineer, William B. Chandler.

WATER SUPPLY—Source, Elk lake; system, pumping direct; pumping engines, dy cap 1,500,000 gals; hydrants 44; pipe 4½ miles, 8, 6, 4 in dia; 42 valves; tape 98; pressure, domestic 45, fire 90 to 120 pounds; waterworks owned by company; original cost to construct \$15,000; ann expenses \$900. Supt, C. E. Wheeler.

Escanaba, Delta Co., population 8,000; fire area 3 sq. miles; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical engines (hand), 1 hook and ladder truck, 4 hose carriages, 1 hose wagon, 1 supply wagon; hose, cotton good 2,000 ft, poor 500 ft, rubber good 1,000 ft, inferior 2,000 ft; 12 horses; value \$550; value of equipment \$15,000; value of buildings occupied \$8,000; total membership 16, paid full time 6, paid part 10; Gamewell alarm; 12 street boxes, 2 private. Chief engineer, James C. Tolan. R.R. Co. have 40 members in 2 companies and fire tug when needed. (Contemplated: hook and ladder truck.)

WATER SUPPLY—Source, Green Bay; system, direct pumping; pumping engines, dy cap 2,300,000 gals; 95 hydrants; pipe 10½ miles, 14 to 4 in dia; 868 taps; pressure, domestic 40, fire 150 pounds; Edison pressure recording gauge; waterworks owned by company; cost to construct \$125,000; cost to date \$200,000; ann expenses \$7,000. Supt, C. W. McGowan.

Essexville, Bay Co., population 2,200; fire area 1,000 acres; mercantile buildings, brick and wood, 1½ and 2 stories; private, wood, 1½ stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 40 ft, cotton good 600 ft; value of fire department equipment \$1,000; value of buildings occupied \$600; total ann expenses of department \$50; total membership 20, paid full time 1, paid part time 19, volunteer members 4; bell alarm. Chief engineer, F. Cattle.

WATER SUPPLY—Source, river; pipe 600 ft, 2 in dia.*

Evart, Osceola Co., population 1,600; buildings, wood, 2 stories. Fire department—1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 2,500 ft, inferior 800 ft; value of fire department equipment \$3,000; total ann expenses of department \$1,650; total membership 24, volunteers; electric alarm; 24 street boxes. Chief engineer, A. Smith.

WATER SUPPLY—Source, wells; system, direct pumping; pumping engines, dy cap 1,500,000 gals; 22 hydrants; pipe 1-2 miles; 15 gates; pressure, domestic 20, fire 80 to 100 pounds; waterworks owned by village; cost to construct \$12,500, to date \$25,000; ann expenses \$1,800. Supt, Ed. Beath.

Fenton, Genesee Co., population 3,687; mercantile buildings, brick, 2 and 3 stories; private, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 6 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 1,250 ft, rubber good 1,000 ft; 4 horses; value of fire department equip-

ment \$3,500; value of buildings occupied \$2,000; total ann expenses of department \$500; total membership 15, paid full time 8; telephone and bell alarm. Chief engineer, A. Frank Plumb.

WATER SUPPLY—Source, artesian wells and reservoir; system, direct; reservoir cap 100,000 gals; pumping engines, dy cap 1,500,000 gals; 52 hydrants; pipe 8 miles, 2, 4, 6 and 8 in dia; 70 valves; pressure, domestic 60, fire 110 pounds; waterworks owned by city; cost to construct \$28,000; to date \$28,000; ann expenses \$1,800. Pres of com, J. Buckbee.

Flint, Genesee Co., population 11,000; fire area 90 acres; mercantile buildings, brick, 2, 3 and 4 stories; private, brick and wood, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage (reserve), 2 hose wagons; hose, cotton good 4,500 ft; 5 horses, value \$1,000; value of fire department equipment \$18,500; value of buildings occupied \$10,000; total ann expenses of department \$3,000; total membership 12, paid full time 5, paid part time 7; Gaynor alarm; 26 street boxes. Chief engineer, James A. Williams.

WATER SUPPLY—Source, Flint river; system, pumping direct; pumping engines, dy cap 7,000,000 gals; 118 hydrants; pipe 15 miles, 4 to 16 in dia; 53 valves; 15 meters; pressure, domestic 45, fire 100 to 130 pounds; 700 taps; works owned by company; cost to construct to date \$175,370.44; ann expenses \$11,000. Supt, Wm. L. Fisher.*

Fort Gratiot, St. Clair Co., annexed to Port Huron

Fowlerville, Livingston Co., population, including Hanley township 2,103; fire area 1.4 mile sq; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$500; value of buildings occupied \$200; total ann expenses of department \$30; total membership 30, all volunteers; bell alarm. Chief engineer, C. Y. Peck.

WATER SUPPLY—Source, wells.*

Frankfort, Benzie Co., population 1,500; fire area 160 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages, supply of hooks and ladders; hose, cotton good 1,500 ft; value of department apparatus \$2,000; value of buildings occupied \$1,000; expenses last year \$1,900; 25 volunteer members; whistle alarm. Chief, R. Evans.

WATER SUPPLY—Source, wells; system, pumping to tank, cap 97,000 gals; pumping engines, dy cap 64,000 gals; 34 hydrants; pipe 31.8 miles; pressure, domestic 60, fire 100 pounds; works owned by company; cost to construct \$25,000. Supt, D. E. McIntyre.

Fremont, Newaygo Co., population 1,500; fire area 1 mile; buildings, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical engines on wheels, 4 hose carriages; hose, cotton good 1,800 ft; value of department apparatus \$2,000; value of buildings occupied \$1,000; expenses for past year \$300; total membership 50, volunteers; electric alarm; 7 street boxes. Chief engineer, J. Gerber.

WATER SUPPLY—Source, springs and 6 flowing wells; system, direct pumping; pumping engines; 15 hydrants; pipe 1 3/4 miles, 1 to 6 in dia; 10 valves; pressure, domestic 40, fire 120 pounds; waterworks owned by city; cost to construct \$8,000, to date \$10,000; ann expenses \$450. Supt, Andrew Gerber.

Gaylord, Otsego Co., population 750; mercantile buildings, wood, 2 stories; private, wood, 1 and 1 1/2 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 450 ft, inferior 50 ft; value of fire department equipment \$900; value of buildings occupied \$800; total membership 36, volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, Houben Caister.

WATER SUPPLY—Source, wells; system, pumping to tank; tank cap 1,800 bbls; deep well, dy cap 100,000 gals; 22 hydrants; pipe 2 miles, 4 and 6 in dia; 5 valves; 200 taps; pressure 30 pounds; waterworks

owned by village; cost to construct \$7,500, to date \$9,500; ann expenses \$600. Pres, D. P. Stoffer.

Gladstone, Delta Co., population 2,500; fire area 1,200 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,550 ft; value of fire department equipment \$7,000; value of buildings occupied \$3,000; total ann expenses of department \$500; membership 30, paid full time 4, volunteers; electric alarm. Chief engineer, Tom Dolan.

WATER SUPPLY—Source, Little Bay de Noc; system, pumping direct; pumping engines, dy cap 2,500,000 gals; 32 hydrants; pipe 6 miles, 4 to 12 in dia; 25 valves; 200 taps; pressure, domestic 40, fire 100 pounds; works owned by city; cost to construct \$33,000; to date \$37,000; ann expenses \$2,600. Supt, James McWilliams.

Gladwin, Gladwin Co.

WATER SUPPLY—Source, artesian well; system, pumping direct; pumping engines, dy cap 200,000 gals; 15 hydrants; pipe 2 1/2 miles, 8 in dia; quality of water good; pressure, domestic 40, fire 80 pounds; waterworks owned by village; original cost to construct \$8,000; ann expenses \$900; int on bonds 5 per cent. Supt, M. T. Pike.*

Grand Haven, Ottawa Co., population 6,000; fire area 100 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 3,300 ft, inferior 700 ft; rubber good 500 ft; 2 horses, value \$500; value of fire department equipment \$15,000; value of buildings occupied \$8,000; total ann expenses of department \$4,000; total membership 15, volunteers; telephone alarm. Chief engineer, Joseph Palmer.

WATER SUPPLY—Source, drive wells and open wells; system, direct to mains; storage basin cap 600,000 gals; pumping engines, dy cap 1,500,000 gals; 60 hydrants; pipe 7 1/4 miles, 4, 6, 8, 10 and 12 in dia; 48 valves; 550 taps; pressure, domestic 35, fire 90 pounds; waterworks owned by company; original cost to construct \$70,000; ann expenses \$3,350. Supt, A. M. Cosgrove.

Grand Ledge, Eaton Co., population 1,800; buildings, brick and wood, 2 stories. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 500 ft, rubber good 600 ft; value of fire department equipment \$2,000; total ann expenses of department \$500; total membership 40, volunteers; bell alarm. Chief engineer, Wm. Taylor.*

WATER SUPPLY—Source, river and cisterns; 2 reservoirs. Village clerk, G. B. Pratt.*

Grand Rapids, Kent Co., population 90,000; fire area 100 acres; mercantile buildings, brick and stone, 5 stories; private, wood, 2 1/2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—5 steam fire engines, 2 chemical engines on wheels, 10 chemical extinguishers, 3 hook and ladder trucks, 1 aerial truck, 3 hose carriages, 6 hose wagons; hose, cotton good 18,000 ft, 3,000 ft medium, rubber good 500 ft; 47 horses, value \$11,750; value of fire department equipment \$48,000; value of buildings occupied \$75,000; total ann expenses of department \$100,000; total membership 108, paid full time 82, paid part time 24; Gamewell alarm; 108 street boxes. Chief engineer, Henry Lemoin.

WATER SUPPLY—Source, Grand river; system, pumping to reservoir and standpipe; reservoir cap 6,000,000 gals; standpipe cap 366,000 gals; pumping engines, dy cap 23,000,000 gals; 1,050 hydrants; pipe 11 1/4 miles, 4 to 24 in dia; 800 valves; 6,280 taps; quality of water good; pressure 40 to 70 pounds; works owned by city; cost to construct to date \$1,180,000; ann expenses \$35,250. Secy, Fred A. Twamley.

Grayling, Crawford Co., population 1,558; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department not reported.*

WATER SUPPLY—Source, Ausable river; system, gravity; 12 hydrants; pipe 3 1/3 miles; quality of water good, filtration; works owned by company; cost to construct \$3,000; owners, Grayling & Hanson.*

Greenville, Montcalm Co., population 3,500; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 1 and 2 stories. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,750 ft; 2 horses; value of buildings occupied \$2,000; total membership 11, paid full time 1, part time 10; bell and whistle alarm. Chief engineer, R. Russell.

WATER SUPPLY—Source, wells; system, direct, cap of reservoir 68,000 gals; pumping engines, dy cap 2,000,000 gals; 52 hydrants; pipe 7½ miles, 6 to 18 in dia; pressure, domestic 80, fire 130 pounds; waterworks owned by city; cost to construct \$65,000; ann expenses \$2,500; Supt, James Gracey.

Grosse Point, Wayne Co., population 298; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department not reported.*

WATER SUPPLY—Source, Lake St. Clair; system, pumping direct from settling basin; pumping engines, dy cap 3,500,000 gals; 40 hydrants; pipe 4 miles, 8 in dia; quality of water good; 35 taps; pressure, domestic 45, fire 80 pounds; works owned by Newbury & McMillen; cost to construct \$35,000. Pres, H. McMillen; supt, A. E. O'Hara.

Hancock, Houghton Co., population 2,000; fire area 100 acres; buildings, wood, stone and brick, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose, rubber good 2,000 ft, cotton good 500 ft; value of equipment \$20,000; value of buildings occupied \$5,000; total ann expenses of department \$4,000; total membership 18, part paid; electric alarm. Chief engineer, A. J. Scott.

WATER SUPPLY—Source, lake and springs; system, direct pumping; reservoir cap 300,000 gals; pumping engines, dy cap 3,000,000 gals; 49 hydrants; pipe 4 1-4 miles, 4 to 10 in dia; 12 gates; pressure 100 pounds; waterworks owned by village; cost to construct \$20,000; expenditures during past year \$40,000. Mayor, Thos. Stewart; city clerk, M. Finn.

Harbor Springs, Emmet Co., population 1,600; fire area 400 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,300 ft; value of fire department equipment \$1,155; value of buildings occupied \$200; total ann expenses of department \$240; total membership 25 volunteers; electric alarm; 12 street boxes. Chief engineer, I. J. Bennett.

WATER SUPPLY—Source, artesian wells and Lake Michigan; system, pump direct; pumping engines, dy cap 250,000 gals; 20 hydrants; pipe 7 miles, 6, 4 and 2 in dia; 10 valves; 220 taps; pressure 100 to 40, fire 200 pounds; waterworks owned by E. Shay & Son; ann expenses \$1,800. Supt, L. Shay.

Harrison, Clare Co., population 752; fire area 1,000 acres; buildings, wood, 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—extension ladders, 2 hose carriages; hose, cotton 1,500 ft; value of equipment \$1,500; value of buildings occupied \$500; total membership 20, volunteers; telegraph alarm. Chief engineer, A. R. Canfield.

WATER SUPPLY—Source, Budd lake; system, direct; pumping engines, dy cap 1,600,000 gals; 16 hydrants; pipe 1 3-4 miles; 8 valves; pressure, domestic 80, fire 100 pounds; waterworks owned by village; cost to construct \$9,000; ann expenses \$1,100. Supt and secy, G. F. Drake.

Hart, Oceana Co., population 1,200; fire area 50 acres; mercantile buildings, brick and wood, 1 and 2½ stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hose carriage; hose, cotton good 900 ft, inferior 100 ft; value of fire department equipment \$1,600; value of buildings occupied \$1,000; total membership 21, volunteers; bell alarm. Chief engineer, B. S. Reed.

WATER SUPPLY—Source, river; system, pumping direct; dy cap 600 gals per minute; 11 hydrants; pipe 3-4 mile, 6 and 4 in dia; 4 valves; 100 taps; pressure, domestic 40, fire 140 pounds; waterworks owned by city; original cost to con-

struct \$4,500; expenses of construction to date \$5,600; ann expenses \$100. Supt, T. H. Edwards.*

Hartford, Van Buren Co., population 1,200; fire area 160; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 500 ft, inferior 500 ft, cotton good 500 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total ann expenses of department \$500; total membership volunteers; bell alarm. Chief engineer, S. Van Ostrand.

WATER SUPPLY—Source, wells; system, pumping to tanks.

Hastings, Barry Co., population 3,500; fire area 1 sq mile; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits. Fire department—1 chemical engine on wheels (not used), 2 chemical extinguishers, 1 hook and ladder truck, 3 hand carts; hose, cotton good 2,500 ft; value of fire department equipment \$3,800; total ann expenses of department \$650; total membership 50, paid part time; bell and whistle alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, W. A. Scidmore.

WATER SUPPLY—Source, well; system, direct; pumping engines, dy cap 1,000,000 gals; 47 hydrants; pipe 7 miles, 4 to 8 in dia; 27 gates; 420 taps; pressure, domestic 60, fire 80 to 100 pounds; waterworks owned by village; cost to construct \$20,000; to date \$40,000; ann expenses \$3,200. Pres, C. Weismert.

Hillsdale, Hillsdale Co., population 4,000; fire area 80 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 chemical engine on wheels, 1 hose carriage, 1 hose wagon; hose, cotton good 1,500 ft, rubber poor 400 ft, linen good 500 ft; 2 horses, value \$400; value of fire department equipment \$8,000; value of buildings occupied \$2,000; total ann expenses of department \$955; total membership 17, paid full time 2, part time 15; telephone alarm. Chief engineer, William P. Ferry.

WATER SUPPLY—Source, Bawbecs lake; system, direct pumping; pumping engines, dy cap 2,500,000 gals; 75 hydrants; pipe 8 miles, 4 to 12 in dia; 2 meters; pressure, domestic 40, fire 80 to 120 pounds; cost to construct \$65,000; ann expenses \$2,800. Pres of com, C. F. Cook.*

Holland, Ottawa Co., population 5,000; fire area 1½ sq miles; mercantile buildings, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 4,000 ft, inferior 600 ft, rubber inferior 100 ft; value of fire department equipment \$4,500; value of buildings occupied \$1,700; total ann expenses of department \$1,000; total membership 23, all volunteers; electric alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, J. Dinkeloo.*

WATER SUPPLY—Source, 3 wells connected with river; system, gravity and direct pumping; pumping engines, dy cap 1,500,000 gals; 84 hydrants; pipe 10½ miles, 4 to 8 in dia; 98 valves; 302 taps; pressure, domestic 40, fire 100 pounds; waterworks owned by city; cost to construct to date \$48,000; ann expenses \$2,500. Chairman and supt, John Kramer.

Holly, Oakland Co., population 1,300; fire area 300 acres; buildings, brick and frame, 2 stories; shingle roofs; fireworks ordinance. Fire department—12 chemical extinguishers, 2 hose carriages; hose, rubber good 1,000 ft, cotton new 750 ft, cotton good 250 ft; total membership 15, paid. Chief engineer, W. H. Smith.

WATER SUPPLY—Source, driven wells and pond; system, direct; pumping engines, dy cap 1,500,000 gals; 25 hydrants; pipe 4 miles, 4 to 12 in dia; 20 valves; 200 taps; pressure, domestic 35, fire 60 to 130 pounds; waterworks owned by city; cost to construct \$13,000; ann expenses \$1,600. Supt, E. Joslin.

Homers, Calhoun Co., population 1,200; fire area 8 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance.

Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$1,500; value of buildings occupied \$2,500; total ann expenses of department \$200; total membership 60, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, G. F. S. Ito.

WATER SUPPLY—Source, artesian well and 2 force pumps; 9 cisterns. Clerk, C. D. Burt.

Houghton, Houghton Co., population 4,000; fire area 1 sq mile; mercantile buildings, stone, brick and wood, 2 stories; private, wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, rubber good 3,000 ft, inferior 500 ft; value of fire department equipment \$12,500; value of buildings occupied \$28,000; total ann expenses of department \$150; total membership 45, volunteers; bell alarm. Chief engineer, R. McDonald.

WATER SUPPLY—Source, living spring; system, gravity; reservoir cap 468,750 gals; 40 hydrants; pipe, 3 1/4 miles, 10 to 4 in; 24 valves; 5 meters; pressure 70 to 84 pounds; waterworks owned by city; cost to construct \$80,000; ann expenses \$1,000. Supt, R. McDonald.

Howard City, Montcalm Co., population 1,800; fire area 10 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; fire proof roofs used; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, linen good 1,000 ft; value of fire department equipment \$1,200; total membership 20, volunteers; bell alarm; 7 magnetic bells. Chief engineer, John F. Van Durburgh.

WATER SUPPLY—Source, river; system, pumping direct; pumping engines, dy cap 1,500,000 gals; 23 hydrants; pipe 3 miles, 8 to 4 in; 13 valves; 100 taps, galv iron pipe used; pressure, domestic 40, fire 60 to 130 pounds; waterworks owned by city; original cost to construct \$10,000; to date \$14,000; ann expenses \$1,300. Supt, C. C. Messenger.

Hewell, Livingston Co., population 3,000; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine on wheels, 2 chemical extinguishers; hose, rubber good 300 ft; cotton good 100 ft; value of fire department equipment \$2,000; value of buildings occupied \$3,000; total ann expenses of department \$2,000; total membership 13, all volunteers; bell alarm. Foreman, Thomas B. Clark.

WATER SUPPLY—Source, driven wells. (Are building system of waterworks.)

Hudson, Lenawee Co., population 3,200; fire area 40 acres; buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 3 hose carriages; hose, cotton good 1,500 ft, poor 200 ft, rubber good 300 ft, inferior 200 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,000; total ann expenses of department \$300; total membership 25; electric bell alarm. Chief engineer, E. E. Pratt.

WATER SUPPLY—Source, wells; system, direct; pumping engines, dy cap 2,000,000 gals; 80 hydrants; pipe 5 1-10 miles, 4 to 12 in dia; 40 valves; 285 taps; pressure, domestic 40 to 45, fire 120 pounds; works owned by city; cost to construct, \$80,718; cost to date \$31,500; ann expenses \$2,200. Supt, A. P. Fellows.

Imlay City, Lapeer Co., population 1,340. Fire department—1 hand engine, 4 chemical extinguishers, 2 hose carriages, ladders; hose, 1,200 ft; total membership 22, volunteers. Chief engineer, Jas. J. Muir.

WATER SUPPLY—Source, 4 wells; system, pumping direct; reservoir cap 35,000 gals; standpipe 36,000 gals; pumping engines, cap 504,000 gals in 12 hours; 80 hydrants; pipe 3 miles 8, 6, 4 and 2 in dia; 8 valves; 81 taps; pressure 60 to 150 pounds; works owned by city; cost to construct \$18,240; to date \$20,000; ann expenses \$800. Pres, Lyman Carlrow; supt, Orson Filkins.

Ionia, Ionia Co., population 6,000; fire area 80 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks or-

dinance. Fire department—1 hook and ladder truck, 4 hose carriages; hose, cotton good 1,650 ft, inferior 950 ft; value of fire department equipment \$3,500; value of buildings occupied \$2,000; total ann expenses of department \$2,200; total membership 44, all volunteers; electric alarm; 32 street boxes; 2 fire companies, 1 hook and ladder company, 1 hose company. Chief engineer, Chas. Girard.

WATER SUPPLY—Source, artesian wells and springs; system, pumping to reservoir and direct; reservoir cap 50,000 gals; pumping engines, dy cap 3,000,000 gals each; 111 hydrants; pipe 16 miles, 4 to 12 in dia; 77 valves; 736 taps; pressure, domestic 50 to 100 pounds; fire same; works owned by city; cost to construct to date \$111,000; ann expenses \$5,000. Supt, Frank Sibley.

Iron Mountain, Dickinson Co., population 9,700; fire area 3,621 acres; mercantile buildings, brick and wood, 2 and 3 1-2 stories; private, brick and wood, 1, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 steam fire engines, 1 chemical extinguisher, 1 hook and ladder truck, 3 hose carriages, 2 hose wagons; hose, cotton good 3,000 ft, rubber good 2,000 ft, inferior 500 ft; 5 horses, value \$1,115; value of fire department equipment \$16,000; value of buildings occupied \$3,000; total ann expenses of department \$15,000; total membership 12, paid full time; electric alarm; 31 street boxes. Chief engineer, Edward Harvey.

WATER SUPPLY—Source, springs; system, pumping to reservoir, cap 600,000 gals; pumping engines, dy cap 4,000,000 gals each; 173 hydrants; pipe 17 miles, 4 to 16 in dia; 173 valves; 450 taps; pressure, domestic 90, fire 80 pounds; works owned by company; cost to construct to date \$215,000; ann expenses \$8,000. Supt, Edward A. Croll.

Ironwood, Gogebic Co., population 12,000; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 9 hose carriages, all kinds, 2 supply wagons; hose, cotton good 6,000 ft, rubber good, inferior 1,000 ft; 5 horses, value \$1,250; value of fire department equipment \$15,000; value of buildings occupied \$25,000; total ann expenses of department \$7,865; total membership 23, paid full time 7, paid part time 16; Gamewell alarm; 17 street boxes; 3 hose companies. Chief engineer, J. W. Morrison.

WATER SUPPLY—Source, Montreal river; system, direct; standpipe cap 250,000 gals; pumping engines, dy cap 2,000,000 gals; 115 hydrants; pipe 13 miles, 4 to 12 in dia; 700 taps; pressure, domestic 70 to 95, fire 95 to 130 pounds; works owned by company. Supt, J. S. Kennedy.

Ishpeming, Marquette Co., population 13,000; fire area 5 miles; mercantile buildings, brick, stone and metal, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 4 hand hose carts, 1 supply wagon; hose, rubber good 4,800 ft; 4 horses, value \$1,000; value of fire department equipment \$24,000; value of buildings occupied \$18,000; total ann expenses of department \$6,875; total membership 103, 3 paid full time, all volunteers; Gamewell electric alarm; street boxes 25; 1 hook and ladder company, 4 hose companies. Chief engineer, H. Routhier; secy, F. Collins.

WATER SUPPLY—Source, Lake Sault; system, gravity and pumping direct; pumping engines, dy cap 5,000,000 gals; 120 hydrants; pipe 24 1-10 miles, 2 to 14 in dia; 94 valves; taps 1,300; pressure, domestic 50, fire 100 pounds; works owned by city; cost to construct \$130,000; ann expenses \$2,500. Supt, A. W. Gibbs.

Ithaca, Gratiot Co., population 1,900; fire area 1 mile square; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted except on Main st.; fireworks ordinance. Fire department—1 horse-power engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$5,000; value of department buildings \$1,200; ann expenses \$100; total membership 35, volunteers; bell alarm. Chief engineer, A. P. Lane.

WATER SUPPLY—Source, well; system, pumping to tank; cap of tanks 1,000 to 1,500 barrels

each; supplied to a few factories and for fire protection; pipe 1 mile; cost to construct \$1,000. City clerk, A. P. Lane.*

Jackson, Jackson Co., population est 24,000; fire area 3 miles sq; mercantile buildings, brick and stone, 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical engines on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 2 supply wagons; hose, cotton good 6,650 ft, inferior 200; 13 horses, value \$3,000; value of fire department equipment \$17,000; value of buildings occupied \$18,000; total ann expenses of department \$17,674; total membership 23, paid full time 21, paid part time 2; Gamewell electric alarm; street boxes 30. Chief engineer, Edwin L. Helmer.

Water Supply—Source, artesian wells; system, direct pumping; pumping engines, dy cap 6,000,000 gals; 237 hydrants; pipe 21 miles, 4 to 18 in dia; 30 meters; pressure 40 to 100 pounds; waterworks owned by city; cost to construct \$250,000; ann expenses \$12,000. Supt, Benj. Porter.*

Jonesville, Hillsdale Co., population 1,288; fire area 1½ mile sq; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits. Fire department—1 steam fire engine, 1 hand engine, 1 ladder truck, 2 hose carriages, all kinds; hose, cotton good 900 ft, inferior 500 ft, rubber inferior 250 ft; value of fire department equipment \$5,000; value of buildings occupied \$4,500; total ann expenses of department \$334; total membership 36, all volunteers; bell alarm; engine companies 1, 2 hose companies. Chief engineer, Andrew Mack.

Water Supply—Source, mill race, river, wells. Village clerk, W. M. Wetmore.

Kalamazoo, Kalamazoo Co., population 17,853; fire area 4½ sq miles; mercantile buildings, brick, 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 6 chemical extinguishers, 2 hook and ladder trucks, 2 two-horse hose carriages, 1 one-horse hose carriage; hose, cotton good 5,500 ft, rubber 500 ft; 10 horses; value of fire department equipment \$10,500; 2 buildings occupied; total ann expenses of department \$14,000; total membership 34, paid full time 15, paid part time 20; telegraph alarm; 29 street boxes. Chief engineer, B. J. Healy.

Water Supply—Source, two large wells, 6 artesian wells; system, direct pumping; pumping engines, dy cap 8,000,000 gals; 331 hydrants; pipe 33 miles, 4 to 24 in dia; 365 valves; 100 meters; pressure 45 to 90 pounds; waterworks owned by city; cost to construct \$300,000; ann expenses \$10,000. Supt, Wilbur F. Reed.

Kalkaska, Kalkaska Co., population 2,000; fire area 30 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hose carriages; hose, rubber good 1,800 ft, inferior 300 ft; total ann expenses of department \$2,500; total membership 57, volunteer; bell alarm. Chief engineer, A. A. Blaszy.

Water Supply—Source, river; system, pumping direct; pumping engines, dy cap 1,500,000 gals; 36 hydrants; pipe 3 1-5 miles, 8 to 10 in dia; pressure, domestic 30, fire 90 pounds; works owned by village; cost to construct \$18,000. Supt, H. Helmer.*

Lake City, Missaukee Co., population 1,000; fire area 100 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, rubber good 500 ft, cotton good 500 ft; value of buildings occupied \$100; total membership 20, volunteer members; whistle alarm. Captain, Geo. S. Stout. (H & L truck contemplated.)

Water Supply—Source, Muskrat lake; system, pumping direct; pumping engines, cap 15 gals per stroke; hydrants 10; pipe 1 1-4 miles, 6 in dia; 70 taps; quality of water good; pressure, domestic 40, fire 80 pounds; waterworks owned by private individual; original cost to construct \$5,700; expenses of construction to date \$10,027; ann expenses \$1,200. Pres, D. Reedes.

Lake Linden, Houghton Co., population

3,800; fire area 160 acres; buildings, brick, stone and wood, 2 to 6 stories; wooden roofs permitted outside fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,200 ft, inferior 200 ft; value of fire department equipment \$2,000; total ann expenses of department about \$500; total membership 12, volunteers; telegraph, steam whistle and bell alarm. Chief, W. Kline.

Water Supply—Source, artesian well and creek; system, gravity; reservoir 2,000,000 gals; pumping engines, dy cap 35,000 gals; 51 hydrants; pipe 5 miles, 4 to 12 in dia; 42 valves; pressure, domestic 50, fire 100 pounds; cost to construct \$45,000. Supt, F. O. Mayotte.*

L'Anse, Baraga Co., population 500; fire area 35 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hose carriages, other apparatus hooks and ladders; hose, rubber good 900 ft, inferior 200 ft, cotton good 550 ft, inferior 100 ft; total membership 20, volunteers; bell alarm. Chief engineer, A. Bowin.*

Water Supply—Source, spring creek; system, gravity; hydrants 23; pipe 13 miles, 4 to 10 in dia; 22 valves; 80 taps; pressure, domestic 100, fire 100 pounds; waterworks owned by city; original cost to construct \$14,000; expenses of construction to date \$15,000; ann expenses \$150. Pres of com, August Meuge.

Lansing, Ingham Co., population 15,200; fire area 400 acres; mercantile buildings, stone and brick, 2 and 3 stories; private, brick, stone and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 double chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 8 hose carts, all kinds, 1 hose wagon; hose, cotton good 3,300 ft, rubber good 550 ft; 6 horses, value \$1,000; value of fire department equipment \$9,245; value of buildings occupied \$8,000; total ann expenses of department \$18,000; total membership 21, paid full time 3, paid part time 18; Gamewell electric alarm; 34 street boxes; 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, E. H. Kneelsyn.

Water Supply—Source, wells; system, direct and pumping to standpipe; standpipe cap 200,000 gals; pumping engines, dy cap 3,000,000 gals; 346 hydrants; pipe 38½ miles, 6 to 16 in dia; 186 valves; taps 2210; pressure, domestic 60, fire 90 pounds; cost to construct \$100,000; cost to construct to date \$205,000; ann expenses \$15,300. Pres, I. Ingersoll; Daniel Barringer, secy of board. (A new Holly pump, dy cap 5,000,000 gals will be operated this year.)

Lapeer, Lapeer Co., population 2,753; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; steam couplings; hose, cotton good 1,200 ft, rubber good 300 ft, inferior 2,500 ft; value of fire department equipment \$7,000; value of 1 building owned \$6,000; total ann expenses of department \$1,500; total membership 45, volunteers; bell alarm.*

Water Supply—Source, artesian wells; system, direct; reservoir cap 30,000 gals; pumping engines, dy cap 1,500,000 gals; 74 hydrants; pipe 13 miles, 2 to 10 in dia; 349 taps; pressure, domestic 40, fire 80 pounds; cost to construct \$41,000; cost to date \$45,000; ann expenses \$2,000. Supt, S. D. Brown.

Leaside, Ingham Co., population 1,058; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 200 ft, inferior 300 ft, linen good 1,000 ft, inferior 600 ft; value of fire department equipment \$3,000; value of buildings occupied \$4,000; total ann expenses of department \$300; membership 40, volunteers; bell alarm. Chief engineer, E. E. Rogers.

Water Supply—Source, artesian wells; system, gravity; cap 100 bbls, each; works owned by city; cost to construct \$2,000. Supt, H. Hodges.*

Lexington, Sanilac Co., population 800; fire area 480 acres; mercantile buildings, brick, 2 sto-

ries; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage, hand grenades; hose, linen good 1,000 ft, poor 250 ft, rubber good 200 ft, 200 ft linen unlined; value of fire department equipment \$1,500; value of buildings occupied \$10,000; total ann expenses of department \$200; total membership 53, all volunteers; bell alarm; 2 fire companies. Chief engineer, Geo. Henry.

WATER SUPPLY—Source, springs; system, gravity; 12 tanks; 14 hydrants.

Lowell, Kent Co., population 1,829; mercantile buildings, brick and wood, 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,000 ft; value of equipment \$2,500; value of buildings occupied \$1,000; total membership 20, paid part time; bell alarm. Chief engineer, J. C. Moore.

Water Supply—Source, 20 wells; system, pumping to reservoir and direct; cap 60,000 gals; pumping engines, dy cap 100,000 gals; 60 hydrants; pipe 10 miles, 6 to 8 in dia; 35 valves; 300 taps; pressure 65 pounds; cost to construct \$25,000, cost to date \$60,000; ann expenses \$1,500. Supt, A. C. Phelps.

Ludington, Mason Co., population 7,517; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages, all kinds; 2 winter sleighs; hose, cotton good 4,500 ft; Gamewell alarm; 5 street boxes; total membership 27, paid. Chief engineer, Orville Bipp.

Water Supply—Source, Lake Michigan system, direct; pumping engines, dy cap 5,000,000 gals; 151 hydrants; pipe 13½ miles, 4 to 16 in dia; 66 valves; 561 taps; pressure, domestic 40, fire 80 to 100 pounds; waterworks owned by company; cost to construct to date \$134,001; ann expenses \$5,000. Pres, C. G. Wing; supt, H. L. Williams.

Lyons, Ionia Co., population 612; fire area 1 sq mile; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 600 ft, linen inferior 300 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total membership 25, all volunteers; bell alarm. Chief engineer, Sterling Elsworth.

Water Supply—Source, Mill race; system, direct; 7 hydrants; 1,500 ft pipe. Supt, L. H. Hale.*

Mancelona, Antrim Co., population 1,650; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage, 1 hose sled; hose, cotton good 1,000 ft; value of buildings occupied \$500; total membership 30, volunteers; electric bell alarm. Chief engineer, Ed. Bennett.

Water Supply—Source, 12 driven wells; system, pumping direct into mains; pumping engines, dy cap 1,500,000 gals; hydrants 30; pipe 3 1-8 miles, 4 to 8 in dia; 23 valves; 175 taps; pressure, domestic 30 to 40, fire 70 pounds; waterworks owned by city; cost to construct \$16,000; ann expenses \$1,000. Chairman of Water Board, A. Kimball.

Manchester, Washtenaw Co., population 1,191. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose, 1,000 ft; total membership 60, volunteers. Chief engineer, B. C. Lovejoy.*

Water Supply—Source, river; 5 reservoirs, cap 600 lbs each. Mayor, C. W. Case; village clerk, E. Lewis.

Manistee, Manistee Co., population 13,000; fire area 640 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits and 12 in walls required; fireworks ordinance. Fire department—1 steam fire engine, 1 horse hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 4,800 ft, inferior 1,000 ft; 3 hoses, value \$700; value of fire department equipment \$8,075; value of buildings occupied \$10,000; total ann expenses of department \$18,000; total membership 9, paid full time; Detroit electric alarm; street boxes 31; 1 fire company. Chief engineer, T. J. Scott.

Water Supply—Source, wells; system, direct; pumping engines, dy cap 3,500,000 gals; hydrants 38; pipe 15½ miles, 4 to 16 in dia; 50 valves; 53

meters; pressure 60 to 140 pounds; waterworks owned by company; cost to construct \$175,000; ann expenses \$6,000. Supt, S. A. Cahill.*

Manistique, Schoolcraft Co., population 4,000; buildings, wood, 2 stories. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 2,000 ft, inferior 300 ft; value of fire department equipment \$2,400; total membership 150, volunteers; bell alarm. Chief engineer, E. C. Brown.

Water Supply—Source, artesian wells, cisterns and river. Pres, M. H. Quick.

Manton, Wexford Co., population 900; fire area 300 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 450 ft, rubber inferior 300 ft; value of fire department equipment \$1,500; value of buildings occupied \$800; total ann expenses of department \$85; total membership 36, volunteer members 36. Chief engineer, William A. Hall.

Water Supply—Source, cisterns. A system of works will be put in this year.

Marine City, St. Clair Co., population 3,268; fire area 300 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft, rubber inferior 1,000 ft; value of equipment \$2,000; value of buildings occupied \$1,000; total membership 70, all volunteers; Detroit electric system of fire alarm and whistle; 8 street boxes; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, R. A. Garrison.*

Water Supply—Source, St. Clair river; system, direct; pumping engines, dy cap 1,500,000 gals; 66 hydrants; pipe 14 miles, 4, 6 and 8 in dia; 37 valves; pressure, domestic 30, fire 75 pounds; waterworks owned city; cost to construct to date \$40,000; ann expenses \$1,780; int on bonds 5 per cent. Water com, Paul Vollman.

Marquette, Marquette Co., population 12,000; fire area 300 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 supply wagon; hose, cotton good 3,400 ft; 5 hoses, value \$1,250; value of fire department equipment \$10,000; value of buildings occupied \$6,000; total ann expenses of department \$3,900; total membership 32, paid full time 3, paid part time 30; electric alarm; 20 street boxes. Chief engineer, L. F. Crary.

Water Supply—Source, Lake Superior; system, direct; pumping engines, dy cap 3,000,000 gals each pump; 169 hydrants; pipe 18½ miles, 3 to 20 in dia; 187 valves; 1,373 taps; pressure, domestic 90, fire 125 pounds; Edson pressure recording gauge; works owned by city; cost to construct \$80,000, to date \$298,556; ann expenses \$20,518. Supt, John P. Kern.

Marshall, Calhoun Co., population estimated 4,500; fire area 640 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 2,700 ft, inferior 200 ft, rubber inferior 200 ft; 4 hoses, value \$1,000; value of fire department equipment \$12,000; value of buildings occupied \$7,000; total membership 42, paid full time 2, paid part time 25, volunteer members 15; bell and electric alarm. Chief engineer, Wm. E. Mann.

Water Supply—Source, wells; system, gravity; pumping engines, dy cap 2,000,000 gals; 95 hydrants; pipe 9 3-4 miles, 4 to 12 in dia; 58 valves; 18 meters; quality of water good; pressure, domestic 60, fire 100 pounds. Supt, W. B. Smith.

Mason, Ingham Co., population 2,500; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hose carriages, all kinds; hose, rubber good 1,550 ft, inferior 50 ft; value of fire department equipment \$4,500; value of buildings occupied \$2,000; total ann expenses of department \$350; total membership 12.

paid part time; bell and whistle alarm. Chief engineer, Geo. A. Aaker.

WATER SUPPLY—Source, flowing wells; system, pumping to standpipe and direct; standpipe 103 ft high, 15 ft dia, cap 136,525; pumping engine, dy cap 1,000,000 gals; 58 hydrants; pipe 6 miles, 10, 8, 6, 4 in dia; 22 valves; 136 taps; pressure, domestic 50, fire 120 pounds; works owned by city; cost to construct \$35,000, to date \$39,000; ann expenses \$1,400. Supt, C. S. Casterlin.

Menominee, Menominee Co., population 14,000; fire area 18,000 acres; mercantile buildings, brick, 2 to 4 stories; private, wood, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 3 hose wagons, 3 hose sleds and 1 cutter; hose, cotton good 2,700 ft, inferior 300 ft, rubber good 3,850 ft, inferior 400 ft, 300 ft good leather; 12 horses, value \$2,400; value of fire department equipment \$27,000; value of buildings occupied \$14,000; total ann expenses of department \$15,000; total membership 20, paid full time; electric alarm; 65 street boxes; 5 fire companies. Chief engineer, J. H. Kratz.

WATER SUPPLY—Source, Green Bay; system, pumping direct; pumping engine, dy cap 6,000,000 gals; 261 hydrants; pipe 23 1-3 miles, 4 to 16 in dia; 384 valves; 1,140 taps; pressure, domestic 40, fire 120 pounds; works owned by company. Supt, Geo. E. Wilde.

Midland, Midland Co., population 2,277; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department not reported.*

WATER SUPPLY—Source, Chippewa river; system, pumping direct; dy cap 500,000 gals; 32 hydrants; pipe 5 miles; quality of water good; works owned by city; cost to construct \$20,000. Supt, Chas. Fournia.*

Milford, Oakland Co., population 1,200; fire area 1½ sq miles; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 12 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 900 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,500; total ann expenses of department \$250; total membership 100, paid full time 1, paid part time 99; 2 bells alarm. Chief engineer, D. H. Levanclar.

WATER SUPPLY—Source, lake, located 1 mile from town, wells and cisterns. (Waterworks contemplated.)

Mio, Oscoda Co., population 500; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hose carriage; hose, linen good 500 ft. Chief, John Randall.

WATER SUPPLY—Source, spring, creek; system, pump to reservoir; pipe ½ mile; cost to construct \$4,000; 5 hydrants. Supt, John Randall.

Monroe, Monroe Co., population 6,000; fire area 50 acres; mercantile buildings, brick, 3 stories; private, brick, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, all kinds, 1 hose wagon, siamese couplings; hose, cotton good 3,000 ft; value of fire department equipment \$8,000; value of buildings owned \$10,000; total membership 52, paid part time; electric bell alarm. Chief engineer, J. Martin.

WATER SUPPLY—Source, Lake Erie; system, direct; pumping engine, dy cap 3,000,000 gals; 134 hydrants; pipe 18½ miles, 4 to 20 in dia; 98 valves; 24 meters; pressure 50 to 150 pounds; original cost to construct \$124,000; to date \$134,000; ann expenses \$6,400. Supt, J. C. Sterling.*

Montague, Muskegon Co., population 1,623; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,400 ft; value of fire department equipment \$6,000; value of buildings occupied \$5,000; total ann expenses of department \$150; total membership 20, volunteers; whistle and bell alarm. Chief engineer, A. L. Dickinson.

WATER SUPPLY—Source, creek fed by springs; system, pumping direct; cap of pump 4,300 gals

per min; 7 hydrants; pipe ¼ mile, 4 in dia; mills have 1,800 ft hose and 10 hydrants; works owned by city. Supt, A. L. Dickinson.

Moremel, Lenawee Co., population 1,500; fire area 2 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 900 ft, rubber inferior 400 ft; value of fire department equipment \$1,800; value of buildings occupied \$3,500; total ann expenses of department \$250; total membership 80, volunteers; bell alarm; 3 fire companies, 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, T. F. Drake.

WATER SUPPLY—Source, 5 wells; 20 hydrants.

Mount Clemens, Macomb Co., population 6,000; fire area 3½ sq miles; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs are not permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 1,600 ft, inferior 250 ft, rubber good 400 ft; 3 horses, value \$800; value of fire department equipment \$6,950; value of buildings occupied \$3,000; total ann expenses of department \$950; total membership 38, paid full time 2, paid part time 38; bell and whistle alarm. Chief, M. M. Smith.

WATER SUPPLY—Source, Clinton river; system, direct in mains; pumping engine, dy cap 2,000,000 gals; 117 hydrants; pipe 9 miles, 4, 6, 8, 10, 12 in dia; 64 valves; 359 taps; pressure, domestic 50, fire 100 pounds; works owned by city; cost to construct \$50,000; cost to date \$65,000; ann expenses \$8,000. Supt, H. Orbita.

Mt. Morris, Genesee Co., population 400; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage, siamese couplings; hose, cotton good 200 ft, rubber good 400 ft, inferior 60 ft; value of fire department equipment \$1,000; value of buildings occupied \$2,000; total ann expenses of department \$35; total membership 30, volunteers; bell alarm. Chief engineer, J. H. Bement.*

WATER SUPPLY—Source, 10 wells, cap 4,000 gals each. Town clerk, A. L. Adams.*

Mt. Pleasant, Isabella Co., population 2,701; fire area ¼ sq mile; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,700 ft, inferior 300 ft; value of fire department equipment \$2,000; value of buildings occupied \$800; total ann expenses of department \$500; total membership 42, paid part time; bell alarm; 3 fire companies. Chief engineer, Francis H. Law.*

WATER SUPPLY—Source, flowing well; system, pumping to tanks and direct; standpipe cap 40,000 gals; pumping engine, dy cap 800,000 gals; hydrants 45; pipe 6½ miles, 2 to 8 in dia; 30 valves; pressure, domestic 40, fire 70 to 120 pounds; works owned by city; cost to construct \$41,500; ann expenses \$1,000. Supt, Chas. D. Smith.

Muskegon, Muskegon Co., population about 25,000; fire area 6,000 acres; mercantile buildings, brick, stone and wood, 2 to 5 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 6 hose carriages, 2 supply wagons; hose, cotton good 12,200 ft, inferior 1,500 ft; 22 horses, value \$4,900; value of fire department equipment \$42,000; value of buildings occupied \$30,000; total ann expenses of department \$24,000; total membership 53, paid full time 31, paid part time 22; Gamewell electric alarm; street boxes 32; 9 fire companies, 1 engine company, 3 hook and ladder companies, 6 hose companies. Chief engineer, James P. Fallon.

WATER SUPPLY—Source, Lake Michigan (new supply); system, direct; pumping engine, dy cap 8,000,000 gals; hydrants 400; pipe 37 miles, 4 to 24 in dia; 275 valves; 1,700 taps; pressure, domestic 50, fire 80 pounds; works owned by city; cost to construct \$221,286; new works \$250,000; total to date \$471,286; ann expenses \$13,000. Supt, William Dixon.

Nashville, Barry Co., population 1,500; fire area 1 sq mile; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,500 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,000; total membership 37, paid part time; bell alarm. Chief engineer, Len W. Feighner.

WATER SUPPLY—Source, flowing wells (3); system, pumping to standpipe and direct; standpipe cap 70,000 gals; pumping engines, dy cap 750,000 gals; hydrants 32; pipe $\frac{3}{4}$ miles, 4, 6, 8 in dia; 25 valves; 60 taps; pressure, domestic 68, fire 120 to 160 pounds; works owned by village; cost to construct \$20,000; ann expenses \$800. Pres. H. R. Dickenson; secy, C. W. Smith.

Negaunee, Marquette Co., population 7,800; fire area 60 acres; mercantile buildings, brick, stone and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, all kinds, 1 hose wagon; hose, rubber good 1,600 ft, inferior 200 ft, cotton good 700 ft, poor 200 ft; 3 horses, value \$600; value of fire department equipment \$13,000; value of buildings occupied \$7,000; total ann expenses of department \$2,700; total membership 70, volunteers; bell alarm. Chief engineer, Henry Ler.

WATER SUPPLY—Source, lake; system, pumping direct; pumping engines, dy cap 2,000,000 gals; 58 hydrants; pipe 14 miles, 4 to 10 in dia; 190 valves; 682 taps; pressure, domestic 60, fire 80 pounds; waterworks owned by city; original cost to construct \$20,000; expenses of construction to date \$23,000; ann expenses \$5,500. Chairman of com, James Mathews; supt, Daniel Harrington.

Newaygo, Newaygo Co., population 1,800; fire area 300 acres; mercantile buildings, wood and brick, 1 to 3 stories. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,500 ft, inferior 300 ft; value of equipment \$2,000; value of buildings occupied \$2,500; total ann expenses of department about \$300; total membership 40; electric alarm. Chief engineer, B. E. Burton.

WATER SUPPLY—Source, wells and springs; system, direct; pumping engines; 14 hydrants; pipe 2 miles, 4 to 8 in dia; 5 valves; pressure, domestic 12 to 40, fire 108 pounds; works owned by city; cost to construct \$12,000; ann expenses \$1,000. Pres of com, Thos. Cook; supt, B. Burton.

Niles, Berrien Co., population estimated 5,000; fire area 80 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, principally wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 300 ft, rubber good 2,700 ft, inferior 500 ft; value of fire department equipment \$10,000; value of buildings occupied \$5,000; total ann expenses of department \$1,500; total membership 62, paid; bell alarm; 4 fire companies, 4 hose companies. Chief engineer, John Manchester.*

WATER SUPPLY—Source, lake 4 miles east of city; system, gravity, to reservoir, cap 300,000 gals; 50 hydrants; pipe 9 miles, 12 in dia; quality of water good; pressure 45 pounds; works owned by company; cost to construct \$45,000. Supt, Ernest Bacon.

North Muskegon, Muskegon Co., population 1,600; fire area 3 miles by $\frac{1}{2}$ mile; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 2,000 ft, inferior 400 ft; value of fire department equipment \$2,500; value of buildings occupied \$50,000; total membership 45, volunteer members; electric alarm; 9 street boxes. Robert W. Hay.*

WATER SUPPLY—Source, lake; system, pumping into main; 39 hydrants; pipe $\frac{1}{4}$ miles, 4 to 12 in dia; 20 valves; pressure, domestic 40 to 50, fire 60 to 120 pounds; works owned by city; cost to construct \$30,000; ann expenses \$2,000. Supt, Robt Hay.*

Northville, Wayne Co., population 2,000; fire area 640 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance.

Fire department—1 chemical engine, 10 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, buckets; hose, cotton good 1,700 ft; value of fire department equipment \$1,500; value of buildings \$3,000; total ann expenses of department \$100; total membership 25, volunteers; triangle and whistle alarm. Chief, J. M. Burgess.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 2,500,000 gals; 50 hydrants; pipe 8 miles, 4 to 10 in dia; 40 valves; 110 taps; pressure, domestic 50 pounds, fire same; works owned by city; cost to construct \$33,000; to date \$40,000. Chair of comm, F. N. Clark.

Norway, Dickinson Co., population not reported.

WATER SUPPLY—Source, shaft at Ogeon mine; system, pumping to reservoir; reservoir cap 188,000 gals; pumping engines, dy cap 750,000 gals; 58 hydrants; pipe 6 miles, 10 to 2 in dia; 55 valves; pressure, domestic 100, fire 60 pounds; waterworks owned by city; original cost to construct \$31,000. Mayor, E. C. Flannigan; city clerk, Charles Swanson.*

Olivet, Eaton Co., population 800; fire area $\frac{1}{2}$ mile square; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft; value of fire department equipment \$1,500; value of buildings occupied \$250; total ann expenses of department \$15; total membership 60, volunteers; bell and whistle alarm; 3 fire companies, 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, Geo. W. Keyes.

WATER SUPPLY—Source, 12 cisterns.

Ontonagon, Ontonagon Co., population 2,000; fire area 320 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 400 ft, rubber 2,500 ft; 3 horses; value of fire department equipment \$8,200; value of buildings occupied \$1,500; total membership 36, volunteers; bell alarm. Chief engineer, Jas. Corgan; foreman, Joseph Haight.

WATER SUPPLY—Source, rivers and wells.

Oscoda, Iosco Co., population 3,588; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 6 hose carriages, all kinds; hose, cotton good 5,000 ft; value of fire department equipment \$5,000; value of buildings \$2,000; total ann expenses of department \$2,500; total membership 20, volunteers; electric whistle and bell alarm. Chief engineer, A. Bonnonfont.

WATER SUPPLY—Source, Lake Huron; system, direct; pumping engines, dy cap 2,000,000 gals; 47 hydrants; pipe 5 miles, 8 to 4 in dia; 25 valves; 230 taps; pressure, domestic 40, fire 100 to 180 pounds; cost to construct \$24,000; ann expenses \$3,500. Pres, E. C. Beessa; supt, H. N. Hewlett.

Oshtego, Allegan Co., population 2,387; fire area 1,100 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—15 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; 1 hose wagon; hose, cotton good 1,600 ft, rubber good 250 ft; value of fire department equipment \$1,800; value of buildings occupied \$2,500; total ann expenses of department \$300; total membership 65; whistle and bell alarm. Chief engineer, E. R. Conrad.

WATER SUPPLY—Source, mill race and cisterns; system, direct; pumping engines, dy cap 1,500,000 gals; 26 hydrants; pipe $\frac{3}{4}$ miles, 4 to 8 in dia; 8 valves; 101 taps; pressure, domestic 40, fire 90 to 100 pounds; works owned by city; cost to construct \$14,000; ann expenses \$150. Supt, C. I. Clapp.

Ovid, Clinton Co., population 1,423; buildings, brick and wood, 2 stories. Fire department—2 chemical engines on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$5,400; value of buildings occupied \$1,500; total ann expenses of department \$1,250; total membership 9, paid full time; bell alarm. Chief engineer, Wm. Stevens.

WATER SUPPLY—Source, 20 wells; system, pumping into tank; tank cap 66,000 gals; pumping en-

gines, dy cap 1,000,000 gals; hydrants 34; pipe 4½ miles, 8 to 3 in dia; 24 valves; 2 meters; 250 taps; pressure, domestic 35, fire 80 pounds; waterworks owned by city; cost to construct \$15,000; cost to date \$17,278; ann expenses \$2,000. Supt, Ed. Luly.

Owosso, Shiawassee Co., population 10,000; fire area 2 sq miles; mercantile buildings, stone, brick and iron, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 2 hose wagons; hose, rubber good 4,000 ft; 4 horses, value \$700; value of fire department equipment \$12,000; value of buildings occupied \$10,000; total ann expenses of department \$750; total membership 19, paid full time 3, volunteer members 16; Gamewell electric alarm; 8 street boxes, 4 private boxes; total no. of fire companies 4, engine companies 1, hook and ladder company, 2 hose companies. Chief engineer, Moses Keyte.

WATER SUPPLY—Source, wells and large cistern; system, direct; reservoir cap 50,000 gals; pumping engines, dy cap 2,000,000 gals; hydrants 112; pipe 18½ miles, 4 to 16 in dia; pressure, domestic 50, fire 90 pounds; waterworks owned by city; cost to construct \$80,000; cost to date \$91,177; ann expenses \$4,349. Supt, Chas. H. Cassatt.

Oxford, Oakland Co., population 1,200; fire area 160 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 800 ft; value of fire department equipment \$2,000; value of buildings occupied \$4,000; total ann expenses of department \$250; total membership 20, volunteers; triangle alarm. Chief engineer, C. J. Van Wagoner.

WATER SUPPLY—Source, wells and cisterns.

Palmer, Marquette Co., population 1,011; fire area 2 miles; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY (Same as Negaunee.)

Paw Paw, VanBuren Co., population 1,391; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; metal roofs. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, siamese couplings; hose, cotton good 2,000 ft; value of fire department equipment \$4,000; total ann expenses of department \$200; total membership 50, volunteers; bell alarm. Chief engineer, A. T. Stevenson.

WATER SUPPLY—Source, river, wells and cisterns; 8 tanks, cap 150,000 gals; pipe 1 mile; pressure 140 lbs; works owned by city. Supt, L. W. Litbeck.

Pentwater, Oceana Co., population 2,000; fire area 30 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,000 ft, cotton good 800 ft; 2 horses; value of buildings occupied \$4,000; total ann expenses of department \$1,700; total membership 24, paid full time 2; bell alarm. Chief engineer, G. W. Flood.*

WATER SUPPLY—Source, wells; system, pumping direct; pumping engines, dy cap 350,000 gals; hydrants 17; pipe 2½ miles, 8 and 4 in dia; taps 200; 12 valves; pressure, domestic 40 pounds, fire 100 pounds; waterworks owned by city; original cost to construct \$9,000; expenses of construction to date 12,000; ann expenses \$1,500. P. H. Adams, engineer.

Petersburgh, Monroe Co., population 700; fire area 200 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—hooks, ladders and buckets.*

WATER SUPPLY—Source, wells and river.*

Petoskey, Emmet Co., population 4,500; fire area 80 acres; mercantile buildings, brick, steel and wood, 2 and 3 stories; private, brick and wood, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage, 1 hose wagon; hose, cotton good 1,500 ft, rubber good 250 ft; value of fire department

equipment \$2,000; value of buildings occupied \$150; total ann expenses of department \$350; total membership 13, paid full time; bell, whistle and electric fire alarm; no of street boxes 5. Chief engineer, J. A. C. Rowan.

WATER SUPPLY—Source, wells and springs; system, pump to reservoir, cap 147,000 gals; pumping engines, dy cap 500,000 gals; 31 hydrants; pipe 6½ miles, 4 to 10 in dia; 30 valves; 230 taps; pressure, domestic 10 to 80, fire 30 to 95 pounds; works owned by city; cost to construct \$24,000; ann expenses \$1,000. Supt, M. D. Wingate.

Pineconing, Bay Co., population 1,000; fire area 100 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages, 1 hook and ladder truck, 1 hose wagon; hose, linen good 1,000 ft, rubber good 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$250; membership 10, volunteers; whistle alarm. Marshal, James Pawrie.

WATER SUPPLY—Source, ponds; system, pumping direct; reservoir cap 1,000 bbls; pumping engines, dy cap 1,000,000 gals; 15 hydrants; pipe 1½ miles, 8 to 4 in dia; 8 valves; pressure, domestic 40, fire 80 pounds; works owned by village; cost to construct \$8,052; ann expenses \$300. Supt, C. A. Johnson.

Plainwell, Allegan Co., population 1,414; fire area 200 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—8 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 1,200 ft, inferior 500 ft; value of fire department equipment \$1,600; value of buildings occupied \$1,500; total ann expenses of department \$350; total membership 90, volunteers; automatic striking bell alarm. Chief engineer, L. E. Irland.

WATER SUPPLY—Source, river; system, pumping to compression chamber, cap 1,200 gals; pumping engines, dy cap 1,500,000 gals; 37 hydrants; 4 miles pipe; 6 valves; pressure 40 to 80 pounds; works owned by village; cost to construct to date \$24,750; ann expenses \$425. Supt, E. K. Root.

Pontiac, Oakland Co., population 7,000; buildings, brick, 2 and 3 stories; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, siamese couplings; hose, cotton good 2,500 ft, poor 1,500 ft; 4 horses, value \$800; value of fire department equipment \$35,000; value of buildings owned \$1,000; total ann expenses of department \$3,500; total membership 17, paid part time 15, 2 men continually at engine house; Gamewell alarm; 25 boxes. Chief engineer, Geo. H. Foster.

WATER SUPPLY—Source, artesian wells; system, direct; pumping engines, dy cap 3,000,000 gals; 121 hydrants; pipe 18 miles, 4 to 16 in dia; 80 valves; 433 taps; pressure, domestic 45, fire 150 pounds; waterworks owned by city; cost to construct \$85,000; cost to date \$90,616; ann expenses \$8,216. Supt, H. G. Monroe.

Port Huron, St. Clair Co., population 13,543; mercantile buildings, brick, 2 to 5 stories; private, wood, 2 and 3 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, all kinds, 3 hand carts in reserve; hose, rubber good 2,500 ft, inferior 1,000 ft, cotton good 500 ft, poor 500 ft; 4 horses; value of buildings occupied \$12,000; total ann expenses of department \$4,950; total membership 15, 1 paid full time, 14 part; telegraph and telephone alarm; 6 street boxes. Chief engineer, George A. Humer.*

WATER SUPPLY—Source, St. Clair river; system, direct; pumping engines, dy cap 19,000,000 gals; 247 hydrants; pipe 47 ¾ miles, 4 to 20 in dia; 564 valves; 2,734 taps; quality of water first class; pressure, domestic 40, fire 60 to 150 pounds; waterworks owned by city; cost to construct to date \$311,000; ann expenses \$11,321; int on bonds \$6,550. Supt, Hugh F. Doren.

Portland, Ionia Co., population 1,673; fire area 1½ miles sq; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—8 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 2,000 ft, inferior 400 ft; 2 horses, value \$300; value of fire department equipment

\$4,000; value of buildings occupied \$2,000; total membership 25, volunteers; electric alarm; 22 street boxes. Chief engineer, E. M. Clark.*

WATER SUPPLY—Source, Looking Glass river and wells; system, pump to standpipe, cap 86,000 gals; pumping engines, dy cap 1,500,000 gals; 47 hydrants; pipe 3 1/4 miles, mostly 6 in dia; 24 gates; 8 meters; quality of water first-class; pressure 80 pounds; water works owned by company; cost to construct \$30,000. Supt, A. F. Derby.

Quincy, Branch Co., population 1,300; mercantile buildings, brick and wood, 2 stories; private, wood, 1 1/2 and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, alarm couplings; hose, rubber good 1,500 ft, poor 500 ft, cotton good 1,000 ft, linen good 600 ft; value of fire department equipment \$3,400; value of buildings occupied \$2,500; total membership 100, volunteers; bell alarm. Chief engineer, H. A. Graves.

WATER SUPPLY—Source, 16 wells.

Reed City, Osceola Co., population 2,500; buildings, brick and wood, 2 and 3 stories; wooden roofs not permitted in fire limits. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,500 ft, inferior 400 ft; value of equipment \$2,000; total ann expenses of fire department \$150; total membership 50, volunteers. Chief engineer, H. C. Stoddard.

WATER SUPPLY—Source, wells and creek; system, direct; pumping engines, dy cap 1,000,000 gals; 24 hydrants; pipe 3 1/2 miles, 6 to 10 in dia; 400 taps; pressure, domestic 60, fire 100 pounds; works owned by company; cost to construct \$12,000; ann expenses \$1,500. Supt, B. F. Edwards.

Richmond, Macomb Co., population 2,500; fire area 1 mile; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber good 1,000 ft; value of buildings occupied \$2,000; total membership 40, volunteers; bell alarm.*

WATER SUPPLY—(Source not reported).

Romeo, Macomb Co., population 2,000; fire area 640 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 1,000 ft, rubber inferior 600 ft; value of fire department equipment \$10,000; value of buildings occupied \$2,000; total ann expenses of department \$400; membership 25, paid part time; bell alarm; 3 fire companies, engine companies 1, 1 hook and ladder company, 1 hose company. Chief engineer, M. P. Owen.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; cap of standpipe 100,000 gals; pumping engines, dy cap 1,600,000 gals; 71 hydrants; 8 miles of pipe, 12 to 4 in dia; 30 valves; 158 taps; pressure 65 pounds; works owned by city; cost to construct \$36,000, to date \$36,000; ann expenses \$1,300. Chairmen of board and supt, Albert Kennedy.

Roscommon, Roscommon Co., population 850; fire area 1/2 mile sq; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 hose carriages; hose, cotton good 2,000 ft; value of fire department equipment \$2,000; total ann expenses of fire department about \$300; total membership 16; bell alarm. Chief engineer, W. W. Vaughn.

WATER SUPPLY—Source, running creek; water pumped to tank, cap 50,000 gals; 9 hydrants; pipe 1 mile; pressure 28 pounds; works owned by city; cost to construct \$5,000; ann expenses \$300. Pres, W. W. Vaughn; supt, C. Warden.

Saginaw, Including East Saginaw, Saginaw Co., population 55,000; fire area 1,000 acres; mercantile buildings, brick and wood, 1 to 5 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hook and ladder trucks, 9 hose carriages, all kinds; 17,000 feet of hose; 22 horses; value of fire department equipment \$100,000; value of buildings occupied \$17,000; total ann expenses of department \$35,000; total membership

40, paid full time; telegraph and telephone alarm. Chief engineer, George W. Wallis.*

WATER SUPPLY—Source, Saginaw river; system, pumping direct; pumping engines, dy cap 24,000,000 gals; 675 hydrants; pipe 78 miles, 3 to 30 in dia; 557 valves; 3,800 taps; pressure, domestic 55, fire 80 pounds; waterworks owned by city; original cost to construct \$400,000; expenses of construction to date \$1,250,000; ann expenses \$42,000. Supt, John Weller; secy, F. D. Keeler.

St. Charles, Saginaw Co., population 900; fire area 640 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 500 ft, rubber good 300 ft, inferior 200 ft; value of fire department equipment \$1,400; value of buildings occupied \$1,000; total ann expenses of department \$200; total membership 64, volunteers; bell alarm; 3 fire companies. Chief engineer, Frank W. Hamilton.

WATER SUPPLY—Source, river tanks.

St. Clair, St. Clair Co., population 2,500; fire area 300 acres; buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, linen good 1,300 ft; total membership 30, volunteers. Chief engineer, D. P. Ingles.

WATER SUPPLY—Source, St. Clair river; system, direct; pumps, dy cap 1,600,000 gals; 45 hydrants; pipe 10 miles; pressure, domestic 40 pounds, fire 125 pounds; works owned by city. Supt, C. F. Grace.

St. Ignace, Mackinac Co., population 2,704; fire area 400 acres; mercantile buildings, wood, 1 to 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—2 steam fire engines, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, cotton 1,000 ft, rubber good 500 ft, inferior 150 ft; value of fire department equipment \$9,000; value of buildings occupied \$4,000; total membership 20, volunteers, paid part time. Chief engineer, Thos. Johnson.

WATER SUPPLY—Source, Lake Huron; system, pump to standpipe, cap 85,000 gals; pumping engines, dy cap 2,000,000 gals; hydrants 40; pipe 4-3 1/4 miles, 2 to 12 in dia; 12 valves; pressure, domestic 60, fire 160 pounds; works owned by city; cost to construct \$38,000; cost to date \$40,000; ann expenses \$1,500. Pres of com, John Mulcrone.*

St. Johns, Clinton Co., population 3,127; fire area 500 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds, 1 hose wagon; hose, cotton good 2,400 ft, inferior 1,350 ft; value of fire department equipment \$7,000; value of buildings occupied \$3,000; total ann expenses of department \$137; total membership 65; bell alarm. Chief engineer, William Crick.

WATER SUPPLY—Source, wells; system, direct; reservoir cap 250,000 gals; dy cap 2,000,000 gals; pumping engines; hydrants 60; pipe 14 miles, 1 to 10 in dia; 75 valves; pressure, domestic 40, fire 100 pounds; waterworks owned by city; cost to construct \$60,000; ann expenses \$3,000. Supt, J. B. Henderson.

St. Joseph, Berrien Co., population 5,900; fire area 9 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hose carriages, 4 ladders; hose, rubber good 800 ft, inferior 800 ft, cotton 1,200 ft; 2 horses, value \$300; value of fire department equipment \$6,800; value of buildings occupied \$900; total ann expenses of department \$1,100; total membership 23, paid full time 3, paid part time 20; bell alarm. Chief engineer, James C. Shuler. (Proposed additions: hook and ladder truck.)

WATER SUPPLY—Source, system just completed; combined standpipe and direct pressure; pipe 10 1-8 miles; 88 and 2 plug hydrants; cap of plant 3,000,000 gals; cost to construct \$68,000. Pres of village, A. H. Scott; village clerk, Chas. Kreier.*

St. Louis, Gratiot Co., population 3,467; mercantile buildings, brick and stone, 2 to 4 stories; private, wood, 2 stories; wooden roof are not permitted; fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage,

1 hose wagon; hose, cotton good 2,000 ft. inferior 750 ft.; 3 hoses, value \$400; value of fire department equipment \$4,000; value of buildings occupied \$5,000; total ann expenses of department \$965; total membership 15, paid full time 1, paid part time 14; bell alarm. Chief engineer, John T. Noble.

WATER SUPPLY—Source, artesian wells; system, pumping direct; reservoir cap 90,000 gals; pumping engines, dy cap 1,000,000 gals; 62 hydrants; pipe 7 miles, 4 to 10 in dia; 17 valves; 162 taps; pressure, domestic 40, fire 80 to 100 pounds; waterworks owned by city; cost to construct \$8,500; cost to date \$23,000; ann expenses \$900. Supt, John T. Noble.

Sand Beach, Huron Co., population 1,300; fire area 20 acres; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 900 ft, inferior 150 ft, rubber good 100 ft; value of fire department equipment \$3,000; total membership 25, volunteers; steam whistle alarm. Chief engineer, J. G. Puddock.

WATER SUPPLY—Source, Lake Huron; system, pumping direct; pumping engines, dy cap 720,000 gals; 10 hydrants; pipe 1 mile; 2 valves; pressure 80 to 100 pounds; cost to construct \$4,000. Supt, J. G. Puddock.

Sarnac, Ionia Co., population 900. No organized fire department—1 hook and ladder truck. Village pres, Ed. F. Payne.*

Saugatuck, Allegan Co., population 900; fire area 200; mercantile buildings, wood, 2 stories; private, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 5 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$1,200; value of buildings occupied \$1,000; total ann expenses of department \$325; total membership 10, paid part time; bell alarm. Chief engineer, J. A. Aliber.

Sault Ste. Marie, Chippewa Co., population 5,760; mercantile buildings, brick, stone and wood, 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 2,000 ft; 2 hoses, value \$500; value of fire department equipment \$2,750; value of buildings occupied \$2,000; total membership 30, volunteers; electric alarm; 10 street boxes. Chief engineer, Alexander McDonald.

WATER SUPPLY—Source, Sault Ste. Marie river; system, pumping direct; standpipe cap 250,000 gals; pumping engines, dy cap 2,500,000 gals; 80 hydrants; pipe 60,264 ft, 12 to 4 in dia; 47 valves; 675 taps; pressure, domestic 38, fire 75 to 90 pounds; waterworks owned by city; construction expenses to date \$70,000; ann expenses \$3,000. Supt, D. McGregor; F. M. Taylor, officer in charge of W. W.

Schoolcraft, Kalamazoo Co., population 900; fire area 400 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 400 ft, inferior 100 ft; value of fire department equipment \$700; total ann expenses of department \$100; value of buildings occupied \$1,500. Chief engineer, Jacob Bauer; no regular organized fire department.

WATER SUPPLY—Source, wells and cisterns; cap of cisterns 90,000 gals.

Shelby, Oceana Co., population 1,500; fire area 40 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft, inferior 200 ft, cotton good 600 ft; value of fire department equipment \$4,000; value of buildings occupied \$1,700; total ann expenses of department \$50; total membership 24, volunteers; bell alarm. Pres, E. B. Gaylord.

WATER SUPPLY—Source, cisterns and 13 reservoirs; waterworks owned by village; original cost to construct \$10,000 including engine; ann expenses \$200. Supt, C. Debbitt.

Sherwood, Branch Co., population 500; fire area 100 acres; mercantile buildings, wood, 2 sto-

ries; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—68 buckets and 20 ladders; hose, rubber good 200 ft, cotton good 300 ft; value of fire department equipment \$1,000; value of buildings occupied \$200.

WATER SUPPLY—Source, wells. City clerk, Edward Swain.

South Haven, Van Buren Co., population estimated 2,500; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted on new buildings; fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck and buckets, 2 hose carriages; hose, cotton good 1,000 ft; value of fire department apparatus \$2,500; value of buildings occupied \$3,500; membership 45, volunteers. Chief engineer, E. I. Hewson.

WATER SUPPLY—Source, Lake Michigan, through Cooke wells; system, pump to standpipe, cap 132,000 gals; pumping engine, dy cap 1,500,000 gals; 63 hydrants; pipe 6 miles, 10 to 4 in dia; 33 valves; 220 taps; pressure, domestic 40, fire 100 pounds; works owned by village; cost to construct \$37,400; cost to date \$38,200; ann expenses \$1,200. Supt, H. E. Dewey.

South Lyon, Oakland Co., population 900; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft, rubber good 500 ft; value of fire department equipment \$1,600; value of buildings occupied \$2,500; total membership 35, volunteers. Chief engineer, G. W. Reed.*

WATER SUPPLY—Source, wells and cisterns. City clerk, E. M. Calkins.

Spring Lake, Ottawa Co., population 1,200; fire area 1 mile sq; buildings, wood and brick, 1 and 2 stories. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine, 1 hook and ladder truck, 2 hose carriages, 2 hose couplings; hose, rubber good 3,000 ft; value of fire department equipment \$4,000; value of buildings occupied \$400; total membership 20, paid part time; whistle and bell alarm. Chief engineer, W. H. Barrette.

WATER SUPPLY—Source, wells, lake, river and 11 cisterns. Town clerk, C. M. Kay.

Stamton, Montcalm Co., population 1,352; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 force pump engine, 1 hook and ladder truck, 2 hose carriages, 2 hose couplings; hose, cotton good 1,500 ft, inferior 300 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total ann expenses of department \$1,300; total membership 73, volunteers; bell alarm. Chief engineer, David L. McFaddon.*

WATER SUPPLY—Source, flowing wells; system, pumping direct; reservoir cap 2,783 bbls; pumping engines dy cap 750,000 gals; 30 hydrants; pipe 2-3-4 miles, 4 to 8 in dia; 255 taps; 10 valves; pressure, domestic, 55 fire 100 to 120 pounds; works owned by city; cost to construct \$10,000; ann expenses \$1,100. Supt, J. P. Shammann.

Sturgis, St. Joseph Co., population 2,489; fire area 640 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 700 ft, rubber good 950 ft; 2 hoses; value of fire department equipment \$6,000; value of buildings occupied \$2,500; total ann expense of department about \$1,000; total membership 42, paid part time; bell alarm. Chief engineer, J. W. Craig.*

WATER SUPPLY—Source, wells; system, direct; pumping engines, dy cap 1,600,000 gals; 65 hydrants; pipe 12 miles, 4 to 10 in dia; 56 valves; 416 taps; pressure, domestic 60, fire 125 pounds; waterworks owned by city; cost to construct \$29,467, to date \$430,750; ann expenses \$3,900. Pres of com, D. Kane; supt, F. H. Church.

Tawas, Iosco Co., population 2,000; fire area 1,000 acres; mercantile buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 900 ft, linen good 400 ft; value of department equipment \$2,700; value of buildings occupied \$1,200;

total ann expenses of department \$100; total membership 30, volunteers. Chief engineer, Thomson Connor.*

Tecumseh, Lenawee Co., population 2,310; fire area 17 acres; mercantile buildings, brick, 3 stories; private, wood, 3 stories; wooden roofs not permitted in fire limits. Fire department—1 steam fire engine, 2 hose carts; hose, cotton good 1,500 ft, rubber good 500 ft, inferior 700 ft; 2 horses, value \$600; value of fire department equipment \$4,000; value of buildings occupied \$3,000; total ann expenses of department \$400; total membership 30, paid part time 3, volunteers 37; bell alarm; 2 hose companies. Chief engineer, S. W. Bordine.

WATER SUPPLY—Source, wells; system, pumping to standpipe, 15x120 ft; pumping engines, dy cap 1,000,000 gals; 76 hydrants; pipe 8 miles, 4 to 12 in dia; pressure, domestic 55, fire 55 to 80 pounds; works owned by village; cost to construct \$36,000; ann expenses \$150. Supt, E. N. Satterthwaite.

Three Oaks, Berrien Co., population 1,000; fire area 1 mile sq; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs are permitted; causes of fire investigated. Fire department—1 hand engine, 1 chemical extinguisher, 1 hose carriage; hose, rubber good 575 ft; value of buildings occupied \$300; total ann expenses of department \$75; total membership 28, volunteers; bell alarm. Chief engineer, Fred L. Phaldorf.

WATER SUPPLY—Source, 4 cisterns, cap 125 bbls each.

Three Rivers, St. Joseph Co., population 3,131; fire area 60 acres; mercantile buildings, brick and iron, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—5 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,100 ft; value of fire department equipment \$3,500; value of buildings occupied \$3,000; total ann expenses of department \$250; total membership 48, volunteers; bell alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, C. H. Saxe.*

WATER SUPPLY—Source, 9 wells; system, direct; pumping engines, dy cap 1,500,000 gals; 73 hydrants; pipe 7 miles, 8 to 4 in dia; 15 valves; 215 taps; pressure 30 to 100 pounds; cost to construct to date \$38,000; ann expenses \$1,000. Supt, E. H. Burger.

Traverse City, Grand Traverse Co., population 7,000; fire area 1,200; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1½ and 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages, all kinds, 1 hose wagon; cotton, hose 2,800 ft; value of equipment \$3,000; value of buildings occupied \$6,000; expenses of department \$1,000; total membership 60, volunteers; electric alarm; 16 street boxes. Chief engineer, S. C. Despres. (Contemplated: fire engine and hose wagon.)

WATER SUPPLY—Source, Grand Traverse bay; system, direct; pumping engines, dy cap 4,500,000 gals; 76 hydrants; pipe 10 miles, 4 to 10 in dia; 36 valves; 440 taps; quality of water excellent; pressure 60 to 160 pounds; waterworks owned by company; cost to construct to date \$60,000; ann expenses \$3,000. Supt, D. F. Campbell.

Union, Branch Co., population 1,156; fire area 6 acres; mercantile buildings, brick, stone and iron, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hose carriage; hose, cotton good 1,500 ft; value of fire department equipment \$5,000; value of buildings occupied \$4,000; total ann expenses of department \$200; total membership 12, volunteer, comprising the Union City Fire Co. Chief engineer, Elmer Roe.*

WATER SUPPLY—Source, wells and cisterns.*

Vassar, Tuscola Co., population 2,800; fire area 360 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose rubber good 850 ft, inferior 50 ft; value of equipment \$1,200; value of buildings occupied \$2,000; members 12, paid; whistle alarm. Chief, William Grant.

WATER SUPPLY—Source, artesian wells and river; system, pumping direct; standpipe cap 1-

056,000 gals; reservoir cap 1,152,000 gals; pumping engines, dy cap 1,500,000 gals; 56 hydrants; pipe 6 1-4 miles, 4 to 10 in dia; 22 valves; pressure, domestic 75, fire 160 pounds; waterworks owned by village; cost to construct \$32,000; bonds \$30,000. Supt, W. J. Burnett.*

Vicksburg, Kalamazoo Co., population 9,060; buildings, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft; value of fire department equipment \$2,000; total membership 77, volunteers. Chief engineer, Wm. W. Scott.*

WATER SUPPLY—Source, wells and cisterns; 1 hydrant at each well; wells owned by village.*

Wayne, Wayne Co., population 1,500; fire area 1 sq mile; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers and buckets; value of fire department equipment \$200; bell alarm. Chief engineer, F. Harris.

WATER SUPPLY—Source, wells.

West Bay City, Bay Co., population 13,000; fire area 3½ sq miles; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits. Fire department—1 steam fire engine, 3 hose carriages, all kinds, 1 4-wheeled cart and 1 2-wheeled cart; hose, cotton 2,500 ft, rubber good 1,800 ft, poor 400 ft; 7 horses value \$1,000; value of fire department equipment \$10,000; value of buildings occupied \$7,000; total ann expenses of department \$7,400; total membership 20, paid full time 3, paid part time 17; Gamewell electric alarm; 28 street boxes; 3 fire companies. Chief engineer, Geo. F. Russell.

WATER SUPPLY—Source, Saginaw river; system, direct; pumping engines, dy cap 3,000,000 gals; 144 hydrants; pipe 13½ miles, 4 to 14 in dia; 75 valves; 512 taps; pressure domestic 50, fire 100 pounds; waterworks owned by city; cost to construct \$80,000; ann expenses \$5,500. Supt, G. Kubach.

West Branch, Ogemaw Co., population 1,400; fire area 1 by 1½ miles; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 800 ft, inferior 300 ft; value of fire department equipment \$3,000; value of buildings \$700; total membership 60, volunteers. Chief engineer, A. C. Neilson.

WATER SUPPLY—Source, not reported.

White Cloud, Newaygo Co., population 800; fire area 80 acres; buildings, wood, 1½ and 2 stories. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$1,000; value of department buildings \$500; total ann expenses of department \$300; total membership 10, volunteers; bell alarm. Chief engineer, Frank Noble.

WATER SUPPLY—Source, White river; system, pumping direct; pumping engines, cap 800 gals per minute; pipe 1½ miles; 13 hydrants; 6 valves; pressure 60 to 120 pounds; cost \$8,000. Supt, Frank Noble.

Whitehall, Muskegon Co., population 2,500; fire area 1,000 acres; buildings, brick, 2 stories; shingle and gravel roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, fire-boats, ladders and simease couplings; 2,500 ft good cotton hose, and 700 ft of rubber; value of fire department equipment \$10,000; value of buildings occupied \$4,000; total membership 25; bell and electric fire alarm system; 4 street boxes. Chief, J. C. Haslaine.

WATER SUPPLY—Source, 4 drive wells; 4 cisterns filled by engine, cap of cisterns 2,750 barrels; system, pumping to reservoir, cap 48,000 gals; pumping engines, dy cap 1,500,000 gals; 31 hydrants; pipe 3 miles, 8 to 4 in dia; pressure domestic 40 to 50 lbs, fire 80 to 120 lbs; works owned by city; cost to construct \$21,000; ann expenses \$1,300. Supt, Thos. B. Widoe.

Williamston, Ingham Co., population 1,200; mercantile buildings, stone and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder

truck, 1 hose carriage; hose, cotton good 900 ft; value of fire department equipment \$4,000; total membership 9. Chief engineer, A. J. Kookwell.

WATER SUPPLY—Source, Cedar river; system, gravity; pipe 8 in dia; 15 reservoirs, 20 ft deep x 20 ft dia; works owned by village; original cost to construct \$1,200. Mayor, Scott Waldo.

Wyandotte, Wayne Co., population 3,817. Fire department—1 steam fire engine, 3 hose carriages; hose, rubber good 1,300 ft, linen 1,500 ft; total membership 18, volunteers. Chief engineer, G. Bamuler.*

WATER SUPPLY—Source, Detroit river; system, direct; pumping engines, dy cap 3,000,000 gals; 84 hydrants; pipe 7 1/2 miles, 4 to 16 in dia; 45 valves; 500 taps; pressure, domestic 25, fire 80 pounds; waterworks owned by city; cost to construct \$50,000; ann expenses \$3,400. Supt, H. N. Oobock.

Ypallanti, Washtenaw Co., population 6,128; fire area 1 mile square; mercantile buildings, brick, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—2 steam fire engines, 2 hose carriages, all kinds; hose, rubber good 1,800 ft, inferior 400 ft; 3 horses, value \$450; value of fire department equipment \$7,500; value of buildings occupied \$7,000; total ann expenses of department \$2,000; total membership 18, paid part time 6, paid full time 2, volunteers 8; bell alarm; 2 hose companies. Chief engineer, Wm. Robbins.

Aitkin, Aitkin Co., population 800; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 hose carriages, all kinds; hose, rubber good 500 ft, cotton good 500 ft; value of fire department equipment \$1,500; total membership 25, volunteers; electric bell alarm. Chief engineer, James Boyd.*

WATER SUPPLY—Source, Mud river; system, pumping direct and to standpipe cap 1,800 barrels; pumping engines, dy cap 1,000,000 gals; hydrants 9; pipe 1 1/2 miles, 6 in dia; 6 valves; pressure, domestic 40, fire 150 pounds; waterworks owned by city; expenses of construction to date \$14,000. Pres, J. N. Marr; supt, P. Casey.

Albert Lea, Freeborn Co., population 4,000; mercantile buildings, brick, 2 stories; private, wood; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 100 ft, inferior 200 ft, rubber good 1,200 ft, inferior 300 ft; total membership 51, paid part time 3, volunteers 48; 1 engine company, 1 hook and ladder company. Chief engineer, W. C. Mitchell.

WATER SUPPLY—Source, fountain, lake; system, reservoir, pumping to reservoir and direct; reservoir cap 22,000 gals, standpipe cap 104,000 gals; pumping engines, dy cap 1,000,000 gals; 25 hydrants; pipe 2 1/2 miles, 10 to 6 in dia; 7 valves; 98 taps; pressure, domestic 50, fire 140 pounds; works owned by city; cost to construction to date \$33,000. Supt, W. S. Lookwood.

Alexandria, Douglas Co., population 2,118; fire area 4 blocks; buildings, brick and wood, 1 1/2 and 2 stories; fireworks ordinance. Fire department—2 chemical engines on wheels, 10 chemical extinguishers, 1 hook and ladder truck, 2 hose carts; hose, cotton good 1,500 ft; value of fire department equipment \$4,000; value of buildings occupied \$6,000; total ann expenses of department \$60; total membership 75, volunteers; bell and whistle alarm, putting in electric; 2 hose companies, 1 hook and ladder company. Chief engineer, G. A. Kortsch.

WATER SUPPLY—Source, wells; system, direct pumping; pumping engines, dy cap 1,000,000 gals; 20 hydrants; pipe 2 1/2 miles, 4 to 10 in dia; 8 valves; quality of water soft; pressure, domestic 60 to 80, fire 120 pounds; works owned by city; cost to construct \$18,000; ann expenses \$3,800. Recorder, Jas. Fitzgerald; chief engineer, C. A. Johnson.

Anoka, Anoka Co., population 4,252; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted on residences

WATER SUPPLY—Source, springs; system, pumping to reservoir; reservoir cap 255,000 gals; pumping engines, dy cap 2,000,000 gals; 135 hydrants; pipe 18 miles, 4 to 16 in dia; 100 valves; 979 taps; pressure 92 to 98 pounds; waterworks owned by city; cost to construct \$140,000; cost to date \$150,000; ann expenses \$2,500. Supt, Robt. Simmons.

Zeeland, Ottawa Co., population 900; fire area 200 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 hose carriage; value of fire department equipment \$2,100; value of buildings occupied \$1,000; total ann expenses of department \$50; total membership 50, volunteers; bell alarm; 4 fire companies, 1 pail company, 1 pump company, 1 hook and ladder company, 1 hose company. Chief engineer, John D. Everhard.*

WATER SUPPLY—Source, wells; 5 hydrants; pipe 1 mile. Pres of village, G. Reppel.*

Zillwaukee, Saginaw Co., population 800; fire area 220 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, cotton good 500 ft, inferior 500 ft, rubber good 700 ft, inferior 300 ft, linen good 500 ft.*

WATER SUPPLY—Source, river; 32 valves.*

MINNESOTA.

only; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 2,000 ft, poor 1,000 ft; 3 horses, value \$600; value of fire department equipment \$7,500; value of buildings occupied \$10,000; total ann expenses of department \$3,000; total membership 60, paid full time 1, paid part time 29, volunteers 30; electric alarm; 17 street boxes; 3 fire companies. Chief engineer, L. H. Bruns. (New hook and ladder proposed.)

WATER SUPPLY—Source, Rum river; system, pumping to standpipe and direct; standpipe 20 x 115; pumping engines, cap 2,500,000 gals; 65 hydrants; pipe 6 miles, 12 to 4 in dia; 20 valves; quality of water excellent; pressure, domestic 60, fire 130 pounds. Supt, Wm. J. Annon.

Austin, Mower Co., population 5,000; mercantile buildings, brick, 2 stories; private, wood, 1 1/2 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 aerial truck, 4 hose carriages; hose, cotton good 1,900 ft, rubber good 500 ft; value of fire department equipment \$4,000; value of buildings occupied \$2,500; total ann expenses of department \$600; total membership 40, volunteers; electric fire alarm system; 4 boxes. Chief engineer, Thomas Dugan.

WATER SUPPLY—Source, artesian well, domestic, Cedar river, fire; system, direct pumping; pumping engines, dy cap 2,000,000 gals; 59 hydrants; pipe 6 miles, 4 to 10 in dia; 56 valves; 3 meters; 280 taps; pressure, domestic 40, fire 80 pounds; waterworks owned by city; cost to construct \$40,000; to date \$42,000; ann expenses \$3,000. Supt, J. M. Greenman.*

Barnesville, Clay Co., population 1,800; fire area 40 acres; mercantile buildings, wood, 1 story; private, wood, 1 story; fireworks ordinance; wooden roofs permitted. Fire department—1 steam fire engine, 3 hand engines, 3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 900 ft, poor 150 ft, cotton good 1,400, poor 300 ft; value of fire department equipment \$5,000; value of buildings \$1,800; total membership 40, paid full time 14, part time 28; bell and whistle alarm. Chief engineer, D. Tulley.

WATER SUPPLY—Source, stream; system, pump direct to tanks, cap 500 barrels.

Blue Earth City, Faribault Co., population 2,700; fire area 8 acres; mercantile buildings, brick, 2 stories; private, wood, 1 1/2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber new 500 ft; value of fire department equipment \$7,800;

value of buildings occupied \$9,000; total membership 63, volunteers; bell alarm; 1 hook and ladder company, 1 hose company; fire police; bell and whistle alarm. Chief engineer, C. A. H. Kopplien.

WATER SUPPLY—Source, well; system, pumping to reservoir; pumping engine, dy cap 500,000 gals; 5 hydrants; pipe 1 mile, 8 and 10 in dia; 2 valves; quality of water good; pressure any desired; waterworks owned by city; cost to construct \$10,800, to date \$12,000; ann expenses \$600. Pres of com and supt, C. A. H. Kopplien.

Brainerd, Crow Wing Co., population 7,000; fire area 60 acres; mercantile buildings, stone, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages, 1 supply wagon; hose, rubber good 3,500 ft, inferior 400 ft, cotton good 1,000 ft, linen good 2,500 ft; 2 horses, value \$500; value of fire department equipment \$10,000; value of buildings occupied \$3,000; total ann expenses of department \$3,000; total membership 85, paid full time 3, paid part time 15, volunteers 67; electric alarm; 4 street boxes; 5 fire companies, 1 hook and ladder company, 4 hose companies. Chief engineer, D. F. McIntosh. #

WATER SUPPLY—Source, Mississippi river; system, pumping direct; pumping engines; 80 hydrants; pipe 14 miles, 4 to 12 in dia; quality of water good; pressure, domestic 48, fire 100 pounds; works owned by company. Supt, Ambrose Tighe. #

Breckenridge, Wilkin Co., population 1,100; fire area 33 blocks; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 1,000 ft, inferior 200 ft; value of equipment \$2,000; value of buildings occupied \$500; membership 38, volunteers; whistle alarm. Chief, G. H. Hawks worth.

WATER SUPPLY—Source, river; system, pumping to tank, cap 50,000 gals; pumping engines, dy cap 500,000 gals; 12 hydrants; pipe 1½ miles; works owned by village; cost to construct \$10,800; cost to date \$12,000. Supt, D. E. Bronson.

Buffalo, Wright Co., population about 1,000; fire area 40 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$400; total membership 30, volunteers. Chief engineer, J. H. Wendell.

WATER SUPPLY—Source, wells and lake.

Caledonia, Houston Co., population about 1,100; fire area 35 acres; buildings, stone, brick and wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 60 buckets, 10 ladders, axes, etc; hose, cotton good 200 ft; value of fire department equipment \$250; total membership 35, volunteers. Chief engineer, J. W. Potter.

WATER SUPPLY—Source, deep well; system, pumping to standpipe, cap 10,000 gals; works owned by city; cost to construct about \$8,000; will be completed this year. Recorder, E. K. Roverund.

Camby, Yellow Medicine Co., population 1,000; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 350 ft; value of fire department equipment \$1,000; value of buildings occupied \$500; membership 30, volunteers; bell alarm. Foreman, Charles Burg.

WATER SUPPLY—Source, wells and streams.

Cannon Falls, Goodhue Co., population 1,300; fire area 20 acres; buildings, stone and brick, 1½ and 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 500 ft, rubber good 1,000 ft; value of fire department equipment \$2,000; total membership 45, volunteers; bell alarm. Chief engineer, F. B. Seager.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 175,000 gals; windmill pump; 2 hydrants; pipe 1,500 ft, 8 in dia; pressure 75 pounds; waterworks owned by village; cost to construct \$5,500. Pres of village, M. O. Black.

Carver, Carver Co., population 625; fire area 30 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand en-

gine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 350 ft, poor 300 ft, cotton good 50 ft; value of fire department equipment \$1,300; total membership 42, volunteers; bell alarm. Chief engineer, C. Bristol.

WATER SUPPLY—Source, cisterns; 5 cisterns cap 300 bbls each.

Chaska, Carver Co., population 2,500; mercantile buildings, brick and frame, 1 and 2 stories; private, brick and frame, 1 and 2 stories; wooden roofs not permitted in fire limits; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages, all kinds, 1 hose wagon; hose, cotton good 800 ft, rubber good 1,200 ft, inferior 300 ft; 2 horses; value of fire department equipment \$5,000; value of buildings occupied \$2,500; total ann expenses of department \$800; total membership 90, 2 paid part time; bell alarm; 3 fire companies, 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, John Hoehn.

WATER SUPPLY—Source, river and 10 cisterns. Engineer, H. Helmeke.

Chatfield, Fillmore Co., population 1,403; fire area 30 blocks; mercantile buildings, brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 800 ft; value of fire department equipment \$1,400; value of buildings occupied \$1,000; total membership 27, volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, C. H. White.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 15,000 bbls; pumps cap 700 bbls per 10 hrs; 7 hydrants; 2,000 ft of pipe, 8 and 6 in dia; 35 taps; cost to construct \$10,000; expense \$125 a year. Supt, G. W. Craine.

Cloquet, Carlton Co., population 2,530; fire area 675 acres; mercantile buildings, brick and wood, 2½ stories; private, 1½ stories; shingle and tin roofs; fireworks ordinance. Fire department—4 stationary fire pumps, 2 chemical engines on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 12 hose carriages, 15 small hose carts belonging to private corporations; hose, rubber good 2,350 ft, cotton good 4,400 ft, inferior 800 ft, linen good 1,500 ft, inferior 900 ft; value of equipment \$3,750; value of buildings occupied \$2,000; total ann expenses of department \$3,000; total membership 54, volunteers; steam whistle alarm. Chief, M. L. Sullivan. #

WATER SUPPLY—Source, springs; system, pumping to reservoir; pipe 2 miles, 3-4 and 2 in dia; waterworks owned by company; cost to construct \$2,500. Supt, A. M. Sheldon.

Cold Spring, Stearns Co., population 800; fire area 640 acres; buildings, wood, brick and stone, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 600 ft; value of fire department equipment \$1,000; value of buildings occupied \$800; total membership 30, volunteers; bell alarm. Chief engineer, Daniel Friedman.

WATER SUPPLY—Source, river and wells. Village recorder, N. Wenner.

Crookston, Polk Co., population 5,000; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 5 hose carriages, 1 hose wagon, 150 ft extension ladder; hose, cotton good 1,000 ft, inferior 800 ft, rubber good 1,000 ft, inferior 1,000 ft; value of fire department equipment \$5,000; value of buildings occupied \$5,000; total ann expenses of department \$1,200; total membership 40, volunteers; bell alarm; 4 fire companies. Chief engineer, Fred G. Rauch.

WATER SUPPLY—Source, Red Lake river; system, direct pumping; pumping engines and water power pump, dy cap 2,400,000 gals; 42 hydrants; pipe 7 miles, 8 to 4 in dia; 12 valves; pressure, domestic 60, fire 100 to 120 pounds; waterworks owned by company; cost to construct \$150,000; int. on bonds 7 per cent. Supt, Ed. Peterson.

Delano, Wright Co., population 1,200; mercantile buildings, wood and brick, 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 3

chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 400 ft, rubber good 800 ft, inferior 300 ft; value of fire department equipment \$3,000; value of buildings occupied \$4,500; total ann expenses of department \$200; total membership 70, volunteers; bell alarm. Chief engineer, Otis L. Billings.

WATER SUPPLY—Source, river; system, pumping to reservoir; reservoir cap 30,000 gals. (Works are contemplated.)

Bretton, Becker Co., population 1,500; fire area 1 mile sq; mercantile buildings, wood and brick, 2 stories; private, wood, 1½ stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,000 ft; value of fire department equipment \$2,539; value of buildings occupied \$2,000; total ann expenses of department \$200; total membership 60, volunteers; bell and steam whistle alarm. Chief engineer, W. E. Reid.

WATER SUPPLY—Source, well; system, pumping to elevated tank; tank cap 57,000 gals; pumping engines, cap 500 gals per min; 18 hydrants; pipe 1 mile, 4 to 8 in dia; 5 valves; 10 taps; pressure, domestic 45, fire 45 to 120 pounds; waterworks owned by city; cost to construct \$14,018; cost to date \$17,000; ann expenses \$100. Supt, W. E. Reid.

Duluth, St. Louis Co., includes West Duluth and Lakeside, population 65,000; fire area 15 miles square; mercantile buildings, brick and stone, 3 to 12 stories; private, wood, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—3 steam fire engines, 7 chemical engines on wheels, 10 chemical extinguishers, 3 hook and ladder trucks, 1 aerial truck, 2 hose carriages, 6 hose wagons, 5 supply wagons, 6 hose sleighs, 6 chemical sleighs, 1 deluge set, 1 pomper apparatus; hose, cotton good 13,000 ft, inferior 1,100 ft, rubber good 600 ft, poor 100 ft; 45 horses, value \$10,125; value of fire department equipment and buildings \$200,000; total ann expenses of department \$131,000; total membership 98, paid full time; Gamewell alarm; 91 street boxes. Chief engineer, Edward Jackson.

WATER SUPPLY—Source, Lake Superior; system, pumping to reservoir, cap 4,000,000 gals; pumping engines, dy cap 10,000,000 gals; 310 hydrants; pipe 35 miles, 4 to 20 in dia; 400 valves; 516 meters; pressure 50 to 100 pounds; works owned by company; cost to construct \$1,330,030; ann expenses \$23,312. Supt, Wm. Craig.*

Fairmont, Martin Co., population 1,000; fire area 1 sq mile; mercantile buildings, wood and brick; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—100 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, good 1,000 ft; total membership 35. Chief engineer, M. E. Ashton.

WATER SUPPLY—Source, well; system, pumping to elevated tank; tank cap 2,000 bbls; pumping engines, cap 200 gals per min; 11 hydrants; pipe 1 mile, 12 to 8 in dia; 6 valves; pressure 40 pounds; waterworks owned by city; cost to construct \$9,000; cost to date \$10,000; ann expenses \$600. Supt, R. E. St. John.

Faribault, Rice Co., population 6,520; fire area 1 sq mile; mercantile buildings, brick, stone and wood, 2 and 3 stories; private, brick and wood, 1½ and 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; siamese couplings used; hose, rubber good 1,500 ft, inferior 1,500 ft; value of fire department equipment \$11,000; value of buildings occupied \$15,000; total ann expenses of department \$11,000; total membership 100, paid; bell alarm. Chief engineer, Jas Kasper.*

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 1,000,000 gals; pumping engines, dy cap 1,000,000 gals; 73 hydrants; pipe 9 1-8 miles, 4 to 14 in dia; 36 valves; 174 taps; pressure 95 pounds; waterworks owned by city; cost to construct to date \$90,000; cost to city \$101,000; ann expenses \$2,900. Supt, A. C. Miller.

Farmington, Dakota Co., population 650; fire area 5 blocks; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not built in fire limits; fireworks ordinance. Fire de-

partment—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 600 ft; value of fire department equipment \$2,000; value of buildings occupied \$500; total ann expenses of department \$100; total membership 25, volunteers; bell alarm. Chief engineer, E. Z. Needham.

WATER SUPPLY—Source, wells.

Fergus Falls, Otter Tail Co., population 4,500; fire area 1,000 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 400 ft, rubber good 2,300 ft, inferior 500 ft; value of fire department equipment \$5,900; value of buildings occupied \$5,000; total ann expenses of department \$1,500; total membership 40, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 3 hose companies. Chief engineer, F. H. Barron.

WATER SUPPLY—Source, Red river of the North; system, direct pumping; pumping engines, dy cap 3,500,000 gals; 58 hydrants; pipe 10½ miles, 4 to 12 in dia; 35 valves; 400 taps; pressure, domestic 55, fire 100 pounds; waterworks owned by company; cost to construct \$147,000. Supt, E. N. Littlejohn.

Fort Snelling, Hennepin Co., population 700; fire area 150 acres; buildings, brick and wood, 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 600 ft, inferior 800 ft, rubber good 400 ft; value of equipment \$2,000; expenses of department for past year \$500; telephone alarm. Chief officer, Col. E. C. Mason.

WATER SUPPLY—Source, spring; system, pump to tank and direct, cap of tank 30,000 gals; pumping engines, dy cap 884,000 gals; pipe 3 miles; 25 hydrants; 18 valves; pressure 35 to 80 pounds; cost to construct \$32,000. Supt, Frank H. Hall.*

Glencoe, McLeod Co., population 1,800; fire area 160 acres; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam engine, 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft, cotton good 1,400 ft; value of fire department equipment \$6,500; value of buildings occupied \$11,500; ann expenses \$400; total membership 55, paid part time 1, volunteers 54; bell alarm. Chief engineer, N. Hassan.

WATER SUPPLY—Source, 7 wells and cisterns; pumping to cisterns, cap 600 to 800 bbls each. (Work contemplated.)

Glennwood, Pope Co., population 900; fire area 160 acres; buildings, wood, 1½ stories; shingle and wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber inferior 300 ft, cotton good 950 ft; value of fire department equipment \$2,000; value of department buildings \$1,000; total ann expenses of department 48; total membership 25, volunteers; bell alarm. Foreman, J. J. Wallen.

WATER SUPPLY—Source, Spring creek; system, gravity; impounding reservoir, cap 150,000 gals; tank 20,000 gals; 8 hydrants; 1½ miles pipe, 6 to 4 in dia; 3 valves; 36 taps; pressure 72 pounds; waterworks owned by village; cost to construct \$8,000; cost to date \$10,000; ann expenses \$300. Supt, A. E. Olson.

Hallock, Kittson Co., population 950; fire area ¾ sq mile; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 5 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon, force pump, hand brake; hose, cotton good 1,600 ft, rubber good 200 ft; 2 horses, value \$400; value of fire department equipment \$4,500; value of buildings occupied \$1,900; total ann expenses of department \$240; total membership 18, volunteers; 1 engine company, 1 hook and ladder company; bell alarm. Chief engineer, E. A. Nelson.

WATER SUPPLY—Source, wells, cisterns and river.

Hastings, Dakota Co., population 4,500; fire area 300 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted in business section. Fire department—1 steam fire engine, 1 hook and lad-

der truck, 3 hose carriages, 1 hose wagon; hose, rubber good 2,300 ft, inferior 300 ft, linen good 2,500 ft; 6 horses, value \$700; value of fire department equipment \$3,000; value of buildings occupied \$2,000; total ann expenses of department \$50,000; total membership 25, paid part time; bell alarm. Chief engineer, Christ Otto.*

WATER SUPPLY—Source, Mississippi river and cisterns. Town clerk, Irving Todd, Jr.

Henderson, Sibley Co., population 1,000; fire area 300 acres; mercantile buildings, brick; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$2,125; value of buildings occupied \$1,500; total ann expenses of department \$50; total membership 48, volunteers; 3 fire companies; bell alarm. Chief engineer, August H. Snucke.

WATER SUPPLY—Source, wells and cisterns.*

Hokah, Houston Co., population 582; fire area 200 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 hand engines, 2 hook and ladder trucks, 100 pails; hose, cotton good 200 ft; value of fire department equipment \$300; value of buildings occupied \$3,000. Chief, H. L. Hohl.*

WATER SUPPLY—Source, wells. Town clerk, J. C. Shure.*

Hutchinson, McLeod Co., population 2,000; mercantile buildings, brick, 1 to 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds, 1 hose wagon; hose, cotton good 1,000 ft.

WATER SUPPLY—Source, artesian well; system, gravity; hydrants 3; pipe 2 blocks, 4 in dia. City clerk, L. A. Ritter.

Jackson, Jackson Co., population 1,500; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs not used on new store buildings; fireworks ordinance. Fire department—1 hand engine, 12 chemical extinguishers, 1 hose carriage, hooks, ladders and buckets; hose, rubber good 250 ft, inferior 100 ft, cotton 500 ft; value of fire department equipment \$1,200; value of buildings occupied \$100; total membership 21, volunteers; bell alarm. Chief engineer, V. W. Avery.

WATER SUPPLY—Source, well and river; system, pumping to reservoir; reservoir cap 2,000 bbls; pumping engines, dy cap 750,000 gals; hydrants 10; pipe 3,870 ft, 6 in dia; 4 valves; 16 taps; pressure, domestic 60, fire 80 pounds; waterworks owned by city; cost to construct \$12,500; ann expenses \$1,200. Supt, A. F. Gerlach.

Janesville, Waseca Co., population 950; fire area 6 blocks; mercantile buildings, brick, 1 story; private, wood, 1 and 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 300 ft.*

WATER SUPPLY—Source, wells; system, pumping to windmill to 1,100 bbl tank; 3 hydrants; pipe ½ mile, 2½ in dia; 4 valves; quality of water hard; waterworks owned by village; cost to construct \$1,400. Pres, J. O. Chandler.

Kasson, Dodge Co., population 1,150; fire area 8 acres; buildings, brick and wood, 2 stories; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 force pump on truck; hose, rubber good 50 ft; value of fire department equipment \$1,000; value of buildings \$1,800; total ann expenses of department \$100; total membership 16, volunteer; bell alarm. Foreman, A. A. Johnson.

WATER SUPPLY—Source, wells; system, Althouse & Wheeler windmill pumping to 40 bbl tank; works owned by village; cost to construct \$500. Town clerk, S. T. Littleton.*

Lake City, Wabasha Co., population 2,128; fire area 20 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; metal roofs used; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, all kinds, set of deluge nozzles; hose, cotton and linen good 2,500 ft; value of fire department equipment \$7,500; value of buildings occupied \$2,000; total ann expenses

of department \$200; total membership 51; bell alarm. Chief engineer, Geo. Cornelius.

WATER SUPPLY—Source, well and lake; system, pumping to reservoir and direct; reservoir cap 100,000 gals; pumping engines, dy cap 1,000,000 gals; hydrants 42; pipe 3 miles, 12 to 4 in dia; 20 valves; 70 taps; pressure, domestic 55, fire 125 pounds; waterworks owned by city; cost to construct \$25,000; ann expenses \$2,000. Supt, Geo. Cornelius.

Lakeside (see Duluth).

Lanesboro, Fillmore Co., population 1,100; fire area 40 acres; mercantile buildings, veneered brick; private, brick and wood, 2 stories; wooden roofs not permitted in business section. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 500 ft, rubber good 600 ft; value of fire department equipment \$7,000; value of buildings occupied \$3,000; total ann expenses of department \$500; total membership 30, volunteers; bell alarm. Chief engineer, C. H. De Villiers.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 225,000 gals; windmill pump, dy cap 35,000 gals; 5 hydrants; pipe ¼ mile, 8 in dia; pressure 60 pounds; waterworks owned by village; cost to construct \$10,000; ann expenses \$500. Sec of com, O. M. Habberstad.

LeSueur, LeSueur Co., population about 2,000; fire area 20 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton inferior 500 ft, rubber good 250 ft; value of fire department equipment \$1,025; value of buildings occupied \$4,000; total ann expenses of department \$100; total membership 40, volunteers; bell and steam whistle alarm. Chief engineer, M. P. Curtiss; secy, M. W. Grimes.

WATER SUPPLY—Source, wells, cisterns and tank; tank cap 30,000 gals.

Litchfield, Meeker Co., population 2,300; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 12 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages; hose, rubber good 900 ft, inferior 600 ft; value of fire department equipment \$10,000; value of buildings occupied \$4,000; total ann expenses of department \$300; total membership 65, volunteers; bell and whistle alarm. Chief engineer, M. E. Baum.

WATER SUPPLY—Source, driven wells; system, pumping direct to tank; cap 37,000 gals; pumping engines, cap 750 gals per minute; hydrants 21; pipe 2½ miles, 4, 6 and 8 in dia; 6 valves; 65 taps; pressure, domestic 40, fire 80 to 100 pounds; waterworks owned by city; cost to construct \$20,000; ann expenses \$1,200. Supt, L. Miller.

Little Falls, Morrison Co., population 5,000; fire area 18 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 3,000 ft, cotton good 2,000 ft; value of fire department equipment \$7,500; value of buildings occupied \$13,600; total ann expenses of department \$750; total membership 90, paid full time 1; electric alarm; 7 street boxes; 5 fire companies, 1 engine company, 1 hook and ladder company, 3 hose companies. Chief engineer, C. N. Lafont.

WATER SUPPLY—Source, Mississippi river; system, pumping to standpipe and direct; standpipe cap 250,000 gals; pumping engine, dy cap 1,000,000 gals; hydrants 78; pipe 7 miles, 8 and 6 in dia; 25 valves; taps 100; pressure, domestic 40, fire 100 to 125 pounds; waterworks owned by company; original cost to construct \$60,000; expenses of construction to date \$125,000; ann expenses \$4,000; int on bonds 5 per cent. Supt, Russell Baker.

Luverne, Rock Co., population 2,500; fire area 2 miles sq; buildings, stone and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 3 hose carriages; hose, cotton good 1,200 ft, rubber 1,200 ft; value of fire department equipment \$4,000; value of buildings

\$3,000; ann expenses \$300; membership 70, volunteers; bell alarm. Chief, Sam Chapin.

WATER SUPPLY—Source, drive wells (28); system, pumping to standpipe; cap 118,295 gals; pumping engines, cap 1,500,000 gals; hydrants about 100, pipe 8 miles, 4 to 10 in dia; valves 14, pressure 60, fire 120 pounds; works owned by city; cost to construct \$22,000. Supt, Geo. W. Wiggins.

Madison, Lac qui Parle Co., population 625; fire area 180 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 2 force pumps with 400 ft hose; hose, cotton good 1,000 ft; value of fire department equipment \$5,500; value of buildings occupied \$1,000; total membership 23, volunteers; bell alarm. Chief, Frank F. Davis.

WATER SUPPLY—2 cisterns, cap 1,700 bbls each.

Mankato, Blue Earth Co., population 12,000; fire area 30 blocks; buildings, brick and 1 wood, 1½ and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine, 4 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages, 1 hose cart; 1 hose wagon; alarmes couplings; hose, cotton good 2,500 ft, rubber good 1,000 ft; value of fire department equipment \$4,000, total ann expenses of department \$750; value of buildings occupied \$2,000; total membership 108, volunteers; electric alarm. Chief engineer, Geo. M. Phillips.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; cap 870,000 gals; pumping engines, dy cap 3,000,000 gals; 94 hydrants; pipe 49,918 ft, 4 to 16 in dia; 42 valves; 700 taps; pressure 52 to 98 pounds; Edison pressure recording gauge; works owned by city; cost to construct \$87,000; ann expenses \$5,829. Supt, J. B. Swan.

Mapleton, Blue Earth Co., population 700; fire area 40 acres; mercantile buildings, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 150 ft, poor 150 ft, cotton good 200 ft, poor 200 ft; value of fire department equipment \$1,500; value of buildings occupied \$200; total expenses \$25; total membership 35. Chief engineer, Chas. E. Ware.

WATER SUPPLY—Source, well 170 ft deep; system, pumping to tank, cap 80,000 gals; pipe 2 miles, 4 to 6 in dia; 10 hydrants; pipe 2 miles, 6 to 8 in; 60 taps and 8 valves; pressure 30 pounds; works owned by city; cost to construct \$15,000; ann expenses \$50. Mayor, C. G. Spaulding.

Marshall, Lyon Co., population 1,500; fire area 6 blocks, 20 yds sq; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 1,050 ft, inferior 850 ft; value of fire department equipment \$3,706; value of buildings occupied \$3,500; total ann expenses of department \$200; total membership 35, volunteers; bell alarm. Chief engineer, F. M. Healy.

WATER SUPPLY—Source, Redwood river and cisterns.*

Minneapolis, Hennepin Co., population 208,000; fire area 9 sq miles; mercantile buildings, brick and stone, 2 to 12 stories; private, brick and wood, 1 to 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—20 steam fire engines, 9 chemical engines on wheels, 34 chemical extinguishers, 4 hook and ladder trucks, 2 aerial trucks, 14 hose carriages, all kinds, 8 hose wagons, other apparatus, 5 fuel wagons and 1 water tower; hose, rubber good 7,000 ft, inferior 18,550 ft, cotton good 15,000 ft; 168 horses, value \$37,500; value of fire department equipment \$205,000; value of buildings occupied \$614,990; total ann expenses of department \$331,832.52; total membership 279, paid full time; Gamewell alarm; 262 street boxes. Chief engineer, A. H. Runge.

WATER SUPPLY—Source, Mississippi river; system, pumping direct; pumping engines, dy, cap 73,000,000 gal; 2,475 hydrants; pipe 206 miles 6 to 36 in dia; 1,630 valves; 10,500 taps; pressure domestic 75 pounds, fire same; waterworks owned by city; original cost to construct \$2,500,000; expenses of construction to date \$2,904,000; ann ex-

penses \$92,707. Supt, A. Bergstrom; water registrar, F. T. Moody.

Montevideo, Chippewa Co., population 2,000; fire area 80 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 900 ft; value of fire department equipment \$1,500; value of buildings occupied \$400; total ann expenses of department \$300; total membership 40, volunteer members; bell alarm. Chief engineer, Wm. Dimbrack.

WATER SUPPLY—Source, river and well; system, pumping to tank, cap 3,000 bbls; pumping engines, dy cap 600 bbls; 19 hydrants; pipe 1 mile, 4, 8 and 8 in dia; 4 valves; pressure, domestic 40, fire 40 to 90 pounds; waterworks owned by city; original cost to construct \$20,000; ann expenses \$1,000. Jerry Holdeman.

Montgomery, Lenoir Co., population 1,086; fire area 160 acres, buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 300 ft, cotton good 500 ft; value of fire department equipment \$1,000; value of buildings occupied \$350; total membership 25, volunteers; 3 fire companies. Chief engineer, J. R. Stratton.

WATER SUPPLY—Source, well; system, pumping to standpipe; cap 1,200 to 1,500 gals; pumping engines, cap 30 gals per min; 11 hydrants; pipe 1 mile, 6 to 8 in dia; 2 valves; 23 taps; quality of water good; pressure 40 to 60 pounds; waterworks owned by city; cost to construct \$54,000. Pres, W. A. Kennedy.

Moorehead, Clay Co., population 3,500; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton inferior 1,000 ft, rubber good 1,500 ft, inferior 500 ft; value of fire department equipment \$5,500; value of buildings occupied \$1,500; total ann expenses of department \$100; total membership 40, volunteers; steam whistle alarm; 2 fire companies. Chief engineer, A. J. Wright.

WATER SUPPLY—Source, river; system, direct; pumping engines, 45 hydrants; pipe 4 miles, 4 to 10 in dia; 9 valves; pressure, domestic 30, fire 100 pounds; cost to construct \$35,000; ann expenses \$40,000. Chairman, L. M. Anderson.*

Morris, Stevens Co., population 1,600; fire area 100 acres; mercantile buildings, wood, 2 stories; private, wood, 1 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,000 ft; value of fire department equipment \$4,700; of buildings occupied \$800; total membership 15, paid full time; bell alarm; 1 fire company. Chief engineer, W. W. Nolting.

WATER SUPPLY—Source, well and lake; 8 tanks; also cisterns of 1,500 barrels cap each. Supt, P. A. McCarty.*

New Prague, Scott Co., population 1,200; mercantile buildings, wood and brick, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,000 ft, cotton good 600 ft; value of department apparatus \$2,500; value of buildings occupied \$4,000; ann expenses \$250; total membership 88; bell alarm. Chief, Michael Schreiner.

WATER SUPPLY—Source, wells and cisterns; cap 275 bbls. Village clerk, Frank Mokiska.

New Ulm, Brown Co., population 4,000; fire area 4,710 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 1½ and 2 stories; wooden roofs not permitted inside of fire limits; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 4 hose carriages, 1 supply wagon; hose, rubber good 2,000 ft; value of fire department equipment \$7,500; value of buildings occupied \$1,500; total ann expenses of department \$700; total membership 60, volunteers; 1 engine company, 1 hook and ladder company, 4 hose companies. Chief engineer, Chas. Brust.

WATER SUPPLY—Source, wells; system, pumping to reservoir, then to standpipe; reservoir cap 117,350 gals; standpipe cap 25,600 gals; pumping en-

gines, dy cap 1,000,000 gals; 38 hydrants; pipe 4 miles, 4 to 10 in dia; 20 valves; 125 taps; pressure for fire purposes 100 to 120 pounds; waterworks owned by city; cost to construct \$38,000; ann expenses \$1,800. Supt. Chas. Stoll.

Northfield, Rice Co., population 3,500; fire area 2,500 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; force pump at mill in center of city; hose, cotton good 1,000 ft, inferior 1,000 ft, rubber good 2,000 ft, inferior 800 ft; value of fire department equipment \$5,000; value of buildings occupied \$8,000; total ann expenses of department \$800; total membership 50, volunteers, paid part time 1; bell alarm; 4 fire companies. Chief engineer, Wm. Murphy.

WATER SUPPLY—Source, river, 4 cisterns; system, pumping to standpipe; pump; 2 hydrants; pressure 160 pounds; works owned by city. Mayor, A. W. Norton; city clerk, H. W. McChesney.

North St. Paul, Ramsey Co., population 1,009 fire area 150 acres; mercantile buildings, brick 2 to 5 stories; private, wood, 1½ stories; roofs iron and gravel; fireworks ordinance. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose cotton good 900 ft, rubber good 600 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total membership 34, paid part time; electric alarm; 4 fire companies. Chief engineer, John M. Hjermstad.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir; reservoir cap 80,000 gals; pumping engines, dy cap 1,100,000 gals; 20 hydrants; pipe 4 miles, 6 to 10 in dia; 12 valves; pressure, domestic 40, fire 135 pounds; waterworks owned by company; cost to construct \$25,000; ann expenses \$800. Supt. G. L. Parkhill.

Osakis, Douglas Co., population 700; fire area 4 sq miles; buildings, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hose carriage, 2 sets extension ladders and 2 hand pumps; hose, cotton good 1,200 ft, rubber inferior 200 ft, linen good 200 ft; value of fire department equipment \$2,500; value of buildings occupied \$350; membership 30, volunteers; bell and steam whistle alarm. Chief engineer, O. J. Lee.

WATER SUPPLY—Source, lake and cistern; 600 barrel cistern.

Owatonna, Steele Co., population 4,500; fire area 35 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 chemical engine, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,600 ft; value of fire department equipment \$5,300; value of buildings occupied \$1,000; total ann expenses of department \$1,000; total membership 48, volunteers; bell alarm; 5 fire companies. Chief engineer, Fred G. Schuman.

WATER SUPPLY—Source, drilled well 650 ft; system, pumping to standpipe and direct; standpipe cap 132,120 gals; pump, dy cap 1,000,000 gals; 44 hydrants; pipe 5 1-4 miles, 4 to 10 in dia; 28 valves; 150 taps; pressure, domestic 85, fire 100 pounds; works owned by city; cost to construct \$30,000, to date \$35,000; ann expenses \$1,850. Pres. S. F. Hommel; secy. C. J. O'Brien.

Paynesville, Stevens Co., population 597; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage, hooks, ladders and palls; hose, cotton good 600 ft; value of fire department equipment \$1,000; value of buildings occupied \$100; total ann expenses of department \$50; total membership 20, volunteers. Chief engineer, Fred Harper.

WATER SUPPLY—Source, river and cisterns. Town clerk, A. G. Bugbie.

Pipestone, Pipestone Co., population 2,000; fire area 640 acres; mercantile buildings, stone and wood, 2 and 3 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical engines on wheels, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 500 ft, cotton good 1,000 ft; value of fire department equipment \$3,100; value of building occupied \$1,000; total ann expenses of depart-

ment \$633; total membership 60, volunteer; bell alarm. Chief engineer, F. B. Hobough.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 90,000 gals; 10 hydrants; pipe 2 miles, 8 and 4 in dia; pressure 40 pounds; cost to construct \$20,000; ann expenses \$500. Supt. Frank Raymond.*

Preston, Fillmore Co., population 1,600; fire area 160 acres; mercantile buildings, stone, brick and wood, 2 stories; private, wood, 1 and 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 450 ft, poor 50 ft, cotton good 400 ft; value of fire department equipment \$2,300; value of buildings occupied \$1,500; total ann expenses of department about \$500; total membership 38, paid part time 37, paid full time 1; bell alarm. Chief engineer, H. Christansson.

WATER SUPPLY—Source, river, wells and cisterns; system, gravity and pumping to 2 cisterns; cap 500 bbls each; cost to construct \$1,000; works owned by city. Supt. Geo. Renner.

Red Wing, Goodhue Co., population 8,000; mercantile buildings, brick and stone, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 chemical engine, 12 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, rubber and cotton 6,500 ft, inferior 1,500; 2 horses, value \$500; value of fire department equipment \$30,000; value of building occupied \$30,000; total ann expenses of department \$4,163; total membership 64, paid full time 4, paid part time 61; Gamewell alarm; 17 street boxes; 1 chemical company, 1 hook and ladder company, 4 hose companies. Chief engineer, J. H. Webster.

WATER SUPPLY—Source, river; system, pumping to reservoir; cap of reservoir 1,000,000 gals; pumping engines, dy cap 1,000,000 gals; 72 hydrants; pipe 8 miles, 4 to 14 in dia; 50 valves; pressure 100 pounds; waterworks owned by city; cost to construct to date \$100,000; ann expenses \$4,000. Supt. W. I. Miller.

Redwood Falls, Redwood Co., population 1,800; buildings, brick and wood, 1 and 2 stories. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$2,200; total membership 38, volunteers; bell alarm. Chief engineer, H. W. Buchner.*

WATER SUPPLY—Source, springs and Redwood river; system, gravity and pumping to elevated tank, cap 90,000 gals; pumping engines, dy cap 1,000,000 gals; hydrants 33; pipe 3 miles; cost to construct \$25,000. Town clerk, Edward Everett.*

Rochester, Olmstead Co., population 7,000; fire area 1,000 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 hook and ladder trucks, 5 hose carriages; hose, cotton good 2,500 ft, inferior 1,500 ft, rubber inferior 500 ft; value of fire department equipment \$2,500; value of buildings occupied \$2,500; ann expenses \$8,000; total membership 58, paid part time 34, volunteers 24; bell alarm. Chief engineer, John A. Wagoner.

WATER SUPPLY—Source, wells and creek; system, pumping to standpipe; standpipe cap 255,000 gals; pumping engines, dy cap 2,000,000 gals; 139 hydrants; pipe 9 miles, 4 to 14 in dia; 57 valves; pressure, domestic 70, fire 150 pounds; waterworks owned by company; cost to construct \$150,000; ann expenses est \$3,700. Supt. R. H. Mills.

Rosemount, Dakota Co., population 589; fire area 25 acres; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 300 ft; value of fire department equipment \$1,300; value of buildings occupied \$800; total membership 12, volunteers. Foreman, Peter Heinen.

WATER SUPPLY—Source, wells; system, pumping to tanks; 4 tanks, cap 2,000 bbls each; works owned by town; cost to construct \$2,500. Supt. L. P. Warweg.

Rushford, Fillmore Co., population 1,000; fire area 360 acres; buildings, stone, brick and wood, 1½ to 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 75 leather buckets; total ann expenses of department \$40; value of equipment \$400; total

membership 27, volunteers; bell alarm. Foreman, Ed. Hallahan.

WATER SUPPLY—Source, driven wells and creek.

St. Charles, Winona Co., population about 1,400; fire area 300 acres; buildings, brick and wood, 1 to 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 500 ft, cotton good 200 ft; value of fire department equipment \$2,000; value of buildings \$200; total membership 38, volunteers; bell and whistle alarm. Chief engineer, J. B. Zechee.

WATER SUPPLY—Source not stated; 1 tank, cap 1,000 bbls; 11 hydrants; pipe 1½ miles. Village recorder, Thos. P. Dixon. (Works to cost \$12,000 contemplated.)

St. Cloud, Stearns Co., population 7,686; fire area 8 sq miles; mercantile buildings, brick and stone, 2 to 4 stories; private, wood, stone and brick, 1½ and 2 stories. Fire department—2 chemical extinguishers, 1 supply wagon, 4 hand hose carts, (not in use); hose, rubber good 3,150 ft, inferior 800 ft; 2 hoseas, value \$500; value of fire department equipment \$5,500; total ann expenses of department \$12,000; total membership 15, paid full time 2; Gamewell electric alarm; 16 street boxes; 3 hose companies, 1 hook and ladder company. Chief engineer, Wm. Albrecht.

WATER SUPPLY—Source, Mississippi river; system, pumping to standpipe and direct; standpipe cap 350,000 gals; pumping engines, dy cap 3,000, 000 gals; 134 hydrants; pipe 13 miles, 4 to 12 in dia; 33 gates; 287 taps; pressure, 60 to 150 pounds; waterworks owned by company; cost to construct \$125,000; to date \$160,000; ann expenses \$6,000. Pres of com, C. S. Benson.

St. Paul, Ramsey Co., population 150,000; fire area 36,000 acres; mercantile buildings, stone, brick and terra cotta, average 4 stories; private, stone, brick, terra cotta and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—13 steam fire engines, 8 chemical engines on wheels, 2 chemical extinguishers, 8 hook and ladder trucks, 2 aerial trucks, 15 hose carriages, all kinds, water tower; hose, cotton good 15,050 ft, rubber good 19,150 ft, linen good 300 ft; 117 horses, value \$28,325; value of fire department equipment \$203,856.90; value of buildings occupied \$188,800; total ann expenses of department \$215,000; total membership 199, paid full time; Gamewell alarm; 167 street boxes. Chief engineer, John Jackson.

WATER SUPPLY—Source, chain of lakes and wells from 7 to 15 miles from city; system, business portion gravity, balance pumping to reservoir, cap 16,000,000 gals; pumping engines, dy cap 12,000,000 gals; 2,067 hydrants; pipe 221 miles, 4 to 36 in dia; 1,901 valves; 13,039 taps; quality of water best; pressure 8 to 100 pounds; waterworks owned by city; cost to construct to date \$3,407,991.59; ann expenses \$36,404.84. Supt, J. B. Overton; secy, John Canfield.

St. Peter, Nicolette Co., population 3,900; mercantile buildings, wood, stone and brick, 2 and 3 stories; private, wood, brick and stone, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 2,000 ft, cotton good 500 ft, inferior 200 ft; value of fire department equipment \$3,600; value of buildings occupied \$5,000; total ann expenses of department \$700; total membership 33, volunteers; bell alarm. Chief engineer, George Stelzer.

WATER SUPPLY—Source, well; system, pumping to standpipe; standpipe, cap 140,000 gals; pumping engines, dy cap 1,750,000 gals; 35 hydrants; pipe 3 1-4 miles, 4 to 12 in dia; 24 valves; 3 meters; pressure 40 pounds; waterworks owned by city; cost to construct \$40,000; ann expenses \$900. Chairman, F. L. Gault.*

Sandstone, Pine Co., population 517; no organized fire department.*

WATER SUPPLY—Source, springs; system, pump to reservoir, cap 2,000,000 gals; pipe 3 miles, 3 in dia; 7 hydrants; cost to construct \$15,000. Pres, W. H. Grant; supt, Wm. Jesemer.*

Sauk Centre, Stearns Co., population 2,000; fire area 1½ miles; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,500 ft; value of fire department equipment \$2,500; value of buildings occupied \$2,000; total membership 50, volunteers; electric alarm. Chief engineer, L. E. Coe.

WATER SUPPLY—Source, Sauk lake; system, direct pumping; pumps, dy cap 1,500,000 gals; 16 hydrants; pipe 1 3-8 miles, 6 and 8 in dia; 9 valves; 1 meter; pressure 50 to 100 pounds; 85 taps; works owned by city; cost to construct \$14,000; ann expenses \$1,300; int on bonds 6 per cent. Supt, L. E. Coe.

Shakopee, Scott Co., population 2,200; fire area 15 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, brick, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hand chemicals, 2 hose carriages; hose, cotton good 700 ft, rubber good 1,300 ft; value of fire department equipment \$3,000; value of buildings occupied \$4,000; total ann expenses of department \$200; total membership 90, volunteers; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, E. J. Gellenbeck.

WATER SUPPLY—Source, for domestic purposes, wells and springs; for fire protection, cisterns.

Sleepy Eye, Brown Co., population 1,700; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs are permitted except in fire limits; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total ann expenses of department \$225; total membership 30; volunteers; electric bell alarm. Chief engineer, A. A. Lanabee.

South St. Paul, Dakota Co., population 2,242; fire area 6 acres; mercantile buildings, brick and wood, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—3 steam fire engines, 3 hose carriages; hose, cotton good 2,000 ft, rubber good 1,000 ft; value of fire department equipment \$9,000; value of buildings occupied \$4,500; ann expenses \$4,068.70; total membership 60, paid part time 3. Chief engineer, F. J. Watrous.*

WATER SUPPLY—Source, wells and spring. A \$70,000 plant will be constructed at an early date.*

Springfield, Brown Co., population 1,000; fire area 20 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 850 ft; hose from railroad tank forced by roundhouse engine; value of fire department equipment \$1,500; value of buildings occupied \$500; total ann expenses of department \$150; total membership 25, paid part time; bell alarm. Chief engineer, Chas. Olson.

WATER SUPPLY—Source, wells and 3 large cisterns and Cottonwood river.

Spring Valley, Fillmore Co., population 1,992; fire area 1½ miles; mercantile buildings, brick and stone, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 500 ft, rubber good 800 ft; value of fire department equipment \$1,800; value of buildings occupied \$4,000; total ann expenses of department \$300; total membership 45, volunteers; 6 electric bell alarms. Chief engineer, C. F. Keenan.

WATER SUPPLY—Source, large well; system, pumping direct; pumping engines, dy cap 100,000 gals; hydrants 24; pipe 3 miles, 12 to 6 in dia; 24 valves; 20 taps; pressure, domestic 45, fire 125 pounds; waterworks owned by city; cost to construct \$12,000; ann expenses \$1,500. Chairman of com, Ben Holmes. (In addition to above, source, creek; 4 cisterns 1 tank; cap of cisterns 400 bbls each; cost \$250 each.)

Stillwater, Washington Co., population 12,000; mercantile buildings, brick and stone, 2 stories; private, wood, 1½ stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 patrol; hose, rubber good 500 ft, cotton good 2,200 ft; 6 hoseas, value \$200; value of fire department equipment \$10,000; value of buildings occupied \$12,500; total ann expenses of department \$7,000; total membership 30, paid full time 5, volunteers; 15 electric alarm; 25 street boxes. Chief engineer, F. E. Joy.

WATER SUPPLY—Source, McKusick lake and springs; system, gravity and pumping to tanks;

cap of tanks 100,000 gals each; 2 pumping engines, dy cap 3,000,000 gals; 120 hydrants; pipe 10 $\frac{1}{2}$ miles, 4 to 16 in dia; 21 valves; pressure, domestic 60, fire 50 to 100 pounds; waterworks owned by company; cost to construct \$200,000; ann expenses \$4,000. Pres of com, E. W. Durant; H. H. Harrison, secy & mgr.

Taylor's Falls, Chicago Co., population 567; fire area 50 acres; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$60; 1 hook and ladder company. Captain, C. E. Peaslee.*

WATER SUPPLY—Source, river. Village clerk, L. W. Marston.*

Tracy, Lyon Co., population 2,280; fire area 640 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 700 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; 35 volunteer members; whistle alarm. Chief, J. J. Hennessy.

WATER SUPPLY—Source, well; system, pumping to tank, cap 45,000 gals; pumps, dy cap 1,000,000 gals; 20 hydrants; pipe 2 miles, 8, 6 and 4 in dia; quality of water good; pressure, domestic 40, fire 100 pounds; works owned by city; cost to construct \$33,000; ann expenses \$2,000. Supt, Chas. Laurth.

Two Harbors, Lake Co., population 1,200; fire area 160 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, 2 hose wagons; hose, cotton good 1,000 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,200; total membership 20, volunteers; bell alarm. Chief engineer, M. McKacheron.

WATER SUPPLY—Source, Lake Superior; system, pumping to tank and direct; tank cap 105,000 gals; pumping engines, dy cap 1,000,000 gals; 11 hydrants; pipe 1 3-4 miles; pressure, domestic 50, fire 150 pounds; works owned by city; cost to construct \$20,000; cost to date \$22,000. Supt, John Duas.

Wabasha, Wabasha Co., population 2,600; fire area 10 acres; buildings, brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,000 ft; value of fire department equipment \$8,000; value of buildings occupied \$500; total ann expenses of fire department \$150; membership 40, volunteers; whistle alarm; 1 engine company, 2 hose companies, 1 hook and ladder company. Chief, Theo. J. Toben.

WATER SUPPLY—Source, Mississippi river; system, direct pumping; pumping engines, dy cap 630,000 gals; works owned by Wabasha Roller Mill Co.; cost to construct \$6,000; ann expenses \$200. Town clerk, R. E. Stearns.*

Waconia, Carver Co., population 1,206; fire area 30 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 aerial truck, 1 hose carriage; hose, cotton good 800 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,500; total membership 40, volunteers; bell alarm; 3 fire companies. Chief, H. Osterfeld.

WATER SUPPLY—Source, 4 large cisterns.

Warren, Marshall Co., population 1,000; fire area 160 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 9 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,800 ft, inferior 1,200 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total ann expenses of department \$250; total membership 30, volunteers; bell alarm. Chief, D. Main.

WATER SUPPLY—Source, deep wells and river; system, pumping to reservoir, cap 1,000 bbls.*

Waseca, Waseca Co., population 2,482; buildings, wood and brick. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,250 ft; value of fire depart-

ment equipment \$1,500; total membership 86, volunteers; bell and whistle alarm. Chief, Ralph Garland.

WATER SUPPLY—Source, lake and cisterns. (Works to cost \$30,000 will be put in this year.) Mayor D. S. Cummings.

Watertown, Carver Co., population 400; fire area 40 acres; buildings, wood, 1 and 2 stories. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 250 ft, cotton good 500 ft, inferior 150 ft; value of fire department equipment \$3,000; total ann expenses of department \$1,500; total membership 36, volunteers; bell and whistle alarm. Chief engineer, F. H. Japa.

WATER SUPPLY—Source, river; system, pumping direct; pumping engines; 4 hydrants; pipe 3-4 miles, 4 in dia; pressure 150 lbs; works owned by village; cost \$2,800; ann expenses \$100. Mayor, F. A. Barth.

Waterville, LeSueur Co., population 1,800; fire area 1,200 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 300 ft, inferior 100 ft, cotton good 150 ft; value of fire department equipment \$850; value of buildings occupied \$150; 45 volunteer members; bell alarm. Chief engineer, J. J. Morlein.

WATER SUPPLY—Source, wells, river and lake; works are contemplated.

Wells, Faribault Co., population 1,208; fire area $\frac{1}{2}$ mile sq; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$1,200; total ann expenses of department \$500; total membership 25, paid part time 30; bell alarm. Chief engineer, E. Hayes.*

WATER SUPPLY—Source, 2 artesian wells; 4 tanks, cap 500 bbls each; fire engine pumps directly from wells into hose. Mayor, Dan Straw.*

West Duluth, St. Louis Co. Fire department see Duluth.

WATER SUPPLY—Source, Duluth Water Co.; 224 hydrants; pipe 13 $\frac{1}{2}$ miles, 16 to 6 in 59 valves; 19 meters; 350 taps; pressure 70 to 100 pounds; waterworks owned by company; cost to construct \$175,000; ann expenses \$7,000. Supt, M. Jacoby.

West St. Paul, Ramsey Co. (See St. Paul.)

White Bear Lake, Ramsey Co., population 1,500; fire area 160 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 500 ft, rubber good 1,000 ft. Chief engineer, Chas. Reef.

Willmar, Kandiyohi Co., population 3,000; fire area $\frac{1}{2}$ by 1 mile; buildings, brick and wood, 1 and 2 stories; no fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 aerial truck, 3 hose carriages; hose, cotton good 2,000 ft; value of fire department equipment \$4,500; value of buildings occupied \$1,000; total ann expenses of department \$350; total membership 64, volunteers; bell and whistle alarm. Chief engineer, A. J. E. Rander.

WATER SUPPLY—Source, wells; system, pumping to tank, cap 65,000 gals; pumping engines, dy cap 1,000,000 gals; 33 hydrants; 12 valves; pipe 3 $\frac{1}{2}$ miles, 8 to 4 in dia; 120 taps; pressure, domestic 45, fire 125 pounds; cost to construct \$30,000; cost to date \$23,000; ann expenses \$600. Supt, O. L. Lien.

Winnepago, Faribault Co., population 1,500; fire area 200 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 500 ft, poor 50 ft, linen, rubber lined good 300 ft; value of department apparatus \$1,000; value of buildings occupied \$200; membership 25, volunteers; bell and whistle alarm. Chief engineer, C. H. Essler.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; reservoir cap 1,100,000 gals; pumping engines, dy cap 500,000 gals; hydrants 17; pipe 2 miles, 8, 6 and 4 in dia; 4 valves; pressure, domestic 30, fire 125 pounds; works owned by city; cost to construct \$15,000; ann expenses \$1,000. Supt, Seth Y. Conklin.*

Winona, Winona Co., population 20,000; fire area 2,000 acres; mercantile buildings, brick, iron and wood, 2 to 5 stories; private, brick and wood, 1 to 3 stories; wooden roofs not permitted; fire-works ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 5 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 4 hose wagons, 1 supply wagon, 4 hose carts in reserve with 600 ft each hose; hose, cotton good 5,500 ft, inferior 1,000 ft, rubber good 1,600 ft, poor 700 ft; 13 horses, value \$2,200; value of fire department equipment \$65,000; value of buildings occupied \$24,000; total ann expenses of department \$27,237; total membership 30, paid full time; Gamewell alarm; 43 street boxes. Chief, P. R. Fennell.

WATER SUPPLY—Source, 2 wells, near the Mississippi river; system, pumping to standpipe; standpipe cap 20,000 gals; pumping engines, dy cap 11,000,000 gals; 287 hydrants; pipe 35 miles, 6 to 30 in dia; 170 valves; 2,000 taps; pressure, domestic 60, fire 80 pounds; works owned by city; cost to construct to date \$400,000; ann expenses \$9,000. Supt, M. T. Walz.

Worthington, Nobles Co., population 2,150; fire area 320 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not

permitted in business limits; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage, 6 chemical extinguishers; hose, cotton good 1,000 ft; value of fire department equipment \$1,400; value of buildings occupied \$300; total membership 45, volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, H. C. Crawford.

WATER SUPPLY—Source, wells; system pump to reservoir, cap 67,000 gals; pumping engines, dy cap 750,000 gals; 20 hydrants; pipe 5 miles, 4 to 10 in dia; 15 valves; 150 taps; pressure 45 pounds; works owned by city; cost to construct to date \$31,000; ann expenses \$2,500. Supt, H. B. Tibbetts.

Zumbrota, Goodhue Co., population 1,000; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,600 ft; value of fire department equipment \$1,000; value of buildings occupied \$6,000; ann expenses \$400; total membership 60, volunteer; 2 hose companies, 1 hook and ladder company; bell alarm. Chief engineer, J. M. Watta.*

WATER SUPPLY—Source, river; system, direct pumping; 4 hydrants; pipe $\frac{3}{4}$ mile, 4 to 6 in dia; 5 valves; pressure 140 pounds; works owned by city; cost to construct \$6,000; ann expenses \$250. Supt, M. Watta.

Places having a population of 1,000 and upward that have no fire protection: Crystal, Hennepen Co., population 1,014; Tower City, St. Louis Co., population 1,110.

MISSISSIPPI.

Aberdeen, Monroe Co., population 3,449; fire area 200 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages, 4 chemical couplings used; hose, rubber good 1,500 ft; 2 horses; value of fire department equipment \$7,000; value of buildings occupied \$1,500; total ann expenses of department \$350; total membership 120, volunteers; bell alarm.

WATER SUPPLY—Source, 12 artesian wells, 4 reservoirs, cap 16,000 gals each. Mayor, J. W. Maynard.

Bay St. Louis, Hancock Co., population 2,300; buildings, wood, 1 story; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck; hose, cotton good 450 ft; value of fire department equipment \$1,200; value of buildings occupied \$2,000; total ann expenses \$125; total membership 40, volunteers; bell alarm. Chief engineer, Richard Attowag.

WATER SUPPLY—Source, 4 artesian wells and cisterns; system, gravity; dy cap 135 gals per minute; hydrants 25; pipe 3 miles, 3, 2 and 2 in dia; pressure 8 to 20 pounds; works owned privately; cost to construct \$5,000. Supt, Chas San-ger.

Biloxi, Harrison Co., population 4,000; fire area 4 sq miles; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, buckets; hose, cotton good 1,000 ft, rubber good 750 ft, inferior 300 ft; value of fire department equipment \$8,000; value of buildings occupied \$2,000; total membership 150, volunteers; bell alarm. Chief engineer, Phil McCabe.

WATER SUPPLY—Source, artesian wells; system; gravity; cap of reservoir and 2 elevated cisterns 60,000 gals cap; pipe $\frac{6}{8}$ miles, 4 in dia; 42 hydrants; 30 valves; pressure 20 pounds; works owned by company; cost to construct \$8,000; ann expenses \$500. Pres and supt, John Walker.

Brookhaven, Lincoln Co., population 2,142; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 story; causes of fire investigated. Fire department—1 hand engine, 6 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages; hose, rubber good 700 ft; value of fire department equipment \$2,500; total ann expenses of department \$150; total membership 150; bell alarm. B. Banks.

WATER SUPPLY—Source, 7 cisterns supplied

from roofs of houses. Town clerk, B. T. Atkins.

Canton, Madison Co., population 2,131; fire area 640 acres; mercantile buildings, brick, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,500 ft, inferior 400 ft; 2 horses, hired; value of fire department equipment \$6,000; value of 2 buildings owned \$600, 1 rented at \$20 per year; total ann expenses of department \$2,000; total membership 125, volunteers; bell alarm. Chief engineer, F. A. Teasdale.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe, cap 152,000 gals; 16 x 100 gals; pumping engines, dy cap of 1,000,000 each; 60 hydrants; pipe $\frac{5}{8}$ miles, 10 to 4 in dia; 28 valves (works not yet completed). Mayor, A. P. Hill; city clerk, J. W. Latimer.

Clarksdale, Coahoma Co., population 1,500; buildings, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hose reel, 100 ft hose, ladders and buckets. W. D. Cutler, fire com.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe and direct; pressure 40 to 120 pounds; works owned by company; estimated cost \$40,000. City clerk, M. H. Daily.

Columbus, Lowndes Co., population 5,000; fire area 240 acres; mercantile buildings, brick, 2 to 4 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 6 hose carriages, all kinds, 1 hose wagon; hose, cotton good 1,000 ft, rubber good 2,000 ft; 6 horses, value \$850; value of fire department equipment \$30,000; value of buildings occupied \$5,000; total ann expenses of department \$1,500; total membership 200, volunteer members; bell alarm. Chief engineer, B. A. Weaver.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir; reservoir cap 50,000 gals; pumping engines, dy cap 700,000 gals; hydrants 30; pipe 6 miles, 6 to 4 in dia; 16 valves; pressure, domestic 25, fire 40 pounds; works owned by city; cost to construct \$50,000, to date \$100,000; ann expenses \$2,000. Supt, John Connolly.

Corinth, Alcorn Co., population 2,111; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Source, wells and cisterns.

Crystal Springs, Copiah Co., population 1,200; fire area 10 acres; buildings, wood and brick, 1 story; wooden roofs permitted. Fire department—4 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$1,000; total membership 12, volunteers; bell alarm. Chief engineer, C. Appel.

WATER SUPPLY—Source, public wells and cisterna. Town clerk, I. M. Eagan.

Buck Hill, Montgomery Co., population 332; mercantile buildings, wood, 1 and 1½ stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Source, artesian wells.

Durant, Holmes Co., population 1,259; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance. No fire department.

WATER SUPPLY—Source, surface water. City engineer, I. Scitales.

Enterprise, Clark Co., population about 2,000; mercantile buildings, brick and wood, 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department not reported.

WATER SUPPLY—Source, wells and cisterna.

Greenville, Washington Co., population 6,558; fire area 2,000 acres; mercantile buildings, brick, 1, 2 and 3 stories; private, wood, 1 and 2 stories. Fire department—2 steam fire engines, 2 hand engines, 1 hook and ladder truck, 8 hose carriages, slamese couplings used; hose, rubber good 1,500 ft, inferior 400 ft; 3 horses; value of fire department equipment \$10,000; total ann expenses of department \$4,000; total membership 50, paid 5; electric alarm; 6 boxes. Chief, Wm. Cross.

WATER SUPPLY—Source, artesian well, with Mississippi river as reserve; system, direct pumping; 2 pumping engines, dy cap 2,500,000 gals; 65 hydrants; pipe 5½ miles; waterworks owned by company; cost to construct \$70,000. Supt, James Burke.

Grenada, Grenada Co., population 2,700; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. No fire department.

WATER SUPPLY—Source, wells.

Hattiesburgh, Perry Co., population 2,000; fire area 100 acres; mercantile buildings, wood, 1 story; private, wood, 1 story; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. No fire department, contemplate one.

WATER SUPPLY—Source, wells; system contemplated. Mayor, J. M. Williamson.

Hazlehurst, Copiah Co., population 1,515; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance.

WATER SUPPLY—Source, wells and springs.

Holly Springs, Marshall Co., population 2,500; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. No fire department.

WATER SUPPLY—Source, 6 public cisterna.

Jackson, Hinds Co., population 5,920; fire area 1,800 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted. Fire department—3 steam fire engines, 1 hand engine, 1 hook and ladder truck, 5 hose carriages, slamese couplings used; hose, rubber good 2,000 ft, 500 ft fair; 5 horses, value \$1,250; value of fire department equipment \$12,000; value of buildings occupied \$9,500; total ann expenses of department \$4,000; total membership 200, paid full time 3, paid part time 4; bell alarm, Gamewell alarm; 13 street boxes; 3 engine companies, 1 hook and ladder company, 4 hose companies. Chief engineer, George S. Green.

WATER SUPPLY—Source, Pearl river; system, pump to standpipe (direct for large fire); cap 230,000 gals; pumping engine, dy cap 2,000,000 gals; 140 hydrants; pipe 16 miles, 4 to 12 in dia; valves 52; pressure 40 to 125 pounds; waterworks owned by company; cost to construct \$110,000; cost of works to date \$125,000; ann expenses \$8,000. Supt, W. F. Wilcox.

Kosciusko, Attala Co., population 1,850;

buildings, brick and wood, 1 and 2 stories. No fire department.

WATER SUPPLY—Source, wells. Town clerk, S. P. Rimmer.

Lexington, Holmes Co., population 1,075; fire area 1,200 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—25 chemical extinguishers.

WATER SUPPLY—Source, wells and springs. Mayor, G. A. Shackelford.

McComb, Pike Co., population 2,383; buildings, wood, 1 story; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck; hose, rubber good 500 ft; value of fire department equipment \$500; total ann expenses of department \$100; total membership 30, volunteers; bell and whistle alarm.

WATER SUPPLY—Source, 3 cisterna. Mayor, O. B. Quinn.

Macon, Noxubee Co., population 2,000 to 2,500; fire area 800 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck; total membership 35, volunteers; bell alarm; 1 hook and ladder company. Pres, W. M. Jones.

WATER SUPPLY—Source, 250 cisterna, dy cap 10,000 gals.

Meridian, Lauderdale Co., population 12,000; fire area 280 acres; mercantile buildings, brick, 1 to 5 stories; private, wood, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—3 steam fire engines, 1 hook and ladder truck, 2 chemical extinguishers, 5 hose carriages; hose, cotton good 3,000 ft, rubber good 1,000 ft, inferior 500 ft; 4 horses, value \$800; value of fire department equipment \$15,000; value of buildings occupied \$5,000; total ann expenses of department \$3,000; total membership 156, volunteers, paid 3; American alarm; 20 street boxes; 3 engine companies, 2 hose companies. Chief engineer, Jno. R. Farrell.

WATER SUPPLY—Source, springs and surface water; system, gravity and direct pumping; reservoir cap 300,000,000 gals; pumping engine, dy cap 6,000,000 gals; 130 hydrants; pipe 15 miles, pressure, domestic 60, fire 90 pounds; waterworks owned by company; cost to construct \$150,000; ann expenses \$6,000. Supt, R. K. Hackett.

Moss Point, Jackson Co., population 1,750; buildings, wood, 1 story; wooden roofs are permitted. Fire department—1 steam fire engine, 1 hose carriage; hose, cotton good 400 ft, inferior 150 ft; value of equipment \$1,300; total membership 37, volunteers; bell alarm. Foreman, J. J. McIntosh.

WATER SUPPLY—Source, river and lake.

Natchez, Adams Co., population 12,000; fire area 1 sq mile; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 10 hose carriages, all kinds, 2 supply wagons; hose, rubber good 2,000 ft, inferior 500 ft; 4 horses, value \$1,000; value of fire department equipment \$14,000; value of buildings occupied \$10,000; total ann expenses of department \$5,000; total membership 400, paid full time 2, volunteer members 300; bell alarm. Chief engineer, Jno. J. O'Ferrall.

WATER SUPPLY—Source, 5 wells; system, pump to standpipe, cap 128,900 gals; pumping engine, dy cap 1,250,000 gals; 110 hydrants; pipe 11½ miles, 6 to 14 in dia; 67 valves; pressure 40 to 73 pounds; works owned by company. Pres of com, J. F. Thompson.

Ocean Springs, Jackson Co., mercantile buildings. Fire department not reported.

WATER SUPPLY—Source, artesian wells; system, pumping direct; standpipe cap 32 ft; 80 hydrants; pipe 1½ miles, 2½ and 1½ in dia; taps 75; waterworks owned by A. E. Lewis; expenses of construction to date \$3,500; ann expenses \$50.

Okolome, Chickasaw Co., population 2,500; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted; no fireworks ordinance; causes of fire investigated. No fire department.

Oxford, Lafayette Co., population 1,540; mer-

cantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; ladders and buckets.

WATER SUPPLY—Source, 3 cisterns and wells.

Port Gibson, Claiborne Co., population 1,524; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—Bahcock extinguishers, 1 hook and ladder truck; bell alarm. City Marshall, F. M. Bea.

WATER SUPPLY—Source, cisterns. Town clerk, Frank H. Foote.

Seranton, Jackson Co., population 1,353; buildings, wood, 9 and 10 feet high. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, good 300 ft; total membership 78, volunteers; bell alarm.

WATER SUPPLY—Source, artesian wells; system, gravity; reservoir cap 6,000 gals; 80 hydrants, various; pipe 3½ miles, 4 in dia; 40 valves; pressure 32 pounds; works owned by F. H. Lewis; cost to construct \$3,500, to date \$4,000. Owner and manager, F. H. Lewis.

Senatobia, Tate Co., population 1,077; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance.

WATER SUPPLY—Source, 1 public cistern and 3 large public wells. Mayor, A. A. Taylor.

Starkville, Oktibbeha Co., population 1,725; fire area 1,250 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical extinguisher, 1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 260 ft; value of fire department equipment \$1,500; value of buildings occupied \$3,000; total ann expenses of department \$102; total membership 23, volunteers; bell alarm; 1 hook and ladder company. Chief engineer, J. G. James.

WATER SUPPLY—Source, spring and several cisterns of cap 1,200 bbls each.

Summitt, Pike Co., population 1,800; fire area 40 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—5 chemical extinguishers, 1 hook and ladder truck with 15 fire buckets; value of fire department equipment \$850; value of buildings occupied \$750; total ann expenses of department \$50; membership 20, volunteers; bell alarm; 1 hook and ladder company. Foreman, Matt. F. Gracey.

WATER SUPPLY—Source, 12 cisterns with cap of 8,000 gals. Town clerk, S. A. Mathews.

Tupelo, Lee Co., population 1,477; buildings wood, 1 and 2 stories; fireworks ordinance; business houses compelled to have ladders and buckets.

WATER SUPPLY—Source, artesian wells. Mayor, W. C. Backin.

Vicksburg, Warren Co., population 13,373; fire area 640 acres; mercantile buildings, brick and iron, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted. Fire department—3 steam fire engines, 1 hook and ladder truck, 5 hose carriages, horse and buggy for chief; hose, rubber good 1,500 ft, inferior 500 ft; 6 horses; value \$1,500; value of fire department equipment \$15,000; value of buildings occupied \$13,000; total ann expenses of department \$10,000; membership, paid full time 6, part time 20; bell and telephone alarm; 4 hose companies. Chief engineer, Jacob Voelink; chairman of fire and water com., J. B. Smith. (Additional hose will be purchased.)

WATER SUPPLY—Source, Mississippi river; system, pumping to settling basins and then to standpipe; standpipe cap 330,000 gals; cap of basins 2,150,000; 4 pumping engines, 4 cap 6150,000 gals; 105 hydrants; pipe 15½ miles, 4 to 16 in dia; 75 valves; pressure 40 to 140 pounds; waterworks owned by company; cost to construct \$364,000. Supt, Chester R. McFarland.

Water Valley, Yalobusha Co., population 4,000; fire area 5 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted in fire limits; no fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Waterworks contemplated.

Weason, Copiah Co., population 3,168; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 story; iron and slate roofs. Fire department—18 chemical extinguishers, 1 hook and ladder truck, 1 hand hose cart, 3 hose carriages; hose, cotton good 600 ft, inferior 300 ft, rubber good 600 ft, inferior 300 ft, leather good 200 ft, linen good 200 ft, inferior 200 ft; value of equipment \$17,000; total membership 12, volunteers; bell and whistle alarm. Chief engineer, J. J. Stevens.

WATER SUPPLY—Source, creek and cisterns; system, pumping to reservoir and direct; cap of tank 161,000 gals; pumping engines, 4 cap 3,250,000 gals; 22 hydrants; pipe 1¼ miles, 6 in dia; 48 gates; pressure 80 pounds; cost to construct \$17,000; ann expenses \$500. Supt, John Hopkinson.

Winona, Montgomery Co., population 1,648; fire area 1 sq mile; mercantile buildings, brick and iron, 1 story; private, wood, 1 story; wooden roofs not permitted; no fireworks ordinance. Water buckets.

WATER SUPPLY—Source, wells. Mayor, T. H. Walker.

Woodville, Wilkinson Co., population 950; buildings, brick and wood, 1½ stories; wooden roofs permitted. Fire department—1 hook and ladder truck.

WATER SUPPLY—Source, cisterns.

Yazoo City, Yazoo Co., population 5,000; fire area 450 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages; hose, 2,000 ft in good condition; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total ann expenses of department \$3,000; total membership 120, paid full time 1, volunteers 110; bell alarm; 3 fire companies. Chief engineer, Robt. H. Borgella.

WATER SUPPLY—Source, artesian well; system, pump to standpipe; cap 100,000 gals; reservoir cap 200,000 gals; pumping engines, 4 cap 1,500,000 gals; 53 hydrants; pipe 7 miles, 4 to 10 in dia; 60 valves; quality of water good; pressure, domestic 107, fire 100 pounds; ann expenses \$3,000; works owned by company; cost to construct \$100,000. Supt, S. G. Bedwell.

Places having a population of 1,000 and upward that have no fire protection: Durant, Holmes Co., population 1,259; Gloster, Amite Co., population 1,142; Greenwood, Le Flore Co., population 1,055; Grenada, Grenada Co., population 2,416; Hattiesboro, Harrison Co., population 1,031; Hattiesburg, Perry Co., population 1,172; Iuka, Tishomingo Co., population 1,019; Sardia, Panola Co., population 1,044; West Point, Clay Co., population 2,762.

MISSOURI.

Adrian, Bates Co., population 613; fire area 160 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Source, wells.*

Appletown City, St. Clair Co., population 1,081; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck.*

WATER SUPPLY—Source, wells and cisterns.

Aurora, Lawrence Co., population 5,693; mercantile buildings, brick and stone, 2 stories; private, wood, 1 and 2 stories; wooden roofs not per-

mitted; fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,000 ft; value of fire department equipment \$2,000; total membership 65, volunteers; bell alarm; 3 fire companies, hook and ladder company, 2 hose companies. Chief engineer, C. H. Barnard.

WATER SUPPLY—Source, spring river; system, pumping to standpipe; reservoir cap 2,000,000 gals; standpipe cap 125,000 gals; pumping engines, 4 cap 2,000,000 gals; hydrants 63; pipe 13 miles, 10 to 4 in dia; 83 valves; 160 taps; pressure, domestic 60, fire 60 to 100 pounds; waterworks owned by company; cost to construct to date \$35,-

000; ann expenses \$6,000. Supt and gen'l manager, J. Guinley.

Bellivar, Polk Co., population 1,475; fire area 10 acres; mercantile buildings, brick and iron, 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted; no fireworks ordinance. No fire department.

WATER SUPPLY—Source, private wells and cisterns. Town clerk, C. H. Shinker. (Are building waterworks.)

Bonne Terre, St. Francois Co., population 3,800; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage.*

WATER SUPPLY—Source, river.*

Bloomville, Cooper Co., population 4,141; fire area 320 acres; buildings, brick, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 chemical extinguisher, 3 hose carriages; hose, cotton good 1,300 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,200; expenses for past year \$283; total membership 22, volunteers; bell alarm. Chief engineer, L. H. Levens.*

WATER SUPPLY—Source, Missouri river; system, pumping to reservoir; reservoir cap 5,000,000 gals; standpipe cap 60,000 gals; pumping engines, dy cap 1,200,000 gals; 64 hydrants; pipe 3½ miles, 4 to 10 in dia; 16 valves; 250 taps; pressure, domestic 40 to 60, fire 85 pounds; waterworks owned by company; cost to construct \$84,000; cost to date \$92,000. Supt, R. Hadelieb.

Brookfield, Linn Co., population 4,547; mercantile buildings, brick and wood, 1 to 2½ stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck.*

WATER SUPPLY—Source, Cook wells, pumping to standpipe; pumping engines, dy cap 1,000,000 gals; 30 hydrants; pipe 5 miles, 10 to 4 in dia; 12 valves; 1 meter; pressure 65 to 85 pounds; works owned by city; cost to construct \$24,950; ann expenses \$1,200. Supt, John Barbel.*

Brunswick, Charlton Co., population 1,748; buildings, brick and wood, 2 stories. Fire department—1 hand engine, 2 chemical extinguishers; hose, rubber good 200 ft. Chief engineer, Geo. Klinghil.*

WATER SUPPLY—Source, river and wells. Town clerk, W. A. Knappenberger. (Have voted to build waterworks.)

Butler, Bates Co., population 3,500; fire area 660 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$1,400; value of buildings occupied \$3,000; total ann expenses of department \$435; total membership 47, volunteers; bell alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, George W. Hly.

WATER SUPPLY—Source, Miami river; system, pumping to reservoir thence to standpipe; reservoir cap 1,200,000 gals; standpipe cap 115,000 gals; pumping engines, dy cap 1,750,000 gals; 2 settling and 1 storage reservoir; 78 hydrants; pipe 9 3-8 miles, 8 to 4 in dia; 40 valves; 175 taps; works owned by company; cost to construct \$75,000. Pres, F. J. Tygard; supt, H. B. Robinson.

California, Montaupe Co., population 1,772; fire area 200 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—hooks and ladders.*

WATER SUPPLY—Source, wells. Town clerk, J. C. Hickcox.*

Cammeron, Clinton Co., population 2917; buildings, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, good 600 ft; value of equipment \$1,500; expenses of department for past year \$150; total membership 40, volunteers. Chief, C. W. Davis.

WATER SUPPLY—Source, wells and cisterns.

Canton, Lewis Co., population 2,540; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs not permitted in

business section; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 40 buckets; hose, cotton good 2,400 ft, inferior 500 ft; value of fire department equipment \$10,000; value of buildings occupied \$4,000; total ann expenses of department \$1,000; total membership 85, paid full time 1, volunteers 84; bell alarm; 1 engine company, 1 hook and ladder company, 3 hose companies. Chief engineer, L. H. Condit.

WATER SUPPLY—Source, artesian well; 1 reservoir; 26 hydrants; pipe 2½ miles, 6 in dia; 8 valves; pressure 70 pounds; works owned by city; cost to date \$14,000. Supt, L. H. Condit.

Cape Girardeau, Cape Girardeau Co., population 4,297; mercantile buildings, brick, stone and iron, 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Chief engineer, John Wolter.*

WATER SUPPLY—Source, river, creek and cisterns. City clerk, George E. Chappell.*

Carrollton, Carroll Co., population 3,878; fire area 1½ miles sq; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 1 and 2 stories; tin and gravel roofs; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, inferior 100 ft; value of fire department equipment \$2,500; value of buildings occupied \$4,000; total ann expenses of department \$300; total membership 82, volunteers; telephone alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, Louis Brunworth.

WATER SUPPLY—Source, wells; system, direct and pump to standpipe, cap 101,520 gals; pumping engines, dy cap 2,000,000 gals; 35 valves; 31 hydrants; pipe 5 miles, 4 to 10 in dia; 200 taps; pressure, domestic 80, fire 150 pounds; waterworks owned by company; cost to construct \$75,000; ann expenses \$2,500. Supt, S. J. Rosamond.

Cartersville, Jasper Co., population 2,500; fire area 160 acres; mercantile buildings, iron, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 hose carriages; hose, cotton good 600 ft, rubber good 500 ft; value of fire department equipment \$1,200; value of buildings occupied \$1,500; total ann expenses of department \$80; total membership 30, volunteers; bell alarm. Chief engineer, Sidney Byers.

WATER SUPPLY—Source, spring and creek, 2½ miles from city; system, pumping to standpipe; standpipe cap 125,000 gals; pumping engines, dy cap 1,000,000 gals each (2); 64 hydrants; pipe 4½ miles, 4 to 10 in dia; 9 valves; 238 taps; pressure, domestic 45, fire 80 pounds; waterworks owned by company. Pres of com, James O'Neill.

Carthage, Jasper Co., population 7,981; fire area 9 sq miles; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose wagons; hose, cotton inferior 500 ft, rubber good 2,500 ft, inferior 1,000 ft; 6 horses, value \$900; value of fire department equipment \$2,800; value of buildings occupied \$3,500; total ann expenses of department \$2,000; total membership 30, paid full time 2, volunteers 28; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, Geo. H. Thomas.

WATER SUPPLY—Source, Spring river; system, pumping to 2 standpipes and direct; cap of standpipes 250,000 gals; pumping engines, dy cap 1,500,000 gals; 78 hydrants; pipe 15 miles; pressure, domestic 40, fire 118 pounds; waterworks owned by company; cost to construct \$1,000,000; ann expenses \$3,800. Pres of com, C. H. Martin; supt, H. C. Messenger.

Charleston, Mississippi Co., population 2,000; fire area 500 acres; buildings, brick and wood, 1 and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 3 chemical extinguishers, 1 hose cart and leather buckets; hose, cotton good 300 ft, poor 200 ft; value of fire department equipment \$1,000; value

of buildings occupied \$50; bell alarm. Chief, Simon Loebe.

WATER SUPPLY—Source, driven wells and pond.

Chillicothe, Livingston Co., population 5,717; 1½ miles sq; mercantile buildings, brick and stone, 3 and 4 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 1,500 ft, inferior 500 ft; value of fire department equipment \$1,600; total ann expenses of department \$500; total membership 20, volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, H. O. Meek.

WATER SUPPLY—Source, Grand river; system, pump to standpipe and direct; standpipe cap 1,400,000 gals; pumping engines, dy cap 500,000; 117 hydrants; pipe 15 miles, 4 to 12 in dia; 18 valves; pressure, domestic 40, fire 150 pounds; works owned by company; cost to construct \$250,000; ann expenses \$10,000. Manager, Van Coughlin.

Clinton, Henry Co., population estimated 7,000; fire area about 48 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood and brick, metal roofs; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carts; hose, rubber good 200 ft, poor 300 ft, cotton good 1,600 ft; value of fire department equipment \$3,000; value of buildings \$0,000; total ann expenses of department \$600; total membership 80, volunteers; bell alarm. Chief engineer, J. N. Bixman.

WATER SUPPLY—Source, artesian well and 6 wells; system, pumping to reservoir, standpipe and direct; reservoir cap 2,000,000 gals; standpipe cap 80,000 gals; pumping engines, dy cap 1,000,000 gals; 56 hydrants; pipe 5½ miles, 4 to 10 in dia; pressure, domestic 75, fire 140 pounds; waterworks owned by company; cost to construct to date \$173,967; ann expenses \$5,000. Supt, J. H. Sheldon.

Columbia, La Fayette Co., population 5,000. Fire department—not reported.

WATER SUPPLY—Source, creek; system, pumping direct; pumping engines, dy cap 1,500,000 gals; 48 hydrants; pipe 5 miles, 12 to 4 in dia; pressure, domestic 60, fire 125 pounds. Supt, Jas. M. Sherman.

Corder, LaFayette Co., population 750; mercantile buildings, wood and brick, 1 story; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. No fire department.

WATER SUPPLY—No waterworks.

Deepwater, Henry Co., population 2,000; fire area 240 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 100 ft, rubber good 30 ft; value of fire department equipment \$1,500; value of buildings occupied \$500; total membership 30, volunteers; bell alarm. Chief engineer, J. L. Simmons.

WATER SUPPLY—not reported.

De Soto, Jefferson Co., population 5,000; fire area 3-4 sq mile; mercantile buildings, brick, 1 and 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; axes, hooks etc; hose, cotton good 300 ft, rubber good 300 ft; value of fire department equipment \$1,600; value of buildings occupied \$500; total ann expenses of department \$250; total membership 36, paid full time 1; whistle alarm. Chief engineer, Ward Cunningham.

WATER SUPPLY—not reported.

Edina, Knox Co., population 1,800; buildings, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 300 ft; total membership 25, volunteers; bell alarm. Chief engineer, John Grainger.

WATER SUPPLY—not reported.

Eldorado Springs, Cedar Co., population 2,500; fire area 25 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted except in fire limits; fireworks ordinance; causes of fire investigated.

Excelsior Springs, Clay Co., population 2,034; fire area 1 sq mile; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine, 2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$2,500; value of buildings occupied \$200; 32 volunteer members; bell alarm. Chief engineer, William Redman.

WATER SUPPLY—Source, creek; system, pumping to reservoir; reservoir cap 2,000,000 gals; pumping engines, dy cap 200,000 gals; 19 hydrants; pipe 3 miles, 4 to 12 in dia; pressure, domestic 80, fire 110 pounds; waterworks owned by company; cost to construct \$30,000; ann expenses \$1,300. Supt, E. L. Morse.

Festus, Jefferson Co., population 1,800; fire area 200 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. No fire department.

Fulton, Callaway Co., population 4,314; fire area 1 mile; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 1 and 2 stories; slate and tin roofs used; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; total membership 20, volunteers; telephone alarm. Chief engineer, J. H. Buchanan.

WATER SUPPLY—Source, artesian well; system, pump to reservoir, cap 132,000 gals; standpipe cap 100,000 gals; pumping engines, dy cap 720,000 gals; 47 hydrants; pipe 4 miles, 6 and 4 in dia; 14 valves; 121 taps; pressure, domestic 20, fire 40 pounds; cost to construct \$23,000; ann expenses \$1,200. Supt, John H. Buchanan.

Gallatin, Davies Co., population 1,489; mercantile buildings, brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 chemical engine on wheels; hose, cotton good 200 ft; value of fire department equipment \$600; bell alarm.

WATER SUPPLY—Source, wells and cisterns.

Golden City, Barton Co., population 1,000; mercantile buildings, brick and iron, 1 story; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance.

WATER SUPPLY—Source, 2 public wells on main street. City clerk, E. E. Harrah.

Hamilton, Caldwell Co., population 1,641. Fire department—2 hand engines, hooks, ladders, pikes, etc; total membership 40; 1 hook and ladder company. Chief engineer, W. V. Walker.

WATER SUPPLY—Source, cisterns.

Hannibal, Marion Co., population 12,837; fire area 2,060 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 6,000 ft, 4 horses; value of fire department equipment \$13,200; value of buildings occupied \$5,000; total ann expenses of department \$2,750; total membership 30, paid part time 6; telephone and bell alarm. Chief engineer, T. B. Parks.

WATER SUPPLY—Source, Mississippi river; system, pumping to reservoir, cap 17,500,000 gals; pumping engines, dy cap 4,000,000 gals; 90 hydrants; pipe 18½ miles, 4 to 16 in dia; 116 valves; 1,200 taps; pressure 100 pounds; works owned by company; cost to construct \$200,000; ann expenses \$6,000. Supt, C. J. Lewis.

Hermann, Gasconade Co., population 1,500; fire area 960 acres; buildings, brick and stone, 2 to 4 stories; private, brick and stone, 1 and 2 stories. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, rubber good 1,000 ft, inferior 300 ft; value of fire department equipment \$4,000; value of buildings occupied \$1,000; total ann expenses of department \$150; total membership 75, volunteers; bell alarm. Chief engineer, Hugo Kropp.

WATER SUPPLY—Source, river and 6 large cisterns; cap 100,000 gals.

Higginsville, Lafayette Co., population 2,315; fire area 20 acres; mercantile buildings, brick and iron, 2 stories; private, wood, 1 story; wooden roofs not permitted; no fireworks ordinance. No fire department.*

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; dy cap 750,000 gals (works in course of construction). Mayor, Thos. Walker; city clerk, U.S. Dom. Blasker.*

Holden, Johnson Co., population 2,520; fire area 120 acres; mercantile buildings, brick and stone, 2 stories; private, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$1,500; value of buildings occupied \$3,000; total ann expenses of department \$175; total membership 40, volunteers; bell alarm. Chief engineer, J. V. Murray.

WATER SUPPLY—Source, not given; system, pumping through filter to standpipe; standpipe cap 75,000 gals; impounding reservoir; pumping engines, dy cap 1,250,000 gals; 50 hydrants; pipe 6 1-4 miles; pressure 80 pounds. Supt, B. J. Miller.*

Independence, Jackson Co., population 6,380. Fire department—1 hook and ladder truck, 1 hose carriage; hose, good 1,000 ft; total membership 30, volunteers. Chief engineer, J. George.*

WATER SUPPLY—Source, Missouri river; system, pumping to reservoirs and to standpipe; standpipe cap 250,000 gals; reservoirs 1,000,000 gals; pumping engines, dy cap 1,000,000 gals; 50 hydrants; pipe 8 1/2 miles, 10 to 4 in dia; 18 valves; 425 taps; pressure, domestic 50 to 70, fire 100 to 120 pounds; waterworks owned by company; cost to construct about \$100,000; ann expenses \$6,000. Supt, B. D. Wirt.

Iron Mountain, Saint Francois Co., population 1,101; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 400 ft. Chief engineer, A. J. Shyyper.*

WATER SUPPLY—Source, dam 1 mile distant; system, pump to reservoir, cap 2,000,000 gals; pumping engines, dy cap 1,000,000 gals; pipe 1 mile, 2, 8, 12 in dia; quality of water rain; works owned by company; pressure 140 pounds. Pres and supt of com, O. C. Moffett.*

Jamesport, Daviess Co., population 800; fire area 6 acres; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, buckets, ladders and picks; no organized department. City marshal, J. B. Melone.

WATER SUPPLY—Source, wells and cisterns.

Jefferson City, Cole Co., population 9,000; fire area 1 sq mile; mercantile buildings, brick, 2 and 3 stories; private, brick, 1 and 2 stories; wooden roofs permitted but mostly tin used; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages, 1 hose wagon, pomper ladders; hose, rubber good 2,000 ft; value of fire department equipment \$1,200; value of buildings occupied \$200; total ann expenses of department \$675; total membership 30, volunteer; telephone alarm; 5 fire companies. Chief, H. Schmidt.

WATER SUPPLY—Source, Missouri river; system, pumping to reservoir and to standpipe; 2 reservoirs, cap 800,000 gals each; standpipe cap 300,000 gals; pumping engines, dy cap 1,250,000 gals; 74 hydrants; pipe 8 miles, 4 to 14 in dia; 38 valves; 160 taps; pressure, domestic 70, fire 85 to 90 pounds; works owned by company; cost to construct \$140,000. Supt, J. W. Edwards.

Joplin, Jasper Co., population 16,000; fire area 2 miles square; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hook and ladder trucks, 3 hose carriages, 1 hose wagon; hose, cotton good 2,500 ft, inferior 1,200 ft, rubber good 500 ft; 4 horses, value \$800; value of fire department equipment \$7,000; value of buildings \$2,000; total ann expenses of department \$1,000; total membership 33, volunteer; Gamewell alarm; 12 street boxes; 3 fire companies. Chief engineer, A. Houghton.

WATER SUPPLY—Source, Shoal creek; system, pumping to reservoir; cap 3,000,000 gals; pump-

ing engines, dy cap 3,000,000 gals; 145 hydrants; pipe 22-2-10 miles, 4 to 12 in dia; 22 meters; pressure, domestic 30 to 60, fire 90 to 120 pounds; 1,200 taps; waterworks owned by company; cost to construct \$124,000; ann expenses \$13,690.59. Supt, C. W. Glover.*

Kahoka, Clark Co., population 2,000; fire area 40 acres; buildings, brick and wood, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose wagon; hose, rubber good 100 ft; value of fire department equipment \$400; value of buildings occupied \$50; total membership 10, volunteer. Chief engineer, Ben E. Turner.

WATER SUPPLY—Source, wells and private cisterns.

Kansas City, Jackson Co., population 152,000; fire area 13 sq miles; mercantile buildings, brick and stone, 2 to 10 stories; private, brick, stone and wood, 1 to 5 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—7 steam fire engines, 40 chemical extinguishers, 3 hook and ladder trucks, 2 aerial trucks, 10 hose carriages, all kinds, 5 hose wagons, 2 supply wagons, 2 Hale water towers, insurance patrol; hose, cotton good 24,350 ft, inferior 1,200 ft, cotton (2 in) 1,200 ft; 57 horses, value \$200 per head; value of fire department equipment and value of buildings occupied \$284,550; total ann expenses of department \$165,000; total membership 128, paid full time 120; watch boys 15, insurance patrol 16 men; telephone alarm; 2,700 street boxes. Chief engineer, Geo. C. Hale. Also, 3 large tank cars provided with pumps operated by steam from switch engines.

WATER SUPPLY—Source, Missouri river; system, gravity direct and pumping to standpipe; reservoir cap 90,000,000 gals; standpipe cap 235,000 gals; pumping engines, dy supply 83,000,000 gals; 1,648 hydrants; pipe 167 miles, 42 to 4 in dia; 1,050 valves; 13,000 taps; pressure, domestic 130, fire 165 to 175 pounds; Edison pressure recording gauge; works owned by company. Pres, Giles E. Taintor; supt, B. F. Jones.

Kirkville, Adair Co., population 5,000; fire area 1 1/2 sq miles; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, rubber good 500 ft, inferior 500 ft; value of fire department equipment \$10,000; value of buildings occupied \$2,500; total membership 50, volunteers; bell alarm; 3 fire companies, 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, O. B. Prickett.

WATER SUPPLY—Source, cisterns and artesian wells; waterworks to cost \$20,000 will be put in this year.

Kirkwood, St. Louis Co., population 2,000; fire area 1 mile sq; mercantile buildings, brick and wood, 2 and 3 stories; private, brick, stone and wood, 2 stories; wooden buildings not permitted in fire limits; no fireworks ordinance. Albert N. Edwards, chairman.

WATER SUPPLY—Source, cisterns and artesian wells. Mayor, Albert N. Edwards.

Knobnoster, Johnson Co., population 1,000; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted, tin and shingle used principally; fireworks ordinance; causes of fire investigated. Fire department—3 chemical extinguishers.

WATER SUPPLY—Source, wells.

La Grange, Lewis Co., population 1,300; fire area 500 acres; mercantile buildings, brick and wood, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$500; value of buildings occupied \$1,300; total membership 12; bell alarm. Chief engineer, I. B. Summers.

WATER SUPPLY—Source, Mississippi river.*

Lamar, Barton Co., population 3,000; fire area 300 acres; mercantile buildings, stone and brick, 1 to 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs are not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages, all kinds; hose, cotton inferior 400 ft, rubber good 1,000 ft; value of

fire department equipment \$1,000; value of buildings occupied \$200; total ann expenses of department \$150; total membership 42, volunteers; bell alarm. Chief engineer, S. B. Smith.

WATER SUPPLY—Source, spring and river, 2½ miles distant; system, pump to standpipe and direct; standpipe cap 14 x 125 ft high; pumping engines, dy cap 1,000,000 gals; 60 hydrants; pipe 8 miles, 8 in dia; 24 valves; pressure 60 to 70 pounds; works owned by company. Pres and mgr of com, J. Guinney.*

Lebanon, Laclede Co., population 2,218; mercantile buildings, brick, 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 600 ft; value of fire department equipment \$500; membership 25, volunteers; whistle alarm. Chief engineer, H. V. Wright.

WATER SUPPLY—Source, well, 1,000 ft deep; system, pumping to standpipe; standpipe cap 100,000 gals; pumping engines, dy cap 200,000 gals; 19 hydrants; pipe 3-4 mile, 8 in dia; 4 valves; pressure 45 pounds; works owned by company. Supt, J. E. Fulkerson.*

Lee Summit, Jackson Co., population 1,600; fire area 250 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 350 ft; value of fire department equipment \$800; value of buildings occupied \$125; total membership 35, volunteers; bell alarm. Ex-chief, M. B. Orker.

WATER SUPPLY—Source, wells, ponds and cisterns.

Lexington, Lafayette Co., population 4,537; fire area 600 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, same, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 200 ft, rubber good 700 ft, inferior 750 ft; 2 hoses; value of fire department equipment \$3,000; value of buildings occupied 2,500; total membership 50, volunteers; telephone and bell alarm. Chief engineer, G. C. Kist.

WATER SUPPLY—Source, Missouri river; system, pumping to settling reservoirs and standpipe; cap of reservoir 1,000,000 gals; standpipe cap 350,000 gals; pumping engines, dy cap 1,500,000 gals; 50 hydrants; pipe 8 miles; 30 valves; 425 taps; pressure, domestic 65, fire 100 pounds; waterworks owned by company; cost to construct \$60,000; ann expenses \$5,000. Pres, Wm. Morrison; supt, L. C. Yates.

Liberty, Clay Co., population 2,800; fire area 1 sq mile; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 600 ft; value of fire department equipment \$1,000; value of buildings occupied \$500; total ann expenses of department \$1,500; total membership 50; bell fire alarm. Chief engineer, John W. Hall.

WATER SUPPLY—not reported.

Louisiana, Pipe Co., population 5,090; fire area 16 blocks; mercantile buildings, brick, 2 to 4 stories; private, wood and brick, 2 stories; wooden roofs not permitted. Fire department—1 hose carriage; hose, cotton good 400 ft, inferior 200 ft, rubber good 800 ft, inferior 300 ft; 2 hoses, value \$900; value of fire department equipment \$4,000; value of buildings occupied \$2,000; total ann expenses of department \$1,800; total membership 10, paid part time 9; telephone and bell alarm. Chief engineer, C. S. Smith.

WATER SUPPLY—Source, Mississippi river; system, pump to reservoir, cap 1,250,000 gals; dy cap 1,500,000 gals; 55 hydrants; pipe 6 miles, 4 to 12 in dia; 18 valves; 3 meters; pressure 120 pounds; cost to construct \$7,000. Supt, S. B. Culver.*

Macon, Macon Co., population 3,371; fire area 13 acres; mercantile buildings, brick, iron and wood, 1 to 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 2,100 ft, inferior 400 ft; value of fire department equipment \$13,000; value of buildings occupied \$2,500; total

membership 25, all volunteers; bell alarm. Chief engineer, T. E. Haley.

WATER SUPPLY—Source, creek, 1½ miles distant; system, pumping direct; reservoir cap 150,000 gals; pumping engines, dy cap 160,000 gals; 26 hydrants; pipe 6 miles, 4 to 10 in dia; 5 valves; 150 taps; pressure, domestic 120, fire 175 pounds; waterworks owned by city; cost to construct \$35,000. Supt Chas. L. Farror

Marionville, Lawrence Co., population 1,900; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted except in fire limits; fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—No waterworks.

Marshall, Saline Co., population 5,000; fire area 6 acres; mercantile buildings, brick and wood, 1½ to 3 stories; private, brick and wood, 1½ and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber good 800 ft, poor 600 ft; 2 hoses, value \$300; value of fire department equipment \$1,500; total expenses for last year \$900; total membership 4, paid full time; bell alarm. Chief engineer, M. W. Cox.

WATER SUPPLY—Source, driven and artesian well; system, direct pumping; pumping engines dy cap 1,000,000 gals; 71 hydrants; pipe 5-3-4 miles, 10 to 6 in dia; 12 valves; pressure, domestic 65, fire 120 to 130 pounds; waterworks owned by company; cost to construct \$75,000; ann expenses \$8,000. Supt, E. R. Page.

Maryville, Nodaway Co., population 5,000; fire area 640 acres; buildings, brick, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 aerial truck, 2 hose carriages, 1 hose wagon; hose, rubber good 1,200 ft, inferior 450 ft; 2 hoses, value \$300; value of equipment \$2,700; value of buildings occupied \$3,000; ann expenses \$1,200; membership 8, paid full time; bell alarm. Chief, J. B. Johnston.

WATER SUPPLY—Source, One Hundred and Two river; system, pumping to standpipe and direct; standpipe cap 250,000 gals; pumping engines, dy cap 2,000,000 gals; 55 hydrants; pipe 8 miles; valves 27 meters; pressure 55 pounds; waterworks owned by company; cost to construct \$85,000; ann expenses \$1,440. Pres of com, Wm. O. Cole; supt, G. P. Denny.*

Memphis, Scotland Co., population about 2,500; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted but not used; fireworks ordinance; causes of fire investigated. No organized fire department—bucket brigade and several chemical extinguishers.

Meramec Highlands, St. Louis Co., population 3,858; fire area 1-4 mile sq; mercantile buildings, stone and wood, 2 stories. Fire department—2 hose carriages; hose, rubber good 800 ft; volunteer department.

WATER SUPPLY—Source, Meramec river; system, pumping to standpipe; standpipe cap 30,000 gals; pumping engines, dy cap 500,000 gals; hydrants 8; pipe 3 miles, 4 to 12 in dia; 8 valves; pressure, domestic 80 to 100, fire 175 pounds. Pres, M. Bernheimer; supt, S. M. Lederer.

Mexico, Audrain Co., population 6,000; fire area 1,200 acres; buildings, brick and wood, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 hose carriages, 2 hose wagons; hose, cotton good 1,400 ft; value of equipment \$1,200; value of building \$5,000; ann expenses \$300; total membership 14; bell alarm. Chief engineer, David O. Owen.

WATER SUPPLY—Source, surface water and springs; system, direct pumping; reservoir, cap 50,000,000 gals; pumping engines, dy cap 1,750,000 gals; 58 hydrants; pipe 6 miles, 12 to 6 in dia; 77 valves; 20 meters; pressure domestic 60, fire 120 pounds; waterworks owned by company; cost to construct \$60,000; ann expenses \$4,000. Supt, Jno. J. Steele.

Milan, Sullivan Co., population 1,500; fire area 1 sq mile; mercantile buildings, brick, 2 stories; private, wood, 1 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire not investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hose carriage; hose, 330 ft; value of equipment \$800; value of buildings occupied \$90; ann expenses \$10

24 volunteer members. Chief engineer, O. P. Slock.

WATER SUPPLY—Source, private wells.

Meberly, Randolph Co., population 9,000; fire area 50 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 8 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,000 ft, inferior 450 ft; value of fire department equipment \$2,000; value of buildings occupied \$10,000; total membership 15, paid part time; telephone and bell alarm. Chief engineer, T. G. Loury.*

WATER SUPPLY—Source, surface water and 1 reservoir; system, pumping direct; reservoir cap 143,000 000 gals; pumping engines, dy cap 1,800,000 gals; 70 hydrants; pipe 6½ miles, 8 to 14 in dia; 82 valves; 505 taps; pressure, domestic 75, fire 150 pounds; cost to construct \$100,000; ann expenses \$4,065. Supt, H. V. Estill.

Montgomery City, Montgomery Co., population 2,199; fire area 800 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; no fireworks ordinance; wooden roofs permitted.

WATER SUPPLY—Source, public well; tank cap 30,000 gals. Town clerk, L. A. Thompson.

Mound City, Holt Co., population 1,500; fire area 1 mile square; mercantile buildings, brick and wood, 1 to 3 stories; private, brick and wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage, buckets, ladders, etc.; 700 ft good rubber hose; value of equipment \$1,200; value of buildings occupied \$100; membership 18 volunteers; bell alarm. Chief, F. C. Wostenbarger.

WATER SUPPLY—Source, tube wells; system, pumping to standpipe, cap 35,000 gals; pumping engines, dy cap 500,000 gals; 18 hydrants; pipe 2 miles, 8 to 4 in dia; 8 valves; works owned by city; cost to construct \$14,000. Mayor, J. S. Hart; town clerk, J. M. Hames.

Mountain Grove, Wright Co., population 830; buildings, brick and wood, 2 stories. No organized fire department—1 hand engine. City clerk, H. E. Inman.*

WATER SUPPLY—Source, wells and cisterns.*

Neosho, Newton Co., population 3,000; fire area 1,000 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 500 ft, rubber good 500 ft; value of fire department equipment \$2,000; total membership 20, volunteers; bell alarm; 1 hose company. Chief engineer, John M. Sherwood.

WATER SUPPLY—Source, Elm springs, 5 miles east of city; system, gravity; reservoir cap 500,000 gals; 85 hydrants; pipe 13 miles, 10 to 4 in dia; 40 valves; 900 taps; pressure, domestic 50, fire 60 pounds; works owned by company; cost to construct \$50,000; ann expenses \$500. Supt, C. Bays.

Nevada, Vernon Co., population 9,000; fire area 1,000 acres; mercantile buildings, brick, stone, iron and wood, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton new 1,400 ft, rubber good 1,000 ft; 4 horses, value \$500; value of fire department equipment \$7,000; value of buildings occupied \$4,000; total ann expenses of department \$2,000; membership 64, volunteers; bell alarm. Chief, F. A. Mitchell.

WATER SUPPLY—Source, Marimaton river, 3 miles from city; system, pumping to standpipe and direct; reservoir cap 1,500,000 gals; standpipe cap 50,000 gals; pumping engines, dy cap 4,500,000 gals; 77 hydrants; pipe 18 miles, 10 to 4 in dia; 550 taps; pressure, domestic 30, fire 130 pounds; works owned by company; cost to construct \$75,000, to date \$100,000; ann expenses \$3,000. Supt, C. F. Starohew.

North Springfield, Greene Co., population (see Springfield); buildings, brick and wood, 1 to 4 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; value of buildings occupied \$4,000; total ann expenses of department

\$500; total membership 30, volunteers, paid part time; bell alarm.*

WATER SUPPLY—Source, spring, 5 miles distant; system, pumping direct; 1 reservoir, dy cap 5,000,000 gals; 206 hydrants; pipe 40 miles, 4 to 18 in dia; 900 valves; 75 meters; pressure 60 to 100 pounds, Supt, W. C. Hornbeak.*

Odesa, Lafayette Co., population 2,500; fire area 4 blocks; mercantile buildings, brick, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Source, wells.

Pacific, Franklin Co., population 1,185; fire area 200 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 300 ft; value of fire department equipment \$635. Chief, Chas. E. Wood.

WATER SUPPLY—Source, wells and cisterns and 3 tanks. Mayor, W. J. Dunn.

Palmira, Marion Co., population 2,515; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood 1 to 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose wagon and 1,000 ft of hose. Chief, I. R. Huggins.

WATER SUPPLY—Source, springs; system, gravity and pumping to standpipe; reservoir cap 250,000 gals; standpipe cap 35,000 gals; pumping engines, dy cap 2 pumps of 15,000 and 25,000 gals per hour each; 40 hydrants; pipe 4 miles, 10 to 4 in dia; 12 valves; 2 meters; pressure, domestic 35, fire 200 pounds; works owned by company. Supt, H. M. Howard.*

Paris, Monroe Co., population 1487; fire area 8 blocks; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 2 hook and ladder trucks, 2 hose carriages; hose, rubber good 600 ft, cotton good 500 ft; value of fire department equipment \$4,000; value of buildings occupied \$3,000; total ann expenses of department \$25; total membership 60, all volunteers; bell alarm. Chief engineer, J. A. Curtright.

WATER SUPPLY—Source, wells. Mayor, James L. Wright. (Works contemplated.)

Perryville, Perry Co., population 875; fire area 60 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage, hooks and ladders; hose, cotton good 600 ft, rubber inferior 500 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total ann expenses of department \$100, volunteers; bell alarm. Chief engineer, Thos. Hoos.

WATER SUPPLY—Source, 10 large cisterns, cap 100,000 gals; cost \$50. (Waterworks will probably be built this year.)

Pierce City, Lawrence Co., population 2,511; fire area 1,200 acres; mercantile buildings, brick and wood, 2 and 3 stories; wooden roofs not permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$3,200; value of buildings occupied \$3,000; total membership 40, volunteers; bell alarm. Chief engineer, R. E. Suze.

WATER SUPPLY—Source, lake fed by springs; system, pumping to standpipe and direct; standpipe cap 100,000 gals; pumps dy cap 1,000,000 gals; 25 hydrants; pipe 5½ miles, 4, 6 and 8 in dia; 15 valves; 170 taps; pressure domestic 66 to 70, fire 70 to 100 pounds; cost to construct \$45,450; ann expenses \$1,250. Pres, J. Guenney.

Pleasant Hill, Cam Co., population 2,217; fire area 40 acres; mercantile buildings brick; private, wood, 2 stories; wooden roofs not permitted; no fireworks ordinance.*

WATER SUPPLY—Source, wells and springs. Mayor, Frank P. Neyman.*

Princeton, Mercer Co., population 1,410; fire area 1,000 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted inside fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 500 ft, rubber good 500 ft; value of fire department equipment \$1,625;

value of buildings occupied \$100; total membership 100, volunteer. Chief engineer, W. P. Sheets.*

WATER SUPPLY—Source, cisterna, cap 20,000 gals. City clerk, John Brantley.*

Rich Hill, Bates Co., population 6,000; fire area $\frac{1}{2}$ mile sq; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 story; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft, inferior 400 ft; value of fire department equipment \$2,000; value of buildings occupied \$3,000; total ann expenses of department \$600; total membership 10, paid full time; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, J. Y. Donaho.

WATER SUPPLY—Source, Marias des Cygnes river; system pumping direct; pumping engines, dy cap 2,000,000 gals; 50 hydrants; pipe 8 miles, 10 to 4 in dia; 21 valves; 9 meters; pressure, domestic 75, fire 125 pounds; Edson pressure recording gauge; works owned by company; cost to construct \$75,000; to date \$100,000; ann expenses \$2,300. Pres, J. P. Kelsier; supt, T. J. Kimbrough.

Rockport, Atchison Co., population 1,100; fire area 12 blocks; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine, 8 chemical extinguishers, 1 hose carriage; hose, cotton good 500 ft, 250 ft good rubber; value of fire department equipment \$800; membership 12, all volunteers; whistle alarm. Chief engineer, Emil Sutter.

WATER SUPPLY—Source, wells; system, pumping to standpipe, cap 45,000 gals; pumping machinery, dy cap 250,000 gals; 24 hydrants; pipe 1 mile, 6 in; 2 valves; 20 taps; pressure, domestic 80, fire 120 pounds; works owned by city; cost to construct \$6,000; ann expenses \$1,000. Supt, W. R. Littell.

Rolla, Phelps Co., population 1,592; fire area 1 mile square; mercantile buildings, brick and wood, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; value of equipment \$1,000; total membership 50. Chief engineer, W. W. Flint.

WATER SUPPLY—Source, cisterns and wells.

St. Charles, St. Charles Co., population 7,000; mercantile buildings, brick, 2 stories; private, brick and wood, 3 stories; wooden roofs permitted. Fire department—1 hand engine, 2 hook and ladder trucks, 4 hose carriages, 4 hose couplings; hose, rubber good 2,200 ft; value of fire department equipment \$3,000; value of buildings occupied \$5,000; total ann expenses of department \$250; total membership 120, volunteers; electric and Gamewell alarm; 9 street boxes. Chief, Herbert Hachting.*

WATER SUPPLY—Source, Missouri river; system, pump to standpipe and direct; reservoir cap 650,000 gals; pumping engines, dy cap 2,000,000 gals; 40 hydrants; pipe 7 miles, 12 to 4 in dia; 28 valves; 1 meter; settling tanks; pressure, domestic 90, fire 125 pounds; cost to construct \$80,000; ann expenses \$3,240. Supt, R. C. Pearsons.*

St. Genevieve, St. Genevieve Co., population 1,586; mercantile buildings, brick, 2 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance. No fire department.

WATER SUPPLY—Source, cisterns and wells.

St. Joseph, Buchanan Co., population 58,000; fire area 10 sq miles; mercantile buildings, brick, 1 to 7 stories; private, brick and wood, 1 to 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 4 hose carriages, 3 hose wagons; hose, cotton good 4,500 ft, rubber good 4,500 ft, inferior 1,200 ft; 22 horses, value \$3,000; value of fire department equipment \$25,000; value of buildings occupied \$50,000; total ann expenses of department \$45,500; total membership 44, paid full time; telephone alarm; 40 street boxes. Chief engineer, M. M. Kane. (Water tower contemplated.)

WATER SUPPLY—Source, Missouri river; system, pumping to reservoir; reservoir cap 22,000,000 gals; 4 pumping engines, dy cap 14,000,000 gals; 250 hydrants; pipe 32 miles, 4 to 24 in dia; pressure, domestic 75 to 150 pounds; works owned

by company; ann expenses \$30,000. Supt, L. C. Burnes.*

St. Louis, St. Louis Co., population 525,000; fire area 61 3-4 sq miles; mercantile buildings, brick, iron, stone and wood, 1 to 14 stories; private, stone and brick, 1 to 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—37 steam fire engines, (5 not in service) 4 chemical engines on wheels, 50 chemical extinguishers, 9 hook and ladder trucks, 4 aerial trucks, 38 hose carriages, all kinds, 8 supply wagons, 7 hose wagons, 1 Hale water tower 55 ft high; hose, cotton good 10,000 ft, inferior 1,200 ft, rubber good 50,000 ft, inferior 5,000 ft; 223 horses, value \$225 per horse; value of fire department equipment \$375,000; value of buildings occupied \$800,000; total ann expenses of department \$600,000; total membership 425, paid full time; Gamewell alarm; 682 street boxes; 32 engine companies, 9 hook and ladder companies, 3 chemical engine companies. Chief engineer, John Lindsay. (New fire engines, 1 hook and ladder contemplated.)

WATER SUPPLY—Source, Mississippi river; system, pump to reservoir through settling basin and to standpipe; reservoir cap 60,000,000 gals; 2 standpipes; pumping engines, dy cap 178,000,000 gals; 4,500 hydrants; pipe 445, miles, 3 to 48 in dia; 3,939 valves; pressure 5 to 70 pounds; 48,000 taps; Edson pressure recording gauge; works owned by city; cost to construct \$13,000,000; ann expenses \$350,000. Pres board of public works, H. E. Mc-Moth; water com, M. L. Holman.

Salisbury, Chariton Co., population 2,200; fire area 240 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted except in fire limits; no fireworks ordinance. No fire department.

WATER SUPPLY—No waterworks.

Savannah, Andrews Co., population 1,288; mercantile buildings, brick and frame, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, hooks, ladder, buckets, etc; value of fire department equipment \$600; value of buildings occupied \$1,600.*

WATER SUPPLY—Source, elevated tank. Mayor, Isaac H. Williams; city clerk, S. K. Trodsham.*

Sedalia, Pettis Co., population 14,068. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 3,000 ft, inferior 500 ft, rubber good 500 ft; 12 horses; total membership 24, paid full time 12, paid part time 12. Chief engineer, H. Willie.*

WATER SUPPLY—Source, Spring creek and Flat river; system, pumping to standpipes; 2 standpipes, cap 330,000 gals; pumping engines, dy cap 9,500,000 gals; 155 hydrants; pipe 30 miles, 4 to 15 in dia; 75 valves; 300 meters; pressure 60 to 300 pounds; Edson pressure recording gauge; waterworks owned by company; cost to construct \$400,000; ann expenses \$7,000. Supt, S. F. Roscoe. A 300,000,000 gal reservoir will be constructed during the year.*

Sheffield (see Kansas City).

Shelbina, Shelby Co., population 2,000; fire area 3 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,500; bell alarm. Chief engineer, J. C. York.

WATER SUPPLY—Source, 2 wells, 5 cisterna. Town clerk, Wm. Morgan.

Shelbyville, Shelby Co., population 800; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—buckets.

WATER SUPPLY—Source, wells and cisterns. City clerk, J. A. Doyle.

Slater City, Saline Co., population 3,000; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 story; wooden roofs are permitted except in business district; fireworks ordinance; causes of fire investigated. Fire department—10 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$600; total membership 12, paid full time; whistle alarm. Chief engineer, Wm. Hindle.

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; reservoir cap 45,000 gals; 8 hydrants; pipe 4 in dia; waterworks owned by city. Supt. Henry Fogas.

Springfield, Green Co., population 21,850; buildings, private, brick, 2 and 3 stories. Fire department—4 chemical extinguishers, 2 hook and ladder trucks, 4 hose carriages; hose, rubber 2,400 ft, inferior 1,000 ft; 10 horses, value \$1,750; value of fire department equipment \$4,250; total ann expenses of department \$13,090; total membership 58, paid full time 7, paid part time 51; telephone bell alarm. Chief engineers, J. S. Smades and D. F. Ryan.*

WATER SUPPLY—Source, Little See river; system, pumping to reservoirs, tank and direct; 2 reservoirs, cap 5,500,000 gals; pumping engines, dy cap 4,500,000 gals; 206 hydrants; pipe 42 6-10 miles, 18 to 6 in dia; 150 valves; 25 meters; pressure, domestic 50, fire 80 pounds; waterworks owned by company; cost to construct \$375,107; ann expenses \$9,200. Supt. W. C. Hornbeak.*

Tarkio, Atchison Co., population 1,997; fire area 320 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted on new buildings; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$2,000; membership 20, volunteers; bell alarm. Chief engineer, W. L. Salmon.

WATER SUPPLY—Source, wells; system, pumping to standpipe, standpipe cap 50,000 gals; pumping engines, dy cap 1,000,000 gals; 18 hydrants; pipe 8 miles, 4 to 10 in dia; 9 valves; 125 taps; pressure, domestic 60, fire 200 pounds; waterworks owned by company; original cost to construct \$15,000; expenses of construction to date \$25,000; ann expenses \$822. Supt. W. F. Rankin.

Tipton, Moniteau Co., population 1,500; fire area 10 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in business blocks; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft, inferior 200 ft; value of fire department equipment \$1,500; value of buildings occupied \$500; volunteer members; bell alarm. Chief engineer, C. C. Macley.

WATER SUPPLY—Source, wells.*

Trenton, Grundy Co., population 5,039; fire area 930 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 450 ft, inferior 50 ft, rubber good 500 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,500; total ann expenses of department \$1,200; total membership 20, paid full time 1; bell alarm. Chief engineer, G. Heinemann.*

WATER SUPPLY—Source, Grand river and well; system, pumping to standpipe and direct; standpipe cap 175,000 gals; pumping engines, dy cap 2,500,000 gals; 50 hydrants; pipe 5½ miles, 6 to 12 in dia; 18 valves; 200 taps; pressure, domestic 60, fire 130 pounds; waterworks owned by company; cost to construct \$85,000; cost to date \$125,000; ann expenses \$3,000. Supt. W. W. Hubbell.

Warrensburg, Johnson Co., population 6,000; fire area 12 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs are not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 600 ft; 2 horses; volunteer members; bell alarm. Chief engineer, J. E. Morrison.

WATER SUPPLY—A system of waterworks is being put in to be completed this year.

Warrenton, Warren Co., population 664; fire area 100 acres; mercantile buildings, wood and brick, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine; hose, rubber wood 200 ft.*

WATER SUPPLY—Source, cisterns.*

Washington, Franklin Co., population 3,500; fire area 4 miles; buildings, brick, 2 to 5 stories; shingle and iron roofs used; no fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, rubber good 1,000 ft, cotton good 500 ft; value of equipment \$1,500; value of buildings occupied \$1,000; expenses for past year \$250; total membership 34; electric alarm; 3 street boxes. Chief, H. G. Mayn, Jr.

WATER SUPPLY—Source, Missouri river; system, pumping to standpipe through filter and to clear water reservoir; reservoir cap 400,000 gals; standpipe cap 100,000 gals; pumping engines, dy cap 2,000,000 gals; 51 hydrants; pipe 4 miles, 4 to 10 in dia; 15 valves; pressure 80 to 90 pounds; works owned by company; cost to construct \$80,000; ann expenses \$1,700. Mayor, H. D. Hibbeler.

Webb City, Jasper Co., population 5,043; mercantile buildings, brick and stone, 1 and 2 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hose carriages; hose, rubber good 1,400 ft, cotton good 400 ft; value of fire department equipment \$1,250; value of buildings occupied \$10,000; 45 volunteer members; bell alarm; 2 hose companies. Chief engineer, H. Wanner.

WATER SUPPLY—Source, springs, 2½ miles distant; system, pump to standpipe; standpipe cap 250,000 gals; pumping engines, dy cap 2,500,000 gals; 140 hydrants; pipe 20 miles, 4 to 10 in dia; 47 valves; pressure, domestic 40, fire 80 to 90 pounds; 754 taps; works owned by company; cost to construct \$90,000; ann expenses \$14,107. Supt. Geo. H. Bruen.

West Plains, Howell Co., population 3,000; fire area 4 blocks; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted except in fire limits; fireworks ordinance; causes of fire investigated. No fire department—bucket brigade.

WATER SUPPLY—Source, wells and cisterna. Mayor, J. C. Kerby.

Willow Springs, Howell Co., population 2,300; fire area 160 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted except in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 500 ft; value of fire department equipment \$2,000; value of department buildings \$900; total ann expense of department \$400; membership 50, all volunteers; whistle alarm. Chief, S. Snellson.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 61,770 gals; 7 hydrants; pipe 3½ miles, 4 in dia; 3 valves; 55 taps; pressure 45 pounds; works owned by city; original cost to construct \$5,000. Supt. W. Krellow.

Windsor, Henry Co., population 2,500; fire area 1 x 1¼ miles; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 6 chemical extinguishers, 1 hose carriage; hose, linen good 400 ft; value of fire department equipment \$800; value of buildings occupied \$200; total membership 30, volunteer members 30. Chief engineer, J. S. Kelley.

WATER SUPPLY—Source, large cisterna.

Places having a population of 1,000 and upward that have no fire protection: Ash Grove, Greene Co., population 1,350; Bellville Mines, Jasper Co., population 1,174; Dover, Lafayette Co., population 2,342; Glasgow, Howard Co., population 1,781 (Will put in works to cost \$8,000); Harrisonville, Cass Co., population 1,615; Marionville, Lawrence Co., population 1,159; Norborne, Carroll Co., population 1,005; Odessa, Lafayette Co., population 1,272; Polar Bluff, Butler Co., population 2,189; Richmond, Ray Co., population 2,895 (waterworks contemplated); Seneca, Newton Co., population 1,101; Thayer, Oregon Co., population 1,143; Weston, Platte Co., population 1,134.

MONTANA.

Anaconda, Deer Lodge Co., population 3,975; mercantile buildings, stone, brick and wood, 1 to 4 stories; private, brick and wood, 1 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 6 hose carriages, all kinds; hose, cotton good 3,000 ft. rubber good 2,000 ft.; value of buildings occupied \$3,000; total membership 115, paid full time 1; Gamewell alarm; 6 street boxes. Chief engineer, George Elston.

WATER SUPPLY—Source, 2 mountain streams; system, gravity; reservoir cap 8,250,000; 26 hydrants; pipe 11 1-10 miles, 10 to 2 in dia; 324 valves; pressure, domestic 100, fire 115; works owned by company; cost to construct \$100,000; ann expenses \$4,000. Supt, D. F. Hallaban.*

Billings, Yellowstone Co., population 836; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. No fire department.*

WATER SUPPLY—Source, Yellowstone river; system, pumping direct; pumping engines, dy cap 3,500,000 gals; 27 hydrants; pipe 7 1/2 miles, 10 to 4 in dia; 30 valves; 249 taps; pressure, domestic 60, fire 110 pounds; works owned by company; cost to construct \$80,000; to date \$90,000; ann expenses \$4,500. Pres, H. Belknap; supt, H. W. Rowley.

Bozeman, Galatin Co., population 3,500; fire area 400 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 5 hose carriages, 1 hose wagon, coal cart and Silby heater; hose, cotton good 2,400 ft; value of fire department equipment \$12,000; value of buildings occupied \$40,000; total ann expenses of department \$900; total membership 50, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 4 hose companies. Chief, W. G. Alexander.

WATER SUPPLY—Source, mountain streams; system, gravity; 1 reservoir, cap 1,225,000 gals; 62 hydrants; pipe 10 miles, 4 to 12 in dia; 39 valves; pressure, domestic 90 to 110 pounds, fire same; waterworks owned by company. Pres, Chas. M. Barney of New York; supt, A. E. Davidson.

Butte City, Silver Bow Co., population 18,000; fire area 2 sq miles; mercantile buildings, brick, stone and wood, 1 to 5 stories; private, brick, 1 to 3 stories; wooden roofs are not permitted; fireworks ordinance; causes of fire investigated. Fire department—3 chemical engines on wheels, 8 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 1 hose carriage, 2 hose wagons, 1 reel, 1 deluge set, 5 hose carts; hose, rubber good 3,000 ft. inferior 1,500 ft. cotton good 500 ft. inferior 300 ft; 8 hoses, value \$2,000; value of fire department equipment \$31,000; value of buildings occupied \$25,000; total ann expenses of department \$30,000; total membership 75, paid full time 12, volunteer members 63; Gamewell alarm; 32 street boxes. Chief marshal, A. D. Cameron.

WATER SUPPLY—Source, mountain stream; system, gravity in part then pumping direct; reservoir cap 1,000,000,000 gals; pumps, dy cap 2,000,000 gals; 153 hydrants; pipe 50 miles, 3 to 24 in dia; 2,700 taps; pressure, domestic 65 to 180, fire same pounds; waterworks owned by company; expenses of construction to date \$1,250,000. Supt, Eugene Carroll C. E.

Cascade, Cascade Co., population 150; buildings, brick and wood, 1 and 1 1/2 stories; wooden roofs permitted; no fireworks ordinance. No fire department.

WATER SUPPLY—Source, flowing artesian well; system, gravity; reservoir cap 60,000 gals; 1 hydrant; pipe 4 miles; pressure, domestic 60, fire 120 pounds; cost to construct \$7,500.

Castle, Meagher Co., population 200; fire area 40 acres; mercantile buildings, wood and stone, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hooks, 4 ladders and 60 buckets, value \$250; total membership 25, volunteers; bell alarm. Captain, Geo. A. Krieger.

WATER SUPPLY—Source, Boulder creek; system, gravity; reservoir cap 17,000,000 gals; pipe 8

in dia; quality of water good; pressure, domestic 287 ft; works owned by company; cost to construct \$50; ann expenses \$15. Pres, A. M. Holter; supt, H. H. Barnes. Works not completed.

Deer Lodge City, Deer Lodge Co., population 1,478; fire area 25 acres; mercantile buildings, brick, 2 stories; private, wood, 1 1/2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 600 ft. rubber good 600 ft. inferior 600 ft; value of fire department equipment \$3,500; value of buildings occupied \$1,600; total ann expenses of department \$280; membership 28, volunteers; bell alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, W. B. Wiles.

WATER SUPPLY—Source, mountain stream; system, gravity; reservoir cap 218,465 gals; 18 hydrants; pipe 9 miles, 3 to 10 in dia; 36 valves; pressure 60 to 65 pounds; works owned by company; cost to construct \$30,000, to date \$60,000; ann expenses \$1,300. Pres, N. J. Bielenburg; supt, F. S. Davey.

Billon, Beaver Head Co., population 1,012; fire area 10 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, buckets. Chief engineer, Dan T. Chapman.*

WATER SUPPLY—Waterworks contemplated. Mayor, L. C. Fvleril.*

Fort Benton, Choteau Co., population 1,618; fire area 10 acres; mercantile buildings, brick and wood, 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted subject to fire committee; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$7,000; value of buildings occupied \$2,000; total ann expenses of department \$3,000; total membership 25, volunteers; bell alarm. Chief engineer, T. J. Todd.*

WATER SUPPLY—Source, Missouri river; system, direct pumping; pumping engines, dy cap 1,000,000 gals; 26 hydrants; pipe 6 miles; 4 valves; 150 taps; pressure, domestic 40, fire 100 pounds; waterworks owned by company; cost to construct \$52,000; ann expenses \$3,000. Supt, Geo. M. Ullrich.

Fort Keogh, Custer Co., population 614; fire area 300 acres; mercantile buildings, wood, 2 stories; private, wood, 1 and 1 1/2 stories; wooden roofs permitted; military fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, cotton good 600 ft. rubber 150 ft. Post quartermaster, Robt. N. Getty.

WATER SUPPLY—Source, Yellowstone river; system, direct pumping; 1 reservoir, cap 10,800 gals; 9 cisterns, cap 95,000 gals; pumping engines, dy cap 500,000 gals; 13 hydrants; pipe 2 1/2 miles, 4 and 6 in dia; pressure, domestic 40, fire 90 to 150 pounds; waterworks owned by U. S. Government. Supt, Robt. N. Getty.

Glendale, Beaverhead Co., population 371; fire area 250 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 hose carriages; hose, rubber good 1,000 ft. inferior 500 ft. linen good 300 ft; bell alarm.*

WATER SUPPLY—Source, Trapper creek; system, gravity; 24 hydrants; pipe 1/2 mile, flume 140 ft fall. Clerk, E. Harrison.*

Granite, Deer Lodge Co., population 1,310; fire area 10 acres; mercantile buildings, wood, 2 stories; private, wood, 1 story; shingle roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage, 1 hose wagon, hooks, ladders and buckets; hose, cotton good 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$100; total ann expenses of department \$110; membership 100, volunteers; bell alarm; 2 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, Thomas Trevaile.

WATER SUPPLY—Source, Fred Burr lakes; system, gravity; cap of tanks 200,000 gals; 10 hydrants; pipe 3, 4 and 6 in dia; quality of water pure; pressure 60 pounds; works owned by com-

pany; cost to construct \$30,000. Pres, Wm. D. Dodds.*

Great Falls, Cascade Co., population 12,000; fire area 1,800 acres; fire limits 2,300 ft x 2,300 ft; mercantile buildings, stone, brick and some wood, 3 stories; private, wood and brick, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages, all kinds, 1 hose wagon; hose, cotton good 3,500 ft, rubber good 1,300 ft, inferior 150 ft; 2 horses, value \$500; value of fire department equipment \$10,000; value of buildings occupied \$4,000; total ann expenses of department \$8,075; total membership 65, paid full time 5, volunteer members 60; Gamewell alarm; 10 street boxes; 1 hook and ladder company, 6 hose companies. Chief engineer, James Burns.

WATER SUPPLY—Source, Missouri river; system, pumping direct; pumping engines, dy cap 3,500,000 gals; hydrants 247; pipe 24 7-10 miles, 4 to 14 in dia; 64 valves; taps 187; galv iron service pipe used; pressure, domestic 95, fire 125 pounds; waterworks owned by company; original cost to construct \$87,500; expenses of construction to date \$300,000; ann expenses \$12,000; int on bonds \$7,930. Pres of com, L. G. Phelps; supt, secy and treas, E. W. King.

Helema, Lewis and Clarke Co., population 14,000; fire area 250 acres; buildings, brick, stone and wood, 1 to 5 stories; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 1 chemical engine, 5 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 6 hose carriages, 1 hose wagon, slamese couplings used; hose, cotton good 4,500 ft, rubber good 2,400 ft, inferior 850 ft; 10 horses, value \$1,800; value of fire department equipment \$18,000; value of buildings occupied \$16,000; total ann expenses of department \$9,000; total membership 54, paid full time 9, remainder paid part time 20; Gamewell alarm; 34 street boxes. Chief engineer, C. F. McKinnon.

WATER SUPPLY—Source, springs and 10 miles creek; system, gravity; 2 reservoirs of 5,000,000 gals each in city; reservoir 100,000,000 gals in mts; 275 hydrants; pipe 65 miles, 20 to 6 in dia; 300 valves; 310 meters; 4,200 taps; pressure 75 to 100 pounds; waterworks owned by company; cost to construct \$1,500,000; ann expenses \$14,000; int on bonds \$63,000. Supt, Frank J. Stever.

Kaliapel, Flathead Co., population 2,500; fire area 220 acres; mercantile buildings, stone, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs are not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,400 ft; value of fire department equipment \$2,800; value of buildings occupied \$2,500; total ann expenses of department \$3,300; total membership 44, paid full time; bell alarm. Chief engineer, J. B. Gibson.

WATER SUPPLY—Source, river and wells; system, pumping to standpipe and direct; standpipe 16 x 120 ft; pumping engines, dy cap 1,000,000 gals each; 70 hydrants; pipe 6 miles, 4 to 10 in dia; 23 valves; pressure, domestic 65, fire 120 pounds; waterworks owned by company; cost to construct to date \$150,000; ann expenses \$5,500. Supt, W. B. Green.

Livingston, Gallatin Co., population 4,000; fire area 12 blocks; mercantile buildings, brick and stone, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 3,000 ft; 1 horse, value \$200; value of fire department equipment \$3,000; value of buildings occupied \$1,000; membership 9, paid full time 1. City marshal, Wm. Marshall.

WATER SUPPLY—Source, Yellowstone river; system, pumping to reservoir, cap 4,000,000 gals; pumping engines, dy cap 11,000,000 gals; hydrants 49; pipe 6 miles, 13 to 4 in dia; 30 valves; 350 taps; pressure, domestic 80, fire 140 pounds; works owned by company; cost to construct \$70,000; ann expenses \$10,000. Pres, W. J. Anderson; supt, E. C. Rosa.

Miles City, Custer Co., population 956; fire area 52 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—1 hook and ladder truck; hose, rubber good 1,000 ft; value of fire department equipment \$300; total membership 25, volunteers; gun alarm. Chief engineer, Louis King.*

WATER SUPPLY—Source, wells; system, pump direct; pumping engines, dy cap 1,000,000 gals; hydrants 27; pipe 4 miles, 1 to 8 in dia; valves 8; pressure, domestic 30, fire 110 to 150 pounds; works owned by company; cost to construct \$18,000, to date \$30,000. Supt, B. Ullman.

Missoula, Missoula Co., population 3,426; fire area 175 acres; mercantile buildings, brick and stone, 2 to 4 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, linen good 3,000 ft; 3 horses, value \$700; value of fire department equipment \$8,000; value of buildings occupied \$12,000; total ann expenses of department \$2,000; total membership 38, volunteers, paid full time 1; whistle alarm; 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, J. R. Hejline.*

WATER SUPPLY—Source, Rattlesnake creek; system, gravity; reservoir cap 125,000 gals; 48 hydrants; pipe 10 miles, 2 to 12 in dia; 100 valves; pressure 65 pounds; 800 taps; waterworks owned by company; cost to construct \$150,000; ann expenses \$4,000. Supt, Alfred Cave.

Neihart, Meagher Co., population 1,500; fire area 1,000 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roof are permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hose carriages, all kinds, 2 extension ladders; hose, rubber good 1,000 ft; value of fire department equipment \$1,600; value of buildings occupied \$300; total ann expenses of department \$100; total membership 42, volunteers; bell alarm. Chief engineer, Chas. Crawford.

WATER SUPPLY—Source, creek; system, gravity; hydrants 35; pipe 2 miles, 13 in dia; 5 valves; quality of water spring; pressure 35 to 130 pounds; waterworks owned by company; original cost to construct \$45,000; ann expenses \$1,000. Pres, Thomas E. Brady.

Phillipsburg, Deer Lodge Co., population 2,000; fire area 4 blocks; mercantile buildings, brick and wood, 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, rubber good 400 ft, inferior 100 ft; membership 32, volunteers; bell alarm; 1 fire company. Chief, Dr. S. A. Brown.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 149,928 gals; 15 hydrants; pipe 4 miles, 8 to 1 in dia; 6 valves; pressure 75 to 175 pounds; waterworks owned by company; cost to construct \$37,000; ann expenses \$200. Supt, Jno. Kaiser.

Walkerville, Silver Bow Co., population 1,743; fire department—1 hose carriage; hose, cotton good 1,000 ft; total membership 27, volunteers.

WATER SUPPLY—Source, springs; system, gravity; 3 reservoirs, cap 8,717,000 gals; mains 4 to 6 in dia; pressure 75 to 110 pounds.

NEBRASKA.

Ainsworth, Brown Co., population 733; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance. No fire department.*

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; standpipe cap 41,000 gals; pumping engines, dy cap 400,000 gals; 10 hydrants; pipe 1½ miles, 6 to 8 in dia; quality of water good; pressure, domestic 40, fire 150 pounds; works owned by village. Cost to construct \$9,000.*

Albion, Boone Co., population 1,000; fire area 1 mile sq; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$1,500; value of buildings occupied \$150; total ann expenses of department \$300; total membership 50, volunteers; bell alarm. Chief engineer, Fred McElliot.

WATER SUPPLY—Source, well; system, pumping to reservoir; reservoir cap 55,000 gals; pumping engines, dy cap 575,000; 10 hydrants; pipe 2 miles, 4 and 6 in dia; pressure, domestic 60, fire 120 pounds; waterworks owned by town; cost to construct \$9,000; ann expenses \$200. Supt, E. M. Morehead.

Alliance, Boxbutte Co., population 1,600; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—120 gal chemical extinguisher, 1 hook and ladder truck; value of fire department equipment \$550; value of buildings occupied \$250; total membership 20, all volunteers. Chief engineer, John Seaton. (Contemplated, 1 hose cart and hose.)

WATER SUPPLY—Source, wells. (Will put in a system to cost \$17,000 this year.) Mayor, F. W. Smith.

Ashland, Saunders Co., population 1,601; fire area 2 miles; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—12 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,000 ft; value of fire department equipment \$2,000; total membership 60, volunteers; bell alarm. Chief engineer, John H. Granger.

WATER SUPPLY—Source, wells; system, pump to reservoir, cap 65,000 gals; pumping engines, dy cap 576,000 gals; 28 hydrants; pipe 4½ miles, 4, 6 and 8 in dia; 15 valves; pressure 50 pounds; works owned by city; cost to construct \$18,000; ann expenses \$1,400; int on bonds 6 per cent. Supt, L. E. Snell.*

Atkinson, Holt Co., population 701; fire area 4 acres; mercantile buildings, wood, 2 stories; private, wood, 1 and 1½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, cotton good 250 ft, rubber good 500 ft; value of fire department equipment \$1,325; value of buildings occupied \$200; total ann expenses of department \$291.90; total membership 24, volunteers; bell alarm; 1 fire company. Chief, O. H. Walrath.

WATER SUPPLY—Source, Godfrey system of wells; system, pumping to standpipe; standpipe cap 44,000 gals; pumping engines, dy cap 500,000 gals; 8 hydrants; pipe ¾ mile, 8 to 4 in dia; 5 valves; 26 taps; pressure, domestic 30, fire 100 pounds; works owned by village; cost to construct \$7,000. Supt, A. D. Havens.

Auburn, Nemah Co., population 2,500; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are not permitted; fireworks ordinance; causes of fire investigated. No organized fire department—1 hook and ladder truck, 1 doz buckets.

WATER SUPPLY—Will put in waterworks to cost \$17,000. Chairman of com, D. E. C. Long.

Aurora, Hamilton Co., population 2,000; mercantile buildings, wood and brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriage; hose, linen good 350 ft, rubber good 800 ft; total membership 45, volunteers; bell and whistle alarm; 1 hook and ladder company, 2 hose companies. Chief, L. W. Shuman.

WATER SUPPLY—Source, wells; system, pumping to reservoir, standpipe and direct; reservoir cap 93,000 gals; standpipe cap 63,000 gals; 2 pumping engines, dy cap 750,000 gals, and 450,000 gals; 30 hydrants; pipe 4½ miles, 4 to 10 in dia; 19 valves; pressure, domestic 40, fire 100 pounds; waterworks owned by city; cost to construct \$32,000; int on bonds 6 per cent. Supt, H. G. Cass.*

Beatrice, Gage Co., population 16,000; fire area 1,000 acres; mercantile buildings, stone and brick, 2, 3 and 4 stories; private, stone, brick and wood 1, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, all kinds; hose, cotton good 2,500 ft, rubber good 1,000 ft; value of fire department equipment \$7,000; total ann expenses of department \$700; total membership 150, volunteers; telephone, bell and whistle alarm; 5 fire companies, 1 engine company, 1 hook and ladder company, 5 hose companies. Chief engineer, John L. Schiek.

WATER SUPPLY—Source, Big Blue river and

Godfrey well system; system, direct; pumping engines, dy cap 5,000,000 gals; 121 hydrants; pipe 18 miles, 4 to 18 in dia; 100 valves; 700 taps; pressure, domestic 60, fire 125 pounds; waterworks owned by city; cost to construct \$30,000, to date \$135,000; ann expenses \$3,800. Supt, Geo. E. Hawkins.

Blair, Gage Co., population 3,000; fire area 240 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,500 ft, inferior 1,000 ft; value of fire department equipment \$1,300; value of buildings occupied \$1,800; total membership 50, volunteers; bell and electric alarm; 4 boxes; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, Geo. Sutherland.

WATER SUPPLY—Source, wells; system, pump to reservoir, cap 600,000 gals; pumping engines, dy cap 800,000 gals; 29 hydrants; pipe 4 miles, 4, 6 and 8 in dia; 9 valves; 8 meters; pressure, domestic 110, fire 200 pounds; works owned by city; cost to construct \$20,000; ann expenses \$2,000. Pres of com, William Kelley.*

Blue Hill, Webster Co., population 796; fire area 280 acres; mercantile buildings, brick, 1 story; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,000 ft; value of fire department equipment \$1,800; value of buildings occupied \$600; membership 34, volunteers; bell alarm. Chief engineer, E. Bishop.

WATER SUPPLY—Source, well; system, pumping to standpipe; cap 93,000 gals; dy cap of pumps 30,000 gals; 19 hydrants; 1½ miles of pipe 8 to 4 in dia; 12 valves; 60 taps; pressure 45 pounds; works owned by city; cost to construct \$10,000; cost to date \$12,500; ann expenses \$1,000. Supt, G. E. Conrad.

Broken Bow, Custer Co., population 2,000; fire area 4 blocks; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 800 ft; value of fire department equipment \$1,250; value of buildings occupied (owned by city and leased) \$400; total membership 20, volunteers; 1 hose company. Foreman, J. J. Orabla.

WATER SUPPLY—Source, wells, system, pump to reservoir, cap 1,000,000 gals; pumping engines, dy cap 1,000,000 gals; 43 hydrants; pipe 4½ miles, 4 to 10 in dia; 200 taps; pressure, domestic 50, fire 100 pounds; waterworks owned by company; cost to construct to date \$43,000; ann expenses \$4,000. Pres, John Reese; supt, Frank H. Young.

Central City, Merreck Co., population 2,000; fire area 6 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 800 ft; value of fire department equipment \$2,200; value of buildings occupied \$500; ann expenses \$225; total membership 40, volunteers; bell alarm. Chief engineer, J. W. Porter.

WATER SUPPLY—Source, 16 wells; system, pumping to standpipe and direct; standpipe cap 100,000 gals; pumping engines, dy cap 1,000,000 gals; 31 hydrants; pipe 3½ miles; 10 valves; 100 taps; pressure, domestic 60, fire 125 pounds; works owned by village; cost to construct \$30,000; cost to date \$35,000; ann expenses \$1,000. Supt, N. H. Baldwin.

Chadron, Dawes Co., population 3,100; fire area 6 blocks; mercantile buildings, brick, stone and wood, 1 to 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine (not in use), 1 hook and ladder truck, 3 hose carts; hose, cotton good 1,800 ft, inferior 100 ft, rubber good 500 ft; value of buildings occupied \$3,400; value of department \$500; total membership 25, paid full time 1, paid part time 24; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, L. A. Dorrington.

WATER SUPPLY—Source, Chadron creek system, gravity; reservoir cap 500,000 gals; pumping engines, dy cap 500,000 gals; 34 hydrants; pipe 11 miles, 4 to 8 in dia; 27 valves; pressure 100 pounds; waterworks owned by city; cost to construct \$45,000.

000; cost to date \$70,000; ann expenses \$1,250. Com. James Boyd; supt. P. C. Poll.*

Columbus, Platte Co., population 3,500; mercantile buildings, brick, and wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 1,800 ft, inferior 40 ft, cotton good 600 ft; value of fire department equipment \$3,500; value of buildings occupied \$800; total membership 85, volunteers; bell alarm. Chief engineer, Louis Schwarz.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe and direct; standpipe cap 84,000 gals; pumping engines, dy cap 2,000,000 gals; 40 hydrants; pipe 6 miles, 10, 8, 6, 4 in dia; 27 valves; 150 taps; pressure, domestic 40, fire 100 pounds; works owned by city; cost to construct \$35,000; cost to date \$38,000; ann expenses \$2,000. Supt. C. Schroeder.

Crawford, Daws Co., population 1,400; fire area 80 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$3,000; total membership 35, volunteers; bell alarm; 2 fire companies, 1 hook and ladder company, 1 hose company. Chief engineer, George Uhl.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 300,000 gals; 15 hydrants; pipe 3½ miles, 8 in dia; 100 taps; pressure, domestic 75 pounds, fire same; waterworks owned by city; original cost to construct \$30,000; ann expenses \$50. L. Van Voorhis, water commissioner.

Crete, Saline Co., population 2,310; fire area 6 blocks; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hose cart; hose, rubber good 700 ft; value of fire department \$1,000; value of buildings occupied \$100; total ann expenses \$125; total membership 21, volunteers; bell alarm. Foreman, C. E. Beavers.*

WATER SUPPLY—Source, creek system of wells; system, pumping to reservoir; reservoir cap 1,050,000 gals; pumping engines, dy cap 1,000,000 gals; 51 hydrants; pipe 5 miles, 4 to 10 in dia; 23 valves; 300 taps; pressure, domestic 65, fire 65 to 125 pounds; waterworks owned by city; cost to construct \$55,000; ann expenses \$1,340. Supt. S. H. Swayne.

Culbertson, Hitchcock Co., population 460; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; bell alarm.*

WATER SUPPLY—Source, 2 tube wells; system, pumping to tank; cap 95,000 gals; hydrants 8; pipe 1 mile, 4 to 6 in dia; works owned by village; cost to construct \$6,500. Pres. S. E. Solomon; supt. W. D. Wildman.*

David City, Butler Co., population 2,028; fire area 500 acres; buildings, wood, 1 story; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck; hose, rubber good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total ann expenses of department \$50; total membership 75, volunteers. Chief engineer, John R. Townsend.*

WATER SUPPLY—Source, 2 Cook wells; system, pumping to standpipe; standpipe cap 85,000 gals; pumping engines, dy cap 200,000 gals; 26 hydrants; pipe 4 miles; 25 valves; 95 taps; pressure, domestic 40, fire 100 pounds; waterworks owned by city; cost to construct \$23,000; to date \$27,000; ann expenses \$1,500. int on bonds 5 per cent. Supt. A. J. West.

Edgar, Clay Co., population 1,600; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 350 ft, poor 150 ft;

membership 22, volunteers; bell alarm. Chief engineer, Geo. Ula.

WATER SUPPLY—Source, well; system, pumping to standpipe; hydrants 14; pipe 1 mile; 1 meter; quality of water good; waterworks owned by city; original cost to construct \$14,000; int on bonds 6 per cent. Supt. Thos. Harrison.

Fairbury, Jefferson Co., population 4,500; fire area 1 sq mile; mercantile buildings, iron, brick and stone, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, hand grenades; hose, rubber good 900 ft, inferior 100 ft, cotton good 200 ft; value of fire department equipment \$2,200; value of buildings occupied \$5,000; membership 50; telephone alarm. Chief engineer, E. E. Howell.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe; pumping engines, dy cap 3,000,000 gals; 33 hydrants; pipe 6 miles, 4 to 10 in dia; 28 valves; 23 meters; pressure, domestic 70, fire 125 pounds; cost to construct \$40,000; ann expenses \$2,700. Supt. E. D. Russell.*

Fairfield, Clay Co., population 2,000; fire area 10 or 12 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 4 or 5 chemical extinguishers, 1 hose carriage, hand grenades; hose, rubber good 600 ft; value of fire department equipment \$1,600; buildings occupied are rented; total ann expenses of department \$200; total membership 33; paid part time 1, volunteers 32; bell alarm; new fire department buildings contemplated. Chief engineer, K. I. Willis.

WATER SUPPLY—Source, cisterns; cap nearly 400 bbls each; cost to construct \$700; ann expenses \$40. Supt. K. I. Willis.

Fairmont, Fillmore Co., population 1,000; fire area 10 acres; mercantile buildings, brick and wood, 1½ and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 800 ft, inferior 100 ft; value of department equipment \$1,500; value of buildings \$100; total membership 30, volunteers. Chief engineer, Joseph Brenckle.

WATER SUPPLY—Source, wells; system, pumping to tank; cap 2,500 bbls; 15 hydrants; pipe 1,500 ft, 6 and 4 in; 2 valves; pressure 40 pounds.

Fall City, Richardson Co., population estimated 3,000; fire area 5 acres; mercantile buildings, brick and stone, 1 to 3 stories; private, wood and brick, 1 and 2 stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; 1,000 ft cotton hose; value of fire department equipment \$1,000; value of buildings occupied \$300; total membership 50, volunteers. Chief engineer, L. P. Husten.

WATER SUPPLY—Source, wells; system, pumping to reservoir; standpipe and direct; reservoir cap 180,000 gals; standpipe cap 85,000 gals; pumping engines, dy cap 1,000,000 gals; 35 double hydrants; pipe 3½ miles, 4 to 8 in dia; 11 valves; pressure, domestic 60, fire 150 to 100 pounds; waterworks owned by city; cost to construct \$34,000; ann expenses \$4,000. Supt. A. E. Gautt.

Fremont, Dodge Co., population 6,747; fire area 250 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,800 ft, inferior 300 ft, cotton good 750 ft; value of fire department equipment \$5,000; value of 2 buildings occupied \$10,000; total membership 143, volunteers; electric alarm; 10 street boxes. Chief engineer, F. E. Cummings.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe; cap 170,000 gals; pumping engines, dy cap 2,250,000 gals; 86 hydrants; pipe 15 miles, 4 to 8 in dia; 81 valves; 450 taps; pressure, domestic 45, fire 120 pounds; waterworks owned by city; cost to construct \$85,000; ann expenses \$2,800. Commissioner, Fred Biles.

Friend, Salem Co., population 2,000; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire in-

vestigated. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$5,000; total ann expenses of department \$200; total membership 50, volunteers; bell alarm. Chief engineer, Frank Seibert.

WATER SUPPLY—Not reported.

Geneva, Filmore Co., population 2,000; fire area 640 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits. Fire department—2 hose carriages, 1 hose wagon; hose, rubber good 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$100; total ann expenses of department \$85; total membership 17, volunteers; bell alarm; 2 hose companies. Foreman, H. F. Mohrman.

WATER SUPPLY—Source, 2 Cook wells; system pumping to standpipe; 23 hydrants; pipe 3 miles; cost to construct \$25,000. City clerk, J. D. Hamilton.*

Gemona, Nance Co., population 793; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine.*

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 100,000 gals; 11 hydrants; pipe 1.20 miles; quality of water good; pressure 75 pounds; works owned by city; cost to construct \$9,000; ann expenses \$350; int on bonds 7 per cent. Commissioner, M. V. Moody.*

Gibbon, Buffalo Co., population 646; fire area 1-4 x 1-4 mile; mercantile buildings, wood, 2 stories; private, wood, 10 to 14 ft; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 25 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft; value of fire department equipment \$1,200; value of buildings occupied \$500; ann expenses \$200; total membership 88, volunteers; bell alarm; 3 fire companies, 1 engine company, 1 hose company, 1 hook and ladder company. Chief engineer, L. J. Babcock.

WATER SUPPLY—Wells proposed. City clerk, I. A. Kirk.*

Grand Island, Hall Co., population 7,536; fire area 1,000 acres; mercantile buildings, brick, iron and wood, 2 to 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 5 hose carriages; hose, rubber good 5,000 ft, inferior 2,000 ft; value of fire department equipment \$12,000; value of buildings occupied \$10,000; total ann expenses of department \$2,500; total membership 150, volunteers; electric alarm; 9 street boxes; 5 fire companies; 1 hook and ladder company, 4 hose companies. Chief engineer, Peter Heintz.*

WATER SUPPLY—Source from 2-inch drive wells; system, pumping to standpipe and direct; standpipe cap 85,000 gals; pumping engines, dry cap 1,000,000 gals each; 72 hydrants; pipe 18 miles, 4 to 10 in dia; 46 valves; 12 meters; 484 taps; pressure, domestic 45, fire 125 pounds; works owned by city; cost to construct \$70,000; ann expenses \$500. Supt, A. H. Witthelm.*

Grant, Perkins Co., population 450; fire area 1/2 sq mile; mercantile buildings, wood, 1 and 1 1/2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; value of apparatus \$500; value of fire department buildings \$100; ann expenses \$50; 14 volunteer members; bell alarm. Chief engineer, H. D. Alford.

WATER SUPPLY—Source, well; system, pumping to standpipe and direct; reservoir cap 50,000 gals; standpipe cap 98,000 gals; pumps, dry cap 250,000 gals; 15 hydrants; pipe 3 miles, 4 in dia; 10 valves; 78 taps; pressure, domestic 40, fire 80 pounds; works owned by company; cost to construct \$20,000. Supt, F. W. Scofield.

Harvard, Clay Co., population 1,200; fire area 8 blocks; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,100 ft, poor 100 ft; value of fire department equipment \$2,500; value

of buildings occupied \$400; total membership 60, volunteers; bell alarm; 2 fire companies. Chief engineer, C. D. Moore.

WATER SUPPLY—Source, tank.

Hastings, Adams Co., population 14,000; fire area 2 miles sq; fire limits 4x8 blocks; mercantile buildings, brick, stone and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 1 hose carriage, 3 hose wagons; hose, rubber good 2,400 ft, inferior 600 ft; 3 horses, value \$900; value of fire department equipment \$5,500; value of buildings occupied \$7,000; total ann expenses of department \$4,000; total membership 25, paid full time 4, paid part time 21; telephone alarm. Chief engineer, Jno. W. Houseman.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 250,000 gals; pumping engines; 100 hydrants; pipe 25 miles, 4 to 20 in dia; 2 meters; 1,000 taps; pressure, domestic 62 pounds; waterworks owned city; original cost to construct \$115,000; ann expenses \$12,000. Chairman of com, M. L. McWhinney.

Hebron, Thayer Co., population 1,600; fire area 100 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, hose, rubber good 600 ft; value of fire department equipment \$1,000; value of buildings occupied \$200; total ann expenses of department \$50; total membership 50, volunteers; bell and whistle alarm; 2 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, W. D. Lalbrauth.*

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 84,000 gals; pumping engines, dry cap 1,000,000 gals; 34 hydrants; pipe 2 1/2 miles; quality of water good; pressure, domestic 60, fire 125 pounds; works owned by city; cost to construct \$25,000. Chairman of com, W. D. Lalbrauth.*

Heldrege, Phelps Co., population 3,000; fire area 20 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,500 ft; value of fire department equipment \$3,000; value of buildings occupied \$5,000; total ann expenses of department \$50; total membership 58, volunteers; bell alarm. Chief engineer, J. E. Austin.*

WATER SUPPLY—Source, wells; system, pumping to reservoir, standpipe and direct; 58 hydrants; pipe 4 miles.*

Hooper, Dodge Co., population 900; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 800 ft; value of fire department equipment \$1,600; value of buildings occupied \$1,000; total ann expenses of department \$100; total membership 56, volunteers; bell alarm; 2 fire companies, 1 hook and ladder company, 1 hose company. Chief engineer, Fred F. Hain.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 35,000 gals; pumping engines, dry cap 10,000 gals; 10 hydrants; pipe 1 mile, 6 and 4 in dia; 6 valves; 40 taps; pressure, domestic 52, fire 100 pounds; waterworks owned by city; original cost to construct \$5,400; expenses of construction to date \$54,000; ann expenses \$400. Chairman of com and mayor, E. W. Rankin.*

Humboldt, Richardson Co., population 2000; fire area 12 blocks sq; buildings, brick and wood, 1 and 2 stories; wooden roofs not permitted. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 400 ft; value of fire department equipment \$1,000; value of buildings occupied \$500; total membership 30, volunteers; bell alarm. Chief engineer, Jas. B. Davis.

WATER SUPPLY—Source, wells and cisterns; waterworks contemplated. Mayor, O. A. Cooper.

Indianola, Red Willow Co., population 1,100; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs

are permitted; fireworks ordinance. No fire department, but subject is being agitated.

WATER SUPPLY—Waterworks contemplated.

Kearney, Buffalo Co., population 8,074; fire area 3,250 acres; mercantile buildings, stone and brick, 2 to 5 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 2,800 ft; 2 horses, value \$400; value of fire department equipment \$5,800; value of buildings occupied \$25,000; total ann expenses of department \$1,500; total membership 160; Gamewell alarm; 10 street boxes. Chief engineer, John Wilson.

WATER SUPPLY—Source, wells; system, pumping direct; pumping engines, dy cap 3,000,000 gals; 148 hydrants; pipe 22 miles, 14 to 6 in dia; 23 valves; 26 meters; pressure, domestic 35, fire 90 to 100 pounds; waterworks owned by company. Pres. J. H. Purdy; supt, J. R. Ellis.*

Lexington, Dawson Co., population 1,800; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$2,000; total membership 45, volunteers; bell and whistle alarm. Chief engineer, W. Hamilton.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 100,000 gals; pumping engines, dy cap 500,000 gals; 37 hydrants; pipe 4½ miles, 10, 6 and 4 in dia; 12 valves; pressure, domestic 50, fire 125 pounds; works owned by city; original cost to construct \$35,000; expenses of construction to date \$25,000; ann expenses \$2,000. Supt, Joseph Mutchie.*

Lincoln, Lancaster Co., population 61,000; fire area 198 acres; mercantile buildings, brick and stone, 3 to 7 stories; private, wood and brick, 1 to 2½ stories; wooden roofs not permitted; stringent fireworks ordinance. Fire department—2 steam fire engines, 2 double-tank chemical engines on wheels, 8 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages, 1 hose wagon, 1 supply wagon; hose, cotton good 7,000 ft, poor 2,000 ft, rubber poor 1,000 ft; 17 horses, value \$3,400; value of fire department equipment \$27,900; value of buildings and real estate \$45,000; total ann expenses of department \$39,000; total membership 27, paid full time; New Gaylor alarm system, 40 street boxes; 2 steam fire engine companies, 2 chemical engine companies, 1 hook and ladder company, 3 hose companies. Chief engineer, Robert Malone. (Proposed additions: 2,000 ft hose, chemical combination hose wagon and steamer.)

WATER SUPPLY—Source, 2 wells; system, pumping to standpipe and direct; standpipe cap 500,000 gals; pumping engines, dy cap 3,000,000 gals; 336 hydrants; pipe 40 miles, 4 to 16 in dia; 210 valves; 2,700 taps; pressure, domestic 45, fire 125 pounds, works owned by city; cost to construct \$300,000; ann expenses \$35,000. Supt, J. W. Percival.

Long Pine, Brown Co., population 750; fire area 100 acres; buildings, brick and wood, 1 and 2 stories; shingle roofs principally; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, rubber good 500 ft; value of equipment \$2,500; value of buildings occupied \$250; volunteer members 25. Chief, D. O. Vaughn.

WATER SUPPLY—Source, Silver springs; system, pump to tank; cap 70,000 gals; pipe 2½ miles, 6 and 4 in dia; hydrants 12; works owned by city; cost to construct \$10,000; cost to date \$12,000; ann expenses \$1,000. Supt, D. O. Vaughn.

Loup City, Sherman Co., population 900; fire area 40 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ and 2½ stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 800 ft, poor 200 ft; value of department equipment \$1,400; value of buildings occupied \$300; membership 25, volunteers; bell alarm. Chief, C. L. Drake.

WATER SUPPLY—Source, 3 driven wells; system, pump to reservoir and direct; dy cap 300,000 gals; pipe 2 miles; hydrants 13; pressure 40 to 100 pounds; cost to construct \$12,000.*

McCook, Red Willow Co., population 3,000; fire area 15 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories, wooden roofs not permitted in fire limits. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft, rubber good 1,200 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total membership 50, volunteers; electric bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, J. H. Dwyer.*

WATER SUPPLY—Source, 5 wells; system, pumping to standpipe, cap 275,000 gals; pumping engines, dy cap 1,000,000 gals; 30 hydrants; pipe 10½ miles, 3 to 12 in dia; 47 gates; 361 taps; pressure 40 to 200 pounds. Supt, C. H. Meeker.

Madison, Madison Co., population 2,346; fire area 168 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 650 ft, rubber inferior 200 ft, value of equipment \$1,000; value of buildings occupied \$500; total membership 36, volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, James W. Maguinness.

WATER SUPPLY—Source, wells; system, pump to reservoir; dy cap 65,000 gals; pumping engines, cap 10,000 gals per hour; 23 hydrants; pipe 2½ miles, 4, 6, 8 in dia; 17 valves; 135 taps; pressure, domestic 45, fire 55 pounds; waterworks owned by city; cost to construct \$13,500; ann expenses \$1,800. Supt, J. G. Cleveland.

Mason City, Custer Co., population 450; fire area 160 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 300 ft. Chief, H. L. Crosby.

WATER SUPPLY—Source, driven wells; system, pumping direct and to tanks; cap 36,000 gals; 6 hydrants; pipe 15,000 ft; 25 taps; works owned by village; cost to construct \$2,000. Supt, H. L. Crosby.

Mindeu, Kearney Co., population 2,500; fire area 320 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$100; total membership 51, volunteers; whistle alarm; fire companies 3. Chief engineer, Geo. Harding.

WATER SUPPLY—Source, wells; system, pump to standpipe, cap 93,000 gals; pumping engines, dy cap 30,000 gals; 54 hydrants; pipe 4½ miles, 4, 6 and 8 in dia; 28 valves; 275 taps; pressure, domestic 50, fire 120 pounds; waterworks owned by city; cost to construct \$25,000; ann expenses \$1,250. Supt, Jas. Robison.

Nebraska City, Otoe Co., population 11,494; fire area 700 acres; buildings, brick, 1 to 4 stories; causes of fire investigated. Fire department—1 steam fire engine, 10 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; alarm bells couplings used; hose, rubber good 3,200 ft; 3 horses; value of fire department equipment \$12,500; total ann expenses of department \$4,000; total membership 75, paid full time 5, paid part time 10, volunteers 60. Chief engineer, M. Bauer.*

WATER SUPPLY—Source, Missouri river; system, pumping to standpipe through settling basin and filter; standpipe cap 100,000 gals; reservoir cap 200,000 gals; pumping engines, dy cap 800,000 gals; 81 hydrants; pipe 9 miles, 4 to 12 in dia; 65 valves; 40 meters; pressure, domestic 100, fire 160 pounds; waterworks owned by company; cost to construct \$180,000; ann expenses \$8,000. Manager, D. P. Rolfe.

Nelligh, Antelope Co., population 1,800; fire area 400 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 hook and ladder trucks, 2 hose carts; hose, cotton good 1,000 ft; value of fire department equipment \$1,500; value of buildings occupied \$1,000; total ann expenses of department \$250; total membership 30, paid part time; bell alarm. Chief engineer, G. Egbert.

WATER SUPPLY—Source, Elkhorn river; sys

tem, pump to tank, cap 55,000 gals; pumping engines, dy cap 250,000 gals; 33 hydrants, pipe 4½ miles, 3, 4 and 6 in dia; 13 valves; 20 meters; pressure, domestic 75, fire same pounds; water-works owned by city; cost to construct \$17,500; ann expenses \$1,250. Supt, A. E. Barnum.*

Norfolk, Madison Co., population 4,500; fire area 4 miles sq; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, rubber good 2,400 ft; value of fire department equipment \$5,000; value of buildings occupied \$4,500; ann expenses \$350; total membership 140, volunteers; bell alarm; 5 fire companies. Chief engineer, C. E. Doughty.*

WATER SUPPLY—Source, artesian wells and Elkhorn river when necessary; system, pumping to standpipe; standpipe cap 100,000 gals; pumping engines, dy cap 2,000,000 gals; 77 hydrants; pipe 7 miles, 4 to 12 in dia; 25 valves; 170 taps; pressure, domestic 75 to 80 pounds fire same; waterworks owned by city; cost \$40,000, to city, to construct \$70,000; ann expenses \$1,600. Supt, C. C. Voohees.

North Bend, Dodge Co., population 1300; fire area ½ x 1 mile; buildings, brick and wood, 1 and 2 stories. Fire department—1 horse-power engine, 1 chemical engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 600 ft; value of fire department equipment \$4,000; value of buildings occupied \$3,500; total membership 50, volunteers; bell alarm. Chief engineer, Chas. A. Hunt.

WATER SUPPLY—Source, cisterns.

North Platte, Lincoln Co., population 3,055; fire area 1 mile sq; buildings, wood and brick, 1 and 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,600 ft; value of fire department equipment \$4,000; value of buildings occupied \$1,500; total ann expenses of department \$300; total membership 90, volunteers; bell and electric alarm; 4 street boxes. Chief, John McCabe.*

WATER SUPPLY—Source, driven wells and North Platte river; system, direct pumping; pumping engines, dy cap 2,000,000 gals; 45 hydrants; pipe 4½ miles, 4 to 12 in dia; waterworks owned by company. Pres of com, J. H. Purdy; supt, A. S. Barnes.*

Omaha, Douglas Co., population 150,000; fire area 16,000 acres; mercantile buildings, brick and stone, 3 to 10 stories; private, brick and wood, 2 to 5 stories; fireworks ordinance; wooden roofs permitted outside of fire limits. Fire department—4 steam fire engines, 3 chemical engines on wheels, 25 chemical extinguishers, 3 hook and ladder trucks, 2 aerial trucks, 5 hose carriages, 6 hose wagons, siamese couplings used, 1 hose carriage and chemical combined; hose, rubber good 13,500 ft, cotton good 4,550 ft; 49 horses, value \$9,000; value of fire department equipment \$125,000; value of buildings occupied \$125,000; total ann expenses of department \$119,372; total membership 150, paid full time; telegraph and telephone alarm; 90 street boxes. Chief engineer, J. J. Galligan.

WATER SUPPLY—Source, Missouri river; system, pumping to reservoir through settling basin and pumping direct for high district; reservoir cap 10,000,000 gals; pumping engines, dy cap 32,000,000 gals; 1,570 hydrants; pipe 17½ miles, to 48 in dia; 1,300 valves; 8,400 taps; pressure 65 to 140 pounds; Edison pressure recording gauge; works owned by American Waterworks Co. Receivers, A. B. Hunt & E. L. Bierbower.

O'Neill, Holt Co., population 1,500; fire area 640 acres; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 5 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 200 ft, cotton good 1,000 ft; value of fire department equipment \$2,500; value of buildings occupied \$300; total membership 50, volunteers; bell alarm; 4 fire companies. Chief engineer, A. F. Biglin.

WATER SUPPLY—Source, wells; system, pump to standpipe; cap 59,000 gals; pumping engines, dy cap 600,000; 17 hydrants; pipe 3½ miles, 8, 6

and 4 in dia; 80 taps; 14 valves; pressure 50 to 100 pounds; works owned by city; cost to construct to date \$20,000; ann expenses \$1,000. Supt, C. E. Hall.

Ord, Valley Co., population 1,208; fire area 640 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage, several hand grenades; hose, rubber good 750 ft; value of fire department equipment \$1,750; value of buildings occupied \$400; total membership 30, volunteers; bell alarm. Chief engineer, J. C. Work.*

WATER SUPPLY—Source, springs; system, gravity to reservoir; cap 5,500 bbls; pumping engines, 120,000 gals in 10 hours; 24 hydrants, Eclipses; pipe 4 1-3 miles, 4 to 8 in dia; 11 valves; 106 taps; pressure 74 pounds; fire 105 pounds, waterworks owned by city; cost to construct \$12,000; ann expenses \$1,049. Supt, Chris Kellan.

Orleans, Harlan Co., population about 1,100; mercantile buildings, brick and wood, 1 to 2½ stories; private, wood and brick, 1 and 2 stories; wooden roofs are not permitted; no fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 500 ft. Chairman of water com, N. B. Holand.

WATER SUPPLY—Source, tubular well; system, pump to tank; cap 65,000 gals; dy cap 24,000 gals; pipe 1 1-4 miles, 8 and 7 in dia; 12 hydrants; cost to construct \$12,000. Supt, E. R. Pate.

Pawnee City, Pawnee Co., population 1,550; fire area 160 acres; mercantile buildings, brick and stone, 2 stories; private, same, 2 stories; tin and iron roofs used; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$1,800; value of buildings occupied \$1,250; total membership 40, volunteers; bell alarm; 2 hose companies. Chief engineer, L. Agnew.*

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; standpipe cap 80,000 gals; pumps dy cap 2,500,000 gals; hydrants 35; pipe 4 miles; 30 valves; 125 taps; pressure 70 to 80 pounds; works owned by city; cost to construct to date \$27,000; ann expenses \$1,000. Water com, Wm. Headley.

Plattsmouth, Cass Co., population 3,392; buildings, brick and wood, 1 to 3 stories. Fire department—1 hook and ladder truck, 4 hose carriages, 1 two-horse hose cart; hose, good 1,800, fair 200 ft, poor 500 ft; value of fire department equipment \$3,000; total ann expenses of department \$350; total membership 125, volunteers; bell alarm. Chief engineer, Elias F. Kildow.

WATER SUPPLY—Source, Platte river; system, pumping to standpipe through settling basins; reservoir cap 8,000,000 gals; standpipe cap 300,000 gals; pumping engines, dy cap 2,000,000 gals; 75 hydrants; pipe 10½ miles, 6 to 12 in dia; 30 valves; 40 meters; pressure, domestic 80, fire 93 to 160 pounds; 300 taps; Edison pressure recording gauge; waterworks owned by company; cost to construct \$135,000; 1 mile of new main in course of construction. Supt, T. F. Coursey.

Ponca City, Dixon Co., population estimated 1,800; fire area 80 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage, 8 ladders; hose, cotton good 800 ft; value of fire department equipment \$1,500; total membership 20, all volunteers; bell alarm. Chief, John D. Forbes. (Another hose cart, 400 ft hose and hook and ladder truck are contemplated.)

WATER SUPPLY—Source, driven wells; system, pumping to reservoir; reservoir cap 150,000 gals; pumping engines, dy cap 378,000 gals; 15 hydrants; pipe 1½ miles, 8 and 4 in dia; 8 valves; 52 taps; pressure domestic 70, fire 100 pounds; waterworks owned by city; original cost to construct \$11,000; ann expenses \$700. Supt, R. E. Martin.

Randolph, Cedar Co., population 900; fire area 20 acres; mercantile buildings, brick, some sheet iron, 2 and 3 stories; private, wood and brick, 1 to 3 stories; wooden roofs not permitted on main street; fireworks ordinance; causes of fire investigated. Fire department—volunteer bucket brigade.

WATER SUPPLY—Source, well; system, pumping to wooden tank, cap 80,000 gals; pumps, dy

cap 20,000 gals; pipe 2 miles; 3 hydrants; 150 taps; original cost to construct \$5,000, to date \$6,000; works owned by village. Commissioner, M. E. Dolan.

Red Cloud, Webster Co., population 1,839; fire area 320 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 400 ft, inferior 150 ft, rubber good 1,000 ft; value of fire department equipment \$2,500; total ann expenses of department \$1,100; total membership 90, volunteers; electric alarm, 12 street boxes; 1 hook and ladder company, 3 hose companies. Chief engineer, A. J. Tomlinson.*

WATER SUPPLY—Source, wells and creek; system, pumping to standpipe and direct; standpipe cap 70,000 gals; pumping engines, dy cap 720,000 gals; 40 hydrants; pipe 5 miles, 4 to 8 in dia; 3 meters; pressure, domestic 82, fire 100 pounds; waterworks owned by city; cost to construct \$25,000; ann expenses \$1,500. Supt. T. J. Ward.*

Riverton, Franklin Co., population 389; fire area 60 acres; buildings, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 200 ft, inferior 50 ft; value of fire department equipment \$200; value of buildings occupied \$50; total ann expenses of department \$150; total membership 50, volunteers; bell alarm. Chief engineer, T. N. Moore.*

WATER SUPPLY—Source, Thompson's creek; system, pump to reservoir, cap 30,000 gals; pumping engines, cap 100 gals per min; 8 hydrants; pipe 2½ miles, 2 to 6 in dia; 2 valves; pressure, domestic 60, fire 75 pounds; waterworks owned by city; cost to construct \$6,000; ann expenses \$150; int on bonds 8 per cent. A. Holdrege.

St. Paul, Howard Co., population 2,000; fire area 8 blocks in business center; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$600; total membership 76, volunteers; bell alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, F. W. Crew.

WATER SUPPLY—Source, 32 driven wells; system, pumping to standpipe and direct; standpipe cap 50,000 gals; pumping engines, dy cap 750,000 gals; 26 hydrants; pipe 3½ miles; pressure, domestic 30 to 40, fire 100 pounds; waterworks owned by town; cost to construct \$22,000; int on bonds 6 per cent. Supt. H. N. Smith.*

Schuyler, Colfax Co., population 3,000; fire area 640 acres; mercantile buildings, brick in fire limits, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,250 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total ann expenses of department \$150; total membership 85, volunteers; bell and whistle alarm. Chief engineer, Frank H. Kolm.

WATER SUPPLY—Source, wells; system, pumping to standpipe, cap 85,000 gals; pumps daily cap 1,250,000 gals; 30 hydrants; pipe 4 miles, 10 to 4 in dia; 20 valves; pressure, domestic 40, fire 80 pounds; works owned by city; cost to construct \$25,000. Supt. S. D. Wheeler.

Seward, Seward Co., population 2,108; fire area 80 acres; buildings, brick and wood, 1 and 2 stories; fireworks ordinance; wooden roofs not permitted in fire limits. Fire department—1 chemical engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,200 ft; value of fire department equipment \$4,000; value of buildings occupied \$1,200; total expenses of department \$150; total membership 56, volunteers. Chief engineer, J. O. Muldinger.

WATER SUPPLY—Source, wells; system, pumping to standpipe cap 83,555 gals; pumping engines, dy cap 1,000,000 gals; 50 hydrants; pipe 4 1-4 miles, 8 and 10 in dia; 18 valves; 121 taps; pressure 56 pounds; works owned by city; cost to construct \$34,000; ann expenses \$2,000. Supt. J. Goehring.

South Omaha, Douglas Co., population about

12,000; fire area 1,800 acres; mercantile buildings, brick and wood, 3 and 4 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—3 hose carriages; hose, rubber good 2,300 ft, inferior 500 ft, cotton good 800 ft; 5 horses, value \$700; value of equipment \$6,000; value of buildings occupied \$3,000; total expenses for past year \$6,500; membership 6, paid full time 5, paid part time 1; electric alarm; 13 street boxes; 3 fire companies. Chief, Fred M. Smith; chairman, J. Walters. (2 chemical extinguishers, 10 hand hose carts, private, 1 fifty-gallon chemical extinguisher owned by the packing houses and stock yards with 12,000 ft of cotton rubber lined hose and 22 men to man the same.)

WATER SUPPLY—Source (see Omaha).

Stromsburg, Polk Co., population 1,400; fire area 40 acres; mercantile buildings, brick and wood, 1 to 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—12 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft; value of fire department equipment \$1,200; value of buildings occupied \$500; total membership 50, volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, Chas. Wicklund.

WATER SUPPLY—Source, Cook wells; system, pumping to standpipe and direct; standpipe cap 32,000 gals; pumping engines, dy cap 144,000 gals; 16 hydrants; pipe 2 miles, 4 to 6 in; 3 valves; 107 taps; pressure, domestic 40, fire 110 pounds; works owned by city; cost to construct \$12,000; cost to date \$13,500; ann expenses \$1,500. Supt. J. A. Collison.

Superior, Clay Co., population 2,250; fire area 1 mile sq; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted except in fire limits; fireworks ordinance; causes of fire investigated. Fire department—3 hose carriages, all kinds; other apparatus, hooks, ladders, etc; hose, rubber good 1,000 ft; value of fire department equipment \$1,500; value of buildings occupied \$200; total membership 40, volunteers; bell alarm. Chief engineer, C. E. Adams.

WATER SUPPLY—Source, well; system, pumping direct; pumping engines, dy cap 1,500,000 gals; 26 hydrants; pipe 4½ miles, 12 and 4 in dia; 7 valves; 250 taps; pressure, domestic 50, fire 150 pounds; waterworks owned by city; cost to construct \$28,000; cost to date \$35,000; ann expenses \$3,000. Supt. D. W. Quackenbush.

Sutton, Clay Co., population 2,200; fire area 1,000 acres; mercantile buildings, brick and wood, 2 stories; private, wood, land 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$1,600; value of buildings occupied \$200; total ann expenses of department \$1,800; membership 36, volunteers; bell alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, George Honey.*

WATER SUPPLY—Source, well; system, pumping to standpipe; standpipe cap 60,000 gals; pumping engines, dy cap 150,000 gals; 32 hydrants; pipe 2½ miles, 4, 6 and 8 in dia; 14 valves; 80 taps; pressure 55 pounds; works owned by city; cost to construct \$16,000; ann expenses \$1,200; int on bonds 6 per cent. Supt. J. Van Patten.

Syracuse, Otoe Co., population 728; new mercantile buildings, brick, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 36 rubber buckets; value of fire department equipment \$500; value of buildings occupied \$150; total membership 28; bell alarm. Chief engineer, W. F. Jennings.*

WATER SUPPLY—Source, wells. N. A. Duff.*

Tecumseh, Johnson Co., population 2,200; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted except in fire limits; fireworks ordinance. Fire department—2 hose carriages; hose, linen rubber lined good 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$4,000; total membership 38, volunteers; bell alarm. Chief, E. H. Grist.

WATER SUPPLY—Source, 5 wells; system, pump to reservoir and direct; reservoir cap 105,000 gals; standpipe cap 93,000 gals; pumping engines, dy cap 175,000 gals; 25 hydrants; pipe 4 1-8 miles, 4 to

10 in dia; 14 valves; 6 meters; pressure, domestic 50, fire 150 pounds; works owned by city; cost to construct \$24,750. Supt, C. K. Chubbuck.*

Tekamah, Burt Co., population 1,487; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,000 ft; total membership 50, volunteers; bell alarm; 2 fire companies, 1 hook and ladder company, 1 hose company. Chief engineer, S. A. Hoon.

WATER SUPPLY—Source, wells; system, pumping direct and to reservoir; reservoir cap 500,000 gals; pumping engines, dy cap 500,000 gals; 28 hydrants; pipe 3 miles, 8 to 4 in dia; 18 valves; 60 taps; pressure, domestic 80, fire 80 to 120 pounds; waterworks owned by city; cost to construct \$18,000; ann expenses \$800. Supt, W. T. Sherman.

Uiles, Seward Co., population 500; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 horse power engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber inferior 500 ft, cotton good 900 ft; value of fire department equipment \$4,000; value of buildings occupied \$1,000; total ann expenses of department \$200; total membership 50, volunteers; bell alarm. Chief engineer, Chas. L. Swartz.

WATER SUPPLY—Source, wells and 10 cisterns.

Valentine, Cherry Co., population 400; fire area 40 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—5 chemical extinguishers, 2 hose carriages; hose, cotton good 500 ft; value of fire department equipment \$500; total membership 16, volunteers. Chief engineer, Geo. H. Hornby.*

WATER SUPPLY—Source, Minnokadusa stream; system, pump to tank, cap 50,000 gals; pumping engines, dy cap 153,000 gals; 10 hydrants; pipe 1 3-8 miles, 2 to 8 in dia; 4 valves; 100 taps; pressure 22 pounds; waterworks owned by village; cost to construct \$8,400; ann expenses \$1,200. Engineer, J. F. Hunter.

Valparaiso, Saunders Co., population 750; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 750 ft; value of fire department equipment \$1,000; total membership 10, volunteers. Chief engineer, J. P. Miller.

WATER SUPPLY—Source, well; system, pumping to reservoir; reservoir cap 60,000 gals; 10 hydrants; pipe 2 miles; waterworks owned by town; cost to construct \$6,500; ann expenses \$250. Town clerk, W. B. Griffin.

Wahoo, Saunders Co., population 2,500; fire area 60 acres; mercantile buildings, brick, iron and wood, 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 chemical engines on wheels, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,700 ft; value of fire department equipment \$4,000; value of buildings occupied \$8,000, including city hall and offices; total ann expenses of department \$2,500; total membership 75, volunteers; chief paid part time; electric bell alarm. Chief engineer, M. A. Phelps.

WATER SUPPLY—Source, driven wells and Wahoo river; system, direct pumping; pumping engines, dy cap 2,000,000 gals; 43 hydrants; pipe 6 1/2 miles; pressure, domestic 60, fire 80 pounds; waterworks owned by company; cost to construct \$63,000. Supt, Chas. H. Adams.

Weeping Water, Cass Co., population 1,350; fire area 40 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft, inferior 100 ft; value of fire department equipment \$1,500; value of buildings occupied \$150; total membership 30, volunteers; bell alarm; 1 hose company, 1 hook and ladder company. Chief engineer, W. A. Haase.*

WATER SUPPLY—Source, wells; system, pump to reservoir, cap 720,489 gals; standpipe cap 120,000 gals; pumping engines; hydrants 15; pipe 1 1/2 miles, 4, 6 and 8 in dia; pressure, domestic 60, fire 100 pounds; waterworks owned by city; cost to

construct \$17,000; ann expenses \$1,000. Supt, A. P. Woodard.*

West Lincoln, Lancaster Co., population 443; fire area 220 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hose carriage; hose, cotton good 1,300 ft; value of buildings occupied \$600; total ann expenses of department \$175; total membership 45, volunteers; whistle alarm; total no of fire companies 1. Chief engineer, W. C. Austin.*

WATER SUPPLY—Source not given; system, direct; 1 reservoir; pumping engine, dy cap 3,000,000 gals; 6 hydrants; 2 1/2 miles pipe; pressure 60 pounds. Supt, John Haines.*

West Point, Cuming Co., population 2,000; fire area 10 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 two-wheel horse wagon; hose, rubber good 700 ft, cotton inferior 500 ft, linen good 200 ft; value of fire department equipment \$3,500; total ann expenses of department \$275; total membership 98, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 3 hose companies. Chief engineer, J. Hugg.

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; cap 35,000 gals; pumping engines, cap 235 gals per minute; 34 hydrants; pipe 3 1/2 miles, 4, 6, 8 in dia; 13 valves; 176 taps; pressure, domestic 85, fire 185 pounds; waterworks owned by town; cost to construct \$10,000; ann expenses \$1,200. Supt, Jacob Haeffelin.

Wilber, Saline Co., population 1,500; fire area 320 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 500 ft; value of fire department equipment \$1,500; value of buildings occupied \$200; total membership 10, volunteers; bell alarm. Village clerk, J. H. Grimm.

WATER SUPPLY—Source, 4 wells with force pumps, capacity 50 gals per minute each.

Wisner, Cuming Co., population 1,000; fire area 180 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 500 ft, rubber good 900 ft; value of fire department equipment \$2,600; value of buildings occupied \$5,000; ann expenses of department \$100; total membership 18, paid part time 1, volunteers; bell alarm. Foreman, J. Shompert.

WATER SUPPLY—Source, wells; system, gravity; 3 tanks, cap 100,000 gals; dy cap 60,000 gals; 18 hydrants, pipe 2 miles, 4 and 6 in dia; 10 valves; quality of water good; pressure 75 pounds; works owned by city; cost to construct \$9,500; ann expenses \$700. Supt, F. W. Frasur.

Wymore, Gage Co., population 2,429; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance.*

WATER SUPPLY—Source, wells; system, pump to standpipe, cap 63,000 gals; dy cap 75,000 gals; 51 hydrants; pipe 5 miles, 10 to 4 in dia; waterworks owned by city; cost to construct \$30,000. Mayor, P. M. Hobbs; town clerk, George D. Hemperley.*

York, York Co., population 3,405; fire area 800 acres; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; no fireworks ordinance; causes of fire investigated. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,700 ft; value of fire department equipment \$3,500; value of buildings occupied \$9,000; total membership 50, paid part time 8, volunteers 42; bell alarm; 4 fire companies, 1 hook and ladder company, 3 hose companies. Chief engineer, W. B. Farman.

WATER SUPPLY—Source, Cook wells and Beaver creek; system, pumping to standpipe; reservoir cap 80,000 gals; pumping engines, dy cap 2,000,000 gals; 60 hydrants; pipe 5 1-4 miles, 4 to 12 in dia; 10 meters; pressure, domestic 60, fire 100 to 180 pounds; works owned by company; cost to construct \$60,000; ann expenses \$2,300. Receiver, James Daniels; supt, J. R. Strasser.*

NEVADA.

Austin, Lander Co. population 1,215. Fire department—2 hose carriages; hose, rubber good 1,500 ft; total membership 70, volunteers. Chief engineer, Dan Reynolds.

WATER SUPPLY—Source, tunnel driven into mountain; system, gravity from reservoir; cap 50,000 gals; 15 hydrants; pipe 1½ miles, 3 in dia; 7 valves; pressure 97 pounds; waterworks owned by company; cost to construct \$20,000; ann expenses \$2,000. Pres of com, W. W. Bishop; supt, J. B. Horton.

Candelaria, Esmeralda Co. population 345; buildings, wood, 1 story; wooden roofs permitted; no fireworks ordinance; rubber hose inferior 300 ft.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 500,000 gals; pipe 30 miles, 4 and 5 in dia; 4 hydrants; pressure from 30 to 150 pounds; works owned by company; cost to construct \$250,000; ann expenses \$5,000. Pres, C. W. Hulse; supt, A. M. Ashby.

Carson City, Ormsby Co. population 5,000; fire area 1,000 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 6 hose carriages, 1 steam pump on locomotive, carries hose and suction pipe; hose, cotton good 2,000 ft, rubber good 500 ft; value of equipment \$4,000; value of buildings occupied \$8,000; ann expenses \$1,000; membership 50, paid full time 1, paid part time 2, remainder volunteers; bell and whistle alarm. City marshal Wm. Kinney.

WATER SUPPLY—Source, spring; system, gravity; 8 reservoirs, cap 1,800,000 gals; 24 hydrants; pipe 8 miles, 2 to 12 in dia; 22 valves, various; pressure 40 to 100 pounds; waterworks owned by company; cost to construct to date \$105,000; ann expenses \$3,000; put on bonds 10 per cent. Supt, R. L. Dougherty.

Cherry Creek, White Pine Co. mercantile buildings, wood, 1 and 1½ stories; no fire department.*

WATER SUPPLY—Source, tunnel; system, gravity; reservoir cap 20,000 gals; 50 hydrants; pipe 1 mile, 2½ to 1 in dia; quality of water good; works owned by company; cost to construct \$8,000. Supt, Geo. F. Parker.*

Elko, Elko Co. population 850; mercantile buildings, brick and wood, 1 and 1½ stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—Hook, ladder and bucket company. Chief W. T. Smith.*

WATER SUPPLY—Source, Humboldt river and springs; system, gravity; 2 reservoirs, cap 200,000 and 60,000 gals respectively; 4 hydrants; pipe 8 miles, 7, 4, 3 and 2 in dia; 100 taps; pressure, domestic 14 to 42, fire 42 pounds; waterworks owned by company; original cost to construct \$20,000. Supt, W. T. Smith.*

Eureka, Eureka Co. population 1,812; fire area 400 acres; mercantile buildings, stone, brick, and wood, 1 and 2 stories; private, wood, 1 story; wooden roofs permitted. Fire department—1 hand engine, 14 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 2 hose carts; hose, rubber good 3,000 ft, inferior 200 ft, leather good 400 ft; value of fire department equipment \$4,000; value of buildings occupied \$2,000; total expenses of department last year \$2,000; total membership 300, volunteers; bells and whistles alarm; 1 hook and ladder company, 4 hose companies. Chief engineer, F. A. Johnson.*

WATER SUPPLY—Source, springs; system, gravity; 6 tanks, cap 250,000 gals; pumping engines, dy cap 200,000 gals; 19 hydrants; pipe 38 miles, 3 to 6 in dia; 10 valves; pressure, domestic 45 to 90, fire 100 pounds; waterworks owned by McCoy estate; cost to construct \$60,000; ann expenses \$5,000. Supt, Elmer A. McConnell.

Gold Hill, Storey Co. population 1,500; fire area 2,000 acres; buildings, brick, stone and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 4 doz chemical extinguishers, 3 hose carts; hose, rubber good 3,650 ft; value of fire department equipment \$5,800; value of buildings occupied \$4,000; expense of department for past year \$1,140; total membership 150, paid full time; steam whis-

tle and bell alarm; 1 engine company, 3 hose companies. Chief engineer, Geo. H. Baglin.*

WATER SUPPLY—See Virginia City; 20 hydrants.

Hamilton, White Pine Co. population 1,800; fire area 17 blocks; mercantile buildings, wood and brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 150 ft, rubber good 150 ft, inferior 100 ft; value of fire department equipment \$800; total membership 40, volunteers 40. Chief engineer, Wm. Banbor.

WATER SUPPLY—Source, Illapoh springs; system, gravity; reservoir cap 200,000 gals; 20 hydrants; pipe 1 mile, 3 and 4 in dia; 20 meters; pressure, domestic 45, fire 200 pounds; quality of water good; waterworks owned by individual; cost to construct \$10,000; ann expenses \$300.*

Hawthorne, Esmeralda Co. population 1,400; fire area 18½,000 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, rubber good 600 ft; value of fire department equipment \$2,500; volunteer members; bell alarm. Chief, F. J. Balsar.

WATER SUPPLY—Source, 2 mountain streams; system, gravity; reservoir cap 500,000 gals; hydrants 8; pipe 8 miles, 3½, 4, 6 in dia; 8 valves; quality of water pure; pressure 150 pounds; works owned by company; cost to construct \$45,000; ann expenses \$500. Pres, H. M. Yerington; supt, R. J. Laws.

Palisade, Eureka Co. population not given; mercantile buildings, wood, 1 story; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance. Fire department—Each family is sufficiently supplied with hose which can be used in case of fire.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 50,000 gals; pipe 2 miles, 2 in dia; 10 valves; pressure, domestic 35, fire 50 pounds; works owned by company. Supt, D. J. Colton.

Pioche, Lincoln Co. population 678; buildings, wood, 1 story. Fire department—5 hose carriages; value of fire department equipment \$2,000; total ann expenses of department \$100; total membership 40; bell alarm. Chief engineer, E. D. Turner.*

WATER SUPPLY—Source, 3 groups of springs; system, gravity; 2 tanks, cap 250,000 gals; 23 hydrants; pipe 13 miles, 5 to 12 in dia; pressure 150 to 400 ft; cost to construct \$152,000; ann expenses \$3,500; works owned by company. Pres of works, W. S. Godbe; supt, W. L. Cook.*

Reno, Washoe Co. population estimated 3,000; fire area 1,920 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 1½ stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine (not in use), 4 hose carriages, all kinds; hose, rubber good 2,000 ft, inferior 500 ft; 2 horses, value \$350; value of fire department equipment \$13,730; value of buildings occupied \$500; total ann expenses of department \$4,878; total membership 19, 4 paid full time, 15 Coats.* paid part time; bell alarm. Chief engineer, S. G.

WATER SUPPLY—Source, Truckee river; system, gravity; reservoir cap 30,000,000 gals; hydrants 28; 13 miles, 2 to 15 in dia; 60 valves; 424 taps; pressure 60 pounds; works owned by Reno Water, Light and Land Co; cost to construct \$150,000. Supt, C. C. Powning.

Tuscarora, Elko Co. population 1,156; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. No fire department.*

WATER SUPPLY—Source, Twin Bridges creek; system, gravity; reservoir cap 75,000 gals; 9 hydrants; pipe 15½ miles; pressure 114 pounds; works owned by company. Supt, R. Catlin.

Virginia City, Storey Co. population 8,517; mercantile buildings, wood and brick, 2½ stories; private, wood, 2½ stories; wooden and metal roofs. Fire department—5 hose carriages, 10 stationary reels of hose; diameters couplings used; hose, cotton good 1,400 ft, rubber good 5,000 ft; 4 horses; value of fire department equipment \$28,000; value of

buildings occupied \$4,000; total ann expenses of department \$16,000; total membership 7, paid full time; bell and whistle alarm. Chief engineer, Wm. Fennison.

WATER SUPPLY—Source, Marlette lake, Hobart creek system, gravity; 3 reservoirs, cap 1,618,600,000 gals; 93 hydrants in Va. City, 38 in Gold Hill; pipe 22 miles, 10 to 14 in dia; 2350 taps; pressure, domestic 140 to 45, fire 150 to 180 pounds; waterworks owned by company; cost to construct \$2,100,000; ann expenses \$58,000. Supt, J. B. Overton.

Winnemucca, Humboldt Co., population

1,037; fire area 50 acres; buildings, wood, 1 story; wooden roofs permitted. Fire department—12 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 12 fire boats; hose, rubber good 600 ft; value of fire department equipment \$1,500; total ann expenses of department \$600; total membership 73, volunteers. Chief engineer, F. Reid.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 8,000,000 gals; pumping engine, dy cap 375,000 gals; 18 hydrants; pipe 16 miles, 4 to 10 in dia; pressure 75 pounds; cost to construct \$20,000; ann expenses \$3,000. Supt, J. Rougon.*

NEW HAMPSHIRE.

Asteland, Chesbire Co., population 870; buildings, wood, 1 and 2 stories. Fire department—2 hand engines, 1 hose carriage; hose, cotton good 50 ft, rubber lined 200 ft; total membership 4, volunteers; bell alarm. Chief engineer, O. S. Angles.*

WATER SUPPLY—Source, Cold river.*

Amherst, Hillsborough Co., population 1,053; mercantile buildings, wood, 1 and 1 1-2 stories; private, wood, 1 to 1 1-2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 hand engines, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total ann expenses of department \$158; total membership 30, volunteers; bell alarm. Chief, W. W. Sloan.

WATER SUPPLY—Source, spring, 5 cisterns, 3 large reservoirs.

Antrim, Hillsborough Co., population 650; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage, ladders, hooks etc.; hose, leather good 200 ft, cotton good 1,000 ft; value of fire department equipment \$1,150; volunteer members 50. Chief engineer, H. S. Cartoo.

WATER SUPPLY—Source, Campbells Pond; system gravity; hydrants 26; pipe 6 miles, 8 to 4 in; 5 valves; 36 taps; pressure 100 pounds; works owned by village; cost to construct \$23,000. Supt, Henry Simonds.

Bartlett, Carroll Co., population 1,247; buildings, brick and wood, 1 and 2 stories. Fire department—1 hose carriage, 2 Knowles pumps at Mills; hose, linen good 1,000 ft; electric alarm; 3 street boxes. Chief, Wm. Simonds.

WATER SUPPLY—Source, brook; system, gravity; pipe 2 miles; 17 hydrants; pressure 50 pounds; cost to construct \$4,000. Supt, Frank George.*

Berlin, Coos Co., population 3,729; fire area 50 acres; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hand engine, 3 hose carriages, all kinds, 4 ladders; hose, rubber good 550 ft, inferior 50 ft; value of fire department equipment \$700; value of buildings occupied \$1,000; bell alarm. Chief engineer, W. H. Gerriah.*

WATER SUPPLY—Source, brooks; system, gravity; cap of reservoir 3,000,000 gals; hydrants 65; pipe 10 miles, 6 to 12 in dia; 60 valves; 800 taps; pressure 40 to 140 pounds; works owned by company; cost to construct to date \$104,000. Pres F. A. Colby; supt, W. C. Perkins.

Bethlehem, Grafton Co., population 1,267; mercantile buildings, wood, 2 to 4 stories; private, wood, 1 1-2 to 4 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose, linen good 600 ft; total membership 28, volunteers; bell alarm. Chief engineer, J. K. Burrett.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 250,000 gals; 9 hydrants; pipe 4 miles, 1 to 6 in dia; 5 valves; 58 taps; pressure, domestic 80 pounds, fire same; works owned by company; cost to construct \$10,000. Supt, John S. Blandin.

Bristol, Grafton Co., population 1,524; buildings, brick and wood, 1 1/2 to 2 stories; wooden roofs permitted. Fire department—1 hand engine, 3 hose carriages, extension ladder; hose, 1,300 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,500; total ann expenses of

department \$350; total membership 40, volunteers; bell alarm. Chief engineer, Geo. C. Currier.*

WATER SUPPLY—Source, Newfound lake, located about 2 miles from town; system, gravity; 2 force pumps; 31 hydrants; pipe 6 1/2 miles; 32 valves; 165 taps; pressure 55 to 87 pounds; waterworks owned by company; cost to construct \$23,000; ann expenses \$750. Pres, B. F. Perkins; supt, Smith D. Fellows. Town also has 2 powerful pumps, 8 hydrants in addition to above.

Canaan, Grafton Co., population 400; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, linen good 450 ft; value of fire department apparatus \$350; value of buildings occupied \$600; 30 volunteer members. Foreman, Frank P. Dwyre.

WATER SUPPLY—Source, Crystal lake of 1,000 acres; system, gravity; 10 hydrants; pipe 1 1/2 miles, 12 to 6 in dia; 10 valves; pressure, domestic 96, fire 86 pounds; waterworks owned by company; original cost to construct \$13,000. Supt, O. L. Rand.

Claremont, Sullivan Co., population 7,000; fire area town; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages; hose, cotton, rubber lined, good 2,000 ft; value of equipment \$10,000; total membership 40, full paid; Stevens fire alarm; 8 street boxes. Chief engineer, G. H. Storwell.

WATER SUPPLY—Source, streams; system, gravity; reservoir cap 32,000,000 gals; 61 hydrants; pipe 10 1/2 miles, 2 to 12 in dia; 96 valves; 500 taps; pressure 64 to 120 pounds; waterworks owned by company; cost to construct \$1,000,000. Supt, James L. Rice.

Colebrook, Coos Co., population 1,736; fire area 1,000 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber lined good 1,200 ft, inferior 500 ft, linen inferior 500; value of fire department equipment \$1,600; value of buildings occupied \$500; total ann expenses of department \$150; total membership 30, volunteers; bell alarm. Chief engineer, A. C. Wallace.

WATER SUPPLY—Source, springs; system, gravity; 2 reservoirs, cap 60,000 gals; 9 hydrants; pipe 3 miles, 3 to 5 in dia; pressure 20 to 50 pounds; waterworks owned by G. W. Annis; cost to construct \$10,000; ann expenses \$150.

Concord, Merrimack Co., population 17,000; fire area 3 sq miles; mercantile buildings, brick, 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—4 steam fire engines, 2 hand engines, 8 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds, 4 hose wagons, 1 supply wagon; hose, cotton good 12,000 ft, leather good 1,500 ft; 9 horses, value \$2,100; value of fire department equipment \$35,000; value of buildings occupied \$56,000; total ann expenses of department \$18,000; total membership 180, paid full time 4, volunteers 176; Gamewell electric alarm; 32 street boxes. Chief engineer, Charles A. Davis.

WATER SUPPLY—Source, Penacook Lake; system, gravity and pumping to reservoir; reservoir cap 2,000,000 gals; pumping engine, dy cap 2,000,000 gals; 288 hydrants; pipe 51.54 miles, 4 to 30 in dia; 629 valves; 2,828 taps; cement lined and cast iron pipe; pressure, domestic 40, fire 80 pounds;

waterworks owned by city; expenses of construction to date \$804,172; ann expenses \$7,084. Supt. V. O. Hastings.

Conway, Carroll Co., population of village 500; mercantile buildings, brick and wood, 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, cotton good 1,000 ft, private 500 ft. Chief, Peter Mitchell.

Water Supply—Source, impounding reservoir on Gold brook; system, gravity; reservoir cap 101,000 gals; 24 hydrants; pipe 5 miles; 9 valves; 84 taps; pressure 43 to 48 pounds; works owned by company; cost to construct \$14,500, to date \$16,000; ann expenses \$150. Supt. B. F. Clark.

Berry, Rockingham Co., population 2,604; buildings, wood. Fire department—3 hand engines, 2 chemical engines on wheels, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon, 1 supply wagon; value of fire department equipment \$3,500, 3 buildings occupied; total membership 150, volunteers; bell and whistle alarm. Chief engineer, H. S. Warner.*

Water Supply—Source, wells and cisterns; pumping engines, dy cap 40,000 gals. Town clerk, E. T. Parker.*

Dover, Strafford Co., population 13,200; fire area 4 sq miles; mercantile buildings, brick, 2 to 6 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 hand engine, not used, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 4 hose wagons; hose, cotton good 12,600 ft, inferior 2,500 ft; 8 horses, value \$1,800; value of fire department equipment \$35,000; value of buildings occupied \$18,000; total ann expenses of department \$9,000; total membership 68, paid full time 3, paid part time 65; Gamewell alarm; 27 street boxes. Chief engineer, George E. Varney.

Water Supply—Source, wells, springs and Willard pond; system, pumping into mains, surplus to reservoir; reservoir cap 2,000,000 gals; pumping engines, dy cap 2,000,000 gals; 165 hydrants; pipe 22½ miles, 4 to 16 in dia; 273 valves; 1,240 taps; pressure, domestic 90, fire 90 pounds; waterworks owned by city; original cost to construct \$362,000; ann expenses \$28,884. Water com. J. W. Cate.

Epping, Rockingham Co., population 1,720; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 hose carriages, all kinds; hose, cotton good 700 ft; total membership 25, volunteers; church bell alarm. Chief engineer, John S. Ladd.

Water Supply—Source, river, 1 large cistern and wells.

Exeter, Rockingham Co., population 4,300; fire area 2,000 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine; private chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose, cotton good 4,300 ft, leather inferior 400 ft; 10 horses, value \$800; value of fire department equipment \$10,000; value of buildings occupied \$5,500; total ann expenses of department \$3,968; total membership 70, paid full time 70; Gamewell alarm; 12 street boxes; 6 fire companies. Chief engineer, Geo. H. Gooch.

Water Supply—Source, river and well; system, pumping to standpipe; cap 211,000 gals; 2 pumping engines, dy cap 2,000,000 gals; 53 hydrants; pipe 12 miles, 4 to 10 in dia; 7 meters; pressure, domestic 55 pounds; waterworks owned by company; cost to construct \$140,000; int on bonds 5 per cent. Supt. Chas. H. Johnson.

Farmington, Strafford Co., population 3,064; buildings, wood, 2 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton 500 ft, leather good 750 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total ann expenses of department \$700; total membership 70, full paid; bell alarm. Chief engineer, Eben Frye.*

Water Supply—Source, springs; system, pumping to reservoir; pumping engine; 30 hydrants; pipe 1½ miles, 4 to 8 in dia; 5 meters; pressure

50 pounds; waterworks owned by city; ann expenses \$500. Supt. Wm. F. Thayer.*

Franklin, Merrimack Co., population 4,085; mercantile buildings, wood, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton rubber lined good 2,000 ft, leather inferior 500 ft; expenses of department \$15,000; total membership 40, volunteers. Chief engineer, Chas. F. Noyce.

Water Supply—Source, springs; system, pumping to reservoir, cap 500,000 gals; pumping engines, dy cap 500,000 gals; 80 hydrants; pipe 10 miles, 12 to 4 in dia, McNeal Pipe Works; valves 85; 100 meters; pressure, 40 to 110 pounds; waterworks owned by town; cost to construct \$70,000; int on bonds 4 per cent. Supt. E. L. Wallace.

Goffstown, Hillsborough Co., population 1,000; fire area ¼ miles sq; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 hose carriages; hose, cotton good 1,150 ft, leather good 700 ft; value of fire department equipment \$1,740; value of buildings occupied \$1,000; total ann expenses of department \$500; total membership 30, volunteers. Chief engineer, Robinson Brown.

Water Supply—Source, Whittle brook; system, gravity; reservoir cap 2,500,000 gals; 40 hydrants; pipe 5 miles, 12, 10 and 6 in dia; 12 valves; 200 taps; pressure 200 ft head; waterworks owned by village fire precinct; original cost to construct \$42,000; cost to date \$45,000; ann expenses \$150. Chairman of com, Robinson Brown.

Gorham, Coos Co., population 1,700; buildings wood, fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 hook and ladder trucks, 2 hose carriages; hose, cotton good 1,000 ft, linen 400 ft; value of fire department equipment \$1,800; value of buildings occupied \$1,500; total membership 120, paid; bell and whistle alarm. Chief engineer, E. Y. Vernon.

Water Supply—Source, springs; system, gravity; reservoir cap 10,000 gals; 11 hydrants; pipe 4 3-4 miles, 3 to 4 in dia; 17 valves; pressure, 56 pounds; waterworks owned by company; cost to construct \$6,000; ann expenses \$300. Pres, Wallace Mason.

Great Falls, Strafford Co., population 6,500; buildings, wood, 2 stories; shingle roofs permitted. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 3,000 ft; cotton poor 1,400 ft; value of fire department equipment \$4,000; value of buildings occupied \$4,900; total ann expenses \$2,800; total membership 180; bell alarm. Chief engineer, J. S. McDaniel.

Water Supply—Source, Salmon Falls river; system, pumping to reservoir and direct; reservoir cap 1,500,000 gals, standpipe cap 165,000 gals; pumping engines, dy cap 1,500,000 gals; 60 hydrants; 6 miles pipe, 4 to 12 in dia; pressure 40 to 60 pounds; waterworks owned by company. Supt. F. G. Chapman.

Groveton, Coos Co., population 1,200; mercantile buildings, wood, 3 stories; private, wood, 1½ stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. No organized fire department. Mills have 4,000 ft of hose.

Water Supply—Source, springs; system, gravity; pipe 3 miles, 3 in dia; quality of water good; pressure, domestic 90, fire 98 pounds; works owned by company; cost to construct \$6,000. Pres, C. C. O'Brien; mgr, C. T. McNally.*

Hanover, Grafton Co., population 1,817; fire area ¼ mile sq; buildings, wood and brick, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 50 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,000 ft, inferior 500 ft, cotton good 300 ft, leather good 600 ft, poor 400 ft; value of fire department equipment \$2,500; value of buildings occupied \$3,500; total membership 48. Chief engineer, H. C. Brown.

Water Supply—Source, surface drainage and springs; system, gravity; reservoir cap 115,000, 000 gals; 45 hydrants; pipe 6¼ miles, 14 to 4 in dia; 55 valves; pressure 65 to 90 pounds; waterworks owned by village and college; cost to construct

\$90,000. Supt, F. W. Davison; engineer, R. Fletcher.

Henniker, Merrimack Co., population 1,400; fire area 1 sq mile; mercantile buildings, wood, 3 stories; private, wood 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—25 chemical extinguishers.

WATER SUPPLY—Source, springs; system, gravity; pipe 1 mile, 3 in dia; 4 valves; pressure 110 pounds; waterworks owned by company; cost to construct \$6,000. Pres and supt, H. A. Emerson; (Town intend buying works and will put in hydrants, etc.)

Hillsboro Bridge, Hillsborough Co., population 2,120; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton 2,000 ft; value of equipment \$1,800; value of buildings occupied \$1,200; membership 33, volunteers. Fire com, Geo. W. Hamlet.

WATER SUPPLY—Source, large pond; system, gravity; reservoir cap 1,500,000 gals; 35 hydrants; pipe 6 miles, 4 to 8 in dia; 265 taps; waterworks owned by company; cost to construct \$50,000; ann expenses \$1,000. Supt, S. W. Holman.

Hinsdale, Cheshire Co., population 2,258; fire area 200 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, linen good 3,000 ft, leather good 800 ft; value of fire department equipment \$15,000; value of buildings occupied \$4,500; total ann expenses of department \$400; total membership 68, paid part time; steam gong alarm. Chief engineer, M. H. Bardwell.

WATER SUPPLY—Source, river and canal; system, direct; 4 force pumps; 28 hydrants; pipe 2½ miles, 4 in dia; 8 valves; pressure 160 pounds; waterworks owned by town; cost to construct \$11,000. Supt, M. H. Bardwell.

Hollis, Hillsborough Co., population 1,000; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, leather inferior 300 ft; value of fire department equipment \$200; value of buildings occupied \$500; bell alarm. Chief, Sullivan E. Kimball.

WATER SUPPLY—Source, wells and cisterns.

Hudson, Hillsborough Co., population 1,092; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 ladder truck, 1 hose carriage; 1,000 ft of cotton hose; value of equipment \$645; value of buildings occupied \$400; ann expenses of department \$400; membership 26, volunteers. Foreman, W. F. Cummings.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 75,000 gals; pumping engines, dy cap 1,000,000 gals; hydrants 10; pipe 34 miles, 6 to 2 in dia; 72 taps; works owned by company; cost to construct \$40,000. Pres, G. O. Saunders; supt, C. E. Myers.

Keene, Cheshire Co., population 7,446. Fire department—2 steam fire engines, 2 hand engines, 2 hook and ladder trucks, 8 hose carriages; hose, cotton rubber lined good 4,000 ft, inferior 1,800 ft; total membership 68, volunteers; telegraph alarm; street boxes 17. Chief engineer, Oscar P. Applin.

WATER SUPPLY—Source, lakes; system, gravity; reservoir cap 1,300,000 gals; 189 hydrants; pipe 31 1-4 miles, 4 to 24 in dia; 325 valves; 1,419 taps; pressure 65 pounds; Edison pressure recording gauge; waterworks owned by city; cost to construct to date \$219,643.13; ann expenses \$2,000. Chairman of com, N. G. Gurnsey; supt, P. F. Babidge.

Lacoma, Belknap Co., population about 12,000; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 3 hook and ladder trucks, 8 hose carriages, 3 hose wagons, 1 supply wagon; hose, cotton good 8,000 ft, inferior 4,000 ft, leather fair 1,750 ft; 3 horses, value \$900; value of fire department equipment \$9,000; value of fire department buildings \$2,500; total ann expenses about \$16,000; total membership 138, paid part time; telegraph alarm; street boxes 17. Chief engineer, Geo. A. Sanders.

WATER SUPPLY—Source, Lake Winnipisogee; system, pumping to reservoir and direct; reser-

voir cap 2,750,000 gals; pumping engines, dy cap 1-000,000 gals; other pump 2,600,000 gals; 88 hydrants; pipe 17.88 miles, 4 to 12 in dia; 89 valves; 600 meters; pressure 85 pounds; 1,100 taps; waterworks owned by company; cost to construct to date \$135,211; ann expenses \$5,438; int on bonds 5 per cent. Supt, F. P. Webster.

Lancaster, Coos Co., population 5,000; fire area 1 mile; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose, linen good 3,500 ft, cotton good 200 ft; value of fire department equipment \$5,000; value of 2 buildings occupied \$2,000; total ann expenses of department \$1,000; total membership 50, part paid; bell and whistle alarm. Chief engineer, Edward R. Kent.

WATER SUPPLY—Source, Garland brook; system, gravity; reservoir cap 2,000,000 gals; hydrants 58; pipe 12½ miles, 6, 8, 10, 12 in dia; valves 58; 153 taps; pressure, domestic 75, fire 80 to 85 pounds; works owned by Co; cost to construct \$55,000. Pres, Wm. Clough.

Lebanon, Grafton Co., population 3,763; fire area 2,560 acres; mercantile buildings, wood, 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 hand engines, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 200 ft, inferior 100 ft, leather good 1,300 ft, inferior 800 ft; value of fire department equipment \$12,340; value of buildings occupied \$1,600; total ann expenses of department \$973; total membership 119, paid part time 112; bell alarm. Chief engineer, Frank Sayre.*

WATER SUPPLY—Source, Mascoma river; system, pumping to reservoir; reservoir cap 1,000,000 gals; pumping engines, dy cap 1,000,000 gals; 59 hydrants; pipe 10 miles, 3 to 10 in dia; 98 valves; 431 taps; pressure 110 pounds; waterworks owned by city; cost to construct \$40,000; to date \$70,000; ann expenses \$1,000. Pres, C. E. Lewis; supt, H. P. Goodrich.

Lisbon, Grafton Co., population 2,000; fire area 640 acres; buildings, wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft, inferior 250 ft; value of fire department equipment \$3,000; total ann expenses of department \$1,400; total membership 25, volunteers; whistle and gong alarm. Chief engineer, H. S. Wheeler.

WATER SUPPLY—Source, Pearl lake; system, gravity; 34 hydrants; pipe 6 miles, 4 to 8 in dia; pressure 100 pounds; waterworks owned by company; cost to construct \$24,000; ann expenses \$1,500. Supt, L. C. Payne.

Littleton, Grafton Co., population 3,365; fire area 2 sq miles; buildings, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages equipped with hose; hose, cotton good 350 ft, leather good 2,000 ft; total membership 28, volunteers; Stevens alarm; 11 street boxes. Chief engineer, John T. Simpson.

WATER SUPPLY—Source, springs and river; system, gravity and pumping to reservoir; reservoir cap 550,000 gals; pumping engines, dy cap 240,000 gals in 10 hours; 55 hydrants; pipe 17 miles, 4 to 8 in dia; 30 valves; pressure 126 pounds; waterworks owned by company; cost to construct \$75,000; ann expenses \$1,200. Pres of com, B. H. Corning; supt J. B. Richardson.

Manchester, Hillsborough Co., population 48,128; mercantile buildings, brick, 4 to 5 stories; private, wood, 2 and 2½ stories; wooden roofs permitted. Fire department—8 steam fire engines, 1 chemical engine on wheels, 4 hook and ladder trucks, 5 hose carriages, 3 hose wagons; hose, cotton 14,250 ft, leather 8,000 ft; 37 horses; value of fire department equipment \$4,903.50; 6 buildings occupied; total ann expenses of department \$49,439; total membership 144, paid full time 27, paid part time 117; telegraph alarm; 56 street boxes. Chief engineer, Thos. W. Lane.

WATER SUPPLY—Source, Massabesic lake; system, pumping to reservoir; reservoir cap 15,000,000 gals; pumping engines, dy cap 10,000,000 gals; 568 hydrants; pipe 73 miles, 4 to 20 in dia; 614 valves; 4,200 taps; pressure 60 pounds; waterworks owned by city; cost to construct \$1,150,060. Supt,

C. K. Walker. (4,000,000 gal reservoir for high service, and 8,000,000 gal per day pumps are being set up.)

Marlow, Cheshire Co., population 584; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, hand grenades; total ann expenses of department \$192; whistle alarm. Chief, H. E. Honey.

WATER SUPPLY—Source, Ashuelot river. *

Meredith, Belknap Co., population 800; fire area 320 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 400 ft, inferior 200 ft, leather good 450 ft, inferior 75 ft; value of equipment \$1,000; value of buildings \$500; 3 fire companies, composed in all of 60 volunteers. Chief engineer, Albert A. Kidder.

WATER SUPPLY—Source, Lake Waukiwan; system, gravity; cap of reservoir 7,000,000 gals; pipe 5 miles; pressure 38 pounds; waterworks owned by company; cost to construct about \$35,000. Com, Geo. F. Sanborn.

Meriden, Sullivan Co., population 200; fire area 100 to 200 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; no fire department. (Have some private hose.)

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 30 to 40 gals; pipe 10,000 ft, 1 and 2 in dia; works owned by company; cost to construct \$3,700. Pres, A. B. Chell's; treas, John T. Duncan.

Milford, Hillsborough Co., population 3,014; buildings, wood, 2 and 3 stories. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; 2 buildings owned by town; bell and horn alarm. Chief engineer, Geo. C. Farrell.

WATER SUPPLY—Source, wells; system, pumping to standpipe, cap 75,000 gals; reservoir cap 800,000 gals; pumping engines, dy cap 2,400,000 gals; 100 hydrants; pipe 8 miles, 4 to 12 in dia; 40 valves; 320 taps; pressure 80 pounds; waterworks owned by town; cost to construct \$65,000. F. W. Sawyer, water registrar.

Nashua, Hillsborough Co., population 21,000; mercantile buildings, brick, 3 stories; private, wood, 2 stories. Fire department—3 steam fire engines, 2 chemical engines on wheels, 6 chemical extinguishers, 2 hook and ladder trucks, 6 hose carriages, all kinds; hose, rubber good 10,500 ft; 17 horses, value \$4,000; value of fire department equipment \$38,650; value of buildings occupied \$61,000; total ann expenses of department \$20,000; total membership 100, paid full time 14, paid part time 86; Gamewell electric alarm; 42 street boxes; 7 fire companies. Chief engineer, Geo. O. Osborn.

WATER SUPPLY—Source, Pennichuck brook; system, pumping to reservoir and direct; reservoir cap 4,000,000 gals; pumping engines, dy cap 18,000,000 gals; 180 hydrants; pipe 50 miles, 4 to 24 in dia; 275 valves; 3,500 taps; pressure, domestic 55, fire 75 pounds; Edson pressure recording gauge; waterworks owned by company. Supt, Horace G. Holden.

New Market, Rockingham Co., population 2,742. Fire department—2 fire companies. Henry Tuttle. *

WATER SUPPLY—Water power from mills, which will reach entire business portion of town (Will have waterworks with 50 fire hydrants). Town clerk, John L. Bennett. *

Newport, Sullivan Co., population 2,323; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 2,000 ft, linen inferior 500 ft; 6 horses, hired by the year; value of fire department equipment \$7,000; value of buildings occupied \$1,500; total ann expenses of department \$1,050; total membership 35, paid part time; Stevens electric alarm; 8 street boxes. Chief engineer, F. J. Latimer.

WATER SUPPLY—Source, springs and wells, 4 reservoirs and river running through center of village. (Waterworks will probably be put in this year a gravity system to cost \$80,000.)

Pennacook, Merrimack Co., population 3,172, partly in Concord; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wood-

en roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, private chemical extinguishers, 3 hose carriages, 2 hose wagons; hose, cotton rubber lined good 2,500 ft, linen 300 ft, inferior 400 ft; value of two buildings occupied \$10,500; total ann expenses of department \$1,200; total membership 45, paid part time; bell and whistle alarm; 2 engine companies. Assistant engineer, Abiel W. Rolfe.

WATER SUPPLY (of Concord, which supplies part of Pennacook)—Source, Pennacook lake; system, gravity; hydrants 45; valves 48; pipe 12 miles; 21 meters; waterworks owned by city of Concord; pressure 60 to 85 pounds; cost to construct \$481,224. Town clerk, W. G. Buxton. *

Peterborough, Hillsborough Co., population 2,507; fire area 23,040 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages, alarmse couplings; hose, linen good 1,300 ft, inferior 500 ft; value of fire department equipment \$3,500; value of buildings occupied \$300; total ann expenses of department \$500; total membership 57, volunteer. Chief engineer, H. B. Needham.

WATER SUPPLY—Source not given; system, direct pumping; 17 hydrants; pipe 4 to 6 in dia. Town clerk, John H. Steele. *

Pittsfield, Merrimack Co., population 2,600; fire area 700 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, linen (unlined) good 2,500 ft, linen rubber lined good 500 ft; value of equipment \$3,500; value of buildings occupied \$2,000; ann. expenses \$1,900; bell and whistles alarm; total membership 53; 4 fire companies. Chief engineer, Alburn L. Page.

WATER SUPPLY—Source, pond; system, gravity to reservoir; reservoir cap 1,500,000 gals; 29 hydrants; pipe 6 3-4 miles; 1 meter; pressure 60 to 80 pounds; cost to construct \$35,000; ann expenses \$500. Pres, R. L. French; supt, S. J. Winslow.

Plymouth, Grafton Co., population 1,852; fire area 400 acres; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber inferior 400 ft, cotton good 1,550 ft; value of fire department equipment \$2,100; total ann expenses of department \$1,200; value of buildings occupied \$1,000; total membership 38, full paid; bell alarm. Chief engineer, Frank H. Harran.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 3,500,000 gals; 27 hydrants; pipe 4 miles, 6 and 4 in; 145 taps; pressure 40 to 80 pounds; works owned by company; cost to construct \$40,000; ann expenses \$350. Supt, W. F. Langdon.

Portsmouth, Rockingham Co., population 12,000; fire area 425 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—4 steam fire engines, 1 chemical engine on wheels, 4 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages, 3 hose wagons, 1 supply wagon, 2 sleighs; hose, cotton good 9,700 ft; value of fire department equipment \$35,000; total ann expenses of department \$11,572; total membership 118, paid part time; Gamewell electric alarm; 25 street boxes; 5 fire companies. Chief engineer, H. A. Marden.

WATER SUPPLY—Source, springs and driven wells, 2 miles west of city; system pumping to standpipe, cap 500,000 gals; pumping engines, dy cap 1,000,000 gals; 138 hydrants; pipe 81 miles, 2 to 16 in; 808 valves; 1,600 taps; pressure 60 pounds; works owned by city; cost to construct \$350,000; expenses (1893) \$14,430. Supt, John O. Ayres. Also 10 reservoirs total cap 723,000 gals.

Rochester, Strafford Co., population 8,000; mercantile buildings, brick and wood, 1 to 4 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—hand engine, not in use, 4 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 1 hose wagon; hose, cotton good 7,800 ft, inferior 300 ft; 2 horses; total membership 177, paid full time. Chief engineer, W. C. Sanborn. *

WATER SUPPLY—Source, pond; system, gravity;

reservoir 50 acres; 53 hydrants; pipe 10 miles, 6 to 12 in dia; 1 meter; pressure 80 pounds; water-works owned by company; cost to construct \$100,000; ann expenses \$2,300. Supt. Albert Wallace.*

Bumney, Grafton Co., population 947; mercantile buildings, wood, 2 stories; private, same; wooden roofs are permitted; no fireworks ordinance. No fire department.

WATER SUPPLY—Source, wells and springs.

Suncook, Merrimack Co. Fire department—1 chemical engine; hose, good 500 ft; total membership 50, paid 12. Chief engineer, G. P. Appleton.*

WATER SUPPLY—Not described; steam pumping; 6 hydrants.*

Tilton, Belknap Co., population 2,000; fire area 500 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 and 2½ stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 2 hose carriages, all kinds, 1 hose wagon; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total ann expenses of department \$800; total membership 30; bell alarm. Chief engineer, M. G. Keason.

WATER SUPPLY—Source, Knowles pond; system, gravity; reservoir cap 3,000,000 gals; hydrants 241; pipe 6 miles, 4 to 10 in dia; 110 pounds pressure; waterworks owned by company; cost to construct \$48,000; ann expenses \$500. Supt. Mark Keiser.*

Troy, Cheshire Co., population 1,000; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 1½ and 2½ stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hose wagon, fire hook and ropes; hose, cotton good 1,800 ft, various 400 ft; value of fire department equipment \$4,000; total ann expenses of department about \$1,462; total membership 20, paid part time 15; whistle and bell alarm. Chief engineer, Asa C. Dort.

WATER SUPPLY—Source, 6 cisterns and river flowing through town; 2 rotary pumps, cap 300 gals per minute; 1 duplex pump, cap 1,100 gals per minute, in Troy Mills yard; 760 ft, 8 inch iron pipe and 2 fire hydrants. Clerk of fire department, J. H. Bigelow

Warner, Merrimack Co., population 500; fire area 75 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck; hose, rubber good 50 ft.*

WATER SUPPLY—Source, wells and river. Town clerk, S. W. Davis.*

Whitefield, Oos Co., population 2,000; fire area 400 acres; mercantile buildings, wood, 2½ and 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds;

hose, cotton good 1,500 ft, linen good 500 ft; value of fire department equipment \$2,000; total membership 23, volunteers. Chief engineer, William Byrne.*

Wilton, Hillsborough Co., population 2,000; fire area 640 acres; buildings, brick and wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 hand engines, 3 hose carriages; hose, cotton good 600 ft, leather good 600 ft; value of fire department equipment \$2,500; value of buildings occupied \$500; total membership 50; whistle and bell alarm. Chief engineer, Chas. E. Robbins.

WATER SUPPLY—Source, wells and river; 1 reservoir; 4 hydrants; pipe 50 rods.

Winchester, Cheshire Co., population 2,584; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ stories. Fire department—4 hand engines, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 400 ft, rubber good 200 ft, inferior 200 ft; total membership 100, volunteers; whistle and bell alarm. Chief engineer, W. N. Haskell.*

WATER SUPPLY—Source, river and cisterns; hydrants; 2 steam pumps; 1 pump operated by water-power. Town clerk, Geo. H. Snow.*

Wolfborough, Carroll Co., population 3,300; fire area 1,900 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages, siamese couplings; hose, linen good 2,800 ft; 6 call horses; value of fire department equipment \$3,000; value of buildings occupied \$1,600; total ann expenses of department \$900; total membership 71, of which 68 are paid part time; whistle and bell alarm; 5 fire companies, 4 hose companies, 1 hook and ladder company. Chief engineer O. S. Young.

WATER SUPPLY—Source, pond; system, gravity; reservoir, cap 300,000 gals; 53 hydrants; pipe 16 miles, 4 to 10 in dia; 49 valves; 463 taps; pressure 80 to 100 pounds; works owned by town; cost to date \$70,000; ann expenses \$1,200. Supt. J. O. Heath.

Woodsville, Grafton Co., population estimated 1,000; fire area 600 acres; buildings, brick and wood, 1½ and 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 700 ft, leather good 500 ft; value of fire department equipment \$1,600; value of buildings occupied \$900; total ann expenses of department about \$275; total membership 30, paid; bell and whistle alarm. Chief, James F. Leonard.

WATER SUPPLY—Source, river; system, direct; pumping engines, dy cap 1,500,000 gals; 23 hydrants; pipe 5½ miles, 4 to 8 in dia; 203 taps; pressure, domestic 70, fire 100 pounds; works owned by company; cost to date \$45,000. Pres of waterworks, G. B. Cummings; supt, Ezra B. Mann.

The following places have no fire protection: Hooksett, Merrimack Co., population 1,893 Salmon Falls, Stafford Co., population 2,003; Wilton, Merrimack Co., population 840.

NEW JERSEY.

Arlington, Hudson Co. (In Kearney township).

Asbury Park, Monmouth Co., population 4,000; fire area 640 acres; mercantile buildings, brick, stone and wood, 3 stories; private, brick and wood, 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 5 hose carriages, all kinds, 1 hose wagon; hose, cotton good 2,000 ft, rubber good 1,000 ft; 6 horses; value of fire department equipment \$18,000; value of buildings occupied \$5,000; total ann expenses of department \$4,500; membership 150, paid part time 4, paid full time 4, remainder volunteers; Gamewell alarm; 10 street boxes; 6 fire companies, 2 engine companies, 1 hook and ladder company, 3 hose companies. Chief engineer, E. C. Vancleave.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe and direct if needed; standpipe cap 108,000 gals; pumping engine, dy cap 1,700,000 gals; 62 hydrants; pipe 11 miles, 3 to 12 in dia; 59 valves; 920 taps; pressure 60 pounds; works owned by city; cost to construct \$92,000, to

date \$108,000; ann expenses \$6,000. Supt. G. H. Coffin.

Atlantic City, Atlantic Co., population 15,000; fire area 475 acres; mercantile buildings, brick and stone, 2 to 4 stories; private, wood, 2½ to 3 stories; wooden roofs are permitted but tin principally used; fireworks ordinance; causes of fire investigated. Fire department—4 steam fire engines, 1 hand engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck in reserve, 1 aerial truck, 6 hose carriages, 1 hose wagon; hose, cotton good 14,000 ft, 18 horses, value \$5,000; value of fire department equipment \$23,000; value of buildings occupied \$25,000; total ann expenses of department \$21,100; total membership 185, paid full time 15; Gamewell alarm; 36 street boxes; 5 fire companies. Chief engineer, Edward G. Pettit.

WATER SUPPLY—Source, driven well and pond; system, pumping to standpipe; standpipe cap 485,000 gals; pumping engine, dy cap about 15,000,000 gals; 150 hydrants; pipe 25 miles, 2 to 30 in dia; 150 valves; 2,000 taps; pressure 40 to 50 pounds; Edison pressure recording gauge; works owned by company. Supt. Geo. T. Prince.

Bayonne City, Hudson Co., population 23,000; fire area 3 miles by 1½ miles; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—5 steam fire engines, 1 hand engine, 1 chemical engine on wheels, 16 chemical extinguishers, 4 hook and ladder trucks, 7 hose carriages, all kinds, 1 hose wagon; hose, rubber good 5,000 ft, inferior 200 ft, cotton good 500 ft; 5 horses, value \$1,000; value of fire department equipment \$20,000; value of buildings occupied \$42,000; total ann expenses of department \$7,000; total membership 450, volunteers; bell and telephone alarm; 8 fire companies, Chief engineer, John J. Knight.

WATER SUPPLY—Source, Passaic river; system, gravity; 225 hydrants; pipe 28 miles, 6 to 20 in dia; 250 valves; 1,500 taps; pressure 35 pounds; works owned by city; cost to construct \$180,000; to date \$200,000; ann expenses \$5,500. Supt, Charles McBride.

Bellville, Essex Co., population 4,000; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,000 ft; value of fire department equipment \$3,200; value of 2 buildings occupied \$1,700; total ann expenses of department \$1,000; total membership 100, volunteers. Chief engineer, E. S. Collard.

WATER SUPPLY—Source, not given; system, pumping to reservoir, force pumps; 18 hydrants; pipe 2 miles, 6 in dia; pressure 70 pounds. Town clerk, Wm. D. Lister.*

Belvidere, Warren Co., population 1,768; fire area 600 acres; mercantile buildings, wood, 2½ to 5 stories; private, 2½ and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 700 ft, rubber good 800 ft, inferior 300 ft; value of fire department equipment \$2,000; value of buildings occupied \$5,000; total membership 50, volunteers; bell alarm. Chief engineer, Jacob Bellis; fire marshal, Thos. H. Hayes.*

WATER SUPPLY—Source, Delaware river; system, pumping to standpipe, cap 33,840 gals; pumping engines, dy cap 1,000,000 gals; 28 hydrants; pipe 3½ miles; 40 valves; 230 taps; pressure 72 pounds; waterworks owned by company; cost to construct \$23,500; ann expenses \$1,600. Supt, D. G. Heffner.

Beverly, Burlington Co., population 2,000; fire area 1 sq mile; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—6 chemical extinguishers (bad order), 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,900 ft; value of fire department equipment \$2,000; value of buildings occupied \$3,000; total membership 140, volunteers; bell alarm; 2 hose companies, 1 hook and ladder company. Chief engineer, G. D. Logan.

WATER SUPPLY—Source, Delaware river; system, pumping to standpipe and direct; standpipe cap 150,000 gals; pumping engines, dy cap 2,000,000 gals; 47 hydrants; pipe 6½ miles, 16 to 4 in dia; 36 valves; pressure 47½ pounds; works owned by company; cost to construct \$50,000. Supt, James Finley.

Blairstown, Warren Co., population 1,662; fire area 20 acres; building, wood, 2 stories; wooden roofs permitted, slate used largely. Fire department—1 hose carriage, 24 buckets, 16 ladders; hose, cotton good 1,000 ft, inferior 60 ft; value of fire department equipment \$1,000; value of buildings occupied \$1,200; total membership 25, volunteers. Foreman, Robert Craig, Jr.

WATER SUPPLY—Source, stream and well; system, pumping to standpipe, cap 112,000 gals; pumping engines, dy cap 576,000 gals; 12 hydrants; pipe 1 mile, 4 to 6 in dia; 1 valve; 25 taps; pressure 67 pounds; works owned by J. I. Blair; cost to construct \$25,000. Supt, Wm. H. Vail.

Bloomfield, Essex Co., population 8,500; fire area 13½ sq miles; mercantile buildings, wood and brick, 3 stories; private, wood, 2½ stories; wooden roofs permitted; no fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 4,200 ft, inferior 300 ft; value of fire department equipment \$8,500; value of buildings occupied \$7,500; total ann expenses of

department \$3,000; total membership 96, volunteers; Gamewell alarm; 19 street boxes; 1 hook and ladder company, 3 hose companies. Chief engineer, William U. Oakes.

WATER SUPPLY—Source, springs; system, pump direct; pumping engines, dy cap 6,000,000 gals; 150 hydrants; pipe 28 miles, 4 to 12 in dia; 550 taps; pressure, domestic 50, fire 100 pounds; works owned by company; cost to construct \$100,000. Supt, Geo. Olcott.

Boonton, Morris Co., population 3,307; fire area 500 acres; mercantile buildings, brick, wood and concrete, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber new 800 ft; 2 independent companies with hand engines and buckets; value of fire department equipment \$2,500; value of buildings occupied \$10,000; total expenses in 1893 \$1,800; total membership 70, volunteers. Chief engineer, Jacob L. Hult. The following apparatus is the property of the Boonton Iron Works: 1 hook and ladder truck, 4 hose carriages; hose, leather good 1,000 ft.

WATER SUPPLY—Source, wells and cisterns. City clerk, Geo. H. Fitzpatrick. (Works have been contracted for.)

Bordentown, Burlington Co., population Bordentown township 5,060; mercantile buildings, brick and wood, 2 and 3 stories; private, wood and brick, 2 and 3 stories; tin or slate roofs; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 4 hose carriages, slamese couplings used; hose, cotton good 1,500 ft, leather good 450 ft, inferior 1,000 ft; value of fire department equipment \$6,000; value of buildings occupied \$3,500; total ann expenses of department \$250; total membership 180, volunteers; bell alarm. Chief engineer, Joseph Vandegrift.*

WATER SUPPLY—Source, Crosswick's creek; system, pumping to reservoir and direct; reservoir cap 500,000 gals; pumping engines, dy cap 1,700,000 gals; 51 hydrants; pipe 7 miles, 6 in dia; 30 valves; 2 meters; quality of water good; National filter; pressure, domestic 33 pounds, fire direct; waterworks owned by company. Supt, John M. Steele.

Bound Brook, Somerset Co., population 1,600; fire area 4 sq miles; mercantile buildings, brick and wood, 1 and 2 stories; private, brick and wood, 1 to 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical tanks, 1 hook and ladder truck, 2 hose carriages; hose, linen good 1,600 ft, inferior 650 ft; 1 horse, value \$250; value of equipment \$8,000; value of buildings occupied \$5,000; ann expenses \$1,000; membership 110; bell and whistle alarm; 3 fire companies. Chief, J. A. Oldham.

WATER SUPPLY—Source, Middle Brook; system, gravity; 2 reservoirs, cap 1,000,000 and 11,000,000 gals respectively; 50 hydrants; pipe 11 miles, 2 to 4 in dia; 137 valves; 417 taps; pressure, domestic 40, fire 51 pounds; works owned by company; cost to construct \$57,500; ann expenses \$1,100. Manager, S. Ayres, Jr.

Bridgeton, Cumberland Co., population 13,000; mercantile buildings, brick and wood, 3 stories; private, wood, 2½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 3,000 ft; 4 horses; total expenses for past year \$2,327.02; total membership 30, paid part time; Gamewell alarm; 13 street boxes. Chief engineer, W. H. Elwell.

WATER SUPPLY—Source, East lake and springs; system, pumping to reservoir, cap 1,500,000 gals; pumping engines, dy cap 3,500,000 gals; 167 hydrants; pipe 21 4-10 miles, 3 to 16 in dia; 258 valves; 1,678 taps; pressure 16 to 45 pounds; waterworks owned by city; cost to construct \$70,000, to date \$132,000; ann expenses \$4,000. Supt, Timothy Woodruff.

Burlington, Burlington Co., population 8,500; fire area 400 acres; mercantile buildings, brick and wood, 3 and 4 stories; private, brick, and wood, 2 and 3 stories; wooden roofs permitted, but mostly tin. Fire department—2 steam fire engines, 1 chemical engine on wheels, 1 hook and ladder truck, 7 hose carriages; hose, cotton good

5,500 ft. leather poor 500 ft.; 4 horses used; value of fire department equipment \$12,000; value of buildings occupied \$10,000; total ann expenses of department \$2,500; total membership 322, volunteers; chief paid; Pierce & Jones electric alarm; 11 street boxes; 8 engine companies, 1 hook and ladder company. Chief engineer, Alva A. Thorn.

WATER SUPPLY—Source, Delaware river; system, pumping to standpipe, cap 282,000 gals; pumping engines, dy cap 2,000,000 gals; 112 hydrants; pipe 17 miles, 4 to 16 in dia; 1,000 taps; pressure, 86 pounds; waterworks owned by city; cost to construct to date \$110,000; ann expenses \$3,000. Supt, Geo. A. Allison.

Caldwell, Essex Co., population 1,000; fire area 832 acres; buildings, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—5 chemical extinguishers, 1 hook and ladder truck, 20 rubber buckets, axes, bars, poles etc. Boro clerk, M. B. Lindsley.

WATER SUPPLY—Source, wells and cisterns. Boro clerk, Morris B. Lindsley.

Camden, Camden Co., population 58,313; fire area 104 sq miles; mercantile buildings, brick and stone, 3 and 4 stories; private, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—4 steam fire engines (1 in reserve), 1 aerial hook and ladder truck, with (1 in reserve), 1 double 60 gal chemical engine, 8 hand chemical extinguishers, 3 hose carts, 1 two horse hose wagon, 1 supply wagon, 1 chief engineer wagon (1 in reserve), slamese couplings used; hose, cotton rubber lined 5,000 ft in good condition, 2,500 second grade; 19 horses, value \$57,000; value of fire department equipment \$50,000; value of buildings occupied \$50,000; total expenses of department for one year \$55,000; total membership 47, full paid 35, part paid 12; Gamewell fire alarm and telegraph; 43 street boxes. Chief engineer, Samuel S. Elfreth.

WATER SUPPLY—Source, Delaware river; system, pumping to reservoir and standpipe; reservoir cap 6,000,000 gals; pumping engines, dy cap 17,000,000 gals; 58 hydrants; pipe 67.09 miles, 3 to 30 in dia; 1,365 valves; pressure 30 to 80 pounds; waterworks owned by city; cost to construct to date \$500,000; ann expenses \$22,000. Supt, Wm. W. Mines. Purchased from company at a cost of \$2,000,000.

Cape May City, Cape May Co., population 2,600; mercantile buildings, brick and wood, 3 and 4 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 40 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 4 hose carriages, all kinds; hose, rubber good 500 ft, inferior 60 ft, cotton good 1,600 ft, linen good 500 ft; 5 horses, value \$1,600; value of fire department equipment \$2,000; value of buildings occupied \$5,000; total ann expenses of department \$3,000; total membership 57, paid full time 3, volunteer members 54; Gamewell alarm; street boxes 9; 7 fire companies, 2 engine companies, 2 hook and ladder companies, 3 hose companies. Chief engineer, Joseph H. Hanes.*

WATER SUPPLY—Source, wells; system, gravity to tank, auxiliary pumping tanks, cap 120,000 gals; pumping engines, dy cap 3,500,000 gals; 85 hydrants; pipe 9 miles, 4 to 10 in dia; 25 valves; 798 taps; pressure, domestic 24, fire 80 pounds; waterworks owned by city; original cost to construct \$35,000; ann expenses \$1,500. Supt, J. Ash-ton Williams.

Carlstadt, Bergen Co., population 4,500; fire area 1 mile sq; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 2 hook and ladder trucks, 1 hose carriage; hose, good 1,200 ft, inferior 350 ft; value of equipment \$6,685; value of buildings occupied \$4,000; ann expenses \$789; total membership 105, volunteers. Chief engineer, Chas. Kley.

WATER SUPPLY—Source, river and 3 cisterns.*

Cedarville, Cumberland Co., population 1,728; mercantile buildings, wood, 2½ stories; private, wood, 2½ stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. No fire department. Have set of ladders.

WATER SUPPLY—Source, wells. Town clerk, Henry S. Long.

Chambersburg, Mercer Co., annexed to Trenton.

Clayton, Gloucester Co., population of Clayton township 2,299; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—2 hand engines, buckets.

WATER SUPPLY—Source, wells. Factories have artesian wells; cap of pump 500 gals per min.

Clinton, Hunterdon Co., population 1,000; fire area 200 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 and 2½ stories; roofs, tin and slate; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hose carriages; hose, rubber good 1,500 ft; total membership 40. Pres of com, P. A. Esty, Jr.; foreman, H. Altomas; asst, J. H. Cass.

WATER SUPPLY—Source, south branch of Raritan river, which runs through the town.

Cramer's Hill, (Including Pavonia) township 8,500; fire area 2 miles sq; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages, all kinds, 2 jumpers (P. R. R. have 2 spiders, 3,500 ft hose); hose, cotton good 2,500 ft; value of fire department equipment \$12,000; value of buildings occupied \$10,000; total membership 200, volunteers; Gamewell alarm; 9 street boxes; 8 fire companies. Chief engineer, Samuel M. Welch.

WATER SUPPLY—Source, wells and cisterns.*

Cranford, Union Co., population 2,400; fire area 1 sq mile; mercantile buildings, brick and wood, 3 stories; private, wood, 2 and 3 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total ann expenses of department \$1,332; total membership 44, volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, Daniel Torbush.

WATER SUPPLY—Source, Union Water Co., for description of works see Plainfield; 38 hydrants; pressure 85 pounds. Mayor, Edmund B. Horton.

Dover, Morris Co., population 5,000. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton 500 ft, rubber 1,000 ft, leather good 500 ft; total membership 185. Chief engineer, W. H. Lambert.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 6,000,000 gals; 69 hydrants; pipe 83-4 miles, 4 to 10 in dia; 65 valves; 254 taps; pressure 5 to 90 pounds; waterworks owned by company. Supt, P. J. H. Bassett.

East Orange, Essex Co., population 13,282; buildings, brick and wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 4 hose wagons, 1 hose carriage; hose, cotton rubber lined good 6,000 ft; membership 128; paid full time 8; telegraph alarm. Chief, H. Mills.

WATER SUPPLY—Source, springs and wells; system, direct pumping; pumping engines, dy cap 6,000,000 gals; 360 hydrants; pipe 64 miles, 4 to 12 in dia; 713 valves; 150 meters; pressure, domestic 75 to 85, fire 80 to 100 pounds; pressure recording gauge; waterworks owned by company; cost to construct \$500,000. Pres of com, F. M. Shepherd; supt, Geo. P. Olcott.*

Easton town, Monmouth Co., population 2,953; fire area 720 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber good 600 ft, inferior 200 ft; value of fire department equipment \$2,500; value of buildings occupied \$600; total membership 56, volunteers. Chief engineer, Robert Fay.

WATER SUPPLY—Source, 2 brooks, wells and springs.

Egg Harbor, Atlantic Co., population 1,500; fire area 2 square miles; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers (also 2 private), 2 hook and ladder trucks, 2 hose carriages; hose, cotton good 300 ft,

inferior 800 ft, rubber good 500 ft; value of fire department equipment \$2,000; value of buildings occupied \$4,000; total ann expenses of department \$300; total membership 54, volunteers; bell alarm. Chief engineer, Joseph Huettinger.

WATER SUPPLY—Source, driven wells, force pumps. Town clerk, V. P. Hofman.

Elizabeth, Union Co., population 45,000; fire area 6,240 acres; buildings, brick and wood, 2 to 4 stories; wooden roofs not permitted within 200 ft of the main street. Fire department—6 steam fire engines, 4 chemical extinguishers, 2 hook and ladder trucks, 6 hose carriages, all kinds; hose, rubber good 8,500 ft, poor 1,000 ft, cotton good 1,500 ft, poor 500 ft; 25 horses, value \$6,000; value of equipment \$40,000; value of buildings occupied \$65,000; total ann expenses of department \$35,000; total membership 525, paid full time 12, paid part time 8; Gamewell alarm; 47 street boxes. Chief engineer, Joseph Brown. (A new steamer is contemplated).

WATER SUPPLY—Source, Elizabeth river; system, pumping to reservoir and direct; impounding reservoir, cap 200,000,000 gals; pumping engines, dy cap 7,000,000 gals; 250 hydrants; pipe 68 miles; 45 meters; pressure 35 pounds; waterworks owned by company; cost to construct \$1,000,000; ann expenses \$40,000. Pres of com, John Kean, Jr; supt, Wm. Whelan.

Englewood, Bergen Co., population 4,785; fire area 12 square miles; buildings, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinances. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,000 ft, cotton good 1,000 ft; 4 horses, value \$800; value of fire department equipment \$2,000; value of buildings occupied \$1,000; expenses for last year \$300; total membership 61, volunteers; bell alarm. Chief engineer, Jacob Taylor.

WATER SUPPLY—Source, Hackensack river; system, pumping to reservoir; 2 pumping engines, dy cap 10,000,000 gals; 50 hydrants; pipe 5 miles, 4 to 24 in dia; 80 valves; 400 meters; pressure, domestic 10 to 100, fire 20 to 100 pounds; waterworks owned by company. Supt, C. B. Brush.

Flemington, Hunterdon Co., population estimated 2,000; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, fabric good 900 ft; 2 buildings occupied; total membership 90, volunteers. Chief engineer, F. A. Rice.

WATER SUPPLY—Source, river and springs; system, gravity, pumping to reservoirs; 9 hydrants; 10 miles pipe, 4 to 6 in dia. Supt, J. B. Hopewell.

Fort Lee, Bergen Co., population 2,000; fire area 4 square miles; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinances. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft, rubber good 56 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total ann expenses of department \$200; total membership 60, volunteers; bell alarm. Chief engineer, Jacob Beyer.

WATER SUPPLY—Source, wells and cisterns.

Freehold, Monmouth Co., population 2,932; fire area 700 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinances. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, alamese couplings used; hose, rubber good 1,400 ft, cotton fair 500 ft; value of fire department equipment \$10,000; value of buildings occupied \$6,000; ann expenses \$800; total membership 183, volunteers; bell alarm. Chief engineer, John H. Hulise.

WATER SUPPLY—Source, 8 artesian wells; system, pump to standpipe, cap 234,000 gals; pumps, dy cap 750,000 gals; 57 hydrants; pipe 10 miles, 10 to 3 in dia; 87 valves; 231 taps; pressure 45 to 55 pounds; works owned by city; cost to construct \$46,000, to date \$47,000; ann expenses \$1,750. Supt, S. Perrine Voorhees.

Frenchtown, Hunterdon Co., population 1,023; mercantile buildings, brick and wood, 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hose carriage; hose, good 1,200 ft; value of fire department

equipment \$3,000; value of buildings occupied \$2,000; total ann expenses of department \$100; total membership 60, volunteers. Chief engineer, Geo. W. A. Lyons.

WATER SUPPLY—Source, Delaware river and mill race.

Gloucester City, Camden Co., population 6,564; fire area 1 mile; buildings, brick and wood, 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton 500 ft, rubber good 1,600 ft; value of equipment \$4,300; value of buildings occupied \$6,000; total ann expenses \$325; mills own 5 hose carriages and 5,000 ft hose; total membership 34, volunteers; Gamewell alarm; 6 street boxes. Chief engineer, P. Mealey.

WATER SUPPLY—Source, springs and Newtown creek; system, pumping from reservoir to standpipe; reservoir cap 2,000,000 gals; standpipe cap 145,000 gals; pumping engines, dy cap 2,000,000 gals; 66 hydrants; pipe 12 miles; pressure, domestic 45, fire 80 to 90 pounds; waterworks owned by city; cost to construct \$82,000; ann expenses \$1,908. Supt, James Finley.

Hackensack, Bergen Co., population 7,500; mercantile buildings, wood, 2 stories; private same; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hook and ladder trucks, 3 hose carriages, 1 hose wagon, 1 fire patrol; hose, cotton good 3,100 ft, rubber good 500 ft; value of fire department equipment \$9,000; value of buildings occupied \$20,000; total ann expenses \$7,500; total membership 2,002, volunteers; Gamewell alarm; 18 street boxes. Chief engineer, Irving Watermire.

WATER SUPPLY—Supply furnished by Hackensack Water Co., reorganized (see Hoboken); 61 hydrants; pipe 5 miles; pressure 42 pounds; Edison pressure recording gauge. Town clerk, M. Demarest.

Hackettstown, Warren Co., population 2,417. Fire department—2 hand engines, 2 hose carriages; hose, cotton good 1,500 ft, rubber good 100 ft; total membership 40, volunteers. Chief engineer, W. F. Hairhouse.

WATER SUPPLY—Source, mountain streams; system, gravity; 40 hydrants; pipe 10 miles; pressure 40 pounds; waterworks owned by village; cost to construct \$54,000. Supt, Wm. Sidner.

Haddonfield, Camden Co., population 2,502; fire area radius 1 mile; buildings, wood, 2½ stories; new roofs are slate or tin; fireworks ordinance. Fire department—1 force pump, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,000 ft, rubber inferior 500 ft; value of fire department equipment \$2,900; value of buildings occupied \$1,500; total ann expenses of department \$128; total membership 154, paid part time 1, volunteers 77. Chief engineer, Thos. Hill.

WATER SUPPLY—Source, springs, cisterns; system, pumping to standpipe, cap 145,000 gals; impounding reservoir, cap 20,000,000 gals; pumping engines, dy cap 1,500,000 gals; 22 hydrants; pipe 6 miles, 6 to 8 in dia; 21 valves; 350 taps; pressure 35 pounds; works owned by company; cost to construct \$40,000. Pres of com, Wm. H. Snowdon; supt, Bell Broa.

Hammononton, Atlantic Co., population 3,833; buildings, brick, stone and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 950 ft; value of fire department equipment \$800; value of buildings occupied \$1,000; total membership 50, volunteers. Chief, S. E. Brown.

WATER SUPPLY—Source, well and cisterns.

Harrison, Hudson Co., population 9,000; fire area 1¼ sq mile; buildings, wood, 2½ and 3 stories; wooden roofs permitted. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,000 ft, inferior 200 ft, rubber good 1,500, inferior 1,000 ft; value of fire department equipment \$5,000; total ann expenses of department \$5,500; total membership 100, volunteers; bell and whistle alarm. Chief, Wm. Bowers.

WATER SUPPLY—Source, Jersey City waterworks; 83 hydrants; pipe 8 miles; 512 taps; pressure 45 pounds. Supt, Geo. H. Cooper; town clerk, Bernard Walsh.

Helmetta, Middlesex Co., population 600; fire

area 35 acres; mercantile buildings, brick and wood, 6 stories; private, wood, 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 3 chemical extinguishers, 3 hose carriages; hose, rubber good 900 ft; value of fire department equipment \$3,000; total membership 191; whistle alarm. Chief engineer, Wm. H. Clemens.*

WATER SUPPLY—Source, ponds and tanks; system, pumping to standpipe; 15 hydrants; pipe 2 in dia; 30 valves; works owned by company. Supt, Oscar Erickson.*

Hightstown, Mercer Co., population 1,875; fire area 200 acres; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, with 85 ft of ladders; 3 hose carriages; hose, cotton good 2,000 ft, inferior 1,800 ft, leather good 600 ft, inferior 400 ft; value of fire department equipment \$7,500; value of buildings occupied \$3,000; total membership 70, volunteers; bell alarm. Chief engineer, J. V. D. Beekman.

WATER SUPPLY—Source, pond, stream and wells; 8 cisterns, cap 1,100 gals each.

Hoboken, Hudson Co., population estimated 50,000; fire area 720 acres; mercantile buildings, iron, brick and stone, 5 stories; private, stone and brick, 3 and 4 stories; wooden roofs not permitted; no fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 chemical engine on wheels, 4 chemical extinguishers, 2 aerial trucks, 3 hose wagons; hose, rubber good 5,600 ft; 16 horses, value \$1,800; value of fire department equipment \$31,840; value of buildings occupied \$87,000; total ann expenses of department \$80,668; total membership 45, paid full time; Gamewell alarm; 34 street boxes. Chief engineer, Irvin D. Applegate, Jr.

WATER SUPPLY—Source, Hackensack river; system, pumping to reservoir; reservoir cap 15,000,000 gals; standpipe cap 150,000 gals; pumping engines, dy cap 12,000,000; 724 hydrants; pipe 140 miles, 24 to 4 in dia; 953 valves; 5,530 meters; pressure, domestic 35 to 50, fire 50 to 75 pounds; works owned by company. Pres, Robt. W. DeForest; supt and engineer, Charles B. Brush.*

Hopewell, Mercer Co., population 4,338. Fire department—1 hook and ladder truck; value of fire department equipment \$1,000; total membership 30, volunteers; bell alarm. Chief engineer, S. Smith Ege.*

WATER SUPPLY—Source, springs; reservoir cap 800,000 gals; pipe 3 miles; 10 valves; 40 taps; works owned by company; cost to construct \$7,500. Pres, L. Labau; supt, L. P. Hanley.*

Jersey City, Hudson Co., population 180,000; fire area 7 sq miles; mercantile buildings, brick and wood, 2 to 6 stories; private, brick and wood, 2 to 6 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—13 steam fire engines, 2 chemical engines on wheels, 50 chemical extinguishers, 5 hook and ladder trucks, 1 aerial truck, 5 hose carriages, 14 hose wagons, siamese couplings used; hose, cotton good 27,000 ft, rubber good 23,000 ft; 55 horses; total membership 218, paid full time 83, paid part time 128; Gamewell alarm; 104 street boxes. Chief engineer, John Conway.

WATER SUPPLY—Source, Passaic river and tributaries; system, gravity, pumping to reservoir; three 170,000,000 gals reservoirs; pumping engines, dy cap 32,000,000 gals; 1,943 hydrants; pipe 202 miles, 4 to 36 in dia; 1,600 valves; pressure, domestic 15 to 30, fire 15 to 45 pounds; 24,200 taps; Edison pressure recording gauge; waterworks owned by city and supplies Bayonne City and Kearney township; cost to construct \$4,950,000, to date \$5,400,000; ann expenses \$500,000. Supt, Wm. Kearney.

Kearney Township, Hudson Co., population 9,800; fire area 1,000 acres; mercantile buildings, wood and brick, average 3 stories; private, wood and brick, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages, all kinds; other apparatus, 2 jumpers; hose, cotton good 4,700 ft; value of fire department equipment \$10,000; value of buildings occupied \$13,000; total ann expenses of department \$1,700; total membership 225, all volunteers; 7 fire companies, 2 hook and ladder companies, 5 hose companies. Chief engineer, Walter A. Walsh.

WATER SUPPLY—The Water Supply is leased from the City of Jersey City, and is obtained from the Passaic River.

Keyport, Monmouth Co., population 4,000; fire area 1 mile sq; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton new 400 ft, rubber good 1,000 ft; value of fire department equipment \$6,000; value of buildings occupied \$10,000; total ann expenses of department \$500; total membership 125, volunteers; bell alarm. Chief engineer, Henry A. Young.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; standpipe cap 293,000 gals; pumping engines, dy cap \$500,000 gals; hydrants 86; pipe 8 1/2 miles, 12 to 4 in dia; 80 taps; pressure 45 to 80 pounds; waterworks owned by city; cost to construct \$55,000. Supt, T. H. Roberts.

Lakewood, Ocean Co., population 1,500; fire area 1,200 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$1,000; total membership 30, volunteers; Gamewell alarm; 1 fire company. Chief engineer, J. H. Todd.

WATER SUPPLY—Source, south branch Metedeconk river; system, pumping to standpipe, cap 144,000 gals; pumping engines, dy cap 1,000,000 gals; 45 hydrants; pipe 2 8-10 miles, 4 to 8 in; 140 taps; pressure 45 pounds (125 if needed); works owned by company. Pres, Isaac A. Van Hise.

Lambertville, Hunterdon Co., population 4,142; fire area 320 acres; buildings, brick and wood, 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 chemical extinguishers; 2 hose carriages; hose, cotton good 1,250 ft, rubber good 250 ft, inferior 300 ft; value of fire department equipment \$4,400; value of buildings occupied \$13,650; total ann expenses of department \$1,357; total membership 135, volunteers, chief paid \$25 per year; electric alarm; 10 street boxes 3 fire companies. Chief engineer, W. S. Robertson.

WATER SUPPLY—Source, spring and Swan-oreek; system, gravity; 2 reservoirs, cap 117,000,000 gals; 80 hydrants; pipe 8 miles, 4 to 8 in dia; 28 valves; 183 taps; quality of water good; pressure 71 pounds; waterworks owned by company cost to construct \$50,000; ann expenses \$1,000 Supt, T. Corryell.

Long Branch, Monmouth Co., population 20,000; fire area 9,000 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—3 steam fire engines, 1 chemical engine on wheels, 8 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 4 hose carriages, all kinds, 3 hose wagons; hose, cotton good 1,500 ft, rubber good 5,000 ft, inferior 5,000 ft; 19 horses, value \$4,000; value of fire department equipment \$27,000; value of buildings occupied \$17,000; total ann expenses of department \$9,280; total membership 850, paid full time 10; Gamewell alarm; street boxes 12. Chief engineer, Charles J. Luther.

WATER SUPPLY—Source, brook and springs; system, pumping to standpipe; standpipe cap 143,000 gals; pumping engines, dy cap 5,000,000 gals; 115 hydrants; pipe 31 miles, 4 to 20 in dia; 105 valves; pressure, domestic 40, fire 65 pounds; waterworks owned by company; cost to construct \$350,000. Pres of com, Geo. F. Baker; secy and supt, Whitney Conant.

Lorraine, Union Co., population 500; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 hose carriage; hose, cotton new 500 ft, 1 horse; total membership 25, all volunteers; bell alarm. Chief engineer, J. H. Endrauff.

WATER SUPPLY—Source, Plainfield, system, pumping to standpipe; hydrants; pipe 1 mile, 1 in dia; pressure 80 pounds; waterworks owned by company; cost to construct to date \$3,000. Supt, W. J. Lansley, Central Bldg N. Y.

Lyndhurst, Bergen Co., population 2,000;

fire area 400 acres; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 800 ft. inferior 200 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,800; total ann expenses of department \$800; total membership 70, volunteers; bell and whistle alarm. Chief engineer, John E. Travers.

WATER SUPPLY—Source, wells and cisterns.

Madison, Morris Co., population 2,200; fire area 4 sq miles; buildings, brick and wood, 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; 1,200 ft good cotton hose; value of equipment \$1,500; value of buildings occupied \$1,000; membership 35, volunteers; bell and whistle alarm. Chief engineer, M. B. Crane.

WATER SUPPLY—Source, well; system, pumping to standpipe, cap 292,535 gals; pumping engines, dy cap 1,000,000 gals; pipe 19 miles, 4 to 10 in dia; hydrants 130; valves 44; 312 taps; pressure 85 pounds; works owned by borough; cost to construct \$30,000. Mayor, Jas. P. Albright; borough clerk, F. E. Day.

Manasquan, Monmouth Co., population about 1,600; fire area 5.120; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 chemical engine on wheels, 1 chemical extinguisher; hose, rubber good 200 ft; value of fire department equipment \$1,850; value of buildings occupied \$1,500; total membership 50, volunteers; bell alarm. Chief, Wm. H. Reer.

WATER SUPPLY—Source, wells, also reservoir supplied by brook.

Matawan, Monmouth Co., population 3,500; fire area 100 acres; buildings, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft, poor 250 ft; value of fire department equipment \$850; total ann expenses of department about \$200; total membership 80, volunteers; bell alarm. Chief engineer, Chas. A. Scott.

WATER SUPPLY—Source, cisterna. Town clerk, W. A. Rodgers.

Medford, Burlington Co., population 1,000; buildings, stone and wood, 2 and 3 stories; private, wood, 24 stories. Fire department—1 hand engine, 1 hook and ladder truck; hose, rubber good 200 ft; total ann expenses of department \$5; total membership 40, volunteers. Chief, Jesse Storkhouse.

WATER SUPPLY—Source, wells and cisterna.

Merchantville, Camden Co., population 1,225; fire area 150 acres; buildings, brick and wood; 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft, leather good 1,200 ft, inferior 300 ft; value of equipment \$1,200; value of buildings occupied \$2,500; total ann expenses \$350; total membership 31, volunteers. Chief engineer, G. C. Mick.*

WATER SUPPLY—Source, stream fed by springs, system, pump to standpipe; cap 40,000 gals; cap of reservoir 500,000 gals; pumps, dy cap 1,000,000 gals; pipe 10 miles, 8 to 4 in; 50 hydrants; valves 25; taps 420; pressure 40 to 100 pounds; works owned by company; cost to construct \$35,000; cost to date \$52,000; ann expenses \$2,000. Supt, Edward S. Thrope.

Metuchen, Middlesex Co., buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$500; value of buildings occupied \$2,500; total ann expenses of department \$100; total membership 28, volunteers; bell alarm. Foreman, B. C. Voorhees.

WATER SUPPLY—Source, wells. Town clerk, John Robinson.*

Millford, Hunterdon Co., population 700; buildings, wood, stone and brick, 2 and 3 stories. Fire department—1 hand engine, other apparatus, hand grenades; hose, rubber good 500 ft; value of fire department equipment \$800; total membership 50, volunteers; bell and whistle alarm. Chiefs, Jonas Hager, C. H. Darmon.

WATER SUPPLY—Source, creek and mill race. Town clerk, Wm. W. Ulmer.*

Millville, Cumberland Co., population 10,100; fire area 2 sq miles; mercantile buildings, brick, 3 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 2,000 ft, leather good 1,100 ft, poor 500 ft; value of fire department equipment \$7,000; expenses for past year \$1,150; total membership 41, volunteers; electric alarm; 6 street boxes. Chief engineer, Geo. W. Yeiter.

WATER SUPPLY—Source, well and river; system, pumping to standpipe from impounding reservoir; pumping engines, dy cap 1,500,000 gals; 66 hydrants; pipe 10 miles, 3 to 12 in dia; valves; quality of water good; pressure 60 pounds; Edison pressure recording gauge. Supt, R. W. Meridith.

Montclair, Essex Co., population 11,000; fire area 4,000 acres; buildings, brick and wood, 1 to 4 stories; wooden roofs permitted; no fireworks ordinance. Fire department—16 chemical extinguishers, 1 hook and ladder truck, 4 hose wagons, all kinds; hose, cotton good 4,000 ft, rubber good 1,500 ft; 6 horses, value \$1,000; value of equipment \$8,000; value of buildings occupied \$4,000; total ann expenses \$9,000; total membership 125, volunteers; 4 hose companies, 1 hook and ladder company; Gamewell alarm; 31 street boxes. Chief engineer, Philip Keller, Jr.

WATER SUPPLY—Source, wells; system, gravity, pumping to standpipe and direct, cap 350,000 gals; pumping engines, dy cap 3,500,000 gals; 303 hydrants; pipe 88 miles, 4 to 16 in dia; 159 valves; 150 meters; 1,170 taps; works owned by company; pressure 70 to 130 pounds; cost to construct \$200,000. Pres, W. G. Snow; supt, James Owen.

Moorestown, Burlington Co., population 3,500; fire area 1 sq mile; mercantile buildings, brick and wood, 3 stories; private, brick and wood, 24 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 hand force pumps, 1 chemical engine on wheels, 4 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages, all kinds; hose, rubber good 600 ft, inferior 100 ft, cotton good 800 ft; value of fire department equipment \$3,500; value of buildings occupied \$2,000; total ann expenses of department \$1,200; total membership 100, volunteers; Gamewell alarm; 11 street boxes. Chief engineer, B. Frank Ellis.

WATER SUPPLY—Source, pond bed by stream; system, pumping to tank; reservoir cap 3,000,000 gals, standpipe cap 75,000 gals; pumping engines, dy cap 1,000,000 gals; 57 hydrants; pipe 8 miles, 4, 6 and 8 in dia; 35 valves; pressure, domestic 45 pounds; works owned by company; original cost to construct \$44,000; ann expenses \$1,800. Pres of com, Newton Stokes; engineer, J. C. Holston; secy and treas, S. Robbins.

Morristown, Morris Co., population about 10,000; mercantile buildings, wood, stone and brick, 24 and 3 stories; private, wood, 24 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 5 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds, 1 patrol wagon; hose, cotton good 500 ft, inferior 500 ft, rubber good 3,000 ft, inferior 500 ft; value of fire department equipment \$18,000; value of buildings occupied \$35,000; total ann expenses of department \$10,000; total membership 219, volunteers; Gamewell alarm; 12 street boxes. Chief engineer, Daniel S. Voorhees.

WATER SUPPLY—Source, springs; system, gravity to distributing from impounding reservoir; pumping engines, dy cap 1,500,000 gals; 100 hydrants; pipe 28 miles; 345 meters; pressure 30 to 40 pounds; cost to construct \$230,000; ann expenses \$2,500. Supt, W. A. Dunn.*

Mt. Holly, Burlington Co., population 7,000; fire area 150 acres; mercantile buildings, brick, 24 and 3 stories; private, wood, 24 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 chemical extinguisher, 2 hook and ladder trucks, 4 hose carriages, all kinds; hose, cotton good 3,700 ft; value of fire department equipment \$8,000; value of buildings occupied \$10,000; total membership 400, volunteers; bell alarm; 4 fire companies. Chief engineer, John G. Morgan.

WATER SUPPLY—Source, creek; system, pump-

ing to reservoir; reservoir cap 1,500,000 gals; pumping engines, dy cap 1,600,000 gals; 50 hydrants; pipe 104 miles, 3 to 12 in dia; 108 valves; 800 taps; pressure, domestic 40, fire 40 to 43 pounds; waterworks owned by company; expenses of construction to date \$85,000; ann expenses \$3,500. Supt, Henry C. Rlason.

Newark, Essex Co., population 200,000; fire area 19 sq miles; mercantile buildings, brick, stone and wood, 2 to 11 stories; private, brick and wood, 2 to 5 stories; wooden roofs not permitted in fire limits; no fireworks ordinance. Fire department—13 steam fire engines, 2 chemical engines on wheels, 55 chemical extinguishers, 4 hook and ladder trucks, 1 aerial truck, 11 hose wagons, 11 supply wagons, 2 steamers, 1 chemical, 2 hose carriages in reserve; hose, cotton good 30,000 ft; 54 horses, value \$16,000; value of buildings occupied \$250,000; total ann expenses \$178,000; total membership 140, paid full time; Gamewell alarm; 175 street boxes. Chief engineer, Wm. C. Astley. (Additional hook and ladder, chemical combined engine and steamer are contemplated.)

WATER SUPPLY.—Source, river; system, gravity; reservoir cap 39,000,000 gals; 1,716 hydrants; 206 miles pipe, 48 to 4 in dia; 1,500 meters; pressure 25 to 80 pounds; waterworks owned by city; cost to construct \$6,000,000. Supt, Chas. Marsh.

New Brunswick, Middlesex Co., population 20,000; fire area 2,880 acres; mercantile buildings, brick and wood, 3 stories; private, brick and wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—8 steam fire engines, 1 hook and ladder truck, 8 hose carriages, all kinds, 1 hose wagon, 12 chemical extinguishers, 1 hose, cotton good 1,600 ft, rubber good 4,000 ft, poor 500 ft; 3 horses, value \$650; value of fire department equipment \$30,000; value of buildings occupied \$10,000; total ann expenses of department \$3,000; total membership 493, volunteers; bell alarm. Chief engineer, Patrick Murry.

WATER SUPPLY.—Source, Lawrence brook; system, pumping to reservoir, cap 15,000,000 gals; pumping engines, dy cap 6,000,000 gals; 205 hydrants; 52 miles pipe, 4 to 12 in dia; 342 valves; 2,519 taps; pressure 15 to 55 pounds; works owned by city; cost to construct to date \$518,970; ann expenses \$13,050. Supt, T. A. Hoffman.

New Durham, Hudson Co., population 800; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 2 chemical extinguishers, 2 hook and ladder trucks, 4 hose carriages; hose, cotton good 4,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total membership 100, volunteers, paid part time; 5 fire companies; bell alarm. Foreman, George Bruce, Jr.*

WATER SUPPLY.—Source, wells; supply is also furnished by Hackensack Water Co. Supt, Chas. B. Brush; town clerk, Hy. Collins.*

New Egypt, Ocean Co., population estimated 850; fire area 25 acres; mercantile buildings, wood, 2½ and 3 stories; private, wood, 2½ and 3 stories; shingle and tin roofs; no fireworks ordinance; causes of fire investigated. No fire department; ladders and buckets.

WATER SUPPLY.—Source, wells and creek.

Newton, Sussex Co., population 3,003; fire area 2 sq miles; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 3 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 3 hose carriages; hose, cotton good 400 ft, rubber good 1,000 ft, inferior 800 ft; value of fire department equipment \$5,900; value of buildings occupied \$8,500; total ann expenses of department \$800; total membership 125, volunteers, 3 paid part time; bell alarm; 4 fire companies. Chief engineer, Fred. Loges.*

WATER SUPPLY.—Source, water sheds; 4 cisterns, 90,000 gals cap; 1 reservoir, cap 42,000 gals; 700 ft pipe. Town clerk, John S. Kintner.*

Ocean City, Cape May Co., population estimated 800; fire area 2,800 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, combined with aerial truck, 1 hose carriage; hose, rubber good 1,000 ft; value of fire department equipment \$500; expenses last year \$350; total membership 46, volunteers; steam

whistle alarm; 1 hook and ladder company. Chief engineer, Wm. Lake.

WATER SUPPLY.—Source, artesian wells; system, pump to tank and direct, cap 30,000 gals; pumping engines, dy cap 1,500,000 gals; 30 hydrants; pipe 5 miles, 4 to 8 in; 24 valves; pressure, domestic 34 to 40, fire 100 to 150 pounds; works owned by company; cost \$30,000. Supt, H. M. Kaibach.

Ocean Grove, Monmouth Co., population 3,500; fire area 1,000 acres; buildings, wood, stone and brick, 2 to 5 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 3 chemical engines, 3 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,000 ft, rubber good 500 ft; 1 horse, value \$300; value of fire department equipment \$12,275; value of fire department buildings \$3,150; total ann expenses of department about \$903; total membership 150, paid full time 1, part time 2, volunteers; bell, whistle and telephone alarm. Chief engineer, Aaron Reed.

WATER SUPPLY.—Source, 23 artesian wells; system, pumping to tank, cap 329,000 gals; pumping engines, dy cap 2,000,000 gals; 41 hydrants; pipe 13 miles, 4 to 8 in dia; 15 valves; 53 meters; pressure 21 pounds; cost \$60,074.55; ann expenses \$3,018.83. Pres, E. H. Stokes; supt, John J. Smith. Lakes surround city from which water for fire purposes is also obtained.

Orange, Essex Co., population 18,844; fire area 100 acres; mercantile buildings, brick, 3 stories; private, wood, 2 and 3 stories; causes of fire investigated. Fire department—1 combination chemical engine and hose wagon, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 2 hose wagons; hose, cotton good 4,500 ft, inferior 1,000 ft, rubber good 600 ft; 7 horses, value \$3,000; value of fire department equipment \$9,800; value of buildings occupied \$25,000; total ann expenses of department \$13,000; total membership 38, paid full time 9, paid part time 29; Gamewell alarm; street boxes 20, private 3. Chief engineer, J. W. Hodgkinson.

WATER SUPPLY.—Source, Rahway river; system, gravity to reservoir; reservoir cap 375,000,000 gals; 110 hydrants; pipe 28 miles; 308 meters; pressure 70 pounds; cost to construct \$400,000; works owned by city. Supt, Thomas Dowd.*

Palmyra, Burlington Co., population 2,500; fire area 2 sq miles; buildings, wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber 1,600 ft; value of fire department equipment \$2,500; value of buildings occupied \$3,000; expenses of department \$300; total membership 78, volunteers; electric and bell alarm; 9 street boxes. Chief engineer, Robert M. Garrell.

WATER SUPPLY.—Source, spring and wells; system, pump to tank, cap 75,000 gals; pumping engines, dy cap 2,000,000 gals; pipe 10 miles, 4, 6 and 8 in; hydrants 78; 51 valves; 430 taps; pressure 50 pounds. Supt, Howard Parry.

Passaic, Passaic Co., population 20,000; buildings, brick, stone and wood, 2½ and 4 stories; wooden roofs permitted; no fireworks ordinance. Fire department—3 steam fire engines, 1 chemical engine, 2 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages, all kinds, 1 hose wagon; hose, rubber good 3,000 ft, inferior 200 ft; 6 horses; value of fire department equipment \$20,000; value of buildings occupied \$15,000; expenses of department \$4,000; total membership 240, volunteers; Gamewell telegraph alarm; 37 street boxes. Chief engineer, Henry R. Speer.

WATER SUPPLY.—Source, Passaic river; system, gravity and pumping to reservoir; reservoir cap 25,000,000 gals; pumping engines, dy cap 2,000,000 gals; 219 hydrants; pipe 34 miles, 4 to 20 in; pressure 50 pounds; Edison pressure recording gauge; cost to construct \$150,000; ann expenses \$5,600. Supt, W. Paulson.

Paterson, Passaic Co., population 90,000; fire area 5,357 acres; mercantile buildings, brick, 3 to 5 stories; private, wood and brick, 2 to 4 stories; wooden roofs not permitted in fire limits; no fireworks ordinance; causes of fire investigated. Fire department—10 steam fire engines, 1 chemical engine on wheels, 24 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 1 hose carriage, 9 hose wagons, 1 supply wagon; hose,

cotton good 14,350 ft, inferior 2,250 ft; 42 horses, value \$10,500; value of fire department equipment \$63,000; value of buildings occupied \$82,000; total ann expenses of department \$90,000; total membership 148, paid full time time 68, paid part time 83; Gamewell alarm; 107 street boxes; 9 engine companies, 3 hook and ladder companies, 1 chemical company. Chief engineer, John Stagg.

WATER SUPPLY—Source, Passaic river; system, pumping to reservoir; reservoir cap 50,000,000 gals; pumping engines, dy cap 24,000,000 gals; 914 hydrants; pipe 84 miles, 4 to 36 in dia; 961 valves; 8,052 taps; pressure, domestic 35 pounds, fire same; works owned by company. Pres, Garrett A. Hobart; supt, William Byle (6,000,000 gals Worthington engine ordered).

Pennington, Mercer Co., population 800; fire area 1 mile diameter; buildings, wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; 300 ft of good cotton hose; value of equipment \$1,000; membership 60, volunteers; bell alarm. Chief, Frank A. Blacknell.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 600,000 gals; pipe 4 miles; 1 meter; pressure 20 to 30 pounds. Pres, D. A. Clarkson; supt, J. S. Burd.*

Perth Amboy, Middlesex Co., population 12,000; mercantile buildings, brick, 3 stories; private, wood, 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds, 1 jumper; hose, cotton good 2,500 ft, linen good 100 ft; value of fire department equipment \$6,000; value of buildings occupied \$8,000; expenses for past year \$1,000; total membership 200, volunteers; bell alarm; 5 fire companies. Chief engineer, William F. Hartmann, Jr.

WATER SUPPLY—Source, springs and pond; system, pumping to standpipe from impounding reservoir; reservoir cap 300,000,000 gals; standpipe cap 200,000 gals; pumping engines, dy cap 6,000,000 gals; 141 hydrants; pipe 26 miles, 16 to 4 in dia; 135 valves; 514 taps; pressure 65 pounds; waterworks owned by city; cost \$280,000. Pres, J. M. Chapman; supt, Adam Eckert.

Phillipsburg, Warren Co., population about 9,000; fire area ¼ mile by 1 mile; mercantile buildings, brick and wood, 3 stories; private, wood, 2½ stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 2,950 ft, fair 450 ft, rubber good 350 ft; value of fire department equipment \$4,000; value of buildings occupied \$18,000; total ann expenses of department \$1,500; total membership 120, volunteers; Gamewell alarm; 12 street boxes. Chief engineer, Charles McCorkell.

WATER SUPPLY—Source, Delaware river; system, pumping to reservoir; reservoir cap 2,000,000 gals; pumping engines, dy cap 2,000,000 gals; 68 hydrants; pipe 12 miles, 4 to 14 in dia; 86 valves; 10 meters; quality of water soft; pressure 105 pounds; waterworks owned by company. Pres, S. Thomas; supt, G. S. Stryker.

Plainfield, Union Co., population 12,500; fire area 3,837; buildings, brick and wood, 2 to 5 stories; wooden roofs permitted. Fire department—2 steam fire engines, 8 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 3 hose wagons; hose, cotton good 5,000 ft, inferior 1,350 ft; 9 horses, value \$2,250; value of fire department equipment \$18,100; total ann expenses of department \$15,000; total membership 145, volunteers, paid full time 5, paid part time 5; bell alarm, Gamewell fire alarm and chime whistle; 20 street boxes. Chief engineer, T. O. Doane.

WATER SUPPLY—Source, 20 driven wells; system, pumping to standpipe; standpipe cap 510,000 gals each; pumping engines, dy cap 5,000,000 gals; 215 hydrants; pipe 37 miles, 8 to 16 in dia; 835 taps; pressure 74 pounds; waterworks owned by company. Supt, Amos Andrews.

Pleasantville, Atlantic Co., population 2,000; fire area 4 sq miles; buildings, wood and brick, 1 to 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck; bell alarm.

WATER SUPPLY—Source, wells. Town clerk, J. Price.

Point Pleasant, Ocean Co., population 1,500; fire area 2,000 acres; mercantile buildings, wood, 2½ stories; private, wood, 2½ stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck; value of fire department equipment \$1,200; total ann expenses of department \$75; total membership 45, volunteers. Chief engineer, C. W. Clayton.

WATER SUPPLY—Source, driven wells; system, pumping into reservoir; reservoir cap 21,000 gals; pumping engines, 400 gals per min; pipe 7 miles, 3 and 4 in dia; 13 valves; pressure 15 pounds; waterworks owned by company; cost to construct \$11,000; ann expenses \$250. Supt, Joseph Backes.

Princeton, Mercer Co., population 3,422; mercantile buildings, brick, 4 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 5 hose carriages, all kinds; hose, cotton good 750 ft, inferior 200 ft, leather good 1,950 ft; value of buildings occupied \$7,500; total ann expenses of department \$2,000; total membership 130; bell alarm. Chief engineer, E. H. Bergen.*

WATER SUPPLY—Source, well, sunk through gravel bed; system, pumping to standpipe, standpipe cap 142,000 gals; pumping engines, dy cap 1,900,000 gals; 50 hydrants; pipe 7 miles, 4 to 10 in dia; 22 valves; 345 taps; pressure 45 to 80 pounds; waterworks owned by company; cost to construct \$71,000; ann expenses \$3,400. Supt, James E. Burke.

Rahway, Union Co., population 8,000; fire area 1,920 acres; mercantile buildings, brick and wood, 2 to 4 stories; private, wood, 2½ stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 2 hook and ladder trucks, 3 hose carriages, 3 jumpers; hose, linen good 5,000 ft; total ann expenses of department \$500; total membership 208, volunteers; Gamewell alarm. Chief engineer, Henry Bierwirth.

WATER SUPPLY—Source, Rahway river; system, direct; pumping engines, dy cap 3,000,000 gals; 133 hydrants; pipe 14 miles, 4 to 12 in dia; 100 valves; 1 meter; pressure, domestic 55, fire 70 to 75 pounds; Edson pressure recording gauge; waterworks owned by city; cost to construct \$185,000; ann expenses \$7,500. Supt, Daniel G. Urmston.

Raritan, Somerset Co., population 2,556; fire area ¼ sq mile; mercantile buildings, brick and wood, 2 and 3 stories; private, wood and brick, 2 stories; slate and tin roofs; fireworks ordinance. Fire department—1 hose carriage, 1 hose coupling; hose, cotton good 2,000 ft, leather inferior 300 ft; value of fire department equipment \$2,000; value of buildings occupied \$500; total ann expenses of department \$100; total membership 60, volunteers; Gamewell alarm; 1 box. Chief engineer, Daniel Smith.

WATER SUPPLY—Source, Raritan river; system, direct and pumping to standpipe; 18 hydrants; pipe 2½ miles, 9 to 12 in dia; pressure 60 pounds; ann expenses \$500.*

Red Bank, Monmouth Co., population 5,000; mercantile buildings, brick and stone, 2 and 3 stories; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, 4,500 ft; value of equipment \$6,000; value of buildings occupied \$7,000; ann expenses \$600; total membership 160, volunteers, paid part time; 1 fire alarm. Chief engineer, C. W. Thompson.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; cap 800,000 gals; pumping engines, dy cap 1,200,000 gals; 98 hydrants; pipe 10 miles, 4 to 10 in dia; 44 valves; 369 taps; quality of water good; pressure 45 pounds; works owned by city; cost to construct \$85,000; ann expenses \$2,500. Supt, W. J. Bentley.

Riverside, Burlington Co., population 3,000; fire area 4 miles; mercantile buildings, brick, stone and wood, 1 to 3 stories; private, stone and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck; hose, rubber good 250 ft; value of fire department equipment \$800; value of buildings occupied \$400; total ann expenses of department \$1,200; total membership 50, volunteers. Foreman, Lewis Schraid.*

WATER SUPPLY—Source, wells.*

Rutherford, Bergen Co., population about 4,000; mercantile buildings, brick and wood, 2½ stories; private, wood, brick and stone, 2½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 700 ft, fair 300 ft; value of fire department equipment \$1,500; value of buildings occupied \$7,000; total membership 117, volunteers; Gamewell alarm. Chief engineer, C. R. Soley.

No water supply.

Salem, Salem Co., population 5,516; fire area 300 acres; mercantile buildings, wood and brick, 3 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 2 hose carriages, 2 hose couplings; hose, rubber good 1,500 ft, leather good 500 ft, linen good 200 ft; value of fire department equipment \$1,000; value of buildings occupied \$12,000; total ann expenses \$1,000; total membership 300, volunteers; bell alarm. Chief engineer, R. T. Starr.

WATER SUPPLY—Source, well and surface water; system, direct pumping from impounding reservoir; pumping engines, dy cap 1,000,000 gals; 70 hydrants; pipe 10 miles, 12 to 4 in dia; 45 valves; pressure, domestic 45, fire 85 to 125 pounds; cost to construct \$69,500; ann expenses \$6,740. Supt, Chas. W. Casper.

Scotts Plains, Union Co., population 500; buildings, brick and wood, 2½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; value of fire department equipment \$7,000; total membership 90, volunteers; bell alarm. Chief engineer, F. W. Wistcalf.*

WATER SUPPLY—Source, wells, brook and cisterns. Town clerk, Ed. L. Hand.*

Seabright, Monmouth Co., population 1,000; buildings, wood, 1 to 3 stories; wooden roofs permitted; no fireworks ordinance.*

WATER SUPPLY—Source, artesian wells; system, pump to standpipe; cap 67,000, dy cap 1,000,000 gals; pipe 2 miles; quality of water good; works owned by company; cost to construct \$18,500. Supt, Mifflin Paul.*

Short Hills, Essex Co., population 500; buildings, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance.*

WATER SUPPLY—Source, springs; system, pump to reservoir; reservoir cap 4,000,000 gals, dy cap 50,000 gals; pipe 5 miles; 2 hydrants; 10 meters; cost \$70,000. Owner, Stewart Hartshorn.*

Somerville, Somerset Co., population 4,000; fire area 1,000 acres; mercantile buildings, brick, 2 stories; private, wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder trucks, 5 hose carriages, all kinds; hose, cotton good 2,500 ft, rubber good 900 ft, leather inferior 400 ft; value of fire department equipment \$9,500; value of buildings occupied \$7,000; total ann expenses of department \$1,750; total membership 180, volunteer members 160; Gamewell alarm; 10 street boxes. Chief engineer, Joshua Doughty, Jr.

WATER SUPPLY—Source, Raritan river; system, pumping to standpipe; standpipe cap 82,000 gals; pumping engines, dy cap 2,000,000 gals; 50 hydrants; pipe 10 miles, 3 to 18 in dia; 450 taps; pressure, domestic 45, fire 100 pounds; waterworks owned by company; cost to construct \$50,000, to date \$92,000; ann expenses \$4,784. Supt, J. Harper Smith.

South Amboy, Middlesex Co., population 4,330; fire area 1½ sq miles; mercantile buildings, brick and wood, 3 stories; private, brick and wood, 3 stories; shingle, slate and tin roofs; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft, rubber good 250 ft; value of fire department equipment \$6,125; value of buildings occupied \$3,000; total ann expenses of department \$7,500; total membership 180, volunteers. Chief engineer, Cornelius McGonigle.*

WATER SUPPLY—Source, Perth Amboy main; system, pumping to standpipe; standpipe cap 250,000 gals; pumping engines, dy cap 3,000,000

gals; 72 hydrants; pipe 7 1-3 miles, 4 to 12 in dia; 64 valves; 10 taps; pressure, domestic 70, fire 75; pounds; waterworks owned by city; cost to construct \$24,500. Supt, Alfred Clark.

South Orange, Essex Co., population 3,000; fire area 1,800 acres; mercantile buildings, wood, 2½ stories; private, wood, 2½ stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,300 ft, inferior 200 ft; value of fire department equipment \$3,000; total ann expenses of department \$200; total membership 42, volunteers. Chief engineer, John Barrett.

WATER SUPPLY—Source, wells, located at Summit, N. J.; system, pumping to standpipe, then gravity; standpipe cap 180,000 gals; pumping engines, dy cap 1,000,000 gals; 81 hydrants; pipe 12 miles, 10 to 4 in dia; 107 valves; 320 taps; pressure 50 to 110 pounds; waterworks owned by village; original cost to construct \$25,000; expenses of construction to date \$40,000; ann expenses \$8,000. Supt, Charles J. Barrett.

South River, Middlesex Co., population not given; mercantile buildings, brick and wood, 1 to 3 stories; private, brick and wood, 2 stories; tin and shingle roofs; fireworks ordinance. Fire department—1 hook and ladder truck; 41 volunteers. Fire com, Geo. E. Brown; foreman, Chas. Fresham.*

WATER SUPPLY—Source, wells, cisterns and river. Village clerk, Benj. Peterson.*

Summit, Union Co., population 3,750; fire area 4 miles; mercantile buildings, brick and frame, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 4,000 ft; value of fire department equipment \$1,500; value of buildings occupied \$12,000; total ann expenses of department \$300; total membership 60, volunteers; steam whistle and electric bell alarm; 12 street boxes. Chief engineer, J. H. Pheasant.

WATER SUPPLY—Source, see South Orange; system, pumping to standpipe, cap 180,000 gals; pumping engines, dy cap 2,000,000 gals; 71 hydrants; pipe 22 miles, 10 to 4 in dia; 80 valves; pressure 60 to 80 pounds; works owned by company; cost to construct \$150,000, to date \$200,000. Supt, Frederik Green.

Swedesboro, Gloucester Co., population 2,055; mercantile buildings, wood, 2½ stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—3 chemical extinguishers.*

WATER SUPPLY—Source, wells and cisterns.*

Tenafly, Bergen Co., population 1,800; fire area 2,000 acres; mercantile buildings, wood, 2 stories; private, wood, 2½ ft; wooden roofs are permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft, linen good 500 ft; value of fire department equipment \$1,400; value of buildings occupied \$1,200; total membership 48, volunteers; steel ring alarm. Chief engineer, Jas. H. Buckley.

WATER SUPPLY—Source, Hackensack Water Co., system, pumping direct; pressure, 75 to 20 pounds.

Trenton, Mercer Co., population 60,000; fire area 2,400 acres; mercantile buildings, brick, 2 to 6 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—8 steam fire engines (3 reserve), 12 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 8 hose carriages, 3 reserve, 1 supply wagon; hose, rubber good 24,000 ft, cotton good 1,000 ft, 25 hoses, value \$5,000; value of fire department equipment \$30,000; value of buildings occupied \$72,000; total ann expenses of department \$80,000; total membership 98, paid full time; Gamewell alarm; 42 street boxes and 13 transmitter boxes; 8 fire companies, 6 engine companies, 2 hook and ladder companies. Chief engineer, Wm. McGill.

WATER SUPPLY—Source, Delaware river; system, pumping to reservoir and tank; reservoir cap 20,000,000 gals; standpipe cap 1,500,000 gals; pumping engines, dy cap 8,000,000 gals; 500 hydrants; pipe 80 miles, 4 to 36 in; 1,000 valves; 9,000 taps; pressure, domestic 24, fire 24 pounds; waterworks owned by city; expenses of construc-

tion to date \$740,000; ann expenses \$32,000. Supt. David Lenox. (Are erecting a 10,000,000 gals pump also storage reservoir).

Union, Hudson Co., population 10,643; fire area 3-4 sq miles; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, 3,500 ft, good cotton rubber lined; value of fire department equipment \$15,000; value of buildings occupied \$40,000; total ann expenses of department \$1,000; total membership 150, volunteers; Gamewell alarm. Chief engineer, Fredk Lange, Jr.

WATER SUPPLY—From Hackensack Water Co.

Vineland, Cumberland Co., population 4,500; fire area 980 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 3,100 ft; value of fire department equipment \$2,200; value of buildings occupied \$2,000; total ann expenses of department \$1,000; total membership 35, paid part time 40, Curtis & Parker electric alarm; 18 street boxes. Chief engineer, E. Morley.

WATER SUPPLY—Source, driven wells; system, pumping to reservoir, cap 100,000 gals; pumping engines, dy cap 700,000 gals; 65 hydrants; pipe 18 miles, 12 to 2 in dia; pressure, domestic 35, fire 100 pounds; works owned by company; cost to construct \$75,000; to date \$85,000. Pres. Chas. Keigley.

Washington, Warren Co., population 3,000; buildings, brick and wood, 2 and 3 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton 3,000 ft; value of equipment \$8,000; value of buildings occupied \$7,000; ann expenses \$300; total membership 40, volunteers. Chief engineer, W. J. Byrne.*

WATER SUPPLY—Source, stream; system, gravity; 30 hydrants; 6 miles pipe, 10 to 4 in dia; 35 valves; 1 meter; pressure 80 pounds; works owned by company; cost to construct \$35,000. Pres. J. W. Fitts; supt. J. F. Fulper.

Westfield, Union Co., population 3,500; fire area 4 sq miles; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 800 ft, rubber good 750 ft; value of fire department \$3,300; value of buildings occupied \$1,500; total ann expenses of department \$500; total membership 104; volunteer members 104; electric bell alarm; street boxes 1. Chief engineer, Isaac Sulley.

WATER SUPPLY—Source, wells and cisterns and

water supplied by Union Water Co. Plainfield; 12 hydrants.

West Hoboken, Hudson Co., population 12,000; fire area 3 sq miles; mercantile buildings, brick, 3 to 5 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted. Fire department—8 chemical extinguishers, 3 hook and ladder trucks, 1 aerial truck, 8 hose carriages, all kinds; hose, linen 6,000 ft, inferior 300 ft; value of fire department equipment \$12,000; value of buildings occupied \$16,000; total ann expenses of department \$1,500; total membership 325, volunteers; bell alarm; 6 fire companies. Chief engineer, George D. Ennes.*

WATER SUPPLY—Supplied by Hackensack Water Co. (see Hoboken).*

Woodbury, Gloucester Co., population 4,000; fire area 12,000 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 10 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 2,500 ft; value of fire department equipment \$2,500; value of buildings occupied \$2,000; ann expenses \$900; total membership 60, volunteers; Gamewell alarm; 17 street boxes. Chief engineer, C. W. Starr.

WATER SUPPLY—Source, head of Mantua creek; system, pumping to reservoir; reservoir cap 1,250,000 gals; pumping engines, dy cap 250,000 gals; 77 hydrants; pipe 30 miles, 4 to 12 in dia; 87 valves; 570 taps; pressure 40 to 50 pounds; waterworks owned by city; cost to construct \$72,000 to date \$79,000; ann expenses \$2,251.99. Supt. C. B. Brown.

Woodstown, Salem Co., population 1,550; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton new 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$2,000; total membership 34; volunteer members 34. Chief engineer, C. C. Turner.

WATER SUPPLY—Source, 6 artesian wells; system, gravity and pumping to standpipe; standpipe, cap 87,000 gals; pumping engines, dy cap 500,000 gals; hydrants 64; pipe 6 miles, 2 to 4 in dia; 33 valves; 103 taps; pressure, domestic 50, fire 100 pounds; waterworks owned by city; cost to construct \$30,000; ann expenses \$800. Supt. Benjamin Stevenson.

Places having a population of 1,000 and upward that have no fire protection: Dunellen, Middlesex Co., population 1,080; Garfield, Bergen Co., population 1,028; Oxford, Warren Co., population 2,383; Paulsborough, Gloucester Co., population 1,131; Ridge-wood, Bergen Co., population 1,047; Riverton, Burlington Co., population 1,075; Tom's River, Ocean Co., population 1,147.

NEW MEXICO.

Albuquerque, Bernalillo Co., population 5,000; fire area 1½ square miles; mercantile buildings, brick and stone, 2 to 3 stories; private, brick and stone, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck with Babcock extinguishers, 3 hose carriages, 1 hose wagon; hose, linen good 1,800 ft; value of equipment \$5,000; value of buildings occupied \$15,000; expenses for past year \$1,000; total membership 75, volunteers; bell alarm; 4 fire companies. Chief engineer, W. T. McCreight.

WATER SUPPLY—Source, wells; system, pumping to reservoir; cap 3,500,000 gals; pumping engines, dy cap 3,000,000 gals; 87 hydrants; pipe 10½ miles, 5 to 14 in dia; 26 valves; 62 meters; pressure 90 pounds; waterworks owned by company; cost to construct to date \$151,000; ann expenses \$7,850. Supt. B. F. Davis.

Clayton, Colfax Co., population 400; buildings, stone and wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. No organized fire department.

WATER SUPPLY—Source, springs; system, pump to tank; cap 28,000 gals; pumping engines, dy cap 84,000 gals; pipe 2¼ miles, 3 in dia; works owned by company. Supt. W. A. Deuel, of Denver.

Deming, Grant Co., population 1,136; mercantile buildings, brick, 2 stories; private, brick and

wood, 1 and 2 stories; wooden roofs not permitted in business part of town; no fireworks ordinance. Fire department—1 hook and ladder truck; value of fire department equipment \$700; value of buildings occupied \$250; total membership 25, volunteers. Chief engineer, W. P. Wilkinson.*

WATER SUPPLY—Source, underground river; system, direct into mains, overflow to reservoir; reservoir 40,000,000 gals; pumping engines, dy cap 7,000,000 gals; hydrants 100; pipe 1-2 miles, 30 to 11 in dia; taps 100; valves 100; pressure, domestic from 30 ft head, fire 100 pounds; waterworks owned by company; original cost to construct \$84,000; ann expenses \$8,000. Pres. P. R. Smith; supt. H. P. Olcott.

East Las Vegas, San Miguel Co., population 5,000; fire area 20 acres; mercantile buildings, wood and brick, 1 to 1-2 stories; private, wood and brick, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,500 ft, inferior 500 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total ann expenses of department \$700; total membership 50, volunteers; bell alarm. Chief engineer, Marion J. Crowley.

WATER SUPPLY—Source, mountain stream, 1 miles from city; system, gravity; hydrants 10

pipe 11 miles, 10 in dia; pressure, domestic 60 to 80 lbs, fire 60 to 120 pounds; waterworks owned by company. Supt, T. H. Pierce.

Gallup, Bernalillo Co., population 1,208; fire area 30 acres; buildings, adobe and wood, 1 story. Fire department—4 hose carriages; hose, cotton good 1,000 ft, rubber good 2,000 ft (all private); value of fire department equipment \$500; total membership 35, paid full time 1, paid part time 6; steam whistle alarm.*

WATER SUPPLY—Source not given; system, pumping to large tank; pressure 120 pounds. Town clerk, E. Hart.*

Kingston, Sierra Co., population 633; fire area 40 acres; mercantile buildings, brick, stone and wood, 1 to 3 stories; private, wood and brick, 1 story; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$250; total ann expenses of department \$500; total membership 40, volunteers; bell alarm. Chief engineer, Col. John S. Crawford.

WATER SUPPLY—Source, creek and springs; system, gravity; cap of reservoir 200,000 gals; pipe 1-½ miles.

Las Vegas, San Miguel Co., population 7,000; fire area 640 acres; mercantile buildings, wood, brick and stone, 1 to 3 stories; private, wood, 1 story; wooden roofs permitted. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, good 1,600 ft, inferior 400 ft; value of fire department equipment \$5,000; value of buildings occupied \$5,000; ann expenses \$500; total membership 75, volunteers; bell alarm. Foreman, C. W. Allen.

WATER SUPPLY—Source, Gallinas river; system, gravity; reservoir cap 2,000,000 gals; 32 hydrants; pipe 15 miles, 12 to 8 in dia; 44 valves; pressure 60 to 130 pounds; works owned by company; cost to construct \$110,000; to date \$150,000. Supt, F. H. Pierce.

Magdalena, Socorro Co., population 273; mercantile buildings, brick, adobe and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Source, railroad tank; cap 75,000 gals; 6 hydrants, pipe 3-4 miles, 3 and 2 in dia.

Maxwell, Colfax Co., population 200; mercantile buildings, wood, 1 and 1½ stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department not reported.

WATER SUPPLY—Source, springs; system, gravity; storage reservoir cap 50,000 gals; 1 hydrant; pipe 3 miles; quality of water good; pressure 70 pounds; works owned by company; cost to construct \$8,000. Supt, E. S. Warren.

Haton, Colfax Co., population 1,255; fire area 1½ mile; mercantile buildings, brick and stone, 2 stories; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—3 hose carriages; hose, cotton good 2,000 ft, rubber good 900 ft; value of fire department equipment \$4,000; value of buildings occupied \$250; total membership 40,

volunteers; bell alarm; 2 hose companies. Chief engineer, Charles A. Fox.*

WATER SUPPLY—Source, mountain stream; system, gravity; reservoir cap 35,000,000 gals; 44 hydrants; pipe 15 miles, 10, 8, 6 in dia; 25 valves; pressure, 120 pounds; works owned by company; cost to construct \$115,000; ann expenses \$5,000. Supt, O. L. Hobbs.

Santa Fe, Santa Fe Co., population 6,185; fire area 10 acres; mercantile buildings, adobe and brick, 1 and 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 700 ft, rubber good 300 ft; value of fire department equipment \$3,000; value of buildings occupied \$700; total membership 65, volunteers; bell alarm. Chief engineer, W. G. Ashdown.

WATER SUPPLY—Source, mountain streams and Santa Fe river; system, gravity; reservoir cap 30,000,000 gals; 25 hydrants; pipe 10 miles; pressure 175 pounds; cost to construct about \$175,000; ann expenses \$6,000. Supt, E. B. Seward.*

Silver City, Grant Co., population 2,200; fire area 640 acres; buildings, brick and stone, 1 to 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft, inferior 300 ft, rubber good 500 ft; value of equipment \$2,500; value of buildings occupied \$800; ann expenses \$300; membership 42, volunteers; bell alarm; 3 fire companies. Chief engineer, L. A. Skelly.

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; reservoir cap 250,000 gals; pumping engines, dy cap 600,000 gals; 23 hydrants; pipe 7 miles; pressure 100 pounds; cost to construct \$50,000; ann expenses \$4,000. Supt, Frank G. Cline.

Socorro, Socorro Co., population 3,500; fire area ¼ sq mile; mercantile buildings, brick and adobe, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, linen good 600 ft, poor 400 ft; value of fire department equipment \$1,500; total membership 25, volunteer; bell alarm. Chief, Catarino Cortanes.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 503,000 gals; 28 hydrants; pipe 10 miles, 2 to 10 in dia; 17 valves; pressure 70 pounds; works owned by city; cost to construct \$30,000, to date \$38,000; ann expenses \$1,000; int on bonds \$1,800. Supt, R. W. Monroe.

Springer, Colfax Co., population 600; fire area 10 acres; mercantile buildings, brick, stone and wood, 1 and 2 stories; private, adobe, 1 story; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 500 ft, inferior 50 ft; value of fire department equipment \$600; value of buildings occupied \$50; total membership 11, volunteers; hose company; bell alarm. Chief engineer, J. A. Kremis.

WATER SUPPLY—Source, wells; system, pumping direct; pumping engines; pipe 2 miles, 6 and 4 in dia; quality of water good; works owned by company; cost to construct \$13,000. Supt, W. W. Jacobs.

NEW YORK.

Adams, Jefferson Co., population 1,650; fire area 900 acres; mercantile buildings, brick, iron and wood, 2 and 3 stories; private, brick and wood, 2 and 2½ stories; shingle and tin roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 500 ft, poor 400 ft, linen good 700 ft, leather good 50 ft; total membership 7, volunteers; bell alarm. Chief engineer, L. G. Fish.

WATER SUPPLY—Source, springs; system, pumping to standpipe and direct; standpipe cap 55,000 gals; pumping engines, dy cap 1,000,000 gals; 27 hydrants; pipe 4 miles, 4 to 8 in; 111 taps; pressure, domestic 44, fire 120 pounds; waterworks owned by company; cost to construct \$30,000; ann expenses \$1,000. Supt, I. W. Payne.

Addison, Steuben Co., population 2,800; mercantile buildings, iron, brick and stone, 2 and 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance

Fire department—4 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose, cotton good 900 ft, inferior 150 ft, rubber good 500 ft, inferior 200 ft, linen good 300 ft; value of fire department equipment \$200; value of buildings occupied \$1,000; total ann expenses of department \$200; total membership 100, volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, Geo. J. Ameigh.

WATER SUPPLY—Source, springs and Canisteo river; system, gravity and pumping to reservoir, cap 2,000,000 gals; pumping engines, dy cap 750,000 gals; 61 hydrants; pipe 5 miles, 4 to 16 in dia; 35 valves; 106 taps; pressure 86 pounds; waterworks owned by company; cost to construct \$50,000. Supt, S. F. Potter; secy and treas, Chas. C. Hopkins.

Akron, Erie Co., population 1,800; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire

department—2 hand engines, 1 hook and ladder truck, 3 hose carts; value of fire department equipment \$1,500; value of 2 buildings occupied \$1,000; total ann expenses of department \$200; total membership 100, volunteers; bell alarm. Chief engineer, G. Wells.

WATER SUPPLY—Source, cisterns, wells and Murder creek. (A waterworks system contemplated.)

Albany, Albany Co., population 100,000; fire area 15 1/2 miles; mercantile buildings, brick and stone, 3 to 6 stories; private, brick and stone, 2 1/2 to 4 1/2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—10 steam fire engines (2 in reserve), 35 chemical extinguishers, 2 hook and ladder trucks (1 in reserve), 1 aerial truck, 10 hose carriages, all kinds (1 in reserve), 12 supply carriages, 1 in lumber district, others in penitentiary; hose, cotton good 16,850 ft, inferior 4,000 ft; 44 horses, value \$13,200; value of fire department equipment \$172,300; value of buildings occupied \$157,200; total ann expenses of department \$100,221; total membership 187, paid full time 54, paid part time 133; insurance patrol, two wagons, 5 men, paid full time; Pearce & Jones alarm; 147 street boxes; 12 fire companies, 10 engine companies, 3 hook and ladder companies. Chief engineer, M. E. Higgins.*

WATER SUPPLY—Source, Hudson river, Patroon's creek; system, gravity and pumping to reservoir; 2 impounding reservoirs, cap 222,000,000 gals; 2 distributing reservoirs; pumping engines, dy cap 16,000,000 gals; 728 hydrants; pipe 115.0% miles, 3 to 30 in dia; 580 valves; 16,097 taps; pressure, domestic 20 to 60 pounds; fire a high head; waterworks owned by city; ann expenses \$130,000. Pres of com, E. Sweet; supt, Geo. I. Bailey.

Albion, Orleans Co., population 4,586; fire area 10 miles; mercantile buildings, stone and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 2,500 ft; hired horses; total membership 240, volunteers, paid part time 5; triangle and bell alarm; 1 engine company, 1 hook and ladder company, 4 hose companies. Chief engineer, Frank E. O'Brien.*

WATER SUPPLY—Source, springs and wells; system, pumping to standpipe; standpipe cap 250,000 gals; pumping engines, dy cap 2,000,000 gals; 93 hydrants; pipe 9 1/2 miles, 4 to 8 in dia; 40 valves; 225 meters; pressure, domestic 70, fire 70 pounds; waterworks owned by company; cost to construct \$110,000; ann expenses \$2,000. Supt, O. D. Eddy.

Alexandria Bay, Jefferson Co., population 1,200; fire area 1 mile; mercantile buildings, stone, brick and wood, 1 to 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 12 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,000 ft; value of fire department equipment \$5,000; value of buildings occupied \$2,000 total ann expenses of department \$500; total membership 75, volunteers; bell alarm; 3 fire companies. Chief engineer, John I. Cornwall.

WATER SUPPLY—Source, wells.*

Alfred Centre, Allegany Co., population 800; fire area 1/2 mile radius from centre; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 chemical and hand engine combined, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose reel; hose, cotton good 500 ft; value of fire department equipment \$1,000; value of building \$10,000; total membership 40, volunteers. Chief, John F. Langworthy.

WATER SUPPLY—Have voted to put in waterworks.

Amenia, Dutchess Co., population 800. Fire department—2 hose carriages; hose, cotton good 800 ft, linen good 400. Chief engineer, N. Hebard.

WATER SUPPLY—Source, springs; system, gravity and pump in drought; reservoir cap 400,000 gals; standpipe cap 100,000 gals; 9 hydrants; pipe 4 miles, 6 to 2 in dia; pressure, domestic 62, fire 92 pounds; waterworks owned by company; original cost to construct \$11,600. Supt, J. R. Thompson.

Amsterdam, Montgomery Co., population 20,000; fire area 10 miles; mercantile buildings, brick, 3 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hook and ladder truck, 7 hose carts; hose, cotton good 5,500 ft; value of fire department equipment \$12,000; value of buildings occupied \$10,000; total ann expenses of department \$5,000; total membership 480, paid full time 2. Chief engineer, William Stickel.

WATER SUPPLY—Source, spring and brooks; system, gravity; reservoir cap 80,000,000 gals; 250 hydrants; pipe 25 miles, 4 to 14 in dia; 308 valves; pressure, domestic 70, fire 140 pounds; Edison pressure recording gauge; waterworks owned by city; cost to construct \$257,000; ann expenses \$6,500. Pres of com, Jas. R. Snell; supt, Capt. A. H. DeGraff.

Andes, Delaware Co., population 416; fire area 200 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft, rubber good 100 ft, leather inferior 300 ft; value of fire department equipment \$1,500; value of buildings \$1,125; total ann expenses of department \$50; total membership 48, volunteers; bell alarm. Chief engineer, Walter J. Armstrong.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 120,000 gals; 26 hydrants; pipe 1 1/2 miles, 4 to 16 in dia; pressure 81 pounds; waterworks owned by company; cost to construct \$7,000; ann expenses \$175. Supt, D. Ballantius.

Arcade, Wyoming Co., population 1,840; fire area 320 acres; mercantile buildings, wood, 4 brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck; hose, rubber good 400 ft, inferior 100 ft; value of fire department equipment estimated \$1,500; value of building occupied \$1,100; total ann expenses of department \$150; total membership 52, volunteers; bell alarm; 1 engine company, 1 hook and ladder company. Chief, E. D. Keeney.

WATER SUPPLY—Source, creeks and wells. (Regular system contemplated.)

Athens, Greene Co., population 2,122; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages, 2 hose couplings used; hose, rubber good 1,700 ft; value of 2 buildings occupied \$4,500; total membership 130, volunteers; bell alarm. Chief engineer, G. W. Brooks.

WATER SUPPLY—Source, river, wells and springs; 8 cisterns, cap 130,000 gals.

Attica, Wyoming Co., population 2,000; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted, mostly tin. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 1,500 ft, rubber good 500 ft; value of fire department equipment \$3,500; value of buildings occupied \$6,000; total membership 100, volunteers; bell and whistle alarm; 1 engine company, 3 hose companies, 1 hook and ladder company. Chief engineer, E. A. Holcomb.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 12,000,000 gals; 32 hydrants; pipe 6 miles; 18 valves; 1 meter; pressure 65 pounds; waterworks owned by company; cost to construct \$88,000; ann expenses \$500. Sec and supt, G. T. Loomis.

Auburn, Cayuga Co., population 25,858; mercantile buildings, brick and stone, 4 stories; private, brick and wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck (1 in reserve), 1 aerial truck, 4 3 hand hose carriages, 22-horse hose wagons, 4 2-wheel carts in reserve, 2 horse hose sleighs, 3 hand hose sleighs; hose, cotton good 5,500 ft, inferior 2,500 ft; 10 horses, value \$2,000; value of fire department equipment \$30,000; value of buildings occupied \$33,000; total ann expenses of department \$16,000; total membership 92, paid full time 19, paid part time 13, volunteer members 60; Gamewell alarm; 31 street boxes; 7 fire companies, 1 en-

gine company, 1 hook and ladder company, 5 hose companies. Chief engineer, E. J. Jewhurst.

WATER SUPPLY—Source, Oswego lake; system, pumping direct; pumping engines, dy cap 15,000, 000 gals; 303 hydrants; pipe 33 miles, 4 to 24 in dia; 200 valves; pressure, domestic 45, fire 75 to 125 pounds; works owned by city; cost to construct to date \$500,000. Supt, secy and treas, N. B. Eldred.

Avoca, Steuben Co., population 1,000; fire area 15 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$700; total membership 25, volunteers. Chief engineer, Walter H. Wood.

WATER SUPPLY—Source, springs and streams; system, gravity; reservoir cap 1,000,000 gals; 33 hydrants; pipe 5 to 19 miles, 4 to 10 in dia; 8 valves; pressure 80 pounds; waterworks owned by village; cost to construct \$19,954.52; ann expenses \$44.75. Supt, W. H. Wood.

Avon, Livingston Co., population 1,800; fire area 2,500 acres; mercantile buildings, brick, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; 2 hoses, value \$300; value of fire department equipment \$3,000; value of buildings occupied \$5,000; total ann expenses of department \$550; total membership 102, volunteers; bell alarm, 4 fire companies. Chief engineer, Orange Sackett.

WATER SUPPLY—Source, Conesus lake; system, gravity; reservoir cap 500,000 gals; 38 hydrants; pipe 13 miles, 12 to 4 in; 21 valves; pressure, domestic 65, fire 110 pounds; waterworks owned by city; cost to construct \$65,000, to date \$68,000; ann expenses \$400. Supt, Homer Sackett.

Babylon, Suffolk Co., population estimated 3,000; buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 hose cart; hose, good 1,000 ft, inferior 50 ft; total membership 150, volunteers. Chief engineer, A. J. Weeks.

WATER SUPPLY—Source, 20 large wells and 2 ponds.*

Bainbridge, Chenango Co., population 1,049; buildings, wood, 1½ to 3 stories; wooden roofs permitted. Fire department—2 hose carriages; hose, cotton good 1,200 ft, inferior 1,200 ft; total ann expenses of department \$150; total membership 60, volunteers; bell alarm. Chief engineer, Dr. R. D. L. Evans.*

WATER SUPPLY—Source, artesian wells, springs; system, gravity, pumping to 2 reservoirs; 22 hydrants; pipe 7 miles, 6 in; pressure 115 pounds; waterworks owned by company; cost to construct \$30,000; ann expenses \$300. Mgr, J. M. Roberts.

Baldwinsville, Onondaga Co., population 3,500; fire area 300 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages, 1 hose wagon; hose, cotton good 1,500 ft, rubber good 300 ft, linen good 200 ft; value of fire department equipment \$5,000; value of buildings occupied \$1,500; total ann expenses of department \$400; total membership 10, paid \$25 per annum; bell alarm. Chief engineer, W. A. Healer.*

WATER SUPPLY—Source, well; system, pumping to standpipe, cap 117,000 gals; pumping engines, dy cap 1,000,000 gals; 72 hydrants; pipe 8½ miles, 4 to 12 in dia; 22 valves; 428 taps; pressure 87 pounds; waterworks owned by city; cost to construct \$80,000. Supt, William Rodgers.

Ballston Spa, Saratoga Co., population 3,527; fire area 640 acres; buildings, wood; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 4 hose carriages; hose, cotton 2,000 ft, rubber 1,000 ft, leather good 300 ft, inferior 200 ft; value of fire department equipment \$4,500; 2 buildings occupied; total membership 95; bell alarm. Chief engineer, Archie H. Spear.*

WATER SUPPLY—Source, springs; system, gravity; 2 reservoirs, dy cap 150,000 gals; 140 hydrants; 15 miles pipe, 3 to 12 in dia; 30 valves; pressure 40 to 55 ft; waterworks owned by village; cost to construct \$150,000; ann expenses \$500. Supt, Peter J. Quest.

Batavia, Genesee Co., population 8,500; mercantile buildings, brick, 3 stories; private, wood 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 3,500 ft, inferior 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$5,000; total ann expenses of fire department \$7,888.65; total membership 115, volunteers; Gaynor alarm with 18 street boxes and 2 private; 1 hook and ladder company, 3 hose companies. Chief engineer, C. B. Austin.

WATER SUPPLY—Source, Tonawanda creek; system, pumping direct; pumping engines, dy cap 3,500,000 gals; 80 hydrants; 11 miles pipe, 4 to 12 in dia; valves 30; pressure, domestic 60, fire 125 pounds; waterworks owned by city; cost to construct to date \$150,000; ann expenses \$4,000. Supt, James Manning.

Bath, Steuben Co., population 3,300; fire area 14 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, alarm couplings used; hose, cotton good 2,000 ft; value of fire department equipment \$6,000; value of buildings occupied \$4,700; total ann expenses of department \$778.97; total membership 80; bell alarm system. Chief engineer, John McNamara.

WATER SUPPLY—Source, Cassion well; system, pumping to standpipe; standpipe cap 300,000 gals; pumping engines, dy cap 1,200,000 gals; hydrants 76; pipe 7½ miles, 40 to 10 in dia; 25 valves; 244 taps; pressure, domestic 80, fire 150 pounds; waterworks owned by company; cost to construct \$75,000. Supt, F. E. Bryant.

Bath Beach, Kings Co., population 3,500 to 7,000; fire area 1 sq mile; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, linen good 1,000 ft; value of fire department equipment \$1,500; value of buildings occupied \$800; total ann expenses of department \$1,884.97; total membership 55 active and 29 honorary; bell alarm. Chief engineer, Charles P. Bateman.*

WATER SUPPLY—Source, wells.*

Bay Ridge, Kings Co., population 1,500; fire area 3 sq miles; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 800 ft, inferior 200 ft; total membership 60, volunteers; bell alarm; 3 fire companies.

WATER SUPPLY—Source, driven wells; system, pumping direct; cap of pumps 7,500,000 gals; 6 hydrants; pipe 30 miles, 18 to 4 in; pressure, domestic 80, fire 90 pounds; works owned by company.

Bay Shore, Suffolk Co., population 2,290; fire area 1 mile; buildings, wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber 1,600 ft; value of fire department equipment \$2,000; value of buildings occupied \$200; total membership 80, volunteers. Chief, John Daggett.*

WATER SUPPLY—Source, wells; system, pump to standpipe, cap 350,000 gals; dy cap 2,000,000 gals; pumping engines; hydrants 200; pipe 28 miles, 4 to 10 in dia; 180 valves; pressure 65 pounds; works owned by company; cost to construct \$300,000. Supt, C. G. Sanda.*

Berlin, Rensselaer Co., population estimated 650; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2½ stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. No fire department; bucket brigade.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 1,000,000 gals; hydrants 1; pipe 3 miles, 4 and 6 in dia; pressure 80 to 85 pounds; works owned by company; cost to construct \$3,000; ann expenses \$100. Pres, W. F. Taylor. Secy and treas, H. C. Gifford.*

Binghamton, Broome Co., population 45,000; fire area 2,800 acres; mercantile buildings, brick and stone, 4 to 7 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 chemical engine on wheels, 4 chemical extin-

guishers, 2 hook and ladder trucks, 1 aerial truck, 3 hose carriages, 4 hose wagons, 1 supply wagon; hose, cotton good 4,000 ft, inferior 1,850 ft; 13 horses, value \$2,800; value of fire department equipment \$40,000; value of buildings occupied \$28,000; total ann expenses of department \$18,000; total membership 450, paid full time 14, volunteers 436; Gamewell electric alarm; 33 street boxes. Chief engineer, Chas. N. Hogg.

WATER SUPPLY—Source, wells and Susquehanna river; system, direct pumping; pumping engines, dy cap 18,000,000 gals; 468 hydrants; pipe 52 miles, 4 to 24 in dia; 550 valves; 5,295 taps; pressure, domestic 65, fire 85 pounds; Edison pressure recording gauge; waterworks owned by city; cost to construct to date \$450,000; ann expenses \$15,000. Pres of com, Duncan R. Grant; supt, Darwin Felter.

Black Brook, Clinton Co., population 400; fire area 20 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical extinguisher, 1 hose carriage; hose, cotton good 300 ft, leather good 200 ft; value of fire department equipment \$2,500; value of buildings occupied \$500; bell alarm.*

WATER SUPPLY—The entire village is owned by the J. and J. Rodgers Iron Co., who for the protection of their property have a force pump with several hydrants, including the above fire protection.*

Bliss, Wyoming Co., population 550; fire area 80 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$750; total ann expenses of department \$250; total membership 40, volunteers; 2 fire companies, 1 engine company, 1 hose company; bell alarm. Chief engineer, Geo. B. Chase.

WATER SUPPLY—Source, springs 2 miles distant; system, gravity; hydrants 10; works owned by company.

Blythebourne, Kings Co., population about 2,000; fire area 2 sq miles; mercantile buildings, wood, 2½ stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 chemical engines on wheels, 2 hook and ladder trucks, 2 hose carriages, 2 hose wagons; hose, rubber good 200 ft, poor 100 ft, cotton good 500 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,500; total membership 101, volunteers; bell alarm. Foreman, W. M. Dukover.

Bolivar, Allegany Co., population 2,300; fire area 200 acres; mercantile buildings, wood, 1½ and 2 stories; private, wood, 1½ and 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—4 hose carriages, all kinds; hose, cotton good 1,000 ft, rubber good 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,500; total ann expenses of department \$500; total membership 125, volunteers; bell alarm. Chief engineer, S. W. McKilvey.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 2,400 bbls; dy cap 10,000 gals; 24 hydrants; pipe 20 miles, 5 in dia; pressure 125 pounds; works owned by village; cost to construct \$10,000; ann expenses \$400. Village clerk, C. W. Williamson.*

Booneville, Oneida Co., population 1,613; fire area 845 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wood and tin roofs. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber poor 800, leather good 1,000 ft; value of equipment \$11,000; total membership 125, volunteers. Chief engineer, A. C. Reddy.*

WATER SUPPLY—Source, pond, canal, creek and river force pump; system, pump to 7 reservoirs; 4 hydrants; pipe 800 ft, 4 in dia; 8 valves; works owned by village; cost to construct \$11,000. Village clerk, A. E. Merrill.*

Brewster, Putnam Co., population 1,800; fire area 160 acres; buildings, brick and wood, 1 to 3 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder

truck, 10 chemical extinguishers, 3 hose carriages; hose, cotton good 1,800 ft, inferior 500 ft; value of fire department equipment \$7,500; value of buildings occupied \$2,000; total ann expenses of department \$1,200; total membership 54, volunteers. Chief engineer, H. B. Hodge.

WATER SUPPLY—Source, streams and cisterns, cap 60,000 gals; this source used for fire purposes only, supply by wells and springs for domestic purposes. Town clerk, Richard Mitchell.

Broadalbin, Fulton Co., population 708; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, rubber buckets; hose, rubber good 225 ft; value of fire department equipment \$500; value of buildings occupied \$500; total ann expenses of department \$100; total membership 33. Foreman, E. J. Greenleaf.

WATER SUPPLY—Source, mill, wells and stream; system, pumping from mill and wells; 12 hydrants; pipe size 1 inch; works owned by company. Town clerk, F. G. Fuller.

Brookport, Monroe Co., population 3,742; mercantile buildings, brick, 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted, fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 1 protective wagon; siamese couplings used; hose, cotton good 2,300 ft; value of fire department equipment \$10,000; value of 1 building owned \$20,000; total membership 200, volunteers; bell alarm. Chief, J. A. Getty.

WATER SUPPLY—Source, wells; system, pumping to standpipe, cap 250,000 gals; dy cap 2,000,000 gals; 76 hydrants; pipe 12 miles, 4 to 10 in dia; 50 meters; quality of water pure; pressure 75 pounds; waterworks owned by company; cost to construct \$100,000. Supt, R. C. Hail.

Brooklyn, Kings Co., population 978,394; fire area 14,000 acres; mercantile buildings, brick, stone and iron, 2½ to 10 stories; private, brick, stone and wood, 2½ to 5 stories; wooden roof permitted; fireworks ordinance; causes of fire investigated. Fire department—36 steam fire engines (4 reserve), 80 chemical extinguishers, 15 aerial trucks (3 reserve), 43 hose carriages, all kinds (8 reserve), 2 fire boats; hose, good 31,750 ft, rubber good 22,285 ft; 198 horses, value \$300 each; value of fire department equipment \$675,800; value of buildings occupied \$780,000; total ann expenses of department, in 1898, \$1,041,784.31; total membership 702, paid full time; Pearce & Jones and Gamewell alarm; street boxes 496 and 132 private. Chief engineer, James Dale.

WATER SUPPLY—Source, streams and driven wells; system, pumping to reservoir; storage reservoir cap 1,000,000,000 gals; distributing reservoir cap 360,000,000 gals; high service reservoir cap 414,000,000 gals; cap of tower 112,000 gals; pumping engines, dy cap 414,000,000 gals; 4,900 hydrants; pipe 475 miles, 6 to 48 in dia; 3,860 valves; 2,345 meters; pressure, domestic 35 pounds; Edison pressure recording gauge; waterworks owned by city; cost to construct about \$14,000,000; ann expenses \$1,618,138.62. Water Purveyor, Peter Milline. Chief engineer, Van Brunt Bergen.*

Buffalo, Erie Co., population 300,000; fire area 25,345 acres; mercantile buildings, iron, stone, brick and wood, 3 to 9 stories; private, stone, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—24 steam fire engines, 5 chemical engines on wheels, 12 chemical extinguishers, 7 hook and ladder trucks, 4 aerial trucks, 22 hose carriages, all kinds, 5 hose wagons, 1 fire boat, 1 water tower; hose, cotton good 60,000 ft; 160 horses, value \$32,000; value of fire department equipment \$402,400; value of buildings occupied \$400,000; total ann expenses of department \$396,384.85; total membership 375, paid full time; Gamewell alarm; 260 street boxes. Chief engineer, B. J. McConnell; commissioners, E. H. Hutchinson, F. F. Zeller, J. Davis.

WATER SUPPLY—Source, Niagara river; system, pumping direct and to reservoir; reservoir cap 140,000,000 gals; pumping engines, dy cap 115,000,000 gals; 3,400 hydrants; pipe 398 miles, 4 to 36 in dia; 5,002 valves; 42,000 taps; quality of water good; pressure, domestic 25 pounds; fire same; works owned by city; cost to construct \$6,000,-

000. to date \$7,000,000; ann expenses \$650,000. Pres, G. S. Field; supt, P. Drexellus.

Caldwell, population 500; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$400; total membership 32, volunteers; bell alarm; 1 hose company. Foreman, Edw. D. Irish.

WATER SUPPLY—Source, brook; system, gravity; 12 hydrants; pipe 5 miles, 6 to 4 in dia; 8 valves; pressure 180 to 200 pounds; works owned by individual; cost to construct \$8,000; ann expenses \$500. Pres, Samuel M. Bates.*

Cambridge, Washington Co., population 1598; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 chemical extinguishers, 3 hose carriages; siamese couplings used; hose, cotton good 2,500 ft, rubber good 550 ft, leather good 200 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total membership 94, paid 1; bell alarm. Chief engineer, John L. Agran.

WATER SUPPLY—Source, springs; system, gravity; pumping to reservoir, thence direct pumping; 2 reservoirs, cap 7,000,000 gals; pumping engines, dy cap 1,300,000 gals; 35 hydrants; pipe 8½ miles; pressure 85 pounds; waterworks owned by company; cost to construct to date \$47,500; ann expenses \$400. Supt, C. T. Hawley.

Camden, Oneida Co., population 3,000; fire area 40 acres; mercantile buildings, brick, 3 and 4 stories; private, wood and brick, 2 and 2½ stories; wooden roof permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages all kinds; hose, cotton good 450 ft, linen good 400 ft, leather 400 ft, rubber good 400 ft; value of fire department equipment \$4,500; value of buildings occupied \$1,000; total ann expenses of department \$250; total membership 81, volunteers; bell alarm. Chief, G. W. Moser.

WATER SUPPLY—Source, springs and surface water; system, gravity; 1 reservoir; 39 hydrants; pipe 7 miles; valves; pressure, fire 71 pounds; waterworks owned by village; cost to construct \$40,000; ann expenses \$200. Supt, Thos. K. Panks.*

Canajoharie, Montgomery Co., population 2,100; buildings, brick 1½ and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, good 3,000 ft; total membership 150, volunteers. Chief, W. J. Abeling.

WATER SUPPLY—Source, springs and stream; system, gravity; pumping to tank and reservoir; cap of pond 2,000,000 gals; reservoir cap 280,500 gals; tank 700 gals; pumping engines, dy cap 20,278 gals; 17 hydrants; pipe 3½ miles, 30 to 2 in dia; 39 valves; pressure 20 pounds; works owned by company; cost to construct \$25,000; ann expenses \$500. Supt, R. Spraker.*

Canandaigua, Ontario Co., population 5,858; fire area 2,000 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines (only one in commission), 2 chemical extinguishers, 2 hook and ladder trucks, 8 hose carriages, all kinds; hose, cotton good 3,500 ft, inferior 200 ft, linen inferior 300 ft; value of fire department equipment \$13,500; value of buildings occupied \$12,000; total ann expenses of department \$750; total membership 125, paid part time 5, volunteers 120; Gamewell alarm; 1 hook and ladder company, 3 hose companies. Chief engineer, James S. Fogarty, Jr.

WATER SUPPLY—Source, Canandaigua lake; system, pumping to tank and direct; tank cap 380,000 gals; pumping engines, dy cap 3,000,000 gals; 100 hydrants; 6 meters; pipe 14 miles, 4 to 14 in dia; pressure, domestic 40 to 50, fire 70 to 100 pounds; waterworks owned by company; cost to construct \$180,000; ann expenses \$5,000. Pres of com and supt, Frank B. Merrill.*

Cananda, Kings Co., population 5,000; fire area 400 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; shingle roofs used; fire works ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder

truck, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,500; total ann expenses of department \$200; total membership 130, volunteers; bell alarm. Chief engineer, Wm. H. Thomas.

WATER SUPPLY—Source, wells.

Canastota, Madison Co., population 3,000; fire area 1 square mile; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 Babcock chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 1 hose wagon; hose, rubber good 1,500 ft, leather inferior 400 ft; value of equipment \$4,000; value of buildings occupied \$4,000; ann expenses \$800; total membership 75, volunteers; bell alarm. Chief engineer, Paul Grimer.

WATER SUPPLY—Source, creek; system, gravity; reservoir cap 7,000,000 gals; 55 hydrants; pipe 7-8-4 miles, 4 to 16 in dia; 29 valves; 246 taps; pressure 160 pounds; waterworks owned by village; cost to construct \$70,000; ann expenses \$904. Supt, D. Gee.

Cander, Tioga Co., population estimated 1,500; fire area 10,000 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine; hose, rubber inferior 200 ft; value of fire department equipment \$100; value of buildings occupied \$100; total membership 12, volunteers. Chief engineer, N. W. Griffin.*

WATER SUPPLY—Source, cisterns, pumps and creeks.*

Canistota, Steuben Co., population 2,071; buildings, brick and wood, 2 and 3 stories; wooden roofs not permitted in fire limits. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, 1 set protective apparatus; hose, linen good 2,300 ft, cotton inferior 400 ft; value of fire and water department equipment \$55,000; value of buildings occupied \$4,000; total ann expenses of department \$900; total membership 140, volunteers; bell alarm. Chief engineer, Eugene Hall.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 2,000,000 gals; 51 hydrants; pipe 7½ miles, 4 to 10 in dia; 30 valves; 196 taps; pressure 71½ pounds; waterworks owned by company; cost to construct \$45,000. Pres and supt, O. O. Laine.

Canton, St. Lawrence Co., population 2,580; fire area entire village; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted on main streets; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 3 hose wagons; hose, cotton good 1,500 ft, inferior 500 ft, rubber good 500 ft; value of fire department equipment \$7,500; value of buildings occupied \$2,500; total ann expenses of department \$700; total membership 40 volunteers; bell alarm. Chief engineer, Edwin Aldrich.

WATER SUPPLY—Source, De Grasse river; system, pump to standpipe, cap 170,000 gals; steam pumping engines, dy cap 1,000,000 gals; 52 hydrants; pipe 5½ miles, 4 to 8 in dia; 45 valves; 240 taps; pressure 50 to 80 pounds; works owned by city; cost to construct \$40,000; ann expenses \$1,600. Supt, F. L. Ingalls.

Cape Vincent, Jefferson Co., population 1,334; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 Remington horse-power engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,500 ft; value of fire department equipment \$1,000; value of new buildings occupied \$4,000; total membership 120; bell alarm; 3 fire companies. Chief engineer, M. S. Cornale.

WATER SUPPLY—Source, river and 3 tanks. Mayor, Henry Peo; village clerk, M. E. Lee.

Carthage, Jefferson Co., population 2,278; fire area 680 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hose carriages, 1 hook and ladder truck, siamese couplings used; hose, linen good 1,600 ft, rubber inferior 1,000 ft; value of fire department equipment \$6,500; value of buildings occupied \$6,000; total ann expenses of department \$700; to-

tal membership 110, volunteers; bell alarm. Chief engineer, M. C. Paul.

WATER SUPPLY—Source, river; system, pumping to stand pipe; stand pipe cap 500,000 gals; pumping engines, dy cap 1,000,000 gals; 50 hydrants; pipe $4\frac{1}{2}$ miles, 12 to 4 in dia; 40 valves; 103 taps; pressure 80 to 150 pounds; works owned by city; cost \$43,500; cost to date \$49,750. Supt, T. J. Quinn.

Castle, Wyoming Co., population 1,146; fire area 300 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 1,800 ft, rubber 350 ft; value of fire department equipment \$2,500; value of buildings occupied \$2,000; total ann expenses of department \$3.25; total membership 50, volunteers; bell alarm. Chief engineer, E. A. Pierce.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 256,000 gals; 27 hydrants; pipe $9\frac{1}{2}$ miles, 10 to 3 in dia; 25 valves; pressure 65 to 100 pounds; cost to construct \$38,000. Secy and supt, M. N. Cole.

Castleton, Rensselaer Co., population 1,200; mercantile buildings, brick and wood, 2 and 3 stories; private brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hose carriages; hose, linen good 1,500 ft; value of fire department apparatus \$5,000; value of buildings occupied \$2,500; total membership 70, volunteers. Chief engineer, Jas. Van Buren.

WATER SUPPLY—Source, fire purposes Hudson river and reservoirs; domestic, wells and private reservoirs and springs. Pres, B. W. Stryker; village clerk, F. Hill.

Catakill, Greene Co., population 5,000; fire area 2,500 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, 2 hose ladders; hose, rubber good 2,650 ft, cotton inferior 300 ft; value of fire department equipment \$8,000; value of buildings occupied \$12,000; total ann expenses of department \$800; total membership 180, paid full time 1, volunteers 204; electric alarm; 10 street boxes; 1 engine company, 1 hook and ladder company, 3 hose companies. Chief engineer, Alex. Wilcox.

WATER SUPPLY—Source, Hudson river; system, pumping to reservoir; cap 4,000,000 gals; 2 pumping engines, dy cap 2,000,000 gals; 108 hydrants; pipe 10 $\frac{1}{2}$ miles; 50 valves; pressure 100 pounds; waterworks owned by city; cost to construct \$150,000, to date \$158,000; ann expenses \$5,500. Supt, Wm. Comfort.

Cattaraugus, Cattaraugus Co., population 1,200; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$1,500; value of buildings occupied \$2,500; membership 50, volunteers. Chief, S. F. Burger.

WATER SUPPLY—Source, spring and brooks; system, gravity; reservoir cap 1,500,000 gals; 50 hydrants; pipe 4 miles, 8 to 1 $\frac{1}{2}$ in dia; 13 valves; pressure, domestic 43 to 105, fire 40 to 95 pounds; waterworks owned by company; cost to construct \$43,000; ann expenses \$23. Supt, S. F. Burger.

Cazenovia, Madison Co., population 1,987; fire area 1 $\frac{1}{2}$ sq miles; mercantile buildings, brick and stone, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 5 hose carriages; hose, leather good 1,000 ft, inferior 300 ft, cotton good 1,850, inferior 150 ft; value of fire department equipment \$8,000; total ann expenses of department \$708; total membership 72, volunteers; bell alarm; 3 fire companies. Chief engineer, W. J. Dwyer.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 9,000,000 gals; pumping engines, dy cap 250,000 gals; 39 hydrants; pipe 8 miles, 4 to 12 in dia; 37 valves; 133 taps; pressure 60 pounds; works owned by village; cost to construct \$41,000; ann expenses \$450. Supt, M. E. Carse.

Centre Moriches, Suffolk Co., population 1,500; fire area 3 sq miles; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder

der truck; value of fire department equipment \$1,050; value of buildings occupied \$500; total ann expenses of department \$50; total membership 45, volunteers. Chief engineer, Frank McGregor. No water supply.*

Champlain, Clinton Co., population 1,500; mercantile buildings, brick, 4 stories; private, brick; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 300 ft, rubber good 400 ft; value of buildings occupied \$600; total membership 70, volunteers; bell alarm. Chief engineer, Ransom W. Graves.*

WATER SUPPLY—Source, wells.*

Chateaugay, Franklin Co., population 1,200; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 1 $\frac{1}{2}$ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 800 ft, poor 300 ft; value of fire department equipment \$1,500; value of buildings occupied \$1,000; total ann expenses of department \$900; total membership 35, volunteers; bell alarm; 1 hook and ladder company, 3 hose companies. Chief engineer, John Hughes.

WATER SUPPLY—Source, springs; system, gravity; 14 hydrant; pipe 4 miles, 4 to 6 in dia; 150 valves; pressure 45 to 60 pounds; waterworks owned by company; cost to construct \$10,000; ann expenses \$100. Supt, Barney Harvey.*

Chatham, Columbia Co., population 2,000; mercantile buildings, brick, 3 stories; private, wood, 2 stories; tin roofs; fireworks ordinance. Fire department—3 hose carriages, hooks and ladders; hose, cotton good 1,500 ft, inferior 500 ft; value of fire department equipment \$2,350; value of buildings occupied \$4,000; total ann expenses of department \$400; total membership 45, volunteers. Chief engineer, H. A. Blunt.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 1,000,000 gals; pumping engines, dy cap 1,500,000 gals; 44 hydrants; pipe 15 miles, 4 to 1 $\frac{1}{2}$ in dia; 30 valves; 350 taps; pressure, domestic 80, fire 100 pounds; waterworks owned by company; cost to construct \$100,000, to date \$117,000; ann expenses \$2,000. Supt, Barten S. Hollenbeck.

Chittenango, Madison Co., population 792; fire area 330 acres; buildings, brick, 2 and 2 $\frac{1}{2}$ stories; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton 1,500, rubber 50 ft; value of fire department equipment \$2,100; value of buildings occupied \$2,000; total ann expenses of department \$100; total membership 40, volunteers; bell alarm. Chief engineer, R. S. Carl.

WATER SUPPLY—Source, creeks; 13 hydrants; $\frac{1}{2}$ mile pipe, 12 in dia. Village clerk, Thomas C. Bassett.*

City Island, Westchester Co., population 1,500; fire area 340 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hose carriage; hose, cotton good 1,000 ft, inferior 200 ft; value of fire department equipment \$4,000; total ann expenses of department 200; total membership 32, volunteers; bell alarm. Foreman, James D. Bell.

WATER SUPPLY—Source, Pelhamville, 8 artesian wells; hydrants 23; pipe 2 $\frac{1}{2}$ miles, 8 in dia; pressure 20 pounds.

Clayton, Jefferson Co., population 2,000; fire area 1 sq mile; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 1 $\frac{1}{2}$ and 2 stories; roofs mostly metal; fireworks ordinance. Fire department—1 steam fire engine, several chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton rubber linen 1,500 ft, rubber good 300 ft; value of fire department equipment \$5,000; value of buildings occupied \$3,000; total ann expenses \$100; total membership 95, volunteers; whistle and bell alarm. Chief engineer, Joseph H. Brabant.

WATER SUPPLY—Source, river.

Clifton, Richmond Co. (See Edgewater.)

Clifton Springs, Ontario Co., population 1,800; fire area 350 acres; mercantile buildings, brick and wood, 1 to 4 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 stationary fire engine, 84 chemical extinguishers, 1 hook and ladder truck, 2 hose car-

riages, ladders and buckets, 150 glass bottles, 50 glass pails containing chemicals; hose, cotton good 2,000 ft, rubber good 1,000 ft, leather good 1,000 ft, inferior 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,700; total membership 75, volunteers; 1 hook and ladder company, 1 hose company; whistle alarm. Chief engineer, George Musket.

WATER SUPPLY—Source, springs, 2 miles distant; system, pump to reservoir; 7 hydrants; pressure 60 pounds. Supt, Dr. Henry Foster.

Clinton, Oneida Co., population 1,269; fire area 2,560 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, 1 hose cart; hose, linen good 1,300 ft, leather good 750 ft; rent of buildings occupied \$200; total ann expenses of department \$300; total membership 85, volunteers; bell alarm. Chief engineer, Francis Tasker.

WATER SUPPLY—Source, springs; system, gravity; impounding reservoir, cap 3,000,000 gals; 41 hydrants; pipe 8 miles, 4 to 16 in dia; 20 valves; 140 taps; pressure 85 to 100 pounds; waterworks owned by village; cost to construct \$37,000; ann expenses \$400. Pres of com, Chas. Everett; supt, F. A. Gruman.

Clyde, Wayne Co., population 3,000; fire area 960 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 chemical engines on wheels, 8 chemical extinguishers (private), 1 hook and ladder truck, 5 hose carriages, 1 hose cart; hose, cotton good 500 ft, linen good 2,000 ft, inferior 300 ft, rubber good 400 ft; total ann expenses of department \$2,500; total membership 100, paid full time 2; bell alarm. Chief engineer, A. E. Adams.

WATER SUPPLY—Source, Clyde river; system, pumping to standpipe; standpipe cap 200,000 gals; pumping engine, dy cap 1,000,000 gals; 41 hydrants; pipe 5 1-2 miles, 4 to 10 in dia; valves; pressure, domestic 75, fire 75 to 100 pounds; filtered; waterworks owned by company; cost to construct \$80,000. Supt, E. M. Ellinwood.

Cobleskill, Schoharie Co., population 2,200; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine (not in use), 1 hook and ladder truck, 2 hose carriages; hose, good 1,500 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,000; total ann expenses of department \$500; 115 members; bell alarm. Chief elected by members, F. M. Dunokle.

WATER SUPPLY—Source, reservoir located at mineral springs; system, gravity; 1 reservoir, cap 110,000,000 gals; 48 hydrants; pipe 6 miles, 4 to 16 in dia; 33 valves; 168 taps; pressure 85 pounds; works owned by city; cost to construct \$65,000; ann expenses \$250. Supt, Clarence Fox.

Coeymans Junction, Albany Co., population 800; fire area 640 acres; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hose carriage, 1 supply wagon; hose, linen good 500 ft, rubber good 250 ft, cotton good 250 ft; 2 horses; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total ann expenses of department \$1,500; total membership 75, volunteers; whistle alarm; 2 fire companies. Chief engineers, John Gay, M. R. Crawford.

WATER SUPPLY—Source, 1 large cistern; cap of larger 30,000 gals; 2 hydrants. City clerk, J. M. Russell.

Cohocton, Steuben Co., population 3,444. Fire department—1 engine, 1 hook and ladder truck, hose; total membership 40, all volunteers. Chief engineer, J. M. Reynolds.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 225,000 gals; hydrants 37; pipe 7 1-2 miles, 8 to 4 in dia; 225 taps; pressure 100 to 125 pounds; waterworks owned by city; cost to construct \$22,500. Pres. of com, A. H. Wilcox.

Cohoes, Albany Co., population 23,580; fire area 1,280 acres; mercantile buildings, stone, brick and wood, 4 and 5 stories; private, brick and wood, 2 to 4 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated.

Fire department—3 steam fire engines, 6 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages, 1 hose wagon, 1 supply wagon; hose, leather good 7,500 ft, rubber new 500 ft; 7 horses, value \$1,400; value of fire department equipment \$32,000; value of buildings occupied \$42,000; total ann expenses of department \$15,000; total membership 98, paid full time 12, paid part time 8; telegraph alarm; 27 street boxes; 3 engine companies, hook and ladder company, 2 hose companies. Chief engineer, R. S. Calkins.

WATER SUPPLY—Source, Mohawk river; system, pumping to reservoir; 3 reservoirs, cap 92,000,000 gals; 3 pumping engines, dy cap 2,000,000 gals; 238 hydrants; pipe 28 miles, 4 to 24 in dia; 375 gates; 67 meters; pressure 50 to 95 pounds; cost to construct \$286,000; ann expenses \$17,000. Supt, A. F. Kniffin.

Cold Spring, Putnam Co., population estimated 1,800; buildings, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. No fire department.

WATER SUPPLY—Source, springs, cisterns and wells. Village clerk, Colin Toimie. Waterworks contemplated.

College Point, Queens Co., population 6,127. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 3,200 ft; total membership 90, all volunteers. Chief engineer, Peter Schriener.

WATER SUPPLY—Source, pond and wells at Meadow brook; system, direct pumping; pumping engine, dy cap 400,000 gals; 63 hydrants; pipe 14 3-4 miles, 12 to 6 in dia; 80 valves; 732 taps; pressure, domestic 65, fire 95 pounds; Edison pressure recording gauge; waterworks owned by village; cost to construct \$218,000, to date \$297,000; ann expenses \$5,200. Supt, Chas Fuchs.

Collins Centre, Erie Co., population 500; fire area 500 acres; mercantile buildings, wood, 1 1-2 and 2 stories; private, wood, 1 1-2 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 200 ft, rubber good 100 ft; value of equipment \$500; value of buildings occupied \$150; membership 65. Chief, John Hammon.

WATER SUPPLY—Source, wells.

Coney Island, Kings Co., population 3,313; fire area 800 acres; mercantile buildings, wood, 2 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,200 ft; value of fire department equipment \$4,000; value of buildings occupied \$4,000; total ann expenses of department \$1,000; total membership 132, volunteers; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, Robt. J. P. Sutherland.

WATER SUPPLY—Source, driven wells; system, pumping direct; pumping engine, dy cap 400,000 gals; 68 hydrants; pipe 8 miles, 12 to 6 in dia; 20 valves; pressure, domestic 40, fire 75 pounds; cost to construct \$80,000; ann expenses \$5,500. Supt, Isaac G. Ring.

Constatleville, Lewis Co., population 600; fire area 640 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical extinguisher (private), 2 hose carriages, 4 ladders; hose, rubber good 300 ft, poor 300 ft, cotton good 700 ft, leather inferior 100 ft; value of equipment \$3,500; value of buildings occupied \$1,000; total ann expenses of department \$125; total membership 42, 2 paid part time, volunteers; bell alarm; 1 engine company, 1 hose company. Chief engineer, James Hinton.

WATER SUPPLY—Source, creek and well ponds; 9 reservoirs, cap 1,000 bbls each; pumping engine, dy cap 620 gals per min; 14 hydrants; pipe 4,500 ft, 2½ to 5 in; works owned by village. Supt, H. C. Scoville; town clerk, W. R. Wadsworth.

Cooperstown, Otsego Co., population 2,637; fire area 500 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose, 1 cotton good 2,100 ft, rubber good 400 ft, poor 550 ft; value of fire department equipment \$5,500; value of buildings occupied \$20,000; total membership 135, volunteers. Chief engineer, L. A. Brainard.

WATER SUPPLY—Source, Otsego lake; system, direct pumping; 2 pumps, water power, combined

cap 1,000,000 gals dy; 41 hydrants; pipe 6½ miles, 4 to 8 in dia; 80 valves; pressure, domestic 75, fire 100 pounds; waterworks owned by company; cost to construct \$50,000; ann expenses \$400. Supt, J. Warren Lamb.*

Corning, Steuben Co., population 10,000; fire area 50 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 2 hook and ladder trucks, 6 hose carriages, slamese couplings used; hose, linen good 3,000 ft, rubber good 1,500 ft; new fire quarters value \$35,000; value of fire department equipment \$2,500; total ann expenses of department \$1,800; total membership 200, volunteers; electric telegraph alarm; 15 street boxes. Chief engineer, F. D. Rockwell.

WATER SUPPLY—Source, Monkey Run creek and springs; system, gravity and pumping to reservoir and direct, reservoir cap 3,500,000 gals; pumping engine, dy cap 1,000,000 gals; 80 hydrants; pipe 8 miles, 4 to 10 in dia; 100 meters; pressure 80 pounds; waterworks owned by city, leased to Heermans & Lawrence; cost to construct \$65,000. Supt, H. C. Heermans.

Cornwall, Orange Co., population 760; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, cotton rubber lined good 400 ft, rubber good 275 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total membership 57, volunteers. Foreman, George M. Byard; secy, Gilbert T. Cocks.

WATER SUPPLY—Source, domestic wells, river and cisterna, fire brook running through village.

Cortland, Cortland Co., population 8,590; fire area 2,560 acres; mercantile buildings, brick and wood, 3 and 4 stories; private, wood, 2 stories; mostly tin roofs, fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 extra extension ladder; hose large quantity; total membership 210, volunteers; fire police; electric alarm. Chief engineer, N. J. Peck. (Hook and ladder truck and 700 feet hose contemplated.)

WATER SUPPLY—Source, springs; system, pumping to standpipe; standpipe cap 400,000 gals; pumping engine, dy cap 4,000,000 gals; 128 hydrants; pipe 16 miles, 4 to 12 in dia; 83 valves; pressure 72 to 150 pounds; waterworks owned by company; 800 taps; cost to construct \$160,000; ann expenses \$10,500. Supt, B. F. Taylor.

Coxsackie, Greene Co., population 1,611; fire area 300 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose, good 1,600 ft, inferior 500 ft; value of fire department equipment \$5,500; value of 2 buildings occupied \$3,500; total ann expenses of department \$70; total membership 83, volunteers. Chief engineer, Wm. K. Reed.

WATER SUPPLY—Source, river, cisterna, wells and springs. (Waterworks contemplated, surveys, etc, have been made. T. B. Alcott, pres of water commission.)

Cranston, (See Highland Falls).

Croghan, Lewis Co., population estimated 800; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, linen good 800 ft; value of fire department equipment \$1,500; value of buildings occupied \$700; total membership 50, volunteers; bell alarm. Chief engineer, Adolph Martin.*

WATER SUPPLY—Not described; reservoirs.*

Croton, Delaware Co., population 400; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 250 ft; value of fire department equipment \$300; value of buildings occupied \$800; membership 25, volunteers; bell alarm. Chief, E. Willson; foreman, B. F. Drake.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 80,000 gals; 5 hydrants; pipe 3 miles, 4 in dia; 3 valves; 50 taps; pressure 40 to 60 pounds; works owned by company; cost to con-

struct \$6,500. Pres, A. Payne; supt, L. Saunders.

Cuba, Allegany Co., population 2,000; fire area 1 sq mile; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages, 3 hose wagons; hose, cotton good 500 ft, rubber good 1,500 ft, linen good 800 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total ann expenses of department \$200; total membership 125, volunteers; bell alarm; 3 fire companies. Chief engineer, W. A. Bates.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 900,000 gals; 39 hydrants; pipe 9 miles, 4 to 8 in dia; 38 valves; 280 taps; pressure, domestic 83 pounds, fire same; works owned by village; cost to construct \$36,000; ann expenses \$200. Supt, A. C. Bradford.

Danville, Livingston Co., population 3,758; mercantile buildings, brick, 2, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, protective carriage and outfit; hose, linen good 3,700 ft; value of fire department equipment \$3,700; value of buildings occupied \$6,000; total ann expenses of department \$800; total membership 125, volunteers; electric alarm; 7 street boxes; 4 fire companies. Chief engineer, B. G. Readshaw.

WATER SUPPLY—Source, Mill creek; system, gravity; reservoir cap 1,000,000 gals; 54 hydrants; pipe 4 miles, 4 to 10 in dia; pressure 77 pounds; waterworks owned by village; cost to construct \$25,000; ann expenses \$500. Supt, Jacob Huver.*

David's Island, Military Post, Westchester Co., population 800; fire area 80 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 hose carriages, hooks and ladders; hose, cotton good 1,200 ft, rubber good 300 ft; value of fire department equipment \$2,000. Capt, J. W. Summerhaves; asst, Q. M. U. S. A.

WATER SUPPLY—Source, supplied from New Rochelle Waterworks.

Delevan, Cattaraugus Co., population 1,000; fire area 400 acres; mercantile buildings, brick and iron, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage, ladders, hooks, etc.; hose, cotton good 550 ft; value of fire department equipment \$500; total ann expenses of department \$500; total membership 39, volunteers; bell alarm. Chief engineer, L. J. Cheney.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 10,000,000 gals; hydrants 19; pipe 5 miles, 6 to 4 in dia; 10 valves; pressure, domestic 62, fire 62 pounds; waterworks owned by company; original cost to construct \$18,000. Supt, W. F. Persons.

Delhi, Delaware Co., population 1,564; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 2 chemical extinguishers (private), 1 hook and ladder truck, 4 hose carriages, slamese couplings used; hose, cotton 1,700 ft, leather good 200 ft, inferior 450 ft; value of fire department equipment \$6,000; value of 2 buildings occupied \$4,000; total membership 150, volunteers; bell alarm. Chief engineer, J. K. Hood.*

WATER SUPPLY—Source, brook; system, gravity; reservoir cap 500,000 gals; 34 hydrants; pipe 4 miles, 3 to 12 in dia; 19 valves; 240 taps; pressure 40 pounds; waterworks owned by company; cost to construct \$25,000; ann expenses \$250. Supt, J. Middlenist.

Deposit, Broome Co., population 1,530; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 800 ft; value of fire department equipment \$1,500; value of buildings occupied \$1,700; total ann expenses of department \$220; total membership 75, volunteers; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, B. Knapp.*

WATER SUPPLY—Butler Brook, 1½ miles N. of

village; system, gravity; 38 hydrants; pipe 7 miles, 4 to 10 in dia; 140 taps; pressure 65 pounds; waterworks owned by company; cost to construct \$28,000, to date \$30,000; ann expenses \$150. Supt, M. C. Putnam.

De Ruyter, Madison Co., population 667; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine.*

WATER SUPPLY—Source, spring; system, pumping to reservoir; 7 reservoirs cap 150 bbls each; 14 miles pipe; works owned by village; cost \$3,500; ann expenses \$50.

Dobbs Ferry, Westchester Co., population 2,700; fire area 1,000 acres; mercantile buildings, wood, 3 stories; private, wood, 3 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 3 hose carriages, 1 water tower; hose, cotton good 1,500 ft; rubber 150 ft; value of fire department equipment \$3,000; value of buildings occupied \$15,000; total ann expenses of department \$500; total membership 78, volunteers. Gamewell alarm. Chief engineer, Peter J. Carpenter.

WATER SUPPLY—See Tarrytown.

Dolgeville, Herkimer Co., population 2,000; fire area 600 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, linen good 3,400 ft; value of fire department equipment \$4,000; value of buildings occupied \$500; total membership 40, volunteers; whistle alarm; 1 fire company. Chief engineer, Helon Brunkhorst.

WATER SUPPLY—Source, wells and cisterns; 3 hydrants. (Will put in waterworks this year. Have begun.) Supt, W. H. Collins.

Dryden, Tompkins Co., population 2,000; mercantile buildings, stone, brick and wood, 2 stories; private, wood, 2 stories. Fire department—1 hand engine, 4 hose carriages, all kinds; hose, new 1,000 ft; total membership 50, volunteers. Chief engineer, D. R. Montgomery.

WATER SUPPLY—Source, natural springs; system, gravity to reservoir; reservoir cap 600,000 gals; 42 hydrants; pipe $7\frac{1}{2}$ miles, 3 to 8 in dia; 32 valves; 30 taps; pressure, domestic 70, fire 80 pounds; waterworks owned by city; cost to construct \$25,000. Pres, J. H. Kennedy.

Dundee, Yates Co., population 1,200; buildings, brick and wood, 2 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 24 buckets; value of fire department equipment \$800; total membership 42, volunteers; bell alarm. Chief engineer, H. V. L. Jones.

WATER SUPPLY—Source, wells.*

Dunkirk, Chautauqua Co., population 10,000; fire area 2 miles by 1 mile; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds, also 3 private hose carts, with 2,500 ft of hose at disposal of department; hose, cotton good 3,000 ft, rubber good 500 ft; 2 horses, value \$400; value of fire department equipment \$3,000; value of buildings occupied \$12,000; total ann expenses of department \$1,000; total membership 200, all volunteers; whistle and telephone alarm; (electric system will be put in). Chief engineer, A. K. Loeb. (New H. and L. truck, 2 hose carts and 1,000 ft cotton hose contemplated.)

WATER SUPPLY—Source, Lake Erie; system, direct pumping; pumping engines, dy cap 4,500,000 gals; 119 hydrants; pipe 23 miles, 3 to 12 in dia; 181 valves; pressure, domestic 50, fire 100 to 125 pounds; waterworks owned by city; cost to construct \$137,004; ann expenses \$8,500. Supt, Geo. M. Abell.*

East Aurora, Erie Co., population about 2,000; fire area 1 sq mile; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 chemical engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,250 ft, rubber inferior 500 ft; 2 horses, value \$300; value of fire department equipment \$500; value of buildings occupied \$5,000; total ann expenses of department \$300; total membership 125, volunteers; electric bell fire

alarm; 2 engine companies, 1 hook and ladder company, 1 hose company. Chief engineer, Chas. Gardner.

WATER SUPPLY—Source, springs; system, pump direct; reservoir cap 500,000 gals; pumping engines, dy cap 500,000 gals; 75 hydrants; pipe 11 miles, 10 to 4 in dia; 30 valves; 170 taps; pressure, domestic 70, fire 80 to 90 pounds; cost to construct \$50,000, to date \$55,000; ann expenses \$800. Supt, O. S. Paine. (Are building new reservoir cap 325,000 gals.)

East Randolph, Cattaraugus Co., population 900; fire area 1 sq mile; mercantile buildings, wood, $\frac{1}{2}$ to 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$600; value of buildings occupied \$750; total ann expenses of department \$925; total membership 28, volunteers; bell alarm; 1 fire company. Chief engineer, Morris Beardsley.

WATER SUPPLY—Source, springs (2); system, gravity; cap of reservoir 283,500; 15 hydrants; pipe 44 miles, 6 to 3 in dia; 11 valves; 72 taps; pressure 90 pounds; works owned by village; cost to construct \$11,500; ann expenses \$14,000. Supt, A. H. Kelms.

East Syracuse, Onondaga Co., population 3,000; fire area 320 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$2,000; total membership 100, volunteers; bell and whistle alarm; 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, Geo. M. Weaver.

WATER SUPPLY—Source, springs; system, gravity to reservoir, cap 3,500,000 gals; 60 hydrants; pipe 13 miles, 12 to 6 in dia; 59 valves; 93 taps; pressure 90 to 120 pounds; works owned by village; cost to construct \$70,000. Pres, Geo. M. Weaver.

Elizabethtown, Essex Co., population 600; fire area 450 acres; buildings, wood, 1 and 2 stories. Fire department—1 hook and ladder truck, 1 hose carriage; hose, linen 400 ft, cotton good 200 ft; value of fire department equipment \$500; total ann expenses of department \$300; total membership 35; bell alarm. Chief engineer, Milo C. Perry.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 128,000 gals; 17 hydrants; pipe 4 miles; pressure 100 pounds; waterworks owned by company; cost to construct \$20,000; ann expenses \$150. Pres of com, R. L. Hand; supt, R. C. Kellogg.

Ellenville, Ulster Co., population 2,881; fire area 700 acres; buildings, 1 to 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, hand extinguishers; hose, cotton good 2,300 ft; value of fire department equipment \$5,200; value of buildings occupied \$3,500; total membership 125, volunteers; 1 engine company, 1 hook and ladder company, 3 hose companies. Chief engineer, F. E. Case.

WATER SUPPLY—Source, surface water; system, gravity; reservoir cap 40,000 gals; 58 hydrants; pipe 10 miles, 4 to 8 in dia; 44 valves; pressure, domestic 30, fire 130 pounds; waterworks owned by city; cost to construct \$44,000; ann expenses \$800. Supt, D. S. Williams.*

Elliottsville, Cattaraugus Co., population 1,100; fire area 1 sq mile; mercantile buildings, brick and tin; private, wood, $1\frac{1}{2}$ story; roofs iron and tin; no fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 500 ft, rubber good 500 ft; value of fire department equipment \$800; value of buildings occupied \$800; total ann expenses of department \$400; total membership 25, all volunteers; bell alarm.

WATER SUPPLY—Source, springs, 1 mile distant; system, gravity; cap of reservoir 200,000 gals; 16 hydrants; pipe 7 miles, 8 to 2 in dia; 15 valves; 73 taps; pressure 80 pounds; works owned by company; cost to construct \$10,000, to date \$12,000; ann expenses \$150. Pres, C. P. Vedder; supt, L. B. Nichols.

Elmira, Chemung Co., population 35,000; fire area 6 sq miles; mercantile buildings, brick, 4 and 5 stories; private, brick and wood, $\frac{1}{2}$ and 3 stories;

metal roofs principally; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose reel, 3 hose wagons, 1 supply wagon; hose, cotton good 8,000 ft, inferior 1,900 ft, rubber good 100 ft; 15 horses, value \$4,000; value of fire department equipment \$28,000; total ann expenses of department \$40,000; total membership 42, paid full time; Gamewell alarm; 54 street boxes. Chief engineer, J. A. Campbell.

WATER SUPPLY—Source, Chemung river, Cats creek and wells; system, gravity, pumping to reservoir and direct; cap 117,000,000 gals; pumping engines, dy cap 8,000,000 gals; 308 hydrants; pipe 41 miles, 30 to 4 in dia; 327 valves; 2,875 taps; pressure domestic 44 pounds, fire same; Edson recording gauge; waterworks owned by company; cost to construct \$647,000, to date \$678,312; ann expenses \$19,000. Supt, J. M. Diven.

Fairport, Monroe Co., population 3,000; fire area 900 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted. Fire department—1 steam fire engine, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 1,100 ft, rubber good 800 ft; value of fire department equipment \$7,000; total ann expenses of department \$1,000; total membership 135, all volunteers; steam whistle alarm. Chief engineer, I. K. Quackenbush.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; standpipe cap 300,000 gals; pumping engines, dy cap 1,000,000 gals; 68 hydrants; pipe 7½ miles, 4 to 10 in dia; 50 valves; pressure, domestic 50 to 80 pounds; waterworks owned by city; cost to construct \$48,000; ann expenses \$2,500. Chairman of com, C. L. Peacock; supt, Robert Ewing.

Farmer, Seneca Co., population 680; fire area 320 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage, good supply of ladders; hose, linen good 500 ft, leather good 100 ft; value of fire department equipment \$500; value of buildings occupied \$500; total ann expenses of department \$200; total membership 40, volunteers; bell alarm; 2 fire companies, 1 engine company, 1 hose company. Chief engineer, S. A. Drake.

WATER SUPPLY—Source, two artificial ponds fed by springs and 3 reservoirs of 15,000 gals, ponds 200 ft sq. Town clerk, Geo. A. Mosher.

Far Rockaway, Queens Co., population 3,000; fire area 1 sq mile; buildings, wood, 2 and 3 stories. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 2,000 ft, rubber good 450 ft; value of fire department equipment \$7,000; value of buildings occupied \$3,000; total ann expenses \$5,000; membership 85, volunteers; bell alarm, McShane; 2 hose companies, 1 hook and ladder company. Chief engineer, J. A. Walsh.

WATER SUPPLY—Source, 100 driven wells; system, pumping to standpipe, 1 of 235,000 gals and another of 70,000 gals; pumping engines, dy cap 2,000,000 gals; 188 hydrants; pipe 22 miles, 4 to 14 in dia; 122 valves; pressure 43 pounds; Edson pressure recording gauge; waterworks owned by company. Supt, Thos. D. Smith.*

Fayetteville, Onondaga Co., population 1,500; fire area 400 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,000 ft; value of fire department apparatus \$1,800; value of buildings occupied \$400; ann expenses \$150; total membership 15, all volunteers; bell alarm. Chief engineer, Hiram C. Agar.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 1,800,000 gals; hydrants 42; pipe 6 miles, 10 to 4 in dia; 90 taps; pressure 100 pounds; works owned by city; cost to construct \$31,000; Supt, D. P. Babcock.

Fishkill-on-Hudson, Dutchess Co., population 4,000; fire area 1 sq mile; mercantile buildings, brick, 3 stories; private, wood, 3 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—10 hand engines, 1 hose carriage; hose,

cotton good 1,000 ft, rubber good 200 ft, inferior 200 ft, leather good 200 ft; value of fire department equipment \$1,800; value of buildings occupied \$10,000; total ann expenses of department \$200; total membership 50; bell alarm. Foreman, Chas. W. Anderson.*

WATER SUPPLY—Source, mountain streams; system, gravity; 3 reservoirs, cap 1,700,000 gals; 78 hydrants; pipe 11 miles, 4 to 12 in dia; 40 valves; 30 meters; pressure 80 to 150 pounds; works owned by company. Pres of com, G. E. Talout; Supt, Edmund H. Sheaff.

Flatbush, Kings Co., population est 14,000; (includes Windsor Terrace); fire area 2x3 miles; buildings, brick and wood, 2 to 4 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 3 hook and ladder trucks, 5 hose carriages, 1 hose wagon; hose, rubber good 2,800 ft, cotton good 400 ft; 1 horse, value \$200; value of equipment \$24,000; value of buildings occupied \$22,000; expenses \$8,000; membership 280, volunteers; Gamewell alarm; 21 street boxes. Chief engineer, Wm. H. Swartwout.

WATER SUPPLY—Source, wells; system, pumping to standpipe; cap 240,000 gals; pumps, dy cap 3,000,000 gals; 168 hydrants; pipe 42 miles, 4 to 20 in dia; pressure 75 pounds; capital stock \$200,000. Supt, Jeremiah Lott.*

Flushing, Queens Co., population 10,000; mercantile buildings, brick and wood, 3 and 4 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, (1 in reserve); hose, cotton good 2,500 ft, leather good 1,500 ft; expenses for past year \$2,100; membership 210, volunteers; Gamewell alarm; 17 street boxes. Chief engineer, Jas. H. McCormick.

WATER SUPPLY—Source, wells; system, direct pumping; pumps, dy cap 3,000,000 gals; 130 hydrants; pipe 34 miles, 4 to 12 in dia; 900 taps; pressure, domestic 40, fire 100 pounds; cost to construct \$200,000; ann expenses \$12,000. Supt, G. A. Roullier.*

Fonda, Montgomery Co., population 1,190; area 640 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; tin roofs. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, linen good 800 ft, inferior 200 ft; value of buildings occupied \$2,000; total membership 75, all volunteers. Chief engineer, C. B. Clute.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 2,000,000 gals; 31 hydrants; pipe 33-4 miles, 4 to 12 in dia; valves 20; 100 taps; pressure 47 pounds; cost to construct \$28,000; ann expenses \$400. Pres, James Cole; supt, Henry Silver.

Fort Covington, Franklin Co., population 1,000; fire area 1 sq mile; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage, pails, ladders, axes, etc; hose, cotton good 850 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total membership 40, all volunteers; bell alarm. Foreman, James Dempsey.

WATER SUPPLY—Source, rivers and wells; system, pumping direct; hydrants 2; pipe 275 ft, 3 in dia.

Fort Edward, Washington Co., population 3,500; fire area 800 acres; mercantile buildings, brick and wood, 1½ to 4 stories; private, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages; hose, cotton poor 2,450 ft, rubber good 4,000 ft, poor 750 ft; 2 horses, value \$450; value of fire department equipment \$5,000; value of buildings occupied \$1,500; ann expenses \$850; total membership 75, volunteers; bell alarm.

WATER SUPPLY—Source, springs, 2 miles from town; system, gravity; reservoir cap 15,000,000 gals; hydrants 85; pipe 12 miles, 20 in dia; pressure, domestic 62, fire 62 pounds; waterworks owned by city; cost to construct \$110,000. Chairman of com, C. W. Bowtell.

Fort Plain, Montgomery Co., population 2,864; buildings, wood and brick, 2 and 3 stories; wooden roofs permitted. Fire department—2 hand engines, 1 chemical extinguisher, 1 hook

and ladder truck, 5 hose carriages; hose, cotton good 2,000 ft, linen good 200 ft; value of fire department equipment \$4,500; value of buildings occupied \$2,500; total ann. expenses of department \$500; total membership 150, all volunteers; bell alarm. Chief, elected by company and approved by trustees, J. Winnings.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 15,000,000 gals; 52 hydrants; pipe 12 miles, 4 to 16 in dia; 37 valves; 1 meter; 222 taps; pressure 80 pounds; cost to construct \$85,000; ann. expenses \$4,000. Supt, Chas. Hennebergh.

Frankfort, Herkimer Co., population 2,291; fire area 1,000 acres; mercantile buildings, wood, 2 to 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 2,700 ft; value of fire department equipment \$7,000; total ann. expenses of department \$500; total membership 80, all volunteers; bell and whistle alarm. Chief, Thos. Honohan.

WATER SUPPLY—Source, springs; town has voted to put in waterworks. Thos. Honohan, Water Commissioner.

Franklin, Delaware Co., population 1,000; fire area 1 sq mile; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 850 ft, rubber good 650 ft, inferior 360 ft; value of equipment \$3,000; value of buildings occupied \$2,000; ann. expenses \$355; total membership 63, all volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, L. F. Raymond.

WATER SUPPLY—Source, artesian well; system, pump to reservoir, cap 225,000 gals; pumping engines, dy cap 35,000 gals; hydrants 20; pipe 2 miles, 6 in dia; valves 18; 73 taps; pressure 95 pounds; works owned by city; cost to construct \$19,000; ann. expenses \$700. Supt, S. W. Potter.

Franklinville, Cattaraugus Co., population 1,300; fire area 1 sq mile; mercantile buildings, brick and wood, 2 and 3 stories. Fire department—1 chemical engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 350 ft, cotton good 1,000 ft, 600 ft good canvas; value of fire department equipment \$800; value of buildings occupied \$1,600; total ann. expenses of department \$50; 106 volunteer members; bell alarm. Chief, appointed by village trustees, M. J. Waring.

WATER SUPPLY—Source, springs; system, gravity; cap of reservoir 750,000 gals; hydrants 34; pipe 11 miles; 25 valves; pressure 78 pounds; cost to construct \$33,000. Chairman, F. Searle; secy, W. H. Ferris.

Fredonia, Chautauque Co., population 3,399; mercantile buildings, brick and wood, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; slamese couplings used; hose, cotton good 2,400 ft, rubber good 300 ft; value of fire department equipment \$3,500; 1 building occupied, owned by village, \$30,000; 85 volunteer members; whistle and bell alarm. Chief, elected by trustees, R. K. Palmer.

WATER SUPPLY—Source, creek; system, gravity; reservoir cap 10,000,000 gals; 56 hydrants; pipe 9 miles; 20 valves; 650 taps; 9 meters; pressure 105 pounds; cost to construct \$90,000; ann. expenses \$445. Supt, K. F. Hayward.

Freeport, Queens Co., population estimated 1,000; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck; value of equipment \$600; value of buildings occupied \$700; ann. expenses; 30 volunteer members; bell alarm. Foreman, James R. Smith.

WATER SUPPLY—Source, sunken wells; system, pumping to standpipe; standpipe cap 20 x 125 ft; pumping engines, dy cap 500,000 gals; 71 hydrants; pipe 5 1-3 miles, 12 to 4 in dia; waterworks owned by city; cost to construct about \$40,000. Chairman of com, Wm. G. Miller. (The above system well be completed July 14, 1894.)

Fulton, Oswego Co., population 5,000; mercantile buildings; brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted. Fire department—2 steam fire engines, 1 chemical

extinguisher, 1 hook and ladder truck, 6 hose carriages; hose, cotton good 2,800 ft, inferior, 1,500 ft; value of equipment \$10,000; value of buildings occupied \$4,500; total ann. expenses of department \$1,200; total membership 100, paid 4. Chief engineer, M. F. Craban.

WATER SUPPLY—Source, springs; system, pumping to standpipe and direct into mains; standpipe cap 188,000 gals; pumps, dy cap 1,500,000 gals; 87 hydrants; pipe 11 miles; 600 taps; pressure, domestic 60, fire 120 pounds; works owned by company. Supt, R. E. Phillips.

Fultonville, Montgomery Co., population 1,122; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 hose carriages, equipment for truck; hose, cotton good 750 ft; value of buildings occupied \$1,800; total membership 40, all volunteers; bell alarm; 1 engine company. Foreman, S. Fletcher.

WATER SUPPLY—Source, springs, canal, river; system, gravity; 3 reservoir; 8 hydrants; pipe 2 miles, 4 to 6 in dia. Supt, Robert Craig.

Garden City, Queens Co., population 900; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance. No fire department.

WATER SUPPLY—Source, wells; system, pumping direct; 35 hydrants; pipe 11 miles; quality of water good, filtration; works owned by the Garden City Co. Supt, A. H. Cunliffe.

Geddes, Onondaga Co. (See Syracuse.)

Geneseo, Livingston Co., population 3,000; fire area 800 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks, ordinance. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon, protective cart; hose, linen good 3,500 ft; value of fire department equipment \$6,000; value of buildings occupied \$3,000; total membership 150, all volunteers; bell alarm; 4 fire companies. Chief engineer, Arthur H. Rogers.

WATER SUPPLY—Source, Conesus lake; system, pumping to reservoir cap 1,500,000 gals; pump, dy cap 600,000 gals; 83 hydrants; pipe 12 miles, 10, 8, 6 and 4 in dia; 273 taps; 81 valves; pressure 40 to 170 pounds; works owned by village; cost to construct \$75,000, to date \$80,000; ann. expenses \$2,621. Supt, Geo. R. Meeker.

Geneva, Ontario Co., population 7,577; fire area 100 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 6 hose carriages; hose, cotton good 3,000 ft, rubber good 500 ft, linen good 1,000 ft; 4 horses; value of fire department equipment \$15,000; value of buildings occupied \$10,000; total ann. expenses of department \$2,000; total membership 160, paid part time 10, volunteers 150; bell alarm. Chief appointed by trustees, John Denison.

WATER SUPPLY—Source, Seneca lake and springs; system, gravity and pumping; pump, dy cap 1,500,000 gals; 128 hydrants; pipe 18 miles, 12 to 4 in dia; 158 valves; 600 taps; pressure, domestic 45 to 100, fire 75 to 100 pounds; works owned by company; cost to construct \$150,000. Supt, Saml S. Graves.

Gilbertsville, Otsego Co., population 600; fire area 2 square miles; mercantile buildings, wood, 1½ and 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine, 1 hose carriage, 1 extension ladder; hose, cotton good 400 ft; value of fire department equipment \$1,000; value of buildings occupied \$1,500; total ann. expenses of department \$25; total membership 32, all volunteers; bell alarm. Foreman, R. B. Myrick.

WATER SUPPLY—Source, wells, cisterns and brooks. Town clerk, A. L. Camp.

Glens Falls, Warren Co., population 12,000; fire area 100 acres; buildings, brick, 80 per cent, brick in business section, stone and wood, 1½ to 4 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, also new Babcock aerial truck, 65 ft extension; 5 hose carriages, 1 extension ladder, slamese couplings used; hose cotton good 3,750 ft, inferior 750 ft; value of fire depart-

ment equipment \$12,000; value of 2 buildings occupied \$15,000; total ann expenses of department \$2,000; total membership 185; volunteers, paid part time 15; bell alarm; 1 engine company, 1 hook and ladder company, 3 hose companies. Chief engineer, Dennis Cunningham.

WATER SUPPLY—Source, springs; system, gravity; 3 impounding reservoirs, cap 96,000,000 gals; 150 hydrants; pipe about 50 miles; pressure, domestic 60, fire 100 pounds; waterworks owned by village; cost to construct \$175,000; ann expenses \$700. Acting com, E. B. Potter.

Glen Cove, Queens Co., population 2,500; fire area 1,000 acres; mercantile buildings, brick and wood, 2 to 5 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, canvas good 600 ft, leather good 250 ft, inferior 200 ft; value of fire department equipment \$2,500; total membership 45, all volunteers; bell alarm. Chief engineer, E. P. Titus.

WATER SUPPLY—Source, lake, cisterns and springs.*

Gloverville, Fulton Co., population 15,000; fire area 250 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—4 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages, 1 hose wagon, slamese couplings used; hose, linen good 3,000 ft, inferior 500 ft; value of fire department equipment \$6,000; value of buildings occupied, including city hall \$20,000; total ann expenses of department \$1,500; total membership 120, volunteers; Gamewell alarm; 22 street boxes; 4 fire companies. Chief engineer, George L. Fort.

WATER SUPPLY—Source, springs; system, gravity; 5 reservoirs, cap 18,000,000 gals; 160 hydrants; pipe 30 miles, 4 to 18 in dia; 175 valves; pressure 80 pounds; waterworks owned by city; 2,263 taps; cost to construct \$240,764; cost to date \$258,380; ann expenses \$15,000. Supt, J. E. Tuckerman.

Goshen, Orange Co., population 3,000; buildings, wood and brick, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose, fabric 3,000 ft, leather 1,000 ft; value of buildings occupied \$8,000; total ann expenses \$400; total membership 100, volunteers; bell alarm. Chief engineer, C. G. Elliott.

WATER SUPPLY—Source, springs; system, gravity; reservoir, cap 46,000,000 gals; 74 hydrants; pipe 7 1/4 miles, 4 to 12 in dia; 12 valves; pressure 54 pounds; waterworks owned by village; cost to construct \$40,000; ann expenses \$2,000. Pres, R. B. Hock; supt, Chas. Tuthill.

Gouverneur, St. Lawrence Co., population estimated 4,000; fire area 600 acres; mercantile buildings, stone and brick, 2 to 4 stories; private, wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 2 hose sleighs; hose, cotton good 3,000 ft; value of fire department equipment \$5,000; value of buildings occupied \$2,500; total membership 50; bell and steam gong alarm. Chief, Cyrenus Vail.

WATER SUPPLY—Source, Oswegatchie river; system, pump to standpipe and direct; standpipe cap 212,000 gals; pumping engines, dy cap 2,000,000 gals; 65 hydrants; pipe 8 1/2 miles, 4 and 12 in dia; 42 valves; quality of water soft; pressure, domestic 85, fire 85 pounds; waterworks owned by village; cost to construct \$60,000; ann expenses \$4,000. Supt, A. L. Althouse.*

Gowanda, Cattaraugus Co., population 2,000; fire area 640 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; gravel, iron and shingle roofs; fireworks ordinance. Fire department—1 steam fire engine, 1 supply wagon; hose, cotton good 2,000 ft, linen good 450 ft, inferior 50 ft; value of fire department equipment \$3,500; value of buildings occupied \$500; total ann expenses of department and electric alarm; 11 street boxes; 27 call bells; 2 engine companies, 1 hook and ladder company, 4 hose companies. Chief engineer, Peter Brueck.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 3,000,000 gals; 17 hydrants; pipe 3 miles, 4 to 10 in dia; pressure 80 pounds; waterworks owned by company; cost to construct \$20,-

000, to date \$23,000; ann expenses \$200. Supt, F. J. Blackman.

Granville, Washington Co., population 2,500 fire area 1,000 acres; mercantile buildings, wood and brick, 4 stories; private, wood, 2 stories; wooden roofs not often permitted; fireworks ordinance. Fire department—3 hose carriages; hose, cotton good 700 ft, linen good 1,300 ft; value of fire department equipment \$2,000; value of buildings occupied \$3,000; total membership 38, volunteers; bell alarm; 2 hose companies. Chief engineer, George W. Henry.

WATER SUPPLY—Source, Mettawee river; system, pumping to reservoir and direct; pumping engines, dy cap 500,000 gals; 30 hydrants; pipe 4 miles, 4 to 8 in dia; pressure, domestic 80, fire 100 pounds; waterworks owned by village; cost to construct \$20,000; ann expenses \$1,000. Supt, John W. Edwards.

Grassy Point, Rockland Co., population estimated 1,000; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance.*

WATER SUPPLY—Source, supplied from Haverstraw; 10 hydrants.*

Gravesend, Kings Co., population 7,000; fire area not stated; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department (including whole township)—3 steam fire engines, 2 hand engines, 6 chemical extinguishers, 3 hook and ladder trucks, 4 hose carriages, all kinds, 3 hose jumpers, 1 ship pump, 36 ft suction hose and 250 ft 2 in hose; total membership 450, volunteers; Gamewell alarm; 80 street boxes; 11 fire companies. Chief engineer, R. J. Sutherland.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; cap of standpipe 411,000 gals; dy cap 6,000,000 gals; pipe 36 miles; pressure 60 to 80 pounds; cost \$350,000.*

Greenbush, Rensselaer Co., population 8,000; fire area 1 sq mile; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 4 hose carriages, 1 hook and ladder truck; hose, linen good 3,500 ft; value of fire department equipment \$25,000; value of 2 buildings occupied \$15,000; total membership 350, volunteers; whistle and bell alarm. Chief engineer, S. Lodwick.*

WATER SUPPLY—Source, well and Hudson river; system, pumping to standpipe and direct; 2 pumping engines, dy cap 4,000,000 gals; 137 hydrants; pipe 9 miles, 6 to 20 in dia; pressure, domestic 80 to 100, fire 140 pounds; pressure recording gauge; waterworks owned by company; cost to construct \$200,000. Supt, John Winn.

Greene, Chenango Co., population 1,067; fire area 640 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, slamese couplings used; hose, linen good 500 ft, leather good 1,600 ft, inferior 200 ft; value of fire department equipment \$3,000; total ann expenses of department \$100; total membership 100, volunteers; bell alarm. Chief engineer, J. S. Noser.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 50,000 gals; pipe 5 miles; pressure 40 pounds; works owned by company; cost to construct \$7,000; ann expenses \$200. Pres, J. D. Van Valkenburg, Jr.; supt, R. A. Race.

Green Island, Albany Co., population 4,463; fire area 2 sq miles; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 3 hose carriages, 1 hose wagon; hose, cotton good 2,700 ft, inferior 600 ft; equipment \$9,000; value of fire department \$1,500; total ann expenses of department \$1,300; 69; church and electric bells; 2 hose companies. Chief engineer, Dominick E. Tighe.*

WATER SUPPLY—Source, filter gallery on island in Hudson river; system, pumping to reservoir and standpipe; pumping engines, dy cap 5,000,000 gals; 58 hydrants; pipe 4 miles, 4 to 12 in dia; 323 taps; pressure 80 pounds; waterworks owned by company. Supt, C. M. Stover.

Greenport, Suffolk Co., population 2,500; fire area 640 acres; buildings, wood, 25 to 30 ft; wood.

on roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,000 ft; value of fire department equipment \$10,000; value of buildings occupied \$3,000; total ann expenses of department \$1,500; total membership 180, volunteers; bell alarm; 3 engine companies, 1 hook and ladder company, 3 hose companies. Chief engineer, James Allen.

WATER SUPPLY—Source, wells; pumping to standpipe, cap 238,000 gals; dy cap of wells 1,000,000 gals; pumping engines; hydrants 12; pipe 4 miles, 10 to 4 in dia; pressure 48 to 80 pounds; cost to construct \$100,000. Supt. E. J. Jennings.*

Greenwich, Washington Co., population 1,668; buildings, brick and frame, 2 stories. Fire department—2 hand engines, 1 hook and ladder truck, 1 aerial truck, 4 hose carriages; hose, rubber fair 3,000 ft; value of equipment \$3,500; total membership 140, volunteers. Chief engineer, Wm. H. Crandall.*

WATER SUPPLY—Source, springs; system, gravity and pumping to reservoir; reservoir cap 6,500,000 gals; pumping engines, dy cap 350,000 gals; hydrants 33; pipe 8 miles, 8 to 4 in dia; 18 valves; pressure, domestic 50 to 60, fire 95 to 125 pounds; waterworks owned by company; cost to construct to date \$40,000; ann expenses \$1,500. Supt. Henry C. Gray.

Groton, Tompkins Co., population 1,280; fire area 550 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,800 ft; value of fire department equipment \$2,500; value of buildings occupied \$500; total ann expenses of department \$300; total membership 100, volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, Andrew D. Campbell.

WATER SUPPLY—Source, springs; system, gravity; 1 reservoir, cap 500,000 gals; 45 hydrants, pipe 6½ miles, 4 to 10 in dia; 15 valves; pressure, domestic 80 to 95 pounds; cost to construct \$23,000. Supt. Wm. D. Baldwin.*

Hamburg, Erie Co., population 1,500; fire area 650 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 300 ft, rubber good 1,500 ft; value of fire department equipment \$2,500; value of buildings occupied \$5,000; total ann expenses of department \$170; total membership 50, volunteers; bell alarm. Chief engineer, Chas. H. Wood.*

WATER SUPPLY—Source, well; pumping to standpipe, cap 180,000 gals; pumping engines, dy cap 57,600 barrels; hydrants 28; pipe 5½ miles, 5 to 12 in dia; quality of water excellent; pressure 80 to 100 pounds; cost to construct \$40,000. Supt. Jacob Pfeffer.*

Hamilton, Madison Co., population 1,774; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 500 ft, inferior 800 ft, rubber good 1,175 ft, leather good 200 ft, inferior 50 ft; value of fire department equipment \$6,000; value of buildings occupied \$7,000; total ann expenses of department \$176; total membership 70, volunteers, paid full time 2; bell alarm; 2 fire companies. Chief engineer, T. H. Beal.

WATER SUPPLY—Source, 3 inexhaustable streams. Mayor, E. P. Simon.

Hammondsport, Steuben Co., population 1,200; fire area 200 acres, buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 horse power fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,200 ft, inferior 300 ft; total membership 100, volunteers; bell alarm. Chief engineer, Geo. H. Keeler.

WATER SUPPLY—Source, lake, creek and 5 large cisterns.*

Hancock, Delaware Co., population 1,200; fire area 500 acres; buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose

carriages; hose, cotton good 1,050 ft, inferior 200 ft; value of equipment \$2,000; total membership 105, volunteers; 2 hose companies, 1 hook and ladder company; Gamewell fire alarm. Chief engineer, S. F. Wheeler.

WATER SUPPLY—Source, springs; system, gravity; cap of reservoirs 5,500,000 gals; pipe 4 miles, 4 to 8 in dia; 25 hydrants; 10 valves; 80 taps; pressure 60 to 85 pounds; works owned by company; cost to construct \$21,000, to date \$32,000. Supt. S. N. Wheeler.

Hastings, Westchester Co., population 1,700; fire area 1 mile; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; shingle roofs used; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, linen good 1,200 ft; value of fire department equipment \$1,400; value of buildings occupied \$8,500; total ann expenses of department \$1,000; total membership 43, volunteers; bell alarm; 2 hose companies. Foreman, W. W. Tompkins.

WATER SUPPLY—Source, Pocantico lake; system gravity (See North Tarrytown).*

Havama, Schuler Co., population 1,700; fire area 500 acres; mercantile buildings, brick with tin roofs, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 600 ft; value of fire department equipment \$3,000; value of buildings occupied \$5,000; ann expenses \$1,800; total membership 80, volunteers. Chief engineer, F. L. Van Vleet.

WATER SUPPLY—Source, driven wells and creeks.*

Haverstraw, Rockland Co., population about 6,000; fire area 1½ sq miles; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; hose, rubber good 1,000 ft, leather good 100 ft, linen good 1,000 ft, rubber good 1,000 ft; value of fire department equipment \$6,000; value of buildings occupied \$12,000; total ann expenses of department \$500; total membership 125, volunteers; bell alarm. Chief engineer, Geo. Mardorf.

WATER SUPPLY—Source, springs; system, gravity; pumping engines, dy cap 1,500,000 gals; 58 hydrants, pipe 11 miles, 4 to 12 in dia; pressure 90 to 110 pounds; waterworks owned by company. Supt. D. D. Williams.*

Hempstead, Queens Co., population 4,381. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, cotton good 1,000 ft, rubber good 1,400 ft; total membership 200, volunteers; bell alarm. Chief engineer, William Stoffel, Jr.*

WATER SUPPLY—Source, wells; system, pumping to standpipe, cap 258,000 gals; pumping engines, dy cap 750,000 gals; pipe 5 miles, 10 to 4 in dia; cost to construct \$100,000; works owned by company. Supt. W. Christopher.*

Herkimer, Herkimer Co., population 6,000; fire area 2 sq miles; mercantile buildings, stone, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 15 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,500 ft, rubber good 200 ft, leather good 200 ft, inferior 200 ft; value of fire department equipment \$3,500; value of buildings occupied \$20,000; total ann expenses of department \$2,000; total membership 150, volunteers; bell alarm and boxes. Chief engineer, H. P. Witherstine.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe and direct; standpipe cap 563,000 gals; pumping engines, dy cap 500,000 gals; 66 hydrants; pipe 8 miles, 4 to 6 in dia; 52 valves; pressure, domestic 87, fire 100 pounds; waterworks owned by city; cost to construct \$57,000; ann expenses \$1,500. Supt and secy, Chas. S. Spinner.*

Herrmann, St. Lawrence Co., population 500; fire area 150 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 600 ft, rubber good 200 ft, inferior 100 ft; value of fire depart-

ment equipment \$1,000; value of buildings occupied \$2,000; total ann expenses of department \$50; 21 volunteer members; bell alarm. Chief, W. E. Beawick.

WATER SUPPLY—Source, spring, brook; system, pumping to standpipe, cap 50,000 gals; pumping engines, dy cap 75,000 gals; 9 hydrants; pipe 1½ miles, 6-4 and 3 in dia; 6 valves; pressure 45 to 60 pounds; works owned by village; cost to construct \$7,500; ann expenses \$75. Supt, C. A. Northrop.*

Hicksville, Queens Co., population est 2,700; fire area 4,000 acres; mercantile buildings, wood, 1½ to 3 stories; private, wood, 1½ to 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, 6 force pumps; hose, cotton good 250 ft, inferior 350 ft, rubber good 150 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total membership 100, volunteers; bell alarm. Chief engineer, Arnold G. Heitz.

WATER SUPPLY—Source, wells and cisterns.

Highland Falls, Orange Co., population 2,237; fire area 2 sq miles; buildings, wood, 3 stories; private, wood, 2½ stories; wooden roofs permitted; no fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$700; value of buildings occupied \$400; total ann expenses of department \$200; total membership 40, volunteers; bell alarm. Chief engineer, L. F. Goodsell.*

WATER SUPPLY—Source, Buttermilk Falls brook, 1 mile south of West Point; system, gravity; reservoir cap 100,000,000; 19 hydrants; pipe 8 in dia; pressure, 250 pounds; works owned by company. Pres, Caleb Huse.*

Hobart, Delaware Co., population 575; fire area 287 acres; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 25 chemical extinguishers, 2 hose carriages; hose, cotton good 700 ft, rubber inferior 100 ft, leather inferior 100 ft; value of equipment \$1,000; value of buildings occupied \$2,000; total membership 60, volunteer. Chief engineer, H. M. Cowan.

WATER SUPPLY—Source, Spring brook; system, gravity; reservoir cap 4,000,000 gals; 12 hydrants; pipe ¾ miles, 6 to 4 in dia; 40 taps; pressure, fire 80 pounds; waterworks owned by company; cost to construct to date \$12,000. Supt, S. A. Hanford.

Holley, Orleans Co., population 1,400; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; total membership 100, volunteers. Chief, E. C. Crego.

WATER SUPPLY—Source, steams and springs; system, pumping to standpipe cap 125,500; 30 hydrants, pipe 4 to 8 in dia; 82 meters; pressure 75 pounds; cost to construct \$50,000. Pres, Chas. M. Harrington; supt, J. E. Shattuck.*

Homert, Cortland Co., population est 4,000; fire area 1½ miles sq; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, and 3 private; alamese couplings; hose, cotton good 2,000 ft, inferior 350 ft, leather good 500 ft, poor 200 ft; linen good 600 ft; value of fire department equipment \$5,000; value of buildings occupied \$3,500; total ann expenses of department \$500; total membership 125; bell alarm. Chief engineer, Thos. Knobel.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 150,000; pumping engines, dy cap 1,000,000 gals; 48 hydrants; 147 taps; pipe 6¼ miles, 4 to 8 in dia; 30 valves; pressure 90 to 120 pounds; waterworks owned by company; cost to construct \$50,000. Supt, H. H. Nixon.

Honeoye Falls, Monroe Co., population 1,128; fire area 1,500 acres; buildings, brick and wood, 2 stories; tin roofs used; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft; value of equipment \$5,000; value of buildings occupied \$8,000; ann expenses \$250; total membership 100, volunteers; 4 fire companies, 1 steam engine com-

pany, 1 hook and ladder company, 2 hose companies; electric alarm. Chief engineer, E. A. Bronson.

WATER SUPPLY—Source, wells; system, pumping to tank; tank cap 10,000 gals; pumping engines, dy cap 48,000 gals; pipe 1 mile, 4 and 2 in dia; waterworks owned by company; cost to construct \$3,300. Sec'y and treas, J. D. Martin.

Hoosick Falls, Rensselaer Co., population 7,014; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 1½-2 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, all kinds; hose, cotton good 3,300 ft; value of fire department equipment \$8,190; value of buildings occupied \$12,500; total ann expenses of department \$1,240; total membership 110, paid full time 1; bell alarm. Chief engineer, W. H. Parsons Jr.

WATER SUPPLY—Source, wells; system, pumping to standpipe; cap 335,000 gals; pumping engines, dy cap 1,000,000 gals; 86 hydrants; pipe 8 miles, 4 to 12 in dia; 53 valves; 850 taps; pressure, 60 to 100 pounds; waterworks owned by company. Pres, Geo. H. Norman; supt, E. R. Estabrook.

Hornellsville, Steuben Co., population 10,998. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, 1 protective company; hose, good 4,000 ft; total membership 282, volunteers; electric alarm; 14 street boxes. Chief engineer, T. C. McCarthy.*

WATER SUPPLY—Source, mountain streams; system, gravity; impounding reservoir, cap 50,000,000 gals; 132 hydrants; pipe 19 miles, 4 to 16 in dia; 108 valves; 1 meter; pressure, domestic 85, fire 95 pounds; Edison pressure recording gauge; waterworks owned by company; cost to construct \$200,000. Supt, S. H. Crane.*

Horseheads, Chemung Co., population 2,500; fire area 20 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 chemical engine, 2 hose carriages, 1 hose wagon, alamese couplings; hose, cotton good 1,500 ft, inferior 300 ft, leather good 300 ft; value of fire department equipment \$7,000; value of buildings occupied \$8,000; total ann expenses of department \$425; total membership 100, paid 3; bell alarm. Chief engineer, E. R. Alfred.

WATER SUPPLY—Source, springs and canal; 2 reservoirs.*

Hudson, Columbia Co., population 10,000; fire area 1,000 acres; mercantile buildings, brick and stone, 2 to 4 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 aerial truck, 7 hose carriages; hose, cotton good 2,500 ft, fair 1,500 ft; value of fire department equipment \$8,600; value of buildings occupied \$30,000; total ann expenses of department \$1,200; total membership 256, volunteers; Gamewell electric bell; 16 street boxes. Chief engineer, Robt Elting.

WATER SUPPLY—Source, Hudson river; system, pumping to reservoir; reservoir cap 5,000,000 gals; pumping engines, dy cap 1,500,000 gals; 186 hydrants; pipe 15 miles, 18 to 3 in dia; 131 valves; 1,400 taps; pressure 40 to 120 pounds; waterworks owned by city; cost to construct to date \$300,000; ann expenses \$12,000. Supt, C. Wurster.

Huntington, Suffolk Co., population 3,028; fire area 640 acres; mercantile buildings, wood and brick, 2½ stories; private, wood, 2½ stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 1,000 ft, rubber good 300 ft; 2 horses; value of fire department equipment \$2,100; value of buildings occupied \$1,100; total ann expenses of department \$500; total membership 75, all volunteers; bell alarm. Chief engineer, Frits H. Galon.

WATER SUPPLY—Source, driven wells; system, pumping to reservoir; reservoir cap 250,000 gals; pumping engines, dy cap 500,000 gals; 86 hydrants; pipe 4½ miles, 4, 6 and 8 in dia; 20 valves; pressure 30 to 55 pounds; waterworks owned by company; cost to construct \$40,000. Pres, E. D. Davidson.

Hyde Park, Dutchess Co., population 2,875; fire area 800 acres; buildings, wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 2 chem-

ical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, new 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$500; total ann expenses of department \$1,100; total membership 95, volunteers; bell alarm. Chief engineer, Wm. G. Foster.

WATER SUPPLY—Source, pond; cap of cisterns 100,500 gals.

Ilion, Herkimer Co., population 4,100; fire area 1½ x 2 miles; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted only in suburbs; no fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose, cotton good 2,500 ft, inferior 500 ft; value of fire department equipment \$10,500; value of buildings occupied \$15,000; total ann expenses of department \$1,200; total membership 150; steam, whistle and bell alarm. Chief engineer, Philip Ferrel.

WATER SUPPLY—Source, Fax Falls creek; system, gravity; reservoir cap 15,000,000 gals; 110 hydrants; pipe 13 miles, 4 to 16 in dia; 150 valves; 250 taps; pressure, domestic 50 to 80, fire 110 to 125 pounds; waterworks owned by village; original cost to construct \$95,000. Chairman of com, Thomas Ringwood.

Inwood, Queens Co., population 1,800; fire area 2 sq miles; mercantile buildings, wood, pine, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—6 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$1,200; value of buildings occupied \$1,000; total ann expenses of department \$118.25; total membership 40, volunteers; bell alarm.*

WATER SUPPLY—Source, spring and wells.*

Irrington, Westchester Co., population 2,500; buildings, wood, 2½ stories; wooden roofs permitted. Fire department—2 hose carriages; hose, cotton good 1,300 ft, inferior 300 ft; value of fire department equipment \$3,500; total ann expenses of department \$217; total membership 40, volunteers; bell alarm. Chief engineer, Richard Duff.

WATER SUPPLY—Source, artesian wells and stream; system, pumping to reservoir; reservoir cap 9,000,000 gals; pumping engines, dy cap 200,000 gals; 27 hydrants; pipe 8 to 4 in dia; 20 valves 180 taps; pressure 140 to 186 pounds; waterworks owned by city; cost to construct \$45,000; ann expenses \$1,500. Supt, W. W. Winne.

Islip, Suffolk Co., population 8,453; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 500 ft, cotton good 500 ft, linen (unlined) good 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,200; ann expenses \$1,500; total membership 80; bell alarm. Chief engineer, S. Wright.

WATER SUPPLY—Source, wells; system, pump to standpipe, cap 352,000 gals; pumping engines, dy cap 1,500,000 gals; pipe 25 miles; 200 hydrants; cost to construct \$300,000. Supervisor, Wm. H. Young; town clerk, J. Houser.*

Ithaca, Tompkins Co., population 15,000; fire area 320 acres; mercantile buildings, brick, 3 and 4 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire limits; no fireworks ordinance. Fire department—3 steam fire engines (1 in reserve), 2 chemical extinguishers, 1 hook and ladder truck, 9 hose carriages (3 are extra), 1 supply wagon; hose, cotton good 4,000 ft; 6 horses; value of fire department equipment \$18,000; value of buildings occupied \$40,000; total ann expenses of department \$3,800; total membership 440, volunteers, paid part time 3; Gamewell alarm; 16 street boxes. Chief engineer, Frank Cole.

WATER SUPPLY—Source, Buttermilk Falls creek; system, gravity and pumping to reservoir; 4 reservoirs, cap 14,000,000 gals; pumping engines, dy cap 1,000,000 gals; 100 hydrants; pipe 20 miles, 4 to 20 in dia; 249 valves; pressure 65 to 110 pounds; waterworks owned by company; cost to construct \$243,000. Supt, E. M. Treman.

Jamaica, Queens Co., population 8,300; fire area 3,200 acres; mercantile buildings, wood and brick, 3 stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 chemical extin-

guishers, 1 hook and ladder truck, 5 hose carriages, 1 bucket carriage; hose, rubber good 2,000 ft, linen good 600 ft; value of fire department equipment \$8,000; value of buildings occupied \$10,000; total membership 176; Gamewell alarm; 8 street boxes. Chief engineer, W. Augustus Shipley.

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; reservoir cap 600,000 gals; pumping engines, dy cap 1,000,000 gals; 185 hydrants; pipe 14 miles, 4 to 12 in dia; 70 valves; 4 meters; pressure, domestic 60, fire 100 pounds; waterworks owned by company; cost to construct \$175,000, to date \$190,000. Supt, J. T. Watts.*

Jamestown, Chautauque Co., population 16,038; fire area 10 acres; buildings, wood and brick, 5 stories; wooden roofs permitted. Fire department—3 hook and ladder trucks, 5 hose carriages, 6 supply wagons, 1 fire patrol wagon; hose, cotton good 10,000, inferior 500 ft, rubber inferior 500 ft; 10 horses, not owned by city; value of fire department equipment \$20,000; value of buildings occupied \$28,000; total membership 250, volunteers; Gamewell alarm; fire police; Coffee brigade; 2 engine companies, 1 hook and ladder company, 6 hose companies. Chief engineer, T. T. Cluoney.*

WATER SUPPLY—Source, artesian wells; system, direct pumping; pumping engines, dy cap 8,500,000 gals; 145 hydrants; pipe 24 miles; 160 valves; pressure 40 to 125 pounds; waterworks owned by company; cost to construct \$200,000; ann expenses \$6,000. Supt, D. W. Immeil.

Johnstown, Fulton Co., population 10,000; fire area 10 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs not permitted on new buildings in fire limits. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, cotton good 3,000 ft; 3 horses, value \$250 each; value of fire department equipment \$4,500; value of buildings occupied \$8,500; total membership 125, 2 paid full time; Gamewell alarm; 14 street boxes. Chief engineer, David Smith.

WATER SUPPLY—Source, springs and streams; system, gravity; reservoirs cap 14,000,000 gals; 112 hydrants; pipe 21 miles, 4 to 10 in dia; 170 valves; 1,444 taps; pressure, domestic 110, fire 100 pounds; waterworks owned by city; cost to construct \$60,000, cost to date \$140,000; ann expenses \$3,000. Supt, J. J. Buchanan.

Jordan, Onondaga Co., population 1,300; fire area 600 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 3 hose carriages; alamese couplings used; hose, cotton good 950 ft, rubber good 300 ft, linen good 250 ft; value of fire department equipment \$4,000; value of 2 buildings occupied \$1,800; total ann expenses of department \$250; total membership 240, volunteers; bell alarm. Chief engineer, K. H. Bond.

WATER SUPPLY—Source, springs; system, gravity, pumping to reservoir; cap 1,000,000 gals; water-power pump, dy cap 400,000 gals; 29 hydrants; pipe 4 miles, 4 to 6 in dia; pressure 40 to 60 pounds; waterworks owned by company; cost to construct \$22,000. Supt, C. C. Cole.*

Keesville, Essex Co., population 2,103; fire area 1 sq mile; buildings, wood, brick and stone, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, 1 supply wagon, fire patrol with truck; hose, cotton good 100 ft, leather good 400 ft; value of fire department equipment \$1,500; value of buildings occupied \$2,000; ann expenses \$100; total membership 120, volunteer. Chief engineer, E. C. Bull.*

WATER SUPPLY—Source, Ausable river; system, direct pumping; pumping engines, dy cap 2,000,000 gals; 50 hydrants; pipe 5½ miles, 2 to 12 in dia; 25 valves; pressure, domestic 80, fire 80 to 100 pounds; 237 taps; waterworks owned by village; cost to construct \$35,000; cost to date \$37,500; ann expenses \$500. Supt, J. D. Cord.

Kennedy, Chautauque Co., population 514; fire area 100 acres; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—6 chemical extinguishers, bucket brigade.

WATER SUPPLY—Source, brook and wells. Town clerk, Samuel Smith.

Kinderhook, Columbia Co., population 1,100; fire area 200 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, leather good 200 ft, inferior 250 ft; value of fire department equipment \$8,000; value of buildings occupied \$3,000; total ann expenses of department \$200; total membership 38, paid full time 1, remainder volunteers; bell alarm. Chief engineer, Frank S. Hoag.

WATER SUPPLY—Source, 15 reservoirs in different parts of village; reservoirs cap 300,000 gals; works owned by village; cost to construct \$4,000.

Kingston, Ulster Co., (includes Rondout) population 25,000; fire area 3 miles x $\frac{1}{2}$ mile; mercantile buildings, brick, 2 to 5 stories; private, wood and brick, 1 to 3 stories; wooden roofs are permitted mostly tin and iron; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 2 hook and ladder trucks, 10 hose carriages, all kinds; hose, cotton good 6,000 ft, fair 2,000 ft; 7 horses; value of fire department equipment \$10,000; value of buildings occupied \$20,000; total membership 500; paid full time 4; bell alarm. Chief engineer, James S. Winnie.

WATER SUPPLY—Source, Sawkill creek, in Catskill Mts; system, gravity; reservoir cap 80,000,000 gals; hydrants 323; pipe $\frac{1}{2}$ in, 20 to 4 in; pressure, domestic 65 to 130, fire same pounds; waterworks owned by company; original cost to construct \$800,000. Supt. O. C. Longyear.

Lancaster, Erie Co., population 3,500; fire area 700 acres; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; slamese couplings used; hose, cotton 1,300 ft, rubber 60 ft, leather 100 ft; value of fire department equipment \$2,700; value of buildings occupied by H. & L. Co. \$1,500; total ann expenses of department \$75; total membership 85, volunteers; bell alarm. Chief engineer, Henry Balthasar.

WATER SUPPLY—Source, wells and creeks.

Lansingburgh, Rensselaer Co., population 10,550; mercantile buildings, brick, 3 to 5 stories; private, brick and wood, 2 and 3 stories. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; several factories have apparatus and steam fire pumps; hose, good 2,000 ft; 5 horses; total ann expenses of department \$5,000; total membership 52; telegraph alarm; 13 street boxes. Chief engineer, J. H. Ingram.

WATER SUPPLY—Source, Oil Mill creek; system, gravity; 3 reservoirs, cap 11,700,000 gals; 136 hydrants; pipe 15 3-100 miles, 4 to 12 in dia; 33 meters; 186 valves; pressure 75 pounds; waterworks owned by city; cost to construct \$227,000; ann expenses \$12,000. Supt. J. C. Golden.*

Larchmont, Westchester Co., population 1000; fire area 640 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$1,800; value of buildings occupied \$2,000; total ann expenses of department \$225; total membership 105, volunteers; bell alarm; 3 fire companies, 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, Chas. C. Little.

WATER SUPPLY—Source, Sheldrake lake; system, gravity; reservoir cap 16,000,000 gals; 30 hydrants; pipe $\frac{1}{2}$ in, 16 valves; 128 taps; pressure 40 to 45 pounds; works owned by company; cost to construct \$110,000, to date \$119,000; ann expenses \$1,200. Supt. W. H. Campbell.

Le Roy, Genesee Co., population 3,500; fire area 15 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine or wheels, 1 hook and ladder truck, 2 hose carriages, bucket cart; hose, cotton good 2,000 ft,

inferior 1,000 ft; value of fire department equipment \$12,000; value of buildings occupied \$6,000; total ann expenses of department \$2,000; total membership 75, volunteers; bell alarm. Chief engineer, S. D. Gilbert.

WATER SUPPLY—Source, Oatka creek; system, direct pumping; La France pumping engines; 32 hydrants; 9 valves; pipe 3 miles, 6 in dia; pressure 110 to 140 pounds; waterworks owned by city; cost to construct \$8,000; ann expenses \$800. Supt. S. D. Gilbert.

Lima, Livingston Co., population 1,100; fire area 500 acres; buildings, brick and wood, 2 and 3 stories; iron and tin roofs; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 600 ft, inferior 500 ft, linen good 200 ft; value of equipment \$4,500; value of buildings occupied \$3,000; total membership 80, volunteers. Chief engineer, S. E. Bronson.

WATER SUPPLY—Source, cisterns and wells. (Works contemplated.)

Little Falls, Herkimer Co., population 9,000; buildings, brick and wood, 2 to 4 stories; no fireworks ordinance. Fire department—2 steam fire engines, 1 chemical engine on wheels, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 4,000 ft; expenses for past year \$4,000; total membership 180, paid 9, volunteers 300; telegraph alarm; 23 street boxes. Chief engineer, R. Levie.

WATER SUPPLY—Source, Trout brook; system, gravity; 2 reservoirs, cap 25,000,000 gals and 3,000,000 gals, dy cap 4,000,000 gals; 132 hydrants; pipe 26 5-8 miles, 4 to 20 in dia; 257 valves; pressure, domestic 40 to 140, fire 140 to 250 pounds; Edison pressure recording gauge; waterworks owned by village; cost to construct \$300,000; ann expenses \$16,000. Supt. S. E. Babcock.

Little Valley, Cattaraugus Co., population 1,100; buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; 1,000 ft good cotton hose; value of equipment \$800. Chief engineer, A. E. Darrow. (Hook and ladder truck contemplated.)

WATER SUPPLY—Source, springs; system, gravity; reservoirs, cap 1,000,000 gals; pipe 5 miles; 18 hydrants; pressure 100 pounds; cost to construct \$12,800. Pres and supt, Samuel Dunham.*

Liverpool, Onondaga Co., population 1,800; buildings, brick and wood, 3 stories; wooden roofs permitted. Fire department—3 chemical extinguishers, 1 hook and ladder truck, buckets; value of fire department equipment \$600; total membership 24, volunteers. Chief engineer, J. Smith.

WATER SUPPLY—Source, wells and cisterns.

Livingston Manor, Sullivan Co., population 900; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. No organized fire department.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 500,000 gals; 24 hydrants; pipe 3 miles, 6.4 and 3 in dia; 12 valves; 32 taps; pressure 45 pounds; works owned by company; cost to construct \$30,000. Supt. J. G. Stevens.

Lockport, Niagara Co., population 17,000; mercantile buildings, brick, stone, and wood, 2 to 4 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 5 hose carriages, all kinds; hose, cotton good 4,500 ft, inferior 1,500 ft; 2 horses; value of fire department equipment \$4,000; value of buildings occupied \$35,000; total ann expenses of department \$7,500; total membership 170, 2 paid part time, volunteers; Game-well alarm; 34 street boxes; button at chief's residence; automatic box at police station. Chief engineer, Chas. E. Carnall.

WATER SUPPLY—Source, Erie canal; system, direct pumping; pumping engines, dy cap 8,000,000 gals; 360 hydrants; pipe 22 $\frac{1}{2}$ miles, 6 to 20 in dia; 210 valves; pressure, domestic 75, fire 75 to 100 pounds; waterworks owned by city; cost to construct \$40,000, to date \$63,000; ann expenses \$10,000. Supt. R. J. Sterrett.

Long Island City, Queens Co., population 40,000; fire area 1,900 acres; mercantile buildings, stone, iron, brick and wood, 3 stories; private, brick and wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 2

hand engines, 6 chemical extinguishers, 3 hook and ladder trucks, 4 hose carriages, 2 supply wagons, several hand jumpers; hose, rubber good 4,000 ft, cotton good 2,000 ft; 8 horses, value \$2,750; value of fire department equipment \$40,000; value of buildings occupied \$30,000; total ann expenses of department \$11,000; total membership 16, paid full time; Gamewell alarm; 10 street boxes. Chief engineer, W. H. Delahanty.

WATER SUPPLY—Source, dug and driven wells; system, direct pumping; 550 hydrants; pipe 17 miles, 6 to 18 in dia; 2,584 taps; pressure, domestic 50, fire 75 pounds; waterworks owned by city. Supt, Henry W. Sharkey.

Lowville, Lewis Co., population 2,511. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, hose, rubber good 1,600 ft, linen and leather fair 400 ft; total membership 120, volunteers. Chief engineer, J. D. Moore.*

WATER SUPPLY—Source, creek, 7 cisterns. A system of works will be put in this year. Pres. B. B. Richardson.

Lyons, Wayne Co., population 5,200; fire area 1 mile square; mercantile buildings, brick and wood, 2 and 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 5 hose carriages, 1 hose wagon; hose, linen (rubber lined) good 4,000 ft, inferior 600 ft; value of fire department equipment \$10,000; value of buildings occupied \$6,500; total ann expenses of department \$1,500; membership 150, volunteers; bell alarm; 4 hose companies, 1 hook and ladder company. Chief engineer, George Kent.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe; standpipe cap 117,500 gals; pumping engines, (2) dy cap 1,000,000 gals; each; hydrants 49; pipe 9 miles, 4 to 10 in dia; 50 valves; 300 taps; pressure, domestic 75, fire 87 pounds; standpipe 100 direct; waterworks owned by company; cost to construct \$50,000, to date \$56,000; ann expenses \$2,900. Supt, E. A. Brower.

Madrid, St. Lawrence Co., population 605; fire area 1 mile; buildings, brick and wood, 1½ and 2 stories; wooden roofs not permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 300 ft, inferior 100 ft; value of equipment \$1,000; value of buildings occupied \$300; bell alarm. Chief engineer, F. C. Tracey.*

WATER SUPPLY—Source, river, tanks.*

Malone, Franklin Co., population 5,000; fire area 700 acres; mercantile buildings, brick, 3 to 4 stories; private, wood, 1 to 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; 3 horses, value \$450; hose, good cotton 1,500 ft, rubber good 1,300 ft; value of fire department equipment \$7,000; value of 3 buildings occupied \$5,000; total ann expenses of department \$1,500; total membership 45, volunteers; Gamewell fire alarm; 14 street boxes. Chief engineer, H. A. Miller.

WATER SUPPLY—Source, springs, 8 miles from village; system, gravity; reservoir cap 1,500,000 gals; hydrants 72; pipe 25 miles, 12 to 2 in dia; 400 valves; pressure, domestic 93, fire 93 pounds; waterworks owned by company. Supt, Geo. Sabin.

Mamaroneck, Westchester Co., population 4,000; mercantile buildings, brick and wood, 3 stories; private, wood, 2½ stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds, 1 patrol wagon; hose, cotton, good 2,000 ft, inferior 300 ft; total membership 75, volunteer members; bell alarm. Chief engineer, Wm. H. Merritt.

WATER SUPPLY—Source, Mamaroneck river; system, pumping to reservoir, cap 1,000,000 gals; pumping engines, dy cap 250,000 gals; hydrants 15; pipe 15 miles, 8 in dia; 15 valves; 110 meters; pressure, domestic 80 to 65 pounds; waterworks owned by company; cost to construct \$85,000; ann expenses \$2,500. Supt, Louis Ottmann.

Mannville, Onondaga Co., population 942; fire area 500 acres; buildings, wood, 2 stories; wooden

roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 100 ft, rubber good 400 ft, leather good 200 ft; value of fire department equipment \$2,700; value of buildings occupied \$1,500; total ann expenses of department \$200; total membership 48, volunteers; triangle alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, W. E. Ackeman.*

WATER SUPPLY—Source, spring; system, gravity; 4 hydrants; pipe 1-4 miles, 3 in dia; pressure, domestic 10 pounds; works owned by company; cost to construct \$500. Supt, C. W. H. Wood.

Marathon, Cortland Co., population 1,198; fire area 1 sq mile; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 small steam engine, 1 hand engine, 2 hose carriages, slamese couplings used; hose, cotton good 700 ft, rubber good 300 ft; value of equipment \$3,000; value of buildings occupied \$4,000; total ann expenses of department \$500; total membership 50, volunteers; bell alarm; 3 fire companies. Chief engineer, C. Burgess.*

WATER SUPPLY—Source, river, creek, cisterns, wells; 1 reservoir; 12 hydrants.

Marcusville, Onondaga Co., population 563; buildings, wood, 1 1-2 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,000 ft; value of equipment \$3,500; value of buildings occupied \$1,500. Chief engineer, M. B. Van Vranken.*

WATER SUPPLY—Source, well, springs and cisterns. Village clerk, C. A. Roe.

Masspe, Queens Co. (See Newtown.)

Massena, St. Lawrence Co., population 1,048; buildings, brick, wood and stone, 1 and 2 stories. Fire department—2 hand engines, owned by village president; 1 hose carriage; bell alarm.

WATER SUPPLY—Source, river and well. City clerk, Col. L. S. Dornay.

Mattawau, Dutchess Co., population 6,200; fire area 2,148 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 1-2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 hose carriages; hose, cotton good 1,400 ft, inferior 150 ft, rubber good 100 ft, inferior 60 ft; value of fire department equipment \$2,000; value of buildings occupied \$7,000; expenses of department \$500; 50 volunteer members; bell alarm; 1 engine company. Chief engineer, S. H. Tilman.

WATER SUPPLY—Source and system not given; 3 reservoirs, cap 8,000,000 gals; 25 hydrants; pipe 3 miles; pressure 110 pounds. Supt, Albert Brinkhoff.

Mayville, Chautauque Co., population 1,200; fire area 1 mile sq; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; 400 buckets; hose, cotton good 1,100 ft; value of fire department equipment \$3,100; value of buildings occupied \$1,850; total ann expenses of department \$1,400; total membership 60, volunteer members; electric bell alarm. Chief engineer, E. A. Cadwell.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe 50 by 12 ft; pumping engines, dy cap 1,000,000 gals; hydrants 20; pipe 3 1-2 miles, 4 to 3 in; 12 valves; 25 taps; pressure, domestic 40, fire 40 to 80 pounds; waterworks owned by city; original cost to construct \$16,750; expenses of construction to date \$19,000; ann expenses \$1,800.

Mechanicville, Saratoga Co., population 4,500; area 700 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages, 1 hose wagon; slamese couplings used; hose, cotton good 2,900 ft; value of fire department equipment \$4,500; value of buildings occupied \$2,000; ann expenses \$500; 75 volunteer members; bell alarm. Chief, elected by members, H. S. Miller.

WATER SUPPLY—Source, river, canal and stream; system, gravity; reservoir cap 80,000,000 gals; 51

hydrants; pipe 6 miles, 4 to 12 in dia; 82 valves; 70 taps; pressure 75 pounds; works owned by village; cost to construct \$130,000. Supt. Wm. T. Baker.

Medina, Orleans Co., population 4,492; fire area 160 acres; mercantile buildings, stone and brick, 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,500 ft. inferior 300 ft.; value of fire department equipment \$4,500; total ann expenses of department \$1,236; total membership 142; paid part time 2, volunteer members 140; bell alarm. Chief engineer, Fred M. Ives.

WATER SUPPLY.—Source, springs, 4 miles E of town; system, pumping to stand pipe; standpipe cap 23 x 100 ft; hydrants 40; pipe 18 miles, 4 to 12 in; pressure, domestic 40, fire 60 to 80 pounds; waterworks owned by company. Supt. Fred. Dingledun.

Mexico, Oswego Co., population 1,315; fire area 700 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, 1 supply cart, 2 hose couplings; hose, cotton good 1,600 ft. inferior 200 ft.; value of fire department equipment \$5,500; value of building occupied \$500; 35 members; bell alarm. Chief engineer, J. M. Wing.

WATER SUPPLY.—Source, 4 cisterns and creeks. Village clerk, W. M. Richardson.

Middleburg, Schoharie Co., population 1,139; buildings, wood and brick, 2 and 3 stories. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carts; hose, rubber 250 ft, cotton good 900 ft; value of fire department equipment \$5,500; value of buildings occupied \$1,500; total ann expenses of department \$200; 2 fire companies. Chief engineer, G. L. Danforth.

WATER SUPPLY.—Source, creek and river; 3 reservoirs. Village clerk, J. E. Young. (Will build gravity system of works this year to cost \$30,000. City engineer, A. J. Cooper.)

Middleport, Niagara Co., population 1,250; fire area 200 acres; fireworks ordinance; buildings, brick and wood, 2 stories; wooden roofs not permitted. Fire department—1 horse-power engine, 2 Babcock fire extinguishers, 1 hook and ladder truck, fully equipped, 1 hose carriage, 1 hose cart; hose, cotton good 1,200 ft; value of equipment \$3,000; value of buildings occupied \$5,500; ann expenses past year \$325; 1 engine company, 1 hose company, 1 hook and ladder company; 56 volunteer members. Chief engineer, F. J. Pennville.*

WATER SUPPLY.—Source, canals, creeks and ponds. Village clerk, Wm. D. Hoyt.*

Middletown, Orange Co., population 12,500; fire area 20 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2½ stories; wooden roofs not permitted in fire limits; no fireworks ordinance. Fire department—2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 9 hose carriages, 1 patrol wagon; hose, cotton good 6,200 ft, inferior 300 ft; 2 hose, value \$450; value of fire department equipment \$8,875; value of buildings occupied \$24,000; total ann expenses of department \$3,000; 276 volunteer members; electric alarm; street boxes 26; 2 engine companies, 1 hook and ladder company, 3 hose companies. Chief engineer, Edwin Thorpe.

WATER SUPPLY.—Source, springs and surface water; system, gravity and pumping to reservoir, reservoir cap 600,000 gals; pumping engines, dy cap 1,500,000 gals; 168 hydrants; pipe 25 miles, 2 to 20 in dia; 170 valves; 1,478 taps; pressure 60 to 80 pounds; waterworks owned by city; cost to construct \$75,162; ann expenses \$1,178. Pres of com, J. W. Canfield; supt, Isaac F. VanDuzer.

Millerton, Dutchess Co., population 750; fire area 1 sq mile; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$2,500; total membership 20, volunteers; bell alarm. Chief engineer, William Tradd.

WATER SUPPLY.—Source, springs and wells; system, gravity; reservoir cap 800,000 gals; 25 hy-

drants; pipe 3¼ miles, 8 to 4 in dia; 70 taps; pressure 75 to 80 pounds; works owned by village; cost to construct \$18,000. Supt. P. N. Paine.

Mohawk, Herkimer Co., population 1,880; fire area 2,000 acres; mercantile buildings, brick, 2 to 4 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$5,000; value of buildings occupied \$2,000; total ann expenses of department \$250; total membership 23, volunteers; bell and whistle alarm. Chief engineer, W. R. Hammond.

WATER SUPPLY.—Source, spring; system, pumping to standpipe; standpipe cap 75,000 gals; pumping engines, dy cap 1,000,000 gals; 43 hydrants; pipe 7½ miles, 8, 4 and 2 in dia; 36 valves; 250 taps; pressure 85 pounds; works owned by village; cost to construct \$33,000; ann expenses \$1,200. Supt. O. Horton.

Moira, Franklin Co., population estimated 1,500; buildings, brick and wood, 1½ stories. Fire department—1 hook and ladder truck; value of fire department equipment \$100; 40 volunteer members; bell alarm. Foreman, A. B. Withwell.

WATER SUPPLY.—Source, cisterns and wells.

Monroe, Orange Co., population 1,200; fire area 200 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—buckets and ladder.*

WATER SUPPLY.—Source, wells and springs.*

Montgomery, Orange Co., population 1,024; fire area 1,000 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hose carriage; hose, linen good 300 ft, cotton good 600 ft; valve of fire department equipment \$3,000; 1 building owned by department, value \$2,500; expenses for past year \$400; 79 volunteer members; bell alarm. Secy, William McNeal, Jr.

WATER SUPPLY.—Source, river.

Monticello, Sullivan Co., population 1,300; fire area 320 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 and 3 stories; shingle and slate roofs. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 jumper; hose, rubber good 5,000 ft, cotton good 500 ft; value of fire department equipment \$4,000; buildings occupied value \$3,800; 90 volunteer members; bell alarm. Chief engineer, S. W. Demarest.

WATER SUPPLY.—Source, wells and cisterns.

Moravia, Cayuga Co., population 1,650; mercantile buildings, brick and wood, 2 stories; private, same; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 2 hose couplings in use; hose, linen good 1,500 ft, inferior 150 ft; value of fire department equipment \$4,000; value of buildings occupied \$3,500; 75 volunteer members; bell alarm; 2 hose companies, 1 hook and ladder company. Chief engineer, W. J. Gunnfield.*

WATER SUPPLY.—Source, springs; system, gravity; reservoir cap 150,000 gals; 100 taps; 30 hydrants; pipe 8 miles, 3 to 10 in dia; 10 gates; pressure 85 pounds; cost to construct \$35,000; ann expenses \$400. Supt, Fred C. Reynolds.*

Morristown, Essex Co., population estimated 1,000; buildings, brick and wood, 2 stories. Fire department—1 hand engine; hose, 200 ft; value of fire department equipment \$250; 25 volunteer members. Chief engineer, Joseph Wright.

WATER SUPPLY.—Source, large well in center of village.

Mount Kisco, Westchester Co., population 1,200; fire area 2 miles by 1 mile; buildings, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—3 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, linen good 850 ft; value of fire department equipment \$2,150; 75 volunteer members. Chief, C. L. Watson.

WATER SUPPLY.—Source, wells, cisterns, brooks and 2 hydrants. Village clerk, W. B. Osborne.

Mount Morris, Livingston Co., population 2,280; fire area 400 acres; mercantile buildings,

brick, 2 stories; private, brick and wood, 2 stories; tin roofs; no fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 2 hose carts; hose, cotton good 3,000 ft, value of fire department equipment \$2,000; value of buildings occupied \$1,500; total ann expenses of department \$300; 70 volunteer members; bell alarm; 4 fire companies. Chief engineer, John C. Winters.

WATER SUPPLY—Source, springs; system, gravity; 26 hydrants; pipe 5 miles, 4 to 10 in dia; 21 gates; pressure 45 to 60 pounds; waterworks owned by company; cost to construct \$80,000; ann expenses \$750. Pres of com, M. H. Mills; supt, P. McCormick.

Mount Vernon, Westchester Co., population 17,000; mercantile buildings, brick and stone, 3 stories; private, wood and brick, 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages, 1 fire patrol; hose, cotton good 22,000 ft, rubber good 1,800 ft, inferior 200 ft; total membership 320, all volunteers; 3 engine companies, 1 hook and ladder company, 3 hose companies; Gamewell alarm; 17 street boxes. Chief engineer, Edwin W. Flake.

WATER SUPPLY—Source, Hutchinson's and Tom Paine creeks; system, pumping from reservoir to standpipe; cap 235,000 gals; 5 reservoirs, cap 252,000,000 gals; pumping engines, dy cap 2,000,000 gals; 312 hydrants; pipe 38 miles, 4 to 16 in dia; 50 valves; 2,700 taps; pressure 100 pounds; waterworks owned by company. Supt, G. E. Hoffmaster.

Naples, Ontario Co., population 1,266; area 700 acres; buildings, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage with 100 buckets; hose, leather 500 ft; membership 36, volunteers; bell alarm. Foreman, Herman Rohlin.

WATER SUPPLY—Source, wells, springs and cisterns.

Newark, Wayne Co., population 4,000; fire area 640 acres; mercantile buildings, brick and iron, 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,200 ft, rubber good 700 ft; value of fire department apparatus \$6,000; value of department buildings \$3,000; total ann expenses \$1,000; 117 volunteer members; bell alarm. Chief engineer, F. E. Nellis.

WATER SUPPLY—Source, springs; system, pumping to standpipe from reservoir; reservoir cap 1,300,000 gals; standpipe cap 200,000 gals; 2 pumps, dy cap 2,000,000 gals; 97 hydrants; pipe 9½ miles, 4 to 13 in dia; 20 taps; 71 valves; pressure, domestic 65, fire 110 pounds; waterworks owned by company; cost to construct \$120,000. Supt, H. A. Gardner.

Newark Valley, Tioga Co., population 875; fire area 200 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine, 1 hook and ladder truck, 1 supply wagon; hose, rubber good 200 ft; value of fire department equipment \$1,600; value of fire department buildings \$1,500; 100 volunteer members; whistle and gong alarm; 3 fire companies. Chief engineer, Thomas Knaggs.

WATER SUPPLY—Source, wells and cisterns.

New Berlin, Chenango Co., population 1,000; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft, rubber poor 350 ft; value of fire department equipment \$2,000; value of buildings occupied \$800; total ann expenses of department \$350; 60 volunteer members; bell alarm; 1 engine company, 2 hose companies, 1 hook and ladder company. Chief engineer, M. H. Fish.

WATER SUPPLY—Source, springs and brooks; system, gravity; reservoir cap 14,000,000 gals; 28 hydrants; pipe 4 miles, 4 to 10 in dia; 15 valves; 150 taps; pressure 118 to 125 pounds; works owned by village; cost to construct \$38,000; ann expenses \$50. Supt, Henry McGuire.

New Brighton, Richmond Co., population 16,-

423; fire area 7 x 1½ miles, covering West New Brighton, Port Richmond and Elm Park; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—3 steam fire engines, 1 hand engine, 1 chemical engine, 5 hook and ladder trucks, 6 hose carriages, 4 hose wagons; hose, cotton good 1,200 ft, inferior 200 ft, rubber good 3,000 ft, inferior 500 ft; value of fire department equipment \$12,000; total ann expenses of department \$4,000; 900 volunteer members; telephone and bell alarm. Chief engineer, Wm. J. Burles.*

WATER SUPPLY—Source, 76 driven wells; system, pumping to reservoir; reservoir cap 750,000 gals; pumping engines, dy cap 8,000,000 gals; 438 hydrants; pipe 50 miles, 4 to 20 in dia; 312 valves; 3,174 taps; pressure 85 pounds; waterworks owned by company; cost to construct \$200,000; ann expenses \$23,000. Supt, J. Seymour Warde.

Newburgh, Orange Co., population about 95,000; fire area 2,500 acres; mercantile buildings, brick, stone and wood, 1 to 4 stories, private, brick and wood, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—4 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 6,300 ft, fair 1,850 ft, rubber good 250 ft; 10 horses; value of fire department equipment \$25,500; value of buildings occupied \$50,000; expenses for past year \$5,495; total membership 554, paid part time 9, volunteer members 545; Gamewell alarm; 23 street boxes, 9 indicators, 2 tappers. Chief engineer, Wm. Nixon.

WATER SUPPLY—Source, Washington lake and Silver stream, 3¼ miles southwest of city; system, gravity, pumping to reservoir; reservoir cap 1,597,342 gals; pumping engines, dy cap 263,530 gals; hydrants 320; pipe 32.9 miles, 24 to 4 in dia; 371 valves; pressure, domestic 50 to 80 pounds, fire same; works owned by city; cost to construct \$312,000, to date \$738,000; ann expenses \$15,000. Supt, Curtis Stanton.

New Dorp, Richmond Co., population 500; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire Co. organized, no apparatus purchased as yet.

WATER SUPPLY—Source, artesian well; system, pumping to standpipe; standpipe cap 100,000 gals; pumping engines, dy cap 250,000 gals; pipe 3 miles; quality of water good; works owned by company. Supt, E. W. Sinker.

New Lebanon, Columbia Co., population 1,765; fire area 12 sq miles; mercantile buildings, wood, 30 ft; private, wood, 30 ft; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. No fire department.*

WATER SUPPLY—Source, wells.*

New Lots, Kings Co., part of Brooklyn.

New Paltz, Ulster Co., population 1,100; fire area 1 sq mile; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 750 ft; value of fire department equipment \$1,500 to \$2,000; value of buildings occupied \$5,000; total ann expenses of department \$1,000; total membership 70, volunteers; bell alarm. Chief engineer, Geo. E. Johnston.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 700,000 gals; hydrants 38; pipe 5 miles, 10 to 4 in dia; 23 valves; 48 taps; pressure, domestic 120, fire 140 pounds; waterworks owned by company; original cost to construct \$50,000. Supt, James P. Hayden.

Newport, Herkimer Co., population 1,200; fire area 400 sq yards; mercantile buildings, wood and stone, 2 stories; private, wood, 2 stories; wooden roofs permitted; prohibitory fireworks ordinance. Fire department—2 hand engines, 2 hose carriages; hose, cotton good 600 ft, leather good 500 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,000; total membership 34, volunteers; bell alarm. Chief engineer, E. P. Kimball.

WATER SUPPLY—Source, springs; system, gravity; cap of reservoir 250,000 cubic ft; 1 hydrant; 3 miles of pipe 4 to 3 in dia; 9 valves; pressure 60 pounds; 150 taps; works owned by village; cost to

construct \$12,000; ann expenses \$500. Water com. B. K. Brown. (Will add 12 hydrants this year.)

New Rochelle, Westchester Co., population 9,980; fire area 1,750 sq miles; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds, 1 fire patrol; hose, cotton good 2,800 ft, inferior 200 ft; value of fire department equipment \$10,500; value of buildings occupied \$5,000; total ann expenses of department \$2,500; 125 volunteer members; bell alarm; 4 fire companies, 2 engines companies, 1 hose company, 1 hook and ladder company. Chief engineer, James Ross.

WATER SUPPLY—Source, Hutchinson river; system, gravity; reservoir cap 100,000,000 gals; 77 hydrants; pipe 25 miles, 4 to 12 in dia; 110 valves; 560 meters; pressure 40 pounds; Edson pressure recording gauge; waterworks owned by company; cost to construct \$300,000; ann expenses \$8,081. Supt. F. H. Davis.*

Newtown, Queens Co., population est 10,000; fire area 24 sq miles; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—3 steam fire engines, 2 hand engines, 3 chemical extinguishers, 6 hook and ladder trucks, 3 hose carriages; hose, linen good 200 ft, cotton 2,600 ft, poor 200 ft, rubber good 1,200 ft; expenses for past year \$1,700; total membership 308, volunteers; bell alarm; 3 engine companies, 4 hook and ladder companies; Gamewell alarm; 14 street boxes. Chief engineer, Richard A. Homeyer.

WATER SUPPLY—Present source, wells, cisterns, ponds and streams; are constructing the following works: Source, artesian wells; system, pumping to standpipe; standpipe 20x80 ft; pumping engines, dy cap 600,000 gals; pipe 4 miles, 14 to 8 in; pressure 40 to 60 pounds; waterworks owned by company. Sec'y, A. Rapelye.

New York, New York Co., population 1,715,721; fire area 26,500 acres; mercantile buildings, brick, stone and iron, 6 to 12 stories; private dwellings and office buildings 3 to 20 stories; frame structures or wooden roofs not permitted south of 155th st; fireworks ordinance; causes of fire investigated by fire marshal. Fire department—95 steam fire engines, including spare, 40 hook and ladder trucks, including spare, 6 of which are aerial, 31 hose wagons, 44 four wheel tenders and 33 two wheel tenders, including spare, 3 fire boats or floating engines; average number of horses, 370, value \$300 each; value of department equipment \$1,000,000; value of buildings including real estate \$1,750,000; ann expenses \$2,000,000; membership averages 1,100, all paid full time; Gamewell and Pearce and Jones fire alarm system; about 900 street boxes; about 800 special signals of all kinds, including thermostatic and automatic; 59 engine companies, of which 9 are double companies; 23 hose companies, of which 1 is double company; three of the 59 engine companies are quartered on fire boats. Chief engineer, Hugh Bonner; chief clerk of department, Wm. P. Allen. Fire Patrol: 5 stations, 82 men; expenses \$102,732. Supt. A. C. Hull.

WATER SUPPLY—Source, Croton and Bronx river; system, gravity, pumping to reservoir and a standpipe; reservoir cap 10,000,000 gals, dy standpipe 150 ft high, 5 ft in dia; pumping engines, dy cap 31,000,000 gals; hydrants 9,297; pipe 712 miles, 4 to 48 in dia; 7,456 valves; pressure 5 to 40 pounds; Edson pressure recording gauge; works owned by city; cost to construct \$87,500,000; cost to date \$70,000,000; ann expenses \$1,000,000. Com of public works, Michael T. Daly; chief engineer, G. W. Birdsall.

New York Mills, Oneida Co., population 2,552; mercantile buildings, brick; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—3 hand engines, 30 chemical extinguishers, 3 hose carriages, all kinds; hose, 3,800 ft, the above apparatus is the property of the New York Mills, a manufacturing corporation.*

WATER SUPPLY—Source, private; system, direct pumping; by hydrants 23.*

Niagara Falls, Niagara Co., population 17,000; fire area 7 miles long and 2 1-2 miles wide; mercantile buildings, wood, brick and stone, 3 and 4 stories; private, wood, 2 stories; no fireworks ordinance. Fire department—1 hand engine, 2

chemical extinguishers, 1 hook and ladder truck, 7 hose carriages, all kinds, 1 hose wagon; hose, cotton good 3,000 ft, inferior 400 ft; 3 horses, value \$500; total ann expenses of department \$4,000; total membership 406, volunteer members 408; Gamewell alarm; street boxes 20. Chief engineer, Henry G. Ocha.

WATER SUPPLY—Source, Niagara river; system, direct pumping; standpipe cap 775,000 gals; pumping engines, dy cap 6,000,000 gals; 58 hydrants; pipe 20 miles, 4 to 18 in dia; pressure, domestic 60, fire 120 pounds; waterworks owned by company; cost to construct pipe line \$180,000; ann expenses \$8,000. Supt. B. T. Murray.

Northfield, Richmond Co., population estimated 900. Fire department—1 steam fire engine, 2 hose carriages; hose, rubber good 2,100 ft; total membership 300, volunteers.

WATER SUPPLY—Source, river and wells.

Northport, Suffolk Co., no fire department.*

WATER SUPPLY—Source, springs; system, pumping to reservoir; reservoir cap 350,000 gals; pumping engines, dy cap 750,000 gals; 20 hydrants; pipe 4 miles, 4 to 10 in dia; 3d valves; 150 taps; pressure, domestic 30 to 90, fire 60 to 150 pounds; waterworks owned by company; original cost to construct \$49,500; ann expenses \$1,500. Supt and secy, J. W. Olmsted.

North Tarrytown, Westchester Co., population 3,500; buildings, brick and wood, 3 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, fire patrol; hose, cotton good 1,300 ft; value of fire department equipment \$2,500; total membership 137, volunteers; assistance received from Tarrytown department. Chief engineer, J. W. Gamble.*

WATER SUPPLY—Source, Pocantico river; system, pumping to distributing reservoir; cap reservoir 15,000,000 gals; pumping engines, dy cap 5,000,000 gals; 135 double hydrants; pipe 35 miles, 4 to 20 in dia; valves 50; 900 taps; pressure 150 pounds; waterworks owned by company; cost to construct \$500,000; ann expenses \$5,000. Supt, Jos. H. Alworth.

Norwich, Chenango Co., population 5,300; fire area 4 miles sq; mercantile buildings, brick and wood, 4 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 chemical extinguisher, 2 hook and ladder trucks, 5 hose carriages, 5 hose couplings used; hose, cotton inferior 500 ft, linen 1,800 ft; value of fire department equipment \$7,500; rent of buildings occupied \$500; total ann expenses of department \$1,000; total membership 200, paid 3; electric alarm. Chief engineer, Chas. H. Wate.

WATER SUPPLY—Source, Hopkins brooks; system, gravity; 2 reservoirs, cap 90,000,000 gals; 37 hydrants; pipe 13 miles, 4 to 18 in dia; meters 2; pressure 60 and 70 pounds; Edson pressure recording gauge; waterworks owned by company; cost to construct \$100,000, to date \$175,000; ann expenses \$740. Supt, John Seward.

Nunda, Livingston Co., population 1,100; fire area 840 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,400 ft, inferior 200 ft, leather 500 ft; value of fire department equipment \$1,300; total ann expenses of department \$100; total membership 75, volunteers; bell alarm. Chief engineer, H. Peck.

WATER SUPPLY—Source, springs; system, gravity and pumping reserve to reservoir, cap 12,000 gals; 25 hydrants; pipe 7 miles, 4 to 10 in dia; 10 valves; pressure 75 pounds; waterworks owned by company; cost to construct \$25,000; ann expenses \$1,000. Supt, H. Willard.

Nyack, Rockland Co., population 4,111; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—(includes also Upper, South and West Nyack) 3 steam fire engines, 1 hand engine, 2 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages; 2 jumpers; hose, cotton good 3,250 ft, poor 250 ft, leather good 500 ft; value of fire department apparatus \$7,000; value of buildings occupied \$10,000; total ann expenses of department \$2,000; total membership 300, volunteers 300; bell alarm; 4 engine companies, 2 hook and ladder companies; 1 hose com-

pany. Chief engineer, Chas. Haines. Also have a fire police patrol, 65 men.

WATER SUPPLY—Source, springs and Hackensack river; system, gravity, pumping to reservoir; 5 reservoirs, total cap 5,000,000 gals; pumping engines, 4 cap 800,000 gals each; 41 hydrants; pipe 12 miles, 3 to 12 in dia; 45 valves; pressure 50 pounds; waterworks owned by company; cost to construct \$150,000; ann expenses \$4,500. Supt, Wm. L. Voorhis.*

Oakdale (see Islip).

Oceanus, Queens Co., population 2,500; mercantile buildings, wood, 2 and 3 stories; private, brick and wood, 2 and 3 stories; tin and shingle roofs. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages; 4 hose carts; hose, cotton good 3,500 ft; total membership 120, volunteers; bell alarm; 4 fire companies. Chief engineer, John A. Carle.*

WATER SUPPLY—Source, supplied from Far Rockaway.*

Ogdensburg, St. Lawrence Co., population 11,682; fire area 50 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, wood, 2 1/2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose wagons, 4 hose sleighs; hose, cotton rubber lined good 4,200 ft; 3 horses owned by department; value of fire department equipment \$15,000; value of buildings occupied \$12,000; total ann expenses of department \$2,500; total membership 44, paid part time; telegraph and electric bells alarm; 16 street boxes; 4 fire companies. Chief engineer, Lyman D. Burt.

WATER SUPPLY—Source, Oswegatchie river; system, direct pumping; pumping engines, 4 cap 5,000,000 gals; 110 hydrants; pipe 20 miles, 4 to 14 in dia; 125 valves; 1,800 taps; pressure, domestic 45, fire 75 pounds; works owned by city; cost to construct \$100,000, cost to date \$200,000; ann expenses \$3,500. Supt, H. A. Lord.

Olean, Cattaraugus Co., population 12,000; mercantile buildings, wood and brick, 2 to 4 stories; private, wood and brick, 1 to 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 1 fire police wagon; equipped; hose, cotton good 4,250 ft, inferior 700 ft, linen good 300 ft, rubber good 150 ft; value of fire department equipment \$12,000; value of buildings occupied \$8,000; total ann expenses of department \$1,900; total membership 232, volunteers; Gamewell alarm; 15 street boxes; 1 fire police company, 1 hook and ladder company, 5 hose companies. Chief engineer, Joseph I. Long.

WATER SUPPLY—Source, dug and driven wells; system, pumping to reservoir and direct; reservoir cap 2,500,000 gals; pumping engines, 4 cap 3,000,000 gals; 105 hydrants; pipe 14 1-3 miles, 4 to 12 in dia; 200 valves; pressure 80 to 90 pounds; waterworks owned by city; cost to construct \$75,000, to date \$118,896; ann expenses \$12,215. Supt, John Z. LeFevre.

Oneida, Madison Co., population 7,500; fire area 60 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages, all kinds; hose, cotton good 2,000 ft, linen good 1,000 ft; value of fire department equipment \$25,000; value of buildings occupied \$15,000; total ann expenses of department \$2,000; total membership 136, volunteers; Gamewell alarm; 11 street boxes; 5 fire companies. Chief engineer, W. D. Taylor.

WATER SUPPLY—Source, creeks and springs; system, gravity; reservoir cap 25,000,000 gals; 84 hydrants; pipe 13 miles, 4 to 16 in dia; 95 valves; pressure, domestic 80 pounds, fire same; works owned by company; cost to construct \$140,000, to date \$146,000; ann expenses \$2,000. Supt, Laurel Meador.

Oneonta, Otsego Co., population 7,500; fire area 500 acres; mercantile buildings, brick and wood, 2 to 4 stories; private, wood and brick, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand en-

gine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 3,500 ft, inferior 400 ft; value of fire department equipment \$10,000; value of buildings occupied \$4,500; total expenses for past year \$1,000; total membership 180, paid part time 3, remainder volunteers; Gamewell alarm; 7 street boxes; 5 fire companies, 1 engine company, 1 hook and ladder company, 3 hose companies. Chief engineer, Albert Shaler.

WATER SUPPLY—Source, Oneonta creek and Wilber lake; system, gravity; reservoir cap 500,000,000 gals; 83 hydrants; pipe 17 miles, 4 to 20 in dia; pressure, domestic 70 pounds, fire 80 to 80 pounds; works owned by company; cost to construct \$200,000. Supt, T. A. Norton.

Oswego, Oswego Co., population 22,000; fire area 5,120 acres; mercantile buildings, brick, 4 and 5 stories; private, wood, 1 1/2 and 2 stories; causes of fire investigated. Fire department—3 steam fire engines, 1 chemical engine on wheels, 8 chemical extinguishers, 2 hook and ladder trucks, 4 hose carriages, 2 hose wagons, slamesse couplings used; hose, linen good 7,500 ft, inferior 2,600 ft; 9 horses owned, 15 in use, value \$1,875; value of fire department equipment \$31,000; value of 4 buildings occupied \$32,700; total ann expenses of department \$21,000; total membership 37, paid full time 14, paid part time 23; telegraph alarm; 38 street boxes. Chief engineer, Robert G. Blackburn.

WATER SUPPLY—Source, Oswego river; system, pumping to reservoirs; 2 reservoirs, cap 21,000,000 gals; water-power pump, 4 cap 5,000,000 gals; 554 hydrants; pipe 43 1/2 miles, 4 to 12 in dia; 128 valves; pressure, domestic 30 to 65, fire 65 to 120 pounds; waterworks owned by company; cost to construct \$900,000; ann expenses \$13,500. Supt, Thomas H. Bennett.

Oswego Falls, Oswego Co., population 2,200; fire area 720 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hose carriages, 4 fire ladders; hose, cotton good 1,000 ft; value of fire department equipment \$1,500; total ann expenses of department \$350; total membership 50, volunteers; bell alarm; 2 hose companies. Chief, Geo. E. Fisher.

WATER SUPPLY—Source, supply from Fulton.

Otego, Otego Co., population 625; fire area 600 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, cotton fair 600 ft; value of fire department apparatus \$600; annual expenses \$50; total membership 23, volunteers.

WATER SUPPLY—Source, Otadawa creek and springs; system, gravity; pump to reservoir, cap 60,000 gals; pipe 4 miles, 4 and 6 in dia; 13 hydrants; 120 taps; pressure 65 pounds; works owned by company; cost to construct \$18,000. Supt, F. D. Shumway.

Ovid, Seneca Co., population 641; fire area 240 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine (2 1/4 miles distant, subject to telephone call), 1 hand-engine, 1 hose carriage; hose, cotton good 1,060 ft, rubber good 100 ft; total membership 31, volunteers. Chief engineer, J. F. Crans.

WATER SUPPLY—Source, creek, 6 cisterns; reservoir.

Owego, Tioga Co., population 6,000; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 protective wagon with 500 ft of hose; hose, cotton good 4,150 ft, inferior 400 ft, linen inferior 200 ft; value of fire department equipment \$11,000; value of buildings occupied \$20,000; total ann expenses of department \$2,000; total membership 264, volunteers; bell and telephone alarm; 1 engine company, 1 protective company, 1 hook and ladder company, 3 hose companies. Chief engineer, James J. Leahy.

WATER SUPPLY—Source, Barnes creek; system, gravity, with auxiliary pumping; reservoir cap 75,000,000 gals; pumping engines, 4 cap 500,000 gals; 183 hydrants; pipe 13 miles, 6 to 12 in dia; 49 valves; 450 taps; pressure 100 pounds; waterworks

controlled by R. D. Wood & Co; cost to construct to date \$140,000. Supt. Geo. Y. Robertson. (A 90,000,000 gals storage reservoir contemplated.)

Oxford, Chenango Co., population 1,600; fire area 1 sq mile; buildings, wood, 2 and 2½ stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose, good cotton 1,500 ft, inferior 500 ft; value of fire department equipment \$7,500; value of buildings occupied \$2,000; total membership 125, volunteers; bell alarm; total ann expenses \$1,000. Chief engineer, C. S. Hayes.

WATER SUPPLY—Source, stream; system, gravity and pumping for fire protection; 7 hydrants; pipe ½ mile, 4 in dia; works owned by village. Secy, L. A. Knott.

Oyster Bay, Queens Co., population estimated 2,500; fire area 200 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 chemical engine, 6 chemical extinguishers, 2 hook and ladder trucks; hose, rubber good 2,000 ft; value of fire department equipment \$4,000; total membership 118, volunteers; bell alarm; 2 fire companies. Foreman, W. E. Nelson.

WATER SUPPLY—Source, stream and wells. #

Palmyra, Wayne Co., population 2,131; mercantile buildings, brick, 3 stories; private, wood, 2 stories. Fire department—1 steam fire engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, siamese couplings used; hose, cotton 800 ft, linen good 650 ft; value of buildings occupied \$5,000; total ann expenses of department \$600; total membership 100, volunteers; bell alarm. Chief engineer, G. C. Williams.

WATER SUPPLY—Source, cistern wells; system, dumping to standpipe; standpipe cap 175,000 gals; pumping engines, dy cap 1,000,000 gals; 40 hydrants; pipe 4½ miles, 4 to 10 in dia; 82 meters; pressure, domestic 75, fire 75 to 100 pounds; works owned by company; cost to construct \$60,000. Supt. R. A. Vanderboegt. #

Patchogue, Suffolk Co., population estimated 3,000; fire area 1 sq mile; mercantile buildings, brick and wood, 2, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton inferior 800 ft, rubber good 2,300 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,800; total ann expenses of department \$1,600; total membership 140, volunteers; bell alarm; 4 fire companies. Chief engineer, Edwin Bailey.

WATER SUPPLY—Source, wells; system, pumping to standpipe, cap 75,000 gals; pumping engines, dy cap 1,500,000 gals; 28 hydrants; pipe 5 miles, 12 to 8 in dia; pressure 40 to 100 pounds; waterworks owned by company; cost to construct \$100,000. Supt. C. W. Ruland.

Peekskill, Westchester Co., population 10,000; mercantile buildings, brick, 3 stories; private, brick and wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 3,200 ft, leather good 1,000 ft; value of fire department equipment \$25,000; value of 2 buildings occupied \$25,000; total ann expenses of department \$3,000; total membership 400, volunteers; electric alarm; 80 street boxes. Chief engineer, J. H. Haight. #

WATER SUPPLY—Source, Van Cortland creek; system, gravity, pumping to reservoir; reservoir cap 36,955,779 gals; pumping engines, dy cap 1,584,000 gals; 122 hydrants; pipe 133.4 miles, 4 to 12 in dia; valves, 30 meters; quality of water good; pressure 80 to 180 pounds; waterworks owned by city; cost to construct \$150,000; ann expenses \$3,655. Supt. Orrin J. Loder. A 3,000,000 gal Gaunkill is being put in.

Pemfield, Monroe Co., population of town 2,845. Fire department—1 hand engine, 1 hose carriage; hose 315 ft; total membership 50, volunteers. Chief engineer, J. W. Jones. #

WATER SUPPLY—Not described; 2 reservoirs. #

Penn Yan, Yates Co., population 4,254; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder

truck, 3 hose carriages; hose, cotton good 3,000 ft; total ann expenses of department \$500; total membership 123, paid part time 3, volunteers 120; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, J. T. Parker. #

WATER SUPPLY—Source, outlet of Lake Kenka; system, direct pumping; water-power pumps, dy cap 150,000 gals; 16 hydrants; pipe ½ mile; valves; pressure 60 pounds; pipe and hydrants owned by village; cost to construct \$1,500. Supt. Calvin Russell, Sr.

Perkinstonville, Steuben Co., population est. 800; fire area 1 mile square; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, buckets, etc; 26 volunteer members. Foreman, J. C. Spencer.

WATER SUPPLY—Source, wells, cisterns and streams.

Perry, Wyoming Co., population 1,528; fire area 600 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 and 2½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 5 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,100 ft, rubber good 600 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,500; total ann expenses of department \$500; total membership 110, volunteers; bell alarm. Chief engineer, G. H. Traver.

WATER SUPPLY—Source, creek. Town clerk, H. A. Cole.

Phelps, Ontario Co., population 1,400; buildings, wood and brick, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, fair 800 ft; 61 volunteer members. Chief engineer, Fred Baker.

WATER SUPPLY—Source, springs; system, gravity; pipe ¾ miles, 4 to 6 in dia; pressure 60 pounds; waterworks owned by company; cost to construct \$20,000. Supt. W. D. Norton.

Phenix, Oswego Co., population 1,468; fire area 600 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 3 hose carriages, siamese couplings used; hose, cotton good 1,000 ft, rubber inferior 500 ft; value of fire department equipment \$1,000; value of buildings occupied \$1,600; total membership 30, volunteers; bell alarm. Chief engineer, Geo. Heel-ton.

WATER SUPPLY—Source, Oswego river; system, pumping to standpipe and direct; standpipe cap 200,000 gals; pumping engines, dy cap 2,000,000 gals; 38 hydrants; pipe 6½ miles, 8 to 4 in dia; 50 valves; pressure, domestic 75, fire 130 pounds; waterworks owned by company, cost to construct \$55,000, to date \$68,000; ann expenses \$3,000. Supt. Van R. Sweet; secy, J. I. VanDoren.

Piermont, Rockland Co., population 1,200; fire area 2 miles; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages, all kinds, 1 hose wagon; hose, cotton good 700 ft; value of fire department equipment \$2,500; value of buildings occupied \$2,000; total ann expenses of department \$200; total membership 40. Chief engineer, S. Van Wagner.

Plattsburgh, Clinton Co., population 7,010; fire area 2,400 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 9 hose carriages; hose, cotton, rubber lined, good 3,100 ft, leather inferior 150 ft; value of fire department equipment \$10,000; total membership 230, volunteers; Gamewell alarm; 11 street boxes; 4 fire companies. Chief engineer, K. T. Botaford.

WATER SUPPLY—Source, 3 spring brooks; system, gravity; 2 reservoirs, cap 3,500,000 gals; 84 hydrants; pipe 30 miles, 2 to 12 in dia; 90 valves; abt 1,200 laps; pressure, domestic 45 to 50, fire 65 to 75 pounds; waterworks owned by village; cost to construct \$180,000; cost to date \$225,000; ann expenses \$3,500. Supt. Andrew Williams.

Port Byron, Cayuga Co., population 1,105; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, linen good 1,800 ft, inferior 300 ft; value of fire department equipment \$2,000; value of buildings occupied \$4,000; total membership 45, volunteers; bell alarm. Chief engineer, E. Homel.

WATER SUPPLY—Source, well; system, pumping to reservoir; reservoir cap 400,000 gals; pumping engine, dy cap 150,000 gals; 27 hydrants; pipe 3 miles, 4 and 6 in dia; 7 valves; pressure, domestic 85, fire 85 pounds; works owned by company; cost to construct \$12,000. Supt, E. Watson.*

Port Chester, Westchester Co., population 6,200; buildings, brick and wood, 2½ and 3 stories; fireworks ordinance; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 5 hose carriages, 1 hand extension ladder, 1 fire patrol; hose, cotton good 3,000 ft, inferior 100 ft, leather good 1,350 ft, inferior 250 ft; value of fire department equipment \$8,500; value of buildings occupied \$3,000; expenses of department for past year \$5,700; total membership 220, volunteers; electric alarm; 20 boxes and 8 bell strikers. Chief engineer, W. E. Lowden.

WATER SUPPLY—Source, river, cisterns (also Greenwich, Conn., waterworks); system, gravity; 2 reservoirs, cap 300,000,000 gals each; standpipe 1,250,000 gals; 60 hydrants; pipe 20 miles, 10, 8, 6 and 4 in dia; pressure 75 pounds; waterworks owned by company. Secy, John W. Diehl.

Port Ewen, Ulster Co., population 1,000; fire area ½ mile; buildings, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. No fire department.

Port Henry, Essex Co., population 2,436; fire area 300 acres; buildings, brick and wood, 2½ and 3 stories; wooden roofs permitted in fire limits by permission; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical engines, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,200 ft, rubber inferior 800 ft; total membership 110, volunteers. Chief engineer, F. E. Trombles.

WATER SUPPLY—Source, springs; system, gravity; cap of reservoirs collecting 100,000 gals, distributing 550,000 gals; 55 hydrants; 9 miles of pipe, 4 to 10 in dia; 35 valves; pressure, domestic 40 to 125, fire 40 to 175 pounds; works owned by village; cost to construct \$50,000. Supt, Geo. C. Wheelock.

Port Jefferson, Suffolk Co., population 2,026; fire area 300 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, pump, pails, rope chairs, hooks; hose, cotton good 600 ft, inferior 100 ft, rubber good 100 ft; horses hired; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total ann expenses of department \$400; total membership 78, volunteers; bell alarm. Chief engineer, and chairman of fire and water com, John E. Ovation.

WATER SUPPLY—Source, spring, cistern and harbor.

Port Jervis, Orange Co., population 9,327; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 5 hose carriages; hose, leather good 2,500 ft; value of fire department equipment \$8,000; value of buildings occupied \$12,000; total ann expenses of department \$500; total membership 250, volunteers; steam whistle alarm.*

WATER SUPPLY—Source, springs and brooke; system, gravity; 2 reservoirs, cap 284,000,000 gals; 153 hydrants; pipe 18 miles, 24 to 4 in; 72 valves; 1,000 taps; pressure 50 to 60 pounds; waterworks owned by company; original cost to construct \$120,000; expenses of construction to date \$225,000; ann expenses \$3,000. Supt, E. H. Ellis.

Port Leyden, Lewis Co., population 800; buildings, brick and wood, 1½ and 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, linen good 400 ft, leather inferior 300 ft; total membership

18, volunteers; bell alarm. Chief engineer, Chas. D. Zimmer.

WATER SUPPLY—Source, river and canal.

Port Richmond, Richmond Co. (See New Brighton.)

Port Washington, Queens Co., population 1,500; fire area 5 miles; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 2 hose wagons; hose, cotton good 500 ft, 6 hoses; value of equipment \$3,000; value of buildings occupied \$5,000; membership 75, volunteers; bell alarm. Foreman, Thomas Carman.

WATER SUPPLY—Source, river, ponds and cisterns. Town clerk, Samuel Hooper.

Potdam, St. Lawrence Co., population 4,040; fire area 2 square miles; mercantile buildings, brick and sandstone, 3 stories; private, stone, brick and wood, 2 stories; wooden roofs no. permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, linen good 2,000 ft, cotton good 3,000 ft, leather inferior 1,000 ft; value of fire department equipment \$10,000; value of buildings occupied \$5,500; total ann expenses of department \$250; total membership 75, paid full time 1, volunteer members 35 or 40; steam whistle alarm; 3 fire companies. Chief engineer, J. W. Swift.*

WATER SUPPLY—Source, Racket river; system, pumping direct; pumping engine, dy cap 2,500,000 gals; hydrants 60; pipe 7½ miles, 10 to 4 in dia; 38 valves; 500 taps; pressure, domestic 55, fire 100 pounds; works owned by city; cost to construct \$47,000; ann expenses \$800. Supt, W. F. P. Sealy.

Poughkeepsie, Dutchess Co., population 23,000; fire area 2,580 acres; mercantile buildings, brick, 3 stories; private, brick, 2 1-2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 5 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 7 hose carriages, 1 hose wagon, slamsse couplings used; hose, cotton good 6,000 ft, inferior 250 ft; value of fire department equipment \$31,000; value of buildings occupied \$26,000; total ann expenses of department \$3,000; total membership 500, paid full time 3, paid part time 5, volunteers 450; bell alarm. Chief engineer, Lewis A. Thomson.

WATER SUPPLY—Source, Hudson river; system, pumping to reservoir through settling basin; reservoir cap 12,000,000 gals; 2 pumping engines, dy cap 5,000,000 gals; 369 hydrants; pipe 21 miles, 6 to 18 in dia; 2,439 taps; pressure 40 to 120 pounds; waterworks owned by city; cost to construct to date \$632,911.50; ann expenses \$24,267.48. Supt, Chas. E. Fowler.

Prattville, Greene Co., population 400; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted (a few iron roofs). Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 600 ft, poor 550 ft, linen poor 300 ft; total membership 17, volunteers. Chief, M. G. Mant.

WATER SUPPLY—Source not given; system, gravity; 1 reservoir; hydrants; pipe 1 mile, 6 in dia; waterworks owned by company. Supt, Martin Chamberlain.*

Pulaski, Oswego Co., population 1,800; fire area 450 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; no fireworks ordinance. Fire department—2 hand engines, 4 chemical extinguishers, 2 hose carriages; hose, linen, rubber lined 1,800 ft, leather good 400 ft; value of fire department equipment \$5,000; value of buildings occupied \$4,000; total ann expenses of department \$500; total membership 32, volunteers; bell alarm; electric connection between engine and pump houses. Chief engineer, R. W. Box.*

WATER SUPPLY—Source, spring, brook; system, direct pumping; 1 reservoir; Holly pumping engine; 35 hydrants; pipe 4½ miles, 4 to 8 in dia; 8 valves; pressure, domestic 30, fire 80 to 100 pounds; waterworks owned by village; 225 taps; cost to construct \$28,800; to date \$32,000; ann expenses \$175. Supt, E. D. Fitch.

Ramapo, Rockland Co., population 250. Fire department—1 hand engine, 6 chemical extinguishers, 1 steam pump, 1 hose carriage. Chief engineer, G. B. Pierson.

WATER SUPPLY—Source, well, 1 reservoir.

Bandolph, Cattaraugus Co. population 1,201; fire area 800 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 2,000 ft, inferior 100 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,800; total ann expenses of department \$250; total membership 90, volunteer members; electric bell alarm; street boxes 8. Chief engineer, Geo. E. Seager.

WATER SUPPLY—Source, springs, in mountains south of city; system, gravity; reservoir cap 500,000 gals; hydrants 21; pipe 6 miles, 4 to 8 in; 14 valves; pressure, 70 to 98 pounds; waterworks owned by city; original cost to construct \$20,000 expenses of construction to date \$21,500. Supt, Chas. C. Sheldon.

Rensselaerville, Albany Co. population 300; fire area 40 acres; mercantile buildings, wood, 2 stories; private, wood, 1 1-2 stories; shingle roofs permitted. No organized fire department; ladders and pails; value of fire department equipment \$50.4

WATER SUPPLY—Source, wells and springs.*

Rhinebeck, Dutchess Co. population 1,800; buildings, brick and wood, 2 and 3 stories; tin roofs principally used; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, linen poor, 1,500 ft, rubber good 1,000 ft, leather good 400 ft, cotton good 200 ft; value of fire department equipment \$9,000; value of buildings occupied \$5,000; total ann expenses of department \$700; total membership 103; 2 engine companies, 1 hook and ladder company, 1 hose company. Chief engineer, John H. Brown.

WATER SUPPLY—Source, 26 disters and pond.

Richfield Springs, Otsego Co. population 1,800; fire area 1,000 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—20 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 500 ft, linen good 1,000 ft, inferior 300 ft; value of equipment \$2,500; value of buildings occupied \$1,000; 108 volunteer members; electric whistle alarm; 9 boxes. Chief engineer, W. F. Borland.

WATER SUPPLY—Source, spring and Allen's lake; system, gravity and pumping to reservoir; reservoir cap 12,000,000 gals; pumping engines, dy cap 1,000,000 gals; 39 hydrants; pipe 8 1-6 miles, 10 and 4 in dia; 32 valves; pressure 85 pounds; waterworks owned by city; cost to construct to date \$53,000; ann expenses \$1,000. Pres, George Monahan.

Riverhead, Suffolk Co. population 4,010; fire area 3-4 x 1 1/4 miles; mercantile buildings, wood and brick, 2 stories; private, wood, 2 1/2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose, cotton rubber lined good 1,600 ft, inferior 300 ft, linen inferior 100 ft, leather inferior 40 ft; value of fire department equipment \$6,000; value of buildings occupied \$3,200; total ann expenses of department \$400; volunteer members 100; bell alarm; 4 fire companies. Chief engineer, O. A. Terry.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 70,000 gals; pumping engines, dy cap 250,000 gals; hydrants 14; pipe 2 1/2 miles, 8 to 4 in; pressure 33 pounds; waterworks owned by company; cost to construct \$15,000. Pres, John R. Perkins.

Rochester, Monroe Co. population 140,000; fire area 11,000 acres; mercantile buildings, brick, wood and stone, 3 to 14 stories; private, wood, 1 1/2 to 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—8 steam fire engines, 2 chemical engines on wheels, 12 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 3 hose carriages, all kinds, 7 hose wagons, other apparatus, 1 fire patrol wagon, 2 supply wagons; hose, cotton good 12,000 ft, linen good 10,000 ft, inferior 1,000 ft; 64 horses, value \$250 each; value of fire department equipment \$110,000; value of buildings occupied \$180,000; total ann expenses of department \$200,000; total membership 155, paid full time 153; Gamewell alarm; street boxes 160. Chief engineer, James Malcom.

WATER SUPPLY—Source, Hemlock lake and Genesee river; system, gravity and pumping direct; 2 reservoirs, cap 80,000,000 gals; pumping engines, dy cap pump 7,000,000 gals; 2,454 hydrants; pipe 251 miles, 4 to 24 in dia; 2,848 valves; 26,970 taps; pressure, domestic 25, fire 85 to 100 pounds; waterworks owned by city; original cost to construct \$3,310,905; expenses of construction to April 1, 1893, \$9,354,215; ann expenses \$97,342. Supt, Emil Kulchling; T. J. Neville, clerk of board. (Now under construction a 15,000,000 gals per day pump.)

Rockaway Beach, Kings Co. population 2,500; mercantile buildings, wood, 2 and 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—3 steam fire engines, 1 hook and ladder truck, 2 hose carriages, all kinds, 4 hose carts; hose, cotton good 3,500 ft; value of fire department equipment \$15,000; value of buildings occupied \$10,000; total membership 160, volunteers; bell alarm. Chief engineer, John A. Carle.

WATER SUPPLY—Not reported.

Rockville Centre, Queens Co. population 3,500; fire area 1 1/4 miles; mercantile buildings, brick and wood, 4 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted, tin used generally; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 600 ft; value of fire department equipment \$1,300; value of buildings occupied \$1,800; total membership 80, volunteers; bell alarm; 2 fire companies. Chief engineer, Benjamin W. Coombs.

WATER SUPPLY—Source, wells and pumps for domestic purposes. The village will introduce a system for fire protection.*

Rome, Oneida Co. population 14,991; mercantile buildings, brick and stone, 4 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds, 1 hose wagon, 1 supply wagon; hose, cotton good 5,500 ft, inferior 1,000 ft; 6 horses, value \$1,300; value of fire department equipment \$25,000; total ann expenses of department \$5,000; total membership 80, paid full time 7, paid part time 4, volunteers 70; telegraph alarm; 28 street boxes. Chief engineer, Andrew Brickner.

WATER SUPPLY—Source, Mohawk river; system, pumping to reservoir and direct; reservoir cap 10,000,000 gals; dy cap 5,000,000 gals; 189 hydrants; pipe 25 miles, 8 to 20 in dia; 190 valves; quality of water good; pressure, domestic 28, fire 65 pounds; works owned by city; cost to construct \$160,000; ann expenses \$3,500. Pres, S. Gillette; supt, T. S. Comstock.

Rondout, Ulster Co. (See Kingston.)

Roslyn, Queens Co. population 1,500; buildings, wood, 2 1/2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; value of buildings occupied \$2,500; value of fire department apparatus \$1,500; 50 members. Chief engineer, John F. Remsen.

WATER SUPPLY—Source, wells and ponds. Town clerk, Samuel Hooper.

Round Lake, Saratoga Co. population 1,000 buildings, wood, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 hose carts, 1,000 feet of hose, 1 hose company. Chief, A. M. Waite.

WATER SUPPLY—Source, springs and brooks; system, pumping from reservoirs, cap 70,000 gals; tanks cap 70,000 gals; pumps, dy cap 30,000 gals; 15 hydrants; pipe 4 miles, 6 to 3 in dia; 15 valves; pressure 45 to 60 pounds; works owned by the Round Lake Association; cost to construct \$15,000; ann expenses \$200. Supt, Jno. D. Rogers.

Rouse's Point, Clinton Co. population 2,000; fire area 1,280 acres; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,600 ft; value of department equipment \$1,500; value of buildings occupied \$2,500; membership 61, volunteers; steam whistle alarm; 1 hose company. Chief engineer, J. T. Wood.

WATER SUPPLY—Source, Lake Champlain; system, pump to standpipe; cap 148,000 gals; pumping engines, dy cap 2,000,000 gals; pipe 5 1/2 miles, 4

to 10 in dia; 64 hydrants; 38 valves; 250 taps; cost to construct \$28,000; ann expenses \$1,500. Supt. J. Pardy.

Moxbury, Delaware Co., population 600; fire area 1 mile sq; mercantile buildings, wood, 2 stories; brick and wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 800 ft; value of fire department equipment \$1,000; total expenses for past year \$300; total membership 25, all volunteers; bell alarm. Foreman, A. Cartwright, Jr.

WATER SUPPLY—Source, spring; system, gravity; reservoir cap 200,000 gals; 21 hydrants; pipe 3 miles, 8 to 4 in dia; pressure 100 to 108 pounds; works owned by company; cost to construct \$20,000; ann expenses \$150. Supt. Arthur F. Bouton.

Russell, Herkimer Co., population estimated 2,000; buildings, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. No fire department.

WATER SUPPLY—Source, wells and cisterna.

Elye, Westchester Co., population 1,000; fire area 1,400 acres; buildings, wood, 3 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; siamese couplings used; hose, rubber good 500 ft; value of fire department equipment \$3,500; 1 building owned; 50 volunteer members; bell alarm. Chief elected by members, B. Sniffin.*

WATER SUPPLY—(See Port Chester waterworks.) 10 hydrants. Town clerk, John C. Halpin.

Sackett's Harbor, Jefferson Co., population 787; fire area 500 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; shingle roofs; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 3 hose carriages; hose, rubber good 15 ft, inferior 350 ft, cotton good 1,500 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,500; total ann expenses of department 100; total membership 35, 2 paid; bell alarm.*

WATER SUPPLY—Source, wells, reservoir and lake. Town clerk, B. H. Metcalf.*

Sag Harbor, Suffolk Co., population 2,000; fire area 3 miles in circumference; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—2 hand engines, 1 hook and ladder truck, 4 hose carriages; hose, rubber good 2,000 ft; value of fire department equipment \$4,000; value of buildings occupied \$3,000; total ann expenses of department \$800; 116 volunteer members; bell and whistle alarm. Chief engineer, Everett A. Carpenter.

WATER SUPPLY—Source, 4 wells; system, pump to reservoir, cap 240,000 gals, dy cap 500,000 gals; pumping engines; 32 hydrants; pipe 4½ miles, 10 to 4 in dia; pressure 50 pounds; works owned by company. Pres. Henry F. Cook; secy and mgr. John Sherry.

St. Johnsville, Montgomery Co., population 1,283; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft, inferior 500 ft; value of fire department equipment \$1,000; value of buildings occupied \$1,000; ann expenses for past year \$100; 125 volunteer members. Chief, John McBride.*

WATER SUPPLY—Source, driven wells and springs; system, gravity; reservoir cap 1,000,000 gals; hydrants 52; pipe 5½ miles, 4 to 10 in; 38 valves; pressure 80 pounds; waterworks owned by city; original cost to construct \$25,000. Supt. Ambrose Nellis.

St. Regis Falls, Franklin Co., population 1,500; fire area 100 acres; buildings, wood, 1 to 3 stories; shingle roofs are used; fireworks ordinance. Fire department—1 hose carriage, 8 common ladders; hose, cotton good 600 ft, inferior 400 ft; value of equipment \$1,700; membership 30, volunteers; 1 fire company. Foreman, A. W. Atwater.

WATER SUPPLY—Source, river, pumping direct; 1 mile 4 in pipe.

Salamanca, Cattaraugus Co., population 5,000; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages, 1 hose wagon, siamese couplings used; hose, cotton good 1,900 ft, rubber

good 500 ft; value of fire department equipment \$7,000; value of buildings occupied \$2,000; total ann expenses of department \$500; membership 125, volunteers; bell alarm. Chief elected by department, E. H. Carew.

WATER SUPPLY—Source, springs and surface water; system, gravity, pumping direct and to reservoir; pumping engines, dy cap 1,000,000 gals; 50 hydrants; pipe 7 miles, 2 to 10 in dia; 48 valves; 310 taps; pressure 75 pounds; waterworks owned by company; cost to construct \$30,000; ann expenses \$1,172. Supt. A. H. Krieger.

Salem, Washington Co., population 1,300; fire area 2,500 acres; buildings, wood, 2 stories; slate roofs; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,500 ft; value of fire department equipment \$7,000; value of buildings occupied \$3,500; total ann expenses of department \$250; 136 volunteer members; bell alarm. Chief elected by members, J. M. Williams.

WATER SUPPLY—Source, 13 wells. Village clerk, S. W. Russell, Jr.

Sandy Creek, Oswego Co., population 1,000; fire area 640 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, cotton good 1,150 ft, poor 100 ft; value of fire department equipment \$600; value of buildings occupied \$800; total ann expenses of department \$75; total membership 40, volunteers; bell alarm; 2 fire companies. Chief engineer, Albert E. Shernan.

WATER SUPPLY—Source, spring, brooks; system, gravity; reservoir cap 500,000 gals; hydrants 20; pipe 8 miles, 8, 6 and 4 in dia; 23 valves; pressure 90 pounds; works owned by village; cost to construct \$17,044; ann expenses \$25. Supt. C. W. Colony.

Sandy Hill, Washington Co., population 3,500; mercantile buildings, brick, 3 stories; private, wood, 2½ stories; tin roofs principally used; fireworks ordinance. Fire department—1 steam fire engine, 3 hose carriages, 3 hose wagons; hose, cotton good 2,500 ft; value of equipment \$8,000; value of department buildings \$5,000; expenses for past year \$1,500; total membership 80, volunteers; 1 engine company, 3 hose companies. Chief engineer, P. G. Holbrook.

WATER SUPPLY—Source, Cold brook; system, pumping to standpipe; 2 pumping engines, dy cap 800,000 and 320,000 gals each; 46 hydrants; pipe 7 miles, 4 to 12 in dia; 30 valves; pressure, domestic 50, fire 50 to 100 pounds; Edison pressure recording gauge; cost to construct \$60,000, to date \$85,000; ann expenses \$5,200. Supt. G. Sherrill.

Saratoga Springs, Saratoga Co., population estimated 14,000; mercantile buildings, brick, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted outside fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 1 hose carriage, 1 hose wagon, 1 supply wagon; hose, cotton good 2,500 ft, inferior 2,000 ft; 4 horses, value \$800; value of fire department equipment \$18,000; value of buildings occupied \$17,000; total ann expenses of department \$9,151; total membership 20, paid full time 9, paid part time 29; Gamewell and telephone alarm; 23 street boxes. Chief engineer, E. J. Shadwick.

WATER SUPPLY—Source, springs; system, direct pumping; pumping engines, dy cap 8,000,000, 5,000,000 and 2,000,000 gals; 238 hydrants; pipe 34 miles, 3 to 20 in dia; 2,000 taps; pressure 65 to 95 pounds; works owned by city; cost to construct \$300,000; ann expenses \$12,500. Chairman of com. D. H. Noonan.

Saugerties, Ulster Co., population 4,237. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 500 ft, rubber good 1,000 ft; 100 volunteer members. Chief engineer, Wm. V. Burhans.*

WATER SUPPLY—Source, spring and Plattekill creek; system, gravity; 56 hydrants (5 private); pipe 12 miles, 4 to 16 in dia; valves; 160 taps; 5 meters; pressure 80 to 160 pounds; cost to construct \$118,000; works owned by company. Supt. F. M. Murphy.*

Savannah, Wayne Co., population 505; fire

area 100 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 500 ft; value of fire department equipment \$1,000; 30 volunteer members; bell alarm; 1 fire company. Chief, W. C. Soule.

WATER SUPPLY—Source, wells; system, pumping to reservoir, cap 1,500,000 gals. Village clerk, O. C. Silver.

Sayville, Suffolk Co., population 1,000; fire area 3,200 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carts; hose, 1,500 ft; value of fire department equipment \$1,520; value of buildings occupied \$3,500; 120 volunteer members; bell alarm.*

WATER SUPPLY—Source, wells. (See Islip.)

Schaghticoke, Rensselaer Co., population 1,258; buildings, brick and wood, 2 stories. Fire department—force pumps, bell alarm. Chief engineer, E. E. Pinkheim.*

WATER SUPPLY—Source, river, cisterns and wells. City clerk, E. Burlingame.*

Schenectady, Schenectady Co., population 23,990; fire area 1 sq mile; mercantile buildings, brick and stone, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages; hose, cotton good 6,500 ft, inferior 800 ft; value of fire department equipment \$60,000; value of buildings occupied \$3,000; total ann expenses of department \$2,800; total membership 180, volunteers; Gamewell alarm; 18 street boxes; 5 hose companies. Chief engineer, Chas. J. Steiner.

WATER SUPPLY—Source, Mohawk river; system, direct pumping; pumping engines, dy cap 10,000,000 gals; 215 hydrants; pipe 22 miles; 188 valves; 1,950 taps; pressure, domestic 80, fire 100 pounds; Edison pressure recording gauge; waterworks owned by city; cost to construct \$90,000, to date \$187,000; ann expenses \$23,822. Supt, Geo. T. Ingersoll.

Schenevus, Otsego Co., population 635; buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,500 ft; value of fire department equipment \$1,500; value of buildings occupied \$1,500; total membership 60, volunteers; 1 hook and ladder company, 1 hose company. Chief engineer, O. F. Lane.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 10,000,000 gals; pipe 4 miles, 6 and 4 in; 14 hydrants; 15 valves; 75 taps; pressure 120 pounds; works owned by company; cost to construct \$20,000; ann expenses \$100. Supt, M. E. Baldwin.

Schoharie, Schoharie Co., population 1,028; fire area 2,650 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage, slamese couplings used; hose, leather good 700 ft, cotton good 500 ft; value of fire department equipment \$2,100; value of buildings occupied \$2,000; total ann expenses of department \$100; total membership 40, volunteers; bell alarm. Chief engineer, Cyrus Griffin.*

WATER SUPPLY—Source, lake; system, gravity; cap of reservoir 20,000,000 gals; 16 hydrants; pipe 3½ miles, 6 and 8 in dia; 7 valves; 124 taps; pressure 30 pounds; works owned by company; cost to construct \$20,000. Supt, Chas. C. Krome.

Schuylersville, Saratoga Co., population 1,825; fire area 200 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, linen good 2,500 ft, inferior 75 ft, rubber good 250 ft; value of equipment \$4,000; total membership 75, volunteers; 1 engine company, 1 hose company. Chief engineer, J. J. Cavanagh.

WATER SUPPLY—Source, canal and creek; system, pumping to reservoirs; 1 reservoir; 1 force pump; 5 hydrants. Chairman of com, Wm. S. Ostrander.

Scottsville, Monroe Co., population 900; buildings, brick and wood, 2 stories; wooden roofs per-

mitted; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, 1 supply wagon, slamese couplings used; hose, linen good 500 ft; value of fire department equipment \$2,000; total ann expenses of department \$300; total membership 60, volunteers; bell alarm. Chief engineer, I. W. Saylors.*

WATER SUPPLY—Source, creek, mill race. Town clerk, J. J. Weingard.

Sea Cliff, Queens Co., population 1,000; buildings, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 900 ft, cotton good 400 ft; value of equipment \$3,000; value of buildings occupied \$1,000; ann expenses \$1,200; total membership 50, 1 paid full time, 1 part, remainder volunteers; bell alarm. Chief engineer, Chas. Connor.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe; reservoir cap 100,000 gals; standpipe cap 300,000 gals; pumping engines, dy cap 100,000 gals; hydrants 25; pipe 8 miles, 8 and 6 in; 40 valves; pressure, domestic 55 to 95 pounds, fire same; waterworks owned by company.

Seneca Falls, Seneca Co., population 6,168; mercantile buildings, brick, 2 to 4 stories; private, wood 2½ stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hand engine, 2 chemical engines on wheels, 18 chemical extinguishers, 3 hook and ladder trucks, 5 hose carriages, all kinds, 1 hose wagon, 1 protective wagon; hose, cotton good 3,000 ft; 3 hoses; total ann expenses \$4,200; total membership 175, paid part time 22, volunteers 147; 7 fire companies. Chief engineer, Horace N. Rumsey.

WATER SUPPLY—Source, Cayuga lake; system, pumping to standpipe, cap 42,000 gals; dy cap 3,000,000 gals; pipe 12 miles, 14 to 4 in dia; valves 40; pressure 40 pounds; owned by company. Supt, A. C. Martin.*

Sherburne, Chenango Co., population 1,000; fire area 1,200 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages, slamese couplings used; hose, rubber good 1,000 ft, inferior 800 ft; value of fire department equipment \$500; value of department buildings \$1,000; total ann expenses of department \$50; 70 volunteer members; bell alarm. Chief, W. F. Fish.

WATER SUPPLY—Source, brooks and springs; 2 miles distant; system, gravity; reservoir cap 31,000,000 gals; 24 hydrants; pipe 4 1-3 miles, 12 to 4 in dia; taps 150; valves 28; pressure 90 to 105 pounds; works owned by city; cost to construct \$45,000; ann expenses \$500. Supt, W. E. Davis.

Sherman, Chautauqua Co., population 785; fire area 640 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 700 ft, leather good 550 ft; value of fire department equipment \$1,000; total ann expenses of department \$100; total membership 48; whistle alarm. Chief engineer, C. H. Corbett.

WATER SUPPLY—Source, 3 creeks, 1 mill pond; 2 reservoirs, cap 15,550 barrels. Village clerk, F. J. Newell.

Sidney, Delaware Co., population 2,250; fire area 600 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hose carriage, 1 hose wagon, 1 hook and ladder truck; hose, cotton good 550 ft, inferior 60 ft, rubber good 300 ft; value of fire department equipment \$1,250; total ann expenses of department \$200; total membership 60, volunteers. Chas H. Sealey.

WATER SUPPLY—Source, springs and 2 creeks; system, gravity; reservoir cap 7,500,000 gals; hydrants 37; pipe 6½ miles, 4 to 10 in dia; pressure 100 pounds; waterworks owned by company; cost to construct \$33,000, to date \$38,000. Supt, Wm. E. Barker.

Silver Creek, Chautauqua Co., population 2,000; fire area 600 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 Silby steam fire engine, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 1,800 ft, inferior 200 ft; value of fire department

equipment \$4,000; value of buildings occupied \$3,500; total ann expenses of department \$700; total membership 95, paid part time 2, volunteers: private company 60 members, have 1 hook and ladder truck, 1 hose carriage and 1,500 ft good cotton hose; bell alarm; 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, Wm. S. Talcott.

WATER SUPPLY—Source, 2 creeks, Lake Erie; Worthington pump. (Water works contemplated.)

Silver Springs, Wyoming Co. (See Castle.)

Sing Sing, Westchester Co., population 9,352; fire area 560 acres; mercantile buildings, brick, 3 and 4 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 5 hose carriages, 12 hose couplings used; hose, cotton 1,000 ft, rubber good 400 ft, inferior 200 ft, leather fair 1,000 ft; value of fire department equipment \$10,000; value of buildings occupied \$2,500; total ann expenses of department \$1,000; total membership 100, 2 paid; bell alarm. Chief elected by members, A. E. Smith.*

WATER SUPPLY—Source, reservoir fed by brook; system, gravity, pumping from reservoir; reservoir cap 11,710,000 gals; pumping engines, dy cap 2,000,000 gals; 100 hydrants; pipe 14 miles, 4 to 18 in dia; 75 valves; pressure 35 to 11 pounds; waterworks owned by village; cost to construct \$180,000; ann expenses \$4,000. Supt. S. G. Ellegood.

Skanateles, Onondaga Co., population 1,559; fire area 640 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,350 ft, leather good 200 ft; value of fire department equipment \$3,800; value of buildings occupied \$8,000; total membership 50; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, Geo. C. Bench.

WATER SUPPLY—Source, Skanateles lake; system, pump to standpipe, cap 73,000 gals; pumping engines, dy cap 1,000,000 gals; 40 hydrants; pipe 6 miles, 4, 6, 8 in dia; 26 valves; 125 taps; pressure, domestic 75, fire 80 to 100 pounds; waterworks owned by company; cost to construct \$40,000; ann expenses \$4,000. Supt. John A. Burton.

Southampton, Suffolk Co., population 1,900; fire area 5,000 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,400 ft, inferior 100 ft, rubber good 200 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,500; total ann expenses of department \$500; total membership 106, volunteers; 3 fire companies; bell alarm. Chief engineer, Benj. H. Bishop.

WATER SUPPLY—Source, wells; system, pumping in to compression tanks; tanks cap 27,000 gals; 2 pumping engines, dy cap 750,000 gals each; hydrants 45; pipe 8 miles, 8, 6 and 4 in dia; 100 valves; 175 taps; pressure, domestic 60, fire 100 pounds; waterworks owned by company; cost to construct \$60,000; ann expenses \$2,500. Pres of com. J. H. Kilbreth.

South Nyack, Rockland Co., (See Nyack.)

Southold, Suffolk Co., population 1,200; fire area 7 sq miles; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck; hose, cotton good 275 ft; value of fire department equipment \$500; value of buildings occupied \$1,200; 50 volunteers; bell alarm. Chief engineer, Wm. A. Prince.

WATER SUPPLY—Source, wells and cisterns. Town clerk, L. W. Korn.

Springfield Centre, Otsego Co., population 208; fire area 65 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$300; total membership 20, volunteers; bell alarm; 1 fire company. Chief engineer, Clark Ellsworth.

WATER SUPPLY—Source, wells.*

Spring Valley, Rockland Co., population 1,040; fire area 640 acres; buildings, wood, 2½ stories; shingle roofs permitted. Fire department—2 hand engines, 1 hose carriage, 6 fire buckets, hooks, etc; hose, cotton good 450 ft, leather good 200 ft, inferior 50 ft; value of fire department equipment \$2,500; value of buildings occupied \$600; total ann expenses of department \$75; membership 40, volunteers; bell alarm. Chief elected by department, Thomas Walker.

WATER SUPPLY—Source, well; system, pump to reservoir, cap 50,000 gals; pumping engines, dy cap 20,000 gals; 2 hydrants, 1 mile of pipe, 6 in dia; 4 valves; 6 taps; pressure 48 pounds; works owned by company; cost \$10,000. Supt. P. B. Lespinasse.*

Springville, Erie Co., population 2,000; fire area 75 acres; mercantile buildings, brick, and wood, 2 and 3 stories; private, wood, and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 extension ladders, 2 hose carriages, 1 hose wagon; hose, rubber good 1,500 ft; value of fire department equipment \$1,500; value of buildings occupied \$1,200; total ann expenses of department \$200; 40 volunteer members; electric bell alarm; 6 street boxes; 1 hose company. Chief engineer, Geo. H. Barker.

WATER SUPPLY—Source, springs; system, direct pumping; pumping engines, dy cap 750,000 gals; 65 hydrants; pipe 7 miles, 4 to 12 in dia; pressure 40 to 100 pounds; cost to construct \$16,000. Supt. Jas. A. Shuttlesworth.

Stamford, Delaware Co., population 819; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$1,800; value of buildings occupied \$1,200; total ann expenses of department \$200; total membership 44, volunteers; electric bell alarm; 2 hose companies. Chief engineer, E. L. Seelye.*

WATER SUPPLY—Source, head waters of Delaware river; system, gravity; 18 hydrants; pipe 4 miles, 4 to 8 in dia; 150 taps; pressure 60 pounds; works owned by company; cost to construct \$28,000, to date \$30,000; ann expenses \$275. Supt. Johnson Hamilton.

Stapleton and Edgewater, Richmond Co., population estimated 13,000; fire area 6 miles; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—5 steam engines, 4 chemical extinguishers, 3 hook and ladder trucks, 8 hose carriages, 2 supply wagons; hose, rubber good 4,200 ft, inferior 400 ft; 14 horses, value \$6,500; value of equipment \$22,500; expenses for past year \$47,000; total membership 525, volunteers; bell alarm. Chief, James H. Lestrangle.

WATER SUPPLY—Source, driven wells; system, pumping to reservoir and standpipe; reservoir cap 4,000,000 gals; standpipe cap 100,000 gals; pumping engines, 2 Deane 2,500,000 gals, 1 Worthington 1,500,000 gals; 335 hydrants; pipe 50 miles, 20 to 4 in dia; 150 valves; pressure, domestic 60, fire 80 pounds; works owned by company. Supt. J. B. Newhall.

Stillwater, Saratoga Co., population 1,500; buildings, brick and wood, 2 and 3 stories; wooden roof permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hose carriage; hose, linen good 1,000 ft; value of fire department equipment \$6,000; value of buildings \$2,000; expenses in 93 \$1,000; 60 volunteer members; bell alarm. Chief engineer, Peter McCulloch.

WATER SUPPLY—Source, Hudson river and canal. Village clerk, M. J. Hewitt.

Suspension Bridge (see Niagara Falls).

Syracuse, Onondaga Co., population 100,000; fire area 900 acres; mercantile buildings, brick and stone, 2 to 6 stories; private, brick and wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—8 steam fire engines (1 reserve), 2 chemical engines on wheels (1 reserve), 12 chemical extinguishers, 1 hook and ladder truck, 2 aerial trucks (1 reserve), 8 hose carriages, all kinds (1 reserve), 2 hose wagons, 1 Hale 55 ft water tower; hose, good 20,000 ft, fair 3,300 ft; 41 horses; total ann expenses of department \$100,000; total membership 83, paid full time; Gamewell alarm;

street boxes 105. Chief engineer, Henry Reilly chairman of commissioners, H. S. White.

WATER SUPPLY—Source, Onondaga creek and springs; system, partly gravity, mainly pumping to reservoir; reservoir, cap 210,000,000 gals; pumping engines, dy cap 18,000,000 gals; 496 hydrants; pipe 50 miles, 4 to 24 in dia; 220 valves; iron and cement service pipe; 4,216 taps; pressure, domestic 35 to 42, fire same pounds; water-works owned by city; original cost to construct \$7,850,000; ann expenses \$32,525. Chairman of com, Henry J. Mowry; supt, D. H. Bruce. (On Jan 1st 1893 the city took possession of the plant of the Syracuse water company, and now is engaged in constructing a gravity system, with Skaneateles lake a source, the city has been authorized to expend \$3,000,000.)

Tarrytown, Westchester Co., population 3,950; buildings, brick and wood, 2 and 3 stories; shingle roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages, 4 hose carts; hose, cotton good 3,100 ft, poor 400 ft; value of fire department equipment \$7,250; value of buildings occupied \$8,750; total ann expenses of department \$500; 175 volunteer members; 5 fire companies; whistle and bell alarm. Chief, Isaac B. Henderson.

WATER SUPPLY—Source, wells; system, pumping to reservoir and standpipe; 2 reservoirs, cap 1,450,000 gals; pumping engines, dy cap 2,500,000 gals; 95 hydrants; pipe 17.45 miles, 4 to 16 in dia; 126 valves; 529 taps; pressure 135 pounds; ann expenses \$5,000; works owned by company; cost to construct \$155,000. Pres of com, D. D. Tollman; supt, D. S. Merritt.

Theresa, Jefferson Co., population 1,100; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hose carriage; hose, rubber good 50 ft, cotton good 600 ft; total membership 40 volunteers; bell alarm. Chief engineer, Geo. B. Schwarz.

WATER SUPPLY—Source, river, wells and cisterns.

Thousand Island Park, Jefferson Co., population 2,000; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. No fire department.*

WATER SUPPLY—Source, St. Lawrence river; system, pump to tank, cap 50,000 gals; pumping engines; pipe 1 mile; taps 150; works owned by company; cost to construct \$5,000. Supt, D. A. B. Bailey, Findlay, O.

Ticonderoga, Essex Co., population 2,475; fire area 100 acres; mercantile buildings, brick, 2 to 4 stories; private, wood, 1½ and 2 stories; metal roofs; no fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, 1 hose wagon, siamese couplings used; hose, cotton good 750 ft, linen rubber lined good 1,050 ft, inferior 600 ft; value of fire department equipment \$3,750; value of buildings occupied \$1,000; 75 volunteer members; bell alarm. Chief engineer, C. E. Gifford.

WATER SUPPLY—Source, Lake George; system, gravity; reservoir cap 2,000,000 gals; 86 hydrants; pipe 5 miles, 4 to 12 in dia; 14 valves; pressure 180 pounds; works owned by city; cost to construct \$50,000; cost to date \$70,000; ann expenses \$1,200. Supt, W. Lamson.

Tivoli, Dutchess Co., population 1,350; fire area 820 acres; buildings, wood, 2 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 600 ft, inferior 500 ft; value of fire department equipment \$4,000; value of buildings occupied \$2,000; ann expenses \$500; 71 volunteers; bell alarm.

WATER SUPPLY—Source, river and creek, 4 large cisterns. Village clerk, F. H. Burnet.

Tonawanda, Erie Co., population 7,145; mercantile buildings, brick, 3 stories; private, wood and brick, 2 stories; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 2 hook and ladder trucks, 6 hose carriages, all kinds, siamese couplings used; hose, linen good 3,500 ft, leather good 1,000 ft; total ann expenses of department \$3,000; 215 volunteer members; telegraph alarm. Chiefs appointed by department, J. O. Day, M. J. Wattough.*

WATER SUPPLY—Source, Niagara river; sys-

tem, direct pumping; pumping engines, dy cap 4,000,000 gals; 321 hydrants; pipe 23 miles, 4 to 12 in dia; 24 meters; pressure, domestic 40, fire 80 to 125 pounds; works owned by company; cost to construct \$300,000. Pres of com, Benj. L. Rand; supt, Henry M. Faies.*

Tottenville, Richmond Co., population 2,500; fire area 1,200 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 300 ft; value of fire department equipment \$3,100; value of buildings occupied \$3,000; total ann expenses of department \$500; 75 volunteer members; 1 engine company, 1 hook and ladder company. Chief engineer, David R. Robins. (1 light steamer, combination cart contemplated.)

WATER SUPPLY—Source, wells and cisterns.*

Troy, Rensselaer Co., population 65,000; fire area 1,440 acres; mercantile buildings, brick, iron and stone, 2 to 5 stories; private, brick and stone, 2 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—10 steam fire engines, 18 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 1 hose carriage, 16 hose wagons, siamese couplings used; hose, cotton good 16,000 ft, inferior 4,000 ft; 25 horses; value of fire department equipment \$80,000; value of buildings occupied \$150,000; total ann expenses of department \$58,500; total membership 600, paid full time 36, volunteers 564; Gamewell alarm; 77 street boxes. Chief engineer, Patrick Byron.

WATER SUPPLY—Source, lakes and Hudson river; system, gravity and pumping to reservoir, cap 649,000,000 gals; 2 pumping engines, dy cap 8,500,000 gals; 717 hydrants; pipe 58 miles, 4 to 30 in dia; 1,142 valves; pressure 40 to 100 pounds; Edison pressure recording gauge; waterworks owned by city; cost to construct \$1,348,481.75. Pres of com, Samuel O. Gleason; supt, Richard F. Hall.

Trumansburgh, Tompkins Co., population 1,211. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 1,000 ft, rubber good 400 ft; total membership 63, volunteers. Chief engineer, W. I. Sherwood.

WATER SUPPLY—Source, creek; 8 reservoirs, cap 10,000 gals each. Town clerk, O. P. Osborn.

Tuxedo Park, Orange Co., est population 1,200.

WATER SUPPLY—Source, Tuxedo lake; system, pumping to tank, cap 74,000 gals; pumping engines, dy cap 3,000,000 gals; 30 hydrants; pipe 10 miles, 12 to 4 in dia; pressure 150 pounds; works owned by Tuxedo Park Association. Pres, P. Lorillard; supt, J. Harding.*

Unadilla, Otsego Co., population 1,500; fire area 1,500 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages; hose, cotton good 2,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$3,500; total ann expenses of department \$700; total membership 80, volunteers; bell alarm. Chief engineer, W. Curtis.

WATER SUPPLY—Source, natural springs, artesian wells and brook; system, gravity; reservoir cap 5,000,000 gals; 40 hydrants; pipe 2 miles; taps 41; pressure 64 to 86 pounds. Supt, D. H. Loomis.

Union, Broome Co., population 821; fire area 640 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, linen good 850 ft, inferior 150 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,500; total ann expenses of department \$175; total membership 46, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, Charles A. VanHorn.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 900,000 gals; hydrants 30; pipe 6 miles, 8, 6 and 4 in; 14 valves; 220 taps; pressure, domestic 48, fire 48 pounds; waterworks owned by company; cost to construct \$24,800, to date \$27,000; ann expenses \$125. Supt, F. C. Reynolds, Moravia, N. Y.

Union Springs, Cayuga Co., population 1,068.

Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; 1,000 ft hose; 109 volunteer members. Chief engineer, R. W. Tate.*

WATER SUPPLY—Source, springs, ponds, cisterns, wells, reservoir. Town clerk, E. M. Hart.*

Upper Nyack, Rockland Co. (See Nyack.)

Utica, Oneida Co., population 45,000; fire area 100 acres; mercantile buildings, brick and wood, 2 to 7 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted. Fire department—5 steam fire engines, 1 chemical engine, 8 chemical extinguishers, 1 hook and ladder truck, 1 hose reel, 4 hose wagons; hose, cotton good 9,800 ft, inferior 1,000 ft; 22 horses, value \$4,400; value of fire department equipment \$121,652; value of buildings occupied \$58,200; total membership 71; paid full time 22, paid part time 50; electric bell alarm; 68 street boxes; 6 fire companies. Chief engineer, Wesley Dunbley.*

WATER SUPPLY—Source, surface water and springs; system, gravity; reservoirs cap 500,000-000 gals; 410 hydrants; pipe 70 miles, 4 to 24 in dia; 4,400 taps; 3,700 meters; pressure 30 to 85 pounds; waterworks owned by company. Supt, Chas. W. Pratt.

Valatie, Columbia Co., population 1,437; buildings, brick and stone, 1½ to 4 stories; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, rubber lined good 950 ft; 40 volunteer members. Chief engineer, Abram Mexted.*

WATER SUPPLY—Source, creek; 1 cistern, 1 hydrant, 2 force pumps.*

Waddington, St. Lawrence Co., population 900; fire area, 600 acres; mercantile buildings, brick and wood, 1½ and 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 15 chemical extinguishers, 1 hose carriage; hose, rubber good 400 ft, cotton 300 ft; value of fire department equipment \$950; value of buildings occupied \$600; total membership 40, volunteers; bell alarm; 1 fire company. Chief engineer, John W. Forsythe.

WATER SUPPLY—Source, St. Lawrence river and wells.

Walden, Orange Co., population 2,200; fire area 1,053 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon, 1 jumper, siamese couplings used; hose, cotton good 1,150 ft, rubber good 300 ft, inferior 800 ft; value of fire department equipment \$8,000; value of buildings occupied \$6,000; total ann expenses of department \$750; 108 volunteer members; bell alarm; 3 fire companies. Chief elected by members, Samuel McKee.*

WATER SUPPLY—Source, wells; system, pump to standpipe; cap 71,150 gals; pumping engines, dy cap 1,400,000 gals; 39 hydrants; pipe 4½ miles, 10 to 4 in dia; 26 valves; 150 taps; pressure 70 to 100 pounds; works owned by city; cost \$30,000; ann expenses \$2,400. Supt, C. D. Wooley.

Walton, Delaware Co., population 3,000; fire area 1 sq mile; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 2,000 ft, inferior 400 ft; value of equipment \$4,000; value of buildings occupied \$12,000; total ann expenses of department \$500; total membership 100, volunteers; bell alarm; 4 fire companies, 1 hook and ladder company, 3 hose companies. Chief engineer, J. H. Brown.*

WATER SUPPLY—Source, brooks and mountain streams; system, gravity; reservoir cap 4,000,000 gals; 70 hydrants; pipe 15½ miles, 10, 8, 3, 4 in dia; valves; quality of water fine; pressure 90 pounds; works owned by company; cost to construct \$75,000; ann expenses \$150. Supt, W. A. Shepard.

Wappingers Falls, Dutchess Co., population 4,600; fire area 1½ sq miles; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 to 4 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hose carriages; hose, cotton good 600 ft, rubber good 900 ft, leath-

er good 400 ft; value of buildings occupied \$8,000; total membership 70, volunteers; bell alarm. Chief engineer, Thomas Garrigan.*

WATER SUPPLY—Source, not given; system, pumping to reservoir; reservoir cap 153,000 gals; dy cap 98,000 gals per hour; pipe, 8 and 6 in dia; quality of water good; works owned by Garner & Co. Pres, Joseph Jones.*

Warrensburgh, Warren Co., population 893; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—chemical extinguishers; hose, linen 1,000 ft.*

WATER SUPPLY—Source, brooks, 2 miles distant; system, gravity; hydrants 7; pipe 7 miles, 4 and 6 in dia; 7 valves; quality of water good; pressure 110 pounds; works owned by company; cost to construct \$5,000, to date \$7,000; ann expenses \$50. Supt, Ira Cole.

Warsaw, Wyoming Co., population 3,500; fire area 400 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500; value of fire department equipment \$2,000; value of department buildings \$5,000; 70 volunteer members; bell alarm. Chief, H. L. Burr.

WATER SUPPLY—Source, springs; system, gravity; 3 reservoirs, cap 1,000,000 gals; 60 hydrants; pipe 10 miles; pressure 100 pounds; works owned by company; cost to construct \$40,000. Supt, E. H. Morris.

Warwick, Orange Co., population 1,537; mercantile buildings, brick, 3 stories; private, wood, 2 and 3 stories. Fire department—1 hose carriage, 2 jumpers, siamese couplings used; hose, cotton good 700 ft, leather good 400 ft; value of fire department equipment \$1,200; 3 rooms used; total ann expenses of department \$100; 50 volunteer members. Chief elected by members, B. F. Vail.*

WATER SUPPLY—Source, mountain stream; system, gravity; cap of 2 reservoirs 48,000,000 gals; 36 hydrants; pipe 25,091 ft, 3 to 10 in dia; 200 taps; pressure 72 pounds; works owned by village; cost to construct \$40,000; ann expenses \$200. Supt, W. A. Hulke.

Waterford, Saratoga Co., population estimated 4,000; area 50 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 3 hose carriages; hose, good 2,100 ft; 1 building used; total membership 70, 2 paid; bell alarm. Chief elected by company, appointed by trustees, W. F. Holyroyd.*

WATER SUPPLY—Source, Hudson river; system, pumping to reservoir and direct; reservoir cap 275,000 gals; pumping engines, dy cap 1,000,000 gals; 64 hydrants; pipe 8 1-2 miles, 4 to 12 in dia; 70 valves; 511 taps; pressure, domestic 75, fire 150 pounds; works owned by company; cost to construct \$75,000; cost to date \$80,000; ann expenses \$3,000. Supt, D. B. McCarthy.

Waterloo, Seneca Co., population 5,420; buildings, brick and wood, 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 7 chemical extinguishers, 6 hose carriages, 1 patrol carriage; hose, rubber good 300 ft, cotton good 3,000 ft; value of buildings \$30,000; 380 volunteer members; independent hydrant hose 20 men. Chief engineer, P. McCue.

WATER SUPPLY—Source, Seneca river; system, pumping to standpipe and direct; standpipe cap 175,000 gals; reservoir cap 1,000,000 gals; pumping engines, dy cap 2,000,000 gals; 60 hydrants; pipe 10 miles, 4 to 14 in dia; 35 valves; 400 taps; pressure, domestic 40, fire 80 to 90 pounds; Edison pressure recording gauge; waterworks owned by company; cost to construct \$120,000; ann expenses \$2,400. Supt, Geo. Clark.

Watertown, Jefferson Co., population 14,725; fire area 2,500 acres; mercantile buildings, brick, 5 and 6 stories; private, wood and brick, 2 and 3 stories; slate and tin roofs; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 7 hose carriages, siamese couplings used; hose, cotton good 4,500 ft, inferior 1,500 ft; 6 horses; value of fire department equipment \$15,000; value of buildings occupied \$18,000, 2 rented, ann rent \$700, value \$9,000; expenses in 1890, \$2,400; 144 volunteer

members; telegraph alarm; 19 street boxes. Chief engineer, J. W. Phippen.

WATER SUPPLY—Source, Black river; system, pumping to reservoir; reservoir cap 6,000,000 gals; pumping engines, dy cap 4,500,000 gals; 203 hydrants; pipe 23½ miles, 4 to 16 in dia; 189 valves; 24 meters; pressure 40 to 100 pounds; waterworks owned by city; cost to construct \$300,000; ann expenses \$14,000. Supt, Alphonse Salisbury.*

Waterville, Oneida Co., population 2,024; buildings, wood and brick, 1 to 4 stories; wooden roofs permitted. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose sleigh; hose, cotton good 1, 650 ft, inferior 100 ft; value of fire department equipment \$2,500; value of buildings occupied \$3,000; total ann expenses of department \$200; membership 75, 3 paid; bell alarm. Chief, E. A. Wheeler.

WATER SUPPLY—Source, creek; system, gravity; reservoirs cap 20,000,000 gals; 49 hydrants; pipe 8 miles, 10 to 6 in; 37 gate valves; 269 taps; pressure 80 pounds; works owned by city; cost to construct to date \$67,000; ann expenses \$400. Supt, W. J. Eastman.

Watkins, Schuylcr Co., population 2,604; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 1,300 ft; total membership 100, volunteers; bell alarm. Chief engineer, Geo. O. Norman.*

WATER SUPPLY—Source, lake, springs and wells; system, gravity and pumping to reservoir, cap 1,500,000 gals; pumping engines, dy cap 1,000,000 gals; 115 hydrants; pipe 35 miles, 6 to 4 in dia; 119 taps; pressure, domestic 95, fire 100 pounds; works owned by village; cost to construct \$75,000; ann expenses \$1,500. Supt, Chas. Dennis.

Waverly, Tioga Co., population 4,123; fire area 640 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories. Fire department—1 hook and ladder truck, 6 hose carriages; siamese couplings used; hose, cotton good 2,500 ft, inferior 500 ft; value of fire department equipment \$10,000; expenses for past year \$800; 152 volunteer members; electric alarm. Chief elected by department, S. C. Smith.

WATER SUPPLY—Source, springs; system, gravity; reservoirs cap 130,000,000 gals; 37 hydrants; pipe 12 miles, 12 to 3 in dia; 47 valves; 466 taps; quality of water good; pressure 88 to 90 pounds; waterworks owned by company; cost to construct \$30,000; ann expenses \$1,890. Supt, A. J. Vanatter.

Wayland, Steuben Co., population 900; fire area 640 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1½ stories; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$2,200; value of buildings occupied \$1,000; total ann expenses of department \$200; 44 volunteer members; bell alarm. Chief engineer, Henry L. Moore.*

WATER SUPPLY—Source, wells. Village clerk, P. H. Zimmerman.*

Woodport, Cayuga Co., population 1,750; area 640 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages; siamese couplings used; hose, cotton good 2,000 ft; value of fire department equipment \$8,500; total ann expenses of department \$200; membership 70, 2 paid; bell alarm. Chief elected by members, H. D. Brewster.

WATER SUPPLY—Source, canal and creek, reservoir.

Wellsville, Allegany Co., population 3,435; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine (in reserve), 1 hook and ladder truck, 3 hose carriages; hose, linen good 3,000 ft; 100 volunteer members. Chief engineer, William C. Clark.*

WATER SUPPLY—Source, Genesee river and mountain stream; system, gravity and direct pumping; reservoir cap 6,000,000 gals; pumping engines, dy cap 1,500,000; 51 hydrants; pipe 53-10 miles, 4 to 10 in dia; 210 taps; 28 valves; pressure

75 pounds; waterworks owned by company; cost to construct \$50,000. Pres, James Maiken; supts, Simmons and Vorhees.*

West Brighton, Richmond Co. (See New Brighton.)

Westfield, Chautauque Co., population 2,800; fire area 800 acres; buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 5 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber 500 ft, leather good 200 ft, cotton 1,144 ft; value of fire department equipment \$4,000; value of buildings occupied \$3,800; total ann expenses of department \$350; total membership 66, volunteers; bell and whistle alarm. Chief engineer, J. W. Pickett.

WATER SUPPLY—Source, springs; system, gravity; 12 hydrants; pipe 1½ miles, 4 and 6 in dia; pressure 15 pounds; waterworks owned by village; cost to construct \$6,000; ann expenses \$100. Pres, F. B. Brewer.*

Westmoreland, Oneida Co., population 400; fire area 200 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical extinguisher, 1 hose carriage, ladders, hooks, etc.; hose, cotton good 50 ft, linen good 700 ft; value of fire department equipment \$1,000; total membership 40, volunteers; bell alarm; 1 fire company. Chief engineer, G. M. Flower.

WATER SUPPLY—Source, creek and wells. Town clerk, I. B. Hughes.*

West Nyack, Rockland Co. (See Nyack.)

West Point, Orange Co., population 1,800; buildings, brick, stone and wood, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,500 ft; 4 horses owned by U. S. Government; membership, all U. S. employees or enlisted men; electric alarm; 5 boxes. Chief, Post Quartermaster, Wm. H. Miller.

WATER SUPPLY—Source, mountain stream; system, gravity; 4 reservoirs, cap 58,000,000 gals; 18 hydrants; pipe 7½ miles, 4 to 12 in dia; 11 valves; pressure, domestic 30, fire 70 pounds; waterworks owned by U. S. Government; ann expenses \$1,000. Supt, Capt. Jas. L. Lush. (An additional reservoir of 40,000,000 gals cap will be built.)

West Troy, Albany Co., population 12,987; fire area 856 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 3 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 3 hose wagons; hose, linen good 5,150 ft, inferior 3,000 ft; 3 horses, value \$750; value of fire department equipment \$17,950; value of buildings occupied \$23,000; total ann expenses of department \$13,150; total membership 152, paid full time 4, paid part time 3, volunteers 145; bell alarm; 1 hook and ladder company, 4 hose companies. Chief engineer, Lewis W. Smith.

WATER SUPPLY—From Green Island Water Co; 100 hydrants; pipe 14 miles, 4 to 16 in dia; 1,039 taps; pressure 75 pounds; Edison pressure recording gauge; works owned by company; cost to construct to date \$300,000; ann expenses \$5,700. Supt, C. M. Stover.

Whitehall, Washington Co., population 4,564; fire area 3,943 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2 and 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 9 hose carriages, siamese couplings used; hose, linen good 1,000 ft, rubber good 8,250 ft, inferior 600 ft; value of fire department equipment \$18,000; value of 4 buildings occupied \$8,000; total ann expenses of department \$784; total membership 150, paid 2; bell alarm. Chief engineer, Chas. K. Grant.*

WATER SUPPLY—Source, springs and creek; system, pumping to reservoir; reservoir cap 5,500,000 gals; pumping engines, dy cap 1,500,000 gals; 53 hydrants; pipe 9 miles, 4 to 12 in dia; 48 valves; 79 meters; pressure, domestic 110, fire 115 pounds; waterworks owned by village; cost to construct

\$76,000; ann expenses \$5,000. Pres. O. F. Davis; supt. C. M. Hotchkiss.

White Plains, Westchester Co., population 6,000; fire area 3 miles square; mercantile buildings, wood and brick, 2 to 4 stories; private, wood, 2 stories and attic; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 1 aerial truck, 3 hose carriages, 1 hose wagon; hose, rubber good 2,550 ft, leather inferior 500 ft; value of fire department equipment \$3,800; value of buildings occupied \$8,000; ann expenses \$500; total membership 152; volunteers; Gamewell alarm; 2 engine companies, 1 hook and ladder company. Chief engineer, John T. Rehill.*

WATER SUPPLY—Source, caisson and brick wells; system, pumping to standpipe and direct; standpipe cap 189,000 gals; pumping engines, dy cap 2,000,000 gals; 112 hydrants; pipe 9 miles, 4 to 12 in dia; 65 valves; 781 taps; pressure, domestic 85, fire 150 pounds; waterworks owned by company; cost to construct \$125,000, cost to date \$150,000; ann expenses \$5,000. Supt. E. Southerland.

Whitesboro, Oneida Co., population 2,000; mercantile buildings, brick and wood 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton fair 900 ft, leather fair 200 ft; value of fire department equipment \$5,500; value of buildings occupied \$2,000; total ann expenses of department \$400; total membership 53, paid part time 1, volunteers 51; bell alarm; 2 fire companies. Chief engineer, G. E. Dennison.

WATER SUPPLY—Source, springs; system, gravity; 1 hydrant; pipe 3 miles; 44 taps; pressure 30 lbs; waterworks owned by L. L. Wright.

Whitestone, Queens Co., population 2,808; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 double-tank chemical engine on wheels, 1 hook and ladder truck, buckets; hose, rubber good 200 ft, inferior 50 ft; value of fire department equipment \$2,300; value of buildings occupied \$2,500; total membership 52; bell alarm. Chief engineer, Thos. A. Harris.*

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct, cap 250,000 gals; pumping engines, dy cap 1,000,000 gals; 82 hydrants; pipe 10½ miles, 4 to 12 in dia; pressure, domestic 35 to 45, fire 75 to 100 pounds; works owned by village, cost \$75,000; ann expenses \$3,000. Supt. G. A. Roullier.

Whiteville, Allegany Co., population 400; mercantile buildings, brick and wood, 2 stories; private, wood, 2½ stories; wooden roofs are permitted; no fireworks ordinance; causes of fire not investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, linen good 625 ft, poor 75 ft; 20 volunteer members; bell alarm. Chief, A. H. Halsey.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 32,000 gals; 10 hydrants; pipe 1½ miles, 6 and 3 in; 3 valves; 50 taps; works owned by company; cost to construct \$3,500. Pres and supt, J. B. Wiley.

Whitney's Point, Broome Co., population 919; mercantile buildings, brick and wood, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose, cotton good 800 ft, rubber inferior 300 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,500; total ann expenses of depart \$250; total membership 75; volunteers; bell and whistle alarm. Chief engineer, Jno. P. Wheeler.

WATER SUPPLY—Source, river and 6-inch driven wells.

Willets Point, Queens Co., population 650; fire area 136 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 5 hose carriages; hose, cotton good 1,200 ft, rubber good 400

ft, inferior 200 ft; value of equipment \$3,000; value of buildings occupied \$2,000; total membership 350; bugle alarm. Edgar Jadwin, and Lieut Q. M.

WATER SUPPLY—Source, Flushing waterworks; 19 hydrants; pressure, domestic 60, fire 150 pounds; ann expenses \$3,000. Supt, Lieut Jadwin.

Williamsville, Erie Co., population 800; fire area 640 acres; buildings, wood, 1½ to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 2 hose couplings used; hose, linen good 500 ft, leather good 100 ft, inferior 400 ft; value of fire department equipment \$2,000; total ann expenses of department \$25; total membership 60, volunteers; bell alarm. Chief engineer, S. A. Westland.

WATER SUPPLY—Source, creek; 2 reservoirs, dy cap 750 barrels.

Windham, Greene Co., population 1,236; buildings, wood, 2 stories; wooden roofs permitted. No organized fire department—3 hand engines, 2 hose couplings used; hose, leather good 450 ft, inferior 200 ft; value of fire department equipment \$800; value of buildings occupied \$50.

WATER SUPPLY—Source, creeks, wells and mill race. Town clerk, A. P. Roach.

Wolcott, Wayne Co., population 1,800; mercantile buildings, brick, 2 and 3 stories; private, wood, 1½ stories; fireworks ordinance. Fire department—14 horse-power engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,500; value of fire department equipment \$2,500; value of building occupied \$800; total membership 85, volunteers; bell alarm. Chief engineer, Henry A. Gravae.

WATER SUPPLY—Source, pond and cisterns; 5 reservoirs, cap 300 to 500 bbls each.

Worcester, Otsego Co., population 1,200; fire area 150 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—230 ft ladder, 1.40 ft extension ladder, 1 hose carriage; hose, cotton rubber lined good 650 ft; value of equipment \$1,000; total ann expenses of department \$100; total membership 40, volunteers; bell alarm. Foreman, M. Griggs.

WATER SUPPLY—Source, Caryl creek; system, gravity; 17 hydrants; pipe 6 miles, 12 to 4 in dia; 8 valves; 72 taps; pressure, domestic 110, fire 100 pounds; waterworks owned by company; cost to construct \$34,000; ann expenses \$150. Supt, Frank E. Rockefeller.

Yonkers, Westchester Co., population 33,000; fire area 5,120 acres; mercantile buildings, brick, 4 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hand engines, 6 chemical extinguishers, 3 hook and ladder trucks, 8 hose carriages, 4 hose wagons; (have in reserve 1 truck, 4 hose carriages, 2 extinguishers); hose, cotton good 9,600 ft, rubber good 200 ft; value of fire department equipment \$16,000; value of 7 buildings occupied \$60,000; total ann expenses of department \$10,000; total membership 480, volunteers; Gamewell alarm; 19 street boxes, expect to put in 35 more. Chief engineer, J. Mulcahey.

WATER SUPPLY—Source, Sprain and Grassy Sprain brooks; system, pumping to tank, reservoir and direct; reservoir cap, storage 404,000,000 gals, distributing 4,000,000 gals, tank cap 490,000 gals, standpipe 280,000; pumping engines, dy cap 9,000,000 gals; 513 hydrants; pipe 47½ miles, 4 to 24 in dia; 308 valves; 3,291 taps; pressure 30 to 137 pounds; Edison pressure recording gauge; waterworks owned by city; cost to construct \$85,445.66 cost to Dec. 1st 1893, \$1,154,417; ann expenses \$30,882. Supt, Jos. A. Lockwood.

Places having a population of 1,000 and upward, that have no fire protection: Piermont, Rockland Co., population 1,219; Port Ewen, Ulster Co., population 1,211; Verplanck, Westchester Co., population 1,515; Washington Mills, Oneida Co., population 1,186; Williamsbridge, Westchester Co., population 1,685.

NORTH CAROLINA.

Asheville, Buncombe Co., population 12,360; fire area 53 acres; mercantile buildings, brick, iron and wood, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted except in fire limits; fireworks ordinance. Fire department—8 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages, all kinds; hose, rubber good 2,800 ft, inferior 2,000 ft, linen good 500 ft; 4 horses, value \$800; value of fire department equipment \$12,000; value of department buildings \$30,000; total expenses for past year \$3,245; total membership 57, 2 paid full time, 55 volunteers; Gamewell alarm, 15 street boxes. Chief engineer, J. R. Rich.

WATER SUPPLY—Source, Swannanoa river; system, pumping to standpipe; reservoir cap 750,000 gals; standpipe cap 400,000 gals, pumping engines, dy cap 1,250,000 gals; 100 hydrants; pipe 20 miles, 4 to 18 in dia; 60 valves; 700 taps; pressure, domestic 100, fire 100 to 200 pounds; waterworks owned by city; cost to construct \$300,000; ann expenses estimated \$5,000. Supt, J. L. Murray.

Beaufort, Carteret Co., population 2007; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine; hose, rubber good 100 ft, inferior 100 ft.

WATER SUPPLY—Source, river and wells. Town clerk, J. L. Gobble.

Bryson City, Swain Co., included in Charleston township; mercantile buildings, wood, 2 stories; private, wood, 2 stories; shingle roofs used; no fireworks ordinance. No fire department.

WATER SUPPLY—Source, wells. Clerk, I. B. Conley.

Charlotte, Mecklenburg Co., population estimated 15,000; fire area 1 mile x $\frac{1}{2}$ mile; mercantile buildings, brick and stone, 2 to 4 stories; private, wood and brick, 2 stories; fireworks ordinance; wooden roofs not permitted in fire limits. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 5 hose carriages, all kinds; siamese couplings used; hose, rubber good 500 ft, cotton good 2,000 ft; 5 horses, value \$750; value of fire department equipment \$30,000; value of department buildings \$15,000; total ann expenses of department \$4,500; total membership 120, paid full time 6, paid part time 9; electric alarm; 28 street boxes. Chief engineer, H. W. Jetton. (Hook and ladder truck and hose carts will be purchased.)

WATER SUPPLY—Source, springs and creek; system, gravity and pump to standpipe, cap 200,000 gals; 2 reservoirs of 6,000,000 and 10,000,000 gals each; pumping engines, dy cap 2,500,000 gals; 140 hydrants; pipe 12 miles, 4 to 12 in dia; pressure, domestic 35 to 100 pounds; waterworks owned by company; cost to construct to date \$150,000; ann expenses \$6,000. Supt, D. P. Hutchison.

Clinton, Sampson Co., population est 1,200; fire area circle of 1 mile; buildings, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—3 hand engines, 1 hook and ladder truck; hose, cotton good 225 ft; value of buildings occupied \$100; total ann expenses of department \$25; total membership 130, volunteers; bell alarm. Chief engineer, E. H. Hubbard.

WATER SUPPLY—Source, open wells.

Concord, Cabarrus Co., population 4,500; mercantile buildings, brick, 2 stories, private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft, rubber good 490 ft, inferior 100 ft; value of fire department equipment \$1,500; value of buildings occupied \$2,000; total membership 48, volunteers; bell alarm. Chief, C. M. Seppenhof.

WATER SUPPLY—Source, Eno river; system, pumping to tanks, cap 30,000 gals; 8 hydrants; pipe 700 ft; quality of water good filtration; works owned by P. B. Fetzner. Town clerk, F. A. Archibie.

Durham, Durham Co., population about 7,000; fire area 1 sq mile; mercantile buildings, brick and stone, 2, 3 and 4 stories; private, wood, and brick, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1

chemical engine on wheels, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon, private hose, siamese couplings used; hose, cotton rubber lined good 2,500 ft, inferior 600 ft; 4 horses, value \$800; value of fire department equipment \$12,825; value of buildings occupied \$8,000; total ann expenses of department \$1,598; total membership 85, paid full time 3, paid part time 2, volunteers 81; Gamewell alarm; 11 street boxes; 1 hook and ladder company, 2 hose companies. Chief engineer, W. C. Bradsher.

WATER SUPPLY—Source, Eno River; system, pumping to reservoir and direct; reservoir cap 3,000,000 gals; pumping engines, dy cap 2,500,000 gals; 88 double hydrants; pipe 15 miles, 4 to 12 in dia; pressure, domestic 68, fire 100 pounds; Edison pressure recording gauge; waterworks owned by company; cost to construct \$240,000; ann expenses \$2,500. Pres and supt, S. Holman.

Edenton, Chowhan Co., population 2,205; fire area 100 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Source, wells and streams.

Elizabeth City, Pasquotank Co., population 4,000; fire area 2 sq miles; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted, mostly metal; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 400 ft, cotton good 800 ft; 3 horses, value \$550; value of fire department equipment \$4,000; value of buildings occupied \$5,000; total ann expenses of department \$400; total membership 35, paid full time 1, volunteers 31; bell alarm. Chief engineer, G. S. Bell.

WATER SUPPLY—Source, river, creek, wells and 2 cisterns; cap of same 20,000 gals. Mayor, W. O. Glover; town clerk, J. W. Albertson.

Enfield, Halifax Co., population 1,000; fire area 1 mile; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage, 1 hose wagon; hose, rubber good 500 ft, inferior 300 ft; value of fire department equipment \$875; value of buildings occupied \$50; total ann expenses of department \$400; total membership 41; volunteer members 41; bell alarm. Chief engineer, S. Meyer.

WATER SUPPLY—Source, wells.

Fayetteville, Cumberland Co., population 5,400; fire area 50 acres; mercantile buildings, brick, iron and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft, rubber inferior 500 ft; value of fire department equipment \$8,000; total ann expenses of department \$950; membership 38, paid full time 1, paid part time 35, volunteers; bell alarm. Chief engineer, James D. McNeill.

WATER SUPPLY—Source, Glenville Ponds and creeks; system, pumping to standpipe; standpipe cap 105,000 gals; pumping engines, dy cap 1,000,000 gals each; hydrants 52; pipe 8 miles, 4 to 10 in dia; 38 valves; pressure, domestic 85, fire 85 pounds; waterworks owned by company; cost to construct \$1,300,000; ann expenses \$4,000. Supt, H. D. C. Richards, 98 Hudson st, Jersey City, N. J.

Goldsborough, Wayne Co., population 5,500; fire area 300 acres; buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 3 hose carriages, all kinds, 1 hose wagon, siamese couplings used; hose, cotton good 1,500 ft, rubber inferior 500 ft; 3 horses, value \$800; value of equipment \$11,000; value of buildings occupied \$5,500; total membership 48, paid full time 3, volunteers 57; bell alarm. Chief engineer, A. B. Freeman.

WATER SUPPLY—Source, creek and springs; system, pumping to standpipe, cap 150,000 gals; Worthington pumping engines, dy cap 1,000,000 gals each; 64 hydrants; pipe 7 $\frac{1}{2}$ miles, 4 to 12 in dia; 29 valves; pressure, domestic 60, fire 150 pounds; cost to construct \$75,000; ann expenses \$2,000. Supt, H. P. Dortch.

Greensborough, Guilford Co., population 4,500; buildings, brick and wood, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance strictly enforced. Fire department—1 steam fire engine, 1 hand engine (in reserve), 1 chemical engine on wheels, 1 hook and ladder truck, 5 hose carts, 1 hose wagon; hose, rubber lined good 3,300 ft, inferior 200 ft; 3 horses, value \$600; value of buildings occupied \$3,000; total membership 98, paid full time 2, paid part time 3; 6 fire companies; Gaynor electric alarm system; 10 boxes. Chief engineer, C. D. Benbow.

WATER SUPPLY—Source, creek and springs; system, pumping to standpipe, cap 150,000 gals; reservoir cap 3,000,000 gals; pumps dy cap 3,500,000 gals; 108 hydrants; pipe 8½ miles, 4 to 10 in dia; 45 valves; 200 taps; pressure, domestic 40, fire 80 pounds; waterworks owned by company; cost to construct \$50,000, to date \$85,000; ann expenses \$3,500. Pres. J. D. Glenn.

Greenville, Pitt Co., population 1,937; buildings, wood, 1 and 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck; total membership 25, volunteers.

WATER SUPPLY—Source, wells and river.

Hayesville, Clay Co., population 350; fire area 10 acres; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Source, wells.

Henderson, Vance Co., population 4,191; fire area 30 acres; buildings, brick and wood, 1, 2 and 3 stories; shingle, slate and tin roofs; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton 1,500 ft; value of equipment \$2,000; value of buildings occupied \$1,000; total membership 100, volunteers; bell alarm; 3 fire companies. Chief, J. D. Cooper.

WATER SUPPLY—Source, creek or Fox pond; system, pumping to standpipe and direct; standpipe cap 172,000 gals; pumping engines, dy cap 2,500,000 gals; 68 hydrants; pipe 7 miles, 4 to 12 in dia; 30 valves; pressure 40 to 150 pounds; works owned by company; cost to construct \$90,000. Supt, J. H. Bridgers.

Hendersonville, Henderson Co., population 1,216; mercantile buildings, brick, with tin roofs private, wood, 1 and 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hand hose reel; hose, 600 ft; membership 14.

WATER SUPPLY—Source, springs, system, gravity; reservoir cap 5,000,000 gals; 20 hydrants, pipe 4 miles, 6 and 8 in dia; 25 valves; quality of of water soft and clear; pressure 140 pounds; works owned by city; cost to construct \$20,000; ann expenses \$350. Supt, J. S. Barnett.

Hickory, Catawba Co., population 2,023; buildings, wood, 1 and 2 stories, fireworks ordinance. Fire department—1 hand engine (small) 1 hook and ladder truck; total membership 25, volunteers.

WATER SUPPLY—Source 1, cistern.

Hillsborough, Orange Co., population 662; fire area 6 acres; private buildings, stone, 1 story; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical extinguisher.

WATER SUPPLY—Source, wells.

Huntersville, Mecklenburg Co., population 431; mercantile buildings, wood, 2 stories; private, wood, 1 story; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department consists of ladders, hooks and buckets.

WATER SUPPLY—Source, wells. Mayor, J. L. Choat.

Kinston, Lenoir Co., population 2,300; buildings, wood and brick, 2 stories; fireworks ordinance; wooden roofs not permitted. Fire department—buckets.

WATER SUPPLY—Source, wells and river.

Lenoir, Caldwell Co., population 900; fire area 250 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hose carriage; hose, cotton good 800 ft, rubber good 100 ft, inferior 100 ft; value of fire department equipment \$1,400; total membership 15,

volunteers; bell alarm; 1 fire company. Chief engineer, G. F. Harper.

WATER SUPPLY—Source, cisterns of 150,000 gals cap; 6 hydrants; pipe ½ mile 1½ in dia; waterworks contemplated.

Lexington, Davidson Co., population 1,900; mercantile buildings, brick, 2 stories; private, wood, 2 stories; tin roofs used; no fireworks ordinance; causes of fire investigated. Fire department—buckets and ladders.

WATER SUPPLY—Source, wells. Mayor, R. T. Pickens.

Lincolnton, Lincoln Co., population 957; fire area 1 mile sq; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine; hose cotton good 200 ft; total membership 25, volunteers; value of fire department equipment \$300; total ann expenses \$25. Chief engineer, Henry Taylor.

WATER SUPPLY—Source, wells.

Milton, Caswell Co., population 705; buildings brick and wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, linen good 600 ft; total membership 80, volunteers.

WATER SUPPLY—Source, 2 large cisterns cap 74,000 gals; 13 private cisterns. Mayor, F. H. Hunt.

Monroe, Union Co., population about 2,500; mercantile buildings, brick and wood, 1 and 3 stories; private; 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carts, 1 hose wagon; hose, linen good 1,200 ft, poor 300 ft; 3 horses, value \$300; value of fire department apparatus \$8,000; value of buildings occupied \$1,200; total membership 55, bell alarm. Chief engineer, Dr. S. J. Welsh.

WATER SUPPLY—Source, 7 cisterns, cap 120,000 gals. Town clerk, J. M. Terrell.

Mooreville, Iredell Co., population 886; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck. Pres. C. V. Volla.

WATER SUPPLY—Source, wells.

New Bern, Craven Co., population 9,000; fire area city limits; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire district; fireworks ordinance. Fire department—2 steam fire engines, 1 chemical engine on wheels, private chemical extinguishers, 4 hose carriages; hose, cotton good 2,000 ft, rubber inferior 500 ft; 6 horses, value \$1,250; value of fire department equipment \$7,500; value of buildings occupied \$6,000; total ann expenses of department \$2,500; total membership 100, volunteers, paid part time 6; electric alarm. Chief engineer, W. D. Barrington.

WATER SUPPLY—Source, artesian wells; system, direct pumping; pumping engines, dy cap 1,000,000 gals; pipe 2 miles, 3 in dia; pressure, domestic 40, fire 100 pounds; waterworks owned by A. R. Benson. Mayor, R. D. Williams; city clerk, Silas Fulcher. (Waterworks contemplated.)

Newton, Catawba Co., population 1,500; fire area 100 acres; mercantile buildings, brick, 1 3 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance strictly enforced. Fire department—1 hook and ladder truck; value of fire department equipment \$500; value of buildings occupied \$300; total ann expenses of department \$125; total membership 25, volunteers; bell alarm. Chief engineer, W. B. Galthes.

WATER SUPPLY—Source, wells.

Oxford, Granville Co., population 2,907; buildings, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 hook and ladder trucks; total membership 60.

WATER SUPPLY—Source, wells.

Plymouth, Washington Co., population 1,215; fire area 1-2 by 1-3 mile; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, rubber inferior 200 ft, linen good 400 ft; value of fire department equipment \$750; value of buildings occupied \$3,500; total ann expenses of department \$100; total membership 35, volunteers; bell alarm. Chief engineer, R. R. Latham.

WATER SUPPLY—Source, Roanoke river and wells; system, gravity. Mayor, I. W. Bryan; Town clerk, Jos. Tucker.

Raleigh, Wake Co., population 12,678; fire area 1,400 acres; mercantile buildings, wood and brick, 2 and 4 stories; private, wood, 3 stories; wooden roofs permitted outside fire district; fire works ordinance. Fire department—1 steam fire engine (reserve), 1 hand engine, 2 chemical engines on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, all kinds; hose, cotton good 4,000 ft, inferior 500 ft, rubber good 750 ft, inferior 500 ft, leather 500 ft; 10 horses; value of fire department equipment \$19,500; total ann expenses of department \$3,500; total membership 157, paid full time 13, 127 volunteers; bell and Gamewell alarm; 25 street boxes; 4 fire companies. Chief engineer, E. B. Engelhard.

WATER SUPPLY—Source, Walnut creek; system, pumping from reservoir to standpipe and direct; reservoir cap 2,000,000 gals; standpipe cap 125,000 gals; 4 pumping engines, dy cap 4,000,000 gals; 149 hydrants; pipe 23½ miles, 4 to 14 in dia; 72 valves; pressure, domestic 50 to 75, fire 75 to 100 pounds; waterworks owned by company; cost to construct \$185,000. Supt, E. B. Engelhard.

Reidsville, Rockingham Co., population 5,000; buildings (wood buildings and wooden roofs not permitted in business section), brick, 3 stories; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages; hose, cotton good 1,500 ft; value of fire department equipment \$16,000; value of buildings occupied \$500; expenses for past year \$523; 13 members, paid full time 1, paid part time 12. Chief engineer, S. H. White.

WATER SUPPLY—Source, 1 cistern, cap 75,000 gals also private cisterns available.

Rocky Mount, Edgecombe Co., population 1,000; fire area 30 acres; buildings, wood and brick, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—ladders, axes and buckets.

WATER SUPPLY—Source, wells. Mayor, Thos. H. Battle.

Salem, Forsyth Co., population 4,000; fire area 2 sq miles; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 3 hose carriages, 1 hose reel; hose, cotton 700 ft, rubber 500 ft, linen good 1,050 ft; 4 horses, value \$500; value of department apparatus \$5,000; value of buildings occupied \$3,500; ann expenses \$400; total membership 22; Gamewell alarm. Chief engineer, F. C. Meening.

WATER SUPPLY—Source, 3 wells and spring; system, pumping to reservoir; reservoir cap 450,000 gals; pumping engines, dy cap 150,000 gals; 57 hydrants; pipe 34,046 ft, 2 to 10 in dia; 29 valves; pressure 37 to 85 pounds; quality of water good; waterworks owned by company; cost to construct \$33,000; to date \$37,744.37; ann expenses \$1,200. Pres, Frank H. Fries; supt, C. H. Fogle. (Are constructing reservoir, cap 1,500,000 gals.)

Salisbury, Rowan Co., population 8,000; fire area 800 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines (not in use), 1 chemical engine on wheels (not in use), 1 hook and ladder truck, 3 hose carriages; hose, rubber good 400 ft, cotton good 800 ft; value of fire department equipment \$5,000; rent of buildings occupied \$1,200; total membership 38, volunteers; 4 fire companies; bell alarm. Chief, Geo. G. Seyfert.

WATER SUPPLY—Source, creek; system, pumping to standpipe, cap 240,000 gals; 2 pumping engines, dy cap 2,000,000 gals; 78 hydrants; pipe 8½ miles, 4 to 12 in dia; 44 valves; 187 taps; pressure, domestic 40, fire 100 pounds; waterworks owned by company; cost to construct \$85,000. Supt, E. B. Neave.

Scotland Neck, Halifax Co., population 1,300; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck; membership 23; bell alarm. Capt, T. J. Powell.

WATER SUPPLY—Source, wells. Mayor, J. A. Perry.

Smithfield, Johnston Co., population 550; buildings, wood, 1 and 2 stories; fireworks ordi-

nance. Fire department—1 hook and ladder truck, equipped with buckets, axes, etc.

WATER SUPPLY—Source, wells and cisterns.

Statesville, Iredell Co., population 3,500; fire area 50 acres; buildings, wood and brick, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose, cotton good 1,500 ft, poor 500 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,000; total ann expenses of department \$925; total membership 25, paid. Foreman, J. D. Cochran.

WATER SUPPLY—Source, cisterns, dy cap 60,000 gals. Town clerk, E. B. Steinson. (Waterworks contemplated.)

Tarborough, Edgecombe Co., population 1,928; fire area 30 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton inferior 100 ft, rubber good 700 ft; value of fire department equipment \$1,000; value of buildings occupied \$2,000; total ann expenses of department \$730; total membership 98, volunteers; bell alarm; 3 street boxes; 2 fire companies, 1 hook and ladder company, 1 hose company. Chief engineer, Wood Winborn.

WATER SUPPLY—Source, Hendricks creek, 2 miles distant; system, pumping to tank and direct; tank cap 20,000 gals; pumping engines, dy cap 60,000 gals; hydrants 15; pipe 4 miles, 4 and 5 in dia; quality of water good; pressure, domestic 30, fire 150 pounds; works owned by city; cost to construct \$7,000. Engineer, Edwin Haywood.

Warrenton, Warren Co., population 1,000; buildings, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck; total membership 40, volunteers. Capt, John J. Plummer.

WATER SUPPLY—Source, wells.

Washington, Beaufort Co., population 4,000; mercantile buildings, brick, with metal roofs, 2 stories; private, wood; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 100 ft, leather good 1,900 ft; total membership 175, volunteers; bell alarm; 4 fire companies. Chief engineer, Edmund S. Hoyt; chairman, Samuel R. Fowle.

WATER SUPPLY—Source, Pamlico river and wells.

Wilmington, New Hanover Co., population 2,050; fire area 400 acres; mercantile buildings, brick, 2, 3 and 4 stories; private, wood, 2 stories; wooden roofs sometimes permitted; fireworks ordinance. Fire department—3 steam fire engines, 4 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 4 hose carriages; hose, cotton 4,500 ft, rubber 500 ft; 14 horses, value \$35,000; value of fire department equipment \$14,000; value of buildings occupied \$15,000; total ann expenses of department \$13,000; total membership 250, paid full time 13, part time 5, Gamewell alarm; 31 street boxes; 6 fire companies. Chief engineer, Martin Newman.

WATER SUPPLY—Source, Cape Fear river; system, pumping to standpipe and direct; pumping engines, dy cap 3,000,000 gals; 105 hydrants public, 33 private; pipe 14 miles, 4 to 12 in dia; 60 valves; pressure, domestic 25 to 50, fire 75 to 100 pounds; Edison pressure recording gauge; waterworks owned by company; cost to construct \$198,000; ann expenses \$8,950. Supt, John C. Chase.

Wilson, Wilson Co., population 2,900; fire area whole town; mercantile buildings, brick, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted except in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 1,500 ft; value of fire department equipment \$3,500; value of buildings occupied \$3,500; total ann expenses of department \$250; total membership 42, volunteers; bell alarm. Chief engineer, W. P. Wooten.

WATER SUPPLY—Source, small stream; system, pumping to standpipe; standpipe cap 140,000 gals; pumping engines, dy cap 1,018,800 gals; 61 hydrants; pipe 208,059 ft, 4 to 12 in dia; 54 valves; 35 taps; pressure, domestic 40 to 45, fire 150 pounds; waterworks owned by city; cost to construct \$50,-

261.62; ann expenses \$1,200. Supt, R. J. Grantham.

Winston, Forsyth Co., population 13,000; fire area 150 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted except in fire limits; fireworks ordinance. Fire department—3 steam fire engines, 6 chemical extinguishers, 2 hook and ladder trucks, 2 jumpers, 2 hose wagons; hose, rubber good 5,000 ft; 7 horses, value \$1,250; value of fire department equipment \$20,000; value of buildings occupied \$15,000; total ann expenses of department \$4,000; total membership 70, paid full time 5, paid part time 60; Gamewell alarm; 18 street boxes. Chief engineer, J. W. Hawes.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 1,000,000 gals; water-power pump, dy cap 220,000 gals; 45 hydrants;

pipe 4-3-4 miles, 4 to 10 in dia; valves; pressure, domestic 27, fire 15 to 45 pounds; waterworks owned by company; cost to construct \$58,000; ann expenses \$1,800. Secy, treas and gen'l manager, George Hinshaw.

Places having a population of 1,000 and upward that have no fire protection: Burlington, Alamance Co., population 1,716; Chapin Hill, Orange Co., population 1,017; Gastonia, Gaston Co., population 1,033; James City, Craven Co., population 1,237; Laurinburg, Richmond Co., population 1,357; Morgantown, Burke Co., population 1,557; Morehead City, Carteret Co., population 1,084; Mount Airy, Surry Co., population 1,768; Shelby, Cleveland Co., population 1,304; Southport, Brunswick Co., population 1,207; Wadesboro, Anson Co., population 1,198; Weldon, Halifax Co., population 1,286.

NORTH DAKOTA.

Ardoek, Walsh Co., population 250; fire area 10 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose cart; hose, good 650 ft, inferior 50 ft. Chief, W. A. Fox.

WATER SUPPLY—Source, large surface reservoirs.

Bathgate, Pembina Co., population about 600; fire area 20 acres; mercantile buildings, wood, 2 stories; private, wood 1½ stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 300 ft, poor 300 ft; value of fire department equipment \$800; value of buildings occupied \$500; total membership 40, volunteers; bell alarm. Chief engineer, S. D. Bostwick.

WATER SUPPLY—Source, river.

Bismarck, Burleigh Co., population 5,000; fire area 640 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—5 chemical extinguishers, 1 chemical engl e, 1 hook and ladder truck, 2 hose carts, 2 supply wagons; hose, cotton good 2,000 ft, linen good 800 ft, chemical good 250 ft; value of fire department equipment \$9,000; value of 2 buildings occupied \$2,500; total ann expenses of department \$7,300; membership 80, paid full time 2, volunteers, 78; bell alarm; 3 fire companies. Chief engineer, Chas. A. Bentley.

WATER SUPPLY—Source, Missouri river; system, pumping to reservoir; 2 reservoir cap 2,000,000 gals; pumping engines, dy cap 3,000,000 gals; pipe 10 miles, 24 meters; pressure 65 pounds; works owned by company; cost to construct \$110,000; Pres, C. B. Little.

Cassellton, Cass Co., population 1,200; fire area 75 to 100 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 1½ stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 24 chemical extinguishers, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$5,300; value of buildings occupied \$3,600; total ann expenses of department \$200; total membership 25, volunteers; bell alarm. Chief engineer, H. F. Strehlow.

WATER SUPPLY—Source, artesian wells and creeks; pumping to reservoir, cap 80,000 to 100,000 gals. Clerk, D. S. Smith.

Crystal, Pembina Co., population 650; fire area 1 sq mile; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hose carriage and ladders; hose, linen good 800 ft, poor 200 ft; value of fire department equipment \$4,000; value of buildings occupied \$600; total membership 35, volunteers; bell alarm; 2 fire companies, 1 engine company, 1 hose company. Chief, D. F. Humphreys.

WATER SUPPLY—Source, Park river; system, pumping to tank; cap 400 barrels. Mayor, A. F. Appleton.

Devil's Lake, Ramsey Co., population 1,500; fire area 200 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted; no fireworks ordinance. Fire depart-

ment—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 900 ft, inferior 300 ft, cotton good 1,000 ft; volunteer members 60; bell alarm. Chief engineer, C. W. Greene.

WATER SUPPLY—Source, artesian wells; water runs from well into 6 cisterns; cap 225 barrels each; works owned by city; cost \$1,100. Town clerk, C. M. Fisher.

Dickinson, Stark Co., population 2,500; mercantile buildings, brick, 2 stories; private, wood, 2 stories; roofs, shingles and steel; no fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 750 ft; value of fire department equipment \$500; value of buildings occupied \$400; total ann expenses of department \$40; total membership 25, volunteers; whistle and bell alarm. Chief engineer, J. G. Luneville.

WATER SUPPLY—Source, N. P. R. R.; system, pumping; 2 hydrants; pressure 140 pounds; waterworks owned by company. Railroad also have water with steam pump.

Ellendale, Dickey Co., population 761; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. No organized fire department.*

WATER SUPPLY—Source, artesian well; system, gravity; 10 hydrants; pipe 8-4 mile; quality of water good; works owned by town; cost to construct \$7,000. City auditor, Charles Ackley.*

Fargo, Cass Co., population 10,000; fire area 900 acres; mercantile buildings, brick, 2 to 4 stories; private, wood and brick, 2 stories; wooden roofs permitted in some locations. Fire department—1 hook and ladder truck, 1 hose carriage; 1 hose wagon, 1 hose sleigh; hose, cotton good 2,950 ft; 4 horses, value \$400, value of fire department equipment \$1,200; value of buildings occupied \$8,000; total membership 60, paid full time 10; electric alarm; 17 street boxes; 1 hook and ladder company, 2 hose companies. Chief engineer, C. B. Wade.

WATER SUPPLY—Source, Red river of the North; system, direct pumping from filter basin; pumping engines, dy cap 2,250,000 gals; 85 hydrants; pipe 13 miles, 2 to 12 in dia; 50 valves; 500 taps; pressure 30 to 100 pounds; waterworks owned by city; cost to construct \$75,000; ann expenses \$2,500. Supt, S. F. Kelley.

Fort Buford, Buford Co., population 350; fire area 30 sq miles; U. S. military post; mercantile buildings, wood, 1 story; private, wood 1 story; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 5 hand hose carriages; hose, rubber good 3,000 ft, inferior 700 ft.*

WATER SUPPLY—Source, Missouri river; system, pumping to tank and direct; reservoir cap 50,000 gals; duplex pumping engines, dy cap 500,000 gals; 10 hydrants; pipe 2 1-4 miles, 5 in dia; 6 valves; pressure, domestic 35, fire 120 pounds; works owned by U. S. Government; cost to construct \$8,200; ann expenses \$2,800. Supt, B. L. Hardaway.

Grafton, Walsh Co., population 2,300; fire area 3-4 sq mile; mercantile buildings, wood 1½ stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages;

hose, cotton good 1,500 ft. rubber good 700 ft. inferior 300 ft.; value of equipment \$3,500; value of buildings occupied \$1,000; membership 70, volunteers; bell and whistle alarm; 3 fire companies. J. McDonald. *

WATER SUPPLY—Source, artesian well; system, pumping direct; pumping engines, dy cap 2,880,000 gals; 13 hydrants; pipe 2 miles, 6 in dia; 18 valves; pressure 11 to 80 pounds; works owned by city; cost to construct \$15,000; ann expenses \$3,940. Supt, Thompson Boundy. *

Grand Forks, Grand Forks Co., population 8,000; fire area 1,240 acres; mercantile buildings, brick and stone, 2 to 5 stories; private, wood, 1½ to 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, (not used) 1 hook and ladder truck, 1 aerial truck, 5 hose carriages, all kinds, 1 hose wagon; hose, cotton good 3,500 ft., poor 500 ft.; 4 horses, value \$800; value of fire department equipment \$7,200; value of buildings occupied \$10,000; total ann expenses of department \$6,000; total membership 50, paid full time 5, paid part time 45, volunteer members; Gamewell alarm; street boxes 12; 7 fire companies, 2 hook and ladder companies, 5 hose companies. Chief engineer, E. H. Mix.

WATER SUPPLY—Source, Red Lake and river; system, pumping to mains; pumping engines, dy cap 3,170,000 gals; hydrants 68; pipe 9½ miles, 4 to 14 in dia; 75 valves; 24 meters; taps 450; pressure, domestic 40, fire 80 pounds; waterworks owned by city; original cost to construct \$18,000; expenses of construction to date \$100,000; ann expenses \$5,600. Supt, Geo. W. Aker. *

Hillsboro, Traill Co., population 1,200; fire area 10 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft., rubber good 1,000 ft., inferior 500 ft.; value of fire department equipment \$3,500; value of buildings occupied \$1,500; total membership 62, volunteers; bell alarm; 3 fire companies. Chief engineer, John Carmody.

WATER SUPPLY—Source, artesian wells.

Jamestown, Stutsman Co., population 3,000; fire area 1 mile sq; buildings, brick and wood, 2 stories; shingle roofs permitted; fireworks ordinance. Fire department—2 chemical engines on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 300 ft., inferior 500 ft., cotton good 1,500 ft.; value of fire department equipment \$4,000; value of buildings occupied \$4,000; total ann expenses of department \$150; total membership 80, volunteers; bell alarm. Chief engineer, A. M. Clough.

WATER SUPPLY—Source, artesian wells; system, gravity; 18 hydrants; pipe 1½ miles, 4 to 8 in dia; 10 valves; pressure, domestic 95 pounds; waterworks owned by city; cost to construct \$15,000; ann expenses \$62. Com, H. A. Blood.

Larimore, Grand Forks Co., population 553; buildings, wood, 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,000 ft.; total membership 39, volunteers. Chief engineer, A. D. Bangham. *

WATER SUPPLY—Source, wells and cisterns; system, pumping to standpipe, cap 400 bbls; dy cap of cisterns 54,400 gals; cost to construct \$3,000. City auditor, E. H. Mory.

Lisbon, Ransom Co., population 935; fire area 400 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical engines on wheels, 1 hook and ladder truck, 2, 15 barrel water tanks on wheels; hose, rubber good 300 ft., inferior 300 ft.; value of fire department equipment \$2,500; value of buildings occupied \$600; total ann expenses of department \$250; total membership 30, volunteers; 2 engine companies. Chief engineer, Frank Russell.

WATER SUPPLY—Source, river and wells.

Mandan, Morton Co., population 1,700; fire

area 80 acres; buildings, brick and wood, 1 to 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 8,000 ft., poor 500 ft.; value of fire department equipment \$3,000; total ann expenses of department \$300; total membership 50, volunteers; electric alarm connects with steam whistle. Chief engineer, A. M. Packard.

WATER SUPPLY—Source, Heart river; system, direct pumping; Worthington pump; 10 hydrants; pipe 1½ miles, 4 in dia; pressure 140 pounds; waterworks owned by town; cost to construct \$6,000; ann expenses \$25. Supt, Peter Johnson. *

Mayville, Traill Co., population 1,200; fire area 640 acres; buildings, brick, stone and wood, 1 and 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, ladders; hose, rubber good 700 ft., cotton good 800 ft.; value of fire department equipment \$2,500; value of buildings occupied \$6,000; total ann expenses of department \$250; total membership 50, volunteers; bell alarm. Chief, Geo. O. Stommer.

WATER SUPPLY—Source, artesian wells; 8 cisterns, cap 1,600 bbls; system, direct; 5 hydrants; ½ mile pipe, 6 in dia; works owned by city; cost to construct \$5,500. Town clerk, D. C. Ritchie.

Minot, Ward Co., population 800; fire area 10 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted; no fireworks ordinance. No organized fire department; 2 force pumps, 4 chemical extinguishers, 8 ladders.

WATER SUPPLY—Bonds voted for waterworks system.

Park River, Walsh Co., population 750; fire area 40 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam engine, 1 hose carriage, 1 hook and ladder; hose, rubber good 300 ft., poor 200 ft., cotton good 800 ft., poor 200 ft.; value of fire department equipment \$3,500; value of buildings occupied \$500; total membership 20, volunteers; bell alarm. Chief engineer, W. P. Buckingham.

WATER SUPPLY—Source, well and cisterns.

Pembina, Pembina Co., population 1,000; fire area 300 acres; mercantile buildings, wood, 2 stories; private, wood, 2 and 3 stories. Wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 50 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 1 hose carriage, 1 hose wagon; hose, rubber good 1,500 ft.; value of fire department equipment \$3,500; value of buildings occupied \$600; total membership 40, paid full time 1, volunteers 39; bell alarm. Chief engineer, Francis A. Hart.

WATER SUPPLY—Source, rivers.

Valley City, Barnes Co., population 1,800; fire area 6 blocks; buildings, 1½ and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Waterworks contemplated. Mayor, J. W. Holmes.

Wahpeton, Richland Co., population 2,000; fire area 480 acres; mercantile buildings; brick, iron and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted on new buildings; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber poor 250 ft., cotton good 1,750 ft.; value of fire department equipment \$5,000; value of buildings occupied \$1,500; total membership 75, volunteers; bell alarm. Chief engineer, A. E. Sunderhau.

WATER SUPPLY—Source, Otter Tail river; system, gravity and direct; cap of settling well 1,000,000 gals; pumping engines, dy cap 1,000,000 gals; 26 hydrants; pipe 5 miles, 2 to 12 in dia; 20 valves; 2 meters; pressure, domestic 30 to 120 pounds; waterworks owned by city; cost to construct \$85,000; ann expenses \$2,900. Supt, T. F. Doyle. *

*Report of 1893.

OHIO.

Ada, Hardin Co., population 3,000; fire area 700 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; shingle roofs; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 450 ft, inferior 100 ft, rubber good 700 ft; value of fire department equipment \$5,000; value of buildings occupied \$10,000; total ann expenses \$400; membership 50, all volunteers; bell alarm. Chief engineer, J. S. Falt.

WATER SUPPLY—Source, 11 cisterns distributed over the town. Town clerk, F. L. Rice.*

Akron, Summit Co., population 35,000; fire area 50 acres; mercantile buildings, brick, stone and wood, 2 to 5 stories; private, brick, stone and wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—4 steam fire engines, 1 chemical (double tank) engine, 10 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds, 1 supply wagon; hose, rubber good 5,500 ft, 80 hoses, value \$4,500; value of fire department equipment \$50,000; value of buildings occupied \$50,000; total ann expenses of department \$50,000 (including waterworks); total membership 59, paid full time 27, paid part time 32; Loomis electric alarm; 82 street boxes; 4 fire companies. Chief engineer, B. F. Manderbaob.

WATER SUPPLY—Source, lake and wells; system, gravity and pumping to reservoir; reservoir cap 5,000,000 gals; pumping engines, dy cap 5,000,000 gals; 255 hydrants; pipe 40 miles, 3 to 20 in dia; 125 meters; 2.284 taps; pressure 40 to 90 pounds; works owned by company. Pres, Frank Adams; supt, E. A. Lawton

Alliance, Stark Co., population 9,000; fire area $\frac{1}{2}$ mile by 2 miles; mercantile buildings, brick and wood, 2 to 4 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 8 chemical extinguishers, 1 hook and ladder truck, 1 hose cart, 1 hose wagon; hose, rubber good 700 ft, cotton good 1,800 ft; 2 hoses, value \$900; value of fire department equipment \$10,000; total ann expenses of department \$2,500; total membership 13, paid full time 3, paid part time 10; electric alarm; 35 street boxes. Chief engineer, Wm. Aungst.

WATER SUPPLY—Source, Mahoning river; system, pumping to standpipe and direct; pumping engines, dy cap 1,500,000 gals; 69 hydrants; pipe 81-3 miles, 4 to 13 in dia; 35 valves; 42 meters; pressure domestic 75, fire 100 pounds; waterworks owned by company; cost to construct \$20,000. Supt, J. C. Reed.*

Amesville, Athens Co., population 300; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—buckets and ladders.

WATER SUPPLY—Source, wells and cisterns.*

Amherst, Lorain Co., population estimated 900. Fire department—1 hand engine, 1 hose carriage; hose, rubber and leather good 800 ft; total membership 60, volunteers. Chief engineer, H. C. Smith.

WATER SUPPLY—Source, 6 cisterns. Town clerk, E. A. Stevold.

Andover, Ashtabula Co., population 1200; fire area 200 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam engine, 20 chemical extinguishers, 1 hose, cotton good 700 ft, rubber good 9,300 ft; value of equipment \$3,000; value of buildings occupied \$1,000; ann expenses \$70; membership, 35 volunteers; bell alarm. Chief engineer, G. A. Houghton.

WATER SUPPLY—Source, wells and cisterns. Town clerk, Geo. Stebins.

Ansonia, Darke Co., population 811; fire area 200 acres; buildings, wood and brick, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 785 ft; value of fire department equipment \$3,500; value of buildings occupied \$5,000; ann expenses \$125; total membership 60, volunteers; bell alarm. Chief engineer, Wm. Yockey.

WATER SUPPLY—Source, 7 wells and cisterns. Mayor, L. A. Williams.

Antwerp, Paulding Co., population 1,700; fire area 2,000 acres; buildings, brick and wood, 1 to 3 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—2 hand engines, 2 hose carriages; hose, rubber good 600 ft, inferior 300 ft; value of fire department equipment \$2,500; value of buildings occupied \$500; total ann expenses of department \$150; total membership 27, volunteers; bell alarm. Chief engineer, J. L. Poock.

WATER SUPPLY—Source, 10 cisterns, cap 20,000 barrels; ann expenses \$200. Town clerk, A. N. Smith.

Ashland, Ashland Co., population 3,593; mercantile buildings, brick and stone, 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 aerial truck, 3 hose carriages; hose, rubber good 1,500 ft, leather inferior 500 ft; value of equipment \$5,000; value of buildings occupied \$2,000; total membership 60, volunteers. Chief engineer, F. A. Myers.

WATER SUPPLY—Source, 18 cisterns.

Ashtabula, Ashtabula Co., population 11,500; fire area 5,490 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines in reserve, 2 hand engines reserve, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 3 hose wagons; hose, cotton good 5,500 ft, rubber good 1,000 ft, inferior 800 ft; 8 hoses; value of fire department equipment \$29,800; value of buildings occupied \$6,000; total ann expenses of department \$5,000; total membership 150, paid part time; Gamewell alarm, 18 street boxes; 7 fire companies. Chief engineer, F. W. Blakealee.

WATER SUPPLY—Source, Lake Erie; system, pumping to reservoir and standpipe; reservoir cap 2,500,000 gals; standpipe cap 235,000 gals; pumping engines, dy cap 3,000,000 gals; hydrants 150; pipe 12 $\frac{1}{2}$ miles, 4 to 14 in dia; 44 valves; pressure, domestic 60 to 80 pounds; Eason pressure recording gauge; works owned by company; cost to construct \$250,000. Pres or chairman of com, Theodore Hall; supt, O. B. Clark.

Athens, Athens Co., population 3,000; mercantile buildings, brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck. Town clerk, C. K. Sheldon.*

WATER SUPPLY—Source, wells and cisterns; a system of waterworks is owned by the Athens Insane Asylum.*

Avondale, Coshocton Co., population 4,473; fire area 500 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 2 and 2 $\frac{1}{2}$ stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, rubber good 1,000 ft, inferior 450 ft; 3 hoses, value \$900; value of fire department equipment \$3,000; value of buildings occupied \$2,000; total ann expenses of department \$3,000; total membership 5, paid full time 5, paid part time 2; telegraph alarm; 60 street boxes. Chief engineer, Joseph A. Brown.

WATER SUPPLY—Source, from Cincinnati Waterworks; 14 miles pipe, 12 to 6 in; pressure 60 lbs.

Barnesville, Belmont Co., population 3,700; fire area 640 acres; mercantile buildings, stone and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in limits; no fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 800 ft, inferior 200 ft; value of fire department equipment \$2,000; value of department buildings \$5,000; total ann expenses of department \$200; total membership 105, volunteers; bell alarm. Chief engineer, S. S. Foreman.

WATER SUPPLY—Source, wells and cisterns, dy cap 21,000 gals. Mayor, H. W. Baker.

Bataavia, Clermont Co., population 953; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good

400 ft; value of fire department equipment \$800; total membership 50, volunteers; bell alarm. Chief engineer, John Erlon.

WATER SUPPLY—Source, wells and cisterns.

Bellaire, Belmont Co., population 10,000; fire area 1,200 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine ordered, 1 hook and ladder truck, 2 chemical extinguishers, 6 ordered, 5 hose carriages; hose, rubber good 2,000 ft, inferior 1,400 ft; value of fire department equipment \$3,000; value of 4 buildings occupied \$2,500; total ann expenses of department \$2,800; total membership 130, volunteers 120; bell alarm. Chief, G. E. Morgan.*

WATER SUPPLY—Source, Ohio river; system, pumping to reservoir and direct; reservoir cap 2,500,000 gals; pumping engines, dy cap 5,000,000 gals; 96 hydrants; pipe 12 miles, 3 to 20 in dia; 37 valves; 1,863 taps; pressure 55 to 75 pounds; waterworks owned by city; cost to construct \$130,000, cost to date \$200,000; ann expenses \$8,000. Supt and secy, Jas. Wilkinson.

Bellefontaine, Logan Co., population 6,500 fire area 2,480 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 2,000 ft; 3 hoses, value \$750; value of fire department equipment \$4,500; total ann expenses of department \$1,900; total membership 11, paid full time 2, paid part 9; Gamewell alarm; 3 private boxes. Chief engineer, C. F. Martin.

WATER SUPPLY—Source, artesian wells; system pump to reservoir, cap 11,000,000 gals; pumping engines, dy cap 1,500,000 gals; 98 hydrants; pipe 10½ miles, 4 to 16 in dia; 83 valves; 423 taps; pressure 65 pounds; waterworks owned by town; cost to construct \$100,000, cost to date \$110,000; ann expenses \$3,500. Supt, C. F. Martin.

Bellevue, Huron Co., population 3,052; fire area 1,500 acres; mercantile buildings, brick, stone and wood, 2 and 3 stories; private, brick and wood, 2½ stories; wooden roofs not permitted in business portion; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 600 ft, rubber good 600 ft, inferior 300 ft; linen good 300 ft; 2 hoses, value \$150; value of fire department equipment \$8,000; value of buildings occupied \$7,000; total ann expenses of department \$300; total membership 23, paid part time; bell alarm. Chief engineer, H. E. Basford.

WATER SUPPLY—Source, surface water; system, pumping to standpipe; reservoir cap 100,000,000 gals; standpipe cap 40,000 gals; pumping engines, dy cap 1,000,000 gals; 35 hydrants; pipe 8½ miles, 12 to 4 in dia; 18 valves; 350 taps; pressure, domestic 18 pounds; fire same; works owned by city; cost to construct \$60,000; ann expenses \$1,800 Supt, J. A. Dempsey.

Belmore, Putnam Co., population 500; fire area 120 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 400 ft, inferior 200 ft; value of fire department equipment \$700; value of buildings occupied \$500; total membership 25, volunteers; bell alarm. Chief engineer, N. Speaker.

WATER SUPPLY—Source, cisterns and wells.

Berea, Cuyahoga Co., population 3,000; buildings, brick, frame and stone, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 5 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 100 ft, rubber good 170 ft; value of fire department equipment \$800; value of buildings occupied \$5,000; total ann expenses of department \$50; total membership 36, volunteers; bell alarm. Chief engineer, H. T. Smith.*

WATER SUPPLY—Source, river and tank.

Blanchester, Clinton Co., population 1,500; fire area 1 mile square; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose car-

riages, all kinds; hose, rubber good 150 ft, cotton good 300 ft; value of fire department equipment \$1,200; total membership 50, volunteers; bell alarm. Chief engineer, J. C. Ross.

WATER SUPPLY—Source, private wells and cisterns.

Bluffton, Allen Co., population 1,400; fire area 500 acres; mercantile buildings, main street, brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—1 hand engine, 3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 500 ft, linen good 500 ft; value of fire department equipment \$1,500; value of buildings occupied \$800; total expenses for past year \$11; volunteer department of 11 members, 1 paid full time; bell alarm. Chief engineer, Henry Zearbaugh.

WATER SUPPLY—Source, 2 cisterns, cap 800 bbls, also creek.

Boltivar, Tuscarawas Co., population 700; fire area 300 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 275 ft; value of fire department equipment \$400; total membership 50, volunteers; bell alarm. Chief engineer, W. E. Lash.

WATER SUPPLY—Source, canal, river and private cisterns.

Bowling Green, Wood Co., population 5,000; fire area 4 sq miles; buildings, brick and wood, 1½ to 3 stories; roofs tin and iron; no fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,500 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total ann expenses \$500; membership 20, volunteers; bell and whistle alarm. Chief engineer, Richard Briggs.

WATER SUPPLY—Source, wells and cisterns; system, pump direct; standpipe cap 300,000 gals; 81 hydrants; pipe 8½ miles, 12 to 4 in dia; 91 valves. Town clerk, B. H. Selkirk.*

Bradford, Miami Co., population 1,500; fire area 100 acres; mercantile buildings, wood and brick 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose wagon; 200 ft good rubber hose; value of fire department apparatus \$800; buildings \$250; membership 30 volunteers; bell alarm. Foreman, W. K. Staichter.

WATER SUPPLY—Source, wells.

Brooklyn, Cuyahoga Co., population 6,000. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carts; hose, good 1,200 ft; value of fire department equipment \$1,200; total membership 20, volunteers; bell alarm. Chief, W. D. Campbell.

WATER SUPPLY—Source, Cleveland waterworks through meter; hydrants; pipe 9½ miles, 4 to 8 in dia; 50 taps; pressure 50 pounds; waterworks owned by village; cost to construct \$14,000, cost to date \$45,000; ann expenses \$5,000. Pres of com, G. W. Croft; supt, D. B. Fish.

Bryan, Williams Co., population 3,000; fire area 250 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; roofs tin and steel; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, all kinds, 1 hose wagon; hose, rubber good 1,200 ft, inferior 500 ft, cotton good 1,000 ft; 2 hoses, value \$300; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total ann expenses of department \$1,198; total membership 32, paid full time 2, paid part time 30; electric bell alarm. Chief engineer, J. E. Mattox.

WATER SUPPLY—Source, 8 artesian wells; system, pumping direct into mains; pumping engine, dy cap 1,000,000 gals; hydrants 75; miles of pipe 73-4, 4 to 12 in; 38 valves; taps 140; pressure, domestic 40, fire 60 pounds; waterworks owned by city; original cost to construct \$43,000; expenses of construction to date \$45,000 ann expenses \$2,200. Supt, M. Struble.

Bucyrus, Crawford Co., population 6,500; fire area 3½ sq miles; buildings, brick, stone and wood, 2 and 3 stories; wooden roofs not permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 2 hook and ladder trucks,

2 hose carriages, 1 hose wagon; hose, rubber good 28,00 ft, cotton good 500 ft; 6 horses, value \$1,000; value of fire department equipment \$8,000; value of buildings occupied \$6,000; total ann expenses of department \$5,000; total membership 21, paid full time 4, paid part time 17. Chief engineer, Wm. F. Mader.

WATER SUPPLY—Source, Sandusky river; system, direct pumping; pumping engines, dy cap 4,000,000 gals; 102 hydrants; pipe 12 miles; Mich. B. & Iron Works valves; Hyatt filters; pressure, domestic 40, fire 80 pounds; works owned by company; cost to construct \$80,000; ann expenses \$4,700. Supt, F. P. Kaler.

Cadiz, Harrison Co., population 1,716; fire area 160 acres; mercantile buildings, wood and brick, 3 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft, inferior 300 ft, cotton good 500 ft, inferior 300 ft; value of fire department equipment \$7,000; total ann expenses of department \$250; total membership 40, paid part of time 4, volunteers; bell alarm. Chief engineer, J. C. Glover.*

WATER SUPPLY—Source, wells and 7 cisterns, cap 3,700 barrels. Town clerk, W. H. Lucas.*

Caledonia, Marion Co., population 757; buildings, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$5,000; total membership 54, volunteers; bell alarm. Chief engineer, Frederick Busch.*

WATER SUPPLY—Source, 6 reservoirs, cap 200 barrels; 1 hydrant. Village clerk, L. M. Hipsler.*

Cambridge, Guernsey Co., population 5,500; fire area 3,000 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted except in business portion; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages, slamese couplings used; hose, cotton good 2,200 ft, inferior 300 ft; value of fire department equipment \$8,000; total ann expenses of department \$800; total membership 100, paid 1; bell alarm; 3 fire companies. Chief engineer, C. L. Wall.

WATER SUPPLY—Source, creek; system, pumping to 9 cisterns; pumping engine, dy cap 100 to 150 barrels.

Canal Dover, Tuscarawas Co., population 4,000; fire area 500 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,500 ft; total membership 84, 1 paid fulltime, volunteers; bell alarm; 3 fire companies. Chief engineer, J. Horn.*

WATER SUPPLY—Source, Ohio canal, mill race and Tuscarawas river; 9 cisterns, cap 600 barrels each.

Canal Fulton, Stark Co., population 1,250; fire area 10 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hose carriages, hooks and ladders etc., slamese couplings used; hose, cotton good 900 ft, rubber 1,400 ft; value of fire department equipment \$5,500; value of buildings occupied \$800; total ann expenses of department \$200; total membership 40, paid 3; bell alarm. Chief engineer, Chas. Sorn, Sr.

WATER SUPPLY—Source, canal and river, 3 cisterns, dy cap 2,000 gals.

Canton, Stark Co., population 33,000; fire area 3 miles sq; mercantile buildings, stone, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 chemical engine on wheels, 9 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 5 hose carriages; hose, rubber good 3,800 ft, inferior 1,000 ft; 18 horses, value \$3,600; value of fire department equipment \$19,000; value of buildings occupied \$31,000; expenses for past year \$35,000; total membership 70, 25 paid full time, 2 paid part time, 50 volunteers; Gamewell electric alarm; 62 street boxes. Chief engineer, Louis B. Obliger.

WATER SUPPLY—Source, Minishillen creek and drilled wells; system, direct pumping; 2 pumping engines, dy cap 13,000,000 gals; 280 hydrants; pipe 50 miles, 3 to 18 in dia; 200 valves; 3,250 taps; pressure, domestic 70, fire 135 pounds; Edison pressure recording gauge; waterworks owned by city; cost to construct \$350,000; ann expenses \$10,000. Supt, L. B. Ohliger.

Cardington, Morrow Co., population 1,428; fire area 150 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—1 steam engine, 10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,500 ft, inferior 200 ft; value of fire department equipment \$7,000; value of buildings occupied \$1,000; total membership 30, volunteers, paid for actual service; 1 engine company, 1 hook and ladder company, 2 hose companies; bell alarm. Chief, J. Pepper.

WATER SUPPLY—Source, wells and cisterns.*

Carey, Wyandot Co., population 2,000; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted, but seldom used. Fire department—1 hook and ladder truck, buckets; value of fire department equipment \$600; total membership 40, volunteers; bell alarm. Chief engineer, John Sockrider.

WATER SUPPLY—Source, streams, wells and cisterns. (Waterworks contemplated.)

Carrollton, Carroll Co., population 1,400; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, have about 800 feet, other apparatus will be purchased. Captain, H. S. Butler.

WATER SUPPLY—Source, cisterns.

Carthage, Hamilton Co., population 2,257; mercantile buildings, brick, 2 and 2½ stories; private, wood, 1 and 2½ stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department not reported.*

WATER SUPPLY—Source, wells; system, pumping direct; storage cisterns, cap 120,000 gals; pumping engines, dy cap 900,000 gals; 47 hydrants; pipe 7½ miles; 65 valves; 6 meters; pressure 40 pounds; works owned by village; cost to construct \$20,000. Supt, Chas. Welshod.*

Cedarville, Greene Co., population 1,355; fire area not given; buildings, brick and wood, 1 and 2 stories. Fire department—1 steam fire engine, 1 hand engine, 2 hose carts; hose 1,000 ft.*

WATER SUPPLY—Source, wells.*

Celina, Mercer Co., population 3,000; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber good 800 ft, inferior 600 ft; 8 horses; value of fire department equipment \$2,500; total membership 23, volunteers; bell alarm. Chief, J. Gerlach.

WATER SUPPLY—Source, 12 cisterna.

Chagrin Falls, Cuyahoga Co., population 1,243; buildings, stone, brick and wood, 1, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage, 1 force pump; hose, rubber good 450 ft, inferior 600 ft. Chairman of fire and water com, W. J. Wyckoff.*

WATER SUPPLY—Source, Chagrin river; pumping direct; 11 hydrants; pipe 1-4 mile, 4 in dia; quality of water fair. Mayor, H. W. Curtiss.*

Chardon, Geauga Co., population 1,084; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted on dwellings; fireworks ordinance. Fire department—2 hand engines, 14 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 800 ft, cotton good 500 ft; total membership 38, paid part time; bell alarm. Chief engineer, E. D. King.

WATER SUPPLY—Source, wells and cisterns.

Chicago Junction, Huron Co., population 1,299; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, inferior 200 ft; 2 horses; total membership 40, volunteers; bell alarm. Chief engineer, H. M. Sugler.

WATER SUPPLY—Source, cisterns; system, gravity and pumping; 2 reservoirs; pumping engines, dy cap 200,000 gals; 12 hydrants; pipe 1 mile; 10

valves; waterworks owned by B. & O. R. R. Co. Town clerk, J. J. Denison.

Chillicothe, Ross Co., population 12,000; fire area 1,600 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines (in reserve), 1 combination ladder truck with hose reel, 2 hose carriages; hose, rubber good 2,200 ft, inferior 800 ft, cotton good 600 ft; 5 horses, value \$800; value of fire department equipment \$40,000; value of 3 buildings occupied \$10,000; total ann expenses of department \$8,500; total membership 6, paid full time; Gamewell alarm; 29 street boxes. Chief engineer, Daniel Hammel.

WATER SUPPLY—Source, well on bank Sciota river; system, pumping to reservoir; reservoir cap 3,500,000 gals; 2 pumping engines, dy cap 3,500,000 gals; 125 hydrants; pipe 22 miles, 4 to 16 in dia; pressure 95 pounds; waterworks owned by company; cost to construct \$250,000. Pres, F. A. Stacey; secy, A. C. Kopp.

Cincinnati, Hamilton Co., population 315,000; fire area 24 sq miles; mercantile buildings, brick, stone and iron, 1 to 10 stories; private, brick, stone and wood, 2 to 4 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—37 steam fire engines, 3 chemical engine on wheels, 16 chemical extinguishers, 10 hook and ladder trucks, 40 hose carriages, all kinds; hose, cotton good 45,000 ft, rubber good 2,500 ft; 144 horses; total ann expenses of department \$412,000 in 1893; total membership 298, paid full time; Gamewell alarm; 404 street boxes. Fire marshal, John Archibald. (A water tower and hook and ladder truck contemplated.)

WATER SUPPLY—Source, Ohio river; system, pumping to reservoir and tanks; reservoir cap 105,000,000 gals; pumping engines, dy cap rated 69,000,000 gals, with an additional auxiliary of 28,000,000 gals; 1,750 hydrants; pipe 311.64 miles, 4 to 48 in dia; 40,000 taps; pressure, average 10 to 125 pounds; pressure recording gauge; waterworks owned by city; cost to construct \$9,428,058; ann expenses \$818,618. Pres, A. Herman; supt, Willis P. Tharp.

Circleville, Pickaway Co., population 8,000; fire area 1,300 acres; mercantile buildings, brick, 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hose carriage, 1 combined hose and ladder truck, 2 chemical extinguishers; hose, rubber good 2,000 ft; 4 horses; value of equipment \$8,500; value of buildings occupied \$10,000; total ann expenses of department \$3,300; total membership 19, paid full time 6, paid part time 15; Gamewell alarm; 22 street boxes. Chief engineer, J. M. Baer.

WATER SUPPLY—Source, Darby creek; system, pumping to standpipe and direct; storage reservoir, cap 14,000,000 gals; pumping engines, dy cap 4,000,000 gals; 134 hydrants; pipe 15 miles, 6 to 18 in dia; 490 taps; pressure, domestic 80 to 90, fire 120 to 140 pounds; waterworks owned by company; cost to construct \$170,000; ann expenses \$3,000. Supt, G. R. Haswell.

Cleveland, Cuyahoga Co., population 272,000; fire area 20,460 acres; mercantile buildings, brick and stone, 2 to 10 stories; private, brick, stone and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 fire boats, 18 steam fire engines, 4 under construction (2 reserve), 4 chemical engines on wheels, 12 chemical extinguishers, 6 hook and ladder trucks (1 reserve), 3 aerial trucks, 20 hose wagons (3 reserve), 5 buggies; hose, cotton good 28,000 ft, rubber good 50 ft; 115 horses, value \$200 each; value of fire department equipment \$200,000; value of buildings occupied \$212,000; total ann expenses of department \$368,000; total membership 290, paid full time; Gamewell alarm; street boxes 250. Chief engineer, James W. Dickinson; director of fire service, H. H. Hyman; secy, A. J. Spencer. (Apparatus being constructed; 4 new steamers, 3 new houses, 1 water tower, 1 aerial truck.)

WATER SUPPLY—Source, Lake Erie; system, pumping direct and to reservoirs; 2 reservoirs, cap 80,000,000 gals; pumping engines, dy cap 75,000,000 gals; 3,907 hydrants; pipe 383.5 miles, 4 to 36 in dia; valves 8,194; 43,644 taps; pressure,

domestic 80 to 90 pounds, fire same; pressure recording gauge; works owned by city; cost to construct \$550,000, to date \$6,628,618; ann expenses \$153,292. Director of public works, J. H. Farley; supt, M. W. Kingaley.

Clyde, Sandusky Co., population 2,327; mercantile buildings, brick, 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 3 hand hose carriages, slamese couplings used; hose, cotton good 1,000 ft, rubber 1,000 ft; value of fire department equipment \$6,500; value of buildings occupied \$4,500; total membership 60; bell alarm. Chief engineer, U. T. Wilder.*

WATER SUPPLY—Source, artesian wells; system, direct; storage reservoir; pumping engines, dy cap 2,000,000 gals; 49 hydrants; pipe 8 miles; 26 valves; 308 taps; pressure, domestic 25 to 40, fire 100 pounds; waterworks owned by city; cost to construct \$38,000; ann expenses \$1,950. Pres of works, J. P. McConnell; secy, W. E. Gillett.

Columbiana, Columbiana Co., population 1,112; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 200 ft, inferior 150 ft, linen good 250 ft; total membership 30, volunteers; bell alarm. Captain, T. A. Reckenburger.

WATER SUPPLY—Source, wells and cisterns. Village clerk, E. L. Rominger.

Columbus, Franklin Co., population 100,000; fire area 12 sq miles; mercantile buildings, brick and stone, 4 to 8 stories; private, brick, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—9 steam fire engines, 3 chemical engines on wheels, 8 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 9 hose carriages, all kinds, 1 hose wagon, 1 water tower; hose, cotton good 7,000 ft, rubber good 7,000 ft, inferior 3,000 ft; 56 horses, value \$7,512; value of fire department equipment \$64,800; value of buildings occupied \$130,000; total ann expenses of department \$120,000; total membership 102, paid full time; Gamewell alarm; 100 street boxes. Chief engineer, Henry Heinmiller.

WATER SUPPLY—Source, ground water and wells; system, pumping direct; pumping engines, dy cap 33,000,000 gals; 935 hydrants; pipe 127 miles, 4 to 24 in dia; 1,723 valves; 9,848 taps; pressure 70 pounds; Edison pressure recording gauge; works owned by city; cost to construct to date \$2,028,506.73; ann expenses \$58,000. Supt, A. H. McAlpine.

Columbus Grove, Putnam Co., population 1,660; fire area 1 sq mile; buildings, brick and wood, 2 stories. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 400 ft, cotton good 350 ft; value of fire department equipment \$2,000; value of buildings occupied \$500; total membership 75, volunteers; bell alarm. Chief engineer, C. H. Moore.

WATER SUPPLY—Source, wells 100 to 120 feet deep. Town Clerk, J. B. Sprague.

Conneaut, Ashtabula Co., population 4,500; fire area 3,000 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 4 chemical extinguishers, 2 hose carriages; hose, rubber good 500 ft, cotton good 600 ft; value of fire department equipment \$2,500; total ann expenses of department \$600; total membership 25, paid part time; bell alarm. Chief engineer, C. Hayward.*

WATER SUPPLY—Source, gang wells on beach of Lake Erie; system, pump to standpipe and direct; standpipe cap 300,000 gals; pumping engines, dy cap 2,500,000 gals; 95 hydrants; pipe 14 miles, 4 to 12 in dia; 141 valves; pressure 60 to 135 pounds; Edison pressure recording gauge; cost to construct \$246,000; ann expenses \$11,500. Pres, E. A. Miller; tres and gen'l man, H. DeC. Richards.

Coshocton, Coshocton Co., population 4,000; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted but seldom used; fireworks ordinance; causes of fire investigated. Fire department—3 hose carriages; hose, rubber good 1,500 ft; value of fire department equipment \$2,000; value of buildings \$3,000; total membership 75, volunteers; bell

alarm; 3 fire companies. Chief engineer, J. B. Manner.*

WATER SUPPLY—Source, river and driven wells; system, pumping to reservoir; reservoir cap 340,000 gals; pumping engines, dy cap 2,000,000 gals; 100 hydrants; pipe 8½ miles, 4 to 12 in dia; 70 valves; 600 taps; pressure, domestic 80 to 110 pounds, fire same; works owned by city; cost to construct \$80,000, cost to date \$70,000; ann expenses \$1,200. Pres, Geo. W. Ames; city civil engineer, J. A. Hanton.

Covington, Miami Co., population 1,800; fire area 600 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam engine, 1 hose carriage; hose, rubber good 800 ft, inferior 300 ft, cotton good 500 ft; value of fire department equipment \$4,000; value of buildings occupied \$800; total expenses of department last year \$188; total membership 42, volunteers; bell alarm. Chief engineer, D. M. Lower.

WATER SUPPLY—Source, river; system, pumping to 10 cisterns, cap 500 bbls each; cost of construction \$7,000; ann expenses \$100. Supt, G. W. Butt.*

Crestline, Crawford Co., population 2,911; fire area 600 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 and 3 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, all kinds, 1 hose wagon; hose, linen, rubber lined good 2,000 ft, unlined 500 ft, rubber good 1,000 ft; value of fire department equipment \$5,000; value of buildings occupied \$2,000; total ann expenses of department \$800; total membership 70, paid part time 12, volunteer members 68; bell alarm. Chief engineer, Philip Volk.*

WATER SUPPLY—Source, springs and artesian wells; system, gravity; reservoir, cap 400,000; hydrants 47; pipe 14 miles, 8, 6 and 4 in dia; 86 valves; 322 taps; pressure 50 pounds, fire same; works owned by city; cost to construct \$80,000, cost to date \$150,000; ann expenses \$1,200. Supt, Joseph Zeller.

Cuyahoga Falls, Summit Co., population 2,700; fire area 1 mile; buildings, brick, 2 stories. Fire department—10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft, poor 300 ft, cotton good 400 ft; value of fire department equipment \$2,500; value of buildings occupied \$5,000; total ann expenses \$1,100; total membership 27, volunteers; steam whistle alarm. Chief engineer, W. I. Clarkson.

WATER SUPPLY—Source, Cuyahoga river; system direct pumping; 3 pumping engines; 17 hydrants; pipe 1 mile, 6 in dia; 13 valves; works owned by city. Pres, M. J. Betts.*

Dalton, Wayne Co., population 610; fire area 500 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, rubber good 250 ft, inferior 50 ft (more will be purchased); volunteer members. Chairman, J. M. Fiscus.

WATER SUPPLY—Source, reservoirs from fountain; system, pumping direct; reservoir cap 25 ft dia, 10 ft deep; 13 hydrants; pipe 1,010 ft, 8 in dia; quality of water sulphur, not filtered; works owned by city; ann expenses \$150. Pres, J. M. Fiscus.

Dayton, Montgomery Co., population 76,000; fire area 14 sq miles; mercantile buildings, brick, 4 to 6 stories; private, wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—4 steam fire engines, 2 chemical engines on wheels, 18 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 12 hose carriages, all kinds, 1 supply wagon, other apparatus, 3 chief's wagons; hose, rubber good 750 ft, cotton good 19,500 ft, linen good 300 ft; 33 hoses, value \$6,200; value of fire department equipment \$90,250; value of buildings occupied \$87,700; total ann expenses of department \$75,474; total membership 73, paid full time 65, paid part time 8; Gamewell alarm; 110 street boxes. Chief engineer, D. C. Larkin.

WATER SUPPLY—Source, 76 8-inch tube wells; system, direct; pumping engines, dy cap 17,000,000 gals; 716 hydrants; pipe 74 miles, 4 to 20 in

dia; pressure, domestic 60, fire 110 pounds; Edison pressure recording gauge; waterworks owned by city; cost to construct \$750,000; ann expenses \$33,500. Supt, Chas. Eckstein.

Defiance, Defiance Co., population 9,000; area 2,720 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 chemical extinguishers, 4 hose carriages, 1 hose wagon, siamese couplings used; hose, rubber and cotton good 2,200 ft, rubber good 1,500 ft; 4 horses; total membership 75, paid 3, part time 2, volunteers 70; value of equipment \$4,000; value of buildings \$48,000; ann expenses \$3,000; telephone and bell alarm. Chief, L. Spring.

WATER SUPPLY—Source, Maumee river; system, pumping to standpipe, cap 339,000 gals; pumping engines, dy cap 5,000,000 gals; 155 hydrants; pipe 17 1-4 miles, 6 to 18 in dia; 54 valves; pressure, domestic 65, fire 100 pounds; works owned by company; cost to construct \$190,000. Supt, S. M. Stevens.

DeGraff, Logan Co., population 1,200; buildings, wood and brick, 1 to 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft; value of fire department equipment \$7,000; value of buildings occupied \$3,000; total ann expenses of department \$850; 60 members; paid full time 2, remainder volunteers; bell alarm. Chief engineer, M. E. Burlett.

WATER SUPPLY—Source, wells, cisterns and mill race. Village clerk, B. F. Hudson.

Delaware, Delaware Co., population 8,224; fire area 2,660 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, brick and stone, 1½ and 2 stories; fireworks ordinance. Fire department—2 steam fire engines, 1 chemical engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, siamese couplings used; hose, cotton good 1,000 ft, linen inferior 500 ft; 5 horses; value of equipment \$2,000; value of buildings occupied \$30,000; ann expenses of department \$3,500; total membership 17, paid full time 5, paid part time 12; telephone and bell alarm. Chief nominated by mayor and appointed by city council, W. E. Moore.*

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; standpipe cap 337,000 gals; pumping engines, dy cap 4,000,000 gals; 219 hydrants; pipe 17 miles, 4 to 16 in dia; 117 valves; 597 taps; pressure 65 to 150 pounds; waterworks owned by company; ann expenses \$4,362. Supt, C. W. Wiles.

Delphos, Allen Co., population 4,516; fire area 950 acres; buildings, brick and wood, 2 to 4 stories. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 2 hose reels, 4 chemical extinguishers, 1 hose wagon, siamese couplings used; hose, rubber good 1,000 ft; 4 horses, valued at \$500; value of fire department equipment \$11,000; value of buildings occupied \$18,000; 30 volunteer members, 2 paid full time; bell alarm. Chief elected by council, Fred Rauschart.

WATER SUPPLY—Source, canal, creek and 21 cisterns.

Delta, Fulton Co., population 1,132; buildings, brick and wood, 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 900 ft; 75 volunteer members; bell alarm. Chief engineer, M. S. Sargent.

WATER SUPPLY—Source, cisterns.

Dennison, Tuscarawas Co., population 2,925; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories. Fire department—1 hand engine, 2 chemical engines, 19 chemical extinguishers, 1 hook and ladder truck, 3 hand hose carts, 6 automatic hose reels; hose, cotton good 2,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,000; 80 volunteer members; Gamewell alarm; 6 street boxes; 4 fire companies. Chief engineer, C. A. Spooner.*

WATER SUPPLY—Source, Big Stillwater creek; system, pump to reservoir, cap 3,000,000 gals; pumping engines, dy cap 2,500,000 gals (Unionville supplied by the same plant); 123 hydrants; pipe 12½ miles, 14 to 6 in dia; 593 taps; pressure 100 pounds; works owned by company; cost to

construct \$261,500; ann expenses \$5,000. Supt. F. Potter.

Deashler, Henry Co., population 1,600; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft, cotton good 1,000 ft; value of fire department equipment \$5,000; value of buildings occupied \$3,600; total ann expenses of department \$1,040; total membership 37, paid full time 1, paid part time 33, volunteers; bell alarm. Chief engineer, M. H. Darby; chairman of fire com, John Donovan.

WATER SUPPLY—Source, cisterns, wells, etc.

Dunkirk, Hardin Co., population 1,220; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 700 ft, inferior 200 ft, rubber inferior 300 ft; value of buildings occupied \$3,000; total expenses of department last year \$40; 30 volunteers. Chief, J. A. Rinehart.*

WATER SUPPLY—Source, 14 cisterns, cap 1,800 barrels. Town clerk, J. T. Kinsey.

East Liverpool, Columbiana Co., population 13,000; fire area 500 acres; mercantile buildings, brick, slate or tin roofs, 2 to 4 stories; private, brick and wood, 1 to 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hook and ladder trucks, 1 aerial truck, 1 hose carriage, 3 hose carts, 1 hose wagon; hose, rubber good 4,000 ft, cotton good 4,000 ft; 6 horses, value \$1,000; value of fire department equipment \$15,000; value of buildings occupied \$10,000; total ann expenses of department \$20,000; total membership 50, paid full time 8, paid part time 17, volunteer members 30; Gamewell alarm; street boxes 18. Chief engineer, M. B. Adam.

WATER SUPPLY—Source, Ohio river; system, pumping to reservoir and direct; low service reservoir, cap 2,500,000 gals; high service 1,500,000 gals; pumping engines, dy cap 3,500,000 gals; 130 hydrants; pipe 27 miles, 4 to 20 in dia; 150 gates; 1,050 taps; pressure 70 to 120 pounds; waterworks owned by village; cost to construct \$160,000, to date \$270,000; ann expenses \$12,000. Supt. Phil Morley.

East Palestine, Columbiana Co., population 1,816; buildings, wood, 2 stories; wooden roofs permitted. Fire department—2 chemical engines, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,800; total ann expenses of department \$1,400; 34 volunteers; bell alarm. Chief engineer, J. R. Hays.*

WATER SUPPLY—Source, 1 well; system, pump to reservoir, cap 300,000 gals; pumping engines, dy cap 750,000 gals; 50 hydrants; pipe 5 3-4 miles, 4 to 10 in dia; 35 valves; pressure, domestic 95, fire 110 pounds; 175 taps; waterworks owned by city; cost to construct \$24,000; cost to date \$78,000; ann expenses \$1,000. Supt. J. R. Hays.

Eaton, Preble Co., population 3,500; fire area 500 acres; mercantile buildings, brick and wood, (slate and tin roofs), 2 and 3 stories; private, brick and wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine not used, 1 hook and ladder truck, 2 hose reels, 1 hose wagon; hose, rubber good 500 ft, inferior 400 ft, cotton good 1,150 ft, inferior 800 ft; 2 horses, value \$500; value of fire department equipment \$8,500; value of buildings occupied \$10,000; total ann expenses \$2,500; total membership 20, paid members; bell alarm. Chief, W. C. McCabe.

WATER SUPPLY—Source, 10 wells and creeks; system, pumping direct and to standpipe; standpipe cap 190,000 gals; pumping engines, dy cap 1,500,000 gals; 75 hydrants; pipe 9 1/2 miles, 4 to 14 in dia; 74 valves; 248 taps; pressure, domestic 60, fire 120 pounds; works owned by city; cost to construct \$79,651, cost to date \$79,176.68; ann expenses \$1,800. Supt. W. C. Dove.

Edgerton, Williams Co., population 1,100; fire area 180 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels; hose, rubber good 125

ft; value of fire department equipment \$500; total ann expenses of department \$75. Marshall, Geo. W. Collender. (Have voted \$5,000 for improvements.)

WATER SUPPLY—Source, 3 cisterns. Town clerk, Jno. P. Horton.*

Elmore, Ottawa Co., population 1,198; buildings, brick and wood, 2 stories; tin roofs used; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages; hose, cotton good 500 ft, linen good 500 ft, rubber good 500 ft; 75 volunteer members. Chief engineer, G. W. Gallant.

WATER SUPPLY—Source, 10 cisterns, cap 250 bbls each.

Elyria, Lorain Co., population 5,800; fire area 1,000 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 7 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose, cotton good 2,200 ft, rubber good 500 ft, inferior 500 ft; value of fire department equipment \$9,000; value of buildings occupied \$30,000; total ann expenses of department \$1,850; total membership 75, paid part time; bell alarm; 1 hook and ladder company, 5 hose companies. Chief engineer, John Hafner.

WATER SUPPLY—Source, Black river; system, pumping to standpipe, cap 135,000 gals; reservoir cap 150,000,000 gals; pumping engines, dy cap 2,000,000 gals; 61 hydrants; cast iron pipe, pipe 10 miles, 12 to 3 in dia; 64 valves; pressure, domestic 34, fire 100 pounds; waterworks owned by company; cost to construct to date \$198,000; ann expenses \$5,500. Supt. Geo. E. Cripe.

Fayette, Fulton Co., population 890; buildings, brick, 2 stories. Fire department—1 hand engine, 1 chemical extinguisher, 1 hose carriage, ladders; hose, rubber good 600 ft; value of fire department \$1,200; expenses \$35; 24 volunteer members; bell alarm. Chief engineer, C. H. Lewis.

WATER SUPPLY—Source, 12 reservoirs and 3 wells. Mayor, Benj. Storer.

Felletsy, Clermont Co., population 779; mercantile buildings, brick and wood, 1, 2 and 3 stories; private, wood, 2 stories; shingle and tin roofs. Fire department—2 hand engines, 1 aerial truck, 2 hooks, 6 ladders; hose, rubber 300 ft; value of fire department equipment \$450; total ann expenses of department \$25; 1 paid member. Chief engineer, W. H. Lealle.

WATER SUPPLY—Source, wells.

Findlay, Hancock Co., population 20,000; fire area 24 sq miles; mercantile buildings, brick and stone, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 2 hand engines, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 2 hose wagons; hose, cotton good 4,000 ft, inferior 500 ft, rubber good 400 ft, inferior 300 ft; 11 horses, value \$2,100; value of fire department equipment \$30,000; value of buildings occupied \$8,000; total ann expenses of department \$9,000; total membership 65, paid full time 12, volunteers 50; Gamewell alarm; 34 street boxes. Chief engineer, J. B. Rubl.*

WATER SUPPLY—Source, Blanchard river; system, direct pumping; reservoir cap 90,000,000; pumping engines, dy cap 5,000,000 gals; 201 hydrants; pipe 28 miles, 80 to 4 in dia; valves 154; 1,125 taps; pressure, domestic 65, fire 120 pounds; works owned by city; cost to construct to date \$325,000; ann expenses \$7,500. Secy, D. L. Grable.

Forest, Hardin Co., population 1,126; fire area 500 acres; mercantile buildings, wood, brick and stone, 3 and 4 stories; private, hard wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft, cotton good 200 ft; value of fire department equipment \$2,100; value of building occupied \$50; total ann expenses of department \$40; 36 volunteer members; bell alarm. Chief engineer, E. I. Harman.*

WATER SUPPLY—Source, wells and cisterns.

Fort Recovery, Mercer Co., population 1,400; fire area 500 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 500 ft, inferior

250 ft; value of fire department equipment \$2,000; value of buildings occupied \$5,000; total ann expenses of department \$50; total membership 25, volunteers; bell alarm. Chief, J. R. Kruse.

Fostoria, Seneca Co., population 7,070; fire area 5 miles sq; mercantile buildings, brick, stone and wood, 2 to 5 stories; private, brick, stone and wood, 2 to 4 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 6 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 supply wagon, slamese couplings used; hose, cotton good 2,500 ft, inferior 500 ft; 3 horses, value \$1,000; value of fire department equipment \$20,000; value of buildings occupied \$15,000; expenses for past year \$2,557; 6 men paid full time, 18 paid part time; bell alarm. Chief engineer, R. B. Linhart.*

WATER SUPPLY—Source, creeks and storage reservoirs; system, pump to standpipe, cap 380,000 gals; reservoir cap 150,000,000; dy cap 2 pumps 3,000,000 gals; 138 hydrants; pipe 17 miles, 4 to 18 in dia; 175 valves; 425 taps; pressure, domestic 60, fire 100 to 120 pounds; works owned by city; cost to construct \$200,000; cost to date \$225,000; ann expenses \$3,500. Supt, B. M. Myers.

Frankfort, Ross Co., population 687; fire area 75 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck. Chief engineer, W. D. Vorhes.*

WATER SUPPLY—Source, wells.*

Franklin, Warren Co., population 3,200. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton and rubber good, 2,000 ft; 2 horses; total membership 18, paid part time. Chief engineer, W. H. Dial.

WATER SUPPLY—Source, driven wells; system, direct pumping; pumping engines, dy cap 1,000,000 gals; 63 hydrants; pipe 6 miles, 4 to 12 in dia; 25 valves; 371 taps; pressure 60 to 100 pounds; works owned by city; cost to construct \$45,000; ann expenses \$2,700. Supt, C. Buehner.

Fredericktown, Knox Co., population 950; fire area 200 acres; mercantile buildings, wood and brick, 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 600 ft; value of equipment \$1,500; value of buildings occupied \$2,000; total membership 50, volunteers; bell alarm. Chief engineer, J. G. Davis.

WATER SUPPLY—Source, wells, cisterns and creeks.*

Fremont, Sandusky Co., population 7,141; fire area 2,560 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 1 hose cart, 1 supply wagon, 1 hose wagon; hose, cotton rubber lined good 1,800 ft, rubber inferior 400 ft; 2 horses, value \$400; value of fire department equipment \$4,000; total expenses \$1,800; total membership 10. Chief engineer, C. F. Reiff.*

WATER SUPPLY—Source, springs and gravel beds; system, pumping to standpipe and direct; reservoir cap 2,500,000 gals; standpipe cap 365,000 gals; pumping engines, dy cap 4,000,000 gals; 120 hydrants; pipe 12½ miles, 4 to 16 in dia; 85 valves; 10 meters; pressure, domestic 60, fire 75 to 80 pounds; waterworks owned by city; cost to construct \$150,000; ann expenses \$6,000. Supt, C. F. Reiff.*

Gallion, Crawford Co., population 6,328; fire area 640 acres; mercantile buildings, brick and wood, 2 and 3 stories. Fire department—1 steam fire engine, 1 hand engine, 4 hose carriages, slamese couplings used; hose, cotton good 400 ft, rubber good 1,000 ft, inferior 300 ft; value of fire department equipment \$7,450; value of 2 buildings occupied \$5,000; total membership 83, paid full time 6, paid part time 7, volunteers 70; Gamewell alarm.*

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; standpipe cap 35,000 gals; pumping engines, dy cap 1,500,000 gals; 100 hydrants; pipe 11 miles, 4 to 12 in dia; 40 valves; pressure, domestic 40 to 60, fire 80 to 100 pounds; waterworks owned by company; cost to construct \$100,000. Supt, M. G. Chapman.

Gallipolis, Gallia Co., population 6,000; fire

area 200 acres; mercantile buildings, brick and stone, 2 to 4 stories; private, brick and wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 3 hose carriages, all kinds, 1 hose wagon; hose, cotton good 500 ft, inferior 1,100 ft, rubber good 1,500 ft, inferior 300 ft; 3 horses, value \$450; value of fire department equipment \$12,000; value of buildings occupied \$5,000; total ann expenses of department \$2,000; total membership 34, paid full time 4, volunteer members 30; bell and telephone alarm. Chief engineer, F. Kuhn.

WATER SUPPLY—Source, cisterns; a system in contemplation and with fair prospects of construction, source will be from the Ohio river, pump to reservoir and direct; cap of reservoir 1,000,000 gals, dy cap 1,500,000 gals; 90 hydrants; pipe 9-15 miles, 18 to 4 in dia; 30 valves; works will be owned by company. Supt, of construction, E. R. Davenport.*

Garrettsville, Portage Co., population 1,046; mercantile buildings, wood, 3 stories; private, wood, 2½ stories; wooden roofs permitted. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, linen good 650 ft; value of fire department equipment \$2,500; total ann expenses of department \$150; total membership 38, volunteers paid for service; bell alarm. Chief engineer, J. C. Lamon.*

WATER SUPPLY—Source, river; system, pumping to cisterns, with horse power fire pump; 4 reservoirs, cap 300 barrels each.

Geneva, Ashtabula Co., population 3,000; fire area 800 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, slamese couplings used; hose, rubber 900 ft, cotton new 750 ft; 2 horses, value \$400; value of fire department equipment \$10,000; value of building occupied \$11,000; total ann expenses of department \$800; total membership 30, paid part time; bell and electric alarm. Chief engineer, F. H. Nearing.

WATER SUPPLY—Source, 12 wells, dy cap 6,500 bbls. Mayor, Henry Means.

Genoa, Ottawa Co., population 839; fire area 150 acres; buildings, brick and wood. Fire department—1 hand engine, 2 hose carriages; hose, cotton good 500 ft, rubber good 250 ft; value of fire department equipment \$1,500; total membership 35, volunteers; bell alarm. Chief engineer, S. H. Burgess.

WATER SUPPLY—Source, wells and cisterns, cap 500 bbls. Town clerk, John Earnst.

Georgetown, Brown Co., population 1,473; fire area 400 acres; mercantile buildings, stone and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 900 ft, inferior 100 ft; value of fire department equipment \$2,500; value of buildings occupied \$300; total membership 63, volunteers; bell alarm. Chief, G. N. Becker.*

WATER SUPPLY—Source, cisterns and wells.*

Germantown, Montgomery Co., population 2,000; fire area 500 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose, cotton and rubber good 1,400 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,500; total ann expenses of department \$200; total membership 70, paid 2; bell alarm. Chief, Geo. Coleman.

WATER SUPPLY—Source, 11 wells and cisterns; system, pumping to 9 cisterns; pumping engines, dy cap 84,000 gals. Mayor, Adam Frank; village clerk, John C. Schaffer.

Girard, Trumbull Co., population estimated 1,000; buildings, wood and brick. No organized fire department—hand engine, 1 bucket brigade; hose, rubber good 100 ft; bell alarm.*

WATER SUPPLY—Source, cisterns, wells and river.

Glendale, Hamilton Co., population 1,444; buildings, wood, 1 and 1½ stories. Fire depart-

ment—1 chemical engine on wheels; total membership 60.*

WATER SUPPLY—Source, wells; system, pumping direct; pumping engines, 4; cap 1,250,000 gals; 40 hydrants; pipe 7½ mhes, 10 to 2 in dia; 38 valves; 55 taps; pressure 40 to 125 pounds; works owned by village; cost to construct \$34,000; ann expenses \$2,200. Secy, O. B. Going.

Glouster, Athens Co., population 2,500; fire area 500 acres; mercantile buildings, wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical hand engine combined, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 300 ft; value of fire department equipment \$800; 40 volunteer members; bell alarm. Chief, B. F. Achauer.

WATER SUPPLY—Source, creek and wells.*

Granville, Licking Co., population 1,386; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance.*

WATER SUPPLY—Source, wells; system, gravity, pumping to reservoir, cap 180,000 gals; pumping engines, 4; cap 100,000 gals; pipe 5½ miles, 8 and 4 in; 37 hydrants; 15 valves; 127 taps; pressure 87 pounds; works owned by city; cost to construct \$18,000; ann expenses \$350. Supt, Wm. Kendall.

Greenfield, Highland Co., population 3,500; fire area 600 acres; buildings, iron, rock, wood and brick, 1 and 2 and 3 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; bell alarm; hose, good 800 ft; 30 volunteer members. Chief, E. J. Price.

WATER SUPPLY—Source, Paint creek; system, pumping to standpipe and direct; pumping engines, 4; cap 1,500,000 gals; standpipe cap 85,000; pipe 6½ miles; 57 hydrants; 17 valves; 200 taps; pressure 80 to 100 pounds; works owned by city; cost \$40,000. Chairman, H. L. Dickey.

Green Springs, Seneca Co., population estimated 1,000. Fire department—1 hand engine, 4 chemical extinguishers, 2 hose carriages; hose, rubber good 1,000 ft; total membership 25, volunteers. Chief engineer, H. Parker.*

WATER SUPPLY—Source, 4 cisterns, 1 reservoir.*

Greenville, Darke Co., population 6,000; fire area 400 acres; mercantile buildings, brick, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 1,500 ft, inferior 200 ft; 4 hoses, value \$1,200; value of fire department equipment \$8,000; value of buildings occupied \$10,000; total ann expenses of department \$3,000; total membership 40, paid full time 4, paid part time 20, volunteer members or call men 16; Gamewell alarm; 13 street boxes. Chief engineer, O. S. McKeon.*

WATER SUPPLY—Source, 8 cisterns, 7 wells.*

Greenwich, Huron Co., population 1,000; fire area 640 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 hand engines, 1 chemical engine on wheels, 1 hook and ladder truck, rubber buckets; hose, 600 ft cotton good. Chief, F. L. Ward.

WATER SUPPLY—Source, wells and cisterns. Town clerk, H. Burt.

Hamilton, Butler Co., population 17,565; fire area 6,000 acres; mercantile buildings, brick, 3 and 4 stories; private, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose reels, 1 hose wagon; hose, cotton good 2,500 ft, inferior 600 ft, rubber good 900 ft; 7 hoses, value \$1,400; value of fire department equipment \$10,000; value of buildings occupied \$20,000; total ann expenses of department \$12,000; total membership 24, paid full time 10, paid part time 14; Gamewell and Stevens alarm; 33 street boxes. Chief engineer, John Boose.*

WATER SUPPLY—Source, driven wells; system, pumping to reservoir and direct; reservoir cap 6,750,000 gals; pumping engines, 4; cap 3,000,000 gals; 278 hydrants; pipe 35 miles, 4 to 20 in dia; 300 valves; 2,233 taps; pressure, domestic 90 pounds, fire same; works owned by city; cost to

construct \$360,000, to date \$380,000; ann expenses \$11,000. Supt. John Fisher.

Hamler, Henry Co., population 556; fire area 500 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical extinguisher, 1 hose carriage; hose, rubber good 300 ft, cotton good 200 ft; value of fire department equipment \$500; value of buildings occupied \$100; total ann expenses of department \$150; total membership 20; bell alarm. Chief engineer, Peter Gwilliom.

WATER SUPPLY—Source, wells and cisterns.

Harmar, Washington Co., population estimated 1,000; buildings, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hose carriage; hose, rubber 1,500 ft, wood 1,000 ft; value of fire department equipment \$5,500; value of buildings occupied \$2,000; total ann expenses of department \$300; total membership 25, paid 3; bell alarm. Chief engineer, Geo. Stephens.*

WATER SUPPLY—Source, river, 5 cisterns; dy cap 12,000 gals. Town clerk, W. Judd.*

Harrison, Hamilton Co., population 3,000; fire area 160 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 5 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,000 ft, leather good 250 ft, inferior 250 ft; value of fire department equipment \$5,500; value of buildings occupied \$17,000; total ann expenses of department \$300; total membership 35, volunteers; bell alarm. Chief engineer, W. H. Biddinger, Sr.

WATER SUPPLY—Source, Whitewater river and wells; system, pumping to standpipe and direct; cap of standpipe 93,000 gals; pumping engines, dy cap 1,000,000 gals; 25 hydrants; pipe 2 miles; 10 valves; pressure, domestic 50, fire 150 pounds; cost to construct \$54,280. Supt, J. P. Mittler.*

Hartwell, Hamilton Co., population 1,507; mercantile buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 engine, 1 hose reel, 1 hook and ladder truck; value of equipment \$1,300; total membership 31, volunteers; bell alarm. Chief fire marshal, Henry A. Hills.*

WATER SUPPLY—Source, wells, Wyoming O. Water Co.; system, pumping to reservoir and direct; hydrants 60; pipe 9 miles, 4 to 8 in; 54 valves; 30 taps; pressure 100 pounds; waterworks owned by city; original cost to construct \$25,000; ann expenses \$1,825. Supt or water com, W. W. Mers.

Hicksville, Defiance Co., population 2,500; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,000 ft; value of fire department equipment \$1,500; total membership 40, volunteers; bell alarm; 2 fire companies, 1 hook and ladder company, 1 hose company. Chief engineer, Frank F. Snyder.

WATER SUPPLY—Source, wells, 30 ft deep; system, pumping direct; pumping engines, 4; cap 1,500,000 gals; 37 hydrants; pipe 4 miles, 10 to 4 in dia; 20 valves; 156 taps; pressure, domestic 40, fire 100 pounds; works owned by city; cost to construct \$30,300; ann expenses \$950. Supt, M. Warner.

Hillsboro, Highland Co., population 4,300; fire area 1,800 acres; mercantile buildings, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carts, 3 hand hose carts, siamese couplings used; hose, rubber good 2,000 ft; 3 hoses; value of fire department equipment \$12,000; value of 2 buildings occupied \$6,000; total ann expenses of department \$4,500; total membership 34, paid full time 4, paid part time 10; Gamewell alarm; 10 street boxes. Chief engineer, C. F. Doner.

WATER SUPPLY—Source, 4 ponds, 41 cisterns; system, pumping to cisterns in dry weather, when not filled from roofs. Village clerk, N. H. Ayers.*

Hubbard, Trumbull Co., population 1,500; fire area 450 acres; buildings, brick and wood, 1 and

2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 900 ft, rubber good 250 ft, poor 250 ft; value of equipment \$550; value of buildings occupied \$350; total membership 20, volunteers; bell alarm. Chief engineer, L. E. Worley.

WATER SUPPLY—Source, wells, streams and private reservoirs.*

Hudson, Summit Co., population 1,200; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 350 ft; total membership 32, volunteers. Chief engineer, A. A. Melchiny.

WATER SUPPLY—Source, 13 cisterns.

Huron, Erie Co., population 1,380; fire area 1 sq acre; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,000 ft; value of fire department equipment \$12,000; value of buildings occupied \$300; total membership 20, paid part time; bell alarm. Chief engineer, S. N. Lennon.

WATER SUPPLY—Source, wells and cisterns. (Will build waterworks.)

Ironton, Lawrence Co., population 10,000; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 8 hose carriages; hose, rubber good 2,800 ft; total membership 65, volunteers. Chief engineer, Wm. George.*

WATER SUPPLY—Source, Ohio river; system, direct pumping; pumping engine, dy cap 3,000,000 gals; 171 hydrants pipe 14 miles, 4 to 12 in dia; 92 valves; 1,500 taps; pressure, domestic 45, fire 90 pounds; waterworks owned by city; cost to construct \$180,000; ann expenses \$9,000. Supt, E. Lawton.

Jackson, Jackson Co., population about 5,500; fire area 600 acres; mercantile buildings, brick and wood (metal roofs), 2 and 3 stories; private, brick, stone and wood, 1 to 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 fire ladder, 1 hose carriage; hose, rubber good 1,000 ft, inferior 750 ft; 4 horses, value \$700; value of fire department equipment \$10,500; value of buildings occupied \$3,000; ann expenses for past year \$2,800; total membership 12, paid full time 3, part time 9; bell alarm. Chief engineer, John H. Harding.

WATER SUPPLY—Source, 17 cisterns and wells. (Water works contemplated.)

Jamestown, Greene Co., population 1,200; fire area 300 acres; buildings, brick, stone and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 900 ft, cotton 100 ft; value of fire department equipment \$900; value of buildings occupied \$15,000; total membership 85, paid part time 3, remainder volunteers; bell alarm. Chief engineer, Dr. F. W. Ogan.

WATER SUPPLY—Source, wells, 6 cisterns, esp 400 barrels each.

Jefferson, Ashtabula Co., population 1,346; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 100 ft, rubber good 200 ft, inferior 100 ft; value of fire department equipment \$1,000; value of buildings occupied \$16,000; total ann expenses of department \$25; total membership 33, volunteers. Chief, R. E. Ives.

WATER SUPPLY—Source, wells and 7 cisterns.*

Kent, Portage Co., population 3,501; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 and 3 stories; brick buildings inside fire limits; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 2,300 ft; Union fire alarm system; 9 street boxes; 4 fire companies, 1 hook and ladder company, 3 hose companies. Chief engineer, D. M. Marshall.*

WATER SUPPLY—Source, Cook well, 4 x 8 in; system, pumping to standpipe; standpipe cap 10,000,000 gals; pumping engine, dy cap 3,000,000 gals; 79 hydrants; pipe 12 miles, 12 to 4 in dia; 56 valves; 342 taps; pressure, domestic 100, fire 150

pounds; works owned by company; ann expenses \$4,800. Supt, Alexander B. Young.

Kenton, Hardin Co., population 7,000; fire area 640 acres; mercantile buildings, brick, 2 to 4 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, siamese couplings used; hose, rubber good 1,200 ft, inferior 1,000 ft; 4 horses, value \$800; value of fire department equipment \$3,200; value of buildings occupied \$12,000; total ann expenses of department \$2,400; total membership 22, paid part time 20, volunteers 18; electric connection with waterworks. Chief, W. W. Young.*

WATER SUPPLY—Source, well; system, direct pumping; pumping engine, dy cap 1,500,000 gals; 71 hydrants; pipe 8 miles, 8 to 14 in dia; 10 valves; 3 meters; pressure, domestic 60, fire 85 pounds; waterworks owned by city; cost to construct \$84,000; ann expenses \$3,500. Pres, W. W. Young; supt, W. A. Ross.

Kingsville, Ashtabula Co., population estimated 900; fire area 320 acres; buildings, wood, 2½ stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 36 pails; value of fire department equipment \$125; total membership 36; bell alarm.

WATER SUPPLY—Source, wells and cisterns.

Laurelton, Fairfield Co., population 8,000; fire area 2 miles sq; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, several chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, cotton good 500 ft, rubber good 3,000 ft; 2 horses, value \$300; value of fire department equipment \$20,000; value of buildings occupied \$6,000; total ann expenses of department \$1,800; total membership 14, paid part time; bell alarm. Chief engineer, F. Wells.

WATER SUPPLY—Source, springs; system, pumping to standpipe; standpipe cap 140,000 gals; pumping engine, dy cap 3,000,000 gals; hydrants 72; pipe 8 miles, 4 to 12 in dia; 36 valves; 450 taps; pressure, domestic 56, fire 90 pounds; works owned by city; cost to construct \$50,000, cost to date \$69,000; ann expenses \$1,800. Supt, Louis J. Snyder.

Larue, Marion Co., population estimated 1,000; fire area 300 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 8 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon, siamese couplings used; hose, rubber inferior 400 ft, linen good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,200; total ann expenses of department \$600; total membership 100, volunteers; bell alarm. Chief engineer, R. H. Mapea.*

WATER SUPPLY—Source, river, tanks and 7 cisterns; cap of cisterns 25,000 gals dy; 3 hydrants; pipe 4 in dia. Town clerk, M. Longshore.*

Lebanon, Warren Co., population 3,050; fire area 40 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 3,000 ft, inferior 500 ft, leather inferior 300 ft; value of fire department equipment \$10,000; total ann expenses of department \$500; total membership 103, paid full time 3, volunteers 100; bell alarm. Chief engineer, Wm. A. Coyna.*

WATER SUPPLY—Source, wells and cisterns.*

Leostonia, Columbiana Co., population about 3,500; fire area 1,000 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,000 ft; value of fire department equipment \$1,475; total membership 85, volunteers. Chief engineer, John Hartman.

WATER SUPPLY—Source, springs; system, gravity and pumping to reservoir; storage reservoir, cap 500,000 gals; pumping engine, dy cap 2,000,000 gals; pipe 6, 7-8 miles, 12 to 4 in dia; 64 hydrants; valves 56; 257 taps; pressure, domestic 78, fire 120 pounds; works owned by city; cost to construct \$43,000, cost to date \$46,034; ann expenses \$2,000. Supt, Wm. Schweitzer.

Leipsic, Putnam Co., population 1,333; fire

area 375 acres; buildings, brick, wood and stone, 1 and 2 stories; wooden roofs not permitted in fire limits. Fire department—1 hand engine, 1 chemical engine, 1 hose carriage; 700 ft good rubber hose; value of fire department equipment \$1,200; value of buildings occupied \$200; expenses for past year \$1,700; membership 42, volunteers; bell alarm; 1 fire company. Chief engineer, D. R. Shiffert.*

WATER SUPPLY—Source, 2 cisterns, cap 500 barrels each; 1 hydrant supplied by tank, cap 25 barrels. Town clerk, C. C. Cass.

Lima, Allen Co., population 15,987; fire area 900 acres; buildings, brick and wood, 2 to 5 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 1 hose carriage, 2 hose wagons; hose, cotton good 4,500 ft; 7 horses, value \$1,200; value of equipment \$9,975; of buildings occupied \$22,000; Gamewell alarm; 30 street boxes; total membership 20, paid full time 9, 2 men part time, call men 16. Chief engineer, James Ogden.

WATER SUPPLY—Source, surface water; system, gravity to storage reservoir, thence direct pumping; reservoirs cap 140,000,000 gals; pumping engines, dy cap 6,000,000 gals; 205 hydrants; pipe 32 miles, 4 to 20 in dia.; 305 valves; 1,797 taps; pressure, domestic 30, fire 70 pounds; Edison pressure recording gauge; waterworks owned by city; cost to construct \$338,000; ann expenses \$7,652. Supt, D. E. Fritz.

Lockland, Hamilton Co., population 1,500; fire area 640 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance.*

WATER SUPPLY—Source, wells. Village clerk, E. Buchanan.*

Logan, Hooking Co., population 3,500; fire area 575 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; shingle and slate roofs; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 1,500 ft, inferior 1,200 ft; 2 horses, value \$400; value of fire department equipment \$7,000; value of buildings occupied \$2,000; total expenses of department \$1,100; total membership 65, paid full time 2, paid part time 4, 59 volunteers; bell alarm. Chief engineer, William Waner.

WATER SUPPLY—Source, canal, 7 cisterns, cap 48,000 barrels.

London, Madison Co., population 4,000; fire area 1,440 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage, slansse couplings used; hose, cotton good 2,000 ft, inferior 700 ft; 3 horses; value of fire department equipment \$9,000; 1 building occupied; total membership 28, paid full time 4, paid part time 28. Chief engineer, J. M. Boyer.*

WATER SUPPLY—Source, 3 artesian wells; system, pump to standpipe and direct, cap 300,000 gals; pumping engines, dy cap 2,500,000 gals; 101 hydrants; pipe 11 miles, 4 to 14 in dia.; 81 valves; 250 taps; pressure, domestic 50, fire 100 pounds; works owned by company; cost to construct \$108,000, cost to date \$110,000; ann expenses \$3,000. Supt, Frank C. Smith.

Lorain, Lorain Co., population 6,000; fire area 1 sq mile; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 1,200 ft, rubber good 300 ft; 4 horses; value of fire department equipment \$1,000; value of buildings occupied \$400; total membership 20, volunteers. Chief engineer, E. A. Ault.

WATER SUPPLY—Source, Lake Erie; system, direct pumping; pumping engines, dy cap 3,000,000 gals; 55 hydrants; pipe 18 miles, 2 to 12 in dia.; 150 valves; 825 taps; pressure, domestic 60, fire 150 pounds; waterworks owned by town; cost to construct \$65,000; ann expenses \$2,500. Supt, T. C. Norcross.

Londonville, Ashland Co., population 1,500; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,800 ft; value of fire department

equipment \$3,000; total membership 80, volunteers; bell alarm. Chief engineer, J. B. Hamm.

WATER SUPPLY—Source, 13 cisterns and river, cap 300 to 500 barrels each. Town clerk, Ned L. Ruth.

Louisville, Stark Co., population 1,350; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 chemical engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton 800 ft; value of equipment \$1,600; value of buildings occupied \$1,000; membership 30, volunteers; bell alarm. Chief engineer, J. S. Myers.

WATER SUPPLY—Source, 15 public cisterna, cap 150 bbls each, located 500 ft apart. Town clerk, F. E. Favret.

Loveland, Clermont Co., population 900; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; roofs mostly iron. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 100 ft, rubber good 500 ft, poor 100 ft; value of fire department equipment \$2,800; value of buildings occupied \$15,000 (town hall); total ann expenses of department \$650; total membership 30, volunteers; bell alarm. Chief, Wm. Voris.

WATER SUPPLY—Source, river and cisterns. Town clerk, J. V. Cushing.

Lyons, Fulton Co., population 219. No organized fire department. E. P. Cole.

WATER SUPPLY—Source, canal, 4 cisterns; 3 have cap of 1,000 barrels each, 1 cap of 1,500 barrels. Town clerk, F. A. Slater.

McArthur, Vinton Co., population 888; mercantile buildings, brick, tin and slate roofs, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, bucket, hooks and ladders.*

WATER SUPPLY—Source, private cisterns and wells. Village clerk, J. Ira Bell.*

McComb, Hancock Co., population 1,310; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; 4 horses; value of fire department equipment \$6,000; total membership 30, volunteers; bell alarm. Chief, T. C. Morrison.*

WATER SUPPLY—Source, cisterna.*

McConnellsville, Morgan Co., population 1,900; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; iron and slate roofs; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels; hose, cotton good 200 ft; value of fire department equipment \$800; total membership 20, volunteers; bell alarm. Chief engineer, C. L. Alderman.

WATER SUPPLY—Source, cisterns, cap 500 barrels. Town clerk, Geo. Birch.

Madison, Lake Co., population 738; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; no fire department.

WATER SUPPLY—Source, wells and cisterns. Town clerk, Homer H. Kimball.

Manchester, Adams Co., population 2,200; fire area 350 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 hook and ladder truck and buckets; value of fire department equipment \$250; total membership 33; whistle and bell alarm. Capt, H. N. Edgington.

WATER SUPPLY—Source, wells and cisterns.

Mansfield, Richard Co., population 15,000; fire area 200 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 3 hose wagons; hose, cotton good 4,500 ft, rubber inferior 500 ft; 10 horses, value \$2,500; value of fire department equipment \$10,000; value of buildings occupied \$20,000; total ann expenses of department \$8,000; total membership 20, paid full time 7, paid part time 13; Gamewell alarm; 36 street boxes. Chief engineer, Geo. Kniflock. (2 new stations, 1 chemical, 1,500 ft hose contemplated.)

WATER SUPPLY—Source, 2 springs, 16 artesian wells; system, direct pumping, cap of reservoirs 2,000,000 gals; pumping engines, dy cap 7,500,000

gals; 165 hydrants; pipe 34 miles, 4 to 16 in dia; 176 valves; 1,440 taps; pressure, domestic 110, fire 85 to 130 pounds; works owned by city; cost to construct \$198,000, cost to date \$250,000; ann expenses \$7,000. Supt, Wm. Ritter.

Marletta, Washington Co., population 8,273; mercantile buildings, brick, 3 stories; private, brick, stone and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 5 hose carriages, siamese couplings used; hose, rubber good 2,000 ft, inferior 1,000 ft; 4 horses; value of fire department equipment \$9,000; 2 buildings occupied; total membership 50, volunteers; telephone and bell alarm. Chief engineer, Henry Beat.*

WATER SUPPLY—Source, Ohio river; system, pumping to reservoir, cap 1,500,000 gals; pumping engines, dy cap 2,500,000 gals; 137 hydrants; pipe 15 miles, 4 to 12 in dia; 100 valves; pressure, domestic 70 to 95, fire 140 pounds or more; 300 taps; works owned by city; cost to construct \$100,000; ann expenses \$3,500. Supt, J. B. West.*

Marion, Marion Co., population 9,000; fire area 2 by 2½ miles sq; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; causes of fire investigated. Fire department—1 steam fire engine (reserve), 1 hand engine (reserve), 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, siamese couplings used; hose, cotton 3,000 ft; 3 horses, value \$500; value of equipment \$7,000; value of buildings occupied \$2,500; total expenses for past year \$2,500; total membership 40, paid full time 4, paid part time 36, bell alarm; 3 hose companies, 1 hook and ladder company. Chief engineer, William Fies.

WATER SUPPLY—Source, gravel bed; system, pumping to standpipe and direct; pumping engines, dy cap 3,000,000 gals; 150 hydrants; 164 valves; pipe 14½ miles, 4 to 16 in dia; pressure, domestic 55, fire 100 to 125 pounds. Supt, H. C. Stillwell.

Martin's Ferry, Belmont Co., population 7,000; fire area 3-4 by 1-3 mile; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages; hose, cotton good 2,400 ft, poor 1,800 ft; value of equipment \$2,500; value of buildings occupied \$1,200; total ann expenses department \$900; total membership 86, volunteers; Gamewell alarm; 18 street boxes; 1 hook and ladder company, 3 hose companies. Chief engineer, A. R. Ong.

WATER SUPPLY—Source, Ohio river; system, pumping to reservoir and direct; reservoir cap 2,500,000 gals; pumping engines, dy cap 1,250,000 gals; 100 hydrants; pipe 15 miles, 4 to 12 in dia; 193 valves; 1,325 taps; pressure 65 to 120 pounds; waterworks owned by city; cost to construct \$120,000, to date \$181,100; ann expenses \$5,584.47. Supt, Chas. S. Moore.

Marysville, Union Co., population 3,060; fire area 700 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; tin and iron roofs; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose wagon, 1 hose cart, siamese couplings used; hose, cotton good 400 ft, rubber good 500 ft; 2 horses, value \$300; value of fire department equipment \$10,000; value of buildings occupied \$20,000; total ann expenses of department \$4,000; total membership 16, paid part time; bell alarm. Chief engineer, L. Zettan.

WATER SUPPLY—Source, driven wells; system, pumping direct; pumping engines, dy cap 2,000,000 gals; 72 hydrants; pipe 6 3-4 miles, 12 to 4 in dia; 67 valves; pressure 60 to 75 pounds; works owned by company; cost to construct \$75,000; ann expenses \$5,100. Pres and supt, J. F. Zuernker.*

Massillon, Stark Co., population 12,000; fire area 1½ miles square; mercantile buildings, brick and stone, 3 to 5 stories; private, wood, 1 to 3 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 5 hose carriages, all kinds; hose, rubber good 2,000 ft, inferior 800 ft, cotton good 1,000 ft, inferior 500 ft; 2 horses, value \$700; total membership 90, paid full time 3, volunteers 87; Gamewell alarm; 21 street boxes. Chief engineer, A. Burkle.

WATER SUPPLY—Source, artesian wells, Sippola lake; system, gravity and pumping to standpipe; reservoir cap 30,000,000 gals; standpipe cap 550,000 gals; pumping engines, dy cap 4,500,000 gals; 245 hydrants; pipe 21 miles, 4 to 16 in dia; 145 valves; 1,026 taps; pressure, domestic 75, fire 125 pounds; pressure recording gauge; waterworks owned by company. Supt, A. W. Inman.

Maumee, Lucas Co., population 1,663; fire area 700 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 300 ft; value of equipment \$400; 10 volunteer members. City marshal, J. N. Smith.

WATER SUPPLY—Source, Maumee river through canal.*

Mechanicsburg, Champaign Co., population 2,000; fire area 700 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine, 3 chemical extinguishers, 1 hook and ladder truck; hose, rubber good 100 ft; value of fire department equipment \$1,500; value of buildings occupied \$400; total ann expenses of department \$100; total membership 20, volunteers; bell alarm. Chief engineer, H. H. Darling.

WATER SUPPLY—Source, cisterns, dy cap 500 gals. Village clerk, T. E. Shepherd.*

Medina, Medina Co., population 3,000; fire area 150 acres; buildings, brick and wood, 2 and 3 stories; tin roofs used; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 600 ft, inferior 250 ft, cotton good 800 ft; 4 horses, value \$600; value of fire department equipment \$6,000; value of buildings occupied \$3,500; expenses for past year \$625; total membership 30, paid, Chief engineer, A. A. Fosskett.

WATER SUPPLY—Source, 22 cisterns, wells and tank; system, pumping to reservoir, cap 58,500 gals; 26 hydrants; pipe 2 miles, 8 and 4 in dia; 12 valves; pressure 80 pounds; works owned by city; cost to construct \$18,000; ann expenses \$600. Supt, W. G. Smith.

Mendon, Mercer Co., population 500; fire area 30 acres; buildings, wood, 1 and 1½ stories; shingle roofs used; no fireworks ordinance. Fire department—1 hook and ladder truck; value of fire department equipment \$250; total membership 16, volunteers; bell alarm. Chief, W. F. Patner.

WATER SUPPLY—Source, river and cisterns.

Miamisburg, Montgomery Co., population 4,000; fire area 600 acres; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,200 ft, leather good 400 ft, cotton good 1,200 ft; value of fire department equipment \$6,000; value of buildings occupied \$3,000; total ann expenses of department \$400; total membership 50, volunteers. Chief engineer, N. Hippert.

WATER SUPPLY—Source, river, canal and fire cisterns. Factories have hydrants, pumps and 2 tanks for fire protection.

Middleport, Meigs Co., population 3,300; fire area 150 acres; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages; hose, rubber good 1,400 ft, inferior 1,000 ft; membership 18, volunteers; bell alarm. Chief engineer, T. B. Hyell.

WATER SUPPLY—Source, wells and cistern.

Middletown, Butler Co., population 11,000; fire area 1,200 acres; mercantile buildings, brick and wood, 2, 3 and 4 stories; private, wood and brick, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages, all kinds, 2 hose wagons; hose, cotton good 4,200 ft, inferior 200 ft; 4 horses, value \$500; value of fire department equipment \$8,200; value of buildings occupied \$10,000; total ann expenses of department \$3,554; total membership 24, paid full time 4, paid part time 20; Gamewell alarm; street boxes 22. Chief engineer, Jas. C. Brereton.

WATER SUPPLY—Source, hydraulic and open

wells; system, direct pumping; pumping engines, dy cap 5,000,000 gals; 320 hydrants; pipe 12 miles, 12 to 4 in dia; 170 valves; 900 taps; pressure, domestic 60, fire 120 pounds; waterworks owned by city; cost to construct \$100,000; ann expenses \$3,000. Supt, J. E. Weber.

Millan, Erie Co., population 627; fire area 10 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, several private chemical extinguishers, 1 hose carriage; hose, rubber good 800 ft, inferior 250 ft, leather good 300 ft; value of buildings occupied \$100; bell alarm. Secy, F. A. Roberts.

WATER SUPPLY.—Source, surface water; system, pumping direct; reservoir cap 400,000 gals; pumping engines, dy cap 1,000,000 gals; 36 hydrants; pipe 3 1/4 miles, 4 to 8 in dia; 13 valves; 60 taps; pressure, domestic 20, fire 150 pounds; waterworks owned by city; cost to construct \$16,000; ann expenses \$1,100. Pres and supt, Henry Keller.

Millersburg, Holmes Co., population 2,500; fire area 200 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood and brick, 1 and 2 stories; slate roofs; fireworks ordinance. Fire department—2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 500 ft, inferior 300 ft, rubber good 1,000 ft, linen good 300 ft; value of fire department equipment \$5,000; value of buildings occupied \$25,000; total membership 90, volunteers. Chief engineer, Lelux Dix.

WATER SUPPLY.—Source, cisterns. Village clerk, J. G. Walkup.

Milnerva, Stark Co., population 1,200; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; shingle and slate roofs. Fire department—2 hose carriages; hose, cotton inferior 200 ft, rubber good 600 ft; value of buildings occupied \$600; total membership 17, volunteers; bell alarm. Chief, Joseph H. Milner.

WATER SUPPLY.—Source, well on bank of creek, also creek; system, pumping to tank, cap 63,000 gals; pumping engines, dy cap 600,000 gals; 35 hydrants; pipe 5 miles; 18 valves; 180 taps; pressure 65 pounds; waterworks owned by city; cost to construct \$12,000; ann expenses \$500. Supt, John C. Young.

Minster, Auglaize Co., population 1,300; fire area 400 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon, buckets; hose, cotton good 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$5,000; total ann expenses of department \$100; total membership 40, volunteers; bell alarm. Chief engineer, Wm. Nienberg.

WATER SUPPLY.—Source, canal and cisterns.

Monroeville, Huron Co., population 1,800; fire area 1 sq mile; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; slamese couplings used; hose, cotton good 1,000 ft, rubber good 1,000 ft, inferior 300 ft; value of fire department equipment \$6,000; value of fire department buildings \$8,000; expenses for past year \$350; membership 20, volunteers; bell alarm. Chief, Jos. Luik.

WATER SUPPLY.—Source, wells, cisterns and river which runs through village.

Montpelier, Williams Co., population 1,293; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 1,000 ft; value of fire department equipment \$1,800; value of buildings occupied \$4,600; total ann expenses of department \$300; total membership 60, volunteers; bell alarm. Chief engineer, John Bager.*

WATER SUPPLY.—Source, river; 3 reservoirs, cap 200 bbls each. Town clerk, W. E. Boyer.*

Mt. Gilead, Morrow Co., population 1,800 to 1,700; fire area 500 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in business portion; fireworks ordinance. Fire department—1 hand engine, 3 chemical extinguishers, 1 hook

and ladder truck, 2 hose carriages, 3 ladders and 4 dos wood and rubber buckets; hose, cotton good 500 ft, rubber good 750 ft, inferior 450 ft; value of fire department equipment \$4,500; value of buildings occupied \$2,000; total ann expenses of department \$600; total membership 50, paid part time; bell alarm; 5 fire companies, 1 engine, 1 hook and ladder company, 1 hose company. Chief engineer, John Dumbaugh.

WATER SUPPLY.—Source, large cisterns and springs are 1/2 mile from centre of town; system, pumping direct; dy cap 25,920 gals; pipe 2 1/4 miles, 1 1/2 to 1 1/4 in dia; waterworks owned by city; cost to construct \$1,200; ann expenses \$100. Chairman, M. B. Talmage.

Mt. Sterling, Madison Co., population 800; fire area 300 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine, 1 hose carriage, 1 hook and ladder truck; hose, cotton good 700 ft; value of fire department equipment \$1,500; 50 volunteers; bell alarm. Chief, Wm. McCollister.

WATER SUPPLY.—Source, wells and cisterns.

Mt. Vernon, Knox Co., population 8,225; fire area 2 miles; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 1,200 ft, rubber 1,400 ft; 4 horses, value \$600; value of fire department equipment \$6,000; 4 buildings occupied \$5,000; total ann expenses of department \$5,000; total membership 6, paid full time; bell and telephone alarm. Chief engineer, U. G. Pickard.

WATER SUPPLY.—Source, artesian wells; system, pumping to standpipe, cap 250,000 gals; pumping engines, dy cap 2,000,000; 93 hydrants; pipe 15 1/2 miles, 4 to 12 in dia; 62 valves; pressure 85 to 115 pounds; waterworks owned by city; cost to construct to date \$95,000; ann expenses \$4,500. Supt, Colin W. Koons.

Napoleon, Henry Co., population 2,764; fire area 300 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft, rubber inferior 300 ft; value of fire department equipment \$6,000; value of buildings occupied \$1,000; total ann expenses of department \$890; total membership 50, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, Joseph Koller.

WATER SUPPLY.—Source, wells; system, pumping to cisterns by steamer. Mayor, David Meekison.

Navarre, Stark Co., population 1,050; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 700 ft; value of fire department equipment \$1,200; value of buildings occupied \$2,000; total membership 40; bell alarm. Chief engineer, G. A. Sisterhan.

WATER SUPPLY.—Source, canal and cisterns.*

Nelsonville, Athens Co., population 4,558; fire area 5 sq miles; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck; value of fire department \$500; value of buildings occupied \$200; membership 50, volunteers. Chief of fire department, John F. Welch.

WATER SUPPLY.—Source, springs. A system of works begun. Village clerk, Eben Wilson.

Newark, Licking Co., population 14,500; fire area 20,000 acres; mercantile buildings, brick and stone, 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 1,000 ft, rubber good 3,500 ft, poor 500 ft; 7 horses, value \$225 each; value of fire department equipment \$12,500; value of buildings occupied \$5,000; total ann expenses of department \$5,760; total membership 20, paid full time 10; Gamewell alarm; 30 street boxes. Chief engineer, L. Bousch.

WATER SUPPLY.—Source, surface wells; system, pumping to reservoir; reservoir cap 3,500,000 gals; pumping engines, dy cap 1,500,000 gals each; 252

hydrants: pipe 25½ miles, 6 to 16 in dia; 152 valves; pressure, domestic 115 pounds, fire same; 1,000 taps; works owned by company; cost to construct \$350,000; ann expenses \$7,250. Supt, Wm. Allen Veach.

New Athens, Harrison Co., population 600; fire area 50 acres; buildings, brick and wood, 2 stories; tin and slate roofs; fireworks ordinance. Fire department—1 hand engine, 4 ladders, 1 hose carriage; hose, cotton good 300 ft; value of fire department equipment \$400; total ann expenses of department \$65; 25 volunteer members; bell alarm. Chief, Ed. H. Hughes.

WATER SUPPLY—Source, cisterns; system, pumping to tanks, 6 tanks, cap 250 bbls each; pressure 100 pounds.

New Bremen, Auglaize Co., population 1,239; fire area 1 sq mile; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; on new 2-story and business buildings iron roofs required. Fire department—3 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,000 ft, inferior 400 ft, rubber good 1,000 ft, inferior 500 ft; value of fire department equipment \$3,000; value of buildings occupied \$3,500; total ann expenses of department \$450; total membership 135, volunteers; bell alarm; 4 fire companies. Chief, Wm. Schulenberg.

WATER SUPPLY—Source, wells, 8 cisterns and canal.

New Comerstown, Tuscarawas Co., population 1,500; fire area 200 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 Howe chemical and hand engine combined, 1 hook and ladder truck, 1 hose carriage, 1 crank pump; hose, rubber good 200 ft, inferior 100 ft, cotton good 500 ft; value of fire department equipment \$1,600; total membership 40, volunteers; bell alarm. Chief engineer, L. S. Sargent.

WATER SUPPLY—Source, Ohio canal, cisterns and wells.

New Lexington, Perry Co., population 1,470; buildings, wood and brick, 2 stories; fireworks ordinance. Fire department—1 hand engine, 5 chemical extinguishers, 1 hook and ladder truck; hose, good 1,000 ft; total membership 40, volunteers. Chief engineer, Jas. Welland.

WATER SUPPLY—Source, 9 large cisterns.

New Lisbon, Columbiana Co., population 2,278; fire area 400 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, leather good 1,000 ft, inferior 500 ft; value of fire department equipment \$2,500; value of buildings occupied \$700; total ann expenses of department \$50; total membership 55, volunteers; bell alarm; 2 fire companies. Chief, L. J. Holton, chairman of fire com, F. P. Moore.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; reservoir cap 319,000 gals; pumping engines, dy cap 1,000,000 gals; 53 hydrants; pipe 4½ miles, 4, 6, 10 in dia; meters 20 valves; pressure, domestic 100 pounds; waterworks owned by town; cost to construct \$20,000; ann expenses \$1,500. Supt, C. F. Briggs.*

New London, Huron Co., population about 1,200; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, rubber new 500 ft, inferior 350 ft; value of fire department equipment \$1,000; value of buildings occupied \$3,000; total ann expenses of department \$125; total membership 7, paid part time; bell alarm. Chief engineer, A. M. Turner. (Chemical engine and hose cart contemplated.)

WATER SUPPLY—Source, 2 large cisterns and 1 well.

New Philadelphia, Tuscarawas Co., population 4,456; fire area 400 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, 2 hose couplings used; hose, cotton good 1,000 ft, inferior 300 ft, rubber good 500 ft; value of fire department equipment \$1,000; to-

tal ann expenses of department \$1,100; total membership 75, part paid; bell alarm. Chief engineer, S. F. Hensel.*

WATER SUPPLY—Source, wells and Tuscarawas river; system, pumping to reservoir, cap 2,000,000 gals; pumping engines, dy cap 2,000,000 gals; 98 hydrants; pipe 9 2-10 miles, 12 in dia, and less; 7 meters; pressure 100 pounds; waterworks owned by company; cost to construct \$100,000. Supt, D. B. Ludwig.*

New Richmond, Clermont Co., population 2,379; fire area 720 acres; mercantile buildings, brick and wood, 1 to 4 stories; private, wood, brick, stone and iron, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 2 hose carriages; hose, cotton good 100 ft, rubber good 550 ft, inferior 100 ft; 3 buildings occupied; total ann expenses of department \$200; total membership 80, part paid; bell alarm.*

WATER SUPPLY—Source, Ohio river and cisterns. Mayor, L. M. Dawson.

New Straitsville, Perry Co., population 2,782; fire area 950 acres; buildings, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hand engine, 3 chemical extinguishers, 2 hose carriages, 2 hose couplings used; hose, rubber 1,000 ft, poor 50 ft; value of fire department equipment \$1,500; value of buildings occupied \$3,000; total ann expenses of department \$50; total membership 29, paid part time 2, volunteers 29; bell alarm. Chief, Marion Truex.

WATER SUPPLY—Source, 5 cisterns, creeks; 3 reservoirs, cap 80,400 gals.*

Newton Falls, Trumbull Co., population 724; fire area 500 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 1 Remington horse power engine, 9 chemical extinguishers, 2 hose carriages; hose, rubber good 100 ft, cotton good 900 ft; value of fire department apparatus \$1,800; value of buildings occupied \$3,000; total ann expenses of department \$150; total membership 23, part paid. Chief engineer, C. E. Starr.

WATER SUPPLY—Source, rivers, 9 cisterns and wells. Mayor, John N. Ensign.

Niles, Trumbull Co., population 5,376; fire area 1 1-4 x 1 1-2 miles; buildings, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hose carriage, 1 hose wagon; hose, cotton good 500 ft, poor 500 ft; 2 hoses; value of fire department equipment \$7,500; value of buildings occupied \$7,000; total ann expenses of department \$2,000; total membership 12, paid full time 1; telephone and whistle alarm. Chief engineer, Samuel Mosby.

WATER SUPPLY—Source, wells; system, pumping direct and to reservoir; reservoir cap 1,250,000 gals; pumping engines, dy cap 1,250,000 gals; 66 hydrants; pipe 11 miles, 14 to 4 in; 20 valves; 303 taps; pressure 87½ pounds; waterworks owned by city; cost to construct \$60,000, to date \$75,000; ann expenses \$350. Clerk, J. B. Campbell.

North Amherst, Lorain Co., population 1,648; fire area 640 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam engine, 1 hand engine, 1 hook and ladder truck, 2 hose carts; hose, rubber good 1,200 ft, 600 ft cotton new, leather good 1,000 ft, inferior 300 ft; total membership 34, volunteers, paid for services; marshal and chief empowered to compel service at fires; bell alarm. Chief engineer, A. E. Stinwald.

WATER SUPPLY—Source, springs, 3 cisterns; system, gravity; 13 reservoirs, dy cap 100,000 gals; pipe ¼ mile, 4 in dia; ann expenses \$150. Town clerk, A. E. Stinwald.*

North Baltimore, Wood Co., population 3,000; fire area 30 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, linen (rubber lined) good 1,500 ft; value of fire department equipment \$1,200; value of buildings occupied \$500; ann expenses \$1,700; membership 27, volunteers. Chief, H. D. Lehart.

WATER SUPPLY—Source, drilled wells; system, pumping direct; standpipes, cap 100,000 gals; pumping engines, dy cap 2,000,000 gals; 75 hydrants;

pipe 7½ miles, 12 to 4 in dia; quality of water good; pressure, domestic 60, fire 80 pounds; cost construct to date \$96,000. Supt, secy and treas. A. D. Dawning.*

Norwalk, Huron Co., population 8,000; fire area 1,280 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; tin and iron roofs; causes of fire investigated. Fire department—1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose, rubber good 200 ft, cotton new 1,500 ft, poor 1,000 ft; 4 horses, value \$600; value of fire department equipment \$4,000; value of 6 buildings occupied \$3,000; total ann expenses of department \$2,800; total membership 30, part paid, 2 paid full time; steam whistle, bell and telephone alarm. Chief engineer, W. O. Smith.

WATER SUPPLY—Source, Huron river and Cole creek; system, direct pumping; reservoir cap 15,000,000 gals; pumping engines, dy cap 1,500,000 gals; 118 hydrants; pipe 13½ miles, 3 to 16 in dia; 70 valves; 600 taps; pressure, domestic 45, fire 100 to 110 pounds; works owned by city; cost to construct to date \$125,000; ann expenses \$6,000. Secy and supt, A. F. Rowland.

Oak Harbor, Ottawa Co., population 2,000; fire area 640 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; iron, shingle and slate roofs. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 850 ft, poor 150 ft, rubber good 900 ft, poor 100 ft, linen good 300 ft; value of fire department equipment \$2,000; value of buildings occupied \$11,000; total ann expenses of department \$600; total membership 21, paid part time 21; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, Geo. Kaler.

WATER SUPPLY—Source, river, wells and cisterns. Town clerk, E. M. Goody.

Oberlin, Lorain Co., population 4,376; fire area 2,600 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden and tin roofs; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds, 1 hose wagon, 1 fire patrol wagon; hose, rubber good 1,500 ft, cotton good 250 ft; value of fire department equipment \$3,000; total membership 41, paid full time; 1 hook and ladder company, 3 hose companies. Chief engineer, L. L. Munson. (500 ft new cotton hose, fire alarm system, 2 Babcocks, set of light ladders contemplated.)

WATER SUPPLY—Source, East Branch Vermillion river; system, pumping to standpipe, cap 63,000 gals; reservoir, cap 750,000 gals; 6 pumping engines, dy cap 2,000,000 gals; 66 hydrants; pipe 7 miles, 4 to 8 in dia; 42 valves; 328 taps; pressure, domestic 40, fire 80 pounds; waterworks owned by city; cost to construct \$61,000; cost to date \$66,000; ann expenses \$2,200. Supt, W. B. Gerrish.

Orrville, Wayne Co., population 2,000; fire area 300 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,400 ft; value of fire department equipment \$4,000; value of buildings occupied \$10,000; total ann expenses of department \$125; total membership 76, volunteers; bell alarm. Chief engineer, Geo. I. Peters.

WATER SUPPLY—Source, 4 artesian wells; system, pumping direct; 3 pumping engines, dy cap 750,000 gals each; 35 hydrants; pipe 4½ miles, 4 to 10 in; 28 valves; waterworks owned by village; cost to construct \$25,000. Chairman of water com, A. N. Brenneman.

Ottawa, Putnam Co., population 2,600; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft; 2 horses; total membership 55, paid part time 15, volunteers 40. Chief, J. W. Brown.

WATER SUPPLY—Source, wells, cisterns and river. Mayor, T. J. Sweeney.

Oxford, Butler Co., population 2,072; fire area 2-4 of a mile; mercantile buildings, brick, stone and iron, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire

department—1 steam fire engine, 1 hand engine, 10 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, siamese couplings used; hose, rubber good 2,300 ft, leather good 600 ft; value of fire department equipment \$8,000; value of buildings occupied \$10,000; total ann expenses of department \$1,840; total membership 56, volunteers; automatic alarm; 4 boxes. Chief engineer, J. C. Duerr.

WATER SUPPLY—Source, 14 cisterns. Town clerk, J. A. Kennedy.

Palmeville, Lake Co., population 5,500; buildings, brick and wood, 2 to 4 stories; fireworks ordinance; wooden roofs not permitted in fire limits; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, siamese couplings used; hose, cotton 3,000 ft; 3 horses, value \$300; value of fire department equipment \$10,000; value of buildings occupied \$10,000; total ann expenses of department \$2,000; total membership 15. Chief engineer, M. Eugene Crofoot.

WATER SUPPLY—Source, Lake Erie; system, pumping to standpipe and direct; standpipe cap 187,200 gals; pumping engines, dy cap 3,000,000 gals; 72 hydrants; pipe 15 miles; 35 valves; pressure, domestic 40, fire 70 pounds; waterworks owned by company; cost to construct \$128,000; ann expenses \$5,000. Supt, B. F. Stephens.

Paulding, Paulding Co., population 3,500; fire area 60 acres; mercantile buildings, brick, stone and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 2 hook and ladder trucks, 2 hose carriages; hose cotton good 1,500 ft, poor 500 ft; value of fire department equipment \$4,500; value of buildings occupied \$2,400; total membership 37, volunteers; bell alarm. Chief engineer, Frank Miller.

WATER SUPPLY—Source, not reported.

Perrysburg, Wood Co., population 1,837; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 2,000 ft; value of fire department equipment \$2,100; value of buildings occupied \$800; total ann expenses of department \$450; total membership 36, volunteer members; bell alarm. Chief engineer, Andrew Beach.

WATER SUPPLY—Source, Maumee river, 5 fire cisterns, cap 200 bbls each, R. E. tank, cap 1,500 bbls, also private wells and cisterns.

Piqua, Miami Co., population 13,000; fire area 1,500 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine, 2 hook and ladder trucks, 2 hose carriages, 2 hose wagons, siamese couplings used; hose, cotton good 3,000 ft, rubber good 850 ft; 10 horses, value \$2,000; of fire department equipment \$13,102; value of buildings occupied \$10,000; total membership 11, paid full time 11; telegraph, telephone and bell alarm; 17 street boxes. Chief engineer, Frank R. Dye.

WATER SUPPLY—Source, canal fed by Lewiston reservoir; system, direct pumping; pumping engines, dy cap 3,500,000 gals; 169 hydrants; pipe 18 miles, 4 to 18 in dia; pressure, domestic 45, fire 100 pounds; waterworks owned by city; cost to construct \$325,000; ann expenses \$4,500. Pres and supt, Howard Scudder.

Plain City, Madison Co., population 1,500; fire area 640 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical engines on wheels, 6 chemical extinguishers, 1 hook and ladder truck; hose, rubber good 125 ft; value of fire department equipment \$2,500; value of buildings occupied \$2,500; total ann expenses of department \$500; total membership 20, volunteer members; fire alarm. Chief engineer, M. B. Smith.

WATER SUPPLY—Source, flowing wells; system, pumping direct; hydrants 30; pipe 3 miles, 10 to 4 in; waterworks owned by city; cost to construct \$18,000. Chairman of com, E. H. Mallott. (Works to be put in this year as described.)

Plymouth, Richland Co., population 1,133;

mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck; hose, rubber good 200 ft; total membership 15, volunteers.*

WATER SUPPLY—Source, wells and cisterna. Town clerk, F. Beekman.*

Pomeroy, Meigs Co., population 4,729; fire area 2,000 acres; mercantile buildings, brick and wood, 1 to 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, slamese couplings used; hose, cotton good 1,000 ft, rubber good 800 ft, inferior 600 ft; value of fire department equipment \$8,000; value of buildings occupied \$2,800; total ann expenses of department \$450; total membership 45, paid full time 4, volunteers 45; bell alarm. Chief, F. E. Bolton.*

WATER SUPPLY—Source, river, pumping to cisterns; cap of cisterns 20,000 gals; 4 pumps owned by brewery and mills and ice plant. Mayor, Adolphus H. Seebach; city clerk, W. H. Huntley.

Port Clinton, Ottawa Co., population 2,500; fire area 50 blocks; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,800 ft; value of fire department equipment \$5,000; value of buildings occupied \$6,000; total ann expenses of department \$600; 1 member paid full time, 30 volunteers; bell alarm. Chief engineer, Edward Bertsch.

WATER SUPPLY—Source, Lake Erie, cisterns; waterworks contemplated; street mains from lake. Town clerk, W. W. Montgomery.*

Portsmouth, Scioto Co., population 17,000; fire area 1,800 acres; mercantile buildings, brick, stone and wood, 1 to 4 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, all kinds, 1 supply wagon; hose, rubber good 2,400 ft, cotton good 2,700 ft, leather good 100 ft; 30 horses, value \$2,175; value of fire department equipment \$16,000; value of buildings occupied \$12,000; total ann expenses of department \$12,000; total membership 35, paid full time 15, paid part time 20; Gamewell alarm; 55 street boxes. Chief engineer, John Brown.

WATER SUPPLY—Source, Ohio river; system, direct pumping; pumping engines, dy cap 3,000, 000 gals; 123 hydrants; pipe 25 miles, 4 to 12 in dia; 100 valves; 2,000 taps; pressure 50 to 100 pounds; works owned by city; cost to date \$250,000; ann expenses \$12,000. Supt, J. L. Phillips.

Proctorville, Lawrence Co., population 500; fire area 150 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, linen good 225 ft; value of fire department equipment \$225; total ann expenses of department \$200; total membership 40. Chief engineer, T. E. Gardner.

WATER SUPPLY—Source, cisterns and Ohio river. Town clerk, E. F. Gillen.

Quaker City, Guernsey Co., population 845; fire area 100 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$500; building occupied leased; total ann expenses of department \$600; total membership 36, volunteers; bell alarm. Chief, Jas. W. Garber.

WATER SUPPLY—Source, wells.

Rachine, Meigs Co., population 400; fire area 50 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Source, Ohio river, wells and cisterns. Village clerk, Chas. Jay.

Ravenna, Portage Co., population 4,000; fire area 970 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; causes of fire

investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, slamese couplings used; hose, rubber good 1,000 ft, inferior 1,000; 4 horses; value of fire department equipment \$7,000; value of buildings occupied \$3,000; total ann expenses of department \$600; total membership 18, paid; telephone alarm. Chief engineer, W. F. Keller.

WATER SUPPLY—Source, Crystal lake; system, direct pumping; 3 pumping engines, dy cap 4,000,000 gals; 108 hydrants; pipe 12 miles, 4 to 16 in dia; 130 valves; 900 taps; pressure, domestic 50, fire 100 pounds; waterworks owned by town; cost to construct \$85,000, cost to date 100,000; ann expenses \$3,200. Supt, W. H. Linton.

Reading, Hamilton Co., population 2,000; fire area 500 acres; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, good 600 ft; value of fire department equipment \$1,000; total membership volunteers.*

WATER SUPPLY—Source, wells and cisterna.*

Richfield, Summit Co., population 500; fire area 1 mile sq; mercantile buildings, wood and brick, 1½ and 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—2 force pumps, 1 chemical extinguisher, ladders and buckets.

WATER SUPPLY—Source, wells and cisterna. Village clerk, H. M. Welton.

Richwood, Union Co., population 1,800; fire area 46 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon, slamese couplings used; hose, rubber good 1,200 ft, cotton good 400 ft; value of fire department equipment \$7,500; value of buildings occupied \$1,000; total ann expenses of department \$2,100; total membership 39, paid full time 1, remainder volunteers; bell alarm. Chief engineer, G. S. Collier.

WATER SUPPLY—Source, driven wells. Town clerk, Henry S. Styles.

Ripley, Brown Co., population 3,000; fire area 20 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 Aherns steam fire engine, 2 hand engines, 1 hook and ladder truck, 4 hose carriages, slamese couplings used; hose, leather good 3,500 ft, poor 1,000 ft; value of fire department equipment \$10,000; building occupied \$30,000; total ann expenses of department \$5,000; total membership 22, paid full time; bell alarm. Chief engineer, Robt. Carr.

WATER SUPPLY—Source, river; 19 cisterna, dy cap 12,000 gals.

Riverside, Hamilton Co., population 2,500; fire area 1,400 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. No fire department—bucket brigade.

Rockford, Mercer Co., population 1,100; mercantile buildings, wood, 1½ and 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 500 ft, inferior 200 ft; value of fire department equipment \$1,000; value of buildings occupied \$2,000; total membership 50, volunteers; bell alarm. Chief engineer, W. H. Hillman.

WATER SUPPLY—Source, wells, cisterna and river.

Roseville, Muskingum Co., population 714; fire area 80 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 225 ft, linen good 250 ft; value of equipment \$900; value of buildings occupied \$75; total membership 23, volunteers. Chief engineer, J. L. Weaver.*

WATER SUPPLY—Source, wells and cisterna. Town clerk, J. D. Parrott.*

Salem, Columbiana Co., population 9,450; fire area 1,300 acres; mercantile buildings, brick and stone, 2 to 4 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1

hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 in reserve, 1 extension ladder, 1 fire patrol wagon; hose, rubber 1,450 ft, inferior 200 ft; 2 horses, value \$400; value of fire department equipment \$16,000; value of buildings occupied \$4,000; total expenses for past year \$1,895; total membership 68; paid full time 2, res. volunteers; bell alarm, 41 fire alarm boxes. Chief engineer, W. K. Holeman.

WARREN SUPPLY—Source, wells and springs; system, pumping to standpipe; oil reservoir cap 600,000 gals; standpipe cap 260,000 gals; pumping engines, dy cap 3,000,000 gals; 175 hydrants; pipe 18½ miles, 4 to 10 in dia; 122 valves; pressure, domestic 70, fire 140 pounds; pressure recording gauge; waterworks owned by company. Pres, E. S. Ambler; supt, F. W. Allison.

Salineville, Columbiana Co., population about 3,000; fire area 3-0 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,500 ft; value of fire department equipment, \$2000; value of buildings occupied \$1,000; total ann expenses of department \$300; total membership 38, volunteer members; bell alarm. Chief engineer, W. A. Skinner.

WATER SUPPLY—Source, wells and creek.*

Sandusky, Erie Co., population 18,471; fire area 3 sq miles; mercantile buildings, stone and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 extension ladder truck, 2 hose carriages, 5 hose wagons; hose, cotton good 6,800 ft, inferior 900 ft; 8 horses, value \$1,200; value fire department equipment \$20,000; value of buildings occupied \$55,000; total ann expenses of department \$21,827; total membership 40, paid full time 11, paid part time 22, volunteers 7; Gamewell alarm; 40 street boxes; 4 fire companies; 3 hose companies, 1 hook and ladder company. Chief engineer, David Bromm; chairman of fire com, D. Schaffer.

WATER SUPPLY—Source, Sandusky bay; system, pumping to standpipe; standpipe cap 660,000 gals; pumping engines, dy cap 10,500,000 gals; 224 hydrants; pipe 31 41-100 miles, 2 to 20 in dia; 227 valves; 90 meters; pressure, domestic 60 to 75, fire 95 pounds; pressure recording gauge; waterworks owned by city; cost to construct \$353,000; ann expenses \$11,500. Supt, Chas. A. Judeon.*

Seville, Medina Co., population 599; buildings, brick and wood, 2 stories; shingle, tin and slate roofs. Fire department—1 hand engine, 1 hose carriage; hose, rubber 500 ft; bell alarm.*

WATER SUPPLY—Source, streams, 12 tanks.

Shawnee, Perry Co., population 4,000; fire area ¼ sq mile; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total ann expenses of department \$900; total membership 30, volunteers; bell alarm. Chief engineer, E. W. Williams.

WATER SUPPLY—Source, cisterna.*

Shelby, Richland Co., population 3,000; fire area 2 sq miles; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,500 ft, inferior 300 ft; value of fire department equipment \$6,000; value of buildings occupied \$2,500; total ann expenses of department \$2,000; total membership 180, volunteers; bell alarm; 3 engine companies, hook and ladder company, 3 hose companies. Chief engineer, Robert Smiley; chairman of fire com, C. G. Gruseup.

WATER SUPPLY—Source, 19 cisterns. Town clerk, Wm. F. Sonnanstine.

Sidney, Shelby Co., population about 6,000; fire area 1,500 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 3,500 ft; 4 horses, value \$600; value of fire department equipment \$14,000; value of buildings occupied \$10,-

000; total ann expenses of department \$2,200; total membership 16, paid full time 2, part time 13; Gamewell alarm; 22 street boxes. Chief engineer, G. W. Covill.

WARREN SUPPLY—Source, Great Miami river and wells; system, pumping to standpipe and direct; standpipe cap 318,000 gals; pumping engines, dy cap 3,000,000 gals; 91 hydrants; pipe 13 miles, 12 to 4 in dia; 63 valves; 385 taps; pressure, domestic 60 to 82, fire 80 to 100 pounds; waterworks owned by city; cost to construct \$80,000, cost to date \$87,000; ann expenses \$3,800. Supt, Jacob Wagner.

Somerset, Perry Co., population 1,300; fire area 500 acres; buildings, brick, stone and wood, 2 stories; wooden, tin and slate roofs. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton rubber lined good 800 ft, inferior 100 ft; value of fire department equipment \$1,800; value of buildings occupied \$1,200; ann expenses \$175; total membership 60, volunteers; bell alarm. Chief engineer, Chas. E. Smith.

WATER SUPPLY—Source, wells and cisterns.

Spencerville, Allen Co., population 2,000 mercantile buildings, brick and frame, 2 stories; private, brick and frame, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 4 chemical extinguishers, 2 hose carriages; hose, rubber good 800 ft, inferior 300 ft; total membership 40, volunteers; bell alarm. Chief engineer, E. F. Veach.*

WATER SUPPLY—Source, canals, wells and cisterns.

Springfield, Clark Co., population 35,000. Fire department—2 steam fire engines, 2 chemical engines on wheels, 1 hook and ladder truck, 5 hose carriages; hose, cotton good 7,500 ft, rubber good 1,450 ft; 20 horses; total membership 36, paid full time 21, call men 15; telegraph alarm; 84 street boxes. Chief engineer, E. W. Simpson.

WATER SUPPLY—Source, springs through filter gallery; system, pumping to standpipe, cap 650,000 gals; reservoir cap 700,000 gals; pumping engines, dy cap 8,000,000 gals; 360 hydrants; 2,761 taps; pipe 44 miles, 3 to 24 in dia; 357 valves; pressure 86 pounds; waterworks owned by city; cost to construct \$448,523.81, to date \$528,482; ann expenses \$14,748. Secy and supt, W. R. Smith.

St. Bernard, Hamilton Co., population 3,000; mercantile buildings, stone, 2 and 2½ stories; private, brick and wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 800 ft, inferior 150 ft; value of fire department equipment \$1,000; total ann expenses of department \$200; total membership 150, volunteer members; bell alarm. (3,000 ft of hose proposed.)

WATER SUPPLY—Source, driven wells; system, pumping to reservoir or standpipe; reservoir cap 100,000 gals; standpipe cap 270,000 gals; 2 pumping engines, dy cap 500,000 gals each; hydrants 49; pipe 7½ miles, 10 to 3 in; valves 33; waterworks owned by city; cost to construct \$80,000. Chair of trustees, Herman J. Witte. (Above works are being put in.)

St. Clairsville, Belmont Co., population 1,121; fire area 100 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—4 chemical extinguishers, 4 sets hooks and ladders. Chairman of fire and water com, John T. Norris.*

WATER SUPPLY—Source, wells and cisterns.

St. Mary's, Auglaize Co., population 3,000; fire area 840 acres; buildings, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,400 ft, inferior 300 ft, rubber inferior 600 ft, leather good 400 ft; value of fire department equipment \$4,500; value of buildings occupied \$8,000; total ann expenses of department \$750; total membership 75, volunteers; bell alarm. Chief engineer, F. J. Hause.*

WATER SUPPLY—Source, 12 cisterns, canal and rivers; cisterna, dy cap 11,500 gals each.

St. Paris, Champaign Co., population 1,500; fire area 1,250 acres; buildings, brick and wood, 2 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, rub-

ber good 1,000 ft; value of fire department equipment \$4,500; value of buildings \$3,000; total ann expenses of department \$250; total membership 60, volunteers; bell alarm. Captain, David E. Brown.

WATER SUPPLY—Source, wells and cisterns.

Steubenville, Jefferson Co., population 13,394; fire area 600 acres; mercantile buildings, brick, 2 to 4 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 4,000 ft, rubber good 150 ft; 8 horses, value \$1,200; value of fire department equipment \$18,000; value of 3 buildings occupied \$20,000; total ann expenses of department \$13,628; total membership 12, paid full time; Gamewell alarm; 24 street boxes. Chief engineer, W. B. Martin.

WATER SUPPLY—Source, Ohio river; system, pumping to reservoir; reservoir cap 2,296,500 gals; pumping engines, dy cap 3,200,000 gals; 145 hydrants; pipe 24 miles, 4 to 20 in dia; 226 valves; pressure 65 pounds; waterworks owned by city; ann expenses \$10,000. Supt, Frank B. Ford.

Stryker, Williams Co., population 2,000; buildings, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds, 1 hose wagon; hose, rubber good 1,500 ft, inferior 300 ft; total membership 33, volunteers; bell alarm. Chief engineer, Charles Cramer.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir and cisterns; reservoir cap 1,000,000 gals; cisterns cap 7 to 13,000 gals.

Tiffin, Seneca Co., population 12,000; fire area 30 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, wood and brick, 1 1/2 to 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 2 chemical extinguishers, 2 hook and ladder trucks, 7 hose carriages, 1 hose wagon, siamese couplings used; hose, rubber good 2,500 ft, poor 500 ft, cotton good 2,000 ft; 4 horses, value \$700; value of fire department equipment \$10,000; 5 buildings occupied, value \$12,000; total ann expenses of department (including waterworks) \$13,000; total membership 24, paid full time 8, paid part time 15; Gamewell alarm; 20 street boxes. Chief engineer, W. H. Bloom.

WATER SUPPLY—Source, Sandusky river; system, direct pumping; pumping engines, dy cap 5,500,000 gals; 153 hydrants; pipe 21 miles, 5 to 18 in dia; 51 meters; 75 valves; pressure 50 to 90 pounds; waterworks owned by company; cost to construct \$175,000. Pres and manager, M. L. Scannell.*

Tippecanoe City, Miami Co., population 1,435; fire area 240 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 chemical engine, 1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,800 ft, inferior 700 ft; value of fire department \$7,000; value of buildings occupied \$5,000; ann expenses for past year \$1,200; total membership 60, paid part time; bell alarm. Chief engineer, E. A. Jackson.

WATER SUPPLY—Source, canal and 9 natural wells. City clerk, E. A. Jackson.

Toledo, Lucas Co., population 120,000; fire area 800 acres; mercantile buildings, brick, iron and stone, 4 to 8 stories; private, brick and wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—6 steam fire engines, 3 chemical engines on wheels, 8 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 7 hose carriages, all kinds, 4 hose wagons, 11 exercising wagons, 1 hose cart in reserve; hose, cotton good 20,600 ft; 43 horses, value \$8,300; value of fire department equipment \$65,000; value of buildings occupied \$108,000; total ann expenses of department \$80,300; total membership 94, paid full time 33, paid part time 1; Gamewell, McNamara electric alarm; street boxes 243; 16 fire companies, 4 engine companies, 2 chemical engines, 2 hook and ladder companies, 8 hose companies. Chief engineer, Christopher F. Wall.

WATER SUPPLY—Source, Maumee river, 2 miles S. W. of city; system, pumping to standpipe; standpipe cap 38,000 gals; pumping engines, dy

cap 18,000,000 gals; 597 hydrants; pipe 100 miles, 36 to 6 in; 800 valves; 5,375 taps; pressure, domestic 70, fire 110 pounds; waterworks owned by city; cost to construct \$1,250,000; ann expenses \$30,000. Supt, H. C. Cooter.

Toronto, Jefferson Co., population 3,000; fire area 640 acres; mercantile buildings, wood and brick, 3 and 4 stories; private, wood, 2 stories; fireworks ordinance. Fire department—2 hose carts, 1 hook and ladder truck; hose, rubber good 1,000 ft; value of equipment \$1,500; value of buildings \$1,500; 20 volunteers; 1 hook and ladder company, 2 hose companies. Chief, Charles S. Ferguson.

WATER SUPPLY—Source, Ohio river; system, pump direct and to reservoir, cap 3,000,000 gals; pumping engines, dy cap 1,500,000 gals; hydrants 48; pipe 7 1/2 miles, 4 to 12 in dia; 42 valves; 200 taps; pressure 125 pounds; owned by city; cost to construct \$75,000; ann expenses \$1,800. Supt, Martin B. Miranda.

Troy, Miami Co., population 5,200; fire area 900 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,200 ft, rubber good 800 ft; 3 horses, value \$800; value of fire department equipment \$15,000; value of buildings occupied \$6,000; total ann expenses of department \$3,000; total membership 18, paid full time 3, paid part time 15; Gamewell alarm; 15 street boxes. Chief engineer, Stephen Genslinger.

WATER SUPPLY—Source, wells; system, direct pumping; pumping engines, dy cap 2,000,000 gals; 110 hydrants; pipe 10 miles, 3 to 16 in dia; 141 valves; 700 taps; pressure, domestic 35, fire 70 to 100 pounds; waterworks owned by city; cost to construct \$80,000; ann expenses \$1,500. Secy and Supt, I. N. Price.

Uhrichsville, Tuscarawas Co., population 5,000; fire area 640 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 1,600 ft, rubber inferior 300 ft; value of fire department equipment \$2,500; value of buildings occupied \$5,000; expenses for past year \$300; membership 30, 1 paid part time, volunteers 24; bell alarm. Chief engineer, G. W. Oliver.

WATER SUPPLY—Source (see Denison).

Upper Sandusky, Wyandot Co., population 3,700; fire area 5 miles; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 2 hook and ladder trucks, 2 hose carriages; hose, rubber good 1,000 ft, poor 500 ft; 2 horses, value \$500; value of fire department equipment \$5,700; value of buildings occupied \$2,000; expenses for last year \$1,500; total membership 50, paid full time 2, paid part time 48. Chief engineer, W. B. Coon.

WATER SUPPLY—Source, springs and Sandusky river; system, gravity, pumping to standpipe and direct; standpipe cap 100,000 gals; 2 pumping engines, dy cap 3,500,000 gals; 100 hydrants; pipe 11 1/2 miles, 4 to 12 in dia; 51 valves; 12 meters; pressure, domestic 48, fire 60 to 125 pounds; waterworks owned by company; cost to construct \$120,000; ann expenses \$1,800. Supt, John W. Henderson.*

Urbana, Champaign Co., population 6,510; fire area 4 blocks; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 500 ft, rubber good 2,000 ft, inferior 500 ft; 5 horses, value \$1,000; value of fire department equipment \$8,000; value of buildings occupied \$25,000; total ann expenses of department \$4,000; total membership 50, paid full time 4, paid part time 8; telephone alarm. Chief engineer, W. McDonald.*

WATER SUPPLY—Source, wells; system, direct pumping; reservoir cap 1,500,000 gals; pumping engines, dy cap 4,000,000 gals; 130 hydrants; pipe 16 1/4 miles, 4 to 16 in dia; 88 valves; 717 taps; pressure, domestic 40, fire 100 pounds; water-

works owned by company; cost to construct \$150,000; ann expenses \$4,500. Supt. F. W. Ambrose.

Utica, Licking Co., population 763; fire area 130 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 400 ft., rubber good 20 ft.; value of fire department equipment \$700; total membership 30, volunteers; bell alarm. Chief engineer, C. A. Berrit.*

WATER SUPPLY—Source, wells and streams. Town clerk, H. E. Harris.*

Van Wert, Van Wert Co., population 6,000; fire area 2,560 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; shingle roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hand reels, 1 hose wagon; hose, cotton good 1,500 ft., rubber good 1,000 ft., inferior 300 ft.; 2 horses, value \$400; value of fire department equipment \$5,000; value of buildings occupied \$12,000; total ann expenses of department \$1,600; total membership 40, paid full time 2, paid part time 38; Gamewell alarm; 13 street boxes; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, J. J. Schoemaker.

WATER SUPPLY—Source, wells; system, pumping direct; reservoir cap 3,000,000 gals; pumping engines, dy cap 3,000,000 gals; 149 hydrants; pipe 16 4-5 miles, 16 to 6 in dia; 112 valves; 400 taps; waterworks owned by city; cost to construct \$125,000; ann expenses \$3,600. Supt. C. P. Strother.

Vermillion, Erie Co., population 1,260; fire area 1,800 acres; mercantile buildings, wood, brick and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 4 chemical extinguishers, 1 hose carriage, 2 buckets, etc.; hose, linen (rubber lined) good 400 ft., linen (unlined) good 1,000 ft., poor 400 ft.; value of fire department equipment \$1,000; value of buildings occupied \$2,000; total ann expenses of department \$500; total membership 34, volunteers; bell alarm. Foreman, Henry Smoll.

WATER SUPPLY—Source, river and cisterns.*

Versailles, Darke Co., population 1,400; buildings, brick, 2 stories; metal roofs; no fireworks ordinance. Fire department—1 steam fire engine, 1 hose carriage; hose, rubber good 1,000 ft., inferior 50 ft.; value of fire department equipment \$2,800; value of buildings occupied \$2,500; total ann expenses of department \$250; total membership 28, volunteers; bell alarm. Chief, Leonard Marker.*

WATER SUPPLY—Source, creek and cisterns.*

Wadsworth, Medina Co., population 1,574; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. No fire department—ladders and buckets; hose, rubber good 100 ft. Chief, T. W. Greene.*

WATER SUPPLY—Source, 2 springs; system, gravity; 2 reservoirs; 30 hydrants; pipe 6½ miles, 3½ and 6 in dia; 30 valves; 6 meters; pressure 75 pounds; waterworks owned by R. F. Weaver; cost to construct \$15,000; ann expenses \$200.

Wapakoneta, Auglaize Co., population 3,616, fire area 1½ mile; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 2 horses, hose, cotton good 2,000 ft., rubber inferior 1,000 ft.; total ann expenses of department \$1,000; total membership 120, volunteers; bell alarm. Chief engineer, Theo. Dickman.

WATER SUPPLY—Source, wells and cisterns. (Will build works this year.)

Warren, Trumbull Co., population 7,800; fire area 1,000 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 100 ft., rubber good 2,500 ft.; 4 horses, value \$1,200; value of fire department equipment \$10,000; value of buildings occupied \$50,000; total ann expenses of department \$3,100; total membership 23, paid full time 2, paid part time 1; automatic bell alarm. Chief, M. B. Taylor.*

WATER SUPPLY—Source, Mahoning river, through filter gallery; system, pumping to standpipe and direct; 2 pumping engines, dy cap 3,000,000 gals; 115 hydrants; pipe 15½ miles, 4 to 16 in dia; 60 valves; pressure, domestic 75, fire 150 pounds; waterworks owned by company; cost to construct \$180,000; ann expenses \$4,500. Supt. Geo. H. Quimby.

Washington, Fayette Co., population 5,742; fire area 2½ miles; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 steam fire engine (not used), 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 2,500 ft., inferior 500 ft.; 2 horses, value \$400; value of fire department equipment \$10,000; value of buildings occupied \$15,000; total ann expenses of department \$1,700; total membership 37, paid full time 2, paid part time 43; telephone alarm. Chief, John Milliken.

WATER SUPPLY—Source, artesian wells; system, pumping direct and to standpipe, cap 280,000 gals; reservoir cap 1,200,000 gals; 2 pumping engines, dy cap 3,000,000 gals; 135 hydrants; pipe 18 miles, 4 to 14 in dia; 73 valves; 500 taps; pressure, domestic 50, fire 100 pounds; cost to construct \$145,000, to date \$172,200; ann expenses \$3,000. Supt. Frank C. Smith.

Wauseon, Fulton Co., population 2,060; fire area 1½ mile; mercantile buildings, brick, stone and wood, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 hose carriages; hose, cotton good 1,500 ft., rubber inferior 100 ft.; value of fire department equipment \$4,500; value of buildings occupied \$15,000; total ann expenses of department \$100; total membership 40, volunteers; bell alarm. Chief engineer, W. F. Hubbell.

WATER SUPPLY—Source, 30 cisterns, cap 10,000 gals.

Waverly, Pike Co., population 1,700; fire area 200 acres; buildings, brick and wood, 1 to 3 stories; shingle and tin roofs; fireworks ordinance. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages, 2 supply wagons; hose, rubber good 1,000 ft.; value of fire department equipment \$8,000; value of buildings occupied \$10,000; total ann expenses of department \$3,000; total membership 25, volunteers; bell alarm. Chief engineer, F. Witkoff.*

WATER SUPPLY—Source, canal and 3 cisterns.

Wellington, Lorain Co., population 2,089; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 24 buckets; hose, cotton good 500 ft., inferior 100 ft., rubber good 500 ft., inferior 100 ft.; value of fire department equipment \$19,000; total ann expenses of department \$300; total membership 30, paid \$10 per year; bell alarm. Chief, Geo. Hackenberg.*

WATER SUPPLY—Source, cisterns and wells.

Wellston, Jackson Co., population about 7,000; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages, 11 kinds; hose, cotton good 1,100 ft. Chief engineer, E. B. Bingham.

WATER SUPPLY—Source, Racoon creek; system, pumping to standpipe or direct; standpipe cap 200,000 gals; pumping engines, dy cap 1,500,000 gals; 66 hydrants; pipe 10 miles, 3 to 12 in dia; 33 valves; 300 taps; pressure, domestic 85, fire 80 pounds; works owned by city; cost to construct \$53,000, cost to date \$60,000. Supt. William Thomas.

Wellsville, Columbiana Co., population 6,000; fire area 550 acres; mercantile buildings, brick and wood, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds, 2 hose wagons; hose, rubber good 1,000 ft., cotton good 1,400 ft., inferior 100 ft.; value of fire department equipment \$7,000; value of buildings occupied \$23,000; total ann expenses of department \$400; total membership 37, volunteer members; electric

alarm; street boxes 10. Chief engineer, C. H. Mayhew.

WATER SUPPLY—Source, Ohio river; system, pumping to reservoir; reservoir cap 2,500,000 gals; 2 pumping engines, dy cap 400,000 gals; 58 hydrants; pipe 8 miles, 4 to 10 in dia; 56 valves; pressure, domestic 100, fire 150 pounds; waterworks owned by city; cost to construct \$60,000, to date \$71,513.32; ann expenses \$6,300. Supt, John W. Quinn.

West Cleveland (see Cleveland).

Westerville, Franklin Co., population 1,329 fire area 500 acres; mercantile buildings, brick and stone, 3 stories; private, brick and wood, 2 stories; slate and tin roofs; no fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$900; value of buildings occupied \$1,500; total ann expenses of department \$100; total membership 25, volunteers; bell alarm; 1 hook and ladder company. Chief engineer, C. S. Ranney.

WATER SUPPLY—Source, private wells and cisterns.

West Liberty, Logan Co., population 1,500 fire area 500 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$4,300; value of buildings occupied \$4,350; total membership 35, paid full time 1, paid part time 3, volunteers 34. Chief engineer, W. E. Waugh.*

WATER SUPPLY—Source, mill race, fire wells and cisterns.*

West Milton, Miami Co., population 796; fire area 400 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels; hose, rubber good 250 ft; value of fire department equipment \$1,000; buildings rented; total membership 29, volunteers; bell alarm. Chief, J. O. Arnold.*

WATER SUPPLY—Source, wells. Mayor, Daniel N. Chase.*

West Salem, Wayne Co., population 756; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 500 ft, leather good 500 ft; value of department equipment \$2,000; value of buildings occupied \$200; total membership 50, volunteers. Chief, W. G. Read.

WATER SUPPLY—Source, 15 cisterns.*

West Toledo, Lucas Co. (See Toledo.)

Westwood, Hamilton Co., population 2,000; fire area 1,200 acres; mercantile buildings, wood, 2½ to 4 stories; private, wood, 2½ to 4 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose wagon; hose, rubber good 500 ft; 2 hoses, value \$400; value of fire department equipment \$3,000; value of buildings occupied \$30,000; total ann expenses of department \$500; total membership 85, paid full time 1, volunteers; electric alarm; 12 street boxes. Chief engineer, Wilson Wooley.

Willoughby, Lake Co., population 1,219; buildings, wood and brick, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 100 buckets; hose, rubber good 950 ft, poor 600 ft; value of fire department equipment \$1,800; value of buildings occupied \$200; total membership 27, volunteers, paid for service; bell alarm. Captain, E. J. Dickey.

WATER SUPPLY—Source, well and filter gallery; system, pump to reservoir and direct; reservoir cap 330,000 gals; pumping engines, dy cap 1,000, 400 gals; hydrants 47; pipe 5 miles, 10 to 4 in dia; 38 valves; 176 taps; pressure 70 to 140 pounds; works owned by village, cost \$30,000; ann expenses about \$1,000. Pres, J. W. Penfield.

Wilmington, Clinton Co., population 3,225; fire area 900 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder

truck, 3 hose carriages, 1 hose wagon; hose, rubber good 1,300 ft; 2 hoses, value \$200; value of fire department equipment \$5,000; city owns buildings occupied; total ann expenses of department \$1,200; total membership 27, paid full time 2. Chief engineer, R. J. Leacy.

WATER SUPPLY—Source, 16 cisterns.*

Wooster, Wayne Co., population 6,000; mercantile buildings, brick, 3 stories; private, wood, 2 stories; roofs tin and iron. Fire department—1 steam fire engine, 2-10 gal chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 3 hose wagons; hose, rubber good 1,500 ft, inferior 1,000 ft, cotton good 650 ft; 4 hoses, value \$850; value of fire department equipment \$5,000; value of buildings occupied \$8,000; total membership 34, paid full time 4, paid part time 30; electric alarm; street boxes 16. Chief engineer, Will Gerlach.

WATER SUPPLY—Source, spring and well; system, gravity and pumping to reservoir; 2 reservoirs, cap 12,000,000 gals; pumping engines, dy cap 500,000 gals; 112 hydrants; pipe 14 miles, 4 to 12 in dia; 52 valves; 300 taps; pressure 50 to 80 pounds; waterworks owned by city; cost to construct \$115,000, to date \$130,000; ann expenses \$1,400. Supt, Edmund Keyser.

Wyoming, Hamilton Co., population 2,000; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$1,000; total membership 65, volunteers. Chief engineer, L. G. Lilley.

WATER SUPPLY—Source, deep wells; system, pumping to reservoir and direct; reservoir cap 3,000,000 gals; pumping engines, dy cap 1,500,000 gals; 45 hydrants; pipe 7 miles, 4, 6 and 8 in; 90 taps; pressure, domestic 100, fire 100 pounds; waterworks owned by village; original cost to construct \$40,000; ann expenses \$1,500. Secy, W. A. Clark.

Xenia, Greene Co., population 9,000; fire area 1 mile square; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 800 ft, rubber 2,000 ft; 5 hoses, value \$1,000; value of fire department equipment \$4,750; value of buildings occupied \$10,000; total ann expenses of department \$3,000; total membership 13, paid full time 4, part time 9; telegraph alarm; 24 street boxes. Chief engineer, D. T. Davidson.

WATER SUPPLY—Source, springs; system, pumping to standpipe; standpipe cap 275,000 gals; reservoir cap 3,500,000 gals; pumping engines, dy cap 3,500,000 gals; 186 hydrants; pipe 20 miles, 6 to 14 in dia; 100 valves; 675 taps; pressure 50 to 100 pounds; waterworks owned by company; cost to construct \$200,000. Supt, G. F. Cooper.

Yellow Springs, Greene Co., population 1,450; fire area 2½ blocks; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. No fire department.

Youngstown, Mahoning Co., population 33,220; fire area 8 sq miles; mercantile buildings, brick and wood, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 8 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 3 hose carriages; hose, linen good 4,500 ft; 12 hoses, value \$2,400; value of fire department equipment \$7,500; value of buildings occupied \$24,000; total ann expenses \$17,000; total membership 18, paid full time; Gamewell alarm; 33 street boxes. Chief engineer, William H. Moore.

WATER SUPPLY—Source, Mahoning river; system, pumping direct; pumping engines, dy cap 8,000,000 gals; 365 hydrants; pipe 37 miles, 4 to 20 in dia; 500 valves; 2,354 taps; pressure, domestic 90, fire 90 to 125 pounds; Edison pressure recording gauge; waterworks owned by city; cost to construct \$150,000, to date \$367,000; ann expenses \$14,000. Supt, W. S. Hamilton.

Zanesville, Muskingum Co., population 21,009; fire area 3,368 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 double tank chemical engine, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose

carriages; hose, rubber good 2,600 ft, cotton good 800 ft, leather poor 500 ft; 11 horses, value \$3,000; value of fire department equipment \$6,000; value of buildings occupied \$90,000; total ann expenses of department \$14,000; total membership 16, paid full time; Gamewell alarm; 41 street boxes. Chief, Louis F. Langley.

OKLAHOMA.

El Reno, Canadian Co., population 5,500; mercantile buildings, brick and stone; 2 and 3 stories; private, wood, 2 stories; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; value of fire department equipment \$3,500; total membership 13. Chief engineer, I. E. Dowell.

WATER SUPPLY—Source, 8 wells, $\frac{1}{2}$ mile from town; system, pumping to standpipe; standpipe cap 130,000 gals; pumping engines, 3; cap 2,000, 000 gals; hydrants 50; miles of pipe 6, 10 to 4 in; taps 150; valves 20; pressure, domestic 65, fire 125 pounds; waterworks owned by company; original cost to construct \$65,000; expenses of construction to date, \$75,000; ann expenses \$2,000. Supt, E. Thayer.

Guthrie, Oklahoma Co., population 12,000; fire area 1,380 acres; mercantile buildings, stone, brick and wood, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; except in fire limits, no fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds, 1 hose wagon, 1 combination H. L. truck and hose wagon; hose, linen, good 1,300 ft, poor 700 ft; 2 horses, value \$400; value of fire department equipment \$3,000; value of buildings occupied \$500; total ann expenses of department \$1,500; total membership 51, paid full time 5; bell alarm. Chief engineer, G. W. Taylor.

WATER SUPPLY—Source, well near creek; system, pumping to reservoir; 2 pumping engines, cap 4,000 gals per min; hydrants 58; pipe 3 miles, 2 to 10 in dia; 14 valves; taps 50; pressure, domestic 95, fire 160 pounds; waterworks owned by company; original cost to construct \$18,600; expenses of construction to date, \$25,000; ann expenses \$3,500. Supt, E. S. Mackey.

Albany, Linn Co., population 4,000; mercantile buildings, brick and stone, 1 to 3 stories; private, wood and brick, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 2 coal carts, stamess couplings used; hose, cotton good 800 ft, rubber good 700 ft; 2 horses, value \$500; value of fire department equipment \$10,000; value of buildings occupied \$8,000; total ann expenses of department \$2,000; total membership 160, paid full time 1, paid part time 2, remainder volunteers; bell alarm; 2 engine companies, 1 hook and ladder company. Chief engineer, F. C. Dannals.

WATER SUPPLY—Source, Santiam canal and Calappocoe river; system, direct pumping; 2 pumping engines, dy cap 1,000,000 gals; 5 hydrants; pipe 7.93 miles, 1 to 10 in dia; about 300 taps; pressure 40 to 100 pounds. Supt, L. E. Gray.

Albina, (8th ward of Portland) Multnomah Co.; mercantile buildings, brick, stone and wood, 2 and 3 stories; private, wood and brick, 1 and 2½ stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—(see Portland.)

WATER SUPPLY—Source, 4 12-inch driven wells; system, pumping to reservoir and direct; reservoir cap 100,000 gals; pumping engines, dy cap 4,000,000 gals; 32 hydrants; pipe 30 miles, 3 to 10 in dia; pressure 40 to 105 pounds; works owned by company; cost to construct \$120,000. Pres and supt, G. W. Bates.

Arlington, Gillam Co., population 356; mercantile buildings, wood and brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 800 ft; value of fire department equipment \$500; total membership 20,

WATER SUPPLY—Source, Muskingum river; system, gravity and pumping direct; reservoir cap 5,000,000 gals; pumping engines, dy cap 10,000,000 gals; 340 hydrants; pipe 52 miles, 2 to 20 in dia; 640 valves; 5,240 taps; pressure 75 pounds; works owned by city; cost to construct to date \$550,000; ann expenses \$24,000. Supt, R. M. Saup.

Kingfisher, Kingfisher Co., population 4,500; fire area 720 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 900 ft, inferior 300 ft; value of fire department equipment \$1,800; value of buildings occupied \$3,000; total ann expenses of department \$500; total membership 42, volunteer members; bell alarm. Chief engineer, John McAvoy.

WATER SUPPLY—Source, Uncle Johns creek; system, pumping direct; pumping engines, dy cap 1,000,000 gals; hydrants 25; miles of pipe 3½, 8 to 4 in; taps 300; valves 10; pressure, domestic 60, fire 150 pounds; waterworks owned by city; original cost to construct \$20,000; ann expenses \$2,000. Supt, Cash Cade; engineer, G. O. Bolend.

Oklahoma City, Oklahoma Co., population estimated 5,000; fire area 100 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,700 ft; value of equipment \$4,200; value of buildings occupied \$1,800; total membership 14, paid full time 2, volunteers 12; bell alarm. Foreman, Allen Combs; chairman, L. Mendlick.*

WATER SUPPLY—Source, wells on Canadian River; system, pumping direct; pumping engines, dy cap 2,500,000 gals; hydrants 82; miles of pipe 9, 4 to 14 in; taps 400; 32 valves; pressure, domestic 40, fire 80 pounds; waterworks owned by company; original cost to construct \$75,000; expenses of construction to date, \$80,000; ann expenses \$5,000; Supt and pres, D. H. Scott.

OREGON.

volunteers; bell alarm. Chief engineer, Jay P. Lucas.*

WATER SUPPLY—Source, Columbia river; system, pumping to reservoir; reservoir cap 100,000 gals; pumping engines, dy cap 432,000 gals; 8 hydrants; pipe 2 miles, 6 to 8 in dia; waterworks owned by company; cost to construct \$7,000; ann expenses \$1,200. Supt, E. D. Parrot.*

Astoria, Clatsop Co., population 9,000; fire area 200 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—3 steam fire engines, 3 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 7 hose carriages, 3 supply carts; hose, rubber good 6,600 ft, poor 500 ft, cotton good 500 ft; 8 horses, value \$1,600; value of fire department equipment \$25,000; value of buildings occupied \$40,000; total ann expenses of department \$14,000; total membership 210, paid full time 7, paid part time 7, volunteers 96; Gamewell alarm; 7 street boxes; 3 engine companies, 1 hook and ladder company. Chief, C. E. Foster.

WATER SUPPLY—Source, Bear creek; system, gravity; reservoir cap 500,000 gals; 1 hydrant; pipe 13 miles; 4 meters; pressure 45 to 65 pounds; waterworks owned by city; cost to construct \$80,000; ann expenses est \$3,600. Supt, W. N. Smith.

Baker City, Baker Co., population 2,604; fire area 1,200 by 415 ft; mercantile buildings, brick, 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, rubber good 1,400 ft, cotton good 1,400 ft; value of fire department equipment \$5,500; value of buildings occupied \$1,000; total membership 125, volunteers; bell alarm; 1 hook and ladder company, 3 hose companies. Chief, M. Fox.

WATER SUPPLY—Source, artesian well; system,

pumping to reservoir and direct; reservoir cap 500,000 gals; pumping engines, dy cap 360,000 gals; 72 hydrants; 10 miles of pipe, 10 to 4 in dia; 240 taps; pressure 72 to 185 pounds; works owned by city; cost \$75,262. Supt, A. B. Combs.

Coquille, Coos Co., population 850; buildings, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. No organized department.

WATER SUPPLY—Source, mountain stream; system, gravity; reservoir cap 25,000 gals; 1 hydrant; pipe 4 miles, 4 in dia; pressure 80 pounds; works owned by company; cost to construct to date \$3,800; ann expenses \$750. Supt, J. B. Messer.

Corvallis, Benton Co., population 3,000; fire area 320 acres; buildings, wood and brick; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carts; hose, rubber and leather good 1,500 ft, inferior 500 ft; buildings occupied, owned by city, value \$15,000; total membership 125, volunteers; bell alarm. Chief engineer, Thos. Whitehorn.

WATER SUPPLY—Source, Willamette river; system, pumping to tank and direct; tank cap 60,000 gals; pumps, dy cap 1,000,000 gals; 9 hydrants; pipe 4 miles, 4 to 8 in dia; pressure, domestic 40, fire 90 pounds; waterworks owned by company. Supt, Wm. Groves.

Dallas, Polk Co., population about 1,200; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 400 ft; value of buildings occupied \$2,500; total membership 40, volunteers; bell alarm. Foreman, Wilson Webb.

WATER SUPPLY—Source, not given; system, gravity; 6 hydrants; 4 cisterns. City clerk, O. V. R. Snyder.*

Dayton, Yam Hill Co., population 400; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; no fireworks ordinance. No fire department.

WATER SUPPLY—Source, well; reservoir cap 5,000 gals; 3 hydrants; pipe 400 ft, 3 in dia; quality of water good; works owned by city; cost to construct \$1,000; ann expenses \$25. Village clerk, H. A. Bertram.

East Portland, Multnomah Co., population 10,532; mercantile buildings, wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds, 2 hose wagons; hose, cotton good 500 ft, rubber good 3,000 ft; 6 horses, value \$1,500; value of fire department equipment \$12,000; value of buildings occupied \$20,000; total membership 48, paid full time 7, paid part time 21, volunteer members 20; bell alarm; 4 fire companies. Assistant engineer, H. H. Holmes.*

WATER SUPPLY—Source, well; system, pumping direct; standpipe cap 367,000 gals; pumps, dy cap 1,200,000 and 3,000,000 gals; 118 hydrants; pipe 28 miles, 16 to 4 in dia; 150 valves; pressure, domestic 80, fire 105 pounds; waterworks owned by city; cost to construct \$225,000; ann expenses \$10,000. Pres, John Myers.*

Eugene City, Lane Co., population 4,000; fire area 14 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 500 ft, rubber good 2,000 ft; value of fire department equipment \$10,000; value of buildings occupied \$3,500; total membership 135, volunteers; bell alarm. Chief, C. F. Croner.

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; reservoir cap 375,000 gals; pumping engines, dy cap 2,000,000 gals; 34 hydrants; pipe 12 miles, 24 to 8 in dia; pressure, domestic 73, fire 275 pounds; waterworks owned by company; cost to construct \$15,000; ann expenses \$1,000. Supt, J. F. Robinson.

Grant's Pass, Josephine Co., population about 2,000; fire area 1 mile sq; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 aerial truck, 1 hose carriage; hose, cotton

good 1,000 ft; value of fire department equipment \$2,500; value of buildings occupied \$400; total membership 32, volunteer members; bell alarm. Chief engineer, Best Warren.

WATER SUPPLY—Source, Rogue river; system, pumping to reservoir and direct; reservoir cap 800,000 gals; pumping engines, dy cap 1,200,000 gals; 14 hydrants; pipe 7 1-4 miles, 8 to 4 in; pressure 140 ft; waterworks owned by company; expenses of construction to date \$90,000. Supt, Will Jackson.

Hillsboro, Washington Co., population 1,800; fire area 35 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 500 ft, cotton good 500 ft, linen good 500 ft; value of equipment \$2,500; value of buildings \$4,500; total membership 75, volunteers; bell alarm. Chief engineer, F. S. Weathered.

WATER SUPPLY—Source, wells; system, pump to reservoir and direct; reservoir cap 35,000 gals; pumping engines, dy cap 500,000 gals; 20 hydrants; 20 valves; 200 taps; pipe 7 miles, 4 and 6 in dia; pressure 34 to 80 pounds; works owned by company; cost to date \$34,000; ann expenses \$3,000. Supt, H. W. Gates.

Hood River, Wasco Co., population 201. No organized fire department.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 1,500 gals; pipe 2½ miles; pressure 150 ft head; cost to construct \$4,000. Owner, H. C. Coe.

Independence, Polk Co., population est 1,000. No organized fire department.*

WATER SUPPLY—Source, wells; system, pump to standpipe and direct, cap 20,000 gals; pumping engines, dy cap 750,000 gals; 10 hydrants; pipe 4 miles, 4 to 6 in dia; 7 valves; pressure 40 to 150 pounds; works owned by L. C. Gilmore; cost to construct \$13,000, to date \$14,794; ann expenses \$1,715.50. Supt, L. C. Gilmore.

Jacksonville, Jackson Co., population 743. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose cart; hose, 750 ft; total membership 50; bell alarm. Chief engineer, C. F. Smith.*

WATER SUPPLY—Source, 3 cisterns, cap 12,000 gals; street mains. Town clerk, S. J. Day.

Joseph, Wallowa Co., population 249; fire area 40 acres; buildings, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hose carriages; hose, cotton good 300 ft, rubber good 250 ft, inferior 50 ft; value of fire department equipment \$510; total ann expenses of department \$260; total membership 15, volunteers. Chief, Geo. McLoughlin.

WATER SUPPLY—Source, lake; system, gravity; pipe 2 miles, 8 to 4 in dia; 8 hydrants; pressure 65 pounds; works owned by company; cost to construct \$5,000. Pres, D. F. McCully.

La Grande, Union Co., population 2,588; fire area 1,200 acres; buildings, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$600; total membership 25, volunteers; bell alarm. Chief engineer, Joseph Jones.*

WATER SUPPLY—Source, wells; system, pump to reservoir, cap 1,000,000 gals; pumps, dy cap 42,900 gals; pipe 7 miles, 12 to 3 in dia; 43 hydrants; 16 valves; 85 taps; pressure 85 pounds; works owned by city; cost to construct \$50,000; ann expenses \$2,500. Supt, F. E. Enlor.

Lebanon, Linn Co., population 1,250; fire area 25 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 hose reels, 36 buckets, ladder, etc; hose, rubber good 450 ft, inferior 100 ft; value of department equipment \$1,075; value of buildings occupied \$1,750; expenses of department \$48; membership 45, volunteers; bell alarm. Chief, W. C. Paterson.

WATER SUPPLY—Source, Santiam river; system, pumping to tank and direct; tank cap 15,000 gals; pumping engines, dy cap 1,000,000 gals; 17 hydrants; pipe 1 mile, 4, 6, 8 in dia; 11 valves; 50 taps; pressure, domestic 40, fire 80 to 100 pounds; waterworks owned by company; cost to construct \$8,000.

Marshfield, Coos Co., population 1,600; fire area 50 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber 500 ft, cotton good 1,000 ft; value of fire department equipment \$7,500; value of buildings occupied \$150; membership of 50, paid full time 1; bell alarm. Chief engineer, C. W. Paterson.

WATER SUPPLY—Source, bay and cisterns.

McMinnville, Yam Hill Co., population 3,000; fire area 540 acres; mercantile buildings, 2 stories; private, wood, 2 stories; wooden and iron roofs; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 300 ft, rubber good 600 ft; value of fire department equipment \$2,125; value of buildings occupied \$2,300; total membership 75; volunteers; electric alarm; 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, Elsie Wright.

WATER SUPPLY—Source, Yam Hill river; system, pumping direct; pumping engines, dy cap 3,000,000 gals; 17 hydrants; pipe 4 miles, 8 to 3 in dia; 14 valves; pressure 40 to 180 pounds; works owned by city; cost to construct \$30,000; to date \$36,000; ann expenses \$5,050. Pres, G. W. James; supt, F. E. Grifith.

Medford, Jackson Co., population 2,000; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hose carriage; hose, rubber good 500 ft; value of equipment \$1,000; membership 22, volunteers; bell alarm. Chief, G. L. Davis.

WATER SUPPLY—Source, Bear creek; system, gravity, pump from canal to reservoir, cap 40,000 gals; pumps, cap 18,000 gals per hour; pipe 2 miles, 8 to 2 in; 17 hydrants; 25 valves; pressure, domestic 43, fire 180 pounds; cost to construct \$10,000, cost to date \$25,000; ann expenses \$1,400. Supt, E. W. Carder.

Milton, Umatilla Co., population 544; buildings, wood, 1 and 2 stories.

WATER SUPPLY—Source, Walla Walla river; system, gravity; pipe 1½ miles, 12 to 6 in dia; quality of water good; 4 hydrants; pressure 40 pounds; cost to construct \$5,000. Supt, A. Allen.

Monmouth, Polk Co., population 1,200; town have a quantity of hose. (Hook and ladder truck, hose, buckets and fire hydrants contemplated.)

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 10,000 gals, dy cap 100,000 gals; pressure, domestic 40, fire 150 pounds; works owned by company; cost to construct \$10,000; ann expenses \$2,000. Supt, F. S. Barsee.

Mount Tabor, Multnomah Co., population 300; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department not reported.

WATER SUPPLY—Source, wells; system, pumping to tank; cap 10,000 gals, dy cap 50,000 gals; pipe 2 miles, 8 in dia; pressure 50 pounds; works owned by company; cost to construct \$5,000; ann expenses \$500. Supt, J. L. Ivers.

Newport, Benton Co., population 121; buildings, wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department disorganized.

WATER SUPPLY—Source and system not given; 1 reservoir, cap 120,000 gals. Town clerk, J. H. Aldrich.

Oregon City, Clackamas Co., population 5,000; fire area 1,500 acres; mercantile buildings, stone, iron, brick and wood, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 1,500 ft, inferior 300 ft, cotton good 400 ft, inferior 300 ft; value of fire department equipment \$4,000; value of buildings occupied \$18,000; total ann expenses of department \$800; total membership 97, volunteers; bell alarm; 1 hook and ladder company, 3 hose companies. Chief engineer, J. W. O'Connell.

WATER SUPPLY—Source, Willamette river; system, pumping to reservoir, standpipe and direct; reservoir cap 3,000,000 gals; pumping engines, dy cap 2,200,000 gals; 30 hydrants; pipe 4 miles, 13 to 10 in dia; 400 taps; pressure, domestic 60, fire 140

to 300 pounds; waterworks owned by city; original cost to construct \$28,000; expenses of construction to date \$17,000; ann expenses \$6,000. Supt, W. H. Howell.

Pendleton, Umatilla Co., population 3,500; fire area 18 acres; buildings, stone, brick and wood, 1 to 3 stories; wooden roofs not permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 1 coal tender; hose, rubber good 1,900 ft, cotton good 400 ft; 2 horses; value of fire department equipment \$10,000; total ann expenses of department \$3,400; total membership 57, 2 paid full time, 55 paid part time; bell alarm; 3 fire companies. Chief engineer, Joseph Ell.

WATER SUPPLY—Source, well; system, pumping to reservoir and direct; reservoir cap 500,000 gals; pumping engines, dy cap 1,000,000 gals; 25 hydrants; pipe 9 miles, 2 to 8 in dia; 15 valves; 2 meters; pressure, domestic 80, fire 120 pounds; waterworks owned by city; cost to construct \$29,000; ann expenses \$6,000. Supt, Ed. E. Sbaron.

Portland, Multnomah Co., includes Albina East and West Portland; population 80,000; fire area 85 acres; mercantile buildings, brick and stone, 1 to 10 stories; private, wood, 1 to 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—8 steam fire engines, 2 chemical engines on wheels, 40 chemical extinguishers, 5 hook and ladder trucks, 1 aerial truck, 4 hose carriages, 12 hose wagons; hose, cotton good 350 ft, rubber good 14,000 ft; 51 horses, value \$10,570; value of fire department equipment \$133,550; value of buildings occupied and lots, \$208,346; total ann expenses of department \$150,538; total membership 176, paid full time 56, paid part time 120; Gamewell alarm; street boxes 101. Supt, Joseph Buchtel.

WATER SUPPLY—Source, Willamette river; system, pumping direct; reservoir cap, low service, 2,000,000 gals, pumping engines, dy cap 2 of 5,000,000 gals, and 1 of 10,000,000 gals, and one of 2,500,000; pipe 75 miles, 4 to 30 in dia; 232 hydrants; 130 meters; 1,000 taps; pressure, domestic 65 pounds, fire same; works owned by city; cost to construct \$750,000; ann expenses \$58,000. Supt, Isaac W. Smith. (System is for west side of Portland; on East side are 2 systems. A gravity system is now under construction estimated cost \$2,250,000.)

Roseburg, Douglas Co., population 2,500; fire area 160 acres; buildings, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,200 ft; value of fire department equipment \$2,312; value of buildings occupied \$800; total ann expenses of department \$200; total membership 63, volunteers. Chief engineer, L. A. Sanctuary.

WATER SUPPLY—Source, South Umpqua river; system, pump direct and to reservoir, cap 600,000 gals; pumping engines, dy cap 400,000 gals; pipe 4 miles, 8 to 3 in dia; 20 hydrants; 16 valves; 300 taps; pressure 80 to 110 pounds; works owned by company; cost to construct \$20,000, cost to date \$45,000; ann expenses \$2,000. Supt, O. L. Willis.

Salem, Marion Co., population estimated 11,000; fire area 30 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 1½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon, 2 tender carts; hose, rubber good 3,000 ft, inferior 500 ft; 4 horses, value \$675; value of fire department equipment \$3,000; value of buildings occupied \$3,000; total membership 195, volunteers, paid full time 3, paid part time 9; bell alarm; 4 fire companies. Chief engineer, Andrew Coas.

WATER SUPPLY—Source, Willamette river; system, direct and to reservoir, cap 2,000,000 gals; pumping engines, dy cap 10,000,000 gals; 57 hydrants; pipe 27 miles, 4 to 12 in dia; 65 valves; 923 taps; pressure, domestic 80, fire 100 pounds; waterworks owned by company; cost to construct \$200,000, cost to date \$250,000; ann expenses \$6,000. Supt, J. M. Martin.

The Dalles, Wasco Co., population 4,000; fire area 10 acres; mercantile buildings, brick and

wood, 2 and 3 stories; private, wood, 1 and 1½ stories; wooden roofs not permitted in fire limits. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 5 hose carriages; O. R. & N. Co., own fire pump, 5 pipe and plugs; hose, rubber, good 3,000 ft.; value of fire department equipment \$13,000; value of buildings occupied \$6,000; total ann expenses of department \$1,514; total membership 130, volunteers; bell alarm; 1 engine company, hose company. Chief engineer, J. B. Fish.

WATER SUPPLY—Source, Hood river; system, gravity; reservoir cap 2,800,000 gals; standpipe cap 900,000 gals; hydrants 30; pipe 23 miles, 4 to 14 in dia; 30 valves; pressure, domestic 40, fire 90 pounds; waterworks owned by city; cost to construct \$125,000, to date \$135,000; ann expenses \$1,620. Supt, J. J. Norman.

Union, Union Co., population 1,350; fire area 8 acres; mercantile buildings, brick and stone 1, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; no fireworks ordinance; causes of fire investigated. Fire department—144 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages; hose, cotton good 950 ft.; value of fire department equipment \$2,755; value of buildings occupied \$6,068; total ann expenses of department \$104; total membership 37, volunteers; bell alarm; 2 fire companies. Chief engineer, C. E. Davis.

Adrian Mines, De Lancy Co., population estimated 1,500; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers.

WATER SUPPLY—Source, artesian wells; system, pumping to tank; 9 hydrants; pipe 3 miles; quality of water good; works owned by company; cost to construct \$5,000. Supt, John H. Bell.*

Allegheny, Allegheny Co., population 105,287; mercantile buildings, brick, 4 stories; private, brick, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—11 steam fire engines, 1 chemical engine on wheels, 10 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 14 hose carriages, alarm couplings used; 45 horses; value of fire department equipment \$80,000; value of 14 buildings occupied \$104,000; total membership 99, paid full time; telegraph alarm; 163 street boxes. Chief engineer, John K. Hunter.

WATER SUPPLY—Source, Allegheny river; system, pumping to reservoir and direct; reservoir cap 7,750,000 gals; pumping engines, dy cap 28,000,000 gals; 1,450 hydrants; pipe 106 miles, 4 to 36 in dia; 4,200 valves; 9 meters; pressure 40 to 180 pounds; waterworks owned by city; cost to construct \$2,000,000; cost to date \$2,300,000, ann expenses \$192,000. Supt, Thomas L. Brown.

Allentown, Lehigh Co., population 28,000; fire area 20,118 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, brick, 2 and 3 stories; slate and tin roofs; fireworks ordinance. Fire department—14 steam fire engines, 1-80 gal chemical engine, 12 chemical extinguishers, 1 hook and ladder truck, 1 patrol wagon, 8 hose carriages, 1 hose wagon, 1 supply wagon; hose, cotton good 7,000 ft., leather good 800 ft.; 18 horses, value \$4,500; value of fire department equipment \$30,000; value of buildings owned by city \$45,000; total ann expenses of department \$10,000; total membership 504; Gamewell alarm; 20 street boxes. Chief engineer, John Cohen.*

WATER SUPPLY—Source, springs; system, pumping to reservoir and standpipe; reservoir cap 410,442 gals; 2 pumping engines, dy cap 6,000,000 gals; 191 hydrants; pipe 39½ miles, 3 to 24 in dia; 1 meter; pressure, domestic 90 pounds; waterworks owned by city; cost to construct \$278,482; ann expenses \$8,065. Pres of com, W. J. Hartzell; supt, Jacob B. Snyder.*

Altoma, Blair Co., population 39,000; fire area 1,890 acres; mercantile buildings, wood, stone and brick, 3 to 5 stories; private, brick and wood, 3 to 5 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire

WATER SUPPLY—Source, Catherine creek; system, gravity; 17 hydrants; pipe 3½-8 miles, 10, 8, 6 in dia; 6 valves; pressure, domestic 45 pounds, fire same; works owned by city; cost to construct \$19,347. Supt, Wm. H. Porter.

Weston, Umatilla Co., population 1,000; fire area 20 acres; mercantile buildings, brick, 1 and 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 250 ft.; value of equipment \$22,000; value of buildings \$200.

WATER SUPPLY—Source, wells; system, gravity; reservoir cap 100,000 gals; 10 hydrants; pipe 4 miles, 2 to 8 in dia; 8 valves; pressure 70 pounds; works owned by city; cost to construct \$10,000; ann expenses \$300. Supt, E. W. Dentora.

Woodburn, Marion Co., population 1,500; fire area 15 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—ladders and buckets.

WATER SUPPLY—Source, wells; system, pumping to tank, cap 20,000 gals; 8 hydrants; pipe 1 mile; quality of water good; pressure 40 pounds; works owned by D. L. Remington & Son.

Woodlawn, Multnomah Co (see Portland).

PENNSYLVANIA.

department—5 steam fire engines, 3 chemical engines on wheels, 14 private chemical extinguishers, 1 hook and ladder truck, 6 hose carriages, all kinds, 1 fire patrol; hose, cotton good 8,000 ft, inferior 3,000 ft; 31 horses, value \$4,000; value of fire department equipment \$35,000; value of buildings occupied \$80,000; total ann expenses of department \$12,000; total membership 700, volunteer members; Union alarm; street boxes 51. Chief engineer, Frank P. Molly.

WATER SUPPLY—Source, surface and spring water; system, gravity; reservoirs, cap 68,000,000 gals; hydrants 192; pipe 42 miles, 3 to 16 in; valves 340; taps 7,120; pressure 15 to 75 pounds; waterworks owned by city; original cost to construct \$259,000; expenses of construction to date \$359,000; ann expenses \$62,000. Supt, S. A. Galley.

Ambler, Montgomery Co., population 1,073; mercantile buildings, wood, 2½ stories; private, wood, 2½ and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 350 ft, rubber good 800 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,500; total membership 64, volunteers; bell alarm. Chief engineer, Thomas Redington.*

WATER SUPPLY—Source, springs, 1½ miles east of city; system, gravity; reservoirs cap 35,000,000 gals; hydrants 14; pipe 6 miles, 12 to 4 in; valves 20; pressure 40 pounds; waterworks owned by company; original cost to construct \$50,000. Supt, Thomas Rose.

Annville, Lebanon Co., population 1,480; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft, leather 300 ft; value of fire department equipment \$2,700; value of buildings occupied \$1,600; total expenses for past year \$173; membership 75, volunteers. Chief engineer, Titus Shodley.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 200,000 gals; pipe 2 miles, 8 to 4 in dia; pressure 52 pounds; cost to construct \$17,000; works owned by company. Secy, C. Dean.

Ansonville, Clearfield Co., population 700; fire area 20 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 3 stories; wooden roofs permitted; no fireworks ordinance. No fire department each family supplied with hose.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 20,000 gals; pipe 1½ miles, 3 in dia; 30 hydrants; 7 valves; 66 taps; pressure 30 pounds; works owned by company; cost to construct \$1,500. Pres, S. J. Miller; secy, J. C. Davison.

Apollo, Armstrong Co., population 3,900; fire area 1 mile sq; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 department book and ladder truck, 2 hose carriages, all kinds, 2 hose wagons; hose, cotton good 2,000 ft; value of fire department equipment \$600; total membership 80, volunteer members; electric bell alarm; street boxes 8; 1 hook and ladder company, 2 hose companies. Chief engineer, Walter J. Guthrie.

WATER SUPPLY—Source, Kiskiminnos river; system, pump to tanks; pipe 8 to 4 in dia; 20 hydrants; cost to construct \$15,000. Supt., A. Randolph.

Archibald, Lackawanna Co., population 4,032; fire area 2 sq miles; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hose carriage; hose, linen good 1,500 ft; value of equipment \$1,000; value of buildings occupied \$800; membership 30, volunteers; whistle alarm. Foreman, Wm. Blake.

WATER SUPPLY—Source, creek; system, gravity; 20 hydrants; pipe 5 miles, 1½ to 10 in dia; 20 valves; pressure 100 pounds; waterworks owned by company; cost to construct \$30,000; ann expenses \$500. Supt., J. Bishop.

Arnot, Tioga Co., population 2,000. Fire department—1 fire engine, 1 hose reel and 1,000 ft hose owned by coal company and under its direction. Engineer, R. T. Dodson.

WATER SUPPLY—Source, streams; system, gravity; 2 steam pumps; reservoirs. Supt., R. T. Dodson.

Ashland, Schuylkill Co., population 7,346; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton rubber lined 2,400 ft; value of fire department equipment \$1,970; value of 2 buildings \$6,000; total ann expenses of department \$225; total membership 51, volunteers. Chief engineer, W. J. Reed.

WATER SUPPLY—Source, Little Mahoney creek; system, gravity; 2 reservoirs, cap 3,800,000 gals; 36 hydrants; pipe 9 ½ miles, 3 to 12 in dia; Cassin valves; pressure 120 pounds; waterworks owned by city; cost to construct \$85,000; ann expenses \$1,200. Supt., Jos. Hardenock.

Ashley, Luzerne Co., population 4,500; fire area 300 acres; buildings, brick and wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 3 hose carriages; hose, rubber good 2,400 ft; 2 hoses, value \$500; value of fire department equipment \$6,912; value of buildings occupied \$4,000; total ann expenses of department \$383; total membership 38, volunteers; steam gong alarm. Chief engineer, W. T. Reed.

WATER SUPPLY—Source, lake; 19 hydrants; pipe 3 miles, 4 to 14 in dia; pressure 110 pounds; waterworks owned by company. Town clerk, J. B. Newhart.

Athens, Bradford Co., population 4,000; mercantile buildings, brick and wood, 2 stories; private, wood 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 5 hose carriages; hose, rubber 700 ft, cotton good 1,800 ft, leather good 400 ft; value of buildings occupied \$3,000; total membership 100, volunteers. Chief engineer, James G. Lowman.

WATER SUPPLY—Source, Water Co. (see Sayre) 18 hydrants; pipe 7 miles; pressure 120 pounds; waterworks owned by company. Supt., A. B. Shearer.

Audensried, Carbon Co., population 4,000; buildings, wood, 1 and 2 stories. No fire department; buckets and hose; whistle alarm.

WATER SUPPLY—Source and system not given; reservoir cap 2,500,000 gals; steam pumping engines; 11 hydrants; pipe 3 miles, 6 to 4 in dia; pressure 55 pounds. Supt., J. I. Hollenbeck.

Austin, Potter Co., population 2,500; fire area 50 to 75 acres; mercantile buildings, wood and brick 3 and 3 stories; private, wood, 3 stories; wooden roofs permitted except in fire limits; fireworks ordinance. Fire department—3 hose carriages, all kinds, 3 hose wagons; hose, linen good 500 ft, inferior 200 ft, cotton good 3,000 ft, inferior 200 ft; 2 hoses, value \$400; value of fire department equipment \$4,000; value of buildings occupied

\$1,000; total ann expenses of department \$1,500; total membership 35, volunteers; whistle alarm. Chief, J. B. Collins.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 1,200 bbls; pumping engines; 11 hydrants; pipe 3 ½, 2, 6, 5 and 4 in dia; valves 12; pressure 50 to 180 pounds; works owned by company; cost to construct \$13,000; ann expenses \$13,500. Supt., Geo. D. Hellwig.

Avondale, Chester Co., population 850; fire area 400 acres; mercantile buildings, brick, stone and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 500 ft, poor 200 ft; value of fire department equipment \$900; total ann expenses of department \$10; total membership 25, volunteers; bell alarm. Chief marshal, W. J. Dixon.

WATER SUPPLY—Source, well and streams.

Bangor, Northampton Co., population 2,509; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; slate roofs. Fire department—1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$1,200; total membership 35, volunteers; bell alarm. Foreman, Chas. L. Grubb.

WATER SUPPLY—Source, springs; system, gravity; reservoir; pipe 4 ½ miles, 8 to 4 in dia; 11 hydrants. Pres., J. M. Young; supt., C. K. Steer.

Beaver, Beaver Co., population 1,700; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft, cotton good 250 ft; membership 25, volunteers. Chief engineer, G. A. Scroggs, M. D.

WATER SUPPLY—Source, Ohio river through filter; system, pumping to reservoir, cap 300,000 gals; pumping engines, dy cap 150,000 gals; 60 hydrants; pipe 7 miles, 18 to 2 in dia; waterworks owned by village; pressure 30 pounds; cost to construct \$50,000; ann expenses \$2,500. Secy of coun., E. N. Biggett; supt., J. W. Harton.

Beaver Falls, Beaver Co., population 9,735; fire area 400 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 2,500 ft; 3 hoses, value \$900; value of fire department equipment \$15,000; value of buildings occupied \$25,000; total ann expenses of department \$2,000; total membership 35, volunteers; telephone alarm. Chief, Dr. Wm. Raymer.

WATER SUPPLY—Source, Beaver river; system, pumping to reservoir; reservoir cap 3,000,000 gals; pumping engines, dy cap 9,000,000 gals; 80 hydrants; pipe 30 miles, 4 to 12 in dia; 91 valves; 1 meter; 1,300 taps; pressure 45 to 135 pounds; waterworks owned by company; cost to construct \$160,000; ann expenses \$8,000. Pres., H. W. Hartman.

Bedford, Bedford Co., population 2,242; fire area 385 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 1,700 ft, inferior 300 ft; value of fire department equipment \$4,000; value of buildings occupied \$3,000; total ann expenses of department \$500; total membership 60; electric bell alarm; 7 street boxes. Chief, S. F. Statler.

WATER SUPPLY—Source, mountain springs; system, gravity; 3 reservoirs, cap 9,000,000 gals; 14 hydrants; pipe 1 ½ miles, 2 to 4 in dia; 30 valves; pressure 30 to 40 pounds; waterworks owned by town; cost to construct \$35,000; ann expenses \$700. Mayor, S. F. Statler; town clerk, D. S. Horn.

Bellefonte, Centre Co., population 3,940; fire area 390 acres; mercantile buildings, brick and stone, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 4 hose carriages, 2 hose wagons; hose, rubber good 2,200 ft, leather good 350 ft; value of fire department equipment \$7,200; value of 3 buildings occupied \$3,000; total ann expenses of department \$1,000; total member-

ship 100, volunteers. Chief, J. M. Cunningham.*
WATER SUPPLY—Source, springs; system, pumping to reservoir; reservoir cap 280,000 gals; pumping engines, dy cap 1,500,000 gals; 48 hydrants; pipe 10 miles; 4 waterworks owned by city; cost to construct \$100,000; ann expenses \$4,000. Supt, Sam'l D. Ryan.

Bellwood, Blair Co., population 2,500; fire area 500 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 800 ft; value of fire department equipment \$1,000; value of buildings occupied \$500; total ann expenses of department \$100; total membership 60, volunteers; bell alarm. Chief engineer, George Martz.
WATER SUPPLY—Source, Laurel Run; system, gravity; 27 hydrants; pipe 6 miles; 50 valves; 100 taps; pressure 80 pounds; waterworks owned by city; cost to construct \$31,000. Chairman of com, T. P. Gheer.

Bennett, Allegheny Co. (See Millvale.)

Berwick, Columbia Co., population 3,000; fire area 640 acres; buildings, brick, stone and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, extension ladders and axes, 2 hose carriages, 2 hose wagons; hose, cotton good 1,300 ft, inferior 200 ft; value of fire department equipment \$3,000; value of buildings occupied \$3,000; total ann expenses of department \$400; membership 20, paid, volunteers 15; steam gong alarm. Chief engineer, Andrew D. Seeley.*

WATER SUPPLY—Source, springs; system, gravity; reservoir, cap 15,000,000 gals; 29 hydrants; pipe 17 miles, 3 to 12 in dia; 60 valves; 650 taps; pressure 72 pounds; cost to construct \$58,000, to date \$70,000; ann expenses \$1,500. Supt, Geo. De Puy.

Bethlehem, Northampton Co., population 8,000; fire area 4 miles; buildings, brick, stone and wood, 1 to 5 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 6 hose carriages; hose, cotton good 2,200 ft, leather good 500 ft; value of fire department equipment \$1,800; value of buildings occupied \$28,000; total ann expenses of department \$18,000; total membership 65; bell alarm; 2 engine companies, 2 hose companies. Chief engineer, John Van Horn.*

WATER SUPPLY—Source, springs; system, direct pumping; pumping engines, dy cap 1,200,000 gals; 73 hydrants; pipe 8 miles; pressure 72 pounds; cost to construct \$75,000; ann expenses \$4,800. Supt, Chas. Bodder.*

Birdsborough, Berks Co., population 2,261; fire area 640 acres; buildings, brick and stone, 2 and 3 stories; fireworks ordinance. Fire department—2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$1,700; value of property owned \$5,200; expenses for past year \$600; total membership 72, volunteers. Chief engineer, I. W. Miller.

WATER SUPPLY—Source, Indian Run; system, gravity; impounding reservoir, cap 28,000,000 gals; 30 hydrants; pipe 10 miles, 4 to 10 in dia; 84 valves; pressure 60 to 90 pounds; waterworks owned by company; cost to construct \$50,000. Supt, Ward Harrison.*

Blairsville, Indiana Co., population 4,000; fire area 100 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carts, siamese couplings used; hose, cotton good 1,700 ft, inferior 100 ft; value of fire department equipment \$2,200; 50 volunteer members; bell alarm. R. R. Co. has 1 hose cart, 400 ft cotton hose and 1 horse. Chief, J. M. Harvey.*

WATER SUPPLY—Source, Conemaugh river; system, pumping to reservoir; reservoir cap 200,000 gals; pumping engines, dy cap 200,000 gals; 40 hydrants; pipe 64 miles; pressure 40 to 60 pounds; waterworks owned by town; cost to construct \$29,000; ann expenses \$1,800. Supt, H. W. Ferguson.

Bloomersburgh, Columbia Co., population 5,000; fire area 1½ sq miles; mercantile buildings, brick, 3 and 4 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordi-

nanee. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, 2 supply wagons; hose, cotton good 1,500 ft, leather inferior 800 ft; value of fire department equipment \$3,000; rent of buildings occupied \$2,000; total membership 75, volunteers; bell alarm. Foreman, W. H. Webb.

WATER SUPPLY—Source, Fishing creek; system, pumping to reservoir and direct; reservoir cap 1,500,000 gals; pumping engines, dy cap 3,750,000 gals; 56 hydrants; pipe 10 miles, 4 to 12 in dia; 60 valves; 800 taps; pressure, domestic 70, fire 150 pounds; waterworks owned by company; cost to construct \$50,000. Supt, Geo. W. Welliver.

Blossburg, Tioga Co., population 3,000; fire area 640 acres; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hose carriage, 3 hose wagons; hose, linen good 950 ft, fair 50 ft; value of fire department equipment \$4,625; value of buildings occupied \$2,500; total ann expenses of department \$150; total membership 120, volunteers; bell alarm. Chief engineer, J. G. Griffiths.

WATER SUPPLY—Source, stream; system, gravity; reservoir cap 500,000 gals; 40 hydrants; pipe 6 miles, 4 to 8 in dia; 25 valves; 100 taps; pressure 90 pounds; waterworks owned by company; cost to construct \$15,000; ann expenses \$1,000. Supt, F. H. Stratton.

Boyerstown, Berks Co., population 2,000; fire area 250 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2 and 3 stories; tin and shingle roofs. Fire department—1 steam fire engine, 4 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages; hose, cotton good 500 ft, leather poor 500 ft; value of fire department equipment \$10,000; value of 2 buildings occupied \$2,500, total membership 100, volunteers; bell alarm. Chief engineer, Jacob Schupp.

WATER SUPPLY—Source, springs; system, direct pumping from reservoir, cap 25,000 gals; 6 hydrants; pipe 3 miles, 3 to 6 in dia; pressure 200 pounds; waterworks owned by company; ann expenses \$2,500. Supt, J. Swelhart.*

Braddeock, Allegheny Co., population 10,000; fire area 4,000 acres; mercantile buildings, brick and stone, 2 to 4 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,000 ft, inferior 2,500 ft, rubber good 500 ft; 2 horses, value \$500; value of equipment \$4,500; value of buildings occupied \$3,000; ann expenses \$900; total membership 55, paid full time 2, 53 volunteers; fog horn and electric alarm; 16 street boxes; 3 fire companies. Chief engineer, C. H. Streets.

WATER SUPPLY—Source, river; system, direct pumping; pumping engines, dy cap 2,500,000 gals; 55 hydrants; pipe 15 miles, 2 to 20 in dia; pressure 80 to 100 pounds; cost to construct \$85,000. Supt, G. L. Jones.*

Bradford, McKean Co., population 11,496; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; shingle and tin roofs; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, private chemical extinguishers, 1 hook and ladder truck, 11 hose carriages, all kinds; hose, cotton good 3,500 ft, linen good 1,500 ft; value of fire department equipment \$28,000; value of buildings occupied \$14,000; total ann expenses of department \$3,000; total membership 300, volunteers; Gamewell alarm; 20 street boxes. Chief engineer, D. A. Kopp.

WATER SUPPLY—Source, Marilla and Gilbert brook; system, gravity; 2 reservoirs, cap 35,000,000 gals; 125 hydrants; pipe 30½ miles, 14 to 3 in dia; 390 valves; 2,900 taps; pressure, domestic 95 pounds, fire same; works owned by city; cost to construct to date \$228,289.52. Supt, S. D. Hefner.

Bridgeport, Montgomery Co., population 3,000; fire area 1 sq mile; buildings, brick, stone and wood, 1 and 2 stories. Fire department—1 hose carriage; hose, cotton good 1,300 ft; value of equipment \$2,000; value of buildings occupied \$6,000; membership 118, volunteers. Pres, J. H. Hampton, chief, Samuel Coates.

WATER SUPPLY—Source, Schuylkill river; system, pumping to reservoir and direct; reservoir

cap 3,000,000 gals; pumping engines, dy cap 1,000,000 gals; 46 hydrants; pipe 6 miles, 8 to 4 in dia; 18 valves; 280 taps; pressure 80 pounds; cost to construct \$40,000; works owned by company. Supt, Samuel Costa.

Bristol, Bucks Co., population 7,500; fire area 680 acres; mercantile buildings, wood, stone and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, 4 hose carts; hose, cotton good 3,500 ft; value of fire department equipment \$7,550; value of buildings occupied \$8,000; total ann expenses of department \$800; total membership 180, volunteers; bell alarm; 2 fire companies. Chiefs, N. P. Chase, George Vansant.

WATER SUPPLY—Source, Delaware river; system, pumping to standpipe and direct; cap of standpipe 30,000 gals; 3 pumping engines, dy cap 3,000,000 gals; 65 hydrants; pipe 9 miles, 4 to 16 in dia; 30 valves; 895 taps; pressure 60 pounds; waterworks owned by company; cost to construct \$39,000, cost to date \$72,500; ann expenses \$3,600. Supt, A. K. Joyce.

Brookville, Jefferson Co., population 2,478. Fire department—1 hook and ladder truck, 2 hose carts; hose, 1,000 ft; total membership 40, volunteers.*

WATER SUPPLY—Source, North Fork creek; system, pumping to tanks; 4 tanks, cap 300,000 gals; pumping engines, dy cap 1,000,000 gals; 27 hydrants; pipe 8½ miles, 4 to 8 in dia; 220 taps; pressure 88 pounds; waterworks owned by company; cost to construct \$28,000; ann expenses \$2,000. Supt, Jackson Heber.

Brownsville, Fayette Co., population 2,500; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder, 1 hose carriage; 1,000 ft of rubber hose.*

WATER SUPPLY—Source, Monga river; system, pumping to reservoir; reservoir cap 1,000,000 gals; pumping engine, dy cap 1,000,000 gals; 15 hydrants; pipe 11 miles, 4 to 8 in dia; 18 valves; pressure, domestic 120 pounds, fire same; works owned by company; cost to construct \$20,000. Pres, C. L. Snowden.

Butler, Butler Co., population 8,734. Fire department—1 hook and ladder truck, 4 hose carriages; hose, cotton rubber lined good 2,000 ft, rubber good 300 ft; total membership 225, volunteers. Chief engineer, A. L. Reiber.*

WATER SUPPLY—Source, Conococheague creek; system, pumping to reservoir; reservoir cap 2,500,000 gals; pumping engines, dy cap 33,000 bbls; 62 hydrants; pipe 17 miles; 4 valves; pressure 110 pounds; waterworks owned by company; cost to construct \$48,000. Supt, W. B. Meredith.*

California, Washington Co., population 2,000; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—4 chemical extinguishers and buckets.

WATER SUPPLY—Source, wells.

Cannonsburg, Washington Co., population 2,113. Fire department—2 chemical extinguishers, 1 hook and ladder truck, other apparatus, gum buckets and ladders.

WATER SUPPLY—No waterworks.

Canton, Bradford Co., population 1,400; fire area 1 mile sq; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,200 ft, inferior 300; value of fire department equipment \$1,380; value of buildings occupied \$5,000; total ann expenses of department \$807; total membership 61, volunteers; bell alarm. Chief, Thomas M. Watts.

WATER SUPPLY—Source, stream; system, gravity; 1 reservoir; 14 hydrants; pipe 2½ miles, 4 to 12 in dia; pressure 280 pounds; waterworks owned by company; ann expenses \$450. Supt, Lee Brooks.

Carbondale, Lackawanna Co., population 12,000; fire area 60 acres; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 chemical extinguishers, 3 hose carriages; hose, cotton good 1,000 ft, leather good 400 ft, rubber good 500 ft; value of fire department

equipment \$1,800; value of buildings occupied \$3,500; total ann expenses of department \$1,800; total membership 195, volunteers; steam gong alarm. Chief, P. F. Moffett.

WATER SUPPLY—Source, springs; system, gravity; 2 reservoirs, cap 200,000,000 gals; 61 hydrants; pipe 13 miles, 2 to 14 in dia; pressure, domestic 75, fire 80 pounds; waterworks owned by company; cost to construct \$24,500, cost to date \$100,000; ann expenses \$1,500. Supt, Wm. McMullen; asst supt and manager, Wm. S. Teets.

Carlisle, Cumberland Co., population 10,000; fire area 800 acres; mercantile buildings, brick, 8 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial turntable truck, 7 hose carriages; hose, cotton good 2,500 ft, leather good 1,500 ft; value of equipment \$14,000; value of buildings occupied \$15,000; ann expenses \$1,500; total membership 700, volunteers. Pres, Chas. W. Strohm.

WATER SUPPLY—Source, Conodoquinet creek; system, pumping to reservoir; 2 reservoirs, cap 2,500,000 gals; pumping engines, dy cap 1,000,000 gals; 80 hydrants; pipe 15 miles, 4 to 10 in dia; 25 valves; pressure 30 pounds; waterworks owned by company; ann expenses \$1,800. Supt, Chas. E. Ramsey.*

Catawagua, Lehigh Co., population 3,704; fire area 300 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted, but slate used; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 5 hose carriages, 2 private hose carts, all factories have private hose, etc; hose, cotton good 1,200 ft, rubber good 1,000 ft, some linen, leather good 400 ft; value of fire department equipment \$12,000; value of buildings occupied \$18,000; total ann expenses of department \$500; total membership 280, volunteers; whistle alarm. Chief, C. R. Horn.*

WATER SUPPLY—Source, Lehigh river; system, pumping to standpipe and reservoir; reservoir cap 500,000 gals; pumping engines, dy cap 80,000 gals; 60 hydrants; pipe 5 miles, 4 to 10 in dia; pressure 45 to 50 pounds; waterworks owned by company; cost to construct \$80,000; ann expenses \$1,200. Supt, Leonard Peckitt.

Catawissa, Columbia Co., population 2,261; buildings, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines (old), 1 hose cart; hose, cotton fair 250 ft.

WATER SUPPLY—Source, mountain springs; system, gravity; works owned by company.

Centralla, Columbia Co., population 3,500; fire area 350 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$800; total ann expenses of department \$78; total membership 77, volunteers. Marshal, L. E. Davis.

WATER SUPPLY—Source, springs; system, gravity; pipe 8 miles; quality of water good; works owned by company; cost to construct \$10,000. Supt, A. S. Miller.*

Centre Hill, Centre Co., population 441; mercantile buildings, wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 100,000 gals; pipe 11-4 miles, 6 to 4 in dia; quality of water good; pressure 100 pounds; works owned by company; cost to construct \$5,000; ann expenses \$40. Pres, Fred Kurtz; secy and treas, Wm. Wolf.

Chambersburg, Franklin Co., population 9,000; fire area 1,500 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, all kinds; hose, rubber good 2,500 ft; value of fire department equipment \$12,000; value of buildings occupied \$15,000; total ann expenses of department \$4,000; total membership 300, volunteers; bell alarm. Chief engineer, G. Fred Gibbs.

WATER SUPPLY—Source, Conococheague creek; system, pumping to reservoir and direct; reservoir cap 3,800,000 gals; pumping engines, dy cap

2,225,000 gals; 80 hydrants; pipe 12 miles, 4 to 12 in dia; 50 valves; 1,140 taps; pressure, domestic 37 to 45, fire 70 pounds; waterworks owned by town; cost to construct \$55,000, cost to date \$120,000; ann expenses \$3,667. Supt. A. C. McGrath.

Charleroi, Washington Co. Fire department not reported.

WATER SUPPLY—Source, river; system, pumping direct; pipe 3½ miles, 4 to 8 in dia; 30 valves; 75 taps; pressure, domestic 150, fire 180 pounds; waterworks owned by company; original cost to construct \$10,000; ann expenses \$800. Supt. T. B. Hastings.

Chester, Delaware Co., population 23,000; fire area 7 sq miles; mercantile buildings, brick, iron and wood, 2½ stories; private, brick, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—4 steam fire engines, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 8 hose carriages, all kinds, 4 hose wagons; hose, rubber good 3,000 ft, inferior 500 ft, cotton good 1,500 ft, inferior 300 ft; 14 horses, value \$4,000; value of fire department equipment \$26,000; value of buildings occupied \$30,000; total ann expenses of department \$11,000; total membership 700, paid full time 6, paid part time 9; telephone alarm. Chief engineer, John W. Booth.

WATER SUPPLY—Source, Delaware river; system, pumping to reservoir and direct; reservoir cap 15,000,000 gals; pumping engines, dy cap 8,000,000 gals; 100 hydrants; pipe 40 miles, 4 to 24 in dia; 240 valves; 100 meters; pressure 75 to 150 pounds; waterworks owned by company. Supt. W. B. Chadwick.*

Clarendon, Warren Co., population 1,297; fire area 150 acres; buildings, wood, 1½ and 2 stories; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 750 ft, inferior 250 ft, rubber good 500 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total ann expenses of department \$400; total membership 200, volunteers; 1 fire police; bell and whistle alarm. Chief engineer, S. L. Titus.

WATER SUPPLY—Source, well; system, pumping to tank; tanks cap 3,000 bbls; pumping engines, dy cap 72,000 gals; hydrants 10; pipe 1½ miles, 1½ to 4 in; pressure, domestic 30, fire 95 pounds; waterworks owned by an estate; cost to construct \$4,000; ann expenses \$1,300. Supt. A. F. Crossman.

Clarion, Clarion Co., population 2,164; fire area 250 acres; mercantile buildings, stone, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 300 ft, cotton good 1,200 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,000; total membership 25, volunteers; bell alarm. Chief engineer, Thos. B. Richards.

WATER SUPPLY—Source, Clarion river; system, pumping to reservoir, cap 192,000 gals; pump, cap 400 gals per minute; 28 hydrants; pipe 4 miles, 4 to 6 in dia; 18 valves; 8 meters; pressure 42 pounds; waterworks owned by company; cost to construct \$18,000; ann expenses \$1,200. Supt. J. G. Meisinger.*

Clearfield, Clearfield Co., population 2,500; buildings, wood, 2 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton 500 ft, inferior 500 ft; value of fire department equipment \$3,000, 1 building occupied; total membership 24, paid part time 2, remainder volunteers. Foreman, O. M. Fleck.*

WATER SUPPLY—Source, Moose creek; system, gravity; 45 hydrants; pipe 14 miles, 3 to 12 in dia; 60 valves; 350 taps; pressure, domestic 80, fire 90 pounds; waterworks owned by company; cost to construct \$75,000; ann expenses \$900. Supt. H. F. Bigler.

Coatesville, Chester Co., population 4,000; fire area 1,200 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,000 ft, leather inferior 500 ft; value of fire department equipment \$6,000; value of buildings occupied \$5,000; total ann expenses of depart-

ment \$550; total membership 60, volunteers; bell alarm. Chief engineer, Geo. W. Brooks.*

WATER SUPPLY—Source, springs; system, gravity; collecting reservoir, cap 1,000,000 gals; distributing reservoir, cap 300,000 gals; pumping engines, dy cap 300,000 gals; 53 hydrants; pipe 5 miles, 3 to 8 in dia; pressure, domestic 26 pounds; waterworks owned by borough; cost to construct \$60,000; ann expenses \$250. Chairman of com and supt, L. H. Humphrey.*

Columbia, Lancaster Co., population 11,400; fire area 7 miles; buildings, brick and stone, 2 and 3 stories; tin and slate roofs used; no fireworks ordinance. Fire department—3 steam fire engines, 12 chemical extinguishers, 1 aerial truck, 7 hose carriages; hose, cotton good 2,500 ft, inferior 500 ft; value of buildings occupied \$14,500; expenses of department for past year \$2,100; total membership 1,300, 6 paid part time; 4 fire companies. Chief engineer, Wm. W. Yealust. 4 shifting engines on R. R. are equipped, have 100 ft cotton hose each.

WATER SUPPLY—Source, Susquehanna river and spring; system, gravity and pumping to reservoir; 3 reservoirs; pumping engines, dy cap 1,200,000 gals; 93 hydrants; pipe 12 miles; 2 meters; pressure 60 pounds; waterworks owned by company; cost to construct \$150,000; ann expenses \$5,000. Supt. W. B. Fasig.*

Conemaugh, Cambria Co. (See Johnstown.)

Conneautville, Crawford Co., population 757; buildings, brick and wood, 2 and 3 stories. Fire department—1 horse-power engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 5,000 ft, rubber good 10,000 ft, leather good 5,000 ft; value of fire department equipment \$4,000; total ann expenses of department \$25; total membership 100, volunteers; bell alarm. Chief engineer, H. B. Haultrop.

WATER SUPPLY—Source, canal and creek.

Connellsville, Fayette Co., population 6,500; fire area 500 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,800 ft; value of fire department equipment \$3,000; value of buildings occupied \$7,000; total ann expenses of department \$3,418; total membership 41, volunteers; bell and whistle alarm; 2 hose companies. Fire marshal, Wm. McComack.*

WATER SUPPLY—Source, springs; system, gravity; 2 reservoirs, cap 30,000,000 gals; 75 hydrants; pipe 14-3.5 miles, 4 to 12 in dia; pressure 110 pounds; waterworks owned by company; cost to construct \$120,000. Gen. manager, W. S. Kuhn; supt, G. A. Munson.*

Conshohocken, Montgomery Co., population 5,479; fire area 640 acres; mercantile buildings, brick, 2½ and 3 stories; private, brick, 2½ and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 3 hose carriages; hose, cotton good 1,750 ft; 3 horses, value \$1,000; value of fire department equipment \$9,000; value of buildings occupied \$8,500; total ann expenses of department \$1,725; total membership 183, paid full time 1, volunteers 145; bell alarm. Chief, Miles Stemple.

WATER SUPPLY—Source, Schuylkill river; system, pumping to reservoir; cap 2,000,000 gals; 2 pumping engines, dy cap 2,000,000 gals; 55 hydrants; pipe 8½ miles, 8 to 10 in dia; 80 valves; 504 taps; pressure 40 to 80 pounds; waterworks owned by company; cost to construct \$100,000; ann expenses \$1,700. Supt. W. E. Ferrier.

Corry, Erie Co., population 5,677; fire area 650 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; iron and slate roofs; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 3 jumpers; hose, cotton good 1,600 ft, inferior 1,300 ft; rubber good 400 ft, inferior 400 ft; value of fire department equipment \$10,500; value of buildings occupied \$12,000; total ann expenses of department \$500; total membership 185; 2 bell alarms; 1 hook and ladder company, 3 hose companies. Chief, J. O. Nautes.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir, cap 3,500,000 gals; 2 pumping engines, dy cap 2,000,000 gals; 63 hydrants; pipe 12 miles, 2 to 12 in dia; 54 valves; pressure, domestic 120 pounds; waterworks owned by com-

pany; cost to construct \$100,000, to date \$150,000; ann expenses \$4,000. Pres. I. B. Brown.

Condorport, Potter Co., population 1,530; fire area 300 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; tin roofs; fire works ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, buckets; hose, rubber good 1,000 ft; value of fire department equipment \$1,500; value of buildings occupied \$600; total ann expenses of department \$300; total membership 80, volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, W. K. Jones.

WATER SUPPLY—3 streams $\frac{1}{4}$ miles distant; system, gravity; reservoir 7,500,000 gals; hydrants 32; pipe 7 miles, 6 to 8 in dia; 12 valves; pressure 50 to 80 pounds; cost of work to construct \$21,000 ann expenses \$800. Pres. A. G. Olmstead.

Cressona, Schuylkill Co., population 1,481; buildings, brick and wood, 1 to 3 stories; fire works ordinance. Fire department—hose, ladders, etc.*

WATER SUPPLY—Source, not stated; pipe 2 $\frac{1}{2}$ miles, 10 in dia; works owned by company. Pres. Wm. H. Mellon; town clerk, Wm. A. Grieff.*

Curwensville, Clearfield Co., population 2,000; buildings, brick and wood, 2 and 3 stories. Fire department—1 chemical engine on wheels, 10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, linen good 1,000 ft; value of fire department equipment \$2,500; value of buildings occupied \$2,000; total ann expenses of department \$1,000; total membership 40, volunteers; bell alarm. Chief engineer, A. E. Patton.

WATER SUPPLY—Source, springs; system, gravity; cap of reservoir 2,000,000 gals; 37 hydrants; pipe 8 miles, 12 to 4 in dia; 51 valves; pressure, domestic 50 to 140 pounds, fire 200 to 100 pounds; works owned by company; cost to construct \$35,000; ann expenses \$400. Pres. A. E. Patton.

Danville, Montour Co., population 8,500; fire area 1,200 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, 2 and 3 stories; wooden roofs permitted; fire works ordinance. Fire department—1 steam fire engine, 1 hand engine, 4 hose carriages, all kinds; hose, cotton 3,900 ft, inferior 100 ft; value of fire department equipment \$15,000; value of buildings occupied \$15,300; total ann expenses of department \$1,250; total membership 300, volunteer members; bell alarm. Chief engineer, H. A. Schiek.

WATER SUPPLY—Source, 2 wells; system, direct pumping; pumping engines, dy cap 2,000,000 gals; 112 hydrants; pipe 14 miles, 2 to 12 in dia; 37 valves; 1,400 taps; pressure 70 to 100 pounds; waterworks owned by borough; cost to construct \$189,000; ann expenses \$5,000. Supt. E. S. Miller.

Darby, Delaware Co., population 2,200; mercantile buildings, brick, 3 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 500 ft. Chief engineer, Wm. Cork.

WATER SUPPLY—Source, creek.

Derry Station, Westmoreland Co., population 2,500; fire area 300 acres; buildings, wood and brick, 2 stories; wooden roofs permitted; fire works ordinance. Fire department—2 hose carriages; hose, rubber good 500 ft; value of equipment \$700; value of building \$800; total membership 40, volunteers. Chief, Jos. Mock.

WATER SUPPLY—Source, streams; system, gravity; 2 reservoirs, cap 5,500,000 gals; 29 hydrants; pipe 8 miles, 4 to 10 in dia; 71 valves; pressure 65 to 115 pounds; cost to construct \$105,000; ann expenses \$2,500. Supt. Murray Forbes.

Downingtown, Chester Co., population 2,800; mercantile buildings, stone, brick and wood, 3 stories; private, brick, 2 $\frac{1}{2}$ and 3 stories; wooden roofs permitted; fire works ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 750 ft, leather good 750 ft; value of fire department equipment \$4,000; value of buildings occupied \$3,000; total membership 100, volunteer members; bell alarm. Chief engineer, J. L. Weid-in.

WATER SUPPLY—Source, springs; system, gravity; 3 reservoirs, cap 1,370,520 gals; 73 hydrants; pipe 8 miles, 6 to 3 in dia; 33 valves; pressure 32 pounds; taps 373; waterworks owned by company;

cost to construct \$65,000; ann expenses \$500. Supt. Jas. Hamilton.

Doylestown, Bucks Co., population 1,753; fire area 1 sq mile; buildings, wood and stone, 2 to 4 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; fire works ordinance. Fire department—2 hose carriages; hose, leather good 1,000 ft, inferior 200 ft; value of equipment \$2,000; value of buildings occupied \$800; membership 50, volunteers. Chief, Wm. J. Wintyen.*

WATER SUPPLY—Source, springs; system, pumping to reservoir and direct; reservoir cap 300,000 gals; pumping engines, dy cap 1,750,000 gals; 47 hydrants; pipe 7 miles, 3 to 12 in dia; 67 valves; 490 taps; pressure, domestic 70, fire 130 pounds; waterworks owned by borough, cost to construct \$35,000, to date \$50,000; ann expenses \$2,000. Supt. Wm. J. Wintyen.

DuBois, Clearfield Co., population 8,000; fire area 800 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; tin roofs; fire works ordinance. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages, siamese couplings used; hose, cotton good 1,000 ft, rubber good 2,500 ft, inferior 800 ft; 8 horses, value \$3,000; value of buildings occupied \$4,000; total membership 300, volunteers. Chief engineer, J. Whitehall.*

WATER SUPPLY—Source, mountain springs; system, gravity; reservoir cap 2,000,000 gals; 1 force pump; 68 hydrants; pipe 15 miles, 4 to 12 in dia; 38 valves; 400 taps; pressure 70 to 100 pounds; waterworks owned by company; cost to construct \$120,000, cost to date \$125,000; ann expense \$1,200. Supt. Geo. B. Campbell.

Duke Centre, McKean Co., population 700; fire area 150 acres; mercantile buildings, wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fire works ordinance; causes of fire investigated. Fire department—1 chemical engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 500 ft, inferior 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$500; 1 rented \$38 per year; total membership 50, volunteers; bell and steam whistle alarm; 3 fire companies. Chief, A. C. Rogers.

WATER SUPPLY—Source, Knapp creek; system, pumping to tank, cap 40,000 gals; 1 force pump; 13 hydrants; 1 $\frac{1}{4}$ miles pipe, 2 and 3 in dia; ann expenses \$10. Supt. D. T. Duke.

Duncannon, Perry Co., population 2,260; buildings, wood, 2 stories. Fire department—2 hand engines, 2 hose carriages; hose, cotton good 600 ft, leather good 1,100 ft, inferior 500 ft; steam whistle alarm. Chief, S. L. Shull.

WATER SUPPLY—Source, rivers and wells. (Town voted to put in waterworks.)

Duncansville, Blair Co., population about 2,000; fire area 1 square mile; mercantile buildings, wood and brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—2 hose carriages, all kinds; hose, rubber new 1,000 ft; value of fire department equipment \$1,200; total membership 80, volunteer members; steam gong and bell alarm; 2 hose companies. I. C. Hess.

WATER SUPPLY—Source, Hollidaysburg Waterworks; system, gravity; hydrants 10; miles of pipe 6, 12 in; pressure 115 pounds; waterworks owned by city.

Dunmore, Lackawanna Co., population 10,000; fire area 500 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fire works ordinance. Fire department—3 hose carriages; hose, cotton good 1,400 ft, rubber good 500 ft; value of fire department equipment \$3,026; expenses for past year \$2,000; value of buildings occupied \$15,000; total membership 200, volunteers. Chief, engineer, Victor Burschel.

WATER SUPPLY—Source, surface water; system, gravity; 4 hydrants; pipe 5 miles, 6 meters; pressure 100 pounds; waterworks owned by company. Pres. John B. Smith; supt. Wm. Gilmore.*

East Brady, Clarion Co., population 1,228; buildings, wood, 2 stories; fire works ordinance; causes of fire investigated. Fire department—2 chemical engines on wheels, 4 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$2,200; value of buildings occupied \$250; total membership 130, volunteers;

bell alarm. Chief engineer, N. E. Graham. **WATER SUPPLY**—Source, springs; system, gravity; pumping to reservoir, cap 1,000,000 gals; pumping engine, dy cap 50,000 gals; pipe 5 miles, 2 in dia; 300 hydrants, 2 in dia; 2 meters; pressure 80 to 100 pounds; waterworks owned by company; cost to construct \$5,000; ann expenses \$500. Supt, J. J. Foster.

East Mauch Chunk, Carbon Co., population 3,000; buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hose carriages; hose, cotton good 650 ft; value of fire department equipment \$700; value of buildings occupied \$3,000; membership 42, volunteers; whistle alarm. Chief engineer, F. Engler.

WATER SUPPLY—Source, 2 small streams; system, gravity; pipe 4 miles. For further information, see Mauch Chunk. Supt, S. S. Smith.

Easton, Northampton Co., population 17,000; fire area 900 acres; mercantile buildings, brick, stone and wood, 3 stories; private, wood, 3 stories; slate roofs, wooden roofs permitted; no fireworks ordinance. Fire department—3 steam fire engines, 1 chemical engine on wheels, 12 chemical extinguishers, 2 hook and ladder trucks, 1 Hayes aerial truck, 4 hose carriages, 1 hose wagon, 1 ambulance; hose, cotton good 2,200 ft, rubber good 4,500 ft; 11 horses, value \$2,000; value of fire department equipment \$35,000; value of buildings occupied \$25,000; total ann expenses of department \$12,000; total membership 35, paid full time 11, paid part time 24, call men; Gamewell alarm; 31 street boxes; 3 engine companies, 1 hook and ladder company. Chief, Thos. P. Hicker.

WATER SUPPLY—Source, Delaware river; system, direct pumping, surplus to reservoir; reservoir cap 4,000,000 and 7,000,000 gals; pumping engines, dy cap 4,000,000 gals; 100 hydrants; pipe 23 1/2 miles, 4 to 20 in dia; 1,500 taps; pressure 20 to 120 pounds; waterworks owned by company; ann expenses \$10,000. Supt, R. F. Rader.

East Stroudsburg, Monroe Co., population 2,200; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 and 3 stories, slate roofs; no fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$1,500; value of buildings occupied \$3,000; total membership 26, volunteers; bell alarm. Chief engineer, John McNeal.

WATER SUPPLY—Source, Sambo creek; system, gravity; reservoir cap 4,000,000 gals; 30 hydrants; pipe 8 miles, 6 to 12 in dia; 21 valves; 300 taps; works owned by borough; cost to construct \$37,500, to date \$42,000; ann expenses \$100. Supt, Samuel S. Detrick.

East York, York Co., population 1,200; fire area radius of 2 miles; buildings, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages; hose, cotton good 1,000 ft, poor 200 ft; value of fire department equipment \$4,000; value of buildings occupied \$1,200; expenses for past year \$375; total membership 138, volunteers. Foreman, Edward Blauser.

WATER SUPPLY—Source, see York.

Ebensburgh, Cambria Co., population 1,202; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton 1,300 ft, rubber 400 ft; value of fire department equipment \$3,300; 1 building occupied; total ann expenses of department \$75; total membership 70, volunteers 5, bell alarm. Chief, F. C. Lloyd.

WATER SUPPLY—Source, artesian wells and pond; system, pumping to reservoir; reservoir cap 132,192 gals; pumping engines, dy cap 293,760 gals; 18 hydrants; pipe 2 1/2 miles, 4 to 6 in dia; 12 valves; pressure 10 to 75 pounds; waterworks owned by borough; cost to construct \$16,000; ann expenses \$500. Supt, R. L. Thomas.

Edenburg, Clarion Co., population 888; buildings, wood and brick, 1 and 2 stories. Fire department—1 hook and ladder truck, 1 hose carriage; hose, 550 ft; value of fire department equipment \$300; value of buildings occupied \$250; total membership 46.

WATER SUPPLY—Source, well; system, pumping to tank; tank cap 400,000 gals; 5 hydrants; pipe 2,000 ft; pressure 75 pounds; waterworks owned by company, controlled by borough; cost to con-

struct \$2,000; ann expenses \$200. Supt, Robert Cortlett.*

Edwardsville, Luzerne Co., population about 4,500; fire area 1 mile square; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hose carriages, all kinds; hose, cotton good 1,600 ft, inferior 300 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,500; total ann expenses of department \$1,000; total membership 50, volunteers. Chief engineer, Daniel S. Edwards.

WATER SUPPLY—Not reported.

Elkland, McKean Co., population 1,050; fire area 600 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; shingle and tin roofs; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, linen good 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$600; total ann expenses of department \$158; total membership 50, volunteers; bell and whistle alarm; 1 hook and ladder company, 1 hose company. Chief engineer, T. L. Hartwell.

WATER SUPPLY—Source, Allegheny river; system, pumping to tank; tank cap 40,000 gals; pumping engines, dy cap 250,000 gals; 21 hydrants; pipe 2 1/2 miles, 3 in dia; pressure 110 pounds; waterworks owned by private parties; cost to construct \$3,000, to date \$4,500; ann expenses \$250. Supt, T. L. Hartwell.

Elizabethtown, Lancaster Co., population 1,500; fire area 640 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose, cotton good 1,000 ft, rubber good 500 ft, inferior 600 ft; value of fire department equipment \$5,000; value of buildings occupied \$4,000; total ann expenses of department \$100; total membership 75, volunteers; bell alarm. Chief engineer, I. D. Weigand.

WATER SUPPLY—Source, large cisterns and streams.

Elkland, Tioga Co., population 1,500; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, several chemical extinguishers, 1 hose carriage; hose, linen good 60 ft; 2 horses; value \$250; value of fire department equipment \$4,000; value of buildings occupied \$1,000; volunteer members; bell alarm. Chief engineer, E. Snider.*

WATER SUPPLY—Source, drilled wells.

Emmaus, Lehigh Co., population about 1,500; fire area 300 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, leather good 500 ft, inferior 1,000 ft; bell alarm. Chief engineer, M. M. Maroka.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 800,000 gals; 15 hydrants; pipe 2 miles, 4 and 3 in dia; 200 taps; pressure 100 ft head; cost to construct \$19,500, to date \$30,000; ann expenses \$40. Supt, Jonathan Fritz.*

Emmerton, Venango Co., population 1,126; buildings, brick and wood. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, slamee couplings used; hose, cotton 650 ft, rubber good 600 ft, linen 200 ft; value of fire department equipment \$2,000; total ann expenses of department \$100; total membership 50, volunteers. Chief, A. R. Newton.

WATER SUPPLY—Source, springs and Allegheny river; system, gravity and pumping to reservoir; reservoir cap 325,000 gals; 20 hydrants; pipe 10 miles, 3 to 6 in dia; 25 valves; pressure 70 to 100 pounds; waterworks owned by company. Supt, J. A. Weller.

Emporium, Cameron Co., population 3,000; fire area 200 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 5 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, inferior 500 ft, cotton good 2,180 ft, inferior 400 ft; value of fire department equip-

ment \$1,600; value of buildings occupied \$5,500; volunteer members 130; bell alarm; 4 fire companies, 1 hook and ladder company, 3 hose companies. Chief engineer, H. A. Houpt.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 1,600,000 gals; hydrants 38; pipe 12 miles, 4 to 8 in dia; 40 valves; taps 300; pressure, domestic 90 to 120, fire 90 to 120 pounds; waterworks owned by company; original cost to construct \$40,000, cost to date \$57,000; ann expenses \$1,000. Supt, W. D. White.

Ephratah, Lancaster Co., population 2,000; fire area 500 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hose carriage; hose, cotton good 1,000 ft, rubber good 50 ft, inferior 400 ft; value of fire department equipment \$3,300; value of buildings occupied \$1,500; total ann expenses of department \$150; total membership 100, volunteers; bell alarm. Chief, G. F. Groff.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 60,000 gals; pipe 4,000 ft, 4 and 6 in dia; 6 hydrants; 3 valves; 200 taps; pressure 70 pounds; waterworks owned by company; cost to construct \$4,000. Supt, S. L. Sharp. (Company intend to lay 8 miles of pipe, and set 50 hydrants, and also build a 500,000 gal reservoir.)

Erie, Erie Co., population (1890 census) 40,630; fire area 4 miles square; mercantile buildings, brick and iron, 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire district; fireworks ordinance; causes of fire investigated. Fire department—4 steam fire engines, 2 chemical extinguishers, 1 aerial truck, 2 hose carriages, all kinds, 5 hose wagons; hose, cotton good 14,000 ft, inferior 2,000 ft; 27 hoses, value \$7,000; value of fire department equipment \$40,000; value of buildings occupied \$78,000; total ann expenses of department \$38,000; total membership 60, paid full time 23, paid part time 27; telegraph alarm; street boxes 52. Chief engineer, J. J. McMahon. (Chemical engine and hose wagon contemplated).

WATER SUPPLY—Source, Lake Erie; system, pumping to reservoir, standpipe and direct; reservoir cap 35,000,000 gals; pumping engines, dy cap \$1,000,000 gals; hydrants 444; miles of pipe 85, 4 to 30 in; valves 700; taps 9,000; pressure 30 to 90 pounds; waterworks owned by city; cost to construct \$1,250,000; ann expenses \$15,000. Secy, Wm. Hinrod.

Etta, Allegheny Co., population 3,787; fire area 100 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, linen good 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total ann expenses of department \$500; total membership 35, volunteers; Gamewell alarm; 5 street boxes. Chief, W. G. Smith.

WATER SUPPLY—Source, Allegheny river; system, pump to standpipe and direct; cap of standpipe 270,000 gals; pumping engines, dy cap 3,000,000 gals; hydrants 35; pipe 6½ miles, 2½ to 12 in dia; valves 35; 415 taps; pressure 130 pounds; works owned by town; cost to construct \$50,000. Supt, C. W. Drake.

Everett, Bedford Co., population 2,500; fire area 200 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories. Fire department—1 steam engine, 3 hose carriages; hose cotton good 500 ft, rubber 1,000 ft; value of fire department equipment \$4,800; value of buildings occupied \$5,000; total ann expenses of department \$200; total membership 40, volunteers; bell alarm. Chief engineer, John C. Chamberlain.

WATER SUPPLY—Source, spring, reservoir. (See Mt. Pleasant.) Town clerk, L. F. Fisher.

Fairbairns, Fayette Co., population 1,400; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. No fire department; bucket brigade.

Fleetwood, Berks Co., population 1,000; mercantile buildings, brick, 2 and 3 stories; private, brick, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$300; value of buildings occupied \$200.

WATER SUPPLY—Source, mountain springs; system, gravity; reservoir cap 1,000,000 gals; hydrants 20; pipe 4 miles, 4 to 10 in dia; 80 valves; pressure, domestic 75, fire same; waterworks owned by company; original cost to construct \$20,000; ann expenses \$300. Pres of com, George B. Schoeffer.

Forest City, Susquehanna Co., population 4,000; fire area 2 sq miles; mercantile buildings, wood, 2 to 4 stories; private, wood, 2 stories; wooden roofs not permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, rubber good 250 ft, poor 475 ft, cotton good 1,500 ft; 1 horse, value \$150; value of fire department equipment \$6,000; value of building occupied \$2,000; total membership 40, paid part time 18, volunteer members 24; electric alarm; 6 street boxes. Chief engineer, George E. Maxey.

WATER SUPPLY—Source, Lackawanna river; system, pumping direct, surplus to reservoir; reservoir cap 1,500,000 gals; pumping engines, dy cap 1,250,000 gals; hydrants 13; pipe 6½ miles, 8, 6 and 4 in dia; 24 valves; 287 taps; pressure, domestic 10 to 100, fire 140 pounds; waterworks owned by company; original cost to construct \$18,000; expenses of construction to date \$35,000; ann expenses \$2,000. Supt, L. H. May.

Foxburg, Clarion Co., population 640; fire area 40 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—3 chemical extinguishers, 1 hose carriage; hose, cotton interior 300 ft, rubber good 500 ft; total membership 30, volunteers. Chief, Frank B. Dale.

WATER SUPPLY—Source, Allegheny river; system, pumping to 3 tanks, cap 1,200 barrels of 42 gals each; pumping engines, dy cap 20,000 gals; 15 hydrants; pipe 2 miles, 2 to 4 in dia; waterworks owned by company; pressure 185 pounds; cost to construct \$5,000; ann expenses \$1,200. Supt and eng, Frank B. Dale.

Frackville, Mohawk Co., population 2,520; buildings, wood, 2 and 3 stories; wooden roofs permitted. No organized fire department.

WATER SUPPLY—Source, artesian wells; system, pump direct to reservoir, cap 50,000 gals, dy cap 75,000 gals; pipe 2 miles, 4 in dia; 5 valves; pressure, domestic 50 pounds; waterworks owned by company; cost to construct \$20,000. Manager, F. S. Haupt.

Franklin, Venango Co., population 7,000; fire area 500 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, linen 1,500 ft, rubber good 800 ft, inferior 200 ft; 3 hoses, value \$600; value of fire department equipment \$15,000; value of buildings occupied \$8,000; total ann expenses of department \$2,000; total membership 20; paid full time 4, part time 16; Gamewell alarm; 11 street boxes. Chief engineer, George O. Ellis.

WATER SUPPLY—Source, springs and French creek; system, gravity and direct pumping; reservoir cap 17,000,000 gals; pumping engines, dy cap 1,400,000 gals; 56 hydrants; pipe 20 miles, 4 to 24 in dia; pressure, domestic 45, fire 80 pounds; waterworks owned by company; cost to construct \$150,000; ann expenses \$3,500. Supt, J. H. Hanna.

Freeburgh, Snyder Co., population 600; fire area 60 acres; buildings, wood and brick, 1 to 4 stories; wooden roofs permitted. Fire department—2 hand engines, useless bucket brigade; value of fire department equipment \$100.

WATER SUPPLY—Source, wells.

Freeland, Luzerne Co., population 2,000; fire area 200 acres; mercantile buildings, wood and brick, 2 and 2½ stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft, poor 100 ft; value of fire department equipment \$2,500; value of buildings occupied \$300; total ann expenses of department \$150; total membership 56, volunteers; bell alarm. Chief engineer, Robert Dunlap.

WATER SUPPLY—Source, 3 artesian wells; system, pumping to reservoir and direct, reservoir cap 500,000 gals; 3 pumping engines, dy cap 250,-

000 gals; 22 hydrants; pipe 5 miles; 520 taps; pressure, domestic 65, fire 65 to 80 pounds; waterworks owned by company; cost to construct \$21,000; ann expenses \$2,500. Supt, Henry Fisher.

Freeport, Armstrong Co., population 1,800; buildings, brick and wood, 2 and 3 stories; iron shingle roofs; 2 hose carriages; hose, linen good 1,000 ft; value of fire department equipment \$1,000; bell alarm. Chief, F. A. Seitz.

WATER SUPPLY—Source, Allegheny river; system, pumping to 2 tanks; 30 hydrants; pressure 85 pounds; waterworks owned by company. Secy and treas, Geo. M. Hill.

Gallitzin, Cambria Co., population 2,500; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 and 2 1/2 stories; wooden roofs permitted; fireworks ordinance; causes of fire not investigated. Fire department not reported.*

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 500,000 gals, dy cap 100,000 gals; 18 hydrants; pipe 2 miles, 8 to 2 in dia; 8 valves; pressure, domestic 10 to 140, fire 15 to 125 pounds; waterworks owned by company; original cost to construct \$22,000. Supt, Thos. McNeill.

Gettysburg, Adams Co., population 3,550; fire area 1 mile by 1/2 mile; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,500 ft; value of fire department equipment \$3,000; value of buildings occupied \$4,000; total ann expenses of department \$100; total membership 75, volunteer members; bell alarm. Chief engineer, J. E. McCammon.

WATER SUPPLY—Source, driven well; system, pumping to reservoir; reservoir cap 900,000 gals; pump dy cap 60,000 gals; 39 hydrants; pipe 2 1/2 miles, 3 and 6 in dia; 10 meters; pressure 50 pounds; waterworks owned by company; cost to construct \$24,000; ann expenses \$1,000. Supt, Robert Caldwell.

Gilberton, Schuylkill Co., population 3,500; fire area 2 sq miles; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 4 chemical extinguishers, 3 hose carriages, all kinds, 1 hose cart; hose, rubber good 2,000 ft, cotton good 1,000 ft, inferior 300 ft, leather good 2,000 ft, inferior 750 ft; value of fire department equipment \$7,000; value of buildings occupied \$3,000; volunteer members 300. Chief engineer, Daniel D. Evans.

WATER SUPPLY—Source, not reported.

Girard, Erie Co., population 800; fire area 500 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels.

WATER SUPPLY—Source, creek and 1 cistern. Town clerk, W. Wheaton. (Waterworks contemplated.)

Girardville, Schuylkill Co., population 3,584. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages. Chief marshal, H. Schaffstahl.

WATER SUPPLY—Source, Lost creek; system, gravity; reservoir cap 200,000,000 gals; hydrants 80; pipe 4 miles, 4 and 6 in dia, through all streets; 20 valves; 200 taps; pressure 150 pounds; waterworks owned by borough; cost to construct \$16,000; ann expenses \$1,000. Supt, E. C. Wagon and Jno. Cahoon.

Glenlyon, Luzerne Co., population 3,000; mercantile buildings, brick and wood, 2 to 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 800 ft, inferior 100 ft; value of fire department equipment \$800; value of buildings occupied \$500; total membership 25, volunteer members; whistle alarm. Chief engineer, John I. Thomas.

WATER SUPPLY—Source, Harvey Lake; pipe 5 miles, 8 in dia; works owned by company. Supt, W. L. Morgan.

Gordon, Schuylkill Co., population 1,200; fire area 260 acres; mercantile buildings, 2 stories; private, wood, 2 stories. Fire department—1 hose car-

riage; hose rubber good 500 ft. Chairman, J. Henry Duncan.

Greencastle, Franklin Co., population 1,525; Fire department—1 steam fire engine, 2 hose carriages; hose, rubber good 1,100 ft; value of fire department equipment \$1,400; value of buildings occupied \$4,000; total membership 62, paid part time 2, volunteers 60; bell alarm. Chief engineer Carlisle Kuhn.*

WATER SUPPLY—Source, 6 cisterns, cap over 100,000 gals. Mayor, Samuel Detrich.*

Greensburg, Westmoreland Co., population 4,202; fire area 300 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and stone, 2 stories; fireworks ordinance. Fire department—3 hand engines, 12 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,900 ft, inferior 300 ft; 1 horse; value of fire department equipment \$2,500; value of 2 buildings occupied \$1,500; total ann expenses of department \$400; total membership 40, volunteers; bell alarm. Chairman, J. M. Kooner.*

WATER SUPPLY—Source, mountain streams; system, gravity; reservoir cap 257,000,000 gals; 75 hydrants; pipe 45 miles, 4 to 18 in dia; 245 valves; 950 taps; pressure 60 to 135 pounds; waterworks owned by company; cost to construct \$1,350,000. Supt, Murray Forbe.

Greenville, Mercer Co., population 4,006; fire area 1,800 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 8 chemical extinguishers, 5 hose carriages, all kinds, 1 supply wagon; hose, rubber good 1,700 ft, inferior 150 ft; value of fire department equipment \$6,000; value of buildings occupied \$1,000; total ann expenses of department \$500; total membership 60, volunteers; bell alarm. Chief engineer, Daniel P. Parkard.

WATER SUPPLY—Source, springs; system, gravity and pump to reservoir, cap 8,000,000 gals, dy cap 650,000 gals; 36 hydrants; pipe 9 miles, 4 to 10 in dia; pressure 90 pounds; waterworks owned by company; cost to construct \$123,000. Supt, Thomas Stone.

Hamburg, Berks Co., population 2,500; fire area 60 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 500 ft, leather good 900 ft, inferior 100 ft; value of fire department equipment \$4,000; value of buildings occupied 1,800; total membership 90; bell alarm. Foreman, Albert Seibert.

WATER SUPPLY—Source, Mill creek; system, gravity; reservoir cap 1,000,000 gals; 25 hydrants; pipe 6 miles, 4 to 8 in dia; 44 valves; pressure, domestic 140 to 150, fire 140 to 150 pounds; waterworks owned by company. Supt, M. M. Dreihelbis.

Hanover, York Co., population 3,746; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, slamese couplings used; hose, leather good 1,600 ft; value of fire department equipment \$6,000; value of buildings occupied \$5,000; total ann expenses of department \$300; total membership 75, volunteers; bell alarm. Chief, W. H. Long.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 15,000,000 gals; 36 hydrants; pipe 7 miles, 4 to 10 in dia; 32 valves; 473 taps; pressure 80; waterworks owned by company; cost to construct \$38,325; ann expenses \$1,000. Supt, D. D. Bifern.

Harrisburg, Dauphin Co., population 39,385; fire area 29,000 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, brick and wood, 2 to 4 stories; wood and slate roofs; fireworks ordinance; causes of fire investigated. Fire department—7 steam fire engines, 4 chemical ext. nguishers, 1 aerial truck, 10 hose carriages; hose, cotton good 5,650 ft, inferior 3,750 ft; 24 horses, value \$5,400; value of fire department equipment \$30,000; value of buildings occupied \$40,000; total ann expenses of department \$10,450; total membership 1,000, volunteers; Gamewell alarm; 27 street boxes; 7 engine companies, 1 hook and ladder company, 3 hose companies.

Chief engineer, Jacob Kohler; secy, G. W. Kennedy.*

WATER SUPPLY—Source, Susquehanna river; system, pumping to standpipe and reservoir; reservoir cap 22,000,000 gals; standpipe cap 30,000 gals; pumping engines, dy cap 10,000,000 gals; 519 hydrants; pipe 37 miles, 4 to 30 in dia; 645 valves; 1,539 meters; quality of water good; pressure 45 to 80 pounds; waterworks owned by city, cost to construct est \$800,000; ann expenses \$25,360. Pres of com, Edmund Mather; secy, G. G. Kennedy.

Hastings, Cambria Co., population 2,000; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, rubber good 500 ft; value of buildings occupied \$75; bell alarm.

WATER SUPPLY—Source, Hastings W. Co; system, gravity; 2 hydrants; pipe 3 miles, 3 and 4 in dia; pressure 80 pounds; works owned by company; cost to construct \$3,500. Supt, P. B. Coe-grou.

Hazleton, Luzerne Co., population 11,872; fire area 12,000 acres; mercantile buildings, brick and wood, 2½ and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 15 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber 600 ft, leather good 1,700 ft; 2 horses; value of fire department equipment \$14,000; total membership 50, volunteers. Chief engineer, E. Bachman.*

WATER SUPPLY—Source, springs; system, gravity and pumping; reservoir cap 70,000,000 gals; pumping engines, dy cap 1,000,000 gals; 27 hydrants; pipe 30 miles, 3 to 8 in dia; pressure 55 to 80 pounds; waterworks owned by company; cost to construct \$50,000; ann expenses \$12,000. Supt, David Clark.

Holidaysburg, Blair Co., population 2,975; fire area 1,000 acres; mercantile buildings, brick, 2½ stories; private, wood and brick, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages, slamese couplings used; hose, linen 2,000 ft, leather good 300 ft; value of fire department equipment \$10,000; value of buildings occupied \$5,000; total ann expenses of department \$500; total membership 200, volunteers; whistle alarm. Chief, Martin Bell.*

WATER SUPPLY—Source, Runnings run and Blair's creek; system, gravity; 48 hydrants; pipe 21 miles, 6 in dia; 1,000 taps; pressure 50 pounds; fire 102 pounds; waterworks owned by borough; cost to construct \$73,000; ann expenses \$1,000. Supt, C. A. MacFarland.

Homestead, Allegheny Co., population 11,000; fire area 400 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 6 chemical extinguishers, 2 hook and ladders, 5 hose carriages, all kinds; hose, cotton good 4,000 ft; value of fire department equipment \$7,000; value of buildings occupied \$8,000; total ann expenses of department \$14,000; total membership 400, volunteer members; bell alarm, Gamewell will be built. Chief engineer, C. K. Hoyoe.

WATER SUPPLY—Source, Monacaqua river; system, pumping to reservoir; reservoir cap 2,500,000 gals; pumping engines, dy cap 2,500,000 gals; 63 hydrants; pipe 8½ miles, 4 to 14 in; 80 valves; 500 taps; pressure 20 to 120 pounds; waterworks owned by city; original cost to construct \$90,000, cost to date \$125,000. Supt, Geo. Hodfield.

Honesdale, Wayne Co., population 2,816; fire area 500 acres; mercantile buildings, brick and wood, 3 and 4 stories; private, brick and wood, 2½ and 3 stories; wooden roofs permitted. Fire department—2 steam fire engines, 2 hose carriages, slamese couplings used; hose, cotton good 2,200 ft, rubber inferior 250 ft, leather inferior 300 ft; value of fire department equipment \$10,000; value of buildings occupied \$17,000; total ann expenses of department \$500; total membership 55, paid 3; gong alarm. Chief, Robt. W. Ham.*

WATER SUPPLY—Source, lake; system, gravity; reservoir cap 1,000,000 gals; 6 hydrants; pipe 8 miles, 2 to 10 in dia; pressure 64 pounds; waterworks owned by company; cost to construct \$70,-

000; ann expenses \$1,000. Supt, D. Thayer.

Houtsdale, Clearfield Co., population 2,400; fire area 3 miles; mercantile buildings, wood, 1 to 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,150 ft, inferior 50 ft; value of fire department equipment \$1,750; value of buildings occupied \$4,000; total ann expenses of department \$300; total membership 35, volunteer members; bell alarm, Foreman, Henry C. Walters.

WATER SUPPLY—Source, not reported.

Hughesville, Lycoming Co., population 1,400; buildings, wood and brick, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$800; total membership 35; bell alarm. Chief engineer, J. B. Winters.

WATER SUPPLY—Source, large well; system, pumping to reservoir; hydrants 30; pipe 8 to 4 in; waterworks owned by company. Supt, P. M. Newman.

Hummelstown, Dauphin Co., population 3,000; fire area 300 acres; mercantile buildings, brick and stone, 3 stories; private, wood and brick 2½ stories; wooden roofs permitted. Fire department—3 hand engines, 2 chemical extinguishers, 1 hose carriage; hose, linen good 2,000 ft; 1 horse, value \$200; value of fire department equipment \$2,000; value of buildings occupied \$2,500; total ann expenses of department \$200; total membership 125, volunteers; bell alarm; 3 fire companies. Chief director, Chas. B. Murray.

WATER SUPPLY—Source, Swatara creek; system, pumping to standpipe and direct; 22 hydrants; pipe 3 miles, 2 to 8 in dia; pressure, domestic 75, fire 150 pounds; waterworks owned by company; cost to construct \$30,000; ann expenses \$1,700. Supt, W. H. Sipie.

Huntingdon, Huntingdon Co., population 6,000; mercantile buildings, brick, stone and iron, 2 to 8 stories; private, brick and wood, 2 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 1 chemical engine on wheels, 3 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, slamese couplings used; hose, cotton good 1,200 ft, leather good 2,000 ft, inferior 700 ft; hired horses; value of fire department equipment \$19,000; value of buildings occupied \$15,000; total ann expenses of department \$900; total membership 403, paid full time 3, volunteers 400; electric alarm; 2 engine companies, 1 hook and ladder company. Chief engineer, Gilbert Greenberg.

WATER SUPPLY—Source, creek; system, pumping to reservoir and direct; reservoir cap 4,000,000 gals; pumping engines, dy cap 1,500,000 gals; 42 hydrants; pipe 11 miles, 4 to 12 in dia; 45 valves, pressure, domestic 80, fire 100 pounds; waterworks owned by company; cost to construct \$80,000. Supt, D. W. Smith.

Hyndman, Bedford Co., population 1,100; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 600 ft; membership 25, volunteers. Chief, J. S. Graves.

WATER SUPPLY—Source, mountain springs; system, gravity; reservoir cap 400,000 gals; 25 hydrants; pipe 4 miles, 10, 8, 6, 4 and 2 in dia; pressure, domestic 100 pounds, fire same; works owned by company; cost \$20,000. Pres, J. W. Madore.

Indiana, Indiana Co. (includes West Indiana) population 4,000; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical engines on wheels, 2 hook and ladder trucks, 3 hose carriages, all kinds, 1 hose wagon; hose cotton good 1,500 ft; value of fire department equipment \$2,500; value of buildings occupied \$3,500; total ann expenses of department \$500; total membership 200, volunteer members; whistle and bell alarm. Chief engineer, H. K. Sloan.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; reservoir cap 380,000 gals; pumping engines, dy cap 6,000 bbls; hydrants 72; pipe 8½ miles, 4 to 8 in; pressure, domestic 55, fire 135 pounds; waterworks owned by company;

original cost to construct \$40,000; expenses of construction to date \$48,000. Supt, Hugh M. Bell.

Irwin, Westmoreland Co., population 2,428; fire area 100 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$800; total ann expenses of department \$200; total membership 33; volunteers; bell alarm. Chief engineer, L. J. Frick.

WATER SUPPLY—Source, streams; system, gravity; reservoir cap 247,000,000 gals; 25 hydrants; pipe 8 miles, 10 to 4 in dia; 35 valves; 285 taps; pressure, domestic 65 to 100, fire 35 to 90 pounds; works owned by company; cost to construct \$35,000 to date \$50,000; ann expenses \$800. Supt, S. F. Potter; Murray Forbes, mangr.

Jemmette, Westmoreland Co., population 4,000 area 1 sq mile; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 and 2½ stories; wooden roofs are permitted; firework ordinance. Fire department—1 combination hand and chemical engine, and 10 private, 1 hook and ladder truck, 1 hose carriage, 3 private; hose, cotton good 700 ft; value of fire department equipment \$2,000; total membership 90, volunteers; whistle alarm. Chief, Robert Cook.*

WATER SUPPLY—Source, wells and springs.*

Jeddo, Luzerne Co., population 358; fire area 20 acres; mercantile buildings, stone, 2½ stories; private, wood, 2½ stories; shingle roofs are permitted; no fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Source, artesian; system, gravity and pumping to standpipe; reservoir cap 10,000 gals; 12 hydrants; pipe 3 miles, 2 in dia; 2 valves; filtration; pressure 40 to 70 pounds; works owned by company. Arthur P. Goedecke.

Jenkintown, Montgomery Co., population 1,900; fire area 3 sq miles; mercantile buildings, stone and wood, 2½ to 4 stories; private, wood, 3 to 4 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages, 2 hose carts; hose, cotton good 2,000 ft; 1 horse, value \$175; value of fire department equipment \$3,500; value of buildings occupied \$2,000; total ann expenses of department \$750; total membership 200, volunteers; bell alarm; 2 fire companies. Chief engineer, W. W. Nelson.

WATER SUPPLY—Source, 4 artesian wells; system, pumping to tank and standpipe, cap 317,000; tank 100,000 gals; pumping engines, dy cap 450 gals per minute; 39 hydrants; pipe 14½ miles, 8 to 4 in dia; 128 valves; 328 taps; pressure, domestic 50 to 130 pounds; waterworks owned by company; cost to construct \$48,000, to date \$70,000. Pres, M. L. Kohler; manager, J. W. Ridpath.

Jermyn, Lackawanna Co., population 3,000; fire area 480 acres; buildings, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, linen good 1,200 ft, pot 100 ft; value of fire department equipment \$1,500; value of buildings occupied \$1,800; total membership 30, volunteers; electric alarm. Chief, W. Dunn.

WATER SUPPLY—Source, Aylesworth creek; system, gravity; 12 hydrants; pipe 8 miles, 2 to 18 in dia; 38 valves; pressure, domestic 80, fire 130 pounds; waterworks owned by company; cost to construct \$30,000; ann expenses \$1,000. Supt, Wm. S. Hutchings.*

Jersey Shore, Lycoming Co., population about 3,000; buildings, brick and wood, 2 and 3 stories. Fire department—2 hose carriages; hose, leather good 500 ft; value of fire department equipment \$2,000; bell alarm. Chief, H. D. Fuller, M. D.

WATER SUPPLY—Source, Susquehanna river; system, pumping to reservoir, cap 2,500,000 gals; pumping engines, dy cap 1,000,000 gals; 36 hydrants; pipe 5 miles, 4 to 10 in dia; 8 valves; pressure 55 to 80 pounds; waterworks owned by company; cost to construct \$60,000; ann expenses \$2,212. Pres and supt, Frank Lemup.

Johnstown, Cambria Co., population 24,544; fire area 51 acres; mercantile buildings, brick,

3 stories; private, brick and wood, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—8 steam fire engines, 4 chemical extinguishers, 1 aerial truck, 11 hose carriages, all kinds, 1 hose wagon; hose, rubber good 5,000 ft, cotton good 2,850 ft, inferior 1,500 ft; 16 horses; value of fire department equipment \$34,000; value of buildings occupied \$19,200; total ann expenses of department \$5,000; total membership 580, paid full time 17, volunteer members 573; bell, whistle and electric alarm; street boxes 45. Chief engineer, Geo. Haberkorn.

WATER SUPPLY—Source, mountain streams; system, gravity; reservoir cap 100,000,000 gals; cap of tanks 800,000 gals; pumps, dy cap 800,000 gals; 124 hydrants; pipe 57.5 miles, 2 to 36 in dia; 400 valves; 3,450 taps; pressure, domestic 65 pounds, fire same; works owned by company; cost to construct \$1,270,000. Supt, Jas. Williams; secy, A. H. Walters.

Jonestown, Lebanon Co., population 643; fire area 200 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, leather 80 ft.

WATER SUPPLY—Source, wells and cisterns. Burgess, J. Heilman.

Kane, McKean Co., population 3,500; fire area 2,000 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2½ and 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, linen good 1,500 ft, inferior 500 ft; value of equipment \$2,000; value of buildings \$3,000; ann expenses \$1,100; membership 95. Chief, F. O. Peterson.

WATER SUPPLY—Source, Hubert river and springs, connected by pipe; tanks, cap 60,000 gals; pumping engines, dy cap 600,000 gals; 13 hydrants; pipe 4 1-2 miles; pressure 50 to 200 pounds; works owned by company; cost to construct to date \$27,500; ann expenses \$4,300. Supt, G. P. Weeks.

Kennett Square, Chester Co., population 1,320; fire area 100 acres; buildings, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, linen 600 ft, rubber 500 ft; value of fire department equipment \$1,200; value of buildings occupied \$500; total ann expenses of department \$25; total membership 65; volunteers; bell alarm. Chief, Robt. Walker.

WATER SUPPLY—Source, spring and surface water; system, pumping to reservoir and standpipe; cap 45,000 gals; reservoir cap 38,000 gals; pumping engines, dy cap 36,000 gals; 23 hydrants; pipe 6 miles, 2 to 6 in dia; pressure 5 to 40 pounds; waterworks owned by borough; ann expenses \$400. Supt, J. M. Palmer.*

Kingston, Luzerne Co., population 2,381; fire area 1,200 acres; mercantile buildings, brick and wood, 50 ft; private, wood, 30 ft; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; fire plugs; hose, fabric rubber lined good 800 ft; value of fire department equipment \$4,100; value of buildings occupied \$3,000; total membership 50, volunteers; Gamewell telegraph and steam song alarm; 2 fire companies. Chief engineer, R. B. Vaughn.

WATER SUPPLY—Source, stream; system, gravity; pressure 100 pounds; works owned by company. Supt, Geo. F. Anthony.

Kittanning, Armstrong Co., population 3,800; fire area 100 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 2,000 ft; 2 buildings occupied; total membership 60, volunteers; whistle alarm. Chief, J. Crum.

WATER SUPPLY—Source, Allegheny river; system, pumping to reservoir; reservoir cap 1,500,000 gals; 30 hydrants; pipe 11 miles, 6 to 10 in dia; pressure 80 pounds; waterworks owned by company. Pres, G. C. Orr; supt, W. B. Meredith.

Knox, Clarion Co., population 800; buildings, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, linen 250 ft, rubber good, 100 ft; value of fire department equipment \$500; 1 building occu-

pled; total membership 25, volunteers; steam whistle alarm. Chief, T. H. Kasey.

WATER SUPPLY—Source, wells; system, pumping to tank; 2 tanks, cap 28,000 gals; pump, dy cap 8,125 gals; 6 hydrants; pipe $\frac{1}{2}$ mile, 3 and 4 in dia; pressure 75 pounds; waterworks owned by borough; ann expenses \$100. Town clerk, Nelwin Tooth.*

Kutztown, Berks Co., population 1,595; mercantile buildings, brick, 2 and 3 stories; private, brick, 2 stories; slate and tin roofs; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 800 ft; value of fire department equipment \$525; value of buildings occupied \$1,500; total ann expenses of department \$25; total membership 35, volunteers; bell alarm. Chief engineer, Ulrich J. Miller.*

WATER SUPPLY—Source, artesian well and springs; system, pumping to reservoir; reservoir cap 600,000 gals; pumping engines, dy cap 1,000,000 gals; 25 hydrants; pipe 5 miles, 8 to 4 in dia; pressure 80 pounds; works owned by company; cost to construct \$35,000. Pres, J. S. Trexler; supt, H. M. Boyer.*

Lancaster, Lancaster Co., population 33,000; fire area 2,560 acres; mercantile buildings, brick, 3 to 6 stories; private, brick and wood, 2 to 3 stories; slate roofs; causes of fire investigated. Fire department—5 steam fire engines, 4 chemical extinguishers, 1 aerial truck, 3 hose carriages, 2 hose wagons, 1 supply wagon; hose, cotton good 5,000 ft, inferior 3,500 ft; several factories have private hose; 16 horses, value \$3,200; value of fire department equipment and building \$62,800; total ann expenses of department \$18,500; total membership 40, paid full time, paid part time 28; Gamewell alarm; 38 street boxes. Chief engineer, Henry N. Howell.

WATER SUPPLY—Source, Conestoga creek; system, pumping to standpipe and reservoir; reservoir cap 6,000,000 gals; pumping engines, dy cap 21,000,000 gals; 525 hydrants; pipe 47 miles, 4 to 36 in dia; 550 valves; 20 meters; 6,000 taps; pressure 18 to 65 pounds; works owned by city; cost to construct \$558,000, to date \$650,000; ann expenses \$22,000. Supt, E. F. Fraley.

Langhorne, Bucks Co., population 727; fire area $\frac{1}{2}$ mile sq; buildings, stone and wood, 2 and $2\frac{1}{2}$ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 800 ft, poor 50 ft; membership 50, volunteers. Chief engineer, P. M. Candy.

WATER SUPPLY—Source, springs; system, pumping direct and to tanks; tank cap 42,000 gals; pumping engines, dy cap 1,250,000 gals; 9 hydrants; pipe 5 miles, 4 and 6 in; 42 valves; 130 taps; pressure 30 to 100 pounds; waterworks owned by company; cost to construct \$20,548, cost to date \$42,442; ann expenses \$1,883.58. Secy, J. S. Wright.

Lanedale, Montgomery Co., population 1,900; fire area 350 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical engines on wheels, 2 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages, all kinds, 3 hose wagons; hose, rubber good 1,000 ft; value of fire department equipment \$5,000; value of buildings occupied \$1,000; total ann expenses of department \$2,000; total membership 60, volunteers; steam whistle alarm. Chief engineer, H. S. Gerhart.

WATER SUPPLY—Source, 3 artesian wells; pump to standpipe, cap 40,000 gals; pump, cap 75,000 gals in 10 hours; pipe 4 miles; 22 hydrants; 23 valves; 300 taps; pressure 50 pounds; cost to construct \$30,000, to date \$30,000; ann expenses \$1,500. Supt, James Van Fassen.

Lamadoswee, Delaware Co., population 3,000; mercantile buildings, brick and granite, 2 stories; private, stone, brick and wood, $2\frac{1}{2}$ stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. No fire department. Chairman of fire com, C. Pennock.

WATER SUPPLY—Source, 3 artesian wells; system, pumping to reservoir, cap 500,000 gals; pumping engines, dy cap 40,000 gals; 5 hydrants; pipe $3\frac{1}{2}$ miles, 4 and 6 in dia; works owned by company; cost to construct \$30,000, to date \$38,013.25; ann expenses \$1,806.04. Pres, Casper Pennock.

Lamersford, Carbon Co., population 4,004; build-

ings, wood, 2 and $2\frac{1}{2}$ stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hose carriage; hose, rubber good 2,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,100; ann expenses \$500; membership 60, volunteers. Chief, W. Brennan.

WATER SUPPLY—Source, streams; system, gravity; impounding reservoir, cap 5,000,000 gals; $\frac{1}{2}$ hydrants; pipe 13 miles, 12 to 4 in dia; 16 valves; 365 taps; pressure 105 pounds; waterworks owned by company; cost to construct \$48,000, cost to date \$48,000; ann expenses \$500. Supt, W. D. Zehner.

Latrebe, Westmoreland Co., population 3,598; buildings, brick and wood, 2 and 3 stories; shingle, tin and slate roofs; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck; hose, rubber good 850 ft; value of fire department equipment \$1,800; value of buildings occupied \$1,500; total membership 33, volunteers; bell alarm.*

WATER SUPPLY—Source, Loyalhanna creek; system, direct pumping; pumping engines, dy cap 4,100,000 gals; 45 hydrants; pipe 11 miles, 4 to 12 in dia; 495 taps; pressure, domestic 60 to 80, fire 110 to 150 pounds; waterworks owned by company; cost to construct to date \$75,000; ann expenses \$5,000. Supt, W. A. Johnston.

Lebanon, Lebanon Co., population 18,000; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton 4,200 ft, inferior 500 ft; 12 horses, value \$3,600; value of fire department equipment \$32,000; value of buildings occupied \$35,000; total ann expenses of department \$4,800. Chief engineer, J. A. Bollman.

WATER SUPPLY—Source, springs; system, gravity; 3 reservoirs, cap 28,000,000, 18,000,000 and 45,000,000 gals each; 99 hydrants; pipe 27 miles, 4 to 16 in dia; 125 valves; 2,650 taps; pressure, domestic 35 to 45, fire 60 pounds; waterworks owned by city; cost to construct \$300,000, to date \$360,000; ann expenses \$4,000. Supt, H. M. Allwin.

Leechburg, Armstrong Co., population 2,500; fire area 100 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—6 chemical extinguishers, 2 hook and ladder trucks, 2 hose wagons; 1,400 ft of linen hose; value of equipment \$1,800; value of buildings occupied \$3,000; ann expenses \$4,000; membership 70, volunteers; whistle alarm. Chief, Frank Critzer.

WATER SUPPLY—Source, Kiskaminitas creek; system, pumping to tanks, cap 60,000 gals; pumping engines, dy cap 1,000,000 gals; 38 hydrants; pipe 5 miles; quality of water good; pressure 160 pounds; works owned by company; cost to construct \$15,000; ann expenses \$1,200. Pres, J. O. Kirkpatrick; supt, H. L. George.

Lehighton, Carbon Co., population 2,959; fire area 2,560 acres; buildings, wood, 2 and 3 stories; few shingle roofs. Fire department—1 hook and ladder truck; value of fire department equipment \$400; total membership 65, volunteers. Foreman, Henry Schwartz.*

WATER SUPPLY—Source, streams; system, gravity; reservoir cap 750,000 gals; dam cap 3,000,000 gals; 45 hydrants; pipe 8 $7\frac{1}{2}$ miles, 6 to 12 in dia; 24 valves; 288 taps; pressure 75 pounds; works owned by company; cost to construct \$50,000, cost to date \$60,000; ann expenses \$400. Supt, H. Seabolt.

Lewisburg, Union Co., population 3,248; fire area 200 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, stone and wood, 2 and 3 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 3 hose carriages, 2 alarm couplings used; hose, cotton good 800 ft, inferior 300 ft, rubber good 1,500 ft; value of fire department equipment \$10,000; value of buildings occupied \$3,500; total ann expenses of department \$150; total membership 100, paid 3; bell alarm. Chief, W. J. Augustadt.*

WATER SUPPLY—Source, West Branch Susquehanna river; system, pumping to standpipe, cap 110,280 gals; pumping engines, dy cap 1,500,000 gals; 45 hydrants; pipe 5 $\frac{1}{2}$ to 10 miles, 3 to 10 in dia; 12 valves; pressure, domestic 45, fire 100 pounds; waterworks owned by company; cost to construct

\$39,203; ann expenses \$1,890. Supt, William Jones.

Lewistown, Mifflin Co., population 3,273. Fire department—1 steam fire engine, 2 hook and ladder trucks, 3 hose carriages; hose, cotton good 3,000 ft, rubber good 1,000 ft, inferior 1,000 ft, leather inferior 1,500 ft; total membership 101, paid partime 1, volunteers 100. Chief engineer, J. P. M. Sethenar.*

WATER SUPPLY—Source, wells; system, pumping to reservoir; 250 hydrants; pipe 3 miles, 3 and 8 in dia; 200 meters; works owned by company; cost to construct to date \$35,000; ann expenses \$2,300. Supt, M. Jones.

Lititz, Lancaster Co., population 1,500; fire area 200 acres; buildings, brick, 2 stories. Fire department—2 hand engines, 2 chemical engines on wheels; hose, cotton 500 ft; total membership 25, volunteers.*

WATER SUPPLY—Source, spring; system, pumping to standpipe; standpipe cap 180,000 gals; pumping engine, cap 750 gals per min; 30 hydrants; pipe 1 1/4 miles, 12 to 4 in; 25 valves; pressure, domestic 55, fire 55 pounds; waterworks owned by company; original cost to construct \$25,000; expenses of construction to date \$20,000; ann expenses \$500. Supt, Phares Imhoff.

Littletown, Adams Co., population 991; fire area 1 sq mile; mercantile buildings, brick and wood, 1 to 3 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 300 ft, rubber good 200 ft; value of fire department equipment \$1,000; value of buildings occupied \$4,000; total expenses for past year \$100; membership 65, all volunteers; bell alarm. Chief engineer, Geo. W. Bliffe.

WATER SUPPLY—Source, wells. Burgess, Dr. R. S. Selps.

Lock Haven, Clinton Co., population 8,000; fire area 15 sq miles; mercantile buildings, brick and wood, 2 to 4 stories; private, brick, 2 and 3 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hook and ladder truck, 6 hose carriages; hose, cotton good 3,000 ft, leather inferior 500 ft; 6 hoses, value \$900; value of fire department equipment \$15,000; value of buildings occupied \$5,000; total ann expenses of department \$3,000; total membership 175, paid full time 8, volunteers 158; bell alarm; 4 fire companies. Chief engineer, Geo. D. Fox.*

WATER SUPPLY—Source, 2 mountain streams; system, gravity; 2 reservoirs, cap 6,000,000 gals; 80 hydrants; pipe 15 miles, 4 to 12 in dia; pressure 80 pounds; waterworks owned by city; cost and construct \$130,000; ann expenses \$1,400. Supt, J. F. Griffin.*

Locust Gap, Northumberland Co., population 1,500.

WATER SUPPLY—Source, Roaring creek; system, pumping to reservoir; reservoir cap 1,250,000 gals; 2 pumping engines, dy cap 2,880,000 gals; pipe 10 miles, 4 to 10 in dia; 30 valves; pressure, domestic 150 pounds; waterworks owned by company; original cost to construct \$200,000; expenses of construction to date \$235,000. Pres of com, W. C. McConnell; supt, C. Q. McWilliams.

Luzerne, Luzerne Co., population 2,398; mercantile buildings, principally wood, some brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$1,300; value of buildings occupied \$2,500; total membership 75, volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, H. M. Vermilye.

WATER SUPPLY—Source, wells; hydrants 11; pipe 2 miles. (See Wilkesbarre.) Borough clerk, Henry C. Johnson.

Lykens, Dauphin Co., population 2,450; fire area 140 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hose carriages, 2 hose carts; hose, cotton good 500 ft, poor 500 ft; value of equipment \$3,500; value of buildings occupied \$2,500; ann expenses \$200; membership 80, volunteers; 2 hose companies. Chief, G. D. Greiff.

WATER SUPPLY—Source, Rattling creek; sys-

tem, gravity; 28 hydrants; pipe 5 miles, 3 to 10 in dia; 12 valves; pressure 40 pounds; waterworks owned by company. Supt, J. M. Williams.*

Mahanoy City, Schuylkill Co., population 13,000; fire area 225 acres; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 10 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 2,400 ft; 4 hoses, value \$1,000; value of fire department equipment \$20,000; value of buildings occupied \$25,000; expenses for past year \$800; total membership 500; bell alarm. Chief engineer, Thomas Harker; chairman of fire com, T. J. Edwards.

WATER SUPPLY—Source, springs; system, gravity and pumping into reservoir; reservoirs cap 100,000,000 gals; pumping engines, dy cap 2,000,000 gals; hydrants 32; pipe 18 miles, 14 to 4 in dia; 56 valves; 1,800 taps; pressure 70 to 75 pounds; waterworks owned by company; cost to construct to date \$230,000; ann expenses \$4,500. Pres and supt, E. S. Sillman.

Mahanoy Plane, Schuylkill Co., population 1,000; fire area 2 miles; buildings, wood, 2 1/2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hook and ladder trucks, 3 hose carriages; hose, leather good 2,500 ft; value of fire department equipment \$8,000; value of buildings occupied \$5,000.*

WATER SUPPLY—Source, Mud Run; system, gravity; reservoir cap 150,000,000 gals; 8 hydrants; pipe 4 miles, 6 in dia; 8 valves; works owned by company. Pres, M. Luthin.

Manheim, Lancaster Co., population 2,070; fire area 900 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance, causes of fire investigated. Fire department—2 hand engines, 3 hose carriages; hose, cotton good 1,600 ft, leather good 400 ft, poor 200 ft; value of fire department equipment \$3,000; value of 2 buildings occupied \$1,600; total membership 68, volunteers; bell alarm. Chief engineer, C. Bear.

WATER SUPPLY—Source, Lehman's creek; system, pumping to reservoir; reservoir cap 800,000 gals; pumping engines, dy cap 600,000 gals; 68 hydrants; pipe 4 1/2 miles; 33 valves; pressure 80 pounds; waterworks owned by company; cost to construct \$28,000; ann expenses \$900. Supt, J. B. Singer.*

Mansfield, Tioga Co., population 2,000; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$2,500; value of buildings occupied \$3,500; total membership 100, volunteers; bell alarm. Chief, J. A. Elliott.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 700,000 gals; 41 hydrants; pipe 8 miles; 50 taps; pressure 95 to 100 pounds; waterworks owned by company. Supt, J. A. Elliott.

Mansfield Valley, Allegheny Co., population 2,352; fire area 600 acres; buildings, wood and brick, 2 and 3 stories. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft, poor 600 ft; value of fire department equipment \$1,350; value of buildings \$800; total membership 35, volunteers. Chief, John McLean.

WATER SUPPLY—Source, 15 cisterns, wells and creek. Burgess, R. J. Hardy.

Marietta, Lancaster Co., population 2,800; fire area 2,000 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine and 1 hand engine not used, 1 hook and ladder truck, 3 hose carriages, alarm-case couplings used; hose, cotton good 300 ft, leather good 600 ft, inferior 100 ft; value of fire department equipment \$8,000; value of buildings occupied \$7,000; total membership 75, volunteers; bell alarm. Chief engineer, Casper Eater.

WATER SUPPLY—Source, springs; system, gravity; reservoirs, cap 1,500,000 gals; 40 double hydrants; pipe 7 1/2 miles, 4 to 12 in dia; 33 valves; 200 taps; pressure 90 pounds; waterworks owned by

company; cost to construct \$53,000; ann expenses \$400. Supt. J. H. Haldeman.

Marysville, Perry Co., population 1,115. Fire department—1 hand engine; hose, cotton 150 ft; value of fire department equipment \$350; total membership 45, volunteers. Chief, G. E. Strasbough.*

WATER SUPPLY—Source, river and well.

Mauch Chunk, Carbon Co., population 6,000; fire area 3 miles; mercantile buildings, brick, 4 stories; private, brick and wood, 3 stories; slate and tin roofs; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, 1 jumper; hose, cotton good 500 ft, inferior 500 ft, rubber 300 ft, inferior 200 ft, leather good 400 ft; value of fire department equipment \$10,000; value of 3 buildings occupied \$7,000; total membership 140, paid part time 2, remainder volunteers; whistle alarm; 3 fire companies. Chief engineer, Asa P. Blakeslee.

WATER SUPPLY—Source, springs; system, gravity; 40 hydrants; pipe 6 miles, 4 to 8 in dia; 1,200 taps; pressure 60 to 80 pounds; waterworks owned by company; cost to construct \$37,500, cost to date \$45,000; ann expenses \$1,200. Supt. E. D. Bartholomew.

McConnellsburg, Fulton Co., population 602; fire area 19 acres; mercantile buildings, brick and stone, 2 stories; private, wood, brick and stone, 2 stories; wooden roofs permitted. Fire department—2 hand engines, 1 hose carriage; hose, rubber good 1,000 ft, inferior 800 ft, leather good 100 ft; value of buildings occupied \$200; total membership 75, volunteers; bell alarm. Chief engineer, M. R. Shaffner.

WATER SUPPLY—Source, stream.

McKeesport, Allegheny Co., population 24,741; mercantile buildings, brick, 2 to 6 stories; private, brick and wood, 2 to 4 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 500 ft, cotton good 3,000 ft, linen good 1,000 ft; 6 horses, value \$1,000; value of fire department equipment \$10,000; value of buildings occupied \$22,000; total ann expenses of department \$20,000; total membership 10, paid full time 10; Gamewell alarm; 24 street boxes. Chief engineer, J. B. McAllister.*

WATER SUPPLY—Source, Youghiogheny river; system, pumping to reservoir; reservoir cap 5,000,000 gals; pumping engines, dy cap 11,000,000 gals; 301 hydrants; pipe 29 miles, 2 to 8 in dia; 290 valves; 3,500 taps; pressure, domestic 90 to 105, fire 90 to 105 pounds; waterworks owned by city; original cost to construct \$100,000; expenses of construction to date \$297,000; ann expenses \$21,000. Supt. Emanuel Wolf.

Meadville, Crawford Co., population 9,550; fire area 1½ sq miles; mercantile buildings, brick and stone, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted except in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, all kinds, 1 hose wagon; hose, cotton good 4,000 ft; 2 horses, value \$300; value of fire department equipment \$5,000; value of buildings occupied \$15,000; total ann expenses of department \$3,500; total membership 200, paid full time 2, paid part time 120; Gamewell alarm; 20 street boxes. Chief engineer, George V. Drexelstein.

WATER SUPPLY—Source, French creek; system, pumping to reservoir; reservoir cap 5,000,000 gals; pumping engines, dy cap 5,000,000 gals; 107 hydrants; pipe 22 miles, 2 to 12 in dia; 1,500 taps; pressure 20 to 115 pounds; waterworks owned by company; cost to construct to date \$182,000; ann expenses \$8,000. Supt. Geo. S. Collum.

Mechanicsburg, Cumberland Co., population 4,500; fire area 400 acres; mercantile buildings, brick, 2 to 4 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, hooks, ladders, axes, ropes and extra cart; hose, rubber good 1,700 ft, inferior 300 ft; value of fire department equipment \$9,000; value of buildings occupied \$5,000; total ann expenses of department \$700; total membership 167, volunteers, paid part

time; 2 alarm bells; 2 fire companies, Chief engineer, S. M. Wagoner.

WATER SUPPLY—Source, springs; system, gravity; 2 reservoirs; 45 hydrants; pipe 18 miles, 1 to 10 in dia; quality of water pure; pressure 25 pounds; waterworks owned by company. Supt. Amos Myers.

Media, Delaware Co., population 2,736; fire area 2 sq miles; mercantile buildings, brick and stone, 3 stories; private, brick and stone, 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft, leather good 600 ft; value of fire department equipment \$5,000; buildings rented; total membership 200, volunteers; telephone and bell alarm. Pres. Terrence Reilly.

WATER SUPPLY—Source, Ridley creek; system, pumping to reservoir; reservoir cap 1,500,000 gals; pumping engines, dy cap 900,000 gals; 55 hydrants; pipe 10 miles, 2 to 12 in; 30 valves; 800 taps; pressure 25 pounds; waterworks owned by city; cost to construct \$70,000, cost to date \$100,000. Supt. Henry Green.

Mercer, Mercer Co., population 2,200; buildings, wood and brick, 2 and 3 stories; wooden roofs not permitted in business portion; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carts; hose, rubber good 1,500 ft; total membership 60, volunteers. Chief engineer, W. D. Keck.

WATER SUPPLY—Source, Otter creek, filtered; system, pumping to tank and direct; pumping engines, dy cap 600,000 gals; 24 hydrants; pipe 3 miles; pressure, domestic 40, fire 125 pounds; waterworks owned by company; cost to construct \$20,000; ann expenses \$900. Pres. S. H. Miller.*

Mercersburg, Franklin Co., population 1,300; fire area 30 acres; buildings, brick, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$5,000; value of buildings occupied \$2,000; total ann expenses of department \$300; total membership 40, paid 1, volunteers; bell alarm. Chief engineer, W. H. Elliott.*

WATER SUPPLY—Source, mill race and wells; system, pumping to cisterns by Sileby engine; cost to construct \$5,000. Town clerk, M. J. Slick.*

Meshoppen, Wyoming Co., population 597; buildings, wood, 2 stories. No fire department; 48 buckets, 3 ladders.

WATER SUPPLY—Source, springs and brooks; system, gravity; 2 reservoirs, dy cap 30,000 gals; 2 hydrants; pipe 3 miles, ½ to 3 in dia; pressure 100 ft head; waterworks owned by company; cost to construct \$10,000; ann expenses \$100. Pres. E. H. Wells.*

Meyersdale, Somerset Co., population 2,300; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, 700 ft; value of equipment \$1,400; value of buildings occupied \$1,000; total membership 45, volunteers; bell alarm. Chief engineer, Wm. P. Coulehan.

WATER SUPPLY—Source, Sand spring; system, gravity; reservoir cap 700,000 gals; 20 hydrants; pipe ½ miles, 2 to 8 in dia; 25 valves; pressure 125 pounds; waterworks owned by company; cost to construct \$30,000; ann expenses estimated \$500. Supt. E. J. Weld.

Middletown, Dauphin Co., population 6,000; fire area 1 mile; buildings, brick and wood, 3 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 3 hose carriages; hose, cotton good 17,000 ft; value of equipment \$4,500; value of buildings \$4,800; ann expenses \$1,100; membership 175, volunteers. Foreman, J. McDonald.*

WATER SUPPLY—Source, Swatara creek; system, pumping to standpipe cap 250,000 gals; pumping engines, dy cap 600,000 gals; 34 hydrants; pipe 5 miles, 4 to 12 in dia; 18 valves; 1,000 taps; pressure, domestic 60 to 65, fire 100 pounds; works owned by company; cost to construct \$90,000; ann expenses \$800. Pres. Joseph Campbell; treas. C. W. Raymond.

Mifflintown, Juniata Co., population 900; mercantile buildings, brick and wood, 2 stories; private, wood and stone, 2 and 2½ stories; wood-

on roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine.*

WATER SUPPLY—Source, Macedonia run; system, gravity; 12 hydrants; pipe 5 miles, 12 to 4 in dia; 200 taps; pressure, domestic 90, fire 90 pounds; waterworks owned by company. Pres, Dr. L. Banks.

Millford, Pike Co., population 1,000; fire area 3-4 of mile square; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire not investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, leather good 250 ft; value of fire department equipment \$1,500; value of buildings occupied \$50; 60 volunteer members; bell alarm. Chief engineer, John B. Newman.

WATER SUPPLY—Source, springs; system, gravity; 36 hydrants; pipe 5 miles, 4 to 10 in dia; 5 valves; 100 taps; pressure, domestic 90 pounds, fire same; waterworks owned by company; original cost to construct \$18,000; expenses \$75. Pres of com, J. C. Wallace; supt, Milton Armstrong.

Millersburgh, Dauphin Co., population 1,600; fire area 100 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 500 ft, cotton good 250 ft; value of fire department equipment \$1,700; value of buildings occupied \$1,000; expenses for past year \$300; total membership 50, volunteers; bell alarm. Chief foreman, Chas. Droughman.

WATER SUPPLY—Source, mountain springs; system, pump to reservoir and direct, cap 750,000 gals; pumping engines, dy cap 20,000 gals per hour; 25 hydrants; pipe 5 miles, 8 to 4 in dia; 12 valves; pressure 75 to 90 pounds; works owned by company; cost to construct \$35,000; ann expenses \$300. Pres, G. W. Gilbert; mayor, W. L. Brubaker.

Millertown, Butler Co. (Barnhart's Mills P. O.), population 1,162, fire area 480 acres; mercantile buildings, wood, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 500 ft, rubber good 300 ft, inferior 3,000 ft; value of fire department equipment \$1,200; total ann expenses of department \$100; total membership 30, volunteers; bell alarm. Chief, W. E. Loekey.

WATER SUPPLY—Source, artesian well; system, pumping to tank; tanks, cap 72,000 gals; pumping engines, dy cap 80,000 gals; 12 hydrants; pipe 2 miles, 3 to 5 in dia; pressure, domestic 25 to 75, fire 30 to 90 pounds; waterworks owned by borough and H. L. Leopold; ann expenses \$1,200. Supt, H. A. Leopold.

Millvale, (Bennett P. O.) Allegheny Co., population 10,000; fire area 8 miles; mercantile buildings, wood and brick, 2½ and 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine and 1 chemical engine on wheels not used, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 2,000 ft, inferior 500 ft; 2 hoses, value \$500; value of fire department equipment \$5,000; value of buildings occupied \$2,500; total ann expenses of department \$500; total membership 35, volunteers; gong and bell alarm. Chief engineer, Charles W. Gardner.

WATER SUPPLY—Source, Allegheny river; system, pumping to reservoir and direct; reservoir cap 1,200,000 gals; pumping engines, dy cap 2,750,000 gals; 75 hydrants; pipe 7 miles, 12 to 4 in dia; pressure, domestic 100, fire 120 pounds; waterworks owned by city; original cost to construct \$68,000. Town clerk, W. S. Cooper.

Millville, Columbia Co., population 600; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck; 34 volunteer members. Foreman, C. R. Henrie.

WATER SUPPLY—Source, wells and springs.

Milton, Northumberland Co., population 8,000; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 10 chemical extinguishers, 1 hook and ladder truck,

3 hose carriages, slamese couplings used; hose, rubber 300 ft, leather good 1,000 ft; value of fire department equipment \$7,000; value of buildings occupied \$3,000; total ann expenses of department \$300; total membership 40, paid part time; bell alarm. Chief, J. C. Suiver.*

WATER SUPPLY—Source, west branch Susquehanna river; system, pumping to reservoir, cap 2,000,000 gals; pumping engines, dy cap 600,000 gals; 83 hydrants; pipe 9 miles, 10 to 4 in dia; pressure 150 pounds; waterworks owned by company; cost to construct to date \$60,000; ann expenses \$4,500. Pres and supt, P. J. Cristie.

Minersville, Schuylkill Co., population about 4,000; fire area 650 acres; buildings, wood and brick, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,200 ft, rubber good 600 ft; value of fire department equipment \$2,500; value of 4 buildings occupied \$3,000; total ann expenses of department \$681; total membership 175, volunteers. Chief, John Helm.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 3,000,000 gals; 32 hydrants; pipe 10 miles, 14 in dia; 65 valves; pressure 125 to 150 pounds; waterworks owned by company; cost to construct to date \$80,000; ann expenses \$1,800. Supt, Chas. H. Kear.

Monongahela City, Washington Co., population 4,500; fire area 200 acres; buildings, brick and wood, 2 and 3 stories; slate and tin roofs used; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft, poor 500 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total membership 15, volunteers; bell and steam whistle alarm. Chief, John M. Grable.

WATER SUPPLY—Source, Monongahela river; system, pumping to reservoir; 20 hydrants; pipe 15 miles; waterworks owned by company; cost to construct est \$140,000; ann expenses est \$1,500. Pres, V. Neubert.

Montoursville, Lycoming Co., population 1,329; fire area 500 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, linen good 750 ft; value of fire department equipment \$1,339; total membership 33, volunteers. Foreman, Horace Elae.

WATER SUPPLY—Source, mountain springs; system, gravity; reservoir cap 500,000 gals; 30 hydrants; pipe 4 miles, 4 to 10 in; 28 valves; 44 taps; pressure, domestic 64, fire 64 pounds; waterworks owned by borough; original cost to construct \$17,000. Water com, H. B. Sypher.

Montrose, Susquehanna Co., population 2,009; fire area 320 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose, linen rubber lined 1,800 ft; value of fire department equipment \$5,500; value of buildings occupied \$4,000; total membership 150, volunteers; bell alarm. Chief engineer, Knoch Smith.

WATER SUPPLY—Source, lake; system, pumping to reservoir; reservoir cap 3,000,000 gals; pumping engines, cap 500 gals per min; 20 hydrants; pipe 6 miles, 8, 6 and 4 in; 200 taps; pressure 90 pounds; waterworks owned by company; ann expenses \$1,500. Supt, E. C. Sherman.

Moosic, Lackawanna Co., population not given; buildings, brick and wood, 1 and 2 stories; fireworks ordinance.*

WATER SUPPLY—Source, spring, brook; system, pump to reservoir, cap 1,250,000 gals; dy cap 1,000,000 gals; pipe 12 miles, 4 to 12 in dia; 8 hydrants; pressure 70 to 140 pounds; cost to construct \$54,000. Pres, L. D. Shoemaker; supt, Wm. Montie.*

Morrellville, Huntington Co., population 3,837; fire area 300 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$500; total ann expenses of department \$1,000; total membership 30, volunteers. Chief engineer, H. A. Scholz.

WATER SUPPLY—Source, 3 fire hydrants. More to be added.

Mount Carmel, Northumberland Co., population 9,900; fire area 400 acres; buildings, brick, stone and wood, 2½ and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 5 chemical extinguishers, 2 hose carriages; hose, cotton good 500 ft, leather good 1,000 ft, inferior 300 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,500; total ann expenses of department \$300; total membership 80, volunteers; bell alarm. Chief engineer, G. A. Stukel.*

WATER SUPPLY—Source, springs and artesian wells; system, gravity; 2 reservoirs, cap 6,000,000 gals; 44 hydrants; pipe 7½ miles, 10 to 2 in dia; 40 valves; 854 taps; pressure 50 to 80 pounds; waterworks owned by company; cost to construct \$38,000, cost to date \$50,000; ann expenses \$1,500. Supt. C. L. John.

Mount Jay, Lancaster Co., population 1,900; buildings, brick, 2 and 3 stories; wooden roofs not permitted. Fire department—1 hand engine, 6 hooks and 4 ladders, 2 hose carriages, all kinds; hose, rubber good 1,500 ft, inferior 300 ft, cotton good 1,000 ft; value of fire department equipment \$2,900; value of buildings occupied \$4,000; total membership 60, volunteers; electric bell alarm. Chief engineer, Joe Noba.

WATER SUPPLY—Source, Chique Salunga creek; system, pumping to reservoirs and direct; reservoir cap 750,000 gals; pumping engines, 30 hydrants; 4 miles pipe, 8, 6 and 4 in dia; 17 valves; pressure, domestic 12 to 35, fire 45 pounds; waterworks owned by town; cost to construct \$50,000; ann expenses \$2,633. Supt. Wm. Kuhn.

Mount Pleasant, Westmoreland Co., population 4,000; fire area 500 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,500 ft; value of fire department equipment \$1,800; value of buildings occupied \$500; membership 60, volunteers; bell alarm. Chief, J. A. Loar.

WATER SUPPLY—Source, Jacob's creek; system, pumping to reservoir and standpipe; reservoir cap 3,000,000 gals, standpipe cap 105,000 gals; pumping engines, dy cap 3,000,000 gals; 50 hydrants; pipe 8 miles, 4 to 16 in dia; 25 valves; pressure, domestic 45 to 100 pounds, fire any desired; waterworks owned by company. Supt. H. Coll.*

Muncy, Lycoming Co., population 1,800; fire area 320 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, slamese couplings used; hose, rubber good 1,000 ft, inferior 500 ft, leather 500 ft; 2 horses, value \$200; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total membership 60, volunteers; bell alarm. Chief engineer, C. I. Shook.

WATER SUPPLY—Source, mountain spring, 3½ miles distant; system, gravity; reservoir cap 1,500,000 gals; pumping engines, dy cap 350,000 gals; 21 hydrants; pipe 7½ miles, 10 to 4 in dia; 35 valves; pressure 108 pounds; works owned by company; cost to construct \$38,000; ann expenses \$260. Supt. J. Shoemaker.*

Myerstown, Lebanon Co., population 1,800; fire area 4 miles, mercantile buildings, brick and wood, 2 stories. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 700 ft, rubber 200 ft, leather 400 ft; value of fire department equipment \$5,756; value of 2 buildings occupied \$4,800; total membership 300, volunteers; bell alarm. Chief, A. H. Garmany.

WATER SUPPLY—Source, wells and cisterns.

Nanticoke, Luzerne Co., population 14,000; fire area 2,000 acres; mercantile buildings, brick and wood, 2½ and 3 stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,600 ft, inferior 600 ft; value of fire department equipment \$3,500; value of buildings occupied \$1,200; total ann expenses of department \$500; total membership 125, volunteers; steam whistle and electric alarm; 9 street boxes; 1 hook and ladder

company, 4 hose companies. Chief, W. H. Hedden.

WATER SUPPLY—Source, Honeye creek; system, gravity and pumping to standpipe; pumping engines, dy cap 3,600,000 gals; pipe 15 miles, 14 to 4 in dia; hydrants 48; pressure, domestic 20 to 95, fire 27 to 106 pounds; works owned by company. Secy, H. Whiteman; supt, G. T. Morgan.*

Nazareth, Northampton Co., population 1,318. Fire department—2 old hand engines, 1 hook and ladder truck, 1 hose carriage; hose, leather good 700 ft. Chief, E. A. Clewell.*

WATER SUPPLY—Source, spring; system, pumping to reservoir, cap 125,000 gals; pumping engines, dy cap 125,000 gals; 19 hydrants; pipe 2 miles, 4 in dia; pressure 60 pounds; waterworks owned by company; cost to construct \$15,000; ann expenses \$500. Supt. S. R. Odenweider.

New Bethlehem, Clarion Co., population 1,026; fire area 50 acres; mercantile buildings, wood, 2 stories; fireworks ordinance. Fire department—3 chemical engines on wheels, 2 hose carriages, 1 hook and ladder truck; hose, 1,300 ft; value of fire department equipment \$3,100; value of buildings occupied \$900; total ann expenses of department \$40; total membership 40, volunteers. Chief, E. V. Marsh.

WATER SUPPLY—Source, Red Bank creek; system, pumping to reservoir; pumping engines, dy cap 1,280,000 gals; 13 hydrants; pipe 1-1½ miles; filtration stone; pressure 85 pounds; waterworks owned by company; cost to construct \$11,775; ann expenses \$900. Pres. W. M. Moore; supt, Geo. S. Thomas.

New Brighton, Beaver Co., population 6,000; fire area 800 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 4 hose carriages; hose, good 2,100 ft; value of fire department \$4,000; value of buildings occupied \$4,500; ann expenses \$1,000; total membership 33, volunteers. Chief, H. D. Merriok.

WATER SUPPLY—Source, Beaver river; system, pumping to reservoir and direct; reservoir cap 600,000 gals; pumping engines, dy cap 1,000,000 gals; 61 hydrants; pipe 13 miles, 2 to 10 in dia; 30 valves; 7 meters; pressure 130 pounds; waterworks owned by company; cost to construct \$65,000; ann expenses \$3,400. Supt. John D. King.*

New Castle, Lawrence Co., population 14,000; fire area 640 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—8 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages; hose, rubber good 4,000 ft; 6 horses, value \$1,100; value of fire department equipment \$12,000; value of buildings occupied \$23,300; total ann expenses of department \$12,500; total membership 120, paid full time 6, part time 4; Gamewell alarm; 24 street boxes. Chief, James H. Brown.

WATER SUPPLY—Source, Shenango river; system, pumping to reservoir, cap 7,500,000 gals; pumping engines, dy cap 5,000,000 gals; 137 hydrants; pipe 19 miles, 2 to 12 in dia; 1,100 taps; pressure 115 pounds; works owned by company; cost to construct \$175,000; ann expenses \$11,000. Supt. J. W. Taylor.

New Hope, Bucks Co., population 1,200; fire area 1 mile sq; mercantile buildings, stone and brick, 2½ stories; private, wood and brick, 2½ stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hose carriage; hose, linen good 600 ft, leather good 500 ft; value of fire department equipment \$3,000; value of buildings occupied \$500; total ann expenses of department \$160; total membership 50, volunteer members; bell alarm. Foreman, A. B. Stockton.

WATER SUPPLY—Source, canal, river and mill dam.

New Kensington, Westmoreland Co., population 1,500; fire area 1,200 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$700; value of buildings occupied \$300; total membership 50, volunteers; bell alarm. Chief, James P. Mulvihill.*

WATER SUPPLY—Source, Allegheny river; sys-

tem, gravity; tank cap 319,400 gals; 40 hydrants; pipe 5 miles, 4 to 16 in dia; 100 valves; pressure, domestic 80, fire 80 pounds; works owned by company; cost to date \$95,000. Supt. C. H. Armstrong. (In course of construction a 3,000,000 gal pump.)

New Oxford, Adams Co., population 600; fire area 320 acres; buildings, brick, 2 and 3 stories; slate and tin roofs; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, 800 ft; value of fire department equipment \$1,000; value of buildings occupied \$1,000; total membership 60, volunteers; bell alarm. Chief, W. C. Trimmer.

WATER SUPPLY—Source, wells and cisterns.

Newport, Perry Co., population 1,600; fire area 100 to 125 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage, bucket brigade; hose, cotton good 1,000 ft, linen good 200 ft; value of fire department equipment \$1,300; value of buildings occupied \$200; total membership 30. Foreman, John L. Gunderman.

WATER SUPPLY—Source, mountain springs; system, gravity; reservoir cap 1,000,000 gals; hydrants 24; pipe 3½ miles, 10 and 8 in dia; 11 taps; pressure 124 pounds; waterworks owned by company; cost to construct \$30,000. Supt. Chas. Shuttler.

Newtown, Bucks Co., population 1,500; fire area 300 acres; mercantile buildings, brick, 2½ stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 750 ft, cotton good 200 ft, leather inferior 100 ft; value of fire department equipment \$2,000; value of buildings occupied \$500; total membership 95, volunteers; bell alarm. Chief engineer, E. K. Balderston.

WATER SUPPLY—Source, 2 artesian wells; system, pumping to reservoir, 600,000 gals; pumping engines, dy cap 228,000 gals; 24 hydrants; pipe 5 miles, 4 to 8 in dia; 16 valves; pressure 35 to 50 pounds; waterworks owned by company; cost to construct \$23,000; ann expenses \$1,000. Supt. H. Shields.*

Newville, Cumberland Co., population 1,607; mercantile buildings, brick and wood, 2 and 3 stories; fireworks ordinance. Fire department—2 hand engines, 1 hose carriage; hose, cotton good 300 ft, leather 350 ft; total membership 60, volunteers. Foreman, W. B. Over.

WATER SUPPLY—Source, wells and cisterns.

Norristown, Montgomery Co., population 20,000; fire area 2,000 acres; buildings, brick and stone, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, private chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 4 hose carriages, 1 supply wagon, 3 hose wagons; hose, cotton good 5,500 ft, poor 500 ft, rubber good 300 ft; 13 horses, value \$3,000; value of fire department equipment \$30,000; value of buildings occupied \$60,000; total ann expenses of department \$7,000; total membership 800, volunteers; Gamewell alarm; 15 street boxes, indicator in engine house; 4 fire companies. Chairman of fire com, Geo. W. Piper.

WATER SUPPLY—Source, Schuylkill river; system, pumping to reservoir, cap 11,000,000 gals; pumping engines, dy cap 8,000,000 gals; 225 hydrants; pipe 40 miles, 4 to 24 in dia; valves 300; pressure 30 to 80 pounds; waterworks owned by company; cost to construct \$300,000. Pres and supt, John Slingluff.

North Clarendon, see Clarendon.

Northeast, Erie Co., population 1,528; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,800 ft; value of fire department equipment \$800; value of buildings occupied \$6,000; total ann expenses of department \$100; total membership 60, volunteers; bell alarm. Chief, W. H. Phillips.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 3,500,000 gals; 40 hydrants; pipe 8 miles; 20 valves; 325 taps; pressure 100 pounds; waterworks owned by town; cost to construct \$35,000; ann expenses \$500. Supt and town clerk, J. N. Leet.

Northumberland Borough, Northumber-

land Co., population 2,744; fire area 200 acres; buildings, brick and wood, 2 and 3 stories; shingle and slate roofs used; no fireworks ordinance. Fire department—1 hand engine, old, 1 hook and ladder truck; volunteer department; value of fire department equipment \$800; value of buildings occupied \$4,000; total expenses for past year \$200; membership 30. Chief engineer, Wm. B. Crist.

WATER SUPPLY—Source, wells, river and canal (Waterworks contemplated.)

North Wales, Montgomery Co., population 1,500; fire area 300 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, 3 and 4 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$1,500; total membership 10, volunteers; bell alarm. Chief engineer, John Welkel.

WATER SUPPLY—Source, 2 artesian wells; system, pumping direct; reservoir cap 56,000 gals; pumping engines, dy cap 250,000 gals; hydrants 25; pipe 3-4 miles, 8 to 2 in dia; 22 valves; pressure, domestic 40 to 60 pounds, fire same; works owned by company; cost to construct \$15,000, to date \$17,874; ann expenses \$858. Supt, Frank S. Kriebel.

Oil City, Venango Co., population 11,000; mercantile buildings, brick and stone, 3 and 4 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, rubber good 2,500 ft, inferior 1,000 ft; 6 horses, value \$1,200; value of fire department equipment \$10,000; value of buildings occupied \$20,000; total ann expenses of department \$5,000; total membership 16, paid full time 2, paid part time 13; Gamewell alarm; 17 street boxes; 1 hook and ladder company, 3 hose companies. Chief engineer, Daniel Fisher.

WATER SUPPLY—Source, Allegheny river and springs; system, pumping to reservoir and gravity; reservoir cap 3,000,000 gals; pumping engines, dy cap 4,500,000 gals; 133 hydrants; pipe 21 miles, 4 to 12 in dia; 91 valves; 148 taps; pressure 110 pounds; waterworks owned by city; cost to construct \$160,000, to date \$233,000; ann expenses \$10,000. Supt, M. F. Johnson.

Olyphant, Lackawanna Co., population 4,063; mercantile buildings; brick and wood, 2 and 3 stories; private, brick and wood, 2 and 3½ stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated.*

WATER SUPPLY—Source, mountain steam; system, gravity; reservoir cap 3,500,000 gals; 25 hydrants; pipe 10 miles, 10 to 6 in dia; pressure, domestic 140, fire 175 pounds; works owned by company. Pres, James Jordan.

Orwigsburgh, Schuylkill Co., population 1,350; fire area 1 sq mile; mercantile buildings, brick and wood, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 chemical engine on wheels, 1 hose carriage; hose, cotton good 600 ft, leather good 500 ft, poor 300 ft; value of fire department equipment \$3,500; value of buildings occupied \$2,500; ann expenses \$700; membership 45, volunteers; whistle alarm. Chief engineer, Geo. W. Ketner.

WATER SUPPLY—Source, mountain springs; system, gravity; 32 hydrants; pipe 5 miles; 300 taps; pressure 80 to 85 pounds; works owned by town; cost to construct \$13,000, to date \$13,800. Supt, T. J. Reed.

Osceola, Tioga Co., population 838; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage.*

WATER SUPPLY—Source, wells.*

Osceola Mills, Clearfield Co., population 2,000; fire area 70 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton rubber linen good 1,200 ft, poor 300 ft; value of fire department equipment \$1,000; value of buildings occupied \$3,000; total ann expenses of department \$384.60; total membership 72, volunteers. Chief, Martin Dugan.

WATER SUPPLY—Source, springs and mountain stream; system, gravity; reservoir cap 1,000,000

gals; 27 hydrants; pipe $7\frac{1}{2}$ miles, 8 to 4 in dia; valves 36,247; tape; pressure 90 pounds; waterworks owned by company; cost to construct \$28,000; ann expenses \$250. Supt. A. S. R. Richards.

Oxford, Chester Co., population 2,300; fire area 1,280 acres; mercantile buildings, brick, 3 stories; private, brick, 2 and 3 stories; slate roofs; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; 3 hoses; hose, cotton good 1,100 ft; value of fire department equipment \$5,000; value of buildings occupied \$2,000; total ann expenses of department \$300; total membership 60, volunteers; bell alarm. Chief engineer, Geo. E. Jones.

WATER SUPPLY—Source, 2 bored wells; system, pumping to reservoir; reservoir cap 500,000 gals; pumping engines, cap 50,000 gals in 10 hours; 32 hydrants; pipe 4 and 5 miles, 6, 4 and 3 in dia; 190 taps; pressure 30 pounds; waterworks owned by borough; cost to construct \$30,000, cost to date \$50,785; ann expenses \$650. Town clerk, J. C. Kerr.

Parkersburg, Chester Co., population 1,500; mercantile buildings, brick and wood, 2 and 2½ stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, cotton good 1,200 ft; 100 volunteer members. Chief, R. R. Shoemaker.*

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; reservoir cap 290,000 gals; 13 hydrants; pipe 8 to 6 in dia; quality of water good, filtration; works owned by company. Supt, Lewis Reynolds.*

Parker's City, Armstrong Co., population 1,317; fire area 2 miles; buildings, brick and wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, 2 hose couplings used; hose, linen good 500 ft, rubber good 1,500 ft; value of fire department equipment \$3,000; value of 2 buildings occupied \$2,000; total membership 50, volunteers; bell and whistle alarm. Chief engineer, C. C. McGregor.

WATER SUPPLY—Source, Allegheny river; system, pump to tanks, cap 130,000 gals; pumping engines, dy cap 300,000 gals; 30 hydrants; pipe 8 miles, 2 to 4 in dia; pressure, domestic 40, fire 140 pounds; waterworks owned by company; cost to construct \$20,000; ann expenses \$1,800. Pres and supt, O. Tinsman.*

Patterson, Juniata Co., population 900; fire area 45 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 8 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,500 ft, leather good 450 ft; value of fire department equipment \$6,600; value of buildings occupied \$800; total ann expenses of department \$500; total membership 68, volunteer members; electric alarm; 3 street boxes. Foreman, S. B. Cramer.

WATER SUPPLY—2 systems, source, river; system, gravity; reservoir; 3 hydrants; pipe 1-4 mile, 4 in dia; 4 valves; pressure 30 pounds; other source, mountain stream; system, gravity; reservoir cap 10,000 gals; 8 hydrants; miles of pipe 9, 4 to 12 in dia; 23 valves; pressure, domestic 90, fire 90 pounds; waterworks owned by company. Supt, H. D. Funk.

Peekville, Lackawanna Co., population 2,500; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. The organization of a fire company is being agitated.*

WATER SUPPLY—Source, Archibald Water company; pipe $4\frac{1}{2}$ miles, 1½ to 10 in dia; 20 valves; 250 taps; pressure 110 pounds; works owned by company; cost to construct \$20,000; ann expenses \$100. Supt, S. W. Arnold.

Petrolia, Butler Co., population 549; buildings, wood, 1 and 2 stories; fireworks ordinance. Fire department—2 chemical extinguishers, 2 hose carriages; hose, linen good 1,000 ft, inferior 2,000 ft; value of fire department equipment \$1,800; value of 2 buildings occupied \$800; total membership 100, full paid; bell and whistle alarm. Chief engineer, A. Gilson.*

WATER SUPPLY—Source, artesian wells; system, pumping to tank and direct; tank cap 42,500 gals; pumping engines, cap 75 bbls per hr; 18 hydrants;

pipe 1½ miles, 2 in dia; pressure, domestic 60, fire 150 pounds; waterworks owned by borough; cost to construct \$500; ann expenses \$350. Supt, T. Kelghorn.

Philadelphia, Philadelphia Co., population 1,142,653; fire area 129 1-8 sq miles; mercantile buildings, brick and stone, 3 to 14 stories; private, brick, 2 to 5 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—42 steam fire engines (5 reserve), 4 chemical engines on wheels, 60 chemical extinguishers, 5 hook and ladder trucks, 7 aerial trucks, 1 fire boat, 2 combination hose wagons and chemical engine, 41 hose carriages, all kinds (5 reserve), hose, cotton good 90,000 ft, fair 10,000 ft; 213 horses; total ann expenses of department in 1893, \$824,356.75; total membership 675, paid full time; Game well alarm; 724 street boxes; insurance patrol (2 stations) with 25 members maintained by insurance companies and private parties at an ann cost of \$5,000. Chief engineer, James C. Baxter, Jr. (Order has been given for 1 water tower, 3 combination hose wagons and chemical engines, 3 aerial trucks, 2 steam fire engines, 4 Duval water towers for aerial ladders.)

WATER SUPPLY—Source, Schuylkill and Delaware rivers; system, pumping to reservoir and direct; reservoir, cap 1,017,288,814 gals; pumping engines, dy cap 230,040,000 gals; 8,884 hydrants; pipe 1,081 miles, 3 to 48 in dia; 13,584 valves; 1,116 meters; pressure, domestic 20 to 150 pounds, fire same; works owned by city. Chief engineer, John L. Ogden; supt, Frank L. Hand.

Phillipsburg, Centre Co., population 3,245; fire area 200 acres; buildings, brick and wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 4 hose carts, 2 hose couplings used; hose, cotton good 2,000 ft; value of fire department equipment \$5,000; value of 2 buildings occupied \$1,000; total membership 231, volunteers; bell alarm. Chief, Frank Weber.

WATER SUPPLY—Source, mountain stream; system, pumping to reservoir; cap 1,600,000 gals; pumping engines, dy cap 1,000,000 gals; 47 hydrants; pipe 8 miles, 2 to 8 in dia; 25 valves; pressure 40 to 80 pounds; waterworks owned by company; cost to construct to date \$60,000; ann expenses \$8,000. Supt, Henry Southard.

Phoenixville, Chester Co., population 8,514; fire area 1,600 acres; mercantile buildings, brick, 2 to 4 stories; private, brick and stone, 2½ and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages; hose, cotton good 1,500 ft, leather good 680 ft, inferior 600 ft; value of fire department equipment \$5,370; value of buildings occupied \$7,000; total ann expenses \$800; total membership 88, volunteers; bell alarm. Chief engineer, Chas. W. Shafter.*

WATER SUPPLY—Source, Schuylkill river; system, pumping to reservoir; reservoir cap 2,520,596 gals; pumping engines, dy cap 2,500,000 gals; 1,100 hydrants; pipe 13 miles, 4 to 16 in dia; 400 valves; 10 meters; pressure 70 pounds; waterworks owned by borough; cost to construct to date \$40,000; ann expenses \$13,200. Supt, A. S. Vanderslice.*

Pine Grove, Schuylkill Co., population about 1,400; mercantile buildings, wood and brick, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, rubber good 750 ft. Chief engineer, T. B. Hughes.

WATER SUPPLY—Source, stream; system, gravity; reservoir cap 1,500,000 gals; hydrants 23; pipe 5 miles, 4 to 8 in; valves 20; taps 180; pressure, domestic 70, fire 80 pounds; waterworks owned by borough; original cost to construct \$23,000. Supt, T. B. Hughes.

Pittsburgh, Allegheny Co., population 228,617; fire area 17,700 acres; mercantile buildings, wood, brick and iron, 2 to 13 stories; private, wood and brick, 2 to 4 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—19 steam fire engines, 4 chemical engines on wheels, 19 chemical extinguishers, 5 hook and ladder trucks, 21 hose carriages, 3 aerial trucks, 4 hose wagons; hose, cotton good 45,030 ft, inferior 7,400 ft; 122 horses value \$30,500; value of fire department equip,

ment \$170,300; value of buildings occupied \$317,310; total ann expenses of department \$338,499; total membership 258, full paid; telegraph alarm; 331 street boxes. Chief, Miles S. Humphreys; Chief Department, Public Safety, J. O. Brown.

WATER SUPPLY—Source, Allegheny river; system, pumping to reservoirs, cap 117,000,000 gals; pumping engines, dy cap 45,000,000 gals; 1,898 hydrants; pipe 332 9-10 miles, 4 to 50 in dia; 3,707 valves; 100 meters; 24,447 taps; pressure 10 to 130 pounds; Edison pressure recording gauge; waterworks owned by city; cost to construct \$4,582,000; ann expenses \$100,000. Supt. A. B. Shepherd.

Fittston, Luzerne Co., population 10,302; fire area 3 miles; mercantile buildings, brick, wood and stone, 3 stories; private, wood, 3 stories; fire-proof roofs; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages; hose, cotton good 2,800 ft, inferior 500 ft, rubber good 400 ft, inferior 1,100 ft; 2 horses, value \$500; value of fire department equipment \$10,000; value of buildings occupied \$5,000; total ann expenses of department \$500; total membership 200, volunteers; gong alarm; 1 engine company, 1 hook and ladder company, 3 hose companies. Chief engineer, J. H. Mullin.*

WATER SUPPLY—Source, Susquehanna river; system, pumping to reservoirs; 2 reservoirs, cap 2,500,000 gals; pumping engines, dy cap 3,000,000 gals; 28 hydrants; pipe 21 miles; 5 meters; pressure 40 pounds; waterworks owned by company; cost to construct \$114,000; ann expenses \$5,000. Pres of com, John J. Hart.*

Plymouth, Luzerne Co., population 9,344; buildings, wood and brick, 2 stories. Fire department—3 hose companies.*

WATER SUPPLY—Source, springs, artesian wells and surface water; system, gravity and pumping to reservoirs; reservoirs cap 9,300,000 gals; pumping engines, dy cap 500,000 gals; 44 hydrants; pipe 19 miles, 2 to 12 in dia; 75 valves; 7 meters; pressure 117 pounds; waterworks owned by company; cost to construct \$125,000; ann expenses \$10,500. Supt. O. M. Lance.*

Fort Allegany, Mc Kean Co., population 1,500; fire area $\frac{1}{2}$ mile by $\frac{1}{2}$ mile; mercantile buildings, brick and wood, 2 and 3 stories; private wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 1,500 ft, inferior 200 ft; value of fire department equipment \$3,500; value of buildings occupied \$8,000; total ann expenses of department \$100; total membership 27, volunteers; bell alarm. Chief engineer, F. E. Rowley.

WATER SUPPLY—Source, spring, brooks; system, gravity; reservoir cap 3,000,000 gals; 28 hydrants; pipe 8 miles, 3 to 6 in; 16 valves; pressure 90 pounds; waterworks owned by company; original cost to construct \$10,000; expenses of construction to date \$25,000; ann expenses \$300. Supt. W. E. Smith.

Fort Carbon, Schuylkill Co., population 2,000; fire area 20 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages, 3 ladders; hose, cotton good 500 ft, leather good 1,000 ft; value of equipment \$1,500; value of buildings occupied \$9,000; ann expenses \$400; membership 70, volunteers; bell alarm. Chief, Chas. H. Wannamaker.

Fort Perry, Allegheny Co., population 1,000; fire area 5 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. No fire department.*

WATER SUPPLY—Source, Monongahela river; system, pumping to reservoir; reservoir cap 4,000,000 gals; pumping engines, dy cap 3,000,000 gals; 30 hydrants; pipe 10 miles, 16 to 3 in dia; 120 valves; pressure, domestic 80, fire 90 pounds; waterworks owned by company; original cost to construct \$250,000. Secy and supt, John L. Miller.

Pottstown, Montgomery Co., population 13,285. Fire department—2 steam fire engines, 1 hook and ladder truck with extinguishers, 2 hose carriages, 1 hose cart; hose, canvas good 1,000 ft, inferior 500 ft, leather good 1,000 ft, inferior 500 ft; horses; total membership 806, volunteers; Chief engineer, Jos. N. Maltzberger.*

WATER SUPPLY—Source, Schuylkill river; system, pumping to reservoirs; reservoir cap 7,500,000 gals; pumping engines, dy cap 3,000,000 gals; 120 hydrants; pipe 20 miles; pressure 80 pounds; waterworks owned by company; cost to construct \$250,000. Supt. F. G. Stonaker.

Pottsville, Schuylkill Co., population est 15,000; fire area $1\frac{1}{2}$ miles sq; buildings, brick and wood, 2 to 5 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—4 steam fire engines, 1 hook and ladder truck, 7 hose carriages, 3 hose trucks; hose, cotton good 7,000 ft, poor 850 ft; 15 horses, value \$4,300; value of fire department equipment \$21,000; value of buildings occupied \$50,000; ann expenses \$5,321; membership 650, volunteers, 7 paid full time; Gamewell alarm; 22 street boxes. Chief engineer, John F. Bushar.

WATER SUPPLY—Source, mountain streams; system, gravity; 3 reservoirs, cap 450,000,000 gals; pipe 40 miles, 16 to 3 in dia; pressure 80 to 120 pounds; waterworks owned by company. Secy, W. D. Pollard.

Punxsutawney, Jefferson Co., population 3,200; fire area 75 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; tin, slate and shingle roofs. Fire department—1 chemical engine in wheels, 12 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, linen good 1,200 ft, rubber good 200 ft; value of fire department equipment \$3,500; value of buildings occupied \$2,000; total ann expenses of department \$500; total membership 60, volunteers; bell and whistle alarm. Chief engineer, W. C. Torrence.

WATER SUPPLY—Source, 4 artesian wells; system, pumping to reservoir; cap 80,000 gals; pumping engines, dy cap 1,000,000 gals; 21 hydrants; pipe 5.34 miles, 3 to 6 in dia; 40 valves; 250 taps; pressure, domestic 60, fire 80 to 125 pounds; waterworks owned by company; cost to construct \$25,000, cost to date \$23,000; ann expenses \$18,000. Supt. Chas. E. Ratz.

Quakertown, Bucks Co., population 2,169; fire area 15 miles; mercantile buildings, brick and wood, $2\frac{1}{2}$ stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,800 ft, inferior 300 ft; value of fire department \$1,500; value of buildings occupied \$1,200; total ann expenses for past year \$225; membership 26, volunteers; whistle alarm. Chief engineer, H. C. Stout.

WATER SUPPLY—Source, artesian wells; system, pumping to tanks of 5,000 and 10,000 gals each; wind pumping engines; pipe 2 miles, 6 and 3 in dia. (Works contemplated.)

Reading, Berks Co., population 70,000; fire area radius 1.34 miles; mercantile buildings, brick, 2 and 3 stories; private, brick, 2.34 stories; tin and slate roofs; fireworks ordinance. Fire department—10 steam fire engines, 1 chemical engine, 16 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 11 hose carriages, 1 hose wagon, 1 salvage corps, 1 patrol wagon; hose, cotton 18,000 ft, rubber good 200 ft; 43 horses, value \$8,500; value of fire department equipment \$60,000; value of buildings occupied \$100,000; total ann expenses of department \$24,000; total membership 2,800, paid full time 18; Gamewell alarm; 55 street boxes; fire patrol supported by members and city; 18 permanent members. Chief engineer, G. W. Miller.

WATER SUPPLY—Source, Hampden, Mineral and Edelman springs, Bernhardt Antietam and Maiden creeks; system, gravity and pumping to reservoirs; reservoirs cap 156,200,000 gals; pumps, dy cap 4,500,000 gals; 496 hydrants; pipe 85 miles, 4 to 30 in dia; 10,264 taps; pressure 40 to 90 pounds; waterworks owned by city; cost to construct to date \$1,450,250; ann expenses \$14,580. Pres, George Felix; supt, W. Albright.

Renovo, Clinton Co., population 4,800; fire area 1.4 mile; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carts; hose, cotton 2,500 ft; 2 buildings owned; value of equipment \$7,500; value of buildings occupied \$1,000; total ann expenses of department \$800; total membership 40, paid 80, volunteers 40. Chief engineer, John Hagan.*

WATER SUPPLY—Source, Peters run; system, gravity, with auxiliary pumping; reservoir cap

2,000,000 gals; pumping engines, dy cap 720,000 gals; 52 hydrants; pipe 5 miles, 6 in dia; 50 valves; quality of water good; pressure 150 ft head; waterworks owned by city; cost to construct \$80,000; ann expenses \$200. Supt. Geo. Burgess.*

Reynoldsville, Jefferson Co., population 3,600; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 chemical engines on wheels, 3 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 13,000 ft; value of fire department equipment \$3,000; total membership 80, volunteers. Chief engineer, Ed. Burns.

Water Supply—Source, mountain springs; system, pumping to reservoir; cap 200,000 gals; pumping engines, dy cap 500,000 gals; 25 hydrants; pipe 5½ miles, 4 to 6 in dia; 36 valves; 200 taps; pressure 100 pounds; waterworks owned by company; cost to construct \$20,000; ann expenses \$1,500. Supt. M. S. Sterley.

Ridgway, Elk Co., population 4,000; fire area 600 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical engines on wheels, 12 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 2,000 ft, inferior 200 ft, cotton good 200 ft; value of fire department equipment \$4,000; value of buildings occupied \$8,000; total membership 120, volunteers; 2 hose companies. Chief engineer, F. H. Ely.

Water Supply—Source, mountain streams; system, gravity; reservoir cap 800,000 gals; 28 hydrants; pipe 8 miles, 4 to 8 in dia; 36 valves; 210 taps; pressure 120 pounds; waterworks owned by city; cost to construct \$19,700; ann expenses \$300. Supt. J. J. Murphy.

Ridley Park, Delaware Co., population 1,000; buildings, brick and wood, 2½ stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, linen good 1,100 ft; value of equipment \$1,500; value of buildings occupied \$1,800; membership 50, volunteers; bell alarm. Chief, F. E. Harrison.

Water Supply—Source from Springfield Water Co.; 21 hydrants; pipe 4 to 8 in dia; pressure 65 to 70 pounds. Supt. W. E. Rowland.

Rochester, Beaver Co., population 3,649; mercantile buildings, brick and wood, 2 stories; private, wood, 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—3 hose carriages; hose, cotton good 1,100 ft, rubber good 1,350 ft; value of fire department equipment \$2,000. Chairman of fire com. J. T. Conlin.*

Water Supply—Source, Beaver river; system, pump direct and to reservoir, cap 3,000,000 gals; pumping engines, dy cap 9,000,000 gals; 40 hydrants; pipe 30 miles, 16 to 4 in dia; 100 taps; pressure 135 to 35 pounds; works owned by company. Pres. H. W. Hartman; supt. F. M. Rogers.

Roysersford, Montgomery Co., population 3,000; fire area 380 acres; mercantile buildings, brick, 2 to 6 stories; private, brick, 2 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 1,500 ft, rubber good 200 ft; 2 horses, value \$500; value of fire department equipment \$8,500; value of buildings occupied \$1,000; total ann expenses of department \$500; total membership 175, volunteers; bell alarm. Chief, John Ruckel, Jr.

Water Supply—Source, Schuylkill river; system, pumping to standpipe; standpipe cap 188,496 gals; pumping engines, dy cap 1,000,000 gals; 36 hydrants; pipe 18 miles, 4 to 12 in dia; 66 valves; 350 taps; pressure 38 to 90 pounds; waterworks owned by company; cost to construct \$40,000, to date \$88,500. Supt. John M. Shaba.

Saegertown, Crawford Co., population 745; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; slate roofs. Fire department—1 hook and ladder truck; value of fire department equipment \$400; value of buildings occupied \$500; total membership 40, volunteers. Foreman, E. P. David.*

Water Supply—Eureka Mineral Springs Co., has private supply, 2 ponds and pump.*

St. Clair, Schuylkill Co., population 3,675; fire area 1½ sq miles; buildings, brick and wood, 2

and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages, 2 hose wagons; hose cotton 600 ft, leather 700 ft, inferior 300 ft; value of fire department equipment \$5,000; value of buildings occupied \$8,000; total membership 150, volunteers. Chief marshal, C. W. Evans.

Water Supply (See Pottsville)—42 hydrants; pipe 4 miles, 3 to 12 in dia; pressure 40 pounds. Town clerk, John A. Erwin.*

St. Mary's, Elk Co., population 2,000. Fire department—1 hand engine, 2 hose carriages; hose, good 1,600 ft. Chief, C. G. Wilson.

Water Supply—Source, Silver creek; system, pump to reservoir; cap 150,000 gals; dy 300,000 gals; pipe 6 miles; hydrants 40; pressure 95 pounds; quality of water good; cost to construct \$25,000. Pres. J. K. P. Hall; town clerk, J. H. Hanhaeuer.

St. Petersburg, Clarion Co., population 655; fire area 100 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, good 1,500 ft; total membership 30, volunteers; bell alarm.*

Water Supply—Source, spring; system, gravity; 3 tanks, cap 117,000 gals; 15 hydrants; pipe 3 miles, 4 in dia; pressure, domestic 75, fire 100 pounds; waterworks owned by borough; cost to construct \$10,000; ann expenses \$250. Supt. Josiah Fillman.*

Sayre, Bradford Co., population estimated 1,500; buildings, brick and wood, 2 and 3 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$2,000; total membership 75, volunteers; whistle alarm.*

Water Supply—Source, Susquehanna river; system, pumping to reservoir; reservoir cap 8,000,000 gals; pumping engines, dy cap 4,500,000 gals; 52 hydrants; pipe 17 miles; 120 valves; 1,150 taps; pressure 80 pounds; waterworks owned by company; cost to construct to date \$145,000; ann expenses \$4,500. Supt. Alex. B. Shearers.

Schuylkill Haven, Schuylkill Co., population 3,100; fire area 3 miles; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages, all kinds, hose, cotton good 1,000 ft, leather good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,500; total ann expenses of department \$4,000; total membership 125, volunteers; bell alarm. Chief engineer, William H. Mellon.*

Water Supply—Source, springs; system, gravity and pumping; reservoir cap 7,000,000 gals; pumping engines, dy cap 2,000,000 gals; 28 hydrants; pipe 10 miles, 8 to 4 in dia; 25 valves; 465 taps; pressure 125 pounds; waterworks owned by company; original cost to construct \$75,000; expenses of construction to date \$82,000; ann expenses \$8,000. Supt. Wm. H. Mellon.

Schwenksville, Montgomery Co., population 336; mercantile buildings, brick, 2 and 3 stories; private, brick, 2 and 3 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck; hose, cotton good 300 ft; value of fire department equipment \$800; value of buildings occupied \$150; total membership 40, volunteers. Chief engineer, Irwin H. Bardman.

Water Supply—Source, creek, wells and cisterns.

Scottsdale, Westmoreland Co., population 3,700; fire area 150 acres; mercantile buildings, brick, stone and wood, 2 to 4 stories; private, brick and wood, 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical engines, 2 hose carriages; hose, rubber good 600 ft, inferior 600 ft; value of fire department equipment \$4,000; value of buildings occupied \$2,000; total membership 34, volunteers; bell alarm. Chief engineer, W. N. Porter.

Water Supply—Source, mountain streams; system, gravity; reservoir cap 82,000,000 gals; 43 hydrants; pipe 16 miles, 16 to 4 in dia; 60 valves; 472 taps; pressure, domestic 100 pounds, fire same; works owned by company; cost to construct \$247,000, to date \$254,158; ann expenses \$1,980. Supt. S. F. Potter.

Serantom, Lackawanna Co., population 100,-

000; mercantile buildings, brick and stone, 4 and 5 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—5 steam fire engines, 1 chemical engine, 14 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 9 hose carriages, 6 hose wagons; hose, rubber fair and good 11,000 ft, poor 2,000 ft; 34 horses, value \$3,800; value of fire department equipment \$58,360; value of buildings occupied \$49,577; total expenses of department for past year \$27,470; total membership 560, paid full time 18, paid part time 10, volunteers 534; Gamewell alarm; 72 street boxes. Chief engineer, H. F. Ferber. (Order has been given for additional steamer, chemical engine and hose.)

WATER SUPPLY—Source, streams; system, gravity; 6 reservoirs, cap of four 23,000,000,000 gals; 340 hydrants; pipe 93 miles, 8 to 36 in dia; pressure 40 to 90 pounds; waterworks owned by company. Supt, Robt. Reaves.

Selin's Grove, Snyder Co., population 1,315; mercantile buildings, brick, 3 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; slamese couplings used; hose, linen good 800 ft, leather good 300 ft; value of fire department equipment \$8,050; total ann expenses of department \$425; total membership 90, paid 15, volunteers 75; bell alarm. Chief engineer, John Kessler.

WATER SUPPLY—Source, stream and creek; system, gravity; reservoir; 30 hydrants; pipe 5 miles. Supt, I. Koeben.*

Sewickley, Allegheny Co., population 3,000; fire area 640 acres; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—2 chemical engines on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; slamese couplings used; hose, cotton good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$500; total membership 35, volunteers. Chief engineer, F. W. Straw.

WATER SUPPLY—Source, springs and driven wells; system, gravity; pumping from river in dry weather; reservoirs cap 4,000,000 gals; pumping engines, dy cap 1,000,000 gals; 35 hydrants; pipe 13 miles, 8 to 8 in dia; pressure 65 pounds; waterworks owned by borough; cost to construct \$100,000; ann expenses \$1,500. Supt, Henry VanCleve.

Shaeferstown, Beaver Co., population 500. No fire department.*

WATER SUPPLY—Source not given; system, gravity; pipe ½ mile.

Shamokin, Northumberland Co., population 16,000; fire area 1 mile sq; mercantile buildings, brick, 3 stories; private, wood, 2½ stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine (not in use), 7 hose carriages; hose, rubber good 2,000 ft, cotton good 500 ft, inferior 700 ft; value of fire department equipment \$7,200; value of buildings occupied \$17,500; total ann expenses of department \$2,000; total membership 250, 12 paid part time; electric alarm; 7 street boxes. Chief engineer, Charles H. Schlager.

WATER SUPPLY—Source, springs and mountain stream; system, gravity; 3 reservoirs, cap 45,000,000 gals; 52 hydrants; pipe 35 miles, 3 to 16 in dia; 90 valves; pressure 80 to 100 pounds; waterworks owned by company; cost to construct \$500,000; ann expenses \$10,000. Pres of com, W. C. McConnell.

Sharon, Mercer Co., population 7,459; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 2 hose wagons; hose, rubber inferior 800 ft, cotton good 1,000 ft; 2 horses, value \$600; value of fire department equipment \$10,000; value of buildings occupied \$10,000; total ann expenses of department \$2,500; total membership 30, paid full time 1, volunteers 29; bell alarm. Chief, C. E. Bundel.

WATER SUPPLY—Source, Shenango river; system, pumping to reservoir; cap 2,000,000 gals, 2 Deane pumping engines, dy cap 2,500,000 gals; 100 hydrants; pipe 13 miles, 2 to 12 in dia; pressure 140 pounds; waterworks owned by company. Supt, E. J. Robinson.

Sharpsburg, Allegheny Co., population bet.

8 and 9,000; mercantile buildings, brick, 3 and 4 stories; private, wood, 2 and 3 stories; wooden roofs are permitted; no fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,000 ft; 2 horses, value \$300; value of equipment \$9,000; value of buildings occupied \$5,000; ann expenses \$1,400; total membership 125, volunteers; Gamewell alarm; 11 street boxes; 2 fire companies. Chief engineer, W. C. Meyer.

WATER SUPPLY—Source, Allegheny river; system, direct pumping; pumping engines, dy cap 3,000,000 gals; 49 hydrants; pipe, 5½ miles, 2 to 14 in dia; 852 taps; pressure, domestic 60, fire 100 pounds; waterworks owned by borough; cost to construct \$49,000, cost to date \$61,000; ann expenses \$4,200. Supt, Robt. Beatty.

Shenandoah, Schuylkill Co., population 16,000; fire area 1,200 acres; mercantile buildings, wood, 2½ stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, good 1,500 ft, leather good 1,400 ft, inferior 100 ft; 4 horses, value \$1,200; value of fire department equipment \$35,500; value of buildings occupied \$17,500; total ann expenses of department \$1,200; total membership 320, paid full time 3, paid part time 9, volunteer members 320; Gamewell alarm; street boxes 9. Chief engineer, Edward J. Barley.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 100,000,000 gals; hydrants 29; pipe 14 miles, 8 to 10 in dia; 48 valves; pressure 75 to 90 pounds; waterworks owned by company; original cost to construct \$200,000; ann expenses \$5,000. Supt, S. D. Hess.

Shickshinny, Luzerne Co., population 1,448; buildings, brick and wood, 3 stories. No fire department; buckets.

WATER SUPPLY—Source, Shickshinny creek; system, gravity; pipe 2½ miles; 12 valves; 125 taps; waterworks owned by company; cost to construct \$12,000; ann expenses \$40. Supt, M. B. Hughes.

Shippensburg, Cumberland Co., population 2,500; mercantile buildings, brick, 3 stories; private, brick, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 4,000 ft; value of fire department equipment \$3,500; value of buildings occupied \$5,000; total ann expenses of department \$100; total membership 75, volunteers; bell alarm. Secy, John A. Fleming.

WATER SUPPLY—Source, mountain springs; system, gravity; reservoir cap 700,000 gals; 43 hydrants; pipe 19½ miles; 43 valves; 390 taps; pressure, domestic 60, fire 75 pounds; waterworks owned by borough; original cost to construct \$42,000; ann expenses \$250. Supt, B. F. Landis.

Slatington, Lehigh Co., population 3,500; fire area 1 sq mile; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; slate roofs used principally; no fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 2 hose wagons; hose, cotton 1,500 ft, poor 500 ft, leather good 500 ft; 2 horses, value \$500; value of equipment \$5,000; value of buildings occupied \$7,500; expenses for past year \$1,200; membership 90 volunteers; bell alarm. Chief, W. H. Yanser.

WATER SUPPLY—Source, mountain springs; system, gravity; 35 hydrants; pipe 8½ miles, 4 to 8 in dia; 22 valves, 700 taps; pressure, domestic 50, fire 80 to 140 pounds; waterworks owned by borough; cost to construct \$38,000; ann expenses \$25. Pres of com, Dr. L. Campbell.

Smethport, McKean Co., population 1,150; fire area 300 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 800 ft, cotton good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,500; total ann expenses of department \$300; total membership 65, volunteers, whistle alarm. Chief engineer, Beth J. Gifford.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 10,000 bbls; 30 hydrants;

pipe 5½ miles, 4 to 6 in dia; pressure 55 pounds; waterworks owned by company; cost to construct \$30,000; ann expenses \$300. Pres, Henry Hamlin; supt, A. B. Armstrong.

Somerset, Somerset Co., population 1,713; mercantile buildings, brick, 2 and 3 stories; private, wood and brick; 2 stories; wooden roofs permitted; fireworks ordinance. No fire department—1 chemical engine on wheels, 2 chemical extinguishers; value of fire department equipment \$1,000; value of buildings occupied \$1,450.

WATER SUPPLY—Source, wells and cisterns. Burgess, W. H. Weidley. (Contract for waterworks has been given.)

South Bethlehem, Northampton Co., population about 12,000; fire area 640 acres; mercantile buildings, brick and wood, 3 stories; private, brick, 2 1-2 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose, cotton good 3,000 ft; value of fire department equipment \$25,000; value of buildings occupied \$14,000; total ann expenses of department \$7,000; total membership 400, paid part time 6, remainder volunteers; electric alarm; 12 street boxes; 4 fire companies. Chief engineer, John Christine.

WATER SUPPLY—Source, Lehigh river; system, pumping to reservoir; reservoirs cap 15,000,000 gals; pumping engines, dy cap 5,000,000 gals; 75 hydrants; pipe 16 miles, 3 to 20 in dia; 175 valves; pressure 80 to 100 pounds; waterworks owned by company; cost to construct \$250,000. Supt, Chas. H. Neisser.

South Chester, Delaware Co., population 7,076. Fire department—1 steam fire engine, 2 hose carriages; hose, cotton 2,500 ft. Chief engineer, Frank Little.*

WATER SUPPLY—Source, river.*

South Easton, Northampton Co., population 7,400; fire area 1½ miles square; buildings, brick and wood, 2 stories; roofs tin and slate; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine (not in use), 3 hose carriages, 1 hose wagon; hose, cotton good 3,000 ft; value of fire department equipment \$4,000; value of buildings occupied \$7,000; total ann expenses of department \$600; total membership 160, paid part time 15; bell alarm. Chairman of fire department, J. F. Andrews.

WATER SUPPLY—Source, mountain spring and pumping canal; system, gravity; reservoir cap 750,000 gals; 28 hydrants; pipe 5½ miles, 4 to 8 in dia; 25 valves; 200 taps; pressure 100 pounds; waterworks owned by company; cost to construct \$43,000; ann expenses \$1,600. Pres, W. F. Pascoe.

South Fork, Cambria Co., population about 1,800; fire area 27 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—hose, cotton good 500 ft, inferior 200 ft. (A volunteer fire company will be organized.)

WATER SUPPLY—Source, Flemer's Run; system, gravity; 12 hydrants; pipe 4 miles, 4 and 3 in; 43 valves; 165 taps; pressure, domestic 85, fire 85 pounds; waterworks owned by company; original cost to construct \$11,500; expenses of construction to date \$11,700; ann expenses \$200. Supt, D. W. Lake.

Spring City, Chester Co., population 2,500; fire area 1½ sq miles; buildings, brick and stone, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages, 1 hose wagon, ladders, etc; hose, rubber good 100 ft, cotton good 1,300 ft, inferior 200 ft; value of equipment \$5,000; value of buildings occupied \$5,500; expenses of department for past year \$300; total membership 100; bell alarm. Chief engineer, Edw. Derricks.

WATER SUPPLY—Source, cistern, cap 600 hds and canal; 17 hydrants; 18 valves; 2 meters. Town clerk, L. H. Rosenberger. (Supply from Royseford).*

Steelton, Dauphin Co., population 9,250; fire area 260 acres; mercantile buildings, wood and brick, 3 stories; private, wood, 2½ and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 2,000 ft; 2 hoses; value of fire department equipment \$5,500; value of buildings occupied \$6,000; total ann expenses of department \$120; total membership 90, volun-

teers; steam whistle alarm. Chief engineer, John F. Boyner.

WATER SUPPLY—Source, Filter bed, Susquehanna river; system, pumping to reservoir and direct; reservoir cap 6,000,000 gals; pumping engines, dy cap 2,500,000 gals; 75 hydrants; pipe 12 miles, 18 to 4 in; 97 valves; pressure, domestic 110, fire 110 pounds; waterworks owned by company; original cost to construct estimated \$120,000. Supt, M. M. Dreibels.

Strasburgh, Lancaster Co., population 918; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hose carriage; hose, rubber good 300 ft. Secy, I. Walker.

WATER SUPPLY—Source, wells and cisterns.

Stroudsburg, Monroe Co., population 2,500; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages, 2 hose couplings used; hose, cotton 2,000 ft; value of fire department equipment \$10,000; value of buildings occupied \$3,000; total membership 28, paid. Chief engineer, N. H. Shafer.

WATER SUPPLY—Source, springs; system, gravity; pipe 5 miles, 2 to 6 in dia; 10 valves; pressure 55 pounds; waterworks owned by company; cost to construct \$35,000; ann expenses \$500. Supt, A. N. Snover.

Summit Hill, Carbon Co., population 2,816; buildings, wood, 2 and 3 stories. Fire department not reported.*

WATER SUPPLY—Source, mountain stream; system, pumping to reservoirs, cap 281,220 gals; pumping engines, dy cap 30,000 gals; 18 hydrants; pipe 4 miles; pressure 45 ft head; waterworks owned by company; cost to construct \$13,000; ann expenses \$1,300. Pres and supt, Sam'l Rickert.*

Sunbury, Northumberland Co., population 5,930; fire area 2 sq miles; mercantile buildings, stone and brick, 2 to 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 5 hose carriages, 2 hose couplings used; hose, cotton good 3,000 ft; 6 horses, value \$750; value of fire department equipment \$30,000; value of 3 buildings occupied \$15,000; total ann expenses of department \$1,050; total membership 400, volunteers. Chairman of fire com, Ed. D. Reed.*

WATER SUPPLY—Source, spring and surface water; system, pumping from impounding to distributing reservoir; imp. reservoir cap 700,000 gals; dist. reservoir cap 4,000,000 gals; 2 pumping engines, dy cap 2,000,000 gals; 40 hydrants; pipe 13 miles, 10 to 3 in dia; 30 valves; 25 meters; pressure 55 pounds; waterworks owned by company; cost to construct \$110,000; ann expenses \$3,000. Supt, W. H. Lohrbuck.*

Susquehanna, Susquehanna Co., population 6,000; fire area 6 acres; private, wood, 2 stories; brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—(steam fire engine contemplated) 25 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,000 ft, leather 500 ft, cotton good 1,500 ft, linen good 1,000 ft; value of buildings occupied \$2,000; total ann expenses of department \$800; total membership 95, volunteers; electric alarm; 18 boxes. Captain, J. R. McCauley.

WATER SUPPLY—Source, springs; system, gravity; 7 hydrants; pipe 2 miles, 3 to 6 in dia; 9 valves; pressure, domestic 120, fire 120 pounds; waterworks owned by company; original cost to construct \$20,000; ann expenses \$250. Supt, F. Blackburn.

Tacony, Philadelphia Co. (P. O. Philadelphia), population 4,500; buildings, brick and wood, 1 to 3 stories. Protected by Philadelphia fire department.

WATER SUPPLY—Source, Delaware river; system, pump direct and to tank, cap 60,000 gals, dy cap 1,000,000 gals; pumping engines; pipe 6 miles; 48 hydrants; pressure 48 to 150 pounds. Supt, Samuel Bevan.*

Tamaqua, Schuylkill Co., population 6,054; mercantile buildings, stone, 3 stories; private, wood, 2½ stories; wooden roofs permitted. Fire

department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, slamese couplings used; hose, cotton good 2,500 ft; 2 horses; value of fire department equipment \$8,300; value of 2 buildings occupied \$8,000; total ann expenses of department \$250; total membership 165, volunteers; bell alarm. Chief engineer, D. Stawler.*

WATER SUPPLY—Source, springs; system, gravity; 50 hydrants; pipe 10 miles, 4 to 8 in dia; valves; pressure 108 pounds; waterworks owned by borough; cost to construct \$30,000; ann expenses \$1,200. Pres of com, W. Caloway.*

Tarentum, Allegheny Co., population 5,000; fire area 2 sq miles; mercantile buildings, wood, 2 to 4 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,000 ft, inferior 330 ft; value of fire department equipment \$1,500; value of buildings occupied \$250; total ann expenses of department \$2,500; total membership 13, volunteer membership 100; bell alarm. Chief engineer, S. B. Smith.

WATER SUPPLY—Source, springs; system, pumping to reservoir, reservoir cap 500,000 gals; pumping engines, dy cap 1,750,000 gals; 54 hydrants; pipe 15 miles, 3 to 12 in dia; 520 taps; quality of water good; pressure, domestic 65, fire same pounds; waterworks owned by company; original cost to construct \$43,000; expenses of construction to date \$85,000; ann expenses \$3,500. Supt, F. N. M. Dowell.

Thurlow, Delaware Co., population 5,000; fire area 1 sq mile; mercantile buildings, brick, wood and plaster, 2 stories; private, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, 1 supply wagon; hose, cotton good 2,500 ft, inferior 200 ft; 3 horses, value \$800; value of fire department equipment \$6,500; value of buildings occupied \$5,000; total ann expenses of department \$2,000; total membership 70, volunteers; bell alarm. Chief engineer, L. Moore.

WATER SUPPLY—Source, water obtained from Chester Waterworks; 60 hydrants; pipe 8 miles.

Tidioute, Warren Co., population 1,328; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 5 hose carriages, slamese couplings used; hose, cotton 400 ft, rubber 550 ft, linen good 1,600 ft; value of fire department equipment \$2,800; value of 3 buildings occupied \$1,400; total membership 60, volunteers; bell alarm. H. H. Cummings.*

WATER SUPPLY—Source, mountain stream; system, gravity; dist. reservoir cap 520,000 gals; 27 hydrants; pipe 9 miles; pressure 65 pounds; waterworks owned by company; cost to construct \$40,000; ann expenses \$750. Supt, T. W. Irvin.

Tioga, Tioga Co., population 557; fire area 300 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; total membership 100, volunteers 25. Chief, M. B. Prutsman.*

WATER SUPPLY—Source, Bentley creek; system, gravity; pumping during drought; imp. reservoir cap 14,000,000 gals, dist. reservoir cap 1,000,000 gals; 14 hydrants; pipe 3 1/2-5 miles, 3 to 6 in dia; pressure 40 to 90 pounds; waterworks owned by company; cost to construct \$20,000; ann expenses \$250. Supt, T. A. Wickham.

Titusville, Crawford Co., population 8,073; fire area 1,400 acres; buildings, brick and wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hook and ladder truck, 6 hose carriages; hose, cotton good 4,200 ft, inferior 500 ft, rubber good 1,000 ft, inferior 450 ft; 5 horses; value of fire department equipment \$11,200; value of 4 buildings occupied \$8,500; total ann expenses of department \$3,750; total membership 31, paid full time 4, paid part time 27; bell and telephone alarm; fire police 20 members, supported by city. Chief engineer, D. Healy.*

WATER SUPPLY—Source, artesian wells; system, direct pumping; pumping engines, dy cap 2,000,000 gals; 71 hydrants; pipe 12 7/8 miles, 2 to 15 in dia; 75 street valves; 30 meters; pressure, domestic 45, fire 90 pounds; waterworks owned

by city; cost to construct \$139,222; ann expenses \$3,030. Supt and secy, G. W. Augler.*

Towanda, Bradford Co., population 4,285; fire area 2 sq miles; mercantile buildings, brick, 3 to 5 stories; private, wood and brick, 2 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, slamese couplings used; hose, cotton good 2,500 ft, inferior 400 ft; value of fire department equipment \$9,300; value of 2 buildings occupied \$15,350; total ann expenses of department \$711.63; total membership 175, volunteers; bell alarm. Chief engineer, Edward Frost.

WATER SUPPLY—Source, springs; system, pumping to reservoir and gravity; reservoir cap 750,000 gals; 61 hydrants; pipe 25 miles, 6 to 12 in dia; pressure 90 to 100 pounds; waterworks owned by company. Supt, treas and secy, J. J. Griffiths.

Tremont, Schuylkill Co., population 2,500; fire area 800 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 1,000 ft; value of fire department equipment \$8,500; value of buildings occupied \$2,500; total ann expenses of department \$100; total membership 45, volunteers. Chief engineer, J. E. Marks.*

WATER SUPPLY—Source, mountain stream and springs; system, gravity; reservoir cap 1,000,000 gals; 25 hydrants; pipe 3 miles, 6 to 4 in; pressure, domestic 65, fire 75 pounds; waterworks owned by company; cost to construct \$32,000; ann expenses \$200. Supt and secy, J. A. Bechtel.

Troy, Bradford Co., population 1,307; buildings, wood, 2 and 3 stories; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages, slamese couplings used; hose, cotton good 1,500 ft, rubber good 600 ft; value of fire department equipment \$4,000; value of buildings occupied \$3,000; total ann expenses of department \$150; total membership 75, volunteers; bell alarm. Chief engineer, H. M. Spalding.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 1,000,000 gals; 12 hydrants; pipe 5 miles, 4 and 6 in dia; 7 valves; 300 taps; pressure 30 to 90 pounds; waterworks owned by 2 companies; cost to construct \$10,000. Pres, L. Bliss.

Tunkhannock, Wyoming Co., population 2,000; fire area 656 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage, 1 jumper; hose, cotton good 1,200 ft, leather good 400 ft; value of fire department equipment \$2,000; value of buildings occupied \$3,500; total ann expenses of department \$275; total membership 60, volunteers; bell alarm. Foreman and pres, Rodney J. Bardwell.

WATER SUPPLY—Source, Sloucom spring, Susquehanna river; system, gravity; reservoir cap 800,000 gals; 37 hydrants; pipe 6 1/2 miles; 402 taps; pressure 60 pounds; waterworks owned by company; cost to construct \$40,000, cost to date \$45,000. Supt, Wm. E. Krifer.

Tyrone, Blair Co., population about 7,500; fire area 800 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 6 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 4 hose wagons, fire patrol truck; hose, cotton good 1,350 ft, inferior 150 ft, leather inferior 250 ft, also 1,800 ft hose, owned by private parties; 4 horses, value \$1,000; value of fire department equipment \$9,300; value of buildings occupied \$15,000; total ann expenses of department \$2,500; total membership 300, 2 paid part time; whistle alarm; 3 fire companies. Chief, W. F. Conrad.

WATER SUPPLY—Source, Sink run; system, gravity; reservoir cap 1,000,000 gals; 40 hydrants; pipe 7 miles, 3 to 12 in dia; 23 valves; 600 taps; pressure 40 to 80 pounds; waterworks owned by company; cost to construct \$40,000; ann expenses \$700. Supt, C. H. Dittenbaugh.

Ulysses, Potter Co., population 301; buildings, wood, 3 stories. Fire department—1 hose carriage; hose, linen good 200 ft; value of fire depart-

ment equipment \$860; total membership 25, volunteers; bell alarm. Chief, H. A. Gridley.

WATER SUPPLY—Source, springs; system, gravity, pumping for fire protection; reservoir cap 71,000 gals; pumps, dy cap 40,000 gals; 7 hydrants; pipe 2½ miles, 2 and 3 in dia; pressure 40 to 50 pounds; waterworks owned by company; cost to construct \$7,000; ann expenses very light. Supt, Perry Brigham.

Union City, Erie Co., population 2,300; fire area 1,000 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted except in fire limits; fireworks ordinance. Fire department—1 hose carriage; hose, rubber good 1,000 ft; value of buildings occupied \$8,000; total ann expenses of department \$500; total membership 50, volunteer members. Chief engineer, M. Wager.

WATER SUPPLY—Source, springs; system, gravity and pumping direct; pumping engines, cap 750 gals per min; hydrants 43; pipe 5½ miles, 12 to 4 in; taps 225; pressure, domestic 40, fire 160 pounds; waterworks owned by city; original cost to construct \$25,000. Supt, J. E. Gil-
lest.

Uniontown, Fayette Co., population 6,359; fire area 520 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2½ stories; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 7 hose carriages, slamese couplings used; hose, cotton good 1,000 ft, rubber good 1,000 ft, inferior 500 ft; value of fire department equipment \$8,500; value of buildings occupied \$3,500; total ann expenses of department \$750; total membership 50, volunteers; Gamewell alarm. Chief engineer, Frank Stevens.

WATER SUPPLY—Source, mountain springs; system, gravity; 2 reservoirs, cap 85,000,000 gals; 78 hydrants; pipe 28 miles, 4 to 10 in dia; pressure 100 pounds; waterworks owned by company. Supt, G. H. Seaton.

Upland, Delaware Co., population 2,275; fire area 250 acres; mercantile buildings, stone and brick, 3 and 4 stories; private, brick and stone, 2 and 3 stories; wooden roofs permitted. No fire department—1 hand engine, 3,000 ft hose in factories.

WATER SUPPLY—Source (See Chester); pressure 70 pounds.*

Verona, Allegheny Co., population 4,000. Fire department not reported.

WATER SUPPLY—Source, Allegheny river; system, pumping to reservoir; reservoir cap 1,250,000 gals; pipe 8 miles, 12 to 4 in dia; pressure 180 pounds; works owned by company. Pres. John M. Given; supt, G. H. Moore.

Warren, Warren Co., population 4,332; fire area 800 acres; mercantile buildings, brick, 3 and 4 stories; private, wood, 2 stories; wooden roofs not permitted in fire district; no fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages, all kinds, 1 fire police truck; hose, cotton good 2,800 ft, value of fire department equipment \$9,000; value of buildings occupied \$18,000; total ann expenses of department \$1,100; total membership 240; 4 fire companies. Chief engineer, Dr. W. L. Pence.

WATER SUPPLY—Source, Allegheny river and Morrison river; system, gravity and pumping to reservoir; reservoir cap 4,000,000 gals; pumping engines, dy cap 1,500,000 gals; 55 hydrants; pipe 18 miles, 4 to 14 in dia; 55 valves; pressure, domestic 70, fire 130 pounds; waterworks owned by company; cost to construct \$141,000. Supt, Wm. B. Meredith.

Washington, Washington Co., population 8,000; fire area 1,000 acres; mercantile buildings, brick and stone, 3 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 5 hose carriages, all kinds; hose, cotton good 1,900 ft, inferior 500 ft; value of fire department equipment \$10,000; value of buildings occupied \$3,000; total ann expenses of department \$500; total membership 100, volunteers; bell alarm. Chief engineer, J. R. R. Streator.*

WATER SUPPLY—Source, creek; system, pumping to reservoir; reservoir cap 4,000,000 gals; pumping engines, dy cap 3,000,000 gals; 45 hydrants; pipe 18 miles, 4 to 10 in; 56 valves; 425 taps; pressure 80 to 130 pounds; waterworks owned by com-

pany; original cost to construct \$250,000; ann expenses \$5,200. Supt, J. MacJones.

Waterford, Erie Co., population 828; buildings, wood and brick, 3 stories; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hose carriage, ladders, buckets, etc.; hose, rubber good 920 ft; value of buildings occupied \$2,500; total membership 40, volunteers; bell alarm. Chief engineer, S. D. Felder.*

WATER SUPPLY—Source, creeks, reservoirs.*

Watsonstown, Northumberland Co., population 2,157; fire area 120 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,100 ft, linen unlined 800 ft, leather 400 ft; value of fire department equipment \$7,500; value of buildings occupied \$3,000; total ann expenses of department \$500; total membership 35, paid part time 12, volunteers 23; bell and whistle alarm. Chief engineer, D. F. Wagner.

WATER SUPPLY—Source, White Deer creek; system, pumping to reservoir; reservoir cap 2,000,000 gals; pumping engines, dy cap 2,400,000 gals; 35 hydrants; pipe 7 8-10 miles, 4 to 10 in dia; 9 valves; 210 taps; pressure, domestic 75, fire 75 pounds; waterworks owned by company; cost to construct \$40,000, cost to date \$45,000; ann expenses \$1,800. Supt, F. H. Knight.

Wayne, Delaware Co., population 2,200; fire area 1,000 acres; mercantile buildings, stone and brick, 3 stories; private, stone and wood, 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 100 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds, 4 hose wagons; hose, cotton good 1,800 ft; 2 hoses; value of fire department equipment \$3,500; value of buildings occupied \$7,000; total membership 300, volunteers; electric and steam whistle alarm; 10 street boxes. Chief engineer, George P. Fallon.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir and direct; reservoir cap 1,500,000 gals; pumping engines, dy cap 1,200,000 gals; 52 hydrants; pipe 22 miles, 2 to 8 in dia; 120 valves; 12 meters; pressure, domestic 20 to 40, fire 20 to 50 pounds; waterworks owned by company; expenses of construction to date \$86,000. Supt, Benj. F. Slaw.

Waynesborough, Franklin Co., population 4,500; fire area 450 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages, all kinds; hose, cotton good 1,350 ft; 2 hoses, value \$500; value of fire department equipment \$4,450; value of buildings occupied \$7,000; total ann expenses of department \$700; total membership 80, volunteers; electric bell alarm. Chief engineer, H. C. Lunk.

WATER SUPPLY—Source, mountain springs; system, gravity; reservoir cap 1,500,000 gals; 34 hydrants; pipe 9 miles, 4 to 12 in dia; pressure, domestic 70, fire 85 pounds; waterworks owned by company; cost to construct \$75,000; ann expenses \$500. Pres, Caleb H. Horne; supt and secy Geo. S. Meyer.*

Waynesburgh, Greene Co., population 2,001. Fire department—2 chemical engines on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carts, bucket brigade; hose, 800 ft; total membership volunteers. Chief engineer, W. L. Allison.*

WATER SUPPLY—Source, Ten-Mile Run; system, pumping to reservoir, cap 1,000,000 gals; 2 pumping engines, dy cap 400,000 gals; 30 hydrants; pipe 3½ miles, 4 to 8 in dia; 112 taps; pressure 112 to 125 pounds; waterworks owned by company; cost to construct \$35,000; and expenses \$4,000. Supt and secy, J. F. Randolph.

Weatherly, Carbon Co., population 3,000; fire area 1 sq mile; mercantile buildings, brick and wood, 1, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft (3,000 feet owned by private parties); value of fire

Department equipment \$10,000; value of buildings occupied \$3,500; ann. expenses \$1,800; total membership 60; whistle alarm. Chief engineer, W. B. Lovatt.

WATER SUPPLY—Source, Penrose creek and springs; system, gravity; reservoir cap 250,000 gals; 150 hydrants; pipe 6 miles; valves; pressure 90 pounds; waterworks owned by company; cost to construct \$25,000. Supt. B. F. Clewell.*

Wellaborough, Tioga Co., population 3,000; fire area 10 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—8 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon, siamese couplings used; hose, cotton good 2,000 ft, inferior 500 ft; value of fire department equipment \$4,000; value of buildings occupied \$300; total ann. expenses of department \$450; total membership 150, part paid 120; bell alarm. Chief engineer, H. M. Hutchinson.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 70,000,000 gals; 44 hydrants; pipe 16 miles; 29 valves; pressure 85 pounds; waterworks owned by company; cost to construct \$95,000; ann. expenses \$1,200. Supt. W. C. Kress.

West Chester, Chester Co., population 10,000; fire area 800 acres; buildings, brick and wood, 2 to 4 stories; wooden roofs permitted. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 aerial truck, 3 hose carriages; hose, rubber good 3,000 ft, cotton good 2,000 ft; value of equipment \$10,000; value of buildings occupied \$15,000; ann. expenses \$500; total membership 600, volunteers; bell alarm. Chief engineer, M. S. Way.*

WATER SUPPLY—Source, Chester creek; system, pumping to reservoir, reservoir cap 1,100,000 gals; pumping engines, dy cap 1,000,000 gals; 155 hydrants; pipe 13 1-2 miles, 10 to 4 in dia; 92 valves; 1 meter; pressure 25 pounds; waterworks owned by borough; cost to construct \$55,000. Supt. E. A. Mercer.*

West Haven, Luzerne Co., population 1,634; fire area 200 acres; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs not permitted in the vicinity of the R. R.; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 3 hose carriages, all kinds, 2 extension ladders; hose, cotton good 2,500 ft; value of fire department equipment \$5,000; value of buildings occupied \$2,000; total ann. expenses of department \$150; total membership 30, volunteers; steam whistle alarm. Foreman, J. M. Gettel.

WATER SUPPLY—Source, springs; system, gravity; pipe 4 miles, 12 to 2 in dia; 15 valves; quality of water spring; pressure 50 pounds; waterworks owned by company; cost to construct \$20,000; ann. expenses \$400. Supt. H. J. Byers.

West Newton, Westmoreland Co., population 2,285; fire area 1 mile; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 2 hose carriages; hose, linen good 500 ft; value of fire department \$3,000; value of buildings occupied \$2,500; total membership volunteers; steam whistle alarm. Chief engineer, F. V. Jefferies.

WATER SUPPLY—Source, river; system, pumping to reservoir; 5 hydrants; pipe 3,000 ft, 4 and 5 in dia; pressure 150 pounds. Supt. F. V. Jefferies.

Wilkesbarre, Luzerne Co., population 37,718; mercantile buildings, brick, 2 to 6 stories; private, wood, 2 and 3 stories; fireworks ordinance; causes of fire investigated. Fire department—4 steam fire engines, 2 hook and ladder trucks, 7 hose carriages, siamese couplings used; hose, linen good 200 ft, cotton good 9,000 ft, inferior 3,000 ft, leather good 200 ft; 15 horses; 8 buildings occupied; total ann. expenses of department \$3,000; total membership 100, paid full time 14, paid part time 86; Gamewell alarm; 38 street boxes. Chief engineer, B. F. Roth.

WATER SUPPLY—Source, Laurel run, mountain streams; system, gravity; reservoir, total cap 2,000,000,000 gals; pumping engines, dy cap 6,000,000 gals; 147 hydrants; pipe 65 1-5 miles, 4 to 30 in dia; 638 valves; 4,700 taps; pressure 60 pounds; waterworks owned by company; cost to construct \$260,000, cost to date \$1,009,000. Supt. Rodger McGarry.

Wilkesburg, Allegheny Co., population

8,000; fire area 1 sq mile; buildings, brick, stone and wood, 1 and 2 1-2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, rubber good 1,000 ft, cotton good 2,000 ft; value of equipment \$8,000; value of buildings \$4,000; membership 100, volunteers; electric alarm; 11 street boxes. Chief, L. M. Eagy.

WATER SUPPLY—Source, Allegheny river; system, pumping to reservoir, cap 7,000,000 gals; pumping engines, dy cap 3,000,000 gals; 57 hydrants; pipe 27 miles, 12 to 1 in dia; 175 valves; 1,807 taps; pressure, domestic 100, fire 140 pounds; works owned by company; cost to construct \$300,000. Supt. W. A. Alexander.

Williamsport, Lycoming Co., population 27,132; fire area 716 acres; mercantile buildings, brick, 3 to 5 stories; private, brick and wood, 2 and 3 stories. Fire department—4 steam fire engines, 1 aerial truck, 5 hose carriages, siamese couplings used; hose, cotton good 5,800 ft, rubber good 1,050 ft; 18 horses; value of fire department equipment \$25,200; value of buildings occupied \$83,530; total ann. expenses of department \$30,000; total membership 48, paid full time 16, paid part time 32; telephone alarm. Chief engineer, J. W. Miles.

WATER SUPPLY—Source, mountain streams; system, gravity, except in dry weather when pump from well, surplus to reservoir; 2 reservoirs one of 20,000,000 and 1 of 6,800,000 gals; pumping engines, dy cap 3,000,000 and 5,000,000 gals; 320 hydrants; pipe 55 miles, 3 to 24 in dia; valves; pressure, domestic 40 to 70, fire 70 pounds; waterworks owned by two companies under one management; cost to construct \$800,000. Pres. James V. Brown; secy and treas. W. H. Bloom.

Williamstown, Dauphin Co., population 2,324; buildings, wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. No fire department.*

WATER SUPPLY—Source, not given; system, gravity. Supt. D. Challenger.*

Wormelsdorf, Berks Co., population 1,141; fire area 200 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, 2 and 3 stories; in roofs are used; no fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 50 chemical extinguishers, 1 hose carriage; value of buildings occupied \$1,000; total ann. expenses of department \$14. Foreman, Henry Grimes.

WATER SUPPLY—Source, creek and cisterns.

Wrightsville, York Co., population 2,200; fire area 15 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and wood, 2½ and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hose carriages; hose, cotton good 1,200 ft, inferior 100 ft; value of fire department equipment \$4,000; value of buildings occupied \$8,000; total ann. expenses of department \$300; total membership 70; bell alarm. Pres. Abram Charles; secy, Wilton Cook.

WATER SUPPLY—Source, river, pumps.*

Wyalusing, Bradford Co., population 1,700; buildings, wood and brick, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—bucket brigade; total membership 300, volunteers, Burgess, H. J. Lloyd.

WATER SUPPLY—Source, 15 cisterns; force pump. (Works contemplated.)

York, York Co., population 24,000; fire area 5,000 acres; mercantile buildings, brick, 2 to 6 stories; private, brick, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—5 steam fire engines, 6 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 4 hose carriages, all kinds, 1 hose wagon; hose, cotton good 4,000 ft, inferior 2,000 ft; 18 horses, value \$4,000; value of fire department equipment \$45,000; value of buildings occupied \$40,000; total ann. expenses of department \$12,000; total membership 450, paid full time 11, paid part time 9, volunteer members 350; Gamewell alarm; 27 street boxes. Chief engineer, Walter B. White.*

WATER SUPPLY—Source, creek and springs; system, pumping to reservoir; reservoir cap 11,000,000 gals; pumping engines, dy cap 2,500,000 gals; 140 hydrants; pipe 27 miles, 2 to 24 in dia; 312 valves; 5,900 taps; lead service pipe; pressure, domestic 10 to 45 pounds, fire same; waterworks

owned by company; expenses of construction to date \$250,000. Supt. Jacob L. Kuehn.

Places having a population of 1,000 and upward that have no fire protection: Ardmore, Montgomery Co., population 2,025; Avoca, Luzerne Co., population 3,031 (are building waterworks); Bellevue, Allegheny Co., population 1,418; Beltsboover, Allegheny Co., population 2,000; Brislin, Clearfield Co., population 1,508; Chartiers, Allegheny Co., population 2,983*; Clayville, Washington Co., population 1,041; Clayton, Berks Co., population 1,000*; Coaldale, Schuylkill Co., population 2,849*; Delano, Schuylkill Co., population 1,362;

Forty Fort, Luzerne Co., population 1,031*; Great Bend, Susquehanna Co., population 1,002*; Hawley, Wayne Co., population 1,988*; Honnertown, population 1,011*; Johnsbury, Somerset Co., population 1,280*; Kendall, Beaver Co., population 1,937*; Latimore, Adams Co., population 1,051*; McDonald, Washington Co., population 1,698 (works contemplated); McRocks, Allegheny Co., population 1,687; McSherrytown, Adams Co., population 1,020*; New Holland, Lancaster Co., population 1,000; Oakmont, population 1,678*; Palo Alto, population 1,424; Saltsburg, Indiana Co., population 1,088*; Sugar Notch, Luzerne Co., population 2,586*; Tower, Schuylkill Co., population 2,053.

RHODE ISLAND.

Arcle, Kent Co., population estimated 3,000; fire area 500 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hook and ladder trucks, 2 hose carriages, all kinds; hose, cotton good 1,500 ft; value of fire department equipment \$1,500; total ann expenses of department \$4,000; total membership 48, volunteers. Chief, W. L. Arnold.*

WATER SUPPLY—Source (see Warwick).*

Block Island, Newport Co., population 1,300; mercantile buildings, wood, 2½ stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 2,000 ft, cotton good 1,000 ft; value of fire department equipment \$1,500; value of buildings occupied \$1,000; total ann expenses of department \$200; membership 50, volunteers; bell alarm. Chief engineer, Henry L. Ross.

WATER SUPPLY—Source, pond; system, gravity; 11 hydrants; pipe 1½ miles; 5 valves; 25 taps; waterworks owned by company; original cost to construct \$12,000; ann expenses \$300. Supt, E. S. Payne.

Bristol, Bristol Co., population 5,478; fire area 2,600 acres; mercantile buildings, wood, 1 to 8 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 4,700 ft; value of fire equipment \$3,800; value of buildings occupied \$4,800; total ann expenses of department \$4,800; total membership 150; steam whistle alarm. Chief engineer, Spencer Rounds.

WATER SUPPLY—Source, Kickimint river; system, pumping to standpipe, cap 329,000 gals; pumping engines, dy cap 1,000,000 gals each; 150 hydrants; pipe 14 miles, 4 to 18 in dia; 1,000 taps; pressure, domestic 60, fire 80 pounds; waterworks owned by company; cost to construct \$250,000; ann expenses \$4,500. Pres, H. K. Norman.

Central Falls, Providence Co., population 14,000; fire area 700 acres; buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 2 supply wagons, 2 hose wagons; hose, rubber good 1,000 ft, inferior 750 ft, cotton good 3,000 ft; 5 horses, value \$1,250; value of fire department equipment \$15,000; value of buildings occupied \$29,500; total ann expenses of department \$8,000; total membership 37, paid full time 5, call men 35; electric alarm; 24 street boxes. Chief, Irving F. Eats.

WATER SUPPLY (See Pawtucket)—87 hydrants; pipe 1½ miles; pressure 100 pounds; waterworks owned by city of Pawtucket.

Coventry, Kent Co., population 6,000; fire area 300 acres; mercantile buildings, wood, 1½ and 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,000 ft; value of fire department equipment \$3,500; value of buildings occupied \$2,000; total membership 60, volunteers; electric alarm; 10 street boxes. Chief engineer, J. H. Coperell.*

WATER SUPPLY—Source, not stated.*

Cranston, Providence Co., population 8,069. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; 2,500 ft hose; apparatus owned by Cranston Print Works company; total membership 25, volunteers.

WATER SUPPLY—Source (see Providence); 12 hydrants; 3 steam pumps.*

Drownville, Bristol Co., population 750; buildings, wood and brick, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. No fire department.

WATER SUPPLY—Source, wells; system, pumping to reservoir; reservoir cap 52,000 gals; pumping engines, dy cap 50,000 gals; pipe 2 miles, 4 in dia; 12 valves; 60 taps; pressure 35 pounds; waterworks owned by company; cost to construct \$8,000, to date \$10,000. Supt, Chas. F. Anthony.

East Greenwich, Kent Co., population 3,200; fire area 1,440 acres; buildings, brick and wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 3,600 ft, inferior 300 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,800; total ann expenses of department \$800; total membership 80, volunteers; bell alarm. Chief engineer, T. H. Galvin.

WATER SUPPLY—Source, Hunts river; system, pumping to standpipe; standpipe cap 129,500 gals; 2 pumping engines, dy cap 2,000,000 gals; 74 hydrants; pipe 17 miles, 4 to 10 in dia; 75 valves; 60 meters; pressure, domestic 30, fire 200 pounds; waterworks owned by company; cost to construct \$200,000; ann expenses \$4,000. Supt, John L. Congdon.*

East Providence, Providence Co., population 9,000; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 chemical extinguisher, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, linen good 2,000 ft, inferior 500 ft; total membership 57, volunteers; Gamewell alarm; 9 street boxes. Chief engineer, John J. Mullen.

WATER SUPPLY—Abbott run; system, gravity; 97 hydrants; pipe 12 miles, 12, 8, 6 and 4 in dia; 66 valves; 736 taps; pressure, domestic 70 to 75, fire 85 to 185 pounds; waterworks owned by Watchernoket fire district; original cost to construct \$51,908.36, cost to date \$72,593.52; ann expenses \$2,643. Supt, Orland Freeborn.

Greenville, Providence Co., population 300; fire area 2 sq miles; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; shingle roofs used; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 350 ft, rubber good 350 ft; leather good 300 ft; value of fire department equipment \$850; total membership 60, volunteers; bell alarm. Captain, Chas. F. Allen.*

WATER SUPPLY—Source, wells and cisterns.

Jamestown, Newport Co., population 707; fire area 1 mile; mercantile buildings, wood, 2 and 2½ stories; private, wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, linen good 1,000 ft; value of fire department equipment \$1,500; value of buildings occupied \$800; total ann expenses of department \$489.94; total membership 38, volunteers; bell alarm. Chief engineer, James W. Orr.

WATER SUPPLY—Source, pond; system, pumping to standpipe; standpipe cap 360,000 gals; 20

hydrants; pipe 2½ miles; waterworks owned by company. Supt. N. Weaver.*

Little Compton, Newport Co., population 1,300; fire area 32,000 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. No fire department.

Narragansett Pier, Washington Co., population 300; mercantile buildings, wood, brick and stone, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,500 ft, inferior 200 ft; value of fire department equipment \$3,000; value of buildings occupied \$400; total ann expenses of department \$3,000; total membership 52, volunteer members; steam gong alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, A. Congdon.

WATER SUPPLY—Source, see Peacedale; hydrants 64.

Natick, Kent Co. Fire department—1 hand engine, 1 hose carriage; hose, fair 1,000 ft; total membership volunteers. James H. Dyer, town clerk.*

Newport, Newport Co., population 20,000; fire area 4 sq miles; mercantile buildings, wood, 2, 2½ and 3 stories; private, wood, 2 and 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—5 steam fire engines, 6 chemical extinguishers, 1 hook and ladder truck in use, 1 in reserve, 6 hose carriages, all kinds, 1 hose wagon, other apparatus, 1 emergency wagon, 2 extinguishers, axes, tools etc.; hose, rubber good 8,000 ft, cotton good 2,000 ft, linen good 4,000 ft; 10 horses, value \$2,500; value of fire department equipment \$51,000; value of buildings occupied \$53,000; total ann expenses of department \$32,000; total membership 127, paid full time 10, paid part time 117; electric and bell alarm; 31 street boxes. Chief engineer, John E. Lake.

WATER SUPPLY—Source, Easton's and Paradise ponds; system, pumping to reservoir; reservoir cap 10,000,000 gals; pumping engines, dy cap 13,000,000 gals; hydrants 238; pipe 52 miles, 36 to 4 in; valves 368; taps 3,500; pressure, domestic 15 to 62, fire 55 pounds; waterworks owned by company; cost to construct \$1,000,000; ann expenses \$30,000. Supt. Wm. S. Slocum.

Olneyville, Providence Co., population 5,425; mercantile buildings, brick and wood, 2 and 2½ stories; private, wood, 1 and 2½ stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds, 2 hose wagons; hose, cotton good 2,800 ft, inferior 200 ft; 6 horses; value of fire department equipment \$4,000; value of buildings occupied \$10,000; total membership 125, volunteers 100; Gamewell alarm; street boxes 20; 4 fire companies. Chief engineer, George F. A. Beeme.*

WATER SUPPLY—Source, supply from Providence; 71 hydrants. Town clerk, Wm. F. King.*

Pawtucket, Providence Co., population 27,633; fire area 5,620 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2½ stories; fireworks ordinance. Fire department—3 steam fire engines, 3 chemical engines, 18 chemical extinguishers, 3 hook and ladder trucks, 2 hose carriages, 3 hose couplings used; hose, cotton good 9,050 ft, leather good 400 ft; 17 horses; value of fire department equipment \$67,000; value of 4 buildings occupied \$33,000; total ann expenses of department \$31,000; total membership 84, paid full time 18, paid part time 48; telegraph alarm; 68 street boxes. Chief engineer, John Briery.

WATER SUPPLY—Source, Abbott run stream; system, pumping to reservoir and direct; reservoir cap 20,000,000 gals; pumping engines, dy cap 12,000,000 gals; 867 hydrants; pipe 118½ miles, 4 to 36 in dia; 1,100 valves; 6,386 taps; pressure 65 to 120 pounds; Edison pressure recording gauge; waterworks owned by city; cost to construct \$500,000, to date \$1,674,750; ann expenses \$35,000. Supt. Edwin Darling.

Peacedale, Washington Co., population 1,000; mercantile buildings, stone, 3 and 4 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine,

1 hand engine not in use, 1 hose carriage; hose, rubber good 100 ft, cotton good 350 ft, linen good 350 ft; value of fire department equipment \$2,500; total ann expenses of department \$375; total membership 45, volunteer members; bell and whistle alarm. Foreman, James B. Gould.

WATER SUPPLY—Source, impounding reservoir on Rocky brook; system, pumping to standpipe; reservoirs cap 39,000,000 gals; standpipe cap 250,000 gals; pumping engines, dy cap 3,000,000 gals; 68 hydrants; pipe 14 miles, 12, 8, 6 and 4 in dia; 408 taps; pressure 80 pounds; works owned by company. Pres. D. Clark; manager, W. Kent.

Phenix, Kent Co., population 1,230; fire area 640 acres; mercantile buildings, brick and wood, 2 to 4 stories; private, wood, 1½ to 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hose carriages; hose, cotton good 1,600 ft; value of fire department equipment \$1,500; value of new buildings occupied \$5,000; total membership 20, volunteers; electric alarm. Chief engineer, F. S. Chase.

WATER SUPPLY—Source, Spring Lake brook; system, gravity; reservoir cap 36,000,000 gals; 139 hydrants; pipe 11 miles, 4 to 16 in dia; 11 valves; 39 meters; pressure 80 pounds; waterworks owned by company; cost to construct \$100,000. Supt. Albert F. Hill.*

Providence, Providence Co., population 150,000; fire area 10,016 acres; mercantile buildings, brick and wood, 4 and 5 stories; private, wood, 2½ and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—7 steam fire engines, 1 reserve, 3 chemical engines on wheels, 45 chemical extinguishers, 7 hook and ladder trucks, 2 reserve, 4 aerial trucks, 18 four wheeled hose wagons, 2 two wheeled reels, 2 protective wagons, 1-65 ft Champion water tower; hose, rubber good 2,200 ft, linen good 20,750 ft; 83 horses, value \$16,000; value of fire department equipment \$180,000, including alarm; value of buildings occupied \$225,000; total ann expenses of department \$367,395.56; total membership 249, paid full time 214; paid part time 55; Gamewell alarm; 240 street boxes; 26 fire companies, 10 hose companies, 7 engine companies, 7 hook and ladder companies, 1 chemical company, 1 protective Co. Chief engineer, George A. Steers.

WATER SUPPLY—Source, Pawtuxet river; system, pumping to reservoir; 3 storage reservoirs, cap 150,732,000 gals; pumping engines, dy cap 23,000,000 gals; high service pumps, dy cap 10,000,000 gals; 1,576 hydrants; pipe 272,379 miles, 6 to 36 in dia; 12,088 meters; pressure 39 to 73 pounds; works owned by city; cost to construct \$5,943,422.94; ann expenses \$59,427.43. Commissioner public works, Robert E. Smith; secy, Walter F. Slade.

Valley Falls, Providence Co., population 1,531. Fire department—2 steam fire engines, 3 hand engines, 1 hook and ladder truck, 4 hose carriages; hose, rubber good 1,200 ft; 2 horses; total membership 40, volunteers. Chief engineer, John H. Barnwell.*

WATER SUPPLY (see Pawtucket)—22 hydrants. Supt. Edwin Darling; town clerk, P. F. Kinton.

Warren, Bristol Co., population 4,489; fire area 1 x 2 sq miles; buildings, stone, brick and wood, 2 stories; shingle, tin and slate roofs; no fireworks ordinance. Fire department—1 hand engine, 3 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, cotton good 1,000 ft, rubber good 500 ft, leather good 300 ft, linen good 3,500 ft; value of equipment \$4,100; value of buildings occupied \$5,000; ann expenses \$2,600; total membership 100, paid part time 5, volunteers 95. Chief, Wm. Cole.

WATER SUPPLY—Source, Klokimuet river; system, pumping to reservoir, cap 300,000,000 gals; standpipe cap 30,000; pumping engines, dy cap 1,000,000 gals; 62 hydrants; pipe 20 miles, 8 to 13 in dia; 40 valves; quality of water excellent, filtration gravel; pressure 72 to 75 pounds; waterworks owned by company. Supt. B. B. Martin.

Westerly, Washington Co., population 7,500; buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 4 hose carriages; hose, cotton rubber lined good 3,800 ft; value of fire department equipment \$9,000; expenses of department last year \$3,200; total membership 60, volunteers. Chief engineer, R. A. Mason.

WATER SUPPLY—Source, Shunee brook; sys-

tem, pumping to standpipe, cap 372,000 gals; 2 pumping engines, dy cap 1,500,000 gals; 24 hydrants; pipe 14 3-4 miles, 4 to 18 in dia; 78 valves; 634 taps; pressure 40 to 95 pounds; waterworks owned by company; cost to construct \$145,000, Supt, Everett Barns.

Wickford, Washington Co., population 1,000; fire area 1 sq mile; buildings, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,000 ft; total membership 80; bell alarm. Chief engineer, G. F. Hunt.

WATER SUPPLY—Source, wells, springs and harbor.*

Woonsocket, Providence Co., population 22,000; fire area 5,632 acres; mercantile buildings, brick and stone, 4 to 6 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 6 chemical extinguishers, 2 hook and ladder trucks, 1 reserve 2 hose carriage, 4 in reserve, 1 hose wagon, 2 supply wagons; hose, cotton good 7,200 ft; 10 horses, value

\$2,100; value of fire department equipment \$44,000; value of buildings occupied \$15,000; total ann expenses of department \$16,600; total membership 87, paid full time 10, paid part time 57; Gamewell alarm; 45 street boxes. Chief, Jay Neill.

WATER SUPPLY—Source, Crooks Fall brook; system, pumping to standpipe; 3 standpipes, cap 2,000,000 gals; pumping engines, dy cap 4,500,000 gals; 465 hydrants; pipe 37.83 miles, 20 to 4 in dia; 408 valves; 1,546 taps; Edison pressure recording gauge; waterworks owned by city; cost to construct \$300,000, to date \$555,519; ann expenses \$10,000. Supt, Byron I. Cook.

Places having a population of 1,000 and upward that have no fire protection: Barrington, Bristol Co., population 1,461; Burrillville, population 5,462*; Foeter, Providence Co., population 1,252; Glocester, population 2,095*; Hopkinton, Washington Co., population 2,864; Middleton, population 1,154; New Shoreham, population 1,330; North Smithfield, population 3,173*; Scituate, Providence Co., population 3,174*; Smithfield, Providence Co., population 2,500; Tiverton, Newport Co., population 2,837*.

SOUTH CAROLINA.

Aikem, Aiken Co., population 2,362; fire area 640 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages, siamese couplings used; hose, linen 1,200 ft, rubber 2,000 ft; value of fire department equipment \$6,000; total ann expenses of department \$250; total membership 100, volunteers; triangle alarm. Chief engineer, H. F. Warneke.

WATER SUPPLY—Source, wells and cisterna, cap 95,000 gals and 50 private cisterna. (Works will be built.)

Anderson, Anderson Co., population 5,000; fire area 4 miles dia; buildings, brick and wood, 1 and 2 stories; fireworks ordinance; wooden roofs not permitted in business portion of town. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose reels; hose, rubber good 2,500 ft; 2 hoses, value \$250; total ann expenses of department \$1,448; total membership 104, paid full time 2, volunteers 102; bell alarm. Chief engineer, Geo. M. Tally.

WATER SUPPLY—Source, running streams; system, gravity and pump to standpipe; reservoir cap 3,000,000 gals; standpipe cap 200,000 gals; pumping engines, dy cap 1,000,000 gals; 81 hydrants; 8 1/2 miles pipe, 4 to 10 in dia; 30 valves; quality of water pure; pressure 60 to 70 pounds; works owned by company; cost to construct \$75,000. Supt, J. L. Mauldin; gen'l manager, N. C. Whitner.

Bamberg, Bamwell Co., population 1,949; fire area 13 acres; buildings, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose reels; hose, rubber good 600 ft, inferior 550 ft; value of fire department equipment \$750; value of buildings occupied \$500; 68 volunteer members. Chief, H. C. Folk.

WATER SUPPLY—Source, 5 cisterna and artesian wells, owned by city; cost \$3,000 to construct. Town clerk, J. H. Cope.

Beaufort, Beaufort Co., population about 4,000; fire area 120 acres; buildings, brick and wood, 2 stories; wooden roofs not permitted on business street; fireworks ordinance. Fire department—3 steam fire engines, 2 hand engines, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon, combination bucket, hook, ladder and reel, siamese couplings used; hose, linen good 500 ft, rubber good 1,800 ft, inferior 1,500 ft; value of fire department equipment \$7,000; value of buildings occupied \$5,000; total ann expenses of department \$712.25; total membership 100, volunteers, paid full time; bell alarm; 1 fire company, 3 engine companies, 1 hook and ladder company, 1 hose company. Chief, L. B. Stappelen.

WATER SUPPLY—Source, 8 artesian wells, 16 cisterna, water front.

Bennettsville, Marlborough Co., population 1,500; fire area 1,000 ft; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck; value of fire department equipment \$550; value of building occupied \$200; total membership 50, volunteer members; bell alarm.

WATER SUPPLY—Source, wells.

Blackville, Barnwell Co., population 1,250; fire area 15 sq miles; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, buckets, etc.; hose, linen good 200 ft; value of equipment \$1,000; value of buildings occupied \$1,200; alarm, shoot pistols; membership 24, volunteers. Marshal, John Gribblin.

WATER SUPPLY—Source, wells, pumps.

Camden, Kershaw Co., population 3,533; fire area 650 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 400 ft, rubber good 300 ft, linen good 200 ft; total ann expenses of department \$400; total membership 100, volunteers; bell alarm. Chief engineer, John B. Goodale.

WATER SUPPLY—Source, cisterna.

Charleston, Charleston Co., population 62,000; fire area 2,300 acres; mercantile buildings, brick and iron, 3 stories; private, brick and wood, 2 and 3 stories; wooden roofs not permitted except in certain localities; fireworks ordinance. Fire department—10 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 7 hose carriages, all kinds, 1 hose wagon; hose, cotton good 10,000 ft, inferior 1,500 ft; 29 horses, value \$200 each; value of fire department equipment \$38,725; value of buildings occupied \$32,500; total ann expenses of department \$49,500; total membership 103, paid full time 54, paid part time 49; telegraph alarm; street boxes 100. Chief engineer, B. G. Marjehoff.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe from reservoir, cap 83,000,000 gals; standpipe cap 150,000 gals; 2 pumping engines, dy cap 6,000,000 gals; 450 hydrants; pipe 30 miles, 4 to 20 in dia; 153 valves; 20 meters; pressure 30 to 40 pounds; waterworks owned by company. Supt, C. A. Chisolm.

Chester, Chester Co., population 2,703. Fire department—1 steam fire engine, 1 hand engine, 2 hook and ladder trucks, 5 hose reels; hose, linen good 1,400 ft, rubber good 500 ft; total membership 130, volunteers. Chief, B. M. Spratt.

WATER SUPPLY—Source, 5 cisterna, cap 92,000 gals. Town clerk, S. B. Latham.

Clifton, Spartanburgh Co., population 2,630; buildings, brick and wood, 2 to 4 stories; wooden roofs not permitted. Fire department—2 hose

carriages; hose, linen good 3,500 ft; total membership 18, paid; bell alarm. Chief, H. D. Wheat.

WATER SUPPLY—Source, Pacolet river; system, pumping to reservoir and direct; reservoir cap, 93,000 gals; pumping engines, dy cap 3,150,000 gals; 16 hydrants; pipe 8 in dia; pressure 75 to 150 pounds; waterworks owned by company; cost to construct \$18,000. Pres of works, D. E. Converse; Supt, F. S. Mosher.

Clinton, Laurens Co., population 1,500; mercantile buildings, brick and stone, 1 and 2 stories; private, wood, brick and stone, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—bucket brigade.

WATER SUPPLY—Source, wells.

Columbia, Richland Co., population 15,353; fire area 1,680 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; tin roofs; fireworks ordinance. Fire department—2 steam fire engines, 2 hand engines, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 3,500 ft, inferior 500 ft; 6 horses, value \$1,800; value of fire department equipment \$20,000; value of buildings occupied \$10,000; total ann expenses of department \$6,000; total membership 350, volunteers; Gamewell alarm; 17 street boxes; 4 engine companies, 1 hook and ladder company. Chief engineer, Philip Mota.

WATER SUPPLY—Source, Congaree river; system, pumping to reservoir; cap 1,000,000 gals; pumping engines, dy cap 5,000,000 gals; 188 hydrants; pipe 27 miles, 6 to 12 in dia; pressure 40 pounds; waterworks owned by city; ann expenses \$10,000. Supt, J. A. Fetter.

Darlington, Darlington Co., population 4,000; fire area 6 acres; buildings, wood, 1 and 2 stories; wooden roofs not permitted in business section. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 2 hose carriages; hose, cotton good 1,000 ft, rubber inferior 300 ft; value of fire department equipment \$4,000; total ann expenses of department \$300; total membership 30, bell alarm. Pres, Bright Williamson.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; reservoir cap 95,000 gals; pumping engines, cap 200 gals per min; 12 hydrants; pipe 7 miles, 4 to 12 in dia; 5 valves; pressure 30 to 100 pounds; waterworks owned by company; cost to construct \$8,000; ann expenses \$500. Supt, J. J. Forman.

Florence, Florence Co., population 3,395; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs and buildings not permitted in business section. Fire department—1 steam fire engine, 2 hand engines, 5 hose carriages; hose, rubber good 2,000 ft, inferior 300 ft; 2 horses; value of fire department equipment \$7,000; total membership 225, paid full time 5, volunteers 220; bell alarm; 3 fire companies. Chief engineer, J. F. Stackley.

WATER SUPPLY—Source, 28 wells for fire purposes. Mayor, J. P. Chase.

Georgetown, Georgetown Co., population 2,982; fire area 640 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 4 hose carriages, slamese couplings used; hose, rubber good 2,000 ft, cotton good 1,000 ft; 2 horses, value \$350; value of fire department equipment \$7,500; value of 4 buildings occupied \$4,500; total ann expenses of department \$1,600; total membership 280, volunteers; bell alarm. Chief engineer, Wm. H. Dorrill.

WATER SUPPLY—Source, river and wells. Mayor, W. D. Morgan; town clerk, J. J. Huoks.

Graniteville, Aiken Co., population 1,791; fire area 100 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—3 hose carriages; hose, linen good 2,500 ft; bell alarm.

WATER SUPPLY—Source, creek and canal; system, pumping to reservoir; reservoir cap 180,000 gals; pumping engines, dy cap 18,500 gals; 26 hydrants; pipe 2 miles, 4 to 8 in dia; 20 valves; quality of water good; pressure 83 pounds; works owned by company. Supt, T. H. Rennie.

Greenville, Greenville Co., population 9,899; fire area 3,142 acres; mercantile buildings, brick,

2 to 4 stories; private, wood, 2 stories; tin roofs; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 1 hose truck; hose, rubber good 2,500 ft; 2 horses, value \$600; value of fire department equipment \$6,850; expenses for past year \$3,735; total membership 187, paid full time 1; bell alarm. Chief engineer, J. O. Canble.

WATER SUPPLY—Source, mountain stream; system, gravity; cap of reservoir 25,000,000 gals; 130 hydrants; pipe 22 miles, 4 to 12 in dia; 90 valves; pressure average 80 pounds; waterworks owned by company; cost to construct \$150,000. Supt, K. N. Northrup.

Lancaster, Lancaster Co., population 1,200; mercantile buildings, brick, 1 and 2 stories; private, brick, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck; total membership 20, volunteers; bucket brigade. Captain, J. L. Fong.

WATER SUPPLY—Source, wells and cisterns.

Laurens, Laurens Co., population 2,245; fire area 640 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in business section; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages, 1 hose wagon; hose, cotton good 1,800 ft; 2 horses, value \$300; value of fire department equipment \$1,300; value of buildings occupied \$8,000; total membership 65, paid full time 1, volunteers 51; bell alarm; fire company, 1 hook and ladder company. Chief, J. J. Pluss.

WATER SUPPLY—Source, 3 cisterns, cap 75,000 gals and never failing creek.

Marion, Marion Co., population 1,640; fire area 20 acres; buildings, wood and brick, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck; value of fire department equipment \$500; value of buildings occupied \$5,000; total ann expenses \$200; total membership 22, paid part time; bell alarm. Chief, Peter Nevels; secy and treas, J. S. Nevels.

WATER SUPPLY—Source, 15 fire wells.

Mayesville, Sumter Co., population 706; buildings, wood, 1 and 2 stories. Fire department—1 hand engine; hose, good 300 ft; bell alarm. Chief, R. V. Griffin.

WATER SUPPLY—Source, wells.

Mount Pleasant, Berkeley Co., population 1,875; fire area 200 acres; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—ladders and buckets; volunteer department.

No Water Supply.

Newberry, Newberry Co., population 3,020; fire area 250 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 800 ft, inferior 400 ft; value of fire department equipment \$8,000; total ann expenses of department \$300; total membership 100, paid full time 3, volunteers 97; bell alarm; 3 fire companies. Chief engineer, J. W. Montgomery; chairman of fire com, Wm. Johnson.

WATER SUPPLY—Source, wells and cisterns. (Waterworks contemplated.)

Orangeburg, Orangeburg Co., population 3,500; fire area 1,000 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages, 1 hose wagon, slamese couplings used; hose, rubber good 1,100 ft, inferior 500 ft, cotton good 300 ft; 2 horses, value \$300; value of fire department equipment \$5,000; value of buildings occupied \$2,000; total membership 80, volunteers; bell alarm. Chief engineer, Geo. W. Brunson.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe and direct; standpipe cap 30,000 gals; reservoir cap 3,500,000 gals; pumping engines, dy cap 1,150,000 gals; 188 hydrants; pipe 6 miles, 6 in dia; 14 valves; pressure 45 to

95 pounds; waterworks owned by Geo. N. Cornelison; cost to construct \$25,000.

Rock Hill, York Co., population 4,500; fire area $\frac{1}{2}$ mile; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in business section; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft, inferior 500 ft; value of fire department equipment \$6,000; total membership 80, volunteers; bell alarm; 3 fire companies. Chief engineer, J. F. Reid.

WATER SUPPLY—Source, 3 cisterna, cap 52,000 gals.

Spartanburg, Spartanburg Co., population 8,312; fire area radius 2 sq miles; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 6 hose carriages, siamese couplings used; hose, cotton good 3,000 ft, inferior 250 ft; value of fire department equipment \$4,000; total ann expenses of department \$5,000; total membership 142, volunteers; bell alarm. Chief engineer, H. H. Anderson.

WATER SUPPLY—Source, Chincapin creek and Cleveland branch; system, pumping to standpipe; reservoir cap 500,000 gals; standpipe cap 218,000 gals; 2 pumping engines, dy cap 2,000,000 gals; 98 hydrants; pipe 12 miles, 6 to 16 in dia; 50 valves; 350 taps; pressure 48 pounds; works owned by company. Supt, C. W. Harty.

Summerville, Berkeley Co., population 2,500; fire area 1 sq mile; buildings, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 chemical engine on wheels; hose, rubber good 200 ft; 2 horses; value of fire department equipment \$1,000; total ann expenses of department \$100; total membership 25, volunteers. Chief and pres, J. Alwyn Ball.

Sumter, Sumter Co., population 6,000; fire area 10 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 7 hose carriages; hose, rubber good 1,600 ft, poor 300 ft, cotton good 400 ft; 3 horses; value \$600; value of fire department equipment \$6,000; value of buildings occupied \$1,600; ann expenses of department \$5,000; total membership 128, paid part time 128; bell alarm. Chief engineer, H. B. Bloom.

WATER SUPPLY—Source, driven wells. Cook system; system, pumping to standpipe and direct; standpipe cap 320,000 gals; pumping engines, dy cap 1,450,000 gals; 65 hydrants; pipe $8\frac{1}{2}$ miles, 4 to 10 in; 3 meters; 75 taps; pressure, domestic 50, fire 60 pounds; waterworks owned by company; cost to construct \$65,000; ann expenses \$6,000. Supt, H. B. Bloom.

Union, Union Co., population 1,609; fire area 3 square miles; mercantile buildings, brick and stone, 1 story; private, 1 and 2 stories; wooden roofs not permitted. No organized fire department; 1 hand engine; hose, linen good 150 ft, in-

ferior 100 ft; value of fire department equipment \$150. John Q. Buckheit.

WATER SUPPLY—Source, 4 cisterna, cap 150,000 gals.

Walhalla, Oconee Co., population 820; buildings, wood, 1 and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 300 ft; total membership 65, volunteers; 1 hook and ladder company. Chief engineer, Geo. Pratt.

WATER SUPPLY—Source, 7 cisterna, cap 36,400 gals. Supt, T. M. Kelly; town clerk, C. L. Reid.

Walterborough, Colleton Co., population 1,171; fire area 300 acres; buildings, wood, 20 ft; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton rubber lined good 250 ft; value of fire department equipment \$1,000; value of buildings occupied \$300; total membership 80, volunteers; bell alarm; 1 engine company, 1 hook and ladder company. Chief, John F. Lucas.

WATER SUPPLY—Source, artesian wells.

Winnsborough, Fairfield Co., population 1,738; mercantile buildings, wood, 2 stories; private, wood and brick, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, siamese couplings used; hose, rubber good 1,500 ft; value of department equipment \$5,500; 2 buildings owned by town; total ann expenses of department \$600; total membership 150, volunteers; bell alarm. Chief engineer, R. J. McCarty.

WATER SUPPLY—Source, 7 cisterna, cap 140,000 gals; 1 connected with R. R. tank. Mayor, W. G. Jordan.

Yorkville, York Co., population 2,500; fire area 1 mile sq; mercantile buildings, brick and iron, 30 ft high; private, wood, 25 and 35 ft; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 800 ft, inferior 300 ft; total ann expenses of department \$200; total membership 54, paid full time 2, volunteers 52; bell alarm. Chief engineer, T. B. McLean.

WATER SUPPLY—Source, stream; system, pumping from reservoir to standpipe; reservoir cap 70,000 gals; standpipe cap 60,000 gals; pumping engines, dy cap 500,000 gals; 24 hydrants; pipe 8 miles, 4, 6 and 8 in; 10 valves; pressure 120 ft; waterworks owned by city; original cost to construct \$18,000; ann expenses \$800. Supt, W. B. Moore.

Places having a population of 1,000 and upward that have no fire protection: Abbeville, Abbeville Co., population 1,666; Clinton, Laurens Co., population 1,021; Gaffney, Spartanburg Co., population 1,631; Manning, Clarendon Co., population 1,069; Felsner, Anderson Co., population 1,878; (Factory operators organized to protect property.) Piedmont, Anderson Co., population 2,438; (Manufacturing Co. have fire department of their own.)

SOUTH DAKOTA.

Aberdeen, Brown Co., population 3,182; fire area 1,140 acres; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose wagons, 1 combination hose and ladder wagon; hose, cotton good 2,000 ft, inferior 500 ft; 2 horses, value \$450; value of fire department equipment \$4,000; value of buildings occupied \$1,500; total ann expenses of department \$2,000; total membership 22, paid full time 2, paid part time 20; electric alarm. Chief engineer, Jerome J. Musser.

WATER SUPPLY—Source, artesian wells (3); system, gravity; dy cap 1,730,000 gals; 34 hydrants; pipe 5 miles, 4 to 6 in dia; 40 valves; pressure, domestic 125, fire 150 pounds; waterworks owned by city; cost to construct to date \$45,000; ann expenses \$1,000. Supt, Wm. Buck.

Alexandria, Hanson Co., population 1,300; fire area 20 blocks; buildings, wood, 2 stories; wooden roofs not permitted; no fireworks ordinance. Fire department—1 chemical engine on wheels, 8 chem-

ical extinguishers, 1 hook and ladder truck; value of fire department equipment \$1,200; value of buildings occupied \$2,000; total membership 27, volunteers. Chief, W. J. Hull.

WATER SUPPLY—Source, wells and cisterna.

Andover, Day Co., population 232; mercantile buildings, wood, 1 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Source, artesian well; system, gravity; 4 hydrants; pipe 3-4 mile; quality of water good; works owned by village; cost to construct \$3,000. Village clerk, Wm. Carpenter.

Ashten, Spink Co., population 700; fire area 160 acres; buildings, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—300 feet good rubber hose. Fire com, S. P. Watkins.

WATER SUPPLY—Source, artesian well; system, gravity; 5 hydrants; $\frac{1}{2}$ mile pipe, 3 in dia; pressure 120 pounds; works owned by city; cost to construct \$2,000; ann expenses \$100. Pres and mayor, S. F. Watkins.

Big Stone City, Grant Co., population 530; fire area 240 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire not investigated. No fire department.

WATER SUPPLY—Source, wells and cisterns.

Blunt, Hughes Co., population 353; fire area 40 acres; buildings, wood, 1 story; wooden roofs permitted; fireworks ordinance.

WATER SUPPLY—Source, wells. Town clerk, J. C. Smith.

Britton, Marshall Co., population 514; fire area 10 acres; mercantile buildings, wood, 1 story; private, wood, 2 stories; shingle roofs are used; fireworks ordinance; causes of fire investigated. Fire department—144 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft; total membership 28, volunteers; bell alarm. Chief engineer, F. Hanson.

WATER SUPPLY—Source, artesian well, dy cap 1,000 gals per minute; 3 hydrants; pipe 1-4 mile, 6 in dia; pressure, domestic 120 pounds, fire same; waterworks owned by city; cost to construct \$8,000; ann expenses \$50. Free, J. E. McDougall; city clerk, F. B. Hill.

Brookings, Brookings Co., population 2,000; fire area 10 acres; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; no new wooden roofs permitted; fireworks ordinance. Fire department—1 100 gal chemical engine, 8 chemical extinguishers, 2 hook and ladder trucks, 1 hose carriage; hose, rubber good 900 ft; value of fire department equipment \$7,000; value of buildings occupied \$2,000; total membership 55, volunteers. Chief, W. H. Roddla.

WATER SUPPLY—Source, deep well; system, pumping direct and to reservoir, cap 62,000 gals; pumping engines, dy cap 44,648 gals; 8 hydrants; pipe 9 to 4½ in dia; 5 valves; pressure, domestic 30, fire 80 to 160 pounds; works owned by city; cost to construct \$9,500; ann expenses \$1,140. Supt, E. G. Davis.

Canton, Lincoln Co., population 2,000; fire area 320 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 1,000 ft, linen good 350 ft; total ann expenses of department \$100; total membership 60, paid full time 1; bell alarm. Chief engineer, J. F. Ferguson.

WATER SUPPLY—Source, wells; system, pump to standpipe, cap 87,000 gals; pumping engines, dy cap 500,000 gals; 36 hydrants; pipe 3½ miles, 4 to 8 in dia; 19 valves; pressure 80 pounds; works owned by city; cost to construct \$22,000. Supt, Geo. Luther.

Castlewood, Hamlin Co., population 400; fire area 5 acres; mercantile buildings, wood, 1 story; private, wood, 1 story; wooden roofs permitted. Fire department—18 chemical extinguishers; value of fire department equipment \$200.

Central City, Lawrence Co., population 519; fire area 150 acres; mercantile buildings, wood, brick and stone, 1 to 3 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton inferior 700 ft, linen good 800 ft; value of fire department equipment \$1,200; value of buildings occupied \$1,500; total membership 33, volunteers; bell alarm. Chief engineer, A. B. Orary.*

WATER SUPPLY—Source, Whitewood creek; system, gravity; cap of reservoir 25,000 gals; 5 hydrants; pipe ½ mile, 6 in dia; pressure 50 to 60 pounds; works owned by company; cost to construct \$5,000. Supt, T. J. Grier.

Chamberlain, Brule Co., population 1,000; buildings, brick and wood, 1 and 2 stories; and 1 3-story brick hotel; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, linen inferior 500 ft; value of fire department equipment \$5,000; value of buildings occupied \$600; total expenses for past year \$600; total membership 22; bell alarm. Chief engineer, W. F. Shuts.

WATER SUPPLY—Source, Missouri river; system, pumping direct; 60 hydrants; pipe 3 miles, 5 to 1 in; pressure 100 pounds; waterworks owned by city; cost to construct \$15,000; ann expenses \$600. Supt, C. H. Young.

Clark, Clark Co., population 600; fire area 180 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 chemical engine on wheels, 9 chemical extinguishers, 1 hook and ladder truck, 120 pails; hose, rubber good 300 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,800; total ann expenses of department \$150; total membership 70, volunteers; bell alarm; 1 engine company, 1 hook and ladder company. Chief engineer, Carl Jackson.

WATER SUPPLY—Source, artesian wells.

Columbia, Brown Co., population 400; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. No fire department.*

WATER SUPPLY—Source, artesian well, 1,000 ft deep; 4 hydrants; pipe 1,000 ft, 6 in dia; pressure 180 pounds. Mayor, C. E. Corry.

Deadwood, Lawrence Co., population 5,400; fire area 350 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages; hose, rubber good 750 ft, cotton good 1,000 ft, cotton good 2,000 ft, inferior 400 ft; value of fire department equipment \$6,000; value of buildings occupied \$12,000; total ann expenses of department \$600; total membership 150, volunteers; bell and whistle alarm; 6 fire companies. Chief engineer, N. E. Franklin.

WATER SUPPLY—Source, Whitewood creek; system, gravity; reservoir cap 250,000 gals; 36 hydrants; pipe 8 miles, 2 to 6 in dia; 200 taps; pressure, domestic 60 to 100 pounds, fire same; waterworks owned by company; original cost to construct \$65,000; expenses of construction to date \$95,000. Agt, T. J. Grier; lessee, J. M. Brelsford.

Faulkton, Faulk Co., population 632; fire area 160 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 1 hose carriage, 1 hose wagon; hose, rubber good 2,100 ft, inferior 600; value of fire department equipment \$1,200; value of buildings occupied \$600; total ann expenses of department \$1,100; membership 42, volunteers; bell alarm. Chief engineer, Fremont Young.

WATER SUPPLY—Source, wells and cisterns.*

Flandreau, Moody Co., population 1,000; fire area 460 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 20 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft; value of fire department equipment \$2,000; value of buildings occupied \$250; total membership 50, volunteers; bell alarm. Chief engineer, E. G. Pettigrew.

WATER SUPPLY—Source, river and wells.*

Huron, Beadle Co., population 3,500; fire area 640 acres; buildings, stone, concrete and wood, 1 to 4 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 4 hose carriages; hose, cotton 800 ft, rubber inferior 2,000 ft; value of fire department equipment \$5,600; value of buildings occupied \$800; total ann expenses of department \$2,000; total membership 65, volunteers; bell alarm. Chief engineer, F. H. Holton.

WATER SUPPLY—Source, artesian wells; system, gravity and direct pumping; pumping engines, dy cap 1,000,000 gals; 28 hydrants; pipe 5 miles, 4 to 8 in dia; 45 valves, 300 taps; pressure, domestic 80, fire 120 pounds; waterworks owned by Huron Waterworks Company; cost to construct \$28,500; ann expenses \$3,000. Secy and genl mgr, Fred. M. Wilcox.

Lead City, Lawrence Co., population 4,500; fire area 3-4 mile square; mercantile buildings, brick and stone, 2 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages, all kinds; hose rubber good 200 ft, inferior 500 ft, cotton good 2,000 ft, inferior 500 ft; value of fire department equip-

ment \$5,000; value of buildings occupied \$8,000; total ann expenses of department \$800; total membership 75, volunteer members; electric alarm. Chief engineer, T. J. Sparks.

Madison, Lake Co., population 2,500; buildings, wood, stone and brick; wooden roofs permitted; causes of fire investigated. Fire department—2 chemical engines on wheels, 1 water tank on wagon 400 gals cap, 4 chemical extinguishers, 1 hook and ladder truck; hose, rubber good 300, inferior 200 ft; value of buildings occupied \$2,500; total membership 75, volunteers; bell alarm. Chief engineer, J. W. Davidson.

WATER SUPPLY—Source, wells. Contract has been given for \$30,000 waterworks.

Millbank, Grant Co., population 1,200; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,500 ft; value of fire department equipment \$2,000; value of buildings occupied \$800; total membership 40, volunteers; electric alarm. Chief engineer, Ed. F. Dave.

WATER SUPPLY—Source, not reported.

Miller, Hand Co., population 556; fire area 180 acres; mercantile buildings, wood, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 400 ft, rubber good 450 ft, inferior 100 ft; value of fire department equipment \$1,500; value of buildings occupied \$500; total membership 40, volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Chief, Geo. Benson.

WATER SUPPLY—Source, artesian wells; system, gravity; dy cap 1,440,000 gals; 17 hydrants; pipe 4½ miles, 2 to 8 in dia; pressure 125 pounds. Mayor, W. W. Kimmons.*

Mitchell, Davidson Co., population 3,000; fire area 980 acres; mercantile buildings, brick and stone, 2 stories; private, wood and brick, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carts, hand grenades; hose, rubber and cotton good 1,500 ft, inferior 100 ft; value of fire department equipment \$4,500; value of buildings occupied \$3,000; total ann expenses of department \$1,000; total membership 32, paid part time 1, volunteers 31; electric alarm; 5 street boxes; 1 hook and ladder company, 2 hose companies. Chief engineer, Geo. H. Brooks.

WATER SUPPLY—Source, 2 artesian wells; system, pumping to reservoir and direct; reservoir cap 800,000 gals; 37 hydrants; pipe 8 miles; pressure, domestic 40 to 60, fire 100 to 150 pounds; waterworks owned by town; cost to construct \$68,000. Pres, J. E. Gilbert.

Pierre, Hughes Co., population 3,235; buildings, wood and brick, 1 to 3 stories. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,100 ft, rubber 200 ft; value of fire department equipment \$4,000; total ann expenses of department \$5,000; total membership 83, volunteers; bell alarm. Chief engineer, H. M. Cutting.

WATER SUPPLY—Source, Missouri river; system, pumping to reservoir and direct, cap 750,000 gals; pumping engines, dy cap 1,000,000 gals; 87 hydrants; pipe 10 miles, 12 to 4 in dia; 22 valves; 120 meters; 250 taps; pressure 90 to 110 pounds; waterworks owned by company; cost to construct \$150,000; ann expenses \$4,000. Pres, F. Bixby; supt, C. J. Humason.

Plankinton, Aurora Co., population 700; mercantile buildings, wood, 3 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; value of equipment \$1,000; value of buildings occupied \$600; total membership 25; bell alarm. Chief engineer, T. W. Taubman.

WATER SUPPLY—Source, artesian wells; system, gravity; 16 hydrants; pipe 2½ miles, 6 in dia; 3 valves; pressure 140 pounds; works owned by city; cost to construct \$8,000; ann expenses \$200. Supt, Chas. Griswold.*

Rapid City, Pennington Co., population 3,200; fire area 700 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, stone and

wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 1,500 ft, inferior 500 ft, linen good 1,500 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total ann expenses of department \$1,000; total membership 90, volunteer members; bell alarm. Chief engineer, John E. Brennan.

WATER SUPPLY—Source, spring, 3 miles from town; system, gravity; reservoir cap 750,000 gals; hydrants 25; pipe 9½ miles, 4 to 10 in; taps 285; valves 26; pressure, domestic 70, fire 90 pounds; waterworks owned by city; original cost to construct \$61,000; expenses of construction to date \$21,000; ann expenses \$1,200. Supt, Hugh J. McMahon.

Medfield, Spink Co., population 796; buildings, wood and brick, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total membership 55, volunteers; bell alarm. Chief, D. N. Hunt.*

WATER SUPPLY—Source, artesian wells; system, gravity; 4 hydrants; pipe in principal streets; pressure 160 pounds; waterworks owned by town; cost to construct \$5,000; ann expenses \$200. Supt, C. T. Crandall.*

Salem, McCook Co., population 1,000; mercantile buildings, wood and brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 700 ft, rubber good 300 ft; value of fire department equipment \$2,500; value of buildings occupied \$900; ann expenses \$150; total membership 26, volunteers; whistle alarm. Chief engineer, F. W. Scanlan.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir, reservoir cap 60,000 gals; pumping engines, dy cap 750,000 gals; hydrants 8; pipe 1½ miles, 6 to 4 in dia; 7 valves; 29 taps; pressure, domestic 20, fire 125 pounds; waterworks owned by city; original cost to construct \$12,000; expenses of construction to date \$12,700; ann expenses \$771. Supt, M. A. Blackburn.

Scotland, Bon Homme Co., population 1,500; buildings, brick and wood, 1 and 2 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft, inferior 500 ft; value of equipment \$1,500. Chief engineer, W. B. Robinson.

WATER SUPPLY—Source, well; system, pumping to standpipe; reservoir cap 57,600 gals; pumping engines, dy cap 21,600 gals; hydrants 12; pipe 2 miles, 6 in; 4 valves; pressure, domestic 35, fire 85 pounds; waterworks owned by city; cost to construct \$15,000, cost to date \$30,000; ann expenses \$150. Supt, Thomas Irwin.

Sioux Falls, Minnehaha Co., population 16,300; fire area 5,760 acres; mercantile buildings, stone and brick, 4 to 7 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 double tank chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 4 hose carriages, all kinds, 1 hose wagon, 1 emergency cart, 1 deluge set, hooks, life lines etc; hose, rubber inferior 500 ft, cotton good 4,950 ft, inferior 1,700 ft; 4 horses, hired; value of fire department equipment \$19,700; value of buildings occupied \$2,700; total ann expenses of department \$6,500; total membership 205, paid full time 2, paid part time 2, call men 90; Gamewell alarm; street boxes 14. Chief engineer, J. Carleton.

WATER SUPPLY—Source, drive wells, 3 miles N. of city; system, pumping direct; pumping engines, dy cap 6,000,000 gals; hydrants 104; pipe 26 miles, 4 to 16 in; valves 78; pressure, domestic 65, fire 125 pounds; waterworks owned by company; cost to construct \$105,000. Supt, R. W. Barnes.

Spearfish, Lawrence Co., population 1,500 fire area 40 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical extinguisher, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,400 ft, inferior 100 ft, rubber fair 500 ft;

value of fire department equipment \$2,200; value of buildings occupied \$2,500; total ann expenses of department \$187; total membership 98, volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief, John Bell.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 85,000 gals; 21 hydrants; pipe 54 miles, 4 to 8 in dia; 15 valves; 87 taps; pressure, domestic 65 to 70, fire 75 to 100 pounds; water-works owned by city; cost to construct \$23,550, cost to date \$26,550; ann expenses \$250. Supt, M. Berg.

Sturgis, Meade Co., population 1,500; fire area 300 acres; buildings, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 750 ft, inferior 250 ft, cotton good 1,000 ft; value of fire department equipment \$6,000; value of buildings occupied \$120,000; expenses for past year \$800; total membership 85, volunteers; bell alarm; 3 fire companies, 1 hose company, 1 hook and ladder company, 1 engine company. Chief engineer, Henry Wyttenbach.

WATER SUPPLY—Source, mountain springs; system, gravity; reservoirs, cap 4,000,000 gals; hydrants 30; pipe 7½ miles, 10 to 4 in; 23 valves; 70 taps; pressure, domestic 80, fire 150 pounds; water-works owned by company; cost to construct \$75,000; ann expenses \$800. Pres of com, J. J. Davenport.

Tyndall, Bon Homme Co., population 800; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—11 chemical extinguishers, 2 ladders, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$1,000; total membership 35, volunteers; bell alarm. Chief engineer, J. P. Berr.*

WATER SUPPLY—Source, artesian wells; pipe 6 miles; hydrants 27; pressure 36 pounds. Town clerk, J. Williams.*

Vermillion, Clay Co., population 2,000; fire area 30 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 750 ft, inferior 50 ft; total membership 50; whistle alarm. Chief engineer, Geo. Kempker.

WATER SUPPLY—Source, artesian wells; system, pumping to tank; tank cap 90,560 gals; standpipe cap 54,272 gals; pumping engines, dy cap 1,000,000 gals; 66 hydrants; pipe 6 miles, 8, 6 and 4 in; 100 taps; pressure, domestic 45, fire 100 pounds; water-works owned by company; original cost to construct \$32,500. Supt, T. S. Stanley.

Watertown, Codington Co., population 3,500; fire area 3,000 acres; mercantile buildings, brick, stone and grout, 1 to 4 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—5 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, rubber good

2,000 ft, inferior 500 ft; value of fire department equipment \$3,000; value of buildings occupied \$30,000; total membership 50, paid part time 40, volunteers 10; bell alarm; 5 fire companies. Chief, Wm. Luck.

WATER SUPPLY—Source, Lake Kampeska; system, pumping to standpipe; standpipe cap 211,000 gals; 2 pumping engines, dy cap 2,000,000 gals; 88 hydrants; pipe 9½ miles, 4 to 12 in dia; 96 valves; 18 meters; 188 taps; pressure, domestic 60 to 65, fire 125 pounds; waterworks owned by company; cost to construct \$100,000; Edison pressure recording gauge; ann expenses \$3,000. Supt, L. D. Lyon.

Webster, Day Co., population 1,200; fire area 4 blocks; buildings, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. No fire department.

WATER SUPPLY—Source, wells and cisterns.

Whitewood, Lawrence Co., population 143; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 700 ft; membership 20; bell alarm. Chief, J. A. Hennen.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 100,000 gals; 9 hydrants; pipe 1½ miles, 6 in dia; 8 valves; 52 taps; pressure 54 pounds; works owned by company; cost to construct to date \$14,000. Pres, H. T. Cooper.

Woonsocket, Sanborn Co., population 687; fire area 320 acres; mercantile buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine, 2 hose carts and 1,000 ft hose rubber; value of equipment \$2,500; value of buildings occupied \$1,200; total expenses for past year \$450; membership 20; bell alarm. Chief engineer, Milo White.

WATER SUPPLY—Source, artesian wells; system, direct pressure from well, dy cap 4,000,000 gals; 28 hydrants; pipe 2½ miles, 3, 4 and 6 in dia; 9 valves; 100 taps; pressure, domestic 80, fire 130 to 153 pounds; works owned by city; cost to construct \$8,000, cost to date \$10,000; ann expenses \$300. Supt, F. Easland.

Yankton, Yankton Co., population 5,000; fire area 400 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 hook and ladder trucks, 1 aerial truck, 4 hose carriages, 1 hose wagon; hose, cotton good 4,000 ft; value of fire department equipment \$4,500; value of buildings occupied \$10,000; total ann expenses of department \$700; total membership 62, volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, Elmer Johnson.

WATER SUPPLY—(new works) Source, artesian well; system, gravity; 2 tanks cap 64,000 bbls; 46 hydrants; pipe 8 miles, 4 to 10 in dia; 59 valves; 800 taps; pressure 40 pounds; waterworks owned by city; cost to construct \$21,000; ann expenses \$800. Supt, Anton Veling.

TENNESSEE.

Athens, McMinn Co., population 2,220; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance.*

WATER SUPPLY—Source, Ingleside spring; system, pump to standpipe, cap 50,000 gals; dy cap 500,000 gals; pipe 4 miles. Manager, R. J. Fisher.*

Belliver, Hardeman Co., population 1,500; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted. No fire department.

No Water Supply.

Bristol, Sullivan Co., population 3,324; fire area 75 to 100 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roof not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 1,000 ft; value of fire department equipment \$1,500; value of buildings occupied \$3,000; total membership 20, volunteers. Chief, Geo. W. Kuhner.

WATER SUPPLY—Source, spring; system, pumping to tank, tank cap 100,000 gals; pumping engines, dy cap 1,200,000 gals; 33 hydrants; pipe 9

miles, 4 to 12 in dia; 6 meters; pressure, domestic 65; waterworks owned by company; cost to construct \$50,000; ann expenses \$3,000. Supt, A. C. Harkleroad.*

Chattanooga, Hamilton Co., population 29,100; fire area 10 sq miles; mercantile buildings, brick and stone, 2 to 6 stories; private, wood, 2 stories; wooden roofs not permitted; no fireworks ordinance; causes of fire investigated. Fire department—4 steam fire engines, 1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 4 hose carriages, all kinds, 2 hose wagons; hose, cotton good 5,500 ft, rubber good 4,500 ft; 25 horses, value \$12,500; value of fire department equipment \$42,000; value of buildings occupied \$40,000; total ann expenses of department \$53,000; total membership 61, paid full time; Gamewell alarm; 38 street boxes; 9 fire companies, 4 engine companies, 1 chemical company, 2 hook and ladder companies, 2 hose companies. Chief engineer, Charles Whiteside.*

WATER SUPPLY—Source, Tennessee river; system, direct pumping, with equalizing reservoir, cap 5,000,000 gals; standpipe cap 175,000 gals;

pumping engines, dy cap 20,000,000 gals; 232 hydrants; pipe 98 miles, 4 to 24 in dia; 580 valves; 1,050 meters; pressure 60 to 70 pounds; Edison pressure recording gauge; waterworks owned by company; cost to construct \$1,130,000; ann expenses \$90,000. Supt, Nisbet Wingfield.*

Clarksville, Montgomery Co., population 7,924; fire area 87 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose, rubber good 18 ft, inferior 200 ft; 2 horses, value \$300; value of fire department equipment \$7,750; value of buildings occupied \$5,000; rent \$240; total ann expenses of department \$600; total membership 60, paid 1; bell alarm. Chief engineer, J. C. Mattill; chairman of fire com, W. B. Young.*

WATER SUPPLY—Source, Cumberland river; system, pumping to standpipe, cap 132,500 gals; pumping engines, dy cap 1,750,000 gals; 81 hydrants; pipe 12 miles, 3 to 8 in dia; 55 valves; 441 taps; pressure 55 pounds; Edison pressure recording gauge; waterworks owned by city. Supt, R. E. McCulloch.

Columbia, Maury Co., population 5,370; mercantile buildings, brick, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 4 hose carriages, sismese couplings used; hose, rubber good 1,700 ft; 5 horses; value of fire department equipment \$8,500; total ann expenses of department \$4,000; total membership 20, part paid; telephone alarm. Chief engineer, J. Latta.*

WATER SUPPLY—Source, Duck river; system, pumping to reservoir; reservoir cap 700,000 gals; pumping engines, dy cap 2,000,000 gals; 71 hydrants; pipe 13 miles, 4, 6 and 8 in; 18 valves; 16 meters; pressure 95 pounds; waterworks owned by company; ann expenses \$3,800. Supt, W. T. Naff.

Dayton, Rhea Co., population 3,000; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hose carriage; value of fire department equipment \$900; total membership 30, volunteers; steam whistle alarm. Chief engineer, J. A. Loyd.

WATER SUPPLY—Private creeks and wells. Town clerk, I. W. Holt.

Dyersburgh, Dyer Co., population 3,500; fire area 50 acres; mercantile buildings, brick and stone, 3 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage, 1 hose cart; hose, rubber good 750 ft, inferior 50 ft, cotton good 750 ft; value of fire department equipment \$800; value of buildings occupied \$500. Chairman, F. H. Shepard.*

WATER SUPPLY—Source, river; system, pumping to tank, cap 75,000 gals; pumping engines, dy cap 200,000 gals; 14 hydrants; pipe 3 miles, 4 in dia; 1 meter; pressure, domestic 15, fire 100 pounds; works owned by F. H. Shepard, Jr.; cost to construct \$12,000.

Fayetteville, Lincoln Co., population 2,800; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—3 chemical engines on wheels; value of equipment \$1,000; hose, rubber good 300 ft; total membership 25, volunteers; bell alarm. Chief, C. L. Woddlie.*

WATER SUPPLY—Source, wells and cisterns.

Franklin, Williamson Co., population 2,300; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire district; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 800 ft, poor 200 ft; value of fire department equipment \$1,500. Chairman of fire com, W. S. Lunn.

WATER SUPPLY—Source, cisterns and wells.

Gallatin, Sumner Co., population 2,078; fire area 450 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 and 3 stories; fireworks ordinance. Fire department—2 chemical engines on wheels, 4 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages, water brigade; hose, rubber good 600 ft; value of fire department equipment \$600; value of buildings occupied \$2,500; total membership 80, volunteers. Chief engineer, W. H. Brown.*

WATER SUPPLY—Source, wells; ann expenses \$450.

Harriman, Roane Co., population 3,000; fire area 100 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—3 chemical engines on wheels, 1 hook and ladder truck, 50 buckets, 1 hose wagon with 1,000 ft hose being purchased; hose, rubber good 500 ft; value of fire department equipment \$3,500; value of buildings occupied \$1,500; total membership 105, volunteers. Chief engineer, H. W. Veasey.

WATER SUPPLY—Source, Emery river; system, pumping to tank; pumping engines, dy cap 100,000 gals; 10 hydrants; pipe 3½ miles, 3 to 1 in dia; works owned by city. System to be in operation June 1st as follows: 2 pumps, dy cap 750,000 gals; 45 hydrants; pipe 8 miles, 4 to 10 in; pressure, domestic 110 pounds, fire 150 pounds; cost \$41,000. Supt, Thomas Brown.

Humboldt, Gibson Co., population 3,000; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; metal roofs. Fire department—1 chemical engine on wheels; hose, cotton good 500 ft; value of fire department equipment \$750; 15 volunteer members. Chief engineer, J. R. Janell.

WATER SUPPLY—Source, wells and 4 cisterns, cap 250 bbls each. Mayor, Jno. T. Crews.

Jackson, Madison Co., population 10,039; fire area 100 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 1½ and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages, 1 hose wagon; hose, cotton good 4,000 ft, inferior 1,000 ft; value of fire department equipment \$9,000; value of buildings occupied \$5,000; ann expenses \$3,700; total membership 148, paid full time 3, paid part time 12, volunteers 133; telephone alarm; 5 fire companies. Chief engineer, T. C. Gaston.

WATER SUPPLY—Source, 19 bored wells; system, direct pumping; reservoir cap 2,000,000 gals; 2 pumping engines, dy cap 1,000,000 gals; 179 hydrants; pipe 17 3/4 miles, 3 to 16 in dia; 148 valves; 1,104 taps; pressure, domestic 70, fire 100 pounds; waterworks owned by city; cost to construct \$100,000, cost to date \$135,000; ann expenses \$3,200. Supt and secy, Samuel C. Lancaster.

Johnson City, Washington Co., population 5,000; mercantile buildings, brick and lime stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carts; hose, cotton good 450 ft, rubber good 700 ft; value of fire department equipment \$1,500; value of buildings occupied \$500; total membership 60, volunteers; bell alarm. Chief engineer, H. D. Gump.

WATER SUPPLY—Source, creek; system, gravity; reservoir cap 1,000,000 gals; 51 hydrants; pipe 10 miles, 3 to 14 in dia; 57 valves; 2 meters; 278 taps; pressure 67½ pounds; works owned by company. Supt, Frank Evans; county clerk, J. E. Hawkins.

Jonesboro, Washington Co., population 1,000; fire area 1 by ½ mile; mercantile buildings, brick and wood, 1 to 3 stories; private, brick and wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 500 ft; 2 horses; value of fire department equipment \$400; membership 40, volunteers; bell alarm. Chief engineer, W. S. Hickey.

WATER SUPPLY—Source, stream, wells and cisterns.

Knoxville, Knox Co., population 40,000; mercantile buildings, brick, 2 to 5 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—3 steam fire engines, 4 chemical extinguishers, 1 aerial truck, 2 hose carriages, all kinds, 1 hose wagon, other apparatus, 1 hook and ladder truck, 3 hose reels out of service; hose, rubber good 1,900 ft, cotton good 2,900 ft; 11 horses, value \$1,370; value of fire department equipment \$11,000; value of buildings occupied \$5,000; total ann expenses of department \$18,216; total membership 25, paid full time; Gaynor electric alarm; 43 street boxes. Chief engineer, W. W. Dunn.

WATER SUPPLY—Source, Tennessee river; sys-

tem, pumping to 2 reservoirs and direct; reservoir cap 3,000,000 gals; pumping engines, dy cap 3,000,000 gals; 153 hydrants; pipe 21 miles, 4 to 18 in dia; valves; 150 meters; pressure 23 to 82 pounds; waterworks owned by company; cost to construct \$200,000. Supt, Jas. Adams.

Lebanon, Wilson Co., population 1,883; fire area 10 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hose carriage; hose, rubber good 500 ft; value of building occupied \$1,000; total ann. expenses of department \$300; total membership 26, volunteers, paid full time 1; bell alarm. Chief engineer, G. D. Burney.*

Water Supply—Source, spring; system, pumping to standpipe; standpipe cap 75,000 gals; pumping engines, dy cap 50,000 gals; 18 hydrants; pipe 3.4 mile, 2 to 6 in, 2 valves; pressure, domestic 40, fire 80 pounds; waterworks owned by city; ann expenses \$1,200. Supt, J. J. Hatcher.

Marysville, Blount Co., population 1,686; buildings, wood, 2 stories. Fire department—1 poor hand engine, 1 hook and ladder truck; value of fire department equipment \$50; total membership 25, volunteers; bell alarm. Secy, Allen Garner.

Water Supply—Source, cisterns and creek.

Memphis, Shelby Co., population 93,000; fire area 3,200 acres; mercantile buildings, brick, stone and iron, 4 and 5 stories; private, brick, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—8 steam fire engines, 3 reserve, 2 chemical engines on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 1 in reserve, 1 aerial truck, 5 four wheeled hose carriages, 2 in reserve, siamese couplings used; hose, rubber and cotton good 6,400 ft; 24 horses, value \$5,800; value of fire department equipment \$83,000; value of buildings occupied \$160,000; total ann expenses of department \$67,466; membership 61, full paid; telegraph alarm; 60 street boxes. Chief, James Burke.

Water Supply—Source, artesian wells; system, pumping to standpipe and direct; standpipe cap 375,000 gals; 3 pumping engines, dy cap 30,000,000 gals; 400 hydrants; pipe 69 miles, 4 to 36 in dia; 600 valves; 300 meters; 6,500 taps; pressure 50 pounds; Edison pressure recording gauge; waterworks owned by company; cost to construct \$1,750,000; ann expenses \$85,000. Supt, A. A. Tucker.

Morristown, Hamblen Co., population 3,500; mercantile buildings, brick and iron, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, linen good 425 ft, rubber good 125 ft; value of fire department equipment \$1,000; value of buildings occupied \$150; total membership 25, volunteers. Chief, A. H. Legg.

Water Supply—Source, wells. (\$40,000 bonds have been issued for waterworks system.)

Murfreesboro, Rutherford Co., population 3,739; fire area 700 acres; mercantile buildings, wood and brick, 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, rubber good 1,500 ft, inferior 1,000 ft; value of fire department equipment \$37,000; total membership 27; bell alarm. Chief engineer, O. S. Miller.

Water Supply—Source, springs; system, pumping direct; reservoir cap including spring 1,000,000 gals; pumping engines, dy cap 2,000,000 gals each; 40 hydrants; pipe 8 miles, 6, 4, 2 in dia; 25 valves; 1 meter; pressure, domestic 30 to 50, fire 125 pounds; works owned by company; cost to construct \$36,000; ann expenses \$1,200. Supt, J. E. Thompson.

Nashville, Davidson Co., population 87,754; fire area 7,138 acres; mercantile buildings, brick and stone, 4 to 7 stories; private, wood and brick, 1 to 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—6 steam fire engines, 3 chemical engines on wheels, 4 chemical extinguishers, 3 hook and ladder trucks (2 in reserve), 1 aerial truck, 10 hose carriages, all kinds, 1 hose wagon; hose, rubber good 10,000 ft, inferior 2,500 ft; 43 horses, value \$7,525; value of fire depart-

ment equipment \$193,000; value of buildings occupied and lots \$97,400; total ann expenses of department \$78,706; total membership 72, paid full time; Gamewell alarm; 87 street boxes. Chief engineer, E. M. Carell. (One additional steamer, additional men and alarm boxes contemplated.)

Water Supply—Source, Cumberland river; system, pumping to reservoir, cap 50,000,000 gals; pumping engines, dy cap 30,000,000 gals; 487 hydrants; pipe 60 miles, 36 to 31 in dia; 450 valves; 7,454 taps; pressure 90 to 20 pounds; waterworks owned by city; cost to construct \$1,500,000; ann expenses \$78,000. Supt, Geo. Reyer.

Newbern, Dyer Co., population 2,500; fire area 10 acres; buildings, brick, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hose carriage, other apparatus, hooks and ladders; hose, rubber good 500 ft, cotton good 500 ft; value of fire department equipment \$1,000; total membership 20, volunteers; steam whistle alarm. Chief engineer, E. E. Davis.

Water Supply—Source, tubular well; system, pumping to standpipe; standpipe cap 15,000 gals; pumping engines, dy cap 60,000 gals; 5 hydrants; size of pipe 5 in; pressure, domestic 20, fire 100 pounds; waterworks owned by company; original cost to construct \$8,000. Supt, E. E. Davis.

Pulaski, Giles Co., population 3,500; fire area 1 square mile; mercantile buildings, brick, wood and stone, 1 to 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 100 ft, cotton good 1,000 ft; value of fire department equipment \$1,680; value of buildings occupied \$3,000; total ann. expenses of department \$2,139.72; total membership 55, paid full time; bell alarm. Chief engineer, John Q. Buckheist.

Water Supply—Source, 2 springs; system, pumping to reservoir; reservoir cap 750,000 gals; pumping engines, dy cap 900,000 gals; hydrants 30; pipe 6 miles, 6 and 4 in; pressure, domestic 50 to 75, fire 125 pounds; waterworks owned by company; cost to construct \$25,000; ann expenses \$1,500. Supt, Basil T. Dobree.

Shelbyville, Bedford Co., population 2,200; fire area 40 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 1 and 2 stories. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft. Chief, C. A. Warner.

Water Supply—Source, cisterns and river; system, pumping by mill engine, 2 hydrants.*

South Pittsburgh, Marion Co., population 3,000; fire area 200 acres; mercantile buildings, wood, brick and iron, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted on new buildings; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage, 1 hose wagon, other apparatus one 45 ft extension ladder; hose, rubber good 500 ft, cotton good 700 ft; value of fire department equipment \$2,000; value of buildings occupied \$600; total membership 20, volunteer members; whistle alarm. Chief engineer, George Vining.

Water Supply—Source, springs and Tennessee river; system, gravity and direct; pumping engines, dy cap 1,000,000 gals; 10 hydrants pipe 5 miles; 30 valves; pressure, domestic 10 to 90, fire 100 to 150 pounds; waterworks owned by company Supt, F. P. Clute.*

Springfield, Robertson Co., population 1,372; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hose carriage, ladders; hose, rubber good 500 ft, inferior 100 ft; value of fire department equipment \$1,000; value of buildings occupied \$300; total membership 35, volunteers; bell alarm. Chief, J. E. Patton.

Water Supply—Source, cisterns, 3 on public square, cap 48,000. Town clerk, H. G. White.*

Trenton, Gibson Co., population 2,000; fire area 320 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 1½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$1,000; value of buildings occupied \$100; total membership 24, volun-

ters; bell alarm. Chief engineer, J. W. Cox.
WATER SUPPLY—Source, wells.

Tulahoma, Coffee Co., population 2,439; buildings, brick and wood, 1 and 2 stories. Fire department—1 hook and ladder truck; total membership 30, volunteers. Chief, W. A. Marshall.
WATER SUPPLY—Source, spring.

Union City, Obion City, population 4,500; fire area 700 to 800 acres; fire limits 25 acres; mercantile buildings, brick, wood and stone, 18 to 60 ft; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—3 hose carriages, all kinds; other apparatus, ladders; hose, cotton good 500 ft, inferior 475 ft; 2 horses, value \$300; value of fire department equipment \$1,000; total ann expenses of department \$300; total membership 15, paid full time 1, paid part time 1, volunteers 13; whistle alarm. Chief engineer, W. J. Roberts.

WATER SUPPLY—Source, deep wells; system, pumping direct; pumping engines, dy cap 2 of 1,000,000 gals each; hydrants 80; pipe 8 miles, 4 to 10 in dia; pressure, domestic 30 to 50, fire 70 to 100 pounds; waterworks owned by city; original cost to construct \$65,000; expenses of construction to date \$69,000. Supt, W. L. Alexander.

Winchester, Franklin Co., population 2,000; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose wagon; hose, rubber good 300 ft; value of fire department equipment \$350; total membership 65, volunteers; bell alarm; 3 fire companies. Chief engineer, N. W. Carter.*

WATER SUPPLY—Source, wells and cisterns.*

Places having a population of 1,000 and upward that have no fire protection: Briceville, Anderson Co., population 1,354; Brownsville, Hayward Co., population 2,516; Clinton, Anderson Co., population 1,198*; Coal Creek, Anderson Co., population 1,865; Cleveland, Bradley Co., population 2,863; Covington, Tipton Co., population 1,067; Greenville, Green Co., population 1,779; Henderson, Chester Co., population 1,068*; Hill Hamilton Co., population 1,636*; McKenzie, Carroll Co., population 1,168; Milan, Gibson Co., population 1,546*; Rockwood, Roan Co., population 2,429*; Ridgeville, Hamilton Co., population 1,254; Rogersville, Hawkins Co., population 1,153*; Savannah, Hardin Co., population 1,087; Soddy, Grundy Co., population 1,173; Tracy, Grundy Co., population 1,936; St. Elmo, Hamilton Co., population 2,577*.

TEXAS.

Abilene, Taylor Co., population 4,685; buildings, brick, 2 and 3 stories. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, rubber good 1,100 ft, cotton good 1,000 ft; 3 horses, value \$600; value of fire department equipment \$5,500; value of buildings occupied \$2,500; total ann expenses of department \$2,000; total membership 60, paid full time 3; electric alarm. Chief engineer, J. J. Clinton.

WATER SUPPLY—Source, wells and Lytle creek; system, pumping to standpipe and direct; standpipe cap 115,000 gals; reservoir cap 300,000,000 gals; pumping engines, dy cap 2,000,000 gals; 60 hydrants; pipe 12 miles, 3 to 10 in dia; 12 valves; pressure 45 to 100 pounds; waterworks owned by city; cost to construct \$45,000; ann expenses \$6,000. Supt, J. J. Clinton.

Amarillo, Potter Co., population 1,200; mercantile buildings, stone and wood, 2 stories; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, bucket brigade.

WATER SUPPLY—Source, wells.*

Arlington Heights, (Fort Worth P. O.) Tarrant Co., population not stated.

WATER SUPPLY—Source, artesian wells; system, pumping to tank, cap 105,000 gals; pumping engines, dy cap 260,600 gals; hydrants 40; pipe 3½ miles, 8 to 4 in dia; works owned by company; cost to construct \$60,000. Supt, H. W. Tallant, Fort Worth.*

Atlanta, Cass Co., population 1,764; fire area 8 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance.*

WATER SUPPLY—Source, wells. Town clerk, J. B. O'Farrell.*

Austin, Travis Co., population 20,000; fire area 120 acres; mercantile buildings, brick and rock, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds, 4 hose wagons; hose, cotton good 8,000 ft, inferior 1,500 ft; 10 horses, value \$3,000; value of fire department equipment \$29,000; value of buildings occupied \$22,000; total ann expenses of department \$9,000; total membership 278, paid full time 6, volunteer members 270; bell and telephone alarm. Chief engineer, Frank O. Babcock. (An aerial truck is contemplated.)

WATER SUPPLY—Source, wells in sand bar in Colorado river; system, direct pumping; pumping engines, dy cap 8,000,000 gals; 167 hydrants; pipe 46 miles, 4 to 16 in dia; 147 valves; 480 meters; pressure, domestic 100, fire 120 to 160 pounds; waterworks owned by company. Supt, R. H. Felter.

Bastrop, Bastrop Co., population 4,000; fire area 4 blocks sq; buildings, brick and wood, 1 and 2 stories. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 200 ft; value of fire department equipment \$500; total membership 35, volunteers; bell alarm. Chief, W. A. Goodman.*

WATER SUPPLY—Source, wells; system, pumping to standpipe; cap 10,000 gals; pumping engines, dy cap 75,000 gals; 6 hydrants; pipe 1,000 ft, 2½ in dia; pressure 20 pounds. Mayor, W. S. Craft; town clerk, F. A. Orgain. (New works are being built.)

Beaumont, Jefferson Co., population 4,000; fire area 10 blocks; buildings, brick and wood. Fire department—1 horse-power engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, slamsse couplings use 1, 3 hose reels; hose, rubber good 1,250 ft (5,750 ft distributed among the mills) 2 horses, value \$150; value of fire department equipment \$2,500; value of buildings occupied \$3,000; total membership 80, volunteers; electric alarm; 3 fire companies. Chief engineer, E. C. Ogden.*

WATER SUPPLY—Source, Neches river; system, pumping to standpipe and direct; standpipe cap 100,000 gals; pumping engines, cap 600 gals per minute; 60 hydrants; pipe 5 miles, 4 to 8 in dia; 10 valves; pressure, domestic 40, fire 120 pounds; waterworks owned by city, leased to company for 30 years; cost to construct \$20,000, to date \$25,000. Supt, E. L. Bacon.

Bellville, Austin Co., population 1,050; fire area 250 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; no fireworks ordinance. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 4 ladders and 24 buckets; value of fire department equipment \$650; value of buildings occupied \$250; total ann expenses of department \$75; total membership 31, volunteers; bell alarm. Foreman, C. H. Glenn.

WATER SUPPLY—Source, cisterns and wells.

Bellton, Bell Co., population 3,500; fire area 250 acres; mercantile buildings, wood and stone, 1 and 2 stories; private, wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,800 ft, inferior 600 ft; 1 horse; value of fire department equipment \$3,500; value of buildings occupied \$2,500; total membership 65, volunteers; bell alarm. Chief, C. J. Glover.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; standpipe cap 250,000 gals; pumping engines, dy cap 500,000 gals; 28 hydrants; pipe 6 miles, 2½ to 8 in dia; 8 valves; pressure, domestic 85, fire 75 pounds; waterworks owned by town, leased to company; cost to construct \$42,000; ann expenses \$2,500. Supt, H. A. Wear.

Bonham, Fannin Co., population 4,500; fire area 17 acres; buildings, stone and brick, 1 and 2

stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 600 ft; value of fire department equipment \$1,000; value of buildings occupied \$4,000; total membership 40, volunteers; bell alarm. Secy, Jas. B. McKinney.

WATER SUPPLY—Source, 2 cisterns, cap 40,000, gals.*

Bremham, Washington Co., population 5,200; fire area 20 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 1 and 2 stories; iron roofs; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, siamese couplings used; hose, cotton good 250 ft, rubber good 2,000 ft; 3 hoses, value \$400; value of fire department equipment \$5,000; value of 3 buildings occupied and other property \$10,000; total membership 100, paid full time 3, volunteers 85; electric alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, Wm. Luak.

WATER SUPPLY—Source, wells near Hog Branch; system, pumping to standpipe; standpipe cap 117,000 gals; pumping engines, dy cap 1,500,000 gals; 39 hydrants; pipe 5½ miles, 3 to 8 in dia; 12 valves; quality of water fair; pressure, domestic 50, fire 100 to 125 pounds; waterworks owned by company; cost to construct \$75,000; ann expenses \$2,500. Supt, D. H. Watson.

Brownsville, Cameron Co., population 6,134; fire area 1 sq mile; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft, inferior 350 ft; value of equipment \$1,000; total ann expenses \$180; total membership 50, volunteers; bell alarm. Chief engineer, M. Hanson, Jr.*

WATER SUPPLY—Source, Rio Grande river and cisterns. Mayor, Thos. Carson.

Brownwood, Brown Co., population 4,000; fire area 30 acres; buildings, stone and wood, 2 stories; metal roofs; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, good 2,000 ft; value of fire department equipment \$2,800; value of buildings occupied \$1,500; total membership 44, volunteers; bell alarm. Chief, Brooke Smith.

WATER SUPPLY—Source, Pecan Bayou; system, pumping to standpipe; standpipe cap 235,000 gals; pumping engines, dy cap 2,500,000 gals; 65 hydrants; pipe 8 miles, 4 to 10 in dia; 400 taps; pressure, domestic 40, fire 120 pounds; waterworks owned by city; cost to construct \$67,500; ann expenses \$1,800. Supt, John Kennedy.

Bryan, Brazos Co., population 3,979; fire area 11 acres; mercantile buildings, brick, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, siamese couplings used; hose, good 1,000 ft, inferior 500 ft; value of fire department equipment \$5,500; value of buildings occupied \$10,000; total ann expenses of department \$130; total membership 30, volunteers, paid 1; bell alarm. Chief engineer, B. F. Leman.

WATER SUPPLY—Source, wells; system, pumping to reservoir, standpipe and direct; reservoir cap 60,000 gals; standpipe cap 100,000 gals; pumping engines, dy cap 1,000,000 gals; 17 hydrants; pipe 6 miles, 2 to 8 in dia; 45 meters; pressure, domestic 50, fire 125 pounds; cost to construct \$30,000; ann expenses \$1,500. Supt, Wm. D. Cox.*

Burnet, Burnet Co., population 1,600; fire area 850 ft by 700 ft sq; mercantile buildings, stone and wood, 1 and 2 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance. Fire department—chemical extinguishers, 2 hose carriages. Chief, W. M. Spittles.*

WATER SUPPLY—Source, well and cisterns.*

Burton, Washington Co., population 384; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; shingle roofs used; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder combined with chemical engine, 24 rubber buckets; 32 members. Foreman, M. Fischer.

Caldwell, Burleson Co., population 1,800; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire de-

partment—1 hook and ladder truck, 1 hose carriage; hose, rubber good 600 ft; value of equipment \$1,000; total ann expenses of department \$300; total membership 33, volunteers; bell alarm. John Hoffman.

WATER SUPPLY—Source, wells; system, pumping to standpipe, cap 100,000 gals; pumping engines, dy cap 500,000 gals; 20 hydrants; 5 miles of mains, 6 to 2 in dia; 16 valves; 12 meters; 179 taps; pressure, domestic 40, fire 125 pounds; works owned by company; cost to construct \$25,500. Pres, M. P. Kelly; supt, B. R. Copeland.

Calvert, Robertson Co., population 3,500; fire area 200 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$4,000; value of buildings occupied \$750; total ann expenses of department \$975; total membership 48, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 2 hose companies; telegraph fire alarm; 19 boxes. Chief engineer, L. T. Fuller.

WATER SUPPLY—Source, Artesian wells; system, pumping to reservoir, standpipe and direct; reservoir cap 35,000 gals; standpipe cap 80,400 gals; pumping engines, dy cap 750,000 gals; 6 hydrants; pipe 4 1-8 miles, 2 to 8 in dia; 16 valves; 47 meters; pressure, domestic 40, fire 40 to 150 pounds; waterworks owned by company; cost to construct \$30,000; ann expenses \$1,500. Pres, L. T. Fuller; supt, Jas. T. Fuller.

Cammeron, Milan Co., population 2,000; fire area 5 acres; buildings, brick and wood, 1 story; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder, buckets; value of equipment \$500; total membership 25. Foreman, M. D. Wright.*

WATER SUPPLY—Source, wells and cisterns.*

Carthage, Panola Co., population 554; fire area ¼ mile; buildings, wood, 1 story; wooden roofs permitted. Fire department—1 hook and ladder and buckets; bell alarm; 1 fire company. Pres, I. T. Thompson.*

Cleese, Eastland Co., population 1,500; fire area ½ sq mile; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 800 ft; value of fire department equipment \$1,100; value of buildings occupied \$700; total ann expenses of department \$1,100; total membership 30, volunteers; 3 fire companies. Chief engineer, R. E. Davis.

WATER SUPPLY—Source, by damming a canyon; system, pumping to standpipe; reservoir cap 78,000,000 gals; standpipe cap 50,000 gals; pumping engines, dy cap 750,000 gals; 14 hydrants; pipe 6 miles, 4 and 4 in dia; 6 valves; works owned by company; cost to construct \$23,000; ann expenses \$1,000. Supt, W. N. Porter.

Clarendon, Donley Co., population 1,650; fire area 10 acres; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 1 story; shingle roofs used; no fireworks ordinance; causes of fire investigated. No fire department.*

WATER SUPPLY—Source, well; system, pumping direct; reservoir cap 200,000 gals; pumping engines, dy cap 100,000 gals; 105 hydrants; pipe 3½ miles, 3 in dia; 16 valves; pressure, domestic 45, fire 100 pounds; works owned by G. A. Latimer; cost to construct \$11,000; ann expenses \$600. Supt, G. A. Latimer.

Clarksville, Red River Co., population 2,500; fire area 9 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 chemical and hand engine on wheels, 1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$1,100; membership 22, volunteers. Chief, H. L. Norris.

WATER SUPPLY—Source, wells. (Waterworks contemplated.)

Cleburne, Johnson Co., population 6,000; fire area 2 by 3 blocks; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose,

rubber good 2,500 ft. cotton good 500 ft.; 6 horses, value \$750; value of fire department equipment \$6,475; value of buildings occupied \$750; total ann expenses of department \$2,250; total membership 31, paid full time 3, volunteer members 28; bell and electric alarm; street boxes 24. Chief engineer, Jesse T. Ellis.

WATER SUPPLY—Source, springs and artesian well; system, pumping to tank and direct; tank cap 110,000 gals; 3 pumping engines, dy cap 2,500,000 gals; 51 hydrants; pipe 17 miles, 2 to 12 in dia; 28 valves; 10 meters; 950 taps; pressure, domestic 45, fire 130 pounds; works owned by company; cost to construct \$31,000, cost to date \$115,000; ann expenses \$6,000. Secy, L. W. Chase.

Colorado, Mitchell Co., population 1,583; fire area 3-4 mile sq; buildings, brick and wood, 2 stories. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber inferior 450 ft, cotton good 600 ft; value of equipment \$1,300; value of buildings occupied \$500; total expenses for past year \$125; total membership 16, volunteers. Chief engineer, H. S. M. Bean.

WATER SUPPLY—Source, wells; system, pumping to standpipe; dy cap 235,000 gals; pumping engines, dy cap 250,000 gals; 15 hydrants; pipe 5 or 6 miles, 6 to 12 in dia; 15 valves; pressure 55 pounds; waterworks owned by town, leased to Caldwell & Fletcher; cost to construct \$45,000; ann expenses \$2,400. Receiver, R. L. Borein.

Columbus, Colorado Co., population 2,199; fire area 25 blocks; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 500 ft, rubber 500 ft; value of fire department equipment \$2,500; total membership 32, volunteers; bell alarm. Chief, H. Wagenfuhr.

WATER SUPPLY—Source, Colorado river; system, pumping to tank; tank cap 53,000 gals; pumping engines, dy cap 350,000 gals; hydrants 9; pipe 3 miles, 6 in; pressure, domestic 40, fire 120 pounds; waterworks owned by city; original cost to construct \$23,000; ann expenses \$500. Supt, D. Steiner.

Comanche, Comanche Co., population 3,500; fire area 3-4 mile sq; mercantile buildings, stone and brick, 2 stories; private, stone and brick, 1 story; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine, 2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$1,500; value of buildings occupied \$500; total membership 27, volunteers; bell alarm; 1 hook and ladder company. Chief engineer, E. W. Harris.

WATER SUPPLY—Source, wells and cisterns.

Corpus Christi, Nueces Co., population about 5,000; fire area 2 sq miles; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine (not used), 12 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 500 ft, rubber good 1,000 ft, inferior 800 ft; value of fire department equipment \$12,000; value of buildings occupied \$1,500; total ann expenses of department \$900; total membership 70, paid full time 1, part time 3, volunteers 68; bell alarm; 5 fire companies. Chief engineer, Theo. B. Dunn.

WATER SUPPLY—Source, Nueces river, 16 miles N. W. of city; system, pumping to standpipe and direct; standpipe cap 150,000 gals; 2 pumping engines, dy cap 1,500,000 gals; hydrants 65; pipe 4 miles, 10 to 4 in dia; 6 valves; 62 meters; pressure 65 pounds; waterworks owned by city and company, cost to construct \$145,000, cost to date \$148,000; ann expenses \$3,000. Supt, Daniel Reid.

Corsicana, Navarro Co., population 8,000; buildings, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 3,500 ft; horses 6, value \$1,600; value of fire department equipment \$5,000; value of buildings occupied \$20,000; total expenses for past year \$2,700; total membership 55, paid full time 3; bell alarm. Chief engineer, E. H. Church.

WATER SUPPLY—Source, artificial lake; system, pumping to standpipe; standpipe cap 230,000 gals; 2 pumping engines, dy cap 1,500,000 gals; 61 hydrants; pipe 11 miles, 4 to 10 in dia; 50 meters;

pressure, domestic 40, fire 40 to 80 pounds; waterworks owned by company; cost to construct \$119,000; ann expenses \$3,500. Pres, Sam'l R. Frost; supt, B. C. Lewis.

Omaha, DeWitt Co., population 3,300; fire area 1 mile sq; buildings, wood and brick, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 12 chemical extinguishers, 2 hose carriages; hose, rubber good 1,700 ft, leather poor 300 ft; value of fire department equipment \$2,500; value of buildings occupied \$200; total membership 22, volunteers; bell alarm. Chief engineer, John Welch.

WATER SUPPLY—Source, Guadalupe river; system, pumping to standpipe; standpipe cap 165,000 gals; pumping engines, dy cap 500,000 gals; 43 hydrants; pipe 6 miles, 4 to 8 in dia; 19 valves; pressure, domestic 45, fire 120 pounds; waterworks owned by city; cost to construct \$39,000; ann expenses \$1,650. City clerk, Geo. H. Law.

Dallas, Dallas Co., population 40,000; fire area 175 acres; mercantile buildings, stone, brick and iron, 3 to 6 stories; private, wood and brick, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 5 hose carriages, 1 supply wagon, 1 hose cart; hose, rubber good 5,000 ft, inferior 3,500 ft; 23 horses, value \$3,500; value of fire department equipment including all property \$109,845; total ann expenses of department \$41,000; total membership 41, paid full time; Gamewell alarm; 88 street boxes, 3 private boxes, 6 tappers; 4 engines companies, 1 hook and ladder company, 1 hose company. Chief engineer, Theo. Wilkinson. (Proposed additions: 1 steam engine company, 1 chemical engine company, 1 hose company, 1 hook and ladder company.)

WATER SUPPLY—Source, Trinity river and springs; system, pumping to reservoir and standpipe; 2 reservoirs, cap 130,000,000 gals; standpipe cap 250,000 gals; pumping engines, dy 14,000,000 gals; 283 hydrants; pipe 53 miles, 3 to 18 in dia; 230 valves; 14 meters; pressure 40 to 53 pounds; waterworks owned by city; cost to construct \$900,000, to date \$900,000; ann expenses \$35,000. Supt, J. M. Strong.

Decatur, Wise Co., population 2,500; fire area 1 sq mile; mercantile buildings, stone, 2 stories; private, wood, 1 story; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$500; total ann expenses of department \$100; total membership 30, volunteers; bell alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, A. Kramer.

WATER SUPPLY—Source, well; system, pumping to reservoir and standpipe; reservoir cap 85,000 gals; standpipe cap 38,000 gals; pumping engines, dy cap 250,000 gals; hydrants 24; pipe 4 1/2 miles, 6 to 4 in dia; pressure, domestic 30, fire 150 pounds; waterworks owned by A. R. Whitehead; cost to construct \$13,750, to date \$13,750; ann expenses \$1,200.

Denison, Grayson Co., population 15,500; fire area 3,600 acres; mercantile buildings, brick, stone and iron, 1 to 5 stories; private, brick, stone and wood, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 3 hose carriages; hose, cotton good 1,000 ft, inferior 800 ft, rubber good 800 ft, inferior 800 ft; 6 horses, value \$900; value of fire department equipment \$7,400; total ann expenses of department \$7,000; total membership 16, paid full time 6, paid part time 10; electric alarm, 6 boxes. Chief engineer, W. F. Yocom.

WATER SUPPLY—Source, wells, tunnels and reservoir; system, pumping to standpipe and direct; standpipe cap 200,000 gals; reservoir cap 120,000,000 gals; pumping engines, dy cap 3,000,000 gals; 106 hydrants; pipe 15 miles, 4 to 16 in dia; 45 valves; 450 meters; pressure, domestic 75, fire 150 pounds; waterworks owned by company; cost to construct \$225,000; ann expenses \$6,500. Supt, M. J. Fitzgerald.

Denton, Denton Co., population 4,500; fire

area 640 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 1 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds, hose, rubber inferior 500 ft, cotton good 1,200 ft, inferior 500 ft; 3 horses, value \$300; value of department equipment \$8,000; value of buildings occupied \$4,000; total ann expenses of department \$2,000; total membership 37, paid full time 1, volunteer members 36; bell alarm. Chief engineer, R. M. Kilco.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; standpipe cap 100,000 gals; 2 pumping engines, dy cap 500,000 gals; hydrants 40; pipe 4 in dia, 8 to 4 in; pressure, domestic 45, fire to 250 pounds; waterworks owned by company; original cost to construct \$50,000. Secy, A. F. Evers.

Dublin, Erath Co., population 3,500; fire area 4 sq miles; mercantile buildings, rock and brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2, 6 gal chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,600 ft; value of fire department equipment \$3,300; value of buildings occupied \$2,000; total ann expenses of department \$250; total membership 56, volunteer members; bell and whistle alarm; 1 hook and ladder company, 2 hose companies. Chief engineer, J. G. O'Brien.

WATER SUPPLY—Source, wells 1 mile from city; system, pumping to standpipe; standpipe cap 60,000 gals; pumping engines, dy cap 60,000 gals; hydrants 20; pipe 4 miles, 2 to 8 in; pressure, domestic 50, fire 100 pounds; waterworks owned by company; original cost to construct \$30,000; expenses of construction to date \$40,000. Supt, H. A. Smith.

Eagle Pass, Maverick Co., population 2,500; buildings, stone and wood, 1 and 2 stories. No organized fire department.*

WATER SUPPLY—Source, Rio Grande river; system, pump to reservoir, cap 2,000,000 gals; pumping engines; 10 hydrants; pipe 6½ miles, 10 to 3 in dia; pressure 40 to 65 pounds; cost to construct \$38,000. Supt, J. Kelly.*

Elgin, Bastrop Co., population 1,000; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, linen good 500 ft; value of equipment \$600; value of buildings occupied \$10,000. Chief, C. H. King.

WATER SUPPLY—Source, well; system, pumping to standpipe, cap 50,000 gals; dy cap 500,000 gals; quality of water soft; works owned by city; cost to construct \$6,000. Mayor, C. A. King; city clerk, A. H. Carter. (Works not completed).*

El Paso, El Paso Co., population 12,000; fire area 1,300 acres; mercantile buildings, brick, 2 to 4 stories; private, brick, 1 and 2 stories; wooden roofs not permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages; hose, cotton good 3,200 ft, rubber good 400 ft; 6 horses; value \$1,400; value of fire department equipment \$12,000; value of buildings occupied \$16,000; total ann expenses of department \$5,000; total membership 135, paid full time 4, paid part time 2; electric bell and telephone alarm; 96 boxes; 3 hose companies, 1 hook and ladder company. Chief, Frank Powers.

WATER SUPPLY—Source, Rio Grande river; system, pumping to reservoir; reservoir cap 9,000,000 gals; pumping engines, dy cap 4,000,000 gals; 52 hydrants; pipe 12 miles, 4 to 16 in dia; 64 valves; 1,100 taps; pressure 80 pounds; waterworks owned by company; cost to construct \$80,000. Pres, S. Watts; supt, W. H. Watts.

Emmle, Ellis Co., population 5,000; fire area 1,000 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages, 1 hose wagon; hose, cotton good 1,800 ft, inferior 200 ft; 4 horses, value \$600; value of fire department equipment \$6,000; value of buildings occupied \$500; total membership 36, volunteers; bell and electric alarm; 3 fire companies. Chief engineer, J. C. Loggins.

WATER SUPPLY—Source, lake; system, pumping to standpipe; lake cap 100,000,000 gals; pumping engines, dy cap 500,000 gals; 50 hydrants; pipe 5 miles, 8 to 4 in dia; works owned by company; cost to construct \$60,000. Mayor, J. B. Jones; town clerk, A. N. Kendrick.

Floresville, Wilson Co., population 913; mercantile buildings, brick, 2 stories, and wood, 1 story; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. No fire department.*

WATER SUPPLY—Source, surface wells and cisterns.*

Fort Worth, Tarrant Co., population 30,000; fire area 3,200 acres; mercantile buildings, brick and stone, 2 to 8 stories; private, wood, (some brick and stone), 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 chemical engine on wheels, 8 chemical extinguishers, 1 hook and ladder truck (out of repair), 1 aerial truck, 6 hose carriages, all kinds; hose, rubber good 5,500 ft; 21 horses, value \$4,000; value of fire department equipment (including fire alarm) \$58,000; value of buildings occupied \$19,000; total ann expenses of department \$41,400; total membership 230, paid full time 16, volunteers 214; Gamewell alarm; 52 street boxes. Chief engineer, Benjamin U. Bell.*

WATER SUPPLY—Source, 3 artesian wells and Trinity river; system, pumping standpipe, cap 305,000 gals; pumping engines, dy cap 21,000,000 gals; 450 hydrants; pipe 51 miles, 6 to 36 in dia; 522 valves; 51 meters; 1,993 taps; pressure, domestic 85, fire 120 pounds; works owned by city; cost to construct \$372,000, to date 1,000,000; ann expenses \$40,000. Supt, A. W. Soobie.

Franklin, Robertson Co., population 1,000; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; tin roofs; no fireworks ordinance. Fire department—1 hook and ladder truck and buckets; value of fire department equipment \$100; total membership 26. Chief, Tom Hillier.

WATER SUPPLY—Source, public cisterns; artesian well.*

Fredericksburgh, Gillespie Co., population 1,532. Fire department—1 hook and ladder truck; total membership volunteers. Chief, Oscar Krauskopf.*

Gainesville, Cooke Co., population 10,000; fire area 680 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 1 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 6 hose wagons; hose, cotton rubber lined good 3,500 ft, inferior 1,500 ft; 6 horses, value \$1,200; value of fire department equipment \$10,500; value of building occupied \$10,000; total ann expenses of department \$4,000; total membership 94, paid full time 4, volunteers 85; telephone and bell alarm. Chief, Jas. Bramble.

WATER SUPPLY—Source, Elm river; system, direct pumping; reservoir cap 115,000,000 gals; pumping engines, dy cap 3,500,000 gals; hydrants 118; pipe 114-10 miles; 29 valves; 280 meters; 450 taps; pressure, domestic 60, fire 120 pounds; waterworks owned by company; cost to construct to date \$220,000. Supt, H. B. Fletcher.

Galveston, Galveston Co., population 40,000; fire area 3 by 8 sq miles; mercantile buildings, brick, 2 to 4 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—4 steam fire engines, 1 chemical engine on wheels, 6 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 7 hose carriages, all kinds; hose, cotton good 12,000 ft, poor 500 ft, linen good 1,000 ft; 36 horses, value \$5,500; value of fire department equipment \$101,700; value of buildings occupied \$48,700; total ann expenses of department \$66,710; total membership 64, paid full time; Gamewell alarm; street boxes 52. Chief engineer, Ernest Wegner. (3 new hose wagons contemplated.)

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe; reservoir cap 1,250,000 gals; standpipe cap 557,000 gals; pumping engines, dy cap 6,000,000 gals; hydrants 385; pipe 33 miles, 6 to 24 in dia; 390 valves; 5 meters; 804 taps; pressure, domestic 60, fire 100 pounds; Boston pres-

sure recording gauge; works owned by city; cost to construct \$450,000; ann expenses \$16,000. Supt, Wm. Oldenburg.

Gatesville, Coryell Co., population about 2,500; fire area $\frac{3}{4}$ mile square; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 15 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 500 ft, cotton good 500 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,500; total ann expenses of department \$600; total membership 30, volunteers; bell alarm. Chief engineer, H. C. Voss.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe, cap 58,718 gals; pumps, dy cap 164,833 gals; hydrants 6; pipe $5\frac{1}{2}$ miles, 6 to 3 in dia; 16 valves; 280 taps; pressure, domestic 40, fire 200 pounds; works owned by company; cost to construct \$24,100; ann expenses \$2,000. Supt, J. D. Hopkins.

Georgetown, Williamson Co., population 4,000; fire area 16 acres; mercantile buildings, stone, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton inferior 1,450 ft, rubber good 150 ft; value of fire department equipment \$3,000; value of buildings occupied \$750; total membership 75, volunteers; bell alarm; 1 hook and ladder company; 2 hose companies. Chief engineer, Jas. B. Garver.*

WATER SUPPLY—Source, springs on San Gabriel river; system, pumping to standpipe; standpipe cap 281,500 gals; pumping engines, dy cap 1,500,000 gals; 21 hydrants; pipe 11 miles, 2 to 10 in dia; 23 valves; 8 meters; 380 taps; pressure, domestic 40, fire 40 to 100 pounds; waterworks owned by city, leased to company; cost to construct \$51,000; ann expenses \$3,000. Supt, E. E. Taylor.

Giddings, Lee Co., population 1,700; fire area 1 mile square; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 360 ft, poor 100 ft; value of fire department equipment \$1,250; total membership 40, volunteers; bell alarm. Chief, Charles H. Joekel.

WATER SUPPLY—Source, cisterns.

Glen Rose, Somerville Co., population 800; fire area 75 acres; mercantile buildings, stone and wood, 1 and 2 stories; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. No fire department.*

WATER SUPPLY—Source, wells.

Gonzales, Gonzales Co., population 3,500; fire area 24 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 story; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 600 ft; value of equipment \$700; value of buildings occupied \$100; total membership 35, volunteers; bell alarm. Foreman, John Ollie.

WATER SUPPLY—Source, Guadalupe river; system, pumping to standpipe and direct; standpipe cap 80,000 gals; reservoir cap 60,000 gals; pumping engines, dy cap 1,000,000 gals; 24 hydrants; pipe 9 $\frac{1}{2}$ miles, 8 to 3 in dia; 29 valves; pressure, domestic 35, fire 120 pounds; waterworks owned by company; cost to construct \$25,000; ann expenses \$1,200. Supt, R. H. Walker.

Greenville, Hunt Co., population 4,330; buildings, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 1,500 ft, rubber good 2,500 ft; 2 hoses; value of fire department equipment \$6,000; value of buildings occupied \$3,500; total ann expenses of department \$1,500; total membership 26, paid 1; bell alarm. Chief engineer, R. K. Lane.*

WATER SUPPLY—Source, Cowlach, fork of Sabine river; system, pumping to standpipe and direct; reservoir cap 310,000,000 gals; standpipe cap 189,000 gals; pumping engines, dy cap 1,250,000 gals; 65 hydrants; pipe $5\frac{1}{2}$ miles, 6 to 15 in dia; 16 valves; 72 meters; pressure, domestic 50, fire 100 pounds; works owned by company; cost to

construct \$118,000; ann expenses \$800. Supt and engineer, Ed. L. Riddle.

Groesbeck, Limestone Co., population 1,500; fire area 4 sq blocks; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$1,000; value of department buildings \$500; total membership 20, volunteers; bell alarm. Chief, Jno. W. Harper.

WATER SUPPLY—Source, reservoir fed by springs; system, pumping to standpipe, cap 90,000 gals; reservoir cap 300,000 gals; pumping engines, dy cap 500,000 gals; 20 hydrants; pipe 3 miles, 4 to 6 in dia; 12 valves; pressure 45 to 125 pounds; works owned by city; cost to construct \$27,000; ann expenses \$1,000. Supt, T. J. Johnson.

Hallettsville, Laraca Co., population 1,600; fire area 1 $\frac{1}{4}$ sq miles; mercantile buildings, brick and wood, 1 and 2 stories; private, brick and wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 750 ft; value of equipment \$1,000; value of buildings \$750. Chief, Charles Pillar.

WATER SUPPLY—Source, artesian well; system, pumping from reservoir to standpipe; cap 23,000 gals; pumping engines, dy cap 500,000 gals; 23 hydrants; pipe 2 miles, 8 to 4 in dia; 100 taps; pressure, domestic 45, fire 125 pounds; works owned by city; cost to construct \$18,000; ann expenses \$4,000. Supt, J. M. Cummings, Jr.

Hempstead, Waller Co., population 1,800; fire area 250 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. No fire department—1 hook and ladder truck not used; a hand engine, hose, hook and ladder truck are contemplated.

WATER SUPPLY—Source, cisterns and wells. (Waterworks contemplated.)

Henrietta, Clay Co., population 2,500; fire area 300 acres; mercantile buildings, stone and brick, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carts; hose, rubber good 175 ft, cotton good 1,000 ft; 1 horse, value \$200; value of fire department equipment \$2,500; value of buildings occupied \$750; total membership 40, volunteers; bell alarm. Chief engineer, C. W. Easley.

WATER SUPPLY—Source, 36 gang wells; system, pumping to reservoir and standpipe; reservoir cap 60,000 gals; standpipe cap 87,000 gals; pumping engines, dy cap 250,000 gals; 26 hydrants; pipe $3\frac{1}{2}$ miles, 8, 6 and 4 in; 2 valves; pressure, domestic 45, fire 80 pounds; waterworks owned by city; original cost to construct \$24,000; ann expenses \$1,200. Supt, M. Crouse.

Hillsboro, Hill Co., population 4,200; fire area 45 acres; buildings, brick and wood, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,200 ft, inferior 300 ft; value of fire department equipment \$9,000; value of buildings occupied \$700; total ann expenses of department \$1,200; total membership 60, paid full time 1; bell alarm. Chief engineer, A. L. Blanchard.

WATER SUPPLY—Source, wells and cisterns. (Waterworks contemplated.)

Honey Grove, Fannin Co., population 3,000; fire area 10 acres; buildings, stone, brick and wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—hook, ladder, buckets, etc.; membership 100. L. C. Lee, master.

WATER SUPPLY—Source, wells and cisterns.

Houston, Harris Co., population 42,000; fire area 50 acres; mercantile buildings, brick, 3 stories; private, wood, 2 stories; iron and slate roofs; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 3,500 ft, rubber good 2,000 ft; 12 hoses, value \$2,500; value of fire department equipment \$23,000; val-

use of buildings occupied \$43,000; total ann expenses of department \$12,125; total membership 230, volunteers, paid full time 19; electric alarm; 50 street boxes; 5 fire companies. Chief engineer, Thos. H. Martin.

WATER SUPPLY—Source, artesian wells on bank of Buffalo Bayou; system, pumping to standpipe and direct; standpipe cap 750,000 gals; pumping engines, dy cap 8,000,000 gals; 300 hydrants; pipe 45 miles; 75 valves; 14 meters; pressure, domestic 45, fire 125 pounds; waterworks owned by company; cost to construct to date \$400,000; ann expenses est \$40,000. Supt. F. J. Smith.*

Huntsville, Walker Co., population 1,509; fire area 1 mile sq; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 2 hose carriages, all kinds; hose, cotton good 400 ft; bell alarm; 2 hose companies. Chief engineer, F. O. Brown.

WATER SUPPLY—Source, artesian well; system, pump to standpipe, cap 120,000 gals; pumping engines; 15 hydrants; pipe 1 mile, 8 to 4 in dia; 10 valves; pressure 35 pounds. Town clerk, F. B. Robinson.

Jefferson, Marion Co., population 3,072; fire area 1 sq mile; mercantile buildings, brick and wood, 1 and 2 stories; private, brick and wood, 2 and 3 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 1,000 ft, leather good 900 ft; value of fire department equipment \$6,000; value of buildings occupied \$10,000; total ann expenses of department \$150; total membership 40, volunteers; bell alarm. Chief engineer, F. S. Rowans.*

WATER SUPPLY—Source, river and cisterna.*

Kerrville, Kerr Co., population 2,000; fire area 200 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 story; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 24 buckets, axes, lanterns and picks; total membership 23, volunteers; bell alarm. Foreman, John H. Ward.

WATER SUPPLY—Source, wells and cisterna.

Kyle, Hays Co., population 1,000; fire area 100 acres; mercantile buildings, stone and wood, 1 story; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$1,000; value of buildings occupied \$500; ann expenses \$175; total membership 42, volunteers; bell alarm. Chief, D. W. Banner.

WATER SUPPLY—Source, Rio Blanco river, 18½ miles west of town; system, pumping to tanks; 2 tanks, cap 63,000 gals; pumping engines, dy cap 100,000 gals; 10 hydrants; pipe 8 miles, 5, 4 and 3 in dia; 5 meters; pressure 40 pounds; waterworks owned by company; cost to construct \$12,000; ann expenses \$800. Free, H. Hellmann; supt, J. L. McCarrile.

LaGrange, Fayette Co., population 2,500; fire area 12½ acres; mercantile buildings, stone and brick, 1 and 2 stories; private, wood, 1 and 2 stories; tin roofs; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 hose carriages; hose, cotton good 1,200 ft, inferior 200 ft, linen good 200 ft; total membership 22, volunteers; bell alarm. Captain, T. S. Brown.

WATER SUPPLY—Source, river; system, pumping to standpipe; standpipe cap 350,000 gals; pumping engines, dy cap 750,000 gals; 25 hydrants; pipe 5 miles, 8, 6, 4 in dia; 36 valves; pressure, domestic 56, fire 140 pounds; works owned by city and company; cost to construct \$39,000. Supt, J. A. Hopland.*

Lampasas, Lampasas Co., population 3,000; mercantile buildings, brick and rock, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 hook and ladder trucks, 1 hose carriage; hose, rubber good 400 ft, cotton good 1,500 ft, inferior 500 ft; 2 hoses, value \$300; value of fire department equipment \$2,500; bell alarm. Chief engineer, E. S. Noble.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; standpipe cap 115,000 gals; pumping engines, dy cap 1,250,000 gals; 2 hydrants; pipe 4 miles; pressure, domestic 40 to 50,

fire 100 to 120 pounds; waterworks owned by town; cost to construct \$40,000; ann expenses \$2,000. Chief engineer, H. E. Hedeman.*

Laredo, Webb Co., population 11,319; fire area 640 acres; mercantile buildings, brick and stone, 1 and 2 stories; private, brick and adobe, 1 and 2 stories; wooden roofs not permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 2 hose reels, 1 hose wagon; hose, rubber good 200 ft, cotton good 1,800 ft, inferior 200 ft; 3 hoses, value \$700; value of fire department equipment \$7,000; value of buildings occupied \$5,000; total membership 29, paid full time 3, paid part time 26; bell alarm. Chief engineer, W. H. Adams.

WATER SUPPLY—Source, Rio Grande river and driven wells; system, pumping to standpipe and direct; standpipe cap 94,000 gals; pumping engines, dy cap 4,500,000 gals; 109 hydrants; pipe 14 miles, 18 to 4 in; 58 valves; pressure, domestic 45, fire 75 pounds; waterworks owned by company; original cost to construct \$100,400; expenses of construction to date \$153,000; ann expenses \$10,000. Supt, J. W. Gaw.

Llano, Llano Co., population 1,000; buildings, brick, stone and wood, 1, 2 and 3 stories. Fire department none.

WATER SUPPLY—Source, Llano river; system, pumping to reservoir, cap 54,000 gals, dy cap 200,000 gals; pipe 5 miles, 2 in dia; 15 valves; 3 meters; pressure 45 pounds; cost to construct to date \$15,000; ann expenses \$500. Supt, J. H. Knowles.*

Lockhart, Caldwell Co., population 2,000; fire area 2 sq miles; buildings, stone and wood, 1 and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck; value of fire department equipment \$600; value of buildings occupied \$300; membership 29, volunteers. Chief, E. B. Cogwood.*

WATER SUPPLY—Source, 2 large ponds; system, pump to tanks, cap 45,000 gals, dy cap 20,000 gals; pipe 1½ miles, 4 and 3 in dia; cost to construct \$2,000; ann expenses \$150. Owner and supt, W. F. Blunt.*

Longview, Gregg Co., population 2,634; fire area 10 acres; buildings, brick and wood, 1 story. Fire department—1 steam fire engine, 1 hose carriage; hose, cotton good 900 ft, inferior 50 ft; value of fire department equipment \$3,000; total ann expenses of department \$100; total membership 18, paid 1, volunteers; bell alarm. Chief, T. E. Chumour.

WATER SUPPLY—Source, 1 cistern, cap 50,000 gals.*

Luling, Caldwell Co., population 1,798; fire area 1 sq mile; mercantile buildings, wood, brick and stone, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$2,500; value of buildings occupied \$800; total membership 45, volunteers; bell alarm; 2 fire companies, 1 hook and ladder company, 1 hose company. Chief engineer, R. W. Malone.

WATER SUPPLY—Source, San Marcos river; system, pumping to standpipe and direct; standpipe cap 85,000 gals; pumping engines, dy cap 750,000 gals; 15 hydrants; pipe 5 miles, 8 to 1 in dia; 13 valves; 200 tape; pressure, domestic 45, fire 30 pounds; works owned by company; cost to construct \$25,000; ann expenses \$1,000. Supt, C. Bellinger.

Marlin, Falls Co., population 2,066. Fire department—1 hand engine; hose, good 200 ft; total membership 18, volunteers; bell alarm.*

WATER SUPPLY—Source, cisterna, wells. Town clerk, C. J. Bartlett.

Marshall, Harrison Co., population 9,000; fire area 25 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 4 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages, all kinds; hose, rubber good 3,500 ft, inferior 500 ft; 4 hoses, value \$600; value of fire department equipment \$10,000; value of buildings occupied \$3,500; total ann expenses of department \$1,500; total membership 75, paid full time 2, volunteer

members 73; bell alarm; 3 fire companies. Foreman, Joe Deckert; secy, J. W. Hendon.

WATER SUPPLY—Source, wells; system, pumping to standpipe; standpipe cap 168,000 gals; pumping engines, dy cap 1,000,000 gals; 55 hydrants; pipe 9 miles, 10 to 4 in dia; 30 valves; pressure, domestic 45 to 50, fire 160 pounds; works owned by city; cost to construct \$67,000. Supt, A. F. McAllister.

McKinney, Collin Co., population 2,489; fire area 20 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 750 ft, inferior 250 ft, rubber good 100 ft; 4 horses, value \$800; value of fire department equipment \$6,000; value of buildings occupied \$2,000; total ann expenses of department \$800; total membership 40, paid full time 1, paid part time 1 volunteers 38; bell alarm. Chief engineer, A. L. Jones.*

WATER SUPPLY—Source, public and private cisterns and wells.*

Mexia, Limestone Co., population 2,500; fire area 1 mile radius; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in city limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carts; hose, rubber good 800 ft, inferior 200 ft; value of fire department equipment \$1,500; total ann expenses of department \$116; total membership 30, volunteers, paid full time 3; bell alarm. Chief engineer, S. P. Denning.

WATER SUPPLY—Source, artificial lake; system, pumping to standpipe and direct; standpipe cap \$8,000 gals; pumping engines, dy cap 750,000 gals; 16 hydrants; pipe 5 miles, 6 in dia; pressure, domestic 40, fire 60 to 80 pounds; waterworks owned by company; cost to construct \$33,000; ann expenses \$2,000. Supt and secy, John R. Corley.*

Navasota, Grimes Co., population 4,000; fire area 1 mile sq; buildings, stone and wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 800 ft, cotton good 1,000 ft; value of fire department equipment \$1,500; value of buildings occupied \$280; total expenses for past year \$800; total membership 40; bell alarm; 1 hook and ladder company, 1 hose company, Chief, W. N. Norwood.

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir and standpipe; reservoir cap 100,000 gals; standpipe cap 84,000 gals; pumping engines, dy cap 1,150,000 gals; 12 hydrants; pipe 9 miles, 2 to 6 in dia; 40 valves; 3 meters; pressure, domestic 26 to 60, fire 120 to 160 pounds; waterworks owned by city, leased to E. L. Bridges; cost to construct \$28,000; ann expenses \$1,400. Supt, E. L. Bridges.

New Braunfels, Comal Co., population 2,000; buildings, stone, wood and brick, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,200 ft, rubber inferior 200 ft; value of fire department equipment \$1,800; total membership 45, volunteers; bell alarm. Chief engineer, C. A. Jahn.

WATER SUPPLY—Source, Comal river; system, pumping to standpipe and direct; standpipe cap 210,000 gals; pumping engines, dy cap 1,500,000 gals; 40 hydrants; pipe 8 miles, 8, 6, 4 in dia; 30 valves; 252 taps; pressure, domestic 40, fire 150 pounds; waterworks owned by city; cost to construct \$33,000; ann expenses \$1,800. Supt, Chas. Ultes.

Oak Cliff, Dallas Co., population 5,000; fire area 1,000 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck; 2 horses, value \$300; value of fire department equipment \$1,000; value of buildings occupied \$2,000; total ann expenses of department \$250; total membership 25, volunteers. Chief, W. H. W. Smith.*

Orange, Orange Co., population 4,250; buildings, brick and wood, 1, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 350 ft, cotton good 750 ft, linen good

250 ft; value of fire department equipment \$6,700; total membership 60, volunteers; bell alarm. Chief engineer, J. S. Brice.

WATER SUPPLY—Source, river; system, pumping to reservoir; pumping engines; 20 hydrants; pipe 1 mile; cost to construct \$5,000. City clerk, J. L. Goodman.*

Palestine, Anderson Co., population 5,838; fire area 300 acres; buildings, brick and wood, 1 and 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 500 ft, inferior 150 ft, cotton good 500 ft; 1 horse; value of fire department equipment \$3,500; value of buildings occupied \$3,000; total ann expenses of department \$100; total membership 78, volunteers; bell and telephone alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief, A. L. Bowers.*

WATER SUPPLY—Source, 2 artificial lakes; system, pumping to standpipe and direct; cap of reservoir 75,000,000 gals; pumping engines, dy cap 2,500,000 gals; 43 hydrants; pipe 19 miles, 4 to 12 in dia; 38 valves; 15 meters; 750 taps; pressure, domestic 50, fire 80 to 125 pounds; waterworks owned by company; cost to construct \$150,000, to date \$175,000; ann expenses \$3,600. Manager, Harry L. Wright.

Paris, Lamar Co., population 8,254; fire area 30 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and wood, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 supply wagon; hose, rubber good 2,000 ft, inferior 800 ft; 6 horses, value \$1,000; value of fire department equipment \$12,000; value of buildings occupied \$10,000; total ann expenses of department \$3,500; total membership 54, paid full time 2, volunteers 51; telephone alarm; 1 engine company, 1 hook and ladder company, 2 hose companies. Chief engineer, Chas. E. Thorne.*

WATER SUPPLY—Source, wells and tunnels; system, pumping to standpipe; standpipe cap 305,000 gals; pumping engines, dy cap 2,000,000 gals; hydrants 107; pipe 12 miles, 4 to 10 in; 65 valves; 250 taps; pressure, domestic 60, fire 100 pounds; waterworks owned by city; cost to construct \$83,000, cost to date \$92,810. Supt, John A. Porter.

Pearshall, Frio Co., population 1,000; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage, bucket brigade; value of fire department equipment \$750; 30 volunteer members. Capt, C. H. Beaver.

WATER SUPPLY—Source, cisterns and wells pumped by wind mills, cisterns elevated.

Pecos City, Reeves Co., population 393; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; no organized fire department; hose, rubber good 1,000 ft.

WATER SUPPLY—Source, artesian wells, good pressure. Town clerk, R. S. Johnson.

Quanah, Hardeman Co., population 3,500; fire area 1 sq mile; mercantile buildings, stone and brick, 2 and 3 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 4 water wagons; hose, rubber good 350 ft; 2 horses, value \$300; value of fire department equipment \$4,000; value of buildings occupied \$500; total ann expenses of department \$275; total membership 30, volunteers; bell alarm. Chief engineer, J. I. Kendrick.

WATER SUPPLY—Source, wells. (Bonds issued for waterworks will probably build this year.)

Rockdale, Milam Co., population 2,500; fire area 1 sq mile; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,000 ft; value of buildings occupied \$300; total membership 50, volunteers; bell alarm; 3 fire companies. Pres, J. E. Longmoor; chief, J. B. Hamilton.

WATER SUPPLY—Source, wells; system, pumping to reservoir and standpipe; reservoir cap 45,000 gals, standpipe cap 93,000 gals; pumping en-

gines, dy cap 750,000 gals; hydrants 17; pipe 3 miles, 6, 4 and 2 in dia; 14 valves; taps 134; pressure, domestic 50, fire 110 pounds; waterworks owned by company; original cost to construct \$25,000. Supt, R. H. Ames.

Round Rock, Williamson Co., population 1,200; fire area 200 acres; mercantile buildings, stone, 1 and 2 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage, 1 hose wagon; hose, linen good 500 ft; value of fire department equipment \$1,900; total ann expenses of department \$150; total membership 35, volunteers. Chief, R. Tatch.

WATER SUPPLY—Source, wells and cisterna.*

San Angelo, Tom Green Co., population 2,613; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 story; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,300 ft, cotton good 250 ft; value of equipment \$1,700; value of buildings occupied \$500; total membership 45, volunteers; bell alarm. Chief engineer, J. W. Harris.

WATER SUPPLY—Source, North Concho river; system, pumping to tank and direct; tank cap 120,000 gals; pumping engines, dy cap 1,750,000 gals; 50 hydrants; pipe 9 miles, 3 to 12 in dia; 80 valves; 40 meters; 250 taps; pressure, domestic 60, fire 180 to 220 pounds; pressure recording gauge; waterworks owned by company; cost to construct \$90,000; ann expenses \$2,400. Pres, I. S. Millsaugh; supt, Jno. J. Murley.

San Antonio, Bexar Co., population 60,000; fire area 40 miles; mercantile buildings, stone and brick, 2 stories; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance. Fire department—4 steam fire engines, 1 chemical engine on wheels, 8 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 7 hose carriages, all kinds, 1 hose wagon; hose, cotton good 8,000 ft, inferior 1,000 ft; 22 horses, value \$5,000; value of fire department equipment \$60,100; value of buildings occupied \$54,000; total membership 60, paid full time; Gaynor alarm; street boxes 84. Chief engineer, R. E. Kehoe.

WATER SUPPLY—Source, San Antonio river and springs; system, pumping to reservoir and direct; reservoir cap 5,000,000 gals; pumping engines, dy cap 11,000,000 gals; 105 hydrants; pipe 120 miles, 4 to 24 in dia; 40 meters; pressure, domestic 60, fire 150 pounds; 6,700 taps; Edison pressure recording gauge; waterworks owned by company; cost to construct \$680,000; ann expenses \$20,000. Pres, G. W. Brachenredge; supt J. Ulrich.

San Diego, Duval Co., population 5,000; fire area 1,900 acres; mercantile buildings, brick and wood, 1 to 5 stories; private, brick and wood, 1 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 6 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages, all kinds, 1 hose wagon; hose, rubber, good 400 ft, cotton good 4,000 ft, inferior 500 ft; 11 horses, value \$2,200; value of fire department equipment \$25,000; value of buildings occupied \$2,500; total ann expenses of department \$15,500; total membership 61, paid full time 9, paid part time 32, volunteer members 20; Gamewell alarm; 24 street boxes; 7 fire companies, 2 engine companies, 2 hook and ladder companies, 3 hose companies. Chief engineer, A. B. Cairns.*

WATER SUPPLY—Source not reported.

San Marcos, Hays Co., population 2,750; buildings, brick, stone and wood, 1 and 2 stories; wooden roofs not permitted in fire limits. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,700 ft, inferior 400 ft; value of fire department equipment \$1,500; total ann expenses of department \$400; total membership 51, volunteers; 1 hook and ladder company, 2 hose companies. Chief engineer, J. R. Porter.

WATER SUPPLY—Source, San Marcos river; system, pumping to reservoir and direct; reservoir cap 230,000 gals; 2 pumping engines, dy cap 1,500,000 gals; 28 hydrants; pipe 7 3/4 miles, 4 to 8 in dia; 34 valves; 12 meters; pressure 75 to 100 pounds; waterworks owned by company; cost to construct \$50,000; ann expenses \$2,000; Supt, R. Pettit.

San Saba, San Saba Co., population 697; mercantile buildings, brick, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance. No fire department.*

WATER SUPPLY—Source, spring; system, pumping direct; pumping engines, dy cap 94,120 gals; 115 hydrants; pipe 4 1/2 miles, 3 to 4 in dia; works owned by company; cost to construct to date \$3,500. Supt, James Bennett.

Schulenburg, Fayette Co., population 900; buildings, wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 private hand engines, 1 hook and ladder truck; hose, good 200 ft; total membership 40, volunteers; bell alarm. Chief engineer, N. L. McKinnon.*

WATER SUPPLY—Source, 5 cisterna, cap 40,000 gals. Town clerk, Fred. Ebelling.*

Sealy, Austin Co., population 830; buildings, wood and stone; wooden roofs permitted; fireworks ordinance. Fire department—24 chemical extinguishers, 1 hook and ladder truck; membership 28. Chief, J. T. Martin. (Co disbanded for the present.)

WATER SUPPLY—Source, wells and cisterna.

Seguin, Guadalupe Co., population 1,716; fire area 320 acres; mercantile buildings, brick, wood and concrete, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 400 ft, inferior 100 ft; value of fire department equipment \$2,000; value of buildings occupied \$400; total membership 30, volunteers; bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, F. J. Burges.*

WATER SUPPLY—Source, Guadalupe river; system, pumping to standpipe and direct; standpipe cap 60,000 gals; pumping engines, dy cap 1,500,000 gals; 15 hydrants; 15 valves; pipe 12 miles, 10 to 4 in dia; pressure, domestic 45, fire 60 pounds; waterworks owned by company; cost to construct \$30,000; ann expenses \$2,000. Pres, J. T. Holmes; supt, Jas. T. Holmes.

Sherman, Grayson Co., population about 10,000; fire area 640 acres; mercantile buildings, brick, stone and wood, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, 1 supply wagon, slamee couplings used; hose, rubber good 1,000 ft, inferior 1,200 ft, cotton good 500 ft; 8 horses, value \$1,500; value fire department equipment \$12,000; value of buildings occupied \$15,000; total ann expenses of department \$4,000; total membership 90, paid 5; bell and telephone alarm. Chief engineer, Thos. Forbes, Jr.

WATER SUPPLY—Source, gang wells; system, pumping to standpipe; standpipe cap 305,200 gals; 2 pumping engines, dy cap 1,500,000 gals; 90 hydrants; pipe 10 miles, 4 to 10 in dia; 27 valves; 60 meters; 600 taps; pressure, domestic 65, fire 160 pounds; waterworks owned by city; cost to construct \$90,000; ann expenses \$6,000. Supt, Lou McKown.

Sulphur Springs, Hopkins Co., population 3,088; fire area 100 acres; mercantile buildings, brick, 2 stories; private, wood, 1 1/2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,800 ft, inferior 300 ft; value of fire department equipment \$3,500; value of buildings occupied \$1,000; total ann expenses of department \$500; total membership 36, paid part time 1, volunteers 35; bell alarm. Chief engineer, S. W. Summer.*

WATER SUPPLY—Source, wells and cisterna.*

Taylor, Williamson Co., population 5,000; fire area 400 acres; buildings, brick, stone and wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,500 ft, poor 500 ft; 2 horses, value \$500; value of fire department equipment \$5,000; value of buildings occupied \$1,000; total membership 87, paid full time 1, part time 2, 84 volunteers; bell alarm; 3 hose companies, 1 hook and ladder company. Chief engineer, G. R. King.

WATER SUPPLY—Source, springs and San Ga-

bril river; system, pumping to standpipe, cap 198,000 gals; pumping engines, dy cap 2,000,000 gals; 43 hydrants; pipe 18 miles, 12 to 2 in dia; 40 valves; 20 meters; pressure 60 to 140 pounds; waterworks owned by company; cost to construct est \$85,000; ann expenses \$3,000. Pres, G. W. Burkitt; manager, A. A. Stevens.*

Temple, Bell Co., population 9,000; fire area 10 blocks; mercantile buildings, brick, 1 to 3 stories; private, wood, 1 to 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 aerial trucks, 2 hose carriages, 2 hose wagons; R. R. Co. has hose and cart; hose, rubber good 1,500 ft, inferior 1,000 ft; 4 horses, value \$1,200; value of fire department equipment \$8,000; value of buildings occupied \$3,000; total membership 75, volunteers; bell alarm; 1 hook and ladder company, 4 hose companies. Chief, Stewart Wheeler.

WATER SUPPLY—Source, Leon river; system, pump to standpipe, cap 248,000 gals; reservoir, cap 6,000,000 gals; pumping engines, dy cap 1,500,000 gals; 54 hydrants; pipe 18½ miles; 30 valves; pressure 60 to 150 pounds; waterworks owned by company; cost to construct \$110,000; ann expenses \$12,500. Pres, Geo. E. Wilcox.

Terrell, Kaufman Co., population 5,000; fire area 50 acres; mercantile buildings, brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, ladders; hose, cotton good 500 ft, rubber good 1,000 ft; 2 horses, value \$400; value of fire department equipment \$3,000; value of buildings occupied \$2,000; total ann expenses of department \$800; total membership 35, volunteers; bell alarm. Chief engineer, C. E. Anthony.

WATER SUPPLY—Source, wells; system, pumping to standpipe and direct; standpipe cap 75,000 gals; pumping engines, dy cap 3,000,000 gals; 75 hydrants; pipe 4 miles, 8 to 4 in dia; pressure, domestic 55, fire 180 pounds; waterworks owned by company; cost to construct \$40,000; ann expenses \$3,000. Supt, C. D. Curswell.

Texarkana, Bowie Co., population 5,852; buildings, brick and wood, 2 and 3 stories; wooden roofs not permitted in fire limits; no fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 2,000 ft, inferior 500 ft; value of fire department equipment \$2,500; value of buildings occupied \$300; total membership 24, volunteers; bell alarm. Chief, J. B. Kizer.*

WATER SUPPLY—See Texarkana Ark report which includes the Texas side.

Tyler, Smith Co., population 9,000; fire area 1 sq mile; buildings, wood and brick, 1 and 2 stories; metal roofs only are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 2,000, inferior 200 ft; 3 horses, value \$600; value of fire department equipment \$4,500; total ann expenses of department \$1,600; total membership 60, paid full time 3, rest volunteers; bell alarm. Chief, J. P. Taylor.

WATER SUPPLY—Source, springs; system, pump to standpipe and direct; standpipe cap 150,000 gals; pumping engines, dy cap 2,000,000 gals; 100 hydrants; 4 to 13 in dia; 28 valves; pressure, domestic 50, fire 100 pounds; waterworks owned by company; cost to construct \$140,000; ann expenses \$5,000. Pres, Ben B. Cain; secy, W. Frank Knox. (Have purchased a 2,000,000 gal pumping engine, will spend \$50,000 on improvements.)

Uvalde, Uvalde Co., population 2,000; fire area 50 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,000 ft; value of fire department equipment \$1,200; value of buildings occupied \$125; total ann expenses of department \$150; total membership 36, volunteer members; bell alarm. Chief engineer, D. M. Edwards.

WATER SUPPLY—Source, well; system, pumping to standpipe; standpipe cap 100,000 gals; pumping engines, dy cap 500,000 gals; hydrants 24; pipe 6 miles, 6 and 4 in dia; 125 taps; pressure, domestic 150 pounds, fire same; waterworks owned by com-

pany; original cost to construct \$22,500; expenses of construction to date \$35,000; ann expenses \$1,500. Supt, C. W. Watt.

Vernon, Wilbarger Co., population 3,000; fire area 1 sq mile; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,000 ft; value of equipment \$5,000; value of buildings occupied \$250; membership 25, volunteers. Chief, J. L. Malven.*

WATER SUPPLY—Source, gang wells, 24 ft deep; system, pumping to standpipe; standpipe cap 50,000 gals; pumping engines, dy cap 1,000,000 gals; 41 hydrants; pipe 2 miles, 8 to 2 in dia; pressure, domestic 40, fire 100 pounds; works owned by company; cost to construct \$25,000. Receiver, Jno. S. Phillips.

Victoria, Victoria Co., population 6,000; fire area 2 miles sq; buildings, brick and wood, 1 and 2 stories; shingle and tin roofs; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 3 jumpers; hose, rubber good 1,800 ft, leather good 400 ft; value of fire department equipment \$3,175; value of 3 buildings occupied \$1,300; total membership 60, volunteers; bell alarm. Chief, L. A. Fritz.

WATER SUPPLY—Source, Guadalupe; system, pumping to standpipe and direct; standpipe cap 150,000 gals; pumping engines, dy cap 1,000,000 gals; 63 hydrants; pipe 5½ miles, 4 to 8 in dia; 16 valves; 255 taps; pressure, domestic 35 to 45, fire 40 to 150 pounds; waterworks owned by city; cost to construct \$45,000, cost to date \$58,000; ann expenses \$2,000. Supt, Wm. Wheeler.

Waco, McLennan Co., population 16,000; fire area 9 sq blocks; mercantile buildings, brick in fire limits, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 2 hook and ladder trucks, 3 hose carriages, all kinds; hose, rubber good 2,500 ft, inferior 1,000 ft; 14 horses, value \$3,000; value of fire department equipment \$24,000; value of buildings occupied \$18,000; total ann expenses of department \$12,000; total membership 90, paid full time 10, volunteer members 90; Gamewell alarm; street boxes 17; 4 fire companies, 2 engine companies, 1 hook and ladder company, 1 hose company. Chief engineer, A. M. Prescott.*

WATER SUPPLY—Source, artesian wells; system, gravity; 2 standpipes, cap 208,000 gals each; cap of wells 3,000,000 gals; 180 hydrants; pipe 42 miles, 16 to 2 in dia; 123 valves; 6 meters; pressure, domestic 60 pounds, fire same; works owned by company; cost to construct \$250,000, to date \$276,000. Pres, J. D. Bell; supt, A. M. Prescott.*

Waxahachie, Ellis Co., population 3,076; buildings, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 3 chemical extinguishers, 2 hose carriages; hose, rubber good 1,000 ft, cotton good 600 ft, inferior 800 ft; value of fire department equipment \$8,000; value of buildings occupied \$4,000; total ann expenses of department \$300; total membership 40, volunteers; bell alarm. Chief engineer, Frank Hopper.*

WATER SUPPLY—Source, reservoir; system, pumping to standpipe, cap 115,000 gals; pipe 5 miles, 8 to 4 in dia; works owned by company; cost to construct \$45,000; works not constructed; temporary works—Source, artesian well; system, pumping to reservoir, cap 120,000 gals; 4 hydrants; 1½ miles, 4 in pipe; pressure 40 to 150 pounds; works owned by city; cost \$10,000. Mayor, E. A. DuBose.

Weatherford, Parker Co., population 6,000; fire area 50 acres; buildings, wood, brick and stone, 1 and 2 stories. Fire department—1 steam fire engine, 1 chemical extinguisher, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,800 ft; value of fire department equipment \$7,500; total ann expenses of department \$500; total membership 60; bell alarm. Chief, E. Putman.

WATER SUPPLY—Source, wells; system, pump to reservoir, cap 1,100,000 gals; pumping engine, dy cap 1,000,000 gals; 26 hydrants; pipe 4 miles, 4 to 10 in dia; 15 valves; 5 meters; pressure, do-

menstic 45, fire 150 pounds; waterworks owned by company; cost to construct \$75,000; ann expenses \$1,300. Supt, J. M. Bassett.*

Weldmar, Colorado Co., population 1,443; buildings, stone and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam engine, 1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber 1,100 ft, cotton rubber lined 1,000 ft; value of fire department equipment \$3,750; value of building occupied \$500; total membership 40, volunteers; bell alarm. Chief engineer, A. F. Rose.

WATER SUPPLY—Source, wells; system, pump to elevated cisterna, cap 30,000 gals; pump cap 1,600 gals per day; 6 hydrants; pipe 1,500 ft, 2 in dia; 6 valves; works owned by city; cost to construct \$3,500; ann expenses \$250. Supt, J. Lowry.

Whitney, Hill Co., population 800; fire area 20 acres; mercantile buildings, brick, 2 stories; private, wood, 1 story; wooden roofs not permitted; no fireworks ordinance. Fire department—7 chemical extinguishers, 1 hook and ladder truck; value of equipment \$300; value of buildings occupied \$150; total ann expenses of department \$15; total membership 20, volunteers; bell alarm. Foreman, Sam Strauss.

WATER SUPPLY—Source, 3 wells and cisterna.

Wichita Falls, Wichita Co., population 3,500; fire area 6 sq blocks; mercantile buildings, wood, brick and stone, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 chemical engines on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 800 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,500; total ann expenses of department \$600; total membership 81, paid full time 1, volunteers 50; bell alarm. Chief engineer, J. H. Bormise, Jr.

Box Elder, Box Elder Co. (includes Brigham City), population 3,000; mercantile buildings, brick and wood, 1 to 3 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$1,000; total ann expenses of department \$400; membership 32, volunteers; bell alarm. Chief, H. S. Steed.

WATER SUPPLY—Source, mountain springs; system, gravity; reservoir cap 240,000 gals; 32 hydrants; pipe 4 miles, 8 to 3 in dia; 6 valves; 150 taps; quality of water good; pressure, domestic 65 to 70, fire 75 pounds; waterworks owned by city; original cost to construct \$28,000; ann expenses \$500. Pres and mayor, Jno. D. Peters; supt, L. Olsen.

Brigham City, Box Elder Co. (See Box Elder.)

Enreka, Juab Co., population 1,733; mercantile buildings, brick, stone and wood, 1 and 2 stories.*

WATER SUPPLY—Source, springs; system, pumping to tank; tanks cap 60,000 gals; pumping engines, dy cap 120,000 gals; 6 hydrants; pipe 5 1-5 miles, 4 to 2 in dia; pressure 110 pounds; works owned by company; ann expenses \$3,000. Pres, M. Thatcher Logan; supt, A. Burck.*

Heber, Wasatch Co., population 1,538; mercantile buildings, stone, brick and frame, 2 stories; private, stone, brick and frame, 1 story; shingle roofs; fireworks ordinance. No organized fire department.*

WATER SUPPLY—Source, Provo river, streams and wells. Town clerk, A. Y. Duke.*

Logan, Cache Co., population 6,000; fire area 120 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine, 2 hose carriages, 2 hose carts; hose, cotton good 1,500 ft, rubber good 300 ft; 2 hoses, value \$150; value of fire department equipment \$4,000; value of buildings occupied \$600; total ann expenses of department for past year \$1,400; membership 13, paid part time 12, paid full time 1; bell alarm. Chief, W. C. Cates.

WATER SUPPLY—Source, not stated; reservoir cap 2,000 gals; pumping engines, dy cap 500,000 gals; 2 hydrants.

Weakams, Dewitt Co., population 3,500; mercantile buildings, wood, 1 story; private, wood, 1 story; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber new 1,000 ft; value of fire department equipment \$2,000; total membership 45, volunteers; bell alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief, J. T. Shindler.

WATER SUPPLY—Source, wells; system, pumping to reservoir and direct; reservoir cap 100,000 gals; standpipe cap 90,000 gals; pumping engines, dy cap 750,000 gals; 30 hydrants; pipe 5 miles, 2 to 8 in dia; 10 valves; 3 meters; 120 taps; pressure, domestic 40, fire 150 pounds; waterworks owned by company; original cost to construct \$25,000; expenses of construction to date \$30,000. Pres and supt, James Blanks.

Places having a population of 1,000 and upward that have no fire protection: Big Spring, Howard Co., population 1,158*; Bowie, Montague Co., population 1,498*; Crockett, Houston Co., population 1,445; Farmersville, Collin Co., population 1,093; Flatonia, Fayette Co., population 1,304; Granbury, Hood Co., population 1,104*; Henderson, Rusk Co., population 1,536*; Groveton, Trinity Co., population 1,076*; Kaufman, Kansas Co., population 1,288*; Mineola, Wood Co., population 1,333*; Nasoscoches, Nasoscoches Co., population 1,138*; Pilot Point, Denton Co., population 1,090*; Pittsburg, Camp Co., population 1,303*; Rio Grande, Starr Co., population 1,968*; Rusk, Cherokee Co., population 1,383*; San Marcial, El Paso Co., population 1,397; Whitesboro, Grayson Co., population 1,170*; Willis Point, Van Zant Co., population 1,025.

UTAH

WATER SUPPLY—Source, Logan river; system, gravity; reservoir; 30 hydrants; pipe 3 miles, 18 to 10 in 15; valves; pressure, domestic 35 to 80, fire 135 pounds; waterworks owned by city; cost to construct \$37,000; ann expenses \$700. Supt, Jos. Tarbet.

Manti, San Pete Co., population 1,950. Fire department—1 hook and ladder truck.*

WATER SUPPLY—Source, springs; system, gravity; pipe 1 3-4 miles (waterworks in course of construction). Town clerk, Wm. T. Jack.*

Nephi, Juab Co., population 2,500; mercantile buildings, brick, adobe and frame, 1 and 2 stories; private, same; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$1,500. Chief engineer, D. M. Miller.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 100,000 gals; 14 hydrants; pipe 7 miles, 8 to 3; 184 taps; 15 valves; pressure, average 85 pounds; waterworks owned by city; original cost to construct \$23,000; expenses of construction to date \$25,000. Supt, D. M. Miller.

Ordem, Weber Co., population 22,000; fire area 160 acres; mercantile buildings, brick, stone and adobe, 3 to 5 stories; private, brick, stone and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 8 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 1 hose carriage, 2 hose wagons, life line, Pomper shooting apparatus; hose, cotton good 8,000 ft; 11 hoses, value \$2,550; value of fire department equipment \$60,000; value of buildings occupied \$30,000; total ann expenses of department \$24,000; total membership 41, paid full time 19, volunteers 22; Gamewell alarm; 18 street boxes. Chief engineer, William Binford.

WATER SUPPLY—Source, Ordem river and tributaries; system, gravity; reservoir cap 6,500,000 gals; 108 hydrants; pipe 32 miles, 30 to 3 in dia; 170 valves; 60 meters; 1,600 taps; pressure, domestic 35, fire 120 to 135 pounds; Eison pressure recording gauge; waterworks owned by company. Pres, James H. Bacon; supt, P. M. Hooley.

Park City, Summit Co., population 4,000; buildings, stone and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,500 ft, linen good 550 ft; value of equipment \$3,700; value of buildings \$2,000; ann expenses \$500; total membership 60. Chief, John L. Webster.

WATER SUPPLY—Source, mountain stream; system, gravity; capacity of dam and reservoirs 1,000,000 gals; pipe 3 miles; 16 hydrants; pressure 88 pounds; cost to construct \$19,500. Pres, E. Kimball; supt, Walter Willcocks.*

Provo City, Utah Co., population 6,000; fire area 50 acres; mercantile buildings, brick, 1 to 3 stories; private, brick and wood, 1 and 1½ stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hose wagon; hose, cotton good 1,000 ft, inferior 400 ft; 4 horses, value \$600; value of fire department equipments \$7,000; value of buildings occupied \$3,500; total membership 25, paid full time 1, part time 1, rest volunteers; bell alarm. Chief engineer, J. C. Withers.

WATER SUPPLY—Source, Provo river; system, gravity; settling basin, cap 130,000 gals; 82 hydrants; pipe 23 miles, 4 to 14 in dia; 65 valves; 300 taps; galvanized iron pipe; pressure, domestic 98, fire 68 to 110 pounds; waterworks owned by city; original cost to construct \$124,000; ann expenses \$1,000. Supt, Eph Homer.

Salt Lake City, Salt Lake Co., population 65,000; fire area 12,000 acres; mercantile build-

ings, brick and stone, 3 to 7 stories; private, brick and stone, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages, all klude, 2 hose wagons, 3 hand hose reels; hose, cotton good 4,000 ft, inferior 2,700 ft; 17 horses, value \$200 each; value of fire department equipment and buildings \$125,000; total ann expenses of department \$8,928; total membership 97, paid full time 30, volunteers 67; electric alarm; 53 street boxes. Chief engineer, Jas Devine.

WATER SUPPLY—Source, mountain streams and spring; system, gravity; 2 reservoirs, cap 12,000,000 gals; 852 hydrants; pipe 120 miles, cast-iron 4 to 30 in dia; 1,167 valves; 8,863 taps; quality of water spring; pressure, domestic 85, fire 118 to 150 pounds; works owned by city; ann expenses \$34,000. Supt, Daniel S. Griffin.

Tooele, Tooele Co., population 1,008; mercantile buildings, brick, stone and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted. No fire department.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 85,000 gals; 5 hydrants; pipe 6 miles, 8 to 2½ in dia; 3 valves; 100 taps; pressure 80 pounds; waterworks owned by company; cost to construct \$20,000. Pres, Francis M. Lyman, Sr.; supt, H. S. Goryana.

Places having a population of 1,000 or more without fire protection: Smithfield, Coshie Co., population 1,080; Spanish Fork, Utah Co., population 2,204.

VERMONT.

Arlington, Bennington Co., population 1,533; fire area 250 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; shing, iron and tin roofs; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, linen good 200 ft, inferior 900 ft; value of fire department equipment \$200; value of buildings occupied \$260; total membership 46, volunteers; bell alarm; 1 fire company. Chief engineer, L. A. Buck.

WATER SUPPLY—Source, stream.*

Bakersfield, Franklin Co., population 1,162; fire area 1,002 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. No fire department.*

Barre, Washington Co., population 10,000; fire area 10 miles sq; mercantile buildings, stone, brick and wood, 3 stories; private, wood 2 stories; wooden roofs not permitted in business section; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 3,000 ft, inferior 1,500 ft, value of fire department equipment \$4,500; value of buildings occupied \$3,500; total ann expenses of department \$3,500; total membership 60, volunteers; electric alarm; 15 street boxes. Chief engineer, L. J. Griffin.

WATER SUPPLY—Source, brook; system, gravity; 67 hydrants; pipe 20 miles, 4 to 16 in dia; 84 valves; 500 taps; pressure 125 to 250 pounds; waterworks owned by company. Supt, N. D. Phelps.

Barton, Orleans Co., population 2,217; fire area 100 acres; mercantile buildings, wood, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs permitted; causes of fire investigated. Fire department—1 hook and ladder truck, 4 hose carriages; hose, cotton rubber lined good 1,450 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,000; total membership 40, volunteers; bell alarm; 4 hose companies. Chief engineer, J. N. Webster.

WATER SUPPLY—Source, May brook and pond; system, gravity; reservoir cap 1,500,000 gals and storage reservoir; 22 hydrants; pipe 3½ miles, 12 to 4 in dia; 11 valves; pressure 100 to 150 pounds; waterworks owned by village; cost to construct \$18,500; ann expenses \$75 to \$100. Chairman, E. F. Dutton.

Barton Landing, Orleans Co., population 525; fire area 3-4 mile sq; mercantile buildings, wood, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire depart-

ment—1 hand engine, 1 hose carriage, 50 pails, 6 ladders; hose, cotton good 1,100 ft; total ann expenses of department \$400; value of equipment \$1,200; value of buildings \$500; total membership 30, volunteers; bell alarm. Chief, C. E. Josiah.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 28,000 gals; 2 hydrants; pipe 3½ miles, ¾ to 3 in dia; 8 valves; pressure, domestic 40 to 60 pounds; waterworks owned by company; cost to construct \$4,800. Pres, A. D. Mathews, (\$6,000 to be spent for improvements, fire hydrants etc.)

Bellows Falls, Windham Co., population 2,229; fire area ¼ mile; mercantile buildings, brick, 3 and 4 stories; private, wood, 2 stories; mansard and slate roofs; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon, mills have 2 steam pumps and 7 rotary fire pumps; hose, cotton rubber lined good 3,500 ft, mills have rubber lined good 5,500 ft, and linen good 4,000 ft; 3 horses; value of fire department equipment \$9,500; value of buildings occupied \$8,000; total ann expenses of department \$1,800; total membership 68, paid part time, volunteers; Stevens electric alarm; 7 street boxes; 1 engine company, 1 hook and ladder company, 3 hose companies. Chief engineer, C. L. Wheeler.

WATER SUPPLY—Source, Minard's pond; system, gravity; reservoir cap 75,000,000 gals; 51 hydrants; pipe 12 miles, 3 to 8 in dia; 60 meters; pressure 108 to 140 pounds; waterworks owned by village; cost to date \$90,000; ann expenses \$5,000. Pres, A. Coolidge; supt, F. A. George.

Bennington, Bennington Co., population 6,400; fire area 720 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 hose carriages; hose, cotton good 3,800 ft; 1 horse, value \$200; value of fire department equipment \$11,000; value of buildings \$7,600; total ann expenses of department \$3,600; total membership 108, paid part time 3, volunteers 105; Gamewell alarm; 10 street boxes; 1 hook and ladder company, 3 hose companies. Chief engineer, F. M. Tiffany.

WATER SUPPLY—Source, mountain springs; system, gravity; reservoir cap 2,000,000 gals; 30 hydrants; pipe 6 miles, 12 in dia; valves; pressure 125 pounds; waterworks owned by company; cost to construct \$60,000. Supt and treas, E. H. Putnam.*

Bethel, Windsor Co., population 1,448; buildings, brick and wood, 1½ and 2 stories; wooden roofs permitted. Fire department—2 chemical

extinguishers, 1 hose carriage; hose, linen good 1,200 ft, rubber good 200 ft; value of fire department equipment \$2,500; total membership 16; bell and steam whistle alarm. Chief, S. M. Washburn. **WATER SUPPLY**—Source, river; system, direct pumping; 8 hydrants; pipe 2,000 ft. Supt, Fred Arnold.

Bradford, Orange Co., population 1,429; fire area 300 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 600 ft, inferior 300 ft, leather good 300 ft; value of fire department equipment \$2,500; value of buildings occupied \$800; total membership 50, volunteers; bell alarm. Chief engineer, John S. Bloknell.*

WATER SUPPLY—Source, springs and stream; system, gravity; reservoir cap 1,000,000 gals; 4½ miles of pipe, 4 to 10 in dia; 30 hydrants; 30 valves; cost of works \$40,000. Chairman, E. Farnham; secy, H. A. Winship.

Brandon, Rutland Co., population 3,310; mercantile buildings, brick, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs are permitted, mostly shingle and slate roofs; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft, linen unlined inferior 300 ft, leather good 600 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total membership 30, volunteers; bell alarm. Chief engineer, T. C. Maguire.*

WATER SUPPLY—Source, Fern lake; system, gravity; 41 hydrants; pipe 7 miles, 4 to 18 in dia; 20 valves; 350 taps; pressure, domestic 40, fire 60 to 85 pounds; waterworks owned by fire district; cost to construct \$40,000; ann expenses \$500. Supt, Chas. W. Briggs.

Brattleboro, Windham Co., population 8,862; fire area 1 mile; mercantile buildings, brick, 3 stories; private, wood, 2½ stories; wooden roofs permitted; causes of fire investigated. Fire department—2 steam engines, 1 hand engine, 12 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose, cotton good 4,400 ft, inferior 2,600 ft, rubber good 400 ft, 5 horses, value \$550; value of fire department equipment \$13,000; value of buildings occupied \$14,000; total ann expenses of department \$4,900; total membership 100, paid full time 80, paid part time 25, 60 volunteers; Gamewell alarm; 17 street boxes; 2 engine companies, 1 hook and ladder company, 2 hose companies. Chief engineer, Cecil C. Turner.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 8,000,000 gals; pumping engines, dy cap 500,000 gals; 26 hydrants; pipe 16 miles, 2 to 12 in dia; valves; pressure 100 pounds; waterworks owned by company; cost to construct \$200,000; ann expenses \$1,200. Pres, Geo. E. Crowell; supt, S. H. Warren.

Bristol, Addison Co., population 1,828; mercantile buildings, wood, 1 and 2 stories; private, wood, 1½ stories; slate roofs principally; no fireworks ordinance; causes of fire investigated. No organized fire department—8 chemical extinguishers. Mfg Co. have put in hose, pumps, etc.

WATER SUPPLY—Source, springs.*

Burk, Caledonia Co., population 1,198; fire area whole town; mercantile buildings, wood, 1 and 2 stories; private, wood, 1½ stories; wooden roofs permitted; no fireworks ordinance. Fire department—bucket brigade. No waterworks.

Burlington, Chittenden Co., population 15,500; mercantile buildings, brick, 2 to 4 stories; private, brick and wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 8 chemical extinguishers, 1 hook and ladder truck, 9 hose carts; hose, cotton good rubber lined 7,000 ft, poor 2,000 ft; value of equipment \$14,000; value of buildings occupied \$40,000; ann expenses \$6,200; total membership 250, volunteers; Gamewell alarm; 29 street boxes. Chief engineer, Wm. E. Morse.

WATER SUPPLY—Source, Lake Champlain; system, pumping to reservoir, cap 7,000,000 gals; pumping engines, dy cap 1,500,000 gals; 175 hydrants; pipe 32.14 miles, 4 to 16 in dia; 383 valves; 878 meters; quality of water good; pressure 20 to 14½ pounds; waterworks owned by city; cost to construct to date \$376,770. Supt, F. H. Crandall.

Charleston, Orleans Co., population 1,058; mercantile buildings, wood, 1 and 2 stories; private, wood, 1½ stories; wooden roofs permitted; no fireworks ordinance. No fire department.

WATER SUPPLY—Source, wells and river.

Chelsea, Orange Co., population 1,230; fire area 2 miles; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 550 ft; value of fire department equipment \$1,000; value of buildings occupied \$650; total membership volunteers; bell alarm. Chief engineer, E. D. Barnes.

WATER SUPPLY—Source, ponds and river.

Chester, Windsor Co., population 1,787; mercantile buildings, wood, 1 and 2 stories; private, wood, 1 and 2 stories; shingle roofs principally; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine in village, 1 hand engine in town, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 1,800 ft; value of fire department equipment \$3,500; value of buildings occupied \$1,000; total ann expenses of department \$150; total membership 20, paid part time; bell and whistle alarm. Chief engineer, Frank W. Adams.

WATER SUPPLY—Source, ponds and river. Town clerk, A. D. L. Herriek.

Colchester, Chittenden Co. (See Winooki.)

Danby, Rutland Co., population 2,000. Fire department not reported.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 5,000 bbls; 6 hydrants; pipe 3 miles, 1½ and 2 in dia; pressure, domestic 120, fire 120 pounds; waterworks owned by S. L. Griffith; expenses of construction to date \$6,500; ann expenses \$300. City clerk, W. F. Otis, Jr.

Derby Line, Orleans Co., population 3,500; mercantile buildings, brick and wood, 2 and 2½ stories; private, wood, 2 and 2½ stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 3 hose carriages, all kinds; hose, cotton good 1,425 ft, leather 100 ft; total membership 50, volunteers; bell alarm. Chief engineer, Wm. M. Pike.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 240,000 gals; 53 hydrants; pipe 4½ miles, 10 to 4 in; 130 taps; 15 valves; pressure 73 to 150 pounds; waterworks owned by company; original cost to construct \$25,000; expenses of construction to date \$30,000. Supt, W. C. Hubert.

Enosburg Falls, Franklin Co., population 1,200; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—10 chemical extinguishers, 2 hose carriages, all kinds; hose, rubber inferior 300 ft, cotton good 1,300 ft; total membership 50, volunteers; steam alarm. Chief engineer, H. F. Young.

WATER SUPPLY—Source, river; system, pumping direct; pumping engine, cap 2,200 gals per minute; 25 hydrants; pipe 4 miles, 8 to 4 in; 15 taps; 25 valves; pressure, domestic 70, fire 140 pounds; waterworks owned by village; original cost to construct \$15,000; ann expenses \$250. Supt, V. A. Irish.

Fair Haven, Rutland Co., population 3,000; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hose carriages; hose, linen good 2,000 ft; value of fire department equipment \$500; value of buildings occupied \$1,200; total membership 60, volunteers; bell alarm; 2 hose companies. Chief engineer, D. F. Carnody.

WATER SUPPLY—Source, Inman pond; system, gravity; 30 hydrants; pipe 13 miles, 2 to 12 in dia; 23 valves; pressure 180 pounds; waterworks owned by village; cost to construct \$35,000; ann expenses \$400. Pres, Frank E. Allen; supt, O. A. Bryant.

Grafton, Windham Co., population 817; buildings, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine; hose, cotton good 50 ft.

WATER SUPPLY—Source, river. Town clerk, L. S. Walker.

Hardwick, Caledonia Co., population 1,547

WATER SUPPLY—Source, stream; system, gravity; 13 hydrants; pipe 2½ miles, 10 to 4 in dia; 10 valves; quality of water excellent; pressure 114 pounds; works owned by city; cost to construct \$12,000. Supt. O. H. Marsh.

Himesburg, Chittenden Co., population 1,218; fire area 6 miles sq; mercantile buildings, wood, 1½ and 2 stories; private, same; wooden roofs permitted; no fireworks ordinance. No fire department; bucket brigade.

Hyde Park, Lamoille Co., population 1,633; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance.

WATER SUPPLY—Source, springs; system, gravity and pump to reservoir; dy cap 40,000 gals; pipe 3 miles, 1 and 2 in dia; cost to construct \$3,000; ann expenses \$200. Owner, C. S. Page.

Island Pond, Essex Co., population estimated 1,200. Fire department—3 hand engines, 3 hose carriages; hose, linen fair 800 ft, rubber fair 500 ft; total membership 60, volunteers.

WATER SUPPLY—Source, springs; system, gravity; 5 hydrants; pipe 3 miles; 200 taps; pressure 50 to 100 pounds; waterworks owned by company; cost to construct \$12,000; ann expenses \$125. Pres. G. W. Noyes; supt., A. K. Darling.

Johnson, Lamoille Co. Fire department not reported.

WATER SUPPLY—Source, spring; system, gravity and pumping to reservoir; reservoir cap 35,000 gals; pumping engines, cap 18,000 gals in 10 hours; 4 hydrants; pipe 1½ miles, 2 in; 16 taps; waterworks owned by private party.

Ludlow, Windsor Co., population 2,000; fire area 300 acres; buildings, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages, slamese couplings used; hose, cotton good 800 ft, rubber 700 ft; value of fire department equipment \$4,000; value of buildings occupied \$4,000; total membership 25; mills and factories have private protection; bell alarm. Chief engineer, Nathan Boynton.

WATER SUPPLY—Source, river and fumes.

Lyndenville, Caledonia Co., population 1,500; fire area 40 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 24 chemical extinguishers, 1 hose carriage; hose, cotton good 700 ft; 2 hoses, value \$900; value of fire department equipment \$900; value of buildings occupied \$6,000; total ann expenses of department \$200; total membership 20, volunteers; whistle alarm; 1 fire company. Chief engineer, Thomas Halse.

WATER SUPPLY—Source, reservoir 135 ft above village; system, gravity; 8 hydrants; pipe 4 miles; works owned by R. R. Co.

Manchester, Bennington Co., population 2,000; mercantile buildings, wood, 2½ and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 1 hose carriage, 1 hose reel; hose, linen good 1,200 ft. Chief engineer, C. F. Orris.

WATER SUPPLY—Source, springs; system, gravity; cap of tanks 1,650 bbls. (Waterworks contemplated.)

Middlebury, Addison Co., population 3,000; fire area 1,920 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 3 hose carriages, 1 hose cart, slamese couplings used; hose, cotton good 2,050 ft, inferior 200 ft, rubber good 700 ft, leather good 800 ft; value of fire department equipment \$10,000; value of 2 buildings occupied \$2,500; total membership 30, part paid; bell alarm. Chief engineer, Chas. A. Piper.

WATER SUPPLY—Source, river; system, pumping direct; pumping engines, dy cap 2,000,000 gals; 50 hydrants; pipe 7¼ miles, 10 to 4 in dia; valves 40; 2 meters; 135 taps; pressure, domestic 85, fire 125 pounds; works owned by city; cost to construct \$36,000; cost to date \$37,500; ann expenses \$600. Supt. A. H. Langeworth.

Montpelier, Washington Co., population 4,160; fire area 3,000 acres; mercantile buildings, brick,

3 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 5 hose carriages; hose, cotton rubber lined good 3,700 ft; value of fire department equipment \$11,000; buildings rented; expenses of department for past year \$4,100; membership 195, paid part time 118; Gamewell electric alarm; 15 boxes, 2 strickers, 6 gongs; 5 fire companies. Chief engineer, O. D. Clark; chairman of fire and water com. G. W. Wing.

WATER SUPPLY—Source, Berlin pond; system gravity; reservoir cap 4,250,000 gals; 63 hydrants; pipe 18 miles, 2 to 24 in dia; 96 valves; 9 meters; 654 taps; pressure 120 to 145 pounds; waterworks owned by village; cost to construct \$53,000, cost to date \$128,085; ann expenses \$2,400. Supt. Joel Foster.

Morrisville, Lamoille Co., population 1,500; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage; value of buildings occupied \$500; total membership 66, paid full time. Chief engineer, E. W. Webster.

WATER SUPPLY—Source, springs; system, gravity; reservoir 40 ft x 12 ft; hydrants 12; miles of pipe 8; 25 valves; pressure, domestic 90, fire 90 pounds; waterworks owned by company. Supt. O. C. Warren.

Newport, Orleans Co., population 3,047; fire area 100 acres; buildings, wood, 2 stories; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages; hose, cotton good 2,000 ft; membership 30. Chief engineer, G. E. Prouty.

WATER SUPPLY—Source, Lake Megallowenog; system, direct pumping; pumping engines, dy cap 400,000 gals; 17 hydrants; pipe 2 miles, 6 to 8 in dia; pressure, domestic 100, fire 90 pounds; waterworks operated by Prouty and Miller; cost to construct \$10,000; ann expenses \$700. Supt. G. H. Prouty.

North Bennington, Bennington Co. Fire department—2 hand engines, 2 chemical extinguishers; hose, rubber good 1,800 ft.

WATER SUPPLY—Source, creek, 4 reservoirs, 1 cistern.

Northfield, Washington Co., population 2,628; fire area 1,000 acres; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,800 ft, leather good 150 ft; value of fire department equipment \$3,500; value of buildings occupied \$1,500; total ann expenses of department \$500; total membership 120, volunteers; bell alarm; 3 fire companies. Chief engineer, J. L. Moseley.

WATER SUPPLY—Source, springs; system, gravity; 12 reservoirs and river for fire protection; pipe 5 miles, ¾ to 4 in dia; pressure 300 ft head; ann expenses \$100. Supt. J. F. Severance.

North Troy, Orleans Co., population 500; fire area 3 to 400 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—6 chemical extinguishers, 2 hose carriages, 2 hose wagons; hose, cotton good 1,050 ft; total membership 40, volunteers; value of fire department equipment \$1,800; bell and whistle alarm; 2 fire companies. Trustees, J. W. Curries.

WATER SUPPLY—Source, brooks; system, gravity; reservoir cap 910,000 gals; 19 hydrants; pipe 5 miles, 10 to 3 in dia; 150 taps; pressure 50 to 75 pounds; works owned by company; cost to construct \$16,600; ann expenses \$160. Supt. Chandler Bailey.

Norwich, Windsor Co., population 500; fire area 1,000 acres; mercantile, wood and brick, 2 stories; private 1½ and 2 stories; wooden roofs permitted; state fireworks ordinance. No fire department—private parties are supplied with hose.

WATER SUPPLY—Source, hydrants. Pres. of Co., B. E. Lewin.

Pittsford, Rutland Co., population 2,000; fire area 2 miles; mercantile buildings, wood and brick, 2 stories; private, wood and brick, 1 and 2

stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 500 ft; 1 hose company.

WATER SUPPLY—Source, not given; system, gravity 150 to 200 ft fall; hydrants 16; pipe 6 in. Supt. T. K. Bluebank.

Foruitney, Rutland Co., population 3,031; fire area 300 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 1,400 ft; value of buildings occupied \$500; total membership 20, volunteers. Chief engineer, James B. Carrigan.

WATER SUPPLY—Source, Crystal Lake; system, gravity; reservoir cap 36,000,000 gals; hydrants 40; pipe 5 miles, 10 to 4 in dia; 20 valves; 130 taps; pressure, domestic 120 pounds, fire same; works owned by village; cost to construct \$30,000; ann expenses \$300. Pres and supt, Thomas B. Clark.

Meadeboro'ugh, Bennington Co., population 2,000; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, cotton good 2,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$200; total membership 22, volunteers; bell and whistle alarm. Chief, C. H. Faulkner.

WATER SUPPLY—Source, brook; system, gravity and pumping to reservoir; reservoir cap 250,000 gals; hydrants 8; pipe 1-4 miles, 6 and 4 in dia; 4 valves; 30 taps; pressure 80 pounds; works owned by city; cost to construct \$10,000. Supt. D. P. Carpenter.

Richford, Franklin Co., population 2,196; fire area 600 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton rubber lined good 2,000 ft; value of fire department \$2,000; value of buildings occupied \$1,500; total membership 50, volunteers; bell alarm; 2 fire companies. Chief engineer, L. D. Resoly; chairman of fire and water com, J. C. Baker.

WATER SUPPLY—Source, springs and brook; system, gravity; reservoir cap 1,000,000 gals; hydrants 20; pipe 6 miles, 4 to 10 in; 18 valves; 300 taps; pressure, 110 pounds; waterworks owned by city; cost to construct \$24,200; ann expenses \$100. Supt. H. C. Ayer.

Rutland, Rutland Co., population 14,000; mercantile buildings, brick and wood, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 2 hose wagons; hose, cotton good 7,000 ft, inferior 500 ft; 4 horses; total ann expenses of department \$6,500; total membership 28, paid full time 7, paid part time 21; Gamewell alarm; street boxes 26. Chief engineer, K. K. Hannum.

WATER SUPPLY—Source, Mendon river; system, gravity; reservoir, cap 7,000,000 gals; hydrants 118; pipe 40 3-4 miles, 2 to 16 in; taps 2,000; 305 valves; pressure, domestic 55 to 65 pounds, fire same; waterworks owned by city; expenses of construction to date \$210,000; ann expenses \$6,000. Supt. J. M. Davis.

St. Albans, Franklin Co., population 7,771. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber 400 ft, leather good 1,700 ft; total membership 40, paid.*

WATER SUPPLY—Source, mountain brooks and springs; system, gravity; reservoir, cap 250,000,000 gals; hydrants 75; pipe 25 miles, 3 to 16 in; 100 valves; pressure 46 to 145 pounds; waterworks owned by city; original cost to construct \$250,000, expenses of construction to date \$300,000; ann expenses \$5,000. Supt. H. A. Warren.

St. Johnsbury, Caledonia Co., population of township about 7,000; fire area 1,000 acres; mercantile buildings, wood and brick, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 5 hose carriages; hose, cotton good 4,000 ft, poor 1,500 ft; value of fire department equipment \$7,000; value of 4 buildings occupied \$3,500; rent \$200; total ann expenses of department \$3,500; total membership 147, volunteers; Gamewell alarm; 12 street boxes. Chief engineer, F. H. Underwood.

WATER SUPPLY—Source, Passumpsic river; system, direct pumping; pumping engines, dy cap 3,000,000 gals; 80 hydrants; pipe 6 miles, 4 to 12 in dia; 35 valves; 300 taps; pressure, domestic 80, fire 120 pounds; waterworks owned by village; cost to construct to date \$38,000; cost to date \$160,000; ann expenses \$4,000. Supt. R. G. Cheney.

South Royalton, Windsor Co., population 1,000; fire area 150 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; stories have tin roofs; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, linen good 1,200 ft; value of fire department equipment \$500; value of buildings occupied \$250; total ann expenses of department \$500; total membership volunteers; bell alarm. Chief engineer, George H. Manchester; chairman of fire and water com, J. O. Ballknapp.

WATER SUPPLY—Source, springs.*

Springfield, Windsor Co., population 1,588; fire area 1 sq mile; mercantile buildings, wood and brick, 3 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon, 2 hose couplings used, 7 force pumps in mills; hose, cotton good 2,500 ft; value of fire department equipment \$5,000; value of buildings occupied \$3,000; total ann expenses of department \$603.80; total membership 25, paid; bell and whistle alarm. Chief engineer, F. A. Cook.

WATER SUPPLY—Source, springs; system, gravity; pipe 1 mile, 1 in dia; waterworks owned by company; cost to construct \$2,000. Village clerk, K. C. Burke.

Swanton, Franklin Co., population 3,331; buildings, brick and wood, 1 to 3 stories; tin roofs used; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, linen good 2,000 ft, cotton good 300 ft; total membership 32, volunteers; bell alarm. Chief engineer, H. A. Gregg.

WATER SUPPLY—Source, Missisquoi river; system, direct pumping; pumping engines, dy cap 1,000,000 gals; 25 hydrants; pipe 3 miles; valves; pressure, domestic 45, fire 110 pounds; waterworks owned by town; cost to construct \$20,000; ann expenses \$700. Pres, H. A. Bent, supt. D. G. Furman.*

Vergennes, Addison Co., population 1,773; fire area 600 acres; mercantile buildings, stone and brick, 3 and 4 stories; private, wood, brick and stone, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 5 hose carriages; hose, cotton good 2,150 ft, leather 300 ft; value of fire department equipment \$3,000; value of 3 buildings occupied \$4,000; total ann expenses of department \$500; total membership 82, volunteers; bell, whistle and electric alarm. Chief engineer, N. J. McCuen.

WATER SUPPLY—Source, Otter creek; system, direct pumping; 2 water power pumps, dy cap 150,000 gals; 35 hydrants; pipe 7½ miles, 6 to 4 in dia; 13 valves; 350 taps; pressure, domestic 80, fire 150 pounds; waterworks owned by city; cost to construct \$75,000; ann expenses \$800. Supt. C. A. Hoffnagle.

Waterbury, Washington Co., population 2,232; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 2 hose carriages; hose, leather good 1,300 ft; total membership 80, volunteers. Chief engineer, Edward Farrar.

WATER SUPPLY—Source, springs, 15 cisterns; system, gravity; 2 hydrants; pipe 5 miles; pressure 65 pounds; waterworks owned by Warren & Somerville. Supt. C. C. Warren.*

Wells River, Orange Co., population 500; mercantile buildings, wood, 1 to 3 stories; private, wood, 1 to 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 300 ft, cotton good 200 ft; value of fire department equipment \$500; value of buildings occupied \$300; total membership 3. Chief engineer, W. M. Brock.

WATER SUPPLY—Source, Wells river, cisterns, wells and springs.

West Randolph, Orange Co., population 1,000; fire area 640 acres; mercantile buildings.

brick, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages, extension ladders; hose, cotton rubber lined good 1,100 ft., leather good 500 ft., inferior 300 ft.; value of fire department equipment \$3,000; value of buildings occupied \$2,000; total ann. expenses of department \$400; total membership 34, volunteers; bell and steam whistle alarm. Chief engineer, F. E. DuBois.

WATER SUPPLY—Source, springs and brooks; system, gravity; reservoir cap 1,000,000 gals; 39 hydrants; pipe 10 miles, 4 to 10 in dia; 20 valves; 300 taps; pressure 105 pounds; waterworks owned by village; cost to construct \$22,000. Supt, L. Richmond.

White River Junction, Windsor Co., population 2,000; fire area 8 miles; mercantile buildings, wood and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, all kinds, 1 hose wagon; hose, cotton good 2,500 ft.; value of fire department equipment \$5,000; value of buildings occupied \$1,500; total ann. expenses of department \$400; total membership 30, paid part time. Chief engineer, C. C. Bogle.

Wilmington, Windham Co., population 500; fire area 150 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 1,000 ft., cotton good 1,500 ft., leather good 300 ft.; value of fire department equipment \$1,500; value of buildings occupied \$300; total membership 30, volunteers; bell alarm. Chief engineer, J. Henry Kidder.

WATER SUPPLY—Source, Durdfield river and springs.

Windsor, Windsor Co., population 1,846; mercantile buildings, wood and brick 2½ stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine (not used), 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,100 ft.; total membership 24, volunteers; 2 hose companies. Chief, S. A. Reed.

WATER SUPPLY—Source, Dudley brook; system, gravity; reservoir cap 5,000,000 gals; 41 hydrants; pipe 4½ miles, main 8 in; 33 valves; 200 taps; pressure 60 to 110 pounds; works owned by village; cost to construct \$34,804.88. Supt, H. D. Stone.

Winooski, Chittenden Co., population 3,659; buildings, wood and brick, 2 and 3 stories. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose, linen good 800 ft., inferior 600 ft., rubber good 500 ft.; value of fire department equipment \$7,000; total ann. expenses of department \$6,000; total membership 45, paid part time 2; bell alarm. Chief engineer, W. E. Chambers.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 4,000,000 gals; 25 hydrants; pipe 6 miles, 8 to 4 in dia; valves 8; meters 10; 410 taps; pressure, domestic 10 to 45, fire 110 pounds; waterworks owned by company; cost to construct \$25,000; cost to date \$50,000. Engineer, G. D. Nash.

Abingdon, Washington Co., population 1,674; fire area 480 acres; mercantile buildings, brick, 30 ft.; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, rubber good 900 ft.; value of fire department equipment \$750; total membership 20, volunteers; bell alarm. Chief, J. E. Deater.

WATER SUPPLY—Source, spring; system, pumping to reservoir, cap 575,000 gals; pumping engines, cap 12,000 gals per hour; 19 hydrants; pipe 5 miles, 6 to 2 in dia; 14 valves; 1 meter; 100 taps; pressure 67 pounds; works owned by company; cost to construct \$28,000; cost to date \$29,500; ann. expenses \$1,000. Supt, T. L. Pickle.

Alexandria, Alexandria Co., population estimated 17,000; fire area 600 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 6 ladders; value of fire department equipment \$18,000; value of 5 buildings occupied \$8,500; total ann. expenses \$7,000; total membership 200, full paid 7; bell and telephone alarm. Chief engineer, Edgar Wakefield.

Wolecott, Lamolle Co., population 1,150; buildings, wood, 2 and 3 stories. Fire department—1 hand engine, 1 hose carriage; hose, linen good 400 ft., leather inferior 50 ft. Chief engineer, W. O. Stratton.

WATER SUPPLY—Source, Lamolle river; #

Woodstock, Windsor Co., population 2,545; buildings, wood, stone and brick, 1½ and 2 stories; wooden roofs permitted. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose, cotton rubber lined good 1,500 ft.; value of fire department equipment \$2,500; total ann. expenses of department \$200; total membership 75, paid; bell alarm. Chief engineer, Wm. Reed.

WATER SUPPLY—Source, springs and brooks; system, gravity; reservoir cap 4,000,000 gals; hydrants 37; pipe 8 miles, 8 to 4 in; taps 257; valves 27; pressure, domestic 114, fire 114 pounds; waterworks owned by company; original cost to construct \$40,000; ann. expenses \$500. Supt, Frank W. Wilder.

Places having a population of 1,000 and upward that have no fire protection: Alburgh, Grand Isle Co., population 1,390; Bamel, Grand Isle Co., population 4,023; Berkshire, Franklin Co., population 1,421; Berlin, Washington Co., population 1,514; Bridgewater, Windsor Co., population 1,124; Bridgeport, Addison Co., population 1,018; Calais, Washington Co., population 1,082; Cambridge, Lamolle Co., population 1,689; Castleton, Rutland Co., population 2,398; Cavendish, Windsor Co., population 1,172; Charlotte, Chittenden Co., population 1,240; Concord, Essex Co., population 1,425; Corinth, Orange Co., population 1,027; Craftsbury, Orleans Co., population 1,271; Danville, Caledonia Co., population 1,784; Dorset, Bennington Co., population 1,690; Essex, Chittenden Co., population 2,013; Fairfax, Franklin Co., population 1,523; Ferrisburgh, Addison Co., population 1,501; Franklin, Franklin Co., population 1,300; Georgia, Franklin Co., population 1,282; Groton, Caledonia Co., population 1,040; Hartford, Windsor Co., population 3,740; Hartland, Windsor Co., population 1,393; Highgate, Franklin Co., population 1,853; Jamaica, Windham Co., population 1,074; Jericho, Chittenden Co., population 1,461; Lincoln, Addison Co., population 1,255; Londonderry, Windham Co., population 1,010; Lowell, Orleans Co., population 1,178; Lunenburg, Essex Co., population 1,019; Marshfield, Washington Co., population 1,121; Milton, Chittenden Co., population 1,585; Mount Holly, Rutland Co., population 1,214; New Haven, Addison Co., population 1,224; Orwell, Addison Co., population 1,285; Pawlett, Rutland Co., population 1,475; Paunsa, Bennington Co., population 1,919; Proctor, Rutland Co., population 1,758; Richmond, Chittenden Co., population 1,115; Rochester, Windsor Co., population 1,257; Rockingham, Windham Co., population 4,579; Shaftesbury, Bennington Co., population 1,652; Sheldon, Franklin Co., population 1,365; Underhill, Chittenden Co., population 1,301; Wallingford, Rutland Co., population 1,733; Weathersfield, Windsor Co., population 1,174; Westford, Chittenden Co., population 1,033; Westminister, Windham Co., population 1,268; Whitingham, Windham Co., population 1,191.

ted; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 2 hose wagons, 1 supply wagon; hose, cotton good 3,200 ft.; 8 horses, value \$1,400; value of fire department equipment \$18,000; value of 5 buildings occupied \$8,500; total ann. expenses \$7,000; total membership 200, full paid 7; bell and telephone alarm. Chief engineer, Edgar Wakefield.

WATER SUPPLY—Source, Cameron run; system, pumping to reservoir; 2 reservoirs; steam pumping engines; 115 hydrants; pipe 15 miles, 4 to 20 in dia; pressure 60 to 75 pounds. Supt, F. I. Power.

Ashland, Hanover Co., population estimated 950; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 6 ladders; value of fire department equipment \$18,000; value of 5 buildings occupied \$8,500; total ann. expenses \$7,000; total membership 200, full paid 7; bell and telephone alarm. Chief engineer, Edgar Wakefield.

VIRGINIA.

ment equipment \$550; value of buildings occupied \$160; total membership 37, volunteers; bell alarm. Chief engineer, E. L. O. Scott.

WATER SUPPLY—Source, wells. Mayor, J. W. Taylor.

Basic City, Augusta Co., population not given; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. No fire department.

WATER SUPPLY—Source, spring; system, pumping to reservoir, cap 240,000 gals; pumping engines, dy cap 200,000 gals; pipe 1½ miles, 8 in dia; 2 valves; 15 taps; pressure 80 to 70 pounds; works owned by city. Supt, F. P. Shoemaker.

Bedford City, Bedford Co., population 2,897. Fire department—2 hose cars; hose, good 1,000 ft.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 1,000,000 gals; 55 hydrants; pipe 17 miles, 4 to 6 in dia; pressure 80 to 120 pounds; waterworks owned by city; cost to construct \$55,000; ann expenses \$350. Pres and supt, W. T. Fitzpatrick.

Berkley, Norfolk Co., population 5,500; fire area 1,000 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hose carriage, 2 jumpers; hose, cotton good 2,500 ft, rubber good 300 ft; 3 horses, value \$900; value of fire department equipment \$20,000; value of buildings occupied \$2,500; total ann expenses of department \$1,155; total membership 23, volunteers; bell alarm. Chief, Chas. W. Parks.

WATER SUPPLY—Source, driven wells; system, pumping to standpipe; standpipe cap 367,000 gals; pumping engines, dy cap 1,250,000 gals; 46 hydrants; pipe 4 miles, 10, 8 and 6 in; 50 taps; 71 valves; pressure 50 pounds; waterworks owned by company; original cost to construct \$75,000; ann expenses \$1,500. Supt, Charles Bliven.

Berryville, Clarke Co., population 1,800; mercantile buildings, brick, stone and wood 1½ to 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 chemical extinguishers, 1 hook and ladder truck and bucket brigade.

WATER SUPPLY—Source, impounding reservoir; system, gravity; reservoir cap 50,000 gals; 30 hydrants; pipe 4 miles, 4 to 6 in dia; pressure 85 to 90 pounds; works owned by company; cost to construct \$43,000. Pres, Geo. C. Thomas; secy and treas, Thos. S. Thompson. (Works not yet completed.)

Big Stone Gap, Wise Co., population 2,484.

WATER SUPPLY—Source, Powell's river; system, gravity; 30 hydrants; pipe 14 miles; 12 valves; 100 taps; pressure, domestic 180, fire 180 pounds; works in hands of receiver; cost to construct \$72,000; ann expenses \$1,000. Supt, J. L. Jennings.

Blackstone, Nottoway Co., population 1,500. Fire department—1 hook and ladder truck; hose, good 500 ft; total membership volunteers. Chief engineer, H. G. Chambitt.

WATER SUPPLY—Source, wells and cisterns.

Bristol, Washington Co. (Bristol, Tenn., P. O.), population 2,902; fire area 1½ miles sq; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits. Fire department—1 hook and ladder truck, 2 hose carriages, 1 hose wagon, tools; hose, cotton good 1,000 ft; total membership 40, volunteers; bell alarm. Chief, B. Pile.

WATER SUPPLY—Source not given; system, gravity.

Buchanan, Botetourt Co., population 5,867; mercantile buildings, brick and wood, 1 to 2½ stories; private, wood, 2 stories. Fire department not reported.

WATER SUPPLY—Source, James river; system, pumping to standpipe; standpipe cap 50,000 gals; pumping engines, dy cap 50,000 gals; 20 hydrants; pipe 1 3-4 miles; quality of water good; pressure, domestic 100, fire 130 pounds; works owned by company; cost to construct \$75,000. Secy and treas, J. M. Miller.

Buena Vista, Rockbridge Co., population 3,500; fire area 1,200 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of

fire investigated. Fire department—1 hose carriage; hose, cotton good 1,000 ft; 2 horses, value \$500; value of fire department equipment \$1,500; value of buildings occupied \$2,000; total ann expenses of department \$300; total membership 34, volunteers; bell alarm. Chief engineer, Thos. D. Baile.

WATER SUPPLY—Source, mountain streams; system, gravity; 2 reservoirs, cap 20,000 and 250,000 gals; stream cap 850,000 gals; 33 hydrants; pipe 13 miles, 1 to 8 in dia; 25 valves; pressure 90 pounds; waterworks owned by city; original cost to construct \$40,000; ann expenses \$350 to \$750. Supt, J. E. Meem.

Charlottesville, Albemarle Co., population 5,681; fire area 4 miles; mercantile buildings, brick, 3 stories; private, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 3 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kind, 2 hose wagons; hose, rubber good 2,500 ft; 4 horses; value of fire department equipment \$10,000; value of buildings occupied \$1,000; total ann expenses of department \$100; total membership 50, volunteers; bell alarm. Chief, T. I. Williams.

WATER SUPPLY—Source, surface water and springs; system, gravity; reservoir cap 128,000,000 gals; 97 hydrants; pipe 16 miles, 12 to 4 in dia; 39 valves; 850 taps; pressure, domestic 100 pounds, fire same; works owned by city; cost to construct \$115,000; ann expenses \$1,500. Supt, Ellis F. Harris.

Chase City, Mecklenburg Co., population about 1,100; fire area 15 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—3 hook and ladder companies, well equipped with ladders, buckets and hooks; membership 27, all volunteers.

WATER SUPPLY—Source, wells.

Chatham, Pittsylvania Co., population 757; fire area 1 mile in circumference; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. No fire department.

WATER SUPPLY—Source, springs; system, gravity; dy cap 200,000 gals; waterworks owned by town. Clerk, Chas. A. Holt.

Clifton Forge, Allegheny Co., population 4,000; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, cotton good 800 ft; value of fire department equipment \$1,000; value of buildings occupied \$1,200; expenses for past year \$300; total membership 35, all volunteers; electric whistle alarm. Chief, J. H. Baker.

WATER SUPPLY—Source, Smith creek; system, pumping to reservoir, cap 300,000 gals; pumps, dy cap 400,000 gals; 225 hydrants; pipe 4 miles; pressure, domestic 20, fire 65 pounds; waterworks owned by company; cost to construct \$44,000, cost to date \$51,000; ann expenses \$2,000. Supt, Geo. N. Montgomery.

Covington, Allegheny Co., population 1,500; fire area 250 acres; mercantile buildings, wood and brick, 2 stories; private, brick and wood, 2 stories; fireworks ordinance. Fire department—2 hose carriages; hose, cotton rubber lined good 600 ft; 16 volunteer members. Chief, S. B. Kerr.

WATER SUPPLY—Source, spring, 2 miles north of town; system, gravity; reservoir cap 300,000 gals; pumping engines, dy cap 500,000 gals; 15 hydrants; pipe 6 miles, 3, 4, 6 in dia; 25 valves; 4 meters; 150 taps; pressure, domestic 60 pounds, fire same; works owned by company; cost to construct to date \$15,000; ann expenses \$500. Pres, C. M. Nettleton.

Culpepper, Culpepper Co., population 1,800. Fire department—1 hand engine, 1 hook and ladder truck; hose, 330 ft; value of fire department equipment \$400; total ann expenses of department \$225.

WATER SUPPLY—Source, wells and cisterns. Town clerk, W. J. Shotwell.

Danville, Pittsylvania Co., population 12,000; fire area 4 sq miles; mercantile buildings, brick, 2 to 4 stories; private, wood, brick and stone, 2 and 3 stories; wooden roofs permitted to some extent; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose car-

riages, 1 supply wagon; hose, cotton good 3,500 ft., poor 1,500 ft.; 6 horses, value \$1,400; value of fire department equipment \$10,000; value of buildings occupied \$5,000; total ann expenses of department \$6,000; total membership 21, paid full time 5, paid part time 16; telegraph alarm; 14 street boxes. Chief engineer, N. F. Reid.

WATER SUPPLY—Source, Dan river; system, pumping to reservoir and direct; reservoir cap 5,500,000 gals; pumping engines, dy cap one of 1,500,000 and one of 1,000,000 gals; 94 hydrants; pipe 12½ miles, 3 to 24 in dia; 828 meters; pressure 65 pounds; waterworks owned by city; ann expenses \$10,000. Supt. O. A. Ballou.

Farmville, Prince Edward Co., population 2,404; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 2 dozen buckets; hose, rubber good 700 ft; value of fire department equipment \$1,000; value of 2 buildings occupied \$3,600; total ann expenses of department \$500; membership 2, paid; bell alarm. (2 hose reels and hook and ladder contemplated.) Chief, Geo. Robeson.

WATER SUPPLY—Source, wells; 11 cisterns. Mayor, O. T. Wicker. (Works to be completed April 1895 will be built.)

Fredericksburg, Spotsylvania Co., population 4,528; mercantile buildings, brick, 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose reels; value of fire department equipment \$4,250; 1 building owned; total membership 33, volunteers. Chief, M. H. McCracken.

WATER SUPPLY—Source, Rappahannock river; system, pumping to reservoirs; supply reservoir cap 4,000,000 gals; receiving reservoir cap 4,500,000 gals; pumping engines, dy cap 400,000 gals; 64 hydrants; pipe 1½ miles, 2 to 8 in dia; 39 valves; 2 meters; pressure, domestic 56, fire 100 pounds; waterworks owned by city; cost to construct \$30,000; ann expenses \$3,500. Supt. S. J. Quinn.

Front Royal, Warren Co., population 1,500; fire area 75 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,700 ft; value of fire department equipment \$3,000; value of buildings \$2,000; total membership 80, volunteers; bell alarm. Foreman, W. P. King.

WATER SUPPLY—Source, mountain streams; system, gravity; reservoir cap 5,000,000 gals; hydrants 23; pipe about 6 miles, 10 to 4 in dia; 40 valves; 60 taps; pressure 125 to 130 pounds; works owned by company; cost \$29,000. Pres, H. L. Cook.

Glasgow, Rockbridge Co., population estimated 1,000.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 3,000,000 gals; 12 hydrants; pipe 5½ miles, 2 in dia; pressure, domestic 80 pounds; cost to construct \$15,000. Pres, F. Lee; secy, T. Williams.

Gordonsville, Orange Co., population 962; buildings, wood and brick, 2 stories; tin roofs; fireworks ordinance. Fire department—1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$700; value of buildings occupied \$200; total membership 25, volunteers; bell alarm. Chief engineer, R. H. Stratton.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 750,000 gals; hydrants 18; pipe 2 miles, 8 and 6 in dia; valves; pressure 50 pounds; works owned by city; cost to construct \$11,000; ann expenses \$280. Supt, W. H. Porter.

Goshen, Rockbridge Co. Fire department not reported.

WATER SUPPLY—Source, Mill creek; system, pumping to tank, cap 28,000 gals; pumping engines, dy cap 78,000 gals; 1 hydrant; pipe ¾ mile, 8 and 4 in dia; 3 valves; pressure, domestic 30, fire same pounds; waterworks owned by company; original cost to construct \$5,050; expenses of construction to date \$5,550; ann expenses \$500. Pres, Cal R. P. Chew.

Hampton, Elizabeth City Co., population 5,000; fire area 1 mile; buildings, brick and wood, 2 stories; wooden roofs not permitted in business

part of town; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft; 3 horses, value \$500; value of fire department equipment \$8,000; value of buildings occupied \$3,000; expenses for past year \$1,300; total membership 70, volunteers; electric alarm. Chief engineer, W. J. Weymouth.

WATER SUPPLY—Source, bay and 6 cisterns. Town clerk, L. L. Jones.

Harrisonburg, Rockington Co., population 2,792; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines (not used), 1 hook and ladder truck, 5 hose carts; hose, rubber good 2,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,000; total membership 200, volunteers; bell and whistle alarm.

WATER SUPPLY—Source, artesian wells; system, pumping direct and to reservoir; reservoir cap 1,000,000 gals; pumping engines, dy cap 144,000 gals; 36 hydrants; pipe 5 miles, 3 to 8 in dia; 19 valves; 4 meters; 300 taps; pressure 55 pounds; waterworks owned by city; cost to construct \$25,000; ann expenses \$1,400. Supt, W. H. Bowman.

Leesburg, Loudon Co., population 1,800; fire area 400 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 2 hose carriages, all kinds, ladders; hose, rubber 900 ft; value of fire department equipment \$600; total ann expenses of department \$425; total membership 48, volunteer members 24; bell alarm. Chief engineer, S. W. Morris.

WATER SUPPLY—Source, Rock springs; system, gravity; cisterns, hydrants; pipe 4 miles; waterworks owned by village; cost to construct \$18,000; ann expenses \$200. Pres, W. J. Harrison.

Lexington, Rockbridge Co., population 3,059; fire area 40 acres; buildings, brick, iron, stone and wood, 2 and 3 stories; metal and slate roofs; fireworks ordinance; causes of fire investigated. Fire department—59 private chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,000 ft, inferior 100 ft; value of fire department equipment \$1,500; value of buildings occupied \$1,000; total ann expenses of department \$100; membership 35; bell alarm. Chief engineer, Chas. Pole.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 2,500,000 gals; 27 hydrants; pipe 6 miles, 4 to 3 in dia; 5 meters; pressure, domestic 60, fire 140 pounds; waterworks owned by town; cost to construct \$60,000; ann expenses \$600. Supt, Jos. B. Holmes.

Luray, Page Co., population 3,000; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. No fire department; fire ladders.

WATER SUPPLY—Source, wells and cisterns. (Waterworks contemplated.)

Lynchburg, Campbell Co., population 19,709; fire area 1,200 acres; mercantile buildings, brick, 3 to 5 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted in some localities; fireworks ordinance. Fire department—2 steam fire engines, 10 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 4 hose wagons; hose, cotton good 5,000 ft, inferior 600 ft; 13 horses, value \$2,600; value of fire department equipment \$27,748; value of buildings occupied \$10,000; total ann expenses of department \$20,000; total membership 29, paid full time; Gaineswell alarm; 32 street boxes. Chief, Alex. Thurman.

WATER SUPPLY—Source, James river; system, pumping to reservoirs; 2 reservoirs 4,000,000 and 4,500,000 gals each; pumping engines, dy cap 9,000,000 gals; 172 hydrants; pipe 22 miles, 4 to 18 in dia; 210 valves; meters 21; pressure 90 to 140 pounds; waterworks owned by city; cost to construct \$225,000; ann expenses \$10,000. Chairman of com, W. D. Adams; supt, J. B. Page.

Manchester, Chesterfield Co., population 12,000; fire area 500 acres; mercantile buildings, brick, iron, stone and wood, 2 and 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 6 hand reels; hose, new 2,500 ft, inferior 800 ft; value of fire department equipment \$5,000.

value of building occupied \$5,000; total ann expenses of department \$2,000; total membership 26, paid part time 20, volunteers 6. Chief engineer, A. J. Gallagher.

WATER SUPPLY—Source, James river; system, pumping to standpipe, cap 123,000 gals; pumping engines, dy cap 1,750,000 gals; 67 hydrants; pipe 13 miles, 4 to 12 in dia; 48 valves; 10 meters; 687 taps; pressure 75 pounds; Edison pressure recording gauge; waterworks owned by company; cost to construct to date \$107,000. Pres, Wm. H. White; supt, H. S. Bradley.

Marion Smythe Co., population 3,500; fire area 75 miles; build g, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 300 ft, rubber good 300 ft, leather good 300 ft; value of equipment \$1,200; membership 24, volunteers; bell alarm. Chief, E. J. Hailer.

WATER SUPPLY—Source, springs; system, gravity; 16 hydrants; pipe 3½ miles, 6 in dia; 8 valves; pressure 60 pounds; waterworks owned by town; cost to construct \$12,000; ann expenses \$100. Supt, W. T. Dickey.

Martinsville, Henry Co., population 3,000; fire area 364 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department equipment about to be contracted for. Chief, Col. O. B. Bryant.

WATER SUPPLY—Source, Jones' creek; system, pumping to standpipe; standpipe cap 200,000 gals; dy cap 500,000 gals; 32 hydrants; pipe 4 miles, 8 to 4 in dia; 4 valves; pressure, domestic 120, fire 120 pounds; waterworks owned by city; original cost to construct \$25,000. Pres, W. R. Nunn.

Middletown, Frederick Co., population 500; fire area 100 acres; mercantile buildings, wood, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, hooks and ladders; value of fire department equipment \$75; value of buildings occupied \$75; total membership 20, volunteers. Capt, John W. Wiley.

Newport News, Warwick Co., population 8,000; fire area 200 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 5 hose carriages, all kinds; hose, rubber good 2,400 ft, inferior 100 ft; 2 hoses, value \$500; value of fire department equipment \$8,000; value of buildings occupied \$800; total ann expenses of department \$1,500; total membership 110, paid full time 1, paid part time 3, volunteer members 59; electric alarm system; 10 street boxes. Chief engineer, J. E. Williams.

WATER SUPPLY—Source, 2 creeks supplied by springs; system, pumping from reservoir to standpipe, also direct; reservoir cap 370,000,000 gals; standpipe cap 160,000 gals; pumping engines, dy cap 3,000,000 gals; 150 hydrants; pipe 24 miles, 6 to 12, main 18 in dia; 125 valves; 6 meters; quality of water pure; pressure, domestic 50, fire 50 to 100 pounds; waterworks owned by company. Pres of com, C. Borecutt; supt, L. B. Manville.

Norfolk, Norfolk Co., population about 40,000; fire area 3,000 acres; mercantile buildings, brick, 2 to 6 stories; private, brick and wood, 2 to 4 stories; wooden roofs not permitted in fire limits; no fireworks ordinance; causes of fire investigated. Fire department—5 new steam fire engines (3 old), 4 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 5 hose carriages, 1 hose wagon; hose, rubber, good 3,500 ft, inferior 300 ft; 17 hoses, value \$4,200; value of fire department equipment \$36,000; value of buildings occupied \$20,000; total ann expenses of department \$22,000; total membership 78, paid full time 21, paid part time 39, volunteers 16; Gamewell alarm; 22 street boxes; 4 fire companies. Chief, Thos. Kevill.

WATER SUPPLY—Source, lakes; system, direct pumping; pumping engines, dy cap 25,000,000 gals; cap of settling reservoir 10,000,000 gals; 148 hydrants; pipe 35 miles, 4 to 24 in dia; 350 valves; 120 meters; pressure, domestic 35, fire 60 pounds; waterworks owned by city; cost to construct \$500,000, to date \$682,500; ann expenses \$24,000. Supt, Herbert L. Smith.

Old Point and Fortress Monroe, Elizabeth Co. Fire department—4 hose carriages; hose, rubber good 2,000 ft; total membership 300, volunteers.

WATER SUPPLY—Source, drive wells points; system, pumping to tank, cap 58,000 gals; pumping engines, dy cap 200,000 gals; 40 hydrants; pipe 11-4 miles, 6 in dia; pressure, fire 25 pounds; waterworks owned by U. S. Govt; cost to construct to date \$45,000. Supt, Capt. Jno. W. Pullman.

Petersburg, Dinwiddie Co., population 25,000; fire area 6,700 acres; mercantile buildings, brick and wood, 3 and 4 stories; private, wood and brick, 3 and 4 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 3 hose carriages, 1 hose wagon, 1 hose, rubber good 2,000 ft, cotton good 1,900 ft; 8 hoses, value \$1,600; value of fire department equipment \$32,000; value of buildings occupied \$20,000; ann expenses \$13,410; total membership 24, paid full time 12, part time 12; Gamewell alarm; 21 street boxes. Chief engineer, R. V. Farley.

WATER SUPPLY—Source, brook; system, pumping to high reservoir; upper reservoir cap 5,338,950 gals; collecting reservoir cap 23,400,000 gals; pumping engines, dy cap 2,400,000 gals; 125 hydrants; pipe 12.04 miles, 4 to 15 in; 1,000 taps; 35 valves; pressure 15 to 40 pounds; waterworks owned by city; original cost to construct \$150,000; expenses of construction to date \$200,000; ann expenses \$9,000. Supt, Edward Whyte. (Improvements to cost \$80,000 will be made.)

Portsmouth, Norfolk Co., population 13,268. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 3,000 ft; 6 hoses; total membership 208, paid full time 3, volunteers 200; bell alarm. Chief engineer, W. T. Robinson.

WATER SUPPLY—Source, Lake Kilby; system, pumping to reservoir, cap 1,000,000 gals; pumping engines, dy cap 2,000,000 gals; 101 hydrants; pipe 40 miles, 4 to 14 in dia; 46 valves; 21 meters; pressure 35 to 40 pounds; waterworks owned by company. Pres, J. R. Plante; supt, G. H. Coleman.

Pulaski City, Pulaski Co., population 4,000; fire area 1,000 acres; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; tin roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages, 2 hose wagons; hose, inferior 500 ft, linen good 650 ft; value of fire department equipment \$1,000; value of buildings occupied \$2,000; total ann expenses of department \$575; total membership 23, volunteers; bell alarm. Chief engineer, M. F. Kunkle; chairman of fire com, Ch. Teaney.

WATER SUPPLY—Source, 4 artesian wells; system, pumping to standpipe; standpipe cap 253,000 gals; pumping engines, dy cap 1,000,000 gals; 60 hydrants; pipe 10 miles, 4 to 12 in dia; 35 valves; 100 meters; 118 taps; pressure, domestic 90 pounds, fire same; waterworks owned by company; original cost to construct \$50,000. Supt, F. W. Halsey.

Radford, Montgomery Co., population 5,000; fire area 4,000 acres; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 hose carriages; hose, cotton new 500 ft; value of fire department equipment \$1,000; membership 25, volunteers. Chief, W. J. Kenedine.

WATER SUPPLY—Source, Connelly's branch of New river; system, pumping to reservoir, thence to standpipe; standpipe cap 183,589 gals; pumping engines, dy cap 1,000,000 gals; pipe 7½ miles, 12 to 4 in dia; works owned by company.

Richlands, Taswell Co., population 700; fire area 250 acres; buildings, stone, brick and wood, 3 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage, axes, buckets, etc; hose, cotton good 400 ft; value of fire department equipment \$300; value of buildings occupied \$400; ann expenses \$50; membership 25, volunteers. Chief, Jerry Cotter.

WATER SUPPLY—Source, Clinch river; system, pumping to standpipe, cap 280,000 gals; pumping

engines, dy cap 1,000,000 gals; 35 hydrants; pipe 3 1-8 miles, 16 to 4 in dia; 20 valves; 105 taps; pressure, domestic 80, fire 125 pounds; works owned by company; cost to construct \$45,000; ann expenses \$1,000. Pres, G. R. Dunn; supt, E. Edlison.

Richmond, Henrico Co., population 100,000; fire area 21,000 acres; mercantile buildings, brick, stone and wood, 2 to 6 stories; private, brick and wood, 2 to 4 stories; wooden roofs not permitted; fireworks ordinance. Fire department—9 steam fire engines, 3 chemical extinguishers, 3 hook and ladder trucks, 1 aerial truck, 2 hose carriages, 8 hose wagons, 3 supply wagons; hose, cotton good 18,000 ft; 40 horses, value \$5,000; value of fire department equipment \$75,000; value of buildings occupied \$90,000; total ann expenses of department \$77,000; total membership 131, paid full time 43, paid part 109; Gamewell alarm; 131 street boxes. Chief engineer, W. G. Puller.

WATER SUPPLY—Source, James river; system, pumping to reservoir; reservoir cap 52,000,000 gals; pumping engines, dy cap 24,000,000 gals; 515 hydrants; pipe 78 1/2 miles, 2 to 30 in dia; 165 meters; pressure average 30 to 43 pounds; fire engine service; waterworks owned by city; cost to construct \$2,000,000; ann expenses \$35,892. Supt, Chas. E. Bolling.

Roanoke, Roanoke Co., population 22,000; mercantile buildings, brick, 1 to 3 stories; private, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages, all kinds, 3 hose wagons, siamese couplings; hose, rubber good 6,000 ft, inferior 300 ft; 8 horses, value \$1,500; value of fire department equipment \$20,000 including alarm; value of buildings occupied \$19,000; total ann expenses of department \$5,000; total membership 184, paid full time 3, volunteers 131; Gamewell alarm; 81 street boxes. Chief engineer, J. J. Knepp.

WATER SUPPLY—Source, springs; system, pumping direct to and reservoir; reservoir cap 2,000,000 gals; pumping engines, dy cap 4,000,000 gals; 112 hydrants; pipe 48.4 miles, 4 to 16 in dia; 300 valves; 284 meters; 3,048 taps; pressure, domestic 45 to 90, fire same pounds; waterworks owned by company; cost to construct \$425,000; ann expenses \$22,000. Pres, F. J. Kimball; manager and engineer, J. C. Hawn.

Salem, Roanoke Co., population 3,500; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs condemned; fireworks ordinance. Fire department—1 hand engine, 2 hose carriages, hooks, ladders and axes; hose, cotton good 500 ft, inferior 500 ft; leather good 1,800 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,200; total membership 320, paid part time 8; bell alarm. Chief, T. R. Boon.

WATER SUPPLY—Source, springs; system, pumping to reservoir; reservoir cap 250,000 gals; pumping engines, dy cap 800,000 gals; 60 hydrants; pipe 9 miles; 2 meters; pressure 45 pounds; waterworks owned by town; cost to construct \$33,000; ann expenses \$567.70. Supt, T. L. Pickle.

Smithville, Charlotte Co., population 1,000; fire area 100 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—hooks, ladders and buckets; value of fire department equipment \$100. B. P. Eggleston.

WATER SUPPLY—Source, wells. Town clerk, B. R. Eggleston.

South Boston, Halifax Co., population 1,789; fire area 100 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 stationary steam fire engine at river, 100 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total membership 18, paid part time 8, volunteers 8; 1 hook and ladder company, 2 hose companies. Chief, E. N. Hardy.

WATER SUPPLY—Source, river and wells; system, pumping to standpipe; pumping engines, dy cap 250,000 gals; 13 double hydrants; 8 valves; pressure 80 pounds; cost to construct \$12,000.

Mayor, E. L. Evans; town clerk, R. S. Barbour.
Stanton, Augusta Co., population 12,000; fire area 70 acres; buildings, wood and brick, 3 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hose wagon with ladders, 1 hose reel; hose, rubber good 2,400 ft; value of fire department equipment \$2,000; value of buildings occupied \$4,000; total membership 18, paid full time; Gamewell alarm; 23 street boxes. Chief engineer, Thomas Kiolighan.

WATER SUPPLY—Source, springs; system, pumping direct to reservoir; reservoir cap 2,500,000 gals; pumping engines, dy cap 1,500,000 gals; hydrants 61; pipe 13 1/2 miles, 3 to 12 in dia; 32 valves; 4 meters; pressure 40 to 110 pounds; waterworks owned by city; cost to construct \$90,000; ann expenses \$4,000. Supt, J. A. Moore.

Suffolk, Nansemond Co., population 4,962; fire area 700 acres; mercantile buildings, brick, 1 and 2 stories; private, brick and wood, 2 stories; wooden roofs permitted in some parts of town; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 2,000 ft, cotton good 500 ft; 3 horses, value \$800; value of fire department equipment \$7,200; value of buildings occupied \$1,500; total ann expenses of department \$1,200; total membership 44, paid part time 4, volunteers 40; electric alarm; 11 street boxes. Chief, John F. Lotzla.

WATER SUPPLY—Source, lake; system, pump to standpipe, cap 100,000 gals; pumping engines, dy cap 4,000,000 gals; 42 hydrants; pipe 8 miles, 6 to 16 in dia; 12 meters. Supt, G. H. Coleman.

University of Va., Albemarle Co., population 600; fire area 40 acres; public buildings, brick, 2 and 4 stories; private, brick, 2 stories; wooden roofs not permitted near public buildings. Fire department—1 chemical extinguisher, 2 hose carriages, 1 extension ladder; hose, rubber good 500 ft; total membership 15, volunteers; Charlottesville department renders assistance when necessary; bell alarm. Chief, F. P. Dunnington.

WATER SUPPLY (see Charlottesville)—6 miles of pipe; pressure 60 pounds.

Vinton, Roanoke Co., population 1,057; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department not reported.

WATER SUPPLY—Source, springs and subsiding reservoir; system, pumping to standpipe, standpipe cap 300,000 gals; pumping engines, dy cap 500,000 gals; hydrants; pressure, domestic 125, fire 150 pounds; works owned by company; cost to construct \$32,000. Pres, W. S. Goech; supt, C. O. Dunn.

Warrenton, Fauquier Co., population 1,346; fire area 500 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 stories; slate and tin roofs; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages, hand grenades; hose, cotton good 500 ft, rubber inferior 200 ft; value of equipment \$800; total membership 24, volunteers; bell alarm. Chief engineer, D. P. Wood.

WATER SUPPLY—Source, springs; system, gravity; cap of reservoir 1,250,000 gals; 20 hydrants; pipe 4 1/2 miles, 8 in dia; valves 12; cost to construct \$23,000. Supt, J. W. Shirk.

West Point, King William Co., population 3,500; fire area 150 acres; buildings, wood, 2 stories; tin roofs. Fire department, property of R. R. company—1 steam fire engine, 1 chemical engine on wheels, 1 chemical extinguisher, 2 hose carriages; hose, linen good 4,000 ft, rubber good 150 ft; total membership 13, full paid; electric alarm. Chief, V. L. Hawkins.

WATER SUPPLY—Source, artesian wells and river. (Waterworks are contemplated.)

Winchester, Frederick Co., population 5,196; fire area 1 sq mile; buildings, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 3 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 12 hose carriages; hose, cotton good 1,000 ft, rubber good 3,000 ft, inferior 2,000 ft; leather inferior 1,500 ft; value of fire department equipment \$10,000; value of buildings occupied \$9,000; total ann expenses of department \$1,000; total membership 400, volunteers; bell alarm; 4

the companies. Chief engineer, Jas. W. Barr. **WATER SUPPLY**—Source, springs; system, gravity; 50 hydrants; pipe 8 miles; waterworks owned by town; ann expenses \$500. Supt, John H. Nulton.

Woodstock, Shenandoah Co., population 1,100; fire area 100 acres; buildings, brick and wood, 2 and 3 stories; shingle, tin and slate roofs used; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 250 ft, inferior 100 ft; total membership 50, volunteers.

WATER SUPPLY—Source, wells and cisterns.

Wytheville, Wythe Co., population 4,000;

buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 700 ft, leather good 800 ft; value of fire department equipment \$3,000; total ann expenses of department \$500; total membership 20, paid full time; bell alarm. Chief engineer, W. H. Neighbors.

WATER SUPPLY—Source, springs; system, gravity and pumping to reservoir; reservoir cap, 1,000,000 gals; pumping engines, 4; cap 400,000 gals; 48 hydrants; pipe $3\frac{1}{2}$ miles, 4 and 6 in dia; 11 valves 3 meters; pressure, domestic 85, fire 110 pounds; waterworks owned by city; cost to construct \$20,000. Supt, C. G. Oewel.

WASHINGTON.

Aberdeen, Chehalis Co., population 1,700; fire area $1\frac{1}{2}$ sq miles; mercantile buildings, brick and wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 600 ft, rubber good 1,600 ft, inferior 500 ft; value of fire department equipment \$4,600; value of buildings \$1,500; total ann expenses of department \$150; total membership 45, volunteers; telephone alarm; 3 fire companies, 1 hook and ladder company, 2 hose companies. Chief engineer, L. L. Maley.

WATER SUPPLY—Source, Spring brook; system, pumping direct; pumping engines, 4; cap 2,000,000 gals; 26 hydrants; pipe 5 miles, $1\frac{1}{2}$ to 12 in dia; 14 valves; pressure, domestic 50, fire 110 pounds; works owned by city; cost to construct \$60,000; ann expenses \$1,000. Supt, William Austin.

Anacortes, Skagit Co., population 1,500; fire area 200 acres; mercantile buildings, stone, brick and wood, 2 to 4 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, cotton good 1,850 ft, inferior 120 ft; value of fire department equipment \$8,000; value of buildings occupied \$12,000; total ann expenses of department \$1,250; total membership 54, volunteers; bell and telephone alarm. Chief engineer, P. Williams.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 305,300 gals; 7 hydrants; pipe $4\frac{1}{2}$ miles, 9 to 14 in dia; 9 valves; pressure 90 pounds; works owned by Oregon Improvement Co., cost to construct \$50,000. Supt, J. C. Philips.

Avon, Skagit Co., population 300; mercantile buildings, wood, 1 and 2 stories; private, wood, 1, $1\frac{1}{2}$ and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder company with apparatus, value about \$50.*

WATER SUPPLY—Source, wells and river.*

Ballard, King Co., population 1,173; mercantile buildings, brick and wood, 1 to 3 stories; private, brick and wood, 2 and $2\frac{1}{2}$ stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hose reels, 2 ladders; 1,500 ft of rubber hose; 50 volunteer members; electric bell alarm. Chief, Wm. L. Lake.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 500,000 gals; pipe 4 miles, 6 in dia; quality of water good; pressure 110 pounds; works owned by company; cost to construct \$60,000. Pres, W. R. Ballard; secy, C. DeCosta.*

Blaine, Whatcom Co., population 1,563; mercantile buildings, brick and wood, 20 to 40 ft; private, wood, 18 to 30 ft; wooden roofs permitted. Fire department—2 hose carriages; hose, rubber good 1,000 ft; value of equipment \$1,200; 32 volunteer members; bell alarm. Chief, Frank McCail.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 10,000,000 gals; hydrants 20; pipe 5 miles, 6 to 22 in dia; 10 valves; 50 taps; pressure average 40 pounds; works owned by company; cost to construct \$56,000; ann expenses \$600. Supt, J. S. Crelley.

Buckley, Pierce Co., Fire department—1 hose carriage; hose, good 750 ft; volunteer members 25; 1 hose company.

WATER SUPPLY—Source, not given; system, pumping to tank; tank cap 40,000 gals; pipe 6 and 4 in; pressure, domestic 25, fire 120 pounds.

Centralia, Lewis Co., population 2,028; fire area 1 sq mile; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine (not used), 3 hose carriages, 4 ladders, 25 buckets, 1 drag rope and hook; hose, cotton good 1,600 ft, rubber good 50 ft; value of fire department equipment \$7,000; value of buildings occupied \$1,000; total ann expenses of department \$1,000; bell alarm; 3 fire companies. Chief engineer, J. H. Whitney. (Hook and ladder truck in contemplation.*

WATER SUPPLY—Source, well on bank of Skookum Chook river; system, pump to reservoir; reservoir cap 1,250,000 gals; pumping engines, 4; cap 750,000 gals; 28 hydrants; pipe 6.8-10 miles, 10 to 4 in dia; 35 valves; 3 meters; 118 taps; pressure 100 pounds; works owned by company; cost to construct \$46,000; ann expenses \$1,500. Supt, A. A. Miller.

Chehalis, Lewis Co., population 2,600; fire area 200 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,400 ft, poor 100 ft; value of fire department equipment \$4,100; value of buildings occupied \$1,300; total ann expenses of department \$500; total membership 58, volunteers; bell alarm; 2 fire companies. Chief engineer, F. M. Lynch.

WATER SUPPLY—Source, river; system, pumping to reservoir, cap 625,000 gals; pumping engines, cap 40,000 gals per hour; 29 hydrants; pipe $8\frac{1}{2}$ miles, 8 to 4 in dia; 19 valves; pressure 75 to 85 ft; works owned by company; cost to construct \$54,000; ann expenses \$2,200. Pres, J. Clarish; supt, A. D. Sheldon.

Cheney, Spokane Co., population 647; mercantile buildings, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage, hose and ladders; hose, cotton good 800 ft; value of fire department equipment \$1,000; value of buildings occupied \$3,500; total ann expenses of department \$850; total membership 28, volunteers. Chief engineer, Ralph Hendricka.*

WATER SUPPLY—Source, lake; system, pumping to reservoir; reservoir cap 300,000 gals; pumping engines, 4; cap 12,000 gals per hour; 10 hydrants; pipe 5 miles, $2\frac{1}{2}$ to 8 in dia; 10 valves; pressure, domestic 80 pounds, fire same; works owned by company; cost to construct \$30,000, to date \$50,000; ann expenses \$2,500. Supt, S. G. Grubb.

Collfax, Whitman Co., population 2,500; fire area 22 acres; mercantile buildings, brick and stone, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; no fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 fuel cart; hose, rubber good 1,850 ft; value of fire department equipment \$5,800; value of buildings occupied \$3,250; total ann expenses of department \$440; total membership 80, volunteer members; bell alarm. Chief engineer, John Hutchison.

WATER SUPPLY—Source, well near river; system, pumping to reservoir; reservoir cap 550,000 gals; pumping engines, dy cap 1,000,000 gals; hydrants 47; pipe 4.98 miles, 10 to 4 in; tape 153; valves 40; pressure 40 to 90 pounds; waterworks owned by city; cost to construct \$53,000; ann expenses \$2,880. Supt, W. J. Roberts.

Coupeville, Island Co., population 513; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance.*

WATER SUPPLY—Source, springs; system, pumping to standpipe, cap 35,000 gals; pipe 1½ miles, 3 in dia; works owned by company; cost to construct \$5,000; ann expenses \$300. Pres, M. G. Gaston.*

Dayton, Columbia Co., population 2,500; fire area 640 acres; buildings, brick and wood, 1½ and 2 stories. Fire department—1 hook and ladder truck, 7 hose carriages; hose, rubber good 2,000 ft, inferior 1,000 ft, cotton good 2,000 ft; value of fire department equipment \$6,000; total ann expenses of department \$200; total membership 139, volunteers; bell alarm. Chief engineer, John Carr.

WATER SUPPLY—Source, springs; system, gravity; 8 hydrants; pipe 5 1-4 miles, 1 1-2 to 8 in dia; 32 valves; pressure 25 pounds; cost to construct \$25,000; ann expenses \$1,800. Supt, C. A. DeSausure.*

Elleensburg, Kittitas Co., population 3,000; fire area 600 acres; mercantile buildings, brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon, 1 fuel cart, swinging hames, etc.; hose, rubber good 2,500 ft, inferior 500 ft, cotton good 1,000 ft; 2 horses, value \$500; value of fire department equipment \$11,600; value of buildings occupied \$2,000; total ann expenses of department \$3,000; total membership 40, paid full time 3, volunteer members 40; bell alarm (electric contemplated). Chief engineer, Chas. M. Wallace.*

WATER SUPPLY—Source, Wilson creek; system, gravity; reservoirs cap 1,000,000 gals; storage ponds, cap 3,000,000 gals; 65 hydrants; pipe 7 miles, 12 to ¾ in dia; 6 meters; 125 taps; service pipe ¾ to 1-2 iron; pressure, domestic 65, fire 70 pounds; waterworks owned by company; original cost to construct \$60,000, cost to date \$65,000; ann expenses \$1,800. Supt, J. C. Hubbell.

Elmer, Chehalis Co., population 650; fire area 4 acres; mercantile buildings, wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 800 ft; value of fire department equipment \$800; total membership 20, all volunteers; bell alarm. Chief, J. R. O'Donnell.

WATER SUPPLY—Source, impounding reservoir; system, gravity; 8 hydrants; pipe 2 1-5 miles, 8 to 2½ in dia; quality of water good; pressure, domestic 20, fire 30 pounds; works owned by town; cost to construct \$12,000; ann expenses \$300.

Everett, Snohomish Co., population 6,000; fire area 1,620 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose, 600 ft. for engine, cotton good 1,960 ft; 2 horses, value \$400; value of equipment \$7,000; value of buildings occupied \$1,000; ann expenses \$1,900; total membership 36, paid full time 3, paid part time 32; telephone and whistle alarm. Chief engineer, J. A. Bone.

WATER SUPPLY—Source, reservoir fed by springs; system, pumping to reservoir; reservoir cap 5,000,000 gals; pumping engines, dy cap 2,200,000 gals; 14 hydrants; pipe 18 miles, 4 to 10 in; pressure, domestic 108 pounds, fire same; waterworks owned by company; cost to construct to date \$168,000. Pres, Henry Hemitt, Jr; supt, Geo. E. Montandon.

Fairhaven, Whatcom Co., population 3,000; fire area 1,000 acres; mercantile buildings, wood and brick, 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, rubber good 2,600 ft, inferior 400 ft; value of

fire department equipment \$7,000; value of buildings occupied \$10,000; total ann expenses of department \$1,000; total membership 30, paid full time 2, paid part time 28; bell alarm. Chief engineer, C. W. McKinzie.

WATER SUPPLY—Source, Lake Padden; system, gravity; reservoir cap 2,000,000,000 gals; 40 hydrants; pipe 19 miles, 12 to 4 in; 460 taps; 50 valves; pressure, domestic 81, fire 140 pounds; waterworks owned by company; expenses of construction to date \$112,000; ann expenses \$3,033. Supt, T. W. Gillette.

Goldendale, Klickitat Co., population 1,000; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage, other apparatus, ladders, buckets, hooks, etc; hose, rubber good 600 ft, inferior 400 ft; value of fire department equipment \$700; total membership 24, volunteers; bell alarm. Chief engineer, R. D. McCuey.

WATER SUPPLY—Source, spring; system, pumping to reservoir, cap 100,000 gals; pumping engines, dy cap 750,000 gals; 12 hydrants; pipe 3 miles, 6 in dia; pressure 95 pounds; works owned by town; cost to construct \$12,500. Town clerk, W. B. Prealey.*

Hogquiam, Chehalis Co., population 1,500; fire area 80 acres; mercantile buildings, wood, 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,400 ft, inferior 180 ft; value of fire department equipment \$6,000; value of buildings occupied \$1,000; total ann expenses of department \$233; total membership 65, volunteers; electric bell alarm. Chief engineer, S. S. Davis.

WATER SUPPLY—Source, springs; system, gravity and pumping direct; reservoir cap 50,000 gals; pumping engines, cap 25,000 gals in 10 hours; 9 hydrants; pipe 3 miles, 7 to 3 in; 156 taps; 4 valves; pressure, domestic 45, fire 45 pounds; waterworks owned by company; original cost to construct \$10,000; ann expenses \$1,200. Supt, Geo. H. Emerson.

La Conner, Skagit Co., population 600; fire area 20 acres; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 6 chemical extinguishers, 1 hook and ladder truck, other apparatus, 50 buckets; value of fire department equipment \$300; value of buildings occupied \$400; total membership 40, volunteers; triangle alarm. Captain, Edwin Wells.

WATER SUPPLY—Source, springs; system, gravity and pumping to distributing tank; tank cap 21,000 gals; pumping engines, cap 100,000 gals in 10 hours; pipe 4 miles, 6 to 2 in dia; 7 valves; 160 taps; works owned by company; cost to construct \$11,000; ann expenses \$540. Supt, H. L. Conner.

Medical Lake, Spokane Co., population 617; fire area 160 acres; mercantile buildings, wood, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 1 aerial truck, 2 hose carriages, 2 hose carts, buckets; hose, rubber good 1,000 ft, cotton good 500 ft; value of fire department equipment \$1,600; value of buildings occupied \$300; total membership 18, volunteers; bell alarm. Chief engineer, J. A. Campbell.

WATER SUPPLY—Source, reservoir; system, gravity; reservoir cap 600,000 gals; 17 hydrants; pipe 2½ miles, 4 to 6 in dia; 10 valves; 1 meter; 26 taps; pressure 34 pounds; works owned by city; cost to construct \$14,000; ann expenses \$1,200. Supt, J. W. Young.

Montesano, Chehalis Co., population 1,200; fire area 1 sq mile; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine on wheels, 1 hose carriage; hose, rubber good 1,200 ft; value of fire department equipment \$2,200; value of buildings occupied \$1,000; total membership 35; bell alarm. Chief engineer, E. R. Rabberson.

WATER SUPPLY—Source, mountain stream; system, gravity; reservoir cap 1,000,000 gals; 21 hydrants; pipe 3 miles, 8, 6, 4 in dia; 14 valves; 60 taps; pressure, domestic 75, fire 90 pounds; waterworks owned by company; original cost to

construct \$31,000; ann expenses \$700. Supt, A. C. LeRoy.

New Whatcom, Whatcom Co., population 4,050.

WATER SUPPLY—Source, Lake Whatcom; system, gravity; 40 hydrants; pipe 18 1-3 miles; quality of water pure; pressure 125 pounds; works owned by company. Supt and treas, M. L. Strangroom.*

North Yakima, Yakima Co., population 3,500; fire area 30 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 3,000 ft; value of fire department equipment \$10,000; value of buildings occupied \$7,500; total membership 60, volunteers; bell alarm. Chief engineer, Ed. Farmer.

WATER SUPPLY—Source, Natchez river; system, gravity; dy cap 3,000,000 gals; hydrants 29; pipe 6 miles, 14 to 4 in dia; 82 valves; pressure, domestic 35, fire 100 pounds; works owned by company. Supt, J. Sinsel.*

Olympia, Thurston Co., population 6,000; fire area 680 acres; mercantile buildings, brick and wood, 1 to 4 stories; private, wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 5 hose carts, 1 hose wagon; hose, cotton good 300 ft, inferior 200 ft, rubber good 4,000 ft, inferior 1,000 ft; 2 hoses, value \$800; value of fire department equipment \$10,000; value of buildings occupied \$30,000; total ann expenses of department \$18,600; total membership 64, paid full time 3, paid part time 20, volunteer members 41; Gamewell alarm; 11 street boxes; 4 fire companies. Chief engineer, S. L. McClellan.*

WATER SUPPLY—Source, Moxlie creek; system, pumping to reservoir and direct; reservoir cap 2,500,000 gals; pumping engines, dy cap 2,000,000 gals; 41 hydrants; pipe 22 miles, 14 to 4 in dia; 42 valves; 6 meters; 900 taps; pressure, domestic 40 to 115 pounds, fire same; works owned by company; cost to construct \$162,000, cost to date \$240,000; ann expenses \$5,000. Supt, W. F. Newell.

Orting, Pierce Co., population 715; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 chemical engine, 2 chemical extinguishers, 1 hook and ladder truck, 12 fire buckets; hose, rubber good 500 ft; value of equipment \$2,730; value of buildings occupied \$275; membership 12, volunteers; bell alarm. Chief, Wm. Colgrove.

WATER SUPPLY—Source, springs; system, gravity; reservoir, cap 18,000 gals; pipe 5 miles; pressure 80 pounds; cost to construct \$5,000; ann expenses \$200. Pres, F. E. Eldridge. For fire protection B. R. tank and mill.

Palouse, Whitman Co., population 1,400; fire area 60 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,600 ft; value of equipment \$2,500; buildings \$500; ann expenses \$120; 40 volunteer members. Chief, S. J. Thornton.

WATER SUPPLY—Source, Palouse river; system, pumping to reservoir; cap 130,000 gals; pumping engines, dy cap 288,000 gals; 19 hydrants; pipe 3 miles, 12 to 4 in; 15 valves; 110 taps; pressure, domestic 95, fire 95 to 110 pounds; works owned by village; cost to construct \$19,000; ann expenses \$1,800. Supt, Alex Warner.

Pomeroy, Garfield Co., population 1,200; fire area 7½ blocks; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,500 ft; value of fire department equipment \$2,500; value of buildings occupied \$750; total ann expenses of department \$100; total membership 50, volunteers; bell alarm. Chief engineer, F. J. Eisenbach.

WATER SUPPLY—Source, river; system, pump to reservoir; reservoir cap 200,000 gals, pumps, dy cap 60,000; 13 hydrants; pipe 1½ miles, 4 to 8 in dia;

quality of water good; pressure 60, fire 200; works owned by city; cost to construct \$10,000; ann expenses \$50. Supt, E. Burlingame.*

Port Angeles, Clallam Co., population 4,500; fire area 640 acres; mercantile buildings, wood, 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire not investigated. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,500; total membership 38, volunteers; bell alarm. Chief engineer, C. F. Merritt.

WATER SUPPLY—Source, mountain stream; system, gravity; reservoir cap 3,000,000 gals; 14 hydrants; pipe 8 miles, 12 to 2 in dia; 20 valves; 5 meters; pressure, domestic 85, fire 112 pounds; waterworks owned by company; original cost to construct \$75,000; ann expenses \$1,000. Supt, C. E. Mallette.

Port Townsend, Jefferson Co., population 3,500; fire area 10 acres; mercantile buildings, stone and brick, 3 stories; private, wood, 1½ stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 steam fire engines, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 1 hose wagon; hose, rubber good 2,800 ft, inferior 300 ft, cotton good 1,000 ft; 5 hoses, value \$1,450; value of fire department equipment \$18,000; value of buildings occupied \$12,000; total ann expenses of department \$7,000; total membership 40, paid full time 5, paid part time 35, volunteers; Gamewell alarm; 14 street boxes; 3 hose companies. Chief, D. H. Hill.

WATER SUPPLY—Source, wells; system, pump to reservoir, cap 300,000 gals; pumping engines, dy cap 300,000 gals; 15 hydrants; pipe 3 miles, 6 to 8 in dia; pressure 90 pounds; works owned by company. Supt, John H. Hill.

Pullman, Whitman Co., population 2,500; fire area 200 acres; mercantile buildings, brick, 1 to 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, rubber good 1,000 ft; value of fire department buildings \$8,000; total membership 44, volunteers; bell and whistle alarm. Chief, D. G. Burns.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir and direct; reservoir cap 438,000 gals; pumping engines, dy cap 500,000 gals; 31 hydrants; pipe 4½ miles, 8 to 4 in dia; 15 valves; 200 taps; pressure 120 pounds; works owned by city; cost to construct \$40,000. Supt, J. C. Zender.

Payallup, Pierce Co., population 2,500; fire area 500 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted in fire limits; no fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, cotton good 600 ft; value of fire department equipment \$1,500; total membership 60, volunteers; whistle alarm; 2 fire companies. Chief engineer, B. R. Barry.

WATER SUPPLY—Source, springs, 2 miles southwest of city; system, pumping to reservoir; reservoir cap 120,000 gals; pumping engines, dy cap 1,500,000 gals; 4 hydrants; pipe 10 miles, 12 to 1 in dia; 9 valves; 2 meters; pressure, domestic 65 pounds, fire same; works owned by company. Supt, F. R. Bradley.

Sealym, Kittitas Co., population 1,484.*
WATER SUPPLY—Source, springs; and 2 artesian wells; system, gravity and pumping to reservoir or direct; reservoir cap 1,200,000 gals; pumping engines, dy cap 80,000 gals in 10 hrs; 25 hydrants; pipe 1½ miles; 35 valves; pressure 55 pounds; 400 taps; works owned by city; cost to construct \$13,000, cost to date \$15,000; ann expenses \$350. Supt, L. F. McConihe.

Seattle, King Co., population 63,000; fire area 250 acres; mercantile buildings, brick and stone, 3 to 8 stories; private, wood, 2 to 4 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—6 steam fire engines, 3 chemical engines on wheels, 4 chemical extinguishers, 2 hook and ladder trucks, with 1 in reserve, 1 aerial truck, 3 hose carriages, all kinds, 6 hose wagons, 1 supply wagon, 1 fire boat; hose, cotton good 11,500 ft, rubber good 800 ft, inferior 1,500 ft; 35 hoses, value \$250 each; value of fire department equipment \$131,720.50; value of buildings occupied \$61,720.85; total ann ex-

expenses of department \$91,287; total membership 77, paid full time; Gamewell alarm; 51 street boxes; 5 engine companies, chemical 3; 2 hook and ladder companies. Chief engineer, A. B. Hunt. (1 engine and 5,000 ft hose, 10 more alarm boxes contemplated.)

WATER SUPPLY—Source, Lake Washington, 25 miles long, 3 miles wide; system, pumping to reservoir and direct; reservoir cap 4,500,000 gals; pumping engines, dy cap 10,000,000 gals; 425 hydrants; pipe 97 miles from 30 in dia down; 532 valves; 250 meters; 7,500 tape; pressure, domestic 75 to 130 pounds; fire same; works owned by city; cost to construct to date, \$1,015,171; ann expenses \$60,000. Supt, Robt. H. Calligan.

Snohomish, Snohomish Co., population 3,500; fire area 640 acres; mercantile buildings, brick and wood, 3 stories; private, wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 1,750 ft, inferior 250 ft, rubber good 950 ft, inferior 50 ft; 2 horses, value \$400; value of fire department equipment \$9,500; value of buildings occupied \$700; total ann expenses of department \$1,032; total membership 54, volunteer members; bell alarm; 3 hose companies. Chief engineer, E. M. Allen.

WATER SUPPLY—Source, Pitchook river; system, pumping to reservoir and direct; reservoir cap 500,000 gals; pumping engines, dy cap 1,000,000 gals; hydrants 53; pipe 6½ miles, 12 to 4 in dia; 31 valves; 213 tape; pressure, domestic 65, fire 150 pounds; waterworks owned by city; cost to construct \$43,890, cost to date, \$47,450; ann expenses \$4,305. Supt, Geo. W. Head.

Spokane, Spokane Co., population 30,000; fire area 9 sq miles; mercantile buildings, brick and stone, 3 to 7 stories; private, wood, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 3 chemical engines on wheels, 2 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 3 hose carriages, all kinds, 2 hose wagons, 2 buggies; hose, cotton good 7,000 ft, inferior 3,000 ft; 27 horses, value \$5,400; value of fire department equipment \$42,000; value of buildings occupied \$53,000; total ann expenses of department \$52,000; total membership 45, paid full time; electric alarm; 27 street boxes. Chief engineer, F. B. Winebrenner.

WATER SUPPLY—Source, Spokane river; system, pumping direct; pumping engines, dy cap 3,500,000 gals; 210 hydrants; pipe 217½ miles, 20 to 4 in dia; 280 valves; 80 meters; pressure, domestic 60, fire 113 pounds; waterworks owned by city; original cost to construct \$358,216; expenses of construction to date \$377,304; ann expenses \$12,000. Supt and pres Pub Wks, F. P. Weymouth.*

Sprague, Lincoln Co., population 2,500; mercantile buildings, wood, 2 stories; private, same; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,250 ft; value of equipment \$3,000; value of buildings occupied \$7,000; volunteer members 75; bell alarm. Chief, C. P. Noyard.

WATER SUPPLY—Source, well; system, pump to reservoir and direct; cap 100,000 gals; pumping engines, dy cap 800,000 gals; 28 hydrants; pipe 5 miles, 8, 6, 4 in dia; 8 valves; pressure 60 to 80 pounds; waterworks owned by city; cost to construct \$15,000; ann expenses \$3,000. Supt, W. A. Buckley.

Summer, Pierce Co., population 800; buildings, wood, 2 stories; wooden roofs permitted; no fire department.

WATER SUPPLY—Source, springs; system, gravity to and from reservoir; 2 hydrants; pipe 6

miles; quality of water good; works owned by company; cost to construct \$7,300. Supt, F. Swensen.*

Tacoma, Pierce Co., population 50,000; fire area 10,000 acres; mercantile buildings, brick, stone and wood, 1 to 7 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—6 steam fire engines, 3 chemical engines on wheels, 12 chemical extinguishers, 2 hook and ladder trucks, 1 aerial truck, 2 hose carriages, all kinds, 4 hose wagons, 1 supply wagon, 3 chiefs wagons; hose, cotton good 15,300 ft, rubber good 2,400 ft; 40 horses, value \$7,200; value of fire department equipment \$128,236; value of buildings occupied \$63,208; total ann expenses of department \$81,240; total membership 57, paid full time; Gamewell alarm; 44 street boxes. Chief engineer, H. M. Lillie.

WATER SUPPLY—Source, Clover creek, Spanaway lake and springs; system, gravity and pumping to standpipe; reservoir cap 2,000,000 gals; standpipe cap 500,000 gals; pumping engines, dy cap 9,000,000 gals; 285 hydrants; pipe 58 miles, 4 to 24 in dia; 250 meters; 1,400 tape; pressure 50 to 135 pounds; Edison pressure recording gauge; waterworks owned by city; cost to construct \$1,550,000. Supt, R. H. Lloyd.

Vancouver, Clark Co., population 6,500; fire area 1 sq mile; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 1 to 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, rubber good 1,500 ft, inferior 500 ft, cotton good 1,000 ft; 4 horses, value \$600; value of equipment \$7,000; value of buildings \$1,200; ann expenses \$3,351; membership 76, volunteers; bell alarm. Chief, Chas. W. Caples.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 325,000 gals. Supt, J. R. Winter. (Waterworks system contemplated.)

Watsburg, Walla Walla Co., population 1,200; fire area 10 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine (not used), 2 chemical extinguishers, 2 hose carriages, hooks and ladders; hose, cotton good 800 ft, rubber poor 400 ft; value of fire department equipment \$2,000; value of buildings occupied \$500; total membership 25, volunteers; bell alarm. Chief engineer, Chas. L. Smith.

WATER SUPPLY—Source, Copper creek; system, gravity; reservoir cap 450,000 gals; 25 double hydrants; pipe 6 miles, 4 to 8 in; 23 valves; 78 tape; pressure 70 pounds; works owned by city; cost to construct \$28,000. Supt, Geo. Brown.

Walla Walla, Walla Walla Co., population 8,000; fire area 17 squares; mercantile buildings, brick and iron, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 6 chemical extinguishers, 2 hook and ladder trucks, 6 hose carriages, 1 hose wagon, slamese couplings used; hose, rubber good 3,000 ft, inferior 1,000 ft, cotton good 300 ft; 3 horses, value \$400; value of fire department equipment \$18,000; value of buildings occupied \$30,000; total ann expenses of department \$8,523; total membership 120, paid full time, 4 volunteers 118; bell alarm; 3 fire companies. Chief engineer, Dr. Y. C. Blalock.

WATER SUPPLY—Source, springs; system, gravity; 2 collecting reservoirs, cap 2,000,000 gals; 52 hydrants; pipe 21 miles, 4 to 20 in dia; 51 valves; pressure 30 pounds; waterworks owned by company; cost to construct \$150,000; ann expenses \$5,000. Secy, H. H. Turner.

WEST VIRGINIA.

Bluefield, Mercer Co., population 5,000; fire area 100 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fire ordinance; and fire limits; causes of fire investigated. Fire department—2 hose carriages, all kinds; hose, linen good 1,200 ft; value of fire department equipment \$1,000; total ann expenses of department \$500; total membership 40; whistle alarm. Chief engineer, N. H. Smith.

WATER SUPPLY—Source, springs; system, gravity and pumping to tank; cap 258,000 gals; pumping engines, dy cap 1,271,600 gals; 15 hydrants; pipe 11 miles, 3 to 10 in dia; 25 valves; 7 meters; tape 350; pressure, domestic 70, fire 70 pounds; waterworks owned by company; original cost to construct \$28,000; expenses of construction to date \$80,000. Supt, Malcolm W. Byran.

Buckhannon, Upshur Co., population 2,600;

fire area 100 acres; mercantile buildings, wood, few brick, 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 10 ladders; value of fire department equipment \$400; value of buildings occupied \$50; total membership 50, volunteers; bell alarm. Chief, E. L. Day.

WATER SUPPLY—Source, wells.

Charleston, Kanawha Co., population 10,000; fire area 300 acres; mercantile buildings, wood, stone and brick, 2 and 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 8 hose carriages; hose, rubber good 1,500 ft, poor 1,000 ft; 3 horses; value \$135 each; value of fire department equipment \$10,000; value of buildings occupied \$2,000; ann expenses \$2,000; total membership 20, paid full time 3, part time 17; Gamewell alarm; 15 boxes. Chief, E. Callahan.

Water Supply—Source, Elk river; system, direct pumping; 2 pumping engines, dy cap 3,000, 000 gals; 60 hydrants; pipe 18 miles, 4 to 12 in dia; 140 valves; 50 meters; pressure, domestic 40 to 45, fire 80 pounds; waterworks owned by company; cost to construct \$38,000; ann expenses \$16,000. Pres, E. B. Knight; supt, Frank Woodman.

Charlestown, Jefferson Co., population 3,000; fire area 300 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood and brick, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,600 ft; value of fire department equipment \$3,500; value of buildings occupied \$1,500; expenses for past year \$250; membership 100, volunteers. Chief engineer, C. M. Hough.

Water Supply—Source, springs; system, gravity; standpipe cap 70,000 gals; pumping engines, dy cap 250,000 gals; 24 hydrants; 8 miles of pipe, 6 to 2 in dia; pressure, domestic 20 to 50 pounds; works owned by company; cost to construct \$30,000. Supt, B. C. Washington.

Clarksburgh, Harrison Co., population est 3,500; fire area 500 acres; mercantile buildings, stone and brick, 2 and 3 stories; private, wood, stone and brick, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 sets of ladders, 3 hose carriages; hose, linen good 2,500 ft, poor 100 ft; value of equipment \$2,500; value of buildings occupied \$100; total membership 60, volunteers; electric alarm. Capt, Hugh Callahan.

Water Supply—Source, West fork of Monongahela river; system, pumping to tanks; 2 tanks, cap 560,000 gals; 2 pumping engines, dy cap 500,000 gals; 51 hydrants; pipe 9 miles, 4 to 12 in dia; pressure 110 to 125 pounds; Edison pressure recording gauge; waterworks owned by town; cost to construct \$50,000; ann expenses \$1,100. Supt, W. R. Alexander.*

Fairmont, Marion Co., population 2,600; fire area 75 acres; mercantile buildings, brick and stone; 3 stories; private, stone, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 600 ft; bell alarm. Chief engineer, L. S. Fleming.

Water Supply—Source, Monongahela river; system, pumping to reservoir; reservoir cap 150,000 gals; pumping engines, dy cap 100,000 gals; pipe 6 to 3 in; taps 135; pressure, domestic 110 pounds, fire same; waterworks owned by city; original cost to construct \$20,000; ann expenses \$1,500. Supt, J. E. Morgan.

Hinton, Sumner Co., population 3,000; fire area 148 acres; mercantile buildings brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 600 ft; value of fire department equipment \$950; value of buildings occupied \$150; volunteer members 30; bell alarm. Fire com, F. E. Van Antwerp.

Water Supply—Source, Greenbrier river; system, pumping to reservoir; reservoir cap 977,250 gals; pumping engines, dy cap 600,000 gals; hydrants 37; pipe 5 15-100 miles, 4, 6 and 8 in; taps 304; valves 45; pressure 140 to 160 pounds; waterworks owned by company; original cost to con-

struct \$27,641; ann expenses \$3,406. Supt, F. R. Van Antwerp.

Huntington, Cabell Co., population 12,000; fire area 1,000 acres; mercantile buildings, stone and brick, 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 1 hose wagon, 1 Bangor extension ladder, slamese couplings used; hose, rubber good 2,800 ft, inferior 300 ft; 5 horses, value \$800; value of fire department equipment \$15,700; value of buildings occupied \$8,000; total ann expenses of department \$4,125; total membership 73, paid full time 3, paid part time 3; Gamewell alarm; 14 street boxes. Chief engineer, J. W. Boone.

Water Supply—Source, Cook well system bottom of Ohio river; system, direct pumping and to reservoir; reservoir cap 2,000,000 gals; pumping engines, dy cap 5,000,000 gals; 113 hydrants; pipe 13½ miles, 4 to 6 in dia; 40 valves; 5 meters; 1,070 taps; pressure 120 pounds; waterworks owned by company; cost to construct \$90,000. Supt, W. W. Adams.

Keyser, Mineral Co., population 2,165; mercantile buildings, brick and wood, 25 to 35 ft; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; no fire department; 1 hook and ladder truck, hand grenades, buck-ets.*

Water Supply—Source, large spring; system, gravity; reservoir cap 1,000,000 gals; hydrants 34; pipe 8 miles, 8 to 4 in; taps 75; valves 40; pressure 138 pounds; waterworks owned by city; original cost to construct \$40,000. Supt, M. H. Smith.

Martinsburg, Berkeley Co., population 7,226; fire area 640 acres; mercantile buildings, brick and wood, 3 stories; private, brick and wood, 2 and 3 stories; tin and slate roofs; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 1,000 ft, rubber 1,300 ft; value of fire department equipment \$7,500; total ann expenses of department \$500; total membership 100, volunteers; bell alarm. Chief engineer, Wm. Chime.

Water Supply—Source, springs; system, direct pumping; pumping engines, dy cap 1,500,000 gals; 60 hydrants; pipe 7 miles, 3 to 12 in dia; 47 valves; 800 taps; pressure, domestic 60, fire 80 pounds; waterworks owned by city; cost to construct \$80,000, cost to date \$90,000; ann expenses \$2,200. Supt, J. M. Shaffer.

Morgantown, Monongalia Co., population 1,011; fire area 50 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,150 ft, inferior 50 ft; value of fire department equipment \$2,000; total ann expenses of department \$350; total membership 23, paid full time 19, paid part time 4, volunteers; bell alarm. Chief marshal, J. R. Miller.

Water Supply—Source, river, wells, creek, mountain springs; system, gravity; 2 impounding reservoirs, cap 400,000 gals; 15 hydrants; pipe 13 miles, 6 and 4 in; valves 15; pressure 90 to 115 pounds; waterworks owned by company; cost to construct \$40,000; ann expenses \$1,000. Supt, E. M. Grant.

Parkersburg, Wood Co., population 10,000; buildings, stone, brick and wood, 2 to 4 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 100 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages; hose, cotton good 2,700 ft, rubber 800 ft; 2 horses; value of fire department equipment \$8,000; total membership 111, paid full time 2, paid part time 10, volunteers 100; Gamewell alarm; 14 street boxes. Chief engineer, J. F. Barrows.

Water Supply—Source, Ohio river; system, pumping to tanks; 2 tanks, cap 2,000,000 gals; pumping engines, dy cap 4,000,000 gals; 67 hydrants; pipe 14½ miles, 4 to 12 in dia; valves 200; 1,800 taps; pressure 60 to 100 pounds; waterworks owned by city; cost to construct \$100,000, cost to date \$125,426; ann expenses \$2,000. Supt, C. T. Bryan.

Piedmont, Mineral Co., population 2,236; fire area 150 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs

permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 2 hose carriages, all kinds; hose, rubber inferior 400 ft, linen good 600 ft; value of fire department equipment \$500; value of buildings occupied (city hall) \$36,000; total membership 30, volunteer members. Chief engineer, A. S. Hutson.

WATER SUPPLY—Source, Savage river; system, pumping to reservoir; reservoir cap 525,000 gals; 2 pumping engines, dy cap 1,500,000 gals; hydrants 30; pipe 4½ miles, 12 to 4 in; valves 30; pressure, 60 to 104 pounds; waterworks owned by city; original cost to construct \$40,000; ann expenses \$1,000. Supt, J. H. Bell.

Point Pleasant, Mason Co., population 3500; fire area 300 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs not permitted in business parts; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 1 hook and ladder truck; value of fire department equipment \$500; total membership 35, volunteers; bell alarm. Chief, C. F. Hess.

WATER SUPPLY—Source, wells and springs.

Havenswood, Jackson Co., population 817; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted. Chief, W. H. Gould.*

WATER SUPPLY—Source, Ohio river and cisterns. Town clerk, R. T. Wetzel.*

Homney, Hampshire Co., population 800; fire area 90 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—ladders, buckets and private hose. (Fire department contemplated.)

WATER SUPPLY—Source, mountain springs; system, gravity; 2 reservoirs, cap 75,000 gal; each; hydrants 158; pipe about 5 miles, ½ to 3 in dia; works owned by town; cost \$3,000, to date \$4,000; ann expenses \$200. Supt, J. H. Newhouse.

Bonecorte, Greenbrier Co., population 418; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose carriage, buckets; hose, cotton good 750 ft; value of fire department equipment \$3,000; total membership 40; whistle alarm. Chief foreman, E. C. Best.*

Ahnapee, Kewaunee Co., population 1,015; fire area radius 1 mile; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 private chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages; hose, rubber good 1,000 ft, inferior 500 ft; value of fire department equipment \$3,000; value of buildings occupied \$2,500; total membership 50, volunteers; bell alarm; 2 fire companies. Chief engineer, M. T. Parker.*

WATER SUPPLY—Source, lake, river and cisterns. City clerk, J. R. McDonald.

Albany, Green Co., population 1,380; fire area 6 blocks; mercantile buildings, brick, 2 stories; private, wood, 1½-2 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft, rubber inferior 300 ft; value of buildings occupied \$500; total membership 20, volunteers. Chief, J. F. Annis.*

WATER SUPPLY—Source, river.*

Alma, Buffalo Co., population 1,700; fire area 1 mile by 1-2 mile; buildings, stone, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carts, 1 hand pump; hose, rubber good 400 ft, cotton good 1,300 ft; value of equipment \$4,843.50; value of buildings occupied \$1,800; total expenses for past year \$250; membership 70, volunteers; bell alarm. Chief, C. F. Kreuzer.

WATER SUPPLY—Source, river.

Antigo, Langlade Co., population 4,424; fire area 1½ mile; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 5 hose carriages; hose, cotton good 500 ft, rubber good 1,500 ft, inferior 500 ft; value of fire department

WATER SUPPLY—Source, river.*

Shepherdstown, Jefferson Co., population 1,715; buildings, brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,350 ft; value of fire department equipment \$4,000; 1 building occupied; total membership 80, volunteers. Chief, Chas. Ferrell.

WATER SUPPLY—Source, wells, cisterns, streams.

Wellsburg, Brooke Co., population 2,250; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, linen good 1,000 ft, rubber good 800 ft, inferior 300 ft; membership 50, volunteers. Chief, W. Reeves.

WATER SUPPLY—Source, Ohio river; system, pumping to reservoir and direct; reservoir cap 300,000 gals; pumping engines, dy cap 1,000,000 gals; 26 hydrants; pipe 5½ miles, 3 to 10 in; 23 valves; pressure 100 pounds; waterworks owned by town; cost to construct \$25,000, to date \$30,000; ann expenses \$1,500. Supt, N. Nelson.

Wheeling, Ohio Co., population 45,000; fire area 23 miles; mercantile buildings, stone, and brick, 1 to 8 stories; private, brick and wood, 2 to 4 stories; wooden roofs permitted; no fireworks ordinance. Fire department—4 steam fire engines, 1 chemical engine on wheels, 18 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 2 hose wagons, 1 combination chemical and hose wagon; hose, cotton good 20,000 ft; 23 horses, value \$200 each; value of fire department equipment \$20,000; value of buildings occupied \$50,000; total ann expenses of department \$34,000; total membership 32, paid full time; Gamewell alarm; 54 street boxes; 8 engine companies, 1 hook and ladder company, 3 hose companies. Chief marshal, Frank J. Healy.

WATER SUPPLY—Source, Ohio river; system, pumping to reservoir and direct; reservoir cap 4,750,000 gals; 2 pumping engines, dy cap 7,500,000 gals each; 324 hydrants; pipe 36.8 miles, 3 to 30 in; pressure 60 to 106 pounds; waterworks owned by city; expenses of construction to date \$1,000,000 (estimated); ann expenses \$50,000. Supt, Geo. M. Varney.

WISCONSIN.

ment equipment \$5,000; total ann expenses of department \$500; total membership 24, volunteers; Gamewell alarm; 1 street box. Chief, W. B. Johns.*

WATER SUPPLY—Source, wells; system, pump to standpipe and direct; standpipe cap 150,000 gals; pumping engines, dy cap 1,500,000 gals; hydrants 60; pipe 5½-2 miles, 12 to 4 in dia; valves 21; 80 taps; pressure, domestic 40 to 50, fire 80 to 150 pounds; works owned by company; cost to construct \$95,000, to date \$70,000; ann expenses \$1,500. Supt, E. LaLonde.

Appleton, Outagamie Co., population 13,000; fire area 10 blocks; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 and 3 stories; shingle and tin roofs; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 3 hose carriages, 2 hose ladders; hose, rubber good 2,500 ft, inferior 100 ft; 6 horses, value \$1,600; value of fire department equipment \$15,000; value of buildings occupied \$8,500; total ann expenses of department \$13,000; total membership 22, paid full time 14, volunteers; Gaynor alarm; 27 street boxes. Chief, W. E. Klopfel.*

WATER SUPPLY—Source, Fox river and 3 artesian wells; system, direct pumping; 1 settling and 1 storage reservoir, cap 4,500,000 gals; pumping engines, dy cap 3,500,000 gals; 189 hydrants; pipe 19 miles, 6 to 16 in dia; 50 meters; pressure, domestic 45, fire 80 to 120 pounds; waterworks owned by company; cost to construct \$200,000. Supt, Abram Wing.

Arcadia, Trempealeau Co., population 1,100; fire area 200 acres; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 1 hose

carriage; hose, cotton good 500 ft; value of fire department equipment \$1,500; value of buildings occupied \$8,000; total membership 40, volunteers. Chief, Seth Putnam.

WATER SUPPLY—Source, wells.

Ashtland, Ashtland Co., population 16,000; mercantile buildings, brick, stone and wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 2 hose wagons; hose, cotton good 6,100 ft, rubber good 800 ft; 8 horses, value \$1,600; value of fire department equipment \$12,300; value of buildings occupied \$7,000; total ann expenses of department \$13,840; total membership 41, paid full time 11, volunteers 30; Gamewell alarm; 19 street boxes. Chief, Fred W. French.

WATER SUPPLY—Source, Lake Superior; system, direct pumping; pumping engines, dy cap 4,000,000 gals; 177 hydrants; pipe 22 miles, 6 to 24 in dia; 68 valves; 19 meters; pressure, domestic 60, fire 100 to 150 pounds; waterworks owned by company; cost to construct \$200,000; ann expenses \$9,000. Supt. J. I. Jones.

Augusta, Eau Claire Co., population 1,400; mercantile buildings, brick; private, wood; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 500 ft; value of fire department equipment \$1,000; value of buildings occupied \$400; total membership 38, volunteers; bell alarm. Chief engineer, O. A. Williams.

WATER SUPPLY—Source, pond and wells.

Baraboo, Sauk Co., population 4,605; fire area 15 acres; mercantile buildings, stone and brick, 2 stories; private, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,200 ft, rubber good 1,200 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total ann expenses of department \$700; total membership 30, volunteers, paid for services; bell alarm; 1 hook and ladder company, 2 hose companies. Chief, J. G. Seaman.

WATER SUPPLY—Source, springs; system, pumping to standpipe, cap 150,000 gals; pumping engines, dy cap 1,000,000 gals; 101 hydrants; pipe 10½ miles, valves 38; meters; 465 taps; pressure, domestic 105, fire 150 pounds; waterworks owned by company; cost to construct \$140,000; ann expenses \$3,600. Supt. J. H. Pouley.

Bayfield, Bayfield Co., population 3,000; fire area 200 acres; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,200 ft, poor 800 ft; value of fire department equipment \$2,000; value of buildings occupied \$3,000; total membership 16, volunteers, paid \$3 per fire; 2 triangles and bell alarm. Foreman, John Wilkinson.

WATER SUPPLY—Source, springs; system, gravity; cap of reservoirs 30,000,000 gals; 20 hydrants; pipe 5 miles, 4 to 10 in dia; pressure 25 to 60 pounds; waterworks owned by company; cost to construct \$10,000; ann expenses \$1,000. Supt. O. G. Bell. (Will spend \$15 or \$20,000 in improvements.)

Bay View, Milwaukee Co. (See Milwaukee.)

Beaver Dam, Dodge Co., population 4,222. Fire department—1 hand engine not used, 6 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,700 ft, inferior 100 ft; total membership 40, volunteers. Chief engineer, C. W. Harvey.

WATER SUPPLY—Source, 5 springs; system, pumping to standpipe and direct; 2 pumping engines, dy cap 1,000,000 gals each; 85 hydrants; pipe 8½ miles, 12 to 4 in; 393 taps; pressure 48 to 150 pounds; works owned by company; ann expenses \$3,500. Supt. F. E. Taylor.

Beloit, Rock Co., population 8,000; fire area 80 acres; mercantile buildings, stone and brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose cart, 1 hose wagon; hose, cotton good 3,000 ft; 4 horses, value \$400; value of fire department equipment \$3,500; value of buildings occupied \$3,000; total ann expenses of department

\$3,000; total membership 10, paid full time 3, paid part time 7; bell and Gamewell alarm; 19 street boxes. Fire marshal, O. F. Macy.

WATER SUPPLY—Source, springs and driven wells; system, pumping to standpipe and direct; standpipe cap 100,000 gals; pumping engines, dy cap 2,000,000 gals; 105 hydrants; pipe 13 miles, 4 to 16 in dia; valves 4; 100 meters; 600 taps; pressure, domestic 50, fire 100 pounds; waterworks owned by company; cost to construct \$125,000; ann expenses \$3,000. Secy and treas, C. B. Salmon.

Berlin, Green Lake Co., population 4,200; mercantile buildings, brick, 2 and 3 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 3 hand engines, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon, 2 small hand engines with hose; hose, cotton good 2000 ft, rubber good 500 ft; 2 horses; value of department equipment \$8,000; value of buildings occupied \$2,000; total ann expenses of department \$800; total membership 60, paid full time 4, volunteers; bell alarm; 2 engine companies, 1 hook and ladder company, 2 hose companies. Chief engineer, C. M. Boettge.*

WATER SUPPLY—Source, Fox river, wells and cisterns. City clerk, Henry Morman. (Waterworks will probably be put in this year.)

Black River Falls, Jackson Co., population 2,261; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—7 chemical extinguishers, 4 hose carriages, 1 hook and ladder truck; hose, cotton good 700 ft, rubber good 1,500 ft; value of fire department equipment \$3,500; value of buildings occupied \$3,500; total membership 40, volunteers; bell alarm. Chief, H. G. Mason.

WATER SUPPLY—Source, creek, filtered; system, pumping to standpipe, cap 150,000 gals; pumping engines, dy cap 500,000 gals; 14 hydrants; pipe 2½ miles, 10 to 4 in dia; 25 valves; 16 meters; pressure 100 pounds; waterworks owned by town; cost to construct \$27,000; ann expenses \$1,200. Supt. E. G. Greene.

Boscobel, Grant Co., population 1,692; fire area 800 acres; mercantile buildings, stone, 2½ and 3 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 chemical extinguisher, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,700 ft, rubber inferior 400; value of fire department equipment \$3,000; value of 2 buildings occupied \$2,000; total ann expenses of department \$400; total membership 120, volunteers; bell alarm. Chief John J. Ruks.

WATER SUPPLY—Source, river; 2 hydrants.*

Brodhead, Greene Co., population 1,461. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carts; hose, rubber 1,100 ft; total membership 60.*

WATER SUPPLY—Source, artesian well; system, pumping direct; 20 hydrants; pipe 2 miles, 4 to 8 in dia; works owned by city; cost to construct \$10,000.

Burlington, Racine Co., population 2,043; mercantile buildings, brick and stone, 2 stories; private, wood, brick and stone, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 400 ft, cotton good 1,900 ft; value of fire department equipment \$2,500; value of building occupied \$8,000; total ann expenses of department \$250; total membership 45, volunteers; bell alarm. Chief, Frank Rein.*

WATER SUPPLY—Source, artesian well; system, pumping to standpipe, cap 90,000 gals; pumping engines, dy cap 1,000,000 gals; 44 hydrants; pipe 6½ miles, 8 to 4 in dia; 20 valves; 45 meters; pressure 72 and 73 pounds; works owned by city; cost to construct \$38,000. Supt. W. Newbury.*

Cadott, Chippewa Co., population 889; fire area 3-4 miles sq; mercantile buildings, wood, ½ story; private, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 hook and ladder truck, 1 hose wagon; hose, cotton good 150 ft; value of fire department equipment \$850; value of buildings occupied \$300; total membership 30, volunteers; whistle alarm. Foreman, Clark Watson.

WATER SUPPLY—Source, 3 reservoirs, cap 500 bbls. Town clerk, Clark Watson.

Cassville, Grant Co., population 1,000; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hose carriage; hose, cotton good 300 ft; value of fire department equipment \$800; value of buildings occupied \$400; total membership 35, volunteers; bell alarm. Chief engineer, F. H. Beilharz.

WATER SUPPLY—Source, wells and cisterns.

Cedarburg, Ozaukee Co., population 1,361; fire area 800 acres; mercantile buildings, stone, brick and wood, 2 and 3 stories; private, stone, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft, rubber good 200 ft, inferior 300 ft, cotton rubber lined good 500 ft, linen rubber lined good 500 ft; value of fire department equipment \$5,400; value of buildings occupied \$1,000; total ann expenses of department \$2,500; total membership 57, volunteers; bell alarm. Foreman, E. G. Warthman.*

WATER SUPPLY—Source, creek and cisterns.*

Centralia, Wood Co., population 1,435; buildings, brick and wood, 2 stories. Fire department—1 chemical engine on wheels, 6 chemical extinguishers; hose, rubber inferior 200 ft; value of fire department equipment \$800; value of buildings occupied \$2,000; total membership 33; gong, alarm. Chief engineer, W. H. Carey.

WATER SUPPLY—Source, river. (Waterworks to cost \$16,000 will be built this year.)

Chilton, Calumet Co., population 1,424; mercantile buildings, brick, 2 stories; private, wood, 2 stories; tin roofs; no fireworks ordinance. Fire department—1 steam engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,000 ft, rubber good 1,200 ft; total membership 50; bell alarm. Chief engineer Henry Kerster.

WATER SUPPLY—Source, river and reservoir.

Chippewa Falls, Chippewa Co., population 8,670; mercantile buildings, brick, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 5 hose carriages, 1 hose wagon; hose, cotton good 3,000 ft, rubber good 2,000 ft; value of equipment \$15,000; value of buildings \$12,000; total membership 22, paid full time 6; Gamewell alarm; 16 street boxes. Chief engineer, A. Pierce.*

WATER SUPPLY—Source, springs; system, pumping to standpipe, cap 365,000 gals, and direct; pumping engines, dy cap 2,000,000 gals; 150 hydrants; pipe 18 miles, 6 to 12 in dia; 56 valves; 38 meters; 1,125 taps; pressure 40 to 75 pounds; waterworks owned by company; cost to construct \$150,000; ann expenses \$4,000. Supt, Edward Rohan.

Clintonville, Waupaca Co., population 2,000; fire area 640 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,800 ft; value of fire department equipment \$3,500; value of buildings occupied \$500; total membership 28, volunteers; bell alarm. Chief engineer, Chas. F. Schroeder.

Columbus, Columbia Co., population 2,000; fire area 13 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 supply cart; hose, cotton good 800 ft, rubber good 850 ft; value of fire department equipment \$6,500; total membership 75, volunteers; bell and telephone alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief, H. A. Lueders.

WATER SUPPLY—Source, river, artesian wells and cisterns.

Cumberland, Barron Co., population 1,400; fire area 250 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 1½ stories;

wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 300 ft, leather good 300 ft, inferior 200 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total ann expenses of department \$80; bell alarm.

WATER SUPPLY—Source, 4 cisterns, 3 tanks, 1 pump and lakes.

Darlington, Lafayette Co., population 1,600; fire area 30 acres; buildings, stone and brick, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft; value of equipment \$1,000; value of buildings occupied \$2,500; total membership 58, volunteers; bell alarm. Chief, Thomas Crow.

WATER SUPPLY—Source, spring; system, pumping to reservoir; reservoir cap 120,000 gals; pumping engines, dy cap 120,000 gals; 21 hydrants; pipe 3½ miles; 9 valves; 6 meters; 123 taps; pressure, domestic 70, fire 65 to 100 pounds; waterworks owned by town; cost to construct \$17,000; ann expenses \$700. Supt, J. H. Martin.

Delavan, Walworth Co., population 2,715; fire area 640 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,000 ft, inferior 50 ft, cotton good 1,200 ft; value of fire department equipment \$6,000; value of buildings occupied \$4,050; total ann expenses of department \$1,500; total membership 65, volunteers; 2 bell alarms. Chief engineer, Geo. H. Sturtevant. (Deaf and Dumb Institute, within the limits, has 600 ft hose and cart and organized company.)

WATER SUPPLY—Source, springs; system, pumping to tank; tank cap 50,000 gals; pumping engines, dy cap 750,000 gals; 38 hydrants; pipe 4½ miles, 8 to 4 in; 25 taps; 9 valves; pressure, domestic 50, fire 150 pounds; waterworks owned by city; original cost to construct \$25,000. Supt, M. D. Letterer.

De Pere, Brown Co., population 4,500; fire area 1,000 acres; mercantile buildings, brick, 1 and 2 stories; private, wood and brick, 2 stories; shingle and iron roofs; fireworks ordinance; causes of fire investigated. Fire department—3 steam fire engines, 1 hook and ladder truck, 3 hose carriages, slamese couplings used; hose, rubber good 2,000 ft, inferior 500 ft; value of fire department equipment \$7,500; value of buildings occupied \$4,000; total ann expenses of department \$2,400; total membership 30; bell and whistle alarm. Chief engineer, J. Cal.

WATER SUPPLY—Source, flowing artesian well; system, gravity; dy cap 2,000,000 gals; 24 hydrants; pipe 5 miles, 2 to 8 in dia; pressure 25 to 40 pounds; waterworks owned by company; cost to construct \$12,500, cost to date \$18,000. Supt, A. L. Gogery.

Dodgeville, Iowa Co., population 2,000; fire area 722 acres; mercantile buildings, stone, brick and wood, 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines combined with chemical engine, 8 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$2,500; value of buildings occupied \$5,500; total ann expenses of department \$250; total membership 80, volunteers; bell alarm. Chief engineer, J. W. Hooking.

WATER SUPPLY—Source, wells and cisterns.

Durand, Pepin Co., population 1,400; fire area 200 acres; mercantile buildings, wood, brick and stone, 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted in fire limits. Fire department—1 steam fire engine, 1 hook and ladder truck, 1 hose cart, 1 hose wagon; hose, rubber good 1,000 ft, inferior 200 ft; 2 hoses; value of fire department equipment \$4,000; value of buildings occupied \$3,000; total membership 35, paid part time 1, volunteer members 34; bell alarm. Chief engineer, E. W. Sabin.

Eagle River, Oneida Co., population 2,000. Fire department not reported.

WATER SUPPLY—Source, river; system, pumping direct; hydrants 14; pipe 2 miles, 8 in dia;

quality of water good; pressure, domestic 30, fire 30 pounds; waterworks owned by city; original cost to construct \$10,000; ann expenses \$5,000. Supt. A. McKimrie.*

Bau Claire, Bau Claire Co., population 22,000; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 and 3 stories; wooden roofs not permitted. Fire department—3 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 6 hose carriages, 2 hose wagons; hose, cotton good 2,000 ft, rubber good 5,000 ft; 15 horses, value \$3,000; value of fire department equipment \$16,400; value of buildings occupied \$19,000; total ann expenses of department \$21,000; total membership 28, paid full time 19, paid part time 7; Richmond alarm; 34 street boxes. Chief engineer, Geo. H. Daniels.

WATER SUPPLY—Source, springs and well; system, direct pumping; impounding reservoir, cap 15,000,000 gals; pumping engines, dy cap 8,000,000 gals; 346 hydrants; pipe 29½ miles, 4 to 20 in dia; 164 valves; 40 meters; 1,377 taps; pressure, domestic 70, fire 90 to 130 pounds; waterworks owned by company; cost to construct \$350,000; ann expenses \$10,000. Supt. W. H. Willard.

Edgerton, Rock Co., population 2,500; fire area 960 acres; buildings, brick and wood, 2 stories; tin and iron roofs; fireworks ordinance. Fire department—1 steam fire engine, 12 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,400 ft, inferior 100 ft; value of fire department equipment \$4,500; value of buildings occupied \$3,000; total ann expenses of department \$500; total membership 45, paid part time 1, volunteers; bell alarm. Foreman, G. W. Price.

WATER SUPPLY—Source, stream, ponds and creek.

Elkhorn, Walworth Co., population 1,447; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose cart; hose, 500 ft.

WATER SUPPLY—Source, wells and cisterns. Town clerk, J. F. Lyon.

Elroy, Langdale Co., population 2,000. Fire department not stated.*

WATER SUPPLY—Source, drilled wells; system, pumping to reservoir; pumping engines; 17 hydrants; pipe; pressure, domestic 60; waterworks owned by city; original cost to construct \$15,000; expenses of construction to date \$18,000; ann expenses \$2,000. Supt. I. S. Dunn.*

Evansville, Rock Co., population 1,600; fire area 600 acres; mercantile buildings, wood, brick and stone, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, siamese couplings used; hose, cotton good 1,000 ft, rubber good 900 ft, inferior 350 ft; value of fire department equipment \$4,500; value of buildings occupied \$7,000; total ann expenses of department \$400; total membership 70, volunteers, 8 paid for service; bell alarm; 2 engine companies, 1 hook and ladder company. Chief engineer, Hay Gillman.

WATER SUPPLY—Source, mill race, 6 cisterns and creek.

Florence, Florence Co., population 1,709; building, wood and brick, 1 to 3 stories. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 500 ft, inferior 300 ft, rubber good 1,200 ft; value of fire department equipment \$2,000; total membership 15, volunteers; whistle alarm. Chief, G. W. Kinnear.

WATER SUPPLY—Source, Lake; system, direct pumping; 2 pumping engines, dy cap 800,000 gals each; 22 hydrants; pipe 1½ miles, 6 and 4 in dia; 65 taps; pressure 45 to 150 pounds; works owned by town; cost to construct \$10,000, cost to date \$18,000; ann expenses \$1,650. Supt. G. A. Taff.

Fond du Lac, Fond du Lac Co., population 13,000; fire area 450 acres; mercantile buildings, brick and stone, 2 stories; private, wood, 2 stories; tin roofs; fireworks ordinance. Fire department—3 steam fire engines, 2 in reserve, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 6,000 ft, rubber inferior 200 ft; 9 horses, value \$1,700; value of fire department equipment \$18,000; value of buildings occupied \$23,000; total ann expenses of department

\$18,000; total membership 23, paid full time 10, paid part time 13; telephone and Gamewell alarm; 17 street boxes; 4 fire companies. Chief engineer, Peter J. Wikert.

WATER SUPPLY—Source, 5 wells; system, direct pumping; reservoir cap 2,500,000 gals; pumping engines, dy cap 6,000,000 gals; 171 hydrants, 7 private; pipe 16 miles, 4 to 14 in dia; 51 valves; 9 meters; pressure, domestic 40, fire 90 to 130 pounds; works owned by company; cost to construct \$135,000. Supt. W. H. Masson.

Fort Atkinson, Jefferson Co., population about 5,000; fire area 100 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; roofs iron; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 500 ft, inferior 500 ft, cotton good 500 ft, inferior 1,000 ft; 2 horses, hired; value of fire department equipment \$8,000; total ann expenses of department \$2,500; volunteer members 80, paid full time 1, paid part time 3; bell alarm. Chief engineer, A. D. Merriman.

WATER SUPPLY—Source, river; system, pumping direct; 9 hydrants; pipe 2,500 ft, 4 and 5 in; pressure, fire 150 pounds.

Fort Howard, Brown Co., population 4,754; fire area 40 miles; mercantile buildings, brick, 3 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hose carriages; hose, rubber good 1,800 ft, inferior 500 ft; value of fire department equipment \$8,000; value of 2 buildings occupied \$3,000; total ann expenses of department \$1,100; total membership 10, part paid; bell alarm. Chief engineer, A. L. Gray.*

WATER SUPPLY (see Green Bay)—74 hydrants; pipe 8 miles; pressure 60 to 80 pounds. Supt. W. K. Harrington.*

Fountain City, Buffalo Co., population 1,000; fire area 80 acres; mercantile buildings, brick and wood, 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 500 ft, cotton good 1,000 ft; value of department equipment \$4,500; val of buildings occupied \$3,000; total membership 60, volunteers; bell alarm; 3 fire companies, 1 engine company, 1 hook and ladder company, 1 hose company. Chief engineer, W. H. Schuster.

WATER SUPPLY—Source, river, fountains, wells and 2 cisterns, of 500 bbls cap each.

Galesville, Trempealeau Co., population 600; buildings, brick, stone and wood, 2 stories; wooden roofs permitted. Fire department—2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, linen good 500 ft, rubber good 100 ft, cotton good 300 ft; value of fire department equipment \$900; total membership 38, volunteers; bell alarm. Chief, Chas. Finn.

WATER SUPPLY—Source, lake; system, direct pumping; pumping engines, dy cap 450,000 gals; 15 hydrants; pipe 2,500 ft, 4 in dia; pressure 100 to 300 pounds; works owned by company; cost to construct \$4,000; ann expenses \$500. Supt. O. N. Sagen.

Glenwood, St. Croix Co., population 1,656; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 1 and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. No organized fire department.*

WATER SUPPLY—Source, creek; system, pumping direct; pumping engines, dy cap 2,500,000 gals; 27 hydrants; pipe 5 miles, 8 to 4 in dia; pressure, domestic 40, fire 125 pounds; works owned by town; cost to construct \$8,500. Chairman of com, H. J. Baldwin.*

Grand Rapids, Wood Co., population 2,000; fire area 1,000 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; shingle and metal roofs; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,000 ft, rubber good 600 ft; 2 horses, value \$400; value of fire department equipment \$9,000; value of buildings occupied \$15,000; total ann expenses of department \$1,500; total membership 22, volunteers, paid full time; Gamewell alarm; 10 street boxes. Chief engineer, I. E. Philcox.

WATER SUPPLY—Source, river, springs and 3 cisterns.

Green Bay, Brown Co., population 10,000; fire area 500 acres; mercantile buildings, brick, 3 and 4 stories; private, brick and wood, 1 and 2 stories; fireworks ordinance. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, all kinds, 1 supply wagon, 2 hose sleds; slamese couplings used; hose, rubber good 3,000 ft, cotton good 2,500 ft; value of fire department equipment \$14,000; value of buildings occupied \$14,000; total ann expenses of department \$16,000; membership paid full time 13; Gamewell alarm; 20 street boxes. Chief engineer, Wm. Kennedy.

WATER SUPPLY—Source, artesian wells; system, direct pumping; reservoir cap 1,000,000 gals; pumping engines, dy cap 8,500,000 gals; 264 hydrants; pipe 27 miles, 4 to 16 in dia; 100 valves; 2 meters; pressure, domestic 40, fire 100 pounds; waterworks owned by company; cost to construct \$300,000. Supt, A. B. Palmer.

Hartford, Washington Co., population 1,500; fire area 700 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 tank wagon; hose, cotton good 900 ft, rubber good 5,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$7,500; total ann expenses of department \$200; total membership 85, volunteers; bell alarm. Chief, Frank Hill.

WATER SUPPLY—Source, river.

Hayward, Sawyer Co., population 1,348; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 2,500 ft; value of fire department equipment \$3,500; total ann expenses of department \$1,000; total membership 37, volunteers; bell and telephone alarm. Chief, Wm. Stiegler.

WATER SUPPLY—Source, Namakagon river; system, direct pumping; pumping engines, dy cap 1,250,000 gals; 60 hydrants; pipe 44 miles, 4 to 10 in dia; 31 valves; pressure, domestic 35, fire 100 pounds; waterworks owned by city; cost to construct \$28,000; ann expenses \$2,200. Supt, B. W. Skeede.

Horicon, Dodge Co., population 1,500; fire area 46 blocks; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages, all kinds; hose, cotton good 2,000 ft, linen good 500 ft; value of fire department equipment \$4,000; value of buildings occupied \$6,000; total ann expenses of department \$1,000; total membership 35, volunteers; bell and whistle alarm. Foreman, Wm. Cummings.

WATER SUPPLY—Source, Rock river and reservoir; reservoir cap 3,800 bbls.

Hudson, St. Croix Co., population 4,000; buildings, brick, 2 stories; wooden roofs not permitted in fire limits. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,000 ft, rubber good 1,000 ft; value of fire department equipment \$8,000; value of buildings occupied \$5,000; ann expenses \$350; total membership 25, volunteers. Chief engineer, Jas. Pennman.*

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir; reservoir cap 200,000 gals; 2 pumping engines, dy cap 2,500,000 gals; 57 hydrants; pipe 6 miles, 8 to 12 in dia; 35 valves; 162 taps; pressure 91 pounds; waterworks owned by city; cost to construct \$40,000, to date \$56,000; ann expenses \$4,000. Supt, C. P. Coon; Joseph Beach.

Murley, Ashland Co., population 2,267; fire area 30 blocks; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 5,000 ft, inferior 1,000 ft; total ann expenses of department \$4,300; total membership 34, paid full time 2, volunteers 33; Gamewell alarm. Chief engineer, E. E. Jussen.

WATER SUPPLY—Source, Montreal river; system, pumping to standpipe; standpipe cap 250,000 gals; pumping engines, dy cap 2,000,000 gals; 40 hydrants; pipe 3½ miles, 12 to 4 in dia; pressure

100 pounds; waterworks owned by company. Supt, J. S. Kennedy.

Jamesville, Rock Co., population 15,000; fire area 1,000 acres; mercantile buildings, brick, 2 to 4 stories; private, brick and wood, 1½ and 2 stories; metallic roofs principally; fireworks ordinance. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages, 2 hose wagons, 1 fire patrol; hose, cotton 3,800 ft, rubber good 2,050 ft, inferior 1,800 ft; 8 horses; value of equipment \$15,000; value of buildings occupied \$12,000; ann expenses \$11,000; membership 20, paid full time 6, part time 14, volunteers 20; Gamewell alarm; 36 street boxes. Chief engineer, John C. Spencer.

WATER SUPPLY—Source, flowing artesian well; system, pumping to standpipe; receiving reservoir cap 800,000 gals, standpipe cap 314,000 gals; pumping engines, dy cap 4,800,000 gals; 215 hydrants; pipe 34 miles, 8 to 16 in dia; 168 valves; 180 meters; 1,200 taps; pressure, domestic 60 to 80, fire 80 to 150 pounds; Elson pressure recording gauge; waterworks owned by company. Supt, W. C. Mitchell.

Jefferson, Jefferson Co., population 2,287; mercantile buildings, brick, 2 and 3 stories; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; slamese couplings used; hose, rubber good 1,500 ft, inferior 300 ft; value of fire department equipment \$12,000; value of buildings occupied \$2,500; total ann expenses of department \$850; total membership 90, paid 3; bell alarm. Chief engineer, O. F. Roessler.

WATER SUPPLY—Source, Rock and Crawfish rivers. City clerk, G. J. Loetz.

Juneau, Dodge Co., population 1,000; mercantile buildings, brick veneered, 2 stories; private, brick and wood, 1½ and 2 stories; tin and iron roofs; fireworks ordinance for 2 streets. Fire department—1 hand engine, 3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 350 ft, rubber good 450 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,500; total membership 60, volunteers; bell alarm. Chief, F. W. Lueck.

WATER SUPPLY—Source, 9 reservoirs, cap from 100 to 400 bbls each.

Kaukauna, Ontonagon Co., population 7,000; fire area 250 acres; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carts, 1 hose wagon; hose, cotton good 1,000 ft, rubber good 900 ft, poor 500; 4 horses, value \$900; value of fire department equipment \$8,200; value of buildings occupied \$2,500; total membership 26; bell alarm. Chief, Herman Schreiber.

WATER SUPPLY—Source, Fox river; 8 reservoirs and wells. (Waterworks contemplated.)

Kenosha, Kenosha Co., population 9,000; fire area 1½ by 2 miles; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 1 hose wagon; hose, cotton good 3,100 ft, rubber good 1,600, poor 800 ft; 7 horses; value of fire department equipment \$11,675; value of buildings occupied \$14,500; total ann expenses of department \$5,168; total membership 68, volunteers; Gaynor alarm; 8 street boxes. Chief engineer, J. S. Barr.

WATER SUPPLY—Source, 7 flowing artesian wells; system, gravity; 36 hydrants; pipe 8½ miles, 2 to 6 in dia; 16 valves; 20 meters; pressure 35 to 32 pounds; waterworks owned by company; cost to construct \$40,000; ann expenses \$1,200. Supt, E. G. Hazleton.

Kewaunee, Kewaunee Co., population 1,500; fire area 1 sq mile; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 200 ft, rubber good 350 ft, inferior 200 ft, leather good 300 ft, inferior 1,300 ft; value of fire department equipment \$2,000; total ann expenses department \$1,060; total membership 40, volunteers; fire patrol supported by city. Chief, A. Kacarsosky.

WATER SUPPLY—Source, cisterns and springs; 1-8 mile of street mains.

Millbourn City, Columbia Co., population 1,100; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, linen unlined good 1450 ft; value of equipment \$650; value of buildings occupied \$1,000; membership 30, volunteers; electric bell alarm. Foreman, Frank R. Snider.

WATER SUPPLY—Source, wells and river; system, pumping to stand tanks; 2 tanks, cap 40,000 gals; pumping engines, cap 40,000 gals in 12 hours; 16 hydrants; pipe 2½ miles, 6 to 4 in dia; 10 valves; pressure 32 pounds; works owned by city; cost to construct \$12,000. Supt. G. M. Marshall.

La Crosse, LaCrosse Co., population 30,000; fire area 829-100 miles; mercantile buildings, brick, stone and iron, 2 to 6 stories; private, brick, stone and wood, 1 to 4 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines, 6 chemical extinguishers, 3 hook and ladder trucks, 8 hose carriages, 5 hose wagons, 1 chief's buggy, 3 hose sleighs, 1 chief's sleigh, 4 supply wagons, 4 supply sleighs, 3 H and L sleighs; hose, cotton good 2,100 ft, fair 500 ft, rubber 12,000 ft; 17 horses, value \$4,100; value of fire department equipment \$54,000; value of buildings occupied \$37,550; total ann expenses of department \$20,686; total membership 112, paid full time 12, paid part time 101; Gaynor alarm; 100 street boxes; 4 hose companies; 3 hook and ladder companies. Chief engineer, A. J. Simon-ton.

WATER SUPPLY—Source, Mississippi river; system, direct pumping; pumping engines, dy cap 6,500,000 gals; 304 hydrants; pipe 29 11-100 miles, 6 to 24 in dia; 178 valves; 3 meters; 2,081 tape; pressure, domestic 60, fire 100 to 120 pounds; Edson pressure recording gauge; waterworks owned by city; cost to construct to date \$252,000; ann expenses \$16,000. Chairman of public works, E. J. Kelly; comma, Jacob Hohn.

Lake Geneva, Walworth Co., population 2500; fire area 600 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, buckets, etc; hose, rubber 600 ft, cotton good 500 ft; 4 horses, value \$400; value of fire department equipment \$2,000; value of buildings occupied \$800; total membership 35; telephone alarm. Fire marshal, W. N. Johnson.

WATER SUPPLY—Source, wells; system, pumping to tank and direct; tank cap 100,000 gals; pumping engines, dy cap 1,500,000 gals; 55 hydrants; pipe 6 miles, 4 to 10 in dia; 10 valves; 136 tape; pressure, domestic 60, fire 200 pounds; waterworks owned by company; cost to construct \$97,000. Supt. M. Nippert.

Lake Mills, Jefferson Co., population about 1,200; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 800 ft; value of fire department equipment \$500; value of buildings occupied \$100; total membership 36, volunteers; bell alarm. Captain, Paul Genicks.

Lancaster, Grant Co., population 1,800; fire area 160 acres; mercantile buildings, brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 hand engines, 1 chemical and water engine on wheels combined, 1 chemical extinguisher, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 550 ft, cotton good 450 ft; value of fire department equipment \$1,200; total membership 100, volunteers; bell alarm. Chief, Harry Poch.

WATER SUPPLY—Source, 5 cisterns.

Madison, Dane Co., population 15,000; fire area 100 acres; mercantile buildings, brick and stone, 2 to 4 stories; private, wood and brick, 1 to 3 stories; wooden roofs not permitted in fire limits; no fireworks ordinance. Fire department—2 steam fire engines, 3 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages, 2 hose wagons, slammess couplings used; hose, rubber good 4,000 ft, inferior 500 ft, cotton good 1,500 ft; 8 horses, value \$1,500; value of equipment \$10,400;

buildings owned, value \$15,000; total expenses for past year \$7,769; membership 66, paid full time 4, part time 62; electric alarm; 22 street boxes. Chief engineer, Chas. Bernard, Jr.

WATER SUPPLY—Source, artesian wells; system, direct pumping; pumping engines, dy cap 4,000,000 gals; 146 hydrants; pipe 28 1-3 miles, 3 to 16 in dia; 175 valves; 690 meters; 1,709 tape; pressure, domestic 85, fire 120 pounds; waterworks owned by city; cost to construct to date \$250,703.67; ann expenses \$10,458. Supt. John B. Helm.

Mamitowec, Manitowoc Co., population 7,710; fire area 1,440 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 3,900 ft, rubber good 1,000 ft, inferior 400 ft; 6 horses, value \$900; value of fire department equipment \$12,500; value of buildings occupied \$5,000; total ann expenses of department \$3,000; total membership 15, paid part time 12; Gamewell alarm; 14 street boxes. Chief engineer, August Dueno.

WATER SUPPLY—Source, Lake Michigan and river; system, pumping to standpipe and direct; 2 pumping engines, dy cap 3,000,000 gals; 149 hydrants; pipe 14½ miles, 6 to 16 in dia; 136 valves; 27 meters; 474 tape; waterworks owned by company; cost to construct to date \$200,000; ann expenses \$3,671. Supt. Col. H. Graham.

Marinette, Marinette Co., population 15,000; fire area 1 mile by 2½ long; buildings, brick and wood, 2 and 3 stories; only iron roofs in business section. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 1 four-wheel hose wagon, 3 supply wagons, 2 hose sleighs, 1 two-wheel hose cart; hose, rubber good 4,000 ft; 9 horses, value \$1,800; 3 buildings occupied; total ann expenses of department \$15,388; total membership 24, paid full time 7, paid part time 17; Gamewell alarm; 40 street boxes. Chief engineer, J. Hodgins.

WATER SUPPLY—Source, Green bay; system, direct pumping; pumping engines, dy cap 4,000,000 gals; 153 hydrants; pipe 20 5-10 miles, 8 to 20 in dia; 60 valves; 3 water meters; pressure 50 to 140 pounds; waterworks owned by company; cost to construct \$180,000. Supt. M. Kirkpatrick.

Marshfield, Wood Co., population 4,000; buildings, brick and wood, 2 stories; wooden roofs not permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber 1,000 ft, cotton good 1,000 ft; total membership 50, volunteers; bell and steam whistle alarm. Chief, L. F. Baxter.

WATER SUPPLY—Source, wells and springs; system, pumping to standpipe; reservoir cap 300,000 gals; standpipe 20 ft x 120 ft; pumping engines, dy cap 2,250,000; hydrants 70; pipe 7 miles, 6 to 10 in dia; 38 valves; 6 meters; 96 tape; pressure, domestic 55, fire 150 pounds; works owned by company; cost to construct \$110,000; ann expenses \$4,250. Secy and treas, W. H. Fritshman.

Manitowish, Juneau Co., population 1,800; fire area 180 acres; buildings, stone, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft, inferior 200 ft; value of fire department equipment \$3,500; total ann expenses of department \$400; total membership 100, volunteers; bell alarm. Chief engineer, J. T. Hansen; chairman, C. H. Stevens.

WATER SUPPLY—Source, rivers, wells; 2 reservoirs.

Mayville, Dodge Co., population 1,800; fire area 600 acres; buildings, wood and brick, 1 to 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 800 ft, rubber inferior 300 ft; value of fire department equipment \$1,500; total ann expenses of department \$100; total membership 50; bell alarm. Chief engineer, Louis Leigler.

WATER SUPPLY—Source, river. City clerk, F. Schwartz.

Maximilian, Dane Co., population 1,034; fire area 350 acres; mercantile buildings, brick and wood, 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook

and ladder truck, 2 hose carriages; hose, cotton good 200 ft, rubber good 1,000 ft, inferior 300 ft; value of fire department equipment \$4,000; value of buildings occupied \$2,500; total ann expenses of department \$1,500; total membership 50, volunteers; bell alarm; 1 engine company, 1 hook and ladder company; 1 hose company. Chief, H. R. Leonard.

WATER SUPPLY—Source, 10 drive wells; system, gravity, pumping to reservoir, cap 4,000 gals; water-power pump; 10 hydrants; pipe 1½ miles, 4 and 6 in dia; 4 valves; works owned by city; cost to construct \$3,500. Pres, J. A. Schmitz.

Medford, Taylor Co., population 1,800; fire area 160 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,600 ft, rubber good 500 ft, linen good 100 ft; value of fire department equipment \$4,800; value of buildings occupied \$3,000; total membership 75, volunteers; 2 engine companies, 1 hook and ladder company, 2 hose companies; bell alarm. Chief, E. L. Urquhart.

WATER SUPPLY—Source, wells and river.

Menasha, Winnebago Co., population 5,300, fire area 1½ sq miles; buildings, brick and wood; 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon, force pumps, slamese couplings used; hose, cotton good 1,100 ft, rubber good 900 ft, inferior 300 ft, owned by private parties 2,800 ft; value of fire department equipment \$7,500; value of buildings occupied \$10,000; total ann expenses of department \$2,400; total membership 37, paid 2, volunteers 36; bell and whistle alarm. Chief, P. H. Gardner.

WATER SUPPLY—Source, river, canals and lake, 8 cisterns. City clerk, P. J. Robertson.

Menominee, Dunn Co., population 7,200; fire area 40 acres; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carts; hose, rubber 2,000 ft; value of fire department equipment \$4,500; value of buildings occupied \$700; total ann expenses of department \$1,200; total membership 49, paid part time; bell alarm. Chief, A. B. Bockell.

WATER SUPPLY—Source, springs and Red Cedar river; system, pumping to standpipe and direct; standpipe cap 88,000 gals; 2 pumping engines, dy cap 1,000,000 gals; 110 hydrants; pipe 10½ miles; pressure, domestic 65, fire 150 pounds; waterworks owned by company; cost to construct \$125,000; ann expenses est \$2,500. Supt, E. H. Weber.

Merrill, Lincoln Co., population 8,000; fire area 3 by 1 mile square; buildings, brick and wood, 2 stories. Fire department—2 chemical engines on wheels, 1 hook and ladder truck, 4 hose carriages, 2 supply and 1 hand cart; hose, rubber inferior 1,500 ft, cotton good 3,000 ft; value of fire department equipment \$6,000; total membership 38, volunteers; telephone, steam whistle and bell alarm. Chief engineer, Richard King.*

WATER SUPPLY—Source, Prairie river; system, pumping to standpipe; 2 pumping engines, dy cap 4,000,000 gals; 128 hydrants; pipe 14 miles, 5 to 12 in dia; waterworks owned by company; cost to construct \$98,000. Supt, M. L. Wright.*

Milwaukee, Milwaukee Co., population 266,200; buildings, brick and wood, 2 to 14 stories; fireworks ordinance; causes of fire investigated. Fire department—15 steam fire engines in use (2 in reserve), 7 chemical engines, 7 hook and ladder trucks in use (1 in reserve), 16 hose wagons in use, (2 in reserve) 1 watertower, 2 fire boats, 7 sets pomper ladders, slamese couplings used, 18 supply and exercise wagons; hose, 50,000 ft; 136 horses; value of fire department equipment including buildings \$700,000; total membership 276, paid full time; Gamewell central office alarm; 280 street boxes. Chief engineer, Jas. Foley. Fire patrol maintained by insurance companies. Supt, M. J. Curtin.

WATER SUPPLY—Source, Lake Michigan; system, pumping to reservoir and standpipe and direct; reservoir cap 21,000,000 gals; standpipe cap 200,000 gals; pumping engines, dy cap, low service 48,000,000 gals, high service 17,000,000 gals;

hydrants 1,950; pipe 255 miles, 6 to 36 in dia; 1,800 valves; 11,565 meters; pressure 15 to 80 pounds; Edeon pressure recording gauge; waterworks owned by city; cost to construct to date \$4,164,000; ann expenses \$125,000. City engineer, G. H. Benzenberg.

Mineral Point, Iowa Co., population 3,000; fire area 2 blocks by 4; mercantile buildings, stone and brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs not permitted in fire limits; no fireworks ordinance. No fire department—bucket brigade.

WATER SUPPLY—Source, wells.

Monroe, Green Co., population 3,768; buildings, wood and brick, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages; hose, cotton good 1,600 ft, rubber 500 ft; total membership 110, volunteers. Chief engineer, Joshua Shief.

WATER SUPPLY—Source, well; system, pump to reservoir; cap of elevated tank 100,000 gals; pumping engines, dy cap 2,000,000 gals; 72 hydrants; pipe 7 miles, 12 to 4 in dia; valves 20; 400 taps; pressure, domestic 60, fire 140 pounds; works owned by company; cost to construct \$75,000; ann expenses \$1,500. Pres, W. H. Wheeler.

Needah, Juneau Co., population 1,708; fire area 1,200 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; shingle and iron roofs; fireworks ordinance. Fire department—2 hose carriages; hose, linen good est 1,500 ft. Chief, J. W. Babcock.*

WATER SUPPLY—System, stationary steam pumps; pipe covering main street and most valuable property.*

Neenah, Winnebago Co., population 5,083; fire area 250 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose, linen good 1,000 ft, rubber good 1,150 ft, leather good 250 ft, old not used 750 ft; value of fire department equipment \$12,000; value of buildings occupied \$28,000; total ann expenses of department \$2,000; total membership 96, volunteers; bell alarm; 3 fire companies. Chief engineer, Fred Peck.*

WATER SUPPLY—Source, Lake Winnebago; system, pumping to standpipe and direct; standpipe cap 270,000 gals; pumping engines, dy cap 2,500,000 gals; hydrants 68; pipe 7 miles, 14 to 4 in; taps 40; pressure, domestic 50, fire 115 pounds; waterworks owned by city; original cost to construct \$60,050; expenses of construction to date \$65,000. Supt, W. P. Peckham.

Neillsville, Clark Co., population 1,936; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carts; hose, good 2,700 ft; total membership 50.

WATER SUPPLY—Source, creek; system, pumping to standpipe; standpipe cap 96,000 gals; pumping engines, dy cap 500,000 gals; hydrants 38; pipe 10 miles, 4, 6 and 8 in; taps 40; valves 6; pressure, domestic 50 to 96, fire 96 pounds; waterworks owned by city; original cost to construct \$20,000. Supt, R. F. Kornitz.

New Lisbon, Juneau Co., population 1,400, buildings, brick, stone and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—20 chemical extinguishers, 1 hose carriage, hooks, ladders and buckets; hose, rubber good 250 ft; value of fire department equipment \$300. Chief, A. J. Haire.

WATER SUPPLY—Source, river and wells.

New London, Waupaca Co., population 3,000; fire area 120 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 1 1½ stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 1,200 ft, inferior 400 ft; value of fire department equipment \$5,050; value of buildings occupied \$1,000; total ann expenses of department \$300; total membership 80, volunteer members; bell alarm. Chief engineer, J. Virohon.

WATER SUPPLY—Source, rivers.

New Richmond, St. Croix Co., population

1,800; fire area 10 acres; mercantile buildings, brick and stone, 1 and 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical extinguishers, 2 hose carriages; hose, cotton good 900 ft; value of fire department equipment \$225; total membership 23, volunteers; bell and steam whistle alarm. Chief engineer, L. M. Winter.

WATER SUPPLY—Source, artesian well; system, pumping to standpipe and direct; standpipe cap 64,000 gals; pumping engine, dy cap 750,000 gals; 15 hydrants; pipe 2½ miles, 8, 6 and 4 in dia; 10 valves; 3 meters; 50 taps; pressure, domestic 40, fire 100 pounds; waterworks owned by city; original cost to construct \$18,000. Supt. E. H. Maakrey.

Oconomowoc, Waukesha Co., population 3,500; fire area 20 miles; buildings, brick, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 3 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 bucket cart; hose, rubber good 2,800 ft; 2 hoses, value \$300; value of fire department equipment \$5,600; value of buildings occupied \$33,000; total ann expenses of department \$300; total membership 50, volunteers, paid part time; bell alarm; 3 fire companies. Chief, B. S. Young.*

WATER SUPPLY—Source, wells, spring and 2 lakes; system, pump to tank, cap 6,000 gals. Mayor, W. R. Fay; city clerk, D. B. Smith.

Oconto, Oconto Co., population 6,000; fire area 2 sq miles; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon, siamese couplings used; hose, rubber good 3,000 ft; 4 hoses, value \$1,150; value of fire department equipment \$16,000; value of buildings occupied \$9,500; total ann expenses of department \$3,000; total membership 13, paid full time 3, paid part time 8; Gamewell alarm; 18 street boxes. Chief, Chas. Hall.

WATER SUPPLY—Source, 2 artesian wells; system, pumping direct; pumping engine, dy cap 500,000 gals; 108 hydrants; pipe 8½ miles; pressure 40 to 150 pounds; waterworks owned by company. Supt. E. G. Mullen.

Omoro, Winnebago Co., population 1,232; fire area 200 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 1 supply wagon; hose, cotton good 1,200 ft, rubber good 500 ft; 2 hoses, value \$400; value of equipment \$9,000; value of buildings occupied \$3,000; membership 45, volunteers; bell alarm. Chief, F. W. Stanley.

WATER SUPPLY—Source, Fox river and artesian wells; system gravity; 9 reservoirs, total cap 112,000 gals.

Onalaska, La Crosse Co., population 3,000; fire area 40 acres; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 1,500 ft; value of buildings occupied \$3,800; bell alarm; membership 16, volunteers. Capt. G. H. Welch.

WATER SUPPLY—Will put in system to cost \$15,000 this year.

Oshkosh, Winnebago Co., population 30,000; fire area 200 acres; mercantile buildings, brick and stone, 2 stories; private, wood and brick, 2 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hook and ladder trucks, 5 hose carts, 2 hose wagons, 1 hose carriage, siamese couplings used; mills and factories own 560 pumps; hose, cotton good 9,500 ft, inferior 1,100 ft, rubber new 1,800 ft; 15 hoses; value of fire department equipment \$29,100; value of 5 buildings occupied \$80,000; total ann expenses of department \$28,000; total membership 29, paid full time; telephone and telegraph alarm; 40 street boxes; 40 police boxes. Chief engineer, Robert A. Brauer.

WATER SUPPLY—Source, artesian wells and Lake Winnebago; system, direct pumping; 2 pumping engines, dy cap 10,000,000 gals; 325 hydrants; pipe 36 miles, 4 to 16 in dia; 135 valves;

32 meters; 1,503 taps; pressure, domestic 40, fire 90 to 120 pounds; waterworks owned by company; cost to construct to date \$500,000; ann expenses \$12,000. Supt. B. L. Edgerton.

Pepin, Pepin Co., population 500; fire area 200 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—4 chemical extinguishers, hooks and ladders, a few fire pumps.

WATER SUPPLY—Source, driven wells, Lake Pepin and cisterns.

Peshigo, Marinette Co., population 2,500; fire area 120 acres; buildings, wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, linen good 600 ft, rubber good 600 ft, cotton good 800 ft; value of fire department equipment \$5,000; value of buildings occupied \$700; total membership 25, volunteers; triangle alarm. Chief engineer, Chas. Wenzel.

WATER SUPPLY—Source, Peshigo river, creek; 3 tanks. Town clerk, W. W. Hall.

Plattville, Grant Co., population 2,740. Fire department—1 chemical engine on wheels, 1 hook and ladder truck; hose, rubber good 500 ft; total membership 125, volunteers. Chief, R. R. Friedrich.

WATER SUPPLY—Source, wells and cisterns.

Plymouth, Sheboygan Co., population 2,300; fire area 640 acres; buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,600 ft, rubber good 800 ft; value of fire department equipment \$4,500; value of buildings occupied \$5,000; total membership 140, volunteers; bell alarm; 3 fire companies, 1 engine company, 1 hook and ladder company. Chief engineer, Theo. F. Ackermann.

WATER SUPPLY—Source, river, creek and 7 cisterns.

Portage, Columbia Co., population 4,000; buildings, brick, 1½ to 3 stories. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose, good 1,600 ft, inferior 500 ft; 2 hoses, value \$400; value of fire department equipment \$9,000; value of buildings occupied \$6,000; membership 32, paid full time 2, paid part time 30; bell alarm. Chief engineer, E. S. Purdy.

WATER SUPPLY—Source, Wisconsin river; system, pumping to standpipe and direct; standpipe cap 78,000 gals; pumping engine, dy cap 2,000,000 gals; 82 hydrants; pipe 8 miles, 6 to 14 in dia; 22 meters; waterworks owned by company; cost to construct \$135,000; ann expenses \$3,800. Supt. J. M. Russell.

Porter's Mills, Eau Claire Co., population 1,900; fire area 100 acres; mercantile buildings, wood, 2 stories; private, wood, 1 story; wooden roofs permitted. Fire department—1 hook and ladder truck, 1 hose carriage; hose, rubber good 200 ft, cotton good 2,300 ft; total membership 30, volunteers. Chief engineer, Jos. E. Long.

WATER SUPPLY—Source, well; system, pumping direct, cap 30 ft deep and 20 in dia; 25 hydrants; pipe 2.1 miles, 4, 6, 8 in dia; pressure, domestic 60, fire 100 pounds; waterworks owned by company; original cost to construct \$10,000. Supt. J. H. Brown.

Port Washington, Ozaukee Co., population 2,200; fire area 4,000 acres; mercantile buildings, brick, 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, all kinds; hose, cotton good 1,100 ft; value of fire department equipment \$2,600; value of buildings occupied \$3,550; total ann expenses of department \$700; total membership 57, volunteers; bell alarm. Chief engineer, John T. Bosser.

WATER SUPPLY—Source, wells, artesian wells and cisterna.

Prairie du Chien, Crawford Co., population 3,500; fire area 1,000 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; no fireworks ordi-

nance. Fire department—4 hand engines, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 3,000 ft; value of fire department equipment \$6,000; value of buildings occupied \$1,800; total ann expenses of department \$500; total membership 180, volunteers; bell alarm. Chief engineer, Charles Lindner.

WATER SUPPLY—Source, flowing artesian wells; system, gravity; 10 hydrants; pipe 1 mile, 6 in dia; waterworks owned by company; cost to construct \$8,000; ann expenses \$100. Supt. F. H. Poehler.

Prescott, Pierce Co., population 1,000; fire area 300 acres; buildings, brick, stone and wood, 1½ to 4 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage, 1 supply wagon; hose, linen 650 ft; value of fire department equipment \$900; value of buildings \$500; membership 47, volunteers; bell alarm. Chief, John Saxine.

WATER SUPPLY—Source, wells and river.*

Princeton, Green Lake Co., population 1,000; fire area 2,500 acres; buildings, stone, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 900 ft; value of fire department equipment \$1,700; total membership 60, volunteers; bell alarm. Chief engineer, J. E. Fleming.*

WATER SUPPLY—Source, river, 1 reservoir; 100 barrels. Mayor, Wm. F. Leudtke; city clerk, A. H. Myers.

Racine, Racine Co., population 21,014. Fire department—4 steam fire engines, 1 chemical engine on wheels, 1 hook and ladder truck, 4 hose carriages; hose, good 8,300 ft; 18 horses; total membership 46; telegraph alarm; 26 street boxes. Chief engineer, D. S. Abesser.*

WATER SUPPLY—Source, Lake Michigan; system, pumping to standpipe and direct; standpipe cap 330,480 gals; pumping engines, dy cap 4,500,000 gals; 366 hydrants; pipe 35 miles, 6 to 24 in dia; 340 valves; 284 meters; pressure, domestic 60, fire 125 pounds; Edison pressure recording gauge; waterworks owned by company. Pres, Henry E. Cobb; supt, Wm. H. Laing.

Reedsburg, Sauk Co., population 2,000; fire area 2 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft, inferior 350 ft; value of fire department equipment \$1,800; value of buildings occupied \$3,000; total membership 54, volunteers; bell alarm. Chief engineer, John H. Claridge.

WATER SUPPLY—Source, rivers and wells; 6 reservoirs. Mayor, A. L. Harris. (Standpipe system of works, with 30 hydrants; 5 miles of pipe to cost \$28,000 will be put in this year.)

Rhineland, Ousida Co., population 4,298; fire area 480 acres; mercantile buildings, brick and wood, 2 and 2½ stories; private, brick and wood, 2 and 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 2,000 ft, cotton good 500 ft; value of equipment \$2,150; value of buildings \$1,500; ann expenses \$1,500; total membership 45, volunteers; Gamewell alarm; 12 street boxes. Chief, John H. Schroeder.*

WATER SUPPLY—Source, Wisconsin river; system, pumping to standpipe. cap 500,000 gals; pumping engines, dy cap 3,000,000 gals; 84 hydrants; 28 valves; 6 meters; pipe 7 miles; works owned by company; cost to construct \$90,000; ann expenses \$,000. Pres, John Bans.*

Rice Lake, Barron Co., population 3,500; fire area 40 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 12 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,800 ft, inferior 200 ft, cotton good 200 ft; value of fire department equipment \$6,000; value of buildings occupied \$500; total ann expenses of department \$3,000; total membership 30, volunteer members; bell alarm. Chief engineer, D. P. Hoag.

WATER SUPPLY—Source, drilled wells; system, pumping direct; pumping engines, dy cap 750,000

gals; hydrants 20; pipe 2 miles, 10 to 4 in; taps 34; pressure, domestic 60, fire 90 pounds; waterworks owned by company; original cost to construct \$19,000. Supt. O. P. Plynton.

Richland Center, Richland Co., population 2,500; fire area 320 acres; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 800 ft, inferior 400 ft, cotton good 800 ft; value of fire department equipment \$1,000; total membership 70, volunteers; bell alarm. Chief engineer, O. J. Burnham.*

WATER SUPPLY—Source, artesian wells; system, pumping to reservoir, cap 127,000 gals; pumping engines, dy cap 60,000 gals; 41 hydrants; pipe 5½ miles, 4 to 8 in dia; 33 valves; 200 taps; pressure 70 pounds; waterworks owned by city; cost to construct \$22,000; ann expenses \$1,000. Supt. E. G. Ostrander.

Ripon, Fond du Lac Co., population 3,800; mercantile buildings, stone and brick, 2 stories; private, wood, 2 stories; fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber good 1,400 ft, poor 100 ft; value of fire department equipment \$6,000; total ann expenses of department \$350; total membership 55, volunteers; chief paid; bell alarm. Chief engineer, F. W. Allen.

WATER SUPPLY—Source, springs; system, pumping to standpipe, cap 150,000 gals; pumping engines, dy cap 3,000,000 gals; 80 hydrants; pipe 6½ miles, 14 to 6 in dia; 50 valves; 2 meters; 340 taps; pressure 60 to 140 pounds; waterworks owned by company. Supt. T. D. Stone.

River Falls, Pierce Co., population 2,000; fire area 160 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 750 ft; value of fire department equipment \$1,000; total membership 40, volunteer members; bell alarm. Chief engineer, J. S. Wadsworth.

WATER SUPPLY—Source, artesian well; system, pumping to reservoir; reservoir cap 200,000 gals; hydrants 37; pipe 4 miles, 10 to 4 in; valves 30; pressure 70 pounds; waterworks owned by city; cost to construct \$20,000. Chairman of com, E. Ballard. (Works not quite completed.)

Sauk City, Sauk Co., population 917; buildings, wood, brick and stone. Fire department—2 hand engines, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 500 ft, inferior 600 ft; value of fire department equipment \$2,000; total membership 50, volunteers; bell alarm. Chief, engineer, Paul Lachmund.*

WATER SUPPLY—Source, Wisconsin river and 5 wells. Mayor, Wm. Dreesen.*

Shawano, Shawano Co., population 1,505; fire area 180 acres; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, linen good 500 ft, rubber good 250 ft; value of fire department equipment \$1,000; value of buildings occupied \$700; total membership 50, volunteers; bell alarm; 1 fire company, 1 hook and ladder company. Chief engineer, D. E. Westcott.

WATER SUPPLY—Source, wells and reservoirs.

Sheboygan, Sheboygan Co., population 20,000; fire area 16,000 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 3 hose wagons; hose, cotton good 4,500 ft, inferior 500 ft; 8 horses, value \$1,500; value of fire department equipment \$40,000; value of buildings occupied \$20,000; total ann expenses of department \$20,000; total membership 20, paid full time 20; Gaynor alarm; 32 street boxes. Chief engineer, John Sandrock.

WATER SUPPLY—Source, Lake Michigan; system, pumping to standpipe; standpipe cap 329,800 gals; pumping engines, dy cap 8,500,000 gals; 305 hydrants; pipe 24 2-10 miles, 4 to 20 in dia; pressure, domestic 60, fire 90 pounds; waterworks owned by company; cost to construct \$230,000. Pres and supt, W. D. Cockburn.

Sparta, Monroe Co., population 3,000; fire area 1 mile; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 800 ft, linen good 800 ft; value of fire department equipment \$6,000; value of buildings occupied \$7,000; total ann expenses of department \$700; total membership 25; bell alarm, Chief engineer, W. J. Summerfield.

WATER SUPPLY—Source, creek and 6 cisterns.

Spring Green, Sauk Co., population 800; fire area 80 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 hand engines, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 300 ft, cotton good 800 ft; value of fire department equipment \$5,000; value of buildings occupied \$3,000; total ann expenses of department \$32; total membership 34, paid part time 3, volunteer members 31; fire gong alarm. Chief engineer, G. F. Post.

WATER SUPPLY—Source, drive wells; system, pumping direct; pumping engines, cap 250 gals per min; 7 hydrants; pipe 2,000 ft, 4 in; pressure, fire 150 pounds; waterworks owned by city; original cost to construct \$2,800; expenses of construction to date \$4,500. Supt. C. Scholl.

Stevens Point, Portage Co., population 9,000; mercantile buildings, wood; stone and brick, 2 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hose wagons, slamese couplings used; hose, cotton good 5,000 ft, rubber good 1,000 ft; 4 horses, value \$800; value of fire department equipment \$1,000; value of 3 buildings occupied \$6,000; total membership 10, paid full time 9, part time 1; telephone alarm. Chief engineer, W. L. Bronson.

WATER SUPPLY—Source, well and Wisconsin river; system, pumping to standpipe and direct; standpipe cap 329,011 gals; pumping engines, dy cap 4,000,000 gals; 143 hydrants; pipe 11 1-3 miles, 6 to 16 in dia; 75 valves; 80 meters; pressure, domestic 50 to 68, fire 65 to 125 pounds; waterworks owned by company; cost to construct \$175,000. Supt. W. O. Lamoreux.

Stoughton, Dane Co., population 2,470; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, rubber good 2,000 ft, inferior 500 ft, linen rubber lined good 400 ft, inferior 400 ft; value of equipment \$5,000; ann expenses \$125; membership 36, volunteers; bell alarm; 3 fire companies. Chief engineer, W. S. Wood.

WATER SUPPLY—Source, well and river; system, pumping to standpipe; standpipe cap 30,000 gals; pumping engines, dy cap 2,000,000 gals; 58 hydrants; pipe 7 miles, 4 to 10 in; 286 taps; 36 valves; pressure, domestic 75, fire 150 pounds; waterworks owned by city; original cost to construct \$30,000; expenses of construction to date \$56,000; ann expenses \$1,500. Supt. Julius Fix.

Sturgeon Bay, Door Co., population 2,195; buildings, wood and brick, 2 and 3 stories; wooden roofs permitted. Fire department—2 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, linen good 1,675 ft, rubber good 2,500 ft; 2 horses; value of fire department equipment \$4,000; total ann expenses of department \$1,650; total membership 33, paid part time 12, volunteers 26; bell alarm. Chief engineer, Henry Hahn.

WATER SUPPLY—Source, cisterns and bay; 14 reservoirs, cap 4,500 bbls. City clerk, F. J. Hamilton.

Superior, Douglas Co., population 30,000; fire area 180 acres; mercantile buildings, wood, brick and stone, 1 to 5 stories; private, brick and wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical engines on wheels, 14 chemical extinguishers, 3 hook and ladder trucks, 1 aerial truck, 6 hose wagons, all kinds, 1 supply wagon; hose, cotton 10,400 ft, rubber good 700 ft, inferior 300 ft; 24 horses, value \$8,000; value of fire department equipment \$49,430; value of buildings occupied \$37,000; total ann expenses of depart-

ment \$55,510; total membership 57, paid full time; Gamewell alarm; street boxes 47. Chief engineer, J. P. McGill.

WATER SUPPLY—Source, Lake Superior; system, direct dumping; pumping engines, dy cap 6,000,000 gals; 637 hydrants; pipe 40 miles, 24 to 4 in dia; 122 valves; 120 meters; pressure, domestic 75, fire 120 pounds; Edson pressure recording gauge; waterworks owned by company; cost to construct \$700,000; ann expenses \$12,000. Gen'l manager, A. A. Cross.

Tomah, Monroe Co., population 2,000; fire area 3 blocks; buildings, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical engines on wheels, 6 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 700 ft, inferior 200 ft; value of fire department equipment \$5,000; value of buildings occupied \$5,000; total ann expenses of department \$400; total membership 50, volunteers; bell alarm. Chief engineer, J. H. Smith.

WATER SUPPLY—Source, wells.*

Tomahawk, Lincoln Co., population 4,000 fire area 640 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—2 hose carriages; hose, cotton good 1,800 ft, inferior 200 ft; value of equipment \$1,200; total membership 22, volunteers; bell and whistle alarm; 2 fire companies. Chief engineer, Rob't. Thielman.

WATER SUPPLY—Source, spring and river; system, pumping to reservoir, cap 105,000 gals; pumping engines, dy cap 1,000,000 gals; 20 hydrants; pipe 2 miles, 10, 8 and 6 in dia; 12 valves; pressure, domestic 40, fire 80 to 120 pounds; works owned by city; cost to construct \$23,000. Supt. W. P. Wingate.*

Two Rivers, Manitowoc Co., population 2,500. Fire department—1 steam fire engine (owned by Mfg Co.), 1 hook and ladder truck, 1 hose carriage; hose, linen good 1,300 ft; total membership 42, volunteers. Chief engineer, B. Wilkins.*

WATER SUPPLY—Source, wells and river.

Washburn, Bayfield Co., population 4,500; fire area 300 acres; mercantile buildings, brick, stone and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 2,000 ft, cotton good 200 ft; value of fire department equipment \$5,000; value of buildings occupied \$1,500; total ann expenses of department \$1,500; membership 41, volunteers; bell alarm; 1 hook and ladder company, 4 hose companies. Chief, L. Reuter.

WATER SUPPLY—Source, Lake Superior; system, pumping to reservoir; reservoir, cap 1,200,000 gals; pumping engines, dy cap 2,000,000 gals; 67 hydrants; pipe 6 miles, 6 to 12 in dia; pressure 80 pounds; waterworks owned by company; cost to construct \$73,000. Supt. J. L. Smith.

Waterloo, Jefferson Co., population 1,000; fire area 2 sq miles; mercantile buildings, wood and brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical extinguishers (15 private), 1 hook and ladder truck, 2 hose carriages, 2 hose wagons; hose, cotton good 500 ft, rubber good 1,000 ft; value of fire department equipment \$6,000; total ann expenses of department \$300; total membership 84, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief, F. A. Seaber.

Watertown, Jefferson Co., population 2,755; fire area 65 acres; buildings, brick, 1 to 5 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, rubber good 4,000 ft, inferior 1,000 ft, linen good 200 ft; 6 horses, value \$1,000; value of equipment \$10,000; value of buildings occupied \$7,000; membership 80, paid full time 2, paid part time 3, volunteers 86; telephone alarm. Chief engineer, A. J. Goeldner.

WATER SUPPLY—Source, Rock river, wells and cisterns. City clerk, Henry Bieber.

Waukesha, Waukesha Co., population 8,000; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, stone and brick, 2 stories; wooden roofs not permitted; fireworks ordinance.

Fire department—1 steam fire engine owned by village, 1 by State Industrial School, 1 hook and ladder truck, 2 hose carriages, 2 supply wagons; 1 coal cart, 2 hose couplings used, 1 steam pump attached to mill engine; hose, cotton good 1,000 ft. rubber good 2,000 ft.; value of fire department equipment \$5,000; value of buildings occupied \$6,000; total ann expenses of department \$6,075; total membership 35, volunteers; electric alarm. Chief, Chas. Cook.

WATER SUPPLY—Source, artesian well and springs; system, pumping to standpipe and direct; standpipe cap 350,000 gals; pumping engines, dy cap 4,000,000 gals; 140 hydrants; pipe 18 miles, 4 to 16 in dia; 67 valves; pressure, domestic 65 pounds, fire any required; waterworks owned by company. Pres, Eli Marvin; Supt, Geo. F. Deakin.

Waupaca, Waupaca Co., population 2,127; fire area 1 sq mile; buildings, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 900 ft, inferior 500 ft, cotton good 900 ft; value of fire department equipment \$4,000; value of buildings occupied \$700; total ann expenses of department \$800; total membership 54, paid full time 2; bell alarm. Chief engineer, W. H. Baldwin.*

WATER SUPPLY—Source, river; 7 cisterns, dy cap 500 bbls. (Waterworks contemplated.)

Waupun, Fond du Lac Co., population 3,500; Fire department—1 hand engine, 1 chemical engine on wheels, 3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber good 800 ft, cotton good 500 ft; value of buildings \$1,000; total membership 75, volunteers. Chief, Prentice Carrington.

WATER SUPPLY—Source, cisterns. Mayor, P. Carrington. (Waterworks contemplated.)

Wausau, Marathon Co., population 10,000; mercantile buildings, brick, 2, 3 and 4 stories; private, wood and brick, 1 to 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose wagons, 2 supply wagons; hose, cotton good 3,500 ft, inferior 350 ft, rubber good 750 ft; 6 horses, value \$1,000; value of fire department equipment \$4,000; value of buildings occupied \$6,800; total ann expenses of department \$12,299; total membership 18, paid full time 8, part time 10; Gamewell alarm; 21 street boxes and tower striker; 1 hook and ladder company, 2 hose companies. Chief, W. Waterhouse.

WATER SUPPLY—Source, wells; system, direct pumping; 2 pumping engines, dy cap 6,000,000 gals; 138 hydrants; pipe 21 miles, 157 valves; 21 meters; 1,007 taps; pressure, domestic 40 to 50, fire 80 to 120 pounds; Edison pressure recording gauge; waterworks owned by city; cost to construct \$132,000; cost of construction to date \$201,789; ann expenses \$4,500. Chairman, F. W. Kieckbush; supt, W. Waterhouse.

West Bend, Washington Co., population 1,500; fire area 500 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; gravel and shingle

roofs; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,750 ft, rubber good 250 ft; value of fire department equipment \$5,800; value of buildings occupied \$1,600; total ann expenses of department \$2,400; total membership 100, volunteers; bell alarm. Chief, Peter Boden.

WATER SUPPLY—Source, river; system, pumping to 6 cisterns. City clerk, H. C. Hauer.*

West De Pere, Brown Co., population 2,100; buildings, brick and wood, 2 stories; wooden roofs not permitted. Fire department—2 steam fire engines, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, 2 supply wagons; hose, rubber good 1,800 ft, inferior 1,200 ft; value of equipment \$15,000; value of buildings occupied \$5,000; ann expenses \$1,200; membership 30, paid full time 2, volunteers; bell and whistle alarm. Chief engineer, H. Collette, Jr.*

WATER SUPPLY—Source, 2 artesian wells; system, gravity; pipe 3 miles; pressure 40 pounds; waterworks owned by company. Supt, J. W. Johnson.*

West Salem, La Crosse Co., population 675; mercantile buildings, brick, 2½ stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical and hand engine on wheels combined, 8 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 500 ft, cotton good 500 ft; value of fire department equipment \$1,200; total membership 43, volunteers. Chief engineer, B. B. Mercereau.

WATER SUPPLY—Source, wells and cisterns.

West Superior, Douglas Co., fire area 27 sq miles; mercantile buildings, stone, brick and wood, 2 to 4 stories; wood, 1½ to 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 chemical engine on wheels, 4 chemical extinguishers, 2 hook and ladder trucks, 8 hose carriages; hose, cotton good 1,500 ft, rubber good 5,000 ft; 6 horses, value \$1,500; value of fire department equipment \$20,000; value of buildings occupied \$2,000; total membership 75, paid full time 10, paid part time 30, volunteers 35; Gamewell alarm; 25 street boxes. Chief, M. F. Kelleher.*

WATER SUPPLY—Source, (see Superior).

Whitewater, Walworth Co., population 4,500; fire area 1,800 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 hook and ladder trucks, 3 hose carriages, 1 hose wagon; hose, rubber good 2,800 ft, inferior 400 ft; value of fire department equipment \$7,000; value of buildings occupied \$6,000; total ann expenses of department \$200; total membership 60, volunteers; bell alarm. Chief engineer, H. S. Salisbury.

WATER SUPPLY—Source, artesian well; system, pumping to tower and direct; reservoir cap 850,000 gals; standpipe cap 160,000 gals; pumping engines, dy cap 3,000,000 gals; 98 hydrants; pipe 9½ miles, 6 to 14 in dia; 60 valves; 6 meters; pressure, domestic 75, fire 125 pounds; cost to construct \$90,000; ann expenses \$4,500. Supt, T. W. Gray.

WYOMING.

Atlantic City, Fremont Co., population 300; buildings, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated.

WATER SUPPLY—Source, spring; system, gravity; pipe 1-2 mile, 1-2 in dia; 4 hydrants; 4 valves; pressure 80 ft; works owned by company; cost to construct \$1,000. Supt, George A. Zimmerman.

Buffalo, Johnson Co., population 1,087; fire area 1 by 1-2 miles; mercantile buildings, brick, iron and wood, 1 story; private, wood, 1 story; wooden roofs not permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,100 ft; value of fire department equipment \$2,000; value of buildings occupied \$2,000; total ann expenses of department \$235; total membership 62, volunteers; bell alarm; 2 fire companies, 1 hook and ladder company, 1 hose company. Chief engineer, Richard J. Daley.

WATER SUPPLY—Source, creek; system, pump to standpipe, cap 32,000 gals; pumping engines d cap 864,000 gals; 5 hydrants; pipe 1-2 miles, d in dia; 3 valves; pressure, domestic 40, fire 70 pounds; waterworks owned by company; cost to construct \$15,900; ann expenses \$720. Supt, E. H. Smock.

Carbon, Carbon Co., population 1,140; fire area 100 acres; mercantile buildings, wood, 1 story; private, wood, 1 story; shingle roofs; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage; hose, cotton good 400 ft; value of fire department equipment \$500; value of buildings occupied \$400; total ann expenses of department \$300; total membership 27, volunteers; hammer struck on steel alarm; 1 hose company. Chief, M. H. Willard.

WATER SUPPLY—Source, springs; system, pumping direct; reservoir cap 30,000 gals; pumping engines, dy cap 50,000 gals; 6 hydrants; pipe 4 miles; 4 meters; works owned by company; cost to construct \$85,000. Supt, J. J. Wycke.*

Cheyenne, Laramie Co., population 12,000; mercantile buildings; brick and stone, 2 and 3 stories; private, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 2 hook and ladder trucks, 7 hose carriages, all kinds; hose, cotton good 5,900 ft, inferior 400 ft; value of fire department equipment \$30,000; value of buildings occupied \$27,000; total ann expenses of department \$4,000; total membership 225, volunteers; Gamewell alarm; 10 street boxes; 1 engine company, 1 hook and ladder company, 2 hose companies. Chief, Frank A. Roedel.

WATER SUPPLY—Source, Crow Creek; system, gravity and direct pumping; storage reservoir, cap 210,000,000 gals; pumping engines, dy cap 4,500,000 gals; 130 hydrants; pipe 25 miles; 79 valves; 800 taps; pressure, domestic 50, fire 150 pounds; waterworks owned by city; cost to construct \$170,000; ann expenses \$5,000. Chairman of com, Frank Bowd; supt Donnell Muller.

Douglas, Converse Co., population 1,000; fire area 25 blocks; mercantile buildings, brick and wood, 1 and 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hose carriage, ladders, hooks etc; hose, cotton good 750 ft; value of fire department equipment \$1,000; value of buildings occupied \$300; total membership 25, volunteers; bell alarm; 1 hose company. Foreman, Thos. Cook.

WATER SUPPLY—Source, Platte river; system, pumping to reservoir; reservoir cap 50,000 gals; pumping engines, dy cap 30,000 gals; 14 hydrants; pipe 2 3/4 miles, 2 to 8 in dia; 9 valves; 69 taps; pressure, domestic 85 pounds, fire same; works owned by city; cost to construct \$16,000; ann expenses \$1,800. Supt, R. C. Hunt.

Evansston, Uintah Co., population 2,200; fire area 130 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1 story; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 15 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, cotton good 1,100 ft, rubber good 600 ft; value of fire department equipment \$4,350; value of buildings occupied \$2,600; total ann expenses of department \$400; total membership 83, volunteers; Viaduct Mfg Co alarm; 17 street boxes; 4 fire companies. Chief engineer, N. E. Small.

WATER SUPPLY—Source, Bear river; system, pumping to reservoir; reservoir cap 5,000,000 gals; pumping engines, dy cap 1,250,000 gals; 55 hydrants; pipe 5 miles, 10 to 4 in dia; 11 valves; quality of water good; pressure, domestic 80 to 90, fire 95 to 105 pounds; works owned by city; cost to construct \$30,000. Supt, A. W. Butler.

Fort Russell, Laramie Co., population 600; fire area 50 acres; mercantile buildings, brick and wood, 1 story; private, brick and wood, 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,200 ft, poor 200 ft; value of fire department equipment \$1,000; value of department buildings \$400; total membership 480; bell and telephone alarm. Chief, J. S. Poland.

WATER SUPPLY—Source, Crow creek, a tributary of South Platte river; system, pumping to reservoir, reservoir cap 30,000 and 58,000 gals; pumping engines, dy cap 400,000 gals; 16 hydrants; pipe 3 miles, 4 in dia; 12 valves; pressure, domestic 10, fire 80 to 150 pounds; works owned by U. S. Government; cost \$19,000, to date \$30,000; ann expenses \$1,600. Supt, J. L. Drulen.

Laramie, Albany Co., population 6,388; mercantile buildings, brick, 2 stories; private, wood, 1 1/2 stories; wooden roofs permitted; fireworks

ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, 4 hose couplings used; hose, cotton good 2,300 ft, rubber good 2,000 ft; value of fire department equipment \$6,300; value of buildings occupied \$13,500; total ann expenses of department \$300; total membership 130, volunteers; bell and whistle alarm, Chief engineer, W. N. Roth.

WATER SUPPLY—Source, springs; system, gravity; reservoir, dy cap 2,000,000 gals; 40 hydrants; pipe 8 miles, 3 to 12 in dia; pressure 45 pounds; waterworks owned by U. P. Ry Co. and used for their own supply and fire protection in the city; cost to construct \$18,000; ann expenses \$100. City clerk, D. A. Jones.

New Castle, Weston Co., population 1,715; fire area 180 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 1,000 ft, cotton good 500 ft; value of fire department equipment \$3,500; value of buildings occupied \$10,000; total ann expenses of department \$1,500; total membership 60, volunteers; 2 fire companies. Chief engineer, C. O. Benner.

WATER SUPPLY—Source, springs, 12 miles distant; system, gravity; reservoir cap 250,000 gals; 11 hydrants; pipe 20 miles, 4 to 6 in dia; 6 valves; 2 meters; pressure, domestic 110 pounds, fire same; works owned by company; cost to construct to date \$225,000; ann expenses \$2,000. Supt, E. G. Edgar.

Mawhills, Carbon Co., population est 2,400; fire area 1 mile; mercantile buildings, stone, 1 and 2 stories; private, wood, 1 story; shingle and tin roofs used; fireworks ordinance. Fire department—2 chemical extinguishers, 2 hose carriages, 1 hook and ladder truck; hose, cotton good 750 ft, inferior 800 ft, rubber good 1,000 ft; value of equipment \$1,800; value of buildings occupied \$600; total membership 75, volunteers; 3 fire companies; whistle alarm. Chief engineer, Thomas Reid.

WATER SUPPLY—Source, well; system, pump to tank; 2 tanks cap 48,000 gals, each; reservoir cap 100,000 gals; pumping engines, dy cap 1,500,000 gals; 44 hydrants; pipe 4 miles, 4 to 8 in; pressure 40 to 120 pounds; waterworks owned by company; cost to construct \$45,000. Supt, W. Beurmon.

Rock Springs, Sweetwater Co., population 3,408; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 double chemical engine with 40 ft ladder, 2 hose carts; hose, cotton good 2,500 ft, rubber good 500 ft; ann expenses \$3,570; total membership 27; Gamewell alarm; 10 street boxes. Chief, J. Iredale.

WATER SUPPLY—Source, Green river; system, pumping to reservoir, cap 2,000,000 gals; pumping engines, dy cap 800,000 gals; 72 hydrants; pipe 42 miles, 4 to 8 in dia; 112 valves; 165 meters; pressure, domestic 60 to 65, fire 75 to 90 pounds; waterworks owned by U. P. Ry Co. Chief engineer, E. C. Sined; supt, Thomas J. Wyche.*

Sundance, Crook Co., population 300; fire area 3 1/2 blocks; mercantile buildings, wood and brick, 1 story; private, wood, 1 story; wooden roofs permitted; fireworks ordinance. Fire department—1 hose carriage; hose, cotton good 1,000 ft; value of fire department equipment \$1,000; value of buildings occupied \$3,000; total membership 26, volunteer members; triangle alarm. Chief engineer, W. H. Nefsey.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 3,500 bbls; 10 hydrants; pipe 2 miles, 4 to 7 in dia; 8 valves; pressure, domestic 67 1/2 pounds, fire same; works owned by company; cost to construct \$15,000; ann expenses \$250. Supt, Thomas Hooper.

DOMINION OF CANADA. BRITISH COLUMBIA.

Esquimalt, Victoria Co., population not given. Government have fire equipments at naval yard.

WATER SUPPLY—Source, Thetis and Upper Thetis lakes; system, gravity; 3 1/2 hydrants; pipe 11

miles; 60 meters; works owned by company; cost to construct \$125,000. Pres, T. Lubke.*

Kamloops, Yale Co., population 1,250; fire area 150 acres; mercantile buildings, wood, 1 and

2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 900 ft; total membership 34, volunteers; bell alarm; 3 fire companies. Chief, J. B. Bennett.

WATER SUPPLY—Source, Thomson river; system, pumping to reservoir; pumping engines, dy cap 700,000 gals; 24 hydrants; pressure, domestic 55, fire 100 pounds; works owned by company; cost to construct \$25,000. Supt, J. McIntosh.

Nanaimo, Vancouver Co., population 5,000; fire area 5,000 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 5 hose carts; hose, cotton good 4,000 ft; value of equipment \$6,000; value of buildings occupied \$300; ann expenses \$500; membership 50, volunteers. Chief engineer, John H. Scales. (Contract let for \$7,000 fire hall.)*

WATER SUPPLY—Source, mountain stream; system, gravity; reservoirs, cap 100,000,000 gals; 30 hydrants; pipe 10 miles; 4 meters; 40 valves; pressure 60 to 120 pounds; works owned by company; cost to construct \$50,925; ann expenses \$3,000. Supt, J. W. Stairtan.

New Westminster, New Westminster Co., population 7,000; fire area 1,500 acres; mercantile buildings, brick and stone, 2 to 5 stories; private, wood, 1 to 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 6 hose carriages, 1 hose wagon; hose, cotton good 1,000 ft, rubber good 4,500 ft; 8 horses, value \$1,700; value of fire department equipment \$30,000; value of buildings occupied \$700; total ann expenses of department \$10,500; total membership 43, paid full time 6, paid part time 7, volunteer members 24; Gamewell alarm; 11 street boxes; 1 fire company. Chief engineer, T. Ackerman.

WATER SUPPLY—Source, Coquitlam lake, 14 miles distant; system, gravity, service reservoir, cap 285,000 cubic ft; 75 hydrants; pipe 35½ miles, 22 to 3 in dia; 160 valves; 30 meters; pressure, domestic 150 to 250 ft per head, fire 150 to 400 ft per

head; works owned by city; cost to construct \$455,000. Chairman of water com, W. A. Duncan; engineer, Wm. Noot.

Vancouver, New Westminster District, population 18,685; mercantile buildings, brick and stone, 2 to 5 stories; private, wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 chemical engine on wheels, 4 chemical extinguishers, 1 hook and ladder truck, 4 hose wagons, all kinds; hose, cotton good 2,000 ft, inferior 500 ft, rubber good 5,000 ft, inferior 250 ft; 12 horses, value \$3,000; value of fire department equipment \$25,000; value of buildings occupied \$6,500; total ann expenses of department \$22,000; total membership 22, paid full time; Gamewell alarm; 17 street boxes; 4 fire companies. Chief engineer, J. H. Carlisle.

WATER SUPPLY—Source, Capilano river; system, gravity; reservoir cap 10,000,000 gals; 175 hydrants; pipe 48 miles, 4 to 22 in dia; 70 meters; 2,400 taps; pressure 50 to 100 pounds; waterworks owned by city; cost to construct to date \$900,000. Supt, W. P. Turner.

Victoria, population 25,000; fire area 2,500 acres; mercantile buildings, brick, stone and wood, 1 to 7 stories; private, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 steam fire engines, 1 combined chemical engine and hose wagon, 6 chemical extinguishers, 1 hook and ladder truck, 1 70-ft aerial truck, 6 hose carriages, 1 hose wagon; hose, cotton good 1,500 ft, rubber good 2,500 ft; 11 horses, value \$2,500; value of fire department equipment \$80,000; value of buildings occupied \$50,000; total ann expenses of department \$24,000; total membership 31, paid full time 9, paid part time 22; Gamewell alarm; 31 street boxes; 1 hook and ladder company, 3 hose companies. Chief engineer, Thomas Deasy.

WATER SUPPLY—Source, lakes; system, gravity and direct pumping, cap 54,000 gals; dy cap 1,500,000 gals; 112 hydrants; pipe 4½ miles, 4 to 12 in dia; 136 meters; pressure at hydrants 30 to 70 pounds; waterworks owned by city; cost to construct \$500,000. Water commissioner, E. A. Wilmet.*

MANITOBA.

Brandon, Brandon Co., population 4,600; buildings, brick and wood, 1 to 3 stories; large brick fire district, created by by-law in center of city; wooden roofs permitted. Fire department—1 steam fire engine, 1 chemical engine on wheels, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 2,200 ft, inferior 600 ft, rubber good 1,000 ft, inferior 300 ft, linen good 800 ft, inferior 200 ft; 4 horses, value \$900; value of fire department equipment \$12,000; value of buildings \$10,000; total membership 21, paid full time 2, paid part time 21, volunteer members 4; bell alarm. Chief engineer, J. S. Richards.*

WATER SUPPLY—Source, river; system, pumping direct; dy cap 750,000 gals; 50 hydrants; pipe 5 miles, 6 to 12 in dia; cost to construct \$74,000; works owned by city. Town clerk, J. C. Kerr.*

Emerson, Manchester Co., population 650; fire area 1 sq mile; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages; hose, rubber good 1,500 ft; volunteer department. Chief engineer, E. Casselman.

WATER SUPPLY—Source, river and cisterns. Town clerk, W. W. Unsworth.

Portage La Prairie, Portage La Prairie Co., population 4,000; buildings, wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 2 siamese couplings; hose, cotton good 1,500 ft, inferior 300 ft; 2 horses, value \$550; value of fire department equipment about \$7,000; value of buildings occupied \$17,000; ann expenses \$2,500; total membership 18, volunteers; bell alarm. Chief engineer, I. W. Thompson.*

WATER SUPPLY—Source, wells, tanks and 6 cisterns. Town clerk, F. A. Whitaker.

Virden, Dennis Co., population 800; fire area 320 acres; mercantile buildings, brick, stone and wood, 2 stories; private wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 400 ft, rubber good 100 ft; value of equipment \$1,000; value of buildings occupied \$200; membership 60, volunteers; bell alarm. Chief, W. W. Joslin; secy, E. Stanley.*

WATER SUPPLY—Source, wells and tank. Mayor, W. J. Kennedy.

Winnipeg, Selkirk Co., population 35,450; mercantile buildings, brick and stone, 4 and 5 stories; private, wood and brick, 3 and 4 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—3 steam fire engines, 3 chemical engines on wheels, 3 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 1 hose wagon, 3 supply wagons; hose, cotton good 5,800 ft, inferior 600 ft, rubber good 4,000 ft, inferior 750 ft, linen good 800 ft, inferior 200 ft; 16 horses, \$1,000; value of fire department equipment \$73,000; value of buildings occupied \$35,900; total ann expenses of department \$35,000; total membership 30, paid full time; Gamewell alarm; 59 street boxes. Chief engineer, Wm. Code.

WATER SUPPLY—Source, Assiniboine river; system, direct pumping; pumping engines, dy cap 1,500,000 gals; 40 hydrants; pipe 20 miles, 4 to 12 in dia; pressure, domestic 45, fire 85 pounds; waterworks owned by company; cost to construct \$130,000. Supt, J. E. Hannah.*

NEW BRUNSWICK

Chatham, North Cumberland Co., population 1000; frame buildings; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hand engines, 3 hose carriages, 3 fire trucks, 2 alarm wagons, 3 hose carts, 3 fire boats, 2 alarm wagons, 2 couplings, hose, rubber good 2,500 ft, inferior 500 ft, leather good 500 ft; value of fire department equipment \$7300; 3 buildings occupied, value \$300; total annual expenses of department \$3,000; total membership 60, paid full time 12, volunteer members 48; bell alarm.*

WATER SUPPLY—Source, river, 6 tanks. #

Frederickton, York Co., population 6,502; mercantile buildings, wood, 2 to 4 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck, 4 hose carriages and 1 in reserve; hose, rubber good 3,000 ft; cotton good 400 ft; value of fire department equipment \$10,000; value of buildings occupied \$10,000; total ann. expenses of department \$3,000; total membership 58; bells and whistle alarm. Chief engineer, Andrew Lipsett.

WATER SUPPLY—Source, River St. John; system, pumping direct; 2 pumping engines, dy cap 1,500,000 gals each; 85 hydrants; pipe 10 1-8 miles, 3 to 12 in dia; 128 valves; 4 meters; 812 taps; pressure, domestic 40, fire 70 pounds; Edison pressure recording gauge; works owned by city; cost to construct \$100,000, cost to date \$122,000; expenses \$6,000. Supt. Alex Barobill.

Kingston. population estimated 800; buildings, brick and wood, 3 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hand engine, 1 chemical engine on wheels, 1 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 1,800 ft. rubber good 200 ft. inferior 100 ft. linen good 1,200 ft. leather good 100 ft; value of fire department equipment \$30,000; ann. expenses \$5,000; total membership 27, paid full time 7, volunteer members 20; telegraph alarm; 10 street boxes. *

WATER SUPPLY—Source, lake; system, gravity; 1 reservoir, cap 300,000 gals; pipe 2 1-4 miles; 12 hydrants; pressure, domestic 35 pounds. J. L. Harris.*

Mometon, Westmoreland Co., population 3,765; fire area 1,000 acres; mercantile buildings, stone, brick and wood, 3 stories; private, wood and brick, 1½ to 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—2 steam fire engines, 1 hook and ladder truck with Bangor extension ladders, etc., 3 hose wagons, siamese couplings used; hose, cotton good 3,800 ft., fair 700 ft.; 4 horses, owned by department 4 hired, value of ones owned \$800; value of fire department equipment \$21,450; value of buildings occupied \$5,000, total expenses of department \$5,127; total membership 48, paid part time; electric alarm; 14 street boxes; 4 fire companies. Chief engineer, Geo. Ackman.

WATER SUPPLY—Source, N. W. branch Hall's creek; system, gravity; 2 reservoirs, cap 110,000, 4,000 gals; pumping engines, dy cap 1,500,000 gals; 50 hydrants; pipe 13½ miles, 12 to 3 in dia; 66 valves; 2 meters; pressure, domestic 25 to 40, fire 80 pounds; waterworks owned by company; cost to construct \$45,000; ann expenses \$5,000. Pres., Jno. L. Harris; supt, John Edgington. #

Newcastle, Northumberland Co., population 2,800; mercantile buildings, wood and brick, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine.

2 chemical extinguishers, 3 hose carriages, 3 aids; hose, rubber goul 2,500 ft., interior 200 ft.; value of buildings occupied \$3,000; total ann expenses of department \$2,157; volunteer department, paid while in service; 25 members; bell alarm. Chief engineer, R. Beck with.

WATER SUPPLY—Source, artesian wells, 6 tanks, river and reservoirs.

Portland, St. John Co., annexed to St. John.

St. John, St. Johns Co. (Includes Portland)
population estimated 40,000; fire area 4,140 acres;
mercantile buildings, brick, 3 and 4 stories; pri-
vate, brick and wood, 2½ and 3 stories; wooden
roofs not permitted except in annexed district;
fireworks ordinance; causes of fire investigated.
Fire department—6 steam fire engines, 2 hand en-
gines, 2 chemical extinguishers, 3 hook and lad-
der trucks, 9 hose carriages, all kinds, other appa-
ratus, salvage corps and wagon with chemical ex-
tinguishers furnished by underwriters; hose, rub-
ber good 300 ft, cotton good 8,000 ft, inferior 500
ft; 24 horses, value \$2,600; value of fire depart-
ment equipment \$120,000; total ann. expenses of
department \$28,000; total membership 78, paid
full time 23, call men 78; Gamewell alarm; street
boxes 61. Chief engineer, John Kerr.

WATER SUPPLY—Source, Little river and Spencer Lake; system, gravity; reservoir cap 80,000,000 gals; 342 hydrants; pipe 92.27, 2 to 24 in; taps 5,160; 1,013 valves; pressure, domestic 40 to 50, fire same pounds; water works owned by city; expenses of construction to date, \$1,227,421. Supt and engineer, Gilbert Murdoch.

St. Stephen, Charlotte Co., population 2,600; fire area 1,200 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, same; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages, 1 hose wagon; other apparatus, ladders, etc.; total ann. expenses of department, \$1,800; total membership 13, paid full time; bell alarm. Chief engineer, J. Ryder.

WATER SUPPLY—Source, St. Croix river; system, pumping to reservoir; reservoir cap 3,000,000 gals; pumping engines, dy cap 2,000,000 gals; hydrants 75; pipe 14 miles, 12 to 6 in dia; 3 meters; pressure, domestic 80, fire 80 pounds; water works owned by company. Supt, Everett M. Stacy.

Woodstock, Carleton Co., population 3,500; fire area 1,280 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2½ stories; wooden roofs permitted; no fireworks ordinance. Fire department: 1 steam fire engine, 2 hand engines, 1 hook and ladder, 2 extension ladders, 9 hoses, 20 carriages, all kinds of wagons; hoses, cotton good 3,100 ft., rubber good 1,800 ft.; inferior 200 ft., leather good 300 ft., inferior 800 ft.; 1 horse, value \$300; value of fire department equipment \$12,000; value of buildings occupied \$4,000; total annual expenses of department \$2,900; total membership 25, paid full time 1, paid part time 24; electric, Pearce & Jones alarm; 8 street boxes; 3 fire companies. Chief engineer, F. H. J. Dibblee.

WATER SUPPLY—Source, River St. John; system, pumping direct and to standpipe; standpipe cap 283,000 gals; pumping engine, 5 hp cap 1,700,000 gals; 72 hydrants; pipe 6½ miles, 4 to 10 in dia; 50 valves; 38 meters; 508 taps; pressure, domestic 75, fire 75 to 100 pounds; waterworks owned by town; cost to construct \$77,000; ann expenses \$2,200. Supt. Donald Munroe.

NORTHWEST TERRITORIES.

Calgary, Alberta District, population 4,500; fire area about 1 1/2 sq. miles; mercantile buildings, wood and stone, 1 1/2 and 2 stories; private, wood and stone, 1 1/2 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and fire engine, 1 chemical engine on wheels, 1 hose and ladder truck, 1 hose carriage, 1 hose wagon, axes, buckets, etc.; hose, cotton good 2,000 ft., rubber good 1,000 ft.; 2 horses, value \$500; value of fire department equipment \$10,000; value of buildings occupied \$4,000; ann. expenses \$7,000; total membership 33, paid full time 3, remainder volunteers; telephone and bell alarm. Chief engineer, James Wilson.

WATER SUPPLY—Source, Bow river; system, direct pumping; pumping engine, fly cap 2,000, 000 gals; 36 hydrants; pipe 10 miles, 12 to 4 in dia; 50 valves; 2 meters; pressure, domestic 40 to 50, fire 100 pounds; waterworks owned by company; cost to construct \$150,000. Pres. Geo. Alexander.

Prince Albert, Saskatchewan Territory, population 1,000; fire area 1,800 acres; mercantile buildings, wood and brick, 2 stories; private wood and brick, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 hook and ladder trucks; hoses hired; total ann expenses of department \$100; total member-

ship 35, all volunteers; bell alarm. Captain, W. McLehlan.

WATER SUPPLY—Source, Saskatchewan river.

Regina, Assiniboia District, population 2,500; fire area 100 acres; mercantile, buildings, wood and brick, 2 to 4 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 horse power engine, 1 chemical engine on

wheels, 2 hose carriages, all kinds; hose, rubber good 1,500 ft; 2 horses, value \$400; value of fire department equipment \$6,000; value of buildings occupied \$2,000; total ann expenses of department \$300; total membership 30, volunteer members. Chief engineer, Thos. Jones.

WATER SUPPLY—Source, 10 tanks; 7 of 3,500 gals cap each, 2 of 15,000, 1 of 10,000 (imperial gals). Chairman of fire and water com, P. Lamont.

NOVA SCOTIA.

Amherst, Cumberland Co., population 4,200; fire area 1 mile square; mercantile buildings, brick and stone, 1½ to 3 stories; private, wood, 1½ to 2½ stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, all kinds, 1 hose sled; hose, rubber good 1,500 ft, inferior 250 ft, cotton good 1,500 ft, inferior 100 ft, linen good 500 ft; 3 horses, value \$450; value of fire department equipment \$9,000; value of buildings occupied \$2,500; total ann expenses of department \$550; total membership 33, volunteer members; bell and electric alarm; boxes 8; 1 hook and ladder company, 3 hose companies. Chief engineer, C. W. Bliss.

WATER SUPPLY—Source, river; system, pumping to reservoir and direct; reservoir cap 3,000,000 gals; pumping engines, dy cap 1,500,000 gals; hydrants 39; pipe 4 miles, 12 to 4 in; valves 27; waterworks owned by the town; original cost to construct \$79,000; expenses of construction to date \$79,304; ann expenses \$1,524. Supt, Chas. Campbell.

Annapolis, Annapolis Co., population 1,000; fire area about 400 acres; mercantile buildings, wood and brick, 2½ stories; private, wood and brick, 2, 2½ and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 250 ft, rubber good 600 ft; value of fire department equipment \$1,500; value of buildings occupied \$1,000; total ann expenses of department \$500; total membership 25, volunteers 12; bell alarm. Chief engineer, J. E. Crowe.

WATER SUPPLY—Source, lake; system, gravity; 23 fire hydrants; pipe 5½ miles, 8 to 4 in dia; 25 valves; 240 taps; pressure, domestic 85, fire 100 pounds; works owned by town; cost to construct \$27,000; ann expenses \$400. Supt, R. J. Uniaoke.

Antigonish, Antigonish Co., population 2,000; mercantile buildings, brick and wood, 3 stories; private, wood, 2 and 2½ stories; wooden roofs are permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,200 ft; value of fire department equipment \$2,000; value of buildings occupied \$200; total membership 36, paid; bell alarm. Capt, David Somers.

WATER SUPPLY—Source, brooks; system, gravity; reservoir cap 500,000 gals; 24 hydrants; pipe 4½ miles; pressure, domestic 70, fire 140 pounds; works owned by town; cost to construct \$40,000. Pres, A. M. Cunningham; supt, W. J. Landry.

Bridgeport, Annapolis Co., population 1,000; fire area 400 acres; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 800 ft; value of fire department equipment \$2,000; total membership 14, all volunteers; bell alarm. Capt, E. G. Langley.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 1,000,000 gals; 22 hydrants; pipe 4½ miles, 8, 6 and 4 in dia; 14 valves; 220 taps; pressure 210 pounds; cost to construct \$21,500; ann expenses \$1,500. Supt, J. L. Cox.

Bridgeport, Lunenburg Co., population 3,000; buildings, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 1 supply wagon; hose, rubber good 1,000 ft, cotton good 200 ft; value of equipment \$5,000; total membership 40, all volunteers. Chief engineer, R. A. Logan; chairman, R. D. Dawson.

WATER SUPPLY—Source, river, tanks.

Canning, Kings Co., population 600; fire area 1,000 acres; mercantile buildings, stone and wood, 1½ and 2 stories; private, stone and wood, 1 1-2

and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hose carriage, other apparatus, ladders; hose, rubber good 600 ft, leather good 300 ft, linen inferior 150 ft; value of fire department equipment \$1,500; value of buildings occupied \$300; total ann expenses of department \$1,000; total membership 12, volunteer members; bell alarm. Captain, Harry G. Martin.

WATER SUPPLY—Source, stream; system, gravity; reservoir cap 2,000,000 gals; hydrants 25; pipe 4 miles, 4, 6 and 8 in; taps 75; valves 15; pressure 80 pounds; waterworks owned by company; original cost to construct \$25,000; ann expenses \$200. Supt, Sidney Bluekhorn.

Barmouth, Halifax Co., population 6,249; fire area 2 sq miles; buildings, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon, 1 salvage wagon, 1 water cart; hose, rubber good 1,850 ft, leather good 400 ft; value of fire department equipment \$8,000; value of buildings occupied \$3,000; total ann expenses of department \$543; total membership 67, paid part time 2, remainder volunteers; bell alarm. Capt, Geo. H. Craig. Fire patrol of 20 members; ann expenses of patrol \$250.

WATER SUPPLY—Source, lakes; system, gravity; reservoir cap 241,000,000 gals; 55 hydrants; pipe 7 1-2 miles, 4 to 20 in dia; 61 valves; 4 meters; 350 taps; pressure 40 to 90 pounds; works owned by town; cost to construct \$70,000. Supt, W. L. Bishop.

Halifax, Halifax Co., population 40,000; mercantile buildings, brick, 4 stories; private, wood, 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—5 steam fire engines, 1 hand engine, 1 chemical engine on wheels, 2 hook and ladder trucks, 12 hose carriages, all kinds, not in service, 10 hose wagons, 10 hose sleds; hose, rubber good 11,000 ft, inferior 2,000 ft, cotton good 3,000 ft, inferior 1,000; 23 horses, value \$4,000; value of fire department equipment \$45,000; value of buildings occupied \$50,000; total ann expenses of department \$39,000; total membership 140, paid full time 24, volunteer members 116; Gamewell alarm; street boxes 43. Chief engineer, John F. Ryan.

WATER SUPPLY—Source, surface water, high service, Spruce Hill lakes, low service Long lake; system, gravity; 355 hydrants; pipe 50 miles, 3 to 24 in dia; 77 meters; pressure, domestic 10 to 50, fire 25 to 70 pounds, according to locality; waterworks owned by city; cost of works to date about \$850,000; ann expenses \$15,300. Supt and engineer, F. W. W. Doane.

Kentville, Kings Co., population 2,000; fire area 1 mile sq; mercantile buildings, wood, 2 and 3 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—4 Babcock extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,200 ft; value of fire department equipment \$2,000; value of buildings occupied \$3,000; total membership about 60, all volunteers; bell alarm. Chief engineer, T. J. Masters.

WATER SUPPLY—Source, Mill Brook; system, gravity; reservoir cap 3,020,000 gals; hydrants 45; pipe 7 miles, 8, 6 and 4 in; taps 184; 32 valves; pressure, domestic 100 pounds, fire same; waterworks owned by city; original cost to construct \$30,000; expenses of construction to date \$32,012; ann expenses \$500. Supt, J. D. Moore.

Lunenburg, Lunenburg Co., population 4,044; fire area 700 acres; mercantile buildings, wood, 2½ and 3 stories; private, wood, 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck,

5 hose carriages, 1 supply wagon, 1 salvage wagon; hose, rubber good 1,000 ft, cotton good 1,000 ft, linen good 200 ft; value of fire department equipment \$13,500; value of buildings occupied \$3,100; total ann expenses of department \$1,494 (salvage corps costs about \$100 additional); total membership 65, all volunteers; bell and telephone alarm. Chief engineer, Frank Powers.

WATER SUPPLY—Source, sea; 4 reservoirs, cap 45,000 gals each. (Water Co. has secured a charter will build this year.)

New Glasgow, Pictou Co., population 4,000; fire area 1,000 acres; buildings, brick, stone and wood, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hook and ladder truck, 6 hose carriages, slamese couplings used; hose, linen good 400 ft, poor 200 ft, rubber good 2,500 ft, inferior 1,500 ft; value of fire department equipment \$12,000; value of buildings occupied \$1,200; total ann expenses of department \$754; total membership 63, volunteers; steam whistle and bell alarm. Chief engineer, Jas. W. Frazer.

WATER SUPPLY—Source, East river; system, pumping to reservoir; reservoir cap 2,000,000 gals; pumping engines, dy cap 1,750,000 gals; 46 hydrants; pipe 12 miles, 3 to 12 in dia; 42 valves; 13 meters; 700 taps; pressure, domestic 95, fire 120 pounds; works owned by city; cost to construct \$80,000, cost to date \$120,000. Supt. D. Ormiston.

North Sydney, Cape Breton Co., population 2,613; buildings, wood, 1½ to 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, 2 fire boats; hose, linen good 800 ft, rubber good 1,000 ft; value of fire department equipment \$8,000; total ann expenses of department \$340; total membership 42, paid 2, volunteers 40; bell alarm.*

WATER SUPPLY—Source, wells and 2 large brooks. Town clerk, J. N. Armstrong.*

Pictou, Pictou Co., population 3,287; mercantile buildings, wood, 3 stories; private, wood; wooden roofs are permitted. Fire department—2 steam fire engines, 1 hand engine, 2 hook and ladder trucks, 5 hose carriages; hose, rubber good 2,500 ft, inferior 1,000 ft; value of buildings occupied \$2,000; total membership 70, volunteers; bell alarm. Chief, Samuel Little.

WATER SUPPLY—Source, harbor, cisterns and wells. Town clerk, G. D. Ives.

Spring Hill, Cumberland Co., population 6,000; fire area 200 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 2 and 2½ stories; shingle roofs are principally used; fireworks ordinance. Fire department—1 chemical engine on wheels, 20 chemical extinguishers, 1 hook and ladder truck; hose, 150 ft rubber good; 3 horses, value \$800; value of fire department equipment \$3,000; value of buildings occupied \$1,000; total ann expenses of department \$2,000; total membership 24, volunteers; bell alarm. Chief engineer, E. A. Potter.

WATER SUPPLY—Source, springs and artesian wells. Town clerk, Daniel McLeod.

Stillarton, Pictou District, population 3,200; mercantile buildings, wood, 2 stories; private, wood, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 800 ft; value of fire department equipment \$2,500; value of buildings occupied \$350; total ann expenses of department \$200; total membership 30, volunteer members; bell alarm. Chief, George Gray.

WATER SUPPLY—Source, East river; system, pumping to reservoir; reservoir cap 1,000,000

gals; pumping engines, dy cap 750,000 gals; hydrants 15; pipe 3 miles, 4 to 10 in; taps 77; valves 18; pressure 50 to 70 pounds; waterworks owned by town; expenses of construction to date \$29,067; ann expenses \$987. Supt. W. C. McDonald.

Sydney, Cape Breton Co., population 3,700; mercantile buildings, wood, 1 to 3 stories; private, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, rubber good 1,000 ft; value of fire department equipment \$1,500; value of buildings occupied \$1,500; total membership 23, paid part time; bell alarm. Captain, Ed. Grantsmyers.

WATER SUPPLY—Source, Mill brook; system, gravity; hydrants 21; pipe 3 miles, 10 to 4 in; taps 150; pressure 45 to 60 pounds; waterworks owned by town; cost to construct \$55,000. Supt. Thomas Weeks.

Truro, Colchester Co., population 5,102; fire area 400 acres; buildings, wood, 1½ and 2½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine (not used), 1 chemical engine, 3 hook and ladder trucks, 1 ladder wagon, 4 hose carriages, 1 extension ladder; hose, rubber 3,300 ft, inferior 600 ft, cotton good 600 ft; value of fire department equipment \$80,000; value of buildings occupied \$6,000; ann expenses \$1,025; total membership 40, volunteers, paid part time 3; telegraph alarm; 10 street boxes. Capt. A. E. McKay.

WATER SUPPLY—Source, brook; system, gravity, direct pumping for fire protection; pumping engines; reservoir cap 2,500,000 gals; 57 hydrants; pipe 6½ miles, 4 to 12 in dia; 39 valves; 600 taps; pressure, domestic 78, fire 90 to 100 pounds; waterworks owned by town; cost to construct \$61,500; ann expenses inc interest \$3,600. Supt. A. L. Archibald.

Windsor, Hants Co., population 2,800; fire area 3 sq miles; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 hook and ladder trucks, 4 hose carriages; hose, cotton good 1,100 ft, poor 200 ft, rubber good 700 ft; value of fire department equipment \$5,300; value of buildings occupied \$800; total ann expenses of department \$200; total membership 60, volunteers; bell alarm; 2 fire companies. Capt. Morton C. Smith.

WATER SUPPLY—Source, lakes; system, gravity; 62 hydrants; 30 valves; pipe 10½ miles, 4 to 10 in dia; 550 taps; pressure 80 pounds; waterworks owned by town; cost to construct \$54,000; ann expenses \$650. Supt. G. P. Smith.

Yarmouth, Yarmouth Co., population 6,100; fire area 1,300 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 2 hand engines, 1 chemical extinguisher, 1 hook and ladder truck, 5 hose carriages, 2 hose wagons, slamese couplings used; hose, cotton good 3,500 ft, rubber good 500 ft; 9 horses, 6 hired; value of fire department equipment \$11,000; value of 3 buildings occupied \$2,000; total ann expenses of department \$6,500; total membership 130, paid 6, remainder volunteers; bell alarm. Chairman of fire board, James M. Laughlin.

WATER SUPPLY—Source, Lake George; system, gravity; 45 hydrants; pipe 30 miles, 4 to 12 in dia; 92 valves; 5 meters; 2,400 taps; pressure 25 to 45 pounds; Edson pressure recording gauge; waterworks owned by city; cost to construct \$240,000; ann expenses \$2,000. Supt. Geo. H. Robertson.

ONTARIO.

Acton, Haelton Co., population 1,300; fire area 400 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, bucket brigade. Chief, John Cameron.

WATER SUPPLY—Source, wells. Village clerk, Thomas I. Moore.*

Alliston, Simcoe Co., population 1,371; fire area 200 acres; mercantile buildings, brick, 2 stories; private, wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 3

chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, hand grenades; hose, cotton good 100 ft, inferior 50 ft, rubber good 100 ft, inferior 50 ft; value of fire department \$300; total ann expenses of department \$60; membership 15, paid part time 1, volunteer members 15; bell alarm. Chief engineer, James Terrett.*

WATER SUPPLY—Source, wells and cisterns.*

Almonte, Lanark Co., population 3,071; mercantile buildings, stone and brick, 1½ and 3 stories; private, stone, brick and wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose car-

riages, all kinds; hose, rubber good 300 ft, inferior 200 ft, cotton good 1,500 ft; value of fire department equipment \$8,000; total membership 30, volunteers; bell alarm. Chief engineer, Geo. W. Willoughby.

WATER SUPPLY—Source, rivers and cisterns.

Alymer, Elgin Co., population 2,167; fire area 10 blocks; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 1 and 2 stories; wooden roofs permitted laid in mortar; fireworks ordinance. Fire department—1 hand engine, not used, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,000 ft, inferior 200 ft, rubber inferior 600 ft; value of fire department equipment \$3,000; value of buildings occupied \$10,000; total ann expenses of department \$200; total membership 21, paid part time, volunteers; bell alarm. Chief engineer, Thos. H. Collins.

WATER SUPPLY—Source, Catfish creek; system, direct pumping; pumping engines, dy cap 2,000, 000 gals; 24 hydrants; pipe 4 1-9 miles, 8, 6, 4 in dia; 14 valves; pressure 50, fire 90 to 140 pounds; waterworks owned by town; cost to construct \$17,500; ann expenses \$1,500. Engineer, Alex Milne.

Amherstburg, Essex Co., population 2,270; mercantile buildings, stone, brick and wood, 2 and 3 stories; private, stone, brick and wood, 3 stories; wooden roofs permitted. Fire department—1 hook and ladder equipment, 3 hose carriages; hose, rubber 500 ft, cotton good 1,000 ft, inferior 500 ft; value of fire department equipment \$2,000; value of buildings occupied \$16,000; expenses for past year \$500; total membership 12, paid part time; electric bell and whistle alarm. Chief, J. A. Auld.

WATER SUPPLY—Source, Detroit river; system, pumping to standpipe and direct; standpipe cap 40,000 gals; pumping engines, cap 50,000 gals per hour; hydrants 34; pipe 6 miles, 10 to 4 in dia; valves 24; pressure, domestic 35, fire 125 pounds; works owned by city; cost to construct \$35,000. Supt, Maloney, Jr.

Arnprior, Renfrew Co., population 3,600; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages, all kinds, 1 coal wagon; hose, rubber good 550 ft, inferior 600 ft, cotton good 1,400 ft, inferior 300 ft; value of fire department equipment \$6,300; value of buildings occupied \$17,000; total ann expenses of department \$480; total membership 75, bell alarm. Chief engineer, John T. Watt.

WATER SUPPLY—Source, wells, rivers and tanks.

Ashburnham, (see Peterborough).

Athens, Leeds Co., population 1,000; fire area 40 acres; mercantile buildings, brick and stone, 1½ to 3 stories; private, brick, 1 1-2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—25 chemical extinguishers.

Aurora, York Co., population 1,920; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,000 ft, rubber good 400 ft; total membership 54, volunteers; electric bell alarm; 4 street boxes; 1 hook and ladder company, 3 hose companies. Chief, P. T. Bond.

WATER SUPPLY—Source, spring, creek; system, pumping to reservoir, cap 50,000 gals; pumping engines; hydrants 18; pipe 10,320 ft, 4 to 6 in dia; valves 9; pressure 15 to 150 pounds; works owned by town; cost to construct \$15,000. Chairman, J. H. Ross; engineer, C. A. Petch.*

Ayr, Waterloo Co., population 1,200; fire area 500 acres; mercantile buildings, brick, 2 stories; private, 1½ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; foundry has force pump and 100 ft; hose, cotton good 100 ft, leather inferior 100 ft; value of fire department equipment \$650; value of buildings occupied \$200; total ann expenses of department \$240; total membership 20, volunteers; bell alarm. Chief, James G. Watson.

WATER SUPPLY—Source, springs.

Barrie, Simcoe Co., population 5,550. Fire department—1 steam fire engine, 2 hose carriages;

hose, rubber and leather good; volunteer department. Chief engineer, G. G. Smith.*

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe, cap 150,000 gals; pumping engines, dy cap 1,600,000 gals; 67 hydrants; pipe 7 miles, 4 to 12 in dia; 36 valves; 12 meters; 325 taps; pressure, domestic 70 to 80, fire 80 to 150 pounds; waterworks owned by company; cost to construct \$100,000. Pres, E. A. Bond; supt, W. J. Vallean.

Beaverton, Ontario Co., population 900; fire area 300 acres; buildings, brick and wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck; 75 pails. Captain, T. Treleavan.

WATER SUPPLY—Source, river.

Bellefleur, Hastings Co., population 11,000; fire area 100 acres; mercantile buildings, brick and stone, 2 to 4 stories; private, stone, wood and brick, 1 to 2½ stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—2 steam fire engines, 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon, 2 hose sleighs, 4 hose couplings used; hose, cotton good 2,500 ft, inferior 500 ft, rubber good 1,200 ft; 3 horses hired; value of fire department equipment \$10,000; value of buildings occupied \$10,000; total ann expenses of department \$11,000; total membership 28, paid full time 1, paid part time 27; telephone alarm. Chief, W. H. Campbell.

WATER SUPPLY—Source, lake, filtered; system, pumping to tank; pumping engines, dy cap 175,000 gals; 175 hydrants; pipe 11½ miles; 44 meters; 463 taps; waterworks owned by company. Supt, M. M. Thompson.

Berlin, Waterloo Co., population 8,000; fire area 900 acres; mercantile buildings, brick, 3 stories; private, brick, 2 stories; wooden roofs permitted, in mortar; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 chemical engine, 1 hook and ladder truck, 2 hose carts, 1 hose wagon; hose, rubber good 900 ft, cotton good 800, linen good 2,000 ft; 2 horses, value \$800; value of fire department equipment \$21,700; total ann expenses of department \$15,000; total membership 18, paid full time 1, paid part time 17; Anderson electric striker and box alarm; 6 street boxes. Chief, Louis Funin.

WATER SUPPLY—Source, lake and springs; system, pumping to standpipe; standpipe cap 150,000 gals; pumping engines, dy cap 2,750,000 gals; 89 hydrants; pipe 10 miles, 4 to 12 in dia; 65 valves; 63 meters; 463 taps; pressure, domestic 60 to 80, fire 100 pounds; waterworks owned by company; cost to construct \$125,000; ann expenses \$3,100. Supt, J. E. Skidmore.

Blenheim, Kent Co., population 1,708; fire area 150 acres; buildings, brick and wood, 1 and 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 chemical extinguisher, 2 hose carriages; hose, cotton good 1,600 ft; value of fire department equipment \$5,000; value of department buildings \$1,000; total ann expenses of department \$175; total membership 20, volunteers; bell alarm. Chief engineer, J. H. Furguson.

WATER SUPPLY—Source, 5 tanks.

Bobcaygeon, Victoria Co., population 1,018; fire area 100 acres; mercantile buildings, brick and wood, 2 stories; private, wood, brick and stone, 1 and 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 4 hand engines, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 1,000 ft, rubber good 200 ft; value of fire department equipment \$4,000; value of buildings occupied \$700; total membership 35, volunteers; bell alarm. Capt, A. E. Bottom.

WATER SUPPLY—Source, river and canal.

Bothwell, Kent Co., population 1,000; fire area 3-4 miles; mercantile buildings, brick and wood, 2 stories; private, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 hose carriages; hose, cotton good 300 ft, rubber good 450 ft, inferior 200 ft, leather good 500 ft; value of fire department equipment \$1,000; total ann expenses of department \$200; total membership 25, paid part time; bell alarm. Chief engineer, Geo. Johns.*

WATER SUPPLY—Source, tanks.*

Bowmanville, Durham Co., population 3,500;

mercantile buildings, 2 and 3 stories; private, brick; wooden and slate roofs. Fire department—1 steam fire engine, 1 hand engine, 24 chemical extinguishers, 1 extension ladder, 3 hose carriages; hose, cotton good 200 ft, rubber good 1,300 ft, inferior 100 ft; 4 horses; value of equipment \$7,000; expenses of department \$1,000; total membership 36, paid; electric bell alarm. Chief engineer, Thos. Hoar.

WATER SUPPLY—Source, wells, tanks and cisterns. Town clerk, R. Windatt.

Bracebridge, Muskoka Co., population 1,600 to 2,000; fire area 150 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber and cotton good 1,000 ft, inferior 400 ft; value of fire department equipment \$2,500; total membership 20, paid full time 2, volunteer members 18; bell alarm. Chief engineer, R. E. Armstrong.

WATER SUPPLY—Source, Muskoka river; system, pumping direct; 4 hydrants; pipe $\frac{1}{2}$ mile, size 6 in; 2 valves; pressure 80 to 90 pounds; waterworks owned by city and company; original cost to construct \$3,000. (Are beginning to build a system to cost \$15,000.)

Bradford, Simcoe Co., population 1,200; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—2 hand engines, several chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, rubber good 500 ft, linen good 300 ft, leather inferior 200 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,000; total ann. expenses of department \$120; total membership 70, volunteers; bell alarm. Chief engineer, James Dedman.

WATER SUPPLY—Source, tanks fed by springs. (Waterworks contemplated.)

Brampton, Peel Co., population 3,252; buildings, brick, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 4 hose carriages; hose, cotton good 600 ft, rubber good 900 ft; value of fire department equipment \$2,500; value of buildings occupied \$1,000; total ann. expenses of department \$300; total membership 60, volunteers; bell alarm. Chief engineer, Jas. Goding.

WATER SUPPLY—Source, Snell's lake; system, gravity; 60 hydrants; pipe 4 miles, 6 to 12 in dia; filtration gravel; pressure 50 pounds; waterworks owned by town; cost to construct \$65,000; ann. expenses \$300. Town clerk, J. M. Oulla.*

Brantford, Brant Co., population 15,454; fire area 1,500 acres; buildings, brick, 1 to 4 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—4 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 3 hose carriages; hose, cotton good 2,500 ft, inferior 1,000 ft; 5 horses, value \$1,300; value of fire department equipment \$15,300; value of buildings occupied \$12,000; total ann. expenses of department \$8,000; total membership 10, paid full time; bell and telephone alarm; 31 street boxes. Chief, Geo. D. Calder.

WATER SUPPLY—Source, spring, creek, filter gallery; system, direct pumping; reservoir cap 29,000 gals; pumping engines, dy cap 4,000,000 gals; 172 hydrants; pipe 22 miles, 6 to 16 in dia; 72 valves; 34 meters; pressure, domestic 60, fire 75 to 100 pounds; waterworks owned by city; cost to construct \$185,000, cost to date \$227,494; ann. expenses \$7,000. Chairman, Alfred Watts; overseer, S. Tomlinson, secy, Wm. Frank.

Brookville, Leeds Co., population 9,300; fire area 2 miles long by $\frac{1}{2}$ mile wide; buildings, brick and stone, 2 to 4 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 5 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, 1 hose wagon; hose, cotton good 2,600 ft, rubber good 400 ft; 4 horses; value of fire department equipment \$12,000; value of buildings occupied \$1,500; total ann. expenses of department \$3,600; total membership 34, paid 4, volunteers 30; Gamewell alarm; 17 street boxes. Chief engineer, James S. Dodd.

WATER SUPPLY—Source, St. Lawrence river; system, direct pumping; 2 pumping engines, dy cap 1,500,000 gals each; 92 hydrants; pipe 13 miles, 4 to 16 in dia; 68 valves; 4 meters; pressure, do.

mestic 65, fire 75 to 100 pounds; waterworks owned by town; cost to construct to date \$156,000; ann. expenses \$8,000. Supt, secy and treas, Robert Picken.

Brussels, Huron Co., population 1,204; buildings, brick and wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,500 ft, inferior 500 ft; value of fire department equipment \$4,000; total ann. expenses of department \$250; total membership 30, volunteers; bell alarm. Chief engineer, F. Scott.*

WATER SUPPLY—Source, river, 3 tanks. Town clerk, F. S. Scott.

Caledonia, Haldimand Co., population 1,000; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, linen good 800 ft; value of fire department equipment \$1,500; value of buildings occupied \$400; total membership 60, volunteers. Chief engineer, D. M. Tumback.

WATER SUPPLY—Source, Grand river; system, pumping direct and to reservoir; reservoir cap 100,000 gals; pumping engines, cap 8,000 gals per hour; 9 hydrants; pipe 3 miles, 6 in dia; 4 valves; pressure 80 to 110 pounds; waterworks owned by company; cost to construct \$10,000; ann. expenses \$1,800. Supt, J. Riddell.

Campbellford, Northumberland Co., population 2,500; fire area, 140 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, $\frac{1}{2}$ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 500 ft, cotton good 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$3,000; total ann. expenses of department \$40; total membership 18, paid full time 1, paid part time 17; electric bell alarm; bell alarm; 4 street boxes. Chief engineer, H. Williams.

WATER SUPPLY—Source, Trent river; system, pumping direct; pumping engines, dy cap 1,000,000 gals; 25 hydrants; pipe 2 1-2 miles, 8, 6, 4 in dia; 9 valves; pressure, domestic 50, fire 140 pounds; works owned by town; cost to construct \$20,000. Supt, James Carr.

Cammington, Ontario Co., population 1,050; fire area 500 acres; buildings, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 500 ft, inferior 500 ft; value of fire department equipment \$1,400; value of buildings occupied \$6,000; total membership 40, volunteers; bell alarm. Chief engineer, Jas. Marshall.*

WATER SUPPLY—Source, tanks and river.*

Carleton Place, Lanark Co., population 4,435; fire area 1,100 acres; mercantile buildings, stone, brick and veneer, 2 and 3 stories; private, wood and brick, 1 1-2 and 2 stories; galvanized roofs; fireworks ordinance. Fire department—1 steam fire engine, 3 hose carriages; hose, cotton good 950 ft, inferior 200 ft, rubber good 1,000 ft, inferior 250 ft; value of fire department equipment \$10,000; value of buildings occupied \$5,500; total ann. expenses of department \$900; total membership 29, paid part time 30, volunteers 25; bell alarm; 1 fire company. Chief engineer, Jas. Dougherty.

WATER SUPPLY—Source, river, tanks, cisterns and small reservoir. Town clerk, A. R. G. Feden.

Cayuga, Haldimand Co., population 822; fire area 400 acres; mercantile buildings, brick, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 200 ft, rubber good 200 ft, leather good 50 ft, linen good 100 ft; value of fire department equipment \$600; value of buildings occupied \$1,500; total membership 25, volunteers; bell alarm. Chief, Richard Sinnen.*

WATER SUPPLY—Source, tanks.*

Chatham, Kent Co., population 10,000; fire area 9,052 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, wood and brick, 2 stories; wooden roofs not permitted in fire district; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1

hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 1,500 ft, fair 1,000 ft; 4 horses, value \$800; value of fire department equipment \$10,000; value of buildings occupied \$5,000; total ann expenses of department \$3,000; total membership 11, paid full time 4, paid part time 7; telephone alarm, also watchman in tower from 10 p. m. to 6 a. m. Chief, Alex Jacques.

WATER SUPPLY—Source, artesian wells; system, pumping to standpipe, cap 204,500 gals; pumping engines, dy cap 3,000,000 gals; 163 hydrants; pipe 18 inches, 12 to 4 in dia; 70 valves; 16 meters; 300 taps; pressure, domestic 40, fire 100 to 150 pounds; works owned by company; cost to construct over \$200,000. Pres, F. A. Hinds; supt, W. J. Vallean.

Chealey, Bruce Co., population 1,800; fire area 4½ acres; mercantile buildings, brick, 2 stories; private, brick, 2 stories; wooden roofs not permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages; hose, rubber good 1,200 ft; value of fire department equipment \$5,500; total ann expenses of department \$600; total membership 26, paid full time 3, volunteer members 22. Chief engineer, John T. Flood.

WATER SUPPLY—Source, wells, river and 7 tanks.

Clinton, Huron Co., population 2,700; mercantile buildings, brick, 2 stories; private, brick and wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine (private chemical extinguishers in mostly all places of business), 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,500 ft, linen inferior 600 ft; value of fire department equipment \$5,000; value of buildings occupied \$12,000 (part of town hall); total ann expenses of department \$1,200; total membership 18, paid part time 17; bell alarm. Chief engineer, Wm. Coats.

WATER SUPPLY—Source, wells for domestic and tanks for fire purposes. Mill has steam pumps and 2 fire hydrants.

Cobourg, Northumberland Co., population 5,000; fire area 7 miles; mercantile buildings, brick, 3 stories; private, brick, 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose wagon, 1 hand reel; hose, linen good 2,200 ft, rubber poor 500 ft; 4 horses, value \$800; value of fire department equipment \$3,800; value of buildings occupied \$5,000; total ann expenses of department \$3,450; total membership 32, paid full time 12, volunteer members 20; 10 alarm bells; 1 hook and ladder company, 1 hose company. Chief engineer, W. L. Pesett.

WATER SUPPLY—Source, Lake Ontario and cisterns; system, pumping to standpipe and direct; standpipe cap 175,000 gals; pumping engines, dy cap 3,000,000 gals; 74 hydrants; pipe 7 miles, 4 to 12 in dia; 46 valves; 41 meters; pressure 66 pounds; waterworks owned by company. Supt, A. J. Hewson.

Collingwood, Simcoe Co., population 5,085; buildings, brick, 2 and 3 stories; wooden roofs not permitted. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 4 hose carriages; hose, rubber good 1,500 ft, cotton good 500 ft; value of fire department equipment \$15,000; value of buildings occupied \$800; expenses for past year \$1,200; total membership 20, paid part time. Chief engineer, John Patterson.

WATER SUPPLY—Source, Georgian Bay; system, pumping direct; pumping engines, dy cap 3,000,000 gals; 56 hydrants; pipe 7 1-4 miles, 4 to 12 in dia; 22 valves; 324 taps; pressure, domestic 45, fire 80 to 125 pounds; waterworks owned by town; cost to construct \$52,750; ann expenses about \$2,500. Supt, Thos. Bassett.

Cornwall, Stormont Co., population 7,000; fire area 750 acres; mercantile buildings, brick, 2½ and 3 stories; private, brick and wood, 2 stories; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages, siamese couplings; hose, cotton good 1,900 ft, rubber good 300 ft, inferior 500 ft; mills have hand engine, hose and sprinklers, also organized company; value of fire department equipment \$12,000; value of buildings occupied \$3,000; total ann expenses of department \$3,000; membership 25, paid full time 5, paid part

time 2, volunteers 20; electric bell alarm; 7 street boxes. Chief engineer, J. G. Hunter.

WATER SUPPLY—Source, St. Lawrence river; system, pumping to standpipe; standpipe cap 300,000 gals; pumping engines, dy cap 1,500,000 gals; 60 hydrants; pipe 9 miles, 4 to 12 in dia; 40 valves; 6 meters; pressure, domestic 55, fire 100 pounds; waterworks owned by Flook Bros.

Deseronto, Hastings Co., population 4,000; buildings, stone, brick and wood, 2 and 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 4 chemical engines on wheels, 5 hose carriages; hose, 5,000 ft; value of equipment \$7,500; electric alarm. Equipment owned by Rathbun Co., town pay for use of same.

WATER SUPPLY—Source, Bay of Quinte, wells and large tank; system, pumping direct; pumps, dy cap 612,000 gals per 10 hours; 18 hydrants; pipe 1 1-5 miles, 8 and 6 in; 5 valves; pressure 100 pounds; works owned by company. Mayor, E. W. Rathbun.

Dresden, Kent Co., population 2,250; fire area 650 acres; mercantile buildings, wood and brick, 1 to 3 stories; private, wood and brick, 1 to 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages; hose, rubber good 2,000 ft; value of fire department equipment \$5,200; value of buildings occupied \$3,600; total membership 22, all volunteers; bell alarm. Chief engineer, Thos. Sleeper.

WATER SUPPLY—Source, river and wells.

Dundas, Wentworth Co., population 3,546; fire area 250 acres; mercantile buildings, brick and stone, 3 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—3 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages; hose, rubber good 1,500 ft, linen good 150 ft; value of fire department equipment \$4,500; value of buildings occupied \$1,700; total ann expenses of department \$500; total membership 38, all volunteers; electric fire alarm, alarm bells in firemen's houses and public alarm on fire hall tower; 1 hook and ladder company, 2 hose companies. Chief engineer, John S. Fry.

WATER SUPPLY—Source, springs; system, gravity; 1 reservoir, cap 1,250,000 gals; 43 hydrants; pipe 6 miles, 6 to 12 in dia; 100 taps; pressure 75 to 110 pounds; waterworks owned by town; cost to construct \$40,000. Supt, E. F. Terria.

Dunville, Haldimand Co., population 2,000; fire area 900 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose, rubber good 1,100 ft, inferior 200 ft; value of fire department equipment \$3,000; value of buildings occupied \$6,500; ann expenses \$1,232; membership 47, volunteers; 4 paid; telephone alarm; 7 street boxes. Chief engineer, J. H. Smith.

WATER SUPPLY—Source, Grand river; pumping to reservoir and direct; reservoir cap 50,000 gals; pumping engines cap 1,000 gals per minute; 27 hydrants; pipe 3 miles, 6 and 4 in dia; 9 valves; 60 taps; pressure 40 to 120 pounds; works owned by town; cost to construct \$12,000; ann expenses \$1,000. Supt, J. N. Holmes.

Elmira, Waterloo Co., population 1,100; fire area 500 acres; mercantile buildings, brick, 2 stories; private, brick, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, rubber good 200 ft, cotton good 100 ft; value of fire department equipment \$1,000; value of buildings occupied \$400; total ann expenses of department \$5; volunteer members; bell alarm. Chief engineer, Peter Jansen.

WATER SUPPLY—Source, wells and fire cisterns.

Elora, Wellington Co., population 1,600; mercantile buildings, brick and stone, 3 stories; private, brick, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck, 3 hose carriages; hose, cotton good 500 ft, inferior 200 ft; value of buildings occupied \$1,000; total membership 15, volunteers; bell alarm. Chief engineer, William A. Cuthbert.

WATER SUPPLY—Source, wells, river and tanks. Town clerk, Alex. Petrie.

Essex, population 2,000; mercantile buildings, brick with metal roofs, 2 stories; private, wood, 2 stories; wooden roofs not permitted in fire limits; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 1,000 ft; total ann expenses of department \$688; total membership 30, volunteers; steam whistle and bell alarm. Chief engineer, Charles Walters.*

WATER SUPPLY—Source, deep wells; system, pumping to reservoir; lower reservoir cap 95,000 gals; upper reservoir cap 40,000 gals; pumping engines, dy cap 20,000 gals; hydrants 35; pipe 8 miles, 10 to 4 in; taps 175; valves 9; pressure, domestic 30, fire 75 pounds; waterworks owned by town; original cost to construct \$27,000; ann expenses \$1,400. Supt. A. W. Gardner.

Exeter, Huron Co., population 2,000; fire area 1,200 acres; mercantile buildings, brick and wood, 2 stories; private, brick, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 hand engines, 2 hose carriages; hose, rubber good 600 ft, cotton good 600 ft; value of fire department equipment \$2,000; value of buildings occupied \$6,500; total ann expenses of department \$250; total membership 35, volunteers; bell alarm. Chief, Wm. Treble.

WATER SUPPLY—Source, wells and drains into tanks for fire protection.

Fenelon Falls, Victoria Co., population 1,400; buildings, wood and brick, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 2 chemical engines, 1 hose carriage; hose, cotton good 200 ft, rubber good 250 ft; value of fire department equipment \$780; total ann expenses of department \$100. Chief engineer, S. Neilson.

WATER SUPPLY—Source, canal and 2 creeks.

Fergus, Wellington Co., population 1,760; fire area 500 acres; mercantile buildings, stone, 3 stories; private, brick, wood and stone, 1½ and 2 stories; wooden roofs are permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 3 hose carriages, 1 extension ladder; hose, cotton good 1,000 ft, rubber good 300 ft; value of fire department equipment \$4,200; value of buildings occupied \$2,000; total ann expenses of department \$140; membership 13, volunteer members; bell alarm. Chief, John Thomson.

WATER SUPPLY—Source, wells, river and tank.

Flemington, Grey Co., population 800; fire area 1 sq mi.; buildings, brick and wood, 2 stories; shingle and gravel roofs. Fire department—1 hand engine, 1 chemical extinguisher; hose, cotton good 20 ft; total membership 10, volunteers. Chief engineer, W. J. Billamy.

WATER SUPPLY—Source, wells and mill pond.

Forest, Lambton Co., population 2,087; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 1 and 2 stories, wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,400 ft; value of fire department equipment \$6,000; value of buildings occupied \$5,000; total ann expenses of department \$200; total membership 25, volunteers, paid part time 2; bell alarm. Supt. H. J. Pettypiece.*

WATER SUPPLY—Source, 5 tanks, R. R. reservoir. Town clerk, Harry Barron.

Galt, Waterloo Co., population 7,800; fire area 2,000 acres; mercantile buildings, brick and stone, 3 to 5 stories; private, brick and stone, 1 to 3 stories; shingles laid in mortar are permitted; fireworks ordinance; causes of fire investigated. Fire department—3 chemical extinguishers, 1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, cotton good 2,000 ft; 3 hoses, value \$900; value of fire department equipment \$3,500; value of buildings occupied \$5,000; total ann expenses of department \$2,000; total membership 13, paid full time 2, paid part time 11; telephone alarm. Chief engineer, J. Curtiss.

WATER SUPPLY—Source, springs; system, pumping to standpipe; reservoir cap 150,000 gals; standpipe cap 220,000 gals; pumping engines, dy cap 1,500,000 gals; 109 hydrants; pipe 14 miles, 12 to 4 in; 700 taps; 60 valves; pressure 80 to 50 pounds; waterworks owned by city; original cost to construct \$132,000; expenses of construction to date \$152,000. Supt. Peter Cowan.

Gananoque, Leeds Co., population 3,658; fire area 350 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick, 2½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose, linen good 500 ft, rubber good 600 ft, inferior 350 ft; value of fire department equipment \$7,000; value of buildings occupied \$2,000; total ann expenses of department \$680; total membership 38, paid part time; electric alarm; 9 street boxes; 1 engine company, 1 hook and ladder company, 1 hose company, Chief, Jas. McKellar.*

WATER SUPPLY—Source, river; system, direct; pumping; pumping engines, cap 650 gals per min; 25 hydrants; pipe 2½ miles, 8 to 4 in dia; 7 valves; pressure 150 pounds; waterworks owned by town; cost to construct \$31,000; ann expenses \$200. Supt. C. H. Catton.

Georgetown, Halton Co., population 1,000; fire area 200 acres; mercantile buildings, stone and brick, 1½ to 3 stories; private, brick and wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,400 ft, rubber good 200 ft; value of equipment \$2,100; value of buildings occupied \$3,000; total membership 40, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Chief, Henry H. Speer.

WATER SUPPLY—Source, springs and reservoir; system, gravity; reservoir cap 400,000 gals; 35 hydrants; pipe 7 miles, 10 to 4 in dia; 26 valves; pressure 87 pounds; works owned by city; cost \$35,000. Supt. J. Barber.

Glencoe, Middlesex Co., population 1,050; fire area 200 acres; buildings, brick and wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 700 ft; value of fire department equipment \$2,500; value of buildings occupied \$400; ann expenses \$17.25; total membership 30, paid full time 1; bell alarm. Chief J. Foster.*

WATER SUPPLY—Source, tanks.*

Godolphin, Huron Co., population 4,000; fire area 1½ miles; mercantile buildings, brick, 2½ and 3 stories; private, brick and wood, 2 and 3 stories; roofs shingle, laid in mortar, gravel and plastic slate; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon, slamese couplings used; hose, cotton good 1,500 ft; 2 hoses, value \$200; value of fire department equipment \$3,000; value of buildings occupied \$1,500; total ann expenses of department \$550; total membership 11, paid; bell and electric alarm. Captain, Thos. Videa.

WATER SUPPLY—Source, 6 artesian wells; system, direct pumping; pumping engines, dy cap 1,800,000 gals; 52 hydrants; pipe 13 miles, 4 to 10 in dia; 30 valves; pressure, domestic 40, fire 75 to 100 pounds; waterworks owned by city; cost to construct \$68,000, to date \$74,000; ann expenses \$4,000. Supt. W. H. Smith.

Gravenhurst, Muskoka District, population 2,000; fire area 10 acres; mercantile buildings, brick, 2 stories; private, wood, 1½ stories; wooden roofs not permitted. Fire department—1 steam engine, 1 chemical engine on wheels (not used), 2 hose carriages; hose, linen good 2,000 ft, inferior 200 ft; value of fire department equipment \$5,000; value of buildings occupied \$1,000; total membership 10, paid full time 1, volunteers 9; bell alarm. Engineer, Archy Sloan.

WATER SUPPLY—Source, lake; system, pumping to tank, cap 50,000 gals; pressure 100 pounds; works owned by city.

Guelph, Wellington Co., population 11,000; fire area 3 sq miles; buildings, stone and brick, 2 and 3 stories; wooden roofs not permitted in fire limits; no fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 2 chemical extinguishers, 1 hook and ladder truck, 5 hose carriages, 1 hose wagon; hose, cotton good 3,500 ft, inferior 2,000 ft, leather inferior 1,000 ft, linen good 1,000 ft, rubber inferior 1,000 ft; 3 hoses, value \$525; value of fire department equipment \$10,500; value of buildings occupied \$6,000; expenses for past year \$2,400; membership 22, paid full time 1, paid part time 21; bell and telephone alarm; 13 street boxes. Chief engineer, A. Robertson.

WATER SUPPLY—Source, springs and river; sys-

tem, direct pumping; pumping engines, dy cap 1,500,000 gals; 118 hydrants; pipe 20 miles, 2 to 12 in dia; 60 valves; 4 meters; pressure, domestic 85, fire 120 to 130 pounds; waterworks owned by city; cost to construct \$100,000, cost to date \$140,000; ann expenses \$6,000. Supt, Richard Mitchell.

Hamilton, Wentworth Co., population 50,000; fire area 3,000 acres; mercantile buildings, brick and stone, 3 to 5 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 2 chemical engines on wheels, 3 chemical extinguishers, 1 hook and ladder truck, 6 hose wagons, 1 70-ft extension ladder; hose, cotton good 6,000 ft, linen inferior 700 ft; 17 horses, value \$3,000; value of fire department equipment \$30,000; value of buildings occupied \$50,000; total ann expenses of department \$38,300; total membership 42, paid full time; electric alarm; 35 street boxes. Chief engineer, A. W. Aitichison.

WATER SUPPLY—Source, Lake Ontario through filter basin; system, pumping to reservoir; reservoir cap 11,000,000 imp. gals; pumping engines, dy cap 13,000,000 imp. gals; 624 hydrants; pipe 101 miles, pipe 6 to 20 in; 328 valves; 4 meters; pressure 20 to 75 pounds; waterworks owned by city; cost to construct \$1,300,000; ann expenses \$40,000. Supt and city eng, Wm. Haakins.

Harriess, Wellington Co., population 1,700; buildings, wood and brick, 1 to 3 stories; roofs shingle and iron. Fire department—1 steam fire engine, 2 hose carriages; hose, cotton good 1,500 ft; total membership 8, paid part time; bell alarm. Chief engineer, Alexander Beach.

WATER SUPPLY—Source, river.

Ingersoll, Oxford Co., population 5,500; buildings, brick and wood, 1½ to 3 stories; wooden roofs permitted laid in mortar; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 1 hook and ladder truck, 4 hose carriages, 2 hose couplings used; hose, cotton good 800 ft, rubber good 1,200 ft; 2 horses; value of fire department equipment \$7,000; total membership 20, paid part time; bell alarm. Chief, engineer, George Craig.

WATER SUPPLY—Source, springs; system, pumping to standpipe and direct; standpipe cap 165,000 gals; steam pumping engines, dy cap 2,250,000 gals; 75 hydrants; 25 valves; pipe 8 miles, 4 to 12 in dia; 52 meters; pressure, domestic 70, fire 140 pounds; waterworks owned by company; cost to construct \$80,000. Supt, Geo. Duncan.

Iroquois, Dundas Co., population 1,100; fire area 20 acres; buildings, brick, stone and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 300 ft, rubber good 1,000 ft; 1 horse; value of equipment \$4,000; value of buildings occupied \$3,000; ann expenses \$500; membership 10, volunteers; bell alarm. Chief, James W. Nairn.

WATER SUPPLY—Source, St. Lawrence river; system, direct pumping; tank cap 100,000 gals; pumps dy cap 200,000 gals; 15 hydrants; pipe 2 miles; 6 valves; pressure, domestic 45, fire 80 pounds. waterworks owned by company; cost to construct \$18,000; ann expenses \$500. Supt, Gordon Service.

Jarvis, Haldimand Co., population 1,000; fire area 500 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine; hose, cotton good 150 ft; value of fire department equipment \$500. Chief engineer, J. W. Rodgers.

WATER SUPPLY—Source, wells.

Kempville, population 1,400; fire area 200 acres; mercantile buildings, brick and stone, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages, 2 hose couplings used; hose, cotton good 1,700 ft, rubber good 300 ft; 2 horses; value of fire department equipment \$8,000; value of buildings occupied \$3,500; total ann expenses of department \$300; total membership 30, volunteers; bell alarm. Chief, G. E. Hanna.

WATER SUPPLY—Source, river.

Kincardine, Bruce Co., population 3,000 fire area 1,280 acres; mercantile buildings, brick 2 and 3 stories; private, brick and wood, 1 to 2½

stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages, 15 leather buckets; hose, rubber good 1,200 ft, inferior 300 ft; value of fire department equipment \$10,000; value of buildings occupied \$1,000; total ann expenses of department \$200; total membership 40, volunteers; paid full time 2, paid part time 2; bell alarm. Chief, Andrew Allen.

WATER SUPPLY—Source, Lake Huron; system, pump to standpipe and direct; cap of standpipe 157,500 gals; pumping engines dy cap 1,500,000 gals; 34 hydrants; pipe 3¼ miles, 10 to 4 in dia; 23 valves; 6 meters; pressure from 40 to 125 pounds; works owned by company; cost to construct \$40,000. Supt, Joseph, H. Walker.

Kingston, Frontenac Co., population 19,384; fire area 900 acres; buildings, brick and stone, 2 to 5 stories; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 1 hand engine, 1 chemical engine on wheels, 3 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 2 hose couplings used; hose, cotton good 3,200 ft, inferior 400 ft; 4 horses; value of fire department equipment \$18,000; value of buildings owned \$24,000; total ann expenses of department \$6,000; total membership 11, paid; telephone and electric alarm; 22 street boxes. Chief engineer, H. Youlden.

WATER SUPPLY—Source, Lake Ontario; system, pumping to standpipe and direct; tank cap 680,000 imperial gals; pumps, dy cap 4,500,000 gals; 196 hydrants; pipe 20 ¾ miles, 4 to 18 in dia; 256 valves; 40 meters; 2,327 tape; pressure 40 to 80 pounds; waterworks owned by city; cost to construct \$322,000; ann expenses \$8,400. Chairman, R. F. Elliott; supt, T. Hewitt.

Lakefield, Peterborough Co., population 1,200; fire area 500 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 1 hook and ladder truck, 2 hose carriages, all kind 1 hose wagon; hose, rubber good 400 ft, cotton good 600 ft, linen good 80 ft; 1 horse, value \$100; value of fire department equipment \$3,600; value of buildings occupied \$4,000; total ann expenses of department \$450; total membership 50, paid part time 2, volunteer members 48; bell alarm. Chief engineer, Peter Baptie.

WATER SUPPLY—Source, wells river and lake.

Leamington, Essex Co., population 2,500; fire area 350 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 1½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—3 hose carriages; 1 hand engine; hose, linen good 1,200 ft; value of fire department equipment \$2,000; value of buildings occupied \$3,500; total ann expenses of department \$1,600; total membership 31, volunteers; telephone alarm. Chief engineer, W. H. Ryall.

WATER SUPPLY—Source, flowing well; system, pumping direct and to reservoir; reservoir cap 50,000 gals; pumping engines, dy cap 1,000,000 gals; hydrants 28; pipe 4½ miles, 10 to 4 in; 75 tape; 10 valves; pressure, domestic 40, fire 75 to 100 pounds; waterworks owned by town; original cost to construct \$20,000; expenses of construction to date \$25,000; ann expenses \$1,600. Supt, W. H. Ryall.

Lindsay, Victoria Co., population 6,081; fire area 65 acres; mercantile buildings, brick, 2 to 4 stories; private, brick and wood, 2 and 3 stories; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 5 hose carriages, 1 hose wagon; hose, rubber good 2,000 ft, 2 horses, value \$300; value of fire department equipment \$4,000; value of buildings occupied \$1,200; total membership 13, paid full time; bell alarm. Chief engineer, Douglas Sinclair.

WATER SUPPLY—Source, Seaugor river; system, pumping to standpipe; standpipe cap 225,000 gals; 87 hydrants; pipe 6 1-2 miles, 4 to 12 in dia; 36 valves; pressure 67 to 110 pounds; waterworks owned by company. Supt, J. M. Knowlson.

Listowel, Perth Co., population 2,587; fire area 10 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 1½ and 2 stories; causes of fire investigated. Fire department—1 steam fire engine, 2 hose carriages; hose, rubber good 1,700 ft, inferior 500 ft; value of fire

department equipment \$5,000; value of buildings occupied \$3,000; total ann expenses of department \$1,000; total membership 14, paid; bell and whistle alarm. Chief, J. F. Wilson.*

WATER SUPPLY—Source, river; system, direct pumping; 2 pumping engines, dy cap 1,000,000 gals; 12 hydrants; pipe 1 mile, 4 to 6 in dia; 4 valves; 30 taps; pressure 40 to 60 pounds; waterworks owned by company; cost to construct \$9,000; ann expenses \$1,500. Supt, Robt. Woods.

Little Current, District of Algona, population 1,100; fire area 75 acres; mercantile buildings, wood, 2 stories; private, wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hose carriages; hose, cotton good 1,000 ft; value of fire department equipment \$2,800; value of buildings occupied \$500; total ann expenses of department \$400; total membership 40 volunteers; bell alarm. Chief engineer, R. Alexander.

WATER SUPPLY—Source, lakes and wells.

London, Middlesex Co., population 35,000; fire area 900 acres; mercantile buildings, brick, iron, stone and wood, 2 to 5 stories; private, brick and wood, 1 to 3 stories; wooden roofs permitted in fire limits if laid in mortar; fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage; 6 hose wagons; hose, cotton good 5,000 ft, inferior 1,120 ft, 9 hoses, value \$1,400 value of fire department equipment \$18,500; value of buildings occupied \$28,000; total ann expenses of department \$14,685; total membership 19, paid full time; electric alarm; 52 street boxes. Chief, John A. Roe.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 7,000,000 gals; 2 water power and steam pumps, dy cap 5,000,000 imp gals; 375 hydrants; pipe 75 miles, 4 to 18 in dia; 113 meters; pressure 80 pounds; waterworks owned by city; cost to construct \$556,773.18; ann expenses \$17,000. Pres, W. Jones; supt, J. M. Moore.

Louisville, Bothwell Co., population 100; buildings, wood, 1 and 2 stories. Fire department—1 hand engine, 2 hose carriages; hose, cotton good 400 ft, inferior 500 ft; bell alarm.*

WATER SUPPLY—Source and system not given; 20 hydrants; pipe 3 miles; pressure 75 to 100 pounds. Supt, R. Lambert.

Lucknow, Bruce Co., population 1,500; fire area 640 acres; buildings, wood, brick and stone, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 hose carriages; hose, cotton good 1,000 ft, rubber good 200 ft, inferior 100 ft; value of fire department equipment \$18,000; value of buildings occupied \$8,000; total ann expenses of department \$600; total membership 21, paid full time 1 volunteer 20; bell alarm. Chief, Thomas Lawrence.

WATER SUPPLY—Source, spring, creek; system, pump direct; dy cap 800 gals per minute; 17 hydrants; pipe 1½ miles, 8, 6, 4 in dia; 6 valves; cost to construct \$10,000; ann expenses \$1,000. Supt, Thos. Douglas.*

Madoc, Hastings Co., population 1,400; buildings, brick, stone and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 2 chemical extinguishers, 1 hose carriage; 4 long ladders; hose, rubber good 550 ft; value of fire department equipment \$2,100; total ann expenses of department \$40; total membership 25, paid part time 1, volunteers 24, bell alarm. Chief engineer, Frank Embery.

WATER SUPPLY—Source, creeks and wells.

Markham, York Co., population 1,500; fire area ½ mile; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 2 hook and ladder trucks, 3 hose carriages, 1 hose wagon; factories have force pumps and 3,000 ft hose; hose, cotton good 1,000 ft; value of fire department equipment \$17,000; value of buildings occupied \$4,000; ann expenses \$500; total membership 40; electric alarm; 4 street boxes. Chief engineer, Jas. Gleason.

WATER SUPPLY—Source, springs; system, pumping to reservoir; reservoir cap 50,000 gals; hydrants 14; pipe 1 mile, 6 and 4 in; valves 6; pressure fire 150 pounds; waterworks owned by corporation; original cost to construct \$3,000. Supt, Wm. Barkey.

Mattawa, Nipissing District, population 2,000; fire area 500 acres; mercantile buildings, wood and brick, 2 stories; private, wood, 1½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,400 ft; value of department equipment \$5,000; value of buildings occupied \$3,000; total membership 45, volunteers. Chief engineer, G. T. Smith.*

WATER SUPPLY—Source, River Ottawa, Mattawa river and Boom creek.*

Meadford, Grey Co., population 1,000; buildings, brick, 2 and 3½ stories. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose, cotton good 1,200 ft, rubber good 250 ft; value of fire department equipment \$3,000; 1 building occupied; total ann expenses of department \$650; total membership 20, paid part time; telephone alarm. Chief engineer, W. S. Bates.

WATER SUPPLY—Source, river, wells, 8 tanks.

Merriton, Lincoln Co., population 1,613; fire area 500 acres; mercantile buildings, brick and stone, 1 and 2½ stories; private, brick and wood, 2½ stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 500 ft, cotton good 1,000 ft; value of fire department equipment \$3,000; value of buildings occupied \$7,000; ann expenses \$350; total membership 40, bell and whistle alarm. Chief, R. Clark.

WATER SUPPLY—Source, Lake Erie; system, gravity; pumping to reservoir; 50 hydrants; pipe 8 miles; 14 to 4 in; 20 valves; pressure 35 to 108 pounds; waterworks owned by town; cost to construct \$71,800; to date \$73,000; ann expenses \$450. Supt, R. Clark.

Midland, Simcoe Co., population 2,200; fire area 640 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and wood, 3 stories; wooden roofs permitted; fireworks ordinance on main street. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton rubber lined good 1,600 ft; 3 hoses; value of fire department equipment \$8,000; total membership 31, paid full time 1, volunteers 30; ordinary alarm. Chief engineer, John Preston.*

WATER SUPPLY—Source, wells.*

Millbrook, Durham Co., population 971; buildings, brick, 2 stories. Fire department—1 steam fire engine, 1 hand engine, 1 hose carriage; hose, rubber 1,150 ft; value of fire department equipment \$21,000. Chief engineer, A. Ferguson.

WATER SUPPLY—Source, creeks and 5 tanks.

Milton, Halton Co., population 1,500; fire area 75 acres; mercantile buildings, brick and wood, 2 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,600 ft; value of fire department equipment \$1,800; value of buildings occupied \$5,000; ann expenses \$500; total membership 44, volunteers; bell alarm; 1 hook and ladder company, 2 hose companies. Chief, E. F. Earl.

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 150,000 gals; 17 hydrants; pipe 4½ miles, 8 to 4 in dia; 45 valves; 100 taps pressure 80 pounds; waterworks owned by town; cost to construct \$20,000. Supt, J. H. McCollon.

Mitchell, Perth Co., population 2,101. Fire department—3 hose carriages; hose, rubber good 300 ft, cotton good 1,400 ft; membership, volunteers. Chief, R. Ryan.*

WATER SUPPLY—Source, surface water; system, direct pumping; 2 pumping engines; 10 hydrants; pipe 6,500 ft, 4 and 6 in dia; waterworks owned by town; cost to construct \$15,000; ann expenses \$500. Chairman of com, T. S. Ford.*

Morrisburg, Dundas Co., population 2,100; fire area 640 acres; buildings, brick, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 3 hose carriages; hose, cotton rubber lined good 500 ft, rubber good 800 ft, linen good 300 ft; value of fire department equipment \$5,000; value of buildings occupied \$1,200; total ann expenses of department \$500; total membership 35, volunteers 30, electric alarm; 6 street boxes. Chief A. A. Logan.

WATER SUPPLY—Source, St. Lawrence river; system, direct pumping; pumping engines, dy cap

1,944,000 gals; 23 hydrants; pipe 3 miles, pressure domestic 40, fire 120 pounds; waterworks owned by town; cost to construct \$26,000; ann expenses \$400. Supt. Cyrus Casselman.*

Mt. Forest, Wellington Co., population 2,600; fire area 1,400 acres; mercantile buildings, brick, 2 and 3 stories; private, brick, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, hose, rubber good 150 ft; value of fire department equipment \$3,000; total ann expenses of department \$300; total membership 40, bell alarm. Chief engineer, Geo. Till.

WATER SUPPLY—Source, wells and cisterns.

Napanee, Lennox Co., population 3,400; fire area 1,200 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 1 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 1 chemical extinguisher, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 1,500 ft. rubber good 2,000 ft; value of fire department equipment \$14,000; value of buildings occupied \$10,000; total ann expenses of department \$3,500; total membership 34, paid part time 32, paid full time 2; electric alarm; 8 street boxes. Chief engineer, Henry Worger.*

WATER SUPPLY—Source, Napanee river; system, direct pumping; standpipe cap 150,000 gals; water-power pumps, dy cap 2,000,000 gals; 33 hydrants; pipe 2½ miles, pressure, domestic 45, fire 120 pounds; waterworks owned by J. P. Northey; cost to construct \$35,000; ann expenses \$1,500. Town clerk, P. Enbury.*

New Hamburg, Waterloo Co., population 1,450; fire area 950 acres; mercantile buildings, brick, 3 stories; private, brick, 2 stories; no fireworks ordinance. Fire department—1 steam fire engine, 50 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, 1 hose wagon; hose, cotton good 600 ft. linen good 500 ft; 2 hoses, value \$300; value of equipment \$1,200; value of buildings occupied \$2,000; total membership 15, paid part time. Chief, Christopher Ran.

WATER SUPPLY—Source, river and cistern.

New Market, York Co., population 2,081; fire area 50 acres; mercantile buildings, brick or rough cast, 2 to 3 stories; private, brick clad, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 1,500 ft, linen good 300 ft; value of fire department equipment \$2,500; value of building occupied \$2,000; total ann expenses of department \$300; total membership 78, volunteers; electric and bell alarm; 1 hook and ladder company, 1 hose company. Chief engineer, A. R. Watson.

WATER SUPPLY—Source, artesian wells; system, gravity and pumping to reservoir, cap 200,000 gals; pumping engines dy cap 1,500,000 gals; 32 hydrants; pipe 5 miles, 4 to 8 in dia; 30 valves, 3 meters; 160 taps; pressure, domestic 45, fire 100 to 150 pounds; works owned by town; cost to construct \$32,000; ann expenses \$650. Supt, H. S. Cane.

Niagara Falls, Welland Co., population 4,000; fire area 800 acres; buildings, wood, brick and stone, 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose, rubber good 2,000 ft; value of fire department equipment \$5,500; value of buildings occupied \$4,000; total ann expenses of department \$300; total membership 100, volunteers; bell alarm. Chief engineer, John Wilson.

WATER SUPPLY—Source, Niagara river; system, direct pumping, reservoir cap 5,000,000 gals; pumping engines, dy cap 5,000,000 gals; 44 hydrants; pipe 8 miles, 6 to 13 in dia; 25 valves; 643 taps; pressure, domestic 80, fire 120 pounds; waterworks owned by town; cost to construct \$60,000; and expenses \$2,500. Supt, John Robinson.

North Toronto, population 1,641; fire area 2,500 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—hose, cotton 1,000 ft; 1 hose wagon, hook, ladders and axes etc; value of fire department apparatus \$1,100; value of buildings occupied \$600. Chief, Wm. J. Douglas.

WATER SUPPLY—Source, not stated.

Onnemece, Victoria Co., population 800; fire

area 500 acres; mercantile buildings, brick, 1½ and 2½ stories; private, wood, 1½ and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hand engines, 1 hook and ladder truck; hose, rubber inferior 150 ft; value of fire department equipment \$500; value of buildings occupied \$75; bell alarm. Chief engineer, T. J. Parsons.

WATER SUPPLY—Source, Pigeon river and mill pond.*

Orangeville, Dufferin Co., population 3,400; mercantile buildings, brick, 3 stories; private, brick and wood, 2 stories; shingles laid in mortar are permitted; fireworks ordinance. Fire department—2 stationary steam fire engines, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 600 ft, cotton good 200 ft, inferior 100 ft; value of buildings occupied \$2,500; total ann expenses of department \$1,000; total membership 16, paid full time 1, paid part time 12, volunteer members 3; bell alarm. Captain, John Patterson.

WATER SUPPLY—Source, Credit river; system, pumping to reservoir, cap 110,000 gals; 2 rotary pumping engines; 9 hydrants; pipe 1 mile, 6 in dia; pressure 60 to 110 pounds; waterworks owned by town; cost to construct \$10,000; ann expenses \$1,000. Supt, James Pickering.

Orillia, Simcoe Co., population 5,333; fire area 2,000 acres; buildings, brick, 2 stories; iron roofs. Fire department—2 hand engines, 1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages; hose, rubber 400 ft, cotton good 1,300 ft; value of fire department equipment \$4,000; value of buildings occupied \$2,000; total ann expenses of department \$500; total membership 25, volunteers; bell alarm. Chief engineer, R. Malner.

WATER SUPPLY—Source, lake and cistern.*

Oshawa, Ontario Co., population 4,100; fire area 2,400 acres; buildings, brick and wood, 1 to 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 chemical engine on wheels, 50 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, alarm couplings used; hose, cotton good 400 ft, rubber good 2,000 ft, inferior 500 ft; value of fire department equipment \$18,000; 1 building occupied; total ann expenses of department \$1,100; total membership 35, full paid; bell alarm. Chief engineer, J. Fellow.

WATER SUPPLY—Source, tanks.

Ottawa, Carleton Co., population 44,154; fire area 4 sq miles; buildings, stone and brick, 2 to 5 stories; wooden roofs permitted when laid in mortar; fireworks ordinance. Fire department—2 steam fire engines, 2 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 12 hose carriages, lumber mills have powerful pumps and 5,000 ft hose; hose, cotton and rubber good 13,000 ft, leather 800 ft; hoses 16, value \$4,000; value of fire department equipment and buildings occupied \$60,000; expenses for past year \$31,000; total membership 38, all paid; telegraph alarm. Chief engineer, W. Young.

WATER SUPPLY—Source, Ottawa river; system, direct pumping; pumping engines, dy cap 16,000,000 gals; 568 hydrants; pipe 70½ miles, 5 to 24 in dia; 639 valves; 6 meters; pressure, domestic 50 to 80, fire 75 to 110 pounds; waterworks owned by city; cost to construct \$1,520,614; ann expenses \$50,456. Manager, Robt. Surtees.

Owen Sound, Grey Co., population 7,497; buildings, brick, 2 to 4 stories; wooden roofs permitted when laid in mortar. Fire department—1 steam fire engine, 1 chemical extinguisher, 1 hook and ladder truck, 1 extension ladder, 5 hose carriages; hose, cotton good 3,500 ft; 2 hoses, value \$400; value of equipment \$12,000; ann expenses \$1,200; total membership 40, volunteers, 4 paid; telephone alarm; 15 alarm boxes. Chief, I. S. Johns.

WATER SUPPLY—Source, spring; system, gravity; reservoir cap 500,000 imperial gals; 72 hydrants; pipe 13 miles, 10 to 3 in dia; 58 valves; 12 meters; pressure 70 pounds; waterworks owned by town; cost to construct \$95,000; ann expenses \$850. Free, J. W. Redfern.*

Paisley, Bruce Co., population 1,328; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages, hooks, pails, etc.; hose, cotton good 400 ft, rubber good 850 ft; value of

fire department equipment \$3,300; value of buildings occupied \$1,450; total ann expenses of department \$400; total membership 50, part paid; bell and whistle alarm. Chief, Wm. W. Hogg.

WATER SUPPLY—Source, river; system, direct pumping; pumping engines, dy cap 4,000,000 gals; hydrants 8; pipe $\frac{1}{2}$ mile, 8 in dia; 4 valves; pressure 50 to 150 pounds; works owned by town; cost to construct \$15,000; ann expenses \$800. Supt, W. W. Brown.

Palmerston, Wellington Co., population 2,050; fire area 3 miles sq; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon; hose, rubber good 1,000 ft, inferior 1,000 ft; value of fire department equipment \$3,500; value of buildings occupied \$1,000; total ann expenses of department \$100; total membership 17, volunteers. Chief engineer, Thos. Williams.

WATER SUPPLY—Source, tanks.*

Paris, Brant Co., population 3,080; mercantile buildings, brick and concrete, 3 stories; private, brick, 1 and 2 stories; wooden roofs permitted outside of fire limits; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 1,200 ft; value of equipment \$7,000; value of buildings occupied \$1,000; ann expenses \$1,700; total membership 52, volunteers, including salvage corps; electric alarm; 7 street boxes. Chief engineer, John Kay.

WATER SUPPLY—Source, springs; system, pumping to reservoir, cap 1,000,000 gals; pumping engines, dy cap 360,000 gals; 26 hydrants; pipe 4 miles, 4 to 8 in dia; 12 valves; pressure 70 pounds; waterworks owned by town; cost to construct \$40,000; ann expenses \$1,837. Supt, John Brookbank.

Park Hill, Middlesex Parish, population 1,800; buildings, brick and wood, $\frac{1}{2}$ to 3 stories; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 2 hose carriages, ladders, etc; hose, cotton good 500 ft, rubber good 500 ft, inferior 50 ft; value of fire department equipment \$5,000; total membership 12, paid part time; bell and telephone alarm. Chief engineer, Oliver Baird.

WATER SUPPLY—Source, tanks, 10 cisterns, cap 50 barrels.

Perry Sound, McDougall Co., population 2,000; fire area 200 acres; mercantile buildings, wood, 2 stories; private, wood, $\frac{1}{2}$ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose reels, 1 hose sleigh; hose, cotton good 1,200 ft; value of fire department equipment \$2,000; value of buildings occupied \$1,200; total membership 35, volunteers; electric and bell alarm; 4 street boxes. Chief engineer, Alex Logan.

WATER SUPPLY—Source, Georgian Bay; system, pumping to standpipe; standpipe cap 30,000 gals; pumping engines, dy cap 1,352,400 gals; 27 hydrants; pipe 34 miles, 12 to 4 in; 110 taps; 9 valves; pressure, domestic 80, fire 120 pounds; waterworks owned by town; original cost to construct \$25,393. Supt, John E. Campbell.

Pembroke, Renfrew Co., population 4,401; buildings, wood, brick and stone, 1 to 3 stories; wooden roofs not permitted in fire limits; no fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 4 hose carriages, all kinds; hose, rubber good 400 ft, inferior 400 ft; cotton good 2,000 ft, inferior 400 ft; value of fire department equipment \$8,000; value of town hall \$15,000; total ann expenses of department \$400; total membership 35, volunteers; telephone and bell alarm. Chief engineer, Wm. Murray.

WATER SUPPLY—Source, Ottawa river; system, pumping to standpipe; standpipe cap 128,000 gals; pumping engines, cap 600 gals per minute; 53 hydrants; pipe 5 miles, 10, 8 and 6 in; 25 taps; 34 valves; pressure, domestic 73, fire 125 pounds; waterworks owned by town; original cost to construct \$48,000; ann expenses \$1,400. Engineer, G. W. McMartin.

Penetanguishene, Simcoe Co., population 2,300; fire area 50 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 and $\frac{1}{2}$ stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 2 hose carriages, all kinds, 2 hose wagons; hose, linen good 2,000 ft; value of fire department

equipment \$2,000; value of buildings occupied \$4,000; total ann expenses of department \$900; total membership 30, volunteers; bell alarm.

WATER SUPPLY—Source, spring; system, pumping to reservoir, cap 60,000 gals; tank cap 40,000 gals; pumping engines, dy cap 1,000,000 gals; 35 hydrants; pipe 6 miles, 10 to 4 in dia; 10 valves; pressure, domestic 60 to 70, fire 80 to 120 pounds; works owned by town; cost to construct \$33,500; ann expenses \$810. Supt, R. A. Pearson.

Perth, Lanark Co., population 4,000; fire area 1 mile x $\frac{1}{2}$; buildings, brick, wood and stone, 1 to 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 5 chemical extinguishers, 2 hook and ladder trucks, 4 hose carts; hose, cotton good 2,000 ft, rubber good 800 ft; value of fire department equipment \$15,000; value of buildings occupied \$3,000; total membership 64, full paid; bell alarm. Chief engineer, D. R. Noonan.

WATER SUPPLY—Source, river and tanks.

Peterborough, Peterborough Co., population 9,717. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages; hose, cotton and rubber good 2,000 ft, inferior 300 ft; 6 horses; total membership 30, paid part time; electric alarm. Chief engineer, T. Rutherford.*

WATER SUPPLY—Source, Otonabee river; system, direct pumping; 2 water-power pumps, dy cap 2,000,000 gals; 102 hydrants; pipe 12 5-8 miles; 20 meters; 96 valves; pressure, domestic 75, fire 110 pounds; waterworks owned by company; cost to construct \$125,000; ann expenses \$3,000. Supt, Wilson Henderson.*

Petrolia, Lambton Co., population 4,357; fire area 38 acres; mercantile buildings, brick, 2 stories; private, wood, 2 stories; wooden roofs permitted, laid in mortar; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 5 hose carriages; hose, rubber good 2,000 ft, inferior 500 ft, cotton good 500 ft, inferior 300 ft; value of fire department equipment \$12,500; value of buildings occupied \$4,000; total ann expenses of department \$3,043; total membership 75, paid full time 3, volunteers 72; bell alarm; 2 engine companies, 1 hook and ladder company. Chief engineer, T. G. Jackson.

WATER SUPPLY—Source, tanks and creeks. (Waterworks are being constructed.)

Pictou, Co. of Prince Edward, population 3,500; fire area 534 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; roofs mostly metal, shingles laid in mortar permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds, other apparatus, picks, poles, hooks, buckets, etc; hose, rubber new 1,000 ft, cotton good 300 ft, leather good 250 ft; value of fire department equipment \$2,500; total ann expenses of department \$650; total membership 23; electric alarm; 8 street boxes. Chief engineer, Angus Lighthall.

WATER SUPPLY—Source, an arm of Bay of Quinte, Lake Ontario; system, pumping to reservoir and direct; reservoir cap 400,000 gals; pumping engines, dy cap 400,000 gals; 40 hydrants; pipe 5 miles, 4 to 8 in dia; 25 valves; 75 taps; pressure 75 pounds; waterworks owned by town; cost to construct \$30,000; ann expenses \$2,000. Supt, R. A. Norman, Jr.

Plattsville, Oxford Co., population 1,000; mercantile buildings, brick, 2 stories; private, brick, $\frac{1}{2}$ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 250 ft, linen inferior 230 ft; value of fire department equipment \$600; value of buildings occupied \$200; total ann expenses of department \$50; total membership 40, volunteers. Chief, Robt. Baird.

WATER SUPPLY—Source, 3 large wells to be put in; mills and factories have pumps.

Point Edward, Lambton Co., population 1,464; buildings, brick and wood, $\frac{1}{2}$ to 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 6 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, canvas good 300 ft, rubber good 600 ft, inferior 100 ft, owned by the Grand Trunk Railway and equipped by their volunteer members; value of fire department equipment \$4,000; total membership 48, volunteers; steam whistle alarm.

WATER SUPPLY—Source, St. Clair river; system,

direct; hydrants; pressure 140 pounds. Town clerk, W. Mitchell.

Port Arthur, Thunder Bay District, population 2,669; buildings, brick and stone, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose reels, 1 hose wagon; hose, cotton good 8,000 ft, inferior 500 ft, rubber good 500 ft; 2 horses; value of equipment \$2,500; value of buildings occupied \$1,500; total membership 33, volunteers; bell alarm; 3 telephone boxes. Chief, W. C. Woodside.

WATER SUPPLY—Waterworks to be built by company. Town clerk, W. H. Langworthy.

Port Elgin, Bruce Co., population 1,852; fire area 100 acres; mercantile buildings, brick, 2 and 3 stories; private, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck; hose, rubber good 150 ft; value of fire department equipment \$1,200; value of buildings occupied \$700; total ann expenses of department \$200; total membership 36, volunteers; bell alarm; 1 engine company, 1 hook and ladder company. Chief engineer, Augustus Smith.

WATER SUPPLY—Source, wells; system, pumping to tanks; pumps, dy cap 400 bbls. (Waterworks contemplated.)

Port Hope, Durham Co., population 5,042; fire area whole town; mercantile buildings, brick, 3 and 4 stories; private, brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical engines on wheels, 1 hook and ladder truck, 1 aerial truck, 4 hose carriages, 2 chemical supply carts; hose, rubber good 1,000 ft, cotton good 800 ft; total ann expenses of department \$1,000; total membership 30, paid part time; electric bell alarm. Chief engineer, L. G. Missin.

WATER SUPPLY—Source, Smith's creek and mill dam; system, direct pumping; water pump; 33 hydrants; pipe 2 miles, 6 to 10 in dia; 2 valves; pressure 60 to 250 pounds; waterworks owned by town; cost to construct \$23,700; ann expenses \$150. Supt, John Gamble.

Port Perry, Ontario Co., population 1,700; fire area 600 acres; buildings, brick and wood, 1 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 hand engines, 3 hose carriages; hose, cotton good 1,100 ft, inferior 100 ft; total ann expenses of department \$200; total membership 17, paid. Chief engineer, William Kennedy.

WATER SUPPLY—Source, lake and tank.

Portsmouth, population 1,734; buildings, wood and stone, 2 stories; wooden roofs permitted. Fire department—Penitentiary owns 1 hand engine.

WATER SUPPLY—Source, wells and lake.

Prescott, Greenville Co., population 3,000; fire area 640 acres; mercantile buildings, brick, 3 stories; private, brick and stone, 2 stories; wooden roofs permitted. Fire department—2 steam fire engines, 1 hook and ladder truck, 4 hose carriages; hose, linen good 1,300 ft, rubber good 350 ft, inferior 150 ft, leather good 850 ft, inferior 150 ft; 3 horses; value of fire department equipment \$47,600; value of buildings occupied \$3,000; total ann expenses of department \$500; total membership 25, volunteers; electric bell and telephone alarm. Chief engineer, Wm. J. Barnes.

WATER SUPPLY—Source, wells river and tank. Waterworks contemplated.)

Renfrew, Renfrew Co., population 2,800; fire area 500 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 20 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 2,000 ft, rubber inferior 500 ft; value of fire department equipment \$3,000; value of buildings occupied \$3,000; total ann expenses of department \$150; total membership 65, volunteers; bell and telephone alarm. Chief engineer, Geo. Early, Jr.

WATER SUPPLY—Source, stream, wells and 8 tanks. Mayor, James Craig.

Richmond Hill, York Co., population 900; fire area 160 acres; buildings, concrete, brick, brick cased and wood, 1 1/2 stories; shingle, iron and gravel roofs. Fire department—2 hand en-

gines, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,400 ft, rubber good 800 ft, inferior 300 ft; value of fire department equipment \$2,000; building occupied rented; total ann expenses of department \$150; total membership 40, volunteers; bell alarm; 1 engine company, 1 hook and ladder company, 1 hose company. Capt. W. H. Pugsley.

WATER SUPPLY—Source, tanks.

Midgertown, Kent Co., population 2,600; fire area 1/2 mile sq; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 stories; wooden roofs not permitted in fire limits. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, cotton good 2,000 ft, inferior 100 ft; value of fire department equipment \$8,500; value of buildings occupied \$1,200; total ann expenses of department \$700; total membership 28, paid full time 1, paid part time 17, volunteer members 10; electric alarm. Chief engineer, Wm. McMaster.

WATER SUPPLY—Source, springs and tank.

Sarnia, Lambton Co., population 7,000; fire area 2,000 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages, 2 hose wagons; hose, rubber good 2,000 ft, inferior 400 ft; 4 horses; value of fire department equipment \$7,000; value of buildings occupied \$6,000; total ann expenses of department \$2,500; total membership 43, paid full time 7, paid part time 18, volunteers 24; bell and telephone alarm; 17 street boxes; 1 hook and ladder company, 1 hose company. Chief engineer, John O. Mahoney.

WATER SUPPLY—Source, River St. Clair; system, direct pumping; pumping engines, dy cap 3,000,000 gals; 139 hydrants; pipe 21 1/2 miles, 3 to 12 in dia; 238 valves; 8 meters; 1,277 taps; pressure, domestic, summer 85, winter 80, fire 60 to 120 pounds; waterworks owned by town; cost to construct to date \$85,000; ann expenses \$5,272. Supt, Robert Turner.

Sault Ste. Marie, East District of Algoma, population 3,000; fire area 500 acres; mercantile buildings, wood, stone and brick, 3 stories; private, wood and brick, 2 stories; wooden roofs permitted, but tin mostly used; no fireworks ordinance. Fire department—1 steam fire engine, 15 chemical extinguishers, 1 hook and ladder truck, 4 hose carriages; hose, cotton good 2,200 ft, inferior 400 ft; value of fire department equipment \$7,000; value of buildings occupied \$4,500; total ann expenses of department \$1,300; total membership 48, paid full time 1; 1 hook and ladder company, 2 hose companies; electric alarm. Chief engineer, Henry Barker.

WATER SUPPLY—Source, wells and river.

Seaford, Huron Co., population 2,641; fire area 150 acres; mercantile buildings, brick, 2 stories; private, brick and stone, 2 and 3 stories. Fire department—1 hook and ladder truck, 3 hose carriages; hose, rubber good 1,500 ft; value of equipment \$2,500; 40 volunteer members. Chief, Wm. H. Cline; chairman, E. Coleman.

WATER SUPPLY—Source, Spring creek; system, direct pumping; reservoir cap 400,000 gals; pumping engines, dy cap 907,200 gals; 16 hydrants; pipe 3 miles, 4 to 8 in dia; 4 valves; pressure, fire 100 pounds; waterworks owned by town; cost to construct \$16,000; ann expenses \$700. Supt, R. S. Roberts.

Shelburne, Dufferin Co., population 1,200; fire area 15 acres; mercantile buildings, brick, 3 stories; private, brick and iron, 2 stories. Fire department—1 chemical engine, 1 hose carriage, 1 hose tower, ladders; hose, cotton good 800 ft; total membership 44, all volunteers; bell alarm. Chief engineer, Wm. Jolly.

WATER SUPPLY—Source, wells; system, windmill, pumping to tank, cap of tank 80,000 gals; 7 hydrants; pipe 2,800 ft, 10 in dia; pressure 50 to 55 pounds; waterworks owned by village; cost to construct \$12,000. Supt, John Madill. (Present system of mains cover business section.)

Simcoe, Norfolk Co., population 2,674; fire area 1 sq mile; buildings, brick and wood, 3 stories. Fire department—2 steam fire engines, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,000 ft, rubber good 1,000 ft; value of fire department equipment about \$7,000; value of buildings occupied \$5,000; total ann expenses of

department \$1,000; total membership 44, paid full time 4, paid part time 22, remainder volunteers. Chief engineer, G. H. Luscombe.

WATER SUPPLY—Source, wells and pond. (Waterworks contemplated.)

Smith's Falls, Lanark Co., population 4,000; fire area 1 sq mile; buildings, brick, wood and stone, 2 and 3 stories. Fire department—1 steam fire engine, 75 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,500 ft; value of fire department equipment \$18,000; value of buildings occupied \$8,000; ann expenses \$900; membership 40, volunteers, bell alarm. Chief engineer, H. Beckett.

WATER SUPPLY—Source, Rideau river; system, pumping to standpipe, cap 40,000 gals; pump dy cap 1,500,000 gals; 4 hydrants; pipe 1-2 miles, 6 in dia; 6 valves; pressure, domestic 60, fire 100 pounds; waterworks owned by A. Foster; cost to construct \$21,000; ann expenses \$300.

Stayner, Simcoe Co., population 1,357; mercantile buildings, brick and wood, 2 stories; private, wood and brick, 1-1-2 and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hose carriage, slamese couplings used; hose, cotton good 400 ft, inferior 200 ft, rubber good 200 ft; value of fire department equipment \$4,500; value of buildings occupied \$500; total ann expenses of department \$300; total membership 21, paid full time 1, paid part time 20; bell alarm. Chief engineer, Jas. Collaven.*

WATER SUPPLY—Source, pond, 8 tanks.*

St. Catharines, Lincoln Co., population 9,800; fire area 2 sq miles; buildings, brick and wood, 2 and 3 stories. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 1 hose wagon, 1 supply wagon; hose, linen good 4,800 ft, inferior 1,500 ft; 4 horses, value \$1,000; value of fire department equipment \$8,000; value of buildings occupied \$15,000; total membership 78, paid full time 2, part time 4, remainder volunteers; electric alarm; 23 street boxes. Chief engineer, F. P. Bogy.

WATER SUPPLY—Source, Lake Erie via Welland canal and Beaver dam creek; system, gravity; reservoirs, cap 295,000,000 gals; hydrants 800; pipe 25 miles, 4 to 20 in; taps 1,803; valves 227; meters 16; pressure 75 to 114 pounds; waterworks owned by city; original cost to construct \$275,000; expenses of construction to date \$330,000; ann expenses \$3,500. Supt, J. Albert Mills.

St. Mary's, Perth Co., population 3,416; buildings, wood, brick and stone, 2 and 3 stories; wooden roofs permitted, laid in mortar; fireworks ordinance. Fire department—1 steam fire engine, 4 chemical extinguishers, 1 hand engine, 1 hook and ladder truck, 3 hose carriages, slamese couplings used; hose, cotton good 1,200 ft, rubber good 900 ft; value of fire department equipment \$5,000; value of buildings occupied \$18,000; total ann expenses of department \$2,000; total membership 23, paid part time; bell alarm. Chief engineer, J. M. Maclean.

WATER SUPPLY—Source, 2 rivers, 3 tanks, cap of tanks 30,000 gals. Town clerk, L. Harstone.

St. Jerome, Terrebonne Co., population 3,500; mercantile buildings, brick and wood, 1 to 3 stories; private, wood, 2 stories; wooden roofs permitted; fireworks ordinance.*

WATER SUPPLY—Source, springs; system, gravity; pipe 7½ miles; quality of water good; waterworks owned by city; cost to construct \$20,000. Supt, J. J. H. Leclaire.

St. Thomas, Elgin Co., population 10,500; fire area 1,800 acres; mercantile buildings, brick, wood and stone, 1-1-2 to 4 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, slamese couplings used; hose, cotton good 1,100 ft, second class 900 ft; 4 horses, value \$500; value of fire department equipment \$8,000; value of buildings occupied \$5,000; expenses for past year \$4,000; total membership 18, paid full time 4, paid part time 14; telephone and gong alarm. Chief, A. Bowly.

WATER SUPPLY—Source, Kettle creek; system, direct pumping; pumping engines, dy cap 2,000,000 gals; cap of settling basin 7,000,000 gals; storage reservoir 7,000,000 gals; 156 hydrants; pipe 20 miles, 4 to 14 in dia; 115 valves; 35 meters; 900 taps; pressure, domestic 40, fire 120 pounds;

waterworks owned by city; cost to construct \$151,000. Supt, A. W. Campbell.

Stratford, Perth Co., population 9,501; buildings, brick, stone and wood; wooden roofs permitted. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages, 1 salvage outfit; hose, cotton good 2,600 ft, rubber good 700 ft; value of fire department equipment \$4,600; total ann expenses of department \$1,200; total membership 18, paid part time; bell and telephone alarm. Chief engineer, R. McNab.*

WATER SUPPLY—Source, Spring creek; system, direct pumping; 3 pumping engines, dy cap 4,500,000 gals; 82 hydrants; pipe 12 miles, 4 to 12 in dia; 53 valves; pressure, domestic 50, fire 85 pounds; waterworks owned by company; cost to construct \$25,580; ann expenses \$3,691. Pres and supt, John Corrie.

Strathroy, Middlesex Co., population 3,316; fire area 50 acres; mercantile buildings, brick, 2 and 3 stories; private, brick and wood, 2 and 3 stories; roofs felt, gravel and shingles laid in mortar. Fire department—1 steam fire engine, 1 hand engine, 1 hook and ladder truck, 2 hose carriages, force pumps, slamese couplings used; hose, cotton good 500 ft, poor 200 ft, rubber good 1,000 ft, inferior 300 ft; 2 horses; value of fire department equipment \$8,000; value of buildings occupied \$3,000; total ann expenses of department \$1,000; total membership 22, paid full time 1, paid part time 21; bell alarm. Chief, James Wood.

WATER SUPPLY—Source, river and 13 tanks; ann expenses \$700.*

Teeswater, Bruce Co., population 1,223; fire area 476 acres; mercantile buildings, brick and wood, 2 stories; private, wood, 1-1-2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, rubber good 1,000 ft, cotton good 400 ft; value of fire department equipment \$11,000; value of buildings occupied \$1,500; expenses of past year \$650; total membership 27, volunteers; bell and electric alarm; 7 street boxes. Chief engineer, W. W. Johnston.

WATER SUPPLY—Source, Teeswater river; system, pump direct; 6 hydrants; pipe 3-4 mile, 6 in dia; cost to construct \$11,000; ann expenses \$900. Supt, John F. Nivina.

Thessalon, Algoma District, population 700; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 4 chemical extinguishers, 1 hose carriage; hose, cotton good 100 ft, linen good 200 ft; total membership 12, volunteers; horns alarm. Chief, J. Metcalf.

WATER SUPPLY—Source, tanks.

Thornhill, Welland Co., population 2,300; fire area 2,000 acres; buildings, brick, stone and wood, 1 to 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 2 hose carriages; hose, cotton good 900 ft, rubber 300 ft, linen good 500 ft; value of fire department equipment \$7,000; value of buildings occupied \$5,000; total ann expenses of department \$550; total membership 35, volunteers; bell alarm. Chief engineer, Geo. Mable.

WATER SUPPLY—Source, canals, wells and river. Town clerk, Wm. T. Fish.

Tilbury Centre, Kent Co., population 850; fire area 300 acres; mercantile buildings, brick and wood, 2 stories; private, wood and brick, 1½ stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hook and ladder truck, 1 hose carriage, 1 hose wagon; hose, rubber good 1,000 ft; 1 horse, value \$100; value of fire department equipment \$1,625; value of buildings occupied \$900; total ann expenses of department \$350; total membership 18, volunteers; bell alarm. Chief engineer, James Sloan.

WATER SUPPLY—Source, Lake St. Clair; system, gravity; pumping engines, dy cap 750,000 gals; 9 hydrants; pipe 3 miles; valves; pressure, domestic 30 pounds, fire 80 pounds; waterworks owned by town; cost to construct \$15,000; ann expenses \$500. Supt, J. Kidd.

Tilseburg, Oxford Co., population 2,163; fire area 900 acres; mercantile buildings, brick, 3 stories; private, wood and brick, 2 stories; causes of fire investigated. Fire department—1 hook and ladder truck, 3 hose carriages, slamese couplings used; hose, cotton good 1,300 ft, rubber fair 500 ft; value of fire department equipment \$4,000; value of 2 buildings occupied \$2,500; total member

ship 13, paid; bell alarm. Chief engineer, John McDonald.

WATER SUPPLY—Source, surface water; system, direct pumping; 2 waterpower pumps; 23 hydrants; pipe 2 miles, 4 to 8 in dia; 1 valve; pressure 100 pounds; waterworks owned by village; cost to construct \$38,000; ann expenses \$500. Supt, Henry Boughner.*

Toronto, York Co., population 136,000; fire area 24 sq miles; mercantile buildings, stone and brick, 3 to 8 stories; private, stone and brick, 2 and 3 stories; wooden roofs permitted; fireworks ordinance; causes of fire investigated. Fire department—2 chemical engines on wheels, 4 chemical extinguishers, 4 hook and ladder trucks, 1 aerial truck, 11 hose carriages, all kinds, 4 hose wagons; hose, cotton good 16,250 ft, inferior 4,200 ft; 32 horses; total ann expenses of department \$155,388; total membership 123, paid full time; Gamewell alarm; 155 street boxes. Chief engineer, E. Ardagh.

WATER SUPPLY—Source, Lake Ontario; system, pumping direct; reservoir cap 40,000,000 gals; pumping engines, dy cap 30,000,000 gals; 2,838 hydrants; pipe 245 miles, 6 to 36 in dia; 2,000 valves; 1,568 meters; 39,978 taps; pressure 60 to 95 pounds; waterworks owned by city; cost to date \$3,700,000; ann expenses \$180,000. Supt, E. A. Keating. (A 10,000,000 gal pump is being constructed.)

Toronto Junction, York Co., population 4,519; fire area 1,100 acres; mercantile buildings, wood and brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 chemical engine, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 1,500 ft, chemical 200 ft; 6 horses, value \$350; value of fire department equipment \$12,000; value of buildings occupied \$9,000; total ann expenses of department \$3,900; total membership 22, paid full time 5; Gaynor electric alarm; 20 street boxes. Chief, John Robinson.

WATER SUPPLY—Source, Lake Ontario; system, direct pumping; pumping engines, dy cap 4,000,000 gals; 168 hydrants; pipe 20 miles, 4 to 12 in dia; 150 valves; pressure 40 to 100 pounds; waterworks owned by city; cost to construct \$200,000; ann expenses \$12,000. Supt, John Haggas.

Tottenham, Simcoe Co., population 700; fire area 400 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, brick, 1½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose cart; hose, cotton rubber lined good 250 ft; value of equipment \$500; 50 volunteers; bell alarm. Chief, G. F. Hughes.

WATER SUPPLY—Source, mill pond, cistern and wells. Town clerk, Geo. Hughes.

Tremont, Hastings Co., population 4,364; fire area 50 acres; mercantile buildings, brick, 2 and 3 stories; private, wood and brick, 2 stories. Fire department—2 steam fire engines, 6 hose carriages, siamese couplings used; hose, cotton good 4,000 ft, rubber good 1,200 ft, inferior 1,500 ft; 7 horses; value of fire department equipment \$20,000; value of 2 buildings occupied \$8,000; total ann expenses of department \$2,500; total membership 41, volunteers; bell alarm. Chief, J. G. Squire.

WATER SUPPLY—Source, springs, river; system, gravity; pipe through principle streets with small tanks or casks at frequent intervals. Waterworks owned by company. Mgr, A. W. Hawley. (Waterworks contemplated.)

Uxbridge, Ontario Co., population 2,023; buildings, brick and wood, 1 to 3 stories; wood, iron and gravel roofs. Fire department—1 hand engine, 2 hose carriages; hose, linen good 400 ft, rubber good 1,200 ft; value of fire department equipment \$15,000; total ann expenses of department \$300; total membership 25, paid; bell alarm. Chief engineer, H. Wilson.*

WATER SUPPLY—Source, creeks and wells; system, direct pumping; pumping engine; 14 hydrants; pipe 3 miles; pressure 140 pounds; waterworks owned by town; cost to construct \$15,000; ann expenses \$300. Engineer, H. Wilson; caretaker, A. Wright.

Walkerton, Bruce Co., population 3,100; fire area 950 acres; buildings, brick and wood, 2 and 3 stories. Fire department—1 hand engine, 1 hook and ladder truck, 4 hose carriages; hose, rubber inferior 400 ft, cotton good 1,600 ft; value of ap-

paratus \$2,500; membership 50, volunteers. Chief, W. Kerney.*

WATER SUPPLY—Source, springs; system, gravity; reservoir cap 250,000 gals; pumping engine, cap 700 gals per minute; 30 hydrants; pipe 5 3-4 miles, 8 to 4 in dia; 22 valves; pressure, domestic 45, fire 55 to 75 pounds; works owned by town; cost to construct \$30,000, to date \$32,000; ann expenses \$1,200. Supt, W. A. Pulford.

Waterloo, Waterloo Co., population 3,000; mercantile buildings, brick, 2 to 4 stories; private, brick and wood, 1½ and 2 stories; wooden roofs laid in mortar permitted; fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds; hose, rubber good 600 ft, cotton good 1,500 ft; value of fire department equipment \$7,000; value of buildings occupied \$4,500; total ann expenses of department \$1,790; total membership 20, paid part time. Captain, C. Fenner.

WATER SUPPLY—Source, lake and springs; system, pumping to standpipe; standpipe cap 150,000 gals; pumping engines, dy cap 4,750,000 gals; hydrants 48; pipe 4½ miles, 10 to 4 in; taps 75; valves 18; pressure, domestic 75 to 85, fire 110 pounds; waterworks owned by company; original cost to construct \$35,000. Supt, J. E. Skidmore.

Watford, Lambton Co., population 1,290; buildings, brick and wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 hose carriages; hose, cotton good 800 ft; value of fire department equipment \$2,000; total ann expenses of department \$300; total membership 45, paid part time 4; bell alarm. Chief, D. Roche.*

WATER SUPPLY—Source, 20 large tanks. Mayor, Joseph Hume; town clerk, J. Tulloch.

Welland, Welland Co., population 2,100; fire area 5 acres; buildings, brick and wood, 1 and 2 stories; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages, siamese couplings used; hose, cotton good 1,300 ft, inferior 200 ft, rubber good 300 ft; value of fire department equipment \$3,000; value of buildings occupied \$1,500; ann expenses \$800; total membership 45, paid part time; bell alarm. Chief engineer, W. E. Anger.

WATER SUPPLY—Source, Welland canal and Lake Erie; system, direct pumping; 2 waterpower pumps, dy cap 2,250,000 gals; 30 hydrants; pipe 5 miles, 8 to 4 in dia; 30 valves; pressure, domestic 80, fire 80 to 110 pounds; waterworks owned by town; cost to construct \$51,000. Chairman of com, D. Ross.*

Whitby, population 3,500. Fire department—1 steam fire engine, 1 hook and ladder truck, 2 hose carriages; hose, rubber lined good 1,150 ft, leather 500 ft; total membership 30, volunteers. Chief engineer, J. Stanton.*

WATER SUPPLY—Source, 11 underground tanks, cap 20,000 gals each. Town clerk, T. Huston.

Warton, Bruce Co., population 2,360; fire area 700 acres; mercantile buildings, wood, stone and brick, 2 and 3 stories; private, wood and brick, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—2 hose carriages; hose, cotton good 800 ft; value of fire department equipment \$2,500; value of buildings occupied \$2,000; total ann expenses of department \$2,000; total membership 40; telephone alarm. Chief engineer, Thomas Gilpin.

WATER SUPPLY—Source, Lake Huron; system, pumping direct; hydrants 27; pipe 3 miles, 6 and 4 in; taps 300; pressure, domestic 150, fire 300 pound; waterworks owned by city; original cost to construct \$25,000.

Windsor, Essex Co., population 11,000; fire area 2,500 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, wood, 1 and 2 stories; wooden roofs not permitted. Fire department—1 hook and ladder truck, 3 hose carriages; hose, cotton good 2,500 ft, rubber good 2,000 ft; 4 horses, value \$600; value of fire department equipment \$7,000; value of buildings occupied \$3,500; total ann expenses of department \$16,418; total membership 30, paid full time 3, paid part time 27; National alarm; 24 street boxes; 1 hook and ladder company, 3 hose companies. Chief, Geo. Cheyne.

WATER SUPPLY—Source, Detroit river; system, direct pumping; pumping engines, dy cap 7,500,000 gals; 250 hydrants; pipe 27 miles, 4 to 16 in dia; 208 valves; 26 meters; 2,800 taps; pressure,

domestic 55, fire 80 to 120 pounds; waterworks owned by city; cost to construct \$275,000; ann expenses \$10,000. Chief engineer, Jos. Hall.

Wingham, Huron Co., population 2,187; fire area 100 acres; mercantile buildings, brick, 2, 3 and 4 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted. Fire department—2 hose carriages, slamese couplings used; hose, cotton good 2,004 ft; value of fire department equipment \$1,600; value of 2 buildings occupied \$1,400; total ann expenses of department \$575; total membership 10, paid part time; electric alarm; 6 street boxes. Chief, Geo. Pettypiece.*

WATER SUPPLY—Source, Mattland river; system, direct pumping; pumping engines; 9 hydrants; pipe 1 mile, 1½ to 6 in dia; pressure 120 pounds; waterworks owned by town; cost to construct \$8,000. Supt, Geo. Pettypiece.*

Woodstock, Oxford Co., population 9,200; fire area 1,200 acres; mercantile buildings, brick, 3 stories; private, brick, 2 stories; wooden roofs permitted if laid in mortar; fireworks ordinance. Fire department—2 hook and ladder trucks, 3 hose carriages, all kinds; hose, rubber good 1,000

ft; 2 horses, value \$200; electric alarm. Chief engineer, George Johnston.

WATER SUPPLY—Source, springs; system, direct pumping; pumping engines, dy cap 2,800, 000 gals; 120 hydrants; pipe 19 41-100 miles, 12 to 4 in dia; 140 valves; 2 meters; 650 taps; pressure, domestic 75, fire 125 pounds; waterworks owned by city; cost to construct \$153,000; ann expenses \$5,000. Supt, G. C. Eden.

Places having a population of 1,000 and upward that have no fire protection: Alexandria, Glengarry Co., population 1,614; Arthur, Wellington Co., population 1,450; Brighton, Northumberland Co., population 1,470*; Colborne, Northumberland Co., population 1,068; Eranville, Renfrew Co., population 1,000; Fort William, District of Algoma, population 1,500; waterworks contemplated; Hanover, Grey Co., population 1,500*; Hantville, Muskoka District, population 1,500*; L'Orignal, Prescott Co., population 1,000*; Parkdale, York Co., population 5,000*; Rat Portage, District of Algoma West, population 2,000*; Rodney, Elgin Co., population 1,900; Southampton, Sauguen P. O., Bruce Co., population 1,437.

PRINCE EDWARD ISLAND.

Charlottetown, Queens Co., population 11,374; mercantile buildings, wood, 3 and 4 stories; private, wood and brick, 2½ to 4 stories; wooden roofs permitted; causes of fire investigated. Fire department—2 steam engines, 1 hand engine, 1 hook and ladder truck, 7 hose carriages, 1 salvage wagon, slamese couplings used; hose, cotton good 2,000 ft, rubber good 1,000 ft, inferior 1,000 ft; 3 horses; value of fire department equipment \$18,000; value of buildings occupied \$20,000; total ann expenses of department \$2,500; total membership 65, paid full time 3, part time 56; electric alarm; 15 street boxes. Chief, A. N. Large.

WATER SUPPLY—Source, well, 22 ft deep by 20 in dia, 2½ miles from city; system, pumping to reservoir, cap 2,250,000 gals; pumping engines, dy cap 2,000,000 gals; 92 hydrants; pipe 19 miles, 4 to 14 in dia; 217 valves; 4 meters; pressure, domestic 65 to 60, fire 80 to 85 pounds; waterworks owned by city; cost to construct to date \$201,266; ann expenses \$3,650. Supt, Chas. Dalziel.

Georgetown, Kings Co., population 1,100; fire area 70 acres; buildings, wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, each householder must have leather buckets and ladders. Chief, John Lavery.*

WATER SUPPLY—Source, wells.*

Summerside, population 3,000; mercantile buildings, wood, 2½ stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 2 hand engines, 12 chemical extinguishers, 4 hose carriages, 1 hose wagon; hose, cotton good 1,200 ft, inferior 100 ft, rubber good 500 ft, leather good 400 ft, leather inferior 200 ft; 3 horses, value \$300; value of fire department equipment \$7,300; total ann expenses of department \$500; total membership 55, paid full time; bell alarm; 3 engine companies. Chief, Thos. Frissel.

WATER SUPPLY—Source, wells and 5 tanks. Mayor, Richard Hunt.

QUEBEC.

Aylmer, Ottawa Co., population 1,726; fire area 1 sq mile; mercantile buildings, brick and wood, 2 and 3 stories; private, brick, stone and wood, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 20 chemical extinguishers, 2 hose carriages, 1 hose wagon; hose, rubber good 500 ft, cotton good 1,500 ft, linen good 1,000 ft, inferior 300 ft; value of fire department equipment \$5,000; value of buildings occupied \$300; total ann expenses of department \$600; total membership 40, paid full time 1, paid part time 2, volunteers 37; bell alarm. Chief engineer, J. J. Godwin.

WATER SUPPLY—Source, wells and river.

Beauport, population 1,200; no organized fire department; 1 steam fire engine, 2 horse-power engines, 1 hook and ladder truck, 6 hose carriages; hose, cotton and rubber 1,500 ft.*

WATER SUPPLY—Source, inexhaustible cisterns.*

Castlecooke, Standard Co., population 3,500; buildings, wood, 2 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 10 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, linen good 1,000, inclined 1,000 ft, inferior 500 ft; value of fire department \$7,000; total ann expenses of department \$450; total membership 32, volunteers; bell, telephone and whistle alarm. Chief engineer, C. Lowell.*

WATER SUPPLY—Source, springs; system, gravity; pipe 6 miles, 1½ to 4 in dia; pressure, domestic 65 pounds; cost to construct \$16,000; ann expenses \$500. Pres, H. Lovell; supt, Dr. E. Ioea.

Cote St. Louis, Montreal Co. (See Montreal.)
Cote St. Paul, population 3,000; fire area 640 acres; mercantile buildings, brick and wood, 2 to 3 stories; private, brick and wood, 1 and 2 sto-

ries; wooden roofs permitted. Fire department—1 steam fire engine, 3 hand engines, not used, 2 chemical extinguishers, 3 sets ladders, 3 hose reels, pails, hand grenades and extinguishers in factories; hose, cotton good 1,500 ft, linen unlined 800 ft; value of fire department equipment \$6,500; value of buildings occupied \$5,000; total ann expenses of department \$60; total membership 50, volunteers; bell alarm; assistance rendered by Montreal department in case of necessity. Chief, Jos. A. Dunn.

WATER SUPPLY—Source, St. Lawrence river; pipe 3½ miles; hydrants 27; valves 36; 3 meters; dy cap 4½ million gals. Supt, A. Carroll.*

Danville, population 1,000; fire area 1-6 mile sq; buildings, brick and wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, rubber good 500 ft; value of fire department equipment \$2,000; total membership 25, volunteers. Chief, Brown.

WATER SUPPLY—Source, stream.

Hull, Ottawa Co., population 14,000; fire area 2,500 acres; buildings, stone and wood, 1 to 3 stories; wooden roofs not permitted in city; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 8 hose carriages, 1 hose wagon; hose, cotton good 2,000 ft, poor 400 ft, rubber good 1,500 ft, poor 200 ft; 3 horses, value \$600; value of fire department equipment \$8,000; value of buildings occupied \$10,000; expenses of department for past year \$7,700; membership 20, paid full time 6, part time 9, volunteers 30; electric alarm; 20 street boxes. Chief engineer, George Jesmer.

WATER SUPPLY—Source, Ottawa river; system, pumping to reservoir and direct, pumping engines, dy cap 5,000,000 gals; 74 hydrants; pipe 3 miles, 5 to 10 in dia; 66 valves; pressure, domestic 60, fire 90 pounds; waterworks owned by city.

cost to construct \$10,000; ann expenses \$5,000. Supt. Geo. Jessier.

Huntington, Huntington Co., population 1,100; fire area 640 acres; mercantile buildings, brick and wood, 2 stories; private, brick and wood, 1½ and 2 stories; wooden roofs permitted. Fire department—1 hand engine, 2 hose carriages; value of fire department equipment \$1,500; value of buildings occupied \$2,000; total ann expenses of department \$168; total membership 16, paid part time; bell alarm. Chief, Eben Henry.

WATER SUPPLY—Waterworks proposed; surveys have been made. Mayor, D. Boyd.

Iberville, population 1,719; buildings, wood and brick, 2 stories; wooden roofs permitted. Fire department—1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,000 ft; value of fire department equipment including waterworks \$35,000; total membership 60, volunteers; steam gong alarm.*

WATER SUPPLY—Source, river; system, direct pumping; 2 steam pumping engines, dy cap 8,640,000 gals; 35 hydrants; pipe 4½ miles; 10 valves; pressure, domestic 60 to 70, fire 120 pounds; waterworks owned by city; cost to construct \$30,000; to date \$45,000; ann expenses \$1,800.

Joliette, Joliette Co., population 3,604; fire area 35 acres; mercantile buildings, brick and stone, 3 and 4 stories; private, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 3 hose carriages, all kinds, siamese couplings used; hose, linen (rubber lined) 1,500 ft; 2 horses, value \$400; value of fire department equipment \$11,000; value of 2 buildings occupied \$12,000; total ann expenses of department \$1,828; total membership 8, paid full time 5, paid part time 2; bell alarm. Chief engineer, N. Rivard.

WATER SUPPLY—Source, L'Assomption river; system, direct pumping; pumping engines, dy cap 5,300,000 gals; 32 hydrants; pipe 7 miles, 4 to 8 in dia; 7 valves; pressure, domestic 50, fire 70 to 100 pounds; waterworks owned by town; cost to construct \$40,000; ann expenses \$1,000. Supt. Pierre Laforet.

Lachine, Jacques Cartier Co., population not given; fire area 1,380 acres; mercantile buildings, brick and wood, 1 and 2 stories. Fire department—1 steam fire engine, chemical extinguishers, 3 hose carriages, siamese couplings used, 3 engines owned by factories; hose, linen rubber lined good 1,400 ft, leather good 1,850 ft; value of fire department equipment \$6,000; value of buildings occupied \$2,000; total ann expenses of department \$2,000; total membership 22, paid part time 17; bell alarm. Capt. Arthur Thesureau.*

WATER SUPPLY—Source, St. Lawrence river; system, direct pumping; pumping engines, dy cap 1,500,000 gals; 56 hydrants; pipe about 6 miles, 4 to 14 in dia; 56 valves; 10 meters; 775 taps; pressure, domestic 40, fire 150 pounds; works owned by city; cost to construct to date \$100,000; ann expenses \$5,148. Supt. Arthur Thesureau.

Lachine, Argenteuil Co., population 1,700; fire area 3 miles; mercantile buildings, wood and brick, 2 stories; private, wood and brick, 1½ and 2 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 hand engine, 1 hook and ladder truck, 1 hose carriage; hose, cotton good 400 ft inferior 400 ft; value of fire department equipment \$1,080. Chairman of fire com. J. R. McOnat.

WATER SUPPLY—Waterworks contemplated.

Laprairie, population 1,600. Fire department—1 steam fire engine, 1 ladder wagon, 2 hose carriages; hose, cotton good 500 ft, rubber fair 500 ft, linen fair 500 ft; total membership 50, volunteers. Capt. Bisailion.*

WATER SUPPLY—Source, St. Lawrence river; system, pump to reservoir; cap 40,000 gals; pumping engines, dy cap 144,000 gals; pipe 7 miles, 4 in dia; 8 valves; pressure 20 to 60 pounds; cost to construct \$17,000; ann expenses \$1,000. Pres and supt. A. A. Demers.

Lennoxville, population 1,038; fire area 2,845 acres; mercantile buildings, brick, 2½ and 3 stories; private, brick and wood, 2½ and 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 2 chemical extinguishers, 3 hose carriages, all kinds; hose cotton good 250 ft, rubber good 500 ft, poor 150 ft;

bell alarm. Chief engineer, Thos. Dandin. **WATER SUPPLY**—Source, river and cisterna.

Levis, Levis Co., population 8,500; mercantile buildings, wood and brick, 3 stories; private, wood, 3 stories; wooden roofs permitted; no fireworks ordinance. Fire department—3 steam fire engines, 2 hand engines, 5 chemical extinguishers, 8 hook and ladder trucks, 8 hose carriages, all kinds; hose, rubber good 2,000 ft, inferior 1,500 ft, cotton good 4,000 ft, linen good 400 ft; 5 horses, value \$1,400; value of fire department equipment \$35,000; value of buildings occupied \$30,000; total ann expenses of department \$9,125; total membership 41, paid full time 16, paid part time 25; telephone alarm; 96 street boxes. Chief engineer, G. Denis.

WATER SUPPLY—Source, river and cisterna.*

Longueuil, Chambly Co., population 2,757; mercantile buildings, stone, brick and wood, 50 ft; private, stone, brick and wood, 1 and 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 6 hose carriages; hose, cotton good 1,400 ft, rubber good 500 ft; 1 horse, value \$100; value of fire department equipment \$3,300; value of buildings occupied \$200; total ann expenses of department \$1,000; total membership 7, paid full time; electric and bell alarm; 3 street boxes. Chief engineer, F. X. Lefebvre.*

WATER SUPPLY—Source, St. Lawrence river; system, direct pumping; pumping engines, dy cap 750,000 gals; 52 hydrants; pipe 8 miles, 4 to 8 in dia; 32 valves; pressure, domestic 60 to 70, fire 100 pounds; works owned by city; cost to construct \$80,000, to date about \$84,000; ann expenses \$2,000. Supt. J. A. Garlepy.

Louisville, Maskinonge Co., population 1,500; fire area 28 acres; mercantile buildings, 20 ft; private, 40 ft; wooden roofs permitted. Fire department—2 steam fire engines, 1 hand engine, 1 chemical engine on wheels, 4 chemical extinguishers, 2 hook and ladder trucks, 2 hose carriages; hose, cotton good 2,000 ft, rubber good 100 ft, leather good 100 ft; 1 horse, value \$100; value of fire department equipment \$2,500; value of buildings occupied \$1,000; total ann expenses of department \$50; total membership 12, volunteers, paid by hour; bell alarm. Chief, Phil Langlois.

WATER SUPPLY—Source, aqueduct pump.

Montreal, Montreal Co., population estimated 220,000; fire area 5,972 acres; mercantile buildings, stone and brick, 4 to 8 stories; private, wood and brick, 3 and 4 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—9 steam fire engines, 3 chemical engines on wheels, 4 chemical extinguishers, 7 hook and ladder trucks, 6 aerial trucks, 30 hose carriages, all kinds, 1 water tower, 3 salvage wagons, 1 siamese wagon, 17 stations; hose, cotton good 28,600 ft; 105 horses, value \$21,000; value of fire department equipment \$175,000; value of buildings occupied \$326,000; total ann expenses of department \$180,000; total membership 180, paid full time; Gamewell alarm; 231 street boxes; salvage corps supported by insurance companies and city, 12 members. Chief, Z. Benoit.

WATER SUPPLY—Source, St. Lawrence river; system, pumping to reservoir and direct; 2 reservoirs, cap 39,000,000 imp gals; pumping engines, dy cap 37,500,000 imp gals; 1,995 hydrants; pipe 210 miles, 4 to 30 in dia; 2,701 valves; 779 meters; pressure, domestic 40 to 125, fire 40 to 187 pounds; waterworks owned by city; cost to construct \$8,308,915; ann expenses \$180,000. Supt. A. Davis.

Ormatown, Chateauguy Co., population 1,000; fire area 640 acres; mercantile buildings, brick, 2 stories; private, brick and wood, 2 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hand engine, 1 hose carriage, bucket brigade; hose, leather good 400 ft; 1 horse, value \$200; value of buildings occupied \$500; total ann expenses of department \$500; total membership 25, paid part time; bell alarm. Chief, C. A. McNea.*

WATER SUPPLY—Source, river and wells.

Quebec, Quebec Co., population about 70,000; fire area 1,800 acres; mercantile buildings, brick, stone and wood, 3 stories; private, brick, stone and wood cased with brick, 2 stories; wooden roofs not permitted; fireworks ordinance; causes of fire investigated. Fire department—2 steam fire engines, 6 chemical extinguishers, 3 hook and

ladder trucks, 1 aerial truck, 9 hose reels in use, 7 in reserve; hose, cotton good 50,000 ft, linen good 2,000 ft; 28 horses; value of fire department equipment \$50,000; value of buildings occupied \$35,000; total ann expenses of department \$35,000; total membership 50, paid full time; Gamewell alarm; 100 street boxes. Chief engineer, Philippe Darval.

WATER SUPPLY—Source, Lake St. Charles; system, gravity; 327 hydrants; pipe 64½ miles, 4 to 30 in dia; 348 valves; pressure, domestic 50 to 80, fire 83 to 100 pounds; waterworks owned by city; cost to construct \$2,350,000; ann expenses \$30,000. Supt, Jere Gallagher.

Richmond, Richmond Co., population 2,900; mercantile buildings, wood and brick, 1½ and 2 stories; private, wood and brick, 1½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 hook and ladder truck, 2 hose carriages, all kinds, other apparatus, buckets, etc; hose, good 900 ft; volunteer brigade. Chief, Robert Ratray.

WATER SUPPLY—Source, brook; 15 hydrants; pipe 4½ miles, 9 to 4 in; taps about 300; 5 valves; pressure 50 pounds; waterworks owned by company; original cost to construct about \$17,000; ann expenses \$250. Supt, G. A. Bedard.

Mimouski, population 1,470; fire area 100 acres; mercantile buildings, wood and brick, 1 and 2 stories; private, wood, brick and stone, 1 and 2 stories; wooden roofs permitted. Fire department—1 nozzle hand engine, private chemical extinguishers; bell alarm. Chairman of fire com; J. A. Talbot.*

WATER SUPPLY—Source, wells; system, wind-mill pumping to reservoir; 2 reservoirs; pipe 1-4 mi. Town clerk, F. J. Conture.

Sherbrooke, Sherbrooke Co., population 9,500; fire area 2 sq miles; mercantile buildings, brick and stone, 2½ to 3 stories; private, wood, 2 and 2½ stories; wooden roofs permitted; no fireworks ordinance. Fire department—2 steam fire engines, 1 chemical engine on wheels, 11 chemical extinguishers, 2 hook and ladder trucks, 5 hose carriages, 1 hose wagon; hose, linen good rubber lined 2,000 ft, unlined 800 ft, rubber good 2,500 ft; 11 horses, value \$1,200; value of fire department equipment \$18,000; value of building occupied \$12,000; total ann expenses of department \$5,563; total membership 23, paid full time 18, part paid 5; telegraph alarm; 75 street boxes, with 17 private; 3 fire companies. Chief, Robert Davidson.

WATER SUPPLY—Source, Magog river; system, pumping to reservoir, cap 3,500,000 gals; pumping engines, dy cap 1,400,000 gals; 63 hydrants; pipe 10 miles, 4 to 12 in dia; 70 valves; 16 meters; 650 taps; pressure 20 to 110 pounds; waterworks owned by company; cost to construct \$130,000; ann expenses \$4,000. Supt, A. Sangster.

St. Anne, De La Pocatine Co., population 1,900; fire area 100 acres; mercantile buildings, wood 1½ stories; private, wood, 1½ stories; wooden roofs permitted; no fireworks ordinance; causes of fire investigated. Fire department—2 hand engines, 2 hose carriages; hose, linen good 2,500 ft; value of fire department equipment \$2,000; total ann expenses of department \$150.*

WATER SUPPLY—Source, Ottawa river.

St. Henri, Hochelaga Co., population 16,000; fire area 300 acres; mercantile buildings, stone and brick, 3 to 4 stories; private, brick and wood, 2½ and 3 stories; wooden roofs not permitted on main streets; fireworks ordinance; causes of fire investigated. Fire department—1 steam fire engine, 6 chemical extinguishers, 1 hook and ladder truck, 1 aerial truck, 2 hose carriages; hose cotton good 3,000 ft, rubber good 1,000 ft, inferior 500 ft, linen good 500 ft; 3 horses, value \$400; value of fire department equipment \$10,000; value of buildings occupied \$25,000; total ann expenses of department \$11,000; total membership 18, paid full time; telegraph alarm; 40 street boxes. Chief, J. M. Massey.

WATER SUPPLY (from St. Cunegonde system)—Source, St. Lawrence river; system, direct pumping; pumping engines; 36 hydrants; pipe 16 miles, 14 to 4 in dia; 12 meters; pressure, domestic 50, fire 75 pounds; waterworks owned by Berger & Belque; cost to construct \$112,000. Supt, C. F. Porter.*

St. Hyacinthe, St. Hyacinthe Co., population 7,016; mercantile buildings, brick, 3 and 4 stories; private, brick and wood, 10 to 14 ft. Fire depart-

ment—3 steam fire engines, 4 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 1,000 ft, rubber good 1,500 ft, leather good 500 ft, linen 500 ft; 4 horses, value \$800; value of fire department equipment \$13,000; value of buildings occupied \$25,000; total ann expenses of department \$5,000; total membership 18, paid full time 8, paid part time 10; electric alarm; 16 street boxes. Chief, M. Benoit.*

WATER SUPPLY—Source, Yamaska river; system, direct pumping; pumping engines, dy cap 2,900,000 gals; 80 hydrants; pipe 32 miles, 4 to 10 in dia; 120 valves; 1,428 taps; pressure, domestic 50 to 60, fire 60 to 110 pounds; works owned by company; cost to construct \$50,000, to date \$155,000; ann expenses \$3,000. Supt, M. A. Connell.

St. Jean Baptiste, (see Montreal).

St. Jerome, Terrebonne Co., population 4,000; fire area 640 acres; mercantile buildings, brick and wood, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs permitted. Fire department—1 steam fire engine, 1 hand engine, 2 chemical extinguishers, 1 hook and ladder truck, 2 hose carriages; hose, cotton good 2,800 ft, rubber inferior 600 ft; value of fire department equipment \$9,000; value of building occupied \$5,000; total ann expenses of department \$500; total membership 18, volunteers 15; electric alarm; 6 boxes. Capt, A. Fiset.

WATER SUPPLY—Source, springs; system, gravity; 6 reservoirs, dy cap 2,000,000 gals; pipe 10 miles, 1 to 6 in dia; cost to construct \$30,000; ann expenses \$800. Supt, P. Verzina.

St. John, St. Johns Co., population 5,000; fire area 1,261 acres; mercantile buildings, brick and stone, 2 and 3 stories; private, brick, stone and wood, 2 and 3 stories; wooden roofs not permitted in fire limits; fireworks ordinance. Fire department—1 steam fire engine, 8 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 2 hose reels, 1 coal cart, etc; hose, cotton good 3,500 ft, rubber inferior 2,000 ft; 8 horses, value \$400; value of equipment \$15,000; value of buildings occupied \$9,500; ann expenses \$1,754; membership 25, paid full time 5, volunteers; Gamewell alarm; 10 street boxes. Chief, Pierre Bouchard.

WATER SUPPLY—Source, Richelieu river; system, pumping to reservoir and direct; reservoir cap 27,000 gals; 2 pumping engines, dy cap 1,440,000 gals; 56 hydrants; 75 valves; pipe 16 miles; 13 meters; pressure, domestic 30 to 35, fire 80 to 100 pounds; waterworks owned by L. Mollere's Sons; cost to construct \$135,000; ann expenses \$2,500. Supt, A. Cartier, Jr.*

St. Sauveur, (see Quebec).

Sorel, William Henry Co., population 7,900; fire area 20 acres; buildings, stone, wood and brick, 2 to 4 stories; wooden roofs permitted; no fireworks ordinance. Fire department—1 steam fire engine, 1 hook and ladder truck, 5 winter hose reels, 5 summer hose reels; hose, linen (rubber lined) good 3,000 ft, cotton good 1,000 ft, linen good 700 ft, leather good 500 ft; value of fire department equipment \$9,000; value of buildings occupied \$10,000; total ann expenses of department \$2,333; membership 16, paid full time 4, paid part time 12, telephone alarm. Chief, Arthur Ladebeauché.

WATER SUPPLY—Source, Richelieu river; system, direct pumping; pumping engines, dy cap 300,000 gals; 45 hydrants; pipe 12 miles; pressure, domestic 60, fire 120 pounds; waterworks owned by town; cost to construct \$100,000; ann expenses \$4,500. Supt, M. C. Blais.

Terrebonne, Terrebonne Co., population 2,050; mercantile buildings, wood and brick, 2 stories; private, wood, 1 story; wooden roofs permitted; no fireworks ordinance. Fire department—1 chemical engine on wheels, 1 hook and ladder truck, 3 hose carriages, all kinds, 1 hose wagon; hose, rubber good 2,000 ft, cotton good 900 ft, linen good 1,000 ft; 1 horse, value \$150; value of fire department equipment \$3,000; total ann expenses of department \$500; total membership 8, paid full time. Chief engineer, F. A. Gascon.

WATER SUPPLY—Source, springs; system, gravity; pipe 10 miles, 1½ to 3½ in dia; quality of water good; cost to construct \$15,000; ann expenses \$300. Supt, Welfried Contant.*

Three Rivers, St. Maurice Co., population 8,500; fire area 18 miles; mercantile buildings, brick, 1 to 4 stories; private, brick, stone and wood, 1 to 4 stories; fireworks ordinance; causes

of fire investigated. Fire department—8 chemical extinguishers, 1 hook and ladder truck, 3 hose carriages, 3 hose wagons; hose, cotton rubber lined 1,800 ft, rubber good 800 ft, leather 1,000 ft, linen good 1,000 ft; 4 horses; value of fire department equipment \$9,000; value 4 buildings occupied \$10,500; total ann expenses of department \$4,500; total membership 9, paid full time; telegraph alarm; 12 street boxes. Chief, O. Z. Hamel.*

WATER SUPPLY—Source, St. Maurice river; system, direct pumping; pumping engines, dy cap 1,000,000 gals; 61 hydrants; pipe 16 miles, 9 to 4 in dia; 43 valves; 6 meters; pressure, domestic 50 to 70, fire 150 to 140 pounds; waterworks owned by city; cost to construct to date \$43,000; ann expenses \$5,500. Supt, O. Z. Hamel.*

Valleyfield, Beauharnois Co., population 5,619. Fire department—1 steam fire engine, 2 hose carriages, all kinds; hose, rubber good 500 ft, leather good 500 ft, linen good 1,500 ft; 1 horse, value \$150; value of buildings occupied \$5,000; total ann expenses of department \$419.79; total membership 15, paid full time 3, paid part time 12; bell and telephone alarm. Chief engineer, Francois Miron.

WATER SUPPLY—Source, St. Lawrence river; system, direct pumping; 2 waterpower pumps, dy cap 1,200,000 gals; 65 hydrants; pipe 7 miles, 4 to 10 in dia; 75 valves; 1 meter; pressure, domestic 40, fire 100 pounds; waterworks owned by city; cost to construct \$83,300; ann expenses \$1,158. Supt, Emmanuel May.*

Vaudreuil, Vaudreuil Co., population 1,000; buildings, wood, 1½ stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage, ladders; hose, cotton good 100 ft, leather good 75 ft; bell alarm.

WATER SUPPLY—Source, wells; system, direct; 1 reservoir; 4 hydrants.

Waterloo, Shefford Co., population 3,000; mercantile buildings, brick and stone, 2 and 3 stories; private, brick and wood, 1 to 3 stories; wooden roofs permitted; fireworks ordinance. Fire department—1 hook and ladder truck, 3 hose carriages, all kinds; hose, cotton good 1,500 ft; value of fire department equipment and buildings \$5,000; total membership 35, volunteer members; bell alarm. Marshal, A. E. Allen.

WATER SUPPLY—Source, waterworks; hydrants 25; pressure 80 pounds.

*Report of 1893.

SUPPLEMENTAL.

The following statistics were received subsequent to the printing in the foregoing pages of the reports from the states referred to:

ALABAMA.

Union Springs, Bullock Co., population 2,500; fire area 900 acres; mercantile buildings, brick, 1 story; private, wood, 1 story; wooden roofs not permitted; fireworks ordinance. Fire department—1 steam fire engine, 1 hand engine, 2 hose carriages; hose, rubber good 500 ft. inferior 1,000 ft. cotton good 750 ft; value of fire department equipment \$5,000; value of buildings occupied \$4,000; total membership 150, volunteer; bell alarm. Chief engineer, B. F. Eley.

WATER SUPPLY—Source, wells. Works will be completed this year.

ARKANSAS.

Hogers, Benton Co., population 3,000; fire area 27 blocks; mercantile buildings, brick and stone, 2 and 3 stories; private, wood, 2 and 3 stories; wooden roofs not permitted; fireworks ordinance. Chief engineer, L. A. Sanctuary.

Oabot, Washington Co., population 1,200; fire area 20 acres; mercantile buildings, wood, 3 and 4 stories; private, wood, 2 stories; wooden roofs permitted. Fire department—1 hand engine, 1 hose carriage; hose, cotton good 200 ft; value of fire department equipment \$400; value of buildings occupied \$300; total ann expenses of department \$75; total membership 30. Chief, L. Myers.

WATER SUPPLY—Source, 4 small reservoirs, supplied by stream.

* Report of 1893.

THE BOOK OF LLOYDS

AND

RECIPROCAL UNDERWRITERS.

THE SPECTATOR COMPANY has just issued an important publication, giving information regarding the

LLOYDS FIRE AND MARINE UNDERWRITERS.

Insurance upon the Lloyds plan is comparatively new in this country, but since it first came into vogue the number of Lloyds has increased until there are now over forty Associations of the kind doing a general fire or marine insurance business.

The law of the State of New York especially exempts all Lloyds from reporting to the Insurance Department, and hence no official record is made of their financial standing. It is to supply this deficiency that THE BOOK OF LLOYDS has been prepared. It contains information regarding over forty Lloyds Associations of a character to enable

PROPERTY OWNERS AND INSURERS

to judge as to their trustworthiness. This information includes :

- Name and location of each Lloyd.
- Names of their Attorneys.
- Names of their Subscribers (or Underwriters).
- Liability Limitation Clauses of Policies.
- Amount of Original Subscription of Subscribers.
- Amount of Additional Liability of Subscribers.
- Maximum Amount written on one Risk.
- Total Assets.

A carefully compiled table shows part of this information in comparative form. As no legal standard of solvency is required of Lloyds Associations, the degree of confidence to be placed in any one of them must be determined by the character of its subscribers and of the attorneys representing them, together with the amount of its available assets. It is the purpose of THE BOOK OF LLOYDS to give such information regarding each Association as will enable insurers to form opinions as to the value of the policies issued by them.

In compiling this information, the Attorneys of Lloyds have, with scarcely an exception, expressed entire willingness to make public all material facts regarding their Associations, and the matter herein given is mainly derived from such official sources. As the Lloyds plan of insurance has already

BECOME AN IMPORTANT FACTOR

in the business of fire insurance, it is believed that this little book will be of great service to the insuring public. It makes over 100 pages, is handsomely printed on a fine quality of paper, and is bound in flexible leather covers suitable for pocket or desk use.

Sent postpaid to any address on receipt of price, \$1.00 per copy.

ADDRESS,

THE SPECTATOR COMPANY,

95 William Street, New York.

Liverpool & London & Globe

INSURANCE COMPANY.

INCORPORATED 1851.

THE BERKSHIRE LIFE INSURANCE COMPANY OF PITTSFIELD, MASS.

REASONS WHY IT SHOULD BE PREFERRED BY THOSE DESIRING INSURANCE.

It has the benefit of over forty-three years successful experience.

Its business is conducted on the Mutual plan, thus enabling members to get their insurance at cost.

It has always paid large dividends, thereby making the cost of insurance low.

It maintains a reserve for the protection of policyholders, on the Massachusetts standard, the highest basis required by the laws of any State.

It has a large surplus over the legal reserve and all other liabilities.

Its conditions as to travel and residence are very liberal.

Its policies are protected by the non-forfeiture laws of the Commonwealth of Massachusetts, which secure greater benefits to members than those of any other State.

It has always maintained a high reputation for just and liberal treatment of its members by promptly adjusting and settling all policy claims, a proof of which is the fact that no judgment has ever been rendered against it.

The Connecticut Mutual

LIFE INSURANCE COMPANY.

ASSETS, \$61,363,404.61.

SURPLUS, \$6,448,027.87.

Its members are its advocates and friends, and justly so, as they note the constant care of their interests, the steady increase in assets and surplus, the small expense ratios, the decreasing annual cost of their insurances, and the prompt payment of every lawful claim. The company is purely mutual in its organization and control; its contracts are carried at the lowest practicable cost; and, with assets of \$61,363,404, and a clear surplus, by the company's voluntarily assumed and extra high standard of solvency, of \$6,448,027 behind them, they are absolutely certain of fulfillment.

JACOB L. GREENE, President.

JOHN M. TAYLOR, Vice-President.

EDWARD M. BUNCE, Secretary.

Provident Life and Trust Co.

OF PHILADELPHIA,

ISSUES Life, Endowment, and Term Policies, which can be made payable to the beneficiaries in 10, 15, 20, 25 or 30 equal annual installments, or to the company as Trustee under a Deed of Trust.

Its Term Policies are at low rates, participate in annual dividends, are renewable, and are convertible into Life and Endowment Policies.

The PROVIDENT in everything which makes Life Insurance secure, excellent and moderate in cost, is unsurpassed.

A fine opportunity is presented for able, ambitious men to receive a thorough training for the business.

Subject to increase.

The above Subscribers, in their capacity as individual underwriters each, guarantee our policies to the amount underwritten by them through the Attorney.

In addition to the unlimited liability they assume, a CASH DEPOSIT of DOUBLE the maximum line underwritten must always be maintained.

As no profits are to be withdrawn until a large surplus has been accumulated, for the still further protection of policyholders, and as the LEGALITY of our undertaking has been *sustained* by the courts, no better indemnity can be secured than that which our policies afford.

1853—FORTY-ONE YEARS OF SUCCESS.—1894

Reasons why it Should be patronized by the People of the West.

It is a Western Company.

Its deposit with the Missouri Insurance Department is the largest of any Company doing business in the State.

It keeps its funds in the West, puts them back into the channels of Home Circulation, which eventually helps to build up other Western enterprises.

Its business is conducted upon sound, safe and honest principles.

Its Solid Financial Condition. All policies are REGISTERED and SECURED by a deposit with the Missouri Insurance Department.

Its policies are subject to the Missouri Non-forfeiture Law, the most advantageous to the policyholder of any of the laws of any State, except one.

No restrictions as to residence, travel or occupation.

THE FIVE YEAR CUMULATIVE ENDOWMENT POLICY,

recently adopted by this company, combines more advantages and fewer restrictions than policies issued by other companies.

Agents in Missouri, who can and will write Insurance, can build up a remunerative renewal income by working for the Covenant.

FOR FULL INFORMATION AND TERMS ADDRESS THE HOME OFFICE, AS ABOVE.

1859.

The two most popular plans of LIFE INSURANCE are the CONTINUABLE TERM POLICY which gives to the insured the greatest possible amount of indemnity in the event of death, at the lowest possible present cash outlay; and the GUARANTEED INCOME POLICY which embraces every valuable feature of investment insurance, and which in the event of adversity overtaking the insured, may be used as COLLATERAL SECURITY FOR A LOAN, to the extent of the full legal reserve value thereof, in accordance with the terms and conditions of these policies.

Good Agents, desiring to represent the Company, are invited to address the President, at Home Office.

CAPITAL AND FUNDS

Over 14,000,000 Dollars.

Annual Income, \$2,500,000.

Surplus over \$2,000,000.

ESTABLISHED 47 years ago, built up on a sound, conservative and economical basis, the Canada Life Assurance Company occupies to-day a position of marked pre-eminence among kindred institutions.

Oldest, largest, most prosperous and popular of Canadian companies, its own intrinsic merits, past record and present financial position alike commend it to assurers seeking permanent security, honorable dealings and superior profits on their policies. The four corner stones on which the Canada Life Assurance Company has been built up are :

ECONOMY,
INTEGRITY,
LIBERALITY,
STABILITY.

NET SURPLUS.....297,062

The North American Life stands in the front rank as
one of the most successful companies in the Dominion.

The profit results paid to the holders of its matured
investment policies have proved exceedingly satisfactory
to them.

Its success is largely due to its attractive plans, the
care with which its risks are selected, the sound and solid
character of its assets, and the relatively high rate of
interest obtained on them, together with the Company's
unquestionable financial strength, and its liberal prin-
ciples and practices.

Full particulars of its plans will be sent on applica-
tion to the Company.

ORGANIZED 1892.

THE SPECTATOR:

An American Review of Insurance.

PUBLISHED WEEKLY. PRICE, \$4.00 PER ANNUM.

(ESTABLISHED 1868.)

THE SPECTATOR is a live and progressive insurance journal, noted for its pungent and fearless discussion of all matters pertaining to the vast subject of insurance in every branch. It has built up a reputation for fair and honest treatment of insurance matters that has made it invaluable to insurance men of every class, whether they be managers of companies or agents in the field. It contains the latest and freshest insurance news from every quarter, bright and sparkling correspondence from the principal insurance centres of the country, comments on current insurance events of the day, and able discussions on the principles of Life, Fire, Accident and Miscellaneous Insurance.

A most valuable feature of THE SPECTATOR is the presentation from time to time of carefully prepared and voluminous Tabular Exhibits of the business of Life, Fire and Miscellaneous Insurance, usually in a comparative form, showing all business transactions of all companies for a series of years. These statistics are compiled by experts having no personal interests to serve, but are prepared solely for the purpose of analyzing the subject.

The most eminent writers on Insurance in its various forms are contributors to its columns, and the aim of its proprietors is to present the science of the insurance systems in vogue without prejudice to any and in fairness to all. It is in this spirit that Fire, Life, Industrial, Accident, Natural Premium Life and Miscellaneous Insurance Companies, Associations and Societies are treated without fear or favor. It also gives the current news from different insurance centres each week, and each number is an epitome of all matters pertaining to insurance affairs that are of interest to the profession at large. In short, it is the ambition of its proprietors to make THE SPECTATOR an invaluable journal to every person identified with the insurance interest in any capacity, and its unprecedented success is evidence that their efforts are appreciated.
